

Commodity Credit Corporation, USDA

§ 1487.5

United States—the fifty states, the District of Columbia, and Puerto Rico.

[67 FR 57327, Sept. 10, 2002, as amended at 68 FR 42564, July 18, 2003]

§ 1487.2 What is the TASC program?

Under the TASC program, CCC, an agency and instrumentality of the United States within the Department of Agriculture, provides funds to eligible organizations, on a grant basis, to implement activities that are intended to address a sanitary, phytosanitary, or related technical barrier that prohibit or threaten the export of U.S. specialty crops that are currently available on a commercial basis. The TASC program is intended to benefit the represented industry rather than a specific company or brand. This program is administered by FAS.

§ 1487.3 What activities are eligible?

(a) *General.* In order to be eligible for funding under the TASC program, activities must address sanitary, phytosanitary, or technical barriers to export of specialty crops. Examples of expenses that CCC may agree to cover under the TASC program include, but are not limited to: initial pre-clearance programs, export protocol and work plan support, seminars and workshops, study tours, field surveys, development of pest lists, pest and disease research, database development, reasonable logistical and administrative support, and travel and per diem expenses.

(b) *Location of activities.* Eligible projects may take place in the United States or abroad.

§ 1487.4 Are there any limits on the scope of proposals?

(a) *Funding cap.* Proposals which request more than \$500,000 of CCC funding in a given year will not be considered.

(b) *Length of activities.* Funding will not be provided for projects that have received TASC funding for 5 years. The 5 years do not need to be consecutive.

(c) *Target countries.* Proposals may target all eligible export markets, including single countries or reasonable regional groupings of countries.

(d) *Multiple proposals.* Applicants may submit multiple proposals, but no participant may have more than five ap-

proved projects underway at any given time.

[74 FR 22090, May 12, 2009]

§ 1487.5 What is the process for submitting proposals?

(a) *General.* Periodically the CCC will inform the public of the process by which interested eligible organizations may submit proposals for TASC program funding. This announcement will, among other things, include information on any deadlines for submitting proposals and the address of the office to which the proposals should be sent. The CCC also may announce the availability of a Quick Response Fund within the TASC program. Proposals submitted under any form of quick response process may be submitted at any time during the year but must meet the basic requirements of the program and any specific requirements of that particular process. Organizations interested in participating in the TASC program may submit their proposals electronically or in paper copy. Although no specific format is required, a sample format for proposals is available from the address provided in this rule.

(b) *Contents of proposals.* TASC proposals must contain complete information about the proposed projects, including, at a minimum, the following:

(1) Organizational information, including:

(i) Organization's name, address, Chief Executive Officer (or designee), and Federal Tax Identification Number (TIN);

(ii) Type of organization;

(iii) Name, telephone number, fax number, and e-mail address of the primary contact person;

(iv) A description of the organization and its membership; and

(v) A description of the organization's experience in technical assistance projects, including activities involved and project results.

(2) Project information, including:

(i) A brief project title;

(ii) The amount of funding requested and a justification for why federal funding is needed;

(iii) Beginning and ending dates for the proposed project;
