§ 235.6 Prohibition on circumvention, evasion, and net compensation.

(a) Prohibition of circumvention or evasion. No person shall circumvent or evade the interchange transaction fee restrictions in §§235.3 and 235.4.

(b) Prohibition of net compensation. An issuer may not receive net compensation from a payment card network with respect to electronic debit transactions or debit card-related activities within a calendar year. Net compensation occurs when the total amount of payments or incentives received by an issuer from a payment card network with respect to electronic debit transactions or debit card-related activities, other than interchange transaction fees passed through to the issuer by the network, during a calendar year exceeds the total amount of all fees paid by the issuer to the network with respect to electronic debit transactions or debit card-related activities during that calendar year. Payments and incentives paid by the network to an issuer, and fees paid by an issuer to a network, with respect to electronic debit transactions or debit card related activities are not limited to volume-based or transaction-specific payments, incentives, or fees, but also include other payments, incentives or fees related to an issuer’s provision of debit card services.

§ 235.7 Limitations on payment card restrictions.

(a) Prohibition on network exclusivity—

1. In general. An issuer or payment card network shall not directly or through any agent, processor, or licensed member of a payment card network, by contract, requirement, condition, penalty, or otherwise, restrict the number of payment card networks on which an electronic debit transaction may be processed to less than two unaffiliated networks.

2. Permitted arrangements. An issuer satisfies the requirements of paragraph (a)(1) of this section only if the issuer allows an electronic debit transaction to be processed on at least two unaffiliated payment card networks, each of which does not, by rule or policy, restrict the operation of the network to a limited geographic area, specific merchant, or particular type of merchant or transaction, and each of which has taken steps reasonably designed to enable the network to process the electronic debit transactions that the network would reasonably expect will be routed to it, based on expected transaction volume.

3. Prohibited exclusivity arrangements by networks. For purposes of paragraph (a)(1) of this section, a payment card network may not restrict or otherwise limit an issuer’s ability to contract with any other payment card network that may process an electronic debit transaction involving the issuer’s debit cards.

4. Subsequent affiliation. If unaffiliated payment card networks become affiliated as a result of a merger or acquisition such that an issuer is no longer in compliance with paragraph (a) of this section, the issuer must add an unaffiliated payment card network through which electronic debit transactions on the relevant debit card may be processed no later than six months after the date on which the previously unaffiliated payment card networks consummate the affiliation.

(b) Prohibition on routing restrictions. An issuer or payment card network shall not, directly or through any agent, processor, or licensed member of the network, by contract, requirement,
condition, penalty, or otherwise, inhibit the ability of any person that accepts or honors debit cards for payments to direct the routing of electronic debit transactions for processing over any payment card network that may process such transactions.

(c) Compliance dates—(1) General. Except as otherwise provided in paragraphs (c)(2), (c)(3), and (c)(4) of this section, the compliance date of paragraph (a) of this section is April 1, 2012.

(2) Restrictions by payment card networks. The compliance date of paragraphs (a)(1) and (a)(3) of this section for payment card networks is October 1, 2011.

(3) Debit cards that use transaction qualification or substantiation systems. Issuers shall comply with the requirements of paragraph (a) of this section by April 1, 2013, for electronic debit transactions using debit cards that use point-of-sale transaction qualification or substantiation systems for verifying the eligibility of purchased goods or services.

(4) General-use prepaid cards. Issuers shall comply with the requirements of paragraph (a) of this section with respect to general-use prepaid cards as set out below.

(i) With respect to non-reloadable general-use prepaid cards, the compliance date is April 1, 2013. Non-reloadable general-use prepaid cards sold prior to April 1, 2013 are not subject to paragraph (a) of this section.

(ii) With respect to reloadable general-use prepaid cards, the compliance date is April 1, 2013. Reloadable general-use prepaid cards sold prior to April 1, 2013 are not subject to paragraph (a) of this section unless and until they are reloaded, in which case the following compliance dates apply:

(A) With respect to reloadable general-use prepaid cards sold and reloaded prior to April 1, 2013, the compliance date is May 1, 2013.

(B) With respect to reloadable general-use prepaid cards sold prior to April 1, 2013, and reloaded on or after April 1, 2013, the compliance date is 30 days after the date of reloading.

§ 235.9 Administrative enforcement.

(a) (1) Compliance with the requirements of this part shall be enforced under—

(i) Section 8 of the Federal Deposit Insurance Act, by the appropriate Federal banking agency, as defined in section 3(q) of the Federal Deposit Insurance Act (12 U.S.C. 1813(q)), with respect to—

(A) National banks, federal savings associations, and federal branches and federal agencies of foreign banks;

(B) Member banks of the Federal Reserve System (other than national banks), branches and agencies of foreign banks (other than federal branches, federal Agencies, and insured state branches of foreign banks), commercial lending companies owned or controlled by foreign banks, and organizations operating under section 25 or 25A of the Federal Reserve Act;
