

§ 222.71

12 CFR Ch. II (1–13 Edition)

otherwise provides credit to the consumer on material terms that are materially less favorable than the most favorable material terms available to a substantial proportion of consumers from or through that person.

(2) *Business credit excluded.* This subpart does not apply to an application for, or a grant, extension, or other provision of, credit to a consumer or to any other applicant primarily for a business purpose.

(b) *Relation to Federal Trade Commission rules.* These rules are substantively identical to the Federal Trade Commission's (Commission's) risk-based pricing rules in 16 CFR 640. Both rules apply to the covered person described in paragraph (a) of this section. Compliance with either the Board's rules or the Commission's rules satisfies the requirements of the statute (15 U.S.C. 1681m(h)).

(c) *Enforcement.* The provisions of this subpart will be enforced in accordance with the enforcement authority set forth in sections 621(a) and (b) of the FCRA.

§ 222.71 Definitions.

For purposes of this subpart, the following definitions apply:

(a) *Adverse action* has the same meaning as in 15 U.S.C. 1681a(k)(1)(A).

(b) *Annual percentage rate* has the same meaning as in 12 CFR 226.14(b) with respect to an open-end credit plan and as in 12 CFR 226.22 with respect to closed-end credit.

(c) *Closed-end credit* has the same meaning as in 12 CFR 226.2(a)(10).

(d) *Consumer* has the same meaning as in 15 U.S.C. 1681a(c).

(e) *Consummation* has the same meaning as in 12 CFR 226.2(a)(13).

(f) *Consumer report* has the same meaning as in 15 U.S.C. 1681a(d).

(g) *Consumer reporting agency* has the same meaning as in 15 U.S.C. 1681a(f).

(h) *Credit* has the same meaning as in 15 U.S.C. 1681a(r)(5).

(i) *Creditor* has the same meaning as in 15 U.S.C. 1681a(r)(5).

(j) *Credit card* has the same meaning as in 15 U.S.C. 1681a(r)(2).

(k) *Credit card issuer* has the same meaning as in 15 U.S.C. 1681a(r)(1)(A).

(l) *Credit score* has the same meaning as in 15 U.S.C. 1681g(f)(2)(A).

(m) *Firm offer of credit* has the same meaning as in 15 U.S.C. 1681a(1).

(n) *Material terms* means—

(1) (i) Except as otherwise provided in paragraphs (n)(1)(ii) and (n)(3) of this section, in the case of credit extended under an open-end credit plan, the annual percentage rate required to be disclosed under 12 CFR 226.6(a)(1)(ii) or 12 CFR 226.6(b)(2)(i), excluding any temporary initial rate that is lower than the rate that will apply after the temporary rate expires, any penalty rate that will apply upon the occurrence of one or more specific events, such as a late payment or an extension of credit that exceeds the credit limit, and any fixed annual percentage rate option for a home equity line of credit;

(ii) In the case of a credit card (other than a credit card that is used to access a home equity line of credit or a charge card), the annual percentage rate required to be disclosed under 12 CFR 226.6(b)(2)(i) that applies to purchases (“purchase annual percentage rate”) and no other annual percentage rate, or in the case of a credit card that has no purchase annual percentage rate, the annual percentage rate that varies based on information in a consumer report and that has the most significant financial impact on consumers;

(2) In the case of closed-end credit, the annual percentage rate required to be disclosed under 12 CFR 226.17(c) and 226.18(e); and

(3) In the case of credit for which there is no annual percentage rate, the financial term that varies based on information in a consumer report and that has the most significant financial impact on consumers, such as a deposit required in connection with credit extended by a telephone company or utility or an annual membership fee for a charge card.

(o) *Materially less favorable* means, when applied to material terms, that the terms granted, extended, or otherwise provided to a consumer differ from the terms granted, extended, or otherwise provided to another consumer from or through the same person such that the cost of credit to the first consumer would be significantly greater than the cost of credit granted, extended, or otherwise provided to the

other consumer. For purposes of this definition, factors relevant to determining the significance of a difference in cost include the type of credit product, the term of the credit extension, if any, and the extent of the difference between the material terms granted, extended, or otherwise provided to the two consumers.

(p) *Open-end credit plan* has the same meaning as in 15 U.S.C. 1602(i), as interpreted by the Board of Governors of the Federal Reserve System in Regulation Z (12 CFR part 226) and the Official Staff Commentary to Regulation Z (Supplement I to 12 CFR Part 226).

(q) *Person* has the same meaning as in 15 U.S.C. 1681a(b).

§ 222.72 General requirements for risk-based pricing notices.

(a) *In general.* Except as otherwise provided in this subpart, a person must provide to a consumer a notice (“risk-based pricing notice”) in the form and manner required by this subpart if the person both—

(1) Uses a consumer report in connection with an application for, or a grant, extension, or other provision of, credit to that consumer that is primarily for personal, family, or household purposes; and

(2) Based in whole or in part on the consumer report, grants, extends, or otherwise provides credit to that consumer on material terms that are materially less favorable than the most favorable material terms available to a substantial proportion of consumers from or through that person.

(b) *Determining which consumers must receive a notice.* A person may determine whether paragraph (a) of this section applies by directly comparing the material terms offered to each consumer and the material terms offered to other consumers for a specific type of credit product. For purposes of this section, a “specific type of credit product” means one or more credit products with similar features that are designed for similar purposes. Examples of a specific type of credit product include student loans, unsecured credit cards, secured credit cards, new automobile loans, used automobile loans, fixed-rate mortgage loans, and variable-rate mortgage loans. As an alter-

native to making this direct comparison, a person may make the determination by using one of the following methods:

(1) *Credit score proxy method*—(i) *In general.* A person that sets the material terms of credit granted, extended, or otherwise provided to a consumer, based in whole or in part on a credit score, may comply with the requirements of paragraph (a) of this section by—

(A) Determining the credit score (hereafter referred to as the “cutoff score”) that represents the point at which approximately 40 percent of the consumers to whom it grants, extends, or provides credit have higher credit scores and approximately 60 percent of the consumers to whom it grants, extends, or provides credit have lower credit scores; and

(B) Providing a risk-based pricing notice to each consumer to whom it grants, extends, or provides credit whose credit score is lower than the cutoff score.

(ii) *Alternative to the 40/60 cutoff score determination.* In the case of credit that has been granted, extended, or provided on the most favorable material terms to more than 40 percent of consumers, a person may, at its option, set its cutoff score at a point at which the approximate percentage of consumers who historically have been granted, extended, or provided credit on material terms other than the most favorable terms would receive risk-based pricing notices under this section.

(iii) *Determining the cutoff score*—(A) *Sampling approach.* A person that currently uses risk-based pricing with respect to the credit products it offers must calculate the cutoff score by considering the credit scores of all or a representative sample of the consumers to whom it has granted, extended, or provided credit for a specific type of credit product.

(B) *Secondary source approach in limited circumstances.* A person that is a new entrant into the credit business, introduces new credit products, or starts to use risk-based pricing with respect to the credit products it currently offers may initially determine the cutoff score based on information
