§ 83.3 Interstate movement of live VHS-regulated fish species from VHS-regulated areas.

(a) Except as provided in paragraphs (b) through (e) of this section, live VHS-regulated fish, including fish moved to live fish markets, may only be moved interstate from a VHS-regulated area if the fish originated from a facility that has been found free of VHS virus in accordance with §83.6.

(b) Live VHS-regulated fish may be moved interstate directly to a slaughtering establishment provided that:

(1) The fish are accompanied by a VS Form 1–27;

(2) The fish are transported in sealed conveyances;

(3) The slaughtering establishment meets the following conditions:

(i) The slaughtering establishment discharges its waste water to a municipal sewage system that includes waste water disinfection sufficient to neutralize any VHS virus or to either a

§ 83.2 General restrictions.

Live VHS-regulated fish may not be moved interstate from a VHS-regulated area except in compliance with this part.
§ 83.4 VHS-regulated fish and VHS-regulated areas.

(a) APHIS will list as a VHS-regulated fish any fish species found in freshwater to be susceptible to the North American (type IV) strain of VHS virus under natural (i.e., non-controlled) conditions of exposure and from which VHS virus has been isolated in cell culture or other assay determined by the Administrator to be adequate to detect VHS virus, with confirmation of strain identity through genetic sequencing. Anadromous fish that have migrated into freshwater and from which VHS strain type IV(a) has been isolated will not be considered VHS-regulated fish.

(b)(1) APHIS will list as a VHS-regulated area each State or portion of a State from which VHS virus has been detected in any VHS-regulated fish species (with or without clinical signs of disease) in a water source that is not a secure water source, or which the Administrator determines should be regulated based on criteria such as inadequate surveillance or movement requirements, or other epidemiologic information.

(c) APHIS maintains the lists of VHS-regulated fish and VHS-regulated areas,
