

(3) SCL holders and consignees using the direct shipment provision may invoice the shipments directly to the requesting consignee's customers if copies of applicable invoices are maintained by both the shipping party and requesting consignee.

(b) *Procedures*—(1) *Exports by an SCL holder*. The SCL holder may make a direct shipment by entering on the Shipper's Export Declaration or Automated Export System record the name and address of the customer as ultimate consignee and adding the notation "by order of (name and address of consignee requesting the direct shipment)." The notation must appear below the item description and must cite the SCL number followed by the three digit number of the consignee requesting the "by order of" shipment.

(2) *Reexports by a consignee*. An approved consignee may make a direct reexport shipment to a customer of another approved consignee on the same SCL by showing on the commercial invoice the name and address of the customer as ultimate consignee and adding the notation "by order of (name and address of consignee requesting the direct shipment)."

**§ 752.8 SCL application review process.**

(a) *Scope*. Under an SCL, you are authorized to make multiple exports and reexports without review and approval of each individual transaction by BIS. To approve an SCL, BIS must be satisfied that the persons benefiting from this license will adhere to the conditions of the license and the EAR, and that approval of the application will not be detrimental to U.S. national security, nonproliferation, or foreign policy interests. In reviewing and approving a specific SCL request, BIS retains the right to limit the eligibility of items or to prohibit the export, reexport, or transfer (in-country) of items under the SCL to specific firms, individuals, or countries.

(b) *Elements of review*. To permit BIS to make such judgments, BIS will thoroughly analyze your past export and reexport transactions, inspect your export and reexport documents, and

interview company officials of both the applicant and the consignees, as necessary. If BIS cannot verify that an appropriate ICP will be implemented upon approval of the SCL by BIS, or establish the reliability of the proposed parties to the application, it may deny the application, or modify it by eliminating certain consignees, items, countries, or activities.

(c) *order requirement*. You do not need to have in your possession an order from the proposed consignee at the time you apply for an SCL. However, evidence of a consignee's firm intention to place orders on a continuing basis is required.

(d) *Criteria for review*. BIS will consider the following factors during the processing of your SCL application:

(1) The specific nature of proposed end-use and end-uses;

(2) The significance of the export in terms of its contribution to the design, development, production, stockpiling, or use of nuclear or chemical or biological weapons, or missiles;

(3) The types of assurances against design, development, production, stockpiling, or use of nuclear or chemical and biological weapons, or missiles that are included in the ICP;

(4) The nonproliferation credentials of the importing country;

(5) Corporate commitment of the resources necessary to implement and maintain an adequate ICP;

(6) Evidence of past licensing history of the applicant and consignees, and projected, continuous large volume exports and/or reexports;

(7) Reliability of all parties;

(8) Information on all parties' compliance with the provisions of the EAR; and

(9) All parties' knowledge of the EAR.

(e) *Application processing time-frames*. Upon receiving an SCL application, BIS may review the application for up to two weeks to determine whether the SCL application is complete. When all documentation requirements are met, BIS will register the application. After the date of registration, the SCL application will be processed according to

the procedures described in part 750 of the EAR.

**§ 752.9 Action on SCL applications.**

(a) *Approval of SCL applications*—(1) *Validity period.* SCLs are valid for four years from the date of approval.

(2) *Extension of validity period.* You may request an extension of your valid SCL for an additional four years, but such requests must be received by BIS at least 30 days prior to the expiration of your SCL. If approved, Form BIS-748P and your letter requesting an extension will be validated and returned to you, extending the validity period for four years. No further extensions will be approved. A new application and support documentation is required at the end of that eight-year period. To apply for an extension, complete Form BIS-748P by completing Blocks 1, 2, 3, and 4. In addition, mark “Special Comprehensive License” in Block 5, place an “x” in “Letter of Explanation” in Block 6, and mark “other” in Block 8. Include your SCL number in Block 9, and indicate in Block 24 that you are requesting an extension to your SCL. Submit the completed Form BIS-748P and a statement on your company letterhead indicating:

(i) That you continue to abide by the provisions and conditions of the SCL; and

(ii) Any changes to the original SCL that you are requesting (see § 752.10 of this part for procedures on changed circumstances).

(3) *Support documentation*—(i) *General information.* BIS will validate all approved support documentation with the Department of Commerce seal and date of validation.

(ii) *Form BIS-752, Form BIS-752-A, and Form BIS-748P-B.* With the approved SCL, you will receive two validated copies of each approved Form BIS-752, Statement by Consignee in Support of Special Comprehensive License and, if applicable, Form BIS-752-A, Reexport Territories, and Form BIS-748P-B, End-User Appendix. You must retain one copy, and send one copy to the approved consignee. You must also attach a letter to each approved Form

BIS-752 that includes each of the following elements:

(A) A description of all recordkeeping requirements of the EAR applicable to the activities of the consignee;

(B) Information on any applicable re-export restrictions on items received by the consignee under the SCL;

(C) A description or copy of § 752.16 of this part, listing administrative actions that may be taken for improper use of, or failure to comply with, the SCL and its required procedures;

(D) A description of any special conditions or restrictions on the license applicable to the consignee, including approved lists of customers, countries, and items, when required;

(E) A description of the elements of the SCL holder’s ICP relevant to the SCL consignee;

(F) A copy of the high risk customer profile contained in § 752.11(c)(13)(i) of this part, when required;

(G) A copy of your procedures for screening transactions to prevent violations of orders denying export privileges under the EAR;

(H) A notice that the consignee, in addition to other requirements, may not sell or otherwise dispose of any U.S. origin items when it knows that the items will be used in the activities prohibited by part 744 of the EAR;

(I) A requirement that the consignee acknowledge, in writing, receipt of this letter of transmittal outlining their obligations under the SCL, and certify that it will comply with all of the requirements, including implementation of an ICP if required by § 752.11 of this part; and

(J) A description of any special documentation requirements for consignees reexporting items to destinations having such requirements.

(4) *Special license conditions.* BIS may place special conditions on your SCL, such as restrictions on eligible items, countries, end-uses, end-users or activities, or a requirement that certain sales or transfers of items under the SCL are subject to prior reporting to BIS. Such special conditions will be listed on your SCL or in a letter from BIS to the SCL holder. You must inform all relevant consignees of all license conditions prior to making any shipments under the SCL.
