

§ 268.705 Employment.

No qualified individual with a disability shall, on the basis of a disability, be subjected to discrimination in employment under any program or activity conducted by the Board. The definitions, requirements and procedures of § 268.203 of this part shall apply to discrimination in employment in federally conducted programs or activities.

§ 268.706 Program accessibility: Discrimination prohibited.

Except as otherwise provided in § 268.707 of this subpart, no qualified individual with a disability shall, because the Board's facilities are inaccessible to or unusable by individuals with a disability, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the Board.

§ 268.707 Program accessibility: Existing facilities.

(a) *General.* The Board shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with a disability. This paragraph (a) does not:

(1) Necessarily require the Board to make each of its existing facilities accessible to and usable by individuals with a disability; or

(2) Require the Board to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where the Board believes that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Board has the burden of proving that compliance with this paragraph (a) would result in such alterations or burdens. The decision that compliance would result in such alterations or burdens shall be made by the Board of Governors or their designee after considering all Board resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for

reaching that conclusion. If an action would result in such an alteration or such burdens, the Board shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with a disability receive the benefits and services of the program or activity.

(b) *Methods.* The Board may comply with the requirements of this subpart H through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to individuals with a disability, home visits, delivery of service at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by individuals with a disability. The Board is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. In choosing among available methods for meeting the requirements of this section, the Board shall give priority to those methods that offer programs and activities to qualified individuals with a disability in the most integrated setting appropriate.

(c) *Time period for compliance.* The Board shall comply with any obligations established under this section as expeditiously as possible.

§ 268.708 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the Board shall be designed, constructed, or altered so as to be readily accessible to and usable by individuals with a disability.

§ 268.709 Communications.

(a) The Board shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The Board shall furnish appropriate auxiliary aids where necessary to afford an individual with a disability an equal opportunity to participate in,

and enjoy the benefits of, a program or activity conducted by the Board.

(i) In determining what type of auxiliary aid is necessary, the Board shall give primary consideration to the requests of the individual with a disability.

(ii) The Board need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the Board communicates with employees and others by telephone, telecommunication devices for deaf persons (TDD's) or equally effective telecommunication systems shall be used.

(b) The Board shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The Board shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the Board to take any action that would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where the Board believes that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the Board has the burden of proving that compliance with section 268.709 would result in such alterations or burdens. The determination that compliance would result in such alteration or burdens must be made by the Board of Governors or their designee after considering all Board resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the Board shall take any other action that would not result in such an alteration or such burdens but

would nevertheless ensure that, to the maximum extent possible, individuals with a disability receive the benefits and services of the program or activity.

§ 268.710 Compliance procedures.

(a) *Applicability.* Except as provided in paragraph (b) of this section, this section, rather than subpart B and § 268.203 of this part, applies to all allegations of discrimination on the basis of a disability in programs or activities conducted by the Board.

(b) *Employment complaints.* The Board shall process complaints alleging discrimination in employment on the basis of a disability in accordance with subparts A through G of this part.

(c) *Responsible official.* The EEO Programs Director shall be responsible for coordinating implementation of this section.

(d) *Filing the complaint*—(1) *Who may file.* Any person who believes that he or she has been subjected to discrimination prohibited by this subpart may, personally or by his or her authorized representative, file a complaint of discrimination with the EEO Programs Director.

(2) *Confidentiality.* The EEO Programs Director shall not reveal the identity of any person submitting a complaint, except when authorized to do so in writing by the complainant, and except to the extent necessary to carry out the purposes of this subpart, including the conduct of any investigation, hearing, or proceeding under this subpart.

(3) *When to file.* Complaints shall be filed within 180 days of the alleged act of discrimination. The EEO Programs Director may extend this time limit for good cause shown. For the purpose of determining when a complaint is timely filed under this paragraph (d), a complaint mailed to the Board shall be deemed filed on the date it is postmarked. Any other complaint shall be deemed filed on the date it is received by the Board.

(4) *How to file.* Complaints may be delivered or mailed to the Administrative Governor, the Staff Director for Management, the EEO Programs Director, the Federal Women's Program Manager, the Hispanic Employment Program Coordinator, or the People with Disabilities Program Coordinator.
