

§ 19.6

§ 19.6 When will Commerce entities allow a debtor to pay a Commerce debt in installments instead of one lump sum?

If a debtor is financially unable to pay the Commerce debt in one lump sum, a Commerce entity may accept payment of a Commerce debt in regular installments, in accordance with the provisions of 31 CFR 901.8 and the Commerce entity's policies and procedures.

§ 19.7 When will Commerce entities compromise a Commerce debt?

If a Commerce entity cannot collect the full amount of a Commerce debt, the Commerce entity may compromise the Commerce debt in accordance with the provisions of 31 CFR part 902 and the Commerce entity's policies and procedures. Legal counsel approval to compromise a Commerce debt is required as described in Department of Commerce Credit and Debt Management Operating Standards and Procedures Handbook (currently at <http://www.osec.doc.gov/ofm/credit/cover.htm>).

§ 19.8 When will Commerce entities suspend or terminate debt collection on a Commerce debt?

If, after pursuing all appropriate means of collection, a Commerce entity determines that a Commerce debt is uncollectible, the Commerce entity may suspend or terminate debt collection activity in accordance with the provisions of 31 CFR part 903 and the Commerce entity's policies and procedures. Legal counsel approval to suspend or terminate collection on a Commerce debt is required as described in Department of Commerce Credit and Debt Management Operating Standards and Procedures Handbook (currently at <http://www.osec.doc.gov/ofm/credit/cover.htm>). Termination of debt collection activity by a Commerce entity does not discharge the indebtedness.

§ 19.9 When will Commerce entities transfer a Commerce debt to the Treasury Department's Financial Management Service for collection?

(a) Commerce entities will transfer any Commerce debt that is more than 180 days delinquent to the Financial Management Service for debt collec-

15 CFR Subtitle A (1-1-13 Edition)

tion services, a process known as "cross-servicing." See 31 U.S.C. 3711(g) and 31 CFR 285.12. Commerce entities may transfer Commerce debts delinquent 180 days or less to the Financial Management Service in accordance with the procedures described in 31 CFR 285.12. The Financial Management Service takes appropriate action to collect or compromise the transferred Commerce debt, or to suspend or terminate collection action thereon, in accordance with the statutory and regulatory requirements and authorities applicable to the Commerce debt and the collection action to be taken. See 31 CFR 285.12(b) and 285.12(c)(2). Appropriate action can include, but is not limited to, contact with the debtor, referral of the Commerce debt to the Treasury Offset Program, private collection agencies or the Department of Justice, reporting of the Commerce debt to credit bureaus, and administrative wage garnishment.

(b) At least sixty (60) days prior to transferring a Commerce debt to the Financial Management Service, Commerce entities will send notice to the debtor as required by § 19.4 of this Part. Commerce entities will certify to the Financial Management Service, in writing, that the Commerce debt is valid, delinquent, legally enforceable, and that there are no legal bars to collection. In addition, Commerce entities will certify their compliance with all applicable due process and other requirements as described in this Part and other Federal laws. See 31 CFR 285.12(i) regarding the certification requirement.

(c) As part of its debt collection process, the Financial Management Service uses the Treasury Offset Program to collect Commerce debts by administrative and tax refund offset. See 31 CFR 285.12(g). The Treasury Offset Program is a centralized offset program administered by the Financial Management Service to collect delinquent debts owed to Federal agencies and states (including past-due child support). Under the Treasury Offset Program, before a Federal payment is disbursed, the Financial Management Service compares the name and taxpayer identification number (TIN) of the payee with the names and TINs of debtors

that have been submitted by Federal agencies and states to the Treasury Offset Program database. If there is a match, the Financial Management Service (or, in some cases, another Federal disbursing agency) offsets all or a portion of the Federal payment, disburses any remaining payment to the payee, and pays the offset amount to the creditor agency. Federal payments eligible for offset include, but are not limited to, income tax refunds, salary, travel advances and reimbursements, retirement and vendor payments, and Social Security and other benefit payments.

§ 19.10 How will Commerce entities use administrative offset (offset of non-tax Federal payments) to collect a Commerce debt?

(a) *Centralized administrative offset through the Treasury Offset Program.* (1) In most cases, the Financial Management Service uses the Treasury Offset Program to collect Commerce debts by the offset of Federal payments. See § 19.9(c) of this Part. If not already transferred to the Financial Management Service under § 19.9 of this Part, Commerce entities will refer Commerce debt over 180 days delinquent to the Treasury Offset Program for collection by centralized administrative offset. See 31 U.S.C. 3716(c)(6); 31 CFR part 285, subpart A; and 31 CFR 901.3(b). Commerce entities may refer to the Treasury Offset Program for offset any Commerce debt that has been delinquent for 180 days or less.

(2) At least sixty (60) days prior to referring a Commerce debt to the Treasury Offset Program, in accordance with paragraph (a)(1) of this section, Commerce entities will send notice to the debtor in accordance with the requirements of § 19.4 of this Part. Commerce entities will certify to the Financial Management Service, in writing, that the Commerce debt is valid, delinquent, legally enforceable, and that there are no legal bars to collection by offset. In addition, Commerce entities will certify their compliance with the requirements described in this Part.

(b) *Non-centralized administrative offset for Commerce debts.* (1) When centralized administrative offset through the Treasury Offset Program is not avail-

able or appropriate, Commerce entities may collect past-due, legally enforceable Commerce debts through non-centralized administrative offset. See 31 CFR 901.3(c). In these cases, Commerce entities may offset a payment internally or make an offset request directly to a Federal payment agency. If the Federal payment agency is another Commerce entity, the Commerce entity making the request shall do so through the Deputy Chief Financial Officer as described in § 19.20(c) of this Part.

(2) At least thirty (30) days prior to offsetting a payment internally or requesting a Federal payment agency to offset a payment, Commerce entities will send notice to the debtor in accordance with the requirements of § 19.4 of this Part. When referring a Commerce debt for offset under this paragraph (b), Commerce entities making the request will certify, in writing, that the Commerce debt is valid, delinquent, legally enforceable, and that there are no legal bars to collection by offset. In addition, Commerce entities will certify their compliance with these regulations concerning administrative offset. See 31 CFR 901.3(c)(2)(ii).

(c) *Administrative review.* The notice described in § 19.4 of this Part shall explain to the debtor how to request an administrative review of a Commerce entity's determination that the debtor owes a Commerce debt and how to present evidence that the Commerce debt is not delinquent or legally enforceable. In addition to challenging the existence and amount of the Commerce debt, the debtor may seek a review of the terms of repayment. In most cases, Commerce entities will provide the debtor with a "paper hearing" based upon a review of the written record, including documentation provided by the debtor. Commerce entities shall provide the debtor with a reasonable opportunity for an oral hearing when the debtor requests reconsideration of the Commerce debt and the Commerce entity determines that the question of the indebtedness cannot be resolved by review of the documentary evidence, for example, when the validity of the Commerce debt turns on an issue of credibility or veracity. Unless otherwise required by law, an oral
