### § 1706.1 Scope; statement of policy.

(a) *Scope.* This part sets forth the guidelines, requirements, and procedures the Defense Nuclear Facilities Safety Board will follow in determining whether a contractor or offeror has an organizational or consultant conflict of interest (OCI) and in avoiding, neutralizing, or mitigating OCIs.

(b) *Policy.* It is the policy of the Board to identify and then avoid or mitigate organizational and consultant conflicts of interest. Normally, the Board will not award contracts to offerors who have OCIs and will terminate contracts where OCIs are identified following contract award. In exceptional circumstances, the Board reserves the right to waive conflicts of interest if it determines that such action is in the best interests of the Government, pursuant to §1706.8, and to take such mitigating measures as it deems appropriate pursuant to such section.

### § 1706.2 Definitions.

*Advisory or assistance services* means services acquired by contract to advise or assist the Board, whether with respect to its internal functions or its oversight of defense nuclear facilities, or otherwise to support or improve policy development or decisionmaking by the Board, or management or administration of the Board, or to support or improve the operation of the Board's management systems. Such services

may take the form of the provision of information, advice, reports, opinions, alternatives, conclusions, recommendations, training, direct assistance, or performance of site visits, technical reviews, investigation of health and safety practices or other appropriate services.

*Affiliates* means associated business concerns or individuals if, directly or indirectly, either one controls or can control the other or a third party controls or can control both.

*Contractor* means any person, firm, unincorporated association, joint venture, co-sponsor, partnership, corporation, or other entity, or any group of one or more of the foregoing, which is a party to a contract with the Board, and the affiliates and successors in interest of such party. The term “contractor” also includes the chief executive and directors of a party to a contract with the Board, the key personnel of such party identified in the contract, and current or proposed consultants or subcontractors to such party. The term “contractor” shall also include consultants engaged directly by the Board through the use of a contract.

*Defense nuclear facility* means any United States Department of Energy (DOE) defense nuclear facility, as defined in 42 U.S.C. 2286g, subject to the Board's oversight.

*Evaluation activities* means activities that involve evaluation of some aspect of defense nuclear facilities.

*Mitigating* means, with respect to an organizational or consultant conflict of interest, reducing or counteracting the effects of such a conflict of interest on the Board, but without eliminating or avoiding the conflict of interest.
