

§ 1794.31

with information necessary to determine if the proposed action meets the criteria for a CE. Where, because of extraordinary circumstances, a normally categorically excluded action may have a significant effect on the quality of the human environment, RUS may require additional environmental documentation.

§ 1794.31 Classification.

(a) *Electric and telecommunications programs.* RUS will normally determine the proper environmental classification of projects based on its evaluation of the project description set forth in the construction work plan or loan design which the applicant is required to submit with its application for financial assistance. Each project must be sufficiently described to ensure its proper classification. RUS may require the applicant to provide additional information on a project where appropriate.

(b) *Water and waste program.* RUS will normally determine the proper environmental classification for projects based on its evaluation of the preliminary planning and design information.

§ 1794.32 Environmental report.

(a) For proposed actions listed in § 1794.21(b) and (c), the applicant is normally not required to submit an ER.

(b) For proposed actions listed in § 1794.22(a) and (b), the applicant shall normally submit an ER. Guidance in preparing the ER for Electric and Telecommunication proposals is contained in RUS Bulletin 1794A-600. Guidance in preparing the ER for Water and Waste proposals is contained in RUS Bulletin 1794A-602. The applicant may be required to publish public notices and provide evidence of such if the proposed action is located in, impacts, or converts important land resources.

§ 1794.33 Agency action.

RUS may act on an application for financial assistance upon determining, based on the review of documents as set forth in § 1794.32 and such additional information as RUS deems necessary, that the project is categorically excluded.

7 CFR Ch. XVII (1-1-12 Edition)

§§ 1794.34-1794.39 [Reserved]

Subpart E—Procedure for Environmental Assessments

§ 1794.40 General.

This subpart applies to proposed actions described in § 1794.23. Where appropriate to carry out the purposes of NEPA, RUS may impose, on a case-by-case basis, additional requirements associated with the preparation of an EA. If at any point in the preparation of an EA, RUS determines that the proposed action will have a significant effect on the quality of the human environment, the preparation of an EIS shall be required and the procedures in subpart G of this part shall be followed.

§ 1794.41 Document requirements.

Applicants will provide an ER in accordance with the appropriate guidance documents referenced in § 1794.7. After RUS has evaluated the ER and has determined the ER adequately addresses all applicable environmental issues, the ER will normally serve as RUS' EA. However, RUS reserves the right to prepare its own EA from the information provided in the ER. RUS will take responsibility for the scope and content of an EA.

§ 1794.42 Notice of availability.

Prior to RUS making a finding in accordance with § 1794.43 and upon RUS authorization and guidance, the applicant shall have a notice published which announces the availability of the EA and solicits public comments on the EA.

§ 1794.43 Agency finding.

If RUS finds, based on an EA that the proposed action will not have a significant effect on the quality of the human environment, RUS will prepare a FONSI. Upon authorization of RUS, the applicant shall have a notice published which informs the public of the RUS finding and the availability of the EA and FONSI. The notice shall be prepared and published in accordance with RUS guidance.
