U.S. GOVERNMENT OFFICIAL EDITION NOTICE

Legal Status and Use of Seals and Logos

The seal of the National Archives and Records Administration (NARA) authenticates the Code of Federal Regulations (CFR) as the official codification of Federal regulations established under the Federal Register Act. Under the provisions of 44 U.S.C. 1507, the contents of the CFR, a special edition of the Federal Register, shall be judicially noticed. The CFR is prima facie evidence of the original documents published in the Federal Register (44 U.S.C. 1510).

It is prohibited to use NARA’s official seal and the stylized Code of Federal Regulations logo on any republication of this material without the express, written permission of the Archivist of the United States or the Archivist’s designee. Any person using NARA’s official seals and logos in a manner inconsistent with the provisions of 36 CFR part 1200 is subject to the penalties specified in 18 U.S.C. 506, 701, and 1017.

Use of ISBN Prefix

This is the Official U.S. Government edition of this publication and is herein identified to certify its authenticity. Use of the 0-16 ISBN prefix is for U.S. Government Printing Office Official Editions only. The Superintendent of Documents of the U.S. Government Printing Office requests that any reprinted edition clearly be labeled as a copy of the authentic work with a new ISBN.

## Title 17:

- Chapter I—Commodity Futures Trading Commission | 3 |

## Finding Aids:

- Table of CFR Titles and Chapters | 1163 |
- Alphabetical List of Agencies Appearing in the CFR | 1183 |
- List of CFR Sections Affected | 1193 |
Cite this Code: CFR

To cite the regulations in this volume use title, part and section number. Thus, 17 CFR 1.1 refers to title 17, part 1, section 1.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

- Title 1 through Title 16 as of January 1
- Title 17 through Title 27 as of April 1
- Title 28 through Title 41 as of July 1
- Title 42 through Title 50 as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, April 1, 2013), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96-511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

PAST PROVISIONS OF THE CODE

Provisions of the Code that are no longer in force and effect as of the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on any given date in the past by using the appropriate List of CFR Sections Affected (LSA). For the convenience of the reader, a “List of CFR Sections Affected” is published at the end of each CFR volume. For changes to the Code prior to the LSA listings at the end of the volume, consult previous annual editions of the LSA. For changes to the Code prior to 2001, consult the List of CFR Sections Affected compilations, published for 1949-1963, 1964-1972, 1973-1985, and 1986-2000.

“[RESERVED]” TERMINOLOGY

The term “[Reserved]” is used as a place holder within the Code of Federal Regulations. An agency may add regulatory information at a “[Reserved]” location at any time. Occasionally “[Reserved]” is used editorially to indicate that a portion of the CFR was left vacant and not accidentally dropped due to a printing or computer error.

INTEGRATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

(a) The incorporation will substantially reduce the volume of material published in the Federal Register.

(b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.

(c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001, or call 202-741-6010.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Authorities and Rules. A list of CFR titles, chapters, subchapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.
An index to the text of “Title 3—The President” is carried within that volume.

The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

INQUIRIES

For a legal interpretation or explanation of any regulation in this volume, contact the issuing agency. The issuing agency’s name appears at the top of odd-numbered pages.

For inquiries concerning CFR reference assistance, call 202-741-6000 or write to the Director, Office of the Federal Register, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001 or e-mail fedreg.info@nara.gov.

SALES

The Government Printing Office (GPO) processes all sales and distribution of the CFR. For payment by credit card, call toll-free, 866-512-1800, or DC area, 202-512-1800, M-F 8 a.m. to 4 p.m. e.s.t. or fax your order to 202-512-2104, 24 hours a day. For payment by check, write to: US Government Printing Office – New Orders, P.O. Box 979060, St. Louis, MO 63197-9000.

ELECTRONIC SERVICES

The full text of the Code of Federal Regulations, the LSA (List of CFR Sections Affected), The United States Government Manual, the Federal Register, Public Laws, Public Papers of the Presidents of the United States, Compilation of Presidential Documents and the Privacy Act Compilation are available in electronic format via www.ofr.gov. For more information, contact the GPO Customer Contact Center, U.S. Government Printing Office. Phone 202-512-1800, or 866-512-1800 (toll-free), E-mail, ContactCenter@gpo.gov.

CHARLES A. BARTH,
Director,
Office of the Federal Register.
April 1, 2013.
Title 17—Commodity and Securities Exchanges is composed of three volumes. The first volume containing parts 1—199, comprises Chapter I—Commodity Futures Trading Commission. The second volume contains Chapter II—Securities and Exchange Commission, parts 200—239. The third volume, comprising part 240 to end, contains the remaining regulations of the Securities and Exchange Commission, and Chapter IV—Department of the Treasury. The contents of these volumes represent all current regulations issued by the Commodity Futures Trading Commission, the Securities and Exchange Commission, and the Department of the Treasury as of April 1, 2013.

The OMB control numbers for the Securities and Exchange Commission appear in §200.800 of chapter II. For the convenience of the user, §200.800 is reprinted in the Finding Aids section of the volume containing part 240 to end.

For this volume, Jonn V. Lilyea was Chief Editor. The Code of Federal Regulations publication program is under the direction of Michael L. White, assisted by Ann Worley.

PART 1—GENERAL REGULATIONS UNDER THE COMMODITY EXCHANGE ACT

DEFINITIONS
Sec.
1.1 [Reserved]
1.2 Liability of principal for act of agent.
1.3 Definitions.
1.4 Use of electronic signatures.
1.5 [Reserved]
1.6 Anti-evasion.
1.7 Books and records requirements for security-based swap agreements.
1.8 Requests for interpretation of swaps, security-based swaps, and mixed swaps.
1.9 Regulation of mixed swaps.

MINIMUM FINANCIAL AND RELATED REPORTING REQUIREMENTS
1.10 Financial reports of futures commission merchants and introducing brokers.
1.11 [Reserved]
1.12 Maintenance of minimum financial requirements by futures commission merchants and introducing brokers.
1.13 [Reserved]
1.14 Risk assessment recordkeeping requirements for futures commission merchants.
1.15 Risk assessment reporting requirements for futures commission merchants.
1.16 Qualifications and reports of accountants.
1.17 Minimum financial requirements for futures commission merchants and introducing brokers.
1.18 Records for and relating to financial reporting and monthly computation by futures commission merchants and introducing brokers.

PROHIBITED TRADING IN COMMODITY OPTIONS
1.19 Prohibited trading in certain “puts” and “calls”.

CUSTOMERS’ MONEY, SECURITIES, AND PROPERTY
1.20 Futures customer funds to be segregated and separately accounted for.
1.21 Care of money and equities accruing to futures customers.
1.22 Use of futures customer funds restricted.
1.23 Interest of futures commission merchant in segregated futures customer funds; additions and withdrawals.
1.24 Segregated funds; exclusions therefrom.
1.25 Investment of customer funds.
1.26 Deposit of instruments purchased with futures customer funds.
1.27 Record of investments.
1.28 Appraisal of instruments purchased with customer funds.
1.29 Increment or interest resulting from investment of customer funds.
1.30 Loans by futures commission merchants; treatment of proceeds.

RECORDKEEPING
1.31 Books and records; keeping and inspection.
1.32 Segregated account; daily computation and record.
1.33 Monthly and confirmation statements.
1.34 Monthly record, “point balance”.
1.35 Records of commodity interest and related cash or forward transactions.
1.36 Record of securities and property received from customers.
1.37 Customer’s name, address, and occupation recorded; record of guarantor or controller of account.
1.38 Execution of transactions.
1.39 Simultaneous buying and selling orders of different principals; execution of, for and between principals.

MISCELLANEOUS
1.40 Crop, market information letters, reports; copies required.
1.41-1.44 [Reserved]
1.45 [Reserved]
1.46 Application and closing out of offsetting long and short positions.
1.47-1.48 [Reserved]
1.49 Denomination of customer funds and location of depositories.
1.50-1.51 [Reserved]
1.52 Self-regulatory organization adoption and surveillance of minimum financial requirements.
1.53 [Reserved]
1.54 Contract market rules submitted to and approved or not disapproved by the Secretary of Agriculture.
1.55 Distribution of “Risk Disclosure Statement” by futures commission merchants and introducing brokers.
1.56 Prohibition of guarantees against loss.
1.57 Operations and activities of introducing brokers.
1.58 Gross collection of exchange-set margins.
1.59 Activities of self-regulatory organization employees, governing board members, committee members, and consultants.
1.60 Pending legal proceedings.
1.61-1.62 [Reserved]
1.63 Service on self-regulatory organization governing boards or committees by persons with disciplinary histories.
1.64 Composition of various self-regulatory organization governing boards and major disciplinary committees.
1.65 Notice of bulk transfers and disclosure obligations to customers.
1.66 No-action positions with respect to floor traders.
§ 1.67 Notification of final disciplinary action involving financial harm to a customer.

§ 1.68 [Reserved]

§ 1.69 Voting by interested members of self-regulatory organization governing boards and various committees.

§ 1.70 Notification of State enforcement actions brought under the Commodity Exchange Act.

§ 1.71 Conflicts of interest policies and procedures by futures commission merchants and introducing brokers.

§ 1.72 Restrictions on customer clearing arrangements.

§ 1.73 Clearing future commission merchant risk management.

§ 1.74 Futures commission merchant acceptance for clearing.

§ 1.75 Delegation of authority to the Director of the Division of Clearing and Risk to establish an alternative compliance schedule to comply with futures commission merchant acceptance for clearing.

APPENDIX A TO PART 1 [RESERVED]

APPENDIX B TO PART 1—FEES FOR CONTRACT MARKET RULE ENFORCEMENT REVIEWS AND FINANCIAL REVIEWS

APPENDIX C TO PART 1 [RESERVED]

AUTHORITY: 7 U.S.C. 1a, 2, 5, 6a, 6b, 6c, 6d, 6e, 6f, 6g, 6h, 6i, 6j, 6k, 6l, 6m, 6n, 6o, 6p, 7, 7a–1, 7a–2, 7b, 7b–3, 8, 9, 10a, 12, 12a, 12c, 13a, 13a–1, 16, 16a, 19, 21, 23, and 24, as amended by Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, Pub. L. 111–203, 124 Stat. 1376 (2010).

SOURCE: 41 FR 3194, Jan. 21, 1976, unless otherwise noted.

DEFINITIONS

§ 1.1 [Reserved]

[66 FR 42269, Aug. 10, 2001]

§ 1.2 Liability of principal for act of agent.

The act, omission, or failure of any official, agent, or other person acting for any individual, association, partnership, corporation, or trust, within the scope of his employment or office, shall be deemed the act, omission, or failure of such individual, association, partnership, corporation, or trust as well as of such official, agent, or other person.

§ 1.3 Definitions.

Words used in the singular form in the rules and regulations in this chapter shall be deemed to import the plural and vice versa, as the context may require. The following terms, as used in the Commodity Exchange Act, or in the rules and regulations in this chapter, shall have the meanings hereby assigned to them, unless the context otherwise requires:

(a) Board of Trade. This term means an organized exchange or other trading facility.

(b) Business day. This term means any day other than a Sunday or holiday. In all notices required by the Act or by the rules and regulations in this chapter to be given in terms of business days the rule for computing time shall be to exclude the day on which notice is given and include the day on which shall take place the act of which notice is given.

(c) Clearing member. This term means any person that has clearing privileges such that it can process, clear and settle trades through a derivatives clearing organization on behalf of itself or others. The derivatives clearing organization need not be organized as a membership organization.

(d) Clearing organization or derivatives clearing organization. This term means a clearinghouse, clearing association, clearing corporation, or similar entity, facility, system, or organization that, with respect to an agreement, contract, or transaction—

(1) Enables each party to the agreement, contract, or transaction to substitute, through novation or otherwise, the credit of the derivatives clearing organization for the credit of the parties;

(2) Arranges or provides, on a multilateral basis, for the settlement or netting of obligations resulting from such agreements, contracts, or transactions executed by participants in the derivatives clearing organization; or

(3) Otherwise provides clearing services or arrangements that mutually or transfer among participants in the derivatives clearing organization the credit risk arising from such agreements, contracts, or transactions executed by the participants.

(4) Exclusions. The terms clearing organization and derivatives clearing organization do not include an entity, facility, system, or organization solely because it arranges or provides for—
(i) Settlement, netting, or novation of obligations resulting from agreements, contracts or transactions, on a bilateral basis and without a central counterparty;

(ii) Settlement or netting of cash payments through an interbank payment system; or

(iii) Settlement, netting, or novation of obligations resulting from a sale of a commodity in a transaction in the spot market for the commodity.

(e) Commodity. This term means and includes wheat, cotton, rice, corn, oats, barley, rye, flaxseed, grain sorghums, millfeeds, butter, eggs, Irish potatoes, wool, wool tops, fats and oils (including lard, tallow, cottonseed oil, peanut oil, soybean oil, and all other fats and oils), cottonseed meal, cottonseed, peanuts, soybeans, soybean meal, livestock, livestock products, and frozen concentrated orange juice, and all other goods and articles, except onions (as provided by the first section of Pub. L. 85–839) and motion picture box office receipts (or any index, measure, value or data related to such receipts), and all services, rights and interests (except motion picture box office receipts, or any index, measure, value or data related to such receipts) in which contracts for future delivery are presently or in the future dealt in.

(f) Commodity Exchange Act; the Act. These terms mean the Commodity Exchange Act, as amended, 7 U.S.C. 1 et seq.

(g) Institutional customer. This term has the same meaning as “eligible contract participant” as defined in section 1a(18) of the Act.

(h) Contract market; designated contract market. These terms mean a board of trade designated by the Commission as a contract market under the Act and in accordance with the provisions of part 38 of this chapter.

(i) Contract of sale. This term includes sales, purchases, agreements of sale or purchase and agreements to sell or purchase.

(j) Controlled account. An account shall be deemed to be controlled by a person if such person by power of attorney or otherwise actually directs trading for such account.

(k) Customer. This term means any person who uses a futures commission merchant, introducing broker, commodity trading advisor, or commodity pool operator as an agent in connection with trading in any commodity interest; Provided, however, an owner or holder of a proprietary account as defined in paragraph (y) of this section shall not be deemed to be a customer within the meaning of section 4d of the Act, the regulations that implement sections 4d and 4f of the Act and §1.35, and such an owner or holder of such a proprietary account shall otherwise be deemed to be a customer within the meaning of the Act and §§1.37 and 1.46 and all other sections of these rules, regulations, and orders which do not implement sections 4d and 4f of the Act.

(l) Delivery month. This term means the month of delivery specified in a contract of sale of any commodity for future delivery.

(m) Eligible contract participant. This term has the meaning set forth in Section 1a(18) of the Act, except that:

(1) A major swap participant, as defined in Section 1a(33) of the Act and paragraph (hhh) of this section, is an eligible contract participant;

(2) A swap dealer, as defined in Section 1a(49) of the Act and paragraph (ggg) of this section, is an eligible contract participant;

(3) A major security-based swap participant, as defined in Section 3(a)(67) of the Securities Exchange Act of 1934 and §240.3a67–1 of this title, is an eligible contract participant;

(4) A security-based swap dealer, as defined in Section 3(a)(71) of the Securities Exchange Act of 1934 and §240.3a71–1 of this title, is an eligible contract participant;

(5)(i) A transaction-level commodity pool with one or more direct participants that is not an eligible contract participant is not itself an eligible contract participant under either Section 1a(18)(A)(iv) or Section 1a(18)(A)(v) of the Act for purposes of entering into transactions described in Sections 2(c)(2)(B)(vi) and 2(c)(2)(C)(vii) of the Act; and

(ii) In determining whether a commodity pool that is a direct participant in a transaction-level commodity pool is an eligible contract participant for purposes of paragraph (m)(5)(i) of this
section, the participants in the commodity pool that is a direct participant in the transaction-level commodity pool shall not be considered unless the transaction-level commodity pool, any commodity pool holding a direct or indirect interest in such transaction-level commodity pool, or any commodity pool in which such transaction-level commodity pool holds a direct or indirect interest, has been structured to evade subtitle A of Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act by permitting persons that are not eligible contract participants to participate in agreements, contracts, or transactions described in Section 2(c)(2)(B)(i) or Section 2(c)(2)(C)(i) of the Act;

(6) A commodity pool that does not have total assets exceeding $5,000,000 or that is not operated by a person described in subclause (A)(iv)(II) of Section 1a(18) of the Act is not an eligible contract participant pursuant to clause (A)(v) of such Section;

(7)(i) For purposes of a swap (but not a security-based swap, security-based swap agreement or mixed swap) used to hedge or mitigate commercial risk, an entity may, in determining its net worth for purposes of Section 1a(18)(A)(v)(III) of the Act, include the net worth of any owner of such entity, provided that all the owners of such entity are eligible contract participants;

(ii)(A) For purposes of identifying the owners of an entity under paragraph (m)(7)(i) of this section, any person holding a direct ownership interest in such entity shall be considered to be an owner of such entity; provided, however, that any shell company shall be disregarded, and the owners of such shell company shall be considered to be the owners of any entity owned by such shell company;

(B) For purposes of paragraph (m)(7)(ii)(A) of this section, the term \textit{shell company} means any entity that limits its holdings to direct or indirect interests in entities that are relying on this paragraph (m)(7); and

(C) In determining whether an owner of an entity is an eligible contract participant for purposes of paragraph (m)(7)(ii)(A) of this section, an individual may be considered to be a proprietorship eligible contract participant only if the individual—

(1) Has an active role in operating a business other than an entity;

(2) Directly owns all of the assets of the business;

(3) Directly is responsible for all of the liabilities of the business; and

(4) Acquires its interest in the entity seeking to qualify as an eligible contract participant under paragraph (m)(7)(i) of this section in connection with the operation of the individual’s proprietorship or to manage the risk associated with an asset or liability owned or incurred or reasonably likely to be owned or incurred by the individual in the operation of the individual’s proprietorship; and

(iii) For purposes of paragraph (m)(7)(i) of this section, a swap is used to hedge or mitigate commercial risk if the swap complies with the conditions in paragraph (kkk) of this section; and

(8) Notwithstanding Section 1a(18)(A)(iv) of the Act and paragraph (m)(5) of this section, a commodity pool that enters into an agreement, contract, or transaction described in Section 2(c)(2)(B)(i) or Section 2(c)(2)(C)(i)(I) of the Act is an eligible contract participant with respect to such agreement, contract, or transaction, regardless of whether each participant in such commodity pool is an eligible contract participant, if all of the following conditions are satisfied:

(i) The commodity pool is not formed for the purpose of evading regulation under Section 2(c)(2)(B) or Section 2(c)(2)(C) of the Act or related Commission rules, regulations or orders;

(ii) The commodity pool has total assets exceeding $10,000,000; and

(iii) The commodity pool is formed and operated by a registered commodity pool operator or by a commodity pool operator who is exempt from registration as such pursuant to §4.13(a)(3) of this chapter.

(n) \textit{Floor broker}. This term means any person:

(1) Who, in or surrounding any pit, ring, post or other place provided by a contract market for the meeting of persons similarly engaged, shall purchase or sell for any other person—
Commodity Futures Trading Commission

§ 1.3

(i) Any commodity for future delivery, security futures product, or swap; or
(ii) Any commodity option authorized under section 4c of the Act; or
(2) Who is registered with the Commission as a floor broker.

(o) Future delivery. This term does not include any sale of a cash commodity for deferred shipment or delivery.

(p) Futures commission merchant. This term means:
(1) Any individual, association, partnership, corporation, or trust—
(i) Who is engaged in soliciting or in accepting orders for the purchase or sale of any commodity for future delivery; a security futures product; a swap; any agreement, contract, or transaction described in section 2(c)(2)(C)(1) or section 2(c)(2)(D)(1) of the Act; a commodity option authorized under section 4c of the Act; a leverage transaction authorized under section 19 of the Act; or acting as a counterparty in any agreement, contract or transaction described in section 2(c)(2)(C)(1) or section 2(c)(2)(D)(1) of the Act; and
(ii) Who, in connection with any of these activities accepts any money, securities, or property (or extends credit in lieu thereof) to margin, guarantee, or secure any trades or contracts that result or may result therefrom; and
(2) Any person that is registered as a futures commission merchant.

(q) Member. This term means:
(1) An individual, association, partnership, corporation, or trust—
(i) Owning or holding membership in, or admitted to membership representation on, a registered entity; or
(ii) Having trading privileges on a registered entity.
(2) A participant in an alternative trading system that is designated as a contract market pursuant to section 5 of the Act is deemed a member of the contract market for purposes of transactions in security futures products through the contract market.

(r) Net equity. (1) For futures and commodity option positions, this term means the credit balance which would be obtained by combining the margin balance of any person with the net profit or loss, if any, accruing on the open futures or commodity option positions of such person.
(2) For swap positions other than commodity option positions, this term means the credit balance which would be obtained by combining the margin balance of any person with the net profit or loss, if any, accruing on the open swap positions of such person.

(s) Net deficit. (1) For futures and commodity option positions, this term means the debit balance which would be obtained by combining the margin balance of any person with the net profit or loss, if any, accruing on the open futures or commodity option positions of such person.
(2) For swap positions other than commodity option positions, this term means the debit balance which would be obtained by combining the margin balance of any person with the net profit or loss, if any, accruing on the open swap positions of such person.

(t) Open contracts. This term means:
(1) Positions in contracts of purchase or sale of any commodity made by or for any person on or subject to the rules of a board of trade for future delivery during a specified month or delivery period that have neither been fulfilled by delivery nor been offset by other contracts of purchase or sale in the same commodity and delivery month;
(2) Positions in commodity option transactions that have not expired, been exercised, or offset; and
(3) Positions in Cleared Swaps, as §22.1 of this chapter defines that term, that have not been fulfilled by delivery; not been offset; not expired; and not been terminated.

(u) Person. This term includes individuals, associations, partnerships, corporations, and trusts.

(v) [Reserved]

(w) Secretary of Agriculture. This term means the Secretary of Agriculture or any person to whom authority has heretofore lawfully been delegated or to whom authority may hereafter lawfully be delegated to act in his stead.

(x) Floor trader. This term means any person:
(1) Who, in or surrounding any pit, ring, post or other place provided by a contract market for the meeting of persons similarly engaged, purchases,
or sells solely for such person’s own account—
(i) Any commodity for future delivery, security futures product, or swap; or
(ii) Any commodity option authorized under section 4c of the Act; or
(2) Who is registered with the Commission as a floor trader.
(y) Proprietary account. This term means a commodity futures, commodity option, or swap trading account carried on the books and records of an individual, a partnership, corporation or other type of association:
(1) For one of the following persons, or
(2) Of which ten percent or more is owned by one of the following persons, or an aggregate of ten percent or more of which is owned by more than one of the following persons:
(i) Such individual himself, or such partnership, corporation or association itself;
(ii) In the case of a partnership, a general partner in such partnership;
(iii) In the case of a limited partnership, a limited or special partner in such partnership whose duties include:
(A) The management of the partnership business or any part thereof,
(B) The handling of the trades of customers or customer funds of such partnership,
(C) The keeping of records pertaining to the trades of customers or customer funds of such partnership,
(D) The signing or co-signing of checks or drafts on behalf of such partnership;
(iv) In the case of a corporation or association, an officer, director or owner of ten percent or more of the capital stock, of such organization;
(v) An employee of such individual, partnership, corporation or association whose duties include:
(A) The management of the business of such individual, partnership, corporation or association or any part thereof,
(B) The handling of the trades of customers or customer funds of such individual, partnership, corporation or association,
(C) The keeping of records pertaining to the trades of customers or customer funds of such individual, partnership, corporation or association, or
(D) The signing or co-signing of checks or drafts on behalf of such individual, partnership, corporation or association;
(vi) A spouse or minor dependent living in the same household of any of the foregoing persons;
(vii) A business affiliate that directly or indirectly controls such individual, partnership, corporation or association; or
(viii) A business affiliate that, directly or indirectly is controlled by or is under common control with, such individual, partnership, corporation or association. Provided, however, That an account owned by any shareholder or member of a cooperative association of producers, within the meaning of section 6a of the Act, which association is registered as a futures commission merchant and carries such account on its records, shall be deemed to be an account of a customer and not a proprietary account of such association, unless the shareholder or member is an officer, director or manager of the association.

(2) Bona fide hedging transactions and positions for excluded commodities—(1) General definition. Bona fide hedging transactions and positions shall mean any agreement, contract or transaction in an excluded commodity on a designated contract market or swap execution facility that is a trading facility, where such transactions or positions normally represent a substitute for transactions to be made or positions to be taken at a later time in a physical marketing channel, and where they are economically appropriate to the reduction of risks in the conduct and management of a commercial enterprise, and where they arise from:
(i) The potential change in the value of assets which a person owns, produces, manufactures, processes, or merchandises or anticipates owning, producing, manufacturing, processing, or merchandising;
(ii) The potential change in the value of liabilities which a person owns or anticipates incurring, or
Commodity Futures Trading Commission

§ 1.3

(iii) The potential change in the value of services which a person provides, purchases, or anticipates providing or purchasing.

(iv) Notwithstanding the foregoing, no transactions or positions shall be classified as bona fide hedging unless their purpose is to offset price risks incidental to commercial cash or spot operations and such positions are established and liquidated in an orderly manner in accordance with sound commercial practices and, for transactions or positions on contract markets subject to trading and position limits in effect pursuant to section 4a of the Act, unless the provisions of paragraphs (z)(2) and (3) of this section have been satisfied.

(2) Enumerated hedging transactions. The definitions of bona fide hedging transactions and positions in paragraph (z)(1) of this section includes, but is not limited to, the following specific transactions and positions:

(i) Sales of any agreement, contract, or transaction in an excluded commodity on a designated contract market or swap execution facility that is a trading facility which do not exceed in quantity:

(A) Ownership or fixed-price purchase of the same cash commodity by the same person; and

(B) Twelve months' unsold anticipated production of the same commodity by the same person provided that no such position is maintained in any agreement, contract or transaction during the five last trading days.

(ii) Purchases of any agreement, contract or transaction in an excluded commodity on a designated contract market or swap execution facility that is a trading facility which do not exceed in quantity:

(A) The fixed-price sale of the same cash commodity by the same person;

(B) The quantity equivalent of fixed-price sales of the cash products and by-products of such commodity by the same person; and

(C) Twelve months' unfilled anticipated requirements of the same cash commodity for processing, manufacturing, or feeding by the same person, provided that such transactions and positions in the five last trading days of any agreement, contract or transaction do not exceed the person's unfilled anticipated requirements of the same cash commodity for that month and for the next succeeding month.

(iii) Offsetting sales and purchases in any agreement, contract or transaction in an excluded commodity on a designated contract market or swap execution facility that is a trading facility which do not exceed in quantity that amount of the same cash commodity which has been bought and sold by the same person at unfixed prices basis different delivery months of the contract market, provided that no such position is maintained in any agreement, contract or transaction during the five last trading days.

(iv) Purchases or sales by an agent who does not own or has not contracted to sell or purchase the offsetting cash commodity at a fixed price, provided that the agent is responsible for the merchandising of the cash position that is being offset, and the agent has a contractual arrangement with the person who owns the commodity or has the cash market commitment being offset.

(v) Sales and purchases described in paragraphs (z)(2)(i) through (iv) of this section may also be offset other than by the same quantity of the same cash commodity, provided that the fluctuations in value of the position for in any agreement, contract or transaction are substantially related to the fluctuations in value of the actual or anticipated cash position, and provided that the positions in any agreement, contract or transaction shall not be maintained during the five last trading days.

(3) Non-Enumerated cases. A designated contract market or swap execution facility that is a trading facility may recognize, consistent with the purposes of this section, transactions and positions other than those enumerated in paragraph (2) of this section as bona fide hedging. Prior to recognizing such non-enumerated transactions and positions, the designated contract market or swap execution facility that is a trading facility shall submit such rules for Commission review under section 5c of the Act and part 40 of this chapter.
§ 1.3

(aa) **Associated person.** This term means any natural person who is associated in any of the following capacities with:

(1) A futures commission merchant as a partner, officer, employee, or agent (or any natural person occupying a similar status or performing similar functions), in any capacity which involves
   (i) The solicitation or acceptance of customers’ orders (other than in a clerical capacity) or
   (ii) The supervision of any person or persons so engaged;

(2) An introducing broker as a partner, officer, employee, or agent (or any natural person occupying a similar status or performing similar functions), in any capacity which involves
   (i) The solicitation or acceptance of customers’ orders (other than in a clerical capacity) or
   (ii) The supervision of any person or persons so engaged;

(3) A commodity pool operator as a partner, officer, employee, consultant, or agent (or any natural person occupying a similar status or performing similar functions), in any capacity which involves
   (i) The solicitation of funds, securities, or property for a participation in a commodity pool or
   (ii) The supervision of any person or persons so engaged;

(4) A commodity trading advisor as a partner, officer, employee, consultant, or agent (or any natural person occupying a similar status or performing similar functions), in any capacity which involves
   (i) The solicitation of a client’s or prospective client’s discretionary account, or
   (ii) The supervision of any person or persons so engaged; and

(5) A leverage transaction merchant as a partner, officer, employee, consultant, or agent (or any natural person occupying a similar status or performing similar functions), in any capacity which involves
   (i) The solicitation or acceptance of leverage customers’ orders (other than in a clerical capacity) for leverage transactions as defined in §31.4(x) of this chapter, or
   (ii) The supervision of any person or persons so engaged.

(6) A swap dealer or major swap participant as a partner, officer, employee, agent (or any natural person occupying a similar status or performing similar functions), in any capacity that involves:
   (i) The solicitation or acceptance of swaps (other than in a clerical or ministerial capacity); or
   (ii) The supervision of any person or persons so engaged.

(bb)(1) **Commodity trading advisor.** This term means any person who, for compensation or profit, engages in the business of advising others, either directly or through publications, writings or electronic media, as to the value of or the advisability of trading in any contract of sale of a commodity for future delivery, security futures product, or swap; any agreement, contract or transaction described in section 2(c)(2)(C)(i) or section 2(c)(2)(D)(i) of the Act; any commodity option authorized under section 4e of the Act; any leverage transaction authorized under section 19 of the Act; any person registered with the Commission as a commodity trading advisor; or any person, who, for compensation or profit, and as part of a regular business, issues or promulgates analyses or reports concerning any of the foregoing. The term does not include:
   (i) Any bank or trust company or any person acting as an employee thereof;
   (ii) Any news reporter, news columnist, or news editor of the print or electronic media or any lawyer, accountant, or teacher;
   (iii) Any floor broker or futures commission merchant;
   (iv) The publisher or producer of any print or electronic data of general and regular dissemination, including its employees;
   (v) The named fiduciary, or trustee, of any defined benefit plan which is subject to the provisions of the Employee Retirement Income Security Act of 1974, or any fiduciary whose sole business is to advise that plan;
   (vi) Any contract market; and
   (vii) Such other persons not within the intent of this definition as the Commission may specify by rule, regulation or order. Provided, That the furnishing of such services by the foregoing persons is solely incidental to
Commodity Futures Trading Commission

§ 1.3

the conduct of their business or profession: Provided further, That the Commission, by rule or regulation, may include within this definition, any person advising as to the value of commodities or issuing reports or analyses concerning commodities, if the Commission determines that such rule or regulation will effectuate the purposes of this provision.

(2) Client. This term, as it relates to a commodity trading advisor, means any person:

(i) To whom a commodity trading advisor provides advice, for compensation or profit, either directly or through publications, writings, or electronic media, as to the value of, or the advisability of trading in, any contract of sale of a commodity for future delivery, security futures product or swap; any agreement, contract or transaction described in section 2(c)(2)(C)(i) or section 2(c)(2)(D)(i) of the Act; any commodity option authorized under section 4c of the Act; any leverage transaction authorized under section 19 of the Act; or

(ii) To whom, for compensation or profit, and as part of a regular business, the commodity trading advisor issues or promulgates analyses or reports concerning any of the activities referred to in paragraph (bb)(2)(i) of this section. The term “client” includes, without limitation, any subscriber of a commodity trading advisor.

(cc) Commodity pool operator. This term means any person engaged in a business which is of the nature of a commodity pool, investment trust, syndicate, or similar form of enterprise, and who, in connection therewith, solicits, accepts, or receives from others, funds, securities, or property, either directly or through capital contributions, the sale of stock or other forms of securities, or otherwise, for the purpose of trading in commodity interests, including any commodity for future delivery, security futures product, or swap; any agreement, contract or transaction described in section 2(c)(2)(C)(i) or section 2(c)(2)(D)(i) of the Act; any commodity option authorized under section 4c of the Act; any leverage transaction authorized under section 19 of the Act; or any person who is registered with the Commission as a commodity pool operator, but does not include such persons not within the intent of this definition as the Commission may specify by rule or regulation or by order.

(dd) Commission. This term means the Commodity Futures Trading Commission.

(ee) Self-regulatory organization. This term means a contract market (as defined in §1.3(h)), a swap execution facility (as defined in §1.3(rrrr)), or a registered futures association under section 17 of the Act.

(ff) Designated self-regulatory organization. This term means:

(1) Self-regulatory organization of which a futures commission merchant, an introducing broker, a leverage transaction merchant, a retail foreign exchange dealer, a swap dealer, or a major swap participant is a member; or

(2) If a Commission registrant other than a leverage transaction merchant is a member of more than one self-regulatory organization and such registrant is the subject of an approved plan under §1.52, then a self-regulatory organization delegated the responsibility by such a plan for monitoring and auditing such registrant for compliance with the minimum financial and related reporting requirements of the self-regulatory organizations of which the registrant is a member, and for receiving the financial reports necessitated by such minimum financial and related reporting requirements from such registrant; or

(3) If a leverage transaction merchant is a member of more than one self-regulatory organization and such leverage transaction merchant is the subject of an approved plan under §31.28 of this chapter, then a self-regulatory organization delegated the responsibility by such a plan for monitoring and auditing such leverage transaction merchant for compliance with the minimum financial, cover, segregation and sales practice, and related reporting requirements of the self-regulatory organizations of which the leverage transaction merchant is a member, and for receiving the reports
necessitated by such minimum financial, cover, segregation and sales practice, and related reporting requirements from such leverage transaction merchant.

(gg) Customer funds. This term means, collectively, Cleared Swaps Customer Collateral and futures customer funds.

(hh) Commodity option transaction; commodity option. These terms each mean any transaction or agreement in interstate commerce which is or is held out to be of the character of, or is commonly known to the trade as, an “option,” “privilege,” “indemnity,” “bid,” “offer,” “call,” “put.” “advance guaranty,” or “decline guaranty,” and which is subject to regulation under the Act and these regulations.

(ii) Premium. This term means the amount agreed upon between the purchaser and seller, or their agents, for the purchase or sale of a commodity option.

(jj) [Reserved]

(kk) Strike price. This term means the price, per unit, at which a person may purchase or sell the commodity, swap, or contract of sale of a commodity for future delivery that is the subject of a commodity option: Provided, That for purposes of §1.17, the term strike price means the total price at which a person may purchase or sell the commodity, swap, or contract of sale of a commodity for future delivery that is the subject of a commodity option (i.e., price per unit times the number of units).

(ll) [Reserved]

(mm) Introducing broker. This term means:

(1) Any person who, for compensation or profit, whether direct or indirect:

(i) Is engaged in soliciting or in accepting orders (other than in a clerical capacity) for the purchase or sale of any commodity for future delivery, security futures product, or swap; any agreement, contract or transaction described in section 2(c)(2)(C)(i) or section 2(c)(2)(D)(i) of the Act; any commodity option transaction authorized under section 4c; or any leverage transaction authorized under section 19; or who is registered with the Commission as an introducing broker; and

(ii) Does not accept any money, securities, or property (or extend credit in lieu thereof) to margin, guarantee, or secure any trades or contracts that result or may result therefrom.

(2) The term introducing broker shall not include:

(i) Any futures commission merchant, floor broker, associated person, or associated person of a swap dealer or major swap participant acting in its capacity as such, regardless of whether that futures commission merchant, floor broker, or associated person is registered or exempt from registration in such capacity;

(ii) Any commodity trading advisor, which, acting in its capacity as a commodity trading advisor, is not compensated on a per-trade basis or which solely manages discretionary accounts pursuant to a power of attorney, regardless of whether that commodity trading advisor is registered or exempt from registration in such capacity; and

(iii) Any commodity pool operator which, acting in its capacity as a commodity pool operator, solely operates commodity pools, regardless of whether that commodity pool operator is registered or exempt from registration in such capacity.

(nn) Guarantee agreement. This term means an agreement of guarantee in the form set forth in part B or C of Form 1–FR, executed by a registered futures commission merchant or retail foreign exchange dealer, as appropriate, and by an introducing broker or applicant for registration as an introducing broker on behalf of an introducing broker or applicant for registration as an introducing broker in satisfaction of the alternative adjusted net capital requirement set forth in §1.17(a)(1)(iii).

(oo) Leverage transaction merchant. This term means and includes any individual, association, partnership, corporation, trust or other person that is engaged in the business of offering to enter into, entering into or confirming the execution of leverage contracts, or soliciting or accepting orders for leverage contracts, and who accepts leverage customer funds (or extends credit in lieu thereof) in connection therewith.

(pp) Leverage customer funds. This term means all money, securities and
Commodity Futures Trading Commission § 1.3

property received, directly or indirectly by a leverage transaction merchant from, for, or on behalf of leverage customers to margin, guarantee or secure leverage contracts and all money, securities and property accruing to such customers as the result of such contracts, or the customers’ leverage equity. In the case of a long leverage transaction, profit or loss accruing to a leverage customer is the difference between the leverage transaction merchant’s current bid price for the leverage contract and the ask price of the leverage contract when entered into. In the case of a short leverage transaction, profit or loss accruing to a leverage customer is the difference between the bid price of the leverage contract when entered into and the leverage transaction merchant’s current ask price for the leverage contract.

(qq) **Leverage contract.** Shall have the same meaning as that set forth in § 31.4(w) of this chapter.

(rr) **Foreign futures or foreign options secured amount.** This term means all money, securities and property held by or held for or on behalf of a futures commission merchant from, for, or on behalf of foreign futures or foreign options customers as defined in § 30.1 of this chapter:

(1) In the case of foreign futures customers, money, securities and property required by a futures commission merchant to margin, guarantee, or secure open foreign futures contracts plus or minus any unrealized gain or loss on such contracts; and

(2) In the case of foreign options customers in connection with open foreign options transactions, money, securities and property representing premiums paid or received, plus any other funds required to guarantee or secure open transactions plus or minus any unrealized gain or loss on such transactions.

(ss) **Foreign board of trade.** This term means any board of trade, exchange or market located outside the United States, its territories or possessions, whether incorporated or unincorporated.

(tt) **Electronic signature.** This term means an electronic sounds, symbol, or process attached to or logically associated with a record and executed or adopted by a person with the intent to sign the record.

(uu) [Reserved]

(vv) **Futures account.** This term means an account that is maintained in accordance with the segregation requirements of sections 4(d) and 4(d)b of the Act and the rules thereunder.

(ww) **Securities account.** This term means an account that is maintained in accordance with the requirements of section 15(c)(3) of the Securities Exchange Act of 1934 and Rule 15c3-3 thereunder.

(xx) **Foreign broker.** This term means any person located outside the United States, its territories or possessions who is engaged in soliciting or in accepting orders only from persons located outside the United States, its territories or possessions for the purchase or sale of any commodity interest transaction on or subject to the rules of any designated contract market or swap execution facility and that, in or in connection with such solicitation or acceptance of orders, accepts any money, securities or property (or extends credit in lieu thereof) to margin, guarantee, or secure any trades or contracts that result or may result therefrom.

(yy) **Commodity interest.** This term means:

(1) Any contract for the purchase or sale of a commodity for future delivery;

(2) Any contract, agreement or transaction subject to a Commission regulation under section 4e or 19 of the Act;

(3) Any contract, agreement or transaction subject to Commission jurisdiction under section 2(c)(2) of the Act; and

(4) Any swap as defined in the Act, by the Commission, or jointly by the Commission and the Securities and Exchange Commission.

(zz) **Agricultural commodity.** This term means:

(1) The following commodities specifically enumerated in the definition of a “commodity” found in section 1a of the Act: Wheat, cotton, rice, corn, oats, barley, rye, flaxseed, grain sorghums, mill feeds, butter, eggs, Solanum tuberosum (Irish potatoes), wool, wool tops, fats and oils (including lard, tallow, cottonseed oil, peanut oil,
soybean oil and all other fats and oils), cottonseed meal, cottonseed, peanuts, soybeans, soybean meal, livestock, livestock products, and frozen concentrated orange juice, but not onions;

(2) All other commodities that are, or once were, or are derived from, living organisms, including plant, animal and aquatic life, which are generally fungible, within their respective classes, and are used primarily for human food, shelter, animal feed or natural fiber;

(3) Tobacco, products of horticulture, and such other commodities used or consumed by animals or humans as the Commission may by rule, regulation or order designate after notice and opportunity for hearing; and

(4) Commodity-based indexes based wholly or principally on underlying agricultural commodities.

(aaa) **Clearing initial margin.** This term means initial margin posted by a clearing member with a derivatives clearing organization.

(bbb) **Customer initial margin.** This term means initial margin posted by a customer with a futures commission merchant, or by a non-clearing member futures commission merchant with a clearing member.

(ccc) **Initial margin.** This term means money, securities, or property posted by a party to a futures, option, or swap as performance bond to cover potential future exposures arising from changes in the market value of the position.

(ddd) **Margin call.** This term means a request from a futures commission merchant to a customer to post customer initial margin; or a request by a derivatives clearing organization to a clearing member to post clearing initial margin or variation margin.

(eee) **Spread margin.** This term means reduced initial margin that takes into account correlations between certain related positions held in a single account.

(fff) **Variation margin.** This term means a payment made by a party to a futures, option, or swap to cover the current exposure arising from changes in the market value of the position since the trade was executed or the previous time the position was marked to market.

(ggg) **Swap dealer.**—(1) In general. The term swap dealer means any person who:

(i) Holds itself out as a dealer in swaps;

(ii) Makes a market in swaps;

(iii) Regularly enters into swaps with counterparties as an ordinary course of business for its own account; or

(iv) Engages in any activity causing it to be commonly known in the trade as a dealer or market maker in swaps.

(2) **Exception.** The term swap dealer does not include a person that enters into swaps for such person’s own account, either individually or in a fiduciary capacity, but not as a part of regular business.

(3) **Scope of designation.** A person who is a swap dealer shall be deemed to be a swap dealer with respect to each swap it enters into, regardless of the category of the swap or the person’s activities in connection with the swap. However, if a person makes an application to limit its designation as a swap dealer to specified categories of swaps or specified activities of the person in connection with swaps, the Commission shall determine whether the person’s designation as a swap dealer shall be so limited. If the Commission grants such limited designation, such limited designation swap dealer shall be deemed to be a swap dealer with respect to each swap it enters into in the swap category or categories for which it is so designated, regardless of the person’s activities in connection with such category or categories of swaps. A person may make such application to limit the categories of swaps or activities of the person that are subject to its swap dealer designation at the same time as, or after, the person’s initial registration as a swap dealer.

(4) **De minimis exception.** (i) Except as provided in paragraph (ggg)(4)(vi) of this section, a person that is not currently registered as a swap dealer shall be deemed not to be a swap dealer as a result of its swap dealing activity involving counterparties, so long as the swap positions connected with those dealing activities into which the person—or any other entity controlling, controlled by or under common control with the person—enters over the course of the immediately preceding 12
months (or following the effective date of final rules implementing Section 1a(47) of the Act, 7 U.S.C. 1a(47), if that period is less than 12 months) have an aggregate gross notional amount of no more than $3 billion, subject to a phase in level of an aggregate gross notional amount of no more than $8 billion applied in accordance with paragraph (ggg)(4)(ii) of this section, and an aggregate gross notional amount of no more than $25 million with regard to swaps in which the counterparty is a “special entity” (as that term is defined in Section 4s(h)(2)(C) of the Act, 7 U.S.C. 6s(h)(2)(C), and § 23.401(c) of this chapter). For purposes of this paragraph, if the stated notional amount of a swap is leveraged or enhanced by the structure of the swap, the calculation shall be based on the effective notional amount of the swap rather than on the stated notional amount.

(ii) Phase-in procedure and staff report—(A) Phase-in period. For purposes of paragraph (ggg)(4)(i) of this section, except as provided in paragraph (ggg)(4)(vi) of this section, a person that engages in swap dealing activity that does not exceed the phase-in level set forth in paragraph (ggg)(4)(i) shall be deemed not to be a swap dealer as a result of its swap dealing activity until the “phase-in termination date” established as provided in paragraph (ggg)(4)(ii)(C) or (D) of this section. The Commission shall announce the phase-in termination date on the Commission Web site and publish such date in the Federal Register.

(B) Staff report. No later than 30 months following the date that a swap data repository first receives swap data in accordance with part 45 of this chapter, the staff of the Commission shall complete and publish such date in the Federal Register.

(iii) Registration period for persons that can no longer take advantage of the exception. A person that has not registered as a swap dealer by virtue of satisfying the requirements of this paragraph (ggg)(4), but that no longer can take advantage of that de minimis exception, will be deemed not to be a swap dealer until the earlier of the date on which it submits a complete application for registration pursuant
to Section 4s(b) of the Act, 7 U.S.C. 6s(b), or two months after the end of the month in which that person becomes no longer able to take advantage of the exception.

(iv) Applicability to registered swap dealers. A person who currently is registered as a swap dealer may apply to withdraw that registration, while continuing to engage in swap dealing activity in reliance on this section, so long as that person has been registered as a swap dealer for at least 12 months and satisfies the conditions of paragraph (ggg)(4)(i) of this section.

(v) Future adjustments to scope of the de minimis exception. The Commission may by rule or regulation change the requirements of the de minimis exception described in paragraphs (ggg)(4)(i) through (iv) of this section.

(vi) Voluntary registration. Notwithstanding paragraph (ggg)(4)(i) of this section, a person that chooses to register with the Commission as a swap dealer shall be deemed to be a swap dealer.

(5) Insured depository institution swaps in connection with originating loans to customers. Swaps entered into by an insured depository institution with a customer in connection with originating a loan with that customer shall not be considered in determining whether the insured depository institution is a swap dealer.

(i) An insured depository institution shall be considered to have entered into a swap with a customer in connection with originating a loan, as defined in paragraphs (ggg)(5)(ii) and (iii) of this section, with that customer only if:

(A) The insured depository institution enters into a swap with a customer no earlier than 90 days before and no later than 180 days after the date of execution of the applicable loan agreement, or no earlier than 90 days before and no later than 180 days after any transfer of principal to the customer by the insured depository institution pursuant to the loan;

(B)(I) The rate, asset, liability or other notional item underlying such swap is, or is directly related to, a financial term of such loan, which includes, without limitation, the loan’s duration, rate of interest, the currency or currencies in which it is made and its principal amount;

(2) Such swap is required, as a condition of the loan under the insured depository institution’s loan underwriting criteria, to be in place in order to hedge price risks incidental to the borrower’s business and arising from potential changes in the price of a commodity other than an excluded commodity;

(C) The duration of the swap does not extend beyond termination of the loan;

(D) The insured depository institution is:

(1) The sole source of funds to the customer under the loan;

(2) Committed to be, under the terms of the agreements related to the loan, the source of at least 10 percent of the maximum principal amount under the loan; or

(3) Committed to be, under the terms of the agreements related to the loan, the source of a principal amount that is greater than or equal to the aggregate notional amount of all swaps entered into by the insured depository institution with the customer in connection with the financial terms of the loan;

(E) The aggregate notional amount of all swaps entered into by the customer in connection with the financial terms of the loan is, at any time, not more than the aggregate principal amount outstanding under the loan at that time; and

(F) If the swap is not accepted for clearing by a derivatives clearing organization, the insured depository institution reports the swap as required by section 4r of the Act, 7 U.S.C. 6r (except as otherwise provided in section 4r(a)(3)(A), 7 U.S.C. 6r(a)(3)(A), or section 4r(a)(3)(B), 7 U.S.C. 6r(a)(3)(B) of the Act).

(ii) An insured depository institution shall be considered to have originated a loan with a customer if the insured depository institution:

(A) Directly transfers the loan amount to the customer;

(B) Is a part of a syndicate of lenders that is the source of the loan amount that is transferred to the customer;

(C) Purchases or receives a participation in the loan; or
(D) Otherwise is the source of funds that are transferred to the customer pursuant to the loan or any refinancing of the loan.

(iii) The term loan shall not include:
(A) Any transaction that is a sham, whether or not intended to qualify for the exclusion from the definition of the term swap dealer in this rule; or
(B) Any synthetic loan, including, without limitation, a loan credit default swap or loan total return swap.

(6) Swaps that are not considered in determining whether a person is a swap dealer—

(i) Inter-affiliate activities. In determining whether a person is a swap dealer, that person's swaps with majority-owned affiliates shall not be considered. For these purposes the counterparties to a swap are majority-owned affiliates if one counterparty directly or indirectly owns a majority interest in the other, or if a third party directly or indirectly owns a majority interest in both counterparties to the swap, where "majority interest" is the right to vote or direct the vote of a majority of a class of voting securities of an entity, the power to sell or direct the sale of a majority of a class of voting securities of an entity, or the right to receive upon dissolution or the contribution of a majority of the capital of a partnership.

(ii) Activities of a cooperative. (A) Any swap that is entered into by a cooperative with a member of such cooperative shall not be considered in determining whether the cooperative is a swap dealer, provided that:

(1) The swap is subject to policies and procedures of the cooperative requiring that the cooperative monitors and manages the risk of such swap;

(2) The cooperative reports the swap as required by Section 4r of the Act, 7 U.S.C. 6r (except as otherwise provided in Section 4r(a)(3)(A) of the Act, 7 U.S.C. 6r(a)(3)(A) or Section 4r(a)(3)(B) of the Act, 7 U.S.C. 6r(a)(3)(B)); and

(3) if the cooperative is a cooperative association of producers, the swap is primarily based on a commodity that is not an excluded commodity.

(B) For purposes of this paragraph (ggg)(6)(ii), the term cooperative shall mean:

(1) A cooperative association of producers as defined in section 1a(14) of the Act, 7 U.S.C. 1a(14), or

(2) A person chartered under Federal law as a cooperative and predominately engaged in activities that are financial in nature as defined in section 4(c) of the Bank Holding Company Act of 1956, 12 U.S.C. 1843(k).

(C) For purposes of this paragraph (ggg)(6)(ii), a swap shall be deemed to be entered into by a cooperative association of producers with a member of such cooperative association of producers when the swap is between a cooperative association of producers and a person that is a member of a cooperative association of producers that is itself a member of the first cooperative association of producers.

(iii) Swaps entered into for the purpose of hedging physical positions. In determining whether a person is a swap dealer, a swap that the person enters into shall not be considered, if:

(A) The person enters into the swap for the purpose of offsetting or mitigating the person's price risks that arise from the potential change in the value of one or several—

(1) Assets that the person owns, produces, manufactures, processes, or merchandises or anticipates owning, producing, manufacturing, processing, or merchandising;

(2) Liabilities that the person owns or anticipates incurring; or

(3) Services that the person provides, purchases, or anticipates providing or purchasing;

(B) The swap represents a substitute for transactions made or to be made or positions taken or to be taken by the person at a later time in a physical marketing channel;

(C) The swap is economically appropriate to the reduction of the person's risks in the conduct and management of a commercial enterprise;

(D) The swap is entered into in accordance with sound commercial practices; and

(E) The person does not enter into the swap in connection with activity structured to evade designation as a swap dealer.

(iv) Swaps entered into by floor traders. In determining whether a person is a swap dealer, each swap that the person
§ 1.3 17 CFR Ch. I (4–1–13 Edition)

enters into in its capacity as a floor trader as defined by section 1a(23) of the Act or on or subject to the rules of a swap execution facility shall not be considered for the purpose of determining whether the person is a swap dealer if the person:

(A) Is registered with the Commission as a floor trader pursuant to §3.11 of this chapter;

(B) Enters into swaps with proprietary funds for that trader’s own account solely on or subject to the rules of a designated contract market or swap execution facility and submits each such swap for clearing to a derivatives clearing organization;

(C) Is not an affiliated person of a registered swap dealer;

(D) Does not directly, or through an affiliated person, negotiate the terms of swap agreements, other than price and quantity or to participate in a request for quote process subject to the rules of a designated contract market or a swap execution facility;

(E) Does not directly or through an affiliated person offer or provide swap clearing services to third parties;

(F) Does not directly or through an affiliated person enter into swaps that would qualify as hedging physical positions pursuant to paragraph (ggg)(6)(iii) of this section or hedging or mitigating commercial risk pursuant to paragraph (kkk) of this section (except for any such swap executed opposite a counterparty for which the transaction would qualify as a bona fide hedging transaction);

(G) Does not participate in any market making program offered by a designated contract market or swap execution facility; and

(H) Notwithstanding the fact such person is not registered as a swap dealer, such person complies with §§23.201, 23.202, 23.203, and 23.600 of this chapter with respect to each such swap as if it were a swap dealer.

(hhh) Major swap participant—(1) In general. The term major swap participant means any person:

(i) That is not a swap dealer; and

(ii)(A) That maintains a substantial position in swaps for any of the major swap categories, excluding both positions held for hedging or mitigating commercial risk, and positions maintained by any employee benefit plan (or any contract held by such a plan) as defined in paragraphs (3) and (32) of Section 3 of the Employee Retirement Income Security Act of 1974, 29 U.S.C. 1002, for the primary purpose of hedging or mitigating any risk directly associated with the operation of the plan;

(B) Whose outstanding swaps create substantial counterparty exposure that could have serious adverse effects on the financial stability of the United States banking system or financial markets; or

(C) That is a financial entity that:

(I) Is highly leveraged relative to the amount of capital such entity holds and that is not subject to capital requirements established by an appropriate Federal banking agency (as defined in Section 1a(2) of the Act, 7 U.S.C. 1a(2)); and

(2) Maintains a substantial position in outstanding swaps in any major swap category.

(2) Scope of designation. A person that is a major swap participant shall be deemed to be a major swap participant with respect to each swap it enters into, regardless of the category of the swap or the person’s activities in connection with the swap. However, if a person makes an application to limit its designation as a major swap participant to specified categories of swaps, the Commission shall determine whether the person’s designation as a major swap participant shall be so limited. If the Commission grants such limited designation, such limited designation major swap participant shall be deemed to be a major swap participant with respect to each swap it enters into in the swap category or categories for which it is so designated, regardless of the person’s activities in connection with such category or categories of swaps. A person may make such application to limit its designation at the same time as, or after, the person’s initial registration as a major swap participant.

(3) Timing requirements. A person that is not registered as a major swap participant, but that meets the criteria in this rule to be a major swap participant as a result of its swap activities in a fiscal quarter, will not be deemed to be a major swap participant until the
earlier of the date on which it submits a complete application for registration as a major swap participant pursuant to Section 4s(a)(2) of the Act, 7 U.S.C. 6s(a)(2), or two months after the end of that quarter.

(4) Reevaluation period. Notwithstanding paragraph (hhh)(3) of this section, if a person that is not registered as a major swap participant meets the criteria in this rule to be a major swap participant in a fiscal quarter, but does not exceed any applicable threshold by more than twenty percent in that quarter:

(i) That person will not be deemed a major swap participant pursuant to the timing requirements specified in paragraph (hhh)(3) of this section; but

(ii) That person will be deemed a major swap participant pursuant to the timing requirements specified in paragraph (hhh)(3) of this section at the end of the next fiscal quarter if the person exceeds any of the applicable daily average thresholds in that next fiscal quarter.

(5) Termination of status. A person that is deemed to be a major swap participant shall continue to be deemed a major swap participant until such time that its swap activities do not exceed any of the daily average thresholds set forth within this rule for four consecutive fiscal quarters after the date on which the person becomes registered as a major swap participant.

(6) Calculation of status. A person shall not be deemed to be a “major swap participant,” regardless of whether the criteria paragraph (hhh)(1) of this section otherwise would cause the person to be a major swap participant, provided the person meets the conditions set forth in paragraphs (hhh)(6)(i), (ii) or (iii) of this section.

(i) Caps on uncollateralized exposure and notional positions.

(A) Maximum potential uncollateralized exposure. The express terms of the person’s agreements or arrangements relating to swaps with its counterparties at no time would permit the person to maintain a total uncollateralized exposure of more than $100 million to all such counterparties, including any exposure that may result from thresholds or minimum transfer amounts established by credit support annexes or similar arrangements; and

(B) Maximum notional amount of swap positions. The person does not maintain swap positions in a notional amount of more than $2 billion in any major category of swaps, or more than $4 billion in the aggregate across all major categories; or

(ii) Caps on uncollateralized exposure plus monthly calculation.

(A) Maximum potential uncollateralized exposure. The express terms of the person’s agreements or arrangements relating to swaps with its counterparties at no time would permit the person to maintain a total uncollateralized exposure of more than $200 million to all such counterparties (with regard to swaps and any other instruments by which the person may have exposure to those counterparties), including any exposure that may result from thresholds or minimum transfer amounts established by credit support annexes or similar arrangements; and

(B) Calculation of positions. (1) At the end of each month, the person performs the calculations prescribed by paragraph (jjj) of this section with regard to whether the aggregate uncollateralized outward exposure plus aggregate potential outward exposure as of that day constitute a “substantial position” in a major category of swaps, or pose “substantial counterparty exposure that could have serious adverse effects on the financial stability of the United States banking system or financial markets”; these calculations shall disregard provisions of those rules that provide for the analyses to be determined based on a daily average over a calendar quarter; and

(2) Each such analysis produces thresholds of no more than:

(i) $1 billion in aggregate uncollateralized outward exposure plus aggregate potential outward exposure in any major category of swaps; if the person is subject to paragraph (jjj) of this section, by virtue of being a highly leveraged financial entity that is not subject to capital requirements established by an appropriate Federal banking agency, this analysis shall account for all of the person’s swap positions in that major category (without excluding hedging positions), otherwise this
analysis shall exclude the same hedging and related positions that are excluded from consideration pursuant to paragraph (jjj)(1)(i) of this section; or

(ii) $2 billion in aggregate uncollateralized outward exposure plus aggregate potential outward exposure (without any positions excluded from the analysis) with regard to all of the person’s swap positions.

(iii) Calculations based on certain information. (A)(1) At the end of each month, the person’s aggregate uncollateralized outward exposure with respect to its swap positions in each major swap category is less than $1.5 billion with respect to the rate swap category and less than $500 million with respect to each of the other major swap categories; and

(2) At the end of each month, the sum of the amount calculated under paragraph (hhh)(6)(iii)(A)(1) of this section with respect to each major swap category and the total notional principal amount of the person’s swap positions in each such major swap category, adjusted by the multipliers set forth in paragraph (jjj)(3)(ii)(I) of this section on a position-by-position basis reflecting the type of swap, is less than $3 billion with respect to the rate swap category and less than $1 billion with respect to each of the other major swap categories; or

(B)(1) At the end of each month, the person’s aggregate uncollateralized outward exposure with respect to its swap positions across all major swap categories is less than $500 million; and

(2) The sum of the amount calculated under paragraph (hhh)(6)(iii)(B)(1) of this section and the product of the total effective notional principal amount of the person’s swap positions in all major swap categories multiplied by 0.15 is less than $1 billion.

(C) For purposes of the calculations set forth in this paragraph (hhh)(6)(iii):

(1) The person’s aggregate uncollateralized outward exposure for positions held with swap dealers shall be equal to such exposure reported on the most recent reports of such exposure received from such swap dealers; and

(2) The person’s aggregate uncollateralized outward exposure for positions that are not reflected in any report of exposure from a swap dealer (including all swap positions it holds with persons other than swap dealers) shall be calculated in accordance with paragraph (jjj)(2) of this section.

(iv) For purposes of the calculations set forth in this paragraph (hhh)(6), the person shall use the effective notional amount of a position rather than the stated notional amount of the position if the stated notional amount is leveraged or enhanced by the structure of the position.

(v) No presumption shall arise that a person is required to perform the calculations needed to determine if it is a major swap participant, solely by reason that the person does not meet the conditions specified in paragraph (hhh)(6)(i), (ii) or (iii) of this section.

(7) Exclusions. A person who is registered as a derivatives clearing organization with the Commission pursuant to section 5b of the Act and regulations thereunder, shall not be deemed to be a major swap participant, regardless of whether the criteria in this paragraph (hhh) otherwise would cause the person to be a major swap participant.

(iii) Category of swaps; major swap category. For purposes of Section 1a(33) of the Act, 7 U.S.C. 1a(33), and paragraph (hhh) of this section, the terms major swap category, category of swaps and any similar terms mean any of the categories of swaps listed below. For the avoidance of doubt, the term swap as it is used in this paragraph (iii) has the meaning set forth in Section 1a(47) of the Act, 7 U.S.C. 1a(47), and the rules thereunder.

(1) Rate swaps. Any swap which is primarily based on one or more reference rates, including but not limited to any swap of payments determined by fixed and floating interest rates, currency exchange rates, inflation rates or other monetary rates, any foreign exchange swap, as defined in Section 1a(25) of the Act, 7 U.S.C. 1a(25), and any foreign exchange option other than an option to deliver currency.

(2) Credit swaps. Any swap that is primarily based on instruments of indebtedness, including but not limited to any swap primarily based on one or more broad-based indices related to debt instruments or loans, and any swap that is an index credit default...
swap or total return swap on one or more indices of debt instruments.

(3) **Equity swaps.** Any swap that is primarily based on equity securities, including but not limited to any swap based on one or more broad-based indices of equity securities and any total return swap on one or more equity indices.

(4) **Other commodity swaps.** Any swap that is not included in the rate swap, credit swap or equity swap categories.

(jjj) **Substantial position.** (1) In general. For purposes of Section 1a(33) of the Act, 7 U.S.C. 1a(33), and paragraph (hhh) of this section, the term “substantial position” means swap positions that equal or exceed any of the following thresholds in the specified major category of swaps:

(i) For rate swaps:
   (A) $3 billion in daily average aggregate uncollateralized outward exposure; or
   (B) $6 billion in:
      (1) Daily average aggregate uncollateralized outward exposure plus
      (2) Daily average aggregate potential outward exposure.

(ii) For credit swaps:
   (A) $1 billion in daily average aggregate uncollateralized outward exposure; or
   (B) $2 billion in:
      (1) Daily average aggregate uncollateralized outward exposure plus
      (2) Daily average aggregate potential outward exposure.

(iii) For equity swaps:
   (A) $1 billion in daily average aggregate uncollateralized outward exposure; or
   (B) $2 billion in:
      (1) Daily average aggregate uncollateralized outward exposure plus
      (2) Daily average aggregate potential outward exposure.

(iv) For other commodity swaps:
   (A) $1 billion in daily average aggregate uncollateralized outward exposure; or
   (B) $2 billion in:
      (1) Daily average aggregate uncollateralized outward exposure plus
      (2) Daily average aggregate potential outward exposure.

(2) **Aggregate uncollateralized outward exposure.** In general. Aggregate uncollateralized outward exposure in general means the sum of the current exposure, obtained by marking-to-market using industry standard practices, of each of the person’s swap positions with negative value in a major swap category, less the value of the collateral the person has posted in connection with those positions.

(ii) Calculation of aggregate uncollateralized outward exposure. In calculating this amount the person shall, with respect to each of its swap counterparties in a given major swap category, determine the dollar value of the aggregate current exposure arising from each of its swap positions with negative value (subject to the netting provisions described below) in that major category by marking-to-market using industry standard practices; and deduct from that dollar amount the aggregate value of the collateral the person has posted with respect to the swap positions. The aggregate uncollateralized outward exposure shall be the sum of those uncollateralized amounts across all of the person’s swap counterparties in the applicable major category.

(iii) Relevance of netting agreements. (A) If the person has one or more master netting agreement in effect with a particular counterparty, the person may measure the current exposure arising from its swaps in any major category on a net basis, applying the terms of those agreements. Calculation of net current exposure may take into account offsetting positions entered into with that particular counterparty involving swaps (in any swap category) as well as security-based swaps and securities financing transactions (consisting of securities lending and borrowing, securities margin lending and repurchase and reverse repurchase agreements), and other financial instruments that are subject to netting offsets for purposes of applicable bankruptcy law, to the extent these are consistent with the offsets permitted by the master netting agreements.

(B) Such adjustments may not take into account any offset associated with positions that the person has with separate counterparties.

(iv) Allocation of uncollateralized outward exposure. If a person calculates current exposure with a particular
counterparty on a net basis, as provided by paragraph (jjj)(2)(iii) of this section, the portion of that current exposure that should be attributed to each "major" category of swaps for purposes of the substantial position analysis should be calculated according to the formula:

\[ \text{ES(MC)} = \text{E}_{\text{net total}} \cdot \frac{\text{OTM}_{\text{S(MC)}}}{\text{OTM}_{\text{S(MC)}} + \text{OTM}_{\text{S(OC)}} + \text{OTM}_{\text{non-S}}} \]

Where: \( \text{ES(MC)} \) equals the amount of aggregate current exposure attributable to the entity's swap positions in the "major" swap category at issue; \( \text{E}_{\text{net total}} \) equals the entity's aggregate current exposure to the counterparty at issue, after accounting for the netting of positions and the posting of collateral; \( \text{OTM}_{\text{S(MC)}} \) equals the exposure associated with the entity's out-of-the-money positions in swaps in the "major" category at issue, subject to those netting arrangements; and \( \text{OTM}_{\text{S(OC)}} \) equals the exposure associated with the entity's out-of-the-money positions in the other "major" categories of swaps, subject to those netting arrangements; and \( \text{OTM}_{\text{non-S}} \) equals the exposure associated with the entity's out-of-the-money positions associated with instruments, other than swaps, that are subject to those netting arrangements.

(3) Aggregate potential outward exposure—(i) In general. Aggregate potential outward exposure in any major swap category means the sum of:

(A) The aggregate potential outward exposure for each of the person's swap positions in a major swap category that are not subject to daily mark-to-market margining and are not cleared by a registered or exempt clearing agency or derivatives clearing organization, as calculated in accordance with paragraph (jjj)(3)(ii) of this section; and

(B) The aggregate potential outward exposure for each of the person's swap positions in such major swap category that are either subject to daily mark-to-market margining or are cleared by a registered or exempt clearing agency or derivatives clearing organization, as calculated in accordance with paragraph (jjj)(3)(iii) of this section.

(ii) Calculation of potential outward exposure for swaps that are not subject to daily mark-to-market margining and are not cleared by a registered or exempt clearing agency or derivatives clearing organization—(A) In general. (1) For positions in swaps that are not subject to daily mark-to-market margining and are not cleared by a registered or exempt clearing agency or a derivatives clearing organization, potential outward exposure equals the total notional principal amount of those positions, multiplied by the following factors on a position-by-position basis reflecting the type of swap. For any swap that does not appropriately fall within any of the specified categories, the "other commodities" conversion factors set forth in the following Table 1 are to be used. If a swap is structured such that on specified dates any outstanding exposure is settled and the terms are reset so that the market value of the swap is zero, the remaining maturity equals the time until the next reset date.

(2) Use of effective notional amounts. If the stated notional amount on a position is leveraged or enhanced by the structure of the position, the calculation in paragraph (jjj)(3)(ii)(A)(i) of
this section shall be based on the effective notional amount of the position rather than on the stated notional amount.

(3) Exclusion of certain positions. The calculation in paragraph (jjj)(3)(ii)(A)(I) of this section shall exclude:

(i) Positions that constitute the purchase of an option, if the purchaser has no additional payment obligations under the position;

(ii) Other positions for which the person has prepaid or otherwise satisfied all of its payment obligations;

(iii) Positions for which, pursuant to law or a regulatory requirement, the person has assigned an amount of cash or U.S. Treasury securities that is sufficient at all times to pay the person’s maximum possible liability under the position, and the person may not use that cash or those Treasury securities for other purposes.

(A) Potential outward exposure equals the potential exposure that would be attributed to such positions using the procedures in paragraph (jjj)(3)(ii) of this section multiplied by: 0.1, in the case of positions cleared by a registered or exempt clearing agency or derivatives clearing organization; or 0.2, in the case of positions that are subject to daily mark-to-market margining but that are not cleared by a registered or exempt clearing agency or derivatives clearing organization.

(B) Solely for purposes of calculating potential outward exposure:

(1) A swap shall be considered to be subject to daily mark-to-market margining if, and for so long as, the counterparties follow the daily practice of exchanging collateral to reflect changes in the current exposure arising from the swap (after taking into account any other financial positions addressed by a netting agreement between the counterparties).

(2) If the person is permitted by agreement to maintain a threshold for which it is not required to post collateral, the position still will be considered to be subject to daily mark-to-market margining for purposes of calculating potential outward exposure, but the total amount of that threshold (regardless of the actual exposure at any time), less any initial margin posted up to the amount of that threshold, shall be added to the person’s aggregate uncollateralized outward exposure for purposes of paragraph (jjj)(1)(i)(B),

\[
P_{\text{Net}} = 0.4 \times P_{\text{Gross}} + 0.6 \times \text{NGR} \times P_{\text{Gross}}
\]

Where: \( P_{\text{Net}} \) is the potential outward exposure, adjusted for bilateral netting, of the person’s swaps with a particular counterparty; \( P_{\text{Gross}} \) is the potential outward exposure without adjustment for bilateral

\[
\text{NGR} = \frac{\text{current exposure arising from its swaps in the major category as calculated}}{\text{potential outward exposure associated with a position by which a person buys credit protection using a credit default swap or index credit default swap, or associated with a position by which a person purchases an option for which the person retains additional payment obligations under the position, is capped at the net present value of the unpaid premiums.}}
\]

\[
\text{NGR} = \frac{\text{current exposure arising from its swaps in the major category as calculated on}}{\text{potential exposure that would be attributed to such positions using the procedures in paragraph (jjj)(3)(ii) of this section, divided by the current exposure arising from its swaps in the major category as calculated in the absence of those netting procedures.}}
\]

\[
\text{NGR} = \frac{\text{current exposure arising from its swaps in the major category as calculated on}}{\text{potential outward exposure for swaps that are either subject to daily mark-to-market margining or are cleared by a registered or exempt clearing agency or derivatives clearing organization.}}
\]

\[
\text{NGR} = \frac{\text{current exposure arising from its swaps in the major category as calculated on}}{\text{potential outward exposure for swaps that are either subject to daily mark-to-market margining or are cleared by a registered or exempt clearing agency or derivatives clearing organization:}}
\]

\[
\text{NGR} = \frac{\text{current exposure arising from its swaps in the major category as calculated on}}{\text{potential outward exposure for swaps that are either subject to daily mark-to-market margining or are cleared by a registered or exempt clearing agency or derivatives clearing organization.}}
\]

\[
\text{NGR} = \frac{\text{current exposure arising from its swaps in the major category as calculated on}}{\text{potential outward exposure for swaps that are either subject to daily mark-to-market margining or are cleared by a registered or exempt clearing agency or derivatives clearing organization:}}
\]

\[
\text{NGR} = \frac{\text{current exposure arising from its swaps in the major category as calculated on}}{\text{potential outward exposure for swaps that are either subject to daily mark-to-market margining or are cleared by a registered or exempt clearing agency or derivatives clearing organization:}}
\]
(ii)(B), (iii)(B) or (iv)(B) of this section, as applicable.

(3) If the minimum transfer amount under the agreement is in excess of $1 million, the position still will be considered to be subject to daily mark-to-market margining for purposes of calculating potential outward exposure, but the entirety of the minimum transfer amount shall be added to the person’s aggregate uncollateralized outward exposure for purposes of paragraph (jjj)(1)(i)(B), (ii)(B), (iii)(B) or (iv)(B) of this section, as applicable.

(4) A person may, at its discretion, calculate the potential outward exposure of positions in swaps that are subject to daily mark-to-market margining in accordance with paragraph (jjj)(3)(ii) of this section in lieu of calculating the potential outward exposure of such swap positions in accordance with this paragraph (jjj)(3)(iii).

(4) Calculation of daily average. Measures of daily average aggregate uncollateralized outward exposure and daily average aggregate potential outward exposure shall equal the arithmetic mean of the applicable measure of exposure at the close of each business day, beginning the first business day of each calendar quarter and continuing through the last business day of that quarter.

(5) Inter-affiliate activities. In calculating its aggregate uncollateralized outward exposure and its aggregate potential outward exposure, the person shall not consider its swap positions with counterparties that are majority-owned affiliates. For these purposes the counterparties to a swap are majority-owned affiliates if one counterparty directly or indirectly owns a majority interest in the other, or if a third party directly or indirectly owns a majority interest in both counterparties to the swap, where “majority interest” is the right to vote or direct the vote of a majority of a class of voting securities of an entity, the power to sell or direct the sale of a majority of a class of voting securities of an entity, or the right to receive upon dissolution or the contribution of a majority of the capital of a partnership.

(kkk) Hedging or mitigating commercial risk. For purposes of Section 1a(33) of the Act, 7 U.S.C. 1a(33) and paragraph (hhh) of this section, a swap position is held for the purpose of hedging or mitigating commercial risk when:

(1) Such position:

(i) Is economically appropriate to the reduction of risks in the conduct and management of a commercial enterprise (or of a majority-owned affiliate of the enterprise), where the risks arise from:

(A) The potential change in the value of assets that a person owns, produces, manufactures, processes, or merchandises or reasonably anticipates owning, producing, manufacturing, processing, or merchandising in the ordinary course of business of the enterprise;

(B) The potential change in the value of liabilities that a person has incurred or reasonably anticipates incurring in the ordinary course of business of the enterprise;

(C) The potential change in the value of services that a person provides, purchases, or reasonably anticipates providing or purchasing in the ordinary course of business of the enterprise; or

(D) The potential change in the value of liabilities that a person has incurred or reasonably anticipates incurring in the ordinary course of business of the enterprise.

(2) The potential change in the value of assets, services, inputs, products, or commodities that a person owns, produces, manufactures, processes, merchandises, leases, or sells, or reasonably anticipates owning, producing, manufacturing, processing, merchandising, leasing, or selling in the ordinary course of business of the enterprise;

(3) Any potential change in value related to any of the foregoing arising from interest, currency, or foreign exchange rate movements associated with such assets, liabilities, services, inputs, products, or commodities; or

(4) Any fluctuation in interest, currency, or foreign exchange rate exposures arising from a person’s current or anticipated assets or liabilities; or

(ii) Qualifies as bona fide hedging for purposes of an exemption from position limits under the Act; or

(iii) Qualifies for hedging treatment under:

(A) Financial Accounting Standards Board Accounting Standards Codification Topic 815, Derivatives and Hedging (formerly known as Statement No. 133); or

(B) Governmental Accounting Standards Board Statement 53, Accounting
and Financial Reporting for Derivative Instruments; and
   (2) Such position is:
      (i) Not held for a purpose that is in
           the nature of speculation, investing or
           trading; and
      (ii) Not held to hedge or mitigate the
           risk of another swap or security-based
           swap position, unless that other posi-
           tion itself is held for the purpose of
           hedging or mitigating commercial risk
           as defined by this rule or § 240.3a67–4 of
           this title.
   (lll) Substantial counterparty expo-
       sure—(1) In general. For purposes
       of Section 1a(33) of the Act, 7 U.S.C.
       1a(33), and paragraph (hhh) of this sec-
       tion, the term substantial counterparty
       exposure that could have serious adverse
       effects on the financial stability of the
       United States banking system or financial
       markets means a swap position that sat-
       isfies either of the following thresh-
       holds:
          (i) $5 billion in daily average aggre-
              gate uncollateralized outward expo-
              sure; or
          (ii) $8 billion in:
              (A) Daily average aggregate
                  uncollateralized outward exposure
                  plus
              (B) Daily average aggregate potential
                  outward exposure.
       (2) Calculation methodology. For these
           purposes, the terms daily average aggrega-
           te uncollateralized outward exposure and
daily average aggregate potential
outward exposure shall be calculated
the same way as is prescribed in para-
graph (jjj) of this section, except that
these amounts shall be calculated by
reference to all of the person’s swap po-
sitions, rather than by reference to a
specific major swap category.
   (mmm) Financial entity; highly lever-
       aged. For purposes of Section 1a(33) of
the Act, 7 U.S.C. 1a(33), and para-
graph (hhh) of this section, the term financial entity
means:
      (i) A security-based swap dealer;
      (ii) A major security-based swap par-
           ticipant;
      (iii) A commodity pool as defined in
           Section 1a(10) of the Act, 7 U.S.C.
           1a(10);
      (iv) A private fund as defined in Sec-
           tion 202(a) of the Investment Advisers
           Act of 1940, 15 U.S.C. 80b–2(a);
      (v) An employee benefit plan as de-
           fined in paragraphs (3) and (32) of Sec-
           tion 3 of the Employee Retirement In-
           1002; and
      (vi) A person predominantly engaged
           in activities that are in the business of
           banking or financial in nature, as de-
           fined in Section 4(k) of the Bank Hold-
           ing Company Act of 1956, 12 U.S.C.
           1843(k).
   (2) For purposes of Section 1a(33) of
the Act, 7 U.S.C. 1a(33), and paragraph
(hhh) of this section, the term highly leveraged
means the existence of a ratio
of an entity’s total liabilities to equity
in excess of 12 to 1 as measured at the
close of business on the last business
day of the applicable fiscal quarter.
For this purpose, liabilities and equity
should each be determined in accord-
ance with U.S. generally accepted ac-
counting principles; provided, however,
that a person that is an employee ben-
efit plan, as defined in paragraphs (3)
and (32) of Section 3 of the Employee
Retirement Income Security Act of
1974, 29 U.S.C. 1002, may exclude obliga-
tions to pay benefits to plan partic-
ipants from the calculation of liabilities
and substitute the total value of plan
assets for equity.
   (xxx) Swap—(1) In general. The term
swap has the meaning set forth in sec-
section 1a(47) of the Commodity Exchange
Act.
   (2) Inclusion of particular products. (i) The
swap includes, without lim-
iting the meaning set forth in section
1a(47) of the Commodity Exchange Act,
the following agreements, contracts,
and transactions:
          (A) A cross-currency swap;
          (B) A currency option, foreign cur-
               rency option, foreign exchange
               option and foreign exchange rate
               option;
          (C) A foreign exchange forward;
          (D) A foreign exchange swap;
          (E) A forward rate agreement; and
          (F) A non-deliverable forward involv-
               ing foreign exchange.
   (ii) The term swap does not include
an agreement, contract, or transaction
described in paragraph (xxx)(2)(i) of
this section that is otherwise excluded
by section 1a(47)(B) of the Commodity
Exchange Act.
   (3) Foreign exchange forwards and for-
   eign exchange swaps. Notwithstanding
paragraph (xxx)(2) of this section:
(i) A foreign exchange forward or a foreign exchange swap shall not be considered a swap if the Secretary of the Treasury makes a determination described in section 1a(47)(E)(i) of the Commodity Exchange Act.

(ii) Notwithstanding paragraph (xxx)(3)(i) of this section:

(A) The reporting requirements set forth in section 4r of the Commodity Exchange Act and regulations promulgated thereunder shall apply to a foreign exchange forward or foreign exchange swap;

(B) The business conduct standards set forth in section 4s(h) of the Commodity Exchange Act and regulations promulgated thereunder shall apply to a swap dealer or major swap participant that is a party to a foreign exchange forward or foreign exchange swap.

(iii) For purposes of section 1a(47)(E) of the Commodity Exchange Act and this paragraph (xxx), the term foreign exchange forward has the meaning set forth in section 1a(24) of the Commodity Exchange Act.

(iv) For purposes of section 1a(47)(E) of the Commodity Exchange Act and this paragraph (xxx), the term foreign exchange swap has the meaning set forth in section 1a(25) of the Commodity Exchange Act.

(v) For purposes of sections 1a(24) and 1a(25) of the Commodity Exchange Act and this paragraph (xxx), the following transactions are not foreign exchange forwards or foreign exchange swaps:

(A) A currency swap or a cross-currency swap;

(B) A currency option, foreign currency option, foreign exchange option, or foreign exchange rate option; and

(C) A non-deliverable forward involving foreign exchange.

(4) Insurance. (i) This paragraph is a non-exclusive safe harbor. The terms swap as used in section 1a(47) of the Commodity Exchange Act and security-based swap as used in section 1a(42) of the Commodity Exchange Act do not include an agreement, contract, or transaction that:

(A) By its terms or by law, as a condition of performance on the agreement, contract, or transaction:

(1) Requires the beneficiary of the agreement, contract, or transaction to have an insurable interest that is the subject of the agreement, contract, or transaction and thereby carry the risk of loss with respect to that interest continuously throughout the duration of the agreement, contract, or transaction;

(2) Requires that loss to occur and to be proved, and that any payment or indemnification therefor be limited to the value of the insurable interest;

(3) Is not traded, separately from the insured interest, on an organized market or over-the-counter; and

(4) With respect to financial guaranty insurance only, in the event of payment default or insolvency of the obligor, any acceleration of payments under the policy is at the sole discretion of the insurer; and

(B) Is provided:

(1) By a person that is subject to supervision by the insurance commissioner (or similar official or agency) of any State or by the United States or an agency or instrumentality thereof; and

(ii) Such agreement, contract, or transaction is regulated as insurance under applicable State law or the laws of the United States;

(2)(i) Directly or indirectly by the United States, any State or any of their respective agencies or instrumentalities; or

(ii) Pursuant to a statutorily authorized program thereof; or

(3) In the case of reinsurance only, by a person to another person that satisfies the conditions set forth in paragraph (xxx)(4)(i)(B) of this section, provided that:

(I) Such person is not prohibited by applicable State law or the laws of the United States from offering such agreement, contract, or transaction to such person that satisfies the conditions set forth in paragraph (xxx)(4)(i)(B) of this section;

(ii) The agreement, contract, or transaction to be reinsured satisfies the conditions set forth in paragraph (xxx)(4)(i)(A) or paragraph (xxx)(4)(i)(C) of this section; and

(iii) Except as otherwise permitted under applicable State law, the total amount reimbursable by all reinsurers for such agreement, contract, or transaction may not exceed the claims or losses paid by the person writing the
risk being ceded or transferred by such
person; or
(4) In the case of non-admitted insurance,
by a person who:
(i) Is located outside of the United States and listed on the Quarterly
Listing of Alien Insurers as maintained
by the International Insurers Department
of the National Association of Insur-
ance Commissioners; or
(ii) Meets the eligibility criteria for non-admitted insurers under applicable
State law; or
(C) Is provided in accordance with
the conditions set forth in paragraph
(xxx)(4)(i)(B) of this section and is one
of the following types of products:
(1) Surety bond;
(2) Fidelity bond;
(3) Life insurance;
(4) Health insurance;
(5) Long term care insurance;
(6) Title insurance;
(7) Property and casualty insurance;
(8) Annuity;
(9) Disability insurance;
(10) Insurance against default on in-
dividual residential mortgages; and
(11) Reinsurance of any of the fore-
going products identified in paragraphs
(xxx)(4)(C)(1) through (C) of this sec-
tion; or
(ii) The terms swap as used in section
1a(47) of the Commodity Exchange Act
and security-based swap as used in sec-
tion 1a(42) of the Commodity Exchange Act
do not include an agreement, con-
tract, or transaction that was entered
into on or before the effective date of paragraph
(xxx)(4) of this section, and
that, at such time that it was entered
into, was provided in accordance with
the conditions set forth in paragraph
(xxx)(4)(i)(B) of this section.
(5) State. For purposes of paragraph
(xxx)(4) of this section, the term State
means any state of the United States,
the District of Columbia, Puerto Rico,
the U.S. Virgin Islands, or any other
possession of the United States.
(6) Anti-Evasion:
(i) An agreement, contract, or trans-
action that is willfully structured to
 evade any provision of Subtitle A of
the Wall Street Transparency and Ac-
countability Act of 2010, including any
amendments made to the Commodity
Exchange Act thereby (Subtitle A), shall
be deemed a swap for purposes of Sub-
title A and the rules, regulations, and
orders of the Commission promulgated
thereunder.
(ii) An interest rate swap or currency
 swap, including but not limited to a
transaction identified in paragraph
(xxx)(3)(v) of this section, that is will-
fully structured as a foreign exchange
forward or foreign exchange swap to
 evade any provision of Subtitle A shall
be deemed a swap for purposes of Sub-
title A and the rules, regulations, and
orders of the Commission promulgated
thereunder.
(iii) An agreement, contract, or
transaction of a bank that is not under
the regulatory jurisdiction of an appro-
priate Federal banking agency (as de-
 fined in section 1a(2) of the Commodity
Exchange Act), where the agreement,
contract, or transaction is willfully
structured as an identified banking
product (as defined in section 402 of the
Legal Certainty for Bank Products Act
of 2000) to evade the provisions of the
Commodity Exchange Act, shall be
deemed a swap for purposes of the Com-
modity Exchange Act and the rules,
regulations, and orders of the Commis-
sion promulgated thereunder.
(iv) The form, label, and written doc-
umentation of an agreement, contract,
or transaction shall not be dispositive
in determining whether the agreement,
contract, or transaction has been will-
fully structured to evade as provided in
paragraphs (xxx)(6)(i) through (xxx)(6)(iii)
of this section.
(v) An agreement, contract, or trans-
action that has been willfully struc-
tured to evade as provided in para-
graphs (xxx)(6)(i) through (xxx)(6)(iii)
of this section shall be considered in
determining whether a person that so
willfully structured to evade is a swap
dealer or major swap participant.
(vi) Notwithstanding the foregoing,
no agreement, contract, or transaction
structured as a security (including a
security-based swap) under the securi-
ties laws (as defined in section 3(a)(47)
of the Securities Exchange Act of 1934
(15 U.S.C. 78c(a)(47))) shall be deemed a
swap pursuant to this paragraph
(xxx)(6) or shall be considered for pur-
poses of paragraph (xxx)(6)(v) of this
section.
(yyy) Narrow-based security index as
used in the definition of “security-based
swap’’—(1) In general. Except as otherwise provided in paragraphs (zzz) and (aaaa) of this section, for purposes of section 1a(42) of the Commodity Exchange Act, the term narrow-based security index has the meaning set forth in section 1a(35) of the Commodity Exchange Act, and the rules, regulations and orders of the Commission thereunder.

(2) Tolerance period for swaps traded on designated contract markets, swap execution facilities, and foreign boards of trade. Notwithstanding paragraph (yyy)(1) of this section, solely for purposes of swaps traded on or subject to the rules of a designated contract market, swap execution facility, or foreign board of trade, a security index underlying such swaps shall not be considered a narrow-based security index if:

(i)(A) A swap on the index is traded on or subject to the rules of a designated contract market, swap execution facility, or foreign board of trade for at least 30 days as a swap on an index that was not a narrow-based security index; or

(B) Such index was not a narrow-based security index during every trading day of the six full calendar months preceding a date no earlier than 30 days prior to the commencement of trading of a swap on such index on a market described in paragraph (yyy)(2)(i)(A) of this section; and

(ii) The index has been a narrow-based security index for no more than 45 business days over three consecutive calendar months.

(3) Tolerance period for security-based swaps traded on national securities exchanges or security-based swap execution facilities. Notwithstanding paragraph (yyy)(1) of this section, solely for purposes of security-based swaps traded on a national securities exchange or security-based swap execution facility, a security index underlying such security-based swaps shall be considered a narrow-based security index if:

(i)(A) A security-based swap on the index is traded on a national securities exchange or security-based swap execution facility for at least 30 days as a security-based swap on a narrow-based security index; or

(B) Such index was a narrow-based security index during every trading day of the six full calendar months preceding a date no earlier than 30 days prior to the commencement of trading of a security-based swap on such index on a market described in paragraph (yyy)(3)(i)(A) of this section; and

(ii) The index has been a security index that is not a narrow-based security index for no more than 45 business days over three consecutive calendar months.

(4) Grace period—(i) Solely with respect to a swap that is traded on or subject to the rules of a designated contract market, swap execution facility, or foreign board of trade, an index that becomes a narrow-based security index under paragraph (yyy)(2) of this section solely because it was a narrow-based security index for more than 45 business days over three consecutive calendar months shall not be a narrow-based security index for the following three calendar months.

(ii) Solely with respect to a security-based swap that is traded on a national securities exchange or security-based swap execution facility, an index that becomes a security index that is not a narrow-based security index under paragraph (yyy)(3) of this section solely because it was not a narrow-based security index for more than 45 business days over three consecutive calendar months shall be a narrow-based security index for the following three calendar months.

(zzz) Meaning of ‘‘issuers of securities in a narrow-based security index’’ as used in the definition of ‘‘security-based swap’’ as applied to index credit default swaps.

(1) Notwithstanding paragraph (yyy)(1) of this section, solely for purposes of determining whether a credit default swap is a security-based swap under the definition of ‘‘security-based swap’’ in section 3(a)(68)(A)(ii)(III) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(68)(A)(ii)(III), as incorporated in section 1a(42) of the Commodity Exchange Act, the term issuers of securities in a narrow-based security index means issuers of securities included in an index (including an index referencing loan borrowers or loans of such borrowers) in which:
(i)(A) There are nine or fewer non-affiliated issuers of securities that are reference entities included in the index, provided that an issuer of securities shall not be deemed a reference entity included in the index for purposes of this section unless:

(1) A credit event with respect to such reference entity would result in a payment by the credit protection seller to the credit protection buyer under the credit default swap based on the related notional amount allocated to such reference entity; or

(2) The fact of such credit event or the calculation in accordance with paragraph (zzz)(1)(i)(A)(1) of this section of the amount owed with respect to such credit event is taken into account in determining whether to make any future payments under the credit default swap with respect to any future credit events;

(B) The effective notional amount allocated to any reference entity included in the index comprises more than 30 percent of the index's weighting;

(C) The effective notional amount allocated to any five non-affiliated reference entities included in the index comprises more than 60 percent of the index's weighting; or

(D) Except as provided in paragraph (zzz)(2) of this section, for each reference entity included in the index none of the criteria in paragraphs (zzz)(1)(i)(D)(1) through (8) of this section is satisfied:

(1) The reference entity included in the index is required to file reports pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m or 78o(d));

(2) The reference entity included in the index is eligible to rely on the exemption provided in rule 12g3–2(b) under the Securities Exchange Act of 1934 (17 CFR 240.12g3–2(b));

(3) The reference entity included in the index has a worldwide market value of its outstanding common equity held by non-affiliates of $700 million or more;

(4) The reference entity included in the index (other than a reference entity included in the index that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77))) makes available to the public or otherwise makes available to such eligible contract participant information about the reference entity included in the index pursuant to rule 144A(d)(4) under the Securities Act of 1933 (17 CFR 230.144A(d)(4));

(i) The reference entity included in the index (other than a reference entity included in the index that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77))) has outstanding notes, bonds, debentures, loans, or evidences of indebtedness (other than revolving credit facilities) having a total remaining principal amount of at least $1 billion;

(6) The reference entity included in the index is a government of a foreign country or a political subdivision of a foreign country;

(7) If the reference entity included in the index is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77)), such asset-backed security was issued in a transaction registered under the Securities Act of 1933 (15 U.S.C. 77a et seq.) and has publicly available distribution reports; and

(8) For a credit default swap entered into solely between eligible contract participants as defined in section 1a(18) of the Commodity Exchange Act:

(i) The reference entity included in the index (other than a reference entity included in the index that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77))) is otherwise publicly available; or

(ii) Financial information about the reference entity included in the index (other than a reference entity included in the index that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77))) is otherwise publicly available; or

(iii) In the case of a reference entity included in the index that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C.
§ 1.3

78c(a)(77)), information of the type and level included in publicly available distribution reports for similar asset-backed securities is publicly available about both the reference entity included in the index and such asset-backed security; and

(ii)(A) The index is not composed solely of reference entities that are issuers of exempted securities as defined in section 3(a)(12) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(12)), as in effect on the date of enactment of the Futures Trading Act of 1982 (other than any municipal security as defined in section 3(a)(29) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(29))), as in effect on the date of enactment of the Futures Trading Act of 1982; and

(B) Without taking into account any portion of the index composed of reference entities that are issuers of exempted securities as defined in section 3(a)(12) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(12)), as in effect on the date of enactment of the Futures Trading Act of 1982 (other than any municipal security as defined in section 3(a)(29) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(29))), the remaining portion of the index would be within the term “issuer of securities in a narrow-based security index” under paragraph (zzz)(1)(i) of this section.

(2) Paragraph (zzz)(1)(i)(D) of this section will not apply with respect to a reference entity included in the index if:

(i) The effective notional amounts allocated to such reference entity comprise less than five percent of the index’s weighting; and

(ii) The effective notional amounts allocated to reference entities included in the index that satisfy paragraph (zzz)(1)(i)(D) of this section comprise at least 80 percent of the index’s weighting.

(3) For purposes of this paragraph (zzz):

(i) A reference entity included in the index is affiliated with another reference entity included in the index (for purposes of paragraph (zzz)(3)(iv) of this section) or another entity (for purposes of paragraph (zzz)(3)(v) of this section) if it controls, is controlled by, or is under common control with, that other reference entity included in the index or other entity, as applicable; provided that each reference entity included in the index that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77)) will not be considered affiliated with any other reference entity included in the index or any other entity that is an issuing entity of an asset-backed security.

(ii) Control for purposes of this section means ownership of more than 50 percent of the equity of a reference entity included in the index (for purposes of paragraph (zzz)(3)(iv) of this section) or another entity (for purposes of paragraph (zzz)(3)(v) of this section), or the ability to direct the voting of more than 50 percent of the voting equity of a reference entity included in the index (for purposes of paragraph (zzz)(3)(iv) of this section) or another entity (for purposes of paragraph (zzz)(3)(v) of this section).

(iii) In identifying a reference entity included in the index for purposes of this section, the term reference entity includes:

(A) An issuer of securities;

(B) An issuer of securities that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77)); and

(C) An issuer of securities that is a borrower with respect to any loan identified in an index of borrowers or loans.

(iv) For purposes of calculating the thresholds in paragraphs (zzz)(1)(i)(A) through (1)(i)(C) of this section, the term reference entity included in the index includes a single reference entity included in the index or a group of affiliated reference entities included in the index as determined in accordance with paragraph (zzz)(3)(i) of this section (with each reference entity included in the index that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Act (15 U.S.C. 78c(a)(77)) being considered a separate reference entity included in the index).

(v) For purposes of determining whether one of the criterion in either paragraphs (zzz)(1)(i)(D) through
Commodity Futures Trading Commission

§ 1.3

(35)(zzz)(1)(i)(D)(4) of this section or paragraphs (35)(zzz)(1)(iv)(D)(6)(i) and (a)(1)(iv)(D)(6)(ii) of this section is met, the term reference entity included in the index includes a single reference entity included in the index or a group of affiliated entities as determined in accordance with paragraph (zzz)(3)(i) of this section (with each issuing entity of an asset-backed security as defined in section 3(a)(77) of the Act (15 U.S.C. 78c(a)(77)) being considered a separate entity).

(aaaa) Meaning of “narrow-based security index” as used in the definition of “security-based swap” as applied to index credit default swaps.

(1) Notwithstanding paragraph (yyyy)(1) of this section, and solely for purposes of determining whether a credit default swap is a security-based swap under the definition of “security-based swap” in section 3(a)(68)(A)(ii)(I) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(68)(A)(ii)(I), as incorporated in section 1a(42) of the Commodity Exchange Act, the term narrow-based security index means an index in which:

(i)(A) The index is composed of nine or fewer securities or securities that are issued by nine or fewer non-affiliated issuers, provided that a security shall not be deemed a component of the index for purposes of this section unless:

(I) A credit event with respect to the issuer of such security or a credit event with respect to such security would result in a payment by the credit protection seller to the credit protection buyer under the credit default swap based on the related notional amount allocated to such security; or

(2) The fact of such credit event or the calculation in accordance with paragraph (aaaa)(1)(i)(A)(7) of this section of the amount owed with respect to such credit event is taken into account in determining whether to make any future payments under the credit default swap with respect to any future credit events;

(B) The effective notional amount allocated to the securities of any issuer included in the index comprises more than 30 percent of the index’s weighting; or

(C) The effective notional amount allocated to the securities of any five non-affiliated issuers included in the index comprises more than 60 percent of the index’s weighting; or

(D) Except as provided in paragraph (aaaa)(2) of this section, for each security included in the index, none of the criteria in paragraphs (aaaa)(1)(i)(D)(1) through (6) is satisfied:

(1) The issuer of the security included in the index is required to file reports pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m or 78o(d));

(2) The issuer of the security included in the index is eligible to rely on the exemption provided in rule 12g3–2(b) under the Securities Exchange Act of 1934 (17 CFR 240.12g3–2(b));

(3) The issuer of the security included in the index has a worldwide market value of its outstanding common equity held by non-affiliates of $700 million or more;

(4) The issuer of the security included in the index is a government of a foreign country or a political subdivision of a foreign country;

(6) The issuer of the security included in the index is a government of a foreign country or a political subdivision of a foreign country;

(8) For a credit default swap entered into solely between eligible contract
§ 1.3 17 CFR Ch. I (4–1–13 Edition)

participants as defined in section 1a(18) of the Commodity Exchange Act:

(i) The issuer of the security included in the index (other than an issuer of the security that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77))) makes available to the public or otherwise makes available to such eligible contract participant information about such issuer pursuant to rule 144A(d)(4) of the Securities Act of 1933 (17 CFR 230.144A(d)(4));

(ii) Financial information about the issuer of the security included in the index (other than an issuer of the security that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77))) is otherwise publicly available;

(iii) In the case of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77)), information of the type and level included in public distribution reports for similar asset-backed securities is publicly available about both the issuing entity and such asset-backed security; and

(B) Without taking into account any portion of the index composed of exempted securities as defined in section 3(a)(12) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(12)), as in effect on the date of enactment of the Futures Trading Act of 1982 (other than any municipal security as defined in section 3(a)(29) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(29))), the remaining portion of the index would be within the term "narrow-based security index" under paragraph (aaaa)(1)(i) of this section.

(2) Paragraph (aaaa)(1)(i)(D) of this section will not apply with respect to securities of an issuer included in the index if:

(i) The effective notional amounts allocated to all securities of such issuer included in the index comprise less than five percent of the index’s weighting; and

(ii) The securities that satisfy paragraph (aaaa)(1)(i)(D) of this section comprise at least 80 percent of the index’s weighting.

(3) For purposes of this paragraph (aaaa):

(i) An issuer of securities included in the index is affiliated with another issuer of securities included in the index (for purposes of paragraph (aaaa)(3)(iv) of this section) or another entity (for purposes of paragraph (aaaa)(3)(v) of this section) if it controls, is controlled by, or is under common control with, that other issuer or other entity, as applicable; provided that each issuer of securities included in the index that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77)) will not be considered affiliated with any other issuer of securities included in the index or any other entity that is an issuing entity of an asset-backed security.

(ii) Control for purposes of this section means ownership of more than 50 percent of the equity of an issuer of securities included in the index (for purposes of paragraph (aaaa)(3)(iv) of this section) or another entity (for purposes of paragraph (aaaa)(3)(v) of this section), or the ability to direct the voting of more than 50 percent of the voting equity of an issuer of securities included in the index (for purposes of paragraph (aaaa)(3)(v) of this section), or another entity (for purposes of paragraph (aaaa)(3)(v) of this section).

(iii) In identifying an issuer of securities included in the index for purposes of this section, the term issuer includes:

(A) An issuer of securities; and

(B) An issuer of securities that is an issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77)).

(iv) For purposes of calculating the thresholds in paragraphs (zzz)(1)(i)(A)
through (1)(i)(C) of this section, the term issuer of the security included in the index includes a single issuer of securities included in the index or a group of affiliated issuers of securities included in the index as determined in accordance with paragraph (aaaa)(3)(i) of this section (with each issuing entity of an asset-backed security as defined in section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77)) being considered a separate issuer of securities included in the index).

(v) For purposes of determining whether one of the criterion in either paragraphs (aaaa)(1)(i)(D)(1) through (aaaa)(1)(i)(D)(4) of this section or paragraphs (aaaa)(1)(iv)(D)(8)(i) and (aaaa)(1)(iv)(D)(8)(ii) of this section is met, the term issuer of the security included in the index includes a single issuer of securities included in the index or a group of affiliated entities as determined in accordance with paragraph (aaaa)(3)(i) of this section (with each issuing entity of an asset-backed security as defined in section 3(a)(77) of the Act (15 U.S.C. 78c(a)(77)) being considered a separate entity).

(bbbb) Futures contracts on certain foreign sovereign debt. The term security-based swap as used in section 3(a)(68) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(68)), as incorporated in section 1a(42) of the Commodity Exchange Act, does not include an agreement, contract, or transaction that is based on or references a qualifying foreign futures contract (as defined in rule 3a12–8 under the Securities Exchange Act of 1934 (17 CFR 240.3a12–8)) on the debt securities of any one or more of the foreign governments enumerated in rule 3a12–8 under the Securities Exchange Act of 1934 (17 CFR 240.3a12–8), provided that such agreement, contract, or transaction satisfies the following conditions:

(1) The futures contract that the agreement, contract, or transaction references or upon which the agreement, contract, or transaction is based is a qualifying foreign futures contract that satisfies the conditions of rule 3a12–8 under the Securities Exchange Act of 1934 (17 CFR 240.3a12–8) applicable to qualifying foreign futures contracts;

(2) The agreement, contract, or transaction is traded on or through a board of trade (as defined in the Commodity Exchange Act);

(3) The debt securities upon which the qualifying foreign futures contract is based or referenced and any security used to determine the cash settlement amount pursuant to paragraph (bbbb)(4) of this section were not registered under the Securities Act of 1933 (15 U.S.C. 77 et seq.) or the subject of any American depositary receipt registered under the Securities Act of 1933;

(4) The agreement, contract, or transaction may only be cash settled; and

(5) The agreement, contract or transaction is not entered into by the issuer of the debt securities upon which the qualifying foreign futures contract is based or referenced (including any security used to determine the cash payment due on settlement of such agreement, contract or transaction), an affiliate (as defined in the Securities Act of 1933 (15 U.S.C. 77 et seq.) and the rules and regulations thereunder) of the issuer, or an underwriter of such issuer's debt securities.

(cccc) Cleared Swaps Customer. This term has the meaning provided in §22.1 of this chapter.

(dddd) Cleared Swaps Customer Account. This term has the meaning provided in §22.1 of this chapter.

(eeee) Cleared Swaps Customer Collateral. This term has the meaning provided in §22.1 of this chapter.

(iiif) Confirmation. When used in reference to a futures commission merchant, introducing broker, or commodity trading advisor, this term means documentation (electronic or otherwise) that memorializes specified terms of a transaction executed on behalf of a customer. When used in reference to a swap dealer or major swap participant, this term has the meaning set forth in §23.500 of this chapter.

(gggg) Customer Account. This term references both a Cleared Swaps Customer Account and a Futures Account, as defined by paragraphs (dd) and (vv) of this section.

(hhhh) Electronic trading facility. This term means a trading facility that—
§ 1.3

(1) Operates by means of an electronic or telecommunications network; and

(2) Maintains an automated audit trail of bids, offers, and the matching of orders or the execution of transactions on the facility.

(iii) Futures customer. This term means any person who uses a futures commission merchant, introducing broker, commodity trading advisor, or commodity pool operator as an agent in connection with trading in any contract for the purchase of sale of a commodity for future delivery or any option on such contract; Provided, however, an owner or holder of a proprietary account as defined in paragraph (y) of this section shall not be deemed to be a futures customer within the meaning of sections 4d(a) and 4d(b) of the Act, the regulations that implement sections 4d and 4f of the Act and §1.35, and such an owner or holder of such a proprietary account shall otherwise be deemed to be a futures customer within the meaning of sections 4d(a) and 4d(b) of the Act, the regulations that implement sections 4d and 4f of the Act and §§1.37 and 1.39 and all other sections of these rules, regulations, and orders which do not implement sections 4d and 4f of the Act.

(jjjj) Futures customer funds. This term means all money, securities, and property received by a futures commission merchant or by a derivatives clearing organization from, for, or on behalf of, futures customers:

(1) To margin, guarantee, or secure contracts for future delivery on or subject to the rules of a contract market or derivatives clearing organization, as the case may be, and all money accruing to such futures customers as the result of such contracts; and

(2) In connection with a commodity option transaction on or subject to the rules of a contract market, or derivatives clearing organization, as the case may be:

(i) To be used as a premium for the purchase of a commodity option transaction for a futures customer;

(ii) As a premium payable to a futures customer;

(iii) To guarantee or secure performance of a commodity option by a futures customer; or

(iv) Representing accruals (including, for purchasers of a commodity option for which the full premium has been paid, the market value of such commodity option) to a futures customer.

(3) Notwithstanding paragraphs (1) and (2) of this definition, the term “futures customer funds” shall exclude money, securities or property held to margin, guarantee or secure security futures products held in a securities account, and all money accruing as the result of such security futures products.

(kkkk) Order. This term means an instruction or authorization provided by a customer to a futures commission merchant, introducing broker or commodity trading advisor regarding trading in a commodity interest on behalf of the customer.

(llll) Organized exchange. This term means a trading facility that—

(1) Permits trading—

(i) By or on behalf of a person that is not an eligible contract participant; or

(ii) By persons other than on a principal-to-principal basis; or

(2) Has adopted (directly or through another nongovernmental entity) rules that—

(i) Govern the conduct of participants, other than rules that govern the submission of orders or execution of transactions on the trading facility; and

(ii) Include disciplinary sanctions other than the exclusion of participants from trading.

(mmmm) Prudential regulator. This term has the meaning given to the term in section 1a(39) of the Commodity Exchange Act and includes the Board of Governors of the Federal Reserve System, the Office of the Comptroller of the Currency, the Federal Deposit Insurance Corporation, the Farm Credit Administration, and the Federal Housing Finance Agency, as applicable to the swap dealer or major swap participant. The term also includes the Federal Deposit Insurance Corporation, with respect to any financial company as defined in section 201 of the Dodd-Frank Wall Street Reform and Consumer Protection Act or any insured depository institution under the Federal Deposit Insurance Act, and with respect to each affiliate of any such company or institution.
Commodity Futures Trading Commission

§ 1.4

Registered entity. This term means:
(1) A board of trade designated as a contract market under section 5 of the Act;
(2) A derivatives clearing organization registered under section 5b of the Act;
(3) A board of trade designated as a contract market under section 5f of the Act;
(4) A swap execution facility registered under section 5h of the Act;
(5) A swap data repository registered under section 21 of the Act; and
(6) With respect to a contract that the Commission determines is a significant price discovery contract, any electronic trading facility on which the contract is executed or traded.

Registrant. This term means:
(a) A commodity pool operator; commodity trading advisor; futures commission merchant; introducing broker; leverage transaction merchant; floor broker; floor trader; major swap participant; retail foreign exchange dealer; or swap dealer that is subject to these regulations; or an associated person of any of the foregoing other than an associated person of a swap dealer or major swap participant.
(b) A retail forex customer. This term means a person, other than an eligible contract participant as defined in section 1a(18) of the Act, acting on its own behalf and trading in any account, agreement, contract or transaction described in section 2(c)(2)(B) or 2(c)(2)(C) of the Act.
(c) A swap data repository. This term means any person that collects and maintains information or records with respect to transactions or positions in, or the terms and conditions of, swaps entered into by third parties for the purpose of providing a centralized recordkeeping facility for swaps.
(d) A swap execution facility. This term means a trading system or platform in which multiple participants have the ability to execute or trade swaps by accepting bids and offers made by multiple participants in the facility or system, through any means of interstate commerce, including any trading facility, that
(1) Facilitates the execution of swaps between persons; and
(2) Is not a designated contract market.

Trading facility. This term has the meaning set forth in section 1a(51) of the Act.

EDITORIAL NOTE: For Federal Register citations affecting § 1.3, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and at www.fdsys.gov.

§ 1.4 Electronic signatures, acknowledgments and verifications.

For purposes of complying with any provision in the Commodity Exchange Act or the rules or regulations in this Chapter I that requires a swap transaction to be acknowledged by a swap dealer or major swap participant or a document to be signed or verified by a customer of a futures commission merchant or introducing broker, a retail forex customer of a retail foreign exchange dealer or futures commission merchant, a pool participant or a client of a commodity trading advisor, or a counterparty of a swap dealer or major swap participant, an electronic signature executed by the customer, retail forex customer, participant, client, counterparty, swap dealer, or major swap participant will be sufficient, if the futures commission merchant, retail foreign exchange dealer, introducing broker, commodity pool operator, commodity trading advisor, or a counterparty of a swap dealer or major swap participant elects generally to accept electronic signatures, acknowledgments or verifications or another Commission rule permits the use of electronic signatures for the purposes listed above;
Provided, however, That the electronic signature must comply with applicable Federal laws and other Commission rules; And, Provided further, That the futures commission merchant, retail foreign exchange dealer, introducing broker, commodity pool operator, commodity trading advisor, or a counterparty of a swap dealer or major swap participant must adopt and use reasonable safeguards regarding the use of electronic signatures, including at a minimum safeguards employed to prevent alteration of the electronic signatures.
§ 1.5 Record with which the electronic signature is associated, after such record has been electronically signed.

[77 FR 66320, Nov. 2, 2012]

§ 1.5 [Reserved]

§ 1.6 Anti-evasion.

(a) It shall be unlawful to conduct activities outside the United States, including entering into agreements, contracts, and transactions and structuring entities, to willfully evade or attempt to evade any provision of the Commodity Exchange Act as enacted by Subtitle A of the Wall Street Transparency and Accountability Act of 2010 or the rules, regulations, and orders of the Commission promulgated thereunder (Subtitle A).

(b) The form, label, and written documentation of an agreement, contract, or transaction, or an entity, shall not be dispositive in determining whether the agreement, contract, or transaction, or entity, has been entered into or structured to willfully evade as provided in paragraph (a) of this section.

(c) An activity conducted outside the United States to evade as provided in paragraph (a) of this section shall be subject to the provisions of Subtitle A.

(d) Notwithstanding the foregoing, no agreement, contract, or transaction structured as a security (including a security-based swap) under the securities laws (as defined in section 3(a)(47) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(47))) shall be deemed a swap pursuant to this section.

[77 FR 48354, Aug. 13, 2012]

§ 1.7 Books and records requirements for security-based swap agreements.

(a) A person registered as a swap data repository under section 21 of the Commodity Exchange Act and the rules and regulations thereunder:

(1) Shall not be required to keep and maintain additional books and records regarding security-based swap agreements other than the books and records regarding swaps required to be kept and maintained pursuant to section 21 of the Commodity Exchange Act and the rules and regulations thereunder; and

(2) Shall not be required to collect and maintain additional data regarding security-based swap agreements other than the data regarding swaps required to be collected and maintained by such persons pursuant to section 21 of the Commodity Exchange Act and the rules and regulations thereunder.

(b) A person shall not be required to keep and maintain additional books and records, including daily trading records, regarding security-based swap agreements other than the books and records regarding swaps required to be kept and maintained by such persons pursuant to section 4s of the Commodity Exchange Act and the rules and regulations thereunder if such person is registered as:

(1) A swap dealer under section 4s(a)(1) of the Commodity Exchange Act and the rules and regulations thereunder;

(2) A major swap participant under section 4s(a)(2) of the Commodity Exchange Act and the rules and regulations thereunder;

(3) A security-based swap dealer under section 15F(a)(1) of the Securities Exchange Act of 1934 (15 U.S.C. 78o-10(a)(1)) and the rules and regulations thereunder; or

(c) The term security-based swap agreement has the meaning set forth in section 1a(47)(A)(v) of the Commodity Exchange Act.

[77 FR 48354, Aug. 13, 2012]

§ 1.8 Requests for interpretation of swaps, security-based swaps, and mixed swaps.

(a) In general. Any person may submit a request to the Commission and the Securities and Exchange Commission to provide a joint interpretation of whether a particular agreement, contract, or transaction (or class thereof) is:

(1) A swap, as that term is defined in section 1a(47) of the Commodity Exchange Act and the rules and regulations promulgated thereunder;

(2) A security-based swap, as that term is defined in section 1a(42) of the
Commodity Futures Trading Commission

§ 1.8

Commodity Exchange Act and the rules and regulations promulgated thereunder; or

(3) A mixed swap, as that term is defined in section 1a(47)(D) of the Commodity Exchange Act and the rules and regulations promulgated thereunder.

(b) Request process. In making a request pursuant to paragraph (a) of this section, the requesting person must provide the Commission and the Securities and Exchange Commission with the following:

(1) All material information regarding the terms of the agreement, contract, or transaction (or class thereof);

(2) A statement of the economic characteristics and purpose of the agreement, contract, or transaction (or class thereof);

(3) The requesting person’s determination as to whether the agreement, contract, or transaction (or class thereof) should be characterized as a swap, a security-based swap, or both (i.e., a mixed swap), including the basis for such determination; and

(4) Such other information as may be requested by the Commission or the Securities and Exchange Commission.

(c) Request withdrawal. A person may withdraw a request made pursuant to paragraph (a) of this section at any time prior to the issuance of a joint interpretation or joint proposed rule by the Commission and the Securities and Exchange Commission in response to the request; provided, however, that notwithstanding such withdrawal, the Commission and the Securities and Exchange Commission may provide a joint interpretation of whether the agreement, contract, or transaction (or class thereof) is a swap, a security-based swap, or both (i.e., a mixed swap).

(d) Request by the Commission or the Securities and Exchange Commission. In the absence of a request for a joint interpretation under paragraph (a) of this section:

(1) If the Commission or the Securities and Exchange Commission receives a proposal to list, trade, or clear an agreement, contract, or transaction (or class thereof) that raises questions as to the appropriate characterization of such agreement, contract, or transaction (or class thereof) as a swap, a security-based swap, or both (i.e., a mixed swap), the Commission or the Securities and Exchange Commission, as applicable, promptly shall notify the other of the agreement, contract, or transaction (or class thereof); and

(2) The Commission or the Securities and Exchange Commission, or their Chairmen jointly, may submit a request for a joint interpretation as described in paragraph (a) of this section; such submission shall be made pursuant to paragraph (b) of this section, and may be withdrawn pursuant to paragraph (c) of this section.

(e) Timeframe for joint interpretation.

(1) If the Commission and the Securities and Exchange Commission determine to issue a joint interpretation as described in paragraph (a) of this section, such joint interpretation shall be issued within 120 days after receipt of a complete submission requesting a joint interpretation under paragraph (a) or (d) of this section.

(2) The Commission and the Securities and Exchange Commission shall consult with the Board of Governors of the Federal Reserve System prior to issuing any joint interpretation as described in paragraph (a) of this section.

(3) If the Commission and the Securities and Exchange Commission seek public comment with respect to a joint interpretation regarding an agreement, contract, or transaction (or class thereof), the 120-day period described in paragraph (e)(1) of this section shall be stayed during the pendency of the comment period, but shall recommence with the business day after the public comment period ends.

(4) Nothing in this section shall require the Commission and the Securities and Exchange Commission to issue any joint interpretation.

(5) If the Commission and the Securities and Exchange Commission do not issue a joint interpretation within the time period described in paragraph (e)(1) or (e)(3) of this section, each of the Commission and the Securities and Exchange Commission shall publicly provide the reasons for not issuing such a joint interpretation within the applicable timeframes.

(f) Joint proposed rule. (1) Rather than issue a joint interpretation pursuant to
paragraph (a) of this section, the Commission and the Securities and Exchange Commission may issue a joint proposed rule, in consultation with the Board of Governors of the Federal Reserve System, to further define one or more of the terms swap, security-based swap, or mixed swap.

(2) A joint proposed rule described in paragraph (f)(1) of this section shall be issued within the timeframe for issuing a joint interpretation set forth in paragraph (e) of this section.

[77 FR 48354, Aug. 13, 2012]

§ 1.9 Regulation of mixed swaps.

(a) In general. The term mixed swap has the meaning set forth in section 1a(47)(D) of the Commodity Exchange Act.

(b) Regulation of bilateral uncleared mixed swaps entered into by dually-registered dealers or major participants. A mixed swap that is neither executed on nor subject to the rules of a designated contract market, national securities exchange, swap execution facility, security-based swap execution facility, or foreign board of trade; that will not be submitted to a derivatives clearing organization or registered or exempt clearing agency to be cleared; and where at least one party is registered with the Commission as a swap dealer or major swap participant and also with the Securities and Exchange Commission as a security-based swap dealer or major security-based swap participant, shall be subject to:

(1) The following provisions of the Commodity Exchange Act, and the rules and regulations promulgated thereunder:

(i) Examinations and information sharing: sections 4s(f) and 8 of the Commodity Exchange Act;

(ii) Enforcement: sections 2(a)(1)(B), 4(b), 4c, 4s(h)(1)(A), 4s(h)(4)(A), 6(c), 6(d), 6d, 9, 13(a), 13(b), and 23 of the Commodity Exchange Act;

(iii) Reporting to a swap data repository: section 4r of the Commodity Exchange Act;

(iv) Real-time reporting: section 2(a)(13) of the Commodity Exchange Act;

(v) Capital: section 4s(e) of the Commodity Exchange Act; and

(vi) Position Limits: section 4a of the Commodity Exchange Act; and

(c) Process for determining regulatory treatment for other mixed swaps—(1) In general. Any person who desires or intends to list, trade, or clear a mixed swap (or class thereof) that is not subject to paragraph (b) of this section may request the Commission and the Securities and Exchange Commission to issue a joint order permitting the requesting person (and any other person or persons that subsequently lists, trades, or clears that mixed swap) to comply, as to parallel provisions only, with specified parallel provisions of either the Commodity Exchange Act or the Securities Exchange Act of 1934 (15 U.S.C. 78a et seq.), and the rules and regulations thereunder (collectively, specified parallel provisions), instead of being required to comply with parallel provisions of both the Commodity Exchange Act and the Securities Exchange Act of 1934. For purposes of this paragraph (c), parallel provisions means comparable provisions of the Commodity Exchange Act and the Securities Exchange Act of 1934 that were added or amended by the Wall Street Transparency and Accountability Act of 2010 with respect to swaps and security-based swaps, and the rules and regulations thereunder.

(2) Request process. A person submitting a request pursuant to paragraph (c)(1) of this section must provide the Commission and the Securities and Exchange Commission with the following:

(i) All material information regarding the terms of the specified, or specified class of, mixed swap;

(ii) The economic characteristics and purpose of the specified, or specified class of, mixed swap;

(iii) The specified parallel provisions, and the reasons the person believes such specified parallel provisions would be appropriate for the mixed swap (or class thereof); and

(iv) An analysis of:
(A) The nature and purposes of the parallel provisions that are the subject of the request;
(B) The comparability of such parallel provisions;
(C) The extent of any conflicts or differences between such parallel provisions; and
(D) Such other information as may be requested by the Commission or the Securities and Exchange Commission.

(3) Request withdrawal. A person may withdraw a request made pursuant to paragraph (c)(1) of this section at any time prior to the issuance of a joint order under paragraph (c)(4) of this section by the Commission and the Securities and Exchange Commission in response to the request.

(4) Issuance of orders. In response to a request under paragraph (c)(1) of this section, the Commission and the Securities and Exchange Commission, as necessary to carry out the purposes of the Wall Street Transparency and Accountability Act of 2010, may issue a joint order, after notice and opportunity for comment, permitting the requesting person (and any other person or persons that subsequently lists, trades, or clears that mixed swap) to comply, as to parallel provisions only, with the specified parallel provisions (or another subset of the parallel provisions that are the subject of the request, as the Commissions determine is appropriate), instead of being required to comply with parallel provisions of both the Commodity Exchange Act and the Securities Exchange Act of 1934. In determining the contents of such joint order, the Commission and the Securities and Exchange Commission may consider, among other things:
(i) The nature and purposes of the parallel provisions that are the subject of the request;
(ii) The comparability of such parallel provisions; and
(iii) The extent of any conflicts or differences between such parallel provisions.

(5) Timeframe. (i) If the Commission and the Securities and Exchange Commission determine to issue a joint order as described in paragraph (c)(4) of this section, such joint order shall be issued within 120 days after receipt of a complete request for a joint order under paragraph (c)(1) of this section, which time period shall be stayed during the pendency of the public comment period provided for in paragraph (c)(4) of this section and shall recommence with the business day after the public comment period ends.
(ii) Nothing in this section shall require the Commission and the Securities and Exchange Commission to issue any joint order.
(iii) If the Commission and the Securities and Exchange Commission do not issue a joint order within the time period described in paragraph (c)(5)(i) of this section, each of the Commission and the Securities and Exchange Commission shall publicly provide the reasons for not issuing such a joint order within that timeframe.

[77 FR 48354, Aug. 13, 2012]
(1) A Form 1-FR-FCM certified by an independent public accountant in accordance with §1.16 as of a date not more than 45 days prior to the date on which such report is filed; or

(2) A Form 1-FR-FCM as of a date not more than 17 business days prior to the date on which such report is filed and a Form 1-FR-FCM certified by an independent public accountant in accordance with §1.16 as of a date not more than one year prior to the date on which such report is filed.

(B) Each such person must include with such financial report a statement describing the source of his current assets and representing that his capital has been contributed for the purpose of operating his business and will continue to be used for such purpose.

(ii)(A) Except as provided in paragraphs (a)(3) and (h) of this section, each person who files an application for registration as an introducing broker and who is not so registered at the time of such filing, must concurrently with the filing of such application, file either:

(1) A Form 1-FR-IB certified by an independent public accountant in accordance with §1.16 as of a date not more than 45 days prior to the date on which such report is filed;

(2) A Form 1-FR-IB as of a date not more than 17 business days prior to the date on which such report is filed and a Form 1-FR-IB certified by an independent public accountant in accordance with §1.16 as of a date not more than one year prior to the date on which such report is filed;

(3) A Form 1-FR-IB as of a date not more than 17 business days prior to the date on which such report is filed, Provided, however, that such applicant shall be subject to a review by the applicant’s designated self-regulatory organization within six months of registration; or

(4) A guarantee agreement.

B) Each person filing in accordance with paragraphs (a)(2)(i)(A) (1), (2) or (3) of this section must include with such financial report a statement describing the source of his current assets and representing that his capital has been contributed for the purpose of operating his business and will continue to be used for such purpose.

(ii) The provisions of paragraph (a)(2) of this section do not apply to any person succeeding to and continuing the business of another futures commission merchant. Each such person who files an application for registration as a futures commission merchant and who is not so registered in that capacity at the time of such filing must file a Form 1-FR-FCM as of the first month end following the date on which his registration is approved. Such report must be filed with the National Futures Association, the Commission and the designated self-regulatory organization, if any, not more than 17 business days after the date for which the report is made.

(iv) The provisions of paragraph (a)(2) of this section do not apply to any person succeeding to and continuing the business of another introducing broker. (A) Each succeeding person who succeeds to and continues the business of an introducing broker which was not operating pursuant to a guarantee agreement, or which was operating pursuant to a guarantee agreement and was also a securities broker or dealer at the time of succession, who files an application for registration as an introducing broker, and who is not so registered in that capacity at the time of such filing, must file with the National Futures Association either a guarantee agreement with his application for registration or a Form 1-FR-IB as of the first month end following the date on which his registration is approved. Such Form 1-FR-IB must be filed not more than 17 business days after the date for which the report is made.

(B) Each such person who succeeds to and continues the business of an introducing broker which was operating pursuant to a guarantee agreement and which was not also a securities broker or dealer at the time of succession, who files an application for registration as an introducing broker, and who is not so registered in that capacity at the time of such filing, must file with the National Futures Association either a guarantee agreement or a Form 1-FR-IB with his application for registration. If such person files a Form 1-FR-IB with his application for registration, such person must also file a Form 1-FR-IB, certified by an independent...
Commodity Futures Trading Commission

§ 1.10

public accountant, as of a date no later than the end of the month registration is granted. The Form 1-FR-IB certified by an independent public accountant must be filed with the National Futures Association not more than 45 days after the date for which the report is made.

(b) Filing of financial reports. (1)(i) Except as provided in paragraphs (b)(3) and (h) of this section, each person registered as a futures commission merchant must file a Form 1-FR-FCM as of the close of business each month. Each Form 1-FR-FCM must be filed no later than 17 business days after the date for which the report is made.

(ii) In addition to the monthly financial reports required by paragraph (b)(1)(i) of this section, each person registered as a futures commission merchant must file a Form 1-FR-FCM as of the close of its fiscal year, which must be certified by an independent public accountant in accordance with § 1.16, and must be filed no later than 90 days after the close of the futures commission merchant’s fiscal year: Provided, however, that a registrant which is registered with the Securities and Exchange Commission as a securities broker or dealer must file this report no later than the time permitted for filing an annual audit report under §240.17a–5(d)(5) of this title.

(2)(i) Except as provided in paragraphs (b)(3) and (h) of this section, and except for an introducing broker operating pursuant to a guarantee agreement which is not also a securities broker or dealer, each person registered as an introducing broker must file a Form 1–FR–IB semiannually as of the middle and the close of each fiscal year. Each Form 1–FR–IB must be filed no later than 17 business days after the date for which the report is made.

(ii)(A) In addition to the financial reports required by paragraph (b)(2)(i) of this section, each person registered as an introducing broker must file a Form 1–FR–IB semiannually as of the close of its fiscal year which must be certified by an independent public accountant in accordance with §1.16 no later than 90 days after the close of each introducing broker’s fiscal year: Provided, however, that a registrant which is registered with the Securities and Exchange Commission as a securities broker or dealer must file this report not later than the time permitted for filing an annual audit report under §240.17a–5(d)(5) of this title.

(B) If an introducing broker has filed previously a Form 1–FR–IB, certified by an independent public accountant in accordance with the provisions of paragraphs (a)(2)(ii) or (j)(8) of this section and §1.16 of this part, as of a date not more than one year prior to the close of such introducing broker’s fiscal year, it need not have certified by an independent public accountant the Form 1–FR–IB filed as of the introducing broker’s first fiscal year-end following the as of date of its initial certified Form 1–FR–IB. In such a case, the introducing broker’s Form 1–FR–IB filed as of the close of the second fiscal year-end following the as of date of its initial certified Form 1–FR–IB must cover the period of time between those two dates and must be certified by an independent public accountant in accordance with §1.16 of this part.

(3) The provisions of paragraphs (b)(1) and (b)(2) of this section may be met by any person registered as a futures commission merchant or as an introducing broker who is a member of a designated self-regulatory organization and conforms to minimum financial standards and related reporting requirements set by such designated self-regulatory organization in its bylaws, rules, regulations, or resolutions and approved by the Commission pursuant to Section 4f(b) of the Act and §1.52: Provided, however, That each such registrant shall promptly file with the Commission a true and exact copy of each financial report which it files with such designated self-regulatory organization.

(4) Upon receiving written notice from any representative of the National Futures Association, the Commission or any self-regulatory organization of which it is a member, an applicant or registrant, except an applicant for registration as an introducing broker which has filed concurrently with its application for registration a guarantee agreement and which is not also a securities broker or dealer, must, monthly or at such times as specified, furnish the National Futures
Association, the Commission or the self-regulatory organization requesting such information a Form 1–FR or such other financial information as requested by the National Futures Association, the Commission or the self-regulatory organization. Each such Form 1–FR or such other information must be furnished within the time period specified in the written notice, and in accordance with the provisions of paragraph (c) of this section.

(c) Where to file reports. (1) Form 1–FR filed by an introducing broker pursuant to paragraph (b)(2) of this section need be filed only with, and will be considered filed when received by, the National Futures Association. Other reports or information provided for in this section will be considered filed when received by the regional office of the Commission with jurisdiction over the state in which the registrant’s principal place of business is located and by the designated self-regulatory organization, if any; and reports or other information required to be filed by this section by an applicant for registration will be considered filed when received by the National Futures Association. Any report or information filed with the National Futures Association pursuant to this paragraph shall be deemed for all purposes to be filed with, and to be the official record of, the Commission.

(2)(i) Except as provided in the last sentence of this subparagraph, all filings or other notices prepared by a futures commission merchant pursuant to this paragraph shall be submitted to the Commission in electronic form using a form of user authentication assigned in accordance with procedures established by or approved by the Commission, and otherwise in accordance with instructions issued by or approved by the Commission, if the futures commission merchant or a designated self-regulatory organization has provided the Commission with the means necessary to read and to process the information contained in such report. A Form 1–FR required to be certified by an independent public accountant in accordance with §1.16 which is filed by a futures commission merchant must be filed in paper form and may not be filed electronically.

(ii) Except as provided in paragraph (h) of this section, all filings or other notices or applications prepared by an introducing broker or applicant for registration as an introducing broker or futures commission merchant pursuant to this section must be filed electronically in accordance with electronic filing procedures established by the National Futures Association. In the case of a Form 1–FR–IB that is required to be certified by an independent public accountant in accordance with §1.16, a paper copy of any such filing with the original manually signed certification must be maintained by the introducing broker or applicant for registration as an introducing broker in accordance with §1.31.

(3) Any information required of a registrant by a self-regulatory organization pursuant to paragraph (b)(4) of this section need be furnished only to such self-regulatory organization and the Commission, and any information required of an applicant by the National Futures Association pursuant to paragraph (b)(4) of this section need be furnished only to the National Futures Association and the Commission.

(4) Any guarantee agreement entered into between a futures commission merchant and an introducing broker in accordance with the provisions of this section need be filed only with, and will be considered filed when received by, the National Futures Association.

(d) Contents of financial reports. (1) Each Form 1–FR filed pursuant to this §1.10 which is not required to be certified by an independent public accountant must be completed in accordance with the instructions to the form and contain:

(i) A statement of financial condition as of the date for which the report is made;

(ii) Statements of income (loss) and a statement of changes in ownership equity for the period between the date of the most recent statement of financial condition filed with the Commission and the date for which the report is made;

(iii) A statement of changes in liabilities subordinated to claims of general creditors for the period between the
Commodity Futures Trading Commission

§ 1.10

date of the most recent statement of financial condition filed with the Commission and the date for which the report is made.

(iv) A statement of the computation of the minimum capital requirements pursuant to §1.17 as of the date for which the report is made;

(v) For a futures commission merchant only, the statements of segregation requirements and funds in segregation for customers trading on U.S. commodity exchanges and for customers' dealer options accounts, and the statement of secured amounts and funds held in separate accounts for foreign futures and foreign options customers in accordance with §30.7 of this chapter as of the date for which the report is made; and

(vi) In addition to the information expressly required, such further material information as may be necessary to make the required statements not misleading.

(2) Each Form 1–FR filed pursuant to this §1.10 which is required to be certified by an independent public accountant must be completed in accordance with the instructions to the form and contain:

(i) A statement of financial condition as of the date for which the report is made;

(ii) Statements of income (loss), cash flows, changes in ownership equity, and changes in liabilities subordinated to claims of general creditors, for the period between the date of the most recent certified statement of financial condition filed with the Commission and the date for which the report is made: Provided, That for an applicant filing pursuant to paragraph (a)(2) of this section the period must be the year ending as of the date of the statement of financial condition;

(iii) A statement of the computation of the minimum capital requirements pursuant to §1.17 as of the date for which the report is made;

(iv) For a futures commission merchant only, the statements of segregation requirements and funds in segregation for customers trading on U.S. commodity exchanges and for customers' dealer options accounts, and the statement of secured amounts and funds held in separate accounts for foreign futures and foreign options customers in accordance with §30.7 of this chapter as of the date for which the report is made;

(v) Appropriate footnote disclosures;

(vi) A reconciliation, including appropriate explanations, of the statement of the computation of the minimum capital requirements pursuant to §1.17 and, for a futures commission merchant only, the statements of segregation requirements and funds in segregation for customers trading on U.S. commodity exchanges and for customers' dealer option accounts, and the statement of secured amounts and funds held in separate accounts for foreign futures and foreign options customers in accordance with §30.7 of this chapter, in the certified Form 1–FR with the applicant's or registrant's corresponding uncertified most recent Form 1–FR filing when material differences exist or, if no material differences exist, a statement so indicating; and

(vii) In addition to the information expressly required, such further material information as may be necessary to make the required statements not misleading.

(3) The statements required by paragraphs (d)(2)(i) and (d)(2)(ii) of this section may be presented in accordance with generally accepted accounting principles in the certified reports filed as of the close of the registrant's fiscal year pursuant to paragraphs (b)(1)(ii) or (b)(2)(ii) of this section or accompanying the application for registration pursuant to paragraph (a)(2) of this section, rather than in the format specifically prescribed by these regulations: Provided, the statement of financial condition is presented in a format as consistent as possible with the Form 1–FR and a reconciliation is provided reconciling such statement of financial condition to the statement of the computation of the minimum capital requirements pursuant to §1.17. Such reconciliation must be certified by an independent public accountant in accordance with §1.16.

(4) Attached to each Form 1–FR filed pursuant to this section must be an oath or affirmation that to the best knowledge and belief of the individual making such oath or affirmation the
§ 1.10 17 CFR Ch. I (4–1–13 Edition)

information contained in the Form 1–FR is true and correct. The individual making such oath or affirmation must be:

(i) If the registrant or applicant is a sole proprietorship, the proprietor; if a partnership, any general partner; if a corporation, the chief executive officer or chief financial officer; and, if a limited liability company or limited liability partnership, the chief executive officer, the chief financial officer, the manager, the managing member, or those members vested with the management authority for the limited liability company or limited liability partnership; or

(ii) If the registrant or applicant is registered with the Securities and Exchange Commission as a securities broker or dealer, the representative authorized under §240.17a–5 of this title to file for the securities broker or dealer its Financial and Operational Combined Uniform Single Report under the Securities Exchange Act of 1934, part II, part IIA, or part II CSE.

(iii) In the case of a Form 1–FR filed via electronic transmission in accordance with procedures established by or approved by the Commission, such transmission must be accompanied by the authorization assigned to the authorized signer under such procedures, and the use of such user authentication will constitute and become a substitute for the manual signature of the authorized signer for the purpose of making the oath or affirmation referred to in this paragraph.

(e) Election of fiscal year. (1) An applicant wishing to establish a fiscal year other than the calendar year may do so by notifying the National Futures Association of its election of such fiscal year, in writing, concurrently with the filing of the Form 1–FR pursuant to paragraph (a)(2) of this section. An applicant that does not so notify the National Futures Association will be deemed to have elected the calendar year as its fiscal year.

(2) (i) A registrant must continue to use its elected fiscal year, calendar or otherwise, unless a change in such fiscal year has been approved pursuant to this paragraph (e)(2).

(ii) Futures commission merchant registrants. (A) A futures commission merchant may file with its designated self-regulatory organization an application to change its fiscal year, a copy of which the registrant must file with the Commission. The application shall be approved or denied in writing by the designated self-regulatory organization. The registrant must file immediately with the Commission a copy of any notice it receives from the designated self-regulatory organization to approve or deny the registrant’s application to change its fiscal year. A written notice of approval shall become effective upon filing by the registrant of a copy with the Commission, and a written notice of denial shall be effective as of the date of the notice.

(B) A futures commission merchant that is registered with the Securities and Exchange Commission as a securities broker or dealer may file with its designated self-regulatory organization copies of any notice or application filed with its designated examining authority pursuant to §240.17a–5(d)(1) of this title, for a change in fiscal year or “as of” date for its annual audited financial statement. The registrant must also file immediately with the designated self-regulatory organization and the Commission copies of any notice it receives from its designated examining authority to approve or deny the registrant’s request for change in fiscal year or “as of” date. Upon the receipt by the designated self-regulatory organization and the Commission of copies of any such notice of approval, the change in fiscal year or “as of” date referenced in the notice shall be deemed approved under this paragraph (e)(2).

(C) Any copy that under this paragraph (e)(2) is required to be filed with the Commission shall be filed with the regional office of the Commission with jurisdiction over the state in which the registrant’s principal place of business is located, and any copy or application to be filed with the designated self-regulatory organization shall be filed at its principal place of business.

(iii) Introducing broker registrants. (A) An introducing broker may file with
the National Futures Association an application to change its fiscal year, which shall be approved or denied in writing.

(B) An introducing broker that is registered with the Securities and Exchange Commission as a securities broker or dealer may file with its designated self-regulatory organization a copy of any application that the registrant has filed with its designated examining authority, pursuant to §240.17–a5(l)(5) of this title, for an extension of time to file its FOCUS report. The registrant must also file immediately with the designated self-regulatory organization and the Commission copies of any notice it receives from its designated examining authority to approve or deny the requested extension of time. Upon receipt by the designated self-regulatory organization and the Commission of copies of any such notice of approval, the requested extension of time referenced in the notice shall be deemed approved under this paragraph (f)(1).

(C) Any copy that under this subparagraph (f)(1)(i) is required to be filed with the Commission shall be filed with the regional office of the Commission with jurisdiction over the state in which the registrant’s principal place of business is located.

(i) Introducing broker registrants. (A) An introducing broker may file with the National Futures Association an application for extension of the time, which shall be approved or denied in writing.

(B) An introducing broker that is registered with the Securities and Exchange Commission as a securities broker or dealer may file with the National Futures Association an application to change its fiscal year, which shall be approved or denied in writing.

(B) A futures commission merchant that is registered with the Securities and Exchange Commission as a securities broker or dealer may file with its designated self-regulatory organization a copy of any application that the registrant has filed with its designated examining authority, pursuant to §240.17–a5(l)(5) of this title, for an extension of time to file its FOCUS report. The registrant must also file immediately with the designated self-regulatory organization and the Commission copies of any notice it receives from its designated examining authority to approve or deny the requested extension of time. Upon receipt by the designated self-regulatory organization and the Commission of copies of any such notice of approval, the requested extension of time referenced in the notice shall be deemed approved under this paragraph (f)(1).
(2) In the event an applicant finds that it cannot file its report for any period within the time specified in paragraph (b)(4) of this section without substantial undue hardship, it may file with the National Futures Association an application for an extension of time to a specified date which may not be more than 90 days after the date as of which the financial statements were to have been filed. The application must state the reasons for the requested extension and must contain an agreement to file the report on or before the specified date. The application must be received by the National Futures Association before the time specified in paragraph (b)(4) of this section for filing the report. Notice of such application must be filed with the regional office of the Commission with jurisdiction over the state in which the applicant’s principal place of business is located concurrently with the filing of such application with the National Futures Association. Within ten calendar days after receipt of the application for an extension of time, the National Futures Association shall:

(i) Notify the applicant of the grant or denial of the requested extension; or

(ii) Indicate to the applicant that additional time is required to analyze the request, in which case the amount of time needed will be specified.

(g) Public availability of reports. (1) Forms 1–FR filed pursuant to this section, and FOCUS reports filed in lieu of Forms 1–FR pursuant to paragraph (b) of this section, will be treated as exempt from mandatory public disclosure for purposes of the Freedom of Information Act and the Government in the Sunshine Act and parts 145 and 147 of this chapter, except for the information described in paragraph (g)(2) of this section.

(2) The following information in Forms 1–FR, and the same or equivalent information in FOCUS reports filed in lieu of Forms 1–FR pursuant to paragraph (b) of this section, will be publishedly available:

(i) The amount of the applicant’s or registrant’s adjusted net capital; the amount of its minimum net capital requirement under §1.17 of this chapter; and the amount of its adjusted net capital in excess of its minimum net capital requirement; and

(ii) The following statements and footnote disclosures thereof: the Statement of Financial Condition in the certified annual financial reports of futures commission merchants and introducing brokers; the Statements (to be filed by a futures commission merchant only) of Segregation Requirements and Funds in Segregation for customers trading on U.S. commodity exchanges and for customers’ dealer options accounts, and the Statement (to be filed by a futures commission merchant only) of Secured Amounts and Funds held in Separate Accounts for foreign futures and foreign options customers in accordance with §30.7 of this chapter.

(3) [Reserved]

(4) All information that is exempt from mandatory public disclosure under paragraph (g)(1) of this section will, however, be available for official use by any official or employee of the United States or any State, by any self-regulatory organization of which the person filing such report is a member, by the National Futures Association in the case of an applicant, and by any other person to whom the Commission believes disclosure of such information is in the public interest. Nothing in this paragraph (g) will limit the authority of any self-regulatory organization to request or receive any information relative to its members’ financial condition.

(5) The independent accountant’s opinion and a guarantee agreement filed pursuant to this section will be deemed public information.

(h) Filing option available to a futures commission merchant or an introducing broker that is also a securities broker or dealer. Any applicant or registrant which is registered with the Securities and Exchange Commission as a securities broker or dealer may comply with the requirements of this section by filing (in accordance with paragraphs (a), (b), (c), and (j) of this section) a copy of its Financial and Operational Combined Uniform Single Report under the Securities Exchange Act of 1934, Part II, Part IIA, or Part II CSE (FOCUS Report), in lieu of Form 1–FR; Provided, however, That all information which is required to be furnished on and submitted with Form 1–FR is provided
with such FOCUS Report; and Provided, further, That a certified FOCUS Report filed by an introducing broker or applicant for registration as an introducing broker in lieu of a certified Form 1–FR–IB must be filed according to National Futures Association rules, either in paper form or electronically, in accordance with procedures established by the National Futures Association, and if filed electronically, a paper copy of such filing with the original manually signed certification must be maintained by such introducing broker or applicant in accordance with §1.31.

(i) **Filing option available to an introducing broker or applicant for registration as an introducing broker which is also a country elevator.** Any introducing broker or applicant for registration as an introducing broker which is also a country elevator but which is not also a securities broker or dealer may comply with the requirements of this section by filing (in accordance with paragraphs (a), (b) and (c) of this section) a copy of a financial report prepared by a grain commission firm which has been authorized by the Deputy Vice President of the Commodity Credit Corporation of the United States Department of Agriculture to provide a compilation report of financial statements of warehousemen for purposes of Uniform Grain Storage Agreements, and which complies with the standards for independence set forth in §1.16(b)(2) with respect to the registrant or applicant: Provided, however, That all information which is required to be furnished on and submitted with Form 1–FR is provided with such financial report, including a statement of the computation of the minimum capital requirements pursuant to §1.17: And, provided further, That the balance sheet is presented in a format as consistent as possible with the Form 1–FR and a reconciliation is provided reconciling such balance sheet to the statement of the computation of the minimum capital requirements pursuant to §1.17. Attached to each financial report filed pursuant to this paragraph (i) must be an oath or affirmation that to the best knowledge and belief of the individual making such oath or affirmation the information contained therein is true and correct. If the applicant or registrant is a sole proprietorship, then the oath or affirmation must be made by the proprietor; if a partnership, by a general partner; or if a corporation, by the chief executive officer or chief financial officer.

(j) **Requirements for guarantee agreement.** (1) A guarantee agreement filed pursuant to this section must be signed in a manner sufficient to be a binding guarantee under local law by an appropriate person on behalf of the futures commission merchant or retail foreign exchange dealer and the introducing broker, and each signature must be accompanied by evidence that the signatory is authorized to enter the agreement on behalf of the futures commission merchant, retail foreign exchange dealer, or introducing broker and is such an appropriate person. For purposes of this paragraph (j), an appropriate person shall be the proprietor, if the firm is a sole proprietorship; a general partner, if the firm is a partnership; and either the chief executive officer or the chief financial officer, if the firm is a corporation; and, if the firm is a limited liability company or limited liability partnership, either the chief executive officer, the chief financial officer, the manager, the managing member, or those members vested with the management authority for the limited liability company or limited liability partnership.

(2) No futures commission merchant or retail foreign exchange dealer may enter into a guarantee agreement if:

- (i) It knows or should have known that its adjusted net capital is less than the amount set forth in §1.12(b) of this part or §5.6(b) of this chapter, as applicable; or
- (ii) There is filed against the futures commission merchant or retail foreign exchange dealer an adjudicatory proceeding brought by or before the Commission pursuant to the provisions of sections 6(c), 6(d), 6c, 6d, 8a or 9 of the Act or §§3.55, §3.56 or §3.60 of this chapter.

(3) A retail foreign exchange dealer may enter into a guarantee agreement only with an introducing broker as defined in §5.1(f)(1) of this chapter. A retail foreign exchange dealer may not enter into a guarantee agreement with
§ 1.10 an introducing broker as defined in §1.3(mm) of this part.

(4) A guarantee agreement filed in connection with an application for initial registration as an introducing broker in accordance with the provisions of §3.10(a) of this chapter shall become effective upon the granting of registration or, if appropriate, a temporary license, to the introducing broker. A guarantee agreement filed other than in connection with an application for initial registration as an introducing broker shall become effective as of the date agreed to by the parties.

(5)(i) If the registration of the introducing broker is suspended, revoked, or withdrawn in accordance with the provisions of this chapter, the guarantee agreement shall expire as of the date of such suspension, revocation or withdrawal.

(ii) If the registration of the futures commission merchant or retail foreign exchange dealer is suspended or revoked, the guarantee agreement shall expire 30 days after such suspension or revocation, or at such earlier time as may be approved by the Commission, the introducing broker, and the introducing broker’s designated self-regulatory organization.

(6) A guarantee agreement may be terminated at any time during the term thereof:

(i) By mutual written consent of the parties, signed by an appropriate person on behalf of each party, with prompt written notice thereof, signed by an appropriate person on behalf of each party, to the Commission and to the designated self-regulatory organizations of the futures commission merchant or retail foreign exchange dealer and the introducing broker;

(ii) For good cause shown, by either party giving written notice of its intention to terminate the agreement, signed by an appropriate person, to the other party to the agreement, to the Commission, and to the designated self-regulatory organizations of the futures commission merchant or retail foreign exchange dealer and the introducing broker; or

(iii) By either party giving written notice of its intention to terminate the agreement, signed by an appropriate person, at least 30 days prior to the proposed termination date, to the other party to the agreement, to the Commission, and to the designated self-regulatory organizations of the futures commission merchant or retail foreign exchange dealer and the introducing broker.

(7) The termination of a guarantee agreement by a futures commission merchant, retail foreign exchange dealer or an introducing broker, or the expiration of such an agreement, shall not relieve any party from any liability or obligation arising from acts or omissions which occurred during the term of the agreement.

(8) An introducing broker may not simultaneously be a party to more than one guarantee agreement: Provided, however, That the provisions of this paragraph (j)(8) shall not be deemed to preclude an introducing broker from entering into a guarantee agreement with another futures commission merchant or retail foreign exchange dealer if the introducing broker, futures commission merchant or retail foreign exchange dealer which is a party to the existing agreement has provided notice of termination of the existing agreement in accordance with the provisions of paragraph (j)(6) of this section, and the new guarantee agreement does not become effective until the day following the date of termination of the existing agreement; And, provided further, That the provisions of this paragraph (j)(8) shall not be deemed to preclude an introducing broker from entering into a guarantee agreement with another futures commission merchant or retail foreign exchange dealer which is a party to the existing agreement ceases to remain registered and the existing agreement would therefore expire in accordance with the provisions of paragraph (j)(6)(ii) of this section.

(9)(i)(A) An introducing broker that is a party to a guarantee agreement that has been terminated in accordance with the provisions of paragraph (j)(6) of this section, or that is due to expire in accordance with the provisions of paragraph (j)(5)(ii) of this section, must cease doing business as an introducing broker on or before the effective date
of such termination or expiration unless, on or before 10 days prior to the effective date of such termination or expiration or such other period of time as the Commission or the designated self-regulatory organization may allow for good cause shown, the introducing broker files with its designated self-regulatory organization either a new guarantee agreement effective as of the day following the date of termination of the existing agreement, or, in the case of a guarantee agreement that is due to expire in accordance with the provisions of paragraph (j)(4)(ii) of this section, a new guarantee agreement effective on or before such expiration, or either:

1. A Form 1–FR–IB certified by an independent public accountant in accordance with §1.16 as of a date not more than 45 days prior to the date on which the report is filed; or

2. A Form 1–FR–IB as of a date not more than 17 business days prior to the date on which the report is filed and a Form 1–FR–IB certified by an independent public accountant in accordance with §1.16 as of a date not more than one year prior to the date on which the report is filed: Provided, however, that an introducing broker as defined in §5.1(f)(1) of this chapter that is party to a guarantee agreement that has been terminated or that has expired must cease doing business as an introducing broker on or before the effective date of such termination or expiration unless, on or before 10 days prior to the effective date of such termination or expiration or such other period of time as the Commission or the designated self-regulatory organization may allow for good cause shown, the introducing broker files with its designated self-regulatory organization a new guarantee agreement effective on or before the termination or expiration date of the terminating or expiring guarantee agreement.

(B) Each person filing a Form 1–FR–IB in accordance with this section must include with the financial report a statement describing the source of his current assets and representing that his capital has been contributed for the purpose of operating his business and will continue to be used for such purpose.

(ii)(A) Notwithstanding the provisions of paragraph (j)(9)(i) of this section or of §1.17(a), an introducing broker that is a party to a guarantee agreement that has been terminated in accordance with the provisions of paragraph (j)(6)(ii) of this section shall not be deemed to be in violation of the minimum adjusted net capital requirement of §1.17(a)(1)(iii) or (a)(2) for 30 days following such termination. Such an introducing broker must cease doing business as an introducing broker and may not resume doing business as an introducing broker unless and until it files a new agreement or either:

1. A Form 1–FR–IB certified by an independent public accountant in accordance with §1.16 as of a date not more than 45 days prior to the date on which the report is filed; or

2. A Form 1–FR–IB as of a date not more than 17 business days prior to the date on which the report is filed and a Form 1–FR–IB certified by an independent public accountant in accordance with §1.16 as of a date not more than one year prior to the date on which the report is filed: Provided, however, that an introducing broker as defined in §5.1(f)(1) of this chapter that is party to a guarantee agreement that has been terminated must cease doing business as an introducing broker from and after the effective date of such termination, and may not resume doing business as an introducing broker as defined in §5.1(f)(1) of this chapter unless and until it files a new guarantee agreement.

(B) Each person filing a Form 1–FR–IB in accordance with this section must include with the financial report a statement describing the source of his current assets and representing that his capital has been contributed for the purpose of operating his business and will continue to be used for such purpose.

(k) Filing option available to an introducing broker. (1) Any introducing broker or applicant for registration as an introducing broker which is not operating or intending to operate pursuant to a guarantee agreement may comply with the requirements of this section by filing (in accordance with
§ 1.11 [Reserved]

§ 1.12 Maintenance of minimum financial requirements by futures commission merchants and introducing brokers.

(a) Each person registered as a futures commission merchant or who files an application for registration as a futures commission merchant, and each person registered as an introducing broker or who files an application for registration as an introducing broker (except for an introducing broker or applicant for registration as an introducing broker operating pursuant to, or who has filed concurrently with its application for registration, a guarantee agreement and who is not also a securities broker or dealer), who knows or should have known that its adjusted net capital at any time is less than the minimum required by §1.17 or by the capital rule of any self-regulatory organization to which such person is subject, if any, must:

(1) Give telephonic notice, to be confirmed in writing by facsimile notice, as set forth in paragraph (i) of this section that the applicant’s or registrant’s adjusted net capital is less than required by §1.17 or by other capital rule, identifying the applicable capital rule. The notice must be given immediately after the applicant or registrant knows or should know that its adjusted net capital is less than required by any of the aforesaid rules to which the applicant or registrant is subject; and

(2) Provide together with such notice documentation in such form as necessary to adequately reflect the applicant’s or registrant’s capital condition as of any date such person’s adjusted net capital is less than the minimum required. The applicant or registrant must provide similar documentation for other days as the Commission may request.

(b) Each person registered as a futures commission merchant, or who files an application for registration as a futures commission merchant, who knows or should have known that its adjusted net capital at any time is less than the greater of:

(1) 150 percent of the minimum dollar amount required by §1.17(a)(1)(i)(A);

(2) 110 percent of the amount required by §1.17(a)(1)(i)(B);

(3) 150 percent of the amount of adjusted net capital required by a registered futures association of which it is a member, unless such amount has been determined by a margin-based capital computation set forth in the rules of the registered futures association, and such amount meets or exceeds the amount of adjusted net capital required under the margin-based capital computation set forth in §1.17(a)(1)(i)(B), in which case the required percentage is 110 percent, or

(4) For securities brokers or dealers, the amount of net capital specified in Rule 17a–11(c) of the Securities and Exchange Commission (17 CFR 240.17a–11(c)), must file written notice to that effect as set forth in paragraph (i) of this section within twenty-four (24) hours of such event.

(c) If an applicant or registrant at any time fails to make or keep current the books and records required by these regulations, such applicant or registrant must, on the same day such event occurs, provide facsimile notice of such fact, specifying the books and

§1.11 17 CFR Ch. I (4–1–13 Edition)
Commodity Futures Trading Commission

§ 1.12

records which have not been made or which are not current, and within forty-eight (48) hours after giving such notice file a written report stating what steps have been and are being taken to correct the situation.

(d) Whenever any applicant or registrant discovers or is notified by an independent public accountant, pursuant to § 1.16(e)(2) of this chapter, of the existence of any material inadequacy, as specified in § 1.16(d)(2) of this chapter, such applicant or registrant must give facsimile notice of such material inadequacy within twenty-four (24) hours, and within forty-eight (48) hours after giving such notice file a written report stating what steps have been and are being taken to correct the material inadequacy.

(e) Whenever any self-regulatory organization learns that a member registrant has failed to file a notice or written report as required by § 1.12, that self-regulatory organization must immediately report this failure by telephone, confirmed in writing immediately by facsimile notice, as provided in paragraph (i) of this section.

(f)(1) [Reserved]

(2) Whenever a registered futures commission merchant determines that any position it carries for another registered futures commission merchant or for a registered leveraged transaction merchant must be liquidated immediately, transferred immediately or that the trading of any account of such futures commission merchant or leveraged transaction merchant shall be only for purposes of liquidation, because the other futures commission merchant or the leveraged transaction merchant has failed to meet a call for margin or to make other required deposits, the carrying futures commission merchant must immediately give telephonic notice, confirmed in writing immediately by facsimile notice, of such a determination to the designated self-regulatory organization and the principal office of the Commission at Washington, DC. This paragraph (f)(2) shall apply to any account carried by the futures commission merchant, whether a customer, noncustomer, omnibus or proprietary account. For purposes of this paragraph (f)(3), if any person has an interest of 10 percent or more in ownership or equity in, or guarantees, more than one account, or has guaranteed an account in addition to his own account, all such accounts shall be combined. A designated self-regulatory organization may grant an exemption from the provisions of this paragraph to a futures commission merchant with respect to any particular account on a continuous basis provided the designated self-regulatory organization documents the reasons for granting such an exemption and continues to monitor any such account.

(3) Whenever a registered futures commission merchant determines that an account which it is carrying is undermargined by an amount which exceeds the futures commission merchant’s adjusted net capital, determined in accordance with § 1.17, the futures commission merchant must immediately give telephonic notice, confirmed in writing immediately by facsimile notice, whenever its excess adjusted net capital is less than six
§ 1.12 17 CFR Ch. I (4–1–13 Edition)

percent of the maintenance margin required by the futures commission merchant on all positions held in accounts of a noncustomer other than a noncustomer who is subject to the minimum financial requirements of:

(A) A futures commission merchant, or

(B) The Securities and Exchange Commission for a securities broker and dealer.

(ii) For purposes of paragraph (f)(5)(i) of this section, maintenance margin shall include all deposits which the futures commission merchant requires the noncustomer to maintain in order to carry its positions at the futures commission merchant.

(g) A futures commission merchant shall provide written notice of a substantial reduction in capital as compared to that last reported in a financial report filed with the Commission pursuant to §1.10. This notice shall be provided as follows:

(1) If any event or series of events, including any withdrawal, advance, loan or loss cause, on a net basis, a reduction in net capital (or, if the futures commission merchant is qualified to use the filing option available under §1.10(h), tentative net capital as defined in the rules of the Securities and Exchange Commission) of 20 percent or more, notice must be provided within two business days of the event or series of events causing the reduction; and

(2) If equity capital of the futures commission merchant or a subsidiary or affiliate of the futures commission merchant consolidated pursuant to §1.17(f) (or 17 CFR 240.15c3-1e) would be withdrawn by action of a stockholder or a partner or a limited liability company member or by redemption or repurchase of shares of stock by any of the consolidated entities or through the payment of dividends or any similar distribution, or an unsecured advance or loan would be made to a stockholder, partner, sole proprietor, limited liability company member, employee or affiliate, such that the withdrawal, advance or loan would cause, on a net basis, a reduction in excess adjusted net capital (or, if the futures commission merchant is qualified to use the filing option available under §1.10(h), excess net capital as defined in the rules of the Securities and Exchange Commission) of 30 percent or more, notice must be provided at least two business days prior to the withdrawal, advance or loan that would cause the reduction: Provided, however, That the provisions of paragraphs (g)(1) and (g)(2) of this section do not apply to any futures or securities transaction in the ordinary course of business between a futures commission merchant and any affiliate where the futures commission merchant makes payment to or on behalf of such affiliate for such transaction and then receives payment from such affiliate for such transaction within two business days from the date of the transaction.

(3) Upon receipt of such notice from a futures commission merchant, the Director of the Division of Clearing and Intermediary Oversight or the Director’s designee may require that the futures commission merchant provide or cause a Material Affiliated Person (as that term is defined in §1.14(a)(2)) to provide, within three business days from the date of request or such shorter period as the Division Director or designee may specify, such other information as the Division Director or designee determines to be necessary based upon market conditions, reports provided by the futures commission merchant, or other available information.

(h) Whenever a person registered as a futures commission merchant knows or should know that the total amount of its funds on deposit in segregated accounts on behalf of customers, or that the total amount set aside on behalf of customers trading on non-United States markets, is less than the total amount of such funds required by the Act and the Commission’s rules to be on deposit in segregated or secured amount accounts on behalf of such customers, the registrant must report such deficiency immediately by telephone notice, confirmed immediately in writing by facsimile notice, to the registrant’s designated self-regulatory organization and the principal office of the Commission in Washington, DC, to the attention of the Director and the Chief Accountant of the Division of Clearing and Intermediary Oversight.

(i)(1) Every notice and written report required to be given or filed by this
Commodity Futures Trading Commission

§ 1.14 Risk assessment recordkeeping requirements for futures commission merchants.

(a) Requirement to maintain and preserve information. (1) Each futures commission merchant registered with the Commission pursuant to Section 4d of the Act, unless exempt pursuant to paragraph (d) of this section, shall prepare, maintain and preserve the following information:

(1) An organizational chart which includes the futures commission merchant and each of its affiliated persons. Included in the organizational chart shall be a designation of which affiliated persons are “Material Affiliated Persons” as that term is used in paragraph (a)(2) of this section, which Material Affiliated Persons file routine financial or risk exposure reports with the Securities and Exchange Commission, a federal banking agency, an insurance commissioner or other similar official or agency of a state, or a foreign regulatory authority, and which Material Affiliated Persons are dealers in financial instruments with off-balance sheet risk and, if a Material Affiliated Person is such a dealer, whether it is also an end-user of such instruments;

(2) Written policies, procedures, or systems concerning the futures commission merchant’s:

(A) Method(s) for monitoring and controlling financial and operational risks to it resulting from the activities of any of its affiliated persons;

(B) Financing and capital adequacy, including information regarding
§ 1.14

sources of funding, together with a narrative discussion by management of the liquidity of the material assets of the futures commission merchant, the structure of debt capital, and sources of alternative funding;

(C) Establishing and maintaining internal controls with respect to market risk, credit risk, and other risks created by the futures commission merchant’s proprietary and noncustomer clearing activities, including systems and policies for supervising, monitoring, reporting and reviewing trading activities in securities, futures contracts, commodity options, forward contracts and financial instruments; policies for hedging or managing risks created by trading activities or supervising accounts carried for noncustomer affiliates, including a description of the types of reviews conducted to monitor positions; and policies relating to restrictions or limitations on trading activities. Provided, however, that if the futures commission merchant has no such written policies, procedures or systems, it must so state in writing;

(iii) Fiscal year-end consolidated and consolidating balance sheets for the highest level Material Affiliated Person within the futures commission merchant’s organizational structure, which shall include the futures commission merchant and its other Material Affiliated Persons, prepared in accordance with generally accepted accounting principles, which consolidated balance sheets shall be audited by an independent certified public accountant if an annual audit is performed in the ordinary course of business, but which otherwise may be unaudited, and which shall include appropriate explanatory notes. The consolidating balance sheets may be those prepared by the futures commission merchant’s highest level Material Affiliated Person as part of its internal financial reporting process. Any additional information required to be filed under §1.15(a)(2)(iii) shall also be maintained and preserved.

(2) The determination of whether an affiliated person of a futures commission merchant is a Material Affiliated Person shall involve consideration of all aspects of the activities of, and the relationship between, both entities, including without limitation, the following factors:

(i) The legal relationship between the futures commission merchant and the affiliated person;

(ii) The overall financing requirements of the futures commission merchant and the affiliated person, and the degree, if any, to which the futures commission merchant and the affiliated person are financially dependent on each other;

(iii) The degree, if any, to which the futures commission merchant or its customers rely on the affiliated person for operational support or services in connection with the futures commission merchant’s business;

(iv) The level of market, credit or other risk present in the activities of the affiliated person; and

(v) The extent to which the affiliated person has the authority or the ability to cause a withdrawal of capital from the futures commission merchant.

(3) For purposes of this section and §1.15, the term Material Affiliated Person does not include a natural person.

(4) The information, reports and records required by this section shall be maintained and preserved, and made
Commodity Futures Trading Commission

§ 1.14

readily available for inspection, in accordance with the provisions of §1.31.

(b) Special provisions with respect to Material Affiliated Persons subject to the supervision of certain domestic regulators.

A futures commission merchant shall be deemed to be in compliance with the recordkeeping requirements of paragraphs (a)(1)(i), (a)(1)(iii) and (a)(1)(iv) of this section with respect to a Material Affiliated Person if:

(1) The futures commission merchant is required, or that Material Affiliated Person is required, to maintain and preserve information, or such information is maintained and preserved by the futures commission merchant on behalf of the Material Affiliated Person, pursuant to §240.17h–1T of this title, or such other risk assessment regulations as the Securities and Exchange Commission may adopt, and maintains and makes available for inspection by the Commission in accordance with the provisions of this section copies of the records and reports maintained and filed on Form 17–H (or such other forms or reports as may be required) by such futures commission merchant or its Material Affiliated Person with the Securities and Exchange Commission pursuant to §§240.17h–1T and 240.17h–2T of this title, or such other risk assessment regulations as the Securities and Exchange Commission may adopt;

(2) In the case of a Material Affiliated Person (including a foreign banking organization) that is subject to examination, or the reporting requirements of, a Federal banking agency, the futures commission merchant or such Material Affiliated Person maintains and makes available for inspection by the Commission in accordance with the provisions of this section copies of all reports submitted by such Material Associated Person to the Federal Reserve Board pursuant to section 221 of the Revised Statutes, section 9 of the Federal Reserve Act, section 7(a) of the Federal Deposit Insurance Act, section 10(b) of the Home Owners’ Loan Act, or section 5 of the Bank Holding Company Act of 1956; or

(3) In the case of a Material Affiliated Person that is subject to the supervision of an insurance commissioner or other similar official or agency of a state, the futures commission merchant or such Material Affiliated Person maintains and makes available for inspection by the Commission in accordance with the provisions of this section copies of the annual statements with schedules and exhibits prepared by the Material Affiliated Person on forms prescribed by the National Association of Insurance Commissioners or by a state insurance commissioner.

(c) Special provisions with respect to Material Affiliated Persons subject to the supervision of a Foreign Regulatory Authority.

A futures commission merchant shall be deemed to be in compliance with the recordkeeping requirements of paragraphs (a)(1)(ii) and (a)(1)(iv) of this section with respect to a Material Affiliated Person if such futures commission merchant maintains and makes available, or causes such Material Affiliated Person to make available, for inspection by the Commission in accordance with the provisions of this section copies of any financial or risk exposure reports filed by such Material Affiliated Person with a foreign futures authority or other foreign regulatory authority, provided that: (1) the futures commission merchant agrees to use its best efforts to obtain from the Material Affiliated Person and to cause the Material Affiliated Person to provide, directly or through its foreign futures authority or other foreign regulatory authority, any supplemental information the Commission may request and there is no statute or other bar in the foreign jurisdiction that would preclude the futures commission merchant, the Material Affiliated Person, the foreign futures authority or other foreign regulatory authority from providing such information to the Commission; or (2) the foreign futures authority or other foreign regulatory authority with whom the Material Affiliated Person files such reports has entered into an information-sharing agreement with the Commission which is in effect as of the futures commission merchant’s fiscal year-end and which will allow the Commission to obtain the type of information required herein. The futures commission merchant shall maintain a copy of the original report and a copy translated.
§ 1.14

17 CFR Ch. I (4–1–13 Edition)

into the English language. For the purposes of this section, the term “Foreign Futures Authority” shall have the meaning set forth in section 1a(10) of the Act.

(d) Exemptions. (1) The provisions of this section shall not apply to any futures commission merchant which holds funds or property of or for futures customers of less than $6,250,000 and has less than $5,000,000 in adjusted net capital as of the futures commission merchant’s current fiscal year-end; provided, however, that such futures commission merchant is not a clearing member of an exchange.

(2) The Commission may, upon written application by a Reporting Futures Commission Merchant, exempt from the provisions of this section, other than paragraph (a)(1)(ii) of this section, either unconditionally or on specified terms and conditions, any futures commission merchant affiliated with such Reporting Futures Commission Merchant. The term “Reporting Futures Commission Merchant” shall mean, in the case of a futures commission merchant that is affiliated with another registered futures commission merchant, the futures commission merchant which maintains the greater amount of adjusted net capital as last reported on financial reports filed with the Commission pursuant to §1.10 unless another futures commission merchant is acting as the Reporting Broker or Dealer under §240.17h–2T of this title, or the Commission permits another futures commission merchant to act as the Reporting Futures Commission Merchant. In granting exemptions under this section, the Commission shall consider, among other factors, whether the records required by this section concerning the Material Affiliated Persons of the futures commission merchant affiliated with the Reporting Futures Commission Merchant will be available to the Commission pursuant to this section or §1.15. A request for exemption filed under this paragraph (d)(2) shall explain the basis for the designation of a particular futures commission merchant as the Reporting Futures Commission Merchant and will become effective on the thirtieth day after receipt of such request by the Commission unless the Commission objects to the request by that date.

(3) The Commission may exempt any futures commission merchant from any provision of this section if it finds that the exemption is not contrary to the public interest and the purposes of the provisions from which the exemption is sought. The Commission may grant the exemption subject to such terms and conditions as it may find appropriate.

(e) Location of records. A futures commission merchant required to maintain records concerning Material Affiliated Persons pursuant to this section may maintain those records either at the principal office of the Material Affiliated Person or at a records storage facility, provided that, except as set forth in paragraph (c) of this section, the records are located within the boundaries of the United States and the records are kept and available for inspection in accordance with §1.31. If such records are maintained at a place other than the futures commission merchant’s principal place of business, the Material Affiliated Person or other entity maintaining the records shall file with the Commission a written undertaking, in a form acceptable to the Commission, signed by a duly authorized person, to the effect that the records will be treated as if the futures commission merchant were maintaining the records pursuant to this section and that the entity maintaining the records will permit examination of such records at any time, or from time to time during business hours, by representatives or designees of the Commission and promptly furnish the Commission representative or its designee true, correct, complete and current hard copy of all or any part of such records. The election to maintain records at the principal place of business of the Material Affiliated Person or at a records storage facility pursuant to the provisions of this paragraph shall not relieve the futures commission merchant required to maintain and preserve such records from any of its responsibilities under this section or §1.15.

(f) Confidentiality. All information obtained by the Commission pursuant to the provisions of this section from a futures commission merchant concerning
Commodity Futures Trading Commission

§ 1.15

(a) Reporting requirements with respect to information required to be maintained by § 1.14. (1) Each futures commission merchant registered with the Commission pursuant to Section 4d of the Act, unless exempt pursuant to paragraph (c) of this section, shall file the following with the regional office with which it files periodic financial reports by no later than April 30, 1995, provided that in the case of a futures commission merchant whose registration becomes effective after December 31, 1994, such futures commission merchant shall file the following within 60 calendar days after the effective date of such registration, or by April 30, 1995, whichever comes later:

(i) A copy of the organizational chart maintained by the futures commission merchant pursuant to paragraph (a)(1)(i) of § 1.14. Where there is a material change in information provided, an updated organizational chart shall be filed within sixty calendar days after the end of the fiscal quarter in which the change has occurred; and

(ii) Copies of the financial, operational, and risk management policies, procedures and systems maintained by the futures commission merchant pursuant to paragraph (a)(1)(ii) of § 1.14. If the futures commission merchant has no such written policies, procedures or systems, it must file a statement so indicating. Where there is a material change in information provided, such change shall be reported within sixty calendar days after the end of the fiscal quarter in which the change has occurred.

(2) Each futures commission merchant registered with the Commission pursuant to Section 4d of the Act, unless exempt pursuant to paragraph (c) of this section, shall file the following with the regional office with which it files periodic financial reports within 105 calendar days after the end of each fiscal year or, if a filing is made pursuant to a written notice issued under paragraph (a)(2)(iii) of this section, within the time period specified in the written notice:

(i) Fiscal year-end consolidated and consolidating balance sheets for the highest level Material Affiliated Person within the futures commission merchant’s organizational structure, which shall include the futures commission merchant and its other Material Affiliated Persons, prepared in accordance with generally accepted accounting principles, which consolidated balance sheets shall be audited by an independent certified public accountant if an annual audit is performed in the ordinary course of business, but which otherwise may be unaudited, and which consolidated balance sheets shall include appropriate explanatory notes. The consolidating balance sheets may be those prepared by the futures commission merchant’s highest level Material Affiliated Person as part of its internal financial reporting process;

(g) Implementation schedule. (1) Each futures commission merchant registered as of December 31, 1994 and subject to the requirements of this section shall maintain and preserve the information required by paragraphs (a)(1)(i) and (a)(1)(ii) of this section commencing April 30, 1995 and the information required by paragraphs (a)(1)(iii) and (a)(1)(iv) of this section commencing May 15, 1995 or, if December 31, 1994 is not the futures commission merchant’s fiscal year-end, 135 calendar days following the first fiscal year-end occurring after December 31, 1994.

(2) Each futures commission merchant whose registration becomes effective after December 31, 1994 and is subject to the requirements of this section shall maintain and preserve the information required by paragraphs (a)(1)(i) and (a)(1)(ii) of this section commencing 60 calendar days after registration becomes effective and the information required by paragraphs (a)(1)(iii) and (a)(1)(iv) of this section commencing 105 calendar days following the first fiscal year-end occurring after registration becomes effective.

[59 FR 66688, Dec. 28, 1994]
(i) Fiscal year-end annual consolidated and consolidating income statements and consolidated cash flow statements for the highest level Material Affiliated Person within the futures commission merchant’s organizational structure, which shall include the futures commission merchant and its other Material Affiliated Persons, prepared in accordance with generally accepted accounting principles, which consolidated statements shall be audited by an independent certified public accountant if an annual audit is performed in the ordinary course of business, but which otherwise may be unaudited, and which consolidated statements shall include appropriate explanatory notes. The consolidating statements may be those prepared by the futures commission merchant’s highest level Material Affiliated Person as part of its internal financial reporting process; and

(ii) Upon receiving written notice from any representative of the Commission and within the time period specified in the written notice, such additional information which the Commission determines is necessary for a complete understanding of a particular affiliate’s financial impact on the futures commission merchant’s organizational structure.

(3) For the purposes of this section, the term Material Affiliated Person shall have the meaning used in §1.14.

(4) The reports required to be filed pursuant to paragraphs (a)(1) and (a)(2) of this section shall be considered filed when received by the regional office of the Commission with whom the futures commission files financial reports pursuant to §1.10.

(b) [Reserved]

(c) Exemptions. (1) The provisions of this section shall not apply to any futures commission merchant which holds funds or property of or for futures customers of less than $6,250,000 and has less than $5,000,000 in adjusted net capital as of the futures commission merchant’s fiscal year-end; provided, however, that such futures commission merchant is not a clearing member of an exchange.

(2) The Commission may, upon written application by a Reporting Futures Commission Merchant, exempt from the provisions of this section, other than paragraph (a)(1)(ii) of this section, either unconditionally or on specified terms and conditions, any futures commission merchant affiliated with such Reporting Futures Commission Merchant. The term “Reporting Futures Commission Merchant” shall mean, in the case of a futures commission merchant that is affiliated with another registered futures commission merchant, the futures commission merchant which maintains the greater amount of net capital as last reported on its financial reports filed with the Commission pursuant to §1.10 unless another futures commission merchant is acting as the Reporting Broker or Dealer under §240.17h–2T of this title or the Commission permits another futures commission merchant to act as the Reporting Futures Commission Merchant. In granting exemptions under this section, the Commission shall consider, among other factors, whether the records and other information required to be maintained pursuant to §1.14 concerning the Material Affiliated Persons of the futures commission merchant affiliated with the Reporting Futures Commission Merchant will be available to the Commission pursuant to the provisions of this section. A request for exemption filed under this paragraph (c)(2) shall explain the basis for the designation of a particular futures commission merchant as the Reporting Futures Commission Merchant and will become effective on the thirtieth day after receipt of such request by the Commission unless the Commission objects to the request by that date. The Reporting Futures Commission Merchant must submit the information required by paragraph (a)(1)(ii) of this section on behalf of its affiliated futures commission merchants.

(3) The Commission may exempt any futures commission merchant from any provision of this section if it finds that the exemption is not contrary to the public interest and the purposes of the provisions from which the exemption is sought. The Commission may grant the exemption subject to such terms and conditions as it may find appropriate.

(d) Special provisions with respect to Material Affiliated Persons subject to the
supervision of certain domestic regulators.

(1) In the case of a futures commission merchant which is required to file, or has a Material Affiliated Person which is required to file, Form 17-H (or such other forms or reports as may be required) with the Securities and Exchange Commission pursuant to §240.17h–2T of this title, or such other risk assessment regulations as the Securities and Exchange Commission may adopt, such futures commission merchant shall be deemed to be in compliance with the reporting requirements of paragraphs (a)(1)(i) and (a)(2) of this section if the futures commission merchant furnishes, in accordance with paragraph (a)(2) of this section, a copy of the most recent Form 17-H filed by the futures commission merchant or its Material Affiliated Person with the Securities and Exchange Commission, provided however, that if the futures commission merchant has designated any of its affiliated persons as Material Affiliated Persons for purposes of this section and §1.14 which are not designated as Material Affiliated Persons for purposes of the Form 17-H filed pursuant to §§240.17h–1T and 240.17h–2T of this title, the futures commission must also designate any such affiliated person as a Material Affiliated Person on the organizational chart required as Item 1 of part I of Form 17-H. To comply with paragraphs (a)(1)(i) and (a)(2) of this section with respect to the Material Affiliated Person if:

(i) With respect to a Material Affiliated Person organized as a mutual insurance company or a non-public stock company, the futures commission merchant or such Material Affiliated Person maintains in accordance with §1.14 copies of the annual statements with schedules and exhibits prepared by the Material Affiliated Person on forms prescribed by the National Association of Insurance Commissioners or by a state insurance commissioner; and

(ii) With respect to a Material Affiliated Person organized as a public stock company, the futures commission merchant or such Material Affiliated Person maintains, in addition to the annual statements with schedules and exhibits required to be maintained pursuant to §1.14, copies of the filings made by the Material Affiliated Person pursuant to sections 13 or 15 of the Securities Exchange Act of 1934 and the Investment Company Act of 1940.

(2) In the case of a Material Affiliated Person (including a foreign banking organization) that is subject to examination by, or the reporting requirements of, a Federal banking agency, the futures commission merchant shall be deemed to be in compliance with the reporting requirements of paragraph (a)(2) of this section with respect to such Material Affiliated Person if the futures commission merchant or such Material Affiliated Person maintains in accordance with §1.14 copies of all reports filed by the Material Affiliated Person with the Federal banking agency pursuant to section 5211 of the Revised Statutes, section 9 of the Federal Reserve Act, section 7(a) of the Federal Deposit Insurance Act, section 10(b) of the Home Owners’ Loan Act, or section 5 of the Bank Holding Company Act of 1956.

(3) In the case of a futures commission merchant that has a Material Affiliated Person that is subject to the supervision of an insurance commissioner or other similar official or agency of a state, such futures commission merchant shall be deemed to be in compliance with the reporting requirements of paragraph (a)(2) of this section with respect to the Material Affiliated Person if:

(i) With respect to a Material Affiliated Person organized as a mutual insurance company or a non-public stock company, the futures commission merchant or such Material Affiliated Person maintains in accordance with §1.14 copies of the annual statements with schedules and exhibits prepared by the Material Affiliated Person on forms prescribed by the National Association of Insurance Commissioners or by a state insurance commissioner; and

(ii) With respect to a Material Affiliated Person organized as a public stock company, the futures commission merchant or such Material Affiliated Person maintains, in addition to the annual statements with schedules and exhibits required to be maintained pursuant to §1.14, copies of the filings made by the Material Affiliated Person pursuant to sections 13 or 15 of the Securities Exchange Act of 1934 and the Investment Company Act of 1940.

(4) No futures commission merchant shall be required to furnish to the Commission any examination report of any Federal banking agency or any supervisory recommendations or analyses contained therein with respect to a Material Affiliated Person that is subject to the regulation of a Federal banking agency. All information received by the Commission pursuant to this section concerning a Material Affiliated Person that is subject to examination by or the reporting requirements of a Federal banking agency shall be deemed confidential for the purposes of section 8 of the Act.

(5) The furnishing of any information or documents by a futures commission merchant pursuant to this section
§ 1.16 Qualifications and reports of accountants.

(a) Definitions.—(1) Accountant’s report. The term “accountant’s report,” when used in regard to financial statements and schedules, means a document in which an independent licensed or certified public accountant indicates the scope of the audit (or examination) which he has made and sets forth his opinion regarding the financial statements and schedules taken as a whole or an assertion to the fact that an overall opinion cannot be expressed. When an overall opinion cannot be expressed, the reasons therefore must be stated.

(2) Audit or examination. The terms “audit” and “examination,” when used in regard to financial statements and schedules, mean an examination of the statements and schedules by an accountant in accordance with generally accepted auditing standards for the purposes of expressing an opinion thereon.

(3) Certified. The term “certified,” when used in regard to financial statements and schedules, means audited and reported upon with an opinion expressed by an independent certified
public accountant or independent licensed public accountant.

(4) *Customer.* The term “customer” means customer (as defined in §1.3(k)) and includes a foreign futures or foreign options customer (as defined in §30.1(c) of this chapter).

(b) *Qualifications of accountants.* (1) The Commission will recognize any person as a certified public accountant who is duly registered and in good standing as such under the laws of the place of his residence or principal office. The Commission will recognize any person as a licensed public accountant who was duly licensed on or before December 31, 1970, and is in good standing as such under the laws of the place of his residence or principal office.

(2) The Commission will not recognize any certified public accountant or licensed public accountant as independent who is not in fact independent. For example, an accountant will not be considered independent with respect to any applicant or registrant or any parent, subsidiary, or other affiliate of such applicant or registrant in which, during the period of his professional engagement to examine the financial statements and schedules being reported on or at the date of his report, he or his firm or a member thereof had, or was committed to acquire, any direct financial interest or any material indirect financial interest, or (ii) with which, during the period of his professional engagement to examine the financial statements and schedules being reported on, at the date of his report or during the period covered by the financial statements, he or his firm or a member thereof was connected as a promoter, underwriter, voting trustee, director, officer, or employee, except that a firm will be deemed independent with respect to an applicant or registrant and its affiliates if a former employee or officer of such applicant or registrant or any such affiliate is employed by the firm and such individual has completely disassociated himself from the applicant or registrant and its affiliates and does not participate in auditing financial statements and schedules of the applicant or registrant or its affiliates covering any period of his employment by the accountant or registrant or its affiliates. An accountant will not be considered independent if he or his firm or a member thereof performs manual or automated bookkeeping services or assumes responsibility for maintenance of the accounting records, including accounting classification decisions, of such applicant or registrant or any of its affiliates. For the purposes of this §1.16(b), the term “member” means all partners in the firm and all professional employees participating in the audit or located in the office of the firm participating in a significant portion of the audit.

(3) In determining whether an accountant may in fact not be independent with respect to a particular applicant or registrant, the Commission will give appropriate consideration to all relevant circumstances, including evidence bearing on all relationships between the accountant and that applicant or registrant or any affiliate thereof, and will not confine itself to the relationship existing in connection with the filing of reports with the Commission.

(c) *Accountant’s reports.*—(1) *Technical requirements.* The accountant’s report (i) must be dated, (ii) must be signed manually, (iii) must indicate the city and State where issued and (iv) must identify without detailed enumeration the financial statements covered by the report.

(2) *Representations as to the audit.* The accountant’s report (i) must state whether the audit was made in accordance with generally accepted auditing standards, and (ii) must designate any auditing procedures deemed necessary by the accountant under the circumstances of the particular case which have been omitted and the reasons for their omission. However, nothing in this paragraph (c)(2) shall be construed to imply authority for the omission of any procedure which independent accountants would ordinarily employ in the course of an audit made for the purposes of expressing the opinion required by paragraph (c)(3) of this section.

(3) *Opinion to be expressed.* The accountant’s report must state clearly: (i) The opinion of the accountant with respect to the financial statements and
§ 1.16  17 CFR Ch. I (4–1–13 Edition)

schedules covered by the report and the accounting principles and practices reflected therein and (ii) the opinion of the accountant as to the consistency of the application of the accounting principles, or as to any changes in such principles which have material effect on the financial statements and schedules.

(4) Exceptions. Any matters to which the accountant takes exception must be clearly identified, such exceptions specifically and clearly stated, and to the extent practicable, the effect of each exception on related financial statements and schedules given.

(5) Accountant’s report on material inadequacies. A registrant must file concurrently with the annual audit report a supplemental report by the accountant describing any material inadequacies found to exist or found to have existed since the date of the previous audit. An applicant must file concurrently with the audit report a supplemental report by the accountant describing any material inadequacies found to exist as of the date of the Form 1–FR being filed: Provided, however, That if such applicant is registered with the Securities and Exchange Commission as a securities broker or dealer, and it files (in accordance with §1.10(h)) a copy of its Financial and Operational Combined Uniform Single Report under the Securities Exchange Act of 1934, Part II, Part II A, or Part II CSE, in lieu of Form 1–FR, the accountant’s supplemental report must be made as of the date of such report. The supplemental report must indicate any corrective action taken or proposed by the applicant or registrant in regard thereto. If the audit did not disclose any material inadequacies, the supplemental report must so state.

(d) Audit objectives. (1) The audit must be made in accordance with generally accepted auditing standards and must include a review and appropriate tests of the accounting system, the internal accounting control, and the procedures for safeguarding customer and firm assets in accordance with the provisions of the Act and the regulations thereunder, since the prior examination date. The audit must include all procedures necessary under the circumstances to enable the independent licensed or certified public accountant to express an opinion on the financial statements and schedules. The scope of the audit and review of the accounting system, the internal controls, and procedures for safeguarding customer and firm assets must be sufficient to provide reasonable assurance that any material inadequacies existing at the date of the examination in (i) the accounting system, (ii) the internal accounting controls, and (iii) the procedures for safeguarding customer and firm assets (including, in the case of a futures commission merchant, the segregation requirements of section 4d(a)(2) of the Act and these regulations and the secured amount requirements of the Act and these regulations) will be discovered. Additionally, as specified objectives the audit must include reviews of the practices and procedures followed by the registrant in making (A) periodic computations of the minimum financial requirements pursuant to §1.17 and (B) in the case of a futures commission merchant, daily computations of the segregation requirements of section 4d(a)(2) of the Act and these regulations and the secured amount requirements of the Act and these regulations.

(2) A material inadequacy in the accounting system, the internal accounting controls, the procedures for safeguarding customer and firm assets, and the practices and procedures referred to in paragraph (d)(1) of this section which is to be reported in accordance with paragraph (e)(2) of this section includes any conditions which contributed substantially to or, if appropriate corrective action is not taken, could reasonably be expected to:

(i) Inhibit an applicant or registrant from promptly completing transactions or promptly discharging his responsibilities to customers or other creditors;

(ii) Result in material financial loss;

(iii) Result in material misstatement of the applicant’s or registrant’s financial statements and schedules; or

(iv) Result in violations of the Commission’s segregation or secured amount (in the case of a futures commission merchant), recordkeeping or financial reporting requirements to the
extent that could reasonably be expected to result in the conditions described in paragraph (d)(2)(i), (ii), or (iii) of this section.

(e) Extent and timing of audit procedures. (1) The extent and timing of audit procedures are matters for the independent public accountant to determine on the basis of his review and evaluation of existing internal controls and other audit procedures performed in accordance with generally accepted auditing standards and the audit objectives set forth in paragraph (d) of this section. In determining the extent of testing, consideration must be given to the materiality of an area and to the possible effect on the financial statements and schedules of a material misstatement in a related account.

(2) If during the course of an audit or interim work, the independent public accountant determines that any material inadequacies exist in the accounting system, in the internal accounting control, in the procedures for safeguarding customer or firm assets, or as otherwise defined in paragraph (d) of this section, he must call such inadequacies to the attention of the applicant or registrant, which has the responsibility to give notice to the National Futures Association, the designated self-regulatory organization, if any, and every futures commission merchant carrying or intending to carry customer accounts for the introducing introducing broker, within three (3) business days thereafter. Such report from the accountant must, if the applicant or registrant failed to file a notice, describe the material inadequacies found to exist. If the applicant or registrant filed a notice, the accountant must file a report detailing the aspects, if any, of the applicant’s or registrant’s notice with which the accountant does not agree.

(f)(1) Extension of time for filing audited reports. In the event a registered futures commission merchant or a registered introducing broker finds that it cannot file, without substantial undue hardship, its certified financial statements and schedules for any year within the time specified in §1.10(b)(1)(ii) or §1.10(b)(2)(ii) of this part, as applicable, such registrants may request approval for an extension of time, as follows:

(i) Futures commission merchant registrants. (A) A futures commission merchant may file with its designated self-regulatory organization an application for an extension of time, a copy of which the registrant must file with the Commission. The application shall be approved or denied in writing by the designated self-regulatory organization. The registrant must file immediately with the Commission a copy of any notice it receives from the designated self-regulatory organization to approve or deny the registrant’s request for extension of time. A written notice of approval shall become effective upon the filing by the registrant of a copy with the Commission, and a written notice of denial shall be effective as of the date of the notice.

(B) A futures commission merchant that is registered with the Securities
and Exchange Commission as a securities broker or dealer may file with its designated self-regulatory organization a copy of any application that the registrant has filed with its designated examining authority, pursuant to §240.17–a5(l)(1) of this title, for an extension of time to file audited annual financial statements. The registrant must also file immediately with the designated self-regulatory organization and the Commission copies of any notice it receives from its designated examining authority to approve or deny the requested extension of time. Upon receipt by the designated self-regulatory organization and the Commission of copies of any such notice of approval, the requested extension of time referenced in the notice shall be deemed approved under this paragraph (f)(1)(i).

(C) Any copy that under this paragraph (f)(1)(i) is required to be filed with the Commission shall be filed with the regional office of the Commission with jurisdiction over the state in which the registrant’s principal place of business is located.

(ii) Introducing broker registrants. (A) An introducing broker may file with the National Futures Association an application for extension of time, which shall be approved or denied in writing.

(B) An introducing broker that is registered with the Securities and Exchange Commission as a securities broker or dealer may file with the National Futures Association copies of any application that the registrant has filed with its designated examining authority, pursuant to §240.17–a5(l)(1) of this title, for an extension of time to file audited annual financial statements. The registrant must also file immediately with the National Futures Association copies of any notice it receives from its designated examining authority to approve or deny the requested extension of time. Upon the receipt by the National Futures Association of a copy of any such notice of approval, the requested extension of time referenced in the notice shall be deemed approved under this paragraph (f)(1)(i).

(2) Exemption requests. On the written request of any designated self-regulatory organization or registrant, or on its own motion, the Commission may grant an extension of time or an exemption from any of the certified financial reporting requirements of this chapter either unconditionally or on specified terms and conditions.

(g) Replacement of accountant. (1) In the event (i) the independent public accountant who was previously engaged as the principal accountant to audit an applicant’s or registrant’s financial statements resigns (or indicates he declines to stand for re-election after the completion of the current audit) or is dismissed as the applicant’s or registrant’s principal accountant, (ii) another independent accountant is engaged as principal accountant, or (iii) an independent accountant on whom the principal accountant expresses reliance in his report regarding a subsidiary resigns (or formally indicates he declines to stand for re-election after completion of the current audit) or is dismissed or another independent public accountant is engaged to audit that subsidiary, an applicant shall file written notice of such occurrence with the National Futures Association, and a registrant shall file written notice of such occurrence with the Commission at its principal office in Washington, DC, and with the designated self-regulatory organization, if any, not more than 15 business days after such occurrence.

(2) Such notice must state (i) the date of such resignation (or declination to stand for re-election, dismissal or engagement) and (ii) whether, in connection with the audit of the two most recent fiscal years and any subsequent interim period preceding such resignation, dismissal or engagement, there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statements disclosure, auditing scope or procedures, or compliance with the applicable rules of the Commission, which, if not resolved to the satisfaction of the former accountant, would have caused him to make reference in connection with his report to the subject matter of the disagreements (if so, describe such disagreements). The disagreements required to be reported in this paragraph (g)(2) include both those resolved to the former
accountant’s satisfaction and those not resolved to the former accountant’s satisfaction. Disagreements contemplated by this paragraph (g)(2) are those which occur at the decision-making level, i.e., between personnel of the applicant or registrant responsible for presentation of its financial statements and schedules and personnel of the accounting firm responsible for rendering its report. The notice must also state whether the accountant’s report on the financial statements and schedules for any of the past two years contained an adverse opinion or a disclaimer of opinion or was qualified as to uncertainties, audit scope, or accounting principles (if so, describe the nature of each such adverse opinion, disclaimer of opinion, or qualification).

An applicant must also request the former accountant to furnish the applicant with a letter addressed to the National Futures Association, and a registrant must also request the former accountant to furnish the registrant with a letter addressed to the Commission, stating whether he agrees with the statements contained in the notice of the applicant or registrant and, if not, stating the respects in which he does not agree. Each copy of the notice and accountant’s letter must be manually signed by the sole proprietor or a general partner or a duly authorized corporate officer of the applicant or registrant, as appropriate, and by the accountant.

(3) If (i) within the 24 months prior to the date of the most recent audited financial statement, a notice has been filed pursuant to paragraph (g)(1) of this section reporting a change of accountants, (ii) included in such filing there is a reported disagreement on any matters of accounting principles or practices, financial statements disclosure, auditing scope, or noncompliance with the applicable rules of the Commission, (iii) during the fiscal year in which the change in accountants took place or during the subsequent fiscal year, there have been any transactions or events similar to those which involved a reported disagreement, and (iv) such transactions or events are material and were accounted for or disclosed in a manner different from that which the former accountant apparently would have concluded was required, the existence and nature of the disagreements and also the effect on the financial statements must be stated in a written notice to the National Futures Association, in the case of an applicant, or to the Commission at its principal office in Washington, DC, and the designated self-regulatory organization, if any, in the case of a registrant, if the method which the former accountant apparently would have concluded was required had been followed. These disclosures need not be made if the method asserted by the former accountant ceases to be generally accepted because of authoritative standards or interpretations subsequently issued. The notice required by this paragraph (g)(3) must be filed by the applicant or registrant concurrently with the financial statements and schedules to which it pertains.

(h) Exemption for introducing broker or applicant therefor. The provisions of this section do not apply to an introducing broker which is operating pursuant to a guarantee agreement, nor do such provisions apply to an applicant for registration as an introducing broker who files concurrently with such application a guarantee agreement, provided such introducing broker or applicant therefor is not also a securities broker or dealer.
risk margin requirement for positions carried by the futures commission merchant in customer accounts and non-customer accounts.

(C) The amount of adjusted net capital required by a registered futures association of which it is a member; or

(D) For securities brokers and dealers, the amount of net capital required by Rule 15c3-1(a) of the Securities and Exchange Commission (17 CFR 240.15c3-1(a)).

(ii) [Reserved]

(iii) Except as provided in paragraph (a)(2) of this section, each person registered as an introducing broker must maintain adjusted net capital equal to or in excess of the greatest of:

(A) $45,000;
(B) The amount of adjusted net capital required by a registered futures association of which it is a member; or
(C) For securities brokers and dealers, the amount of net capital required by Rule 15c3-1(a) of the Securities and Exchange Commission (17 CFR 240.15c3-1(a)).

(2)(i) The requirements of paragraph (a)(1) of this section shall not be applicable if the registrant is a member of a designated self-regulatory organization and conforms to minimum financial standards and related reporting requirements set by such designated self-regulatory organization in its bylaws, rules, regulations or resolutions approved by the Commission pursuant to section 4f(b) of the Act and § 1.52.

(ii) The minimum requirements of paragraph (a)(1)(ii) of this section shall not be applicable to an introducing broker which elects to meet the alternative adjusted net capital requirement for introducing brokers by operation pursuant to a guarantee agreement which meets the requirements set forth in § 1.10(j). Such an introducing broker shall be deemed to meet the adjusted net capital requirement under this section so long as such agreement is binding and in full force and effect, and, if the introducing broker is also a securities broker or dealer, it maintains the amount of net capital required by Rule 15c3-1(a) of the Securities and Exchange Commission (17 CFR 240.15c3-1(a)).

(3) No person applying for registration as a futures commission merchant or as an introducing broker shall be so registered unless such person affirmatively demonstrates to the satisfaction of the National Futures Association that it complies with the financial requirements of this section. Each registrant must be in compliance with this section at all times and must be able to demonstrate such compliance to the satisfaction of the Commission or the designated self-regulatory organization.

(4) A futures commission merchant who is not in compliance with this section, or is unable to demonstrate such compliance as required by paragraph (a)(3) of this section, must transfer all customer accounts and immediately cease doing business as a futures commission merchant until such time as the firm is able to demonstrate such compliance: Provided, however, The registrant may trade for liquidation purposes only unless otherwise directed by the Commission and/or the designated self-regulatory organization: And, Provided further, That if such registrant immediately demonstrates to the satisfaction of the Commission or the designated self-regulatory organization the ability to achieve compliance, the Commission or the designated self-regulatory organization may in its discretion allow such registrant up to a maximum of 10 business days in which to achieve compliance without having to transfer accounts and cease doing business as required above. Nothing in this paragraph (a)(4) shall be construed as preventing the Commission or the designated self-regulatory organization from taking action against a registrant for non-compliance with any of the provisions of this section.

(5) An introducing broker who is not in compliance with this section, or is unable to demonstrate such compliance as required by paragraph (a)(3) of this section, must immediately cease doing business as an introducing broker until such time as the registrant is able to demonstrate such compliance: Provided, however, That if such registrant immediately demonstrates to the satisfaction of the Commission or the designated self-regulatory organization the ability to achieve compliance, the Commission or
the designated self-regulatory organization may in its discretion allow such registrant up to a maximum of 10 business days in which to achieve compliance without having to cease doing business as required above. If the introducing broker is required to cease doing business in accordance with this paragraph (a)(5), the introducing broker must immediately notify each of its customers and the futures commission merchants carrying the account of each customer that it has ceased doing business. Nothing in this paragraph (a)(5) shall be construed as preventing the Commission or the designated self-regulatory organization from taking action against a registrant for non-compliance with any of the provisions of this section.

(b) For the purposes of this section:

(1) Where the applicant or registrant has an asset or liability which is defined in Securities Exchange Act Rule 15c3–1 (§240.15c3–1 of this title) the inclusion or exclusion of all or part of such asset or liability for the computation of adjusted net capital shall be in accordance with §240.15c3–1 of this title, unless specifically stated otherwise in this section.

(2) Customer means customer (as defined in §1.3(k)), option customer (as defined in §1.3(jj) and in §32.1(c) of this chapter), cleared over the counter customer (as defined in §1.17(b)(10)), and includes a foreign futures, foreign options customer (as defined in §30.1(c) of this chapter).

(3) Proprietary account means an account in which commodity futures, options or cleared over the counter derivative positions are carried on the books of the applicant or registrant itself, or for general partners in the applicant or registrant.

(4) Noncustomer account means an account in which commodity futures, options or cleared over the counter derivative positions are carried on the books of the applicant or registrant which is either:

(i) An account that is not included in the definition of customer (as defined in §1.17(b)(2)) or proprietary account (as defined in §1.17(b)(3)), or

(ii) An account for a foreign-domiciled person trading futures or options on a foreign board of trade, and such account is a proprietary account as defined in §1.3(y) of this title, but is not a proprietary account as defined in §1.17(b)(3).

(5) Clearing organization means clearing organization (as defined in §1.3(d)) and includes a clearing organization of any board of trade.

(6) Business day means any day other than a Sunday, Saturday, or holiday.

(7) Customer account means an account in which commodity futures, options or cleared over the counter derivative positions are carried on the books of the applicant or registrant which is either:

(i) An account that is included in the definition of customer (as defined in §1.17(b)(2)), or

(ii) An account for a foreign-domiciled person trading on a foreign board of trade, where such account for the foreign-domiciled person is not a proprietary account (as defined in §1.17(b)(3)) or a noncustomer account (as defined in §1.17(b)(4)(ii)).

(8) Risk margin for an account means the level of maintenance margin or performance bond required for the customer or noncustomer positions by the applicable exchanges or clearing organizations, and, where margin or performance bond is required only for accounts at the clearing organization, for purposes of the FCM’s risk-based capital calculations applying the same margin or performance bond requirements to customer and noncustomer positions in accounts carried by the FCM, subject to the following.

(i) Risk margin does not include the equity component of short or long option positions maintained in an account;

(ii) The maintenance margin or performance bond requirement associated with a long option position may be excluded from risk margin to the extent that the value of such long option position does not reduce the total risk maintenance or performance bond requirement of the account that holds the long option position;

(iii) The risk margin for an account carried by a futures commission merchant which is not a member of the exchange or the clearing organization that requires collection of such margin
should be calculated as if the futures commission merchant were such a member; and

(iv) If a futures commission merchant does not possess sufficient information to determine what portion of an account’s total margin requirement represents risk margin, all of the margin required by the exchange or the clearing organization that requires collection of such margin for that account, shall be treated as risk margin.

(b) Cleared over the counter derivative positions means “over the counter derivative instrument” (as defined in 12 U.S.C. 4421) positions of any person in accounts carried on the books of the futures commission merchant and cleared by any organization permitted to clear such instruments under the laws of the relevant jurisdiction.

(c) Definitions: For the purposes of this section:

(1) Net capital means the amount by which current assets exceed liabilities. In determining “net capital”:

(i) Unrealized profits shall be added and unrealized losses shall be deducted in the accounts of the applicant or registrant, including unrealized profits and losses on fixed price commitments and forward contracts;

(ii) All long and all short positions in commodity options which are traded on a contract market and listed security options shall be marked to their market value and all long and all short securities and commodities positions shall be marked to their market value;

(iii) The value attributed to any commodity option which is not traded on a contract market shall be the difference between the option’s strike price and the market value for the commodity or futures contract which is the subject of the option. In the case of a call commodity option which is not traded on a contract market, if the market value for the commodity or futures contract which is the subject of the option is more than the strike price of the option, it shall be given no value; and

(iv) The value attributed to any unlisted security option shall be the difference between the option’s exercise value or striking value and the market value of the underlying security. In the case of an unlisted call, if the market value of the underlying security is less than the exercise value or striking value of such call, it shall be given no value; and, in the case of an unlisted put, if the market value of the underlying security is more than the exercise value or striking value of the unlisted put, it shall be given no value.

(2) The term current assets means cash and other assets or resources commonly identified as those which are reasonably expected to be realized in cash or sold during the next 12 months. “Current assets” shall:

(i) Exclude any unsecured commodity futures or option account containing a ledger balance and open trades, the combination of which liquidates to a deficit or containing a debit ledger balance only: Provided, however, Deficits or debit ledger balances in unsecured customers’, non-customers’, and proprietary accounts, which are the subject of calls for margin or other required deposits may be included in current assets until the close of business on the business day following the date on which such deficit or debit ledger balance originated providing that the account had timely satisfied, through the deposit of new funds, the previous day’s debit or deficits, if any, in its entirety.

(ii) Exclude all unsecured receivables, advances and loans except for:

(A) Receivables resulting from the marketing of inventories commonly associated with the business activities of the applicant or registrant and advances on fixed price purchases commitments: Provided, Such receivables or advances are outstanding no longer than 3 calendar months from the date that they are accrued.
(B) Interest receivable, floor brokerage receivable, commissions receivable from other brokers or dealers (other than syndicate profits), mutual fund concessions receivable and management fees receivable from registered investment companies and commodity pools: Provided, Such receivables are outstanding no longer than thirty (30) days from the date they are due; and dividends receivable outstanding no longer than thirty (30) days from the payable date;

(C) Receivables from clearing organizations and securities clearing organizations;

(D) Receivables from registered futures commission merchants or brokers, resulting from commodity futures or option transactions, except those specifically excluded under paragraph (c)(2)(i) of this section;

(E) Insurance claims which arise from a reportable segment of the applicant’s or registrant’s overall business activities, as defined in generally accepted accounting principles, other than in the commodity futures, commodity option, security and security option segments of the applicant’s or registrant’s business activities which are not outstanding more than 3 calendar months after the date they are recorded as a receivable;

(F) All other insurance claims not subject to paragraph (c)(2)(i)(E) of this section, which are not older than seven (7) business days from the date the loss giving rise to the claim is discovered; insurance claims which are not older than twenty (20) business days from the date the loss giving rise to the claim is discovered and which are covered by an opinion of outside counsel that the claim is valid and is covered by insurance policies presently in effect; insurance claims which are older than twenty (20) business days from the date the loss giving rise to the claim is discovered and which are covered by an opinion of outside counsel that the claim is valid and is covered by insurance policies presently in effect and which have been acknowledged in writing by the insurance carrier as due and payable: Provided, Such claims are not outstanding longer than twenty (20) business days from the date they are so acknowledged by the carrier;

(iii) Exclude all prepaid expenses and deferred charges;

(iv) Exclude all inventories except for:

(A) Readily marketable spot commodities; or spot commodities which “adequately collateralize” indebtedness under paragraph (c)(7) of this section;

(B) Securities which are considered “readily marketable” (as defined in §240.15c3–1(c)(11) of this title) or which “adequately collateralize” indebtedness under paragraph (c)(7) of this section;

(C) Work in process and finished goods which result from the processing of commodities at market value;

(D) Raw materials at market value which will be combined with spot commodities to produce a finished processed commodity; and

(E) Inventories held for resale commonly associated with the business activities of the applicant or registrant;

(v) Include fixed assets and assets which otherwise would be considered noncurrent to the extent of any long-term debt adequately collateralized by assets acquired for use in the ordinary course of the trade or business of an applicant or registrant and any other long-term debt adequately collateralized by assets of the applicant or registrant if the sole recourse of the creditor for nonpayment of such liability is to such asset: Provided, Such liabilities are not excluded from liabilities in the computation of net capital under paragraph (c)(4)(vi) of this section;

(vi) Exclude all assets doubtful of collection or realization less any reserves established therefor;

(vii) Include, in the case of future income tax benefits arising as a result of unrealized losses, the amount of such benefits not exceeding the amount of income tax liabilities accrued on the books and records of the applicant or registrant, but only to the extent such benefits could have been applied to reduce accrued tax liabilities on the date of the capital computation, had the related unrealized losses been realized on that date;

(viii) Include guarantee deposits with clearing organizations and stock in
clearing organizations to the extent of its margin value;

(ix) In the case of an introducing broker or an applicant for registration as an introducing broker, include 50 percent of the value of a guarantee or security deposit with a futures commission merchant which carries or intends to carry accounts for the customers of the introducing broker; and

(x) Exclude exchange memberships.

(3) A loan or advance or any other form of receivable shall not be considered “secured” for the purposes of paragraph (c)(2) of this section unless the following conditions exist:

(i) The receivable is secured by readily marketable collateral which is otherwise unencumbered and which can be readily converted into cash: Provided, however, That the receivable will be considered secured only to the extent of the market value of such collateral after application of the percentage deductions specified in paragraph (c)(5) of this section; and

(ii) (A) The readily marketable collateral is in the possession or control of the applicant or registrant; or

(B) The applicant or registrant has a legally enforceable, written security agreement, signed by the debtor, and has a perfected security interest in the readily marketable collateral within the meaning of the laws of the State in which the readily marketable collateral is located.

(4) The term liabilities means the total money liabilities of an applicant or registrant arising in connection with any transaction whatsoever, including economic obligations of an applicant or registrant that are recognized and measured in conformity with generally accepted accounting principles. “Liabilities” also include certain deferred credits that are not obligations but that are recognized and measured in conformity with generally accepted accounting principles. For the purposes of computing “net capital”, the term “liabilities”:

(i) Excludes liabilities of an applicant or registrant which are subordinated to the claims of all general creditors of the applicant or registrant pursuant to a satisfactory subordination agreement, as defined in paragraph (h) of this section; and

(ii) Excludes, in the case of a futures commission merchant, the amount of money, securities and property due to commodity futures or option customers which is held in segregated accounts in compliance with the requirements of the Act and these regulations: Provided, however, That such exclusion may be taken only if such money, securities and property held in segregated accounts have been excluded from current assets in computing net capital;

(iii) Includes, in the case of an applicant or registrant who is a sole proprietor, the excess of liabilities which have not been incurred in the course of business as a futures commission merchant or as an introducing broker over assets not used in the business;

(iv) Excludes the lesser of any deferred income tax liability related to the items in paragraphs (c)(4)(i) (A), (B), and (C) below, or the sum of paragraphs (c)(4)(i) (A), (B), and (C) below:

(A) The aggregate amount resulting from applying to the amount of the deductions computed in accordance with paragraph (c)(5) of this section the appropriate Federal and State tax rate(s) applicable to any unrealized gain on the asset on which the deduction was computed;

(B) Any deferred tax liability related to income accrued which is directly related to an asset otherwise deducted pursuant to this section;

(C) Any deferred tax liability related to unrealized appreciation in value of any asset(s) which has been otherwise excluded from current assets in accordance with the provisions of this section;

(v) Excludes any current tax liability related to income accrued which is directly related to an asset otherwise deducted pursuant to this section; and

(vi) Excludes liabilities which would be classified as long term in accordance with generally accepted accounting principles to the extent of the net book value of plant, property and equipment which is used in the ordinary course of any trade or business of the applicant or registrant which is a reportable segment of the applicant’s or registrant’s overall business activities, as defined in generally accepted accounting principles, other than in...
the commodity futures, commodity option, security and security option segments of the applicant's or registrant's business activities: Provided, That such plant, property and equipment is not included in current assets pursuant to paragraph (c)(2)(v) of this section.

(5) The term "adjusted net capital" means net capital less:

(i) The amount by which any advances paid by the applicant or registrant on cash commodity contracts and used in computing net capital exceeds 95 percent of the market value of the commodities covered by such contracts;

(ii) In the case of all inventory, fixed price commitments and forward contracts, the applicable percentage of the net position specified below:

(A) Inventory which is currently registered as deliverable on a contract market and covered by an open futures contract or by a commodity option on a physical commodity—No charge.

(B) Inventory which is covered by an open futures contract or commodity option.—5 percent of the market value.

(C) Inventory which is not covered.—20 percent of the market value.

(D) Inventory and forward contracts in those foreign currencies that are purchased or sold for future delivery on or subject to the rules of a contract market, and which are covered by an open futures contract.—No charge.

(E) Inventory and forward contracts in euros, British pounds, Canadian dollars, Japanese yen, or Swiss francs, and which are not covered by an open futures contract or commodity option.—6 percent of the market value.

(F) Fixed price commitments (open purchases and sales) and forward contracts which are covered by an open futures contract or commodity option.—10 percent of the market value.

(G) Fixed price commitments (open purchases and sales) and forward contracts which are not covered by an open futures contract or commodity option.—20 percent of the market value.

(iii)-(iv) [Reserved]

(v) In the case of securities and obligations used by the applicant or registrant in computing net capital, and in the case of a futures commission merchant with securities in segregation pursuant to section 4(d)(2) of the Act and the regulations in this chapter which were not deposited by customers, the percentages specified in Rule 240.15c3-1(c)(2)(vi) of the Securities and Exchange Commission (17 CFR 240.15c3-1(c)(2)(vi)) ("securities haircuts") and 100 percent of the value of "nonmarketable securities" as specified in Rule 240.15c3-1(c)(2)(vii) of the Securities and Exchange Commission (17 CFR 240.15c3-1(c)(2)(vii));

(vi) In the case of securities options and/or other options for which a haircut has been specified for the option or for the underlying instrument in §240.15c3-1 appendix A of this title, the treatment specified in, or under, §240.15c3-1 appendix A, after effecting certain adjustments to net capital for listed and unlisted options as set forth in such appendix;

(vii) In the case of an applicant or registrant who has open contractual commitments, as hereinafter defined, the deductions specified in §240.15c3-1(c)(2)(viii) of this title;

(viii) In the case of a futures commission merchant, for undermargined customer commodity futures accounts and commodity option customer accounts the amount of funds required in each such account to meet maintenance margin requirements of the applicable board of trade or if there are no such maintenance margin requirements, clearing organization margin requirements applicable to such positions, after application of calls for margin or other required deposits which are outstanding three business days or less. If there are no such maintenance margin requirements or clearing organization margin requirements, then the amount of funds required to provide margin equal to the amount necessary after application of calls for margin or other required deposits which are outstanding three business days or less to restore original margin when the original margin has been depleted by 50 percent or more: Provided, To the extent a deficit is excluded from current assets in accordance with paragraph (c)(2)(i) of this section such amount shall not also be deducted under this paragraph (c)(5)(viii). In the event that an owner of a customer account has deposited an
asset other than cash to margin, guarantee or secure his account, the value attributable to such asset for purposes of this subparagraph shall be the lesser of (A) the value attributable to the asset pursuant to the margin rules of the applicable board of trade, or (B) the market value of the asset after application of the percentage deductions specified in this paragraph (c)(5);

(ix) In the case of a futures commission merchant, for undermargined commodity futures and commodity option noncustomer and omnibus accounts the amount of funds required in each such account to meet maintenance margin requirements of the applicable board of trade or if there are no such maintenance margin requirements, clearing organization margin requirements applicable to such positions, after application of calls for margin or other required deposits which are outstanding two business days or less. If there are no such maintenance margin requirements, clearing organization margin requirements applicable to such positions, after application of calls for margin or other required deposits which are outstanding two business days or less. If there are no such maintenance margin requirements, clearing organization margin requirements applicable to such positions, after application of calls for margin or other required deposits which are outstanding two business days or less, then the amount of funds required to provide margin equal to the amount necessary after application of calls for margin or other required deposits outstanding two business days or less to restore original margin when the original margin has been depleted by 50 percent or more: Provided, To the extent a deficit is excluded from current assets in accordance with paragraph (c)(2)(i) of this section such amount shall not also be deducted under this paragraph (c)(5)(ix). In the event that an owner of a noncustomer or omnibus account has deposited an asset other than cash to margin, guarantee or secure his account the value attributable to such asset for purposes of this subparagraph shall be the lesser of (A) the value attributable to such asset pursuant to the margin rules of the applicable board of trade, or (B) the market value of such asset after application of the percentage deductions specified in this paragraph (c)(5);

(x) In the case of open futures contracts or cleared OTC derivative positions and granted (sold) commodity options held in proprietary accounts carried by the applicant or registrant which are not covered by a position held by the applicant or registrant or which are not the result of a “changer trade” made in accordance with the rules of a contract market:

(A) For an applicant or registrant which is a clearing member of a clearing organization for the positions cleared by such member, the applicable margin requirement of the applicable clearing organization;

(B) For an applicant or registrant which is a member of a self-regulatory organization 150 percent of the applicable maintenance margin requirement of the applicable board of trade, or clearing organization, whichever is greater;

(C) For all other applicants or registrants, 200 percent of the applicable maintenance margin requirements of the applicable board of trade or clearing organization, whichever is greater;

or

(D) For open contracts or granted (sold) commodity options for which there are no applicable maintenance margin requirements, 200 percent of the applicable initial margin requirement: Provided, The equity in any such proprietary account shall reduce the deduction required by this paragraph (c)(5)(x) if such equity is not otherwise includable in adjusted net capital;

(xi) In the case of an applicant or registrant which is a purchaser of a commodity option not traded on a contract market which has value and such value is used to increase adjusted net capital, ten percent of the market value of the commodity or futures contract which is the subject of such option but in no event more than the value attributed to such option;

(xii) In the case of an applicant or registrant which is a purchaser of a commodity option which is traded on a contract market the same safety factor as if the applicant or registrant were the grantor of such option in accordance with paragraph (c)(5)(x) of this section, but in no event shall the safety factor be greater than the market value attributed to such option;

(xiii) Five percent of all unsecured receivables includable under paragraph (c)(2)(ii)(D) of this section used by the applicant or registrant in computing “net capital” and which are not due from:
(A) A registered futures commission merchant;
(B) A broker or dealer that is registered as such with the Securities and Exchange Commission; or
(C) A foreign broker that has been granted comparability relief pursuant to §30.10 of this chapter, Provided, however, that the amount of the unsecured receivable not subject to the five percent capital charge is no greater than 150 percent of the current amount required to maintain futures and option positions in accounts with the foreign broker, or 100 percent of such greater amount required to maintain futures and option positions in the accounts at any time during the previous six-month period, and Provided, that, in the case of the foreign futures or foreign options secured amount, as §1.3(rr) defines such term, such account is treated in accordance with the special requirements of the applicable Commission order issued under §30.10 of this chapter.

(xiv) For securities brokers and dealers, all other deductions specified in §240.15c3–1 of this title.

(6) Election of alternative capital deductions that have received approval of Securities and Exchange Commission pursuant to §240.15c3–1(a)(7) of this title.

(i) Any futures commission merchant that is also registered with the Securities and Exchange Commission as a securities broker or dealer, and who also satisfies the other requirements of this paragraph (c)(6), may elect to compute its adjusted net capital using the alternative capital deductions that, under §240.15c3–1(a)(7) of this title, the Securities and Exchange Commission has approved by written order. To the extent that a futures commission merchant is permitted by the Securities and Exchange Commission to use alternative capital deductions for its unsecured receivables from over-the-counter derivatives transactions; by paragraph (c)(5)(ii) of this section for its proprietary positions in forward contracts; by paragraph (c)(5)(v) of this section for its proprietary positions in securities; and by paragraph (c)(5)(x) of this section for its proprietary positions in futures contracts.

(ii) Notifications of election or of changes to election. (A) No election to use the alternative market risk and credit risk deductions referenced in paragraph (c)(6)(i) of this section shall be effective unless and until the futures commission merchant has filed with the Commission, addressed to the Director of the Division of Clearing and Intermediary Oversight, a notice that is to include a copy of the approval order of the Securities and Exchange Commission referenced in paragraph (c)(6)(i) of this section, and to include also a statement that identifies the amount of tentative net capital below which the futures commission merchant is required to provide notice to the Securities and Exchange Commission, and which also provides the following information: a list of the categories of positions that the futures commission merchant holds in its proprietary accounts, and, for each such category, a description of the methods that the futures commission merchant will use to calculate its deductions for market risk and credit risk, and also, if calculated separately, deductions for specific risk; a description of the value at risk (VaR) models to be used for its market risk and credit risk deductions, and an overview of the integration of the models into the internal risk management control system of the futures commission merchant; a description of how the futures commission merchant will determine internal credit ratings of counterparties and internal credit risk weights of counterparties, if applicable; and a description of the estimated effect of the alternative market risk and credit risk deductions on the amounts reported by the futures commission merchant.
commission merchant as net capital and adjusted net capital.

(B) A futures commission merchant must also, upon the request of the Commission at any time, supplement the statement described in paragraph (c)(6)(ii)(A) of this section, by providing any other explanatory information regarding the computation of its alternative market risk and credit risk deductions as the Commission may require at its discretion.

(C) A futures commission merchant must also file the following supplemental notices with the Director of the Division and Clearing and Intermediary Oversight:

(1) A notice advising that the Securities and Exchange Commission has imposed additional or revised conditions for the approval evidenced by the order referenced in paragraph (c)(6)(i) of this section, and which describes the new or revised conditions in full, and

(2) A notice which attaches a copy of any approval by the Securities and Exchange Commission of amendments that a futures commission merchant has requested for its application, filed under 17 CFR 240.15c3–1e, to use alternative market risk and credit risk deductions approved by the Securities and Exchange Commission.

(D) A futures commission merchant may voluntarily change its election to use the alternative market risk and credit risk deductions referenced in paragraph (c)(6)(i) of this section, by filing with the Director of the Division of Clearing and Intermediary Oversight a written notice specifying a future date as of which it will no longer use the alternative market risk and credit risk deductions, and will instead compute such deductions in accordance with the requirements otherwise applicable under paragraph (c)(2)(ii) of this section for unsecured receivables from over-the-counter derivatives transactions; by paragraph (c)(5)(ii) of this section for proprietary positions in forward contracts; by paragraph (c)(5)(v) of this section for proprietary positions in securities; and by paragraph (c)(5)(x) of this section for proprietary positions in futures contracts, upon the occurrence of any of the following:

(A) The Securities and Exchange Commission revokes its approval of the market risk and credit risk deductions for such futures commission merchant;

(B) A futures commission merchant fails to come into compliance with its filing requirements under this paragraph (c)(6), after having received from the Director of the Division of Clearing and Intermediary Oversight written notification that the firm is not in compliance with its filing requirements, and must cease using alternative capital deductions permitted under this paragraph (c)(6) if it has not come into compliance by a date specified in the notice; or

(C) The Commission by written order finds that permitting the futures commission merchant to continue to use such alternative market risk and credit risk deductions is no longer necessary or appropriate for the protection of customers of the futures commission merchant or of the integrity of the futures or options markets.

(iv) Additional filing requirements. Any futures commission merchant that elects to use the alternative market risk and credit risk deductions referenced in paragraph (c)(6)(i) of this section must file with the Commission, in addition to the filings required by paragraph (c)(6)(ii) of this section, copies of any and all of the following documents, at such time as the originals are filed with the Securities and Exchange Commission:

(A) Information that the futures commission merchant files on a monthly basis with its designated examining authority or the Securities and Exchange Commission, whether by
Commodity Futures Trading Commission

§ 1.17

way of schedules to its FOCUS reports or by other filings, in satisfaction of 17 CFR 240.17a–5(a)(5)(i);

(B) The quarterly reports required by 17 CFR 240.17a–5(a)(5)(ii);

(C) The supplemental annual filings as required by 17 CFR 240.17a–9(k);

(D) Any notification to the Securities and Exchange Commission or the futures commission merchant’s designated examining authority of planned withdrawals of excess net capital; and

(E) Any notification that the futures commission merchant is required to file with the Securities and Exchange Commission when its tentative net capital is below an amount specified by the Securities and Exchange Commission.

(7) Liabilities are “adequately collateralized” when, pursuant to a legally enforceable written instrument, such liabilities are secured by identified assets that are otherwise unencumbered and the market value of which exceeds the amount of such liabilities.

(8) The term contractual commitments shall include underwriting, when issued, when distributed, and delayed delivery contracts; and the writing or endorsement of security puts and calls and combinations thereof; but shall not include uncleared regular way purchases and sales of securities. A series of contracts of purchase or sale of the same security, conditioned, if at all, only upon issuance, may be treated as an individual commitment.

(d) Each applicant or registrant shall have equity capital (inclusive of satisfactory subordination agreements which qualify under this paragraph (d) as equity capital) of not less than 30 percent of the debt-equity total, provided, an applicant or registrant may be exempted from the provisions of this paragraph (d) for a period not to exceed 90 days or for such longer period which the Commission may, upon application of the applicant or registrant, grant in the public interest or for the protection of investors. For the purposes of this paragraph (d):

(1) Equity capital means a satisfactory subordination agreement entered into by a partner or stockholder or limited liability company member which has an initial term of at least 3 years and has a remaining term of not less than 12 months if:

(i) It does not have any of the provisions for accelerated maturity provided for by paragraphs (h)(2) (ix)(A), (x)(A), or (x)(B) of this section, or the provisions allowing for special prepayment provided for by paragraph (h)(2)(vii)(B) of this section, and is maintained as capital subject to the provisions restricting the withdrawal thereof required by paragraph (e) of this section; or

(ii) The partnership agreement provides that capital contributed pursuant to a satisfactory subordination agreement as defined in paragraph (h) of this section shall in all respects be partnership capital subject to the provisions restricting the withdrawal thereof required by paragraph (e) of this section, and

(A) In the case of a corporation, the sum of its par or stated value of capital stock, paid in capital in excess of par, retained earnings, unrealized profit and loss, and other capital accounts.

(B) In the case of a partnership, the sum of its capital accounts of partners (inclusive of such partners’ commodities, options and securities accounts subject to the provisions of paragraph (e) of this section), and unrealized profit and loss.

(C) In the case of a sole proprietorship, the sum of its capital accounts of the sole proprietorship and unrealized profit and loss.

(D) In the case of a limited liability company, the sum of its capital accounts of limited liability company members, and unrealized profit and loss.

(2) Debt-equity total means equity capital as defined in paragraph (d)(1) of this section plus the outstanding principal amount of satisfactory subordination agreements.

(e) No equity capital of the applicant or registrant or a subsidiary’s or affiliate’s equity capital consolidated pursuant to paragraph (f) of this section, whether in the form of capital contributions by partners (including amounts in the commodities, options and securities trading accounts of partners which are treated as equity capital but excluding amounts in such
trading accounts which are not equity capital and excluding balances in limited partners' capital accounts in excess of their stated capital contributions, par or stated value of capital stock, paid-in capital in excess of par or stated value, retained earnings or other capital accounts, may be withdrawn by action of a stockholder or partner or limited liability company member or by redemption or repurchase of shares of stock by any of the consolidated entities or through the payment of dividends or any similar distribution, nor may any unsecured advance or loan be made to a stockholder, partner, sole proprietor, limited liability company member, or employee if, after giving effect thereto and to any other such withdrawals, advances or payments of payment obligations (as defined in paragraph (h) of this section) under satisfactory subordination agreements and any payments of liabilities excluded pursuant to paragraph (c)(4)(vi) of this section which are scheduled to occur within six months following such withdrawal, advance or loan:

(1) Either adjusted net capital of any of the consolidated entities would be less than the greatest of:
   (i) 120 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(ii)(A) of this section;
   (ii) For a futures commission merchant or applicant therefor, 120 percent of the amount required by paragraph (a)(1)(i)(B) of this section;

(2) In the case of any applicant or registrant included within such consolidation, if equity capital of the applicant or registrant (inclusive of satisfactory subordination agreements which qualify as equity under paragraph (d) of this section) would be less than 30 percent of the required debt-equity total as defined in paragraph (d) of this section.

Provided, That this paragraph (e) shall not preclude an applicant or registrant from making required tax payments or preclude the payment to partners of reasonable compensation. The Commission may, upon application of the applicant or registrant, grant relief from this paragraph (e) if the Commission deems it to be in the public interest or for the protection of nonproprietary accounts:

(f)(1) Every applicant or registrant, in computing its net capital pursuant to this section must, subject to the provisions of paragraphs (f)(2) and (f)(4) of this section, consolidate in a single computation, assets and liabilities of any subsidiary or affiliate for which it guarantees, endorses, or assumes directly or indirectly the obligations or liabilities. The assets and liabilities of a subsidiary or affiliate whose liabilities and obligations have not been guaranteed, endorsed, or assumed directly or indirectly by the applicant or registrant may also be so consolidated if an opinion of counsel is obtained as provided for in paragraph (f)(2) of this section.

(f)(2)(i) If the consolidation, provided for in paragraph (f)(1) of this section, of any such subsidiary or affiliate results in the increase of the applicant's or registrant's adjusted net capital or decreases the minimum adjusted net capital requirement, and an opinion of counsel called for in paragraph (f)(2)(ii) of this section has not been obtained, such benefits shall not be recognized in the applicant's or registrant's computation required by this section.

(f)(2)(ii) Except as provided for in paragraph (f)(2)(i) of this section, consolidation shall be permitted with respect to any subsidiaries or affiliates which are majority owned and controlled by the applicant or registrant, and for which the applicant can demonstrate to the satisfaction of the National Futures Association, or for which the registrant can demonstrate to the satisfaction of the Commission and the designated self-regulatory organization, that the net asset values or the portion thereof related to the parent's ownership interest in the subsidiary or affiliate, may
be caused by the applicant or registrant or an appointed trustee to be distributed to the applicant or registrant within 30 calendar days. Such opinion must also set forth the actions necessary to cause such a distribution to be made, identify the parties having the authority to take such actions, identify and describe the rights of other parties or classes of parties, including but not limited to customers, general creditors, subordinated lenders, minority shareholders, employees, litigants, and governmental or regulatory authorities, who may delay or prevent such a distribution and such other assurances as the National Futures Association, the Commission or the designated self-regulatory organization by rule or interpretation may require. Such opinion must be current and periodically renewed in connection with the applicant’s or registrant’s annual audit pursuant to §1.10 or upon any material change in circumstances.

(3) In preparing a consolidated computation of adjusted net capital pursuant to this section, the following minimum and non-exclusive requirements shall be observed:

(i) Consolidated adjusted net capital shall be reduced by the estimated amount of any tax reasonably anticipated to be incurred upon distribution of the assets of the subsidiary or affiliate.

(ii) Liabilities of a consolidated subsidiary or affiliate which are subordinated to the claims of present and future creditors pursuant to a satisfactory subordination agreement shall be deducted from consolidated adjusted net capital unless such subordination extends also to the claims of present or future creditors of the parent applicant or registrant and all consolidated subsidiaries.

(iii) Subordinated liabilities of a consolidated subsidiary or affiliate which are consolidated in accordance with paragraph (f)(3)(ii) of this section may not be prepaid, repaid, or accelerated if any of the entities included in such consolidation would otherwise be unable to comply with the provisions of paragraph (h) of this section.

(iv) Each applicant or registrant included within the consolidation shall at all times be in compliance with the adjusted net capital requirement to which it is subject.

(4) No applicant or registrant shall guarantee, endorse, or assume directly or indirectly any obligation or liability of a subsidiary or affiliate unless the obligation or liability is reflected in the computation of adjusted net capital pursuant to this section except as provided in paragraph (f)(2)(i) of this section.

(g)(1) The Commission may by order restrict, for a period up to twenty business days, any withdrawal by a futures commission merchant of equity capital, or any unsecured advance or loan to a stockholder, partner, limited liability company member, sole proprietor, employee or affiliate, if:

(i) Such withdrawal, advance or loan would cause, when aggregated with all other withdrawals, advances or loans during a 30 calendar day period from the futures commission merchant or a subsidiary or affiliate of the futures commission merchant consolidated pursuant to §1.17(f) (or 17 CFR 240.15c3-1e), a net reduction in excess adjusted net capital (or, if the futures commission merchant is qualified to use the filing option available under §1.10(h), excess net capital as defined in the rules of the Securities and Exchange Commission) of 30 percent or more, and

(ii) The Commission, based on the facts and information available, concludes that any such withdrawal, advance or loan may be detrimental to the financial integrity of the futures commission merchant, or may unduly jeopardize its ability to meet customer obligations or other liabilities that may cause a significant impact on the markets.

(2) The futures commission merchant may file with the Secretary of the Commission a written petition to request rescission of the order issued under paragraph (g)(1) of this section. The petition filed by the futures commission merchant must specify the facts and circumstances supporting its request for rescission. The Commission shall respond in writing to deny the futures commission merchant’s petition for rescission, or, if the Commission determines that the order issued under paragraph (g)(1) of this section should
§ 1.17

not remain in effect, the order shall be rescinded.

(h) The term satisfactory subordination agreement ("subordination agreement") means an agreement which contains the minimum and nonexclusive requirements set forth below.

(1) Certain definitions for purposes of this section:

(i) A subordination agreement may be either a subordinated loan agreement or a secured demand note agreement.

(ii) The term subordinated loan agreement means the agreement or agreements evidencing or governing a subordinated borrowing of cash.

(iii) The term "collateral value" of any securities pledged to secure a secured demand note means the market value of such securities after giving effect to the percentage deductions specified in Rule 240.15c3-1d(a)(2)(iii) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(a)(2)(iii)).

(iv) The term payment obligation means the obligation of an applicant or registrant in respect to any subordination agreement:

(A) To repay cash loaned to the applicant or registrant pursuant to a subordinated loan agreement; or

(B) To return a secured demand note contributed to the applicant or registrant or to reduce the unpaid principal amount thereof and to return cash or securities pledged as collateral to secure the secured demand note; and

(C) "Payment" shall mean the performance by an applicant or registrant of a payment obligation.

(v)(A) The term secured demand note agreement means an agreement (including the related secured demand note) evidencing or governing the contribution of a secured demand note to an applicant or registrant and the pledge of securities and/or cash with the applicant or registrant as collateral to secure payment of such secured demand note. The secured demand note agreement may provide that neither the lender, his heirs, executors, administrators, or assigns shall be personally liable on such note and that in the event of default the applicant or registrant shall look for payment of such note solely to the collateral then pledged to secure the same.

(B) The secured demand note shall be a promissory note executed by the lender and shall be payable on the demand of the applicant or registrant to which it is contributed: Provided, however, That the making of such demand may be conditioned upon the occurrence of any of certain events which are acceptable to the designated self-regulatory organization and the Commission.

(C) If such note is not paid upon presentation and demand as provided for therein, the applicant or registrant shall have the right to liquidate all or any part of the securities then pledged as collateral to secure payment of the same and to apply the net proceeds of such liquidation, together with any cash then included in the collateral, in payment of such note. Subject to the prior rights of the applicant or registrant as pledgee, the lender, as defined in paragraph (h)(i)(v)(F) of this section may retain ownership of the collateral and have the benefit of any increases and bear the risks of any decreases in the value of the collateral and may retain the right to vote securities contained within the collateral and any right to income therefrom or distributions thereon, except the applicant or registrant shall have the right to receive and hold as pledgee all dividends payable in securities and all partial and complete liquidating dividends.

(D) Subject to the prior rights of the applicant or registrant as pledgee, the lender may have the right to direct the sale of any securities included in the collateral, to direct the purchase of securities with any cash included therein, to withdraw excess collateral or to substitute cash or other securities as collateral: Provided, That the net proceeds of any such sale and the cash so substituted and the securities so purchased or substituted are held by the applicant or registrant as pledgee, and are included within the collateral to secure payment of the secured demand note: And provided further, That no such transaction shall be permitted, if, after giving effect thereto, the sum of the amount of any cash, plus the collateral value of the securities, then pledged as collateral to secure the secured demand note would be less than
Commodity Futures Trading Commission

§ 1.17

the unpaid principal amount of the secured demand note.

(E) Upon payment by the lender, as distinguished from a reduction by the lender which is provided for in paragraph (h)(2)(vi)(C) of this section or reduction by the applicant or registrant as provided for in paragraph (h)(2)(vi) of this section, of all or any part of the unpaid principal amount of the secured demand note, the applicant or registrant shall issue to the lender a subordinated loan agreement in the amount of such payment (or in the case of an applicant or registrant that is a partnership, credit a capital account of the lender), or issue preferred or common stock of the applicant or registrant in the amount of such payment, or any combination of the foregoing, as provided for in the secured demand note agreement.

(F) The term lender means the person who lends cash to an applicant or registrant pursuant to a subordinated loan agreement and the person who contributes a secured demand note to an applicant or registrant pursuant to a secured demand note agreement.

(2) Minimum requirements for subordination agreements:

(i) Subject to paragraph (h)(1) of this section, a subordination agreement shall mean a written agreement between the applicant or registrant and the lender, which:

(A) Has a minimum term of 1 year, except for temporary subordination agreements provided for in paragraph (h)(3)(v) of this section, and

(B) Is a valid and binding obligation enforceable in accordance with its terms (subject as to enforcement to applicable bankruptcy, insolvency, reorganization, moratorium, and other similar laws) against the applicant or registrant and the lender and their respective heirs, executors, administrators, successors, and assigns.

(ii) Specific amount. All subordination agreements shall be for a specific dollar amount which shall not be reduced for the duration of the agreement except by installments as specifically provided for therein and except as otherwise provided in this paragraph (h)(2) of this section.

(iii) Effective subordination. The subordination agreement shall effectively subordinate any right of the lender to receive any payment with respect thereto, together with accrued interest or compensation, to the prior payment or provision for payment in full of all claims of all present and future creditors of the applicant or registrant arising out of any matter occurring prior to the date on which the related payment obligation matures, except for claims which are the subject of subordination agreements which rank on the same priority as or junior to the claim of the lender under such subordination agreements.

(iv) Proceeds of subordinated loan agreements. The subordinated loan agreement shall provide that the cash proceeds thereof shall be used and dealt with by the applicant or registrant as part of its capital and shall be subject to the risks of the business.

(v) Certain rights of the borrower. The subordination agreement shall provide that the applicant or registrant shall have the right to:

(A) Deposit any cash proceeds of a subordinated loan agreement and any cash pledged as collateral to secure a secured demand note in an account or accounts in its own name in any bank or trust company;

(B) Pledge, repledge, hypothecate and rehypothecate, any or all of the securities pledged as collateral to secure a secured demand note, without notice, separately or in common with other securities or property for the purpose of securing any indebtedness of the applicant or registrant; and

(C) Lend to itself or others any or all of the securities and cash pledged as collateral to secure a secured demand note.

(vi) Collateral for secured demand notes. Only cash and securities which are fully paid for and which may be publicly offered or sold without registration under the Securities Act of 1933, and the offer, sale, and transfer of which are not otherwise restricted, may be pledged as collateral to secure a secured demand note. The secured demand note agreement shall provide that if at any time the sum of the amount of any cash, plus the collateral value of any securities, then pledged as
collateral to secure the secured demand note is less than the unpaid principal amount of the secured demand note, the applicant or registrant must immediately transmit written notice to that effect to the lender. The secured demand note agreement shall also provide that if the borrower is an applicant, such notice must also be transmitted immediately to the National Futures Association, and if the borrower is a registrant, such notice must also be transmitted immediately to the designated self-regulatory organization, if any, and the Commission. The secured demand note agreement shall also require that following such transmittal:

(A) The lender, prior to noon of the business day next succeeding the transmittal of such notice, may pledge as collateral additional cash or securities sufficient, after giving effect to such pledge, to bring the sum of the amount of any cash plus the collateral value of any securities, then pledged as collateral to secure the secured demand note, up to an amount not less than the unpaid principal amount of the secured demand note; and

(B) Unless additional cash or securities are pledged by the lender as provided in paragraph (h)(2)(vi)(A) above, the applicant or registrant at noon on the business day next succeeding the transmittal of notice to the lender must commence sale, for the account of the lender, of such of the securities then pledged as collateral to secure the secured demand note and apply so much of the net proceeds thereof, together with such of the cash then pledged as collateral to secure the secured demand note as may be necessary to eliminate the unpaid principal amount of the secured demand note: Provided, however, That the unpaid principal amount of the secured demand note need not be reduced below the sum of the amount of any remaining cash, plus the collateral value of the remaining securities, then pledged as collateral to secure the secured demand note. The applicant or registrant may not purchase for its own account any securities subject to such a sale; and

(C) The secured demand note agreement may also provide that, in lieu of the procedures specified in the provisions required by paragraph (h)(2)(vi)(B) of this section, the lender, with the prior written consent of the applicant and the National Futures Association, or with the prior written consent of the registrant and the designated self-regulatory organization or, if the registrant is not a member of a designated self-regulatory organization, the Commission, may reduce the unpaid principal amount of the secured demand note: Provided, That after giving effect to such reduction the adjusted net capital of the applicant or registrant would not be less than the greatest of:

(I) 120 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(ii)(A) of this section;

(2) For a futures commission merchant or applicant therefor, 120 percent of the amount required by paragraph (a)(1)(i)(B) of this section;

(3) 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member; or

(4) For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1d(b)(6)(iii) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(b)(6)(iii)): Provided, further, That no single secured demand note shall be permitted to be reduced by more than 15 percent of its original principal amount and after such reduction no excess collateral may be withdrawn.

(vii) Permissive prepayments and special prepayments. (A) An applicant or registrant at its option, but not at the option of the lender, may, if the subordination agreement so provides, make a payment of all or any portion of the payment obligation thereunder prior to the scheduled maturity date of such payment obligation (hereinafter referred to as a “prepayment”), but in no event may any prepayment be made before the expiration of one year from the date such subordination agreement became effective: Provided, however, That the foregoing restriction shall not apply to temporary subordination agreements which comply with the provisions of paragraph (h)(3)(v) of this
section nor shall it apply to “special prepayments” made in accordance with the provisions of paragraph (h)(2)(vii)(B) of this section. No prepayment shall be made if, after giving effect thereto (and to all payments of payment obligations under any other subordination agreements then outstanding, the maturity or accelerated maturities of which are scheduled to fall due within six months after the date such prepayment is to occur pursuant to this provision), the adjusted net capital of the applicant or registrant is less than the greatest of:

1. 120 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(iii)(A) of this section;
2. For a futures commission merchant or applicant therefor, 120 percent of the amount required by paragraph (a)(1)(i)(B) of this section;
3. 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member; or
4. For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1d(c)(5)(ii) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(c)(5)(ii)).

Provided, however, That no special prepayment shall be made if pre-tax losses during the latest three-month period were greater than 15 percent of current excess adjusted net capital.

(C)(1) Notwithstanding the provisions of paragraphs (h)(2)(vii)(A) and (h)(2)(vii)(B) of this section, in the case of an applicant, no prepayment or special prepayment shall occur without the prior written approval of the National Futures Association; in the case of a registrant, no prepayment or special prepayment shall occur without the prior written approval of the designated self-regulatory organization, if any, or of the Commission if the registrant is not a member of a self-regulatory organization.

(C)(2) A registrant may make a prepayment or special prepayment without the prior written approval of the designated self-regulatory organization: Provided, that the registrant: Is a securities broker or dealer registered with the Securities and Exchange Commission; files a request to make a prepayment or special prepayment with its applicable securities designated examining authority, as defined in Rule 15c3-1(e)(12) of the Securities and Exchange Commission (17 CFR 240.15c3-
1(c)(12)), in the form and manner prescribed by the designated examining authority; files a copy of the prepayment request or special prepayment request with the designated self-regulatory organization at the time it files such request with the designated examining authority in the form and manner prescribed by the designated self-regulatory organization; and files a copy of the designated examining authority’s approval of the prepayment or special prepayment with the designated self-regulatory organization immediately upon receipt of such approval. The approval of the prepayment or special prepayment by the designated examining authority will be deemed approval by the designated self-regulatory organization, unless the designated self-regulatory organization notifies the registrant that the designated examining authority’s approval shall not constitute designated self-regulatory organization approval.

(3) The designated self-regulatory organization shall immediately provide the Commission with a copy of any notice of approval issued where the requested prepayment or special prepayment will result in the reduction of the registrant’s net capital by 20 percent or more or the registrant’s excess adjusted net capital by 30 percent or more.

(viii) Suspended repayment. (A) The payment obligation of the applicant or registrant in respect of any subordination agreement shall be suspended and shall not mature if, after giving effect to payment of such payment obligation (and to all payments of payment obligations of the applicant or registrant under any other subordination agreement(s) then outstanding which are scheduled to mature on or before such payment obligation), the adjusted net capital of the applicant or registrant would be less than the greatest of:

(1) 120 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(iii)(A) of this section;

(2) For a futures commission merchant or applicant therefor, 120 percent of the amount required by paragraph (a)(1)(i)(B) of this section;

(3) 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member; or

(4) For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1d(b)(8)(i) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(b)(8)(i)): Provided, That the subordination agreement may provide that if the payment obligation of the applicant or registrant thereunder does not mature and is suspended as a result of the requirement of this paragraph (h)(2)(viii) for a period of not less than six months, the applicant or registrant shall then commence the rapid and orderly liquidation of its business, but the right of the lender to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of this section.

(B) [Reserved]

(ix) Accelerated maturity. Obligation to repay to remain subordinate:

(A) Subject to the provisions of paragraph (h)(2)(viii) of this section, a subordination agreement may provide that the lender may, upon prior written notice to the applicant and the National Futures Association, or upon prior written notice to the registrant and the designated self-regulatory organization or, if the registrant is not a member of a designated self-regulatory organization, the Commission, given not earlier than six months after the effective date of such subordination agreement, accelerate the date on which the payment obligation of the borrower, together with accrued interest or compensation, is scheduled to mature to a date not earlier than six months after giving of such notice, but the right of the lender to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of this paragraph (h)(2) of this section.

(B) Notwithstanding the provisions of paragraph (h)(2)(viii) of this section, the payment obligation of the applicant or registrant with respect to a subordination agreement, together with accrued interest or compensation, shall mature in the event of any receivership, insolvency, liquidation pursuant to the Securities Investor Protection Act of 1970 or otherwise,
bankruptcy, assignment for the benefit of creditors, reorganization whether or not pursuant to the bankruptcy laws, or any other marshalling of the assets and liabilities of the applicant or registrant, but the right of the lender to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of paragraph (h)(2) of this section.

(x) Accelerated maturity of subordination agreements on event of default and event of acceleration. Obligation to repay to remain subordinate:

(A) A subordination agreement may provide that the lender may, upon prior written notice to the applicant and the National Futures Association, or upon prior written notice to the registrant and the designated self-regulatory organization or, if the registrant is not a member of a designated self-regulatory organization, the Commission, of the occurrence of any event of acceleration (as hereinafter defined) given no sooner than six months after the effective date of such subordination agreement, accelerate the date on which the payment obligation of the applicant or registrant, together with accrued interest or compensation, is scheduled to mature, to the last business day of a calendar month which is not less than six months after notice of acceleration is received by the applicant and by the National Futures Association, or by the registrant and the designated self-regulatory organization or, if the registrant is not a member of a designated self-regulatory organization, the Commission. Any subordination agreement containing such events of acceleration may also provide that, if upon such accelerated maturity date the payment obligation of the applicant or registrant is suspended as required by paragraph (h)(2)(viii) of this section and liquidation of the applicant or registrant has not commenced on or prior to such accelerated maturity date, notwithstanding paragraph (h)(2)(viii) of this section, the payment obligation of the applicant or registrant with respect to such subordination agreement shall mature on the day immediately following such accelerated maturity date and in any such event the payment obligations of the applicant or registrant with respect to all other subordination agreements then outstanding shall also mature at the same time but the rights of the respective lenders to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of paragraph (h)(2) of this section. Events of acceleration which may be included in a subordination agreement complying with this paragraph (h)(2)(x) of this section shall be limited to:

(B) Notwithstanding the provisions of paragraph (h)(2)(viii) of this section, a subordination agreement may provide that, if liquidation of the business of the applicant or registrant shall also mature at the same time but the rights of the respective lenders to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of paragraph (h)(2) of this section. Events of acceleration which may be included in a subordination agreement complying with this paragraph (h)(2)(x) of this section shall be limited to:

(1) Failure to pay interest or any installment of principal on a subordination agreement as scheduled; 

(2) Failure to pay when due other money obligations of a specified material amount; 

(3) Discovery that any material, specified representation or warranty of the applicant or registrant which is included in the subordination agreement and on which the subordination agreement was based or continued was inaccurate in a material respect at the time made; 

(4) Any specified and clearly measurable event which is included in the subordination agreement and which the lender and the applicant or registrant agree, (a) is a significant indication that the financial position of the applicant or registrant has changed materially and adversely from agreed upon specified norms; or (b) could materially and adversely affect the ability of the applicant or registrant to conduct its business as conducted on the date the subordination agreement was made; or (c) is a significant change in the senior management of the applicant or registrant or in the general business conducted by the applicant or registrant from that obtained on the date the subordination agreement became effective; 

(5) Any continued failure to perform agreed covenants included in the subordination agreement relating to the conduct of the business of the applicant or registrant or relating to the maintenance and reporting of its financial position; and 

(B) Notwithstanding the provisions of paragraph (h)(2)(viii) of this section, a subordination agreement may provide that, if liquidation of the business of
§ 1.17

the applicant or registrant has not already commenced, the payment obligation of the applicant or registrant shall mature, together with accrued interest or compensation, upon the occurrence of an event of default (as hereinafter defined). Such agreement may also provide that, if liquidation of the business of the applicant or registrant has not already commenced, the rapid and orderly liquidation of the business of the applicant or registrant shall then commence upon the happening of an event of default. Any subordination agreement which so provides for maturity of the payment obligation upon the occurrence of an event of default shall also provide that the date on which such event of default occurs shall, if liquidation of the applicant or registrant has not already commenced, be the date on which the payment obligation of the applicant or registrant with respect to all other subordination agreements then outstanding shall mature but the rights of the respective lenders to receive payment, together with accrued interest or compensation, shall remain subordinate as required by the provisions of paragraph (h)(2) of this section. Events of default which may be included in a subordination agreement shall be limited to:

(1) The making of an application by the Securities Investor Protection Corporation for a decree adjudicating that customers of the applicant or registrant are in need of protection under the Securities Investor Protection Act of 1970 and the failure of the applicant or registrant to obtain the dismissal of such application within 30 days;

(2) Failure to meet the minimum capital requirements of the designated self-regulatory organization, or of the Commission, throughout a period of 15 consecutive business days, commencing on the day the borrower first determines and notifies the designated self-regulatory organization, if any, of which he is a member and the Commission, in the case of a registrant, or the National Futures Association, in the case of an applicant, or commencing on the day any self-regulatory organization, the Commission or the National Futures Association first determines and notifies the applicant or registrant of such fact;

(3) The Commission shall revoke the registration of the applicant or registrant;

(4) The self-regulatory organization shall suspend (and not reinstate within 10 days) or revoke the applicant or registrant’s status as a member thereof;

(5) Any receivership, insolvency, liquidation pursuant to the Securities Investor Protection Act of 1970 or otherwise, bankruptcy, assignment for the benefit of creditors, reorganization whether or not pursuant to bankruptcy laws, or any other marshalling of the assets and liabilities of the applicant or registrant. A subordination agreement which contains any of the provisions permitted by this subparagraph (2)(x) shall not contain the provision otherwise permitted by paragraph (h)(2)(ix)(A) of this section.

(3) Miscellaneous provisions—

(i) Prohibited cancellation. The subordination agreement shall not be subject to cancellation by either party; no payment shall be made with respect thereto and the agreement shall not be terminated, rescinded or modified by mutual consent or otherwise if the effect thereof would be inconsistent with the requirements of paragraph (h) of this section.

(ii) Notice of maturity or accelerated maturity. Every applicant or registrant shall immediately notify the National Futures Association, and the registrant shall immediately notify the designated self-regulatory organization, the Commission if, after giving effect to all payments of payment obligations under subordination agreements then outstanding which are then due or mature within the following six months without reference to any projected profit or loss of the applicant or registrant, its adjusted net capital would be less than:

(A) 120 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(iii)(A) of this section;

(B) For a futures commission merchant or applicant therefor, 120 percent of the amount required by paragraph (a)(1)(i)(B) of this section;

(C) 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member; or
(D) For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1d(c)(2) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(c)(2)).

(iii) Certain legends. If all the provisions of a satisfactory subordination agreement do not appear in a single instrument, then the debenture or other evidence of indebtedness shall bear on its face an appropriate legend stating that it is issued subject to the provisions of a satisfactory subordination agreement which shall be adequately referred to and incorporated by reference.

(iv) Legal title to securities. All securities pledged as collateral to secure a secured demand note must be in bearer form, or registered in the name of the applicant or registrant or the name of its nominee or custodian.

(v) Temporary subordinations. To enable an applicant or registrant to participate as an underwriter of securities or undertake other extraordinary activities and remain in compliance with the adjusted net capital requirements of this section, an applicant or registrant shall be permitted, on no more than three occasions in any 12-month period, to enter into a subordination agreement on a temporary basis which has a stated term of no more than 45 days from the date the subordination agreement became effective: Provided, That this temporary relief shall not apply to any applicant or registrant if the adjusted net capital of the applicant or registrant is less than the greatest of:

(A) 120 percent of the appropriate minimum dollar amount required by paragraphs (a)(1)(i)(A) or (a)(1)(iii)(A) of this section;

(B) For a futures commission merchant or applicant therefor, 120 percent of the amount required by paragraph (a)(1)(i)(B) of this section;

(C) 120 percent of the amount of adjusted net capital required by a registered futures association of which it is a member;

(D) For an applicant or registrant which is also a securities broker or dealer, the amount of net capital specified in Rule 15c3-1d(c)(5)(i) of the Securities and Exchange Commission (17 CFR 240.15c3-1d(c)(5)(i)); or

(E) The amount of equity capital as defined in paragraph (d) of this section is less than the limits specified in paragraph (d) of this section. Such temporary subordination agreement shall be subject to all the other provisions of this section.

(vi) Filing. An applicant shall file a signed copy of any proposed subordination agreement (including nonconforming subordination agreements) with the National Futures Association at least ten days prior to the proposed effective date of the agreement or at such other time as the National Futures Association for good cause shall accept such filing. A registrant that is not a member of any designated self-regulatory organization shall file two signed copies of any proposed subordination agreement (including nonconforming subordination agreements) with the regional office of the Commission nearest the principal place of business of the registrant at least ten days prior to the proposed effective date of the agreement or at such other time as the Commission for good cause shall accept such filing. A registrant that is a member of a designated self-regulatory organization shall file signed copies of any proposed subordination agreement (including nonconforming subordination agreements) with the designated self-regulatory organization in such quantities and at such time as the designated self-regulatory organization may require prior to the effective date. The applicant or registrant shall also file with said parties a statement setting forth the name and address of the lender, the business relationship of the lender to the applicant or registrant and whether the applicant or registrant carried funds or securities for the lender at or about the time the proposed agreement was so filed. A proposed agreement filed by an applicant with the National Futures Association shall be reviewed by the National Futures Association, and no such agreement shall be a satisfactory subordination agreement for the purposes of this section unless and until the National Futures Association has found the agreement acceptable and such agreement has become effective in
the form found acceptable. A proposed agreement filed by a registrant shall be reviewed by the designated self-regulatory organization with whom such an agreement is required to be filed prior to its becoming effective or, if the registrant is not a member of any designated self-regulatory organization, by the regional office of the Commission where the agreement is required to be filed prior to its becoming effective. No proposed agreement shall be a satisfactory subordination agreement for the purposes of this section unless and until the designated self-regulatory organization or, if a registrant is not a member of any designated self-regulatory organization, the Commission, has found the agreement acceptable and such agreement has become effective in the form found acceptable: Provided, however, That a proposed agreement shall be a satisfactory subordination agreement for purpose of this section if the registrant: is a securities broker or dealer registered with the Securities and Exchange Commission; files signed copies of the proposed subordination agreement with the applicable securities designated examining authority, as defined in Rule 15c3-1(c)(12) of the Securities and Exchange Commission (17 CFR 240.15c3-1(c)(12)), in the form and manner prescribed by the designated examining authority; files signed copies of the proposed subordination agreement with the designated self-regulatory organization at the time it files such copies with the designated examining authority in the form and manner prescribed by the designated self-regulatory organization; and files a copy of the designated examining authority’s approval of the proposed subordination agreement with the designated self-regulatory organization immediately upon receipt of such approval. The designated examining authority’s determination that the proposed subordination agreement satisfies the requirements for a satisfactory subordination agreement will be deemed a like finding by the designated self-regulatory organization, unless the designated self-regulatory organization notifies the registrant that the designated examining authority’s determination shall not constitute a like finding by

(vii) Subordination agreements that incorporate adjusted net capital requirements in effect prior to September 30, 2004. Any subordination agreement that incorporates the adjusted net capital requirements in paragraphs (h)(2)(vi)(C)(2), (h)(2)(vii)(A)(2) and (B)(2), (h)(2)(viii)(A)(2), (h)(3)(ii)(B), and (h)(3)(v)(B) of this section, as in effect prior to September 30, 2004, and which has been deemed to be satisfactorily subordinated pursuant to this section prior to September 30, 2004, shall continue to be deemed a satisfactory subordination agreement until the maturity of such agreement. In the event, however, that such agreement is amended or renewed for any reason, then such agreement shall not be deemed a satisfactory subordination agreement unless the amended or renewed agreement meets the requirements of this section.

(4) A designated self-regulatory organization and the Commission may allow debt with a maturity date of 1 year or more to be treated as meeting the provisions of this paragraph (h): Provided, (i) Such exemption shall only be given when the registrant’s adjusted net capital is less than the minimum required by this section or by the capital rule of the designated self-regulatory organization to which such registrant is subject;

(ii) That such debt did not exist prior to its use under this paragraph (h)(4);

(iii) Such exemption shall be for a period of 30 days or such lesser period as the designated self-regulatory organization to which such registrant is subject;

(iv) Such exemption shall not be allowed more than once in any 12 month period and;

(v) At all times during such exemption the registrant shall make a good faith effort to comply with the provisions of this section or the capital rule of the designated self-regulatory organization to which such registrant is subject exclusive of any benefits derived from this paragraph (h)(4).

(i) [Reserved]

(j) For the purposes of this section cover is defined as follows:
(1) **General definition.** Cover shall mean transactions or positions in a contract for future delivery on a board of trade or a commodity option where such transactions or positions normally represent a substitute for transactions to be made or positions to be taken at a later time in a physical marketing channel, and where they are economically appropriate to the reduction of risks in the conduct and management of a commercial enterprise, and where they arise from:

(i) The potential change in the value of assets which a person owns, produces, manufactures, processes, or merchandises or anticipates owning, producing, manufacturing, processing, or merchandising.

(ii) The potential change in the value of liabilities which a person owes or anticipates incurring, or

(iii) The potential change in the value of services which a person provides, purchases or anticipates providing or purchasing. Notwithstanding the foregoing, no transactions or positions shall be classified as cover for the purposes of this section unless their purpose is to offset price risks incidental to commercial cash or spot operations and such positions are established and liquidated in accordance with sound commercial practices and unless the provisions of paragraphs (j)(1) and (j)(3) of this section have been satisfied.

(2) **Enumerated cover transactions.** The definition of covered transactions and positions in paragraph (j)(1) of this section includes, but is not limited to, the following specific transactions and positions:

(i) Ownership or fixed-price purchase of any commodity which does not exceed in quantity (A) the sales of the same commodity for future delivery on a board of trade or (B) the purchase of a put commodity option of the same commodity for which the market value for the actual commodity or futures contract which is the subject of the option is more than the strike price of the option: Provided, That for purposes of paragraph (c)(5)(x) of this section the market value for the actual commodity or futures contract which is the subject of such option need not be more than the strike price of that option;

(ii) Fixed-price sale of any commodity which does not exceed in quantity (A) the purchase of the same commodity for future delivery on a board of trade or (B) the purchase of a call commodity option of the same commodity for which the market value for the actual commodity or futures contract which is the subject of such option is more than the strike price of the option or (C) ownership of a commodity option position established by the sale (grant) of a put commodity option of the same commodity for which the market value for the actual commodity or futures contract which is the subject of the option is less than the strike price of the option: Provided, That for purposes of paragraph (c)(5)(x) of this section the market value for the actual commodity or futures contract which is the subject of such option need not be less than the strike price of that option; and

(iii) Ownership or fixed-price contracts of a commodity described in paragraphs (j)(2)(i) and (j)(2)(ii) of this section may also be covered other than by the same quantity of the same cash commodity, provided that the fluctuations in value of the position for future delivery or commodity option are substantially related to the fluctuations in value of the actual position.

(3) **Nonenumerated cases.** Upon specific request, the Commission may recognize transactions and positions other than those enumerated in paragraph (j)(2) of this section as cover in amounts and under the terms and conditions as it may specify. Any applicant or registrant who wishes to avail itself of the provisions of this paragraph (j)(3) must apply to the Commission in writing at its principal office in Washington, DC giving full details of the transaction including detailed information which will demonstrate that the transaction is economically appropriate to the reduction of risk exposure attendant to
§ 1.18 Records for and relating to financial reporting and monthly computation by futures commission merchants and introducing brokers.

(a) No person shall be registered as a futures commission merchant or as an introducing broker under the Act unless, commencing on the date his application for such registration is filed, he prepares and keeps current ledgers or other similar records which show or summarize, with appropriate references to supporting documents, each transaction affecting his asset, liability, income, expense and capital accounts, and in which (except as otherwise permitted in writing by the Commission) all his asset, liability and capital accounts are classified into either the account classification subdivisions specified on Form 1–FR–FCM or Form 1–FR–IB, respectively, or, if such person is registered with the Securities and Exchange Commission as a securities broker or dealer and he files (in accordance with § 1.10(h)) a copy of his Financial and Operational Combined Uniform Single Report under the Securities Exchange Act of 1934, Part II, Part IIA, or Part II CSE (FOCUS report) in accordance with the requirements of § 1.10(b) will be deemed to have satisfied the requirements of paragraph (b)(1) of this section for such month.

(b)(1) Each applicant or registrant must make and keep as a record in accordance with § 1.31 formal computations of its adjusted net capital and of its minimum financial requirements pursuant to § 1.17 or the requirements of the designated self-regulatory organization to which it is subject as of the close of business each month. Such computations must be completed and made available for inspection by any representative of the National Futures Association, in the case of an applicant, or of the Commission or designated self-regulatory organization, if any, in the case of a registrant, within 17 business days after the date for which the computations are made, commencing the first month end after the date the application for registration is filed.

(2) An applicant or registrant that has filed a monthly Form 1–FR or Statement of Financial and Operational Combined Uniform Single Report under the Securities Exchange Act of 1934, Part II, Part IIA, or Part II CSE (FOCUS report) in accordance with the requirements of § 1.10(b) will be deemed to have satisfied the requirements of paragraph (b)(1) of this section for such month.

(c) The provisions of this section do not apply to an introducing broker which is operating pursuant to a guarantee agreement, nor do such provisions apply to an applicant for registration as an introducing broker who files concurrently with such application a guarantee agreement, provided such introducing broker or applicant therefor is not also a securities broker or dealer.

PROHIBITED TRADING IN COMMODITY OPTIONS

§ 1.19 Prohibited trading in certain "puts" and "calls".

No futures commission merchant or introducing broker may make, underwrite, issue, or otherwise assume any financial responsibility for the fulfillment of, any commodity option except:

(a) Commodity options traded on or subject to the rules of a contract market in accordance with the requirements of part 33 of this chapter;

(b) Commodity options traded on or subject to the rules of a foreign board of trade in accordance with the requirements of part 30 of this chapter; or

(c) For futures commission merchants, any option permitted under § 32.4 of this chapter, provided however,
that a capital treatment for such options is referenced in §1.17(c)(5)(vi).

CUSTOMERS' MONEY, SECURITIES, AND PROPERTY

§ 1.20 Futures customer funds to be segregated and separately accounted for.

(a) All futures customer funds shall be separately accounted for and segregated as belonging to futures customers. Such futures customer funds when deposited with any bank, trust company, derivatives clearing organization or another futures commission merchant shall be deposited under an account name which clearly identifies them as such and shows that they are segregated as required by sections 4d(a) and 4d(b) of the Act and this part. Each registrant shall obtain and retain in its files for the period provided in §1.31 a written acknowledgment from such bank, trust company, derivatives clearing organization, or futures commission merchant, that it was informed that the futures customer funds deposited therein are those of futures customers and are being held in accordance with the provisions of the Act and this part: Provided, however, that an acknowledgment need not be obtained from a derivatives clearing organization that has adopted and submitted to the Commission rules that provide for the segregation as futures customer funds, in accordance with all relevant provisions of the Act and these regulations. The derivatives clearing organization shall obtain and retain in its files for the period provided by §1.31 an acknowledgment from such bank or trust company that it was informed that the futures customer funds deposited therein are those of futures customers of its clearing members and are being held in accordance with the provisions of the Act and these regulations.

(b) All futures customer funds received by a derivatives clearing organization from a member of the derivatives clearing organization to purchase, margin, guarantee, secure or settle the trades, contracts or commodity options of the clearing member's futures customers and all money accruing to such futures customers as the result of trades, contracts or commodity options so carried shall be separately accounted for and segregated as belonging to such futures customers, and a derivatives clearing organization shall not hold, use or dispose of such futures customer funds except as belonging to such futures customers. Such futures customer funds when deposited in a bank or trust company shall be deposited under an account name which clearly shows that they are the futures customer funds of the futures customers of clearing members, segregated as required by sections 4d(a) and 4d(b) of the Act and these regulations. The derivatives clearing organization shall obtain and retain in its files for the period provided by §1.31 an acknowledgment from such bank or trust company that it was informed that the futures customer funds deposited therein are those of futures customers of its clearing members and are being held in accordance with the provisions of the Act and these regulations.

(c) Each futures commission merchant shall treat and deal with the futures customer funds of a futures customer as belonging to such futures customer. All futures customer funds shall be separately accounted for, and shall not be commingled with the money, securities or property of a futures commission merchant or of any other person, or be used to secure or guarantee the trades, contracts or commodity options, or to secure or extend the credit, of any person other than the one for whom the same are held: Provided, however, That futures customer funds treated as belonging to the futures customers of a futures commission merchant may for convenience be commingled and deposited in the same account or accounts with any bank or trust.
§ 1.21 Care of money and equities accruing to futures customers.

All money received directly or indirectly by, and all money and equities accruing to, a futures commission merchant from any derivatives clearing organization or from any clearing member or from any member of a contract market incident to or resulting from any trade, contract or commodity option made by or through such futures commission merchant on behalf of any futures customer shall be considered as accruing to such futures customer within the meaning of the Act and these regulations. Such money and equities shall be treated and dealt with as belonging to such futures customer in accordance with the provisions of the Act and these regulations. Money and equities accruing in connection with futures customers’ open trades, contracts, or commodity options need not be separately credited to individual accounts but may be treated and dealt with as belonging undivided to all futures customers having open trades, contracts, or commodity option positions which if closed would result in a credit to such futures customers.

§ 1.22 Use of futures customer funds restricted.

No futures commission merchant shall use, or permit the use of, the futures customer funds of one futures customer to purchase, margin, or settle the trades, contracts, or commodity options of, or to secure or extend the credit of, any person other than such futures customer. Futures customer funds shall not be used to carry trades or positions of the same futures customer other than in commodities or commodity options traded through the facilities of a contract market.

§ 1.23 Interest of futures commission merchant in segregated futures customer funds; additions and withdrawals.

The provisions in section 4d(a) and 4d(b) of the Act and the provision in §1.20(c), which prohibit the commingling of futures customer funds with the funds of a futures commission merchant, shall not be construed to prevent a futures commission merchant from having a residual financial interest in the futures customer funds, segregated as required by the Act and the rules in this part and set apart for the benefit of futures customers; nor shall such provisions be construed to prevent a futures commission merchant from adding to such segregated futures customer funds such amount or amounts of money, from its own funds or unencumbered securities from its own inventory, of the type set forth in §1.25, as it may deem necessary to ensure any and all futures customers’ accounts from becoming undersegregated at any time. The books and records of a futures commission merchant shall at all times accurately reflect its interest in the segregated funds. A futures commission merchant may draw upon such segregated funds to its own order, to the extent of its actual interest therein, including the withdrawal of securities held in segregated safekeeping accounts held by a bank, trust company, contract market, derivatives clearing organization or other futures commission merchant. Such withdrawal shall not result in the funds of one futures customer being used to purchase, margin or carry the trades,
§ 1.24 Segregated funds; exclusions therefrom.

Money held in a segregated account by a futures commission merchant shall not include:

(a) Money invested in obligations or stocks of any derivatives clearing organization or in memberships in or obligations of any contract market; or

(b) Money held by any derivatives clearing organization which it may use for any purpose other than to purchase, margin, guarantee, secure, transfer, adjust, or settle the contracts, trades, or commodity options of the futures customers of such futures commission merchant.

§ 1.25 Investment of customer funds.

(a) Permitted investments. (1) Subject to the terms and conditions set forth in this section, a futures commission merchant or a derivatives clearing organization may invest customer money in the following instruments (permitted investments):

(i) Obligations of the United States and obligations fully guaranteed as to principal and interest by the United States (U.S. government securities);

(ii) General obligations of any State or of any political subdivision thereof (municipal securities);

(iii) Obligations of any United States government corporation or enterprise sponsored by the United States government (U.S. agency obligations);

(iv) Certificates of deposit issued by a bank (certificates of deposit) as defined in section 3(a)(6) of the Securities Exchange Act of 1934, or a domestic branch of a foreign bank that carries deposits insured by the Federal Deposit Insurance Corporation;

(v) Commercial paper fully guaranteed as to principal and interest by the United States under the Temporary Liquidity Guarantee Program as administered by the Federal Deposit Insurance Corporation (commercial paper);

(vi) Corporate notes or bonds fully guaranteed as to principal and interest by the United States under the Temporary Liquidity Guarantee Program as administered by the Federal Deposit Insurance Corporation (corporate notes or bonds); and

(vii) Interests in money market mutual funds.

(2)(i) In addition, a futures commission merchant or derivatives clearing organization may buy and sell the permitted investments listed in paragraphs (a)(1)(i) through (vii) of this section pursuant to agreements for resale or repurchase of the instruments, in accordance with the provisions of paragraph (d) of this section.

(ii) A futures commission merchant or a derivatives clearing organization may sell securities deposited by customers as margin pursuant to agreements to repurchase subject to the following:

(A) Securities subject to such repurchase agreements must be “highly liquid” as defined in paragraph (b)(1) of this section.

(B) Securities subject to such repurchase agreements must not be “specifically identifiable property” as defined in §190.01(kk) of this chapter.

(C) The terms and conditions of such an agreement to repurchase must be in accordance with the provisions of paragraph (d) of this section.

(D) Upon the default by a counterparty to a repurchase agreement, the futures commission merchant or derivatives clearing organization shall act promptly to ensure that the default does not result in any direct or indirect cost or expense to the customer.

(3) Obligations issued by the Federal National Mortgage Association or the Federal Home Loan Mortgage Association are permitted while these entities operate under the conservatorship or receivership of the Federal Housing Finance Authority with capital support from the United States.

(b) General terms and conditions. A futures commission merchant or a derivatives clearing organization is required to manage the permitted investments consistent with the objectives of preserving principal and maintaining liquidity and according to the following specific requirements:
§ 1.25

(1) **Liquidity.** Investments must be “highly liquid” such that they have the ability to be converted into cash within one business day without material discount in value.

(2) **Restrictions on instrument features.**

(i) With the exception of money market mutual funds, no permitted investment may contain an embedded derivative of any kind, except as follows:

(A) The issuer of an instrument otherwise permitted by this section may have an option to call, in whole or in part, at par, the principal amount of the instrument before its stated maturity date; or

(B) An instrument that meets the requirements of paragraph (b)(2)(iv) of this section may provide for a cap, floor, or collar on the interest paid; provided, however, that the terms of such instrument obligate the issuer to repay the principal amount of the instrument at not less than par value upon maturity.

(ii) No instrument may contain interest-only payment features.

(iii) No instrument may provide payments linked to a commodity, currency, reference instrument, index, or benchmark except as provided in paragraph (b)(2)(iv) of this section, and it may not otherwise constitute a derivative instrument.

(iv)(A) Adjustable rate securities are permitted, subject to the following requirements:

(1) The interest payments on variable rate securities must correlate closely and on an unleveraged basis to a benchmark of either the Federal Funds target or effective rate, the prime rate, the three-month Treasury Bill rate, the one-month or three-month LIBOR rate, or the interest rate of any fixed rate instrument that is a permitted investment listed in paragraph (a)(1) of this section;

(2) The interest payment, in any period, on floating rate securities must be determined solely by reference, on an unleveraged basis, to a benchmark of either the Federal Funds target or effective rate, the prime rate, the three-month Treasury Bill rate, the one-month or three-month LIBOR rate, or the interest rate of any fixed rate instrument that is a permitted investment listed in paragraph (a)(1) of this section;

(3) Benchmark rates must be expressed in the same currency as the adjustable rate securities that reference them; and

(4) No interest payment on an adjustable rate security, in any period, can be a negative amount.

(B) For purposes of this paragraph, the following definitions shall apply:

(1) The term **adjustable rate security** means, a floating rate security, a variable rate security, or both.

(2) The term **floating rate security** means a security, the terms of which provide for the adjustment of its interest rate whenever a specified interest rate changes and that, at any time until the final maturity of the instrument or the period remaining until the principal amount can be recovered through demand, can reasonably be expected to have market value that approximates its amortized cost.

(3) The term **variable rate security** means a security, the terms of which provide for the adjustment of its interest rate on set dates (such as the last day of a month or calendar quarter) and that, upon each adjustment until the final maturity of the instrument or the period remaining until the principal amount can be recovered through demand, can reasonably be expected to have a market value that approximates its amortized cost.

(v) Certificates of deposit must be redeemable at the issuing bank within one business day, with any penalty for early withdrawal limited to any accrued interest earned according to its written terms.

(vi) Commercial paper and corporate notes or bonds must meet the following criteria:

(A) The size of the issuance must be greater than $1 billion;

(B) The instrument must be denominated in U.S. dollars; and

(C) The instrument must be fully guaranteed as to principal and interest by the United States for its entire term.

(3) **Concentration**—(1) **Asset-based concentration limits for direct investments.**

(A) Investments in U.S. government securities shall not be subject to a concentration limit.
Commodity Futures Trading Commission § 1.25

(B) Investments in U.S. agency obligations may not exceed 50 percent of the total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(C) Investments in each of commercial paper, corporate notes or bonds and certificates of deposit may not exceed 25 percent of the total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(D) Investments in municipal securities may not exceed 10 percent of the total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(E) Subject to paragraph (b)(3)(i)(G) of this section, investments in money market mutual funds comprising only U.S. government securities shall not be subject to a concentration limit.

(F) Subject to paragraph (b)(3)(i)(G) of this section, investments in money market mutual funds, other than those described in paragraph (b)(3)(i)(E) of this section, may not exceed 50 percent of the total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(G) Investments in money market mutual funds comprising less than $1 billion in assets and/or which have a management company comprising less than $25 billion in assets, may not exceed 10 percent of the total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(ii) Issuer-based concentration limits for direct investments. (A) Securities of any single issuer of U.S. agency obligations held by a futures commission merchant or derivatives clearing organization may not exceed 25 percent of total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(B) Securities of any single issuer of municipal securities, certificates of deposit, commercial paper, or corporate notes or bonds held by a futures commission merchant or derivatives clearing organization may not exceed 5 percent of total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(C) Interests in any single family of money market mutual funds described in paragraph (b)(3)(i)(F) of this section may not exceed 25 percent of total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(D) Interests in any individual money market mutual fund described in paragraph (b)(3)(i)(F) of this section may not exceed 10 percent of total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(E) For purposes of determining compliance with the issuer-based concentration limits set forth in this section, securities issued by entities that are affiliated, as defined in paragraph (b)(5) of this section, shall be aggregated and deemed the securities of a single issuer. An interest in a permitted money market mutual fund is not deemed to be a security issued by its sponsoring entity.

(iii) Concentration limits for agreements to repurchase—(A) Repurchase agreements.

For purposes of determining compliance with the asset-based and issuer-based concentration limits set forth in this section, securities sold by a futures commission merchant or derivatives clearing organization subject to agreements to repurchase shall be combined with securities held by the futures commission merchant or derivatives clearing organization as direct investments.

(B) Reverse repurchase agreements.

For purposes of determining compliance with the asset-based and issuer-based concentration limits set forth in this section, securities purchased by a futures commission merchant or derivatives clearing organization subject to agreements to resell shall be combined with securities held by the futures commission merchant or derivatives clearing organization as direct investments.

(iv) Treatment of customer-owned securities.

For purposes of determining compliance with the asset-based and issuer-based concentration limits set forth in this section, securities owned by the customers of a futures commission merchant and posted as margin collateral are not included in total assets held in segregation by the futures commission merchant, and securities posted by a futures commission merchant...
§ 1.25 17 CFR Ch. I (4–1–13 Edition)

with a derivatives clearing organization are not included in total assets held in segregation by the derivatives clearing organization.

(v) Counterparty concentration limits. Securities purchased by a futures commission merchant or derivatives clearing organization from a single counterparty, subject to an agreement to resell to that counterparty, shall not exceed 25 percent of total assets held in segregation by the futures commission merchant or derivatives clearing organization.

(4) Time-to-maturity. (i) Except for investments in money market mutual funds, the dollar-weighted average of the time-to-maturity of the portfolio, as that average is computed pursuant to §270.2a–7 of this title, may not exceed 24 months.

(ii) For purposes of determining the time-to-maturity of the portfolio, an instrument that is set forth in paragraphs (a)(1)(i) through (vii) of this section may be treated as having a one-day time-to-maturity if the following terms and conditions are satisfied:

(A) The instrument is deposited solely on an overnight basis with a derivatives clearing organization pursuant to the terms and conditions of a collateral management program that has become effective in accordance with §39.4 of this chapter;

(B) The instrument is one that the futures commission merchant owns or has an unqualified right to pledge, is not subject to any lien, and is deposited by the futures commission merchant into a segregated account at a derivatives clearing organization;

(C) The derivatives clearing organization prices the instrument each day based on the current mark-to-market value; and

(D) The derivatives clearing organization reduces the assigned value of the instrument each day by a haircut of at least 2 percent.

(5) Investments in instruments issued by affiliates. (i) A futures commission merchant shall not invest customer funds in obligations of an entity affiliated with the futures commission merchant, and a derivatives clearing organization shall not invest customer funds in obligations of an entity affiliated with the derivatives clearing organization. An affiliate includes parent companies, including all entities through the ultimate holding company, subsidiaries to the lowest level, and companies under common ownership of such parent company or affiliates.

(ii) A futures commission merchant or derivatives clearing organization may invest customer funds in a fund affiliated with that futures commission merchant or derivatives clearing organization.

(6) Recordkeeping. A futures commission merchant and a derivatives clearing organization shall prepare and maintain a record that will show for each business day with respect to each type of investment made pursuant to this section, the following information:

(i) The type of instruments in which customer funds have been invested;

(ii) The original cost of the instruments; and

(iii) The current market value of the instruments.

(c) Money market mutual funds. The following provisions will apply to the investment of customer funds in money market mutual funds (the fund).

(1) The fund must be an investment company that is registered under the Investment Company Act of 1940 with the Securities and Exchange Commission and that holds itself out to investors as a money market fund, in accordance with §270.2a–7 of this title.

(2) The fund must be sponsored by a federally-regulated financial institution, a bank as defined in section 3(a)(6) of the Securities Exchange Act of 1934, an investment adviser registered under the Investment Advisers Act of 1940, or a domestic branch of a foreign bank insured by the Federal Deposit Insurance Corporation.

(3) A futures commission merchant or derivatives clearing organization shall maintain the confirmation relating to the purchase in its records in accordance with §1.31 and note the ownership of fund shares (by book-entry or otherwise) in a custody account of the futures commission merchant or derivatives clearing organization in accordance with §§1.26 and 22.5 of this chapter. The futures commission merchant or the derivatives clearing organization shall obtain the acknowledgment letter required by §§1.26 and 22.5
of this chapter from an entity that has substantial control over the fund shares purchased with customer funds and has the knowledge and authority to facilitate redemption and payment or transfer of the customer funds. Such entity may include the fund sponsor or depository acting as custodian for fund shares.

(4) The net asset value of the fund must be computed by 9 a.m. of the business day following each business day and made available to the futures commission merchant or derivatives clearing organization by that time.

(5)(i) General requirement for redemption of interests. A fund shall be legally obligated to redeem an interest and to make payment in satisfaction thereof by the business day following a redemption request, and the futures commission merchant or derivatives clearing organization shall retain documentation demonstrating compliance with this requirement.

(ii) Exception. A fund may provide for the postponement of redemption and payment due to any of the following circumstances:

(A) For any period during which there is a non-routine closure of the Fedwire or applicable Federal Reserve Banks;

(B) For any period:

1. During which the New York Stock Exchange is closed other than customary week-end and holiday closings; or

2. During which trading on the New York Stock Exchange is restricted;

(C) For any period during which an emergency exists as a result of which:

1. Disposal by the company of securities owned by it is not reasonably practicable; or

2. It is not reasonably practicable for such company fairly to determine the value of its net assets;

(D) For any period as the Securities and Exchange Commission may by order permit for the protection of security holders of the company;

(E) For any period during which the Securities and Exchange Commission has, by rule or regulation, deemed that:

1. Trading shall be restricted; or

2. An emergency exists; or

(F) For any period during which each of the conditions of §270.22e–3(a)(1) through (3) of this title are met.

(6) The agreement pursuant to which the futures commission merchant or derivatives clearing organization has acquired and is holding its interest in a fund must contain no provision that would prevent the pledging or transferring of shares.

(7) The appendix to this section sets forth language that will satisfy the requirements of paragraph (c)(5) of this section.

(d) Repurchase and reverse repurchase agreements. A futures commission merchant or derivatives clearing organization may buy and sell the permitted investments listed in paragraphs (a)(1)(i) through (vii) of this section pursuant to agreements for resale or repurchase of the securities (agreements to repurchase or resell), provided the agreements to repurchase or resell conform to the following requirements:

1. The securities are specifically identified by coupon rate, par amount, market value, maturity date, and CUSIP or ISIN number.

2. Permitted counterparties are limited to a bank as defined in section 3(a)(6) of the Securities Exchange Act of 1934, a domestic branch of a foreign bank insured by the Federal Deposit Insurance Corporation, a securities broker or dealer, or a government securities broker or government securities dealer registered with the Securities and Exchange Commission or which has filed notice pursuant to section 15C(a) of the Government Securities Act of 1986.

3. A futures commission merchant or derivatives clearing organization shall not enter into an agreement to repurchase or resell with a counterparty that is an affiliate of the futures commission merchant or derivatives clearing organization, respectively. An affiliate includes parent companies, including all entities through the ultimate holding company, subsidiaries to the lowest level, and companies under common ownership of such parent company or affiliates.

4. The transaction is executed in compliance with the concentration limit requirements applicable to the securities transferred to the customer.
§ 1.25 17 CFR Ch. I (4–1–13 Edition)

segregated custodial account in connection with the agreements to repurchase referred to in paragraphs (b)(3)(iii)(A) and (B) of this section.

(5) The transaction is made pursuant to a written agreement signed by the parties to the agreement, which is consistent with the conditions set forth in paragraphs (d)(1) through (13) of this section and which states that the parties thereto intend the transaction to be treated as a purchase and sale of securities.

(6) The term of the agreement is no more than one business day, or reversal of the transaction is possible on demand.

(7) Securities transferred to the futures commission merchant or derivatives clearing organization under the agreement are held in a safekeeping account with a bank as referred to in paragraph (d)(2) of this section, a derivatives clearing organization, or the Depository Trust Company in an account that complies with the requirements of § 1.26.

(8) The futures commission merchant or the derivatives clearing organization may not use securities received under the agreement in another similar transaction and may not otherwise hypothecate or pledge such securities, except securities may be pledged on behalf of customers at another futures commission merchant or derivatives clearing organization. Substitution of securities is allowed, provided, however, that:

(i) The qualifying securities being substituted and original securities are specifically identified by date of substitution, market values substituted, coupon rates, par amounts, maturity dates and CUSIP or ISIN numbers;

(ii) Substitution is made on a “delivery versus delivery” basis; and

(iii) The market value of the substituted securities is at least equal to that of the original securities.

(9) The transfer of securities to the customer segregated custodial account is made on a delivery versus payment basis in immediately available funds. The transfer of funds to the customer segregated cash account is made on a payment versus delivery basis. The transfer is not recognized as accomplished until the funds and/or securities are actually received by the custodian of the futures commission merchant’s or derivatives clearing organization’s customer funds or securities purchased on behalf of customers. The transfer or credit of securities covered by the agreement to the futures commission merchant’s or derivatives clearing organization’s customer segregated custodial account is made simultaneously with the disbursement of funds from the futures commission merchant’s or derivatives clearing organization’s customer segregated cash account at the custodian bank. On the sale or resale of securities, the futures commission merchant’s or derivatives clearing organization’s customer segregated cash account at the custodian bank must receive same-day funds credited to such segregated account simultaneously with the delivery or transfer of securities from the customer segregated custodial account.

(10) A written confirmation to the futures commission merchant or derivatives clearing organization specifying the terms of the agreement and a safekeeping receipt are issued immediately upon entering into the transaction and a confirmation to the futures commission merchant or derivatives clearing organization is issued once the transaction is reversed.

(11) The transactions effecting the agreement are recorded in the record required to be maintained under § 1.27 of investments of customer funds, and the securities subject to such transactions are specifically identified in such record as described in paragraph (d)(1) of this section and further identified in such record as being subject to repurchase and reverse repurchase agreements.

(12) An actual transfer of securities to the customer segregated custodial account by book entry is made consistent with Federal or State commercial law, as applicable. At all times, securities received subject to such transactions are reflected as “customer property.”

(13) The agreement makes clear that, in the event of the bankruptcy of the futures commission merchant or derivatives clearing organization, any securities purchased with customer funds that are subject to an agreement may
be immediately transferred. The agreement also makes clear that, in the event of a futures commission merchant or derivatives clearing organization bankruptcy, the counterparty has no right to compel liquidation of securities subject to an agreement or to make a priority claim for the difference between current market value of the securities and the price agreed upon for resale of the securities to the counterparty, if the former exceeds the latter.

(e) Deposit of firm-owned securities into segregation. A futures commission merchant shall not be prohibited from directly depositing unencumbered securities of the type specified in this section, which it owns for its own account, into a segregated safekeeping account or from transferring any such securities from a segregated account to its own account, up to the extent of its residual financial interest in customers' segregated funds; provided, however, that such investments, transfers of securities, and disposition of proceeds from the sale or maturity of such securities are recorded in the record of investments required to be maintained by §1.27. All such securities may be segregated in safekeeping only with a bank, trust company, derivatives clearing organization, or other futures commission merchant. Furthermore, for purposes of §§1.25, 1.27, 1.28, and 1.29, investments permitted by §1.25 that are owned by the futures commission merchant and deposited into such segregated account shall be considered customer funds until such investments are withdrawn from segregation. Investments permitted by §1.25 that are owned by the futures commission merchant and deposited into a segregated account pursuant to §1.26 shall be considered futures customer funds until such investments are withdrawn from segregation. Investments permitted by §1.25 that are owned by the futures commission merchant and deposited into a segregated account pursuant to §22.5 of this chapter shall be considered Cleared Swaps Customer Collateral until such investments are withdrawn from segregation.

APPENDIX TO §1.25—MOney MARKET MUTual FUND PROSPECTUS PROVISIONS ACCEPTABLE FOR COMPLIANCE WITH SECTION 1.25(c)(5)

Upon receipt of a proper redemption request submitted in a timely manner and otherwise in accordance with the redemption procedures set forth in this prospectus, the [Name of Fund] will redeem the requested shares and make a payment to you in satisfaction thereof no later than the business day following the redemption request. The [Name of Fund] may postpone and/or suspend redemption and payment beyond one business day only as follows:

a. For any period during which there is a non-routine closure of the Fedwire or applicable Federal Reserve Banks;
b. For any period (1) during which the New York Stock Exchange is closed other than customary week-end and holiday closings or (2) during which trading on the New York Stock Exchange is restricted;
c. For any period during which an emergency exists as a result of which (1) disposal of securities owned by the [Name of Fund] is not reasonably practicable or (2) it is not reasonably practicable for the [Name of Fund] to fairly determine the net asset value of shares of the [Name of Fund];
d. For any period during which the Securities and Exchange Commission has, by rule or regulation, deemed that (1) trading shall be restricted or (2) an emergency exists;
e. For any period that the Securities and Exchange Commission, may by order permit for your protection; or
f. For any period during which the [Name of Fund,] as part of a necessary liquidation of the fund, has properly postponed and/or suspended redemption of shares and payment in accordance with federal securities laws.

§1.26 Deposit of instruments purchased with futures customer funds.

(a) Each futures commission merchant who invests futures customer funds in instruments described in §1.25 shall separately account for such instruments and segregate such instruments as belonging to such futures customers. Such instruments, when deposited with a bank, trust company, derivatives clearing organization or another futures commission merchant, shall be deposited under an account name which clearly shows that they belong to futures customers and are segregated as required by the Act and this part. Each futures commission merchant who invests futures customer funds in instruments described in §1.25 shall separately account for such instruments and segregate such instruments as belonging to such futures customers.
§ 1.27 Record of investments.

(a) Each futures commission merchant which invests customer funds, and each derivatives clearing organization which invests customer funds of its clearing members' customers, shall keep a record showing the following:

1. The date on which such investments were made;
2. The name of the person through whom such investments were made;
3. The amount of money or current market value of securities so invested;
4. A description of the instruments in which such investments were made, including the CUSIP or ISIN numbers;
5. The identity of the depositories or other places where such instruments are segregated;
6. The date on which such investments were liquidated or otherwise disposed of and the amount of money or current market value of securities received on such disposition, if any; and
7. The name of the person to or through whom such investments were disposed of;
8. Daily valuation for each instrument and readily available documentation supporting the daily valuation for each instrument. Such supporting documentation must be sufficient to enable auditors to verify the valuations and the accuracy of any information from external sources used in those valuations.

(b) Each derivatives clearing organization which receives documents from its clearing members representing investment of customer funds shall keep a record showing separately for each clearing member the following:

1. The date on which such documents were received from the clearing member;
2. A description of such documents, including the CUSIP or ISIN numbers; and
3. The date on which such documents were returned to the clearing member or the details of disposition by other means.

[77 FR 66322, Nov. 2, 2012]
§ 1.28 Appraisal of instruments purchased with customer funds.

Futures commission merchants who invest customer funds in instruments described in § 1.25 of this part shall include such instruments in segregated account records and reports at values which at no time exceed current market value, determined as of the close of the market on the date for which such computation is made.

§ 1.29 Increment or interest resulting from investment of customer funds.

The investment of customer funds in instruments described in § 1.25 shall not prevent the futures commission merchant or derivatives clearing organization so investing such funds from receiving and retaining as its own any increment or interest resulting therefrom.

[77 FR 66322, Nov. 2, 2012]

§ 1.30 Loans by futures commission merchants; treatment of proceeds.

Nothing in the regulations in this chapter shall prevent a futures commission merchant from lending its own funds to customers on securities and property pledged by such customers, or from repelling or selling such securities and property pursuant to specific written agreement with such customers. The proceeds of such loans used to purchase, margin, guarantee, or secure the trades, contracts, or commodity options of customers shall be treated and dealt with by a futures commission merchant as belonging to such customers, in accordance with and subject to the provisions of the Act and these regulations.

[77 FR 66323, Nov. 2, 2012]
§ 1.31 17 CFR Ch. I (4–1–13 Edition)

in paragraph (b)(1)(i) of this section or "electronic storage media" (as defined in paragraph (b)(1)(ii) of this section) for the required time period under the conditions set forth in this paragraph (b); Provided, however, For electronic records, such storage media must preserve the native file format of the electronic records as required by paragraph (a)(1) of this section.

(1) For purposes of this section:
   (i) The term "micrographic media" means microfilm or microfiche or any similar medium.
   (ii) The term "electronic storage media" means any digital storage medium or system that:
       (A) Preserves the records exclusively in a non-rewritable, non-erasable format;
       (B) Verifies automatically the quality and accuracy of the storage media recording process;
       (C) Serializes the original and, if applicable, duplicate units of storage media and creates a time-date record for the required period of retention for the information placed on such electronic storage media; and
       (D) Permits the immediate downloading of indexes and records preserved on the electronic storage media onto paper, microfilm, microfiche or other medium acceptable under this paragraph upon the request of representatives of the Commission or the Department of Justice.

(2) Persons who use either micrographic media or electronic storage media to maintain records in accordance with this section must:
   (i) Have available at all times, for examination by representatives of the Commission or the Department of Justice, facilities for immediate, easily readable projection or production of micrographic media or electronic storage media images;
   (ii) Be ready at all times to provide, and immediately provide at the expense of the person required to keep such records, any easily readable hardcopy image that representatives of the Commission or Department of Justice may request;
   (iii) Keep only Commission-required records on the individual medium employed (e.g., a disk or sheets of microfiche);
   (iv) Store a duplicate of the record, in any medium acceptable under this regulation, at a location separate from the original for the period of time required for maintenance of the original; and
   (v) Organize and maintain an accurate index of all information maintained on both the original and duplicate storage media such that:
       (A) The location of any particular record stored on the media may be immediately ascertained;
       (B) The index is available at all times for immediate examination by representatives of the Commission or the Department of Justice;
       (C) A duplicate of the index is stored at a location separate from the original index; and
       (D) Both the original index and the duplicate index are preserved for the time period required for the records included in the index.

(3) In addition to the foregoing conditions, persons using electronic storage media must:
   (i) Be ready at all times to provide, and immediately provide at the expense of the person required to keep such records, copies of such records on such compatible data processing media as defined in §15.00(d) of this chapter which any representative of the Commission or the Department of Justice may request. Records must use a format and coding structure specified in the request.
   (ii) Develop and maintain written operational procedures and controls (an "audit system") designed to provide accountability over both the initial entry of required records to the electronic storage media and the entry of each change made to any original or duplicate record maintained on the electronic storage media such that:
       (A) The results of such audit system are available at all times for immediate examination by representatives of the Commission or the Department of Justice;
       (B) The results of such audit system are preserved for the time period required for the records maintained on the electronic storage media; and
       (C) The written operational procedures and controls are available at all times for immediate examination by
representatives of the Commission or the Department of Justice.

(iii) Either

(A) Maintain, keep current, and make available at all times for immediate examination by representatives of the Commission or Department of Justice all information necessary to access records and indexes maintained on the electronic storage media; or

(B) Place in escrow and keep current a copy of the physical and logical format of the electronic storage media, the file format of all different information types maintained on the electronic storage media and the source code, documentation, and information necessary to access the records and indexes maintained on the electronic storage media.

(4) In addition to the foregoing conditions, any person who uses only electronic storage media to preserve some or all of its required records (“Electronic Recordkeeper”) shall, prior to the media’s use, enter into an arrangement with at least one third party technical consultant (“Technical Consultant”) who has the technical and financial capability to perform the undertakings described in this paragraph (b)(4). The arrangement shall provide that the Technical Consultant will have access to, and the ability to download, information from the Electronic Recordkeeper’s electronic storage media to any medium acceptable under this regulation.

(i) The Technical Consultant must file with the Commission an undertaking in a form acceptable to the Commission, signed by the Technical Consultant or a person duly authorized by the Technical Consultant. An acceptable undertaking must include the following provision with respect to the Electronic Recordkeeper:

With respect to any books and records maintained or preserved on behalf of the Electronic Recordkeeper, the undersigned hereby undertakes to take reasonable steps to provide access to information contained on the Electronic Recordkeeper’s electronic storage media, including, as appropriate, arrangements for the downloading of any record required to be maintained under the Commodity Exchange Act or the rules, regulations, or orders of the United States Commodity Futures Trading Commission, in a format acceptable to the Representative. In the event the Electronic Recordkeeper fails to download a record into a readable format and after reasonable notice to the Electronic Recordkeeper, upon being provided with the appropriate electronic storage medium, the undersigned will undertake to do so, at no charge to the United States, as the Representative may request.

(ii) [Reserved]

(c) Persons employing an electronic storage system shall provide a representation to the Commission prior to the initial use of the system. The representation shall be made by the person required to maintain the records, the storage system vendor, or another third party with appropriate expertise and shall state that the selected electronic storage system meets the requirements set forth in paragraph (b)(1)(ii) of this section. Persons employing an electronic storage system using media other than optical disk or CD-ROM technology shall so state. The representation shall be accompanied by the type of oath or affirmation described in §1.10(d)(4).

(d) Trading cards, documents on which trade information is originally recorded, written orders required to be kept pursuant to §1.35(a), (a–1)(1), (a–1)(2) and (d), and paper copies of electronically filed certified Forms 1–FR and FOCUS Reports with the original manually signed certification must be retained in hard-copy for the required time period.

(Approved by the Office of Management and Budget under control numbers 3038–0007 and 3038–0022)

§ 1.32 Segregated account; daily computation and record.

(a) Each futures commission merchant must compute as of the close of
each business day, on a currency-by-currency basis:

(1) The total amount of futures customer funds on deposit in segregated accounts on behalf of futures customers;
(2) The amount of such futures customer funds required by the Act and these regulations to be on deposit in segregated accounts on behalf of such futures customers; and
(3) The amount of the futures commission merchant’s residual interest in such futures customer funds.

(b) In computing the amount of futures customer funds required to be in segregated accounts, a futures commission merchant may offset any net deficit in a particular futures customer’s account against the current market value of readily marketable securities, less applicable percentage deductions (i.e., “securities haircuts”) as set forth in Rule 15c3–1(c)(2)(vi) of the Securities and Exchange Commission (17 CFR 240.15c3–1(c)(2)(vi)), held for the same futures customer’s account. The futures commission merchant must maintain a security interest in the securities, including a written authorization to liquidate the securities at the futures commission merchant’s discretion, and must segregate the securities in a safekeeping account with a bank, trust company, derivatives clearing organization, or another futures commission merchant. For purposes of this section, a security will be considered readily marketable if it is traded on a “ready market” as defined in Rule 15c3–1(c)(11)(i) of the Securities and Exchange Commission (17 CFR 240.15c3–1(c)(11)(i)).

(c) The daily computations required by this section must be completed by the futures commission merchant prior to noon on the next business day and must be kept, together with all supporting data, in accordance with the requirements of §1.31.

§ 1.33 Monthly and confirmation statements.

(a) Monthly statements. Each futures commission merchant must promptly furnish in writing to each customer, and to each foreign futures or foreign options customer, as defined by §30.1 of this chapter, as of the close of the last business day of each month or as of any regular monthly date selected, except for accounts in which there are neither open contracts at the end of the statement period nor any changes to the account balance since the prior statement period, but in any event not less frequently than once every three months, a statement which clearly shows:

(1) For each commodity futures customer and foreign futures or foreign options customer position—
   (i) The open contracts with prices at which acquired;
   (ii) The net unrealized profits or losses in all open contracts marked to the market; and
   (iii) Any futures customer funds or foreign futures or foreign options secured amount, as defined by §1.3(rr), carried with the futures commission merchant.

(2) For each commodity option position and foreign option position—
   (i) All commodity options and foreign options purchased, sold, exercised, or expired during the monthly reporting period, identified by underlying futures contract or underlying commodity, strike price, transaction date, and expiration date;
   (ii) The open commodity option and foreign option positions carried for such customer as of the end of the monthly reporting period, identified by underlying futures contract or underlying commodity, strike price, transaction date, and expiration date;
   (iii) All open commodity option and foreign option positions marked to the market and the amount each position is in the money, if any;
   (iv) Any related customer funds carried in such customer’s account(s) or any related foreign futures or foreign options secured amount carried in the account(s) of a foreign futures or foreign options customer.

(v) A detailed accounting of all financial charges and credits to such customer’s account(s) during the monthly reporting period, including all customer funds and funds on deposit with respect to foreign options transactions received from or disbursed to such customer, premiums charged and received, and realized profits and losses.

(3) For each Cleared Swaps Customer position—
   (i) The Cleared Swaps, as §22.1 of this chapter defines that term, carried by the futures commission merchant for the Cleared Swaps Customer;
   (ii) The net unrealized profits or losses in all Cleared Swaps marked to the market;
   (iii) Any Cleared Swaps Customer Collateral carried with the futures commission merchant; and
(4) A detailed accounting of all financial charges and credits to customers and foreign futures or foreign options customers, during the monthly reporting period, including all customer funds and any foreign futures or foreign options secured amount, received from or disbursed to customers or foreign futures or foreign options customers, as well as realized profits and losses.

(b) Confirmation statement. Each futures commission merchant must, not later than the next business day after any commodity interest or commodity option transaction, including any foreign futures or foreign options transactions, furnish to each customer or foreign futures or foreign options customer:
   (1) A written confirmation of each commodity futures transaction caused to be executed by it for the customer.
   (2) A written confirmation of each Cleared Swap carried by the futures commission merchant, containing at least the following information:
      (i) The unique swap identifier, as required by §45.4(a) of this chapter, for each Cleared Swap and the date each Cleared Swap was executed;
      (ii) The product name of each Cleared Swap;
      (iii) The price at which the Cleared Swap was executed;
      (iv) The date of maturity for each Cleared Swap; and
   (v) The derivatives clearing organization through which it is cleared.
(3) To each option customer, a written confirmation of each commodity option transaction, containing at least the following information:
   (i) The customer’s account identification number;
   (ii) A separate listing of the actual amount of the premium, as well as each mark-up thereon, if applicable, and all other commissions, costs, fees and other charges incurred in connection with the commodity option transaction;
   (iii) The strike price;
   (iv) The underlying futures contract or underlying commodity;
   (v) The final exercise date of the commodity option purchased or sold; and
   (vi) The date the commodity option transaction was executed.
(4) Upon the expiration or exercise of any commodity option, a written confirmation statement thereof, which statement shall include the date of such occurrence, a description of the option involved, and, in the case of exercise, the details of the futures or physical position which resulted therefrom including, if applicable, the final trading date of the contract for future delivery underlying the option.
(5) Notwithstanding the provisions of paragraphs (b)(1) through (b)(4) of this section, a commodity interest transaction that is caused to be executed for a commodity pool need be confirmed only to the operator of the commodity pool.

(c) Exemptions. The requirements of paragraphs (a)(1)(i), (a)(1)(ii), and (b)(1) of this section shall not apply to the following:
   (1) Any account carried for a person who is a member of any contract market;
   (2) Any omnibus account carried for another futures commission merchant; and
   (3) Any account containing only bona fide hedge positions, except that confirmations must be furnished to accounts containing only bona fide hedge positions.
(d) Controlled accounts. With respect to any account controlled by any person other than the customer for whom
such account is carried, each futures commission merchant shall:

(1) Promptly furnish in writing to such other person the information required by paragraphs (a) and (b) of this section;

(2) [Reserved]

(3) Promptly furnish in writing to such other person a copy of the statement required by §1.46: Provided, however, That the provisions of this paragraph (d) shall not apply to an account controlled by the spouse, parent or child of the customer for whom such account is carried.

(e) Recordkeeping. Each futures commission merchant shall retain, in accordance with §1.31, a copy of each monthly statement and confirmation required by this section.

(f) Introduced accounts. Each statement provided pursuant to the provisions of this section must, if applicable, show that the account for which the futures commission merchant is providing the statement was introduced by an introducing broker and the names of the futures commission merchant and introducing broker.

(g) Electronic transmission of statements. (1) The statements required by this section, and by §1.46, may be furnished to any customer by means of electronic media if the customer so consents, Provided, however, that a futures commission merchant must, prior to the transmission of any statement by means of electronic media, disclose the electronic medium or source through which statements will be delivered, the duration, whether indefinite or not, of the period during which consent will be effective, any charges for such service, the information that will be delivered by such means, and that consent to electronic delivery may be revoked at any time.

(2) In the case of a customer who does not qualify as an “institutional customer” as defined in §1.3(g), a futures commission merchant must obtain the customer’s signed consent acknowledging disclosure of the information set forth in paragraph (g)(1) of this section prior to the transmission of any statement by means of electronic media.

(3) Any statement required to be furnished to a person other than a customer in accordance with paragraph (d) of this section may be furnished by electronic media.

(4) A futures commission merchant who furnishes statements to any customer by means of electronic media must retain a daily confirmation statement for each customer as of the end of the trading session, reflecting all transactions made during that session for the customer, in accordance with §1.31.

(Approved by the Office of Management and Budget under control numbers 3038–0007 and 3038–0024; the information collection requirements in paragraph (c) were approved under control number 3038–0005)

§ 1.34 Monthly record, “point balance”.

(a) With respect to commodity futures transactions, each futures commission merchant shall prepare, and retain in accordance with the requirements of §1.31, a statement commonly known as a “point balance,” which accrues or brings to the official closing price, or settlement price fixed by the clearing organization, all open contracts of customers as of the last business day of each month or of any regular monthly date selected: Provided, however, That a futures commission merchant who carries part or all of customers' open contracts with other futures commission merchants on an “instruct basis” will be deemed to have met the requirements of this section as to open contracts so carried if a monthly statement is prepared which shows that the prices and amounts of such contracts long and short in the customers’ accounts are in balance with those in the carrying futures commission merchants’ accounts, and such statements are retained in accordance with the requirements of §1.31.

(b) With respect to commodity option transactions, each futures commission merchant shall prepare, and retain in accordance with the requirements of §1.31, a listing in which all open commodity option positions carried for customers are marked to the market. Such listing shall be prepared as of the
last business day of each month, or as of any regular monthly date selected, and shall be by put or by call, by underlying contract for future delivery (by delivery month) or underlying commodity (by option expiration date), and by strike price.

(77 FR 66324, Nov. 2, 2012)

§ 1.35 Records of commodity interest and related cash or forward transactions.

(a) Futures commission merchants, retail foreign exchange dealers, introducing brokers, and members of designated contract markets or swap execution facilities.

(1) Each futures commission merchant, retail foreign exchange dealer, introducing broker, and member of a designated contract market or swap execution facility shall keep full, complete, and systematic records, which include all pertinent data and memoranda, of all transactions relating to its business of dealing in commodity interests and related cash or forward transactions. Included among such records shall be all orders (filled, unfilled, or canceled), trading cards, signature cards, street books, journals, ledgers, canceled checks, copies of confirmations, copies of statements of purchase and sale, and all other records, which have been prepared in the course of its business of dealing in commodity interests and related cash or forward transactions. Among such records each member of a designated contract market or swap execution facility must retain and produce for inspection are all documents on which trade information is originally recorded, whether or not such documents must be prepared pursuant to the rules or regulations of either the Commission, the designated contract market or the swap execution facility. For purposes of this section, such documents are referred to as “original source documents.” Such records shall be kept in a form and manner identifiable and searchable by transaction. Also included among the records required to be kept by this paragraph are all oral and written communications provided or received concerning quotes, solicitations, bids, offers, instructions, trading, and prices that lead to the execution of a transaction in a commodity interest and related cash or forward transactions, whether communicated by telephone, voicemail, facsimile, instant messaging, chat rooms, electronic mail, mobile device, or other digital or electronic media; Provided, however, the requirement in this paragraph (a)(1) to record oral communications shall not apply to:

(i) Oral communications that lead solely to the execution of a related cash or forward transaction;

(ii) Oral communications provided or received by a floor broker that do not lead to the purchase or sale for any person other than the floor broker of any commodity for future delivery, security futures product, swap, or commodity option authorized under section 4c of the Commodity Exchange Act;

(iii) An introducing broker that has generated over the preceding three years $5 million or less in aggregate gross revenues from its activities as an introducing broker;

(iv) A floor trader;

(v) A commodity pool operator;

(vi) A swap dealer;

(vii) A major swap participant; or

(viii) A member of a designated contract market or swap execution facility that is not registered or required to be registered with the Commission in any capacity.

(2) For purposes of paragraph (a)(1) of this section, “related cash or forward transaction” means a purchase or sale for immediate or deferred physical shipment or delivery of an asset related to a commodity interest transaction where the commodity interest transaction and the related cash or forward transaction are used to hedge, mitigate the risk of, or offset one another.

(3) Each futures commission merchant, retail foreign exchange dealer, introducing broker, and member of a designated contract market or swap execution facility shall retain the records required to be kept by this section in accordance with the requirements of §1.31, and produce them for inspection and furnish true and correct information and reports as to the contents or the meaning thereof, when and as requested by an authorized representative of the Commission or the United States Department of Justice.
§ 1.35

(4)(i) The Commission may in its discretion establish an alternative compliance schedule for the requirement to record oral communications under paragraph (a)(1) of this section that is found to be technologically or economically impracticable for an affected entity that seeks, in good faith, to comply with the requirement to record oral communications under paragraph (a)(1) of this section within a reasonable time period beyond the date on which compliance by such affected entity is otherwise required.

(ii) A request for an alternative compliance schedule under paragraph (a)(4)(i) of this section shall be acted upon within 30 days from the time such a request is received, or it shall be deemed approved.

(iii) The Commission hereby delegates to the Director of the Division of Swap Dealer and Intermediary Oversight or such other employee or employees as the Director may designate from time to time, the authority to exercise the discretion. Notwithstanding such delegation, in any case in which a Commission employee delegated authority under this paragraph believes it appropriate, he or she may submit to the Commission for its consideration the question of whether an alternative compliance schedule should be established. The delegation of authority in this paragraph shall not prohibit the Commission, at its election, from exercising the discretion set forth in paragraph (a)(4)(i) of this section.

(iv) Relief granted under paragraph (a)(4)(i) of this section shall not cause an affected entity to be out of compliance or deemed in violation of any recordkeeping requirements.

(b) Futures commission merchants, retail foreign exchange dealers, introducing brokers, and members of designated contract markets and swap execution facilities: Recording of customers’ orders. (1) Each futures commission merchant, each retail foreign exchange dealer, each introducing broker, and each member of a designated contract market or swap execution facility receiving a customer’s order which cannot immediately be entered into a trade matching engine shall immediately upon receipt thereof prepare a written record of the order including the account identification, except as provided in paragraph (b)(5) of this section, and order number, and shall record thereon, by timestamp or other timing device, the date and time, to the nearest minute, the order is received, and in addition, for commodity option orders, the time, to the nearest minute, the order is transmitted for execution.

(2)(i) Each member of a designated contract market who on the floor of such designated contract market receives a customer’s order which is not in the form of a written record including the account identification, order number, and the date and time, to the nearest minute, the order was transmitted or received on the floor of such designated contract market, shall immediately upon receipt thereof prepare a written record of the order in non-erasable ink, including the account identification, except as provided in paragraph (b)(5) of this section, and order number and shall record thereon, by timestamp or other timing device, the date and time, to the nearest minute, the order is received.

(ii) Except as provided in paragraph (b)(3) of this section:

(A) Each member of a designated contract market who on the floor of such designated contract market receives an order from another member present on the floor which is not in the form of a written record shall, immediately upon receipt of such order, prepare a written record of the order or obtain from the member who placed the order a written record of the order, in non-erasable ink including the account identification and order number and shall record thereon, by timestamp or other timing device, the date and time, to the nearest minute, the order is received; or

(B) When a member of a designated contract market present on the floor places an order, which is not in the form of a written record, for his own account or an account over which he has control, with another member of such designated contract market for execution:

(J) The member placing such order immediately upon placement of the order shall record the time of placement to the nearest minute on a
sequentially-numbered trading card maintained in accordance with the requirements of paragraph (f) of this section;

(2) The member receiving and executing such order immediately upon execution of the order shall record the time of execution to the nearest minute on a trading card or other record maintained pursuant to the requirements of paragraph (f) of this section; and

(3) The member receiving and executing the order shall return such trading card or other record to the member placing the order. The member placing the order then must submit together both of the trading cards or other records documenting such trade to designated contract market personnel or the clearing member.

(3)(i) The requirements of paragraph (b)(2)(ii) of this section will not apply if a designated contract market maintains in effect rules which provide for an exemption where:

(A) A member of a designated contract market places with another member of such designated contract market an order that is part of a spread transaction;

(B) The member placing the order personally executes one or more legs of the spread; and

(C) The member receiving and executing such order immediately upon execution of the order records the time of execution to the nearest minute on his trading card or other record maintained in accordance with the requirements of paragraph (f) of this section.

(ii) Each contract market shall, as part of its trade practice surveillance program, conduct surveillance for compliance with the recordkeeping and other requirements under paragraphs (b)(2) and (3) of this section, and for trading abuses related to the execution of orders for members present on the floor of the contract market.

(4) Each member of a designated contract market reporting the execution from the floor of the designated contract market of a customer’s order or the order of another member of the designated contract market received in accordance with paragraphs (b)(2)(i) or (b)(2)(ii)(A) of this section, shall record on a written record of the order, including the account identification, except as provided in paragraph (b)(5) of this section, and order number, by time-stamp or other timing device, the date and time to the nearest minute such report of execution is made. Each member of a designated contract market shall submit the written records of customer orders or orders from other designated contract market members to designated contract market personnel or to the clearing member responsible for the collection of orders prepared pursuant to this paragraph. The execution price and other information reported on the order tickets must be written in non-erasable ink.

(5) Post-execution allocation of bunched orders. Specific customer account identifiers for accounts included in bunched orders executed on designated contract markets or swap execution facilities need not be recorded at time of order placement or upon report of execution if the requirements of paragraphs (b)(5)(i) through (v) of this section are met. Specific customer account identifiers for accounts included in bunched orders involving swaps need not be included in confirmations or acknowledgments provided by swap dealers or major swap participants pursuant to §23.501(a) of this chapter if the requirements of paragraphs (b)(5)(i) through (v) of this section are met.

(i) Eligible account managers for orders executed on designated contract markets or swap execution facilities. The person placing and directing the allocation of an order eligible for post-execution allocation must have been granted written investment discretion with regard to participating customer accounts. The following persons shall qualify as eligible account managers for trades executed on designated contract markets or swap execution facilities:

(A) A commodity trading advisor registered with the Commission pursuant to the Act or excluded or exempt from registration under the Act or the Commission’s rules, except for entities exempt under §4.14(a)(3) of this chapter;

(B) An investment adviser registered with the Securities and Exchange Commission pursuant to the Investment Advisers Act of 1940 or with a state pursuant to applicable state law or exempt from registration.
under such Act or applicable state law or rule;

(C) A bank, insurance company, trust company, or savings and loan association subject to federal or state regulation;

(D) A foreign adviser that exercises discretionary trading authority solely over the accounts of non-U.S. persons, as defined in §4.7(a)(1)(iv) of this chapter;

(E) A futures commission merchant registered with the Commission pursuant to the Act; or

(F) An introducing broker registered with the Commission pursuant to the Act.

(ii) Eligible account managers for orders executed bilaterally. The person placing and directing the allocation of an order eligible for post-execution allocation must have been granted written investment discretion with regard to participating customer accounts. The following persons shall qualify as eligible account managers for trades executed bilaterally:

(A) A commodity trading advisor registered with the Commission pursuant to the Act or excluded or exempt from registration under the Act or the Commission's rules, except for entities exempt under §4.14(a)(3) of this chapter;

(B) A futures commission merchant registered with the Commission pursuant to the Act; or

(C) An introducing broker registered with the Commission pursuant to the Act.

(iii) Information. Eligible account managers shall make the following information available to customers upon request:

(A) The general nature of the allocation methodology the account manager will use;

(B) Whether accounts in which the account manager may have any interest may be included with customer accounts in bunched orders eligible for post-execution allocation; and

(C) Summary or composite data sufficient for that customer to compare its results with those of other comparable customers and, if applicable and consistent with §§155.3(a)(1) and 155.4(a)(1) of this chapter, any account in which the account manager has an interest.

(iv) Allocation. Orders eligible for post-execution allocation must be allocated by an eligible account manager in accordance with the following:

(A) Allocations must be made as soon as practicable after the entire transaction is executed, but in any event no later than the following times: For cleared trades, account managers must provide allocation information to futures commission merchants no later than a time sufficiently before the end of the day the order is executed to ensure that clearing records identify the ultimate customer for each trade. For uncleared trades, account managers must provide allocation information to the counterparty no later than the end of the calendar day that the swap was executed.

(B) Allocations must be fair and equitable. No account or group of accounts may receive consistently favorable or unfavorable treatment.

(C) The allocation methodology must be sufficiently objective and specific to permit independent verification of the fairness of the allocations using that methodology by appropriate regulatory and self-regulatory authorities and by outside auditors.

(v) Records. (A) Eligible account managers shall keep and must make available upon request of any representative of the Commission, the United States Department of Justice, or other appropriate regulatory agency, the information specified in paragraph (b)(5)(iii) of this section.

(B) Eligible account managers shall keep and must make available upon request of any representative of the Commission, the United States Department of Justice, or other appropriate regulatory agency, records sufficient to demonstrate that all allocations meet the standards of paragraph (b)(5)(iv) of this section and to permit the reconstruction of the handling of the order from the time of placement by the account manager to the allocation to individual accounts.

(C) Futures commission merchants, introducing brokers, or commodity trading advisors that execute orders or that carry accounts eligible for post-execution allocation, and members of designated contract markets or swap execution facilities that execute such
Commodity Futures Trading Commission § 1.35

orders, must maintain records that, as applicable, identify each order subject to post-execution allocation and the accounts to which contracts executed for such order are allocated.

(D) In addition to any other remedies that may be available under the Act or otherwise, if the Commission has reason to believe that an account manager has failed to provide information requested pursuant to paragraph (b)(5)(v)(A) or (b)(5)(v)(B) of this section, the Commission may inform in writing any designated contract market, swap execution facility, swap dealer, or major swap participant, and that designated contract market, swap execution facility, swap dealer, or major swap participant shall prohibit the account manager from submitting orders for execution except for liquidation of open positions and no futures commission merchant shall accept orders for execution on any designated contract market, swap execution facility, or bilaterally from the account manager except for liquidation of open positions.

(E) Any account manager that believes he or she is or may be adversely affected or aggrieved by action taken by the Commission under paragraph (b)(5)(v)(D) of this section shall have the opportunity for a prompt hearing in accordance with the provisions of §21.03(g) of this chapter.

(c)(1) Futures commission merchants, introducing brokers, and members of designated contract markets and swap execution facilities. Upon request of the designated contract market or swap execution facility, the Commission, or the United States Department of Justice documentation of cash transactions underlying exchanges of futures or swaps for cash commodities or exchanges of futures or swaps in connection with cash commodity transactions.

(3) Contract markets. Every contract market shall adopt rules which require its members to provide documentation of cash transactions underlying exchanges of futures for cash commodities or exchanges of futures in connection with cash commodity transactions upon request of the contract market.

(d) Futures commission merchants, retail foreign exchange dealers, introducing brokers, and members of derivatives clearing organizations clearing trades executed on designated contract markets and swap execution facilities. Each futures commission merchant, each retail foreign exchange dealer, and each member of a derivatives clearing organization clearing trades executed on a designated contract market or swap execution facility and, for purposes of paragraph (d)(3) of this section, each introducing broker, shall, as a minimum requirement, prepare regularly and promptly, and keep systematically and in permanent form, the following:

(1) A financial ledger record which will show separately for each customer all charges against and credits to such customer’s account, including but not limited to customer funds deposited, withdrawn, or transferred, and charges or credits resulting from losses or gains on closed transactions;

(2) A record of transactions which will show separately for each account (including proprietary accounts):

(i) All commodity futures transactions executed for such account, including the date, price, quantity, market, commodity and future;
§ 1.35

(ii) All retail forex transactions executed for such account, including the date, price, quantity, and currency;
(iii) All commodity option transactions executed for such account, including the date, whether the transaction involved a put or call, expiration date, quantity, underlying commodity, strike price, and details of the purchase price of the option, including premium, mark-up, commission and fees; and
(iv) All swap transactions executed for such account, including the date, price, quantity, market, commodity, swap, and, if cleared, the derivatives clearing organization; and

(3) A record or journal which will separately show for each business day complete details of:
(i) All commodity futures transactions executed on that day, including the date, price, quantity, market, commodity, future and the person for whom such transaction was made;
(ii) All retail forex transactions executed on that day for such account, including the date, price, quantity, currency and the person who whom such transaction was made;
(iii) All commodity option transactions executed on that day, including the date, whether the transaction involved a put or call, the expiration date, quantity, underlying contract for future delivery or underlying commodity, strike price, details of the purchase price of the option, including premium, mark-up, commission and fees, and the person for whom the transaction was made;
(iv) All swap transactions executed on that day, including the date, price, quantity, market, commodity, swap, the person for whom such transaction was made, and, if cleared, the derivatives clearing organization; and
(v) In the case of an introducing broker, the record or journal required by this paragraph (d)(3) shall also include the futures commission merchant or retail foreign exchange dealer carrying the account for which each commodity futures, retail forex, commodity option, and swap transaction was executed on that day. Provided, however, that where reproductions on microfilm, microfiche or optical disk are substituted for hard copy in accordance with the provisions of §1.31(b), the requirements of paragraphs (d)(1) and (d)(2) of this section will be considered met if the person required to keep such records is ready at all times to provide, and immediately provides in the same city as that in which such person’s commodity futures, retail forex, commodity option, or swap books and records are maintained, at the expense of such person, reproduced copies which show the records as specified in paragraphs (d)(1) and (d)(2) of this section, on request of any representatives of the Commission or the U.S. Department of Justice.

(e) Members of derivatives clearing organizations clearing trades executed on designated contract markets and swap execution facilities. In the daily record or journal required to be kept under paragraph (d)(3) of this section, each member of a derivatives clearing organization clearing trades executed on a designated contract market or swap execution facility shall also show the floor broker or floor trader executing each transaction, the opposite floor broker or floor trader, and the opposite clearing member with whom it was made.

(f) Members of designated contract markets. (1) Each member of a designated contract market who, in the place provided by the designated contract market for the meeting of persons similarly engaged, executes purchases or sales of any commodity for future delivery, commodity option, or swap on or subject to the rules of such designated contract market, shall prepare regularly and promptly a trading card or other record showing such purchases and sales. Such trading card or record shall show the member’s name, the name of the clearing member, transaction date, time, quantity, and, as applicable, underlying commodity, contract for future delivery, or swap, price or premium, delivery month or expiration date, whether the transaction involved a put or a call, and strike price. Such trading card or other record shall also clearly identify the opposite floor broker or floor trader with whom the

VerDate Mar<15>2010 13:25 Jun 02, 2013 Jkt 229056 PO 00000 Frm 00124 Fmt 8010 Sfmt 8010 Q:\17\17V1.TXT ofr150 PsN: PC150
transaction was executed, and the opposite clearing member (if such opposite clearing member is made known to the member).

(2) Each member of a designated contract market recording purchases and sales on trading cards must record such purchases and sales in exact chronological order of execution on sequential lines of the trading card without skipping lines between trades; Provided, however, That if lines remain after the last execution recorded on a trading card, the remaining lines must be marked through.

(3) Each member of a designated contract market must identify on his or her trading cards the purchases and sales executed during the opening and closing periods designated by the designated contract market.

(4) Trading cards prepared by a member of a designated contract market must contain:

(i) Pre-printed member identification or other unique identifying information which would permit the trading cards of one member to be distinguished from those of all other members;

(ii) Pre-printed sequence numbers to permit the intra-day sequencing of the cards; and

(iii) Unique and pre-printed identifying information which would distinguish each of the trading cards prepared by the member from other such trading cards for no less than a one-week period.

(5) Trading cards prepared by a member of a designated contract market and submitted pursuant to paragraph (f)(7)(i) of this section must be time-stamped promptly to the nearest minute upon collection by either the designated contract market or the relevant clearing member.

(6) Each member of a designated contract market shall be accountable for all trading cards prepared in exact numerical sequence, whether or not such trading cards are relied on as original source documents.

(7) Trading records prepared by a member of a designated contract market must:

(i) Be submitted to designated contract market personnel or the clearing member within 15 minutes of designated intervals not to exceed 30 minutes, commencing with the beginning of each trading session. The time period for submission of trading records after the close of trading in each market shall not exceed 15 minutes from the close. Such documents should nevertheless be submitted as often as is practicable to the designated contract market or relevant clearing member; and

(ii) Be completed in non-erasable ink. A member may correct any errors by crossing out erroneous information without obliterating or otherwise making illegible any of the originally recorded information. With regard to trading cards only, a member may correct erroneous information by writing the trading card; Provided, however, that the member must submit a ply of the trading card, or in the absence of plies the original trading card, that is subsequently rewritten in accordance with the collection schedule for trading cards and provided further, that the member is accountable for any trading card that subsequently is rewritten pursuant to paragraph (f)(6) of this section.

(8) Each member of a designated contract market must use a new trading card at the beginning of each designated 30-minute interval (or such lesser interval as may be determined appropriate) or as may be required pursuant hereto.

(g) Members of derivatives clearing organizations clearing trades executed on designated contract markets and swap execution facilities. (1) Each member of a derivatives clearing organization clearing trades executed on a designated contract market or swap execution facility shall maintain a single record which shall show for each futures, option, or swap trade: the transaction date, time, quantity, and, as applicable, underlying commodity, contract for future delivery, or swap, price or premium, delivery month or expiration date, whether the transaction involved a put or a call, strike price, floor broker or floor trader buying, clearing member buying, floor broker or floor trader selling, clearing member selling, and symbols indicating the buying and selling customer types. The customer type indicator shall show, with respect
§ 1.36 Record of securities and property received from customers.

(a) Each futures commission merchant and each retail foreign exchange dealer shall maintain, as provided in §1.31, a record of all securities and property received from customers or retail forex customers in lieu of money to margin, purchase, guarantee, or secure the commodity interests of such customers or retail forex customers. Such record shall show separately for each customer or retail forex customer:

A description of the securities or property received; the name and address of such customer or retail forex customer; the dates when the securities or property were received; the identity of the depositories or other places where such securities or property are segregated or held; the dates of deposits and withdrawals from such depositories; and the dates of return of such securities or property to such customer or retail forex customer, or other disposition thereof, together with the facts and circumstances of such other disposition. In the event any futures commission merchant deposits with a derivatives clearing organization, directly or with a bank or trust company acting as custodian for such derivatives clearing organization, securities and/or property which belong to a particular customer, such futures commission merchant shall obtain written acknowledgment from such derivatives clearing organization that it was informed that such securities or property belong to customers of the futures commission merchant making the deposit. Such acknowledgment shall be retained as provided in §1.31.

(b) Each derivatives clearing organization which receives from members securities or property belonging to particular customers of such members in lieu of money to margin, purchase, guarantee, or secure the commodity interests of such customers, or receives notice that any such securities or property have been received by a bank or trust company acting as custodian for such derivatives clearing organization, shall maintain, as provided in §1.31, a record which will show separately for each member, the dates when such securities or property were received, the identity of the depositories or other places where such securities or property are segregated, the dates such securities or property were returned to the member, or otherwise disposed of, together with the facts and circumstances of such other disposition including the authorization therefor.

[77 FR 66328, Nov. 2, 2012]
Commodity Futures Trading Commission

§ 1.39 Simultaneous buying and selling orders of different principals; execution of, for and between principals.

(a) Conditions and requirements. A member of a contract market or a swap execution facility who shall have at the same time both buying and selling orders of different principals for the same swap, commodity for future delivery in the same delivery month or the same option (both puts or both calls, with the same underlying contract for future delivery or the same underlying commodity, expiration date

§ 1.38 Execution of transactions.

(a) Competitive execution required; exceptions. All purchases and sales of any commodity for future delivery, and of any commodity option, on or subject to the rules of a contract market shall be executed openly and competitively by open outcry or posting of bids and offers or by other equally open and competitive methods, in the trading pit or ring or similar place provided by the contract market, during the regular hours prescribed by the contract market for trading in such commodity or commodity option: Provided, however, That this requirement shall not apply to transactions which are executed non-competitively in accordance with written rules of the contract market which have been submitted to and approved by the Commission, specifically providing for the non-competitive execution of such transactions.

(b) Noncompetitive trades; exchange of futures, etc.; requirements. Every person handling, executing, clearing, or carrying trades, transactions or positions which are not competitively executed, including transfer trades or office trades, or trades involving the exchange of futures for cash commodities or the exchange of futures in connection with cash commodity transactions, shall identify and mark by appropriate symbol or designation all such transactions or contracts and all orders, records, and memoranda pertaining thereto.

(Approved by the Office of Management and Budget under control numbers 3038–0007 and 3038–0022)

§ 1.39 Simultaneous buying and selling orders of different principals; execution of, for and between principals.

(a) Conditions and requirements. A member of a contract market or a swap execution facility who shall have at the same time both buying and selling orders of different principals for the same swap, commodity for future delivery in the same delivery month or the same option (both puts or both calls, with the same underlying contract for future delivery or the same underlying commodity, expiration date

[77 FR 66328, Nov. 2, 2012]
§ 1.39

(a) When trading is conducted in a trading pit or ring, such orders are first offered openly and competitively by open outcry in such trading pit or ring (A) by both bidding and offering at the same price, and neither such bid nor offer is accepted, or (B) by bidding and offering to a point where such offer is higher than such bid by not more than the minimum permissible price fluctuation applicable to such futures contract or commodity option on such contract market, and neither such bid nor offer is accepted; or

(ii) When in non-pit trading in swaps or contracts of sale for future delivery, bids and offers are posted on a board, such member:

(A) Pursuant to such buying order posts a bid on the board and, incident to the execution of such selling order, accepts such bid and all other bids posted at equal to or higher than the bid posted by him; or

(B) Pursuant to such selling order posts an offer on the board and, incident to the execution of such buying order, accepts such offer and all other offers posted at prices equal to or lower than the offer posted by him;

(2) Such member executes such orders in the presence of an official representative of such contract market or swap execution facility designated to observe such transactions and, by appropriate descriptive words or symbol, clearly identifies all such transactions on his trading card or other record, made at the time of execution, and notes thereon the exact time of execution and promptly presents or makes available said record to such official representative for verification and initialing, as appropriate;

(3) Such swap execution facility or contract market keeps a record in permanent form of each such transaction showing all transaction details required to be captured by the Act, Commission rule or regulation; and

(4) Neither the futures commission merchant, other registrant receiving nor the member executing such orders has any interest therein, directly or indirectly, except as a fiduciary.

(b) Large order execution procedures.

(1) A member of a contract market or a swap execution facility may execute simultaneous buying and selling orders of different principals directly between the principals in compliance with Commission regulations and large order execution procedures established by written rules of the contract market or swap execution facility that have been approved by or self-certified to the Commission: Provided, That, to the extent such large order execution procedures do not meet the conditions and requirements of paragraph (a) of this section, the contract market or swap execution facility has petitioned the Commission for, and the Commission has granted, an exemption from the conditions and requirements of paragraph (a) of this section. Any such petition must be accompanied by proposed contract market or swap execution facility rules to implement the large order execution procedures. The petition shall include:

(i) An explanation of why the proposed large order execution rules do not comply with paragraph (a) of this section; and

(ii) A description of a special surveillance program that would be followed by the contract market or swap execution facility in monitoring the large order execution procedures.

(2) The Commission may, in its discretion and upon such terms and conditions as it deems appropriate, grant such petition for exemption if it finds that the exemption is not contrary to the public interest and the purpose of the provision from which explanation is sought. The petition shall be considered concurrently with the proposed large order execution rules.

(c) Not deemed filling orders by offset.

The execution of orders in compliance with the conditions herein set forth will not be deemed to constitute the filling of orders by offset within the meaning of section 4b(a) of the Act.

§ 1.40 Crop, market information letters, reports; copies required.

Each futures commission merchant, each retail foreign exchange dealer, each introducing broker, and each member of a contract market or a swap execution facility shall, upon request, furnish or cause to be furnished to the Commission a true copy of any letter, circular, telecommunication, or report published by a futures commission merchant, retail foreign exchange dealer, introducing broker, or eligible contract participant which concerns crop or market information or conditions that affect or tend to affect the price of any commodity, including any exchange rate, and the true source of or authority for the information contained therein.

§ 1.46 Application and closing out of offsetting long and short positions.

(a) Application of purchases and sales.

(1) Except with respect to purchases or sales which are for omnibus accounts, or where the customer or account controller has instructed otherwise, any futures commission merchant who, on or subject to the rules of a designated contract market:

(i) Purchases any commodity for future delivery for the account of any customer when the account of such customer at the time of such purchase has a short position in the same future of the same commodity on the same market;

(ii) Sells any commodity for future delivery for the account of any customer when the account of such customer at the time of such sale has a long position in the same future of the same commodity on the same market;

(iv) Sells a put or call option for the account of any customer when the account of such customer at the time of such sale has a long put or call option position with the same underlying futures contract or same underlying commodity, strike price, expiration date and contract market as that sold—shall on the same day apply such purchase or sale against such previously held short or long futures or option position, as the case may be, and shall, for futures transactions, promptly furnish such customer a statement showing the financial result of the transactions involved and, if applicable, that the account was introduced to the futures commission merchant by an introducing broker and the names of the futures commission merchant and introducing broker.

(2) Any futures commission merchant or retail foreign exchange dealer who:

(i) Engages in a retail forex transaction involving the purchase of any currency for the account of any retail forex customer when the account of such retail forex customer at the time of such purchase has an open retail forex transaction for the sale of the same currency;

(ii) Engages in a retail forex transaction involving the sale of any currency for the account of any retail forex customer when the account of such retail forex customer at the time of such sale has an open retail forex transaction for the purchase of the same currency;

(iii) Purchases a put or call option involving foreign currency for the account of any customer when the account of such customer at the time of such purchase has a short put or call option position with the same underlying currency, strike price, and expiration date as that purchased;

(iv) Sells a put or call option involving foreign currency for the account of any customer when the account of such customer at the time of such sale has a long put or call option position with the same underlying currency, strike price, and expiration date as that sold—shall immediately apply such purchase or sale against such previously held opposite transaction, and shall promptly furnish such retail forex...
§ 1.46 17 CFR Ch. I (4–1–13 Edition)

customer a statement showing the financial result of the transactions involved and, if applicable, that the account was introduced to the futures commission merchant or retail foreign exchange dealer by an introducing broker and the names of the futures commission merchant or retail foreign exchange dealer, and the introducing broker.

(b) Close-out against oldest open position. In all instances wherein the short or long futures, retail forex transaction or option position in such customer's or retail forex customer's account immediately prior to such offsetting purchase or sale is greater than the quantity purchased or sold, the futures commission merchant or retail foreign exchange dealer shall apply such offsetting purchase or sale to the oldest portion of the previously held short or long position: Provided, That upon specific instructions from the customer the offsetting transaction shall be applied as specified by the customer without regard to the date of acquisition of the previously held position; and Provided, further, that a futures commission merchant or retail foreign exchange dealer, if permitted by the rules of a registered futures association, may offset, at the customer's request, retail forex transactions of the same size, even if the customer holds other transactions of a different size, but in each case must offset the transaction against the oldest transaction of the same size. Such instructions may also be accepted from any person who, by power of attorney or otherwise, actually directs trading in the customer's or retail forex customer's account unless the person directing the trading is the futures commission merchant or retail foreign exchange dealer (including any partner thereof), or is an officer, employee, or agent of the futures commission merchant or retail foreign exchange dealer. With respect to every such offsetting transaction that, in accordance with such specific instructions, is not applied to the oldest portion of the previously held position, the futures commission merchant or retail foreign exchange dealer shall clearly show on the statement issued to the customer or retail forex customer in connection with the transaction, that because of the specific instructions given by or on behalf of the customer or retail forex customer the transaction was not applied in the usual manner, i.e., against the oldest portion of the previously held position. However, no such showing need be made if the futures commission merchant or retail foreign exchange dealer has received such specific instructions in writing from the customer or retail forex customer for whom such account is carried.

(c) In-and-out trades; day trades. Notwithstanding the provisions of paragraphs (a) and (b) of this section shall not be deemed to require the application of purchases or sales closed out during the same day (commonly known as “in-and-out trades” or “day trades”) against short or long positions carried forward from a prior date.

(d) Exceptions. The provisions of this section shall not apply to:

(1) Purchases or sales of commodity options constituting “bona fide hedging transactions” pursuant to rules of the contract market which have been adopted in accordance with the requirements of §1.61(b) and approved by the Commission pursuant to; section 5a(a)(12)(A) of the Act Provided, That no contract market or futures commission merchant shall permit such option positions to be offset other than by open and competitive execution in the trading pit or ring provided by the contract market, during the regular hours prescribed by the contract market for trading in such commodity option.

(2) Purchases or sales constituting “bona fide hedging transactions” as defined in §1.3(z); nor

(3) Sales during a delivery period for the purpose of making delivery during such delivery period if such sales are accompanied by instructions to make delivery thereon, together with warehouse receipts or other documents necessary to effectuate such delivery.

(4)–(7) [Reserved]

(8) Purchases or sales held in error accounts, including but not limited to floor broker error accounts, and purchases or sales identified as errors at the time they are assigned to an account that contains other purchases or sales not identified as errors and held
in that account ("error trades"), provided that:

(i) Each error trade does not offset another error trade held in the same account;

(ii) Each error trade is offset by open and competitive means on or subject to the rules of a contract market by not later than the close of business on the business day following the day the error trade is discovered and assigned to an error account or identified as an error trade, unless at the close of business on the business day following the discovery of the error trade, the relevant market has reached a daily price fluctuation limit and the trader is unable to offset the error trade, in which case the error trade must be offset as soon as practicable thereafter; and

(iii) No error trade is closed out by transferring such an open position to another account also controlled by that same trader.

The statements required by paragraph (a) of this section may be furnished to the customer or the person described in §1.33(d) by means of electronic transmission, in accordance with §1.33(g).

(Approved by the Office of Management and Budget under control number 3038–0007)

Editorial Note: For Federal Register citations affecting §1.49, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and at www.fdsys.gov.

§ 1.49 Denomination of customer funds and location of depositories.

(a) Definitions. For purposes of this section:

(1) Money center country. This term means Canada, France, Italy, Germany, Japan, and the United Kingdom.

(2) Money center currency. This term means the currency of any money center country and the Euro.

(b) Permissible denominations of obligations. (1) Subject to the terms and conditions set forth in this section, a futures commission merchant’s obligations to a customer shall be denominated:

(i) In the United States dollar;

(ii) In a currency in which funds were deposited by the customer or were converted at the request of the customer, to the extent of such deposits and conversions; or

(iii) In a currency in which funds have accrued to the customer as a result of trading conducted on a designated contract market, to the extent of such accruals.

(2) (i) A futures commission merchant shall prepare and maintain a written record of each transaction converting customer funds from one currency to another.

(ii) A written record prepared under paragraph (b)(2)(i) of this section must include the date the transaction was executed, the currencies converted, the amount converted, and the resulting amount.

(iii) The information required under paragraph (b)(2)(ii) of this section must be provided to the customer upon the customer’s request.

(c) Permissible locations of depositories. (1) Unless a customer provides instructions to the contrary, a futures commission merchant or a derivatives clearing organization may hold customer funds:

(i) In the United States;

(ii) In a money center country; or

(iii) In the country of origin of the currency.

(2) A futures commission merchant or derivatives clearing organization may hold customer funds outside the United States, in a jurisdiction that is not a money center country, or the country of origin of the currency only to the extent authorized by the customer, provided, that the futures commission merchant or derivatives clearing organization must make and maintain a written record of such authorization. Notwithstanding the foregoing, in no event shall a futures commission merchant or derivatives clearing organization hold customer funds outside the United States, in a jurisdiction that is not a money center country, or the country of origin of the currency only to the extent authorized by the customer, provided, that the futures commission merchant or derivatives clearing organization must make and maintain a written record of such authorization. Notwithstanding the foregoing, in no event shall a futures commission merchant or derivatives clearing organization hold customer funds outside the United States, in a jurisdiction that is not a money center country, or the country of origin of the currency only to the extent authorized by the customer, provided, that the futures commission merchant or derivatives clearing organization must make and maintain a written record of such authorization. Notwithstanding the foregoing, in no event shall a futures commission merchant or derivatives clearing organization hold customer funds outside

(d) Qualifications for depositories. (1) To hold customer funds required to be segregated pursuant to the Act and §§1.20 through 1.32 and 1.36, a depository must provide the depositing
futures commission merchant or derivatives clearing organization with the appropriate written acknowledgment as required under §§1.20 and 1.26.

(2) A depository, if located in the United States, must be:
   (i) A bank or trust company;
   (ii) A futures commission merchant registered as such with the Commission; or
   (iii) A derivatives clearing organization.

(3) A depository, if located outside the United States, must be:
   (i) A bank or trust company that has in excess of $1 billion of regulatory capital;
   (ii) A futures commission merchant that is registered as such with the Commission; or
   (iii) A derivatives clearing organization.

(e) Segregation requirements. (1) Each futures commission merchant and each derivatives clearing organization must, as of the close of each business day, hold in segregated accounts on behalf of commodity or option customers:
   (i) Sufficient United States dollars, held in the United States, to meet all United States dollar obligations; and
   (ii) Sufficient funds in each other currency to meet obligations in such currency.

(2) Notwithstanding paragraph (e)(1)(ii) of this section, assets denominated in one currency may be held to meet obligations denominated in another currency as follows:
   (i) United States dollars may be held in the United States or in money center countries to meet obligations denominated in any other currency; and
   (ii) Funds in money center currencies may be held in the United States or in money center countries to meet obligations other than the United States dollar.

(3) Each futures commission merchant and each derivatives clearing organization shall make and maintain records sufficient to demonstrate compliance with this paragraph (e).

(a) Each self-regulatory organization must adopt rules prescribing minimum financial and related reporting requirements for members who are registered futures commission merchants, registered retail foreign exchange dealers, or registered introducing brokers. The self-regulatory minimum financial and related reporting requirements must be the same as, or more stringent than, the requirements contained in §§1.10 and 1.17 of this chapter, for futures commission merchants and introducing brokers, and §§5.7 and 5.12 of this chapter for retail foreign exchange dealers; provided, however, a self-regulatory organization may permit its member registrants that are registered with the Securities and Exchange Commission as securities brokers or dealers to file (in accordance with §1.10(h) of this chapter) a copy of their Financial and Operational Combined Uniform Single Report under the Securities Exchange Act of 1934, Part II, Part IIA, or Part II CSE, in lieu of Form 1–FR. The definition of adjusted net capital must be the same as that prescribed in §1.17(c) of this chapter for futures commission merchants and introducing brokers, and §5.7(b)(2) of this chapter for futures commission merchants offering or engaging in retail foreign exchange transactions and for retail foreign exchange dealers. (b) Each self-regulatory organization must establish and operate a supervisory program for the purpose of assessing whether each member registrant is in compliance with the applicable self-regulatory organization and Commission rules and regulations governing minimum net capital and related financial requirements, the obligation to segregate customer funds, financial reporting requirements, recordkeeping requirements, and sales practice and other compliance requirements. The supervisory program also must address the following elements:

(1) Adequate levels and independence of audit staff. A self-regulatory organization must maintain staff of an adequate size, training, and experience to effectively implement a supervisory
program. Staff of the self-regulatory organization, including officers, directors and supervising committee members, must maintain independent judgment and its actions must not impair its independence nor appear to impair its independence in matters related to the supervisory program. The self-regulatory organization must provide annual ethics training to all staff with responsibilities for the supervisory program.

(2) **Ongoing surveillance.** A self-regulatory organization’s ongoing surveillance of member registrants must include the review and analysis of financial reports and regulatory notices filed by member registrants with the designated self-regulatory organization.

(3) **High-risk firms.** A self-regulatory organization’s supervisory program must include procedures for identifying member registrants that are determined to pose a high degree of potential financial risk, including the potential risk of loss of customer funds. High-risk member registrants must include firms experiencing financial or operational difficulties, failing to meet segregation or net capital requirements, failing to maintain current books and records, or experiencing material inadequacies in internal controls. Enhanced monitoring for high risk firms should include, as appropriate, daily review of net capital, segregation, and secured calculations, to assess compliance with self-regulatory and Commission requirements.

(4) **On-site examinations.** (i) A self-regulatory organization must conduct routine periodic on-site examinations of member registrants. Member futures commission merchants and retail foreign exchange dealers must be subject to on-site examinations no less frequently than once every eighteen months. A self-regulatory organization may establish a risk-based method of establishing the scope of each on-site examination, provided however, that the scope of each on-site examination of a futures commission merchant or retail foreign exchange dealer must include an assessment of whether the registrant is in compliance with applicable Commission and self-regulatory organization minimum capital and customer fund protection requirements, recordkeeping, and reporting requirements.

(ii) A self-regulatory organization must establish the frequency of on-site examinations of member introducing brokers that do not operate pursuant to guarantee agreements with futures commission merchants or retail foreign exchange dealers using a risk-based approach, provided however, that each introducing broker is subject to an on-site examination no less frequently than once every three years.

(iii) A self-regulatory organization must conduct on-site examinations of member registrants in accordance with uniform audit programs and procedures that have been submitted to the Commission.

(5) **Adequate documentation.** A self-regulatory organization must adequately document all aspects of the operation of the supervisory program, including the conduct of risk-based scope setting and the risk-based surveillance of high-risk member registrants, and the imposition of remedial and punitive action(s) for material violations.

(c) Any two or more self-regulatory organizations may file with the Commission a plan for delegating to a designated self-regulatory organization, for any registered futures commission merchant, retail foreign exchange dealer, or introducing broker that is a member of more than one such self-regulatory organization, the responsibility of:

(1) Monitoring and auditing for compliance with the minimum financial and related reporting requirements adopted by such self-regulatory organizations and the Commission in accordance with paragraphs (a) and (b) of this section; and

(2) Receiving the financial reports necessitated by such minimum financial and related reporting requirements.

(d) Any plan filed under this section may contain provisions for the allocation of expenses reasonably incurred by the designated self-regulatory organization among the self-regulatory organizations participating in such a plan.

(e) A plan’s designated self-regulatory organization must report to:
(1) That plan’s other self-regulatory organizations any violation of such other self-regulatory organizations’ rules and regulations for which the responsibility to monitor, audit or examine has been delegated to such designated self-regulatory organization under this section; and

(2) The Commission any violation of a self-regulatory organization’s rules and regulations or any violation of the Commission’s regulations for which the responsibility to monitor, audit or examine has been delegated to such designated self-regulatory organization under this section.

(f) The self-regulatory organizations may, among themselves, establish programs to provide access to any necessary financial or related information.

(g) After appropriate notice and opportunity for comment, the Commission may, by written notice, approve such a plan, or any part of the plan, if it finds that the plan, or any part of it:

(1) Is necessary or appropriate to serve the public interest;

(2) Is for the protection and in the interest of customers;

(3) Reduces multiple monitoring and multiple auditing for compliance with the minimum financial rules of the self-regulatory organizations submitting the plan of any futures commission merchant, retail foreign exchange dealer, or introducing broker that is a member of more than one self-regulatory organization;

(4) Reduces multiple reporting of the financial information necessitated by such minimum financial and related reporting requirements by any futures commission merchant, retail foreign exchange dealer, or introducing broker that is a member of more than one self-regulatory organization;

(5) Fosters cooperation and coordination among the self-regulatory organizations; and

(6) Does not hinder the development of a registered futures association under section 17 of the Act.

(h) After the Commission has approved a plan, or part thereof, under §1.52(g), a self-regulatory organization relieved of responsibility must notify each of its members that are subject to such a plan:

(1) Of the limited nature of its responsibility for such a member’s compliance with its minimum financial and related reporting requirements; and

(2) Of the identity of the designated self-regulatory organization that has been delegated responsibility for such a member.

(i) The Commission may at any time, after appropriate notice and opportunity for hearing, withdraw its approval of any plan, or part thereof, established under this section, if such plan, or part thereof, ceases to adequately effectuate the purposes of section 4f(b) of the Act or of this section.

(j) Whenever a registered futures commission merchant, a registered retail foreign exchange dealer, or a registered introducing broker holding membership in a self-regulatory organization ceases to be a member in good standing of that self-regulatory organization, such self-regulatory organization must, on the same day that event takes place, give electronic notice of that event to the Commission at its Washington, DC, headquarters and send a copy of that notification to such futures commission merchant, retail foreign exchange dealer, or introducing broker.

(k) Nothing in this section shall preclude the Commission from examining any futures commission merchant, retail foreign exchange dealer, or introducing broker for compliance with the minimum financial and related reporting requirements to which such futures commission merchant, retail foreign exchange dealer, or introducing broker is subject.

(l) In the event a plan is not filed and/or approved for each registered futures commission merchant, retail foreign exchange dealer, or introducing broker that is a member of more than one self-regulatory organization, the Commission may design and, after notice and opportunity for comment, approve a plan for those futures commission merchant, retail foreign exchange dealers, or introducing brokers that are not the subject of an approved plan (under paragraph (g) of this section), delegating to a designated self-
Commodity Futures Trading Commission

regulatory organization the responsibilities described in paragraph (c) of this section.

[77 FR 36694, June 19, 2012]

§ 1.55 Distribution of “Risk Disclosure Statement” by futures commission merchants and introducing brokers.

(a)(1) Except as provided in 1.65, no futures commission merchant, or in the case of an introduced account no introducing broker, may open a commodity futures account for a customer, other than for a customer specified in paragraph (f) of this section, unless the futures commission merchant or introducing broker first:

(i) Furnishes the customer with a separate written disclosure statement containing only the language set forth in paragraph (b) of this section (except for nonsubstantive additions such as captions) or as otherwise approved under paragraph (c) of this section; Provided, however, that the disclosure statement may be attached to other documents as the cover page or the first page of such documents and as the only material on such page; and

(ii) Receives from the customer an acknowledgment signed and dated by the customer that he received and understood the disclosure statement.

(b) The language set forth in the written disclosure document required by paragraph (a) of this section shall be as follows:

RISK DISCLOSURE STATEMENT

The risk of loss in trading commodity futures contracts can be substantial. You should, therefore, carefully consider whether such trading is suitable for you in light of your circumstances and financial resources. You should be aware of the following points:

(1) You may sustain a total loss of the funds that you deposit with your broker to establish or maintain a position in the commodity futures market, and you may incur losses beyond these amounts. If the market moves against your position, you may be called upon by your broker to deposit a substantial amount of additional margin funds, on short notice, in order to maintain your position. If you do not provide the required funds within the time required by your broker, your position may be liquidated at a loss, and you will be liable for any resulting deficit in your account.

(2) Under certain market conditions, you may find it difficult or impossible to liquidate a position. This can occur, for example, when the market reaches a daily price fluctuation limit (“limit move”).

(3) Placing contingent orders, such as “stop-loss” or “stop-limit” orders, will not necessarily limit your losses to the intended amounts, since market conditions on the exchange where the order is placed may make it impossible to execute such orders.

(4) All futures positions involve risk, and a “spread” position may not be less risky than an outright “long” or “short” position.

(5) The high degree of leverage (gearing) that is often obtainable in futures trading because of the small margin requirements can work against you as well as for you. Leverage (gearing) can lead to large losses as well as gains.

(6) You should consult your broker concerning the nature of the protections available to safeguard funds or property deposited for your account.

ALL OF THE POINTS NOTED ABOVE APPLY TO ALL FUTURES TRADING WHETHER FOREIGN OR DOMESTIC. IN ADDITION, IF YOU ARE CONTEMPLATING TRADING FOREIGN FUTURES OR OPTIONS CONTRACTS, YOU SHOULD BE AWARE OF THE FOLLOWING ADDITIONAL RISKS:

(7) Foreign futures transactions involve executing and clearing trades on a foreign exchange. This is the case even if the foreign exchange is formally “linked” to a domestic exchange, whereby a trade executed on one exchange liquidates or establishes a position
on the other exchange. No domestic organization regulates the activities of a foreign exchange, including the execution, delivery, and clearing of transactions on such an exchange, and no domestic regulator has the power to compel enforcement of the rules of the foreign exchange or the laws of the foreign country. Moreover, such laws or regulations may vary depending on the foreign country in which the transaction occurs. For these reasons, customers who trade on foreign exchanges may not be afforded certain of the protections which apply to domestic transactions, including the right to use domestic alternative dispute resolution procedures. In particular, funds received from customers to margin foreign futures transactions may not be provided the same protections as funds received to margin futures transactions on domestic exchanges. Before you trade, you should familiarize yourself with the foreign rules which will apply to your particular transaction.

(8) Finally, you should be aware that the price of any foreign futures or option contract and, therefore, the potential profit and loss resulting therefrom, may be affected by any fluctuation in the foreign exchange rate between the time the order is placed and the foreign futures contract is liquidated or the foreign option contract is liquidated or exercised.

THIS BRIEF STATEMENT CANNOT, OF COURSE, DISCLOSE ALL THE RISKS AND OTHER ASPECTS OF THE COMMODITY MARKETS

I hereby acknowledge that I have received and understood this risk disclosure statement.

______________________________
Signature of Customer

Date

(c) The Commission may approve for use in lieu of the risk disclosure document required by paragraph (b) of this section a risk disclosure statement approved by one or more foreign regulatory agencies or self-regulatory organizations if the Commission determines that such risk disclosure statement is reasonably calculated to provide the disclosure required by paragraph (b) of this section. Notice of risk disclosure statements that may be used to satisfy Commission disclosure requirements, what requirements such statements meet and the jurisdictions which accept each format will be set forth in appendix A to this section.

(d) Any futures commission merchant, or in the case of an introduced account any introducing broker, may open a commodity futures account for a customer without obtaining the separate acknowledgments of disclosure and elections required by this section and by §1.33(g), and by §§33.7 and 190.06 of this chapter, provided that:

(1) Prior to the opening of such account, the futures commission merchant or introducing broker obtains an acknowledgement from the customer, which may consist of a single signature at the end of the futures commission merchant’s or introducing broker’s customer account agreement, or on a separate page, of the disclosure statements, consents and elections specified in this section and §1.33(g), and in §§33.7, §155.3(b)(2), §155.4(b)(2), and §190.06 of this chapter, and which may include authorization for the transfer of funds from a segregated customer account to another account of such customer, as listed directly above the signature line, provided the customer has acknowledged by check or other indication next to a description of each specified disclosure statement, consent or election that the customer has received and understood such disclosure statement or made such consent or election; and

(2) The acknowledgment referred to in paragraph (d)(1) of this section is accompanied by and executed contemporaneously with delivery of the disclosures and elective provisions required by this section and §1.33(g), and by §§33.7 and 190.06 of this chapter.

(e) The acknowledgment required by paragraph (a) of this section must be retained by the futures commission merchant or introducing broker in accordance with §1.31.

(f) A futures commission merchant or, in the case of an introduced account, an introducing broker, may open a commodity futures account for an “institutional customer” as defined in §1.3(g) without furnishing such institutional customer the disclosure statements or obtaining the acknowledgments required under paragraph (a) of this section §§1.33(g) and 1.65(a)(3), and §§30.6(a), 33.7(a), 155.3(b)(2), 155.4(b)(2) and 190.10(c) of this chapter.
(g) This section does not relieve a futures commission merchant or introducing broker from any other disclosure obligation it may have under applicable law.

(h) Notwithstanding any other provision of this section or §1.65, a person registered or required to be registered with the Commission as a futures commission merchant pursuant to sections 4(h)(1) or 4(h)(2) of the Commodity Exchange Act and registered or required to be registered with the Securities and Exchange Commission as a broker or dealer pursuant to sections 15(b)(1) or 15(b)(11) of the Securities Exchange Act of 1934 and rules thereunder must provide to a customer or prospective customer, prior to the acceptance of any order for, or otherwise handling any transaction in or in connection with, a security futures product for a customer, the disclosures set forth in §41.41(b)(1) of this chapter.

(Approved by the Office of Management and Budget under control number 3038–0022)

(Secs. 4b, 4c(b), 4g(1), 4f, 4o, and 8a(5), Commodity Exchange Act, 7 U.S.C. 6b, 6c(b), 6g(1), 6f, 6o, and 12a(5)1976), and sec. 217, Commodity Futures Trading Act of 1974, 88 Stat. 1405; secs. 2(a)(1), 4b, 4c, 4d, 4f and 8a, Commodity Exchange Act, as amended (7 U.S.C. 2, 6b, 6c, 6f and 12a))
APPENDIX A TO CFTC RULE 1.55(c) — GENERIC RISK DISCLOSURE STATEMENT

Risk Disclosure Statement for Futures and Options

This brief statement does not disclose all of the risks and other significant aspects of trading in futures and options. In light of the risks, you should undertake such transactions only if you understand the nature of the contracts (and contractual relationships) into which you are entering and the extent of your exposure to risk. Trading in futures and options is not suitable for many members of the public. You should carefully consider whether trading is appropriate for you in light of your experience, objectives, financial resources and other relevant circumstances.

Futures

1. Effect of ‘Leverage’ or ‘Gearing’

Transactions in futures carry a high degree of risk. The amount of initial margin is small relative to the value of the futures contract so that transactions are ‘leveraged’ or ‘geared’. A relatively small market movement will have a proportionately larger impact on the funds you have deposited or will have to deposit; this may work against you as well as for you. You may sustain a total loss of initial margin funds and any additional funds deposited with the firm to maintain your position. If the market moves against your position or margin levels are increased, you may be called upon to pay substantial additional funds on short notice to maintain your position. If you fail to comply with a request for additional funds within the time prescribed, your position may be liquidated at a loss and you will be liable for any resulting deficit.

2. Risk-reducing orders or strategies

The placing of certain orders (e.g. ‘stop-loss’ orders, where permitted under local law, or ‘stop-limit’ orders) which are intended to limit losses to certain amounts may not be effective because market conditions may make it impossible to execute such orders. Strategies using combinations of positions, such as ‘spread’ and ‘straddle’ positions may be as risky as taking simple ‘long’ or ‘short’ positions.

Options

3. Variable degree of risk

Transactions in options carry a high degree of risk. Purchasers and sellers of options should familiarize themselves with the type of option (i.e. put or call) which they contemplate trading and the associated risks. You should calculate the extent to which the value of the options must increase for your position to become profitable, taking into account the premium and all transaction costs.

The purchaser of options may offset or exercise the options or allow the options to expire. The exercise of an option results either in a cash settlement or in the purchaser acquiring or delivering the underlying interest. If the option is on a future, the purchaser will acquire a futures position with associated liabilities for margin (see the section on Futures above). If the purchased options expire worthless, you will suffer a total loss of your investment which will consist of the option premium plus transaction costs. If you are contemplating purchasing deep-out-of-the-money options, you should be aware that the chance of such options becoming profitable ordinarily is remote.

Selling (‘writing’ or ‘granting’) an option generally entails considerably greater risk than purchasing options. Although the premium received by the seller is fixed, the seller may sustain a loss well in excess of that amount. The seller will be liable for additional margin to maintain the position if the market moves unfavorably. The seller will also be exposed to the risk of the purchaser exercising the option and the seller will be obligated to either settle the option in cash or to acquire or deliver the underlying interest. If the option is on a future, the seller will acquire a position in a future with associated liabilities for margin (see the section on Futures above). If the option is ‘covered’ by the seller holding a corresponding position in the underlying interest or a future or another option, the risk may be reduced. If the option is not covered, the risk of loss can be unlimited.

Certain exchanges in some jurisdictions permit deferred payment of the option premium, exposing the purchaser to liability for margin payments not exceeding the amount of the premium. The purchaser is still subject to the risk of losing the premium and transaction costs. When the option is exercised or expires, the purchaser is responsible for any unpaid premium outstanding at that time.

Additional risks common to futures and options

4. Terms and conditions of contracts

You should ask the firm with which you deal about the terms and conditions of the specific futures or options which you are trading and associated obligations (e.g. the circumstances under which you may become obligated to make or take delivery of the underlying interest of a futures contract and, in respect of options, expiration dates and restrictions on the time for exercise). Under certain
Commodity Futures Trading Commission § 1.55

circumstances the specifications of outstanding contracts (including the exercise price of an option) may be modified by the exchange or clearing house to reflect changes in the underlying interest.

5. Suspension or restriction of trading and pricing relationships

Market conditions (e.g. illiquidity) and/or the operation of the rules of certain markets (e.g. the suspension of trading in any contract or contract month because of price limits or ‘circuit breakers’) may increase the risk of loss by making it difficult or impossible to effect transactions or liquidate/offset positions. If you have sold options, this may increase the risk of loss.

Further, normal pricing relationships between the underlying interest and the future, and the underlying interest and the option may not exist. This can occur when, for example, the futures contract underlying the option is subject to price limits while the option is not. The absence of an underlying reference price may make it difficult to judge ‘fair’ value.

6. Deposited cash and property

You should familiarize yourself with the protections accorded money or other property you deposit for domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or property may be governed by specific legislation or local rules. In some jurisdictions, property which had been specifically identifiable as your own will be pro-rated in the same manner as cash for purposes of distribution in the event of a shortfall.

7. Commission and other charges

Before you begin to trade, you should obtain a clear explanation of all commission, fees and other charges for which you will be liable. These charges will affect your net profit (if any) or increase your loss.

8. Transactions in other jurisdictions

Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose you to additional risk. Such markets may be subject to regulation which may offer different or diminished investor protection. Before you trade you should enquire about any rules relevant to your particular transactions. Your local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where your transactions have been effected. You should ask the firm with which you deal for details about the types of redress available in both your home jurisdiction and other relevant jurisdictions before you start to trade.

9. Currency risks

The profit or loss in transactions in foreign currency-denominated contracts (whether they are traded in your own or another jurisdiction) will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the contract to another currency.

10. Trading facilities

Most open-outcry and electronic trading facilities are supported by computer-based component systems for the order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and/or member firms. Such limits may vary: you should ask the firm with which you deal for details in this respect.

11. Electronic trading

Trading on an electronic trading system may differ not only from trading in an open-outcry market but also from trading on other electronic trading systems. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to your instructions or is not executed at all.

12. Off-exchange transactions

In some jurisdictions, and only then in restricted circumstances, firms are permitted to effect off-exchange transactions. The firm with which you deal may be acting as your counterparty to the transaction. It may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such transactions, you should familiarize yourself with applicable rules and attendant risks.

I hereby acknowledge that I have received and understood this risk disclosure statement.

* * * * * *

(The following language should be printed on a page other than the pages containing the disclosure language above and may be omitted from the required disclosure statement)

This disclosure document meets the risk disclosure requirements in the jurisdictions
§ 1.56 Prohibition of guarantees against loss.

(a) [Reserved]

(b) No futures commission merchant or introducing broker may in any way represent that it will, with respect to any commodity interest in any account carried by the futures commission merchant for or on behalf of any person:

(1) Guarantee such person against loss;

(2) Limit the loss of such person; or

(3) Not call for or attempt to collect initial and maintenance margin as established by the rules of the applicable board of trade.

(c) No person may in any way represent that a futures commission merchant or introducing broker will engage in any of the acts or practices described in paragraph (b) of this section.

(d) This section shall not be construed to prevent a futures commission merchant or introducing broker from:

(1) Assuming or sharing in the losses resulting from an error or mishandling of an order; or

(2) Participating as a general partner in a commodity pool which is a limited partnership.

(e) This section shall not affect any guarantee entered into prior to January 28, 1982, but this section shall apply to any extension, modification or renewal thereof entered into after such date.

§ 1.57 Operations and activities of introducing brokers.

(a) Each introducing broker must:

(1) Open and carry each customer’s account with a carrying futures commission merchant on a fully-disclosed basis: Provided, however, That an introducing broker which has entered into a guarantee agreement with a futures commission merchant in accordance with the provisions of §1.10(j) must open and carry such customer’s account with such guarantor futures commission merchant on a fully-disclosed basis; and

(2) Transmit promptly for execution all customer orders to:

(i) A carrying futures commission merchant; or

(ii) A floor broker, if the introducing broker identifies its carrying futures commission merchant and that carrying futures commission merchant is also the clearing member with respect to the customer’s order.

(b) An introducing broker may not carry proprietary accounts, nor may an introducing broker carry accounts in foreign futures.

(c) An introducing broker may not accept any money, securities or property (or extend credit in lieu thereof) to margin, guarantee or secure any trades or contracts of customers, or any money, securities or property accruing as a result of such trades or contracts: Provided, however, That an introducing broker may deposit a check in a qualifying account or forward a check drawn by a customer if:

(1) The futures commission merchant carrying the customer’s account authorizes the introducing broker, in writing, to receive a check in the name of the futures commission merchant, and the introducing broker retains such written authorization in its files in accordance with §1.31:

(2) The check is payable to the futures commission merchant carrying the customer’s account;

(3) The check is deposited by the introducing broker, on the same day upon which it is received, in a bank or
Commodity Futures Trading Commission

§ 1.59 Activities of self-regulatory organization employees, governing board members, committee members, and consultants.

(a) Definitions. For purposes of this section:

(1) Self-regulatory organization means "self-regulatory organization," as defined in §1.3(ee), and includes the term "clearing organization," as defined in §1.3(d).

(2) Governing board member means a member, or functional equivalent thereof, of the board of governors of a self-regulatory organization.

(3) Committee member means a member, or functional equivalent thereof, of any committee of a self-regulatory organization.

(4) Employee means any person hired or otherwise employed on a salaried or contract basis by a self-regulatory organization, but does not include:

(i) Any governing board member compensated by a self-regulatory organization solely for governing board activities; or

(ii) Any committee member compensated by a self-regulatory organization solely for committee activities; or

(iii) Any consultant hired by a self-regulatory organization.

(5) Material information means information which, if such information were publicly known, would be considered important by a reasonable person in deciding whether to trade a particular commodity interest on a contract market or a swap execution facility, or to clear a swap contract through a derivatives clearing organization. As used in this section, "material information"
includes, but is not limited to, information relating to present or anticipated cash positions, commodity interests, trading strategies, the financial condition of members of self-regulatory organizations or members of linked exchanges or their customers, or the regulatory actions or proposed regulatory actions of a self-regulatory organization or a linked exchange.

(6) **Non-public information** means information which has not been disseminated in a manner which makes it generally available to the trading public.

(7) **Linked exchange** means:

(i) Any board of trade, exchange or market outside the United States, its territories or possessions, which has an agreement with a contract market or swap execution facility in the United States that permits positions in a commodity interest which have been established on one of the two markets to be liquidated on the other market;

(ii) Any board of trade, exchange or market outside the United States, its territories or possessions, the products of which are listed on a United States contract market, swap execution facility, or a trading facility thereof;

(iii) Any securities exchange, the products of which are held as margin in a commodity account or cleared by a securities clearing organization pursuant to a cross-margining arrangement with a futures clearing organization; or

(iv) Any clearing organization which clears the products of any of the foregoing markets.

(8) **Commodity interest** means any commodity futures, commodity option or swap contract traded on or subject to the rules of a contract market, a swap execution facility or linked exchange, or cleared by a derivatives clearing organization, or cash commodities traded on or subject to the rules of a board of trade which has been designated as a contract market.

(9) **Related commodity interest** means any commodity interest which is traded on or subject to the rules of a contract market, swap execution facility, linked exchange, or other board of trade, exchange, or market, or cleared by a derivatives clearing organization, other than the self-regulatory organization by which a person is employed, and with respect to which:

(i) Such employing self-regulatory organization has recognized or established intermarket spread margins or other special margin treatment between that other commodity interest and a commodity interest which is traded on or subject to the rules of the employing self-regulatory organization; or

(ii) Such other self-regulatory organization has recognized or established intermarket spread margins or other special margin treatment with another commodity interest as to which the person has access to material, non-public information.

(10) **Pooled investment vehicle** means a trading vehicle organized and operated as a commodity pool within the meaning of §4.10(d) of this chapter, and whose units of participation have been registered under the Securities Act of 1933, or a trading vehicle for which §4.5 of this chapter makes available relief from regulation as a commodity pool operator, i.e., registered investment companies, insurance company separate accounts, bank trust funds, and certain pension plans.

(b) Employees of self-regulatory organizations; Self-regulatory organization rules. (1) Each self-regulatory organization must maintain in effect rules which have been submitted to the Commission pursuant to section 5c(c) of the Act and part 40 of this chapter (or, pursuant to section 17(j) of the Act in the case of a registered futures association) that, at a minimum, prohibit:

(i) Employees of the self-regulatory organization from:

(A) Trading, directly or indirectly, in any commodity interest traded on or cleared by the employing contract market, swap execution facility, or clearing organization;

(B) Trading, directly or indirectly, in any related commodity interest;

(C) Trading, directly or indirectly, in a commodity interest traded on contract markets or swap execution facilities or cleared by derivatives clearing organizations other than the employing self-regulatory organization if the employee has access to material, non-public information concerning such commodity interest;

(D) Trading, directly or indirectly, in a commodity interest traded on or
Commodity Futures Trading Commission

§ 1.60

cleared by a linked exchange if the employee has access to material, non-public information concerning such commodity interest; and

(ii) Employees of the self-regulatory organization from disclosing to any other person any material, non-public information which such employee obtains as a result of his or her employment at the self-regulatory organization where such employee has or should have a reasonable expectation that the information disclosed may assist another person in trading any commodity interest; Provided, however, That such rules shall not prohibit disclosures made in the course of an employee's duties, or disclosures made to another self-regulatory organization, linked exchange, court of competent jurisdiction or representative of any agency or department of the federal or state government acting in his or her official capacity.

(2) Each self-regulatory organization may adopt rules, which must be submitted to the Commission pursuant to section 5(a)(12)(A) of the Act and Commission regulation 1.41 (or, pursuant to section 17(j) of the Act in the case of a registered futures association), which set forth circumstances under which exemptions from the trading prohibition contained in paragraph (b)(1)(i) of this section may be granted; such exemptions are to be administered by the self-regulatory organization on a case-by-case basis. Specifically, such circumstances may include:

(i) Participation by an employee in pooled investment vehicles where the employee has no direct or indirect control with respect to transactions executed for or on behalf of such vehicles; and

(ii) Trading by an employee under circumstances enumerated by the self-regulatory organization in rules which the self-regulatory organization determines are not contrary to the purposes of this regulation, the Commodity Exchange Act, the public interest, or just and equitable principles of trade.

§ 1.60 Pending legal proceedings.

(a) Every contract market shall submit to the Commission copies of the complaint, any dispositive or partially dispositive decision, any notice of appeal filed concerning such decisions and such further documents as the Commission may thereafter request filed in any material legal proceeding to which the contract market is a party or its property or assets is subject.

(b) Every futures commission merchant shall submit to the Commission copies of any dispositive or partially
dispositive decision for which a notice of appeal has been filed, the notice of appeal and such further documents as the Commission may thereafter request filed in any material legal proceeding to which the futures commission merchant is a party or its property or assets is subjects.

(c) Every contract market shall submit to the Commission copies of the complaint, any dispositive or partially dispositive decision, any notice of appeal filed concerning such decisions and such further documents as the Commission may thereafter request filed in any material legal proceeding instituted against any officer, director, or other official of the contract market arising from conduct in such person’s capacity as a contract market official and alleging violations of:

(1) The act or any rule, regulation, or order thereunder;
(2) the constitution, bylaws or rules of the contract market; or
(3) the applicable provisions of state law relating to the duties of officers, directors, or other officials of business organizations.

d) Every futures commission merchant shall submit to the Commission copies of any dispositive or partially dispositive decision concerning which a notice of appeal has been filed, the notice of appeal, and such further documents as the Commission may thereafter request filed in any material legal proceeding instituted against any person who is a principal of the futures commission merchant (as that term is defined in §3.1(a) of this chapter) arising from conduct in such person’s capacity as a principal of the futures commission merchant and alleging violations of:

(1) The act or any rule, regulation, or order thereunder;
(2) the constitution, bylaws or rules of the futures commission merchant; or
(3) the applicable provisions of state law relating to a duty or obligation owed by such a principal.

(e) All documents required by this section to be submitted to the Commission shall be mailed to the Commission within 45 days of that effective date. Thereafter, all complaints required by this section to be submitted to the Commission by contract markets shall be mailed to the Commission within 10 days after the initiation of the legal proceedings to which they relate, all decisions required to be submitted by contract markets shall be mailed within 10 days of their date of issuance, all notices of appeal required to be submitted by contract markets shall be mailed within 10 days of the filing or receipt by the contract market of the notice of appeal, and all decisions and notices of appeal required to be submitted by futures commission merchants shall be mailed within 10 days of the filing or receipt by the futures commission merchant of the relevant notice of appeal. For purposes of paragraph (a), (b), (c) and (d) of this rule, a “material legal proceeding” includes but is not limited to actions involving alleged violations of the Commodity Exchange Act or the Commission’s regulations. However, a legal proceeding is not “material” for the purposes of this rule if the proceeding is not in a federal or state court or if the Commission is a party.

[49 FR 17750, Apr. 25, 1984]

§§ 1.61–1.62 [Reserved]

§ 1.63 Service on self-regulatory organization governing boards or committees by persons with disciplinary histories.

(a) Definitions. For purposes of this section:

(1) Self-regulatory organization means a “self-regulatory organization” as defined in §1.3(ee), and includes a “clearing organization” as defined in §1.3(d), except as defined in paragraph (b)(6) of this section.

(2) Disciplinary committee means any person or committee of persons, or any subcommittee thereof, that is authorized by a self-regulatory organization to issue disciplinary charges, to conduct disciplinary proceedings, to settle disciplinary charges, to impose disciplinary sanctions or to hear appeals thereof.
(3) Arbitration panel means any person or panel empowered by a self-regulatory organization to arbitrate disputes involving such organization’s members or their customers.

(4) Oversight panel means any panel authorized by a self-regulatory organization to review, recommend or establish policies or procedures with respect to the self-regulatory organization’s surveillance, compliance, rule enforcement or disciplinary responsibilities.

(5) Final decision means:

(i) A decision of a self-regulatory organization which cannot be further appealed within the self-regulatory organization, is not subject to the stay of the Commission or a court of competent jurisdiction, and has not been reversed by the Commission or any court of competent jurisdiction; or,

(ii) Any decision by an administrative law judge, a court of competent jurisdiction or the Commission which has not been stayed or reversed.

(6) Disciplinary offense means:

(i) Any violation of the rules of a self-regulatory organization except those rules related to

(A) Decorum or attire,

(B) Financial requirements, or

(C) Reporting or recordkeeping unless resulting in fines aggregating more than $5,000 within any calendar year;

(ii) Any rule violation described in subparagraphs (a)(6)(i) (A) through (C) of this regulation which involves fraud, deceit or conversion or results in a suspension or expulsion;

(iii) Any violation of the Act or the regulations promulgated thereunder; or,

(iv) Any failure to exercise supervisory responsibility with respect to acts described in paragraphs (a)(6) (i) through (iii) of this section when such failure is itself a violation of either the rules of a self-regulatory organization, the Act or the regulations promulgated thereunder.

(v) A disciplinary offense must arise out of a proceeding or action which is brought by a self-regulatory organization, the Commission, any federal or state agency, or other governmental body.

(7) Settlement agreement means any agreement consenting to the imposition of sanctions by a self-regulatory organization, a court of competent jurisdiction or the Commission.

(b) Each self-regulatory organization must maintain in effect rules which have been submitted to the Commission pursuant to section 5c(c) of the Act and part 40 of this chapter or, in the case of a registered futures association, pursuant to section 17(j) of the Act, that render a person ineligible to serve on its disciplinary committees, arbitration panels, oversight panels or governing board who:

(1) Was found within the prior three years by a final decision of a self-regulatory organization, an administrative law judge, a court of competent jurisdiction or the Commission to have committed a disciplinary offense;

(2) Entered into a settlement agreement within the prior three years in which any of the findings or, in the absence of such findings, any of the acts charged included a disciplinary offense;

(3) Currently is suspended from trading on any contract market, is suspended or expelled from membership with any self-regulatory organization, is serving any sentence of probation or owes any portion of a fine imposed pursuant to either:

(i) A finding by a final decision of a self-regulatory organization, an administrative law judge, a court of competent jurisdiction or the Commission that such person committed a disciplinary offense; or,

(ii) A settlement agreement in which any of the findings or, in the absence of such findings, any of the acts charged included a disciplinary offense.

(4) Currently is subject to an agreement with the Commission or any self-regulatory organization not to apply for registration with the Commission or membership in any self-regulatory organization;

(5) Currently is subject to or has had imposed on him within the prior three years a Commission registration revocation or suspension in any capacity for any reason, or has been convicted within the prior three years of any of the felonies listed in section 8a(2)(D) (ii) through (iv) of the Act;

(6) Currently is subject to a denial, suspension or disqualification from serving on the disciplinary committee, arbitration panel or governing board of
any self-regulatory organization as that term is defined in section 3(a)(26) of the Securities Exchange Act of 1934.

(c) No person may serve on a disciplinary committee, arbitration panel, oversight panel or governing board of a self-regulatory organization if such person is subject to any of the conditions listed in paragraphs (b)(1) through (6) of this section.

(d) Each self-regulatory organization shall submit to the Commission a schedule listing all those rule violations which constitute disciplinary offenses as defined in paragraph (a)(6)(i) of this section and to the extent necessary to reflect revisions shall submit an amended schedule within thirty days of the end of each calendar year. Each self-regulatory organization must maintain and keep current the schedule required by this section, and post the schedule on the self-regulatory organization’s Web site so that it is in a public place designed to provide notice to members and otherwise ensure its availability to the general public.

(e) Each self-regulatory organization shall submit to the Commission within thirty days of the end of each calendar year a certified list of any persons who have been removed from its disciplinary committees, arbitration panels, oversight panels or governing board pursuant to the requirements of this regulation during the prior year.

(f) Whenever a self-regulatory organization finds by final decision that a person has committed a disciplinary offense and such finding makes such person ineligible to serve on that self-regulatory organization’s disciplinary committees, arbitration panels, oversight panels or governing board, the self-regulatory organization shall inform the Commission of that finding and the length of the ineligibility in any notice it is required to provide to the Commission pursuant to either section 17(h)(1) of the Act or Commission regulation 9.11.

be considered a different membership interest:

(A) Futures commission merchants,

(B) Introducing brokers,

(C) Commodity pool operators,

(D) Commodity trading advisors; and,

(E) Associated persons, except that under paragraph (c)(3) of this section an associated person will be deemed to represent the same membership interest as its sponsor.

(b) Each self-regulatory organization must maintain in effect standards and procedures with respect to its governing board which have been submitted to the Commission pursuant to section 5a(a)(12)(A) of the Act and §1.41 or, when applicable to a registered futures association, pursuant to section 17(j) of the Act, that ensure:

(1) That twenty percent or more of the regular voting members of the board are persons who:

(i) Are knowledgeable of futures trading or financial regulation or are otherwise capable of contributing to governing board deliberations; and,

(ii) (A) Are not members of the self-regulatory organization,

(B) Are not currently salaried employees of the self-regulatory organization,

(C) Are not primarily performing services for the self-regulatory organization in a capacity other than as a member of the self-regulatory organization’s governing board, or

(D) Are not officers, principals or employees of a firm which holds a membership at the self-regulatory organization either in its own name or through an employee on behalf of the firm;

(2) In the case of a contract market, that ten percent or more of the regular voting members of the governing board be comprised where applicable of persons representing farmers, producers, merchants or exporters of principal commodities underlying a commodity futures or commodity option traded on the contract market; and

(3) That the board’s membership includes a diversity of membership interests. The self-regulatory organization must be able to demonstrate that the board membership fairly represents the diversity of interests at such self-regulatory organization and is otherwise consistent with this regulation’s composition requirements;

(c) Each self-regulatory organization must maintain in effect rules with respect to its major disciplinary committees which have been submitted to the Commission pursuant to section 5a(a)(12)(A) of the Act and §1.41 or, when applicable to a registered futures association, pursuant to section 17(j) of the Act, that ensure:

(1) That at least one member of each major disciplinary committee or hearing panel thereof be a person who is not a member of the self-regulatory organization whenever such committee or panel is acting with respect to a disciplinary action in which:

(i) The subject of the action is a member of the self-regulatory organization’s:

(A) Governing board, or

(B) Major disciplinary committee; or,

(ii) Any of the charged, alleged or adjudicated contract market rule violations involve:

(A) Manipulation or attempted manipulation of the price of a commodity, a futures contract or an option on a futures contract, or

(B) Conduct which directly results in financial harm to a non-member of the contract market;

(2) In the case of a contract market, that more than fifty percent of each major disciplinary committee or hearing panel thereof include persons representing membership interests other than that of the subject of the disciplinary proceeding being considered;

(3) In the case of a registered futures association, that each major disciplinary committee or hearing panel thereof include persons representing membership interests other than that of the subject of the disciplinary proceeding being considered; and,

(4) That each major disciplinary committee or hearing panel thereof include sufficient different membership interests so as to ensure fairness and to prevent special treatment or preference for any person in the conduct of a committee’s or the panel’s responsibilities.

(d) Each self-regulatory organization must submit to the Commission within thirty days after each governing board election a list of the governing board’s members, the membership interests
they represent and how the composition of the governing board otherwise meets the requirements of §1.64(b) and the self-regulatory organization’s implementing standards and procedures.

[58 FR 37654, July 13, 1993; 59 FR 5082, Feb. 3, 1994]

§ 1.65 Notice of bulk transfers and disclosure obligations to customers.

(a) Notice and Disclosure to Customers.

(1) Prior to transferring a customer account to another futures commission merchant or introducing broker other than at the request of the customer, a futures commission merchant or introducing broker must obtain the customer’s specific consent to the transfer.

(2) If the customer account agreement contains a valid consent by the customer to prospective transfers of the account, the transferor futures commission merchant or introducing broker may transfer the account if the customer is provided with written notice of, and a reasonable opportunity to object to, the transfer and the customer has not asserted an objection to the transfer or given other instructions as to the disposition of the account. The notice to the customer must include:

(i) A clear statement of the reason(s) for the transfer, the name, address and telephone number of the proposed transferee firm and other information material to the transfer;

(ii) A statement that the customer is not required to accept the proposed transfer and may direct the transfer or firm to liquidate the account or transfer the account to a firm of the customer’s selection;

(iii) The name, telephone number and address of a contact person at the transferor firm to whom the customer may give instructions as to the disposition of the account;

(iv) Notice that a failure to respond to the letter within a specified time period, which must be a reasonable period in the circumstances, will be deemed consent to the transfer; and

(v) A clear statement as to the means by which the customer may object to or otherwise respond to the notice of proposed transfer.

(3) Where customer accounts are transferred to a futures commission merchant or introducing broker, other than at the customer’s request, the transferee introducing broker or futures commission merchant must provide each customer whose account is transferred with the risk disclosure statements and acknowledgments required by §1.55 (domestic futures and foreign futures and options trading), and §§33.7 (domestic exchange-traded commodity options) and 190.10(c) (non-cash margin—to be furnished by futures commission merchants only) of this chapter and receive the required acknowledgments within sixty days of the transfer of accounts. This requirement shall not apply:

(i) As to customers owning transferred accounts for which the transferee futures commission merchant or introducing broker has clear written evidence that the customer has received and acknowledged the required disclosure documents; or

(ii) As to customers for which the transferee futures commission merchant or introducing broker has clear evidence that such customer was at the time the account was opened by the transferring futures commission merchant or introducing broker, or is at the time the account is being transferred, a customer listed in §1.55(f); or

(iii) If the transfer of accounts is made from one introducing broker to another introducing broker guaranteed by the same futures commission merchant pursuant to a guarantee agreement in accordance with the requirements of §1.10(j) and such futures commission merchant maintains the relevant acknowledgments required by §§1.55(a)(1)(i) and 33.7(a)(1)(ii) of this chapter and can establish compliance with §190.10(c) of this chapter.

(b) Notice to the Commission. Each futures commission merchant or introducing broker shall file with the Commission, at least five business days in advance of the transfer, notice of any transfer of customer accounts carried or introduced by such futures commission merchant or introducing broker that is not initiated at the request of the customer, where the transfer involves the lesser of:

138
(1) 25 percent of the total number of customer accounts carried or introduced by such firm if that percentage represents at least 100 accounts; or
(2) 50 percent or more of the total number of customer accounts carried or introduced by such firm. The computation of the percentage and number of accounts must be based on the total number of accounts carried by the transferee futures commission merchant or introduced by the introducing broker, irrespective of whether such accounts are transferred to a single or multiple transferees.

(c) The notice required by paragraph (b) of this section shall include:
(1) The name, principal business address and telephone number of the transferee futures commission merchant or introducing broker;
(2) The name, principal business address and telephone number of each transferee futures commission merchant or introducing broker;
(3) The designated self-regulatory organization for the transferee and transferee firms;
(4) A brief statement as to the reasons for the transfer;
(5) A copy of the notice to customers informing them of the proposed transfer and providing an opportunity to object to such transfer; and
(6) A statement of the number of accounts to be transferred and the estimated liquidating equity of the accounts to be transferred.

(d) The notice required by paragraph (b) of this section shall be filed with the Deputy Director, Compliance and Registration Section, Division of Clearing and Intermediary Oversight, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581; the National Futures Association Attn: Vice President-Compliance; and the designated self-regulatory organization for the transferee firm.

(e) In the event that the notice required by paragraph (b) of this section cannot be filed with the Commission at least five days prior to the account transfer, the transferee futures commission merchant or introducing broker shall file such notice as soon as practicable and no later than the day of the transfer. Such notice shall include a brief statement explaining the circumstances necessitating the delay in filing.

(f) The requirements of this section shall not affect the obligations of a futures commission merchant or introducing broker under the rules of a self-regulatory organization or applicable customer account agreement with respect to transfer of accounts.

(g) If a proposed transfer is not completed in accordance with the notice required to be filed by paragraph (b) of this section, a corrective notice shall be filed within five business days of the date such proposed transfer was to occur explaining why the proposed transfer was not completed.

§ 1.66 No-action positions with respect to floor traders.

(a) Notwithstanding any other provision of law, if a contract market submits to the National Futures Association by April 26, 1993 a list of floor traders who were granted trading privileges on that contract market on or before April 26, 1993, and whose trading privileges remain in effect, which includes the name, date of birth and social security number of such floor traders, as well as facts regarding such floor traders which are set forth as statutory disqualifications in section 8a(2) of the Act if the contract market knows of such facts, and such list is signed by the chief operating officer of the contract market, the Commission will not commence an enforcement proceeding against a floor trader on that list based solely upon the floor trader's failure to register or receive a temporary license under section 4f of the Act and § 3.11 of this chapter, nor will the Commission commence an enforcement proceeding against the contract market under § 1.62 for failing to bar such floor trader from operating as such: Provided, however, That for those floor traders listed as to whom the contract market knows of facts set forth as statutory disqualifications in section 8a(2) of the Act, the no-action position contained in paragraph (a) of this section will only apply if the contract market submits a supplemental
statement signed by the chief operating officer of the contract market stating that, in light of the Congressional mandate requiring registration of floor traders under the Act, the contract market acknowledges its responsibility to take affirmative action to conduct appropriate surveillance of such floor traders. These no-action positions shall expire upon the floor's trader being granted or denied registration under the Act, or on June 11, 1993, whichever comes earliest: Provided, however, That if the floor trader files an application for registration in accordance with §3.11 of this chapter with the National Futures Association by June 11, 1993, the no-action positions for the floor trader and the contract market as to the registration of such floor trader will be extended until the floor trader is granted or denied registration under the Act, unless an Administrative Law Judge issues an interim order suspending the no-action status of the floor trader under paragraph (a) of this section and requiring the floor trader to show cause within thirty days after receipt of the floor trader's written submission, if any, and any reply thereto, shall issue an interim order suspending the no-action status of the floor trader under paragraph (a) of this section and requiring the floor trader to show cause within twenty days of the date of the order why, notwithstanding the existence of the statutory disqualification, the registration of the floor trader should not be denied. The no-action status of the floor trader shall be suspended, effective five days after the order to show cause is served upon the floor trader in accordance with §3.50(a) of this chapter, until a final order with respect to the order to show cause has been issued: Provided, That if the sole basis upon which the floor trader is subject to statutory disqualification is the existence of a temporary order, judgment or decree of the type described in section 8a(2)(C) of the Act, the order to show cause shall not be issued and the floor trader shall be suspended until such time as the temporary order, judgment or decree shall have expired: Provided, however, That in no event
§ 1.69 Voting by interested members of self-regulatory organization governing boards and various committees.

(a) Definitions. For purposes of this section:

Disciplinary committee means any person or committee of persons, or any subcommittee thereof, that is authorized by a self-regulatory organization to issue disciplinary charges, to conduct disciplinary proceedings, to settle disciplinary charges, to impose disciplinary sanctions, or to hear appeals thereof in cases involving any violation of the rules of the self-regulatory organization except those cases where the person or committee is authorized summarily to impose minor penalties for violating rules regarding decorum, attire, the timely submission of accurate records for clearing or verifying transactions, and similar violations.

(1)(i) The contract market or swap execution facility shall promptly provide written notice of the disciplinary action to the futures commission merchant or other registrant; and

(ii) A futures commission merchant or other registrant that receives a notice, under paragraph (b)(1)(i) of this section shall promptly provide written notice of the disciplinary action to the customer as disclosed on its books and records. If the customer is another futures commission merchant or other registrant, such futures commission merchant or other registrant shall promptly provide notice to the customer.

(2) A written notice required by paragraph (b)(1) of this section must include the principal facts of the disciplinary action and a statement that the contract market or swap execution facility has found that the member has committed a rule violation that involved a transaction for the customer, whether executed or not, and that resulted in financial harm to the customer. For the purposes of this paragraph, a notice which includes the information listed in § 9.11(b) of this chapter shall be deemed to include the principal facts of the disciplinary action thereof.

§ 1.68 [Reserved]

§ 1.67 Notification of final disciplinary action involving financial harm to a customer.

(a) Definitions. For purposes of this section:

Final disciplinary action means any decision by or settlement with a contract market or swap execution facility in a disciplinary matter which cannot be further appealed at the contract market or swap execution facility, is not subject to the stay of the Commission or a court of competent jurisdiction, and has not been reversed by the Commission or any court of competent jurisdiction.

(b) Upon any final disciplinary action in which a contract market or swap execution facility finds that a member has committed a rule violation that involved a transaction for a customer, whether executed or not, and that resulted in financial harm to the customer:

(1)(i) The contract market or swap execution facility shall promptly provide written notice of the disciplinary action to the futures commission merchant or other registrant; and

(ii) A futures commission merchant or other registrant that receives a notice, under paragraph (b)(1)(i) of this section shall promptly provide written notice of the disciplinary action to the customer as disclosed on its books and records. If the customer is another futures commission merchant or other registrant, such futures commission merchant or other registrant shall promptly provide notice to the customer.

(2) A written notice required by paragraph (b)(1) of this section must include the principal facts of the disciplinary action and a statement that the contract market or swap execution facility has found that the member has committed a rule violation that involved a transaction for the customer, whether executed or not, and that resulted in financial harm to the customer. For the purposes of this paragraph, a notice which includes the information listed in § 9.11(b) of this chapter shall be deemed to include the principal facts of the disciplinary action thereof.
each day’s transactions or other similar activities.

(2) Family relationship of a person means the person’s spouse, former spouse, parent, stepparent, child, stepchild, sibling, stepbrother, stepsister, grandparent, grandchild, uncle, aunt, nephew, niece or in-law.

(3) Governing board means a self-regulatory organization’s board of directors, board of governors, board of managers, or similar body, or any subcommittee thereof, duly authorized, pursuant to a rule of the self-regulatory organization that has been approved by the Commission or has become effective pursuant to either Section 5(a)(12)(A) or 17(j) of the Act to take action or to recommend the taking of action on behalf of the self-regulatory organization.

(4) Oversight panel means any panel, or any subcommittee thereof, authorized by a self-regulatory organization to recommend or establish policies or procedures with respect to the self-regulatory organization’s surveillance, compliance, rule enforcement, or disciplinary responsibilities.

(5) Member’s affiliated firm is a firm in which the member is a “principal,” as defined in §3.1(a), or an employee.

(6) Named party in interest means a person or entity that is identified by name as a subject of any matter being considered by a governing board, disciplinary committee, or oversight panel.

(7) Self-regulatory organization means a “self-regulatory organization” as defined in §1.3(ee) and includes a “clearing organization” as defined in §1.3(d), but excludes registered futures associations for the purposes of paragraph (b)(2) of this section.

(8) Significant action includes any of the following types of self-regulatory organization actions or rule changes that can be implemented without the Commission’s prior approval:

(i) Any actions or rule changes which address an “emergency” as defined in §1.41(a)(4)(i) through (iv) and (vi) through (viii); and,

(ii) Any changes in margin levels that are designed to respond to extraordinary market conditions such as an actual or attempted corner, squeeze, congestion or undue concentration of positions, or that otherwise are likely to have a substantial effect on prices in any contract traded or cleared at such self-regulatory organization; but does not include any rule not submitted for prior Commission approval because such rule is unrelated to the terms and conditions of any contract traded at such self-regulatory organization.

(b) Self-regulatory organization rules. Each self-regulatory organization shall maintain in effect rules that have been submitted to the Commission pursuant to Section 5(a)(12)(A) of the Act and §1.41 or, in the case of a registered futures association, pursuant to Section 17(j) of the Act, to address the avoidance of conflicts of interest in the execution of its self-regulatory functions. Such rules must provide for the following:

(1) Relationship with named party in interest—

(i) Nature of relationship. A member of a self-regulatory organization’s governing board, disciplinary committee or oversight panel must abstain from such body’s deliberations and voting on any matter involving a named party in interest where such member:

(A) Is a named party in interest;

(B) Is an employer, employee, or fellow employee of a named party in interest;

(C) Is associated with a named party in interest through a “broker association” as defined in §156.1;

(D) Has any other significant, ongoing business relationship with a named party in interest, not including relationships limited to executing futures or option transactions opposite of each other or to clearing futures or option transactions through the same clearing member; or,

(E) Has a family relationship with a named party in interest.

(ii) Disclosure of relationship. Prior to the consideration of any matter involving a named party in interest, each member of a self-regulatory organization governing board, disciplinary committee or oversight panel must disclose to the appropriate self-regulatory organization staff whether he or she has one of the relationships listed in paragraph (b)(1)(i) of this section with a named party in interest.
(iii) Procedure for determination. Each self-regulatory organization must establish procedures for determining whether any member of its governing board, disciplinary committees or oversight committees is subject to a conflict restriction in any matter involving a named party in interest. Taking into consideration the exigency of the committee action, such determinations should be based upon:

(A) Information provided by the member pursuant to paragraph (b)(1)(ii) of this section; and

(B) Any other source of information that is held by and reasonably available to the self-regulatory organization.

(2) Financial interest in a significant action—(i) Nature of interest. A member of a self-regulatory organization’s governing board, disciplinary committee or oversight panel must abstain from such body’s deliberations and voting on any significant action if the member knowingly has a direct and substantial financial interest in the result of the vote based upon either exchange or non-exchange positions that could reasonably be expected to be affected by the action.

(ii) Disclosure of interest. Prior to the consideration of any significant action, each member of a self-regulatory organization governing board, disciplinary committee or oversight panel must disclose to the appropriate self-regulatory organization staff the position information referred to in paragraph (b)(2)(iii) of this section that is known to him or her. This requirement does not apply to members who choose to abstain from deliberations and voting on the subject significant action.

(iii) Procedure for determination. Each self-regulatory organization must establish procedures for determining whether any member of its governing board, disciplinary committees or oversight committees is subject to a conflict restriction under this section in any significant action. Such determination must include a review of:

(A) Gross positions held at that self-regulatory organization in the member’s personal accounts or “controlled accounts,” as defined in §1.3(j);

(B) Gross positions held at that self-regulatory organization in proprietary accounts, as defined in §1.17(b)(3), at the member’s affiliated firm;

(C) Gross positions held at that self-regulatory organization in accounts in which the member is a principal, as defined in §3.1(a);

(D) Net positions held at that self-regulatory organization in “customer” accounts, as defined in §1.17(b)(2), at the member’s affiliated firm; and,

(E) Any other types of positions, whether maintained at that self-regulatory organization or elsewhere, held in the member’s personal accounts or the proprietary accounts of the member’s affiliated firm that the self-regulatory organization reasonably expects could be affected by the significant action.

(iv) Bases for determination. Taking into consideration the exigency of the significant action, such determinations should be based upon:

(A) The most recent large trader reports and clearing records available to the self-regulatory organization;

(B) Information provided by the member with respect to positions pursuant to paragraph (b)(2)(ii) of this section; and,

(C) Any other source of information that is held by and reasonably available to the self-regulatory organization.

(3) Participation in deliberations. (i) Under the rules required by this section, a self-regulatory organization governing board, disciplinary committee or oversight panel may permit a member to participate in deliberations prior to a vote on a significant action for which he or she otherwise would be required to abstain, pursuant to paragraph (b)(2) of this section, if such participation would be consistent with the public interest and the member recuses himself or herself from voting on such action.

(ii) In making a determination as to whether to permit a member to participate in deliberations on a significant action for which he or she otherwise would be required to abstain, pursuant to paragraph (b)(2) of this section, if such participation would be consistent with the public interest and the member recuses himself or herself from voting on such action.

(A) Whether the member’s participation in deliberations is necessary for the deliberating body to achieve a quorum in the matter; and
§ 1.70 Notification of State enforcement actions brought under the Commodity Exchange Act.

(a) Immediately upon instituting any proceeding in any Federal district court for violation of the Act or any rule, regulation or order thereunder against any person who is subject to suit pursuant to sections 6d(1)–(6) of the Act, the authorized State official of the State instituting the proceeding shall submit to the Commission a copy of the complaint filed in the proceeding, together with a written notice which:

(1) Indicates the names of parties to the proceeding;

(2) Indicates the provision of the Act or the rule, regulation or order thereunder which is alleged to have been violated.

(b) Prior to instituting any proceeding in a State court for the alleged violation of any antifraud provisions of the Act or any antifraud rule, regulation or order thereunder against any person registered with the Commission who is subject to suit pursuant to the provisions of section 6d(8) of the Act, the authorized State official of the State intending to institute the proceeding shall submit to the Commission written notice which:

(1) Indicates the names of parties to the proposed proceeding;

(2) Indicates the provision of the Act or the rule, regulation or order thereunder which will be alleged to have been violated;

(3) Contains a brief statement of the facts on which the proposed action will be based.

Except as provided in paragraph (c), this written notice must be sent by first-class U.S. mail or personally delivered to the Secretary, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581 not less than 5 business days prior to instituting the proceeding in State court.

(c) Where it is impracticable to provide the Commission with written notice within the time period specified in paragraph (b) of this section, the authorized state official must inform the Secretary of the Commission by telephone as soon as practicable to institute a proceeding in state court and must send the written notice required in paragraph (b)(1) through (b)(3) of this section by facsimile or other similarly expeditious means of written communication to the Secretary of the Commission, prior to instituting the proceeding in state court.

(d) Immediately upon instituting any proceeding in a State court pursuant to the provisions of section 6d(8) of the Act for alleged violation of any antifraud provisions of the Act or any antifraud rule, regulation or order thereunder, the authorized State official instituting the proceeding shall submit
Commodity Futures Trading Commission

§ 1.71 Conflicts of interest policies and procedures by futures commission merchants and introducing brokers.

(a) Definitions. For purposes of this section, the following terms shall be defined as provided.

(1) Affiliate. This term means, with respect to any person, a person controlling, controlled by, or under common control with, such person.

(2) Business trading unit. This term means any department, division, group, or personnel of a futures commission merchant or introducing broker or any of its affiliates, whether or not identified as such, that performs, or personnel exercising direct supervisory authority over the performance of, any pricing (excluding price verification for risk management purposes), trading, sales, marketing, advertising, solicitation, structuring, or brokerage activities on behalf of a futures commission merchant or introducing broker or any of its affiliates.

(3) Clearing unit. This term means any department, division, group, or personnel of a futures commission merchant or any of its affiliates, whether or not identified as such, that performs, or personnel exercising direct supervisory authority over the performance of, any proprietary or customer clearing activities on behalf of a futures commission merchant or any of its affiliates.

(4) Derivative. This term means:
   (i) A contract for the purchase or sale of a commodity for future delivery;
   (ii) A security futures product;
   (iii) A swap;
   (iv) Any agreement, contract, or transaction described in section 2(c)(2)(C)(i) or section 2(c)(2)(D)(i) of the Act; and
   (v) Any commodity option authorized under section 4c of the Act; and (vi) any leverage transaction authorized under section 19 of the Act.

(5) Non-research personnel. This term means any employee of the business trading unit or clearing unit, or any other employee of the futures commission merchant or introducing broker, other than an employee performing a legal or compliance function, who is not directly responsible for, or otherwise not directly involved in, research or analysis intended for inclusion in a research report.

(6) Public appearance. This term means any participation in a conference call, seminar, forum (including an interactive electronic forum) or other public speaking activity before 15 or more persons (individuals or entities), or interview or appearance before one or more representatives of the media, radio, television or print media, or the writing of a print media article, in which a research analyst makes a recommendation or offers an opinion concerning a derivatives transaction. This term does not include a password-protected Webcast, conference call or similar event with 15 or more existing customers, provided that all of the event participants previously received the most current research report or other documentation that contains the required applicable disclosures, and that the research analyst appearing at the event corrects and updates during the public appearance any disclosures in the research report that are inaccurate, misleading, or no longer applicable.

(7) Research analyst. This term means the employee of a futures commission merchant or introducing broker who is primarily responsible for, and any employee who reports directly or indirectly to such research analyst in connection with, preparation of the substance of a research report relating to any derivative, whether or not any such person has the job title of “research analyst.”

(8) Research department. This term means any department or division that is principally responsible for preparing the substance of a research report relating to any derivative on behalf of a futures commission merchant or introducing broker, including a department or division contained in an affiliate of
§ 1.71  

a futures commission merchant or introducing broker.  

(9) Research report. This term means any written communication (including electronic) that includes an analysis of the price or market for any derivative, and that provides information reasonably sufficient upon which to base a decision to enter into a derivatives transaction. This term does not include:

(i) Communications distributed to fewer than 15 persons;

(ii) Commentaries on economic, political or market conditions;

(iii) Statistical summaries of multiple companies’ financial data, including listings of current ratings;

(iv) Periodic reports or other communications prepared for investment company shareholders or commodity pool participants that discuss individual derivatives positions in the context of a fund’s past performance or the basis for previously-made discretionary decisions;

(v) Any communications generated by an employee of the business trading unit that is conveyed as a solicitation for entering into a derivatives transaction, and is conspicuously identified as such; and

(vi) Internal communications that are not given to current or prospective customers.

(b) Policies and procedures. (1) Except as provided in paragraph (b)(2) of this section, each futures commission merchant and introducing broker subject to this rule must adopt and implement written policies and procedures reasonably designed to ensure that the futures commission merchant or introducing broker and its employees comply with the provisions of this rule.

(2) Small Introducing Brokers. An introducing broker that has generated, over the preceding 3 years, $5 million or less in aggregate gross revenues from its activities as an introducing broker must establish structural and institutional safeguards reasonably designed to ensure that the activities of any person within the firm relating to research or analysis of the price or market for any commodity or derivative are separated by appropriate informational partitions within the firm from the review, pressure, or oversight of persons whose involvement in trading or clearing activities might potentially bias the judgment or supervision of the persons.

(c) Research analysts and research reports—(1) Restrictions on relationship with research department. (i) Non-research personnel shall not direct a research analyst’s decision to publish a research report of the futures commission merchant or introducing broker, and non-research personnel shall not direct the views and opinions expressed in a research report of the futures commission merchant or introducing broker.

(ii) No research analyst may be subject to the supervision or control of any employee of the futures commission merchant’s or introducing broker’s business trading unit or clearing unit, and no employee of the business trading unit or clearing unit may have any influence or control over the evaluation or compensation of a research analyst.

(iii) Except as provided in paragraph (c)(1)(iv) of this section, non-research personnel, other than the board of directors and any committee thereof, shall not review or approve a research report of the futures commission merchant or introducing broker before its publication.

(iv) Non-research personnel may review a research report before its publication as necessary only to verify the factual accuracy of information in the research report, to provide for non-substantive editing, to format the layout or style of the research report, or to identify any potential conflicts of interest, provided that:

(A) Any written communication between non-research personnel and research department personnel concerning the content of a research report must be made either through authorized legal or compliance personnel of the futures commission merchant or introducing broker or in a transmission copied to such personnel; and

(B) Any oral communication between non-research personnel and research department personnel concerning the content of a research report must be documented and made either through authorized legal or compliance personnel acting as an intermediary or in
Commodity Futures Trading Commission

§ 1.71

(2) Restrictions on communications. Any written or oral communication by a research analyst to a current or prospective customer relating to any derivative must not omit any material fact or qualification that would cause the communication to be misleading to a reasonable person.

(3) Restrictions on research analyst compensation. A futures commission merchant or introducing broker may not consider a factor in reviewing or approving a research analyst’s compensation his or her contributions to the futures commission merchant’s or introducing broker’s trading or clearing business. Except for communicating client or customer feedback, ratings and other indicators of research analyst performance to research department management, no employee of the business trading unit or clearing unit of the futures commission merchant or introducing broker may influence the review or approval of a research analyst’s compensation.

(4) Prohibition of promise of favorable research. No futures commission merchant or introducing broker may directly or indirectly offer favorable research, or threaten to change research, to an existing or prospective customer as consideration or inducement for the receipt of business or compensation.

(5) Disclosure requirements—(1) Ownership and material conflicts of interest. A futures commission merchant or introducing broker must disclose in research reports and a research analyst must disclose in public appearances whether the research analyst maintains a financial interest in any derivative of a type, class, or category that the research analyst follows, and the general nature of the financial interest.

(ii) Prominence of disclosure. Disclosures and references to disclosures must be clear, comprehensive, and prominent. With respect to public appearances by research analysts, the disclosures required by paragraph (c)(5) of this section must be conspicuous.

(iii) Records of public appearances. Each futures commission merchant and introducing broker must maintain records of public appearances by research analysts sufficient to demonstrate compliance by those research analysts with the applicable disclosure requirements under paragraph (c)(5) of this section.

(iv) Third-party research reports. (A) For the purposes of paragraph (c)(5)(iv) of this section, “independent third-party research report” shall mean a research report, in respect of which the person or entity producing the report:

(1) Has no affiliation or business or contractual relationship with the distributing futures commission merchant or introducing broker, or that futures commission merchant’s or introducing broker’s affiliates, that is reasonably likely to inform the content of its research reports; and

(2) Makes content determinations without any input from the distributing futures commission merchant or introducing broker or from the futures commission merchant’s or introducing broker’s affiliates.

(B) Subject to paragraph (c)(5)(iv)(C) of this section, if a futures commission merchant or introducing broker distributes or makes available any independent third-party research report, the futures commission merchant or introducing broker must accompany the research report with, or provide a web address that directs the recipient to, the current applicable disclosures, as they pertain to the futures commission merchant or introducing broker, required by this section. Each futures commission merchant and introducing broker must establish written policies and procedures reasonably designed to ensure the completeness and accuracy of all applicable disclosures.

(C) The requirements of paragraph (c)(5)(iv)(B) of this section shall not apply to independent third-party research reports made available by a futures commission merchant or introducing broker to its customers:

(1) Upon request; or

(2) Through a Web site maintained by the futures commission merchant or introducing broker.

(6) Prohibition of retaliation against research analysts. No futures commission merchant or introducing broker, and no employee of a futures commission merchant or introducing broker who is involved with the futures commission merchant or introducing broker, may retaliate against a research analyst for any communications that such research analyst has made to a customer or potential customer.
§ 1.71 17 CFR Ch. I (4–1–13 Edition)

merchant’s or introducing broker’s trading or clearing activities, may, directly or indirectly, retaliate against or threaten to retaliate against any research analyst employed by the futures commission merchant or introducing broker or its affiliates as a result of an adverse, negative, or otherwise unfavorable research report or public appearance written or made, in good faith, by the research analyst that may adversely affect the futures commission merchant’s or introducing broker’s present or prospective trading or clearing activities.

(7) Small Introducing Brokers. An introducing broker that has generated, over the preceding 3 years, $5 million or less in aggregate gross revenues from its activities as an introducing broker is exempt from the requirements set forth in this paragraph (c).

(d) Clearing activities. (1) No futures commission merchant shall permit any affiliated swap dealer or major swap participant to directly or indirectly interfere with, or attempt to influence, the decision of the clearing unit personnel of the futures commission merchant to provide clearing services and activities to a particular customer, including but not limited to a decision relating to the following:

(i) Whether to offer clearing services and activities to a particular customer;

(ii) Whether to accept a particular customer for the purposes of clearing derivatives;

(iii) Whether to submit a customer’s transaction to a particular derivatives clearing organization;

(iv) Whether to set or adjust risk tolerance levels for a particular customer;

(v) Whether to accept certain forms of collateral from a particular customer; or

(vi) Whether to set a particular customer’s fees for clearing services based upon criteria that are not generally available and applicable to other customers of the futures commission merchant.

(2) Each futures commission merchant shall create and maintain an appropriate informational partition between business trading units of an affiliated swap dealer or major swap participant and clearing unit personnel of the futures commission merchant to reasonably ensure compliance with the Act and the prohibitions specified in paragraph (d)(1) of this section. At a minimum, such informational partitions shall require that:

(i) No employee of a business trading unit of an affiliated swap dealer or major swap participant may review or approve the provision of clearing services and activities by clearing unit personnel of the futures commission merchant, make any determination regarding whether the futures commission merchant accepts clearing customers, or in any way condition or tie the provision of trading services upon or to the provision of clearing services or otherwise participate in the provision of clearing services by improperly incentivizing or encouraging the use of the affiliated futures commission merchant. Any employee of a business trading unit of an affiliated swap dealer or major swap participant may participate in the activities of the futures commission merchant as necessary for (A) participating in default management undertaken by a derivatives clearing organization during an event of default; and (B) transferring, liquidating, or hedging any proprietary or customer positions during an event of default;

(ii) No employee of a business trading unit of an affiliated swap dealer or major swap participant shall supervise, control, or influence any employee of a clearing unit of the futures commission merchant;

(iii) No employee of the business trading unit of an affiliated swap dealer or major swap participant shall supervise, control, or influence any employee of a clearing unit of the futures commission merchant.

(e) Undue influence on customers. Each futures commission merchant and introducing broker must adopt and implement written policies and procedures that mandate the disclosure to its customers of any material incentives and any material conflicts of interest regarding the decision of a customer as to the trade execution and/or clearing of the derivatives transaction.

(f) Records. All records that a futures commission merchant or introducing
Commodity Futures Trading Commission

§ 1.73 Clearing futures commission merchant risk management.

(a) Each futures commission merchant that is a clearing member of a derivatives clearing organization shall:

(1) Establish risk-based limits in the proprietary account and in each customer account based on position size, order size, margin requirements, or similar factors;

(2) Screen orders for compliance with the risk-based limits in accordance with the following:

(i) When a clearing futures commission merchant provides electronic market access or accepts orders for automated execution, it shall use automated means to screen orders for compliance with the limits;

(ii) When a clearing futures commission merchant accepts orders for non-automated execution, it shall establish and maintain systems of risk controls reasonably designed to ensure compliance with the limits;

(iii) When a clearing futures commission merchant accepts transactions that were executed bilaterally and then submitted for clearing, it shall establish and maintain systems of risk management controls reasonably designed to ensure compliance with the limits;

(iv) When a firm executes an order on behalf of a customer but gives it up to another firm for clearing,

(A) The clearing futures commission merchant shall establish risk-based limits for the customer, and enter into an agreement in advance with the executing firm that requires the executing firm to screen orders for compliance with those limits in accordance with paragraph (a)(2)(i) or (ii) as applicable; and

(B) The clearing futures commission merchant shall establish and maintain systems of risk management controls reasonably designed to ensure compliance with the limits.

(v) When an account manager bunches orders on behalf of multiple customers for execution as a block and post-trade allocation to individual accounts for clearing,

(A) The futures commission merchant that initially clears the block shall establish risk-based limits for the block account and screen the order in accordance with paragraph (a)(2)(i) or (ii) as applicable;

(B) The futures commission merchants that clear the allocated trades on behalf of customers shall establish risk-based limits for each customer and enter into an agreement in advance with the account manager that requires the account manager to screen orders for compliance with those limits; and

(C) The futures commission merchants that clear the allocated trades on behalf of customers shall establish and maintain systems of risk management controls reasonably designed to ensure compliance with the limits.

(3) Monitor for adherence to the risk-based limits intra-day and overnight;

§ 1.72 Restrictions on customer clearing arrangements.

No futures commission merchant providing clearing services to customers shall enter into an arrangement that:

(a) Discloses to the futures commission merchant or any swap dealer or major swap participant the identity of a customer’s original executing counterparty;

(b) Limits the number of counterparties with whom a customer may enter into a trade;

(c) Restricts the size of the position a customer may take with any individual counterparty, apart from an overall limit for all positions held by the customer at the futures commission merchant;

(d) Impairs a customer’s access to execution of a trade on terms that have a reasonable relationship to the best terms available; or

(e) Prevents compliance with the timeframes set forth in §1.74(b), §23.610(b), or §39.12(b)(7) of this chapter.

[77 FR 21306, Apr. 9, 2012]
§ 1.74 
(a) Each futures commission merchant that is a clearing member of a derivatives clearing organization shall coordinate with each derivatives clearing organization on which it clears to establish systems that enable the futures commission merchant, or the derivatives clearing organization acting on its behalf, to accept or reject each trade submitted to the derivatives clearing organization for clearing by or for the futures commission merchant or a customer of the futures commission merchant as quickly as would be technologically practicable if fully automated systems were used; and 
(b) Each futures commission merchant that is a clearing member of a derivatives clearing organization shall accept or reject each trade submitted by or for it or its customers as quickly as would be technologically practicable if fully automated systems were used; a clearing futures commission merchant may meet this requirement by:
(1) Establishing systems to pre-screen orders for compliance with criteria specified by the clearing futures commission merchant;
(2) Establishing systems that authorize a derivatives clearing organization to accept or reject on its behalf trades that meet, or fail to meet, criteria specified by the clearing futures commission merchant; or
(3) Establishing systems that enable the clearing futures commission merchant to communicate to the derivatives clearing organization acceptance or rejection of each trade as quickly as would be technologically practicable if fully automated systems were used.

§ 1.75 Delegation of authority to the Director of the Division of Clearing and Risk to establish an alternative compliance schedule to comply with futures commission merchant acceptance for clearing.
(a) The Commission hereby delegates to the Director of the Division of Clearing and Risk or such other employee or employees as the Director may designate from time to time, the authority to establish an alternative compliance schedule for requirements of §1.74 for swaps that are found to be technologically or economically impracticable for an affected futures commission merchant that seeks, in good faith, to comply with the requirements of §1.74 within a reasonable time period beyond the date on which compliance by such futures commission merchant is otherwise required.
(b) A request for an alternative compliance schedule under this section shall be acted upon by the Director of the Division of Clearing and Risk within 30 days from the time such a request is received, or it shall be deemed approved.
(c) An exception granted under this section shall not cause a registrant to
§ 2.2 Authority to affix seal.

(a) The following officials of the Commodity Futures Trading Commission are authorized to affix the Seal to appropriate documents and other materials of the Commission for all purposes including those authorized by 28 U.S.C. 1733(b) (relating to authenticated copies of agency documents used as evidence): The Chairman and all Commissioners, the General Counsel, the Executive Director, the Directors of Divisions, and the Secretariat.

§ 2.1 Description.

Pursuant to section 2(a)(10) of the Commodity Exchange Act, as amended, 7 U.S.C. 4(a), the Commodity Futures Trading Commission has adopted an official seal (the “Seal”), the description of which is as follows:

(a) An American bald eagle in black and white holding the scales of balanced interests over a black and white wheel of commerce and a farmer’s plow, also in black and white. These symbols are enclosed with an inner red octagon and a blue outer octagon representing traditional futures contract trading pits. Around the outside of the octagons are the words “Commodity Futures Trading Commission” separated by two stars from the year “1975,” the first year of the Commission’s existence.

(b) The Seal of the Commodity Futures Trading Commission is illustrated as follows:

![Seal Image]

APPENDIX C TO PART 1 [RESERVED]

PART 2—OFFICIAL SEAL

Sec.

2.1 Description.

2.2 Authority to affix seal.

2.3 Prohibitions against misuse of seal.

2.4 Employee Recreation Association’s use of Commission seal.

AUTHORITY: 7 U.S.C. 2a(11).
§ 2.3

(b) The officials named in paragraph (a) of this section, may redelegate, and authorize redelegation of this authority, except that the Secretary may redelegate this authority only to the Deputy Secretary.

§ 2.3 Prohibitions against misuse of seal.

(a) Fraudulently or wrongfully affixing or impressing the Seal to or upon any certificate, instrument, document or paper or with knowledge of its fraudulent character, or with wrongful or fraudulent intent, using, buying, procuring, selling or transferring to another any such paper is punishable under section 1017 of title 18, U.S. Code.

(b) Falsely making, forging, counterfeiting, mutilating, or altering the Seal, or knowingly using a fraudulent or altered Seal or possessing any such Seal knowingly is punishable under section 506 of title 18, U.S. Code.

§ 2.4 Employee Recreation Association's use of Commission seal.

(a) As a specific exception to the provisions of 17 CFR 2.2 and 2.3, the Commodity Futures Trading Commission Employee Recreation Association ("Association") is hereby authorized to use the Commission seal as an imprint upon sport apparel (e.g., hats, clothing, accessories, etc.) and novelty items (e.g., office mugs, lanyards, badge holders, stationary items, among other);

(b) The Association may sell or distribute above said items imprinted with the Commission seal to members of the Association or others to meet its fundraising goals and/or in conjunction with its sports, social or similar events.

[72 FR 29247, May 25, 2007]
Commodity Futures Trading Commission

§ 3.1 Definitions.

(a) Principal. Principal means, with respect to an entity that is an applicant for registration, a registrant or a person required to be registered under the Act or the regulations in this part:

(1) If the entity is organized as a sole proprietorship, the proprietor and chief compliance officer; if a partnership, any general partner and chief compliance officer; if a corporation, any director, the president, chief executive officer, chief operating officer, chief financial officer, chief compliance officer, and any person in charge of a principal business unit, division or function subject to regulation by the Commission; if a limited liability company or limited liability partnership, any membervested with the management authority for the entity, and any person in charge of a principal business unit, division or function subject to regulation by the Commission; and, in addition, any person occupying a similar status or performing similar functions, having the power, directly or indirectly, through agreement or otherwise, to exercise a controlling influence over the entity's activities that are subject to regulation by the Commission;

(2)(i) Any individual who directly or indirectly, through agreement, holding company, nominee, trust or otherwise, is either the owner of ten percent or more of the outstanding shares of any class of equity securities, other than non-voting securities, is entitled to vote or has the power to sell or direct the sale of ten percent or more of the outstanding shares of any class of equity securities, other than non-voting securities, is entitled to receive ten percent or more of the profits of the entity, or has the power to exercise a controlling influence over the entity's activities that are subject to regulation by the Commission; or

(ii) Any person other than an individual that is the direct owner of ten percent or more of the outstanding shares of any class of equity securities, other than non-voting securities; or

(3) Any person that has contributed ten percent or more of the capital of the entity, provided, however, that if such capital contribution consists of subordinated debt contributed by either:

(i) An unaffiliated bank insured by the Federal Deposit Insurance Corporation,

(ii) An unaffiliated “foreign bank,” as defined in 12 CFR 211.21(n) that currently operates an “office of a foreign bank,” as defined in 12 CFR 211.21(t), which is licensed under 12 CFR 211.24(a),

(iii) Such unaffiliated office of a foreign bank that is licensed, or

(iv) An insurance company subject to regulation by any State, such bank, foreign bank, office of a foreign bank, or insurance company will not be deemed to be a principal for purposes of this section, provided such debt is not guaranteed by another party not listed as a principal.

(4) Any individual who, directly or indirectly, creates or uses a trust, proxy, power of attorney, pooling arrangement or any other contract, arrangement, or device with the purpose
or effect of divesting such person of direct or indirect ownership of an equity security of the entity, other than a non-voting security, or preventing the vesting of such ownership, or of avoiding making a contribution of ten percent or more of the capital of the entity, as part of a plan or scheme to evade being deemed a principal of the entity, shall be deemed to be a principal of the entity.

(b) Current. As used in this subpart, a Form 8-R is current if, subsequent to the filing of that form and continuously thereafter, the registrant or principal has been either registered or affiliated with a registrant as a principal.

(c) Sponsor. Sponsor means the futures commission merchant, retail foreign exchange dealer, introducing broker, commodity trading advisor, commodity pool operator or leverage transaction merchant which makes the certification required by §3.12 of this part for the registration of an associated person of such sponsor.

(d)-(e) [Reserved]

(f) Section 4s Implementing Regulation. Section 4s Implementing Regulation means a regulation the Commission issues pursuant to section 4s(e), 4s(f), 4s(g), 4s(h), 4s(i), 4s(j), 4s(k) or 4s(l) of the Act.

(g) Swap Definitional Regulation. Swap Definitional Regulation means a regulation the Commission issues to further define the term “swap dealer,” “major swap participant” or “swap” in section 1a(49), 1a(33) or 1a(47) of the Act, respectively, pursuant to the Dodd-Frank Wall Street Reform and Consumer Protection Act.

(h) Swaps activities. Swaps activities means, with respect to a registrant, such registrant’s activities related to swaps and any product used to hedge such swaps, including, but not limited to, futures, options, other swaps or security-based swaps, debt or equity securities, foreign currency, physical commodities, and other derivatives.

(i) Board of directors. Board of directors means the board of directors, board of governors, or equivalent governing body of a registrant.

§ 3.2 Registration processing by the National Futures Association; notification and duration of registration.

(a) Except as otherwise provided in any rule, regulation or order of the Commission, the registration functions of the Commission set forth in subpart A, subpart B and subpart C of this part shall be performed by the National Futures Association, in accordance with such rules, consistent with the provisions of the Act and this part, applicable to registrations granted under the Act that the National Futures Association may adopt and are approved by the Commission pursuant to section 17(j) of the Act.

(b) Notwithstanding any other provision of this part, the original of any registration form, any schedule or supplement thereto, any fingerprint card or other document required by this part to be filed with both the Commission and the National Futures Association, may be filed with either the Commission or the National Futures Association if:

(1) A legible, accurate, and complete photocopy of that form, schedule, supplement, fingerprint card, or other document required by this part to be filed with the Commission and the National Futures Association, may be filed with either the Commission or the National Futures Association if:

(2) Such photocopy contains an original signature and date in each place where such signature and date is required on the original form, schedule, supplement, fingerprint card, or other document.

(c) The National Futures Association shall notify the registrant, or the sponsor in the case of an applicant for registration as an associated person, and each designated contract market and swap execution facility that has granted the applicant trading privileges in the case of an applicant for registration as a floor broker or floor trader, if
registration has been granted under the Act.

(1) If an applicant for registration as an associated person receives a temporary license in accordance with §3.40, the National Futures Association shall notify the sponsor that only a temporary license has been granted.

(2) If an applicant for registration as a floor broker or floor trader receives a temporary license in accordance with §3.40, the National Futures Association shall notify the designated contract market or swap execution facility that has granted the applicant trading privileges that only a temporary license has been granted.

(3)(i) If an applicant for registration as a swap dealer or major swap participant pursuant to §3.10(a)(1)(v) files a Form 7–R and a Form 8–R and fingerprint card for each natural person who is a principal of the applicant, accompanied by such documentation as may be required to demonstrate compliance with each of the Section 4s Implementing Regulations, as defined in §3.1(f), as are applicable to it, in accordance with the terms of the Section 4s Implementing Regulations, the National Futures Association shall notify the swap dealer or major swap participant, as the case may be, that it is provisionally registered.

(ii) Subsequent to providing notice of provisional registration to an applicant for registration as a swap dealer or major swap participant, the National Futures Association shall determine whether the documentation submitted pursuant to §3.10(a)(1)(v) by the applicant demonstrates compliance with the Section 4s Implementing Regulation to which it pertains; Provided, that where the National Futures Association has notified the applicant that it is provisionally registered, the applicant must supplement its registration application by providing such documentation as may be required to demonstrate compliance with each Section 4s Implementing Regulation that the Commission issues subsequent to the date the National Futures Association notifies the applicant that it is provisionally registered.

(iii) On and after the date on which the National Futures Association confirms that the applicant for registration as a swap dealer or major swap participant has demonstrated its initial compliance with the applicable requirements of each of the Section 4s Implementing Regulations and all other applicable registration requirements under the Act and Commission regulations, the provisional registration of the applicant shall cease and it shall be registered as a swap dealer or major swap participant, as the case may be.

(d) Any registration form, any schedule or supplement thereto, any fingerprint card or other document required by this part or any rule of the National Futures Association to be filed with the National Futures Association shall be deemed for all purposes to have been filed with, and to be the official record of, the Commission.

§ 3.3 Chief compliance officer.

(a) Designation. Each futures commission merchant, swap dealer, and major swap participant shall designate an individual to serve as its chief compliance officer, and provide the chief compliance officer with the responsibility and authority to develop, in consultation with the board of directors or the senior officer, appropriate policies and procedures to fulfill the duties set forth in the Act and Commission regulations relating to the swap dealer’s or major swap participant’s swaps activities, or to the futures commission merchant’s business as a futures commission merchant and to ensure compliance with the Act and Commission regulations relating to the swap dealer’s or major swap participant’s swaps activities, or to the futures commission merchant’s business as a futures commission merchant.

(1) The chief compliance officer shall report to the board of directors or the senior officer of the futures commission merchant, swap dealer, or major swap participant. The board of directors or the senior officer shall appoint the chief compliance officer, shall approve the compensation of the chief compliance officer, and shall meet with the chief compliance officer at least
§ 3.3

once a year and at the election of the chief compliance officer.

(2) Only the board of directors or the senior officer of the futures commission merchant, swap dealer, or major swap participant may remove the chief compliance officer.

(b) Qualifications. The individual designated to serve as chief compliance officer shall have the background and skills appropriate for fulfilling the responsibilities of the position. No individual disqualified, or subject to disqualification, from registration under section 8a(2) or 8a(3) of the Act may serve as a chief compliance officer.

(c) Submission with registration. Each application for registration as a futures commission merchant under § 3.10, a swap dealer under § 23.21, or a major swap participant under § 23.21, must include a designation of a chief compliance officer by submitting a Form 8-R for the chief compliance officer as a principal of the applicant pursuant to § 3.10(a)(2).

(d) Chief compliance officer duties. The chief compliance officer’s duties shall include, but are not limited to:

(1) Administering the registrant’s policies and procedures reasonably designed to ensure compliance with the Act and Commission regulations;

(2) In consultation with the board of directors or the senior officer, resolving any conflicts of interest that may arise;

(3) Taking reasonable steps to ensure compliance with the Act and Commission regulations relating to the swap dealer’s or major swap participant’s swaps activities, or to the futures commission merchant’s business as a futures commission merchant;

(4) Establishing procedures, in consultation with the board of directors or the senior officer, for the remediation of noncompliance issues identified by the chief compliance officer through a compliance office review, look-back, internal or external audit finding, self-reported error, or validated complaint;

(5) Establishing procedures, in consultation with the board of directors or the senior officer, for the handling, management response, remediation, re-testing, and closing of noncompliance issues; and

(6) Preparing and signing the annual report required under paragraphs (e) and (f) of this section.

(e) Annual report. The chief compliance officer annually shall prepare a written report that covers the most recently completed fiscal year of the futures commission merchant, swap dealer, or major swap participant, and provide the annual report to the board of directors or the senior officer. The annual report shall, at a minimum:

(1) Contain a description of the written policies and procedures, including the code of ethics and conflicts of interest policies, of the futures commission merchant, swap dealer, or major swap participant;

(2) Review each applicable requirement under the Act and Commission regulations, and with respect to each:

(i) Identify the policies and procedures that are reasonably designed to ensure compliance with the requirement under the Act and Commission regulations;

(ii) Provide an assessment as to the effectiveness of these policies and procedures; and

(iii) Discuss areas for improvement, and recommend potential or prospective changes or improvements to its compliance program and resources devoted to compliance;

(3) List any material changes to compliance policies and procedures during the coverage period for the report;

(4) Describe the financial, managerial, operational, and staffing resources set aside for compliance with respect to the Act and Commission regulations, including any material deficiencies in such resources; and

(5) Describe any material non-compliance issues identified, and the corresponding action taken.

(f) Furnishing the annual report to the Commission. (1) Prior to furnishing the annual report to the Commission, the chief compliance officer shall provide the annual report to the board of directors or the senior officer of the futures commission merchant, swap dealer, or major swap participant for its review. Furnishing the annual report to the board of directors or the senior officer shall be recorded in the board minutes or otherwise, as evidence of compliance with this requirement.
§ 3.4

(2) The annual report shall be furnished electronically to the Commission not more than 90 days after the end of the fiscal year of the futures commission merchant, swap dealer, or major swap participant, simultaneously with the submission of Form 1–FR–PCM, as required under §1.10(b)(2)(i), simultaneously with the Financial and Operational Combined Uniform Single Report, as required under §1.10(h), or simultaneously with the financial condition report, as required under section 4s(f) of the Act, as applicable.

(3) The report shall include a certification by the chief compliance officer or chief executive officer of the registrant that, to the best of his or her knowledge and reasonable belief, and under penalty of law, the information contained in the annual report is accurate and complete.

(4) The futures commission merchant, swap dealer, or major swap participant shall promptly furnish an amended annual report if material errors or omissions in the report are identified. An amendment must contain the certification required under paragraph (f)(3) of this section.

(5) A futures commission merchant, swap dealer, or major swap participant may request from the Commission an extension of time to furnish its annual report, provided the registrant’s failure to timely furnish the report could not be eliminated by the registrant without unreasonable effort or expense. Extensions of the deadline will be granted at the discretion of the Commission.

(6) A futures commission merchant, swap dealer, or major swap participant may incorporate by reference sections of an annual report that has been furnished within the current or immediately preceding reporting period to the Commission. If the futures commission merchant, swap dealer, or major swap participant is registered in more than one capacity with the Commission, and must submit more than one annual report, an annual report submitted as one registrant may incorporate by reference sections in the annual report furnished within the current or immediately preceding reporting period as the other registrant.

(g) Recordkeeping. (1) The futures commission merchant, swap dealer, or major swap participant shall maintain:

(i) A copy of the registrant’s policies and procedures reasonably designed to ensure compliance with the Act and Commission regulations;

(ii) Copies of materials, including written reports provided to the board of directors or the senior officer in connection with the review of the annual report under paragraph (e) of this section; and

(iii) Any records relevant to the annual report, including, but not limited to, work papers and other documents that form the basis of the report, and memoranda, correspondence, other documents, and records that are created, sent or received in connection with the annual report and contain conclusions, opinions, analyses, or financial data related to the annual report.

(2) All records or reports that a futures commission merchant, swap dealer, or major swap participant are required to maintain pursuant to this section shall be maintained in accordance with §1.31 and shall be made available promptly upon request to representatives of the Commission and to representatives of the applicable prudential regulator, as defined in 1a(39) of the Act.

[77 FR 20200, Apr. 3, 2012]

§ 3.3 [Reserved]

§ 3.4 Registration in one capacity not included in registration in any other capacity.

(a) Except as may be otherwise provided in the Act or in any rule, regulation, or order of the Commission, each futures commission merchant, retail foreign exchange dealer, swap dealer, major swap participant, floor broker, floor trader of any commodity for future delivery, commodity trading advisor, commodity pool operator, introducing broker, leverage transaction merchant, and associated person (other than an associated person of a swap dealer or major swap participant) must register as such under the Act. Except as may be otherwise provided in the Act or in any rule, regulation, or order of the Commission, registration in one
capacity under the Act shall not include registration in any other capacity.

(b) Except as may be provided in any rule, regulation or order of the Commission, registration as an associated person in one capacity shall not include registration as an associated person in any other capacity: *Provided, however, That an associated person who is sponsored by a registrant, which itself is registered in more than one capacity, need register only once to act as an associated person of the registrant, and shall be deemed to be an associated person of such registrant, in each such capacity.*

§§ 3.5–3.9 [Reserved]

§ 3.10 Registration of futures commission merchants, retail foreign exchange dealers, introducing brokers, commodity pool operators, swap dealers, major swap participants and leverage transaction merchants.

(a) Application for registration. (1)(i) Except as provided in paragraph (a)(3) of this section, application for registration as a futures commission merchant, retail foreign exchange dealer, swap dealer, major swap participant, introducing broker, commodity pool operator, commodity trading advisor, or leverage transaction merchant must be on Form 7–R, completed and filed with the National Futures Association in accordance with the instructions thereto.

(ii) Applicants for registration as a futures commission merchant, retail foreign exchange dealer, or introducing broker must accompany their Form 7–R with a Form 1–FR–FCM or Form 1–FR–IB, respectively, in accordance with the provisions of § 1.10(h) of this chapter.

Provided, however, That an applicant for registration as a futures commission merchant or introducing broker which is registered with the Securities and Exchange Commission as a securities broker or dealer may accompany its Form 7–R with a copy of its Financial and Operational Combined Uniform Single Report under the Securities Exchange Act of 1934, Part II or Part II A, in accordance with the provisions of § 1.10(h) of this chapter.

(iii) Applicants for registration as a commodity pool operator must accompany their Form 7–R with the financial statements described in § 4.13(c) of this chapter.

(iv) Applicants for registration as a leverage transaction merchant must accompany their Form 7–R with a Form 2–FR in accordance with the provisions of § 31.13 of this chapter.

(v)(A) Applicants for registration as a swap dealer or major swap participant must accompany their Form 7–R with such documentation as may be required to demonstrate compliance with each Section 4s Implementing Regulation, as defined in § 3.1(f), applicable to them, in accordance with the terms of the Section 4s Implementing Regulation: *Provided, however, that for the purposes of this paragraph (a)(1)(v) the term “compliance” includes the term “the ability to comply,” to the extent that a particular Section 4s Implementing Regulation may require demonstration of the ability to comply with a requirement thereunder.*

(B) The filing of the Form 7–R and accompanying documentation by the applicant swap dealer or major swap participant authorizes the Commission to conduct on-site inspection of the applicant to determine compliance with the Section 4s Implementing Regulations applicable to it.

(C)(1) At any time prior to the latest effective date of the Swap Definitional Regulations, defined in § 3.1(g), any person may apply to be registered as a swap dealer or major swap participant.

(2) By no later than the latest effective date of the Swap Definitional Regulations, each person who is a swap dealer or major swap participant on that date must apply to be registered as a swap dealer or major swap participant, as the case may be.

(3) From and after the latest effective date of the Swap Definitional Regulations, each person who intends to engage in business as a swap dealer or major swap participant must apply to be registered as a swap dealer or major swap participant, as the case may be.
Commodity Futures Trading Commission

§ 3.10

(D)(I) Where an applicant for registration as a swap dealer or major swap participant to whom the National Futures Association has provided notice of provisional registration under §3.2(c)(3) fails to demonstrate compliance with a Section 4s Implementing Regulation, the National Futures Association will notify the applicant that its application is deficient, whereupon the applicant must withdraw its registration application, it must not engage in any new activity as a swap dealer or major swap participant, as the case may be, and the applicant shall cease to be provisionally registered; Provided, that in the event the applicant fails to withdraw its registration application or cure the deficiency within 90 days following receipt of notice from the National Futures Association that its application is deficient, the application will be deemed withdrawn and thereupon its provisional registration shall cease; Provided further, that upon written request by the applicant submitted to the Commission, the Commission may in its discretion extend the time by which the applicant must cure the deficiency.

(E) Unless specifically reserved in the applicable swap documentation, no withdrawal, deemed withdrawal, cessation or revocation of registration as a swap dealer or major swap participant pursuant to paragraph (a)(1)(v), (b), or (d) of this section shall constitute a termination event, force majeure, an illegality, increased costs, a regulatory change, or a similar event under a swap (including any related credit support arrangement) that would permit a party to terminate, renegotiate, modify, amend or supplement one or more transactions under the swap.

(2) Each Form 7-R filed in accordance with the requirements of paragraph (a)(1)(i) of this section must be accompanied by a Form 8-R, completed in accordance with the instructions thereto and executed by each natural person who is a principal of the applicant, and must be accompanied by the fingerprints of that principal on a fingerprint card provided by the National Futures Association for that purpose; Provided, however, that if such principal is a director who qualifies for the exemption from the fingerprint requirement pursuant to §3.21(c) or has a current Form 8-R on file with the Commission or the National Futures Association, the fingerprints of that principal do not need to accompany the Form 7-R.

(3) Notice registration as a futures commission merchant or introducing broker for certain securities brokers or dealers. (i) Any broker or dealer that is registered with the Securities and Exchange Commission may be registered as a futures commission merchant or introducing broker, as applicable, by following such procedures for notice registration as may be specified by the National Futures Association, if—

(A) The broker or dealer limits its solicitation of orders, acceptance of orders, or execution of orders, or placing of orders on behalf of others involving any contracts of sale of any commodity for future delivery, on or subject to the rules of any contract market, to security futures products as defined in section 1a(44) of the Act;

(B) The registration of the broker or dealer is not suspended pursuant to an order of the Securities and Exchange Commission; and

(C) The broker or dealer is a member of a national securities association registered pursuant to section 15A(a) of the Securities Exchange Act of 1934.

(ii) The registration will be effective upon the filing of the notice prescribed by the National Futures Association in accordance with the instructions thereto.

(b) Duration of registration. (1) A person registered as a futures commission merchant, retail foreign exchange dealer, swap dealer, major swap participant, introducing broker, commodity pool operator, commodity trading advisor, or leverage transaction merchant in accordance with paragraph (a) of this section will continue to be so registered until the effective date of any
§ 3.10 17 CFR Ch. I (4–1–13 Edition)

revocation or withdrawal of such registration. Upon effectiveness of any revocation or withdrawal of registration, such person will immediately be prohibited from engaging in new activities requiring registration under the Act or from representing himself to be a registrant under the Act or the representative or agent of any registrant during the pendency of any suspension of such registration.

(2) A person registered as an introducing broker who was a party to a guarantee agreement with a futures commission merchant in accordance with §1.10(j) of this chapter will have its registration cease thirty days after the termination of such guarantee agreement unless the procedures set forth in §1.10(j)(6) of this chapter are followed.

(c) Exemption from registration for certain persons. (1) A person trading solely for proprietary accounts, as defined in §1.3(y) of this chapter, is not required to register as a futures commission merchant: Provided, that such person remains subject to all other provisions of the Act and of the rules, regulations and orders thereunder.

(2)(i) A foreign broker, as defined in §1.3(xx) of this chapter, is not required to register as a futures commission merchant if it submits any commodity interest transactions executed bilaterally, on or subject to the rules of a designated contract market, or on or subject to the rules of a swap execution facility, for clearing on an omnibus basis through a futures commission merchant registered in accordance with section 4d of the Act.

(ii) A person acting in accordance with paragraph (c)(3)(i) of this section remains subject to section 4d of the Act, but otherwise is not required to comply with those provisions of the Act and of the rules, regulations and orders thereunder applicable solely to any person registered in such capacity, or any person required to be so registered.

(3)(i) A person located outside the United States, its territories or possessions engaged in the activity of: An introducing broker, as defined in §1.3(mm) of this chapter; a commodity trading advisor, as defined in §1.3(bb) of this chapter; or a commodity pool operator, as defined in §1.3(nn) of this chapter, in connection with any commodity interest transaction executed bilaterally or made on or subject to the rules of any designated contract market or swap execution facility only on behalf of persons located outside the United States, its territories or possessions, is not required to register in such capacity provided that any such commodity interest transaction is submitted for clearing through a futures commission merchant registered in accordance with section 4d of the Act.

(ii) A person acting in accordance with paragraph (c)(3)(i) of this section is not required to comply with those provisions of the Act and of the rules, regulations and orders thereunder applicable solely to any person registered in such capacity, or any person required to be so registered.

(4) A person located outside the United States, its territories or possessions that is exempt from registration as a futures commission merchant in accordance with §30.10 of this chapter is not required to register as an introducing broker in accordance with section 4d of the Act if:

(i) Such a person is affiliated with a futures commission merchant registered in accordance with section 4d of the Act;

(ii) Such a person introduces, on a fully-disclosed basis in accordance with §1.57 of this chapter, any institutional customer, as defined in §1.3(g) of this chapter, to a registered futures commission merchant for the purpose of trading on a designated contract market;

(iii) Such person's affiliated futures commission merchant has filed with the National Futures Association (Attn: Vice President, Compliance) an acknowledgement that the affiliated futures commission merchant will be jointly and severally liable for any violations of the Act or the Commission's regulations committed by such person in connection with those introducing activities, whether or not the affiliated futures commission merchant submits for clearing any trades resulting from those introducing activities; and

(iv) Such person does not solicit any person located in the United States, its
Commodity Futures Trading Commission

§ 3.11 Registration of floor brokers and floor traders.

(a) Application for registration. (1) Application for registration as a floor broker or floor trader must be on Form 8–R, if as an individual, or Form 7–R, if as a non-natural person, and must be completed and filed with the National Futures Association in accordance with the instructions thereto. Each Form 7–R filed in accordance with this paragraph (a) must be accompanied by a Form 8–R, completed in accordance with the instructions thereto and executed by each individual who is a principal of the applicant, and each individual responsible for entry of orders from that applicant’s own account. Each Form 8–R filed in accordance with this paragraph (a) must be accompanied by the fingerprints of the applicant on a fingerprint card provided for that purpose by the National Futures Association, except that a fingerprint card need not be filed by any applicant who has a current Form 8–R on file with the Commission or the National Futures Association.

(b) Duration of registration. A person registered as a floor broker or floor trader will not be registered or issued a temporary license as a floor broker or floor trader unless the applicant has been granted trading privileges by a board of trade designated as a contract market or swap execution facility by the Commission.

(c) When the Commission or the National Futures Association determines that an applicant for registration as a floor broker or floor trader is not disqualified from such registration or temporary license, the National Futures Association will notify the applicant and any contract market or swap execution facility that has granted the applicant trading privileges that the applicant’s registration or temporary license as a floor broker or floor trader is granted.

(d) On a date to be established by the National Futures Association, and in accordance with procedures established by the National Futures Association, each registrant as a futures commission merchant, retail foreign exchange dealer, swap dealer, major swap participant, introducing broker, commodity pool operator, commodity trading advisor, or leverage transaction merchant shall, on an annual basis, review and update registration information maintained with the National Futures Association. The failure to complete the review and update within thirty days following the date established by the National Futures Association shall be deemed to be a request for withdrawal from registration, which shall be processed in accordance with the provisions of §3.33(f).

(Approved by the Office of Management and Budget under control number 3038–0023)

§ 3.12  Registration of associated persons of futures commission merchants, retail foreign exchange dealers, introducing brokers, commodity trading advisors, commodity pool operators and leverage transaction merchants.

(a) Registration required. It shall be unlawful for any person to be associated with a futures commission merchant, retail foreign exchange dealer, introducing broker, commodity trading advisor, commodity pool operator or leverage transaction merchant as an associated person unless that person shall have registered under the Act as an associated person of that sponsoring futures commission merchant, retail foreign exchange dealer, introducing broker, commodity trading advisor, commodity pool operator or leverage transaction merchant in accordance with the procedures in paragraphs (c), (d), (f), or (i) of this section or is exempt from such registration pursuant to paragraph (h) of this section.

(b) Duration of registration. A person registered in accordance with paragraphs (c), (d), (f), or (i) of this section and whose registration has not been revoked will continue to be so registered until the revocation or withdrawal of the registration of each of the registrant’s sponsors, or until the cessation of the association of the registrant with each of the registrant’s sponsors. Such person will be prohibited from engaging in activities requiring registration under the Act or from representing himself or herself to be a registrant under the Act or the representative or agent of any registrant during the pendency of any suspension of such registration or of all such trading privileges. Each contract market and swap execution facility that has granted trading privileges to a person who is registered, or has applied for registration, as a floor broker or floor trader must provide notice in accordance with §3.31(c) reporting the termination of the association of the associated person.

(c) Application for registration. Except as otherwise provided in paragraphs (d), (f), and (i) of this section, application for registration as an associated person in any capacity must be on Form 8–R, completed and filed in accordance with the instructions thereto.

(1) No person will be registered as an associated person in accordance with this paragraph (c) unless a person duly authorized by the sponsor certifies that:

(i) It is the intention of the sponsor to hire or otherwise employ the applicant as an associated person and that it will do so within thirty days after the receipt of the notification provided in accordance with paragraph (c)(4) of this section and that the applicant will not be permitted to engage in any activity requiring registration as an associated person until the applicant is registered as such in accordance with this section:
(i) The sponsor has verified the information supplied by the applicant in response to the questions on Form 8-R which relate to the applicant’s education and employment history during the preceding three years;

(ii) To the best of the sponsor’s knowledge, information, and belief, all of the publicly available information supplied by the applicant on Form 8-R is accurate and complete: Provided, That it is unlawful for the sponsor to make the certification required by this paragraph (c)(1)(iii) if the sponsor knew or should have known that any of that information is not accurate and complete; and

(2) The certification required by paragraph (c)(1) of this section must be submitted concurrently with the Form 8-R. 

(3) Each Form 8-R filed in accordance with the requirements of paragraph (c) of this section must be accompanied by the fingerprints of the applicant on a fingerprint card provided for that purpose by the National Futures Association.

(4) When the Commission or the National Futures Association determines that an applicant for registration as an associated person is not unfit for such registration, it will notify the sponsor that has made the certifications required by paragraph (c)(1) of this section that the applicant’s registration as an associated person is granted contingent upon the sponsor hiring or otherwise employing the applicant as such within thirty days.

(d) Special temporary licensing and registration procedures for certain persons—

(1) Registration terminated within the preceding 60 days. Except as otherwise provided in paragraphs (f) and (i) of this section, any person whose registration as an associated person is granted contingent upon the sponsor hiring or otherwise employing the applicant as such within thirty days.

(2) Any temporary license granted pursuant to paragraph (d)(1) of this section shall be terminated immediately upon notice to the sponsor of the person granted the temporary license that, within 20 days following the date the temporary license was issued, the National Futures Association has not received the applicant’s fingerprints.

(3) A temporary license received in accordance with paragraph (d)(1) of this section shall be subject to the provisions of §§3.42 and 3.43.

(4) The certifications permitted by paragraphs (d)(1)(i) and (v) of this section must be filed by a person duly authorized by the sponsor. The certifications permitted by paragraphs (d)(1)(ii)–(iv) must be filed by the applicant for registration as an associated person.
§ 3.12

(e) Retention of records. The sponsor must retain in accordance with § 1.31 of this chapter such records as are necessary to support the certifications required by this section.

(f) Reporting of dual and multiple associations. (1)(i) Except as otherwise provided in paragraph (f)(4) of this section, a person who is already registered as an associated person in any capacity whose registration is not subject to conditions or restrictions may become associated as an associated person with another sponsor if the new sponsor (who must meet the requirements set forth in § 3.60(b)(2)(i) (A) and (B)) files with the National Futures Association a Form 8-R in accordance with the instructions thereto.

(ii) NFA shall notify each sponsor of the associated person that the associated person has applied to become associated with another sponsor.

(iii) Each sponsor of the associated person shall supervise that associated person and each sponsor is jointly and severally responsible for the conduct of the associated person with respect to the:

(A) Solicitation or acceptance of customers’ orders,

(B) Solicitation of funds, securities, or property for a participation in a commodity pool,

(C) Solicitation of a client’s or prospective client’s discretionary account,

(D) Solicitation or acceptance of leverage customers’ orders for leverage transactions, and

(E) Associated person’s supervision of any person or persons engaged in any of the foregoing solicitations or acceptances, with respect to any customers common to it and any other futures commission merchant, retail foreign exchange dealer, introducing broker, commodity trading advisor, commodity pool operator, or leverage transaction merchant with which the associated person is associated.

(2) Upon receipt by the National Futures Association of a Form 8-R filed in accordance with paragraph (f)(1) of this section from an associated person, the associated person named therein shall be registered as an associated person of the new sponsor.

(3) A person who is simultaneously associated with more than one sponsor in accordance with the provisions of paragraphs (f)(1) and (f)(2) of this section shall be required, upon receipt of notice from the National Futures Association, to file with the National Futures Association his fingerprints on a fingerprint card provided by the National Futures Association for that purpose as well as such other information as the National Futures Association may require. The National Futures Association may require such a filing every two years, or at such greater period of time as the National Futures Association may deem appropriate, after the associated person has become associated with a new sponsor in accordance with the requirements of paragraphs (f)(1) and (f)(2) of this section.

(4) If a person is associated with a futures commission merchant, with a retail foreign exchange dealer, or with an introducing broker and he directs customers seeking a managed account to use the services of a commodity trading advisor(s) approved by the futures commission merchant, retail foreign exchange dealer or introducing broker and all such customers’ accounts solicited or accepted by the associated person are carried by the futures commission merchant, retail foreign exchange dealer or introduced by the introducing broker with which the associated person is associated, such a person shall be deemed to be associated solely with the futures commission merchant, retail foreign exchange dealer or introducing broker and may not also register as an associated person of the commodity trading advisor(s).

(g) Petitions for exemption. Any person adversely affected by the operation of this section may file a petition with the Secretary of the Commission, which petition must set forth with particularity the reasons why that person believes that an applicant should be exempted from the requirements of this section and why such an exemption would not be contrary to the public interest and the purposes of the provision from which exemption is sought. The petition will be granted or denied by the Commission on the basis of the papers filed. The Commission may grant such a petition if it finds that the exemption is not contrary to the public interest.
interest and the purposes of the provision from which exemption is sought. The petition may be granted subject to such terms and conditions as the Commission may find appropriate.

(h) Exemption from registration. (1) A person is not required to register as an associated person in any capacity if that person is:

(i) Registered under the Act as a futures commission merchant, retail foreign exchange dealer, floor broker, major swap participant, or as an introducing broker,

(ii) Engaged in the solicitation of funds, securities, or property for a participation in a commodity pool, or the supervision of any person or persons so engaged, pursuant to registration with the Financial Industry Regulatory Authority as a registered representative, registered principal, limited representative or limited principal, and that person does not engage in any other activity subject to regulation by the Commission;

(iii) The chief operating officer, general partner or other person in the supervisory chain-of-command, provided the futures commission merchant, retail foreign exchange dealer, introducing broker, commodity trading advisor, commodity pool operator, or leverage transaction merchant engages in commodity interest related activity for customers as no more than ten percent of its total revenue on an annual basis, the firm is not subject to a pending proceeding brought by the Commission or a self-regulatory organization alleging fraud or failure to supervise, and has not been found in such a proceeding to have committed fraud or failed to supervise, as required by the Act, the rules promulgated thereunder or the rules of a self-regulatory organization, holds and exercises full and final supervisory authority, including authority to hire and fire personnel, over the customer commodity interest related activities of the firm; and

(D) If the person (or persons) so designated in accordance with paragraph (h)(1)(iii)(C) of this section ceases to have the authority referred to therein, the firm will notify the National Futures Association within twenty days of such occurrence by means of a subsequent resolution which resolution must also include the name of another associated person (or persons) who has been vested with full supervisory authority, including authority to hire and fire personnel, over the customer commodity interest related activities of the firm in the event that all of those previously designated in accordance with paragraph (h)(1)(iii)(C) of this section have been relieved of such authority. Subsequent changes in supervisory authority shall be reported in the same manner; or
(iv) Engaged in any activity as an associated person, as defined in §1.3(aa) of this chapter, from a location outside the United States, its territories or possessions, and limits such activities to customers located outside the United States, its territories or possessions.

(2) A person is not required to register as an associated person of a commodity trading advisor if that person is:

(i) Registered as a commodity trading advisor, if that person is associated with a commodity trading advisor; or

(ii) Exempt from registration as a commodity trading advisor pursuant to the provisions of §4.14(a)(1), §4.14(a)(2) or §4.14(a)(8) of this chapter or is associated with a person who is so exempt from registration. Provided, That the provisions of paragraph (h)(2)(ii) of this section shall not apply to the solicitation of a client’s or prospective client’s discretionary account, or the supervision of any person or persons so engaged, by, for or on behalf of a commodity trading advisor which is:

(A) Not exempt from registration pursuant to the provisions of §4.14(a)(1), §4.14(a)(2) or §4.14(a)(8) of this chapter or

(B) Registered as a commodity pool operator notwithstanding the availability of that exemption; or

(iii) Where a commodity pool is operated or to be operated by two or more commodity pool operators, registered as an associated person of one of the pool operators of the commodity pool in accordance with the provisions of paragraphs (c), (d), (f), or (i) of this section: Provided, That each such commodity pool operator shall be jointly and severally liable for the conduct of that associated person in the solicitation of funds, securities, or property for participation in the commodity pool, or the supervision of any person or persons so engaged, regardless of whether that associated person is registered as an associated person of each such commodity pool operator.

(i) Special registration or temporary licensing procedures when previous sponsor’s registration ceases. (1) Any person whose registration as an associated person in any capacity was not subject to conditions or restrictions, and was terminated within the preceding sixty days because the previous sponsor’s registration was revoked or withdrawn, and who becomes associated with a new sponsor, will be registered as an associated person of such new sponsor upon the mailing by that new sponsor to the National Futures Association of written certifications stating:

(i) That such person has been hired or is otherwise employed by that sponsor;

(ii) That such person’s registration as an associated person in any capacity is not suspended or revoked;

(iii) That such person is eligible to be registered in accordance with paragraph (i) of this section;

(iv) That such person is eligible to be registered in accordance with paragraph (i) of this section; and

(v) That the new sponsor has received a copy of the notice of the institution
§ 3.21 Exemption from fingerprinting requirement in certain cases.

(a) Any person who is required by this part to submit a fingerprint card may file, or cause to be filed, in lieu of such card:

(1) A legible, accurate and complete photocopy of a fingerprint card that has been submitted to the Federal Bureau of Investigation for identification and appropriate processing and of each report, record, and notation made available by the Federal Bureau of Investigation with respect to that fingerprint card if such identification and processing has been completed satisfactorily by the Federal Bureau of Investigation not more than ninety days prior to the filing with the National Futures Association of the photocopy;

(2) A statement that such person’s application for initial registration in any capacity was granted within the preceding ninety days, provided that the provisions of this paragraph (a)(2) shall not be applicable to any person who, by Commission rule, regulation, or order, was not required to file a fingerprint card in connection with such application for initial registration; or

(3) A statement that such person has a current Form 8–R on file with the Commission or the National Futures Association.

(b) Each photocopy and statement filed in accordance with the provisions of paragraph (a)(1) or (a)(2) of this section must be signed and dated. Such signature shall constitute a certification by that individual that the photocopy or statement is accurate and complete and must be made by:

(1) With respect to the fingerprints of an associated person: An officer, if the sponsor is a corporation; a general partner, if a partnership; or the proprietor, if a sole proprietorship.

Commodity Futures Trading Commission
partner, if a partnership; or the sole proprietor, if a sole proprietorship;

(2) With respect to fingerprints of a floor broker or individual floor trader: The applicant for registration; and with respect to fingerprints of each individual who is responsible for entry of orders from the account of a floor trader that is a non-natural person, the applicant for registration, or

(3) With respect to the fingerprints of a principal: An officer, if the futures commission merchant, retail foreign exchange dealer, swap dealer, major swap participant, commodity trading advisor, commodity pool operator, introducing broker, floor trader that is a non-natural person, or leverage transaction merchant with which the principal will be affiliated is a corporation; a general partner, if a partnership; or the sole proprietor, if a sole proprietorship.

(c) Outside directors. Any futures commission merchant, retail foreign exchange dealer, swap dealer, major swap participant, introducing broker, commodity trading advisor, floor trader that is a non-natural person, or leverage transaction merchant that has a principal who is a director but is not also an officer or employee of the firm may, in lieu of submitting a fingerprint card in accordance with the provisions of §3.10(a)(2), file a “Notice Pursuant to Rule 3.21(c)” with the National Futures Association. Such notice shall state, if true, that such outside director:

(1) Is not engaged in:
   (i) The solicitation or acceptance of customers’ orders or retail forex customers’ orders,
   (ii) The solicitation of funds, securities or property for a participation in a commodity pool.
   (iii) The solicitation of a client’s or prospective client’s discretionary account,
   (iv) The solicitation of leverage customers’ orders for leverage transactions,
   (v) The solicitation or acceptance of a swap agreement;
(2) Does not regularly have access to the keeping, handling or processing of:
   (i) Transactions involving “commodity interests,” as that term is defined in §1.3(yy);
   (ii) Customer funds, retail forex customer funds, leverage customer funds, foreign futures or foreign options secured amount, or adjusted net capital; or
   (3) Does not have direct supervisory responsibility over persons engaged in the activities referred to in paragraphs (c)(1) and (c)(2) of this section; and
(4) The Notice Pursuant to Rule 3.21(c) shall also include:
   (i) The name of the futures commission merchant, retail foreign exchange dealer, swap dealer, major swap participant, introducing broker, commodity trading advisor, commodity pool operator, floor trader that is a non-natural person, leverage transaction merchant, or applicant for registration in any of these capacities of which the person is an outside director;
   (ii) The nature of the duties of the outside director for whom exemption under paragraph (c) of this section is sought;
   (iii) The internal controls used to ensure that the outside director for whom exemption under this paragraph (c) is sought does not have access to the keeping, handling or processing of the items described in paragraphs (c)(2)(i) and (ii) of this section; and
   (iv) The reasons why the outside director believes he should be exempted from the fingerprint requirement and why such an exemption would not be contrary to the public interest and the purposes of the provision from which exemption is sought.

(d) A firm that has filed a Notice Pursuant to Rule 3.21(c) with respect to an outside director described therein must file with the National Futures Association on behalf of such outside director a Form 8–R, completed in accordance with the instructions thereto and executed by the outside director. The exemption provided for in paragraph (c) of this section is limited solely to the outside director’s fingerprint requirement and does not affect any other duties or responsibilities of the firm or the outside director under the Act or the rules set forth in this chapter. In appropriate cases, the Commission and the National Futures Association may require further information
Commodity Futures Trading Commission

§ 3.30 Current address for purpose of delivery of communications from the Commission or the National Futures Association.

(a) The address of each registrant, applicant for registration, or principal, as submitted on the application for registration (Form 7–R or Form 8–R) or as submitted on the biographical supplement (Form 8–R) shall be deemed to be the address for delivery to the registrant, applicant or principal for any communications from the Commission or the National Futures Association, including any summons, complaint, reparation claim, order, subpoena, special call, request for information, notice, and other written documents or correspondence, unless the registrant, applicant or principal specifies another address for this purpose: Provided that the Commission or the National Futures Association may address any correspondence relating to a biographical supplement submitted for or on behalf of a principal to the futures commission merchant, retail foreign exchange dealer, swap dealer, major swap participant, introducing broker, commodity pool operator, commodity trading advisor, floor trader that is a non-natural person, or leverage transaction merchant with which the principal is affiliated and may address any correspondence relating to an associated person to the futures commission merchant, retail foreign exchange dealer, swap dealer, major swap participant, introducing broker, commodity pool operator, commodity trading advisor, floor trader that is a non-natural person, or leverage transaction merchant with which the associated person or the applicant for registration is or will be associated as an associated person.

(Approved by the Office of Management and Budget under control number 3038–0023)

§§ 3.23–3.29 [Reserved]

§ 3.22 Supplemental filings.

Notwithstanding any other provision of this chapter, the Commission, the Directors of the Division of Clearing and Intermediary Oversight or Division of Enforcement or either Director’s designee, or the National Futures Association may, at any time, give written notice to any registrant, applicant for registration, or person required to be registered:

(a)(1) That derogatory information has come to the attention of the staff of the Commission or the National Futures Association which, if true, could constitute grounds upon which to base a determination that the person is unfit to become, or to remain, registered or temporarily licensed in accordance with the Act or the regulations thereunder and setting forth such information in the notice and requesting the person to provide evidence mitigating the seriousness of the statutory disqualification set forth in the notice and evidence that the person has undergone rehabilitation, or

(2) That the Commission or the National Futures Association has undertaken a routine or periodic review of the registrant’s fitness to remain registered or temporarily licensed; and

(b) That the person, or any individual who, based upon his or her relationship with that person is required to file a Form 8–R in accordance with the requirements of this part, as applicable, must, within such period of time as the Commission or the National Futures Association may specify, complete and file with the Commission or the National Futures Association a current Form 7–R, or if appropriate, a Form 8–R, in accordance with the instructions thereto.

(c) Failure to provide the information required under paragraph (b) of this section is a violation of the Commission’s regulations which itself constitutes grounds upon which to base a determination that the person is unfit to become or to remain so registered.

§ 3.30 Current address for purpose of delivery of communications from the firm with respect to any outside director referred to in a Notice Pursuant to Rule 3.21(c).

§ 3.22 Supplemental filings.

Notwithstanding any other provision of this chapter, the Commission, the Directors of the Division of Clearing and Intermediary Oversight or Division of Enforcement or either Director’s designee, or the National Futures Association may, at any time, give written notice to any registrant, applicant for registration, or person required to be registered:

(a)(1) That derogatory information has come to the attention of the staff of the Commission or the National Futures Association which, if true, could constitute grounds upon which to base a determination that the person is unfit to become, or to remain, registered or temporarily licensed in accordance with the Act or the regulations thereunder and setting forth such information in the notice and requesting the person to provide evidence mitigating the seriousness of the statutory disqualification set forth in the notice and evidence that the person has undergone rehabilitation, or

(2) That the Commission or the National Futures Association has undertaken a routine or periodic review of the registrant’s fitness to remain registered or temporarily licensed; and

(b) That the person, or any individual who, based upon his or her relationship with that person is required to file a Form 8–R in accordance with the requirements of this part, as applicable, must, within such period of time as the Commission or the National Futures Association may specify, complete and file with the Commission or the National Futures Association a current Form 7–R, or if appropriate, a Form 8–R, in accordance with the instructions thereto.

(c) Failure to provide the information required under paragraph (b) of this section is a violation of the Commission’s regulations which itself constitutes grounds upon which to base a determination that the person is unfit to become or to remain so registered.

(Approved by the Office of Management and Budget under control number 3038–0023)
§ 3.31 Deficiencies, inaccuracies, and changes, to be reported.

(a)(1) Each applicant or registrant as a futures commission merchant, retail foreign exchange dealer, swap dealer, major swap participant, commodity trading advisor, commodity pool operator, introducing broker, floor trader that is a non-natural person or leverage transaction merchant shall, in accordance with the instructions thereto, promptly correct any deficiency or inaccuracy in Form 7–R or Form 8–R that no longer renders accurate and current the information contained therein, with the exception of any change that requires withdrawal from registration under §3.33. Each such correction shall be prepared and filed in accordance with the instructions thereto to create a Form 3–R record of change.

(2) Where a registrant has changed its form of organization to or from a sole proprietorship, the registrant must request withdrawal from registration in accordance with §3.33.

(c) After the filing of a Form 8–R or updating a Form 8–R to create a Form 3–R record of change by or on behalf of any person for the purpose of permitting that person to be an associated person of a futures commission merchant, retail foreign exchange dealer, commodity trading advisor, commodity pool operator, introducing broker, floor trader or associated person, and each principal of a futures commission merchant, retail foreign exchange dealer, swap dealer, major swap participant, commodity trading advisor, commodity pool operator, introducing broker, floor trader that is a non-natural person, or leverage transaction merchant must, within thirty days after the occurrence of either of the following, file a notice thereof with the National Futures Association indicating:

(i) The failure of that person to become associated with the futures commission merchant, retail foreign exchange dealer, commodity trading advisor, commodity pool operator, introducing broker, or leverage transaction merchant, and the reasons therefor; or

(ii) The termination of the association of the associated person with the futures commission merchant, retail foreign exchange dealer, commodity
trading advisor, commodity pool operator, introducing broker, or leverage transaction merchant, and the reasons therefor.

(2) Each person registered as, or applying for registration as, a futures commission merchant, retail foreign exchange dealer, swap dealer, major swap participant, introducing broker, commodity trading advisor, commodity pool operator, introducing broker, floor trader or floor trader may request that its registration be withdrawn in accordance with the requirements of this section if:

(1) The registrant has ceased, or has not commenced, engaging in activities requiring registration in such capacity;

(2) The registrant is exempt from registration in such capacity; or

(3) The registrant is excluded from the persons or any class of persons required to be registered in such capacity: Provided, That the National Futures Association or the Commission, as appropriate, may consider separately each capacity for which withdrawal is requested in acting upon such a request.

(b) A request for withdrawal from registration as a futures commission merchant, retail foreign exchange dealer, swap dealer, major swap participant, introducing broker, commodity trading advisor, commodity pool operator, floor trader that is a non-natural person, or leverage transaction merchant must be made on Form 7–W, and a request for withdrawal from registration as a floor broker or individual floor trader must be made on Form 8–W, completed and filed with the National Futures Association in accordance with the instructions thereto. The request for withdrawal must be made by a person duly authorized by the registrant and must specify:

(1) The name of the registrant for which withdrawal is being requested;

(2) The registration capacities for which withdrawal is being requested;

(3) The name, address, and telephone number of the person who will have custody of the books and records of the registrant; the address where such books and records will be located; and a statement that such person is authorized to make them available in accordance with the requirements of §1.31 of this chapter;

(4) The applicable basis under paragraph (a) of this section for requesting withdrawal for each capacity for which withdrawal is requested.
(5) If withdrawal is requested under paragraph (a)(2) or (a)(3) of this section, then, with respect to each capacity for which withdrawal is requested, the section of the Act, regulations, or other authority permitting the exemption or exclusion, and the circumstances which entitle the registrant to claim such exemption or exclusion.

(6) If a basis for withdrawal from registration under paragraph (a)(1) of this section is that the registrant has ceased engaging in activities requiring registration, then, with respect to each capacity for which the registrant has ceased such activities:

(i) That all customer, retail forex customer or option customer agreements, if any, have been terminated;

(ii) That all customer, retail forex customer or option customer positions, if any, have been transferred on behalf of customers or option customers or closed;

(iii) That all customer, retail forex customer or option customer cash balances, securities, or other property, if any, have been transferred on behalf of customers, retail forex customers or option customers or returned, and that there are no obligations to customers, retail forex customers or option customers outstanding;

(iv) In the case of a commodity pool operator, that all interests in, and assets of, any commodity pool have been redeemed, distributed, or transferred, on behalf of the participants therein, and that there are no obligations to such participants outstanding;

(v) In the case of a leverage transaction merchant:

(A) Either that all leverage customer agreements, if any, and all leverage contracts have been terminated, and that all leverage customer cash balances, securities or other property, if any, have been returned, or

(B) Alternatively, that pursuant to Commission approval, the leverage contract obligations of the leverage transaction merchant have been assumed by another leverage transaction merchant and all leverage customer cash balances, securities or other property, if any, have been transferred to such leverage transaction merchant on behalf of leverage customers or returned, and that there are no obligations to leverage customers outstanding;

(vi) The nature and extent of any pending customer, retail forex customer, option customer, leverage customer, swap counterparty or commodity pool participant claims against the registrant, and, to the best of the registrant’s knowledge and belief, the nature and extent of any anticipated or threatened customer, option customer, leverage customer, swap counterparty or commodity pool participant claims against the registrant;

(vii) In the case of a futures commission merchant or a retail foreign exchange dealer which is a party to a guarantee agreement, that all such agreements have been or will be terminated in accordance with the provisions of §1.10(j) of this chapter not more than thirty days after the filing of the request for withdrawal from registration;

(viii) In the case of a swap dealer, that the person will not engage in any new activity described in the definition of the term “swap dealer” in section 1a(49) of the Act, as such term may be further defined by the Commission; and

(ix) In the case of a major swap participant, that the person will not engage in any new activity described in the definition of the term “major swap participant” in section 1a(33) of the Act, as such term may be further defined by the Commission.

(c) Where a leverage transaction merchant is requesting withdrawal from registration in that capacity and the basis for withdrawal under paragraph (a)(1) of this section is that it has ceased engaging in activities requiring registration, the request for withdrawal must be accompanied by a form 2–FR which contains the information specified in §31.13(f) of this chapter as of a date not more than 30 days prior to the date of the withdrawal request.

(d) [Reserved]

(e) A request for withdrawal from registration as a futures commission merchant, retail foreign exchange dealer, swap dealer, major swap participant, introducing broker, commodity pool operator, commodity trading advisor, floor trader that is a non-natural
person, or leverage transaction merchant on Form 7–W, and a request for withdrawal from registration as a floor broker or individual floor trader on Form 8–W, must be filed with the National Futures Association within three business days of the receipt of such withdrawal request to the Commodity Futures Trading Commission, Division of Swap Dealer and Intermediary Oversight, Three Lafayette Centre, 1155 21st Street NW., Washington, DC 20581. In addition, any floor broker or individual floor trader requesting withdrawal from registration must file a copy of his or her Form 8–W with each contract market or swap execution facility that has granted him or her trading privileges, and any floor trader that is a non-natural person requesting withdrawal from registration must file a copy of its Form 7–W with each contract market or swap execution facility that has granted it trading privileges. Within three business days of any determination by the National Futures Association under §3.10(d) to treat the failure by a registrant to file an annual Form 7–R as a request for withdrawal, the National Futures Association shall send the Commission notice of that determination.

(f) A request for withdrawal from registration will become effective on the thirtieth day after receipt of such request by the National Futures Association, or earlier upon written notice from the National Futures Association (with the written concurrence of the Commission) of the granting of such request, unless prior to the effective date:

(1) The Commission or the National Futures Association has instituted a proceeding to suspend or revoke such registration;

(2) The Commission or the National Futures Association imposes, or gives notice by mail which notice shall be complete upon mailing, that it intends to impose terms or conditions upon such withdrawal from registration;

(3) The Commission or the National Futures Association notifies the registrant otherwise is notified that it is the subject of an investigation to determine, among other things, whether such registrant has violated, is violating, or is about to violate the Act, rules, regulations or orders adopted thereunder;

(4) The Commission or the National Futures Association requests from the registrant further information pertaining to its request for withdrawal from registration; or

(5) The Commission or National Futures Association determines that it would be contrary to the requirements of the Act, or of any rule, regulation or order thereunder, or to the public interest to permit such withdrawal from registration.

(g) Withdrawal from registration in one capacity does not constitute withdrawal from registration in any other capacity.

(h) Withdrawal from registration does not constitute a release from liability for any violation of the Act or of any rule, regulation, or order thereunder.

(Approved by the Office of Management and Budget under control number 3038–0008)

Subpart B—Temporary Licenses

§3.40 Temporary licensing of applicants for associated person, floor broker or floor trader registration.

(a) Notwithstanding any other provision of these regulations and pursuant to the terms and conditions of this subpart:

(1) The National Futures Association may grant a temporary license to any applicant for registration as an associated person upon the contemporaneous filing with the National Futures Association of:

(i) A Form 8–R, properly completed in accordance with the instructions thereto; and

(ii) The sponsor’s certification required by §3.12(c); Provided, however, that the fingerprints of the applicant on a fingerprint card provided by the
National Futures Association for that purpose must be filed with the National Futures Association within 20 days following the date the temporary license is issued; and, provided further, that failure to file the fingerprints within this period will result in the termination of the temporary license immediately upon notice to the applicant’s sponsor that the National Futures Association has not received the applicant’s fingerprints.

(2) The National Futures Association may grant a temporary license to any applicant for registration as a floor broker or individual floor trader upon the contemporaneous filing with the National Futures Association of:

(i) A Form 8-R, properly completed in accordance with the instructions thereto;

(ii) The fingerprints of the applicant on a fingerprint card provided by the National Futures Association for that purpose;

(iii) A Supplemental Sponsor Certification Statement executed by a sponsor meeting the requirements under §3.60(b)(2)(i), if the applicant is subject to an order imposing conditions on the applicant’s registration; and

(iv) Evidence that the applicant has been granted trading privileges by a contract market or swap execution facility that has filed with the National Futures Association a certification signed by its chief operating officer with respect to the review of an applicant’s employment, credit and other history in connection with the granting of trading privileges.

(b) The failure of an applicant or the applicant’s sponsor to respond to a request by the Commission or the National Futures Association for clarification of any information set forth in the application of the applicant or for the resubmission of fingerprints in accordance with such request will be deemed to constitute a withdrawal of the application and shall result in the immediate termination of the applicant’s temporary license.

(c) Subject to the provisions of §3.42 and all of the obligations imposed on such registrants under the Act (in particular, section 14 thereof) and the rules, regulations, and orders thereunder, an applicant for registration as an associated person who has received notification that a temporary license has been granted may act in the capacity of an associated person, an applicant for registration as a floor trader who has received written notification that a temporary license has been granted may act in the capacity of a floor trader, and an applicant for registration as a floor broker who has received written notification that a temporary license has been granted may act in the capacity of a floor broker.

§ 3.42 Termination.

(a) A temporary license issued pursuant to §3.40 shall terminate:

(1) Five days after service upon the applicant of a notice by the Commission or the National Futures Association pursuant to §3.60 of this part that the applicant for registration may be found subject to a statutory disqualification from registration; and

(2) Immediately upon termination of the association of the applicant for registration as an associated person with the registrant which filed the sponsorship certification, or immediately upon loss of trading privileges by an applicant for registration as a floor broker or floor trader on all contract markets and swap execution facilities which filed the certification described in §3.40;

(3) Immediately upon the withdrawal of the registration application pursuant to §3.40;

(4) Immediately upon failure to comply with an order to pay a civil monetary penalty, restitution, or disgorgement within the time permitted under sections 6(e), 6b, or 6c(d) of the Act;

(5) Immediately upon failure to pay the full amount of a reparation order within the time permitted under section 14(f) of the Act;

(6) Immediately upon failure to comply with an award in an arbitration proceeding conducted pursuant to the rules of a designated contract market, swap execution facility or registered futures association within the time specified in section 10(g) of the National Futures Association’s Code of

VerDate Mar<15>2010 13:25 Jun 02, 2013 Jkt 229056 PO 00000 Frm 00184 Fmt 8010 Sfmt 8010 Q:\17\17V1.TXT ofr150 PsN: PC150
§ 3.44 Temporary licensing of applicants for guaranteed introducing broker registration.

(a) Notwithstanding any other provisions of these regulations, and pursuant to the terms and conditions of this subpart, the National Futures Association may grant a temporary license to any applicant for registration as an introducing broker upon the contemporaneous filing with the National Futures Association of:

1. A properly completed guarantee agreement (Form 1–FR part B) from a futures commission merchant or retail foreign exchange dealer which is eligible to enter into such an agreement pursuant to §1.10(j)(2) of this chapter;

2. A Form 7–R properly completed in accordance with the instructions thereto;

3. A Form 8–R for the applicant, if a sole proprietor, and each principal (including each branch office manager) thereof, properly completed in accordance with the instructions thereto, all of whom would be eligible for a temporary license if they had applied as associated persons.

(b) The effective date of a guarantee agreement filed in accordance with paragraph (a)(1) of this section is the date upon which the temporary license is granted by the National Futures Association.
§ 3.45 Restrictions upon activities.

(a) Subject to the provisions of § 3.46 of this subpart and all of the obligations imposed on such registrants under the Act (in particular, section 14 thereof) and the rules, regulations and orders thereunder, an applicant for registration as an introducing broker who has received written notification that a temporary license has been granted may act in the capacity of a guaranteed introducing broker.

(b) An applicant for registration as an introducing broker who has received a temporary license may be guaranteed by a futures commission merchant other than the futures commission merchant which provided the initial guarantee agreement described in § 3.44(a)(1) of this subpart: Provided, That, at least 10 days prior to the effective date of the termination of the existing guarantee agreement in accordance with the provisions of § 1.10(j)(4)(ii) or (j)(5) of this chapter, or such other period of time as the National Futures Association may allow for good cause shown, the applicant files with the National Futures Association (1) written notice of such termination and (2) a new guarantee agreement with another futures commission merchant effective the day following the last effective date of the existing guarantee agreement.

§ 3.46 Termination.

(a) A temporary license issued pursuant to § 3.44 shall terminate:

(1) Five days after service upon the applicant of a notice by the National Futures Association that the applicant for registration may be found subject to a statutory disqualification from registration;

(2) Immediately upon termination of the applicant’s guarantee agreement in accordance with § 1.10(j)(4)(ii) or (j)(5) of this chapter, unless a new guarantee agreement is filed in accordance with § 3.45(b);

(3) Immediately upon the failure of an applicant to respond to a written request by the Commission or the National Futures Association for clarification of information set forth in the application of the applicant or any principal (including any branch office manager) thereof or for the resubmission of a fingerprint card pursuant to § 3.44(c) in accordance with such request;

(4) Immediately upon the revocation or withdrawal of the guarantor futures commission merchant’s registration;

(5) Immediately upon the withdrawal of the registration application pursuant to § 3.44(c);

(6) Immediately upon failure to comply with an order to pay a civil monetary penalty, restitution, or disgorgement within the time permitted under section 6(e), 6b, or 6c(d) of the Act;

(7) Immediately upon failure to pay the full amount of a reparation order within the time permitted under section 14(f) of the Act;

(8) Immediately upon failure to comply with an award in an arbitration proceeding conducted pursuant to the rules of a designated contract market, swap execution facility, or registered futures association within the time specified in section 10(g) of the National Futures Association’s Code of Arbitration or the comparable time period specified in the rules of a contract market, swap execution facility, or other appropriate arbitration forum.

(9) Whenever a person not listed as a principal on the applicant’s initial registration application becomes a principal under § 3.1(a); or

§ 3.51 Withdrawal of application for registration.

(a) Notice. Whenever information comes to the attention of the Commission that an applicant for initial registration in any capacity under the Act may be found subject to a statutory disqualification under sections 8a(2) or 8a(3) of the Act, the Commission may serve written notice upon the applicant or registrant at the address shown on his application or any amendment thereto, and which notice shall specify the statutory disqualifications to which the person served may respond thereto shall be increased by three days.

(b) A copy of any notice served in accordance with paragraph (a) of this section shall also be served upon:

(1) Any registrant sponsoring the applicant or registrant pursuant to the provisions of §3.12 of this part if the applicant or registrant is an individual registered as or applying for registration as an associated person; or

(2) Any futures commission merchant or retail foreign exchange dealer which has entered into a guarantee agreement in accordance with §1.10(j) of this chapter, if the applicant or registrant is registered as or applying for registration as an introducing broker.

(c) Documents served upon the Division of Clearing and Intermediary Oversight or upon the Division of Enforcement or filed with the Commission under this subpart shall be considered served or filed only upon actual receipt at the Commission's Washington, DC office, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581.

(d) Except for the documents which may be served under §3.51, any documents served upon an applicant or registrant or upon the Division of Clearing and Intermediary Oversight or the Division of Enforcement or filed with the Commission under this subpart shall be concurrently filed with the Proceedings Clerk, together with proof of service, in accordance with the provisions of §10.12 (d) and (e) of this chapter.
the applicant may be subject and advise the applicant that:

(1) The information, if true, is a basis upon which the applicant’s registration may be denied;

(2) Unless the applicant voluntarily withdraws the application, it may be necessary to institute the denial procedures described in this subpart; and

(3) If the applicant does not confirm in writing that the applicant wishes to have the application given further consideration, the application of the applicant will be deemed to have been withdrawn.

(b) The applicant must serve the written confirmation referred to in paragraph (a)(3) of this section upon the Secretary of the Commission on or before twenty days after the date the notice described in paragraph (a) of this section is served.

§§ 3.52–3.54 [Reserved]

§ 3.55 Suspension and revocation of registration pursuant to section 8a(2) of the Act.

(a) Notice. On the basis of information obtained by the Commission, the Commission may at any time serve notice upon a registrant in any capacity under the Act that:

(1) The Commission alleges and is prepared to prove that the registrant is subject to one or more of the statutory disqualifications set forth in section 8a(2) of the Act;

(2) An Administrative Law Judge shall make a determination, based upon written evidence, as to whether the registrant is subject to such statutory disqualification; and

(3) If the registrant is found to be subject to a statutory disqualification, the registration of the registrant may be suspended and the registrant ordered to show cause why such registration should not be revoked.

(b) Written submission. If the registrant wishes to challenge the accuracy of the allegations set forth in the notice, the registrant may submit written evidence limited to the type described in §3.60(b)(1) of this part. Such written submission must be served upon the Division of Enforcement and filed with the Proceedings Clerk within twenty days of the date of service of notice to the registrant.

(c) Reply. Within ten days of receipt of any written submission filed by the registrant, the Division of Enforcement may serve upon the registrant and file with the Proceedings Clerk a reply.

(d) Determination by Administrative Law Judge. A determination by the Administrative Law Judge as to whether the registrant is subject to a statutory disqualification must be based upon the evidence of the statutory disqualification, notice with proof of service, the written submission, if any, filed by the registrant in response thereto, any written reply submitted by the Division of Enforcement and such other papers as the Administrative Law Judge may require or permit.

(e) Suspension and order to show cause. (1) If the registrant is found to be subject to a statutory disqualification, the Administrative Law Judge, within thirty days after receipt of the registrant’s written submission, if any, and any reply thereto, shall issue an interim order suspending the registration of the registrant and requiring the registrant to show cause within twenty days of the date of the order why, notwithstanding the existence of the statutory disqualification, the registration of the registrant should not be revoked. The registration of the registrant shall be suspended, effective five days after the order to show cause is served upon the registrant in accordance with §3.50(a), until a final order with respect to the order to show cause has been issued: Provided, That if the sole basis upon which the registrant is subject to statutory disqualification is the existence of a temporary order, judgment or decree of the type described in section 8a(2)(C) of the Act, the order to show cause shall not be issued and the registrant shall be suspended until such time as the temporary order, judgment or decree shall have expired: Provided, however, That in no event shall the registrant be suspended for a period to exceed six months.

(2) If the registrant is found not to be subject to a statutory disqualification, the Administrative Law Judge shall issue an order to that effect and the
Proceedings Clerk shall promptly serve a copy of such order on the registrant, the Division of Clearing and Intermediary Oversight and the Division of Enforcement. Such order shall be effective as a final order of the Commission fifteen days after the date it is served upon the registrant in accordance with the provisions of §3.50(a) of this part unless a timely application for review is filed in accordance with §10.102 of this chapter. The appellate procedures set forth in §§10.102, 10.103, 10.104, 10.106, 10.107 and 10.109 of this chapter shall apply to any appeal brought under paragraph (e)(2) of this section.

(f) Further proceedings. If an order to show cause is issued pursuant to paragraph (e)(1) of this section, further proceedings on such order shall be conducted in accordance with the provisions of §3.60(b)–(j) of this part.

§3.56 Suspension or modification of registration pursuant to section 8a(11) of the Act.

(a) Notice. (1) On the basis of information obtained by the Commission, the Commission may at any time serve written notice upon a registrant in any capacity under the Act that:

(i) The Commission alleges and is prepared to prove, by reference to an information, indictment or complaint authorized by a United States Attorney or an appropriate official of any State that the registrant is charged with the commission of or participation in a crime involving a violation of the Act or a violation of any other provision of Federal or State law that would reflect on the honesty or the fitness of the person to act as a fiduciary that is punishable by imprisonment for a term exceeding one year, and that continued registration of the person may pose a threat to the public interest or may threaten to impair public confidence in any market regulated by the Commission; and

(ii) An Administrative Law Judge shall make a determination, based upon written evidence and any oral hearing granted, as to whether the registrant is charged with the Commission of or participation in such a crime and whether the continued registration of the person may pose a threat to the public interest or may threaten to impair public confidence in any market regulated by the Commission; and

(iii) If the registrant is found to be charged with the commission of or participation in such a crime and it is found that the continued registration of the person may pose a threat to the public interest or may threaten to impair public confidence in any market regulated by the Commission, the registration of the registrant shall be suspended or modified.

(2) The notice referred to in paragraph (a) of this section shall include a short and plain statement that the continued registration of the registrant may pose a threat to the public interest or may threaten to impair public confidence in any market regulated by the Commission.

(b) Response. (1) If the registrant wishes to challenge the accuracy of the allegations in the notice, the registrant may submit written evidence as to:

(i) The registrant’s identity;

(ii) The existence of a clerical error in any record documenting the information, indictment or complaint; or

(iii) The nature of the information, indictment or complaint; or

(iv) The statement accompanying the notice referred to in paragraph (a)(2) of this section and, in an effort to have his registration modified rather than suspended, the Supplemental Sponsor Certification Statement signed by a sponsor, supervising floor broker or, in the case of a floor trader, a supervising registrant, principal, contract market, or swap execution facility, as appropriate for the registrant in accordance with §3.60(b)(2)(i) and who meets the standards set forth in §3.60(b)(2)(i)(A) and (C).

(2) The registrant may also request an oral hearing, which shall include a statement of the issues to be addressed, a list of any witnesses to be called, a summary of the testimony to be elicited and copies of any documents to be introduced. An oral hearing shall be granted upon request.
§ 3.57 Proceedings under section 8a(2)(E) of the Act.

The Commission will not initiate a proceeding under section 8a(2)(E) of the Act, if respondeat superior is the sole basis upon which the registrant may be found subject to a statutory disqualification.

§ 3.60 Procedure to deny, condition, suspend, revoke or place restrictions upon registration pursuant to sections 8a(2), 8a(3) and 8a(4) of the Act.

(a) Notice. On the basis of information obtained by the Commission, the Commission may at any time give written notice to any applicant for registration or any registrant in any capacity under the Act that:

(1) The Commission alleges and is prepared to prove that the registrant...

(3) Such written submissions must be served upon the Division of Enforcement and filed with the Proceedings Clerk within twenty days of the date of service of notice to the registrant under paragraph (a) of this section.

(c) Reply. Within ten days of receipt of any written submission filed by the registrant, the Division of Enforcement may serve upon the registrant and file with the Proceedings Clerk a reply.

(d) Oral hearing. An oral hearing shall be conducted pursuant to such sections of the Commission’s Rules of Practice, 17 CFR part 10, as the Administrative Law Judge deems necessary and in a manner which shall ensure that the proceeding is resolved expeditiously.

(e) Determination by Administrative Law Judge. (1) A determination by the Administrative Law Judge as to whether the Division of Enforcement has shown by a preponderance of the evidence that the registrant is charged with the commission of or participation in a crime as set forth in the notice and that the continued registration of the registrant may pose a threat to the public interest or may threaten to impair public confidence in any market regulated by the Commission must be based upon the evidence of service, the response, if any, filed by the registrant, any written reply submitted by the Division of Enforcement and such other papers as the Administrative Law Judge may require or permit, and the oral hearing, if any. If the Division of Enforcement has made the required showings, the Administrative Law Judge, within thirty days after the last written submission or the oral hearing, shall issue an order suspending or modifying the registration of the registrant. If the Division of Enforcement has not made the required showings, the Administrative Law Judge, within thirty days after the last written submission or the oral hearing, shall issue an order to that effect.

(f) Any order of suspension or modification issued under this section shall remain in effect until such information, indictment, or complaint is disposed of or until terminated by the Commission.

(g) On disposition of such information, indictment, or complaint, the Commission may issue and serve on such registrant a notice under § 3.55 or § 3.60 to suspend, restrict, or revoke the registration of such person.

(h) A finding of not guilty or other disposition of the charge shall not preclude the Commission from thereafter instituting any other proceedings under the Act or its rules.

(i) A person aggrieved by an order issued under this section may obtain review of such order in the same manner and on the same terms and conditions as are provided in section 6(c) of the Act.

or applicant is subject to one or more of the statutory disqualifications set forth in section 8a(2), 8a(3) or 8a(4) of the Act;

(2) The allegations set forth in the notice, if true, constitute a basis upon which registration may be denied, granted upon conditions, suspended, revoked or restricted;

(3) The applicant or registrant is entitled to file a response within thirty days of the date of service of the notice to challenge the evidentiary basis of the statutory disqualification set forth in the notice or show cause why, notwithstanding the accuracy of those allegations, registration should nevertheless be granted, or granted upon condition, or should not be conditioned, suspended, revoked or restricted; and

(4) If the applicant or registrant does not file a timely response to the notice:

(i) The applicant or registrant will be deemed to have waived his right to a hearing on all issues and the facts stated in the notice shall be deemed to be true and conclusive for the purpose of finding that the applicant or registrant is subject to a statutory disqualification under sections 8a(2), 8a(3) or 8a(4) of the Act; and

(ii) A presiding officer may thereafter decide whether to issue an order of default in accordance with paragraph (g) of this section to deny, condition, suspend, revoke, or place restrictions upon registration based solely upon the facts set forth in the notice.

(b) Response. Within thirty days after service upon the applicant or registrant of a notice issued in accordance with the provisions of paragraph (a) of this section, the applicant or registrant shall file a response with the Proceedings Clerk and serve a copy of the response on the Division of Enforcement.

(1) In the response, the applicant or registrant shall state whether he challenges the evidentiary basis of the statutory disqualification set forth in the notice. The grounds for such a challenge shall include evidence as to:

(i) The applicant’s or registrant’s identity,

(ii) The existence of a clerical error in any record documenting the statutory disqualification,

(iii) The nature or date of the statutory disqualification,

(iv) The post-conviction modification of any record of conviction, or

(v) The favorable disposition of any appeal.

The applicant or registrant shall state the nature of each challenge and submit a verified statement or affidavit to support facts material to each challenge raised in the response.

(2)(i) In the response, if the person is not an associated person, a floor broker or a floor trader or an applicant for registration in any of those capacities, the applicant or registrant shall also state whether he or she intends to show that registration would not pose a substantial risk to the public despite the existence of the disqualification set forth in the notice. If the person is an associated person, a floor broker or a floor trader or an applicant for registration in any of those capacities, the applicant or registrant shall also state whether he or she intends to show that full, conditioned or restricted registration would not pose a substantial risk to the public despite the existence of the disqualification set forth in the notice. If the person is an associated person or an applicant for registration as an associated person and intends to make such a showing, he or she must also submit a letter signed by an officer or general partner authorized to bind the sponsor whereby the sponsor agrees to sign a Supplemental Sponsor Certification Statement and supervise compliance with any conditions or restrictions that may be imposed on the applicant or registrant as a result of a statutory disqualification proceeding under this section; if the person is a floor broker or a floor trader or an applicant for registration in either capacity and intends to make such a showing, he or she must also submit a letter signed by his employer or if he or she has no employer by another floor broker, or, in the case of a floor trader or applicant for registration as a floor trader, also submit a letter signed by an officer of his clearing member, if such officer is a registrant or a principal of a registrant, or
§ 3.60

17 CFR Ch. I (4–1–13 Edition)

the chief operating officer of each contract market or swap execution facility that has granted trading privileges, whereby the employer or floor broker, appropriate registrant, principal or chief operating officer (on behalf of the contract market or swap execution facility) agrees to sign a Supplemental Sponsor Certification Statement and supervise compliance with any conditions or restrictions that may be imposed on the applicant or registrant as a result of a statutory disqualification proceeding under this section; provided, that, with respect to such sponsor, supervising employer or floor broker, supervising registrant or principal:

(A) An adjudicatory proceeding pursuant to the provisions of sections 6(c), 6(d), 6c, 6d, 8a or 9 of the Act is not pending; and

(B) In the case of a sponsor which is a futures commission merchant, a retail foreign exchange dealer or a leveraged transaction merchant, the sponsor is not subject to the reporting requirements of § 1.12(b), § 5.6(b) or § 31.7(b) of this chapter, respectively; and

(C) Such person is not barred from service on self-regulatory organization governing boards or committees based on disciplinary history in accordance with § 1.63 of this chapter.

(ii) If, in the response, the applicant or registrant states that he intends to make the showing referred to in paragraph (b)(2)(i) of this section, he shall also, within fifteen days after filing his initial response under paragraph (b) of this section, file with the Proceeding Clerk and serve a copy on the Division of Enforcement a submission which includes a statement of the applicant, registrant or his attorney identifying and summarizing the testimony of each witness whom the applicant or registrant intends to have testify in support of facts material to his showing. The factors forming the basis for a disqualified applicant’s or registrant’s showing referred to in paragraph (b)(2)(i) of this section may include:

(A) Evidence mitigating the seriousness of the wrongdoing underlying the statutory disqualification set forth in the notice;

(B) Evidence that the applicant or registrant has undergone rehabilitation since the time of the wrongdoing underlying the statutory disqualification; and

(C) If the person is an associated person, floor broker or floor trader or an applicant for registration in any of those capacities, evidence that the applicant’s or registrant’s registration on a conditioned or restricted basis would be subject to supervisory controls likely both to detect future wrongdoing by the applicant or registrant and protect the public from any harm arising from the applicant’s or registrant’s future wrongdoing, including proposed conditions or restrictions.

(c) Reply. Within thirty days after the latter of the date the applicant or registrant serves a copy of the response on the Division of Enforcement (if no further submission is to be made in accordance with paragraph (b)(2)(ii) of this section), or the date the applicant or registrant serves a copy of the further submission made in accordance with paragraph (b)(2)(ii) of this section on the Division of Enforcement, the Division of Enforcement shall file a reply thereto with the Proceedings Clerk and serve a copy of the reply on the applicant or registrant. The Division of Enforcement’s reply shall include either:

(1) A motion for summary disposition stating that there are no genuine issues of material fact to be determined and that registration should be denied or revoked, based upon the applicant’s or registrant’s response and further submission, if any, and any other materials which are attached to the reply and would be admissible under § 10.91 of this chapter; or

(2) A description of factual issues raised in the applicant’s or registrant’s response and further submission, if any, that the Division of Enforcement regards as material and disputed. Such a reply shall also include the identity and a summary of the expected testimony of each witness whom the Division intends to have testify, and copies of all documents which the Division intends to introduce.

182
Commodity Futures Trading Commission

§ 3.60

(d) Oral Presentation. Within thirty days of the date the Division of Enforcement files its reply in accordance with the provisions of paragraph (c) of this section to the applicant’s or registrant’s response and further submission, if any, the Administrative Law Judge shall issue an order:

(1) If the Administrative Law Judge finds, based on the motion for summary disposition, that a party is entitled to judgment as a matter of law, granting, denying, suspending, or revoking the registration of an applicant or registrant, or dismissing the notice issued in accordance with paragraph (a) of this section, and such order shall be made in accordance with the standards set forth in paragraphs (e) and (f) of this section; or

(2) Notifying the parties of a time and place of hearing. At such hearing, the parties shall be limited to presentation of witnesses and documents listed in previous filings except, for good cause shown, the parties may request that the witness and document lists be supplemented for purposes of rebuttal. Such oral hearing shall be conducted in accordance with §§10.61–10.81 and 10.83 of this chapter. The Administrative Law Judge shall file an initial decision in accordance with the standards set forth in paragraphs (e) and (f) of this section.

(3) Upon notice that the Administrative Law Judge has concluded that an oral presentation is appropriate, the parties may elect to participate by telephone in accordance with §§12.209(b) of this chapter. To effect such an election, the party shall file a notice with the Proceedings Clerk and serve a copy on all opposing parties within fifteen days of the date the Administrative Law Judge’s notice is served. The filing of an election to participate by telephone will be deemed a waiver of the party’s right to a full oral hearing on the parties’ material disputes of fact. The Administrative Law Judge shall schedule a telephone hearing only if all parties to the proceeding elect such a procedure. The Administrative Law Judge shall conduct such a hearing in accordance with §12.209(b) of this chapter. Following the hearing, the Administrative Law Judge shall issue a written decision in accordance with the standards set forth in paragraphs (e) and (f) of this section.

(e) Determination by Administrative Law Judge—Standards of Proof. The Administrative Law Judge’s written determination shall specifically consider whether the Division of Enforcement has shown by a preponderance of the evidence that the applicant or registrant is subject to the statutory disqualification set forth in the notice issued by the Commission and, where appropriate:

(1) In actions involving statutory disqualifications set forth in section 8a(2) of the Act, whether the applicant or registrant has made a clear and convincing showing that full, conditioned or restricted registration would not pose a substantial risk to the public despite the existence of the statutory disqualification; or

(2) In actions involving statutory disqualifications set forth in sections 8a(3) or 8a(4) of the Act, whether the applicant or registrant has shown by a preponderance of the evidence that full, conditioned or restricted registration would not pose a substantial risk to the public despite the existence of the statutory disqualification.

(f) Determination of Administrative Law Judge—Findings. In making his written determination, the Administrative Law Judge shall set forth the facts material to his conclusion and provide an explanation of his decision in light of the statutory disqualification set forth in the notice and, where appropriate, his findings regarding:

(1) Evidence mitigating the seriousness of the wrongdoing underlying the applicant’s or registrant’s statutory disqualification;

(2) Evidence that the applicant or registrant has undergone rehabilitation since the time of the wrongdoing underlying the statutory disqualification; and

(3) If the person is an associated person, a floor broker or a floor trader or an applicant for registration in any of those capacities, evidence that the applicant’s or registrant’s registration on a conditioned or restricted basis would be subject to supervisory controls likely both to detect future wrongdoing by the applicant or registrant and protect
the public from any harm arising from future wrongdoing by the applicant or registrant. Any decision providing for a conditioned or restricted registration shall take into consideration the applicant’s or registrant’s statutory disqualification and the time period remaining on such statutory disqualification, and shall fix a time period after which the registrant and his or her sponsor, supervising employer or floor broker, or supervising registrant, principal, contract market, or swap execution facility may petition to lift or modify the conditions or restrictions in accordance with §3.64.

(g) Default. The procedures for obtaining a default order and the setting aside of a default order in a proceeding instituted under this section shall follow the procedures set forth in §§10.93 and 10.94 of this chapter.

(h) Settlements—(1) When offers may be made. Parties may, at any time during the course of the proceeding, propose offers of settlement. All offers of settlement shall be in writing.

(2) Content of offer. Each offer of settlement made by a respondent shall:

(i) Acknowledge service of the notice;

(ii) Admit the jurisdiction of the Commission with respect to the matters set forth in the notice;

(iii) Include a waiver of:

(A) A hearing,

(B) All post-hearing procedures,

(C) Judicial review, and

(D) Any objection to the staff’s participation in the Commission’s consideration of the offer;

(iv) Stipulate the record basis on which an order may be entered, which may consist solely of the notice and any findings contained in the offer of settlement; and

(v) Consent to the entry of an order reflecting the terms of settlement agreed upon, including, where appropriate:

(A) Findings that the respondent is subject to statutory disqualification under sections 8a(2), 8a(3), or 8a(4) of the Act, and

(B) The revocation, suspension, denial or granting of full registration or imposition of conditioned or restricted registration.

(3) Submission of offer. Offers of settlement made by a respondent shall be submitted in writing to the Division of Enforcement, which shall present them to the Commission with the Division’s recommendation. The respondent will be informed if the recommendation will be unfavorable, in which event the offer shall not be presented to the Commission unless the respondent so requests. Any offer of settlement not presented to the Commission shall be null and void with respect to any acknowledgment, admission, waiver, stipulation or consent contained in the offer and shall not be used in any manner in the proceeding by any party thereto.

(4) Acceptance of offer. The offer of settlement will only be deemed accepted upon issuance by the Commission of an opinion and order based on the offer. Upon issuance of the opinion and order, the proceeding shall be terminated as to the respondent involved and so noted on the docket by the Proceedings Clerk.

(5) Rejection of offer. When an offer of settlement is rejected, the party making the offer shall be notified by the Division of Enforcement and the offer of settlement shall be deemed withdrawn. A rejected offer of settlement and any documents relating thereto shall not constitute a part of the record in the proceeding; and the offer will be null and void with respect to any acknowledgment, admission, waiver, stipulation or consent contained in the offer and shall not be used in any manner in the proceeding by any party thereto.

(i) Effect of the Administrative Law Judge’s Determination. The Administrative Law Judge’s written determination shall become the final decision of the Commission thirty days following the date the Proceedings Clerk serves the determination on the parties unless:

(1) One or more of the parties files and serves a timely notice of appeal in accordance with §10.102 of this chapter; or

(2) The Commission issues an order staying the effective date of the determination and notifying the parties of its intention to undertake sua sponte review in accordance with §10.105 of this chapter.

(j) Appeal. Following the filing of a notice of appeal, the rules of appellate
Commodity Futures Trading Commission

§ 3.64 Procedure to lift or modify conditions or restrictions.

(a) Petition. The registrant and his sponsor or supervising floor broker may file a petition with the Proceedings Clerk and serve a copy of the petition on the Division of Enforcement to lift or modify conditions or restrictions on the registrant’s registration.

(1) The petition may be filed after the period specified in the order imposing the conditioned or restricted registration.

(2) In the petition, the registrant and his or her sponsor, supervising employer or floor broker, or supervising registrant, principal, contract market, or swap execution facility shall be limited to a showing, by affidavit, that the conditions or restrictions have been satisfied pursuant to the order which imposed them. The affidavit must be sworn to by a person with actual knowledge of the registrant’s activities on behalf of the sponsor, supervising employer or floor broker, or supervising registrant, principal, contract market or swap execution facility.

(b) Response. (1) Within thirty days of receipt of the petition, pursuant to

procedure set forth in §§10.102, 10.103, 10.104, 10.106, 10.107 and 10.109 of this chapter shall apply to any proceeding brought under this section.

(k) With the exception of §§10.2 through 10.5, 10.7 through 10.12(a) (1), 10.12(a) (3) through 10.12(g), 10.26(a)-(d), 10.34, 10.43, 10.44 and 10.84 of this chapter, or unless otherwise provided in §§3.50 through 3.64 of this part, the provisions of the Commission’s Rules of Practice in part 10 of this chapter shall not apply in any proceeding brought under this part to deny, suspend, revoke, restrict or condition registration pursuant to sections 8a(2), 8a(3) or 8a(4) of the Commodity Exchange Act.

(l) The failure of any sponsor, supervising employer or floor broker, or supervising registrant, principal, contract market, or swap execution facility to fulfill its obligations with respect to supervision or monitoring of a conditioned or restricted registrant as agreed to in the Supplemental Sponsor Certification Statement shall be deemed a violation of this rule under the Act.

§ 3.61 Extensions of time for proceedings brought under § 3.55, § 3.56, and § 3.60 of this part.

(a) In general. Except as otherwise provided by law or by these rules, for good cause shown, the Commission or an Administrative Law Judge before whom a proceeding brought under § 3.55, § 3.56 or § 3.60 is then pending, on their own motion or the motion of a party, may at any time extend or shorten the time limit prescribed by those rules for filing any document. In any instance in which a time limit is not prescribed for an action to be taken concerning any matter, the Commission or the Administrative Law Judge may set a time limit for that action.

(b) Motions for extension of time. Absent extraordinary circumstances, in any instance in which a time limit that has been prescribed for an action to be taken concerning any matter exceeds seven days from the date of the order establishing the time limit, requests for extension of time shall be filed at least five (5) days prior to the expiration of the time limit and shall explain why an extension of time is necessary.

[57 FR 23154, June 2, 1992, as amended at 58 FR 19597, Apr. 15, 1993]

§ 3.62 [Reserved]

§ 3.63 Service of order issued by an Administrative Law Judge or the Commission.

A copy of any order issued pursuant to § 3.60 of this part shall be served promptly upon the applicant or registrant, the Division of Clearing and Intermediary Oversight, the Division of Enforcement, the National Futures Association, and any contract markets where the applicant or registrant is a member or has trading privileges in accordance with the provisions of § 3.50(a) of this part.

§ 3.70 Notification of certain information regarding associated persons.

(a) Notice. A registrant must notify the Commission under section 4k(5) of the Act of any facts regarding an associated person of the registrant or an applicant for registration as an associated person whom it has sponsored pursuant to the provisions of § 3.12 of this part or whom it intends to hire or otherwise employ as an associated person which are set forth as statutory disqualifications in section 8a(2) of the Act within ten business days of the date upon which the registrant first knows or should have known such facts. Notice to the Commission shall be sufficient if the registrant gives notice to the Director of the Division of Clearing and Intermediary Oversight or the Director's designee by telephone and confirms such notice in writing by certified or registered mail or equivalent means to the Commission at its Washington, DC office (Attn: Deputy Director, Compliance and Registration Section, Division of Clearing and Intermediary Oversight, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581).

(b) Unlawful to act as an associated person. Upon the earlier of notification to the Commission by the registrant pursuant to paragraph (a) of this section, or actual receipt of notice to the registrant pursuant to § 3.50(b)(1) of this part, that an associated person of the registrant or an applicant for registration as an associated person may be subject to a statutory disqualification as set forth in section 8a(2) of the Act, it shall be unlawful for the registrant to permit such person to act in

files a timely notice of appeal in accordance with § 10.102 of this chapter.

(e) Appeal. Following the filing of a notice of appeal, the rules of appellate procedure set forth in §§ 10.102, 10.103, 10.104, 10.106, 10.107 and 10.109 of this chapter shall apply to any proceeding brought under this section.

the capacity of an associated person of
the registrant until the Commission
determines that such person should
nonetheless be registered.
(c) Proceedings under subpart C. Upon
notification to the Commission by the
registrant under paragraph (a) of this
section, the Commission may promptly
issue notice under §3.55 or §3.60 of this
part, as appropriate, to suspend and re-
voke the registration of the associated
person of the registrant or to deny the
registration of the applicant for reg-
istration as an associated person of the
registrant.

APPENDIX A TO PART 3—INTERPRETIVE
STATEMENT WITH RESPECT TO
SECTION 8a(2)(C) AND (E) AND SEC-
TION 8a(3)(J) AND (M) OF THE COM-
MODITY EXCHANGE ACT

Section 8a(2) (C) and (E)

The provisions of sections 8a(2)–8a(4) of the
Commodity Exchange Act ("Act") establish
a system of statutory disqualifications pur-
suant to which the Commission may find an
applicant or registrant unfit for registration
and vest the Commission with wide discre-
tion to deny, condition, suspend, restrict or
revoke the registration of any person subject
to one or more of the disqualifications set
forth therein. The Commission recognizes
that the full exercise of its authority under
these provisions of the Act may have unin-
tended results. In particular, the exercise of
such authority may, in certain cases, impede
the efficient enforcement of the Act and the
various federal and state securities acts.

At this time, the Commission cannot an-
ticipate all of the circumstances under
which it may elect not to exercise its au-
thority under sections 8a(2)–8a(4). Until the
Commission has gained experience with
these provisions of the Act, such determina-
tions generally must be made on a case-by-
case basis. Nonetheless, the Commission has
identified two paragraphs of section 8a(2) of
the Act which it has determined to interpret
more narrowly than required.

Section 8a(2)(C). Section 8a(2) of the Act au-
thorizes the Commission to deny, condition,
suspend or restrict the registration of any
person "upon notice, but without a hearing"
and to revoke the registration of any person
"with such hearing as may be appropriate." If
such person is subject to one or more of
the disqualifications described in paragraphs
(A)–(H). Section 8a(2)(C) authorizes the Com-
mision to affect the registration of any per-
son:

"if such person is permanently or tempo-
orarily enjoined by order, judgment, or decree
of any court of competent jurisdiction * * *,
including an order entered pursuant to an
agreement of settlement to which the Com-
mision or any Federal or State agency or
other governmental body is a party, from (i)
acting as a futures commission merchant, introducing broker, floor broker, floor trader, commodity trading advisor, commodity pool operator, associated person of any registrant under the Act, securities broker, securities dealer, municipal securities broker, municipal securities dealer, transfer agent, clearing agency, securities information processor, investor, an adviser to an investment company, or affiliated person or employee of any of the foregoing or (ii) engaging in or continuing any activity involving any transaction in or advice concerning contracts of sales of a commodity for future delivery, concerning matters subject to Commission regulation under section 4 or 19 of the Act, or concerning securities:

The Commission believes that a person enjoined from acting in a certain capacity as described in section 8a(2)(C)(i), even if the order of injunction is entered into pursuant to an agreement of settlement, similarly should be prohibited from acting in any other capacity which requires registration with the Commission. Therefore, the Commission does not intend to limit its authority under section 8a(2)(C)(i) of the Act.

However, the Commission is also aware that it has often initiated proceedings in which the sole relief sought was an injunction from engaging in certain conduct. In such circumstances, the Commission has accepted offers of settlement which provide that the findings set forth in the settlement will not form the sole basis for the denial, suspension or revocation of such person’s registration with the Commission. The Commission does not wish to impede the resolution by negotiated settlement of such proceedings. Therefore, the Commission has determined that it will not exercise its authority under section 8a(2)(C)(ii) of the Act with respect to any person temporarily or permanently enjoined by agreement of settlement from engaging in any conduct described in that paragraph, if the agreement of settlement clearly restricts the use of such order of injunction or any findings set forth therein in subsequent or collateral proceedings.

Thus, a provision in the agreement of settlement to the effect, inter alia, that the findings set forth in the agreement will not form the sole basis upon which the registration of such person may be affected, such other sanctions as may be deemed appropriate.

Section 8a(2)(E) of the Act authorizes the Commission to affect the registration of any person:

If such person, within ten years preceding the filing of the application or at any time thereafter, has been found in a proceeding brought by the Commission or any Federal or State agency or other governmental body, or by agreement of settlement to which the Commission or any Federal or State agency or other governmental body is a party, (i) to have violated any provision of this Act, [the securities acts], chapter 96 of title 18 of the United States Code, or any similar statute of a State or foreign jurisdiction, or any rule, regulation, or order under any such statutes, or the rules of the Municipal Securities Rulemaking Board where such violation involves embezzlement, theft, extortion, fraud, fraudulent conversion, misappropriation of funds, securities or property, forgery, counterfeiting, false pretenses, bribery, or gambling, or (ii) to have willfully aided, abetted, counseled, commanded, induced, or procured such violation by any other person;

As in section 8a(2)(C)(ii), the Commission will not exercise its authority under section 8a(2)(E) of the Act with respect to any person subject to a statutory disqualification thereunder. If the findings are part of an agreement of settlement which clearly restricts the use of such findings by inclusion of a provision to the effect, inter alia, that the findings set forth in the agreement will not form the sole basis upon which the registration of such person may be affected.

Section 2(a)(1)(A) of the Act, inter alia, codifies the legal concept of respondent superior by providing that a futures commission merchant, introducing broker, commodity trading advisor, commodity pool operator or leverage transaction merchant may be held liable for the conduct of an associated person sponsored by such registrant. Thus, findings of the type described in paragraph (E) may be entered against a registrant solely because such registrant is responsible, under section 2(a)(1)(A) of the Act, for the conduct of its associated persons. As prescribed in §3.57 of the Commission’s regulations, however, the Commission will not exercise its authority under section 8a(2)(E) to affect the registration of such registrant, if respondent superior.

*Specifically, section 2(a)(1)(A)(iii) of the Act provides in part, that the “act, omission or failure of any official, agent, or other person acting for any individual, association, partnership, corporation, or trust within the scope of his employment or office shall be deemed the act, omission, or failure of such individual, association, partnership, corporation, or trust as well as of such official, agent, or other person.” 7 U.S.C. 4 (1982).
superior is the sole basis for finding that the registrant is subject to a statutory disqualification.

The Commission notes that section 8a(3)(C) and 8a(4) authorize the Commission to affect the registration of a person if it is found, after notice and opportunity for a hearing, that such person "failed reasonably to supervise another person, who is subject to such person's supervision, with a view to preventing violations of this Act or [the securities orders], or any of the rules, regulations or orders thereunder, and the person subject to supervision committed such a violation * * *". In this connection, the Commission believes that such proceedings are intended primarily to provide restitution to the customer and are not intended to be punitive in nature. Therefore, it may not be appropriate to use findings in such proceedings to affect the registration of any person under section 8a(2)(E).

At the same time, however, such findings may form the basis of a proceeding against a person under the provisions of section 8a(3)(C) and 8a(4), which authorize the Commission, after notice and opportunity for a hearing, to deny, condition, suspend, restrict or revoke the registration of any person if "there is other good cause." Similarly, such findings may form the basis for a proceeding against a registrant under sections 8a(3)(C) and 8a(4) for the failure of such registrant "reasonably to supervise another person, who is subject to such person's supervision, with a view to preventing violations of this Act * * * or of any of the rules, regulations or orders thereunder." Moreover, because the Commission views actions by private parties as an important adjunct to the Commission's own enforcement proceedings, the Commission intends to monitor carefully decisions in such proceedings and may amend this interpretation if deemed appropriate.

Section 8a(3) (J) and (M)

Section 8a(3) authorizes the Commission to refuse to register an applicant for registration if, after notice and opportunity for a hearing, the applicant is found subject to one or more of the disqualifications described in paragraphs (A)–(M). Section 8a(4) authorizes the Commission, after notice and opportunity for a hearing, to condition, suspend, restrict, or revoke the registration of any person subject to a disqualification under section 8a(3).

Section 8a(3)(J) authorizes the Commission to affect the registration of any person if: such person is subject to an outstanding order denying, suspending, or expelling such person from membership in a contract market, a registered futures association, any other self-regulatory organization or any foreign regulatory body that the Commission recognizes as having a comparable regulatory program, or barraging or suspending such person from being associated with any member or members of such contract market, association, self-regulatory organization, or foreign regulatory body.

The Commission interprets the term "self-regulatory organization" to include, in addition to a contract market and a registered futures association, any self-regulatory organization as defined in section 3(a)(26) of the Securities Exchange Act of 1934. Thus, a self-regulatory organization includes any national securities exchange, any registered securities association, any registered clearing agency and the Municipal Securities Rulemaking Board.

Section 8a(3)(M). Section 8a(3)(M) authorizes the Commission to affect the registration of any person if "there is other good cause," specifically, the Commission interprets paragraph (M) to authorize the Commission to refuse to register such person in any new capacity, if such person, or any principal of such person, is the subject of an administrative proceeding brought by the Commission to revoke the existing registration of such person in any other capacity, pending a final decision in such administrative proceeding. The Commission believes it would be inconsistent to register a person in a new capacity, thereby determining that such person is qualified to be registered, while simultaneously seeking to revoke such person's registration in a different capacity because such person's conduct disqualifies him from registration.

Similarly, the Commission interprets paragraph (M) to authorize the Commission to refuse to register, register conditionally or otherwise affect the registration of any person if such person has consented, in connection with an agreement of settlement with a contract market, a registered futures association, or any other self-regulatory organization, to comply with an undertaking to withdraw all forms of existing or pending registration and/or not to apply for registration with the National Futures Association or the Commission in any capacity. Such
person's effort to violate his or her prior undertaking to withdraw from and/or not to apply for registration shall be considered to constitute "other good cause" under paragraph (M). The Commission believes that allowing such a person to be registered would be inappropriate and inconsistent with the intention of parties to the prior settlement agreement or to revoke, suspend or place restrictions upon the registration of any person if such person's prior registration has been suspended (and the period of such suspension has not expired) or has been revoked, and Section 8a(3)(J), which authorizes the Commission to refuse to register or to register conditionally, or to revoke, suspend or place restrictions upon the registration of any person if such person's prior registration has been suspended (and the period of such suspension has not expired) or has been revoked, and Section 8a(3)(J), which authorizes the Commission to refuse to register or to register conditionally any person if he or she is subject to an outstanding order denying, suspending, or expelling such person from membership in a contract market, a registered futures association, or any other self-regulatory organization.

Good cause to affect a person's registration also exists: (1) If the operations of such person disrupt or would tend to disrupt orderly market conditions, or cause or would tend to cause sudden or unreasonable fluctuations or unwarranted changes in the price of commodities or contracts for future delivery of commodities or commodity options; (2) If such person has used or is using in its name a term such as "board of trade", "clearing corporation" or "exchange" in a misleading context, or uses any terms in its representations to the public which may indicate that the person is a contract market or a member of a contract market when such is not the case, or has used or is using a misleading name which would tend to suggest to the public the person that the person is affiliated with another person when that is not the case or that the person is engaged in a commodity-related business when the person is not in fact substantially so engaged, or has failed to disclose to the public an agency relationship with another person when such failure could mislead the public; (3) If such person is subject to an outstanding order denying, suspending or revoking the license of such person by a licensing authority, such as a state real estate or insurance commission; and (4) If such person has failed to answer the inquiries or requests for further information concerning an application for registration filed with the Commission.

This listing, of course, is not exclusive. In general, the Commission interprets paragraph (M) to authorize the Commission to affect the registration of any person if, as a result of any act or pattern of conduct attributable to such person, although never the subject of formal action or proceeding before either a court or governmental agency, such person's potential disregard of or inability to comply with the requirements of the Act or the rules, regulations or order thereunder, or such person's moral turpitude, or lack of honesty or financial responsibility is demonstrated to the Commission.

Any inability to deal fairly with the public and consistent with just and equitable principles of trade may render an applicant or registrant unfit for registration, given the high ethical standards which must prevail in the industry.

The Commission has further addressed "other good cause" under Section 8a(3)(M) of the Act in issuing guidance letters on assessing the fitness of floor brokers, floor traders or applicants in either category:

[First guidance letter]
December 4, 1997
Robert K. Wilmouth, President, National Futures Association, 200 West Madison Street, Chicago, IL 60606-3447
Re: Adverse Registration Actions with Respect to Floor Brokers, Floor Traders and Applicants for Registration in Either Category

Dear Mr. Wilmouth: As you know, the Commission on June 26, 1997, approved for publication in the Federal Register a Notice and Order concerning adverse registration actions by the National Futures Association ("NFA") with respect to registered floor brokers ("FBs"), registered floor traders ("FTs") and applicants for registration in either category. 62 Fed. Reg. 36050 (July 3, 1997). The Notice and Order authorized NFA to grant or to maintain, either with or without conditions or restrictions, FB or FT registration where NFA previously would have forwarded the case to the Commission for review of disciplinary history. The Commission has worked with its staff to determine which of the pending matters could efficiently be returned to NFA for handling, and such matters have been forwarded to NFA. The Commission will continue to accept or to act upon requests for exemption, and the Commission staff will consider requests for "no-action" opinions with respect to applicable registration requirements.

By this correspondence, the Commission is issuing guidance that provides NFA further direction on how it expects NFA to exercise its delegated power, based upon the experience of the Commission and the staff with the registration review process during the past three years. This guidance will help ensure that NFA exercises its delegated power.
in a manner consistent with Commission precedent.

In exercising its delegated authority, NFA, of course, needs to apply all of the provisions of Section 8a(3) and 17 U.S.C. 7(e) of the Commodity Exchange Act ("Act"). In that regard, NFA should consider the matters in which the Commission has taken action in the past and endeavor to seek similar registration restrictions, conditions, suspensions, denials, or revocations under similar circumstances.

One of the areas in which NFA appears to have had the most uncertainty is with regard to previous self-regulatory organization ("SRO") disciplinary actions. Commission Rule 1.63 provides clear guidelines for determining whether a person's history of "disciplinary offenses" should preclude service on SRO governing boards or committees. In determining whether to grant or to maintain, either with or without conditions or restrictions, FB or FT registration, NFA should, as an initial matter, apply the Rule 1.63(a)(6) criteria to those registered FBs, registered FTs and applicants for registration.

17 U.S.C. 12a(2) and (3) (1994). The letter is intended to supplement, not to supersedethe burden of proof is on the party seeking registration, rather than the NFA, and the NFA should continue to follow other guidance provided by the Commission or its staff.

Commission rules referred to herein are found at 17 CFR Ch. 1. Rule 1.63(c) provides that a person is ineligible from serving on an SRO's disciplinary committees, arbitration panels, oversight panels or governing board if, as provided in Rule 1.63(b), the person, inter alia: (1) within the past three years has been found by a final decision of an SRO, an administrative law judge, a court of competent jurisdiction or the Commission to have committed a disciplinary offense; or (2) within the past three years has entered into a settlement agreement in which any of the findings or, in the absence of such findings, any of the acts charged included a disciplinary offense.

Rule 1.63(a)(6) provides that a "disciplinary offense" includes: (i) any violation of the rules of an SRO except those rules related to (A) decorum or attire, (B) financial requirements, or (C) reporting or record-keeping unless resulting in fines aggregating more than $5,000 within any calendar year; (ii) any rule violation described in subparagraphs (A) through (C) above that involves fraud, deceit or conversion or results in a suspension or expulsion; (iii) any violation of the Act or the regulations promulgated thereunder; or (iv) any failure to exercise supervisory responsibility with respect to an act described in paragraphs (i) through (iii) above when such failure is itself a violation of either the rules of an SRO, the Act or the regulations promulgated thereunder.

17 CFR Ch. I.

Application of the Rule 1.63 criteria, as modified, to these matters will aid NFA in making registration determinations that are reasonably consonant with Commission views. NFA should focus on the nature of the underlying conduct rather than the sanction imposed by an SRO. Thus, if a disciplinary action would not come within the coverage of Rule 1.63 but for the imposition of a short suspension of trading privileges (such as for a matter involving fighting, use of profane language or minor recordkeeping violations), NFA could exercise discretion, as has the Commission, not to institute a statutory disqualification case. On the other hand, conduct that falls clearly within the terms of Rule 1.63, such as violations of rules involving potential harm to customers of the exchange, should not be exempt from review simply because the exchange imposed a relatively minor sanction.

The Commission has treated the registration process and the SRO disciplinary process as separate matters involving separate considerations. The fact that the Commission has not pursued its own enforcement case in a particular situation does not necessarily mean that the Commission considers the situation to be a minor matter for which no registration sanctions are appropriate. Further, the Commission believes that it and NFA entities with industry-wide perspective and responsibilities, are the appropriate bodies, rather than any individual exchange, to review and take action on disciplinary matters.

Thus, for example, a disciplinary action taken by the Chicago Board Options Exchange or the National Association of Securities Dealers, Inc. should be considered in a manner similar to a disciplinary action of the Chicago Board of Trade or NFA.

decide issues relating to registration status, which can affect a person’s ability to function in the industry well beyond the jurisdiction of a particular exchange. Thus, NFA’s role is in no way limited to review of exchange sanctions for particular conduct, but rather it is the entirely separate task of determining whether an FB’s or FT’s conduct should impact his or her registration.

NFA also should look to Commission precedent in selecting conditions or restrictions to be imposed, such as a dual trading ban where a person has been involved in disciplinary offenses involving customer abuse. Where conditions or restrictions are imposed, or agreed upon, NFA also should follow Commission precedent, under which such conditions or restrictions generally have been imposed for a two-year period.

The Commission has required sponsorship for conditioned FBs and FTs when their disciplinary offenses have involved noncompetitive trading and fraud irrespective of the level of sanctions imposed by an SRO. Indeed, but for a sponsorship requirement there would be no one routinely watching and responsible for the activities of these registrants. Absent sponsorship, such FBs and FTs would only be subject to routine Commission and exchange surveillance. The Commission’s rules are premised upon the judgment that requiring FTs and FBs to have sponsors to ensure their compliance with conditions is both appropriate and useful. See Rule 3.60(b)(2)(i).

A question has arisen whether, if NFA is required to prove up the underlying facts of an SRO disciplinary action, the exchanges can provide information on exchange disciplinary proceedings directly to NFA. Although Section 8(c)(a)(2) of the Act states that an exchange shall not disclose the evidence for a disciplinary action except to the person disciplined and to the Commission, Section 8(a)(10) of the Act allows the Commission to authorize any person to perform any portion of the registration functions under the Act, notwithstanding any other provision of law. The effective discharge of the delegated registration function requires NFA to have access to the exchange evidence. Thus, the Commission believes that Section 8(a)(10) may reasonably be interpreted to allow the disclosure of information from exchange disciplinary proceedings directly to NFA despite the provisions of Section 8(c)(a)(2).

Nothing in the Notice and Order affects the Commission’s authority to review the granting of a registration application by NFA in the performance of Commission registration functions, including review of the sufficiency of conditions or restrictions imposed by NFA, to review the determination by NFA not to take action to affect an existing registration, or to take its own action to address a statutory disqualification. Moreover, the Commission Order contemplates that to allow for appropriate Commission oversight of NFA’s exercise of this delegated authority, NFA will provide for the Commission’s review quarterly schedules of all applicants cleared for registration and all registrants whose registrations are maintained without adverse action by NFA’s Registration, Compliance, Legal Committee despite potential statutory disqualifications.

The Commission will continue to monitor NFA activities through periodic rule enforcement reviews, and NFA remains subject to the present requirement that it monitor compliance with the conditions and restrictions imposed on conditioned and restricted registrants.

Sincerely,

Jean A. Webb, Secretary of the Commission

[Second guidance letter]
April 13, 2000

Robert K. Wilmouth, President, National Futures Association, 200 West Madison Street, Chicago, IL 60606–3447

Re: Use of Exchange Disciplinary Actions as “Other Good Cause” to Affect Floor Broker/Floor Trader Registration

Dear Mr. Wilmouth:

1. Introduction and Background

In July 1997, the Commission issued a Notice and Order authorizing the National Futures Association (“NFA”) to grant or to maintain, either with or without conditions or restrictions, floor broker (“FB”) or floor trader (“FT”) registration where NFA previously would have forwarded the case to the Commission for review of disciplinary history.1 By letter dated December 4, 1997 (“Guidance Letter”), the Commission provided further direction on how the Commission expected NFA to exercise its delegated power and to ensure that NFA exercised its delegated power in a manner consistent with Commission precedent.

The Commission has determined to revise the Guidance Letter. Specifically, the Commission is revising the portion of the Guidance Letter that addresses the use of exchange disciplinary actions as “other good cause” to affect FB and FT registrations. The Commission has made this determination following its own reconsideration of the issue and at the urging of industry members.2

2Registration Actions by National Futures Association With Respect to Floor Brokers, Floor Traders and Applicants for Registration in Either Category, 62 FR 36650 (July 3, 1997).
The Guidance Letter pointed out that, in exercising its delegated authority, NFA must apply all of the provisions of Sections 8a(2) and (3) of the Commodity Exchange Act ("Act."). In particular, Section 8a(3)(M) of the Act authorizes the Commission to refuse to register or to register conditionally any person if it is found, after opportunity for hearing, that there is other good cause for statutory disqualification from registration beyond the specifically listed grounds in Sections 8a(2) and 8a(3) of the Act. The Commission held in In the Matter of Clark that statutory disqualification under the "other good cause" provision of Section 8a(3)(M) may arise on the basis of, among other things, a pattern of exchange disciplinary actions alleging serious rule violations that result in significant sanctions, and that it is immaterial whether the sanctions imposed resulted from a fully-adjudicated disciplinary action or an action that was taken following a settlement. 4

The Guidance Letter recommended the application of the provisions of Commission Rule 1.63 5 as criteria to aid in assessing the impact of an FB or FT applicant's or registrant's previous disciplinary history on the person's fitness to be registered, with the exception that NFA should be acting based on disciplinary history from the previous five years, rather than the three years provided for in Rule 1.63. 6 The Guidance Letter also dated October 18, 1999, and the Joint Compliance Committee ("JCC"), dated February 2, 2000. The JCC consists of senior compliance officials from all domestic futures exchanges and the NFA (i.e., the domestic self-regulatory organizations ("SROs")). In addition, staff from the Contract Markets Section of the Commission’s Division of Clearing and Intermediary Oversight attend the JCC meetings as observers. The JCC was established to aid in the development of improved compliance systems through joint efforts and information-sharing among the SROs. Commission staff have also discussed this issue with SRO staff.

37 U.S.C. 12a(2) and (3) (1994).

4Commission rules referred to in this letter are found at 17 CFR Ch. 1.

5Rule 1.63 provides, among other things, that a person is ineligible from serving on SRO disciplinary committees, arbitration panels, oversight panels or governing boards if that person, inter alia, entered into a settlement agreement within the past three years in which any of the findings or, in the absence of such findings, any of the acts charged included a disciplinary offense.

6Rule 1.63(a)(6) defines a “disciplinary offense” to include:
(i) any violation of the rules of an SRO except those rules related to (A) decorum or attire, (B) financial requirements, or (C) reporting or record-keeping unless resulting in fines aggregating more than $5,000 within any calendar year; (ii) any violation of the rules described in subparagraphs (A) through (C) above that involves fraud, deceit or conversion or results in a suspension or expulsion; (iii) any violation of the Act or the regulations promulgated thereunder; or (iv) any failure to exercise supervisory responsibility with respect to an act described in paragraphs (i) through (iii) above when such failure is itself a violation of either the rules of an SRO, the Act or the regulations promulgated thereunder.

7Clark at 44,929.
in Section 3(a)(26) of the 1934 Exchange Act. Furthermore, NFA should review an applicant’s or registrant’s disciplinary history for the past five years.8 At least one of the actions forming the pattern, however, must have become final after Clark was decided by the Commission on April 22, 1997. Finally, “serious rule violations” consist of, or are substantially related to, charges of fraud, customer abuse, other illicit trading practices, or the obstruction of an exchange investigation.

Congress, the courts and the Commission have indicated the importance of considering an applicant’s history of exchange disciplinary actions in assessing that person’s fitness to register.9 Furthermore, NFA’s review of exchange disciplinary actions within the context of the registration process should not simply mirror the disciplinary actions undertaken by the exchanges. The two processes are separate matters that involve separate considerations. As part of their ongoing self-regulatory obligations, exchanges must take disciplinary action10 and such disciplinary actions in assessing that person’s fitness to register.9 Furthermore, NFA’s review of exchange disciplinary actions within the context of the registration process should not simply mirror the disciplinary actions undertaken by the exchanges. The two processes are separate matters that involve separate considerations. As part of their ongoing self-regulatory obligations, exchanges must take disciplinary action10 and such disciplinary actions necessarily focus on the specific misconduct that forms the allegation. In a statutory disqualification action, however, NFA must determine whether the disciplinary history of an FB, FT or applicant over the preceding five years should impact his or her registration. Additionally, NFA possesses industry-wide perspective and responsibilities. As such, NFA, rather than an individual exchange, should decide registration status issues, since those issues affect an individual’s status within the industry as a whole, well beyond the jurisdiction of a particular exchange.

The Commission also wants to clarify to the fullest extent possible that its power to delegate the authority to deny or condition the registration of an FB, FT, or an applicant for registration in either category permits exchanges to disclose to NFA all evidence underlying exchange disciplinary actions, notwithstanding the language of Section 8c(a)(2) of the Act.11 The Commission’s power to delegate stems from Section 8a(10) of the Act, which permits delegation of registration functions, including statutory disqualification actions, to any person in accordance with rules adopted by such person and submitted to the Commission for approval or for review under Section 17(j) of the Act, “notwithstanding any other provision of law.” Certainly, Section 8c(a)(2) qualifies as “any other provision of law.” Furthermore, the effective discharge of the delegated function requires NFA to have access to the exchange evidence. Thus, the exercise of the delegated authority pursuant to Section 8a(10) permits the exchanges to disclose all evidence underlying disciplinary actions to NFA.12

This letter supersedes the Guidance Letter to the extent discussed above. In all other aspects, the Guidance Letter and other guidance provided by the Commission or its staff remain in effect. Therefore, NFA should continue to follow Commission precedent when selecting conditions or restrictions to be imposed. For example, NFA should impose a dual trading ban where customer abuse is involved and any conditions or restrictions imposed should be for a two-year period. Furthermore, NFA should require sponsorship for conditioned FBs or FTs when their disciplinary offenses involve noncompetitive trading and fraud.

Nothing in the Notice and Order or this letter affects the Commission’s authority to review the granting of a registration application by NFA in the performance of Commission registration functions, including review of the sufficiency of conditions or restrictions imposed by NFA, to review the determination by NFA not to take action to affect an existing registration, or to take its

---

8 The Commission generally looked at a five-year period of disciplinary history. On occasion, however, the Commission examined a longer period of an applicant’s or registrant’s disciplinary history. For example, the Commission revoked the registration of one FB on the basis of exchange disciplinary cases that extended back six years, see Clark, 2 Comm. Fut. L. Rep. (CCH) ¶ 27,032, and denied an application for registration as an FT on the basis of exchange disciplinary cases that extended back seven years, see In the Matter of Castellano, [1987–1990 Transfer Binder] Comm. Fut. L. Rep. (CCH) ¶ 24,360 (Nov. 23, 1988), summarily aff’d (May 29, 1990), rev. denied [1990–1992 Transfer Binder] Comm. Fut. L. Rep. ¶ 24,870 (June 26, 1990), aff’d sub nom. Castellano v. CFTC, Docket No. 90–2298 (7th Cir. Nov. 20, 1991).

10 See Rule 1.51(a)(7).
own action to address a statutory disqualification. Moreover, the Commission Order contemplates that to allow for appropriate Commission oversight of NFA's exercise of this delegated authority, NFA will provide for the Commission's review quarterly schedules of all applicants cleared for registration and all registrants whose registrations are maintained without action by the Commission's Registration, Compliance, Legal Committee despite potential statutory disqualifications.

The Commission will continue to monitor NFA activities through periodic rule enforcement reviews, and NFA remains subject to the present requirement that it monitor compliance with the conditions and restrictions imposed on conditioned and restricted registrants.

Sincerely,
Jean A. Webb,
Secretary of the Commission.

APPENDIX B TO PART 3—STATEMENT OF ACCEPTABLE PRACTICES WITH RESPECT TO ETHICS TRAINING

(a) The provisions of Section 4p(b) of the Act (7 U.S.C. 6p(b) (1994)) set forth requirements regarding training of registrants as to their responsibilities to the public. This section requires the Commission to issue regulations requiring new registrants to attend ethics training sessions within six months of registration, and all registrants to attend such training on a periodic basis. The awareness and maintenance of professional ethical standards are essential elements of a registrant's fitness. Further, the use of ethics training programs is relevant to a registrant's maintenance of adequate supervision, a requirement under Rule 166.3.

(b) The Commission recognizes that technology has provided new, faster means of sharing and distributing information. In view of the foregoing, the Commission has chosen to allow registrants to develop their own ethics training programs. Nevertheless, futures industry professionals may want guidance as to the role of ethics training. Registrants may wish to consider what ethics training should be retained, its format, and how it might best be implemented. Therefore, the Commission finds it appropriate to issue this Statement of Acceptable Practices regarding appropriate training for registrants, as interpretative guidance for intermediaries on fitness and supervision. Commission registrants may look to this Statement of Acceptable Practices as a "safe harbor" concerning acceptable procedures in this area.

(2) The Commission believes that section 4p(b) of the Act reflects an intent by Congress that industry professionals be aware, and remain abreast, of their continuing obligations to the public under the Act and the regulations thereunder. The text of the Act provides guidance as to the nature of these responsibilities. As expressed in section 4p(b) of the Act, personnel in the industry have an obligation to the public to observe the Act, the rules of the Commission, the rules of any appropriate self-regulatory organizations or contract markets (which would also include registered derivatives transaction execution facilities), or other applicable federal or state laws or regulations. Further, section 4p(b) acknowledges that registrants have an obligation to the public to observe "just and equitable principles of trade."

(3) Additionally, section 4p(b) reflects Congress' intent that registrants and their personnel retain an up-to-date knowledge of these requirements. The Act requires that registrants receive training on a periodic basis. Thus, it is the intent of Congress that Commission registrants remain current with regard to the ethical ramifications of new technology, commercial practices, regulations, or other changes.

(c) The Commission believes that training should be focused to some extent on a person's registration category, although there will obviously be certain principles and issues common to all registrants and certain general subjects that should be taught. Topics to be addressed include:

(1) An explanation of the applicable laws and regulations, and the rules of self-regulatory organizations or contract markets and registered derivatives transaction execution facilities;

(2) The registrant's obligation to the public to observe just and equitable principles of trade;

(3) How to act honestly and fairly and with due skill, care and diligence in the best interests of customers and the integrity of the market;

(4) How to establish effective supervisory systems and internal controls;

(5) Obtaining and assessing the financial situation and investment experience of customers;

(6) Disclosure of material information to customers; and

(7) Avoidance, proper disclosure and handling of conflicts of interest.

(d) An acceptable ethics training program would apply to all of a firm's associated persons and its principals to the extent they are required to register as associated persons. Additionally, personnel of firms that rely on their registration with other regulators, such as the Securities and Exchange Commission, should be provided with ethics training to the extent the Act and the Commission's regulations apply to their business.
(e) As to the providers of such training, the Commission believes that classes sponsored by independent persons, firms, or industry associations would be acceptable. It would also be permissible to conduct in-house training programs. Further, registrants should ascertain the credentials of any ethics training providers they retain. Thus, persons wanting ethics training should be required to provide proof of satisfactory completion of the proficiency testing requirements applicable to the registrant and evidence of three years of relevant industry or pedagogical experience in the field. This industry experience might include the practice of law in the fields of futures or securities, or employment as a trader or risk manager at a brokerage or end-user firm. Likewise, the Commission believes that registrants should employ as ethics training providers only those persons they reasonably believe in good faith are not subject to any investigations or to bars to registration or to service on a self-regulatory organization governing board or disciplinary panel.

(f)(1) With regard to the frequency and duration of ethics training, it is permissible for a firm to require training on whatever periodic basis and during the registrant (and relevant self-regulatory organizations) deem appropriate. It may even be appropriate not to require any such specific requirements as, for example, where ethics training could be termed ongoing. For instance, a small entity, sole proprietorship, or even a small section in an otherwise large firm, might satisfy its obligation to remain current with regard to ethics obligations by distribution of periodicals, legal cases, or advisories. Use of the latest information technology, such as Internet websites, can be useful in this regard. In such a context, there would be no structured classes, but the goal should be a continuous awareness of changing industry standards. A corporate culture to maintain high ethical standards should be established on a continuing basis.

(2) On the other hand, larger firms which transact business with a larger segment of the public may wish to implement a training program that requires periodic classwork. In such a situation, the Commission believes it appropriate for registrants to maintain such records as evidence of attendance and of the materials used for training. In the case of a floor broker or floor trader, the applicable contract market or registered derivatives transaction execution facility should maintain such evidence on behalf of its member. This evidence of ethics training could be offered to demonstrate fitness and overall compliance during audits by self-regulatory organizations, and during reviews of contract market or registered derivatives transaction execution facility operations.

(g) The methodology of such training may also be flexible. Recent innovations in information technology have made possible new, fast, and cost-efficient ways for registrants to maintain their awareness of events and changes in the commodity interest markets. In this regard, the Commission recognizes that the needs of a firm will vary according to its size, personnel, and activities. No format of classes will be required. Rather, such training could be in the form of formal class lectures, video presentation, Internet transmission, or by simple distribution of written materials. These options should provide sufficiently flexible means for adherence to Congressional intent in this area.

(h) Finally, it should be noted that self-regulatory organizations and industry associations will have a significant role in this area. Such organizations may have separate ethics and proficiency standards, including ethics training and testing programs, for their own members.

[66 FR 53521, Oct. 23, 2001]

PART 4—COMMODITY POOL OPERATORS AND COMMODITY TRADING ADVISORS

Subpart A—General Provisions, Definitions and Exemptions

Sec.
4.1 Requirements as to form.
4.2-4.4 [Reserved]
4.5 Exclusion for certain otherwise regulated persons from the definition of the term "commodity pool operator."
4.6 Exclusion for certain otherwise regulated persons from the definition of the term "commodity trading advisor."
4.7 Exemption from certain part 4 requirements for commodity pool operators with respect to offerings to qualified eligible persons and for commodity trading advisors with respect to advising qualified eligible persons.
4.8 Exemption from certain requirements of rule 4.26 with respect to pools offered or sold in certain offerings exempt from registration under the Securities Act.

Subpart B—Commodity Pool Operators

4.20 Prohibited activities.
4.21 Required delivery of pool Disclosure Document.
4.22 Reporting to pool participants.
4.23 Recordkeeping.
4.24 General disclosures required.
4.25 Performance disclosures.
4.26 Use, amendment and filing of Disclosure Document.
4.27 Additional reporting by advisors of certain large commodity pools.

Subpart C—Commodity Trading Advisors
4.30 Prohibited activities.
4.31 Required delivery of Disclosure Document to prospective clients.
4.32 [Reserved]
4.33 Recordkeeping.
4.34 General disclosures required.
4.35 Performance disclosures.
4.36 Use, amendment and filing of Disclosure Document.

Subpart D—Advertising
4.40 [Reserved]
4.41 Advertising by commodity pool operators, commodity trading advisors, and the principals thereof.

SOURCE: 46 FR 26013, May 8, 1981, unless otherwise noted.

Subpart A—General Provisions, Definitions and Exemptions

§ 4.1 Requirements as to form.
(a) Each document distributed pursuant to this part 4 must be:
(1) Clear and legible;
(2) Paginated; and
(3) Fastened in a secure manner.
(b) Information that is required to be “prominently” disclosed under this part 4 must be displayed in capital letters and boldface type or, as warranted in the context, another manner reasonably calculated to draw the recipient’s attention to the information and accord it greater prominence than the surrounding text; and
(c) Where a document is distributed through an electronic medium:
(1) The requirements of paragraphs (a) of this section shall mean that required information must be presented in a format that is readily communicated to the recipient. For purposes of this paragraph (c), information is readily communicated to the recipient if it is accessible to the ordinary user by means of commonly available hardware and software and if the electronically delivered document is organized in substantially the same manner as would be required for a paper document with respect to the order of presentation and the relative prominence of information. Where a table of contents is required, the electronic document must either include page numbers in the text or employ a substantially equivalent cross-reference or indexing method or tool;
(2) The requirements of paragraph (b) of this section shall mean that such information must be presented in capital letters and boldface type or, as warranted in the context, another manner reasonably calculated to draw the recipient’s attention to the information and accord it greater prominence than the surrounding text; and
(3) A complete paper version of the document that complies with the applicable provisions of this part 4 must be provided to the recipient upon request.

(d) If graphic, image or audio material is included in a document delivered to a prospective or existing client or pool participant, and such material cannot be reproduced in an electronic filing, a fair and accurate narrative description, tabular representation or transcript of the omitted material must be included in the filed version of the document. Inclusion of such material in a Disclosure Document shall be subject to the requirements of § 4.24(v) in the case of pool Disclosure Documents, and § 4.34(n) in the case of commodity trading advisor Disclosure Documents.

(Approved by the Office of Management and Budget under control number 3038–0005)

§§ 4.2–4.4 [Reserved]

§ 4.5 Exclusion for certain otherwise regulated persons from the definition of the term “commodity pool operator.”
(a) Subject to compliance with the provisions of this section, the following persons, and any principal or employee thereof, shall be excluded from the definition of the term “commodity pool operator”:

197
operator” with respect to the operation of a qualifying entity specified in paragraph (b) of this section:

(1) An investment company registered as such under the Investment Company Act of 1940;

(2) An insurance company subject to regulation by any State:

(3) A bank, trust company or any other such financial depository institution subject to regulation by any State or the United States; and

(4) A trustee of, a named fiduciary of (or a person designated or acting as a fiduciary pursuant to a written delegation from or other written agreement with the named fiduciary) or an employer maintaining a pension plan that is subject to title I of the Employee Retirement Income Security Act of 1974; Provided, however, That for purposes of this § 4.5 the following employee benefit plans shall not be construed to be pools:

(i) A noncontributory plan, whether defined benefit or defined contribution, covered under title I of the Employee Retirement Income Security Act of 1974;

(ii) A contributory defined benefit plan covered under title IV of the Employee Retirement Income Security Act of 1974; Provided, however, That such entity will be operated in the manner specified in paragraph (c)(2) of this section.

(3) With respect to any person specified in paragraph (a)(3) of this section, the assets of any trust, custodial account or other separate unit of investment for which it is acting as a fiduciary and for which it is vested with investment authority; and

(4) With respect to any person specified in paragraph (a)(4) of this section, and subject to the proviso thereof, a pension plan that is subject to title I of the Employee Retirement Income Security Act of 1974; Provided, however, That a plan fiduciary who is not a named fiduciary as described in paragraph (a)(4) of this section may claim the exclusion through the notice filed by the named fiduciary.

Any person who desires to claim the exclusion provided by this section shall file electronically a notice of eligibility with the National Futures Association through its electronic exemption filing system; Provided, however, That the notice of eligibility must contain the following information:

(i) The name of such person;

(ii) The applicable subparagraph of paragraph (a) of this section pursuant to which such person is claiming exclusion;

(iii) The name of the qualifying entity which such person intends to operate pursuant to the exclusion; and

(iv) The applicable subparagraph of paragraph (b) of this section pursuant to which such entity is a qualifying entity.

For the purposes of this section, the term “qualifying entity” means:

(1) With respect to any person specified in paragraph (a)(1) of this section, an investment company registered as such under the Investment Company Act of 1940;

(2) With respect to any person specified in paragraph (a)(2) of this section, a separate account established and maintained or offered by an insurance company pursuant to the laws of any State or territory of the United States, under which income gains and losses, whether or not realized, from assets allocated to such account, are, in accordance with the applicable contract, credited to or charged against such account, without regard to other income, gains, or losses of the insurance company;

(3) With respect to any person specified in paragraph (a)(3) of this section, subject to the proviso thereof, a pension plan that is subject to title I of the Employee Retirement Income Security Act of 1974; Provided, however, That such entity will be operated in the manner specified in paragraph (c)(2) of this section.

(b) For the purposes of this section, the term “qualifying entity” means:

(1) With respect to any person specified in paragraph (a)(1) of this section, an investment company registered as such under the Investment Company Act of 1940:

(2) With respect to any person specified in paragraph (a)(2) of this section, a separate account established and maintained or offered by an insurance company pursuant to the laws of any State or territory of the United States, under which income gains and losses, whether or not realized, from assets allocated to such account, are, in accordance with the applicable contract, credited to or charged against such account, without regard to other income, gains, or losses of the insurance company;

(3) With respect to any person specified in paragraph (a)(3) of this section, the assets of any trust, custodial account or other separate unit of investment for which it is acting as a fiduciary and for which it is vested with investment authority; and

(4) With respect to any person specified in paragraph (a)(4) of this section, and subject to the proviso thereof, a pension plan that is subject to title I of the Employee Retirement Income Security Act of 1974; Provided, however, That such entity will be operated in the manner specified in paragraph (c)(2) of this section.

(3) With respect to any person specified in paragraph (a)(3) of this section, the assets of any trust, custodial account or other separate unit of investment for which it is acting as a fiduciary and for which it is vested with investment authority; and

(4) With respect to any person specified in paragraph (a)(4) of this section, and subject to the proviso thereof, a pension plan that is subject to title I of the Employee Retirement Income Security Act of 1974; Provided, however, That such entity will be operated in the manner specified in paragraph (c)(2) of this section.

(c) Any person who desires to claim the exclusion provided by this section shall file electronically a notice of eligibility with the National Futures Association through its electronic exemption filing system; Provided, however, That a plan fiduciary who is not a named fiduciary as described in paragraph (a)(4) of this section may claim the exclusion through the notice filed by the named fiduciary.

(1) The notice of eligibility must contain the following information:

(i) The name of such person;

(ii) The applicable subparagraph of paragraph (a) of this section pursuant to which such person is claiming exclusion;

(iii) The name of the qualifying entity which such person intends to operate pursuant to the exclusion; and

(iv) The applicable subparagraph of paragraph (b) of this section pursuant to which such entity is a qualifying entity.

(2) The notice of eligibility must contain representations that such person...
Commodity Futures Trading Commission

§ 4.5

will operate the qualifying entity specified therein in a manner such that the qualifying entity:

(i) Will disclose in writing to each participant, whether existing or prospective, that the qualifying entity is operated by a person who has claimed an exclusion from the definition of the term “commodity pool operator” under the Act and, therefore, who is not subject to registration or regulation as a pool operator under the Act; Provided, that such disclosure is made in accordance with the requirements of any other federal or state regulatory authority to which the qualifying entity is subject. The qualifying entity may make such disclosure by including the information in any document that its other Federal or State regulator requires to be furnished routinely to participants or, if no such document is furnished routinely, the information may be disclosed in any instrument establishing the entity’s investment policies and objectives that the other regulator requires to be made available to the entity’s participants; and

(ii) Will submit to such special calls as the Commission may make to require the qualifying entity to demonstrate compliance with the provisions of this § 4.5(c); Provided, however, that the making of such representations shall not be deemed a substitute for compliance with any criteria applicable to commodity futures or commodity options trading established by any regulator to which such person or qualifying entity is subject.

(iii) Furthermore, if the person claiming the exclusion is an investment company registered as such under the Investment Company Act of 1940, then the notice of eligibility must also contain representations that such person will operate the qualifying entity as described in Rule 4.5(b)(1) in a manner such that the qualifying entity:

(A) Will use commodity futures or commodity options contracts, or swaps solely for bona fide hedging purposes within the meaning and intent of Rules 1.3(z)(1) and 151.5 (17 CFR 1.3(z)(1) and 151.5), determined at the time the most recent position was established, does not exceed 100 percent of the liquidation value of the pool’s portfolio, after taking into account unrealized profits and unrealized losses, if any, and for any cleared swap by the value as determined consistent with the terms of 17 CFR part 46; and

(B) The aggregate net notional value of commodity futures, commodity options contracts, or swaps positions not used solely for bona fide hedging purposes within the meaning and intent of Rules 1.3(z)(1) and 151.5 (17 CFR 1.3(z)(1) and 151.5), determined at the time the transaction was established, excluding for this purpose the value in U.S. Dollars of offsetting long and short transactions, if any, and for any cleared swap by the value as determined consistent with the terms of 17 CFR part 46; and

(C) Will not be, and
§ 4.6 Exclusion for certain otherwise regulated persons from the definition of the term “commodity trading advisor.”

(a) Subject to compliance with the provisions of this section, the following persons, and any principal or employee thereof, shall be excluded from the definition of the term “commodity trading advisor:”

(1) An insurance company subject to regulation by any State, or any wholly-owned subsidiary or employee thereof; Provided, however, That its commodity interest advisory activities are solely incidental to the conduct of the insurance business of the insurance company as such; and

(2) A person who is excluded from the definition of the term “commodity pool operator” by § 4.5; Provided, however, That:

(i) Its commodity interest advisory activities are solely incidental to its operation of those trading vehicles for which § 4.5 provides relief; and

(ii) Where necessary, prior to providing any commodity interest trading advice to any such trading vehicle the person files a notice of eligibility as specified in § 4.5 to claim the relief available under that section.

(3) A swap dealer registered with the Commission as such pursuant to the Act or excluded or exempt from registration under the Act or the Commission’s regulations; Provided, however, That the commodity interest and swap advisory activities of the swap dealer are solely incidental to the conduct of its business as a swap dealer.

(b) Any person who has claimed an exclusion under this § 4.6 must submit...
§ 4.7 Exemption from certain part 4 requirements for commodity pool operators with respect to offerings to qualified eligible persons and for commodity trading advisors with respect to advising qualified eligible persons.

This section is organized as follows: Paragraph (a) contains definitions for the purposes of § 4.7; paragraph (b) contains the relief available to commodity pool operators under § 4.7; paragraph (c) contains the relief available to commodity trading advisors under § 4.7; paragraph (d) concerns the Notice of Claim for Exemption under § 4.7; and paragraph (e) addresses the effect of an insignificant deviation from a term, condition or requirement of § 4.7. (a) Definitions. Paragraph (a)(1) of this section contains general definitions, paragraph (a)(2) of this section contains the definition of the term qualified eligible person with respect to those persons who do not need to satisfy the Portfolio Requirement and paragraph (a)(3) of this section contains the definition of the term qualified eligible person with respect to those persons who must satisfy the Portfolio Requirement. For the purposes of this section:

1. In general—(i) Affiliate of, or a person affiliated with, a specified person means a person that directly or indirectly through one or more persons, controls, is controlled by, or is under common control with the specified person.

(ii) Exempt account means the account of a qualified eligible person that is directed or guided by a commodity trading advisor pursuant to an effective claim for exemption under § 4.7.

(iii) Exempt pool means a pool that is operated pursuant to an effective claim for exemption under § 4.7.

(iv) Non-United States person means:

(A) A natural person who is not a resident of the United States;

(B) A partnership, corporation or other entity, other than an entity organized principally for passive investment, organized under the laws of a foreign jurisdiction and which has its principal place of business in a foreign jurisdiction;

(C) An estate or trust, the income of which is not subject to United States income tax regardless of source;

(D) An entity organized principally for passive investment such as a pool, investment company or other similar entity. Provided, That units of participation in the entity held by persons who do not qualify as Non-United States persons or otherwise as qualified eligible persons represent in the aggregate less than 10% of the beneficial interest in the entity, and that such entity was not formed principally for the purpose of facilitating investment by persons who do not qualify as Non-United States persons in a pool with respect to which the operator is exempt from certain requirements of part 4 of the Commission’s regulations by virtue of its participants being Non-United States persons; and

(E) A pension plan for the employees, officers or principals of an entity organized and with its principal place of business outside the United States.

(v) Portfolio Requirement means that a person:

(A) Owns securities (including pool participations) of issuers not affiliated with such person and other investments with an aggregate market value of at least $2,000,000;

(B) Has had on deposit with a futures commission merchant, for its own account at any time during the six-month period preceding either the date of sale to that person of a pool participation in the exempt pool or the date that the person opens an exempt account with the commodity trading advisor, at least $200,000 in exchange-specified initial margin and option premiums, together with required minimum security deposit for retail forex transactions (as defined in § 5.1(m) of this chapter) for commodity interest transactions; or
(C) Owns a portfolio comprised of a combination of the funds or property specified in paragraphs (a)(1)(v)(A) and (B) of this section in which the sum of the funds or property includable under paragraph (a)(1)(v)(A), expressed as a percentage of the minimum amount required thereunder, and the amount of futures margin and option premiums includable under paragraph (a)(1)(v)(B), expressed as a percentage of the minimum amount required thereunder, equals at least one hundred percent. An example of a composite portfolio acceptable under this paragraph (a)(1)(v)(C) would consist of $1,000,000 in securities and other property (50% of paragraph (a)(1)(v)(A)) and $100,000 in exchange-specified initial margin and option premiums (50% of paragraph (a)(1)(v)(B)).

(vi) United States means the United States, its states, territories or possessions, or an enclave of the United States government, its agencies or instrumentalities.

(2) Persons who do not need to satisfy the Portfolio Requirement to be qualified eligible persons. Qualified eligible person means any person, acting for its own account or for the account of a qualified eligible person, who the commodity pool operator reasonably believes, at the time of the sale to that person of a pool participation in the exempt pool, or who the commodity trading advisor reasonably believes, at the time that person opens an exempt account, is:

(i)(A) A futures commission merchant registered pursuant to section 4d of the Act, or a principal thereof;

(B) A retail foreign exchange dealer registered pursuant to section 2(c)(2)(B)(i)(gg) of the Act, or a principal thereof;

(C) A swap dealer registered pursuant to section 4s(a)(1) of the Act, or a principal thereof;

(ii) A broker or dealer registered pursuant to section 15 of the Securities Exchange Act of 1934, or a principal thereof;

(iii) A commodity pool operator registered pursuant to section 4m of the Act, or a principal thereof; Provided, That the pool operator:

(A) Has been registered and active as such for two years; or

(B) Operates pools which, in the aggregate, have total assets in excess of $5,000,000;

(iv) A commodity trading advisor registered pursuant to section 4m of the Act, or a principal thereof; Provided, That the trading advisor:

(A) Has been registered and active as such for two years; or

(B) Provides commodity interest trading advice to commodity accounts which, in the aggregate, have total assets in excess of $5,000,000 deposited at one or more futures commission merchants;

(v) An investment adviser registered pursuant to section 203 of the Investment Advisers Act of 1940 (“Investment Advisers Act”) or pursuant to the laws of any state, or a principal thereof; Provided, That the investment adviser:

(A) Has been registered and active as such for two years; or

(B) Provides securities investment advice to securities accounts which, in the aggregate, have total assets in excess of $5,000,000 deposited at one or more registered securities brokers;

(vi) A “qualified purchaser” as defined in section 2(a)(51)(A) of the Investment Company Act of 1940 (the “Investment Company Act”);

(vii) A “knowledgeable employee” as defined in § 270.3c-5 of this title;

(viii)(A) With respect to an exempt pool:

(1) The commodity pool operator, commodity trading advisor or investment adviser of the exempt pool offered or sold, or an affiliate of any of the foregoing;

(2) A principal of the exempt pool or the commodity pool operator, commodity trading advisor or investment adviser of the exempt pool, or of an affiliate of any of the foregoing;

(3) An employee of the exempt pool or the commodity pool operator, commodity trading advisor or investment adviser of the exempt pool, or of an affiliate of any of the foregoing (other than an employee performing solely clerical, secretarial or administrative functions with regard to such person or its investments) who, in connection
with his or her regular functions or duties, participates in the investment activities of the exempt pool, other commodity pools operated by the pool operator of the exempt pool or other accounts advised by the trading advisor or the investment adviser of the exempt pool, or by the affiliate; Provided, That such employee has been performing such functions and duties for or on behalf of the exempt pool, pool operator, trading advisor, investment adviser or affiliate, or substantially similar functions or duties for or on behalf of another person engaged in providing commodity interest, securities or other financial services, for at least 12 months;

(4) Any other employee of, or an agent engaged to perform legal, accounting, auditing or other financial services for, the exempt pool or the commodity pool operator, commodity trading advisor or investment adviser of the exempt pool, or any other employee of, or agent so engaged by, an affiliate of any of the foregoing (other than an employee or agent performing solely clerical, secretarial or administrative functions with regard to such person or its investments); Provided, That such employee or agent:

(i) Is an accredited investor as defined in §230.501(a)(5) or (6) of this title; and

(ii) Has been employed or engaged by the exempt pool, commodity pool operator, commodity trading advisor, investment adviser or affiliate, or by another person engaged in providing commodity interest, securities or other financial services, for at least 24 months;

(5) The spouse, child, sibling or parent of a person who satisfies the criteria of paragraph (a)(2)(viii)(A)(1), (2), (3) or (4) of this section; Provided, That:

(i) An investment in the exempt pool by any such family member is made with the knowledge and at the direction of the person; and

(ii) The family member is not a qualified eligible person for the purposes of paragraph (a)(3)(xii) of this section;

(6)(i) Any person who acquires a participation in the exempt pool by gift, bequest or pursuant to an agreement relating to a legal separation or divorce from a person listed in paragraph (a)(2)(viii)(A)(1), (2), (3), (4) or (5) of this section;

(ii) The estate of any person listed in paragraph (a)(2)(viii)(A)(1), (2), (3), (4) or (5) of this section; or

(iii) A company established by any person listed in paragraph (a)(2)(viii)(A)(1), (2), (3), (4) or (5) of this section exclusively for the benefit of (or owned exclusively by) that person and any person listed in paragraph (a)(2)(viii)(A)(6)(i) or (ii) of this section;

(B) With respect to an exempt account:

(1) An affiliate of the commodity trading advisor of the exempt account;

(2) A principal of the commodity trading advisor of the exempt account or of an affiliate of the trading advisor;

(3) An employee of the commodity trading advisor of the exempt account or of an affiliate of the trading advisor (other than an employee performing solely clerical, secretarial or administrative functions with regard to such person or its investments) who, in connection with his or her regular functions or duties, participates in the investment activities of the trading advisor or the affiliate; Provided, That such employee has been performing such functions and duties for or on behalf of the trading advisor or the affiliate, or substantially similar functions or duties for or on behalf of another person engaged in providing commodity interest, securities or other financial services, for at least 12 months;

(4) Any other employee of, or an agent engaged to perform legal, accounting, auditing or other financial services for, the commodity trading advisor of the exempt account or any other employee of, or agent so engaged by, an affiliate of the trading advisor (other than an employee or agent performing solely clerical, secretarial or administrative functions with regard to such person or its investments); Provided, That such employee or agent:

(i) Is an accredited investor as defined in §230.501(a)(5) or (6) of this title; and

(ii) Has been employed or engaged by the commodity trading advisor or the affiliate, or by another person engaged in providing commodity interest, securities or other financial services, for at least 24 months; or
§ 4.7  17 CFR Ch. I (4–1–13 Edition)

(5) The spouse, child, sibling or parent of the commodity trading advisor of the exempt account or of a person who satisfies the criteria of paragraph (a)(2)(viii)(B)(1), (2), (3) or (4) of this section; Provided, That:

(i) The establishment of an exempt account by any such family member is made with the knowledge and at the direction of the person; and

(ii) The family member is not a qualified eligible person for the purposes of paragraph (a)(3)(xi) of this section;

(6)(i) Any person who acquires an interest in an exempt account by gift, bequest or pursuant to an agreement relating to a legal separation or divorce from a person listed in paragraph (a)(2)(viii)(B)(1), (2), (3), (4) or (5) of this section;

(ii) The estate of any person listed in paragraph (a)(2)(viii)(B)(1), (2), (3), (4) or (5) of this section; or

(iii) A company established by any person listed in paragraph (a)(2)(viii)(B)(1), (2), (3), (4) or (5) of this section exclusively for the benefit of (or owned exclusively by) that person and any person listed in paragraph (a)(2)(viii)(B)(6)(i) or (ii) of this section;

(iv) A trust; Provided, That:

(A) The trust was not formed for the specific purpose of either participating in the exempt pool or opening an exempt account; and

(B) The trustee or other person authorized to make investment decisions with respect to the trust, and each settlor or other person who has contributed assets to the trust, is a qualified eligible person;

(v) An organization described in section 501(c)(3) of the Internal Revenue Code (the “IRC”); Provided, That the trustee or other person authorized to make investment decisions with respect to the organization, and the person who has established the organization, is a qualified eligible person;

(vi) A Non-United States person;

(vii)(A) An entity in which all of the unit owners or participants, other than the commodity trading advisor claiming relief under this section, are qualified eligible persons;

(B) An exempt pool; or

(C) Notwithstanding paragraph (a)(3) of this section, an entity as to which a notice of eligibility has been filed pursuant to §4.5 which is operated in accordance with such rule and in which all unit owners or participants, other than the commodity trading advisor claiming relief under this section, are qualified eligible persons.

(3) Persons who must satisfy the Portfolio Requirement to be qualified eligible persons. Qualified eligible person means any person who the commodity pool operator reasonably believes, at the time of the sale to that person of a pool participation in the exempt pool, or any person who the commodity trading advisor reasonably believes, at the time that person opens an exempt account, satisfies the Portfolio Requirement and is:

(i) An investment company registered under the Investment Company Act or a business development company as defined in section 2(a)(48) of such Act not formed for the specific purpose of either investing in the exempt pool or opening an exempt account;

(ii) A bank as defined in section 3(a)(2) of the Securities Act of 1933 (the “Securities Act”) or any savings and loan association or other institution as defined in section 3(a)(5)(A) of the Securities Act acting for its own account or for the account of a qualified eligible person;

(iii) An insurance company as defined in section 2(13) of the Securities Act acting for its own account or for the account of a qualified eligible person;

(iv) A plan established and maintained by a state, its political subdivisions, or any agency or instrumentality of a state or its political subdivisions, for the benefit of its employees, if such plan has total assets in excess of $5,000,000;

(v) An employee benefit plan within the meaning of the Employee Retirement Income Security Act of 1974; Provided, That the investment decision is made by a plan fiduciary, as defined in section 3(21) of such Act, which is a bank, savings and loan association, insurance company, or registered investment adviser; or that the employee benefit plan has total assets in excess of $5,000,000; or, if the plan is self-directed, that investment decisions are made solely by persons that are qualified eligible persons;
(vi) A private business development company as defined in section 202(a)(22) of the Investment Advisers Act;
(vii) An organization described in section 501(c)(3) of the IRC, with total assets in excess of $5,000,000;
(viii) A corporation, Massachusetts or similar business trust, or partnership, limited liability company or similar business venture, other than a pool, which has total assets in excess of $5,000,000, and is not formed for the specific purpose of either participating in the exempt pool or opening an exempt account;
(ix) A natural person whose individual net worth, or joint net worth with that person’s spouse at the time of either his purchase in the exempt pool or his opening of an exempt account would qualify him as an accredited investor as defined in §230.501(a)(5) of this title;
(x) A natural person who would qualify as an accredited investor as defined in §203.501(a)(6) of this title;
(xi) A pool, trust, insurance company separate account or bank collective trust, with total assets in excess of $5,000,000, not formed for the specific purpose of either participating in the exempt pool or opening an exempt account, and whose participation in the exempt pool or investment in the exempt account is directed by a qualified eligible person; or
(xii) Except as provided for the governmental entities referenced in paragraph (a)(3)(iv) of this section, if otherwise authorized by law to engage in such transactions, a governmental entity (including the United States, a state, or a foreign government) or political subdivision thereof, or a multinational or supranational entity or an instrumentality, agency, or department of any of the foregoing.

(b) Relief available to commodity pool operators. Upon filing the notice required by paragraph (d) of this section, and subject to compliance with the conditions specified in paragraph (d) of this section, any registered commodity pool operator who offers or sells participations in a pool solely to qualified eligible persons in an offering which qualifies for exemption from the registration requirements of the Securities Act pursuant to section 4(2) of that Act or pursuant to Regulation S, 17 CFR 230.901 et seq., and any bank registered as a commodity pool operator in connection with a pool that is a collective trust fund whose securities are exempt from registration under the Securities Act pursuant to section 3(a)(2) of that Act and are offered or sold, without marketing to the public, solely to qualified eligible persons, may claim any or all of the following relief with respect to such pool:

(1) Disclosure relief. (i) Exemption from the specific requirements of §§4.21, 4.24, 4.25 and 4.26 with respect to each exempt pool; Provided, That if an offering memorandum is distributed in connection with soliciting prospective participants in the exempt pool, such offering memorandum must include all disclosures necessary to make the information contained therein, in the context in which it is furnished, not misleading; and that the following statement is prominently disclosed on the cover page of the offering memorandum, or, if none is provided, immediately above the signature line on the subscription agreement or other document that the prospective participant must execute to become a participant in the pool:

“PURSUANT TO AN EXEMPTION FROM THE COMMODITY FUTURES TRADING COMMISSION IN CONNECTION WITH POOLS WHOSE PARTICIPANTS ARE LIMITED TO QUALIFIED ELIGIBLE PERSONS, AN OFFERING MEMORANDUM FOR THIS POOL IS NOT REQUIRED TO BE, AND HAS NOT BEEN, FILED WITH THE COMMISSION. THE COMMODITY FUTURES TRADING COMMISSION DOES NOT PASS UPON THE MERITS OF PARTICIPATING IN A POOL OR UPON THE ADEQUACY OR ACCURACY OF AN OFFERING MEMORANDUM. CONSEQUENTLY, THE COMMODITY FUTURES TRADING COMMISSION HAS NOT REVIEWED OR APPROVED THIS OFFERING OR ANY OFFERING MEMORANDUM FOR THIS POOL.”

(ii) Exemption from disclosing the past performance of exempt pools in the Disclosure Document of non-exempt pools except to the extent that such past performance is material to the non-exempt pool being offered; Provided, That a pool operator that has claimed exemption hereunder and elects not to disclose any such performance in the Disclosure Document
of non-exempt pools shall state in a footnote to the performance disclosure therein that the operator is operating or has operated exempt pools whose performance is not disclosed in this Disclosure Document.

(2) Periodic reporting relief. Exemption from the specific requirements of §§4.22(a) and (b); Provided, That a statement signed and affirmed in accordance with §4.22(h) is prepared and distributed to pool participants no less frequently than quarterly within 30 calendar days after the end of the reporting period. This statement must be presented and computed in accordance with generally accepted accounting principles and indicate:

(i) The net asset value of the exempt pool as of the end of the reporting period;

(ii) The change in net asset value from the end of the previous reporting period; and

(iii) The net asset value per outstanding unit of participation in the exempt pool as of the end of the reporting period.

(A) Either the net asset value per outstanding participation unit in the exempt pool as of the end of the reporting period, or

(B) The total value of the participant’s interest or share in the exempt pool as of the end of the reporting period.

(iv) Where the pool is comprised of more than one ownership class or series, the net asset value of the series or class on which the account statement is reporting, and the net asset value per unit or value of the participant’s share, also must be included in the statement required by this paragraph (b)(2); except that, for a pool that is a series fund structured with a limitation on liability among the different series, the account statement required by this paragraph (b)(2) is not required to include the consolidated net asset value of all series of the pool.

(v) A commodity pool operator of a pool that meets the conditions specified in §4.22(d)(2)(i) of this part to present and compute the commodity pool’s financial statements contained in the Annual Report in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board and has filed notice pursuant to §4.22(d)(2)(ii) of this part also may use such International Financial Reporting Standards in the computation and presentation of the account statement.

(3) Annual report relief. (i) Exemption from the specific requirements of §4.22(c) of this part; Provided, that within 90 calendar days after the end of the exempt pool’s fiscal year or the permanent cessation of trading, whichever is earlier, the commodity pool operator electronically files with the National Futures Association and distributes to each participant in lieu of the financial information and statements specified by that section, an annual report for the exempt pool, affirmed in accordance with §4.22(h) which contains, at a minimum:

(A) A Statement of Financial Condition as of the close of the exempt pool’s fiscal year (elected in accordance with §4.22(g));

(B) A Statement of Operations for that year;

(C) Appropriate footnote disclosure and such further material information as may be necessary to make the required statements not misleading. For a pool that invests in other funds, this information must include, but is not limited to, separately disclosing the amounts of income, management and incentive fees associated with each investment in an investee fund that exceeds five percent of the pool’s net assets. The income, management and incentive fees associated with an investment in an investee fund that is less than five percent of the pool’s net assets may be combined and reported in the aggregate with the income, management and incentive fees of other investee funds that, individually, represent an investment of less than five percent of the pool’s net assets. If the commodity pool operator is not able to obtain the specific amounts of management and incentive fees charged by an investee fund, the commodity pool operator must disclose the percentage amounts and computational basis for each such fee and include a statement that the CPO is not able to obtain the specific fee amounts for this fund;
Commodity Futures Trading Commission

§4.7

(D) Where the pool is comprised of more than one ownership class or series, information for the series or class on which the financial statements are reporting should be presented in addition to the information presented for the pool as a whole; except that, for a pool that is a series fund structured with a limitation on liability among the different series, the financial statements are not required to include consolidated information for all series.

(ii) Legend. If a claim for exemption has been made pursuant to this section, the commodity pool operator must make a statement to that effect on the cover page of each annual report.

(4) Recordkeeping relief. Exemption from the specific requirements of §4.23; Provided, That the commodity pool operator must maintain the reports referred to in paragraphs (b)(2) and (b)(3) of this section and all books and records prepared in connection with his activities as the pool operator of the exempt pool (including, without limitation, records relating to the qualifications of qualified eligible persons and substantiating any performance representations) at his main business address and must make such books and records available to any representative of the Commission, the National Futures Association and the United States Department of Justice in accordance with the provisions of §1.31.

(c) Relief available to commodity trading advisors. Upon filing the notice required by paragraph (d) of this section, and subject to compliance with the conditions specified in paragraph (d) of this section, any registered commodity trading advisor who anticipates directing or guiding the commodity interest accounts of qualified eligible persons may claim any or all of the following relief with respect to the accounts of qualified eligible persons who have given due consent to their account being an exempt account under §4.7:

(1) Disclosure relief. (i) Exemption from the specific requirements of §§4.31, 4.34, 4.35 and 4.36; Provided, That if the commodity trading advisor delivers a brochure or other disclosure statement to such qualified eligible persons, such brochure or statement shall include all additional disclosures necessary to make the information contained therein, in the context in which it is furnished, not misleading; and that the following statement is prominently displayed on the cover page of the brochure or statement or, if none is provided, immediately above the signature line of the agreement that the client must execute before it opens an account with the commodity trading advisor:

“PURSUANT TO AN EXEMPTION FROM THE COMMODITY FUTURES TRADING COMMISSION IN CONNECTION WITH ACCOUNTS OF QUALIFIED ELIGIBLE PERSONS, THIS BROCHURE OR ACCOUNT DOCUMENT IS NOT REQUIRED TO BE, AND HAS NOT BEEN, FILED WITH THE COMMISSION. THE COMMODITY FUTURES TRADING COMMISSION DOES NOT PASS UPON THE MERITS OF PARTICIPATING IN A TRADING PROGRAM OR UPON THE ADEQUACY OR ACCURACY OF COMMODITY TRADING ADVISOR DISCLOSURE. CONSEQUENTLY, THE COMMODITY FUTURES TRADING COMMISSION HAS NOT REVIEWED OR APPROVED THIS TRADING PROGRAM OR THIS BROCHURE OR ACCOUNT DOCUMENT.”

(ii) Exemption from disclosing the past performance of exempt accounts in the Disclosure Document for non-exempt accounts except to the extent that such past performance is material to the non-exempt account being offered; Provided, That a commodity trading advisor that has claimed exemption hereunder and elects not to disclose any such performance in the Disclosure Document for non-exempt accounts shall state in a footnote to the performance disclosure therein that the advisor is advising or has advised exempt accounts for qualified eligible persons whose performance is not disclosed in this Disclosure Document.

(2) Recordkeeping relief. Exemption from the specific requirements of §4.33; Provided, That the commodity trading advisor must maintain, at its main business office, all books and records prepared in connection with his activities as the commodity trading advisor of qualified eligible persons (including, without limitation, records relating to the qualifications of such qualified eligible persons and substantiating any performance representations) and must make such books and records available
§ 4.7 17 CFR Ch. I (4–1–13 Edition)

to any representative of the Commission, the National Futures Association and the United States Department of Justice in accordance with the provisions of §1.31.

(d) Notice of claim for exemption. (1) A notice of a claim for exemption under this section must:

(i) Provide the name, main business address, main business telephone number and the National Futures Association commodity pool operator or commodity trading advisor identification number of the person claiming the exemption;

(ii)(A) Where the claimant is a commodity pool operator, provide the name(s) of the pool(s) for which the request is made; Provided, That a single notice representing that the pool operator anticipates operating single-investor pools may be filed to claim exemption for single-investor pools and such notice need not name each such pool;

(B) Where the claimant is a commodity trading advisor, contain a representation that the trading advisor anticipates providing commodity interest trading advice to qualified eligible persons;

(iii) Contain representations that:

(A) Neither the commodity pool operator or commodity trading advisor nor any of its principals is subject to any statutory disqualification under section 8a(2) or 8a(3) of the Act unless such disqualification arises from a matter which was previously disclosed in connection with a previous application for registration if such registration was granted or which was disclosed more than thirty days prior to the filing of the notice under this paragraph (d);

(B) The commodity pool operator or commodity trading advisor will comply with the applicable requirements of §4.7; and

(C) Where the claimant is a commodity pool operator, that the exempt pool will be offered and operated in compliance with the applicable requirements of §4.7;

(iv) Specify the relief claimed under §4.7;

(v) Where the claimant is a commodity pool operator, state the closing date of the offering or that the offering will be continuous;

(vi) Be filed by a representative duly authorized to bind the commodity pool operator or commodity trading advisor;

(vii) Be filed electronically with the National Futures Association through its electronic exemption filing system; and

(viii)(A)(1) Where the claimant is a commodity pool operator, except as provided in paragraph (d)(1)(ii)(A) of this section with respect to single-investor pools and in paragraph (d)(1)(viii)(A)(2) of this section, be received by the National Futures Association:

(i) Before the date the pool first enters into a commodity interest transaction, if the relief claimed is limited to that provided under paragraphs (b)(2), (3) and (4) of this section; or

(ii) Prior to any offer or sale of any participation in the exempt pool if the claimed relief includes that provided under paragraph (b)(1) of this section.

(2) Where participations in a pool have been offered or sold in full compliance with part 4, the notice of a claim for exemption may be filed with the National Futures Association at any time; Provided, That the claim for exemption is otherwise consistent with the duties of the commodity pool operator and the rights of pool participants and that the commodity pool operator notifies the pool participants of his intention, absent objection by the holders of a majority of the units of participation in the pool who are unaffiliated with the commodity pool operator within twenty-one days after the date of the notification, to file a notice of claim for exemption under §4.7 and such holders have not objected within such period. A commodity pool operator filing a notice under this paragraph (d)(1)(viii)(A)(2) shall either provide disclosure and reporting in accordance with the requirements of part 4 to those participants objecting to the filing of such notice or allow such participants to redeem their units of participation in the pool within three months of the filing of such notice.

(B) Where the claimant is a commodity trading advisor, be received by the Commission before the date the trading advisor first enters into an
agreement to direct or guide the commodity interest account of a qualified eligible person pursuant to §4.7.

(2) The notice will be effective upon receipt by the National Futures Association with respect to each pool for which it was made where the claimant is a commodity pool operator and otherwise generally where the claimant is a commodity trading advisor; Provided, That any notice which does not include all the required information shall not be effective, and that if at the time the National Futures Association receives the notice an enforcement proceeding brought by the Commission under the Act or the regulations is pending against the pool operator or trading advisor or any of its principals, the exemption will not be effective until twenty-one calendar days after receipt of the notice by the National Futures Association and that in such case an exemption may be denied by the Commission or the National Futures Association or made subject to such conditions as the Commission or the National Futures Association may impose.

(3) Any exemption claimed hereunder shall cease to be effective upon any change which would cause the commodity pool operator of an exempt pool to be ineligible for the relief claimed with respect to such pool or which would cause a commodity trading advisor to be ineligible for the relief claimed. The pool operator or trading advisor must promptly file a notice advising the National Futures Association of such change.

(4)(i) Any exemption from the requirements of §4.21, 4.22, 4.23, 4.24, 4.25 or 4.26 claimed hereunder with respect to a pool shall not affect the obligation of the commodity pool operator to comply with all other applicable provisions of part 4, the Act and the Commission's rules and regulations, with respect to any qualified eligible person and any other client to which the commodity trading advisor provides or intends to provide commodity interest trading advice.

(e) Insignificant deviations from a term, condition or requirement of §4.7. (1) A failure to comply with a term or condition of §4.7 will not result in the loss of the exemption with respect to a particular pool or client if the commodity pool operator or the commodity trading advisor relying on the exemption shows that:

(i) The failure to comply did not pertain to a term, condition or requirement directly intended to protect that particular qualified eligible person;

(ii) The failure to comply was insignificant with respect to the exempt pool as a whole or to the particular exempt account; and

(iii) A good faith and reasonable attempt was made to comply with all applicable terms, conditions and requirements of §4.7.

A transaction made in reliance on §4.7 must comply with all applicable terms, conditions and requirements of §4.7. Where an exemption is established only through reliance upon paragraph (e)(1) of this section, the failure to comply shall nonetheless be actionable by the Commission.

§4.8 Exemption from certain requirements of rule 4.26 with respect to pools offered or sold in certain offerings exempt from registration under the Securities Act.

(a) Notwithstanding paragraph (d) of §4.26 and subject to the conditions specified herein, the registered commodity pool operator of a pool offered or sold solely to “accredited investors” as defined in 17 CFR 230.501 in an offering exempt from the registration requirements of the Securities Act of 1933 pursuant to Rule 505 or 506 of Regulation D, 17 CFR 230.505 or 230.506, may
solicit, accept and receive funds, securities and other property from prospective participants in that pool upon filing with the National Futures Association and providing to such participants the Disclosure Document for the pool.

(b) Notwithstanding paragraph (d) of §4.26 and subject to the conditions specified herein, the registered commodity pool operator of a pool offered or sold in an offering exempt from the registration requirements of the Securities Act of 1933 pursuant to Rule 506 or 506 of Regulation D, 17 CFR 230.505 or 230.506, that is operated in compliance with, and has filed the notice required by §4.12(b) may solicit, accept and receive funds, securities and other property from prospective participants in that pool upon filing with the National Futures Association and providing to such participants the Disclosure Document for the pool.

(c) The relief provided under §4.8 is not available if an enforcement proceeding brought by the Commission under the Act or the regulations is pending against the commodity pool operator or any of its principals or if the commodity pool operator or any of its principals is subject to any statutory disqualification under §§8a(2) or 8a(3) of the Act.

§4.9 [Reserved]

§4.10 Definitions.

For purposes of this part:

(a) [Reserved]

(b) Net asset value means total assets minus total liabilities, determined in accordance with generally accepted accounting principles, with each position in a commodity interest accounted for at fair market value.

(c) Participant means any person that has any direct financial interest in a pool (e.g., a limited partner).

(d)(1) Pool means any investment trust, syndicate or similar form of enterprise operated for the purpose of trading commodity interests.

(2) Multi-advisor pool means a pool in which:

(i) No commodity trading advisor is allocated or intended to be allocated more than twenty-five percent of the pool’s funds available for commodity interest trading; and

(ii) No investee pool is allocated or intended to be allocated more than twenty-five percent of the pool’s net asset value.

(3) Principal-protected pool means a pool (commonly referred to as a “guaranteed pool”) that is designed to limit the loss of the initial investment of its participants.

(4) Investee pool means any pool in which another pool or account participates or invests, e.g., as a limited partner thereof.

(5) Major investee pool means, with respect to a pool, any investee pool that is allocated or intended to be allocated at least ten percent of the net asset value of the pool.

(e)(1) Principal, when referring to a person that is a principal of a particular entity, shall have the same meaning as the term “principal” under §3.1(a) of this chapter.

(2) Trading principal means:

(i) With respect to a commodity pool operator, a principal who participates in making trading decisions for a pool, or who supervises, or has authority to allocate pool assets to, persons so engaged; and

(ii) With respect to a commodity trading advisor, a principal who participates in making trading decisions for the account of a client or who supervises or selects persons so engaged.

(f) Direct, as used in the context of trading commodity interest accounts, refers to agreements whereby a person is authorized to cause transactions to be effected for a client’s commodity interest account without the client’s specific authorization.

(g) Trading program refers to the program pursuant to which a person (1) directs a client’s commodity interest account, or (2) guides the client’s commodity interest trading by means of a systematic program that recommends specific transactions.

(h) Trading manager means, with respect to a pool, any person, other than the commodity pool operator of the pool, having sole or partial authority to allocate pool assets to commodity trading advisors or investee pools.
(i) Major commodity trading advisor means, with respect to a pool, any commodity trading advisor that is allocated or is intended to be allocated at least ten percent of the pool’s funds available for commodity interest trading. For this purpose, the percentage allocation shall be the amount of funds allocated to the trading advisor by agreement with the commodity pool operator (or trading manager) on behalf of the pool, expressed as a percentage of the lesser of the aggregate value of the assets allocated to the pool’s trading advisors or the net assets of the pool at the time of allocation.

(j) Break-even point—(1) Means the trading profit that a pool must realize in the first year of a participant’s investment to equal all fees and expenses such that such participant will recoup its initial investment, as calculated pursuant to rules promulgated by a registered futures association pursuant to section 17(j) of the Act; and

(2) Must be expressed both as a dollar amount and as a percentage of the minimum unit of initial investment and assume redemption of the initial investment at the end of the first year of investment.

(k) Draw-down means losses experienced by a pool or account over a specified period.

(l) Worst peak-to-valley draw-down means the greatest cumulative percentage decline in month-end net asset value due to losses sustained by a pool, account or trading program during any period in which the initial month-end net asset value is not equaled or exceeded by a subsequent month-end net asset value. Such decline must be expressed as a percentage of the initial month-end net asset value, together with an indication of the months and year(s) of such decline from the initial month-end net asset value to the lowest month-end net asset value of such decline.\(^1\) For purposes of §§4.25 and 4.35, a peak-to-valley draw-down which began prior to the beginning of the most recent five calendar years is deemed to have occurred during such five-calendar-year period.

(m) Partially-funded account means a client participation in the program of a commodity trading advisor in which the amount of funds in the client’s commodity interest account over which such commodity trading advisor has trading authority is less than the account size that establishes the client’s level of trading in a commodity trading advisor’s program.

[Further text]

\(^1\)For example, a worst peak-to-valley draw-down of “4 to 8-92/25%” means that the peak-to-valley draw-down lasted from April to August of 1992 and resulted in a twenty-five percent cumulative draw-down.
(C) Will not enter into commodity interest transactions for which the aggregate initial margin and premiums, and required minimum security deposit for retail forex transactions (as defined in §5.1(m) of this chapter) exceed 10 percent of the fair market value of the pool’s assets, after taking into account unrealized profits and unrealized losses on any such contracts it has entered into; Provided, however, That in the case of an option that is in-the-money at the time of purchase, the in-the-money amount as defined in §190.01(x) of this chapter may be excluded in computing such 10 percent; and

(D) Will trade such commodity interests in a manner solely incidental to its securities trading activities.

(ii) Each existing participant and prospective participant in the pool for which it makes such request is informed in writing of the restrictions set forth in paragraph (b)(1)(i) (C) and (D) of this section prior to the date the pool commences trading commodity interests. The pool operator may furnish this information by way of the pool’s Disclosure Document, Account Statement, a separate notice or other similar means, including written communication delivered through electronic transmission.

(2) Relief available to pool operator. The commodity pool operator of a pool which meets the criteria of paragraph (b)(1) of this section may claim the following relief:

(i) In the case of §4.21, that the Commission accept in lieu and in satisfaction of the Disclosure Document specified by that section an offering memorandum for the pool which does not contain the information required by §§4.24(a), 4.24(b), and 4.24(n); Provided, however, that the offering memorandum:

(A) Is prepared pursuant to the requirements of the Securities Act of 1933, as amended, or the exemption from said Act pursuant to which the pool is being offered and sold;

(B) Contains the information required by §§4.24(c) through (m) and (o) through (u); and

(C) Complies with the requirements of §§4.24(v) and (w).

(ii) In the case of §4.22 (a) and (b), that the Commission accept in lieu and in satisfaction of the Account Statement and prescribed frequency respectively specified by those sections a statement which indicates the net asset value of the pool as of the end of the reporting period and the change in net asset value from the end of the previous reporting period, to be prepared and distributed no less frequently than quarterly; Provided, however, That each such statement complies with the other requirements of §4.22 (a) and (b), including the references in those sections to §4.22 (g) and (h).

(iii) In the case of §4.22 (c) through (e), that the Commission accept in lieu and in satisfaction of the financial information and statements in the Annual Report specified by those sections an annual report for the pool which contains, at a minimum, a Statement of Financial Condition as of the close of the pool’s fiscal year and a Statement of Income (Loss) for that year; Provided, however, That:

(A) Each such annual report complies with the other requirements of §4.22(c), including the reference in that section to §4.22(b) and the requirement in §4.22(d) that the annual report must contain appropriate footnote disclosure and further material information; and

(B) The financial statements in such annual report must be presented and computed in accordance with generally accepted accounting principles consistently applied and must be certified by an independent public accountant.

(iv) In the case of §4.23(a) (10) and (11), to exempt the pool operator from the requirements of those sections with respect to the pool.

(c) Exemption from Subpart B for certain commodity pool operators based on listing of pool participation units for trading on a national securities exchange—

(1) Eligibility. Subject to compliance with the provisions of paragraph (d) of this section, any person who is registered as a commodity pool operator, or has applied for such registration, may claim any or all of the relief available under paragraph (c)(2) of this section if the units of participation in the pool for which it makes such claim:

(A) Will be offered and sold pursuant to an effective registration statement under the Securities Act of 1933; and
(ii) Will be listed for trading on a national securities exchange registered as such under the Securities Exchange Act of 1934.

(2) Relief available to pool operator. The commodity pool operator of a pool whose units of participation meet the criteria of paragraph (c)(1) of this section may claim the following relief:

(i) In the case of §4.21, exemption from the Disclosure Document delivery and acknowledgment requirements of that section. Provided, however, that the pool operator:

(A) Cause the pool’s Disclosure Document to be readily accessible on an Internet Web site maintained by the pool operator;

(B) Cause the Disclosure Document to be kept current in accordance with the requirements of §4.26(a);

(C) Clearly inform prospective pool participants with whom it has contact of the Internet address of such Web site and direct any broker, dealer or other selling agent to whom the pool operator sells units of participation in the pool to so inform prospective pool participants; and

(D) Comply with all other requirements applicable to pool Disclosure Documents under part 4. The pool operator may satisfy the requirement of §4.26(b) to attach to the Disclosure Document a copy of the pool’s most current Account Statement and Annual Report if the pool operator makes such Account Statement and Annual Report readily accessible on an Internet Web site maintained by the pool operator.

(ii) In the case of §4.22, exemption from the Account Statement distribution requirement of that section. Provided, however, that the pool operator:

(A) Cause the pool’s Account Statements, including the certification required by §4.22(h), to be readily accessible on an Internet Web site maintained by the pool operator within 30 calendar days after the last day of the applicable reporting period and continuing for a period of not less than 30 calendar days; and

(B) Cause the Disclosure Document for the pool to clearly indicate:

(1) That the information required to be included in the Account Statements will be readily accessible on an Internet Web site maintained by the pool operator; and

(2) The Internet address of such Web site.

(iii) In the case of §4.23, exemption from the requirement to keep the books and records specified by that section at the pool operator’s main business office. Provided, however, that:

(A) The books and records that the pool operator will not keep at its main business office will be maintained by one or more of the following: The pool’s administrator, distributor or custodian, or a bank or registered broker or dealer acting in a similar capacity with respect to the pool;

(B) At the time it files electronically with the National Futures Association the notice required under paragraph (d) of this section, the pool operator files a statement that:

(1) Identifies the name, main business address, and main business telephone number of the person(s) who will be keeping required books and records in lieu of the pool operator;

(2) Sets forth the name and telephone number of a contact for each person who will be keeping required books and records in lieu of the pool operator;

(3) Specifies, by reference to the respective paragraph of §4.23, the books and records that such person will be keeping; and

(4) Contains representations from the pool operator that:

(i) It will promptly amend the statement if the contact information or location of any of the books and records required to be kept by §4.23 changes, by identifying in such amendment the new location and any other information that has changed;

(ii) It remains responsible for ensuring that all books and records required by §4.23 are kept in accordance with §1.31;

(iii) Within forty-eight hours after a request by a representative of the Commission, it will obtain the original books and records from the location at which they are maintained, and provide them for inspection at the pool operator’s main business office. Provided, however, that if the original books and records are permitted to be, and are maintained, at a location outside the

United States, its territories or possessions, the pool operator will obtain and provide such original books and records for inspection at the pool operator's main business office within seventy-two hours of such a request; and

(iv) It will disclose in the pool’s Disclosure Document the location of its books and records that are required under §4.23.

(C) At the time it files the notice required under paragraph (d) of this section, the pool operator files electronically with the National Futures Association a statement from each person who will be keeping required books and records in lieu of the pool operator wherein such person:

(1) Acknowledges that the pool operator intends that the person keep and maintain required pool books and records;

(2) Agrees to keep and maintain such required books and records in accordance with §1.31 of this chapter and to make such required books and records open to inspection by any representative of the Commission or the United States Justice Department in accordance with §1.31 of this chapter and to make such required books and records available to pool participants in accordance with §4.23 of this chapter.

(d)(1) Notice of claim for exemption. Any registered commodity pool operator, or applicant for commodity pool operator registration, who desires to claim the relief available under paragraph (b) or (c) of this §4.12 must file electronically a claim of exemption with the National Futures Association through its electronic exemption filing system. Such claim must:

(i) Provide the name, main business address and main business telephone number of the registered commodity pool operator, or applicant for such registration, making the request;

(ii) Provide the name of the commodity pool for which the request is being made;

(iii) Contain representations that the pool will be operated in compliance with §4.12(b)(1)(i) and the pool operator will comply with the requirements of §4.12(b)(1)(ii);

(A) The pool will be operated in compliance with paragraph (b)(1)(i) of this section and the pool operator will comply with the requirements of paragraph (b)(1)(ii) of this section; or

(B) The pool will be operated in compliance with paragraph (c)(1) of this section;

(iv) Specify the relief sought under paragraph (b)(2) or (c)(2) of this section, as the case may be, and

(v) Be filed by a representative duly authorized to bind the pool operator.

(2)(i) The claim of exemption must be filed before the date the commodity pool first enters into a commodity interest transaction.

(ii) The claim of exemption shall be effective upon filing: Provided, however, That any exemption claimed hereunder:

(A) Will not be effective unless and until the notice required by this paragraph (d) contains all information called for herein and any statements required under paragraph (c)(2)(iii) have been provided; and

(B) Will cease to be effective upon any change which would render the representations made pursuant to paragraph (d)(1)(iii) of this section inaccurate or the continuation of such representations false or misleading.

(3)(i) If a claim of exemption has been made under §4.12(b)(2)(i), the commodity pool operator must make a statement to that effect on the cover page of each offering memorandum, or amendment thereto, that it is required to file with the National Futures Association pursuant to §4.26.

(ii) If a claim of exemption has been made with respect to paragraph (b)(2)(iii) of this section, the pool operator must make a statement to that effect on the cover page of each annual report that it is required to file with the National Futures Association pursuant to §4.22(c).

(4)(i) Any claim of exemption effective hereunder shall be effective only with respect to the pool for which it has been made.

(ii) The effectiveness of such claim shall not affect the obligations of the commodity pool operator to comply with all other applicable provisions of this part 4, the Act and the Commission’s rules and regulations issued thereunder with respect to the pool and
any other pool the pool operator operates or intends to operate.

§ 4.13 Exemption from registration as a commodity pool operator.

This section is organized as follows: Paragraph (a) of this section specifies the criteria that must be met to qualify for exemption from registration under this section; paragraph (b) of this section governs the notice that must be filed to claim exemption from registration; paragraph (c) of this section sets forth the continuing obligations of a person who has claimed exemption under this section; paragraph (d) of this section specifies information certain persons must provide if they subsequently register; paragraph (e) of this section specifies the effect of registration on a person who has claimed an exemption under this section or who is eligible to claim an exemption from registration hereunder; and paragraph (f) of this section specifies the effect of this section on § 4.5 of this chapter.

(a) A person is not required to register under the Act as a commodity pool operator if:

(1)(i) It does not receive any compensation or other payment, directly or indirectly, for operating the pool; except reimbursement for the ordinary administrative expenses of operating the pool;

(ii) It operates only one commodity pool at any time;

(iii) It is not otherwise required to register with the Commission and is not a business affiliate of any person required to register with the Commission; and

(iv) Neither the person nor any other person involved with the pool does any advertising in connection with the pool (for purposes of this section, advertising includes the systematic solicitation of prospective participants by telephone or seminar presentation);

(2)(i) None of the pools operated by it has more than 15 participants at any time; and

(ii) The total gross capital contributions it receives for units of participation in all of the pools it operates or that it intends to operate do not in the aggregate exceed $100,000.

(iii) For the purpose of determining eligibility for exemption under paragraph (a)(2) of this section, the person may exclude the following participants and their contributions:

(A) The pool’s operator, commodity trading advisor, and the principals thereof;

(B) A child, sibling or parent of any of these participants;

(C) The spouse of any participant specified in paragraph (a)(2)(iii)(A) or (B) of this section; and

(D) Any relative of a participant specified in paragraph (a)(2)(iii)(A), (B) or (C) of this section, its spouse or a relative of its spouse, who has the same principal residence as such participant;

(3) For each pool for which the person claims exemption from registration under this paragraph (a)(3):

(i) Interests in the pool are exempt from registration under the Securities Act of 1933, and such interests are offered and sold without marketing to the public in the United States;

(ii) At all times, the pool meets one or the other of the following tests with respect to its commodity interest positions, including positions in security futures products, whether entered into for bona fide hedging purposes or otherwise:

(A) The aggregate initial margin, premiums, and required minimum security deposit for retail forex transactions (as defined in § 5.1(m) of this chapter) required to establish such positions, determined at the time the most recent position was established, will not exceed 5 percent of the liquidation value of the pool’s portfolio, after taking into account unrealized profits and unrealized losses on any such positions it has entered into; Provided, That in the case of an option that is in-the-money at the time of purchase, the in-the-money amount as defined in §190.01(x) of this chapter may be excluded in computing such 5 percent; or

(B) The aggregate notional value of such positions, determined at the time the most recent position was established, does not exceed 100 percent of the liquidation value of the pool’s
portfolio, after taking into account unrealized profits and unrealized losses on any such positions it has entered into. For the purpose of this paragraph:

(1) The term “notional value” shall be calculated for each futures position by multiplying the number of contracts by the size of the contract, in contract units (taking into account any multiplier specified in the contract), by the current market price per unit, for each such option position by multiplying the number of contracts by the size of the contract, adjusted by its delta, in contract units (taking into account any multiplier specified in the contract), by the strike price per unit, for each such retail forex transaction, by calculating the value in U.S. Dollars of such transaction, at the time the transaction was established, excluding for this purpose the value in U.S. Dollars of offsetting long and short transactions, if any, and for any cleared swap by the value as determined consistent with the terms of 17 CFR part 45; and

(2) The person may net futures contracts with the same underlying commodity across designated contract markets and foreign boards of trade; and swaps cleared on the same derivatives clearing organization where appropriate; and

(iii) The person reasonably believes, at the time of investment (or, in the case of an existing pool, at the time of conversion to a pool meeting the criteria of paragraph (a)(3) of this section), that each person who participates in the pool is:

(A) An “accredited investor,” as that term is defined in §230.501 of this title;

(B) A trust that is not an accredited investor but that was formed by an accredited investor for the benefit of a family member;

(C) A “knowledgeable employee,” as that term is defined in §270.3c–5 of this title;

(D) A “qualified eligible person,” as that term is defined in §4.7(a)(2)(viii)(A) of this chapter; or

(E) A person eligible to participate in a pool for which the pool operator can claim exemption from registration under paragraph (a)(4) of this section; and

(iv) Participations in the pool are not marketed as or in a vehicle for trading in the commodity futures or commodity options markets; Provided, That nothing in paragraph (a)(3) of this section shall prohibit the person from claiming an exemption under this section if it additionally operates one or more pools for which it meets the criteria of paragraph (a)(4) of this section; (4) [Reserved]

(5) The person is acting as a director or trustee with respect to a pool whose operator is registered as a commodity pool operator and is eligible to claim relief under §4.12(c) of this chapter, Provided, however, that:

(i) The person acts in such capacity solely to comply with the requirements under section 10A of the Securities Exchange Act of 1934, as amended, and any Securities and Exchange Commission rules and exchange listing requirements adopted pursuant thereto, that the pool have an audit committee comprised exclusively of independent directors or trustees;

(ii) The person has no power or authority to manage or control the operations or activities of the pool except as necessarily to comply with such requirements; and

(iii) The registered pool operator of the pool is and will be liable for any violation of the Act or the Commission’s regulations by the person in connection with the person’s serving as a director or trustee with respect to the pool.

(6)(i) Eligibility for exemption under paragraph (a)(1), (a)(2), (a)(3) or (a)(4) of this section is subject to the person furnishing in written communication physically delivered or delivered through electronic transmission to each prospective participant in the pool:

(A) A statement that the person is exempt from registration with the Commission as a commodity pool operator and that therefore, unlike a registered commodity pool operator, it is not required to deliver a Disclosure Document and a certified annual report to participants in the pool; and

(B) A description of the criteria pursuant to which it qualifies for such exemption from registration.
§ 4.13

(ii) The person must make these disclosures by no later than the time it delivers a subscription agreement for the pool to a prospective participant in the pool.

(b)(1) Any person who desires to claim the relief from registration provided by this section, must file electronically a notice of exemption from commodity pool operator registration with the National Futures Association through its electronic exemption filing system. The notice must:

(i) Provide the name, main business address, main business telephone number, main facsimile number and main email address of the person claiming the exemption and the name of the pool for which it is claiming exemption;

(ii) Contain the section number pursuant to which the operator is filing the notice (i.e., § 4.13(a)(1), (2), or (3)) and represent that the pool will be operated in accordance with the criteria of that paragraph; and

(iii) Be filed by a representative duly authorized to bind the person.

(2) The person must file the notice by no later than the time that the pool operator delivers a subscription agreement for the pool to a prospective participant in the pool; Provided, however, that in the case of a claim for relief under § 4.13(a)(5), the person must file the notice by the later of the effective date of the pool’s registration statement under the Securities Act of 1933 or the date on which the person first becomes a director or trustee; and Provided, further, that where a person registered with the Commission as a commodity pool operator intends to withdraw from registration in order to claim exemption hereunder, the person must notify its pool’s participants in written communication physically delivered or delivered through electronic transmission that it intends to withdraw from registration and claim the exemption, and it must provide each such participant with a right to redeem its interest in the pool prior to the person filing a notice of exemption from registration.

(3) The notice will be effective upon filing, provided the notice is materially complete.

(4) Annual notice. Each person who has filed a notice of exemption from registration under this section must affirm on an annual basis the notice of exemption from registration, withdraw such exemption due to the cessation of activities requiring registration or exemption therefrom, or withdraw such exemption and apply for registration within 60 days of the calendar year end through National Futures Association’s electronic exemption filing system.

(5) Each person who has filed a notice of exemption from registration under this section must, in the event that any of the information contained or representations made in the notice becomes inaccurate or incomplete, amend the notice through National Futures Association’s electronic exemption filing system as may be necessary to render the notice accurate and complete. This amendment must be filed electronically within 15 business days after the pool operator becomes aware of the occurrence of such event.

(c)(1) Each person who has filed a notice of exemption from registration under this section must:

(i) Make and keep all books and records prepared in connection with its activities as a pool operator for a period of five years from the date of preparation;

(ii) Keep such books and records readily accessible during the first two years of the five-year period. All such books and records must be available for inspection upon the request of any representative of the Commission, the United States Department of Justice, or any other appropriate regulatory agency; and

(iii) Submit to such special calls as the Commission may make to demonstrate eligibility for and compliance with the applicable criteria for exemption under this section.

(2) Each person who has filed a notice of exemption from registration pursuant to paragraph (a)(1) or (a)(2) of this section must:

(i) Promptly furnish to each participant in the pool a copy of each monthly statement for the pool that the pool operator received from a futures commission merchant pursuant to § 1.33 of this chapter; and
(i) Clearly show on such statement, or on an accompanying supplemental statement, the net profit or loss on all commodity interests closed since the date of the previous statement.

(d) Each person who applies for registration as a commodity pool operator subsequent to claiming relief under paragraph (a)(1) or (a)(2) of this section must include with its application the financial statements and other information required by §4.22(c)(1) through (5) for each pool that it has operated as an operator exempt from registration. That information must be presented and computed in accordance with generally accepted accounting principles consistently applied. If the person is granted registration as a commodity pool operator, it must comply with the provisions of this part with respect to each such pool.

(e)(1) Subject to the provisions of paragraph (e)(2) of this section, if a person who is eligible for exemption from registration as a commodity pool operator under this section nonetheless registers as a commodity pool operator, the person must comply with the provisions of this part with respect to each commodity pool identified on its registration application or supplement thereto.

(2) If a person operates one or more commodity pools described in paragraph (a)(3) of this section, and one or more commodity pools for which it must be, and is, registered as a commodity pool operator, the person is exempt from the requirements applicable to a registered commodity pool operator with respect to the pool or pools described in paragraph (a)(3) of this section; Provided, That the person:

(i) Furnishes in written communication physically delivered or delivered through electronic transmission to each prospective participant in a pool described in paragraph (a)(3) of this section that it operates:

(A) A statement that it will operate the pool as if the person was exempt from registration as a commodity pool operator;

(B) A description of the criteria pursuant to which it will so operate the pool;

(ii) Complies with paragraph (c) of this section; and

(iii) Provides each existing participant in a pool that the person elects to operate as described in paragraph (a)(3) of this section a right to redeem the participant’s interest in the pool, and informs each such participant of that right no later than the time the person commences to operate the pool as described in paragraph (a)(3) of this section.

(f) The filing of a notice of exemption from registration under this section will not affect the ability of a person to qualify for exclusion from the definition of the term “commodity pool operator” under §4.5 in connection with its operation of another trading vehicle that is not covered under this §4.13.

(Approved by the Office of Management and Budget under control number 3038–0005)

[Secs. 2(a)(1), 4c(a)–(d), 4d, 4f, 4g, 4k, 4m, 4n, 8a, 15 and 17, Commodity Exchange Act (7 U.S.C. 2, 4, 6c(a)–(d), 6f, 6g, 6k, 6m, 6n, 12a, 19 and 21; 5 U.S.C. 552 and 552b))

§4.14 Exemption from registration as a commodity trading advisor.

This section is organized as follows: Paragraph (a) of this section specifies the criteria that must be met to qualify for exemption from registration under this section, including the notice of exemption from registration and continuing obligations of persons who have claimed exemption under paragraph (a)(8) of this section; paragraph (b) of this section concerns “cash market transactions”; and paragraph (c) of this section specifies the effect of registration on a person who has claimed an exemption from registration under this section or who is eligible to claim an exemption from registration hereunder.

(a) A person is not required to register under the Act as a commodity trading advisor if:

(1) It is a dealer, processor, broker, or seller in cash market transactions of any commodity (or product thereof)
and the person’s commodity trading advice is solely incidental to the conduct of its cash market business;

(2) It is a non-profit, voluntary membership, trade association or farm organization and the person’s commodity trading advice is solely incidental to the conduct of its business as such association or organization;

(3) It is registered under the Act as an associated person and the person’s commodity trading advice is directed solely to, and for the sole use of, the pool or pools for which it is so registered;

(4) It is registered under the Act as a commodity pool operator and the person’s commodity trading advice is directed solely to, and for the sole use of, the pool or pools for which it is so exempt;

(5) It is registered under the Act as an introducing broker and the person’s trading advice is solely in connection with its business as an introducing broker;

(7)(i) It is registered under the Act as a leverage transaction merchant and the person’s trading advice is solely in connection with its business as a leverage transaction merchant;

(ii) It is registered under the Act as a retail foreign exchange dealer and the person’s trading advice is solely in connection with its business as a retail foreign exchange dealer.

(8) It is registered as an investment adviser under the Investment Advisers Act of 1940 or with the applicable securities regulatory agency of any State, or it is exempt from such registration, or it is excluded from the definition of the term “investment adviser” pursuant to the provisions of sections 202(a)(2) and 202(a)(11) of the Investment Advisers Act of 1940, Provided, That:

(i) The person’s commodity interest trading advice is directed solely to, and for the sole use of, one or more of the following:

(A) “Qualifying entities,” as that term is defined in §4.5(b), for which a notice of eligibility has been filed;

(B) Collective investment vehicles that are excluded from the definition of the term commodity “pool” under §4.5(a)(4); and

(C) Commodity pools that are organized and operated outside of the United States, its territories or possessions, where:

(1) The commodity pool operator of each such pool has not so organized and is not so operating the pool for the purpose of avoiding commodity pool operator registration;

(2) With the exception of the pool’s operator, advisor and their principals, solely “Non-United States persons,” as that term is defined in §4.7(a)(1)(iv), will contribute funds or other capital to, and will own beneficial interests in, the pool; Provided, That units of participation in the pool held by persons who do not qualify as Non-United States persons or otherwise as qualified eligible persons represent in the aggregate less than 10 percent of the beneficial interest of the pool;

(3) No person affiliated with the pool conducts any marketing activity for the purpose of, or that could reasonably have the effect of, soliciting participation from other than Non-United States persons; and

(4) No person affiliated with the pool conducts any marketing activity from within the United States, its territories or possessions; and

(D) A commodity pool operator who has claimed an exemption from registration under §4.13(a)(3), or, if registered as a commodity pool operator, who may treat each pool it operates that meets the criteria of §4.13(a)(3) as if it were not so registered; and

(ii) The person:

(A) Provides commodity interest trading advice solely incidental to its business of providing securities or other investment advice to qualifying entities, collective investment vehicles and commodity pools as described in paragraph (a)(8)(i) of this section; and

(B) Is not otherwise holding itself out as a commodity trading advisor.

(iii)(A) A person who desires to claim the relief from registration provided by this §4.14(a)(8) must file electronically a notice of exemption from commodity trading advisor registration with the National Futures Association through
its electronic exemption filing system. The notice must:

(1) Provide the name, main business address, main business telephone number, main facsimile number and main email address of the trading advisor claiming the exemption;

(2) Contain the section number pursuant to which the advisor is filing the notice (i.e., under § 4.14(a)(8)(i)) and represent that it will provide commodity interest advice to its clients in accordance with the criteria of that paragraph or paragraphs; and

(3) Be filed by a representative duly authorized to bind the person.

(B) The person must file the notice by no later than the time it delivers an advisory agreement for the trading program pursuant to which it will offer commodity interest advice to a client; Provided, That where the advisor is registered with the Commission as a commodity trading advisor, it must notify its clients in written communication physically delivered or delivered through electronic transmission that it intends to withdraw from registration and claim the exemption and must provide each such client with a right to terminate its advisory agreement prior to the person filing a notice of exemption from registration.

(C) The notice will be effective upon filing, provided the notice is materially complete.

(D) Annual notice. Each person who has filed a notice of exemption from registration under this section must affirm on an annual basis the notice of exemption from registration, withdraw such exemption due to the cessation of activities requiring registration or exemption therefrom, or withdraw such exemption and apply for registration within 60 days of the calendar year end through National Futures Association’s electronic exemption filing system.

(E) Each person who has filed a notice of exemption from registration under this section must, in the event that any of the information contained or representations made in the notice becomes inaccurate or incomplete, amend the notice electronically through National Futures Association’s electronic exemption filing system as may be necessary to render the notice accurate and complete. This amendment must be filed within 15 business days after the trading advisor becomes aware of the occurrence of such event.

(iv) Each person who has filed a notice of registration exemption under this § 4.14(a)(8) must:

(A)(1) Make and keep all books and records prepared in connection with its activities as a trading advisor, including all books and records demonstrating eligibility for and compliance with the applicable criteria for exemption under this section, for a period of five years from the date of preparation; and

(2) Keep such books and records readily accessible during the first two years of the five-year period. All such books and records must be available for inspection upon the request of any representative of the Commission, the United States Department of Justice, or any other appropriate regulatory agency; and

(B) Submit to such special calls as the Commission may make to demonstrate eligibility for and compliance with the applicable criteria for exemption under this section;

(9) It does not engage in any of the following activities:

(i) Directing client accounts; or

(ii) Providing commodity trading advice based on, or tailored to, the commodity interest or cash market positions or other circumstances or characteristics of particular clients; or

(10) If, as provided for in section 4m(1) of the Act, during the course of the preceding 12 months, it has not furnished commodity trading advice to more than 15 persons and it does not hold itself out generally to the public as a commodity trading advisor.

(i) For the purpose of paragraph (a)(10) of this section, the following are deemed a single person:

(A) A natural person, and:

(1) Any minor child of the natural person;

(2) Any relative, spouse, or relative of the spouse of the natural person who has the same principal residence;

(3) All accounts of which the natural person and/or the persons referred to in paragraph (a)(10)(I)(A) of this section are the only primary beneficiaries; and
(4) All trusts of which the natural person and/or the persons referred to in paragraph (a)(10)(i)(A) of this section are the only primary beneficiaries;

(B)(i) A corporation, general partnership, limited partnership, limited liability company, trust (other than a trust referred to in paragraph (a)(10)(i)(A)(4) of this section), or other legal organization (any of which are referred to hereinafter as a “legal organization”) that receives commodity interest trading advice based on its investment objectives rather than the individual investment objectives of its shareholders, partners, limited partners, members, or beneficiaries (any of which are referred to hereinafter as an “owner”); and

(2) Two or more legal organizations referred to in paragraph (a)(10)(i)(B)(1) of this section that have identical owners.

(ii) Special Rules. For the purpose of paragraph (a)(10) of this section:

(A) An owner must be counted in its own capacity as a person if the commodity trading advisor provides advisory services to the owner separate and apart from the advisory services provided to the legal organization; Provided, That the determination that an owner is a client will not affect the applicability of paragraph (a)(10) of this section with regard to any other owner;

(B)(1) A general partner of a limited partnership, or other person acting as a commodity trading advisor to the partnership, may count the limited partnership as one person; and

(2) A manager or managing member of a limited liability company, or any other person acting as a commodity trading advisor to the company, may count the limited liability company as one person.

(C) A commodity trading advisor that has its principal office and place of business outside of the United States, its territories or possessions must count only clients that are residents of the United States, its territories and possessions; a commodity trading advisor that has its principal office and place of business in the United States or in any territory or possession thereof must count all clients.

(iii) Holding Out. Any commodity trading advisor relying on paragraph (a)(10) of this section shall not be deemed to be holding itself out generally to the public as a commodity trading advisor, within the meaning of section 4m(1) of the Act, solely because it participates in a non-public offering of interests in a collective investment vehicle under the Securities Act of 1933.

(b) For purposes of this section, “cash market transactions” shall not include transactions involving contracts for the purchase or sale of a commodity for future delivery or transactions subject to Commission regulation under section 4c or 19 of the Act.

(c)(1) Subject to the provisions of paragraph (c)(2) of this section, if a person who is eligible for exemption from registration as a commodity trading advisor under this section nonetheless registers as a commodity trading advisor, the person must comply with the provisions of this part with respect to those clients for which it could have claimed an exemption from registration hereunder.

(2) If a person provides commodity interest trading advice to a client described in paragraph (a) of this section and to a client for which it must be, and is, registered as a commodity trading advisor, the person is exempt from the requirements applicable to a registered commodity trading advisor with respect to the clients so described; Provided, That the person furnishes in writing to each prospective client described in paragraph (a) of this section a statement that it will provide commodity interest trading advice to the client as if it was exempt from registration as a commodity trading advisor; Provided Further, That the person provides to each existing client described in paragraph (a) of this section a right to terminate its advisory agreement, and informs such client of that right no later than the time the person commences to provide commodity interest trading advice to the client as if
§ 4.15 Continued applicability of anti-fraud section.

The provisions of section 40 of the Act shall apply to any person even though such person is exempt from registration under this part 4, and it shall continue to be unlawful for any such person to violate section 40 of the Act.

[50 FR 15884, Apr. 23, 1985]

§ 4.16 Prohibited representations.

It shall be unlawful for any commodity pool operator, commodity trading advisor, principal thereof or person who solicits therefor to represent or imply in any manner whatsoever that such commodity pool operator or commodity trading advisor has been sponsored, recommended or approved, or that its abilities or qualifications have in any respect been passed upon, by the Commission, the Federal government or any agency thereof.

Subpart B—Commodity Pool Operators

§ 4.20 Prohibited activities.

(a)(1) Except as provided in paragraph (a)(2) of this section, a commodity pool operator must operate its pool as an entity cognizable as a legal entity separate from that of the pool operator.

(a)(2) The Commission may exempt a corporation from the requirements of paragraph (a)(1) of this section if:

(i) The corporation represents in writing to the Commission that each participant in its pool will be issued stock or other evidences of ownership in the corporation for all funds, securities or other property that the participant contributes for the purchase of an ownership interest in the pool;

(ii) The corporation demonstrates to the satisfaction of the Commission that it has established procedures adequate to assure compliance with paragraphs (b) and (c) of this section; and

(iii) The Commission finds that the exemption is not contrary to the public interest and to the purposes of the provision from which the exemption is sought.

(b) All funds, securities or other property received by a commodity pool operator from an existing or prospective pool participant for the purchase of an interest or as an assessment (whether voluntary or involuntary) on an interest in a pool that it operates or that it intends to operate must be received in the pool’s name.

(c) No commodity pool operator may commingle the property of any pool that it operates or that it intends to operate with the property of any other person.

(Approved by the Office of Management and Budget under control number 3038–0005)

Document in any material respect, the prospective participant must be in receipt of the Disclosure Document at least 48 hours prior to its subscription being accepted by the pool operator.

(2) For the purpose of the Disclosure Document delivery requirement, including any offering memorandum delivered pursuant to § 4.7(b)(1) or 4.12(b)(2)(i), the term “prospective pool participant” does not include a commodity pool operated by a pool operator that is the same as, or that controls, is controlled by, or is under common control with, the pool operator of the offered pool.

(b) The commodity pool operator may not accept or receive funds, securities or other property from a prospective participant unless the pool operator first receives from the prospective participant an acknowledgment signed and dated by the prospective participant stating that the prospective participant received a Disclosure Document for the pool. Where a Disclosure Document is delivered to a prospective pool participant by electronic means, in lieu of a manually signed and dated acknowledgment, the pool operator may establish receipt by electronic means that use a unique identifier to confirm the identity of the recipient of such Disclosure Document, Provided, however, That the requirement of §4.23(a)(3) to retain the acknowledgment specified in this paragraph (b) applies equally to such substitute evidence of receipt, which must be retained either in hard copy form or in another form approved by the Commission.

§ 4.22 Reporting to pool participants.

(a) Except as provided in paragraph (a)(4) or (a)(6) of this section, each commodity pool operator registered or required to be registered under the Act must periodically distribute to each participant in each pool that it operates, within 30 calendar days after the last date of the reporting period prescribed in paragraph (b) of this section, an Account Statement, which shall be presented in the form of a Statement of Operations and a Statement of Changes in Net Assets, for the prescribed period. These financial statements must be presented and computed in accordance with generally accepted accounting principles consistently applied. The Account Statement must be signed in accordance with paragraph (b) of this section.

(i) The portion of the Account Statement which must be presented in the form of a Statement of Operations must separately itemize the following information:

(ii) The change in unrealized net gain or loss on commodity interest positions during the reporting period;

(iii) The total amount of net gain or loss from all other transactions in which the pool engaged during the reporting period, including interest and dividends earned on funds not paid as premiums or used to margin the pool’s commodity interest positions;

(iv) The total amount of all management fees during the reporting period;

(v) The total amount of all advisory fees during the reporting period;

(vi) The total amount of all brokerage commissions during the reporting period;

(vii) The total amount of other fees for commodity interest and other investment transactions during the reporting period; and

(viii) The total amount of all other expenses incurred or accrued by the pool during the reporting period.

(2) The portion of the Account Statement that must be presented in the form of a Statement of Changes in Net Assets must separately itemize the following information:

(i) The net asset value of the pool as of the beginning of the reporting period;

(ii) The total amount of additions to the pool, whether voluntary or involuntary, made during the reporting period;

(iii) The total amount of withdrawals from and redemption of participation units in the pool, whether voluntary or involuntary, for the reporting period;

(iv) The total net income or loss of the pool during the reporting period;

(v) The net asset value of the pool as of the end of the reporting period; and

(vi)(A) The net asset value per outstanding participation unit in the pool as of the end of the reporting period, or

(B) The total value of the participant’s interest or share in the pool as of the end of the reporting period.

(3) The Account Statement must also disclose any material business dealings between the pool, the pool’s operator, commodity trading advisor, futures commission merchant, retail foreign exchange dealer, swap dealer, or the principals thereof that previously have not been disclosed in the pool’s Disclosure Document or any amendment thereto, other Account Statements or Annual Reports.

(4) For the purpose of the Account Statement delivery requirement, including any Account Statement distributed pursuant to §4.7(b)(2) or 4.12(b)(2)(ii), the term “participant” does not include a commodity pool operated by a pool operator that is the same as, or that controls, is controlled by, or is under common control with, the pool operator of a pool in which the commodity pool has invested.

(5) Where the pool is comprised of more than one ownership class or series, information for the series or class on which the account statement is reporting should be presented in addition to the information presented for the pool as a whole; except that, for a pool that is a series fund structured with a limitation on liability among the different series, the account statement is not required to include consolidated information for all series.

(6) A commodity pool operator of a pool that meets the conditions specified in paragraph (d)(2)(i) of this section and has filed notice pursuant to paragraph (d)(2)(ii) of this section may elect to follow the same accounting treatment with respect to the computation and presentation of the account statement.

(b) The Account Statement must be distributed at least monthly in the case of pools with net assets of more than $500,000 at the beginning of the pool’s fiscal year, and otherwise at least quarterly; Provided, however, That an Account Statement for the last reporting period of the pool’s fiscal year need not be distributed if the Annual Report required by paragraph (c) of this section is sent to pool participants within 45 calendar days after the end of the fiscal year. The requirement to distribute an Account Statement shall commence as of the date the pool is formed as specified in paragraph (g)(1) of this section.

(c) Except as provided in paragraph (c)(7) or (c)(8) of this section, each commodity pool operator registered or required to be registered under the Act must distribute an Annual Report to each participant in each pool that it operates, and must electronically submit a copy of the Report and key financial balances from the Report to the National Futures Association pursuant to the electronic filing procedures of the National Futures Association, within 90 calendar days after the end of the pool’s fiscal year or the permanent cessation of trading, whichever is earlier; Provided, however, that if during any calendar year the commodity pool operator did not operate a commodity pool, the pool operator must so notify the National Futures Association within 30 calendar days after the end of such calendar year. The Annual Report must be affirmed pursuant to paragraph (h) of this section and must contain the following:

1) The net asset value of the pool as of the end of each of the pool’s two preceding fiscal years.

2)(i) The net asset value per outstanding participation unit in the pool as of the end of each of the pool’s two preceding fiscal years, or

(ii) The total value of the participant’s interest or share in the pool as of the end of each of the pool’s two preceding fiscal years,

3) A Statement of Financial Condition as of the close of the pool’s fiscal year and preceding fiscal year.

4) Statements of Operations, and Changes in Net Assets, for the period between—

1) The later of:

(A) The date of the most recent Statement of Financial Condition delivered to the National Futures Association pursuant to this paragraph (c); or

(B) The date of the formation of the pool; and
Commodity Futures Trading Commission

§ 4.22

(i) The close of the pool’s fiscal year, together with Statements of Operations, and Changes in Net Assets for the corresponding period of the previous fiscal year.

(5) Appropriate footnote disclosure and such further material information as may be necessary to make the required statements not misleading. For a pool that invests in other funds, this information must include, but is not limited to, separately disclosing the amounts of income, management and incentive fees associated with each investment in an investee fund that exceeds five percent of the pool’s net assets. The management and incentive fees associated with an investment in an investee fund that is less than five percent of the pool’s net assets may be combined and reported in the aggregate with the income, management and incentive fees of other investee funds that, individually, represent an investment of less than five percent of the pool’s net assets. If the commodity pool operator is not able to obtain the specific amounts of management and incentive fees charged by an investee fund, the commodity pool operator must disclose the percentage amounts and computational basis for each such fee and include a statement that the CPO is not able to obtain the specific fee amounts for this fund;

(6) Where the pool is comprised of more than one ownership class or series, information for the series or class on which the financial statements are reporting should be presented in addition to the information presented for the pool as a whole; except that, for a pool that is a series fund structured with a limitation on liability among the different series, the financial statements are not required to include consolidated information for all series.

(7) For a pool that has ceased operation prior to, or as of, the end of the fiscal year, the commodity pool operator may provide the following, within 90 days of the permanent cessation of trading, in lieu of the annual report that would otherwise be required by § 4.22(c) or § 4.7(b)(3):

(1) The date of the most recent Statement of Financial Condition filed with the National Futures Association pursuant to this paragraph (c); or

(2) The date of the formation of the pool; and

(B) The close of the pool’s fiscal year or the date of the cessation of trading, whichever is earlier; and

(ii)(A) An explanation of the winding down of the pool’s operations and written disclosure that all interests in, and assets of, the pool have been redeemed, distributed or transferred on behalf of the participants;

(B) If all funds have not been distributed or transferred to participants by the time that the final report is issued, disclosure of the value of assets remaining to be distributed and an approximate timeframe of when the distribution will occur. If the commodity pool operator does not distribute the remaining pool assets within the timeframe specified, the commodity pool operator must provide written notice to each participant and to the National Futures Association that the distribution of the remaining assets of the pool has not been completed, the value of assets remaining to be distributed, and a timeframe of when the final distribution will occur.

(C) If the commodity pool operator will not be able to liquidate the pool’s assets in sufficient time to prepare, file and distribute the final annual report for the pool within 90 days of the permanent cessation of trading, the commodity pool operator must provide written notice to each participant and to National Futures Association disclosing:

(1) The value of investments remaining to be liquidated, the timeframe within which liquidation is expected to occur, any impediments to liquidation, and the nature and amount of any fees and expenses that will be charged to the pool prior to the final distribution of the pool’s funds;

(2) Which financial reports the commodity pool operator will continue to provide to pool participants from the time that trading ceased until the final annual report is distributed, and the frequency with which such reports will be provided, pursuant to the pool’s operative documents; and
(3) The timeframe within which the commodity pool operator will provide the final report.

(iii) A report filed pursuant to this paragraph (c)(7) that would otherwise be required by this paragraph (c) is not required to be audited in accordance with paragraph (d) of this section if the commodity pool operator obtains from all participants written waivers of their rights to receive an audited Annual Report, and at the time of filing the Annual Report with National Futures Association, certifies that it has received waivers from all participants. The commodity pool operator must maintain the waivers in accordance with §1.31 of this chapter and must make the waivers available to the Commission or National Futures Association upon request.

(8) For the purpose of the Annual Report distribution requirement, including any annual report distributed pursuant to §4.7(b)(3) or 4.12(b)(2)(iii), the term “participant” does not include a commodity pool operated by a pool operator that is the same as, or that controls, is controlled by, or is under common control with, the pool operator of a pool in which the commodity pool has invested; Provided, That the Annual Report of such investing pool contain financial statements that include such information as the Commission may specify concerning the operations of the pool in which the commodity pool has invested.

(d)(1) The financial statements in the Annual Report must be presented and computed in accordance with generally accepted accounting principles consistently applied and must be audited by an independent public accountant. The requirements of §1.16(g) of this chapter shall apply with respect to the engagement of such independent public accountants, except that any related notifications to be made may be made solely to the National Futures Association, and the certification must be in accordance with §1.16 of this chapter, except that the following requirements of that section shall not apply:

(i) All other references in §1.16 to the segregation requirements; and

(ii) Section 1.16(c)(5), (d)(2), (e)(2), and (f).

(2)(i) The financial statements in the Annual Report required by this section or by §4.7(b)(3) may be presented and computed in accordance with International Financial Reporting Standards issued by the International Accounting Standards Board if the following conditions are met:

(A) The pool is organized under the laws of a foreign jurisdiction;

(B) The Annual Report will include a condensed schedule of investments, or, if required by the alternate accounting standards, a full schedule of investments;

(C) The preparation of the pool’s financial statements under International Financial Reporting Standards is not inconsistent with representations set forth in the pool’s offering memorandum or other operative document that is made available to participants;

(D) Special allocations of ownership equity will be reported in accordance with §4.22(e)(2); and

(E) In the event that the International Financial Reporting Standards require consolidated financial statements for the pool, such as a feeder fund consolidating with its master fund, all applicable disclosures required by generally accepted accounting principles for the feeder fund must be presented with the reporting pool’s consolidated financial statements.

(ii) The commodity pool operator of a pool that meets the conditions specified in this paragraph (d)(2) may claim relief from the requirement in paragraph (d)(1) of this section by filing a notice with the National Futures Association, within 90 calendar days after the end of the pool’s fiscal year.

(A) The notice must contain the name, main business address, main telephone number and the National Futures Association registration identification number of the commodity pool operator, and name and the identification number of the commodity pool.

(B) The notice must include representations regarding the pool’s compliance with each of the conditions specified in §4.22(d)(2)(A) through (D), and, if applicable, (E); and
Commodity Futures Trading Commission

§ 4.22

(C) The notice must be signed by the commodity pool operator in accordance with paragraph (h) of this section.

(e)(1) The Statement of Operations required by this section must itemize brokerage commissions, management fees, advisory fees, incentive fees, interest income and expense, total realized net gain or loss from commodity interest trading, and change in unrealized net gain or loss on commodity interest positions during the pool’s fiscal year. Gains and losses on commodity interests need not be itemized by commodity or by specific delivery or expiration date.

(2)(i) Any share of a pool’s profits or transfer of a pool’s equity which exceeds the general partner’s or any other class’s share of profits computed on the general partner’s or other class’s pro rata capital contribution are “special allocations.” Special allocations of partnership equity or other interests must be recognized in the pool’s Statement of Operations in the same period as the net income, interest income, or other basis of computation of the special allocation is recognized. Special allocations must be recognized and classified either as an expense of the pool or, if not recognized as an expense of the pool, presented in the Statement of Operations as a separate, itemized allocation of the pool’s net income to arrive at net income available for pro rata distribution to all partners.

(ii) Special allocations of ownership interest also must be reported separately in the Statement of Partners’ Equity, in addition to the pro-rata allocations of net income, as to each class of ownership interest.

(3) Realized gains or losses on regulated commodities transactions presented in the Statement of Operations of a commodity pool may be combined with realized gains or losses from trading in non-commodity interest transactions, provided that the gains or losses to be combined are part of a related trading strategy.

(f)(1)(i) In the event the commodity pool operator finds that it cannot distribute the Annual Report for a pool that it operates within the time specified in paragraph (c) of this section without substantial undue hardship, it may file with the National Futures Association an application for extension of time to a specified date not more than 90 calendar days after the date as of which the Annual Report was to have been distributed. The application must be made by the pool operator and must:

(A) State the name of the pool for which the application is being made;

(B) State the reasons for the requested extension;

(C) Indicate that the inability to make a timely filing is due to circumstances beyond the control of the pool operator, if such is the case, and describe briefly the nature of such circumstances;

(D) Contain an undertaking to file the Annual Report on or before the date specified in the application; and

(E) Be filed with the National Futures Association prior to the date on which the Annual Report is due.

(ii) The application must be accompanied by a letter from the independent public accountant answering the following questions:

(A) What specifically are the reasons for the extension request?

(B) Do you have any indication from the part of your audit completed to date that would lead you to believe that the commodity pool operator was or is not meeting the recordkeeping requirements of this part or was or is not complying with the §4.20(c) prohibition on commingling of property of any pool with the property of any other person?

(iii) Within ten calendar days after receipt of an application for an extension of time, the National Futures Association shall:

(A) Notify the commodity pool operator of the grant or denial of the requested extension, or

(B) Indicate to the pool operator that additional time is required to analyze
§ 4.22
the request, in which case the amount of time needed will be specified.

(2) In the event a commodity pool operator finds that it cannot obtain information necessary to prepare annual financial statements for a pool that it operates within the time specified in either paragraph (c) of this section or § 4.7(b)(3)(i), as a result of the pool investing in another collective investment vehicle, it may claim an extension of time under the following conditions:

(i) The commodity pool operator must, within 90 calendar days of the end of the pool’s fiscal year, file a notice with the National Futures Association, except as provided in paragraph (f)(2)(v) of this section.

(ii) The notice must contain the name, main business address, main telephone number and the National Futures Association registration identification number of the commodity pool operator, and name and the identification number of the commodity pool.

(iii) The notice must state the date by which the Annual Report will be distributed and filed (the “Extended Date”), which must be no more than 180 calendar days after the end of the pool’s fiscal year. The Annual Report must be distributed and filed by the Extended Date.

(iv) The notice must include representations by the commodity pool operator that:

(A) The pool for which the Annual Report is being prepared has investments in one or more collective investment vehicles (the “Investments”);

(B) For all reports prepared under § 4.7(b)(3)(i) that are audited by an independent public accountant, the commodity pool operator has been informed by the independent public accountant engaged to audit the commodity pool’s financial statements that specified information required to complete the pool’s annual report is necessary in order for the accountant to render an opinion on the commodity pool’s financial statements. The notice must include the name, main business address, main telephone number, and contact person of the accountant; and

(C) The information specified by the accountant cannot be obtained in sufficient time for the Annual Report to be prepared, audited, and distributed before the Extended Date.

(D) For unaudited reports prepared under § 4.7(b)(3)(i), the commodity pool operator has been informed by the operators of the Investments that specified information required to complete the pool’s annual report cannot be obtained in sufficient time for the Annual Report to be prepared and distributed before the Extended Date.

(v) For each fiscal year following the filing of the notice described in paragraph (f)(2)(i) of this section, for a particular pool, it shall be presumed that the particular pool continues to invest in another collective investment vehicle and the commodity pool operator may claim the extension of time; Provided, however, that if the particular pool is no longer investing in another collective investment vehicle, then the commodity pool operator must file electronically with the National Futures Association an Annual Report within 90 days after the pool’s fiscal year-end accompanied by a notice indicating the change in the pool’s status.

(vi) Any notice or statement filed pursuant to this paragraph (f)(2) must be signed by the commodity pool operator in accordance with paragraph (h) of this section.

(g)(1) A commodity pool operator may initially elect any fiscal year for a pool, but the first fiscal year may not end more than one year after the pool’s formation. For purposes of this section, a pool shall be deemed to have elected the calendar year as the pool’s fiscal year.

(2) If a commodity pool operator elects a fiscal year other than the calendar year, it must give written notice of the election to all participants and must file the notice with the National Futures Association within 90 calendar days after the date of the pool’s formation. If this notice is not given, the pool operator will be deemed to have elected the calendar year as the pool’s fiscal year.

(3) The commodity pool operator must continue to use the elected fiscal
Commodity Futures Trading Commission § 4.23

year for the pool unless it provides written notice of any proposed change to all participants and files such notice with the National Futures Association at least 90 days before the change and the National Futures Association does not disapprove the change within 30 days after the filing of the notice.

(h)(1) Each Account Statement and Annual Report, including an Account Statement or Annual Report provided pursuant to §4.7(b) or 4.12(b), must contain an oath or affirmation that, to the best of the knowledge and belief of the individual making the oath or affirmation, the information contained in the document is accurate and complete; Provided, however, That it shall be unlawful for the individual to make such oath or affirmation if the individual knows or should know that any of the information in the document is not accurate and complete.

(2) Each oath or affirmation must be made by a representative duly authorized to bind the pool operator, and

(i) for the copy of a commodity pool’s Annual Report submitted to the National Futures Association, such representative shall satisfy the required oath or affirmation through compliance with the National Futures Association’s electronic filing procedures, and

(ii) for a commodity pool Account Statement or Annual Report distributed to participants, a facsimile of the manually signed oath or affirmation of such representative may be used so long as the manually signed original is retained in accordance with §4.23.

(3) For each manually signed oath or affirmation, there must be typed beneath the signed oath or affirmation:

(i) The name of the individual signing the document;

(ii) The capacity in which he is signing;

(iii) The name of the commodity pool operator for whom he is signing; and

(iv) The name of the commodity pool for which the document is being distributed.

(i) The Account Statement or Annual Report may be distributed to a pool participant by means of electronic media, a commodity pool operator must disclose to the participant that it intends to distribute electronically the Account Statement or Annual Report or both documents, as the case may be, absent objection from the participant, which objection, if any, the participant must make no later than 10 business days following its receipt of the disclosure.

(Approved by the Office of Management and Budget under control number 3038–0005)

(See Secs. 2(a)(1), 4(a)–(d), 4d, 4f, 4g, 4k, 4m, 4n, 6a, 15 and 17. Commodity Exchange Act (7 U.S.C. 2, 4, 6c(a)–(d), 6f, 6g, 6k, 6m, 6n, 12a, 19 and 21; 5 U.S.C. 552 and 552b))

§ 4.23 Recordkeeping.

Each commodity pool operator registered or required to be registered under the Act must make and keep the following books and records in an accurate, current and orderly manner at its main business office and in accordance with §1.31. All books and records required by this section except those required by paragraphs (a)(3), (a)(4), (b)(1), (b)(2) and (b)(3) must be made available to participants for inspection and copying during normal business hours at the main business office of the pool operator. Upon request, copies must be sent by mail to any participant within five business days if reasonable reproduction and distribution costs are paid by the pool participant. If the commodity pool operator’s main business office is outside of the United States, its territories or possessions, then upon the request of a Commission representative, the pool operator must provide such books and records as requested at the place in the United States, its territories or possessions designated by the representative within 72 hours after the pool operator receives the request.

(a) Concerning the commodity pool: (1) An itemized daily record of each commodity interest transaction of the pool, showing the transaction date,

quantity, commodity interest, and, as applicable, price or premium, delivery month or expiration date, whether a put or a call, strike price, underlying contract for future delivery or underlying commodity, swap type and counterparty, the futures commission merchant and/or retail foreign exchange dealer carrying the account and the introducing broker, if any, whether the commodity interest was purchased, sold (including, in the case of a retail forex transaction, offset), exercised, expired (including, in the case of a retail forex transaction, whether it was rolled forward), and the gain or loss realized.

(2) A journal of original entry or other equivalent record showing all receipts and disbursements of money, securities and other property.

(3) The acknowledgement specified by § 4.21(b) for each participant in the pool.

(4) A subsidiary ledger or other equivalent record for each participant in the pool showing the participant’s name and address and all funds, securities and other property that the pool received from or distributed to the participant.

(5) Adjusting entries and any other records of original entry or their equivalent forming the basis of entries in any ledger.

(6) A general ledger or other equivalent record containing details of all asset, liability, capital, income and expense accounts.

(7) Copies of each confirmation or acknowledgment of a commodity interest transaction of the pool, and each purchase and sale statement and each monthly statement for the pool received from a futures commission merchant, retail foreign exchange dealer or swap dealer.

(8) Cancelled checks, bank statements, journals, ledgers, invoices, computer generated records, and all other records, data and memoranda prepared or received in connection with the operation of the pool.

(9) The original or a copy of each report, letter, circular, memorandum, publication, writing, advertisement or other literature or advice (including the texts of standardized oral presentations and of radio, television, sem-
§ 4.24 General disclosures required.

Except as otherwise provided herein, a Disclosure Document must include the following information.

(a) Cautionary Statement. The following Cautionary Statement must be prominently displayed on the cover page of the Disclosure Document.

THE COMMODITY FUTURES TRADING COMMISSION HAS NOT PASSED UPON THE MERITS OF PARTICIPATING IN THIS COMMODITY POOL. THERFORE, BEFORE YOU DECIDE TO PARTICIPATE IN THIS COMMODITY POOL, YOU SHOULD CAREFULLY STUDY THIS DISCLOSURE DOCUMENT, INCLUDING A DESCRIPTION OF THE PRINCIPAL RISK FACTORS OF THIS INVESTMENT, AT PAGE (insert page number).

(b) Risk Disclosure Statement. (1) The following Risk Disclosure Statement must be prominently displayed immediately following any disclosures required to appear on the cover page of the Disclosure Document as provided by the Commission, by any applicable federal or state securities laws and regulations or by any applicable laws of non-United States jurisdictions.

RISK DISCLOSURE STATEMENT

YOU SHOULD CAREFULLY CONSIDER WHETHER YOUR FINANCIAL CONDITION PERMITS YOU TO PARTICIPATE IN A COMMODITY POOL. IN SO DOING, YOU SHOULD BE AWARE THAT COMMODITY INTEREST TRADING CAN QUICKLY LEAD TO LARGE LOSSES AS WELL AS GAINS. SUCH TRADING LOSSES CAN SHARPLY REDUCE THE NET ASSET VALUE OF THE POOL AND CONSEQUENTIAL THE VALUE OF YOUR INTEREST IN THE POOL. IN ADDITION, RESTRICTIONS ON REDEMPTIONS MAY AFFECT YOUR ABILITY TO WITHDRAW YOUR PARTICIPATION IN THE POOL. IN ADDITION, RESTRICTIONS ON REDEMPTIONS MAY AFFECT YOUR ABILITY TO WITHDRAW YOUR PARTICIPATION IN THE POOL.

FURTHER, COMMODITY POOLS MAY BE SUBJECT TO SUBSTANTIAL CHARGES FOR MANAGEMENT, AND ADVISORY AND BROKERAGE FEES. IT MAY BE NECESSARY FOR THOSE POOLS THAT ARE SUBJECT TO THESE CHARGES TO MAKE SUBSTANTIAL TRADING PROFITS TO AVOID DEPLETION OR EXHAUSTION OF THEIR ASSETS. THIS DISCLOSURE DOCUMENT CONTAINS A COMPLETE DESCRIPTION OF EACH EXPENSE TO BE CHARGED THIS POOL AT PAGE (insert page number) AND A STATEMENT OF THE PERCENTAGE RETURN NECESSARY TO BREAK EVEN, THAT IS, TO RECOVER THE AMOUNT OF YOUR INITIAL INVESTMENT, AT PAGE (insert page number).

THIS BRIEF STATEMENT CANNOT DISCLOSE ALL THE RISKS AND OTHER FACTORS NECESSARY TO EVALUATE YOUR PARTICIPATION IN THIS COMMODITY POOL. THEREFORE, BEFORE YOU DECIDE TO PARTICIPATE IN THIS COMMODITY POOL, YOU SHOULD CAREFULLY STUDY THIS DISCLOSURE DOCUMENT, INCLUDING A DESCRIPTION OF THE PRINCIPAL RISK FACTORS OF THIS INVESTMENT, AT PAGE (insert page number).

(2) If the pool may trade foreign futures or options contracts, the Risk Disclosure Statement must further state:

YOU SHOULD ALSO BE AWARE THAT THIS COMMODITY POOL MAY TRADE FOREIGN FUTURES OR OPTIONS CONTRACTS. TRANSACTIONS ON MARKETS LOCATED OUTSIDE THE UNITED STATES, INCLUDING MARKETS FORMALLY LINKED TO A UNITED STATES MARKET, MAY BE SUBJECT TO REGULATIONS.
WHICH OFFER DIFFERENT OR DIMINISHED PROTECTION TO THE POOL AND ITS PARTICIPANTS. FURTHER, UNITED STATES REGULATORY AUTHORITIES MAY BE UNABLE TO ENFORCE THE RULES OF REGULATORY AUTHORITIES OR MARKETS IN NON-UNITED STATES JURISDICTIONS WHERE TRANSACTIONS FOR THE POOL MAY BE EFFECTED.

(3) If the potential liability of a participant in the pool is greater than the amount of the participant’s contribution for the purchase of an interest in the pool and the profits earned thereon, whether distributed or not, the commodity pool operator must make the following additional statement in the Risk Disclosure Statement, to be prominently disclosed as the last paragraph thereof:

ALSO, BEFORE YOU DECIDE TO PARTICIPATE IN THIS POOL, YOU SHOULD NOTE THAT YOUR POTENTIAL LIABILITY AS A PARTICIPANT IN THIS POOL FOR TRADING LOSSES AND OTHER EXPENSES OF THE POOL IS NOT LIMITED TO THE AMOUNT OF YOUR CONTRIBUTION FOR THE PURCHASE OF AN INTEREST IN THE POOL, AND ANY PROFITS EARNED THEREON. A COMPLETE DESCRIPTION OF THE LIABILITY OF A PARTICIPANT IN THIS POOL IS EXPLAINED MORE FULLY IN THIS DISCLOSURE DOCUMENT.

(4) If the pool may engage in retail Forex transactions, the Risk Disclosure Statement must further state:

YOU SHOULD ALSO BE AWARE THAT THIS COMMODITY POOL MAY ENGAGE IN OFF-EXCHANGE FOREIGN CURRENCY TRADING. SUCH TRADING IS NOT CONDUCTED IN THE INTERBANK MARKET. THE FUNDS THAT THE POOL USES FOR OFF-EXCHANGE FOREIGN CURRENCY TRADING WILL NOT RECEIVE THE SAME PROTECTIONS AS FUNDS USED TO MARGIN OR GUARANTEE EXCHANGE-TRADED FUTURES AND OPTION CONTRACTS. IF THE POOL DEPOSITS SUCH FUNDS WITH A COUNTERPARTY AND THAT COUNTERPARTY BECOMES INSOLVENT, THE POOL’S CLAIM FOR AMOUNTS DEPOSITED OR PROFITS EARNED ON TRANSACTIONS WITH THE COUNTERPARTY MAY NOT BE TREATED AS A COMMODITY CUSTOMER CLAIM FOR PURPOSES OF SUBCHAPTER IV OF CHAPTER 7 OF THE BANKRUPTCY CODE AND THE REGULATIONS THEREUNDER. THE POOL MAY BE A GENERAL CREDITOR AND ITS CLAIM MAY BE PAID, ALONG WITH THE CLAIMS OF OTHER GENERAL CREDITORS, FROM ANY MONIES STILL AVAILABLE AFTER PRIORITY CLAIMS ARE PAID. EVEN POOL FUNDS THAT THE COUNTERPARTY KEEPS SEPARATE FROM ITS OWN FUNDS MAY NOT BE SAFE FROM THE CLAIMS OF PRIORITY AND OTHER GENERAL CREDITORS.

(5) If the pool may engage in swaps, the Risk Disclosure Statement must further state:

SWAPS TRANSACTIONS, LIKE OTHER FINANCIAL TRANSACTIONS, INVOLVE A VARIETY OF SIGNIFICANT RISKS. THE SPECIFIC RISKS PRESENTED BY A PARTICULAR SWAP TRANSACTION NECESSARILY DEPEND UPON THE TERMS OF THE TRANSACTION AND YOUR CIRCUMSTANCES. IN GENERAL, HOWEVER, ALL SWAPS TRANSACTIONS INVOLVE SOME COMBINATION OF MARKET RISK, CREDIT RISK, COUNTERPARTY CREDIT RISK, FUNDING RISK, LIQUIDITY RISK, AND OPERATIONAL RISK.

HIGHLY CUSTOMIZED SWAPS TRANSACTIONS IN PARTICULAR MAY INCREASE LIQUIDITY RISK, WHICH MAY RESULT IN A SUSPENSION OF REDEMPTIONS. HIGHLY LEVERAGED TRANSACTIONS MAY EXPERIENCE SUBSTANTIAL GAINS OR LOSSES IN VALUE AS A RESULT OF RELATIVELY SMALL CHANGES IN THE VALUE OR LEVEL OF AN UNDERLYING OR RELATED MARKET FACTOR.

IN EVALUATING THE RISKS AND CONTRACTUAL OBLIGATIONS ASSOCIATED WITH A PARTICULAR SWAP TRANSACTION, IT IS IMPORTANT TO CONSIDER THAT A SWAP TRANSACTION MAY BE MODIFIED OR TERMINATED ONLY BY MUTUAL CONSENT OF THE ORIGINAL PARTIES AND SUBJECT TO AGREEMENT ON INDIVIDUALLY NEGOTIATED TERMS. THEREFORE, IT MAY NOT BE POSSIBLE FOR THE COMMODITY POOL OPERATOR TO MODIFY, TERMINATE, OR OFFSET THE POOL’S OBLIGATIONS OR THE POOL’S EXPOSURE TO THE RISKS ASSOCIATED WITH A TRANSACTION PRIOR TO ITS SCHEDULED TERMINATION DATE.

(c) Table of contents. A table of contents showing, by subject matter, the location of the disclosures made in the Disclosure Document must appear immediately following the Risk Disclosure Statement.

(d) Information required in the forepart of the Disclosure Document. (1) The name, address of the main business office, main business telephone number and form of organization of the pool. If the mailing address of the main business office is a post office box number or is not within the United States, its
Commodity Futures Trading Commission

§ 4.24

territories or possessions, the pool operator must state where the pool’s books and records will be kept and made available for inspection;

(2) The name, address of the main business office, main business telephone number and form of organization of the commodity pool operator. If the mailing address of the main business office is a post office box number or is not within the United States, its territories or possessions, the pool operator must state where its books and records will be kept and made available for inspection;

(3) As applicable, a statement that the pool is:
   (i) Privately offered pursuant to section 4(2) of the Securities Act of 1933, as amended (15 U.S.C. 77d(2)), or pursuant to Regulation D thereunder (17 CFR 230.501 et seq.);
   (ii) A multi-advisor pool as defined in § 4.10(d)(2);
   (iii) A principal-protected pool as defined in § 4.10(d)(3); or
   (iv) Continuously offered. If the pool is not continuously offered, the closing date of the offering must be disclosed.

(4) The date when the commodity pool operator first intends to use the Disclosure Document; and

(5) The break-even point per unit of initial investment, as specified in § 4.10(j).

(e) Persons to be identified. The names of the following persons:
   (1) Each principal of the pool operator;
   (2) The pool’s trading manager, if any, and each principal thereof;
   (3) Each major investee pool, the operator of such investee pool, and each principal of the operator thereof;
   (4) Each major commodity trading advisor and each principal thereof;
   (5) Which of the foregoing persons will make trading decisions for the pool; and
   (6) If known, the futures commission merchant and/or retail foreign exchange dealer through which the pool will execute its trades, and, if applicable, the introducing broker through which the pool will introduce its trades to the futures commission merchant and/or retail foreign exchange dealer.

(f) Business background. (1) The business background, for the five years preceding the date of the Disclosure Document, of:
   (i) The commodity pool operator;
   (ii) The pool’s trading manager, if any;
   (iii) Each major commodity trading advisor;
   (iv) The operator of each major investee pool; and
   (v) Each principal of the persons referred to in this paragraph (f)(1) who participates in making trading or operational decisions for the pool or who supervises persons so engaged.

(2) The pool operator must include in the description of the business background of each person identified in § 4.24(f)(1) the name and main business of that person’s employers, business associations or business ventures and the nature of the duties performed by such person for such employers or in connection with such business associations or business ventures. The location in the Disclosure Document of any required past performance disclosure for such person must be indicated.

(g) Principal risk factors. A discussion of the principal risk factors of participation in the offered pool. This discussion must include, without limitation, risks relating to volatility, leverage, liquidity, counterparty creditworthiness, as applicable to the types of trading programs to be followed, trading structures to be employed and investment activity (including retail forex and swap transactions) expected to be engaged in by the offered pool.

(h) Investment program and use of proceeds. The pool operator must disclose the following:
   (1) The types of commodity interests and other interests which the pool will trade, including:
      (i) The approximate percentage of the pool’s assets that will be used to trade commodity interests, securities and other types of interests, categorized by type of commodity or market sector, type of swap, type of security (debt, equity, preferred equity), whether traded or listed on a regulated exchange market, maturity ranges and investment rating, as applicable;
      (ii) The extent to which such interests are subject to state or federal regulation, regulation by a non-United
§ 4.24

States jurisdiction or rules of a self-regulatory organization;

(iii)(A) The custodian or other entity (e.g., bank or broker-dealer) which will hold such interests; and

(B) If such interests will be held or if pool assets will be invested in a non-United States jurisdiction, the jurisdiction in which such interests or assets will be held or invested.

(2) A description of the trading and investment programs and policies that will be followed by the offered pool, including the method chosen by the pool operator concerning how futures commission merchants and/or retail foreign exchange dealers carrying the pool’s accounts shall treat offsetting positions pursuant to §1.46 of this chapter, if the method is other than to close out all offsetting positions or to close out offsetting positions on other than a first-in, first-out basis, and any material restrictions or limitations on trading required by the pool’s organizational documents or otherwise. This description must include, if applicable, an explanation of the systems used to select commodity trading advisors, investee pools and types of investment activity to which pool assets will be committed;

(3)(i) A summary description of the pool’s major commodity trading advisors, including their respective percentage allocations of pool assets, a description of the nature and operation of the trading programs such advisors will follow, including the types of interests traded pursuant to such programs, and each advisor’s historical experience trading such program including material information as to volatility, leverage and rates of return and the length of time during which the advisor has traded such program;

(ii) A summary description of the pool’s major investee pools or funds, including their respective percentage allocations of pool assets and a description of the nature and operation of such investee pools and funds, including for each investee pool or fund the types of interests traded, material information as to volatility, leverage and rates of return for such investee pool or fund and the period of its operation; and

(4)(i) The manner in which the pool will fulfill its margin requirements and the approximate percentage of the pool’s assets that will be held in segregation pursuant to the Act and the Commission’s regulations thereunder;

(ii) If the pool will fulfill its margin requirements with other than cash deposits, the nature of such deposits; and

(iii) If assets deposited by the pool as margin or as security deposit generate income, to whom that income will be paid.

(i) Fees and expenses. (1) The Disclosure Document must include a complete description of each fee, commission and other expense which the commodity pool operator knows or should know has been incurred by the pool for its preceding fiscal year and is expected to be incurred by the pool in its current fiscal year, including fees or other expenses incurred in connection with the pool’s participation in investee pools and funds.

(2) This description must include, without limitation:

(i) Management fees;

(ii) Brokerage fees and commissions, including interest income paid to futures commission merchants, and any fees incurred to maintain an open position in retail forex transactions;

(iii) Fees and commissions paid in connection with trading advice provided to the pool;

(iv) Fees and expenses incurred within investments in investee pools, investee funds and other collective investment vehicles, which fees and expenses must be disclosed separately for each investment tier;

(v) Incentive fees;

(vi) Any allocation to the commodity pool operator, or any agreement or understanding which provides the commodity pool operator with the right to receive a distribution, where such allocation or distribution is greater than a pro rata share of the pool’s profits based on the percentage of capital contributions made by the commodity pool operator;

(vii) Commissions or other benefits, including trailing commissions paid or that may be paid or accrue, directly or indirectly, to any person in connection with the solicitation of participations in the pool;

(2) Fees and expenses. (1) The Disclosure Document must include a complete description of each fee, commission and other expense which the commodity pool operator knows or should know has been incurred by the pool for its preceding fiscal year and is expected to be incurred by the pool in its current fiscal year, including fees or other expenses incurred in connection with the pool’s participation in investee pools and funds.

(2) This description must include, without limitation:

(i) Management fees;

(ii) Brokerage fees and commissions, including interest income paid to futures commission merchants, and any fees incurred to maintain an open position in retail forex transactions;

(iii) Fees and commissions paid in connection with trading advice provided to the pool;

(iv) Fees and expenses incurred within investments in investee pools, investee funds and other collective investment vehicles, which fees and expenses must be disclosed separately for each investment tier;

(v) Incentive fees;

(vi) Any allocation to the commodity pool operator, or any agreement or understanding which provides the commodity pool operator with the right to receive a distribution, where such allocation or distribution is greater than a pro rata share of the pool’s profits based on the percentage of capital contributions made by the commodity pool operator;

(vii) Commissions or other benefits, including trailing commissions paid or that may be paid or accrue, directly or indirectly, to any person in connection with the solicitation of participations in the pool;
Commodity Futures Trading Commission § 4.24

(viii) Professional and general administrative fees and expenses, including legal and accounting fees and office supplies expenses;

(ix) Organizational and offering expenses;

(x) Clearance fees and fees paid to national exchanges and self-regulatory organizations;

(xi) For principal-protected pools, any direct or indirect costs to the pool associated with providing the protection feature, as referred to in paragraph (o)(3) of this section; and

(xii) Any costs or fees included in the spread between bid and asked prices for retail forex or, if known, swap transactions; and

(xiii) Any other direct or indirect cost.

(3) Where any fee, commission or other expense is determined by reference to a base amount including, but not limited to, “net assets,” “allocation of assets,” “gross profits,” “net profits,” or “net gains,” the pool operator must explain how such base amount will be calculated, in a manner consistent with calculation of the break-even point.

(4) Where any fee, commission or other expense is based on an increase in the value of the pool, the pool operator must specify how the increase is calculated, the period of time during which the increase is calculated, the fee, commission or other expense to be charged at the end of that period and the value of the pool at which payment of the fee, commission or other expense commences.

(5) Where any fee, commission or other expense of the pool has been paid or is to be paid by a person other than the pool, the pool operator must disclose the nature and amount thereof and the person who paid or who is expected to pay it.

(6) The pool operator must provide, in a tabular format, an analysis setting forth how the break-even point for the pool was calculated. The analysis must include all fees, commissions and other expenses of the pool, as set forth in § 4.24(1)(2).

(j) Conflicts of interest. (1) A full description of any actual or potential conflicts of interest regarding any aspect of the pool on the part of:

(i) The commodity pool operator;

(ii) The pool’s trading manager, if any;

(iii) Any major commodity trading advisor;

(iv) The commodity pool operator of any major investee pool;

(v) Any principal of the persons described in paragraphs (j)(1)(i), (ii), (iii) and (iv) of this section; and

(vi) Any other person providing services to the pool, soliciting participants for the pool, acting as a counterparty to the pool’s retail forex or swap transactions, or acting as a swap dealer with respect to the pool.

(2) Any other material conflict involving the pool.

(3) Included in the description of such conflicts must be any arrangement whereby a person may benefit, directly or indirectly, from the maintenance of the pool’s account with the futures commission merchant and/or retail foreign exchange dealer and/or from the maintenance of the pool’s swap positions with a swap dealer, or from the introduction of the pool’s account to a futures commission merchant and/or retail foreign exchange dealer and/or swap dealer by an introducing broker (such as payment for order flow or soft dollar arrangements) or from an investment of pool assets in investee pools or funds or other investments.

(k) Related party transactions. A full description, including a discussion of the costs thereof to the pool, of any material transactions or arrangements for which there is no publicly disseminated price between the pool and any person affiliated with a person providing services to the pool.

(1) Litigation. (1) Subject to the provisions of § 4.24(1)(2), any material administrative, civil or criminal action, whether pending or concluded, within five years preceding the date of the Document, against any of the following persons; Provided, however, that a concluded action that resulted in an adjudication on the merits in favor of such person need not be disclosed:

(i) The commodity pool operator, the pool’s trading manager, if any, the pool’s major commodity trading advisors, and the operators of the pool’s major investee pools;
(ii) Any principal of the foregoing; and
(iii) The pool’s futures commission merchants and/or retail foreign exchange dealers and/or swap dealers and its introducing brokers, if any.

(2) With respect to a futures commission merchant and/or retail foreign exchange dealer and/or swap dealer or an introducing broker, an action will be considered material if:
(i) The action would be required to be disclosed in the notes to the futures commission merchant’s, retail foreign exchange dealer’s, swap dealer’s or introducing broker’s financial statements prepared pursuant to generally accepted accounting principles;
(ii) The action was brought by the Commission; Provided, however, that a concluded action that did not result in civil monetary penalties exceeding $50,000 need not be disclosed unless it involved allegations of fraud or other willful misconduct; or
(iii) The action was brought by any other federal or state regulatory agency, a non-United States regulatory agency or a self-regulatory organization and involved allegations of fraud or other willful misconduct.

(m) Trading for own account. If the commodity pool operator, the pool’s trading manager, any of the pool’s commodity trading advisors or any principal thereof trades or intends to trade commodity interests for its own account, the pool operator must disclose whether participants will be permitted to inspect the records of such person’s trades and any written policies related to such trading.

(n) Performance disclosures. Past performance must be disclosed as set forth in §4.25.

(o) Principal-protected pools. If the pool is a principal-protected pool as defined in §4.10(d)(3), the commodity pool operator must:
(1) Describe the nature of the principal protection feature intended to be provided, the manner by which such protection will be achieved, including sources of funding, and what conditions must be satisfied for participants to receive the benefits of such protection;
(2) Specify when the protection feature becomes operative; and
(3) Disclose, in the break-even analysis required by §4.24(i)(6), the costs of purchasing and carrying the assets to fund the principal protection feature or other limitation on risk, expressed as a percentage of the price of a unit of participation.

(p) Transferability and redemption. (1) A complete description of any restrictions upon the transferability of a participant’s interest in the pool; and
(2) A complete description of the frequency, timing and manner in which a participant may redeem interests in the pool. Such description must specify:
(i) How the redemption value of a participant’s interest will be calculated;
(ii) The conditions under which a participant may redeem its interest, including the cost associated therewith, the terms of any notification required and the time between the request for redemption and payment;
(iii) Any restrictions on the redemption of a participant’s interest, including any restrictions associated with the pool’s investments; and
(iv) Any liquidity risks relative to the pool’s redemption capabilities.

(q) Liability of pool participants. The extent to which a participant may be held liable for obligations of the pool in excess of the funds contributed by the participant for the purchase of an interest in the pool.

(r) Distribution of profits and taxation. (1) The pool’s policies with respect to the payment of distributions from profits or capital and the frequency of such payments;
(2) The federal income tax effects of such payments for a participant, including a discussion of the federal income tax laws applicable to the form of organization of the pool and to such payments therefrom; and
(3) If a pool is specifically structured to accomplish certain federal income tax objectives, the commodity pool operator must explain those objectives, the manner in which they will be achieved and any risks relative thereto.

(s) Inception of trading and other information. (1) The minimum aggregate subscriptions that will be necessary for
the pool to commence trading commodity interests;

(2) The minimum and maximum aggregate subscriptions that may be contributed to the pool;

(3) The maximum period of time the pool will hold funds prior to the commencement of trading commodity interests;

(4) The disposition of funds received if the pool does not receive the necessary amount to commence trading, including the period of time within which the disposition will be made; and

(5) Where the pool operator will deposit funds received prior to the commencement of trading by the pool, and a statement specifying to whom any income from such deposits will be paid.

(t) Ownership in pool. The extent of any ownership or beneficial interest in the pool held by the following:

(1) The commodity pool operator;

(2) The pool’s trading manager, if any;

(3) The pool’s major commodity trading advisors;

(4) The operators of the pool’s major investee pools; and

(5) Any principal of the foregoing.

(u) Reporting to pool participants. A statement that the commodity pool operator is required to provide all participants with monthly or quarterly (whichever applies) statements of account and with an annual report containing financial statements certified by an independent public accountant.

(v) Supplemental information. If any information, other than that required by Commission rules, the antifraud provisions of the Act, other federal or state laws or regulations, rules of a self-regulatory agency or laws of a non-United States jurisdiction, is provided, such information:

(1) May not be misleading in content or presentation or inconsistent with required disclosures;

(2) Is subject to the antifraud provisions of the Act and Commission rules and to rules regarding the use of promotional material promulgated by a registered futures association pursuant to section 17(j) of the Act, all supplemental information must be provided in the second part of the two-part document:

(i) Supplemental performance information (not including proprietary trading results as defined in §4.25(a)(8), or hypothetical, extracted, pro forma or simulated trading results) must be placed after all specifically required performance information; Provided, however, that required volatility disclosure may be included with the related required performance disclosure;

(ii) Supplemental non-performance information relating to a required disclosure may be included with the related required disclosure; and

(iii) Other supplemental information may be included after all required disclosures; Provided, however, that any proprietary trading results as defined in §4.25(a)(8), and any hypothetical, extracted, pro forma or simulated trading results included in the Disclosure Document must appear as the last disclosure therein following all required and non-required disclosures.

(w) Material information. Nothing set forth in §§4.21, 4.24, 4.25 or §4.26 shall relieve a commodity pool operator from any obligation under the Act or the regulations thereunder, including the obligation to disclose all material information to existing or prospective pool participants even if the information is not specifically required by such sections.

§ 4.25 Performance disclosures.

(a) General principles—(1) Capsule performance information—(i) For pools. Unless otherwise specified, disclosure of the past performance of a pool must include the following information. Amounts shown must be net of any fees, expenses or allocations to the commodity pool operator.

(A) The name of the pool;

(B) A statement as to whether the pool is:

(I) Privately offered pursuant to section 4(2) of the Securities Act of 1933,
as amended (15 U.S.C. 77d(2)), or pursuant to Regulation D thereunder (17 CFR 230.501 et seq.);

(2) A multi-advisor pool as defined in §4.10(d)(2); and

(3) A principal-protected pool as defined in §4.10(d)(3);

(C) The date of inception of trading;

(D) The aggregate gross capital subscriptions to the pool;

(E) The pool’s current net asset value;

(F) The largest monthly draw-down during the most recent five calendar years and year-to-date, expressed as a percentage of the pool’s net asset value and indicating the month and year of the draw-down (the capsule must include a definition of “draw-down” that is consistent with §4.10(k));

(G) The worst peak-to-valley draw-down during the most recent five calendar years and year-to-date, expressed as a percentage of the pool’s net asset value and indicating the months and year of the draw-down;

(H) Subject to §4.25(a)(2) for the offered pool, the annual and year-to-date rate of return for the pool for the most recent five calendar years and year-to-date, computed on a compounded monthly basis;

(ii) For accounts. Disclosure of the past performance of an account required under this §4.25 must include the following capsule performance information:

(A) The name of the commodity trading advisor or other person trading the account and the name of the trading program;

(B) The date on which the commodity trading advisor or other person trading the account began trading client accounts and the date when client funds began being traded pursuant to the trading program;

(C) The number of accounts directed by the commodity trading advisor or other person trading the account pursuant to the trading program specified, as of the date of the Disclosure Document;

(D)(I) The total assets under the management of the commodity trading advisor or other person trading the account, as of the date of the Disclosure Document; and

(2) The total assets traded pursuant to the trading program specified, as of the date of the Disclosure Document;

(E) The largest monthly draw-down for the trading program specified during the most recent five calendar years and year-to-date expressed as a percentage of client funds, and indicating the month and year of the draw-down;

(F) The worst peak-to-valley draw-down for the trading program specified during the most recent five calendar years and year-to-date, expressed as a percentage of net asset value and indicating the months and year of the draw-down;

(G) The annual and year-to-date rate-of-return for the program specified, computed on a compounded monthly basis.

(H) Partially-funded accounts directed by a commodity trading advisor may be presented in accordance with §4.35(a)(7).

(2) Additional requirements with respect to the offered pool. (i) The performance of the offered pool must be identified as such and separately presented first;

(ii) The rate of return of the offered pool must be presented on a monthly basis for the period specified in §4.25(a)(5), either in a numerical table or in a bar graph;

(iii) A bar graph used to present monthly rates of return for the offered pool:

(A) Must show percentage rate of return on the vertical axis and one-month increments on the horizontal axis;

(B) Must be scaled in such a way as to clearly show month-to-month differences in rates of return; and

(C) Must separately display numerical percentage annual rates of return for the period covered by the bar graph; and

(iv) The pool operator must make available upon request to prospective and existing participants all supporting data necessary to calculate monthly rates of return for the offered pool as specified in §4.25(a)(7), for the period specified in §4.25(a)(5).

(3) Additional requirements with respect to pools other than the offered pool. With respect to pools other than the offered
pool for which past performance is required to be presented under this section:

(i) Performance data for pools of the same class as the offered pool must be presented following the performance of the offered pool, on a pool-by-pool basis.

(ii) Pools of a different class than the offered pool must be presented less prominently and, unless such presentation would be misleading, may be presented in composite form; Provided, however, that:

(A) The Disclosure Document must disclose how the composite was developed;

(B) Pools of different classes or pools with materially different rates of return may not be presented in the same composite.

(iii) For the purpose of § 4.25(a)(3)(ii), the following, without limitation, shall be considered pools of different classes: Pools privately offered pursuant to section 4(2) of the Securities Act of 1933, as amended (15 U.S.C. 77d(2)), or pursuant to Regulation D thereunder (17 CFR 230.501 et seq.), and public offerings; and principal-protected and non-principal-protected pools. Multi-advisor pools as defined in § 4.10(d)(2) will be presumed to have materially different rates of return from those of non-multi-advisor pools absent evidence sufficient to demonstrate otherwise.

(iv) Material differences among the pools for which past performance is disclosed, including, without limitation, differences in leverage and use of different trading programs, must be described.

(4) Additional requirements with respect to accounts. (i) Unless such presentation would be misleading, past performance of accounts required to be presented under this section may be presented in composite form on a program-by-program basis using the format set forth in § 4.25(a)(1)(ii).

(ii) Accounts that differ materially with respect to rates of return may not be presented in the same composite.

(iii) The commodity pool operator must disclose all material differences among accounts included in a composite.

(5) Time period for required performance. All required performance information must be presented for the most recent five calendar years and year-to-date or for the life of the pool, account or trading program, if less than five years.

(6) Trading programs. If the offered pool will use any of the trading programs for which past performance is required to be presented, the Disclosure Document must so indicate.

(7) Calculation of, and recordkeeping concerning, performance information. (i) All performance information presented in a Disclosure Document, including performance information contained in any capsule and performance information not specifically required by Commission rules, must be current as of a date not more than three months preceding the date of the Document, and must be supported by the following amounts, calculated on an accrual basis of accounting in accordance with generally accepted accounting principles, as specified below or by a method otherwise approved by the Commission.

(A) The beginning net asset value for the period, which shall be the same as the previous period’s ending net asset value;

(B) All additions, whether voluntary or involuntary, during the period;

(C) All withdrawals and redemptions, whether voluntary or involuntary, during the period;

(D) The net performance for the period, which shall represent the change in the net asset value net of additions, withdrawals, and redemptions;

(E) The ending net asset value for the period, which shall represent the beginning net asset value plus or minus additions, withdrawals, redemptions and net performance;

(F) The rate of return for the period, which shall be calculated by dividing the net performance by the beginning net asset value or by a method otherwise approved by the Commission; and

(G) The number of units outstanding at the end of the period, if applicable.

(ii) All supporting documents necessary to substantiate the computation of such amounts must be maintained in accordance with §1.31.
§ 4.25

(8) Proprietary trading results. (i) Proprietary trading results may not be included in a Disclosure Document unless such performance is prominently labeled as proprietary and is set forth separately after all disclosures in accordance with §4.24(v), together with a discussion of any differences between such performance and the performance of the offered pool, including, but not limited to, differences in costs, leverage and trading methodology.

(ii) For the purposes of §4.24(v) and this §4.25(a), proprietary trading results means the performance of any pool or account in which fifty percent or more of the beneficial interest is owned or controlled by:

(A) The commodity pool operator, trading manager (if any), commodity trading advisor or any principal thereof;

(B) An affiliate or family member of the commodity pool operator, trading manager (if any) or commodity trading advisor; or

(C) Any person providing services to the pool.

(9) Required legend. Any past performance presentation, whether or not required by Commission rules, must be preceded by the following statement, prominently displayed:

PAST PERFORMANCE IS NOT NECESSARILY INDICATIVE OF FUTURE RESULTS.

(b) Performance disclosure when the offered pool has at least a three-year operating history. The commodity pool operator must disclose the performance of the offered pool, in accordance with paragraphs (a)(1)(i)(A) through (H) and (a)(2) of this §4.25; or

(ii) If the offered pool has no operating history, the pool operator must prominently display the following statement:

THIS POOL HAS NOT COMMENCED TRADING AND DOES NOT HAVE ANY PERFORMANCE HISTORY.

(2) Other performance of commodity pool operator. (i)(A) Except as provided in §4.25(a)(8), the commodity pool operator must disclose, for the period specified by §4.25(a)(5), the performance of each other pool operated by the pool operator (and by the trading manager if the offered pool has a trading manager) in accordance with paragraphs (a)(1)(i) (C) through (H) and (a)(3) of this §4.25, and the performance of each other account traded by the pool operator (and by the trading manager if the offered pool has a trading manager) in accordance with paragraphs (a)(1)(ii) (C) through (G) of this §4.25. If the trading manager has been delegated complete authority for the offered pool’s trading, and the trading manager’s performance is not materially different from that of the pool operator, the performance of the other pools operated by and accounts traded by the pool operator is not required to be disclosed.

(ii) If neither the pool operator or trading manager (if any), nor any of its trading principals has operated any...
other pools or traded any other accounts, the pool operator must prominently display the following statement: NEITHER THIS POOL OPERATOR (TRADING MANAGER, IF APPLICABLE) NOR ANY OF ITS TRADING PRINCIPALS HAS PREVIOUSLY OPERATED ANY OTHER POOLS OR TRADED ANY OTHER ACCOUNTS. If the commodity pool operator or trading manager, if applicable, is a sole proprietorship, reference to its trading principals may be deleted from the prescribed statement.

(3) Major commodity trading advisor performance. (i) The commodity pool operator must disclose the performance of any accounts (including pools) directed by a major commodity trading advisor in accordance with paragraphs (a)(1)(ii) (C) through (G) of this § 4.25.

(ii) If a major commodity trading advisor has not previously traded accounts, the pool operator must prominently display the following statement:

(name of the major commodity trading advisor), A COMMODITY TRADING ADVISOR THAT HAS DISCRETIONARY TRADING AUTHORITY OVER (percentage of the pool’s funds available for commodity interest trading allocated to that trading advisor) PERCENT OF THE POOL’S COMMODITY INTEREST TRADING HAS NOT PREVIOUSLY DIRECTED ANY ACCOUNTS.

(4) Major investee pool performance. (i) The commodity pool operator must disclose the performance of any major investee pool.

(ii) If a major investee pool has not commenced trading, the pool operator must prominently display the following statement:

(name of the major investee pool), AN INVESTEE POOL THAT IS ALLOCATED (percentage of the pool assets allocated to that investee pool) PERCENT OF THE POOL’S ASSETS HAS NOT COMMENCED TRADING.

(5) With respect to commodity trading advisors and investee pools for which performance is not required to be disclosed pursuant to § 4.25(c) (3) and (4), the pool operator must provide a summary description of the performance history of each of such advisors and pools including the following information, provided that where the pool operator uses a two-part document pursuant to the rules promulgated by a registered futures association pursuant to Section 17(j) of the Act, such summary description may be provided in the second part of the two-part document:

(i) Monthly return parameters (highs and lows);

(ii) Historical volatility and degree of leverage; and

(iii) Any material differences between the performance of such advisors and pools as compared to that of the offered pool’s major trading advisors and major investee pools.

(a)(1) Subject to paragraph (c) of this section, all information contained in the Disclosure Document and, where used, profile document, must be current as of the date of the Document; provided, however, that performance information may be current as of a date not more than three months prior to the date of the Document.

(2) No commodity pool operator may use a Disclosure Document or profile document dated more than nine months prior to the date of its use.

(b) The commodity pool operator must attach to the Disclosure Document the most current Account Statement and Annual Report for the pool required to be distributed in accordance with § 4.22; provided, however, that in lieu of the most current Account Statement the commodity pool operator may provide performance information for the pool current as of a date not more than sixty days prior to the date on which the Disclosure Document is distributed and covering the period since the most recent performance information contained in the Disclosure Document.

(c)(1) If the commodity pool operator knows or should know that the Disclosure Document or profile document is materially inaccurate or incomplete in any respect, it must correct that defect and must distribute the correction to:
§ 4.27 Additional reporting by advisors of certain large commodity pools.

(a) General definitions. For the purposes of this section:
(1) Commodity pool operator or CPO has the same meaning as commodity pool operator defined in section 1a(11) of the Commodity Exchange Act;
(2) Commodity trading advisor or CTA has the same meaning as defined in section 1a(12);
(3) Direct has the same meaning as defined in section 4.10(f);
(4) Net asset value or NAV has the same meaning as net asset value as defined in section 1a(10) of the Commodity Exchange Act;
(5) Reporting period means the reporting period as defined in the forms promulgated hereunder;
(b) Persons required to report. A reporting person is:
(1) Any commodity pool operator that is registered or required to be registered under the Commodity Exchange Act and the Commission's regulations thereunder; or
(2) Any commodity trading advisor that is registered or required to be registered under the Commodity Exchange Act and the Commission's regulations thereunder.

(c) Reporting.
(1) Except as provided in paragraph (c)(2) of this section, each reporting person shall file with the National Futures Association, a report with respect to the directed assets of each pool under the advisement of the commodity pool operator consistent with appendix A to this part or commodity trading advisor consistent with appendix C to this part.
(2) All financial information shall be reported in accordance with generally accepted accounting principles consistently applied.

(d) Investment advisers to private funds. Except as otherwise expressly provided in this section, CPOs and CTAs that are dually registered with the Securities and Exchange Commission and are required to file Form PF pursuant to the rules promulgated under the Investment Advisers Act of 1940, shall file Form PF with the Securities and Exchange Commission in lieu of filing...
such other reports with respect to private funds as may be required under this section. In addition, except as otherwise expressly provided in this section, CPOs and CTAs that are dually registered with the Securities and Exchange Commission and are required to file Form PF pursuant to the rules promulgated under the Investment Advisers Act of 1940, may file Form PF with the Securities and Exchange Commission in lieu of filing such other reports with respect to commodity pools that are not private funds as may be required under this section. Dually registered CPOs and CTAs that file Form PF with the Commission for purposes of any enforcement action regarding any false or misleading statement of a material fact in Form PF.

(e) Filing requirements. Each report required to be filed with the National Futures Association under this section shall:

(1)(i) Contain an oath and affirmation that, to the best of the knowledge and belief of the individual making the oath and affirmation, the information contained in the document is accurate and complete; Provided, however, That it shall be unlawful for the individual to make such oath or affirmation if the individual knows or should know that any of the information in the document is not accurate and complete and (ii) Each oath or affirmation must be made by a representative duly authorized to bind the CPO or CTA.

(2) Be submitted consistent with the National Futures Association’s electronic filing procedures.

(f) Termination of reporting requirement. All reporting persons shall continue to file such reports as are required under this section until the effective date of a Form 7W filed in accordance with the Commission’s regulations.

(g) Public records. Reports filed pursuant to this section shall not be considered Public Records as defined in §145.0 of this chapter.

[77 FR 17330, Mar. 26, 2012]

§ 4.30 Prohibited activities.

(a) Except as provided in paragraph (b) of this section, no commodity trading advisor may solicit, accept or receive from an existing or prospective client funds, securities or other property in the trading advisor’s name (or extend credit in lieu thereof) to purchase, margin, guarantee or secure any commodity interest of the client.

(b) The prohibition in paragraph (a) of this section shall not apply to:

(1) A futures commission merchant that is registered as such under the Act;

(2) A leverage transaction merchant that is registered as a commodity trading advisor under the Act;

(3) A retail foreign exchange dealer that is registered as such under the Act; or

(4) A swap dealer that is registered as such under the Act, with respect to funds, securities or other property accepted to purchase, margin, guarantee or secure any swap that is not cleared through a derivatives clearing organization.

[77 FR 54359, Sept. 5, 2012]

§ 4.31 Required delivery of Disclosure Document to prospective clients.

(a) Each commodity trading advisor registered or required to be registered under the Act must deliver or cause to be delivered to a prospective client a Disclosure Document containing the information set forth in §§4.34 and 4.35 for the trading program pursuant to which the trading advisor seeks to direct the client’s commodity interest account or to guide the client’s commodity interest trading by means of a systematic program that recommends specific transactions by no later than the time the trading advisor delivers to the prospective client an advisory agreement to direct or guide the client’s account; Provided, That any information distributed in advance of the delivery of the Disclosure Document to a prospective client is consistent with or amended by the information contained in the Disclosure Document and with the obligations of the commodity
trading advisor under the Act, the Commission’s regulations issued thereunder, and the laws of any other applicable federal or state authority; Provided further, That in the event such previously distributed information is amended by the Disclosure Document in any material respect, the prospective participant must be in receipt of the Disclosure Document at least 48 hours prior to the advisory agreement being accepted by the trading advisor.

(b) The commodity trading advisor may not enter into an agreement with a prospective client to direct the client’s commodity interest account or to guide the client’s commodity interest trading unless the trading advisor first receives from the prospective client an acknowledgment signed and dated by the prospective client stating that the client received a Disclosure Document for the trading program pursuant to which the trading advisor will direct his account or will guide his trading. Where a Disclosure Document is delivered to a prospective client by electronic means, in lieu of a manually signed and dated acknowledgment the trading advisor may establish receipt by electronic means that use a unique identifier to confirm the identity of the recipient of such Disclosure Document, Provided, however, That the requirement of §4.33(a)(2) to retain the acknowledgment specified in this paragraph (b) applies equally to such substitute evidence of receipt, which must be retained either in hard copy form or in another form approved by the Commission.

§ 4.32 [Reserved]

§ 4.33 Recordkeeping.

Each commodity trading advisor registered or required to be registered under the Act must make and keep the following books and records in an accurate, current and orderly manner at its main business office and in accordance with §1.31. If the commodity trading advisor’s main business office is located outside the United States, its territories or possessions, then upon the request of a Commission representative the trading advisor must provide such books and records as requested at the place designated by the representative in the United States, its territories or possessions within 72 hours after receipt of the request.

(a) Concerning the clients and subscribers of the commodity trading advisor:

(1) The name and address of each client and each subscriber.

(2) The acknowledgement specified in §4.31(b).

(3) All powers of attorney and other documents, or copies thereof, authorizing the commodity trading advisor to direct the commodity interest account of a client or subscriber.

(4) All other written agreements, or copies thereof, entered into by the commodity trading advisor with any client or subscriber.

(5) A list or other record of all commodity interest accounts of clients directed by the commodity trading advisor and of all transactions effected therefor.

(6) Copies of each confirmation or acknowledgment of a commodity interest transaction, and each purchase and sale statement and each monthly statement received from a futures commission merchant, a retail foreign exchange dealer or a swap dealer.

(7) The original or a copy of each report, letter, circular, memorandum, publication, writing, advertisement or other literature or advice (including the texts of standardized oral presentations and of radio, television, seminar or similar mass media presentations) distributed or caused to be distributed by the commodity trading advisor to any existing or prospective client or subscriber, showing the first date of distribution if not otherwise shown on the document.

(b) Concerning the commodity trading advisor:

(1) An itemized daily record of each commodity interest transaction of the commodity trading advisor, showing the transaction date, quantity, commodity interest, and, as applicable, price or premium, delivery month or expiration date, whether a put or a call, strike price, underlying contract for future delivery or underlying commodity, swap type and counterparty.
Commodity Futures Trading Commission

§ 4.34

the futures commission merchant and/or retail foreign exchange dealer carrying the account and the introducing broker, if any, whether the commodity interest was purchased, sold (including, in the case of a retail forex transaction, offset), exercised, expired (including, in the case of a retail forex transaction, whether it was rolled forward), and the gain or loss realized; Provided, however, that if the trading advisor is a counterparty to a swap, it must comply with the swap data recordkeeping and reporting requirements of part 45 of this chapter, as applicable.

(2) Each confirmation of a commodity interest transaction, each purchase and sale statement and each monthly statement furnished by a futures commission merchant or retail foreign exchange dealer to:

(i) The commodity trading advisor relating to a personal account of the trading advisor; and

(ii) Each principal of the trading advisor relating to a personal account of such principal.

(3) Books and records of all other transactions in all other business dealings in trading commodity interests and of all cash market transactions in which the commodity trading advisor and each principal thereof engages. Those books and records must include, as applicable, books and records of the type specified in paragraphs (a)(1) through (a)(7) of this section and in paragraphs (a)(1) through (a)(6) of § 4.23.

(Approved by the Office of Management and Budget under control number 3038-0005)

(Sees. 2(a)(1), 4(c)(a)(d), 4d, 4f, 4g, 4k, 4m, 4n, 4o, 15 and 17, Commodity Exchange Act (7 U.S.C. 2, 4, 6c(a)(d), 6f, 6g, 6k, 6m, 6n, 12a, 19 and 21; 5 U.S.C. 552 and 552b))

§ 4.34 General disclosures required.

Except as otherwise provided herein, a Disclosure Document must include the following information.

(a) Cautionary Statement. The following Cautionary Statement must be prominently displayed on the cover page of the Disclosure Document:

THE COMMODITY FUTURES TRADING COMMISSION HAS NOT PASSED UPON THE MERITS OF PARTICIPATING IN THIS TRADING PROGRAM NOR HAS THE COMMISSION PASSED ON THE ADEQUACY OR ACCURACY OF THIS DISCLOSURE DOCUMENT.

(b) Risk Disclosure Statement. (1) The following Risk Disclosure Statement must be prominently displayed immediately following any disclosures required to appear on the cover page of the Disclosure Document as provided by the Commission, by any applicable federal or state securities laws and regulations or by any applicable laws of non-United States jurisdictions:

RISK DISCLOSURE STATEMENT

THE RISK OF LOSS IN TRADING COMMODITY INTERESTS CAN BE SUBSTANTIAL. YOU SHOULD THEREFORE CAREFULLY CONSIDER WHETHER SUCH TRADING IS SUITABLE FOR YOU IN LIGHT OF YOUR FINANCIAL CONDITION. IN CONSIDERING WHETHER TO TRADE OR TO AUTHORIZE SOMEONE ELSE TO TRADE FOR YOU, YOU SHOULD BE AWARE OF THE FOLLOWING:

IF YOU PURCHASE A COMMODITY OPTION YOU MAY SUSTAIN A TOTAL LOSS OF THE PREMIUM AND OF ALL TRANSACTION COSTS.

IF YOU PURCHASE OR SELL A COMMODITY FUTURES CONTRACT OR SELL A COMMODITY OPTION OR ENGAGE IN OFF-EXCHANGE FOREIGN CURRENCY TRADING YOU MAY SUSTAIN A TOTAL LOSS OF THE INITIAL MARGIN FUNDS OR SECURITY DEPOSIT AND ANY ADDITIONAL FUNDS THAT YOU DEPOSIT WITH YOUR BROKER TO ESTABLISH OR MAINTAIN YOUR POSITION. IF THE MARKET MOVES AGAINST YOUR POSITION, YOU MAY BE CALLED UPON BY YOUR BROKER TO DEPOSIT A SUBSTANTIAL AMOUNT OF ADDITIONAL MARGIN FUNDS, ON SHORT NOTICE, IN ORDER TO MAINTAIN YOUR POSITION. IF YOU DO NOT PROVIDE THE REQUESTED FUNDS WITHIN THE PRESCRIBED TIME, YOUR POSITION MAY BE LIQUIDATED AT A LOSS, AND YOU WILL BE LIABLE FOR ANY RESULTING DEFICIT IN YOUR ACCOUNT.

UNDER CERTAIN MARKET CONDITIONS, YOU MAY FIND IT DIFFICULT OR IMPOSSIBLE TO LIQUIDATE A POSITION. THIS CAN OCCUR, FOR EXAMPLE, WHEN THE MARKET MAKES A "LIMIT MOVE." THE PLACEMENT OF CONTINGENT ORDERS BY YOU OR YOUR TRADING ADVISOR, SUCH AS A "STOP-LOSS" OR "STOP-LIMIT" ORDER, WILL NOT NECESSARILY LIMIT YOUR LOSSES TO THE INTENDED
AMOUNTS, SINCE MARKET CONDITIONS MAY MAKE IT IMPOSSIBLE TO EXECUTE SUCH ORDERS.

A "SPREAD" POSITION MAY NOT BE LESS RISKY THAN A SIMPLE "LONG" OR "SHORT" POSITION.

THE HIGH DEGREE OF LEVERAGE THAT IS OFTEN OBTAINABLE IN COMMODITY INTEREST TRADING CAN WORK AGAINST YOU AS WELL AS FOR YOU. THE USE OF LEVERAGE CAN LEAD TO LARGE LOSSES AS WELL AS GAINS.

IN SOME CASES, MANAGED COMMODITY ACCOUNTS ARE SUBJECT TO SUBSTANTIAL CHARGES FOR MANAGEMENT AND ADVISORY FEES. IT MAY BE NECESSARY FOR THOSE ACCOUNTS THAT ARE SUBJECT TO THESE CHARGES TO MAKE SUBSTANTIAL TRADING PROFITS TO AVOID DEPLETION OR EXHAUSTION OF THEIR ASSETS. THIS DISCLOSURE DOCUMENT CONTAINS, AT PAGE (insert page number), A COMPLETE DESCRIPTION OF EACH FEE TO BE CHARGED TO YOUR ACCOUNT BY THE COMMODITY TRADING ADVISOR.

THIS BRIEF STATEMENT CANNOT DISCLOSE ALL THE RISKS AND OTHER SIGNIFICANT ASPECTS OF THE COMMODITY INTEREST MARKETS. YOU SHOULD THEREFORE CAREFULLY STUDY THIS DISCLOSURE DOCUMENT AND COMMODITY INTEREST TRADING BEFORE YOU TRADE, INCLUDING THE DESCRIPTION OF THE PRINCIPAL RISK FACTORS OF THIS INVESTMENT, AT PAGE (insert page number).

(2)(i) If the commodity trading advisor may trade foreign futures or options contracts pursuant to the offered trading program, the Risk Disclosure Statement must further state the following:

YOU SHOULD ALSO BE AWARE THAT THIS COMMODITY TRADING ADVISOR MAY ENGAGE IN OFF-EXCHANGE FOREIGN CURRENCY TRADING. SUCH TRADING IS NOT CONDUCTED IN THE INTERBANK MARKET. THE FUNDS DEPOSITED WITH A COUNTERPARTY FOR SUCH TRANSACTIONS WILL NOT RECEIVE THE SAME PROTECTIONS AS FUNDS USED TO MARGIN OR GUARANTEE EXCHANGE-TRADED FUTURES AND OPTION CONTRACTS. IF THE COUNTERPARTY BECOMES INSOLVENT AND YOU HAVE A CLAIM FOR AMOUNTS DEPOSITED OR PROFITS EARNED ON TRANSACTIONS WITH THE COUNTERPARTY, YOUR CLAIM MAY NOT BE TREATED AS A COMMODITY CUSTOMER CLAIM FOR PURPOSES OF SUBCHAPTER IV OF CHAPTER 7 OF THE BANKRUPTCY CODE AND REGULATIONS THEREUNDER. YOU MAY BE A GENERAL CREDITOR AND YOUR CLAIM MAY BE PAID, ALONG WITH THE CLAIMS OF OTHER GENERAL CREDITORS, FROM ANY FUNDS STILL AVAILABLE AFTER PRIORITY CLAIMS ARE PAID. EVEN FUNDS THAT THE COUNTERPARTY KEEPS SEPARATE FROM ITS OWN FUNDS MAY NOT BE SAFE FROM THE CLAIMS OF PRIORITY AND OTHER GENERAL CREDITORS.

FURTHER, YOU SHOULD CAREFULLY REVIEW THE INFORMATION CONTAINED IN THE RISK DISCLOSURE STATEMENT OF THE FUTURES COMMISSION MERCHANT OR RETAIL FOREIGN EXCHANGE DEALER THAT YOU SELECT TO CARRY YOUR ACCOUNT.

(3) If the commodity trading advisor is not also a registered futures commission merchant or a registered retail foreign exchange dealer, the trading advisor must make the following statement in the Risk Disclosure Statement, to be included as the last paragraph thereof:

THIS COMMODITY TRADING ADVISOR IS PROHIBITED BY LAW FROM ACCEPTING FUNDS IN THE TRADING ADVISOR'S NAME FROM A CLIENT FOR TRADING COMMODITY INTERESTS. YOU MUST PLACE ALL FUNDS FOR TRADING IN THIS TRADING PROGRAM DIRECTLY WITH A FUTURES COMMISSION MERCHANT OR RETAIL FOREIGN EXCHANGE DEALER, AS APPLICABLE.
(4) If the commodity trading advisor may engage in swaps, the Risk Disclosure Statement must further state:

SWAPS TRANSACTIONS, LIKE OTHER FINANCIAL TRANSACTIONS, INVOLVE A VARIETY OF SIGNIFICANT RISKS. THE SPECIFIC RISKS PRESENTED BY A PARTICULAR SWAP TRANSACTION NECESSARILY DEPEND UPON THE TERMS OF THE TRANSACTION AND YOUR CIRCUMSTANCES. IN GENERAL, HOWEVER, ALL SWAPS TRANSACTIONS INVOLVE SOME COMBINATION OF MARKET RISK, CREDIT RISK, FUNDING RISK, AND OPERATIONAL RISK.

HIGHLY CUSTOMIZED SWAPS TRANSACTIONS IN PARTICULAR MAY INCREASE LIQUIDITY RISK, WHICH MAY RESULT IN YOUR ABILITY TO WITHDRAW YOUR FUNDS BEING LIMITED. HIGHLY LEVERAGED TRANSACTIONS MAY EXPERIENCE SUBSTANTIAL GAINS OR LOSSES IN VALUE AS A RESULT OF RELATIVELY SMALL CHANGES IN THE VALUE OR LEVEL OF AN UNDERLYING OR RELATED MARKET FACTOR.

(2) The date when the commodity trading advisor first intends to use the Disclosure Document.

(e) Persons to be identified. The names of the following persons:

(1) Each principal of the trading advisor;

(2) The futures commission merchant and/or retail foreign exchange dealer with which the commodity trading advisor will require the client to maintain its account or, if the client is free to choose the futures commission merchant or retail foreign exchange dealer with which it will maintain its account, the trading advisor must make a statement to that effect; and

(3) The introducing broker through which the commodity trading advisor will require the client to introduce its account or, if the client is free to choose the introducing broker through which it will introduce its account, the trading advisor must make a statement to that effect.

(f) Business background. (1) The business background, for the five years preceding the date of the Disclosure Document, of:

(i) The commodity trading advisor; and

(ii) Each principal of the trading advisor who participates in making trading or operational decisions for the trading advisor or supervises persons so engaged.

(2) The trading advisor must include in the description of the business background of each person identified in §4.34(f)(1) the name and main business of that person’s employers, business associations or business ventures and the nature of the duties performed by such person for such employers or in connection with such business associations or business ventures. The location in the Disclosure Document of any required past performance disclosure for such person must be indicated.

(g) Principal risk factors. A discussion of the principal risk factors of this trading program. This discussion must include, without limitation, risks due to volatility, leverage, liquidity, and counterparty creditworthiness, as applicable to the trading program and the types of transactions and investment
activity expected to be engaged in pursuant to such program (including retail forex and swap transactions, if any).

(h) Trading program. A description of the trading program, which must include the method chosen by the commodity trading advisor concerning how futures commission merchants and/or retail foreign exchange dealers carrying accounts it manages shall treat offsetting positions pursuant to §1.46 of this chapter, if the method is other than to close out all offsetting positions or to close out offsetting positions on other than a first-in, first-out basis, and the types of commodity interests and other interests the commodity trading advisor intends to trade, with a description of any restrictions or limitations on such trading established by the trading advisor or otherwise.

(i) Fees. A complete description of each fee which the commodity trading advisor will charge the client.

(1) Wherever possible, the trading advisor must specify the dollar amount of each such fee.

(2) Where any fee is determined by reference to a base amount including, but not limited to, “net assets,” “gross profits,” “net profits,” “net gains,” “pips” or “bid-asked spread,” the trading advisor must explain how such base amount will be calculated. Where any fee is based on the difference between bid and asked prices on retail forex or swap transactions, the trading advisor must explain how such fee will be calculated;

(3) Where any fee is based on an increase in the value of the client’s commodity interest account, the trading advisor must specify how that increase is calculated, the period of time during which the increase is calculated, the fee to be charged at the end of that period and the value of the account at which payment of the fee commences.

(j) Conflicts of interest. (1) A full description of any actual or potential conflicts of interest regarding any aspect of the trading program on the part of:

(i) The commodity trading advisor;

(ii) Any futures commission merchant and/or retail foreign exchange dealer with which the client will be required to maintain its commodity interest account;

(iii) Any introducing broker through which the client will be required to introduce its account to a futures commission merchant and/or retail foreign exchange dealer; and

(iv) Any principal of the foregoing.

(2) Any other material conflict involving any aspect of the offered trading program.

(3) Included in the description of any such conflict must be any arrangement whereby the trading advisor or any principal thereof may benefit, directly or indirectly, from the maintenance of the client’s commodity interest account with a futures commission merchant and/or retail foreign exchange dealer, and/or from the maintenance of the client’s swap positions with a swap dealer or from the introduction of such account through an introducing broker (such as payment for order flow or soft dollar arrangements).

(k) Litigation. (1) Subject to the provisions of §4.34(k)(2), any material administrative, civil or criminal action, whether pending or concluded, within five years preceding the date of the Document, against any of the following persons; Provided, however, that a concluded action that resulted in an adjudication on the merits in favor of such person need not be disclosed:

(i) The commodity trading advisor and any principal thereof;

(ii) Any futures commission merchant or retail foreign exchange dealer with which the client will be required to maintain its commodity interest account; and

(iii) Any introducing broker through which the client will be required to introduce its account to the futures commission merchant and/or retail foreign exchange dealer and/or swap dealer.

(2) With respect to a futures commission merchant, retail foreign exchange dealer, swap dealer or introducing broker, an action will be considered material if:

(i) The action would be required to be disclosed in the notes to the futures commission merchant’s, retail foreign exchange dealer’s, swap dealer’s or introducing broker’s financial statements prepared pursuant to generally accepted accounting principles;
(ii) The action was brought by the Commission; Provided, however, that a concluded action that did not result in civil monetary penalties exceeding $50,000 need not be disclosed unless it involved allegations of fraud or other willful misconduct; or

(iii) The action was brought by any other federal or state regulatory agency, a non-United States regulatory agency or a self-regulatory organization and involved allegations of fraud or other willful misconduct.

Trading for own account. If the commodity trading advisor or any principal thereof trades or intends to trade commodity interests for its own account, the trading advisor must disclose whether clients will be permitted to inspect the records of such person’s trading and any written policies related to such trading.

(m) Performance disclosures. Past performance must be disclosed as set forth in § 4.35.

(n) Supplemental information. If any information, other than that required by Commission rules, the antifraud provisions of the Act, other federal or state laws and regulations, any rules of a self-regulatory agency or laws of a non-United States jurisdiction, is provided, such information:

1. May not be misleading in content or presentation or inconsistent with the required disclosures;

2. Is subject to the antifraud provisions of the Act and Commission rules, and to rules regarding the use of promotional material promulgated by a registered futures association pursuant to section 17(j) of the Act; and

3. Must be placed as follows, unless otherwise specified by Commission rules:

(i) Supplemental performance information (not including proprietary trading results as defined in § 4.35(a)(7), and any hypothetical, extracted, pro forma or simulated trading results included in the Disclosure Document) shall appear as the last disclosure therein following all required and non-required disclosures.

(o) Material information. Nothing set forth in §§ 4.31, 4.34, 4.35 or 4.36 shall relieve a commodity trading advisor from any obligation under the Act or the regulations thereunder, including the obligation to disclose all material information to existing or prospective clients even if the information is not specifically required by such sections.

§ 4.35 Performance disclosures.

(a) General principles—(1) Capsule performance information. Unless otherwise specified, disclosure of the past performance of an account or trading program required under this § 4.35 must include the following information:

(i) The name of the commodity trading advisor or other person trading the account and the name of the trading program;

(ii) The date on which the commodity trading advisor or other person trading the account began trading client accounts and the date when client funds began being traded pursuant to the trading program;

(iii) The number of accounts directed by the trading advisor or other person trading specified, as of the date of the Disclosure Document;

(iv)(A) The total assets under the management of the trading advisor or other person trading the account pursuant to the trading program specified, as of the date of the Disclosure Document; and

(B) The total assets traded pursuant to the trading program specified, as of the date of the Disclosure Document;

(v) The largest monthly draw-down for the account or trading program specified during the most recent five calendar year and year-to-date expressed as a percentage of client funds and indicating the month and year of...
§ 4.35  
the draw-down (the capsule must include a definition of “draw-down” that is consistent with §4.10(k));

(vi) The worst peak-to-valley drawdown for the trading program specified during the most recent five calendar year and year-to-date, expressed as a percentage of net asset value and indicating the months and year of the draw-down;

(vii) Subject to §4.35(a)(2) for the offered trading program, the annual and year-to-date rate-of-return for the program specified for the five most recent calendar years and year-to-date, computed on a compounded monthly basis; Provided, however, That performance of the offered trading program must include monthly rates of return for such period; and

(viii) In the case of the offered trading program:

(A)(1) The number of accounts traded pursuant to the offered trading program that were opened and closed during the period specified in §4.35(a)(5) with a positive net lifetime rate of return as of the date the account was closed; and

(2) A measure of the variability of returns for accounts that were both opened and closed during the period specified in §4.35(a)(5) and closed with positive net lifetime rates of return; and

(B)(1) The number of accounts traded pursuant to the offered trading program that were opened and closed during the period specified in §4.35(a)(5) with negative net lifetime rates of return as of the date the account was closed; and

(2) A measure of the variability of returns for accounts that were both opened and closed during the period specified in §4.35(a)(5) and closed with negative net lifetime rates of return.

(C) The measure of variability required by §§4.35(a)(1)(viii)(A)(2) and (B)(2) may be provided as a range of both positive and negative net lifetime returns, or by any other form of disclosure that meets the objective of disclosure of the variability of returns experienced by clients in the trading program whose accounts were opened and closed during the period specified in §4.35(a)(5). The net lifetime rate of return shall be calculated as the compounded product of the monthly rates of return for each month the account is open.

(2) Additional requirements with respect to the offered trading program. (i) The performance of the offered trading program must be identified as such and separately presented first;

(ii) The rate of return of the offered trading program must be presented on a monthly basis for the period specified in §4.35(a)(5), either in a numerical table or in a bar graph;

(iii) A bar graph used to present monthly rates of return for the offered trading program:

(A) Must show percentage rate of return on the vertical axis and one-month increments on the horizontal axis;

(B) Must be scaled in such a way as to clearly show month-to-month differences in rates of return; and

(C) Must separately display numerical percentage annual rates of return for the period covered by the bar graph; and

(iv) The commodity trading advisor must make available to prospective and existing clients upon request a table showing at least quarterly the information required to be calculated pursuant to §4.33(a)(6).

(3) Composite presentation. (i) Unless such presentation would be misleading, the performance of accounts traded pursuant to the same trading program may be presented in composite form on a program-by-program basis, using the format set forth in §4.35(a)(1).

(ii) Accounts that differ materially with respect to rates of return may not be presented in the same composite.

(iii) The commodity trading advisor must discuss all material differences among the accounts included in a composite.

(4) Current information. All performance information presented in the Disclosure Document must be current as of a date not more than three months preceding the date of the Document.

(5) Time period for required performance. All required performance information must be presented for the most recent five calendar years and year-to-date or for the life of the trading program or account, if less than five years.
(6) Calculation of, and recordkeeping concerning, performance information. (i) All performance information presented in a Disclosure Document, including performance information contained in any capsule and performance information not specifically required by Commission rules, must be current as of a date not more than three months preceding the date of the Document, and must be supported by the following amounts, calculated on an accrual basis of accounting in accordance with generally accepted accounting principles, as specified below or by a method otherwise approved by the Commission.

(A) The beginning net asset value for the period, which shall represent the previous period’s ending net asset value;

(B) All additions, whether voluntary or involuntary, during the period;

(C) All withdrawals and redemptions, whether voluntary or involuntary, during the period;

(D) The net performance for the period, which shall represent the change in the net asset value net of additions, withdrawals, redemptions, fees and expenses;

(E) The ending net asset value for the period, which shall represent the beginning net asset value plus or minus additions, withdrawals and redemptions, and net performance; and

(F) The rate of return for the period, computed on a compounded monthly basis, which shall be calculated by dividing the net performance by the beginning net asset value.

(ii) All supporting documents necessary to substantiate the computation of such amounts must be maintained in accordance with §1.31.

(7) Performance of partially-funded accounts. Notwithstanding the foregoing, a commodity trading advisor will be deemed in compliance with this §4.35(a) concerning the performance of partially-funded accounts if the commodity trading advisor presents the performance of such accounts in a manner that is balanced and is not in violation of the antifraud provisions of the Commodity Exchange Act or the Commission’s regulations thereunder.

(8) Proprietary trading results. (i) Proprietary trading results shall not be included in a Disclosure Document unless such performance is prominently labeled as proprietary and is set forth separately after all disclosures in accordance with §4.34(n), together with a discussion of any differences between such performance and the performance of the offered trading program, including, but not limited to, differences in costs, leverage and trading.

(ii) For the purposes of §4.34(n) and this §4.35(a), proprietary trading results means the performance of any account in which fifty percent or more of the beneficial interest is owned or controlled by:

(A) The commodity trading advisor or any of its principals;

(B) An affiliate or family member of the commodity trading advisor; or

(C) Any person providing services to the account.

(9) Required legend. Any past performance presentation, whether or not required by Commission rules, must be preceded with the following statement, prominently displayed:

PAST PERFORMANCE IS NOT NECESSARILY INDICATIVE OF FUTURE RESULTS.

(b) Performance to be disclosed. Except as provided in §4.35(a)(7), the commodity trading advisor must disclose the actual performance of all accounts directed by the commodity trading advisor and by each of its trading principals; Provided, however, that if the trading advisor or its trading principals previously have not directed any accounts, the trading advisor must prominently disclose this fact with one of the following statements, as applicable:

(1) THIS TRADING ADVISOR PREVIOUSLY HAS NOT DIRECTED ANY ACCOUNTS; or

(2) NONE OF THE TRADING PRINCIPALS OF THIS TRADING ADVISOR HAS PREVIOUSLY DIRECTED ANY ACCOUNTS; or

(3) NEITHER THIS TRADING ADVISOR NOR ANY OF ITS TRADING PRINCIPALS HAVE PREVIOUSLY DIRECTED ANY ACCOUNTS.

If the commodity trading advisor is a sole proprietorship, reference to its
§ 4.36 Use, amendment and filing of Disclosure Document.

(a) Subject to paragraph (c) of this section, all information contained in the Disclosure Document must be current as of the date of the Document; Provided, however, that performance information must be current as of a date not more than three months preceding the date of the Document.

(b) No commodity trading advisor may use a Disclosure Document dated more than nine months prior to the date of its use.

(c)(1) If the commodity trading advisor knows or should know that the Disclosure Document is materially inaccurate or incomplete in any respect, it must correct that defect and must distribute the correction to:
   (i) All existing clients in the trading program within 21 calendar days of the date upon which the trading advisor first knows or has reason to know of the defect; and
   (ii) Each previously solicited prospective client for the trading program prior to entering into an agreement to direct or to guide such prospective client’s commodity interest account pursuant to the program. The trading advisor may furnish the correction by way of an amended Disclosure Document, a sticker on the Document, or other similar means.

   (2) The trading advisor may not use the Disclosure Document until such correction is made.

(d)(1) The commodity trading advisor must electronically file with the National Futures Association, pursuant to the electronic filing procedures of the National Futures Association, the subsequent amendments to the Disclosure Document for each trading program that it offers or that it intends to offer within 21 calendar days of the date upon which the trading advisor first knows or has reason to know of the defect requiring the amendment.

§ 4.40 [Reserved]

§ 4.41 Advertising by commodity pool operators, commodity trading advisors, and the principals thereof.

(a) No commodity pool operator, commodity trading advisor, or any principal thereof, may advertise in a manner which:

   (1) Employs any device, scheme or artifice to defraud any participant or client or prospective participant or client;

   (2) Involves any transaction, practice or course of business which operates as a fraud or deceit upon any participant or client or any prospective participant or client; or

   (3) Refers to any testimonial, unless the advertisement or sales literature providing the testimonial prominently discloses:

     (i) That the testimonial may not be representative of the experience of other clients;

     (ii) That the testimonial is no guarantee of future performance or success; and

     (iii) If, more than a nominal sum is paid, the fact that it is a paid testimonial.

(b)(1) No person may present the performance of any simulated or hypothetical commodity interest account, transaction in a commodity interest or series of transactions in a commodity interest of a commodity pool operator, commodity trading advisor, or any principal thereof, unless such performance is accompanied by one of the following:
(i) The following statement: ‘‘These results are based on simulated or hypothetical performance results that have certain inherent limitations. Unlike the results shown in an actual performance record, these results do not represent actual trading. Also, because these trades have not actually been executed, these results may have under- or over-compensated for the impact, if any, of certain market factors, such as lack of liquidity. Simulated or hypothetical trading programs in general are also subject to the fact that they are designed with the benefit of hindsight. No representation is being made that any account will or is likely to achieve profits or losses similar to these being shown.’’; or

(ii) A statement prescribed pursuant to rules promulgated by a registered futures association pursuant to section 17(j) of the Act.

(2) If the presentation of such simulated or hypothetical performance is other than oral, the prescribed statement must be prominently disclosed and in immediate proximity to the simulated or hypothetical performance being presented.

(c) The provisions of this section shall apply:

(1) To any publication, distribution or broadcast of any report, letter, circular, memorandum, publication, writing, advertisement or other literature or advice, whether by electronic media or otherwise, including information provided via internet or e-mail, the texts of standardized oral presentations and of radio, television, seminar or similar mass media presentations; and

(2) Regardless of whether the commodity pool operator or commodity trading advisor is exempt from registration under the Act.

(Approved by the Office of Management and Budget under control number 3038–0005)

APPENDIX A TO PART 4— FORM CPO–PQR

TEMPLATE: DO NOT SEND TO NFA

COMMODITY FUTURES TRADING COMMISSION

CFTC Form CPO-PQR OMB No.: 3038-XXXX

POOL QUARTERLY REPORT FOR COMMODITY POOL OPERATORS

Instructions for Using the Form CPO-PQR Template

READ THESE INSTRUCTIONS CAREFULLY BEFORE COMPLETING OR REVIEWING THE REPORTING FORM.

This document is not a reporting form. Do not send this document to NFA. It is a template that you may use to assist in filling the electronic reporting form with the NFA at: http://www.nfa.futures.org.

You may fill out the template online and save and/or print it when you are finished or you can download the template and/or print it and fill it out later.

DEFINED TERMS

Words that are underlined in this form are defined terms and have the meanings contained in the Definitions of Terms section.

GENERAL

Read the Instructions and Questions Carefully

Please read the instructions and the questions in this Form CPO-PQR carefully.

In this Form CPO-PQR, “you” means the CPO.

Call the CFTC with Questions

If there is any question about whether particular information must be provided or about the manner in which particular information must be provided, contact the CFTC for clarification.
REPORTING INSTRUCTIONS

1. All CPOs Are Required to Complete and File the Form CPO-PQR

All CPOs are required to complete and file a Form CPO-PQR for each Reporting Period during which they satisfy the definition of CPO and operate at least one Pool. If a pool is operated by Co-CPOs, the CPO with the higher total AUM, aggregated across all pools operated by the CPO should report for that Pool. Further, if a pool is operated by Co-CPOs and one of them is an Investment Adviser, the non-Investment Adviser CPO must file relevant section(s) even though a Form PF was filed for that pool by the Investment Adviser CPO.

2. Only Certain Schedules of this Form CPO-PQR Are Required of Certain CPOs

Only certain Schedules of this Form CPO-PQR are required to be completed and filed by certain CPOs.

Schedule A
Schedule A must be completed and filed by each CPO for every Reporting Period during which they satisfy the definition of CPO and operate at least one Pool. Large CPOs must complete and file a Schedule A within 60 days of the close of the most recent Reporting Period during which they satisfied the definition of Large CPO. All other CPOs must complete and file a Schedule A within 90 days of the close of the calendar year. The information provided herein should be as of the last business day of the reporting period.

Part 1 of Schedule A surveys basic information about the reporting CPO. Part 2 of Schedule A asks for more specific information about each of the CPO’s Pools, including questions about the Pool’s key relationship and about the Pool’s investment positions.

Substituted Compliance for Schedules B and C
To the extent that a CPO is a dual registrant and is required to file Form PF with the SEC, then it may elect to file Form PF for all pools it, or any related person as defined for purposes of Form PF, may operate.

Schedule B
Schedule B must be completed and filed annually by Mid-Sized CPOs. Mid-Sized CPOs must complete and file a Schedule B within 90 days of the close of each calendar year during which they satisfied the definition of Mid-Sized CPO and operated at least one Pool. A CPO that qualifies as a Mid-Sized CPO at any point during the calendar year must complete and file a separate Schedule B for each Pool that it operated during the calendar year.

Schedule B must be completed and filed quarterly by Large CPOs. Large CPOs must complete and file a Schedule B within 60 days of the close of the most recent Reporting Period during which they satisfied the definition of Large CPO and operated at least one Pool. A CPO that qualifies as a Large CPO at any point during the Reporting Period must complete and file a separate Schedule B for each Pool that it operated during the Reporting Period.

Schedule B Substitution
Any Mid-Sized CPO or Large CPO that is: (i) registered with the SEC as an Investment Adviser; and (ii) operated only Pools that satisfy the definition of Private Fund during the calendar year or Reporting Period, respectively, will be deemed to have satisfied its Schedule B filing requirements by completing and filing Sections 1.b. and 1.c. of Form PF for each Pool that it operated during the calendar year or Reporting Period, respectively, in question.
2. Only Certain Schedules of this Form CPO-PQR Are Required of Certain CPOs (cont'd)

Further, to the extent that any Mid-Sized CPO or Large CPO is: (i) registered with the SEC as an Investment Adviser; and (ii) operated any Pools that do not satisfy the definition of Private Fund during the calendar year or Reporting Period, respectively, and does NOT elect to file Form PF under the substituted compliance provisions of Form PF, they will be required to complete and file a Schedule B for each Pool that it operated during the calendar year or Reporting Period, respectively, that did not satisfy the definition of a Private Fund. Schedule B will need to be completed in addition to the Mid-Sized CPO's or Large CPO's filing Form PF requirements.

Schedule B asks for information about each Pool's creditors, counterparties, borrowings, and clearing mechanisms.

Schedule C
Schedule C must be completed and filed only by Large CPOs. Large CPOs must complete and file a Schedule C within 60 days of the close of the most recent Reporting Period during which they satisfy the definition of a Large CPO and operate at least one Pool. A CPO that qualifies as a Large CPO at any point during the Reporting Period must complete and file a separate Part 2 of Schedule C for each Large Pool that it operated during the Reporting Period.

Schedule C Substitution
Any Large CPO that is: (i) registered with the SEC as an Investment Adviser; and (ii) operated only Pools that satisfy the definition of Private Fund during the Reporting Period will be deemed to have satisfied its Schedule C filing requirements by completing and filing the applicable Sections 1 and 2 of Form PF for the Reporting Period in question.

Further, to the extent that any Large CPO is: (i) registered with the SEC as an Investment Adviser; and (ii) operated any Pools that do not satisfy the definition of Private Fund during the Reporting Period and does NOT elect to file Form PF under the substituted compliance provisions of Form PF, they will be required to complete Parts 1 and 2 of Schedule C with respect to the Pool(s) that it operated during the Reporting Period that did not satisfy the definition of a Private Fund. For these Large CPOs, Part 1 of Schedule C will need to be completed with respect to all Pools that they operated during the Reporting Period that did not satisfy the definition of Private Fund, and Part 2 of Schedule C will need to be completed with respect to all Large Pools that they operated during the Reporting Period that did not satisfy the definition of Private Fund. These Schedule C filings will need to be completed in addition to the Large CPO's filing Form PF requirements.

Part 1 of Schedule C asks for information about the aggregated portfolios of the Pools that were not Private Funds that the Large CPO operated during the Reporting Period.

Part 2 of Schedule C asks for certain risk metrics about the Large Pools that were not Private Funds that the Large CPO operated during the Reporting Period.
3. **The CPO May Be Required to Aggregate Information Concerning Certain Types of Pools**

For purposes of determining whether a CPO meets the reporting thresholds for Schedules B and/or C of this Form CPO-PQR, the CPO must: (i) aggregate all Parallel Pool Structures, Parallel Managed Accounts and Master Feeder Arrangements; and (ii) treat any Pool or Parallel Managed Account operated by any of its Affiliated Entities as though it was operated by the CPO.

For purposes of determining whether a Pool qualifies as a Large Pool for Schedule C of this Form CPO-PQR, the CPO must: (i) aggregate all Pools that are part of the same Parallel Fund Structure or Master-Feeder Arrangement; (ii) aggregate any Parallel Managed Accounts with the largest Pool to which that Parallel Managed Account relates; and (iii) treat any Pool or Parallel Managed Account operated by any of your Affiliated Entities as though it was operated by the CPO.

However, for the parts of Form CPO-PQR that request information about individual Pools, you must report aggregate information for Parallel Managed Accounts and Master Feeder Arrangements as if each were an individual Pool, but not Parallel Pools. Assets held in Parallel Managed Accounts should be treated as assets of the Pools with which they are aggregated.

4. **I advise a Pool that invests in other Pools or funds (e.g., a “fund of funds”). How should I treat these investments for purposes of Form CPO-PQR?**

**Investments in other Pools generally.** For purposes of this Form CPO-PQR, you may disregard any Pool’s equity investments in other Pools. However, if you disregard these investments, you must do so consistently (e.g., do not include disregarded investments in the net asset value used for determining whether the fund is a “Qualifying Pool”). For Schedule A, Question 11, even if you disregard these assets, you may report the performance of the entire Pool and are not required to recalculate performance in order to exclude these investments. Do not disregard any liabilities, even if incurred in connection with these investments.

**Pools that invest substantially all of their assets in other Pools or funds.** If you are the CPO for a Pool that: (i) invests substantially all of its assets in the equity of Pools or Private Funds for which you are not the CPO; and (ii) aside from such Pool or Private Fund investments, holds only cash and cash equivalents and instruments acquired for the purpose of hedging currency exposure, then you are only required to complete Schedule A for that Pool. For all other purposes, you should disregard such Pools. For example, where questions request aggregate information regarding the Pools you advise, do not include the assets or liabilities of any such Pool.

Notwithstanding the foregoing, you must include disregarded assets in responding to Schedule A, Question 0).

5. **I am required to aggregate funds or accounts to determine whether I meet a reporting threshold, or I am electing to aggregate funds for reporting purposes. How do I “aggregate” funds or accounts for these purposes?**

Where two or more Parallel Pool Structures or Master-Feeder Arrangements are aggregated in accordance with Instruction 3, you must treat the aggregated funds as if they were all one Pool. Investments that a Feeder Fund makes in a Master Fund should be disregarded, but other investments of the Feeder Fund should be treated as though they were investments of the aggregated fund.
Where you are aggregating dependent parallel managed accounts to determine whether you meet a reporting threshold, assets held in the accounts should be treated as assets of the Pools with which they are aggregated.

**Example 1.** You advise a master-feeder arrangement with one feeder fund. The feeder fund has invested $500 in the master fund and holds a foreign exchange derivative with a notional value of $100. The master fund has used the $500 received from the feeder fund to invest in corporate bonds. Neither fund has any other assets or liabilities. For purposes of determining whether the funds comprise a qualifying Pool, this master-feeder arrangement should be treated as a single Pool whose only investments are $500 in corporate bonds and a foreign exchange derivative with a notional value of $100. If you elect to aggregate the master-feeder arrangement for reporting purposes, the treatment would be the same.

**Example 2.** You advise a parallel fund structure consisting of two pools, named parallel pool A and parallel pool B. You also advise a related dependent parallel managed account. The account and each fund have invested in corporate bonds of Company X and have no other assets or liabilities. The value of parallel pool A’s investment is $400, the value of parallel pool B’s investment is $300 and the value of the account’s investment is $200. For purposes of determining whether either of the parallel pools is a qualifying Pool, the entire parallel fund structure and the related dependent parallel managed account should be treated as a single Pool whose only asset is $900 of corporate bonds issued by Company X. If you elect to aggregate the parallel fund structure for reporting purposes, you would disregard the dependent parallel managed account, so the result would be a single Pool whose only asset is $700 of corporate bonds issued by Company X.

6. I advise a Pool that invests in entities that are not Pools, or are exempt. How should I treat these investments for purposes of Form CPO-PQR?

Except as provided in Instruction 4, investments in funds should be included for all purposes under this Form CPO-PQR. You are not, however, required to “look through” a Pool’s investments in any other entity unless the Form CPO-PQR specifically requests information regarding that entity or the other entity’s primary purpose is to hold assets or incur leverage as part of the Pool’s investment activities.

7. The Form CPO-PQR Must Be Filed Electronically with NFA

All CPOs must file their Forms CPO-PQR electronically using NFA’s EasyFile System. NFA’s EasyFile System can be accessed through NFA’s website at www.nfa.futures.org. You will use the same logon and password for filing your Form CPO-PQR as you would for any other EasyFile filings. Questions regarding your NFA ID# or your use of NFA’s EasyFile system should be directed to the NFA. The NFA’s contact information is available on its website.
8. All Figures Reported in U.S. Dollars

All questions asking for amounts or investments must be reported in U.S. dollars. Any amounts converted to U.S. dollars must use the conversion rate in effect on the Reporting Date.

9. Use of U.S. GAAP

All financial information in this Report must be presented and computed in accordance with GAAP consistently applied.

10. Oath and Affirmation

This Form CPO-PQR will not be accepted unless it is complete and contains an oath or affirmation that, to the best of the knowledge and belief of the individual making the oath or affirmation, the information contained in the document is accurate and complete; provided however, that it is unlawful for the individual to make such oath or affirmation if the individual knows or should know that any of the information in this Form CPO-PQR is not accurate and complete.
DEFINITIONS OF TERMS

Affiliated Entity: The term "Affiliated Entity" means any entity is an affiliate of another entity. An entity is an affiliate of another entity if the entity directly or indirectly controls, is controlled by or is under common control with the other entity.

Assets Under Management or AUM: The term "Assets Under Management" or "AUM" means the amount of all assets that are under the control of the CPO.

BP: The term "BP" means basis points.

Broker: The term "Broker" means any entity that provides clearing, prime brokerage or similar services to the Pool.

CDS: The term "CDS" means credit default swap.

CCP: The term "CCP" means a central counterparty or central clearing house, such as, but not limited to: CC&G, CME Clearing, The Depository Trust & Clearing Corporation (including FICC, NSCC and Euro CCP), EMCF, Eurex Clearing, Fedwire, ICE Clear Europe, ICE Clear U.S., ICE Trust, LCH Clearnet Limited, LCH Clearnet SA, Options Clearing Corporation and SIX x-clear.

Commodity Futures Trading Commission or CFTC: The term "Commodity Futures Trading Commission" or "CFTC" means the United States Commodity Futures Trading Commission.

Commodity Pool or Pool: The term "Commodity Pool" or "Pool" has the same meaning as "commodity pool" as defined in section 1a(10) of the Commodity Exchange Act.

Commodity Pool Operator or CPO: The term "commodity pool operator" or "CPO" has the same meaning as "commodity pool operator" defined in section 1a(11) of the Commodity Exchange Act.

Commodity Trading Advisor or CTA: The term "commodity trading advisor" or "CTA" has the same meaning as "commodity trading adviser" as defined in section 1a(12) of the Commodity Exchange Act.

Feeder Fund: See Master-Feeder Arrangement.

Financial Institution: The term "financial institution" means any of the following: (i) a bank or savings association, in each case as defined in the Federal Deposit Insurance Act; (ii) a bank holding company or financial holding company, in each case as defined in the Bank Holding Company Act of 1956; (iii) a savings and loan holding company, as defined in the Home Owners' Loan Act; (iv) a Federal credit union, State credit union or State-chartered credit union, as those terms are defined in section 101 of the Federal Credit Union Act; (v) a Farm Credit System institution chartered and subject to the provisions of the Farm Credit Act of 1971; or (vi) an entity chartered or otherwise organized outside the United States that engages in banking activities.

Form CPO-PQR: The term "Form CPO-PQR" means this Form CPO-PQR.

Form PF: The term "Form PF" refers to the Form PF.
GAAP: The term “GAAP” means U.S. Generally Accepted Accounting Principles.

Investment Adviser: The term “Investment Adviser” has the same meaning as “investment adviser” as defined in Section 202(a)(11) of the Investment Advisers Act of 1940.

Large CPO: The term “Large CPO” refers to any CPO that had at least $1.5 billion in aggregated Pool Assets Under Management as of the close of business on any day during the Reporting Period.

Large Pool: The term “Large Pool” means any Pool that has a Net Asset Value individually, or in combination with any Parallel Pool Structure, of at least $500 million as of the close of business on any day during the Reporting Period.

Master Fund: See Master-Feeder Arrangement.

Master-Feeder Arrangement: The phrase “Master-Feeder Arrangement” means an arrangement in which one or more funds (“Feeder Funds”) invest all or substantially all of their assets in a single fund (“Master Fund”). A fund would also be a Feeder Fund investing in a Master Fund for the purposes of this definition if it issued multiple classes or series of shares or interests and each class (or series) invests substantially all of its assets in shares (or other interests in) a single underlying Master Fund.

Mid-Sized CPO: The term “Mid-Sized CPO” refers to any CPO that had at least $150 million in aggregated Pool Assets Under Management as of the close of business on any day during the Reporting Period.

National Futures Association or NFA: The term “National Futures Association” or “NFA” refers to the National Futures Association, a registered futures association under Section 17 of the Commodity Exchange Act.

Negative OTE: The term “Negative OTE” means negative open trade equity.

Net Asset Value or NAV: The term “Net Asset Value” or “NAV” has the same meaning as “net asset value” as defined in Commission Rule 4.10(b).

Non-U.S. Financial Institution: A “non-U.S. Financial Institution” means any of the following Financial Institutions: (i) a Financial Institution chartered outside the United States; (ii) a subsidiary of a U.S. Financial Institution that is separately incorporated or otherwise organized outside the United States; or (iii) a branch or agency that resides in the United States but has a parent that is a Financial Institution chartered outside the United States.

OTC: The term “OTC” means over-the-counter.

Parallel Managed Account: The term “Parallel Managed Account” means any managed account or other pool of assets that the CPO operates and that pursues substantially the same investment objective and strategy and invests side-by-side in substantially the same assets as the identified Pool.
**Parallel Pool Structure:** The term “Parallel Pool Structure” means any structure in which one or more Pools pursues substantially the same investment objective and strategy and invests side by side in substantially the same assets as another Pool.

**Private Fund:** The term “Private Fund” has the same meaning as “private fund” as defined in Form PF.

**Positive OTE:** The term “Positive OTE” means positive open trade equity.

**Reporting Date:** The term “Reporting Date” means the last calendar day of the Reporting Period for which this Form CPO-PQR is required to be completed and filed. For example, the Reporting Date for the first calendar quarter of a year is March 31; the Reporting Date for the second calendar quarter is June 30.

**Reporting Period:** The term “Reporting Period” means any of the individual calendar quarters (ending March 31, June 30, September 30, and December 31) for Large CPOs and the calendar year end for all other CPOs.

**Trading Manager:** The term “Trading Manager” means any entity or individual with sole or partial authority to invest Pool assets or to allocate Pool assets to other managers or investee Pools (including cash management firms). CTAs and other CPOs can be Trading Managers; however, a CPO should not identify itself as a Trading Manager.

**Secured Borrowing:** The term “Secured Borrowing” means obligations for borrowed money in respect of which the borrower has posted collateral or other credit support. For purposes of this definition, repos are secured borrowings.

**Securities and Exchange Commission or SEC:** The term “Securities and Exchange Commission” or “SEC” means the United States Securities and Exchange Commission.

**Side Arrangements and Side Letters:** The term “Side Arrangements” or the term “Side Letters” means any arrangement that is extended to less than 100% of the Pool’s participants.

**U.S. Financial Institution:** The term “U.S. Financial Institution” means any of the following Financial Institutions: (i) a Financial Institution chartered in the United States (whether federally-chartered or state-chartered); (ii) a subsidiary of a Non-U.S. Financial Institution that is separately incorporated or otherwise organized in the United States; or (iii) a branch or agency that resides outside the United States but has a parent that is a Financial Institution chartered in the United States.

**Unsecured Borrowing:** The term “Unsecured Borrowing” means obligations for borrowed money in respect of which the borrower has not posted collateral or other credit support.

**VaR:** The term “VaR” means value at risk.
INSTRUCTIONS FOR COMPLETING SCHEDULE A

Every CPO is required to complete and file Schedule A of this Form CPO-PQR. This Schedule A must be completed for every Reporting Period during which the CPO operated at least one Pool. Part 1 of Schedule A asks for information about the CPO. Part 2 of Schedule A asks for information about each individual Pool that the CPO operated during the Reporting Period. CPOs must complete and file a separate Part 2 for each Pool they operated any time during the Reporting Period.

Unless otherwise specified in a particular question, all information provided in this Schedule A should be accurate as of the Reporting Date.

PART 1 · INFORMATION ABOUT THE CPO

1. CPO INFORMATION
   Provide the following general information concerning the CPO:
   a. CPO’s Name: ____________________________
   b. CPO’s NFA ID#: __________________________
   c. Person to contact concerning this Form CPO-PQR: __________________________
   d. CPO’s chief compliance officer: __________________________
   e. Total number of employees of the CPO: __________________________
   f. Total number of equity holders of the CPO: __________________________
   g. Total number of Pools operated by the CPO: __________________________
   h. Telephone number and email for person identified in c. above: __________________________

2. CPO ASSETS UNDER MANAGEMENT
   Provide the following information concerning the amount of Assets Under Management by the CPO:
   a. CPO’s Total Assets Under Management: __________________________
   b. CPO’s Total Net Assets Under Management: __________________________
PART 2 · INFORMATION ABOUT THE POOLS OPERATED BY THE CPO

REMINDER: The CPO must complete and file a separate Part 2 for each Pool that the CPO operated during the Reporting Period.

3. POOL INFORMATION

Provide the following general information concerning the Pool:

| a. Pool’s name: |  |
| b. Pool’s NFA ID#: |  |
| c. If the Pool is operated by Co-CPOs, the name of the other CPOs: |  |
| d. Under the laws of what state or country is the Pool organized: |  |
| e. On what date does the Pool’s fiscal year end: |  |
| f. Is this Pool a Private Fund? | Yes ☐ No ☐ |
| g. List the English name of each Foreign Financial Regulatory Authority and the country with which the Pool is registered: |
| Foreign Financial Regulatory Authority | Country |
| |  |
| |  |
| |  |
| h. Is this a Master Fund in a Master-Feeder Arrangement? | Yes ☐ No ☐ |
| If “Yes,” provide the name and NFA ID# of each Feeder Fund investing in this Pool: |
| Feeder Fund | NFA ID# |
| |  |
| |  |
| |  |
| i. Is this a Feeder Fund in a Master-Feeder Arrangement? | Yes ☐ No ☐ |
| If “Yes,” provide the name and NFA ID# of the Master Fund in which this Pool invests: |
| Master Fund | NFA ID# |
| |  |
| |  |
| |  |
| j. If this Pool invests in other Pools, a) what is the maximum number of investee pool tiers? |  |
| i. What is the value of this Pool’s investments in equity of other Pools or private funds? |  |
### 4. POOL THIRD PARTY ADMINISTRATORS

Provide the following information concerning the Pool's third party administrator(s):

a. Does the CPO use third party administrators for the Pool?  
   - Yes ☐  
   - No ☐

   If "Yes," provide the following information for each third party administrator:

   i. Name of the administrator:

   ii. NFA ID# of administrator:

   iii. Address of the administrator:

   iv. Telephone number of the administrator:

   v. Starting date of the relationship with the administrator:

   vi. Services performed by the administrator:
   - Preparation of Pool financial statements: ☐
   - Maintenance of the Pool's books and records: ☐
   - Calculation of Pool's performance: ☐
   - Other: ____________________ ☐

b. What percentage of the Pool's Assets Under Management is valued by a third party administrator, or similar entity, that is independent of the CPO?  
   - %

   If the number entered is greater than "0," provide the following information:

   Name(s) of the third party(-ies):

### 5. POOL BROKERS

Provide the following information concerning the Pool's Broker(s):

a. Does the CPO use Brokers for the Pool?  
   - Yes ☐  
   - No ☐

   If "Yes," provide the following information for each Broker:

   i. Name of the Broker:

   ii. NFA ID# of Broker:

   iii. Address of Broker:

   iv. Telephone number of the Broker:

   v. Starting date of the relationship with the Broker:

   vi. Services performed by the Broker:
   - Clearing services for the Pool: ☐
   - Custodian services for some or all Pool assets: ☐
   - Prime brokerage services for the Pool: ☐
   - Other: ____________________ ☐
6. **POOL TRADING MANAGERS**

Provide the following information concerning the Pool’s Trading Manager(s):

a. Has the CPO authorized Trading Managers to invest or allocate some or all of the Pool’s Assets Under Management?  
   - Yes ☐  No ☐

   If “Yes,” provide the following information for each Trading Manager:
   
i. Name of the Trading Manager: [ ]
   
   ii. NFA ID# of the Trading Manager: [ ]
   
   iii. Address of the Trading Manager: [ ]
   
   iv. Telephone number of the Trading Manager: [ ]
   
   v. Starting date of the relationship with the Trading Manager: [ ]
   
   vi. What percentage of the Pool’s Assets Under Management does the Trading Manager have authority to invest or allocate? [ ]

7. **POOL CUSTODIANS**

Provide the following information concerning the Pool’s custodian(s):

a. Does the CPO use custodians to hold some or all of the Pool’s Assets Under Management?  
   - Yes ☐  No ☐

   If “Yes,” provide the following information for each custodian:
   
i. Name of the custodian: [ ]
   
   ii. NFA ID# of the custodian: [ ]
   
   iii. Address of the custodian: [ ]
   
   iv. Telephone number of the custodian: [ ]
   
   v. Starting date of the relationship with the custodian: [ ]
   
   vi. What percentage of the Pool’s Assets Under Management is held by the custodian? [ ]

8. **POOL AUDITOR**

Provide the following information concerning the Pool’s auditor(s):

a. Does the CPO have the Pool’s financial statements audited?  
   - Yes ☐  No ☐

   If “Yes,” provide the following information:
   
i. Is the audit conducted in accordance with GAAP?  
      - Yes ☐  No ☐
   
   ii. Name of the auditing firm: [ ]
   
   iii. Address of the auditing firm: [ ]
### CFTC POOL QUARTERLY REPORT FOR COMMODITY POOL OPERATORS

**Form CPO-FOR Template - Schedule A**

- **iv. Telephone number of the auditing firm:**
  - 
- **v. Starting date of the relationship with the auditing firm:**
  - 

**b. Are the Pool’s audited financial statements distributed to the Pool’s participants?**

<table>
<thead>
<tr>
<th>Yes</th>
<th>No</th>

### 9. POOL MARKETERS

**Provide the following information concerning the Pool’s marketer(s):**

- **a. Does the CPO use the services of third parties to market participations in the Pool?**
  - Yes | No
  -     |    

If “Yes,” provide the following information for each marketing firm:

- **i. Name of the marketing firm:**
  - 
- **ii. Address of the marketing firm:**
  - 
- **iii. Telephone number of the marketing firm:**
  - 
- **iv. Starting date of the relationship with the marketing firm:**
  - 
- **v. Address of any website used by the marketing firm to market participations in the Pool:**
  - 

### 10. POOL’S STATEMENT OF CHANGES CONCERNING ASSETS UNDER MANAGEMENT

**Provide the following information concerning the Pool’s activity during the Reporting Period.** For the purposes of this question:

- **a. The Assets Under Management and Net Asset Value at the beginning of the Reporting Period are considered to be the same as the assets under management and Net Asset Value at the end of the previous Reporting Period, in accordance with Commission Rule 4.25(a)(7)(A).**

- **b. The additions to the Pool include all additions whether voluntary or involuntary in accordance with Commission Rule 4.25(a)(7)(B).**

- **c. The withdrawals and redemptions from the Pool include all withdrawals or redemptions whether voluntary or not, in accordance with Commission Rule 4.25(a)(7)(C).**

- **d. The Pool’s Assets Under Management and Net Asset Value on the Reporting Date must be calculated by adding or subtracting from the Assets Under Management and Net Asset Value at the beginning of the Reporting Period, respectively, any additions, withdrawals, redemptions and net performance, as provided in Commission Rule 4.25(a)(7)(E).**

- **i. Pool’s Assets Under Management at the beginning of the Reporting Period:**
  - 
- **ii. Pool’s Net Asset Value at the beginning of the Reporting Period:**
  - 

267
11. **POOL'S MONTHLY RATES OF RETURN**

Provide the Pool's monthly rate of return for each month that the Pool has operated. The Pool's monthly rate of return should be calculated in accordance with Commission Rule 4.25(a)(7)(F). Provide the Pool's annual rate of return for the appropriate year in the row marked "Annual."

12. **POOL SUBSCRIPTIONS AND REDEMPTIONS**

Provide the following information concerning subscriptions to and redemptions from the Pool during the Reporting Period.

a. Total Pool subscriptions by participants during the Reporting Period:  
   b. Total Pool redemptions by participants during the Reporting Period:  

c. Are any Pool participants or share classes currently below the Pool's high water mark?  
   Yes □ No □

If "Yes," provide the following information:

i. What is the percentage of participants below the Pool's high water mark as of the Reporting Date?  
   ii. What is the weighted average percentage of participants below the Pool's high water mark as of the Reporting Date?  

%  
%
d. Provide the following information regarding the Pool’s restrictions on participant withdrawals and redemptions.

(For Questions iv. and v., please note that the standards for imposing suspensions and restrictions on withdrawals/redemptions may vary among funds. Make a good faith determination of the provisions that would likely be triggered during conditions that you view as significant market stress.)

i. Does the reporting fund provide participants with withdrawal/redemption rights in the ordinary course?

| ☐ Yes | ☐ No |

(If you responded “yes” to Question 12(d)(i), then you must respond to Questions 12(d)(ii)-(v).)

As of the data reporting date, what percentage of the Pool’s net asset value, if any:

ii. May be subjected to a suspension of participant withdrawals/redemptions CPO (this question relates to a CPO’s right to suspend and not just whether a suspension is currently effective)

iii. May be subjected to material restrictions on participant withdrawals/redemptions (e.g., “gates”) CPO (this question relates to a CPO’s right to impose a restriction and not just whether a restriction has been imposed)

iv. Is subject to a suspension of participant withdrawals/redemptions (this question relates to whether a suspension is currently effective and not just a CPO’s right to suspend)

v. Is subject to a material restriction on participant withdrawals/redemptions (e.g., a “gate”) (this question relates to whether a restriction has been imposed and not just a CPO’s right to impose a restriction)

e. Has the Pool imposed a halt or any other material limitation on redemptions during the Reporting Period?

| ☐ Yes | ☐ No |

If “Yes,” provide the following information:

i. On what date was the halt or material limitation imposed?

ii. If the halt or material limitation has been lifted, on what date was it lifted?

iii. What disclosure was provided to participants to notify them that the halt or material limitation was being imposed? What disclosure was provided to participants to notify them that the halt or material limitation was being lifted?

iv. On what date(s) was this disclosure provided?

v. Briefly explain the halt or material limitation(s) on redemptions and the reason for such halt or material limitation(s):

--- This Completes Schedule A of Form CPO-PQR ---
INSTRUCTIONS FOR COMPLETING SCHEDULE B

A CPO is only required to complete and file Schedule B of this Form CPO-PQR if at any point during the Reporting Period the CPO qualified as a Mid-Sized CPO or Large CPO.

Schedule B must be completed and filed annually by Mid-Sized CPOs. Mid-Sized CPOs must complete and file a Schedule B within 90 days of the close of each calendar year during which they satisfied the definition of Mid-Sized CPO and operated at least one Pool. A CPO that qualifies as a Mid-Sized CPO at any point during the calendar year must complete and file a separate Schedule B for each Pool that it operated during the calendar year.

Schedule B must be completed and filed quarterly by Large CPOs. Large CPOs must complete and file a Schedule B within 60 days of the close of the most recent Reporting Period during which they satisfied the definition of Large CPO and operated at least one Pool. A CPO that qualifies as a Large CPO at any point during the Reporting Period must complete and file a separate Schedule B for each Pool that it operated during the Reporting Period.

Notwithstanding the above paragraph, certain Mid-Sized CPOs and Large CPOs that are also registered as Investment Advisers with the SEC may be deemed to have satisfied their Schedule B filing requirements by completing and filing Sections 1.b. and 1.c. of Form PF. Whether a Mid-Sized CPO or Large CPO has satisfied its Schedule B filing requirements will depend upon the type of Pools it operated during the calendar year or Reporting Period, respectively. Refer to the instructions of this Form CPO-PQR to determine whether you are required to complete this Schedule B and, if you are, how frequently you are required to file.

Unless otherwise specified in a particular question, all information provided in this Schedule B should be accurate as of the Reporting Date for all Large CPOs and accurate as of December 31 of each calendar year for all Mid-Sized CPOs.

REMINDER: A CPO that qualified as a Mid-Sized CPO at any point during the calendar year or Large CPO at any point during the Reporting Period must complete and file a separate Schedule B for each Pool that it operated during the calendar year or Reporting Period, respectively, if not filing Form PF with the SEC in lieu thereof.
1. **POOL INFORMATION**

   Provide the following general information concerning the Pool:
   
   a. **Pool's name:**
   
   b. **Pool's NFA ID:**
   
   c. **Does the Pool have a single primary investment strategy or multiple strategies?**
      
      - [ ] Single Primary Strategy
      - [ ] Multiple Strategies
   
   d. Indicate which of the investment strategies below best describe the reporting fund's strategies. For each strategy that you have selected, provide a good faith estimate of the percentage of the reporting fund's net asset value represented by that strategy. If, in your view, the reporting fund's allocation among strategies is appropriately represented by the percentage of deployed capital, you may also provide that information.
      
      (Select the investment strategies that best describe the reporting fund's strategies, even if the descriptions below do not precisely match your characterization of those strategies; select "other" only if a strategy that the reporting fund uses is significantly different from any of the strategies identified below. You may refer to the reporting fund's use of these strategies as of the data reporting date or throughout the reporting period, but you must report using the same basis in future filings.)
      
      (The strategies listed below are mutually exclusive (i.e., do not report the same assets under multiple strategies). If providing percentages of capital, the total should add up to approximately 100%.)

<table>
<thead>

</tbody>
</table>
e. Provide the approximate percentage of the Pool’s portfolio that is managed using quantitative trading algorithms or quantitative techniques to select investments. Do not include the use of algorithms used solely for trade execution:

0%  1-10%  11-25%  26-50%  51-75%  76-99%  100%

f. Provide the following information concerning the Pool’s participant concentration. Beneficial owners of Pool participations that are Affiliated Entities should be treated as a single participant:

i. Total number of participants in the Pool:

ii. Percentage of the Pool that is beneficially owned by the five largest participants:

2. POOL BORROWINGS AND TYPES OF CREDITORS

Provide the following information concerning the Pool’s borrowings and types of creditors. Include all Secured Borrowings and Unsecured Borrowings, but not synthetic borrowings. The percentages entered below for questions 2.b., 2.c., 2.d. and 2.e. should total 100%:
3. **POOL COUNTERPARTY CREDIT EXPOSURE**

Provide the following information about the Pool's counterparty credit exposure. Do not include CCPs as counterparties and aggregate all Affiliated Entities as a single group for purposes of this question.

Your responses should take into account: (i) mark-to-market gains and losses on derivatives; (ii) margin posted to the counterparty (for subparagraph 3.b.) or margin posted by the counterparty (for subparagraph 3.c.); and (iii) any loans or loan commitments. Your responses should not take into account: (i) assets that the counterparty is holding in custody on your behalf; (ii) derivative transactions that have been executed but not settled; (iii) margin held in a customer omnibus account at a CCP; or (iv) holdings of debt or equity securities issued by the counterparty.

a. Provide the Pool's aggregate net counterparty credit exposure, measured in dollars: 

b. Identify the five counterparties to which the reporting fund has the greatest mark-to-market net counterparty credit exposure, measured as a percentage of the reporting fund's net asset value.

(For purposes of this question, you should treat affiliated entities as a single group to the extent exposures may be contractually or legally set-off or netted across those entities and/or one affiliate guarantees or may otherwise be obligated to satisfy the obligations of another. CCPs should not be regarded as counterparties for purposes of this question.)

(In your response, you should take into account: (i) mark-to-market gains and losses on derivatives; and (ii) any loans or loan commitments.)

(However, you should not take into account: (i) margin posted by the counterparty; or (i) holdings of debt or equity securities issued by the counterparty.)

<table>
<thead>

4. POOL TRADING AND CLEARING MECHANISMS

Provide the following information concerning the Pool’s use of trading and clearing mechanisms. For purposes of this question: (i) a trade includes any transaction, irrespective of whether entered into on a bilateral basis, on exchange, or through a trading facility or other system, and (ii) transactions for which margin is held in a customer omnibus account at a CCP should be considered cleared by a CCP.

Trading and Clearing of Derivatives

a. For each of the following types of derivatives that are traded by the Pool, estimate the percentage (in terms of notional value) of the Pool’s activity that is traded on a regulated exchange as opposed to over-the-counter. The percentages entered for each row should total 100%:

<table>
<thead>
<tr>
<th>Derived Type</th>
<th>Traded on a Regulated Exchange</th>

<td></td>
<td></td>
</tr>
<tr>
<td>Asset backed securities derivatives</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Other derivatives</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

b. For each of the following types of derivatives that are traded by the Pool, estimate the percentage (in terms of notional value) of the Pool’s activity that is cleared by a CCP as opposed to being transacted bilaterally (not cleared by a CCP). The percentages entered for each row should total 100%:

<table>
<thead>
<tr>
<th>Derived Type</th>
<th>Cleared by a CCP</th>

<td></td>
<td></td>
</tr>
<tr>
<td>Debt securities:</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

e. For the repo trades into which the Pool has entered, estimate the percentages (in terms of market value) of the Pool’s repo trades that are cleared by a CCP, that are transacted bilaterally (not cleared by a CCP) and that constitute a tri-party repo. Tri-party repo is any repo where the collateral is held at a custodian (not a CCP) that acts as a third party agent to both repo buyer and the repo seller. The percentages entered should total 100%:

<table>
<thead>
<tr>
<th>Repo</th>
<th>Cleared by a CCP</th>
<th>Transacted Bilaterally</th>
<th>Tri-Party Repo</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
<td></td>

</tbody>
</table>

5. VALUE OF THE POOL’S AGGREGATED DERIVATIVE POSITIONS

Provide the aggregate value of all derivative positions of the Pool. The value of any derivative should be its total gross notional value, except that the value of an option should be its delta adjusted notional value. Do not net long and short positions.

Aggregate value of derivative positions: ________________________________

6. POOL SCHEDULE OF INVESTMENTS

Provide the Pool’s investments in each of the subcategories listed under the following seven headings: (1) Cash; (2) Equities; (3) Alternative Investments; (4) Fixed Income; (5) Derivatives; (6) Options; and (7) Funds. First, determine how the Pool’s investments should be allocated among each of these seven categories. Once you have determined how the Pool’s investments should be allocated, enter the dollar value of the Pool’s total investment in each applicable category on the top, boldfaced line. For example, under the “Cash” heading, the Pool’s total investment should be listed on the line reading “Total Cash.” After the top, boldfaced line is completed, proceed to the subcategories. For each subcategory, determine whether the Pool has investments that equal or exceed 5% of the Pool’s Net Asset Value. If so, provide the dollar value of each such investment in the appropriate subcategory. If the dollar value of any investment in a subcategory equals or exceeds 5% of the Pool’s Net Asset Value, you must itemize the investments in that subcategory.

7. MISCELLANEOUS

In the space below, provide explanations to clarify any assumptions that you made in responding to any question in Schedule B of this Form CPO-PQR. Assumptions must be in addition to, or reasonably follow from, any instructions or other guidance provided in, or in connection with, Schedule B of this Form CPO-PQR. If you are aware of any instructions or other guidance that may require a different assumption, provide a citation and explain why that assumption is not appropriate for this purpose.

<table>
<thead>
<tr>
<th>Question Number</th>
<th>Explanation</th>
</tr>
</thead>
</table>

-- This Completes Schedule B of Form CPO-PQR --
INSTRUCTIONS FOR COMPLETING SCHEDULE C

INSTRUCTIONS FOR COMPLETING SCHEDULE C

A CPO is only required to complete and file Schedule C of this Form CPO-PQR if at any point during the Reporting Period the CPO qualified as a Large CPO.

Schedule C must be completed and filed only by Large CPOs. Large CPOs must complete and file a Schedule C for every Reporting Period during which they satisfy the definition of a Large CPO and operate at least one Pool. A CPO that qualifies as a Large CPO at any point during the Reporting Period must complete and file a separate Part 2 of Schedule C for each Large Pool that it operated during the Reporting Period.

No Schedule C Filing Requirements

Any Large CPO that is: (i) registered with the SEC as an Investment Adviser; and (ii) operated only Pools that satisfy the definition of Private Fund during the Reporting Period will be deemed to have satisfied its Schedule C filing requirements by completing and filing Section 2 of Form PF for the Reporting Period in question.

Limited Schedule C Filing Requirements

However, any Large CPO that is: (i) registered with the SEC as an Investment Adviser; and (ii) operated any Pools that do not satisfy the definition of Private Fund during the Reporting Period may choose to file the relevant sections of Form PF with respect to those funds. For Large CPOs that do not choose to file Form PF for Pools that are not Private Funds, Part 1 of Schedule C will need to be completed with respect to each Pool that they operated during the Reporting Period that did not satisfy the definition of Private Fund. These Schedule C filings will need to be completed in addition to the Large CPO’s Form PF filing requirements.

Refer to the instructions of this Form CPO-PQR to determine whether you are required to complete this Schedule C.

Part 1 of Schedule C asks the Large CPO to provide information on the aggregated investments of all Pools that are not Private Funds that were operated by the Large CPO during the most recent Reporting Period. Any Large CPO who has completed and filed Section 2 of Form PF for the Private Funds it operated during this Reporting Period, and who is choosing to file Part 1 of Schedule C for Pools that are not Private Funds, must answer Part 1 only with respect to the Pools that are not Private Funds.

Part 2 of Schedule C asks the Large CPO to provide certain risk metrics for each Large Pool that is not a Private Fund that was operated by the Large CPO during the most recent Reporting Period. A Large CPO must complete and file a separate Part 2 of Schedule C for each Large Pool that is not a Private Fund that the Large CPO operated during the most recent Reporting Period. Any Large CPO who has completed and filed Section 2 of the SEC’s Form PF for the Private Funds it operated during this Reporting Period, and who is choosing to file Part 2 of Schedule C for Pools that are not Private Funds, should be sure to complete and file a Part 2 only for its Large Pools that are not Private Funds.

Unless otherwise specified in a particular question, all information provided in this Schedule C should be accurate as of the Reporting Date.
### 1. GEOGRAPHICAL BREAKDOWN OF POOLS' INVESTMENTS

**a.** Provide a geographical breakdown of the investments (by percentage of aggregated Assets Under Management) of all Pools that are not Private Funds that were operated by the Large CPO during the most recent Reporting Period. Except for foreign exchange derivatives, investments should be allocated by the jurisdiction of the organization of the issuer or counterparty. For foreign exchange derivatives, investments should be allocated by the country to whose currency the Pool has exposure through the derivative. The percentages entered below should total 100%.

<table>
<thead>
<tr>
<th>Region</th>
<th>% of NAV</th>
</tr>
</thead>
<tbody>
<tr>
<td>Africa</td>
<td></td>
</tr>
<tr>
<td>Asia and Pacific (other than the Middle East)</td>
<td></td>
</tr>
<tr>
<td>Europe (EEA)</td>
<td></td>
</tr>
<tr>
<td>Europe (other than EEA)</td>
<td></td>
</tr>
<tr>
<td>Middle East</td>
<td></td>
</tr>
<tr>
<td>North America</td>
<td></td>
</tr>
<tr>
<td>South America</td>
<td></td>
</tr>
<tr>
<td>Supranational</td>
<td></td>
</tr>
</tbody>
</table>

**b.** Provide the value of investments in the following countries held by the hedge funds that you advise (by percentage of the total net asset value of these hedge funds).

(Exclude interest rate derivatives and foreign exchange derivatives from both the numerator and denominator.)

<table>
<thead>
<tr>
<th>Country</th>
<th>% of NAV</th>
</tr>
</thead>
<tbody>
<tr>
<td>Brazil</td>
<td></td>
</tr>
<tr>
<td>China (including Hong Kong)</td>
<td></td>
</tr>
<tr>
<td>India</td>
<td></td>
</tr>
<tr>
<td>Japan</td>
<td></td>
</tr>
<tr>
<td>Russia</td>
<td></td>
</tr>
<tr>
<td>United States</td>
<td></td>
</tr>
</tbody>
</table>
2. TURNOVER RATE OF AGGREGATE PORTFOLIO OF POOLS

Provide the turnover rate by volume for the aggregate portfolio of all Pools that are not Private Funds and that were operated by the Large CPO during the most recent Reporting Period. The turnover rate should be calculated as follows:

Divide the lesser of the amounts of the Pools' purchases or sales of assets for the month by the average of the value of the Pools' assets during the month. Calculate the "monthly average" by totaling the values of Pools' assets as of the beginning and the end of the month and dividing that sum by two.

i. Do not net long and short positions. However, in relation to derivatives, packages such as call-spreads may be treated as a single position (rather than as a long position and a short position).

ii. The value of any derivative should be its total gross notional value, except that the value of an option should be its delta adjusted notional value.

iii. “Purchases” include any cash paid upon the conversion of one asset into another and the costs of rights or warrants.

iv. “Sales” include net proceeds of the sale of rights and warrants and net proceeds of assets that have been called or for which payment has been made through redemption or maturity.

v. Include proceeds from a short sale in the amount of sales of assets in the relevant subcategory during the month. Include the costs of covering a short sale in the amount of purchases in the relevant subcategory during the month.

vi. Include premiums paid to purchase options and premiums received from the sale of options in the amount of purchases during the month.

<table>
<thead>
<tr>
<th>First Month</th>
<th>Second Month</th>
<th>Third Month</th>
</tr>
</thead>
<tbody>
<tr>
<td>Open Positions:</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
PART 2 • INFORMATION ABOUT THE LARGE POOLS OF LARGE CPOs

REMEMBER: A CPO that qualified as a Large CPO at any point during the most recent Reporting Period must complete and file a separate Part 2 of Schedule C for each Pool that is not a Private Fund that the Large CPO operated during the most recent Reporting Period.

1. LARGE POOL INFORMATION

Provide the following general information concerning the Large Pool:

a. Large Pool's name:

b. Large Pool's NFA ID:

c. If the Pool has a Co-CPO, or Co-CPOs provide the name of CPO reporting the Pool's information:

d. Total unencumbered cash held by the Large Pool at the close of each month during the Reporting Period:

<table>
<thead>
<tr>
<th>First Month</th>
<th>Second Month</th>
<th>Third Month</th>
</tr>
</thead>
<tbody>
<tr>
<td>Unencumbered Cash:</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

e. Total number of open positions (approximate) held by the Large Pool at the close of each month during the Reporting Period:

<table>
<thead>
<tr>
<th>First Month</th>
<th>Second Month</th>
<th>Third Month</th>
</tr>
</thead>
<tbody>
<tr>
<td>Open Positions:</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

2. LIQUIDITY OF LARGE POOL’S PORTFOLIO

Provide the percentage of the Large Pool’s portfolio (excluding cash and cash equivalents) that may be liquidated within each of the periods specified below. Each asset should be assigned only to one period and such assignment should be based on the shortest period during which such asset could reasonably be liquidated. Make good faith assumptions for liquidity based on market conditions during the most recent Reporting Period. Assume no “fire-sale” discounting. If certain positions are important contingent parts of the same trade, then all contingent parts of the trade should be listed in the same period as the least liquid part.

<table>
<thead>
<tr>
<th>Percentage of Portfolio Capable of Liquidation in:</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 day or less:</td>
</tr>
<tr>
<td>2 days – 7 days:</td>
</tr>
<tr>
<td>8 days – 30 days:</td>
</tr>
<tr>
<td>31 days – 90 days:</td>
</tr>
<tr>
<td>91 days – 180 days:</td>
</tr>
<tr>
<td>181 days – 365 days:</td>
</tr>
<tr>
<td>longer than 365 days:</td>
</tr>
</tbody>
</table>
3. LARGE POOL COUNTERPARTY CREDIT EXPOSURE

Provide the following information about the Pool's counterparty credit exposure. Do not include CCPs as counterparties and aggregate all Affiliated Entities as a single group for purposes of this question. For purposes of this question, include as collateral any assets purchased in connection with a reverse repo and any collateral that the counterparty has posted to the Large Pool under an arrangement pursuant to which the Large Pool has loaned securities to the counterparty. If you do not separate collateral into initial margin/independent amount and variation margin amounts, or a trade does not require posting of variation margin, then include all of the collateral in initial margin/independent amount.

a. For each of the five counterparties identified in question 3.b. of Schedule B, provide the following information regarding the collateral and other credit support that the counterparty has posted to the Large Pool:

i. Provide the following values of the collateral posted to the Large Pool:

<table>
<thead>
<tr>
<th>Value of collateral posted in the form of cash and cash equivalents:</th>
<th>Initial Margin/ Independent Amounts</th>
<th>Variation Margin</th>
</tr>
</thead>
<tbody>
<tr>
<td>Value of collateral posted in the form of securities (other than cash cash equivalents):</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Value of all other collateral posted:</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

ii. Provide the following percentages of margin amounts that have been rehypothecated or may be rehypothecated by the Large Pool:

<table>
<thead>
<tr>
<th>Percentage of initial margin/independent amounts that:</th>
<th>May be Rehypothecated</th>
<th>The Large Pool has Rehypothecated</th>
</tr>
</thead>
<tbody>
<tr>
<td>Percentage of variation margin that:</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

iii. Provide the face amount of letters of credit or other similar third party credit support posted to the Large Pool: [Blank]
b. For each of the five counterparties identified in question 3.c. of Schedule B, provide the following information regarding the collateral and other credit support that the Large Pool has posted to the counterparty.

i. Provide the following values of the collateral posted by the Large Pool to the counterparty:

<table>
<thead>
<tr>
<th>Collateral Type</th>
<th>Value</th>
<th>Initial Margin/Independent Amounts</th>
<th>Variation Margin</th>
</tr>
</thead>
<tbody>
<tr>
<td>Cash and cash equivalents</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Securities (other than cash/cash equivalents)</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>All other collateral posted</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

ii. Provide the following percentages of margin amounts posted by the Large Pool that have been rehypothecated or may be rehypothecated by the counterparty:

<table>
<thead>
<tr>
<th>Margin Amount</th>
<th>Percentage</th>
<th>May be Rehypothecated</th>
</tr>
</thead>
<tbody>
<tr>
<td>Initial margin/independent amounts</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Variation margin</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

iii. Provide the face amount of letters of credit or other similar third party credit support posted by the Large Pool to the counterparty: [IL-_____ _____]

c. Did the pool clear any transactions through a CCP during the reporting period?

☐ Yes  ☐ No

4. LARGE POOL RISK METRICS

Provide the following information concerning the Large Pool’s risk metrics during the Reporting Period:

a. Did the Large CPO regularly calculate the VaR of the Large Pool during the Reporting Period?

☐ Yes  ☐ No

b. If "Yes," provide the following information concerning the VaR calculation(s). If you regularly calculate the VaR of the Large Pool using multiple combinations of confidence interval, horizon and historical observation period, complete a separate question 4.b. of Part 2 of Schedule C for each such combination.

i. What confidence interval was used (e.g. 1 – alpha) (as a percentage):

ii. What time horizon was used (in number of days):
iii. What weighting method was used:
   - [ ] None
   - [ ] Other: __________
   - [ ] Exponential

   If "exponential" provide the weighting factor used: __________

iv. What method was used to calculate VaR:
   - [ ] Historical simulation
   - [ ] Parametric
   - [ ] Monte Carlo simulation
   - [ ] Other: __________

v. Historical look-back period used, if applicable: __________

vi. Under the above parameters, what was VaR for the Large Pool for each of the three months of the Reporting Period, stated as a percent of Net Asset Value:

<table>
<thead>
<tr>
<th></th>
<th>First Month</th>
<th>Second Month</th>
<th>Third Month</th>
</tr>
</thead>
<tbody>
<tr>
<td>VaR</td>
<td>__________</td>
<td>__________</td>
<td>__________</td>
</tr>
</tbody>
</table>

c. Are there any risk metrics other than (or in addition to) VaR that you consider to be important to the reporting fund’s risk management?

   (If none, "None.")

   __________

d. For each of the market factors specified below, determine the effect that each specified change would have on the Large Pool’s portfolio and provide the results, stated as a percent of Net Asset Value.

   You may omit a response to any of the specified market factors that the Large CPO does not regularly consider (whether in formal testing or otherwise) in the Large Pool’s risk management. If you omit any market factor, check the box in the first column indicating that this market factor is "Not Relevant" to the Large Pool’s portfolio.

   For each specified change in market factor, separate the effect on the Large Pool’s portfolio into long and short components where (i) the long component represents the aggregate result of all positions with a positive change in valuation under a specified change and (ii) the short component represents the aggregate result of all positions with a negative change in valuation under a specified change.
Observe the following regarding the market factors specified below:

i. A change in "equity prices" means that the prices of all equities move up or down by the specified change, without regard to whether the equities are listed on any exchange or included in any index.

ii. "Risk free interest rates" means rates of interest accruing on sovereign bonds issued by governments having the highest credit quality, such as U.S. Treasury bonds.

iii. A change in "credit spreads" means that all credit spreads against risk free interest rates change by the specified amount.

iv. A change in "currency rates" means that the value of all currencies move up or down by the specified amount.

v. A change in "commodity prices" means that the prices of all physical commodities move up or down by the specified amount.

vi. A change in "implied options volatilities" means the implied volatilities of all the options that the Large Pool holds increase or decrease by the specified number of percentage points; and

vii. A change in "default rates" means that the rate at which debtors on all instruments of the specified type increases or decreases by the specified number of percentage points.

#### 5. LARGE POOL BORROWING INFORMATION

Provide the following information concerning the value of the Large Pool’s borrowings for each of the three months of the Reporting Period, types of creditors and the collateral posted to secure borrowings. For the purposes of this question, “borrowings” includes both Secured Borrowings and Unsecured Borrowings. For each type of borrowing specified below, provide the dollar amount of the Large Pool’s borrowings and the percentage borrowed from each of the specified types of creditors. The percentages entered in each month’s column should total 100%.
### a. Unsecured Borrowing:

<table>
<thead>
<tr>
<th>Total Dollar amount:</th>
<th>First Month</th>
<th>Second Month</th>
<th>Third Month</th>
</tr>
</thead>
<tbody>
<tr>
<td>Percentage borrowed from U.S. Financial Institutions</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Percentage borrowed from Non-U.S. Financial Institutions</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Percentage borrowed from non-U.S. creditors that are not Financial Institutions</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Percentage borrowed from U.S. creditors that are not Financial Institutions</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

### b. Secured Borrowing:

Classify Secured Borrowings according to the legal agreement governing the borrowing (e.g., Global Master Repurchase Agreement for repos and Prime Brokerage Agreement for prime brokerage). Please note that for repo borrowings, the amount should be the net amount of cash borrowed (after taking into account any initial margin/independent amount, "haircuts" and repayments). Positions under a Global Master Repurchase Agreement should not be netted.

#### i. Via prime brokerage:

<table>
<thead>
<tr>
<th>Total Dollar amount:</th>
<th>First Month</th>
<th>Second Month</th>
<th>Third Month</th>
</tr>
</thead>
<tbody>
<tr>
<td>Value of collateral posted in the form of cash and cash equivalents</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Value of collateral posted in the form of securities (not cash/cash equivalents)</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Value of other collateral posted</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>Face amount of letters of credit (or similar third party credit support) posted</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>

Face amount of letters of credit (or similar third party credit support) posted

Percentage of initial margin/independent amounts that may be rehypothecated:

Percentage of variation margin that may be rehypothecated:

7. LARGE POOL FINANCING LIQUIDITY

Provide the following information concerning the Large Pool’s financing liquidity:

a. Provide the aggregate dollar amount of cash financing drawn by or available to the Large Pool, including all drawn and undrawn, committed and uncommitted lines of credit as well as any term financing.

b. Below, enter the percentage of cash financing (as stated in response to question 7.a.) that is contractually committed to the Large Pool by its creditor(s) for the specified periods of time. Amounts of financing should be divided among the specified periods of time in accordance with the longest period for which the creditor is contractually committed to providing such financing. For purposes of this question, if a creditor (or syndicate or administrative/collateral agent) is permitted to unilaterally vary the economic terms of the financing or to revalue posted collateral in its own discretion and demand additional collateral, then the line of credit should be deemed uncommitted.

<table>
<thead>
<tr>
<th>Percentage of Total Financing:</th>
<th></th>
<th></th>
<th></th>
</tr>
</thead>
<tbody>
<tr>

<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td>2 days – 7 days:</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
8. LARGE POOL PARTICIPANT INFORMATION

Provide the following information concerning the Large Pool's participants:

a. As of the Reporting Date, what percentage of the Large Pool's Net Asset Value:

<table>
<thead>
<tr>
<th>Percentage of Total Financing:</th>
</tr>
</thead>
<tbody>
<tr>
<td>1 day or less:</td>
</tr>
<tr>
<td>2 days – 7 days:</td>
</tr>
<tr>
<td>8 days – 30 days:</td>
</tr>
<tr>
<td>31 days – 90 days:</td>
</tr>
<tr>
<td>91 days – 180 days:</td>
</tr>
<tr>
<td>181 days – 365 days:</td>
</tr>
<tr>
<td>365 days or longer:</td>
</tr>
</tbody>
</table>

b. For within the specified periods of time below, enter the percentage of the Large Pool's Net Asset Value that could have been withdrawn or redeemed by the Large Pool's participants as of the Reporting Date. The Large Pool's Net Asset Value should be divided among the specified periods of time in accordance with the shortest period within which participant assets could be withdrawn or redeemed. Assume that you would impose gates where applicable but that you would not completely suspend withdrawals or redemptions and that there are no redemption fees. Base your answers on the valuation date rather than the date on which proceeds are paid to the participant(s). The percentages entered below should total 100%.

<table>
<thead>
<tr>
<th>Percentage of Large Pool's NAV</th>
</tr>
</thead>
<tbody>
<tr>
<td>Is subject to a &quot;side pocket&quot; arrangement:</td>
</tr>
<tr>
<td>May be subject to a suspension of participant withdrawal or redemption by the Large CPO or other governing body:</td>
</tr>
<tr>
<td>May be subject to material restrictions of participant withdrawal or redemption by the Large CPO or other governing body:</td>
</tr>
<tr>
<td>Is subject to a daily margin requirement:</td>
</tr>
</tbody>
</table>
9. DURATION OF LARGE POOL'S FIXED INCOME ASSETS

Reporting fund exposures.

(Give a dollar value for long and short positions as of the last day in each month of the reporting period, by sub-asset class, including all exposure whether held physically, synthetically or through derivatives. Enter “NA” in each space for which there are no relevant positions.)

(Include any closed out and OTC forward positions that have not yet expired/matured. Do not net positions within sub-asset classes. Positions held in side-pockets should be included as positions of the hedge funds. Provide the absolute value of short positions. Each position should only be included in a single sub-asset class.)

(Where “duration/WAT/10-year eq.” is required, provide at least one of the following with respect to the position and indicate which measure is being used: bond duration, weighted average tenor or 10-year bond equivalent. Duration and weighted average tenor should be entered in terms of years to two decimal places.)

10. MISCELLANEOUS

In the space below, provide explanations to clarify any assumptions that you made in responding to any question in Schedule B of this Form CPO-PQR. Assumptions must be in addition to, or reasonably follow from, any instructions or other guidance provided in, or in connection with, Schedule B of this Form CPO-PQR. If you are aware of any instructions or other guidance that may require a different assumption, provide a citation and explain why that assumption is not appropriate for this purpose.

– This Completes Schedule C of Form CPO-PQR –
This appendix provides guidance concerning alternate methods by which commodity pool operators and commodity trading advisors may calculate the rate of return information required by Rules 4.25(a)(7)(i)(F) and 4.35(a)(6)(i)(F). The methods described herein are illustrative of calculation methods the Commission has reviewed and determined may be appropriate to address potential material distortions in the computation of rate of return due to additions and withdrawals that occur during a performance reporting period. A commodity pool operator or commodity trading advisor may present to the Commission proposals regarding any alternative method of addressing the effect of additions and withdrawals on the rate of return computation, including documentation supporting the rationale for use of that alternate method.

1. Compounded Rate of Return Method

Rate of return for a period may be calculated by computing the net performance divided by the beginning net asset value for each trading day in the period and compounding each daily rate of return to determine the rate of return for the period. If daily compounding is not practicable, the rate of return may be compounded on the basis of each sub-period within which an addition or withdrawal occurs during a month. For example:

<table>
<thead>
<tr>
<th>Account value</th>
<th>Change in value</th>
</tr>
</thead>
<tbody>
<tr>
<td>Start of month</td>
<td>$10,000 +10% ($1,000 profit).</td>

Compounded ROR = \(\frac{(1.1)(1.2)(1.25)}{1 - 10\%} = 10\%\).

2. Time-weighted method

Time-weighting allows for adjustment to the denominator of the rate of return calculation for additions and withdrawals, weighted for the amount of time such funds were available during the period. Several methods exist for time-weighting, all of which will have the same arithmetic result. These methods include: dividing the net performance by the average weighted account
Commodity Futures Trading Commission

Pt. 4, App. C

sizes for the month; dividing the net performance by the arithmetic mean of the account sizes for each trading day during the period; and taking the number of days funds were available for trading divided by the total number of days in the period.

APPENDIX C TO PART 4—FORM CTA–PR

TEMPLATE: DO NOT SEND TO NFA

COMMODITY FUTURES TRADING COMMISSION

ANNUAL PROGRAM REPORT FOR COMMODITY TRADING ADVISORS

Instructions for Using the Form CTA-PR Template

READ THESE INSTRUCTIONS CAREFULLY BEFORE COMPLETING OR REVIEWING THE REPORTING FORM.

This document is not a reporting form. Do not send this document to NFA. It is a template that you may use to assist in filing the electronic reporting form with the NFA at: http://www.nfa.futures.org.

You may fill out the template online and save and/or print it when you are finished or you can download the template and/or print it and fill it out later.

DEFINED TERMS

Words that are underlined in this form are defined terms and have the meanings contained in the Definitions of Terms section.

GENERAL

Read the Instructions and Questions Carefully

Please read the instructions and the questions in this Form CTA-PR carefully. A question that is answered incorrectly because it was misread or misinterpreted can severely impact your ability to operate as a CTA.

In this Form CTA-PR, “you” means the CTA.

Call CFTC with Questions

If there is any question about whether particular information must be provided or about the manner in which particular information must be provided, contact the CFTC for clarification.
ANNUAL PROGRAM REPORT FOR COMMODITY TRADING ADVISORS

Instructions for Using the Form CTA-PR Template

REPORTING INSTRUCTIONS

1. All CTA's Are Required to Complete and File the Form CTA-PR Annually.

2. The Form CTA-PR Must Be Filed Electronically with NFA

   All CTA's must file their Forms CTA-PR electronically using NFA's EasyFile System. NFA's EasyFile System can be accessed through NFA's website at www.nfa.futures.org. You will use the same logon and password for filing your Form CTA-PR as you would for any other EasyFile filings. Questions regarding your NFA ID# or your use of NFA's EasyFile system should be directed to the NFA. The NFA's contact information is available on its website.

3. All Figures Reported in U.S. Dollars

   All questions asking for amounts or investments must be reported in U.S. dollars. Any amounts converted to U.S. dollars must use the conversion rate in effect on the Reporting Date.

4. Use of U.S. GAAP

   All financial information in this Report must be presented and computed in accordance with Generally Accepted Accounting Principles consistently applied.

5. Oath and Affirmation

   This Form CTA-PR will not be accepted unless it is complete and contains an oath or affirmation that, to the best of the knowledge and belief of the individual making the oath or affirmation, the information contained in the document is accurate and complete; provided however, that is shall be unlawful for the individual to make such oath or affirmation if the individual knows or should know that any of the information in this Form CTA-PR is not accurate and complete.
### Definitions of Terms for the Form CTA-PR Template

#### Definitions of Terms

**Commodity Futures Trading Commission or CFTC**: The term "Commodity Futures Trading Commission" or "CFTC" refers to the United States Commodity Futures Trading Commission.

**Commodity Pool or Pool**: The term "Commodity Pool" or "Pool" has the same meaning as "commodity pool" as defined in section 1a(10) of the Commodity Exchange Act.

**Commodity Trading Advisor**: The term "commodity trading advisor" or "CTA" has the same meaning as "commodity trading adviser" as defined in section 1a(12) of the Commodity Exchange Act.

**Direct**: The term "Direct" as used in the context of trading commodity interest accounts, has the same meaning as "direct" as defined in CFTC Rule 4.10(l).

**Form CTA-PR**: The term "Form CTA-PR" refers to this Form CTA-PR.

**GAAP**: The term "Generally Accepted Accounting Principles" refers to U.S. GAAP.

**National Futures Association or NFA**: The term "National Futures Association" or "NFA" refers to the National Futures Association, a registered futures association under Section 17 of the Commodity Exchange Act.

**Reporting Date**: The term "Reporting Date" means the last calendar day of the calendar year for which this Form CTA-PR is required to be completed and filed.

**Trading Program**: The term "Trading Program" has the same meaning as "trading program" as defined in CFTC Rule 4.10(g).

PART 5—OFF-EXCHANGE FOREIGN CURRENCY TRANSACTIONS

§ 5.1 Definitions.

(a) Affiliated person of a futures commission merchant means a person described in section 2(o)(2)(B)(i)(II)(cc)(BB) of the Act;
(b) Aggregate retail forex assets means an amount of liquid assets held in accordance with §5.8 of this part;
(c) Associated person of an affiliated person of a futures commission merchant means any natural person associated with an affiliated person of a futures commission merchant as a partner, officer or employee (or any natural person occupying a similar status or performing similar functions), in any capacity which involves:

(1) The solicitation or acceptance of retail forex customers’ orders (other than in a clerical capacity); or
(2) The supervision of any person or persons so engaged;

(d)(1) Commodity pool operator, for purposes of this part, means any person who operates or solicits funds, securities, or property for a pooled investment vehicle that is not an eligible contract participant as defined in section 1a(18) of the Act, and that engages in retail forex transactions;

(2) Associated person of a commodity pool operator, for purposes of this part, means any natural person associated with a commodity pool operator as defined in paragraph (d)(1) of this section as a partner, officer, employee, consultant or agent (or any natural person occupying a similar status or performing similar functions), in any capacity which involves:

(i) The solicitation of funds, securities, or property for a participation in a pooled investment vehicle; or
(ii) The supervision of any person or persons so engaged;

(e)(1) Commodity trading advisor, for purposes of this part, means any person who exercises discretionary trading authority or obtains written authorization to exercise discretionary trading authority over any account for or on behalf of any person that is not an eligible contract participant as defined in section 1a(18) of the Act, in connection with retail forex transactions;
§ 5.1  Associated person of a commodity trading advisor, for purposes of this part, means any natural person associated with a commodity trading advisor as defined in paragraph (e)(1) of this section as a partner, officer, employee, consultant or agent (or any natural person occupying a similar status or performing similar functions), in any capacity which involves:

(i) The solicitation of a client’s or prospective client’s discretionary account; or

(ii) The supervision of any person or persons so engaged;

(f)(1) Introducing broker, for purposes of this part, means any person who solicits or accepts orders from a customer that is not an eligible contract participant as defined in section 1a(18) of the Act, in connection with retail forex transactions;

(2) Associated person of an introducing broker, for purposes of this part, means any natural person associated with an introducing broker as defined in paragraph (g)(1) of this section as a partner, officer or employee (or any natural person occupying a similar status or performing similar functions), in any capacity which involves:

(i) The solicitation or acceptance of retail forex customers’ orders (other than in a clerical capacity); or

(ii) The supervision of any person or persons so engaged;

(g) Primarily or substantially means, when used to describe the extent of a futures commission merchant’s engagement in the activities described in section 1a(28)(A)(i)(aa)(AA) of the Act and section 1a(28)(A)(i)(II) of the Act insofar as that section references the activities described in section 1a(28)(A)(i)(I)(aa)(AA), that:

(1) Such activities account for more than fifty percent of the futures commission merchant’s gross revenues, computed in accordance with generally accepted accounting principles, on an annual basis;

(2) The futures commission merchant receives gross revenues, computed in accordance with generally accepted accounting principles, from such activities in excess of $500,000 in any twelve month period; or

(3) The futures commission merchant is a clearing member of a registered derivatives clearing organization.

(h)(1) Retail foreign exchange dealer means any person that is, or that offers to be, the counterparty to a retail forex transaction, except for a person described in item (aa), (bb), (cc)(AA) or (dd) of section 2(c)(2)(B)(ii)(II) of the Act;

(2) Associated person of a retail foreign exchange dealer means any natural person associated with a retail foreign exchange dealer as defined in paragraph (i)(1) of this section as a partner, officer or employee (or any natural person occupying a similar status or performing similar functions), in any capacity which involves:

(i) The solicitation or acceptance of retail forex customers’ orders (other than in a clerical capacity); or

(ii) The supervision of any person or persons so engaged;

(i) Retail foreign account means the account of a person who is not an eligible contract participant as defined in section 1a(18) of the Act, established with a retail foreign exchange dealer or a futures commission merchant, in which account retail forex transactions (including options on contracts for the purchase or sale of foreign currency) with such retail foreign exchange dealer or futures commission merchant as counterparty are undertaken, or which account is established in order to enter into such transactions.

(j) Retail forex account agreement means the contractual agreement between a futures commission merchant or retail foreign exchange dealer and any person who is not an eligible contract participant as defined in section 1a(18) of the Act, which agreement contains the terms governing the person’s retail forex account with such futures commission merchant or retail foreign exchange dealer.

(k) Retail forex customer means a person, other than an eligible contract participant as defined in section 1a(18) of the Act, acting on its own behalf and trading in any account, agreement, contract or transaction described in section 2(c)(2)(B) or 2(c)(2)(C) of the Act.

(l) Retail forex obligation means the net credit balance at a retail foreign
Commodity Futures Trading Commission

§ 5.3

exchange dealer or futures commission merchant that would be obtained by combining all money, securities and property deposited by a retail forex customer into a retail forex account or accounts, adjusted for the realized and unrealized net profit or loss, if any, accruing on the open trades, contracts or transactions in the retail forex account or accounts, without including any retail forex customers’ accounts that contain negative net liquidating balances.

(m) Retail forex transaction means any account, agreement, contract or transaction described in section 2(c)(2)(B) or 2(c)(2)(C) of the Act. A retail forex transaction does not include an account, agreement, contract or transaction in foreign currency that is a contract of sale of a commodity for future delivery (or an option thereon) that is executed, traded on or otherwise subject to the rules of a contract market designated pursuant to section 5(a) of the Act.

§ 5.2 Prohibited transactions.

(a) Scope. The provisions of this section shall be applicable to any retail forex transaction.

(b) Fraudulent conduct prohibited. It shall be unlawful for any person, by use of the mails or by any means or instrumentality of interstate commerce, directly or indirectly, in or in connection with any retail forex transaction:

(1) To cheat or defraud or attempt to cheat or defraud any person;

(2) Willfully to make or cause to be made to any person any false report or statement or cause to be entered for any person any false record; or

(3) Willfully to deceive or attempt to deceive any person by any means whatsoever.

(c) Acting as counterparty and exercising discretion prohibited. (1) No person who acts as the counterparty for any retail forex transaction may do so for an account for which the person or any affiliate of the person is authorized (by contract, power of attorney or otherwise) to cause transactions to be effected without the client’s specific authorization.

(2) For purposes of this paragraph (c), an “affiliate” of a person means a person controlling, controlled by or under common control with, the first person.

§ 5.3 Registration of persons engaged in retail forex transactions.

(a) Subject to paragraph (b) of this section, each of the following is subject to the registration provisions under the Act and to part 3 of this chapter:

(1)(i) Any affiliated person of a futures commission merchant, as defined in §5.1(a) of this part, which affiliated person:

(A) Solicits or accepts orders from any person that is not an eligible contract participant in connection with any retail forex transaction; or

(B) Accepts money, securities, or property (or extends credit in lieu thereof) in connection with such solicitation or acceptance of orders in order to engage in any retail forex transaction, is required to register as a retail foreign exchange dealer; and

(ii) Any associated person of an affiliated person of a futures commission merchant, as defined in §5.1(c) of this part, is required to register as an associated person of an affiliated person of a futures commission merchant.

(2)(i) Any commodity pool operator, as defined in §5.1(d)(1) of this part, is required to register as a commodity pool operator;

(ii) Any associated person of a commodity pool operator, as defined in §5.1(d)(2) of this part, is required to register as an associated person of a commodity pool operator;

(3)(i) Any commodity trading advisor, as defined in §5.1(e)(1) of this part, is required to register as a commodity trading advisor;

(ii) Any associated person of a commodity trading advisor, as defined in §5.1(e)(2) of this part, is required to register as an associated person of a commodity trading advisor;

(4)(i) Any person registered as a futures commission merchant;

(A) That is not primarily or substantially engaged in the business activities described in section 1a(28)(A)(1)(aa)(AA) of the Act and
§ 5.4 Application of part 4 of this chapter to commodity pool operators and commodity trading advisors.

Part 4 of this chapter applies to any person required pursuant to the provisions of this part 5 to register as a commodity pool operator or as a commodity trading advisor. Failure by any such person to comply with the requirements of part 4 will constitute a violation of this section and the relevant section of part 4.

§ 5.5 Distribution of “Risk Disclosure Statement” by retail foreign exchange dealers, futures commission merchants and introducing brokers regarding retail forex transactions.

(a) Except as provided in §5.23 of this part, no retail foreign exchange dealer, futures commission merchant, or in the case of an introduced account no introducing broker, may open an account that will engage in retail forex transactions for a retail forex customer, unless the retail foreign exchange dealer, futures commission merchant or introducing broker first:

(1)(i) In the case of a retail foreign exchange dealer or a person required to register as an introducing broker solely by reason of this part, furnishes the retail forex customer with a separate written disclosure statement containing only the language set forth in paragraph (b) of this section and the disclosure required by paragraph (e) of this section; Provided, however, that the disclosure statement may be attached to other documents as the initial page(s) of such documents and as the only material on such page(s); and

(ii) Receives from the retail forex customer an acknowledgment signed and dated by the retail forex customer that he received and understood the disclosure statement.

(2) Receives from the retail forex customer an acknowledgment signed and dated by the retail forex customer that he received and understood the disclosure statement.
Commodity Futures Trading Commission

§ 5.5

(b) The language set forth in the written disclosure statement required by paragraph (a) of this section shall be as follows:

Risk Disclosure Statement

Off-exchange foreign currency transactions involve the leveraged trading of contracts denominated in foreign currency conducted with a futures commission merchant or a retail foreign exchange dealer as your counterparty. Because of the leverage and the other risks disclosed here, you can rapidly lose all of the funds you deposit for such trading and you may lose more than you deposit.

You should be aware of and carefully consider the following points before determining whether such trading is appropriate for you.

1. Trading is not on a regulated market or exchange—your dealer is your trading partner which is a direct conflict of interest. Before you engage in any retail foreign exchange trading, you should confirm the registration status of your counterparty.

The off-exchange foreign currency trading you are entering into is not conducted on an interbank market, nor is it conducted on a futures exchange subject to regulation as a designated contract market by the Commodity Futures Trading Commission. The foreign currency trades you transact are trades with the futures commission merchant or retail foreign exchange dealer as your counterparty. When you sell, the dealer is the buyer. When you buy, the dealer is the seller. As a result, when you lose money trading, your dealer is making money on such trades, in addition to any fees, commissions, or spreads the dealer may charge.

2. An electronic trading platform for retail foreign currency transactions is not an exchange. It is an electronic connection for accessing your dealer. The terms of availability of such a platform are governed only by your contract with your dealer.

Any trading platform that you may use to enter off-exchange foreign currency transactions is only connected to your futures commission merchant or retail foreign exchange dealer. You are accessing that trading platform only to transact with your dealer. You are not trading with any other entities or customers of the dealer by accessing such platform. The availability and operation of any such platform, including the consequences of the unavailability of the trading platform for any reason, is governed only by the terms of your account agreement with the dealer.

3. Your deposits with the dealer have no regulatory protections.

All of your rights associated with your retail forex trading, including the manner and denomination of any payments made to you, are governed by the contract terms established in your account agreement with the futures commission merchant or retail foreign exchange dealer. Funds deposited by you with a futures commission merchant or retail foreign exchange dealer for trading off-exchange foreign currency transactions are not subject to the customer funds protections provided to customers trading on a contract market that is designated by the Commodity Futures Trading Commission. Your dealer may commingle your funds with its own operating funds or use them for other purposes. In the event your dealer becomes bankrupt, any funds the dealer is holding for you in addition to any amounts owed to you resulting from trading, whether or not any assets are maintained in separate deposit accounts by the dealer, may be treated as an unsecured creditor’s claim.

4. You are limited to your dealer to offset or liquidate any trading positions since the transactions are not made on an exchange or market, and your dealer may set its own prices.

Your ability to close your transactions or offset positions is limited to what your dealer will offer to you, as there is no other market for these transactions. Your dealer may offer any prices it wishes, and it may offer prices derived from outside sources or not in its discretion. Your dealer may establish its prices by offering spreads from third party prices, but it is under no obligation to do so or to continue to do so. Your dealer may offer different prices to different customers at any point in time on its own terms. The terms of your account agreement alone govern the obligations your dealer has to you to offer prices and offer offset or liquidating transactions in your account and make any payments to you. The prices offered by your dealer may or may not reflect prices available elsewhere at any exchange, interbank, or other market for foreign currency.

5. Paid solicitors may have undisclosed conflicts.

The futures commission merchant or retail foreign exchange dealer may compensate introducing brokers for introducing your account in ways which are not disclosed to you. Such paid solicitors are not required to have, and may not have, any special expertise in trading, and may have conflicts of interest based on the method by which they
are compensated. Solicitors working on behalf of futures commission merchants and retail foreign exchange dealers are required to register. You should confirm that they are, in fact, registered. You should thoroughly investigate the manner in which all such solicitors are compensated and be very cautious in granting any person or entity authority to trade on your behalf. You should always consider obtaining dated written confirmation of any information you are relying on from your dealer or a solicitor in making any trading or account decisions.

FINALLY, YOU SHOULD THOROUGHLY INVESTIGATE ANY STATEMENTS BY ANY DEALERS OR SALES REPRESENTATIVES WHICH MINIMIZE THE IMPORTANCE OF, OR CONTRADICT, ANY OF THE TERMS OF THIS RISK DISCLOSURE. SUCH STATEMENTS MAY INDICATE POTENTIAL SALES FRAUD.

THIS BRIEF STATEMENT CANNOT, OF COURSE, DISCLOSE ALL THE RISKS AND OTHER ASPECTS OF TRADING OFF-EXCHANGE FOREIGN CURRENCY TRANSACTIONS WITH A FUTURES COMMISSION MERCHANT OR RETAIL FOREIGN EXCHANGE DEALER.

I hereby acknowledge that I have received and understood this risk disclosure statement.

Date

Signature of Customer

(c) The acknowledgment required by paragraph (a) of this section must be retained by the retail foreign exchange dealer, futures commission merchant or introducing broker in accordance with §1.31 of this chapter.

(d) This section does not relieve a retail foreign exchange dealer, futures commission merchant or introducing broker from any other disclosure obligation it may have under applicable law.

(e)(1) Immediately following the language set forth in paragraph (b) of this section, the statement required by paragraph (a) of this section shall include, for each of the most recent four calendar quarters during which the counterparty maintained retail forex customer accounts:

(i) The total number of non discretionary retail forex customer accounts maintained by the retail foreign exchange dealer or futures commission merchant;

(ii) The percentage of such accounts that were profitable during the quarter; and

(iii) The percentage of such accounts that were not profitable during the quarter.

(2) Identification of retail forex customer accounts for the purpose of this disclosure and the calculation in determining whether each such account was profitable or not profitable must be made in accordance with §5.18(i) of this part. Such statement of profitable trades shall include the following legend: PAST PERFORMANCE IS NOT NECESSARILY INDICATIVE OF FUTURE RESULTS. Each retail foreign exchange dealer or futures commission merchant shall provide, upon request, to any retail forex customer or prospective retail forex customer the total number of non discretionary retail forex accounts maintained by such foreign exchange dealer or futures commission merchant, the percentage of such accounts that were profitable and the percentage of such accounts that were not profitable, calculated in accordance with §5.18(i) of this part, for each calendar quarter during the most recent five year period during which such retail foreign exchange dealer or futures commission merchant maintained non discretionary retail forex customer accounts.

§ 5.6 Maintenance of minimum financial requirements by retail foreign exchange dealers and futures commission merchants offering or engaging in retail forex transactions.

(a) Each futures commission merchant offering or engaging in retail forex transactions or who files an application for registration as a futures commission merchant that will offer or engage in retail forex transactions and each person registered as a retail foreign exchange dealer or who files an application for registration as a retail foreign exchange dealer who knows or should have known that its adjusted net capital at any time is less than the minimum required by §5.7 of this part or by the capital rule of a registered futures association of which it is a member, must:

(1) Give telephonic notice, to be confirmed in writing by facsimile notice,
that the applicant’s or registrant’s adjusted net capital is less than that required by §5.7 of this part. The notice must be given immediately after the applicant or registrant knows or should know that its adjusted net capital is less than that required by any of the aforesaid rules to which the applicant or registrant is subject; and

2. Provide together with such notice documentation in such form as necessary to adequately reflect the applicant’s or registrant’s capital condition as of any date such person’s adjusted net capital is less than the minimum required. The applicant or registrant must provide similar documentation for other days as the Commission may request.

(b) Each applicant or registrant, who knows or should have known that its adjusted net capital at any time is less than the greater of:

1. $22,000,000;
2. 110 percent of the amount required by §5.7(a)(1)(B) of this part; or
3. 110 percent of the amount of adjusted net capital required by a registered futures association of which the futures commission merchant or retail foreign exchange dealer is a member, must file written notice to that effect within 24 hours of such event.

(c) If an applicant or registrant at any time fails to make or keep current the books and records required by these regulations, such applicant or registrant must, on the same day such event occurs, provide facsimile notice of such fact, specifying the books and records which have not been made or which are not current, and within 48 hours after giving such notice file a written report stating what steps have been and are being taken to correct the situation.

(d) Whenever any applicant or registrant discovers or is notified by an independent public accountant, pursuant to §1.16(e)(2) of this chapter, of the existence of any material inadequacy, as specified in §1.16(d)(2) of this chapter, such applicant or registrant must give facsimile notice of such material inadequacy within 24 hours, and within 48 hours after giving such notice file a written report stating what steps have been and are being taken to correct the material inadequacy.

(e) Whenever any self-regulatory organization learns that a member registrant has failed to file a notice or written report as required by §5.6 of this part, that self-regulatory organization must immediately report this failure by telephone, confirmed in writing immediately by facsimile notice, as provided in paragraph (h) of this section.

(f) A retail foreign exchange dealer or a futures commission merchant offering or engaging in retail forex transactions shall provide written notice of a substantial reduction in capital as compared to that last reported in a financial report filed with the Commission pursuant to §5.12 of this part. This notice shall be provided as follows:

1. If any event or series of events, including any withdrawal, advance, loan or loss cause, on a net basis, a reduction in net capital of 20 percent or more, notice must be provided within two business days of the event or series of events causing the reduction; and
2. If the equity capital of the retail foreign exchange dealer or futures commission merchant offering or engaging in retail forex transactions consolidated pursuant to §1.17(f) of this chapter would be withdrawn by action of a stockholder or a partner or a limited liability company member or by redemption or repurchase of shares of stock by any of the consolidated entities or through the payment of dividends or any similar distribution, or an unsecured advance or loan would be made to a stockholder, partner, sole proprietor, limited liability company member, employee or affiliate, such that the withdrawal, advance or loan would cause, on a net basis, a reduction in excess adjusted net capital of 30 percent or more, notice must be provided at least two business days prior to the withdrawal, advance or loan that would cause the reduction: Provided, however, That the provisions of paragraphs (f)(1) and (f)(2) of this section do not apply to any retail foreign exchange transaction in the ordinary course of business between a retail foreign exchange dealer
§ 5.7 Minimum financial requirements for retail foreign exchange dealers and futures commission merchants offering or engaging in retail forex transactions.

(a)(1)(i) Each futures commission merchant offering or engaging in retail forex transactions and each retail foreign exchange dealer must maintain adjusted net capital equal to or in excess of the greatest of:

(A) $20,000,000;

(B) $20,000,000 plus five percent of the futures commission merchant’s or retail foreign exchange dealer’s total retail forex obligation in excess of $10,000,000;

(C) any amount required under §1.17 of this chapter, as applicable; or
(D) the amount of adjusted net capital required by a registered futures association of which the futures commission merchant or retail foreign exchange dealer is a member.

(ii) Section 1.17 of this chapter shall apply to retail foreign exchange dealers as if such retail foreign exchange dealers were futures commission merchants, or as applicable, applicants or registrants, as stated in §1.17 for the purpose of determining the adjusted net capital under this section. For the purpose of applying this section, “applicant” or “registrant” shall include retail foreign exchange dealers and futures commission merchants offering or engaging in retail forex transactions and applicants therefore.

(2) No person applying for registration as a retail foreign exchange dealer or a futures commission merchant that will engage in retail forex transactions shall be so registered unless such person affirmatively demonstrates to the satisfaction of the Commission or the registrant’s designated self-regulatory organization that it complies with the financial requirements of this section.

(3) Each registrant must be in compliance with this section at all times and must be able to demonstrate such compliance to the satisfaction of the Commission or the registrant’s designated self-regulatory organization.

(4) A registrant who is not in compliance with this section or is unable to demonstrate such compliance as required by paragraph (a)(3) of this section, shall, as directed by and under the supervision of the Commission or the registrant’s designated self-regulatory organization, either liquidate or transfer all retail forex accounts (including the novation of retail forex contracts and refund or transfer all funds associated with such retail forex accounts and immediately cease offering or engaging in retail forex transactions until such time as the firm is able to demonstrate to the Commission or the registrant’s designated self-regulatory organization such compliance: Provided, however, That if such registrant immediately demonstrates to the satisfaction of the Commission or the registrant’s designated self-regulatory organization the ability to achieve compliance, the Commission or the registrant’s designated self-regulatory organization may in its discretion allow such registrant up to a maximum of 10 business days, or such additional time as determined by the Commission, in which to achieve compliance without having to liquidate positions or transfer accounts and cease doing business as required above. Nothing in this paragraph (a)(4) shall be construed as preventing the Commission or the registrant’s designated self-regulatory organization from taking action against a registrant for noncompliance with any of the provisions of this section.

(b) For the purposes of this section:

(1) Where the applicant or registrant has an asset or liability which is defined in Securities Exchange Act Rule 15c3–1 (§240.15c3–1 of this title) the inclusion or exclusion of all or part of such asset or liability for the computation of adjusted net capital shall be in accordance with §240.15c3–1 of this title, unless specifically stated otherwise in this section or in §1.17 of this chapter.

(2) The adjusted net capital of an applicant or registrant for the purpose of this section shall be determined by the application of §1.17 pursuant to paragraph (a)(1)(ii) of this section, with the following additions:

(i) All positions in retail forex accounts and other financial positions and instruments of the applicant or registrant must be marked to market and adjusted daily by referencing to current market prices or rates of exchange.

(ii) Current assets must exclude any retail forex account which liquidates to a deficit or contains a debit ledger balance only and is not secured in accordance with §1.17(c)(3).

(iii) Current assets must exclude any unsecured receivable accrued from any over-the-counter transaction in foreign currency, options on foreign currency or options on contracts for the purchase or sale of foreign currency, or arising from the deposit of collateral or compensating balances with respect to such transactions, unless such unsecured receivable is from a person who is an eligible contract participant that also is:
(A) A bank or trust company regulated by a United States banking regulator;
(B) A broker-dealer registered with the Securities and Exchange Commission and a member of the Financial Industry Regulatory Authority;
(C) A futures commission merchant registered with the Commission and a member of the National Futures Association;
(D) A retail foreign exchange dealer registered with the Commission and a member of the National Futures Association;
(E) An entity regulated as a foreign equivalent of any of the persons listed in paragraphs (b)(2)(iii)(A) through (D) of this section, if such person is regulated in a money center country as defined in §1.49 of this chapter and recognized by the futures commission merchant’s or retail foreign exchange dealer’s designated self-regulatory organization as a foreign equivalent;
(F) Any other entity approved by the futures commission merchant’s or retail foreign exchange dealer’s designated self-regulatory organization.

(iv) The value attributed to any retail forex transaction that is an option shall be the difference between the option’s exercise value or striking value and the market value of the underlying. In the case of a call, if the market value of the underlying is less than the exercise value or striking value of such call, it shall be given no value; and, in the case of a put, if the market value of the underlying is more than the exercise value or striking value of the put, it shall be given no value.

(v)(A) In computing adjusted net capital, the capital deductions set forth in §1.17(c)(5)(vi) of this chapter shall apply to all retail forex transactions that are options.
(B) In computing adjusted net capital, the capital deductions set forth in §1.17(c)(5)(vi) of this chapter shall apply to retail forex transactions other than options. The capital deductions which apply are six percent for net positions in Euros, British pounds, Canadian dollars, Japanese yen, or Swiss francs and 20 percent for net positions in all other foreign currencies, Provided, however, That there shall be no capital deductions for retail foreign transactions covered (as defined in §1.17(j) of this chapter) by the applicant or registrant by open futures contracts to the extent such futures contracts are not otherwise designated as cover for any other net capital purposes. For purposes of this paragraph (b)(2)(v)(A), such retail forex transactions shall be treated as if they were inventory and cover were therefore applicable. A retail foreign exchange dealer or futures commission merchant may not use an affiliate (unless approved by the firm’s designated self-regulatory organization) or any person that is considered unregulated under the rules of the firm’s designated self-regulatory organization to cover its currency positions for purposes of this section.

(c) An applicant or registrant must prepare, and keep current, ledgers or other similar records which show or summarize, with appropriate references to supporting documents, each transaction affecting the applicant’s or registrant’s asset, liability, income, expense and capital accounts, and in which (except as otherwise permitted in writing by the Commission) all the applicant’s or registrant’s asset, liability and capital accounts are classified into the account classification subdivisions specified on Form 1–FR–FCM. Each applicant or registrant shall prepare and keep current such records.

(d) An applicant or registrant must make and keep as a record in accordance with §5.14 of this part formal computations of its adjusted net capital and of its minimum financial requirements pursuant to this section as of the close of business each month and on other such dates called for by the Commission, the National Futures Association, or another self-regulatory organization of which the firm is a member. Such computations must be completed and made available for inspection by any representative of the Commission, the National Futures Association, a self-regulatory organization of which the firm is a member, or
§ 5.9 Security deposits for retail forex transactions.

(a) Each futures commission merchant engaging, or offering to engage, in retail forex transactions and each retail foreign exchange dealer must collect from each retail forex customer a minimum security deposit for each retail forex transaction equal to the applicable percentage as set by the registered futures association of which they are a member; Provided, that the registered futures association’s security deposit requirement cannot be less than:

(1) 2% of the notional value of the retail forex transaction for major currency pairs and 5% of the notional value of the retail forex transaction for all other currency pairs;

(2) For short options, 2% for major currency pairs and 5% for all other currency pairs of the notional value of the retail forex transaction, plus the premium received by the retail forex customer; or

(3) For long options, the full premium charged and received by the futures commission merchant or retail foreign exchange dealer from the retail forex customer.

(b) Security deposits must be made in the form of cash or other financial instruments that comply with the requirements specified in § 1.25 of this chapter.

(c) A futures commission merchant or retail foreign exchange dealer is required to collect additional security deposits from a retail forex customer, or liquidate the retail forex customer’s positions, if the amount of the retail forex customer’s security deposits
§ 5.10 Risk assessment recordkeeping requirements for retail foreign exchange dealers.

(a) Requirement to maintain and preserve information. (1) Each retail foreign exchange dealer registered with the Commission pursuant to section 2(c)(2)(B)(i)(II)(ff) of the Act shall prepare, maintain and preserve the following information:

(i) An organizational chart which includes the retail foreign exchange dealer and each of its affiliated persons. Included in the organizational chart shall be a designation of which affiliated persons are “Material Affiliated Persons” as that term is used in paragraph (a)(2) of this section, which Material Affiliated Persons file routine financial or risk exposure reports with the Securities and Exchange Commission, a federal banking agency, an insurance commissioner or other similar official or agency of a state, or a foreign regulatory authority, and which Material Affiliated Persons are dealers in financial instruments with off-balance sheet risk and, if a Material Affiliated Person is such a dealer, whether it is also an end-user of such instruments;

(ii) Written policies, procedures, or systems concerning the retail foreign exchange dealer’s:

(A) Method(s) for monitoring and controlling financial and operational risks to it resulting from the activities of any of its affiliated persons;

(B) Financing and capital adequacy, including information regarding sources of funding, together with a narrative discussion by management of the liquidity of the material assets of the retail foreign exchange dealer, the structure of debt capital, and sources of alternative funding;

(C) Establishing and maintaining internal controls with respect to market risk, credit risk, and other risks created by the retail foreign exchange dealer’s trading activities, including systems and policies for supervising, monitoring, reporting and reviewing trading activities in forex transactions, securities, futures contracts, commodity options, forward contracts and financial instruments; policies for hedging or managing risks created by trading activities or supervising accounts carried for affiliates, including a description of the types of reviews conducted to monitor positions; and policies relating to restrictions or limitations on trading activities: Provided, however, that if the retail foreign exchange dealer has no such written policies, procedures or systems, it must so state in writing;

(iii) Fiscal year-end consolidated and consolidating balance sheets for the highest level Material Affiliated Person within the retail foreign exchange dealer’s organizational structure, which shall include the retail foreign exchange dealer and its other Material Affiliated Persons, prepared in accordance with generally accepted accounting principles, which consolidated balance sheets shall be audited by an independent certified public accountant if an annual audit is performed in the ordinary course of business, but which otherwise may be unaudited, and which shall include appropriate explanatory notes. The consolidating balance sheets may be those prepared by the retail foreign exchange dealer’s highest level Material Affiliated Person as part of its internal financial reporting process. Any additional information required to be filed under §5.11(a)(2)(iii) of this part shall also be maintained and preserved; and

(iv) Fiscal year-end consolidated and consolidating income statements and consolidated cash flow statements for the highest level Material Affiliated

§ 5.10 Risk assessment recordkeeping requirements for retail foreign exchange dealers.

(a) Requirement to maintain and preserve information. (1) Each retail foreign exchange dealer registered with the Commission pursuant to section 2(c)(2)(B)(i)(II)(ff) of the Act shall prepare, maintain and preserve the following information:

(i) An organizational chart which includes the retail foreign exchange dealer and each of its affiliated persons. Included in the organizational chart shall be a designation of which affiliated persons are “Material Affiliated Persons” as that term is used in paragraph (a)(2) of this section, which Material Affiliated Persons file routine financial or risk exposure reports with the Securities and Exchange Commission, a federal banking agency, an insurance commissioner or other similar official or agency of a state, or a foreign regulatory authority, and which Material Affiliated Persons are dealers in financial instruments with off-balance sheet risk and, if a Material Affiliated Person is such a dealer, whether it is also an end-user of such instruments;

(ii) Written policies, procedures, or systems concerning the retail foreign exchange dealer’s:

(A) Method(s) for monitoring and controlling financial and operational risks to it resulting from the activities of any of its affiliated persons;

(B) Financing and capital adequacy, including information regarding sources of funding, together with a narrative discussion by management of the liquidity of the material assets of the retail foreign exchange dealer, the structure of debt capital, and sources of alternative funding;

(C) Establishing and maintaining internal controls with respect to market risk, credit risk, and other risks created by the retail foreign exchange dealer’s trading activities, including systems and policies for supervising, monitoring, reporting and reviewing trading activities in forex transactions, securities, futures contracts, commodity options, forward contracts and financial instruments; policies for hedging or managing risks created by trading activities or supervising accounts carried for affiliates, including a description of the types of reviews conducted to monitor positions; and policies relating to restrictions or limitations on trading activities: Provided, however, that if the retail foreign exchange dealer has no such written policies, procedures or systems, it must so state in writing;

(iii) Fiscal year-end consolidated and consolidating balance sheets for the highest level Material Affiliated Person within the retail foreign exchange dealer’s organizational structure, which shall include the retail foreign exchange dealer and its other Material Affiliated Persons, prepared in accordance with generally accepted accounting principles, which consolidated balance sheets shall be audited by an independent certified public accountant if an annual audit is performed in the ordinary course of business, but which otherwise may be unaudited, and which shall include appropriate explanatory notes. The consolidating balance sheets may be those prepared by the retail foreign exchange dealer’s highest level Material Affiliated Person as part of its internal financial reporting process. Any additional information required to be filed under §5.11(a)(2)(iii) of this part shall also be maintained and preserved; and

(iv) Fiscal year-end consolidated and consolidating income statements and consolidated cash flow statements for the highest level Material Affiliated
Person within the retail foreign exchange dealer’s organizational structure, which shall include the retail foreign exchange dealer and its other Material Affiliated Persons, prepared in accordance with generally accepted accounting principles, which consolidated statements shall be audited by an independent certified public accountant if an annual audit is performed in the ordinary course of business, but which otherwise may be unaudited, and which shall include appropriate explanatory notes. The consolidating statements may be those prepared by the retail foreign exchange dealer’s highest level Material Affiliated Person as part of its internal financial reporting process. Any additional information required to be filed under § 5.11(a)(2)(iii) shall also be maintained and preserved.

(2) The determination of whether an affiliated person of a retail foreign exchange dealer is a Material Affiliated Person shall involve consideration of all aspects of the activities of, and the relationship between, both entities, including without limitation, the following factors:

(i) The legal relationship between the retail foreign exchange dealer and the affiliated person;

(ii) The overall financing requirements of the retail foreign exchange dealer and the affiliated person, and the degree, if any, to which the retail foreign exchange dealer and the affiliated person are financially dependent on each other;

(iii) The degree to which the retail foreign exchange dealer and the affiliated person directly or indirectly engage in over-the-counter transactions with each other;

(iv) The degree, if any, to which the retail foreign exchange dealer or its customers rely on the affiliated person for operational support or services in connection with the retail foreign exchange dealer’s business;

(v) The level of market, credit or other risk present in the activities of the affiliated person; and

(vi) The extent to which the affiliated person has the authority or the ability to cause a withdrawal of capital from the retail foreign exchange dealer.

(3) For purposes of this section and § 5.11 of this part, the term Material Affiliated Person does not include a natural person.

(4) The information, reports and records required by this section shall be maintained and preserved, and made readily available for inspection, in accordance with the provisions of § 1.31 of this chapter.

(b) Special provisions with respect to Material Affiliated Persons subject to the supervision of certain domestic regulators. A retail foreign exchange dealer shall be deemed to be in compliance with the recordkeeping requirements of paragraphs (a)(1)(i), (iii) and (iv) of this section with respect to a Material Affiliated Person if:

(1) The Material Affiliated Person is required to maintain and preserve information pursuant to § 240.17h–1T of this title, or such other risk assessment regulations as the Securities and Exchange Commission may adopt, and the retail foreign exchange dealer maintains and makes available for inspection by the Commission in accordance with the provisions of this section copies of the records and reports maintained and filed on Form 17–H (or such other forms or reports as may be required) by the Material Affiliated Person with the Securities and Exchange Commission pursuant to §§ 240.17h–1T and 240.17h–2T of this title, or such other risk assessment regulations as the Securities and Exchange Commission may adopt;

(2) In the case of a Material Affiliated Person (including a foreign banking organization) that is subject to examination by, or the reporting requirements of, a Federal banking agency, the retail foreign exchange dealer or such Material Affiliated Person maintains and makes available for inspection by the Commission in accordance with the provisions of this section copies of all reports submitted by such Material Associated Person to the Federal banking agency pursuant to section 5211 of the Revised Statutes, section 9 of the Federal Reserve Act, section 7(a) of the Federal Deposit Insurance Act, section 10(b) of the Home Owners’ Loan Act, or section 5 of the Bank Holding Company Act of 1956; or
§ 5.10 17 CFR Ch. I (4–1–13 Edition)

(3) In the case of a Material Affiliated Person that is subject to the supervision of an insurance commissioner or other similar official or agency of a state, the retail foreign exchange dealer or such Material Affiliated Person maintains and makes available for inspection by the Commission in accordance with the provisions of this section copies of the annual statements with schedules and exhibits prepared by the Material Affiliated Person on forms prescribed by the National Association of Insurance Commissioners or by a state insurance commissioner.

(c)(1) Special provisions with respect to Material Affiliated Persons subject to the supervision of a Foreign Regulatory Authority. A retail foreign exchange dealer shall be deemed to be in compliance with the recordkeeping requirements of paragraphs (a)(1)(iii) and (iv) of this section with respect to a Material Affiliated Person if such retail foreign exchange dealer maintains and makes available, or causes such Material Affiliated Person to make available, for inspection by the Commission in accordance with the provisions of this section copies of any financial or risk exposure reports filed by such Material Affiliated Person with a foreign futures authority or other foreign regulatory authority, provided that:

(i) The retail foreign exchange dealer agrees to use its best efforts to obtain from the Material Affiliated Person and to cause the Material Affiliated Person to provide, directly or through its foreign futures authority or other foreign regulatory authority, any supplemental information the Commission may request and there is no statute or other bar in the foreign jurisdiction that would preclude the retail foreign exchange dealer, the Material Affiliated Person, the foreign futures authority or other foreign regulatory authority from providing such information to the Commission; or

(ii) The foreign futures authority or other foreign regulatory authority with whom the Material Affiliated Person files such reports has entered into an information-sharing agreement with the Commission which is in effect as of the retail foreign exchange dealer’s fiscal year-end and which will allow the Commission to obtain the type of information required herein.

(2) The retail foreign exchange dealer shall maintain a copy of the original report and a copy translated into the English language. For the purposes of this section, the term “Foreign Futures Authority” shall have the meaning set forth in section 1a(26) of the Act.

(d) Exemptions. The Commission may exempt any retail foreign exchange dealer from any provision of this section if it finds that the exemption is not contrary to the public interest and the purposes of the provisions from which the exemption is sought. The Commission may grant the exemption subject to such terms and conditions as it may find appropriate.

(e) Location of records. A retail foreign exchange dealer required to maintain records concerning Material Affiliated Persons pursuant to this section may maintain those records either at the principal office of the Material Affiliated Person or at a records storage facility, provided that, except as set forth in paragraph (c) of this section, the records are located within the boundaries of the United States and the records are kept and available for inspection in accordance with §1.31 of this chapter. If such records are maintained at a place other than the retail foreign exchange dealer’s principal place of business, the Material Affiliated Person or other entity maintaining the records shall file with the Commission a written undertaking, in a form acceptable to the Commission, signed by a duly authorized person, to the effect that the records will be treated as if the retail foreign exchange dealer were maintaining the records pursuant to this section and that the entity maintaining the records will permit examination of such records at any time, or from time to time during business hours, by representatives or designees of the Commission and promptly furnish the Commission representative or its designee true, correct, complete and current hard copy of all or any part of such records. The election to maintain records at the principal place of business of the Material Affiliated Person...
Commodity Futures Trading Commission

§ 5.11 Risk assessment reporting requirements for retail foreign exchange dealers.

(a) Reporting requirements with respect to information required to be maintained by §5.10 of this part. (1) Each retail foreign exchange dealer registered with the Commission pursuant to Section 2(c)(2)(B)(ii) of the Act shall file the following with the regional office of the Commission with which it files periodic financial reports within 60 calendar days after the effective date of such registration:

(i) A copy of the organizational chart maintained by the retail foreign exchange dealer pursuant to §5.10(a)(1)(i) of this part. Where there is a material change in information provided, an updated organizational chart shall be filed within sixty calendar days after the end of the fiscal quarter in which the change has occurred; and

(ii) Copies of the financial, operational, and risk management policies, procedures and systems maintained by the retail foreign exchange dealer pursuant to §5.10(a)(1)(ii) of this part. If the retail foreign exchange dealer has no such written policies, procedures or systems, it must file a statement so indicating. Where there is a material change in information provided, such change shall be reported within sixty calendar days after the end of the fiscal quarter in which the change has occurred.

(2) Each retail foreign exchange dealer registered with the Commission pursuant to section 2(c)(2)(B)(ii) of the Act shall file the following with the regional office with which it files periodic financial reports within 105 calendar days after the end of each fiscal year or, if a filing is made pursuant to a written notice issued under paragraph (a)(2)(iii) of this section, within the time period specified in the written notice:

(i) Fiscal year-end consolidated and consolidating balance sheets for the highest level Material Affiliated Person within the retail foreign exchange dealer’s organizational structure, which shall include the retail foreign exchange dealer and its other Material Affiliated Persons, prepared in accordance with generally accepted accounting principles, which consolidated balance sheets shall be audited by an independent certified public accountant if an annual audit is performed in the ordinary course of business, but which otherwise may be unaudited, and which consolidated balance sheets shall include appropriate explanatory notes. The consolidating balance sheets may be those prepared by the retail foreign exchange dealer’s highest level Material Affiliated Person as part of its internal financial reporting process;

(ii) Fiscal year-end annual consolidated and consolidating income statements and consolidated cash flow statements for the highest level Material Affiliated Person within the retail foreign exchange dealer’s organizational structure, which shall include the retail foreign exchange dealer and its other Material Affiliated Persons, prepared in accordance with generally accepted accounting principles, which consolidated statements shall be audited by an independent certified public accountant if an annual audit is performed in the ordinary course of business, but which otherwise may be unaudited, and which consolidated statements shall be filed with the Commission within 105 calendar days after the end of the fiscal year or, if a filing is made pursuant to a written notice issued under paragraph (a)(2)(iii) of this section, within the time period specified in the written notice:
§5.11

Statements shall include appropriate explanatory notes. The consolidating statements may be those prepared by the retail foreign exchange dealer’s highest level Material Affiliated Person as part of its internal financial reporting process; and

(iii) Upon receiving written notice from any representative of the Commission and within the time period specified in the written notice, such additional information which the Commission determines is necessary for a complete understanding of a particular affiliate’s financial impact on the retail foreign exchange dealer’s organizational structure.

(3) For the purposes of this section, the term Material Affiliated Person shall have the meaning used in §5.10 of this part.

(4) The reports required to be filed pursuant to paragraphs (a)(1) and (2) of this section shall be considered filed when received by the regional office of the Commission with whom the retail foreign exchange dealer files financial reports pursuant to §5.12 of this part.

(b) Exemptions. The Commission may exempt any retail foreign exchange dealer from any provision of this section if it finds that the exemption is not contrary to the public interest and the purposes of the provisions from which the exemption is sought. The Commission may grant the exemption subject to such terms and conditions as it may find appropriate.

(c) Special provisions with respect to Material Affiliated Persons subject to the supervision of certain domestic regulators. (1) In the case of a Material Affiliated Person that is required to maintain and preserve information pursuant to §240.17h–1T of this title, or such other risk assessment regulations as the Securities and Exchange Commission may adopt, the retail foreign exchange dealer shall be deemed to be in compliance with the reporting requirements of paragraph (a)(2) of this section with respect to such Material Affiliated Person if the retail foreign exchange dealer maintains in accordance with §5.10 of this part copies of all reports filed by the Material Affiliated Person with the Federal banking agency pursuant to section 5211 of the Revised Statutes, section 9 of the Federal Reserve Act, section 7(a) of the Federal Deposit Insurance Act, section 10(b) of the Home Owners’ Loan Act, or section 5 of the Bank Holding Company Act of 1956.

(2) In the case of a Material Affiliated Person (including a foreign banking organization) that is subject to examination by, or the reporting requirements of, a Federal banking agency, the retail foreign exchange dealer shall be deemed to be in compliance with the reporting requirements of paragraph (a)(2) of this section with respect to such Material Affiliated Person if the retail foreign exchange dealer or such Material Affiliated Person maintains in accordance with §5.10 of this part copies of all reports filed by the Material Affiliated Person with the Federal banking agency pursuant to section 5211 of the Revised Statutes, section 9 of the Federal Reserve Act, section 7(a) of the Federal Deposit Insurance Act, section 10(b) of the Home Owners’ Loan Act, or section 5 of the Bank Holding Company Act of 1956.

(3) In the case of a retail foreign exchange dealer that has a Material Affiliated Person that is subject to the supervision of an insurance commissioner or other similar official or agency of a state, such retail foreign exchange dealer shall be deemed to be in compliance with the reporting requirements of paragraph (a)(2) of this section with respect to the Material Affiliated Person if:

(i) With respect to a Material Affiliated Person organized as a mutual insurance company or a non-public stock company, the retail foreign exchange dealer or such Material Affiliated Person maintains in accordance with §5.14 of this part copies of the annual statements with schedules and exhibits prepared by the Material Affiliated Person on forms prescribed by the National Association of Insurance Commissioners or by a state insurance commissioner; and

(ii) With respect to a Material Affiliated Person organized as a public stock company, the retail foreign exchange
§ 5.12 Financial reports of retail foreign exchange dealers.

(a)(1) Each person who files an application for registration as a retail foreign exchange dealer with the National Futures Association shall submit, concurrently with the filing of such application, either:

(i) A Form 1-FR-FCM certified by an independent public accountant as of a date not more than 45 days prior to the date on which such report is filed; or

(ii) A Form 1-FR-FCM as of a date not more than 17 business days prior to the date on which such report is filed.
and a Form 1–FR–FCM certified by an independent public accountant as of a date not more than one year prior to
the date on which such report is filed.

(2) Each such person must include with such financial report a statement describing the source of his current as-
sets and representing that his capital has been contributed for the purpose of
operating his business and will con-
tinue to be used for such purpose.

(3) The provisions of paragraph (a)(1)
of this section do not apply to any per-
son succeeding to and continuing the
business of another retail foreign ex-
change dealer.

(b)(1) Each person registered as a re-
tail foreign exchange dealer must file a
Form 1–FR–FCM as of the close of busi-
ness each month. Each Form 1–FR
must be filed no later than 17 business
days after the date for which the report
is made.

(2) In addition to the monthly finan-
cial reports required by paragraph
(b)(1) of this section, each person reg-
istered as a retail foreign exchange
dealer must file a Form 1–FR–FCM as
of the close of its fiscal year, which
must be certified by an independent
public accountant and must be filed no
later than 90 days after the close of the
retail foreign exchange dealer’s fiscal
year.

(3) A Form 1–FR–FCM required to be
certified by an independent public ac-
countant which is filed by a retail for-
eign exchange dealer must be filed in paper form and may not be filed elec-
tronically with the Commission. A
Form 1–FR–FCM required to be cer-
tified by an independent public ac-
countant which is filed by an applicant
for registration as a retail foreign ex-
change dealer with the National Fu-
tures Association must be filed elec-
tronically in accordance with the in-
structions to the form and contain:

(i) A statement of financial condition
as of the date for which the report
is made;

(ii) A statement of income (loss) for
the period between the date of the
most recent statement of financial
condition filed with the Commission
and the date for which the report
is made;

(iii) A statement of changes in own-
ership equity for the period between
the date of the most recent statement
of financial condition filed with the
Commission and the date for which the
report is made;

(iv) A statement of changes in liabil-
ities subordinated to claims of general
creditors for the period between the
§ 5.12

Commodity Futures Trading Commission

date of the most recent statement of financial condition filed with the Commission and the date for which the report is made;

(v) A statement of the computation of the minimum capital requirements pursuant to §5.7 of this part as of the date for which the report is made; and

(vi) In addition to the information expressly required, such further material information as may be necessary to make the required statements and schedules not misleading.

(2) Each Form 1–FR–FCM filed pursuant to this §5.12 which is required to be certified by an independent public accountant must be completed in accordance with the instructions to the form and contain:

(i) A statement of financial condition as of the date for which the report is made;

(ii) Statements of income (loss), cash flows, changes in ownership equity, and changes in liabilities subordinated to claims of general creditors, for the period between the date of the most recent certified statement of financial condition filed with the Commission and the date for which the report is made: Provided, That for an applicant filing pursuant to paragraph (a) of this section the period must be the year ending as of the date of the statement of financial condition;

(iii) A statement of the computation of the minimum capital requirements pursuant to §5.7 of this part as of the date for which the report is made; provided, That for an applicant filing pursuant to paragraph (a) of this section the period must be the year ending as of the date of the statement of financial condition;

(iv) Appropriate footnote disclosures;

(v) A reconciliation, including appropriate explanations, of the statement of the computation of the minimum capital requirements pursuant to §5.7 of this part, in the certified Form 1–FR–FCM with the applicant’s or registrant’s corresponding uncertified most recent Form 1–FR–FCM filing when material differences exist or, if no material differences exist, a statement so indicating; and

(vi) In addition to the information expressly required, such further material information as may be necessary to make the required statements not misleading.

(3) The statements required by paragraphs (e)(2)(i) and (ii) of this section may be presented in accordance with generally accepted accounting principles in the certified reports filed as of the close of the registrant’s fiscal year pursuant to paragraph (b)(2) of this section or accompanying the application for registration pursuant to paragraph (a)(1) of this section, rather than in the format specifically prescribed by these regulations: Provided, the statement of financial condition is presented in a format as consistent as possible with the Form 1–FR–FCM and a reconciliation is provided reconciling such statement of financial condition to the statement of the computation of the minimum capital requirements pursuant to §5.7 of this part. Such reconciliation must be certified by an independent public accountant in accordance with §1.16 of this chapter.

(4) Attached to each Form 1–FR–FCM filed pursuant to this section must be an oath or affirmation that to the best knowledge and belief of the individual making such oath or affirmation the information contained in the Form 1–FR–FCM is true and correct. The individual making such oath or affirmation must be: If the registrant or applicant is a sole proprietorship, the proprietor; if a partnership, any general partner; if a corporation, the chief executive officer or chief financial officer; and, if a limited liability company or limited liability partnership, the chief executive officer, the chief financial officer, the manager, the managing member, or those members vested with the management authority for the limited liability company or limited liability partnership.

(f) Election of fiscal year. (1) An applicant wishing to establish a fiscal year other than the calendar year may do so by notifying the National Futures Association of its election of such fiscal year, in writing, concurrently with the filing of the Form 1–FR–FCM pursuant to paragraph (a)(1) of this section, but in no event may such fiscal year end more than one year from the date of the Form 1–FR–FCM filed pursuant to paragraph (a)(1) of this section. An applicant that does not so notify the National Futures Association will be deemed to have elected the calendar year as its fiscal year.

(2)(i) A registrant must continue to use its elected fiscal year, calendar or
otherwise, unless a change in such fiscal year has been approved pursuant to this paragraph (f)(2).

(ii) A registrant may file with its designated self-regulatory organization an application to change its fiscal year, a copy of which the registrant must file with the Commission. The application shall be approved or denied in writing by the registrant's designated self-regulatory organization. The registrant must file immediately with the Commission a copy of any notice it receives from its designated self-regulatory organization to approve or deny the registrant's application to change its fiscal year. A written notice of approval shall become effective upon the filing by the registrant of a copy with the Commission, and a written notice of denial shall be effective as of the date of the notice.

(g) In the event a retail foreign exchange dealer or applicant for registration as a retail foreign exchange dealer finds that it cannot file its Form 1–FR–FCM for any period within the time specified in paragraph (b)(1) or (2) of this section without substantial undue hardship, it may request approval for an extension of time by filing an application for an extension of time with, in the case of a registrant, its designated self-regulatory organization, or, in the case of an applicant, the National Futures Association. The registrant or applicant also must file a copy of its application for an extension of time with the Commission. The application shall be approved or denied in writing by the National Futures Association or designated self-regulatory organization, as applicable. The registrant or applicant must file immediately with the Commission a copy of any notice it receives approving or denying the request for extension of time. A written notice of approval shall become effective upon the filing by the registrant or applicant of a copy with the Commission, and a written notice of denial shall be effective as of the date of the notice.

(h) Public availability of reports. (1) Forms 1–FR–FCM filed pursuant to this section will be treated as exempt from mandatory public disclosure for purposes of the Freedom of Information Act and the Government in the Sunshine Act and parts 145 and 147 of this chapter, except for the information described in paragraph (i)(2) of this section.

(2) The following information in Forms 1–FR–FCM will be publicly available:

(i) The amount of the applicant's or registrant's adjusted net capital; the amount of its minimum net capital requirement under §5.7 of this chapter; the amount of its adjusted net capital in excess of its minimum net capital requirement; and the amount of the retail forex obligation owed to its retail forex customers; and

(ii) The Statement of Financial Condition and the opinion of the independent public accountant in the certified annual financial reports of retail foreign exchange dealers.

(3) All information that is exempt from mandatory public disclosure under paragraph (h)(1) of this section will, however, be available for official use by any official or employee of the United States or any State, by the National Futures Association or any other self-regulatory organization of which the person filing such report is a member, and by any other person to whom the Commission believes disclosure of such information is in the public interest. Nothing in this paragraph (h) will limit the authority of any self-regulatory organization to request or receive any information relative to its members' financial condition.

(i) In the case of an applicant, all filings or other notices provided for in this section will be considered filed when received by the regional office of the Commission with jurisdiction over the state in which the applicant’s principal place of business is located and by the National Futures Association. In the case of a registrant, all filings or other notices provided for in this section will be considered filed when received by the regional office of the Commission with jurisdiction over the state in which the registrant’s principal place of business is located and by the registrant’s designated self-regulatory organization. Any copy that under paragraph (f)(2) or (g) of this section is required to be filed with the Commission shall be filed with the regional office of the Commission with
Commodity Futures Trading Commission

§ 5.13 Reporting to customers of retail foreign exchange dealers and futures commission merchants; monthly and confirmation statements.

(a) Monthly statements. Each retail foreign exchange dealer or futures commission merchant must promptly furnish in writing to each retail forex customer, as of the close of the last business day of each month or as of any regular monthly date selected, except for accounts in which there are neither open positions at the end of the statement period nor any changes to the account balance since the prior statement period, but in any event not less frequently than once every three months, a statement which clearly shows:

(1) For each retail forex customer:
   (i) The open retail forex transactions with prices at which acquired;
   (ii) The net unrealized profits or losses in all open retail forex transactions marked to the market; and
   (iii) Any money, securities or other property carried with the retail foreign exchange dealer or futures commission merchant; and
   (iv) A detailed accounting of all financial charges and credits to such retail forex accounts during the monthly reporting period, including money, securities or property received from or disbursed to such customer and realized profits and losses; and

(2) For each retail forex customer engaging in forex options transactions:
   (i) All forex options purchased, sold, exercised, or expired during the monthly reporting period, identified by underlying retail forex transaction or underlying currency, strike price, transaction date, and expiration date;
   (ii) The open forex option positions carried for such customer as of the end of the monthly reporting period, identified by underlying retail forex transaction or underlying currency, strike price, transaction date, and expiration date;
   (iii) All open forex option positions marked to the market and the amount each position is in the money, if any;
   (iv) Any money, securities or other property carried with the retail foreign exchange dealer or futures commission merchant; and
   (v) A detailed accounting of all financial charges and credits to such retail forex account(s) during the monthly reporting period, including money, securities and property received from or disbursed to such customer, premiums charged and received, and realized profits and losses.

(b) Confirmation statement. Each retail foreign exchange dealer or futures commission merchant must, not later than the next business day after any retail forex or forex option transaction, furnish:

(1) To each retail forex customer, a written confirmation of each retail forex transaction caused to be executed by it for the customer, including offsetting transactions executed during the same business day and the rollover of
§ 5.13  

an open retail forex transaction to the next business day.

(2) To each retail forex customer engaging in forex option transactions, a written confirmation of each forex option transaction, containing at least the following information:

(i) The retail forex customer’s account identification number;

(ii) A separate listing of the actual amount of the premium, as well as each mark-up thereon, if applicable, and all other commissions, costs, fees and other charges incurred in connection with the forex option transaction;

(iii) The strike price;

(iv) The underlying retail forex transaction or underlying currency;

(v) The final exercise date of the forex option purchased or sold; and

(vi) The date the forex option transaction was executed.

(3) To each retail forex customer engaging in forex option transactions, upon the expiration or exercise of any forex option, a written confirmation statement thereof, which statement shall include the date of such occurrence, a description of the forex option involved, and, in the case of exercise, the details of the retail forex or physical currency position which resulted therefrom including, if applicable, the final trading date of the retail forex transaction underlying the option.

(4) Notwithstanding the provisions of paragraphs (b)(1) through (3) of this section, a retail forex transaction or forex option transaction that is caused to be executed for a pooled investment vehicle that engages in retail forex transactions need be confirmed only to the operator of such pooled investment vehicle.

(c) Controlled accounts. With respect to any account controlled by any person other than the retail forex customer or forex option customer for whom such account is carried, each retail foreign exchange dealer or futures commission merchant shall promptly furnish in writing to such other person the information required by paragraphs (a) and (b) of this section.

(d) Recordkeeping. Each retail foreign exchange dealer or futures commission merchant shall retain, in accordance with §1.31 of this chapter, a copy of each monthly statement and confirmation required by this section.

(e) Introduced accounts. Each statement provided pursuant to the provisions of this section must, if applicable, show that the account for which the retail foreign exchange dealer or futures commission merchant is providing the statement was introduced by an introducing broker and the names of the retail foreign exchange dealer or futures commission merchant and introducing broker.

(f) Electronic transmission of statements. (1) The statements required by this section may be furnished to a retail forex customer by means of electronic media if the retail forex customer so consents, Provided, however, that a retail foreign exchange dealer or futures commission merchant must, prior to the transmission of any statement by means of electronic media, disclose the electronic medium or source through which statements will be delivered, the duration, whether indefinite or not, of the period during which consent will be effective, any charges for such service, the information that will be delivered by such means, and that consent to electronic delivery may be revoked at any time, and provided, further, that a retail foreign exchange dealer or futures commission merchant must obtain the retail forex customer’s signed consent acknowledging such disclosure prior to the transmission of any statement by means of electronic media.

(2) Any statement required to be furnished to a person other than a retail forex customer in accordance with paragraph (f) of this section may be furnished by electronic media.

(3) A retail foreign exchange dealer or futures commission merchant who furnishes statements to a retail forex customer by means of electronic media must retain a daily confirmation statement for each retail forex customer as of the end of the trading session, reflecting all transactions made during that session for the customer, in accordance with §1.31 of this chapter.

(g) Combination with other statements. Any futures commission merchant required to deliver statements to retail forex customers in accordance with §1.33 of this chapter may combine into
one monthly statement or confirmation statement, as the case may be, the information required by this section and the information required by §1.33, provided that retail forex account information is separately identified from any other trading or account activity of the retail forex customer.

§ 5.14 Records to be kept by retail foreign exchange dealers and futures commission merchants.

(a) No person shall be registered as a retail foreign exchange dealer under the Act unless, commencing on the date his application for such registration is filed, he prepares and keeps current ledgers or other similar records which show or summarize, with appropriate references to supporting documents, each transaction affecting his asset, liability, income, expense and capital accounts, and in which (except as otherwise permitted in writing by the Commission) all his asset, liability and capital accounts are classified into either the account classification subdivisions specified on Form 1–FR–FCM or categories that are in accord with generally accepted accounting principles as applicable. Each person so registered shall prepare and keep current such records.

(b) Each applicant or registrant must make and keep as a record in accordance with §1.31 of this chapter formal computations of its adjusted net capital and of its minimum financial requirements pursuant to §1.17 or §5.7 of this chapter, or the requirements of the designated self-regulatory organization to which it is subject, as applicable, as of the close of business each month. Such computations must be completed and made available for inspection by any representative of the National Futures Association, in the case of an applicant, or of the Commission or designated self-regulatory organization, if any, in the case of a registrant, within 17 business days after the date for which the computations are made, commencing the first month end after the date the application for registration is filed.

§ 5.15 Unlawful representations.

It shall be unlawful for any person registered pursuant to the requirements of this part to represent or imply in any manner whatsoever that such person has been sponsored, recommended or approved, or that its abilities or qualifications have been reviewed or evaluated, by the Commission, the Federal government or any agency thereof.

§ 5.16 Prohibition of guarantees against loss.

(a) No retail foreign exchange dealer, futures commission merchant or introducing broker may in any way represent that it will, with respect to any retail foreign exchange transaction in any account carried by a retail foreign exchange dealer or futures commission merchant for or on behalf of any person:

(1) Guarantee such person against loss;

(2) Limit the loss of such person; or

(3) Not call for or attempt to collect security deposits, margin, or other deposits as established for retail forex customers.

(b) No person may in any way represent that a retail foreign exchange dealer, futures commission merchant or introducing broker will engage in any of the acts or practices described in paragraph (a) of this section.

(c) This section shall not be construed to prevent a retail foreign exchange dealer, futures commission merchant or introducing broker from assuming or sharing in the losses resulting from an error or mishandling of an order.

(d) This section shall not affect any guarantee entered into prior to October 18, 2010, but this section shall apply to any extension, modification or renewal thereof entered into after such date.

§ 5.17 Authorization to trade.

No retail foreign exchange dealer, futures commission merchant, introducing broker or any of their associated persons may directly or indirectly effect a retail forex transaction for the account of any customer unless before the transaction the customer, or person designated by the customer to control the account specifically authorized
§ 5.18 Trading and operational standards.

(a) For purposes of this section:

(1) The term "retail forex counterparty" includes, as appropriate:

(i) A retail foreign exchange dealer as defined in § 5.1 of this part;

(ii) A futures commission merchant as defined in section 1a(28) of the Act; and

(iii) An affiliated person of a futures commission merchant as defined in § 5.1 of this part.

(2) The term "related person" when used in reference to a retail forex counterparty means any general partner, officer, director, owner of more than ten percent of the equity interest, associated person or employee of the retail forex counterparty, and any relative or spouse of any of the foregoing persons, or any relative of such spouse, who shares the same home as any of the foregoing persons.

(b) Prior to engaging in a retail forex transaction, each retail forex counterparty shall, at a minimum, establish and enforce internal rules, procedures and controls to:

(1) Ensure, to the extent possible, that each order received from a retail forex customer which order is executable at or near the price that the retail forex counterparty has quoted to the customer is entered for execution before any order in any retail forex transaction for any proprietary account, any other account in which a related person of the retail forex counterparty has an interest, or any account for which such a related person may originate orders without the prior specific consent of the account owner (if such related person has gained knowledge of the retail forex customer’s order prior to the transmission of an order for a proprietary account), an account in which such a related person has an interest, or an account in which such a related person may originate orders without the prior specific consent of the account owner; and

(2) Prevent related persons of forex counterparties from placing orders, directly or indirectly, with another person in a manner designed to circumvent the provisions of paragraph (b)(1) of this section;

(3) Fairly and objectively establish settlement prices for retail forex transactions; and

(4) Record and maintain essential information regarding customer orders and account activity, and to provide such information to customers upon request. Such information shall include:

(A) Transaction records for the customer's account, including:

(i) The date and time each order is received by the retail forex counterparty;

(ii) The price at which each order is placed, or, in the case of an option, the premium paid;

(iii) If the transaction was entered into by means of a trading platform, the price quoted on the trading platform when the order was placed, or, in the case of an option, the premium quoted;

(B) The customer account identification information;

(C) The currency pair;

(D) The size of the transaction;

(E) Whether the order was a buy or sell order;

(F) The type of order, if the order was not a market order;

(G) If a trading platform is used, the date and time the order is transmitted to the trading platform;

(H) If a trading platform is used, the date and time the order is executed;

(I) The size and price at which the order is executed, or in the case of an option, the amount of the premium paid for each option purchased, or the amount credited for each option sold; and

(J) For options, whether the option is a put or call, the strike price, and expiration date.
(ii) Account records that contain the following information:

(A) The funds in the account, net of any commissions and fees;

(B) The net profits and losses on open trades; and

(C) The funds in the account plus or minus the net profits and losses on open trades. (In the case of open option positions, the account balance should be adjusted for the net option value);

(iii) If a trading platform is used, daily logs showing each price change on the platform, the time of the change to the nearest second, and the trading volume at that time and price; and

(iv) Any method or algorithm used to determine the bid or asked price for any retail forex transaction or the prices at which customer orders are executed, including, but not limited to, any markups, fees, commissions or other items which affect the profitability or risk of loss of a retail forex customer’s transaction.

(c) No retail forex counterparty shall disclose that an order of another person is being held by the retail forex counterparty, unless such disclosure is necessary to the effective execution of such order or is made at the request of an authorized representative of the Commission, or a futures association registered with the Commission pursuant to section 17 of the Act.

(d) No retail forex counterparty shall knowingly handle the account of any related person of another retail forex counterparty unless it:

(1) Receives written authorization from a person designated by such other retail forex counterparty with responsibility for the surveillance over such account pursuant to paragraph (b)(2) of this section;

(2) Prepares immediately upon receipt of an order for such account a written record of such order, including the account identification and order number, and records thereon to the nearest minute, by time-stamp or other timing device, the date and time the order is received; and

(3) Transmits on a regular basis to such other retail forex counterparty copies of all statements for such account and of all written records prepared upon the receipt of orders for such account pursuant to paragraph (b)(2) of this section.

(e) No related person of a retail forex counterparty shall have an account, directly or indirectly, with another retail forex counterparty unless:

(1) It receives written authorization to maintain such an account from a person designated by the retail forex counterparty of which it is a related person with responsibility for the surveillance over such account pursuant to paragraph (b)(2) of this section; and

(2) Copies of all statements for such account and of all written records prepared by such other retail forex counterparty upon receipt of orders for such account pursuant to paragraph (d)(2) of this section are transmitted on a regular basis to the retail forex counterparty of which it is a related person.

(f) No retail forex counterparty shall:

(1) Enter into a retail forex transaction, to be executed pursuant to a market or limit order at a price that is not at or near the price at which other retail forex customers, during that same time period, have executed retail forex transactions with the retail forex counterparty; Provided, however, that this paragraph (f)(1) shall not prohibit such practice if in accordance with the rules of a registered futures association, and of which such retail foreign exchange dealer, futures commission merchant or affiliated person of a futures commission merchant is a member;

(2) Adjust or alter prices for a retail forex transaction after the transaction has been confirmed to the retail forex customer; Provided, however, that this paragraph (f)(2) shall not prohibit such practice if in accordance with the rules of a registered futures association, and of which such retail foreign exchange dealer, futures commission merchant or affiliated person of a futures commission merchant is a member;

(3)(i) Provide a retail forex customer a new bid price for a retail forex transaction that is higher than its previous bid without providing a new asked price that is also higher than its previous asked price by a similar amount;

(ii) Provide a retail forex customer a new bid price for a retail forex transaction that is lower than its previous
§ 5.18

bid without providing a new asked price that is also lower than its previous asked price by a similar amount; or

(4) Establish a new position for a retail forex customer (except one that offsets an existing position for that retail forex customer) where the retail forex counterparty holds outstanding orders of other retail forex customers for the same currency pair at a comparable price.

(g)(1) Each retail forex counterparty and each CPO, CTA and IB subject to this part 5 shall maintain a record of all communications received by such person concerning facts giving rise to possible violations of the Act, rules, regulations or orders thereunder, related to their retail forex business. The record shall contain the name of the complainant, if provided, the date of the communication, the agreement, contract or transaction, the substance of the communication, and the name of the person who received the communication.

(2) Each retail forex counterparty and each CPO, CTA and IB subject to this part 5 shall provide to the Division of Enforcement of the Commission, electronically, a copy of the record of each communication received pursuant to paragraph (g)(1) of this section. Such copy shall be provided to the Division of Enforcement of the Commission no later than 30 calendar days after the communication is received. Provided, however, that in the case of a communication concerning facts giving rise to possible fraud under the Act or Commission regulations, such copy shall be provided to the Division of Enforcement of the Commission within three business days after the communication is received.

(h) An introducing broker as defined in § 5.1(f)(1) of this part, applicant for registration as an introducing broker as defined in § 5.1(f)(1) of this part, or person succeeding to and continuing the business of another introducing broker as defined in § 5.1(f)(1) of this part must comply with all provisions applicable to an introducing broker under this chapter; Provided, however, that an introducing broker operating pursuant to, or an applicant for registration as an introducing broker who has filed concurrently with its application for registration, a guarantee agreement meeting the requirements of § 1.10(j) of this chapter is not subject to the minimum capital and related financial reporting requirements of §§ 1.10, 1.12 and 1.17 of this chapter.

(i)(1) Each retail forex counterparty shall prepare and maintain on a quarterly basis (calendar quarter) a calculation of the percentage of nondiscretionary retail forex customer accounts open for any period of time during the quarter that were profitable, and the percentage of such accounts that were not profitable. In calculating whether a retail forex account was profitable or not profitable during the quarter, the FCM or RFED must compute the realized and unrealized gains and/or losses on all retail forex transactions carried in the retail forex account at any time during the quarter, and subtract all fees, commissions, and any other charges posted to the retail forex account during the quarter, and add any interest income and other income or rebates credited to the retail forex account during the quarter. All deposits and/or withdrawals of funds made by a retail forex customer during the quarter must be excluded from the computation of whether the retail forex account was profitable or not profitable during the quarter. Computations that result in a zero or negative number shall be considered a retail forex account that was not profitable. Computations that result in a positive number shall be considered a retail forex account that was profitable. RFEDs and FCMs shall maintain such calculations along with data supporting such calculations for five years in accordance with § 1.31.

(2) In calculating its percentages of nondiscretionary retail forex customer accounts that were profitable or not profitable, the retail forex counterparty may only use those retail forex accounts, as defined in § 5.1(i) of this part, that are nondiscretionary accounts; provided, that the retail forex account is not a proprietary account, as defined in paragraph (i)(3) of this section.
(3) Proprietary account for this section means a retail forex account carried on the books of a retail foreign exchange dealer or a futures commission merchant for one of the following persons, or of which ten percent or more is owned by one of the following persons, or of which an aggregate of ten percent or more of which is owned by more than one of the following persons:

(i) Such retail foreign exchange dealer or futures commission merchant itself;

(ii) If the retail foreign exchange dealer or futures commission merchant is a partnership, a general partner in such partnership;

(iii) If the retail foreign exchange dealer or futures commission merchant is a limited partnership, a limited or special partner in such partnership whose duties include:

(A) The management of the partnership business or any part thereof,

(B) The handling of retail forex transactions of such partnership,

(C) The keeping of records pertaining to retail forex transactions, or

(D) The signing or co-signing of checks or drafts on behalf of such partnership;

(iv) If the retail foreign exchange dealer or futures commission merchant is a corporation or association, an officer, director or owner of ten percent or more of the capital stock, of such organization;

(v) An employee of such retail foreign exchange dealer or futures commission merchant whose duties include:

(A) The management of the business of such retail foreign exchange dealer or futures commission merchant or any part thereof,

(B) The handling of retail forex transactions of such retail foreign exchange dealer or futures commission merchant,

(C) The keeping of records pertaining to retail forex transactions of such retail foreign exchange dealer or futures commission merchant,

(D) The signing or co-signing of checks or drafts on behalf of such retail foreign exchange dealer or futures commission merchant;

(vi) A spouse or minor dependent living in the same household of any of the foregoing persons;

(vii) A business affiliate that directly or indirectly controls such retail foreign exchange dealer or futures commission merchant; or

(viii) A business affiliate that, directly or indirectly is controlled by or is under common control with, such retail foreign exchange dealer or futures commission merchant.

(j) Each retail forex counterparty shall designate one or more principals to serve as a chief compliance officer(s). The chief compliance officer(s) shall certify to the Commission and a registered national futures association annually that the retail forex counterparty has in place processes to establish, maintain, review, modify and test policies and procedures reasonably designed to achieve compliance with the Act, rules, regulations and orders thereunder. The certification shall include a statement that the counterparty has in place compliance processes, and that the chief compliance officer(s) has apprised the chief executive officer of the compliance efforts to date and identify and address significant compliance problems and plans to address those problems.

§ 5.19 Pending legal proceedings.

(a) Every retail foreign exchange dealer or futures commission merchant and each CPO, CTA or IB subject to this part 5 shall submit to the Commission copies of any dispositive or partially dispositive decision for which a notice of appeal has been filed, the notice of appeal and such further documents as the Commission may thereafter request filed in any material legal proceeding to which the retail foreign exchange dealer, futures commission merchant, CPO, CTA or IB is a party or to which its property or assets is subject with respect to retail forex transactions.

(b) Every retail foreign exchange dealer or futures commission merchant and each CPO, CTA or IB subject to this part 5 shall submit to the Commission copies of any dispositive or partially dispositive decision concerning which a notice of appeal has been filed, the notice of appeal, and such further documents as the Commission may
§ 5.20 Special calls for account and transaction information.

(a) Preparation and transmission of information upon special call. All information required upon special call shall be prepared in such form and manner and in accordance with such instructions, and shall be transmitted at such time and to such office of the Commission, as may be specified in the call.

(b) Special calls for information on controlled accounts from retail foreign exchange dealers, futures commission merchants, and introducing brokers. Upon call by the Commission, each retail foreign exchange dealer, futures commission merchant and introducing broker shall file with the Commission the names and addresses of all persons who, by power of attorney or otherwise, exercise trading control over any customer’s account in retail forex transactions.

(c) Special calls for information on open transactions in accounts carried or introduced by retail foreign exchange dealers, futures commission merchants, and introducing brokers. Upon special call the Commission for information relating to retail forex transactions held or introduced on the dates specified in the call, each retail foreign exchange dealer, futures commission merchant, or introducing broker shall furnish to the Commission the following information concerning accounts of traders owning or controlling such retail forex transaction positions, as may be specified in the call:

1. The name, address, and telephone number of the person for whom each account is carried;
2. The principal business or occupation of the person for whom each account is introduced or carried, as specified in the call;
3. The name, address and principal business or occupation of any person who controls the trading of each account;
4. The name and address of any person having a financial interest of ten percent or more in each account;
5. The number of open retail forex transaction positions introduced or carried in each account, as specified in the call; and
6. The total number of retail forex transactions against which delivery has been made.

(d) Delegation of authority to the Director of the Division of Clearing and Intermediary Oversight and the Director of the Division of Market Oversight. The Commission hereby delegates, until the Commission orders otherwise, to the Director of the Division of Clearing and
Commodity Futures Trading Commission

§ 5.23 Notice of bulk transfers and bulk liquidations.

(a) Notice and disclosure to retail forex customers of a bulk transfer. (1) A retail foreign exchange dealer, futures commission merchant or introducing broker must obtain the written prior and specific consent of its retail forex customer to the assignment of any position or transfer of any account of the retail forex customer to another retail foreign exchange dealer, futures commission merchant or introducing broker, unless made at the retail forex customer’s request.

(2) Absent a request of the retail forex customer or the consent described in paragraph (a)(1) of this section, assignments of positions and transfers of accounts of retail forex customers may be permitted under rules of the retail forex dealer’s, futures commission merchant’s, or introducing broker’s designated self-regulatory organization that establish notice and other requirements with respect to the assignment of positions and transfers of accounts of retail forex customers. If such rules permit implied consent as a result of the failure of the retail forex customer to object after having received notice of the proposed assignment or transfer, such rules must provide that the notice must include a statement that the retail forex customer is not required to accept the proposed assignment or transfer and may direct the transferee firm to liquidate the positions of the retail forex customer or transfer the account to a firm of the retail forex customer’s selection.

(3) For assignments and transfers made under this section, other than at the retail forex customer’s request, the
transferee retail foreign exchange dealer, futures commission merchant or introducing broker must provide to the retail forex customer the risk disclosure statements and forms of acknowledgment required by part 5 of this chapter and receive the required signed acknowledgments within sixty days of such assignments or transfers. This requirement shall not apply:

(i) If the transferee retail foreign exchange dealer, futures commission merchant or introducing broker has clear written evidence that the retail forex customer has received and acknowledged receipt of the required disclosure statements; or

(ii) If the transfer of accounts is made from one introducing broker to another introducing broker guaranteed by the same retail foreign exchange dealer or futures commission merchant pursuant to a guarantee agreement in accordance with the requirements of §1.10(j) of this chapter and such retail foreign exchange dealer or futures commission merchant maintains the relevant acknowledgments required by part 5 of this chapter.

(b) Notice to the Commission. Each retail foreign exchange dealer, futures commission merchant or introducing broker shall file with the Commission prior notice of any transfer of accounts of any retail forex customer that is not initiated at the request of the customer, where the transfer involves 50 percent or more of the transferor’s total number of retail forex customer accounts.

(c) Contents of notice to the Commission. The notice required by paragraph (b) of this section shall include:

(1) The name, principal business address and telephone number of the transferor futures retail foreign exchange dealer, futures commission merchant or introducing broker;

(2) The name, principal business address and telephone number of each transferee retail foreign exchange dealer, futures commission merchant or introducing broker;

(3) The designated self-regulatory organization for the transferor and transferee firms;

(4) A brief statement as to the reasons for the transfer;

(5) A copy of any notices to customers regarding the transfers; and

(6) A statement of the number of accounts to be transferred.

(d) Notice of the bulk liquidation of retail forex transactions. A retail foreign exchange dealer or futures commission merchant may not initiate the bulk liquidation of properly margined retail forex transactions unless such liquidation complies with the rules and procedures of the retail forex dealer’s or futures commission merchant’s designated self-regulatory organization and the retail forex dealer or futures commission merchant provides the Commission with prior written notice of the liquidation.

(e) Contents of notice of bulk liquidation. The notice required by paragraph (d) of this section shall include:

(1) The name, principal business address and telephone number of the initiating retail foreign exchange dealer or futures commission merchant;

(2) A brief statement of the reasons for the liquidation;

(3) A copy of any notices to customers regarding the liquidation; and

(4) A statement of the number of accounts to be liquidated.

(f) Filing of notices. The notice required by paragraph (b) and (d) of this section shall be filed five business days prior to the transfer or liquidation of the retail forex transaction with the Deputy Director, Compliance and Registration Section, Division of Clearing and Intermediary Oversight, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581; the National Futures Association Attn: Vice President-Compliance; and the designated self-regulatory organization for the transferor firm.

(g) No effect on other obligations. The requirements of this section shall not affect the obligations of a retail foreign exchange dealer, futures commission merchant or introducing broker under the rules of a self-regulatory organization or applicable customer account agreement with respect to assignments of positions or transfers of accounts or liquidation of positions.

(h) Corrective notice. If a proposed transfer is not completed in accordance with the notice required to be filed by
Commodity Futures Trading Commission

paragraph (b) of this section, a corrective notice shall be filed within five business days of the date such proposed transfer was to occur explaining why the proposed transfer was not completed.

§ 5.24 Applicability of other parts of this chapter

Insofar as it is consistent with the requirements of this part, all other provisions of this chapter that apply to a person shall apply to such person as though such provisions were expressly set forth in this part.

§ 5.25 Applicability of the Act.

Except as otherwise specified in this part and unless the context otherwise requires, the provisions of Sections 4b, 4c(b), 4f, 4g, 4k, 4m, 4n, 4o, 6(c)–(e), 6b, 6c, 8(a)–(e), 8a and 12(f) of the Act shall apply to retail forex transactions that are subject to the requirements of this part as though such provisions were set forth herein and included specific references to retail forex transactions and the persons defined in § 5.1 of this part.

PART 7—REGISTERED ENTITY RULES ALTERED OR SUPPLEMENTED BY THE COMMISSION

SOURCE: 77 FR 66332, Nov. 2, 2012, unless otherwise noted.

Subpart A—General Provisions

§ 7.1 Scope of rules.

This part sets forth registered entity rules altered or supplemented by the Commission pursuant to section 8a(7) of the Act.

Subparts B–C [Reserved]

PART 8 [RESERVED]
disciplinary or access denial action, or other adverse action by an exchange.

(b) Matters excluded. This part does not apply to and the Commission will not accept notices of appeal, or petitions for stay pending review, of:

(1) Any arbitration proceeding, regardless of whether the proceeding was conducted pursuant to the provisions of section 5a(a)(11) of the Act or involved a controversy between members of an exchange;

(2) Except as provided in §§9.11(a), 9.11(b)(1)–(5), 9.11(c), 9.12(a) and 9.13 (concerning the notice, effective date and publication of a disciplinary or access denial action), any summary action authorized under the provisions of §6.27 of this chapter imposing a minor penalty for the violation of exchange rules relating to decorum or attire, or relating to the timely submission of accurate records required for clearing or verifying each day’s transactions or other similar activities; and

(3) Any exchange action arising from a claim, grievance, or dispute involving cash market transactions which are not a part of, or directly connected with, any transaction for the purchase, sale, delivery or exercise of a commodity for future delivery or a commodity option.

The Commission will, upon its own motion or upon motion filed pursuant to §9.21(b), promptly notify the appellant and the exchange that it will not accept the notice of appeal or petition for stay of matters specified in this paragraph. The determination to decline to accept a notice of appeal will be without prejudice to the appellant’s right to seek alternate forms of relief that may be available in any other forum.

(c) Applicability of these part 9 rules. Unless otherwise ordered, these rules will apply in their entirety to all appeals, and matters relating thereto, unless otherwise ordered, these rules will apply in their entirety to all appeals, and matters relating thereto, filed on or after August 6, 1987. Any part 9 proceeding pending before the Commission on August 6, 1987, will continue to be governed by the Commission’s former part 9 rules, 17 CFR part 9 (1987), except that the parties to any part 9 proceeding pending on August 6, 1987, may, within 30 days after August 6, 1987, by written stipulation executed by all parties, and filed with the Proceedings Clerk before the Commission’s final decision is rendered, elect to have the matter governed by the provisions of this part 9, as amended.

[52 FR 25366, July 7, 1987, as amended at 59 FR 5701, Feb. 8, 1994]

§9.2 Definitions.

For purposes of this part:

(a) Access denial action means any proceeding other than a disciplinary action by an exchange that denies or limits the privileges of membership, but excludes any exchange action that solely limits the ability of a member of an exchange to participate in the internal corporate affairs of the exchange.

(b) Disciplinary action means any suspension, expulsion or other penalty (as defined in §8.03(i) of this chapter) imposed on a member of an exchange by the exchange for violations of rules of the exchange, including summary actions.

(c) Exchange means any board of trade which has been designated as a contract market.

(d) Exchange proceeding means any formal or informal proceeding by an exchange which results in a disciplinary action, access denial action or other adverse action.

(e) Mail means properly addressed and postpaid first class mail, and includes overnight delivery service.

(f) Member of an exchange means any person who is admitted to membership or has been granted membership privileges on an exchange, any employee, officer, partner, director or affiliate of such member or person with membership privileges including any associated person, and any other person under the supervision or control of such member or person with membership privileges.

(g) Other adverse action and adverse action include any exchange action, other than an access denial action or disciplinary action, that adversely affects any person, whether or not a member of the exchange, but exclude any exchange action that solely involves the internal corporate affairs of the exchange.

(h) Party includes the person filing a notice of appeal or petition for stay who has been the subject of a disciplinary, access denial or other adverse action by an exchange;
any person participating in a proceeding under this part pursuant to §9.25; and the Division of Market Oversight and/or the Division of Clearing and Intermediary Oversight when participating in a proceeding under this part pursuant to §9.26.

(i) Record of the exchange proceeding means all testimony, exhibits, papers and records produced at or filed in an exchange disciplinary or access denial proceeding or served on a party to that proceeding; all documents, minutes or other exchange records serving as a basis for or reflecting the findings, rationale and conclusions concerning the adverse action taken by an exchange; a transcript of any proceeding before any body of the exchange in connection with the exchange proceeding; and a copy of all exchange rules which form the basis for the exchange proceeding.

(j) Rules of the exchange means any constitutional provision, article of incorporation, bylaw, rule, regulation, resolution, or written and publicly available interpretation or stated policy of the exchange, or instrument corresponding thereto.

(k) Summary action means a disciplinary action resulting in the imposition of a penalty on a member of an exchange for violation of rules of the exchange authorized under the provisions of §8.17(b) (penalty for impeding progress of hearing), §8.25 (member responsibility action) or §8.27 (penalty for violation of rules relating to decorum, attire, submission of records or similar activities) of this chapter.

§9.3 Provisions referenced.

Except as otherwise provided in this part, the following provisions of the Commission’s rules relating to reparation contained in part 12 of this chapter apply to this part: §12.3 (Business address; hours); §12.5 (Computation of time); §12.6 (Extensions of time; adjournments; postponements); §12.7 (Ex parte communications); and §12.12 (Signature).

§9.4 Filing and service; official docket.

(a) Filing with the Proceedings Clerk; proof of service. Any document that is required by this part to be filed with the Proceedings Clerk must be filed by delivering it in person or by mail to: Proceedings Clerk, Office of Proceedings, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581. To be timely filed under this part, a document must be delivered or mailed to the Proceedings Clerk within the time prescribed for filing. A party must use a means of filing which is at least as expeditious as that used in serving that document upon the other parties. Proof of filing must be made by attaching to the document for filing an affidavit of filing executed by any person 18 years of age or older or a proof of filing executed by an attorney-at-law qualified to practice before the Commission. The proof of filing must certify that the attached document was deposited in the mail, with first-class postage prepaid, addressed to the Proceedings Clerk, Office of Proceedings, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581, on the date specified in the affidavit.

(b) Formalities of filing—(1) Number of copies. Unless otherwise specifically provided, an original and two conformed copies of all documents filed with the Commission in accordance with the provisions of this part must be filed with the Proceedings Clerk.

(2) Title page. All documents filed with the Proceedings Clerk must include at the head thereof, or on a title page, the name of the Commission, the title of the proceeding, the docket number (if one has been assigned by the Proceedings Clerk), the subject of the particular document and the name of the person on whose behalf the document is being filed.

(3) Paper, spacing, type. All documents filed with the Proceedings Clerk
must be typewritten, must be on one grade of good white paper no less than 8 or more than 8½ inches wide and no less than 10½ or more than 11½ inches long, and must be bound on the top only. They must be double-spaced, except for long quotations (3 or more lines) and footnotes which should be single-spaced.

(4) Signature. The original copy of all papers must be signed in ink by the person filing the same or by his duly authorized agent or attorney.

(c) Service—(1) General requirements. All documents filed with the Proceedings Clerk must, at or before the time of filing, be served upon all parties. A party must use a means of service which is at least as expeditious as that used in filing that document with the Proceedings Clerk. One copy of all motions, petitions or applications made in the course of the proceeding, all notices of appeal, all briefs, and letters to the Commission or an employee thereof must be served by a party upon all other parties.

(2) Manner of service. Service may be either personal or by mail. Service by mail is complete upon deposit of the document in the mail. Where service is effected by mail, the time within which the person served may respond thereto will be increased by three days.

(3) Designation of person to receive service. The first document filed in a proceeding by or on behalf of any party must state on the first page the name and postal address of the person who is authorized to receive service for the party of all documents filed in the proceeding. Thereafter, service of documents must be made upon the person authorized unless service on a different authorized person or on the party himself is ordered by the Commission, or unless pursuant to §9.8 the person authorized is changed by the party upon due notice to all other parties. Parties must file and serve notification of any changes in the information provided pursuant to this subparagraph as soon as practicable after the change occurs.

(4) Service of orders and decisions. A copy of all notices, rulings, opinions and orders of the Commission will be served on each of the parties and will be deemed served upon deposit in the mail.

(d) Official docket. Upon receipt of a notice of appeal filed in accordance with §9.20, or a petition for stay pending review filed in accordance with §9.24, the Proceedings Clerk will establish and thereafter maintain the official docket of that proceeding and will assign a docket number to the proceeding.

[52 FR 25366, July 7, 1987, as amended at 60 FR 49334, Sept. 25, 1995]

§ 9.5 Motions.

(a) In general. An application for a form of relief not otherwise specifically provided for in this part must be made by a written motion, filed with the Proceedings Clerk. The motion must state the relief sought and the basis for the relief and may set forth the authority relied upon.

(b) Answer to motions. Any party may serve and file a written response to a motion within ten days after service of the motion, or within such longer or shorter period as established by these rules, or as the Commission may direct.

(c) Motions for procedural orders. Motions for procedural orders, including motions for extensions of time, may be acted on at any time, without awaiting a response thereto. Any party adversely affected by such action may request reconsideration, vacation or modification of the action.

(d) Dilatory motions. Frivolous or repetitive motions dealing with the same subject matter will not be permitted and such motions will summarily be denied.

§ 9.6 Sanctions for noncompliance.

In the event that any party fails to file any document or make any appearance which is required under this part, the Commission may, in its discretion, and upon its own motion or upon the motion of any party to the proceeding, dismiss the proceeding before it, or, based on the record before it, affirm, modify, set aside, or remand for further proceedings, in whole or in part, the decision of the exchange.

§ 9.7 Settlement.

At any time before there has been a final determination by the Commission with respect to any notice of appeal
filed in accordance with §9.20, the parties may file a stipulation for dismissal based on a settlement agreement. Thereupon, the Commission may issue an order terminating the proceeding before the Commission as to the parties to the settlement agreement. The entry of such an order does not affect the Commission’s authority under the Act.

§ 9.8 Practice before the Commission.

(a) Practice—(1) By non-attorneys. An individual may appear pro se (on his own behalf); a general partner may represent the partnership; a bona fide officer of a corporation, trust or association may represent the corporation, trust or association.

(2) By attorneys. An attorney-at-law who is admitted to practice before the highest Court in any State or territory, or of the District of Columbia, who has not been suspended or disbarred from appearance and practice before the Commission in accordance with provisions of part 14 of this chapter may represent parties as an attorney in proceedings before the Commission.

(b) Debarment of counsel or representative during the course of a proceeding. Whenever, while a proceeding is pending before the Commission, the Commission finds that a person acting as counsel or representative for any party to the proceeding is guilty of contemptuous conduct, the Commission may order that such person be precluded from further acting as counsel or representative in the proceeding. The proceeding will not be delayed or suspended pending disposition of the appeal; Provided, That the Commission may suspend the proceedings for a reasonable time for the purpose of enabling the party to obtain other counsel or representative.

(c) Withdrawal of representation. Withdrawal from representation of a party will be only by leave of the Commission. Such leave to withdraw may be conditioned on the attorney’s (or representative’s) submission of an affidavit averring that the party represented has actual knowledge of the withdrawal, and such affidavit must include the name and address of a successor counsel (or representative) or a statement that the represented party has determined to proceed pro se, in which case, the statement must include the address where that party can thereafter be served.

§ 9.9 Waiver of rules; delegation of authority.

(a) Standards for waiver; notice to parties. To prevent undue hardship on any party or for other good cause shown the Commission may waive any rule in this part in a particular case and may order proceedings in accordance with its direction upon a determination that no party will be prejudiced thereby and that the ends of justice will be served. Reasonable notice will be given to all parties of any action taken pursuant to this paragraph.

(b) Delegation of authority. (1) The Commission hereby delegates, until the Commission orders otherwise, to the General Counsel, or to any employee under the General Counsel’s supervision as the General Counsel may designate, the authority:

(i) To waive or modify any of the requirements of §§9.20–9.25 and to waive or modify the requirements of the Commission’s rules relating to reparations incorporated by §9.3 insofar as such requirements pertain to changes in time permitted for filing, and to the form, execution, service and filing of documents;

(ii) To enter orders under §§9.5, 9.6 and 9.7;

(iii) To decline to accept any notice of appeal, or petition for stay pending review, of matters excluded from this part by §§9.1(b), 9.2(a) and 9.2(b), and to so notify the appellant and the exchange;

(iv) To stay the effective date of a disciplinary action for a period of time, not to exceed four days, to enable the Commission to rule on a petition for stay filed under §9.24;

(v) To decline to accept any document which has not been timely filed or perfected, as specified in these rules;

(vi) To order the filing of the record of the exchange proceeding notwithstanding the submission of a motion under §9.21(b) that the Commission not accept a notice of appeal; and

(vii) To enter any order which will facilitate or expedite Commission review.
§ 9.10

(2) Within seven days after service of a ruling issued pursuant to paragraph (b)(1) of this section, a party may file with the Proceedings Clerk a petition for Commission reconsideration of the ruling. Unless the Commission orders otherwise, the filing of a petition for reconsideration will not operate to stay the effective date of such ruling.

(3) The General Counsel, or his designee, may submit to the Commission for its consideration any matter which has been delegated pursuant to paragraph (b)(1) of this section.

(4) Nothing in this section will be deemed to prohibit the Commission, at its election, from exercising the authority delegated to the General Counsel, or his designee, under this section.

§ 9.11 Form, contents and delivery of notice of disciplinary or access denial action.

(a) When required. Whenever an exchange decision pursuant to which a disciplinary action or access denial action is to be imposed has become final, the exchange must, within thirty days thereafter, provide written notice of such action to the person against whom the action was taken and to the Commission: Provided, That the exchange is not required to notify the Commission of any summary action, as authorized under the provisions of § 8.27 of this chapter, which results in the imposition of minor penalties for the violation of exchange rules relating to decorum or attire. No final disciplinary or access denial action may be made effective by the exchange except as provided in § 9.12.

(b) Contents of notice. For purposes of this part, the written notice of a disciplinary action or access denial action may be either a copy of a written decision which accords with §§ 8.16, § 8.18, or § 8.19(c) of this chapter (including copies of any materials incorporated by reference) or other written notice which must include:

(1) The name of the person against whom the disciplinary action or access denial action was taken;

(2) A statement of the reasons for the disciplinary action or access denial action together with a listing of any rules which the person who was the subject of the disciplinary action or access denial action was charged with having violated or which otherwise serve as the basis of the exchange action;

(3) A statement of the conclusions and findings made by the exchange with regard to each rule violation charged or, in the event of settlement, a statement specifying those rule violations which the exchange has reason to believe were committed;

(4) The terms of the disciplinary action or access denial action;

(5) The date on which the action was taken and the date the exchange intends to make the disciplinary or access denial action effective; and

(6) Except as otherwise provided in § 9.1(b), a statement informing the party subject to the disciplinary action or access denial action of the availability of Commission review of the exchange action pursuant to section 8c of the Act and this part.

(c) Delivery and filing of the notice. Delivery of the notice must be made either personally to the person who was the subject of the disciplinary action or access denial action or by mail to such person at that person’s last known address. A copy of the notice must be filed on the same date with the Commission, either in person during normal business hours or by mail to: Division of Market Oversight, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581. The notice filed with the Commission must additionally include the date on which the notice was delivered to the person disciplined or denied access and state whether delivery was personal or by mail.

(d) Effect of delivery and filing by mail. Filing by mail to the Commission and delivery by mail to the person disciplined or denied access will be complete upon deposit in the mail of a
Commodity Futures Trading Commission

§ 9.20 Notice of appeal.

(a) Time to file. Except as provided in §9.1(b), any person who is the subject of disciplinary or access denial action by an exchange or any person who is otherwise adversely affected by any other action of an exchange may, at any time within thirty days after notice of the disciplinary or access denial action has been delivered to the person disciplined or denied access in accordance with §9.11, or within thirty days after notice

properly addressed and postpaid document. Where delivery to the person disciplined or denied access is effected by such mail, the time within which a notice of appeal or petition for stay may be filed will be increased by three days.

(e) Certification. Copies of the notice and the submission of any additional information provided pursuant to this section must be certified as true and correct by a duly authorized officer, agent or employee of the exchange.

§ 9.12 Effective date of disciplinary or access denial action.

(a) Effective date. Any disciplinary or access denial action taken by an exchange will not become effective until at least fifteen days after the written notice prescribed by §9.11 is delivered to the person disciplined or denied access; Provided, however, That the exchange may cause a disciplinary action to become effective prior to that time if:

(1) As authorized by §8.25 of this chapter, the exchange reasonably believes, and so states in its written decision, that immediate action is necessary to protect the best interests of the marketplace; or

(2) As authorized by §8.17(b) of this chapter, the exchange determines, and so states in its written decision, that the actions of a person who is within the exchange’s jurisdiction have impeded the progress of a disciplinary hearing; or

(3) As authorized by §8.27 of this chapter, the exchange determines that a person has violated exchange rules relating to decorum or attire, or timely submission of accurate records required for clearing or verifying each day’s transactions or other similar activities; or

(4) The person against whom the action is taken has consented to the penalty to be imposed and to the timing of its effectiveness.

(b) Notice of early effective date. If the exchange determines in accordance with paragraph (a)(1) of this section that a disciplinary action will become effective prior to the expiration of fifteen days after written notice thereof, it must notify the person disciplined in writing, either personally or by telegram or other means of written telecommunication to the person’s last known address, stating the reasons for the determination. The exchange must also by telegram or other means of written telecommunication immediately notify the Commission (Attention: Contracts Markets Section, Division of Market Oversight). Where notice is delivered by telegram or other means of written telecommunication, the time within which the person so notified may file a petition for stay pursuant to §9.24(a)(2) will be increased by one day.

§ 9.13 Publication of notice.

Whenever an exchange suspends, expels or otherwise disciplines, or denies any person access to the exchange, it must make public its findings by disclosing at least the information contained in the notice required by §9.11(b). An exchange must make such findings public as soon as the disciplinary action or access denial action becomes effective in accordance with the provisions of §9.12 by posting a notice in a conspicuous place on its premises to which its members and the public regularly have access for a period of five consecutive business days. Thereafter, the exchange must maintain and make available for public inspection a record of the information contained in the disciplinary or access denial notice.

§§ 9.14–9.19 [Reserved]

Subpart C—Initial Procedure With Respect to Appeals

§ 9.20 Notice of initial procedure with respect to appeals.

(a) Time to file. Except as provided in §9.1(b), any person who is the subject of disciplinary or access denial action by an exchange or any person who is otherwise adversely affected by any other action of an exchange may, at any time within thirty days after notice of the disciplinary or access denial action has been delivered to the person disciplined or denied access in accordance with §9.11, or within thirty days after notice

VerDate Mar<15>2010 13:25 Jun 02, 2013 Jkt 229056 PO 00000 Frm 00355 Fmt 8010 Sfmt 8010 Q:\17\17V1.TXT ofr150 PsN: PC150
of another adverse action, file a notice of appeal of such disciplinary, access denial or other adverse action. The Commission may dismiss any appeal for which a notice of appeal is not timely filed.

(b) Contents. The notice of appeal need consist only of a brief statement indicating that the party is requesting Commission review of the exchange action, and must include:

(1) The name and address of the appellant, and any duly authorized agent or officer of the appellant;

(2) The name and docket number of the exchange proceeding;

(3) The date on which the disciplinary, access denial or other adverse action was imposed by the exchange or the date on which the final exchange decision was rendered, and the dates upon which the exchange action has or will become final and effective;

(4) A copy of the notice provided to the appellant by the exchange in accordance with the provisions of §9.11, in the case of a disciplinary or access denial action, or otherwise, in the case of any other adverse exchange action;

(5) The relief sought from the action of the exchange;

(6) The appellant’s request for a copy of the record of the exchange proceeding, or portions of the record not in the appellant’s possession, and a representation that the appellant agrees to pay the exchange reasonable fees, as provided in the rules of the exchange, for printing that copy; and

(7) A nonrefundable filing fee of $100 remitted by check, bank draft or money order, payable to the Commodity Futures Trading Commission.

§ 9.21 Record of exchange proceeding.

(a) Filing of record. Within thirty days after service of the notice of appeal, the exchange must file two copies of the record of the exchange proceeding (as defined in §9.21) with the Proceedings Clerk, and serve a copy on the appellant and any other party to the proceeding, provided that such person has agreed to pay the exchange reasonable fees, as provided in the rules of the exchange, for printing the copy. The record must be bound as a unit, must be chronologically indexed and tabbed, must be certified as correct by a duly authorized official, agent or employee of the exchange, and must contain a certificate of service on the appellant or any other party to the proceeding (or waiver of service for failure to pay costs pursuant to this rule).

(b) Motion that the Commission not accept notice of appeal. Within fifteen days after service of the notice of appeal, the exchange may file a motion that the Commission not accept a notice of appeal of any matter that the exchange contends is excluded from this part by §§9.1(b), 9.2(a) and 9.2(g). Such motion must be accompanied by an affidavit averring facts in support of the motion. The filing of such motion will operate to stay the filing of the record and subsequent submissions pending the Commission’s ruling on such motion. The appellant may serve and file a written response to such motion within ten days after service of the motion.

§ 9.22 Appeal brief.

(a) Time to file. Any person who has filed a notice of appeal in accordance with the provisions of §9.20 must perfect the appeal by filing an appeal brief with the Proceedings Clerk within thirty days after service of the record of the exchange proceeding. The Commission may dismiss any appeal for which an appeal brief is not timely filed.

(b) Contents. Each appeal brief submitted to the Commission pursuant to this section must include, in the order indicated:

(1) A statement of the issues presented for review;

(2) A statement of the case. The statement must first indicate briefly the nature of the case and include a full description of the disciplinary, access denial or other adverse action. There must follow a clear and concise statement of all facts relevant to the consideration of the appeal, including, if known, each alleged act or omission forming the basis of the exchange action, with appropriate references to the record of the exchange proceeding;

(3) An argument. The argument may be preceded by a summary. The argument must contain the contentions of the appellant with respect to the issues.
presented, and the reasons therefor, and citations to relevant authorities and to parts of the record of the exchange proceeding; and
(4) A conclusion stating the precise relief sought.

(c) Length of appeal brief. Without prior leave of the Commission, the appeal brief may not exceed thirty-five pages, exclusive of any table of contents, table of cases, index and appendix containing transcripts of testimony, exhibits, statutes, rules, regulations or similar materials.

§ 9.23 Answering brief.
(a) Time for filing answering brief. Within thirty days after service of the appeal brief, the exchange must file with the Commission an answering brief.
(b) Contents of answering brief. The answering brief generally must follow the same style as prescribed for the appeal brief but may omit a statement of the issues or of the case if the exchange does not dispute the issues or the statement of the case contained in the appeal brief.
(c) Length of answering brief. Without prior leave of the Commission, the answering brief may not exceed thirty-five pages, exclusive of any table of contents, table of cases, index and appendix containing transcripts of testimony, exhibits, statutes, rules, regulations or similar materials.

§ 9.24 Petition for stay pending review.
(a) Time to file. (1) Within ten days after the notice of the disciplinary or access denial action has been delivered in accordance with §9.11 to a person disciplined or denied access, that person may petition the Commission to stay the disciplinary or access denial action pending consideration by the Commission of the notice of appeal and, if granted, the appeal underlying the notice of appeal. The petition for stay must be accompanied by the notice of appeal.
(2) Within ten days after a notice of summary action has been delivered in accordance with §9.12(b) to a person who is the subject of a summary action authorized by §8.25 of this chapter, that person may petition the Commission to stay the effectiveness of the summary action pending completion of the exchange proceeding conducted as authorized by §8.26 of this chapter.
(3) The Commission may deny any petition for stay which is not timely filed or which is not otherwise in accord with these rules.
(b) Contents of petition for stay. A petition filed under this section must state the reasons that the stay is requested and the facts relied upon, as specified in §9.20. Averments of the petition must be supported by affidavits, other sworn statements or copies thereof, or a stipulation as to those facts which are not in dispute. Based upon the petition, the Commission, in its discretion, may order a stay of the disciplinary action or access denial action.
(c) Response to petition. The exchange may serve and file a written response to any petition for a stay within five days after service of the petition.
(d) Standards for granting petition for stay. The Commission will promptly determine whether to grant or deny a petition for stay and may act upon a petition at any time, without waiting for a response thereto. In determining whether to grant or deny the petition for stay, the Commission will consider, among other things, whether the petitioner has established:
(1) Petitioner’s likelihood of success on the merits; and
(2) That denial of the stay would cause irreparable harm to the petitioner; and
(3) That granting the stay would not endanger orderly trading or otherwise cause substantial harm to the exchange or market participants; and
(4) That granting the stay would not be contrary to the Act, and the rules, regulations and orders of the Commission thereunder or otherwise contrary to the public interest.
(e) Ex parte stays. The Commission may act upon a petition for stay, without waiting for the exchange’s response thereto only where petitioner:
(1) Expressly requests an ex parte stay;
(2) Files a proof of service; and
(3) Clearly establishes by affidavit that immediate and irreparable injury, loss or damage will result to the petitioner before the exchange can be heard in opposition.
§ 9.25 Limited participation of interested persons.

On its own motion or upon motion of any person asserting a direct and substantial interest in the outcome of a proceeding conducted under this part, the Commission, in its discretion, may permit the limited participation by such interested person in the proceeding. A motion for leave to participate in the proceeding must identify the interest of that person and must state the reasons why participation in the proceeding by that person is desirable, and must state whether that person requests a copy of the record of the exchange proceeding to the extent permitted by section 8c(a)(2) of the Act and that such person agrees to pay the exchange reasonable fees, as provided in the rules of the exchange, for printing the copy.

[52 FR 25366, July 7, 1987, as amended at 59 FR 5701, Feb. 8, 1994]

§ 9.26 Participation of Commission staff.

Within twenty days after receipt of the answering brief, the Division of Market Oversight and/or the Division of Clearing and Intermediary Oversight may file with the Proceedings Clerk a notice of intention to participate in the proceedings as amicus curiae. Within thirty days after filing the notice of intention to participate, the Division may file a brief as amicus curiae. Without prior leave of the Commission, the brief may not exceed thirty-five pages. The brief must be filed and served on the appellant, exchange and any other parties to the proceeding in the manner specified by these rules. Within ten days after service of the Division’s brief, any party may file a reply to the Division’s brief. After the filing of the notice of intent to participate, no employee of the Division(s) filing the notice may thereafter make any communication relating to the proceeding, other than on the record of the proceeding before the Commission, to any Commission decisional employee.

§§ 9.27–9.29 [Reserved]

Subpart D—Commission Review of Disciplinary, Access Denial or Other Adverse Action

§ 9.30 Scope of review.

On review, the Commission may, in its discretion, consider sua sponte any issues arising from the record before it and may base its determination thereon, or limit the issues to those presented in the statement of issues in the briefs, treating those issues not raised as waived. If the Commission determines to consider any issue not raised by the parties, it may issue an order that notifies the parties of such determination and provides an opportunity for the parties to address any issue considered sua sponte by the Commission.

§ 9.31 Commission review of disciplinary or access denial action on its own motion.

(a) Request for additional information. Where a person disciplined or denied access has not appealed the exchange decision to the Commission, upon review of the notice specified in §9.11, the Division of Market Oversight or the Division Clearing and Intermediary Oversight may request that the exchange file with the Division the record of the exchange proceeding, or designated portions of the record, a brief statement of the evidence and testimony adduced to support the exchange’s findings that a rule or rules of the exchange were violated and such recordings, transcripts and other documents.
§ 9.33 Final decision by the Commission.

(a) Opinion and order. Upon review, the Commission may affirm, modify, set aside, or remand for further proceedings, in whole or in part, the decision of the exchange. The Commission’s decision will be contained in its opinion and order which will be based upon the record before it, including the record of the exchange proceeding, and any oral argument made in accordance with §9.32. Except as provided in paragraph (b) of this section, the opinion and order will constitute the final decision of the Commission, effective upon service on the parties. In the event the Commission is equally divided as to its decision, the Commission will affirm without opinion the decision of the exchange, which will constitute the Commission’s final decision.

(b) Order of summary affirmance. If the Commission finds that the result reached in the decision of the exchange is substantially correct and that none of the arguments on appeal made by the appellant raise important questions of law or policy, the Commission may, by appropriate order, summarily affirm the decision of the exchange without opinion, which will constitute the Commission’s final decision. Unless the Commission expressly indicates otherwise in its order, an order of summary affirmance does not reflect a Commission determination to adopt the exchange final decision, including any rationale contained therein, as its opinion and order, and neither the exchange’s final decision nor the Commission’s order of summary affirmance will serve as a Commission precedent in other proceedings.

(c) Standards of review. In reviewing an exchange disciplinary, access denial or other adverse action, the Commission will consider whether:

(1) The exchange disciplinary, access denial or other adverse action was applicable to the particular exchange proceeding as the Division may specify. The exchange must promptly advise the person who is the subject of the disciplinary or access denial action of the Division’s request. Within thirty days after service of the Division’s request, the exchange must file the information requested with the Division and, upon request, deliver that information to the person who is the subject of the disciplinary or access denial action. Delivery and filing must be in the manner prescribed by §9.11(c). A person subject to the disciplinary action or access denial action requesting a copy of the information furnished to the Division must, if the exchange rules so provide, agree to pay the exchange reasonable fees for printing the copy.

(b) Review on motion of the Commission. The Commission may institute review of an exchange disciplinary or access denial action on its own motion. Other than in extraordinary circumstances, such review will be initiated within 180 days after the Commission has received the notice of exchange action provided for in §9.11. If the Commission should institute review on its own motion, it will issue an order permitting the person who is the subject of the disciplinary or access denial action an opportunity to file an appropriate submission, and the exchange an opportunity to file a reply thereto.

§ 9.32 Oral argument.

(a) On motion of Commission. On its own motion, the Commission may, in its discretion, hear oral argument by the parties any time before the decision of the Commission is filed with the Proceedings Clerk.

(b) On request of party. Any party may file with the Proceedings Clerk a request in writing for the opportunity to present oral argument before the Commission, which the Commission may, in its discretion, grant or deny. A request under this paragraph must be filed concurrently with the party’s brief.

(c) Reporting and transcription. Oral argument before the Commission will be recorded and transcribed unless the Commission directs otherwise. In the event the Commission affords the parties the opportunity to present oral argument before the Commission, the oral argument will proceed in accordance with the provisions of §10.103 (b) and (d) of this chapter.
taken in accordance with the rules of the exchange;

(2) Fundamental fairness was observed in the conduct of the proceeding resulting in the disciplinary, access denial or other adverse action;

(3) (i) In the case of a disciplinary action, the record contains substantial evidence of a violation of the rules of the exchange, or (ii) in the case of an access denial or other adverse action, the record contains substantial evidence supporting the exchange action; and

(4) The disciplinary, access denial or other adverse action otherwise accords with the Act and the rules, regulations and orders of the Commission thereunder.

PART 10—RULES OF PRACTICE

Subpart A—General Provisions

Sec.
10.1 Scope and applicability of rules of practice.
10.2 Definitions.
10.3 Suspension, amendment, revocation and waiver of rules.

APPENDIX A TO PART 10—COMMISSION POLICY RELATING TO THE ACCEPTANCE OF SETTLEMENTS IN ADMINISTRATIVE AND CIVIL PROCEEDINGS

SOURCE: 41 FR 2511, Jan. 16, 1976, unless otherwise noted.

Subpart A—General Provisions

§ 10.1 Scope and applicability of rules of practice.

These rules of practice are generally applicable to adjudicatory proceedings before the Commodity Futures Trading Commission under the Commodity Exchange Act. These include proceedings for:

(a) Denial, suspension, revocation, conditioning, restricting or modifying of registration as a futures commission merchant, retail foreign exchange dealer, introducing broker, or associated person, floor broker, floor trader, commodity pool operator, commodity trading advisor or leverage transaction merchant pursuant to sections 6(c), 8a(2), 8a(3), 8a(4) and 8a(11) of the Act, 7 U.S.C. 9 and 15, 12a(2), 12a(3), 12a(4) and 12(a)(11), or denial, suspension, or revocation of designation as a contract market pursuant to sections 6(a) and 6(b) of the Act, 7 U.S.C. 8;

(b) The issuance of cease and desist orders pursuant to sections 6b and 6(d) of the Act, 7 U.S.C. 13a and 13b;

(c) Denial of trading privileges pursuant to section 6(c) of the Act, 7 U.S.C. 9 and 15;

(d) The assessment of civil penalties pursuant to sections 6(c) and 6b of the Act, 7 U.S.C. 9 and 15 and 13a;

(e) The issuance of restitution orders pursuant to section 6(c) of the Act, 7 U.S.C. 9; and

(f) Any other proceedings where the Commission declares them to be applicable.

These rules do not apply to:

(g) Investigations conducted pursuant to sections 8 and 16(a) of the Act, 7 U.S.C. 12 and 20(a), except as specifically made applicable by the Rules Relating to Investigations set forth in part 11 of this chapter;

(h) Reparation proceedings under section 14 of the Act, 7 U.S.C. 18, except as specifically made applicable by the Rules Relating to Reparation Proceedings set forth in part 12 of this chapter;

(i) Public rulemaking, except as specifically made applicable by the Rules Relating to Public Rulemaking Procedures set forth in part 13 of this title.

The rules shall be construed to secure the just, speedy and inexpensive determination of every proceeding with full protection for the rights of all parties therein.

§ 10.2 Definitions.

For purposes of this part:

(a) Act means the Commodity Exchange Act, as amended, 7 U.S.C. 1, et seq.;

(b) Adjudicatory proceeding means a judicial-type proceeding leading to the formulation of a final order;

(c) Administrative Law Judge means an administrative law judge appointed pursuant to the provisions of 5 U.S.C. 3105 (provisions of the rules in this part which refer to Administrative Law Judges may be applicable to other Presiding Officers as well, as set forth in §10.8);

(d) Administrative Procedure Act means those provisions of the Administrative Procedure Act, as codified, which are contained in 5 U.S.C. 551 through 559;

(e) Commission means the Commodity Futures Trading Commission;

(f) Complaint means any document initiating an adjudicatory proceeding, whether designated a complaint or an order for proceeding or otherwise;

(g) Division of Enforcement means that office in the Commission that prosecutes a complaint issued by the Commission;

(h) Hearing means that part of a proceeding which involves the submission of evidence, either by oral presentation or written submission;

(i) Proceedings Clerk means that member of the Commission’s staff designated as such in the Commission’s Office of Proceedings.
Order means the whole or any part of a final procedural or substantive disposition of a matter by the Commission or by the Presiding Officer in a matter other than rulemaking;

(k) Party includes a person or agency named or admitted as a party to a proceeding;

(l) Person includes an individual, partnership, corporation, association, exchange or other entity or organization;

(m) Pleading means the complaint, the answer to the complaint, any supplement or amendment thereto, and any reply that may be permitted to any answer, supplement or amendment;

(n) Presiding Officer means a member of the Commission, and Administrative Law Judge, or a hearing officer designated by the Commission to conduct a hearing on a specific matter, or the Commission itself, if it is to preside at or accept the introduction of evidence in a particular proceeding (provisions of the rules in this part which refer to Administrative Law Judges may be applicable to other Presiding Officers as well, as set forth in §10.8);

(o) Respondent means a party to an adjudicatory proceeding against whom findings may be made or relief or remedial action may be taken.

§ 10.3 Suspension, amendment, revocation and waiver of rules.

(a) These rules may, from time to time, be suspended, amended or revoked in whole or in part. Notice of such action will be published in the Federal Register.

(b) In the interest of expediting decision or to prevent undue hardship on any party, may waive any rule in subparts A through G of this part when neither party is prejudiced thereby. Reasonable notice shall be given to all parties of any action taken pursuant to this provision.

(c) The Presiding Officer, to expedite decision or to prevent undue hardship on any party, may waive any rule in subparts A through G of this part when neither party is prejudiced thereby. Reasonable notice shall be given to all parties of any action taken pursuant to this provision.

(d) Notwithstanding any provision of this part, the Commission may in any proceeding commenced pursuant to section 8(c) of the Act require a respondent to show cause why an order should not be entered against the respondent and may specify a day and place for the hearing not less than three days after service upon the respondent of the Commission’s complaint and notice of hearing in such proceeding.

§ 10.4 Business address; hours.

The Office of Proceedings is located at Three Lafayette Centre, 1155 21st Street NW., Washington, DC 20581. Faxes must be sent to (202) 418–5532, and emails must be sent to PROC_filings@cftc.gov. The office is open from 8:15 a.m. to 4:45 p.m., Eastern Time, Monday through Friday, except on federal holidays.

§ 10.5 Computation of time.

In computing any period of time prescribed by these rules or allowed by the Commission or the Presiding Officer, the day of the act, event, or default from which the designated period of time begins to run shall not be included. The last day of the period so computed is to be included unless it is a Saturday, a Sunday, or a legal holiday; in which event the period runs until the end of the next day which is not a Saturday, a Sunday or a legal holiday. Intermediate Saturdays, Sundays, and legal holidays shall be excluded from the computation only when the period of time prescribed or allowed is less than seven days.
§ 10.6 Changes in time permitted for filing.

Except as otherwise provided by law or by these rules, for good cause shown the Commission or the Presiding Officer before whom a matter is then pending, on their own motion or the motion of a party, at any time they may extend or shorten the time limit prescribed by the rules for filing any document. In any instance in which a time limit is not prescribed for an action to be taken in a proceeding, the Commission or the Presiding Officer may set a time limit for that action.

§ 10.7 Date of entry of orders.

In computing any period of time involving the date of the entry of an order the date of entry shall be the date the order is served by the Proceedings Clerk.

[41 FR 2511, Jan. 16, 1976, as amended at 60 FR 54801, Oct. 26, 1995]

§ 10.8 Presiding officers.

Unless otherwise determined by the Commission, all proceedings within the scope of this part shall be assigned to an Administrative Law Judge for hearing. If the Commission determines that a proceeding within the scope of this part shall be conducted before a Presiding Officer who is not an Administrative Law Judge, all provisions of this part or of part 3 of this chapter that refer to and grant authority to or impose obligations upon an Administrative Law Judge shall be read as referring to and granting authority to and imposing obligations upon the designated Presiding Officer.

(a) Functions and responsibilities of Administrative Law Judge. The Administrative Law Judge shall be responsible for the fair and orderly conduct of the proceeding and shall have the authority to:

(1) Administer oaths and affirmations;
(2) Issue subpoenas;
(3) Rule on offers of proof;
(4) Receive relevant evidence;
(5) Examine witnesses;
(6) Regulate the course of the hearing;
(7) Hold prehearing conferences;
(8) Consider and rule upon all motions;
(9) Make decisions in accordance with §10.84 of these rules;
(10) Certify interlocutory matters to the Commission for its determination in accordance with §10.101 of these rules;
(11) Take such action as is just or appropriate, if a party or agent of a party fails to comply with an order issued by the Administrative Law Judge;
(12) Take any other action required to give effect to these Rules of Practice, including but not limited to requesting the parties to file briefs and statements of position with respect to any issue in the proceeding.

(b) Disqualification of Administrative Law Judge—(1) At his own request. An Administrative Law Judge may withdraw from any proceeding when he considers himself to be disqualified. In such event he immediately shall notify the Commission and each of the parties of his withdrawal and of his reason for such action.

(2) Upon the request of a party. Any party or person who has been granted leave to be heard pursuant to these rules may request an Administrative Law Judge to disqualify himself on the grounds of personal bias, conflict or similar bases. Interlocutory review of an adverse ruling by the Administrative Law Judge may be sought without certification of the matter by the Administrative Law Judge, in accordance with the procedures set forth in §10.101.

§ 10.9 Separation of functions.

(a) An Administrative Law Judge will not be responsible to or subject to the supervision or direction of any officer, employee, or agent of the Commission engaged in the performance of investigative or prosecutorial functions for the Commission.

(b) No officer, employee or agent of the Commission who is engaged in the performance of investigative or prosecutorial functions in connection with any proceeding shall, in that proceeding or any factually related proceeding, participate or advise in the decision of the Administrative Law Judge or the Commission except as witness or...
§ 10.10 Ex parte communications.

(a) Definitions. For purposes of this section:

(1) Commission decisional employee means employees of the Commission who are or may reasonably be expected to be involved in the decisionmaking process in any proceeding, including, but not limited to:
   (i) Members of the personal staffs of the Commissioners;
   (ii) Members of the staffs of the Administrative Law Judges;
   (iii) The Deputy General Counsel for Opinions and Review and staff of the Office of General Counsel.
   (iv) Members of the staff of the Office of Proceedings; and
   (v) Other Commission employees who may be assigned to hear or to participate in the decision of a particular matter;

(2) Ex parte communication means an oral or written communication not on the public record with respect to which reasonable prior notice to all parties is not given, but does not include requests for status reports on any matter or proceeding covered by this part;

(3) Interested person includes parties and other persons who might be adversely affected or aggrieved by the outcome of a proceeding; their officers, agents, employees, associates, affiliates, attorneys, accountants or other representatives; and any other person having a direct or indirect pecuniary or other interest in the outcome of a proceeding;

(4) Party includes a person or agency named or admitted as a party, or properly seeking and entitled as of right to be admitted as a party, to a proceeding, and a person or agency permitted limited participation or to state views in a proceeding by the Commission.

(b) Prohibitions against ex parte communications. (1) No interested person outside the Commission shall make or knowingly cause to be made to any Commissioner, Administrative Law Judge or Commission decisional employee an ex parte communication relevant to the merits of a proceeding.

(2) No Commissioner, Administrative Law Judge or Commission decisional employee shall make or knowingly cause to be made to any interested person outside the Commission an ex parte communication relevant to the merits of a proceeding.

(c) Procedures for handling ex parte communications. A Commissioner, Administrative Law Judge or Commission decisional employee who receives, or who makes or knowingly causes to be made, an ex parte communication prohibited by paragraph (b) of this section shall:

(1) Place on the public record of the proceeding:
   (i) All such written communications;
   (ii) Memoranda stating the substance of all such oral communications; and
   (iii) All written responses, and memoranda stating the substance of all oral responses, to the materials described in paragraphs (c) (1)(i) and (1)(ii) of this section; and

(2) Promptly give written notice of such communication and responses thereto to all parties to the proceedings to which the communication or responses relate.

(d) Sanctions. (1) Upon receipt of an ex parte communication knowingly made or knowingly caused to be made by a party in violation of the prohibitions contained in paragraph (b)(1) of this section, the Commission, Administrative Law Judge or other Commission employee presiding at the hearing may, to the extent consistent with the interests of justice and the policy of the Act, require the party to show cause why his claim or interest in the proceeding should not be dismissed, denied, disregarded, or otherwise adversely affected on account of such violation.

(2) Any attorney or accountant who knowingly makes or knowingly causes to be made, or who knowingly solicits or knowingly causes the solicitation of, an ex parte communication which violates the prohibitions contained in paragraph (b) of this section may, on
that basis alone, be deemed to have engaged in unprofessional conduct of the type proscribed by 17 CFR 14.8(c).

(3) Any Commissioner, Administrative Law Judge or Commission decisional employee who knowingly makes or knowingly cause to be made, or who knowingly solicits or knowingly causes the solicitation of, an ex parte communication which violates the prohibitions contained in paragraph (b) of this section may, on that basis alone, be deemed to have engaged in conduct of the type proscribed by 17 CFR 14.785–3(b)(3).

(e) Applicability of prohibitions and sanctions against ex parte communications. (1) The prohibitions of this section against ex parte communications shall apply:

(i) To any person who has actual knowledge that a proceeding has been or will be commenced by order of the Commission; and

(ii) To all persons after public notice has been given that a proceeding has been or will be commenced by order of the Commission.

(2) The prohibitions of this section shall remain in effect until a final order has been entered in the proceeding which is no longer subject to review or reconsideration by the Commission or to review by any court.

(3) Nothing in this section shall constitute authority to withhold information from Congress.

§ 10.11 Appearance in adjudicatory proceedings.

(a) Appearance—(1) By non-attorneys. An individual may appear pro se (in his own behalf), a member of a partnership may represent the partnership, a bona fide officer of a corporation, trust or association may represent the corporation, trust or association, an officer or employee of a State Commission or of a department or political subdivision of a State may represent the State Commission or the department or political subdivision of the State in any proceeding.

(2) By attorneys. An attorney-at-law who is admitted to practice before the highest Court in any State or territory, or of the District of Columbia, who has not been suspended or disbarred from appearance and practice before the Commission in accordance with the provisions of part 14 of this title, may represent parties in proceedings before the Commission.

(b) Debarment of counsel or representative by administrative law judge during the course of a proceeding. (1) Whenever, while a proceeding is pending before him, the Administrative Law Judge finds that a person acting as counsel or representative for any party to the proceeding is guilty of contumacious conduct, the Administrative Law Judge may order that such person be precluded from further acting as counsel or representative in such proceeding.

(2) Whenever the Administrative Law Judge has issued an order precluding a person from further acting as counsel for representative in the proceeding, the Administrative Law Judge shall submit to the Commission a report of the facts and circumstances surrounding the issuance of the order and shall recommend what action the Commission should take respecting the appearance of such person as counsel or representative in other proceedings before the Commission.

§ 10.12 Service and filing of documents; form and execution.

(a) Service by a party or other participant in a proceeding. (1) When one party serves another with documents under these rules, a copy must be served on all other parties as well as filed with the Proceedings Clerk. Similarly, when a person files a document with the Office of Proceedings, the person must serve a copy of the document on all other parties.
§ 10.12 17 CFR Ch. I (4–1–13 Edition)

(2) How service is made. Service shall be made by:
   (i) Personal service;
   (ii) First-class or a more expeditious form of United States mail or an overnight or similar commercial delivery service;
   (iii) Facsimile ("fax"); or
   (iv) Electronic mail ("email").

(3) Service by email or fax shall be permitted at the discretion of the Presiding Officer, with the parties' consent. The consent of a party must specify the email address or fax number to be used. Signed documents that are served by email must be in PDF or other non-alterable form.

(4) Service will be complete at the time of personal service; upon deposit in the mail or with an overnight or similar commercial delivery service of a properly addressed document for which all postage or delivery service fees have been paid; or upon transmission by fax or email. Service by email or by fax will not be effective if the party making service learns that the attempted service did not reach the person to be served.

(5) Where service is effected by mail or a commercial delivery service (but not by fax or email), the time within which the person being served may respond shall be extended by five (5) days.

(6) Statement of service. A statement of service shall be made by filing with the Proceedings Clerk, simultaneously with the filing of the document, a statement signed by the party making service or by his attorney or representative that:
   (i) Confirms that service has been made,
   (ii) Identifies each person served,
   (iii) Sets forth the date of service, and
   (iv) Recites the manner of service.

(b) Service of decisions and orders. A copy of all rulings, opinions and orders shall be served by the Proceedings Clerk on each of the parties.

(c) Designation of person to receive service. The first page of the first document filed in a proceeding by a party or participant must include the name and contact information of a person authorized to receive service on the party or participant’s behalf. Contact information must include a post office address and daytime telephone number, and should also include the person’s fax or email. Thereafter service of documents shall be made upon the person authorized unless service on the party himself is ordered by the Administrative Law Judge or the Commission, or unless no person authorized to receive service can be found, or unless the person authorized to receive service is changed by the party upon due notice to all other parties.

(d) Filing of documents with the Proceedings Clerk. (1) All documents which are required to be served upon a party shall be filed concurrently with the Proceedings Clerk. A document shall be filed by delivering it in person or by first-class mail or a more expeditious form of United States mail or by overnight or similar commercial delivery service to Proceedings Clerk, Office of Proceedings, Three Lafayette Centre, 1155 21st Street NW., Washington, DC 20581; or faxing the document to (202) 418–5532; or emailing it to PROC Filings@cftc.gov in accordance with the conditions set forth in paragraph (a)(2) of this section.

(2) To be timely filed under this part, a document must be delivered in person; mailed by first-class or a more expeditious form of United States mail or by an overnight or similar commercial delivery service; or faxed or emailed to the Proceedings Clerk within the time prescribed for filing.

(e) Formalities of filing. (1) An original of all documents shall be filed with the Proceedings Clerk. If a party files a document with the Proceedings Clerk by fax or email, they should not also send paper copies.

(2) First page. The first page of all documents filed with the Proceedings Clerk must include the Commission’s name, the docket number, the title of proceeding, the subject of the document, and the name of the person on whose behalf the document is being filed. In subsequent filings, the case title may be abbreviated by listing the name of the first respondent, followed by “et al.” In the complaint, the title of the action shall include the names of all the respondents, but in documents subsequently filed it is sufficient to state the name of the first respondent.
§ 10.22 Complaint and notice of hearing.

(a) Content. The complaint and notice of hearing shall include:

(1) The legal authority and jurisdiction under which the hearing is held;
(2) The matters of fact and law to be considered and determined.

The complaint shall set forth the matters of fact alleged therein in such manner as will permit a specific response to each allegation. The notice shall notify the respondent of his right to a hearing and shall specify the time required by § 10.23 of these rules for the filing of an answer and the consequence of failure to file an answer.

(b) Service. The Proceedings Clerk shall give appropriate notice to each respondent by serving them with a copy of the complaint and notice of hearing. Service may be made in person, by confirmed telegraphic notice, or by registered mail or certified mail, addressed to the last known business or residence address of the person to be served or the address of his duly authorized agent for service. If a respondent is not found at his last known business or residence address and no forwarding address is available, additional service may be made, at the discretion of the Commission, as follows:

(1) By publishing a notice of the filing of the proceeding and a summary of the complaint, approved by the Commission or the Administrative Law Judge, once a week for three consecutive weeks in one or more newspapers having a general circulation where the respondent’s last known business or residence address was located and, if ascertainable, where the respondent is believed to reside or be doing business currently; and
(2) By continuously displaying the complaint on the Commission’s Internet web site during the period referred to in paragraph (b)(1) of this section.

§ 10.23 Answer.

(a) When required. Following service of a complaint and notice of hearing as set forth in §10.22 of these rules, unless otherwise specified in the notice of hearing, each respondent shall file an answer with the Proceedings Clerk within 20 days.

(b) Content of answer. The answer shall include:

(1) A statement that the respondent admits, denies, or does not have and is unable to obtain sufficient information to admit or deny each allegation; a statement of a lack of information shall have the effect of a denial; any allegation not expressly denied shall be deemed to be admitted;

(2) A statement of the facts supporting each affirmative defense.

(c) Effect of failure to file answer. A party who fails to file an answer within 20 days shall be in default and, pursuant to procedures set forth in §10.93 of these rules, the proceeding may be determined against him by the Administrative Law Judge upon his consideration of the complaint, the allegations of which shall then be deemed to be true.

(d) Admission of all allegations of fact. If a respondent’s answer admits the truth of all the material allegations of fact contained in the complaint, it shall constitute a waiver of hearing on those allegations. However, the Administrative Law Judge may conduct a hearing, if so requested, by any of the parties. Following waiver, the parties may submit proposed findings and conclusions and briefs, as provided in §10.82 and may appeal any initial decision to the Commission as provided in §10.102 of these rules.

(e) Motion for more definite statement. Where a reasonable showing is made by a respondent that he cannot frame a responsive answer based on the allegations in the complaint, he may move for a more definite statement of the charges against him before filing an answer. A motion for a more definite statement shall be filed within ten days after service of the complaint and shall specify the defects complained of and the particular allegation as to which a more definite statement is sought.

[41 FR 2511, Jan. 16, 1976, as amended at 60 FR 54802, Oct. 26, 1995]

§ 10.24 Amendments and supplemental pleadings.

(a) Complaint and notice of hearing. The Commission may, at any time, amend the complaint and notice of hearing in any proceeding. If the Commission so amends the complaint and notice of hearing, the Administrative Law Judge shall adjust the scheduling of the proceeding to the extent necessary to avoid any prejudice to any of the parties to the proceeding. Upon motion to the Administrative Law Judge and with notice to all other parties and the Commission, the Division of Enforcement may amend a complaint to correct typographical and clerical errors or to make other technical, non-substantive revisions within the scope of the original complaint.

(b) Other pleadings. Except for the complaint and notice of hearing, a party may amend any pleading once as a matter of course at any time before a responsive pleading is served or, if the pleading is one to which no responsive pleading is permitted, he may amend it within 20 days after it is served. Otherwise a party may amend a pleading only by leave of the Administrative Law Judge, which shall be freely given when justice so requires.

(c) Response to amended pleadings. Any party may file a response to any amendment to any pleading, including the complaint, within ten days after the date of service upon him of the amendment or within the time provided to respond to the original pleading, whichever is later.

(d) Pleadings to conform to the evidence. When issues not raised by the pleadings but reasonably within the scope of a proceeding initiated by the complaint are tried with the express or implied consent of the parties, they...
§ 10.33

shall be treated in all respects as if they had been raised in the pleadings.

§ 10.25 Form of pleadings.

All averments of claim and defense shall be made in consecutively numbered paragraphs. The contents of each paragraph shall be limited as far as practicable to a single set of circumstances.

§ 10.26 Motions and other papers.

(a) Presentation. An application for a form of relief not otherwise specifically provided for in these rules shall be made by motion, filed with the Proceedings Clerk, which shall be in writing unless made on the record during a hearing. The motion shall state: (1) The relief sought; (2) the basis for relief; and (3) the authority relied upon. If a motion is supported by briefs, affidavits or other papers, they shall be served and filed with the motion. All motions and applications, unless otherwise provided in these rules, shall be directed to the Administrative Law Judge prior to the filing of an initial decision in a proceeding, and to the Commission after the initial decision has been filed.

(b) Answers to motions. Any party may serve and file a written response to a motion within ten days after service of the motion upon him or within such longer or shorter period as established by these rules or as the Administrative Law Judge or the Commission may direct. The absence of a response to a motion may be considered by the Administrative Law Judge or the Commission in deciding whether to grant the requested relief.

(c) Motions for procedural orders. Motions for procedural orders, including motions for extension of time, may be acted on at any time, without awaiting a response thereto. Any party adversely affected by such order may request reconsideration, vacation or modification of the order.

(d) Dilatory motions. Repetitive or numerous motions dealing with the same subject matter shall not be permitted.

(e) Review by the Commission. Interlocutory review by the Commission of a ruling on a motion by an Administrative Law Judge may be sought in accordance with the procedures and under the circumstances set forth in §10.101 of these rules.

Subpart C—Parties and Limited Participation

§ 10.31 Parties.

The parties to an adjudicatory proceeding shall include the Division of Enforcement, each respondent named in the complaint and each person permitted to intervene pursuant to §10.33 of these rules. A respondent shall cease to be a party or purposes of a pending proceeding when (a) a default order is entered against him pursuant to §10.93; or (b) the Commission accepts an offer of settlement pursuant to §10.108 of these rules.

§ 10.32 Substitution of parties.

Upon motion and for good cause shown the Administrative Law Judge may order a substitution of parties.

§ 10.33 Intervention as a party.

(a) Petition for Leave to Intervene. Any person whose interests may be affected substantially by the matters to be considered in a proceeding may petition the Administrative Law Judge for leave to intervene as a party in the proceeding any time after the institution of a proceeding and before such proceeding has been submitted for final consideration. Petitions for leave to intervene shall be in writing and shall set forth with specificity the nature of the petitioner’s interest in the proceeding and the manner in which his interests may be affected substantially. The Administrative Law Judge may direct a petitioner requesting intervention to submit himself for examination as to his interest in the proceeding.

(b) Response to petition. A petition for leave to intervene shall be served by the petitioner upon all parties to the proceeding, who may support or oppose the petition in a document filed within ten days after service of the petition upon them or within such other period

359
as the Administrative Law Judge may direct in a particular case.

(c) Leave to intervene—when granted. No person shall be admitted as a party to a proceeding by intervention unless the Administrative Law Judge is satisfied that (1) a substantial interest of the person seeking to intervene may be adversely affected by the matter to be considered in the proceeding; (2) that his intervention will not materially prejudice the rights of any party, through delay or otherwise; (3) that his participation as a party will otherwise be consistent with the public interest; and (4) that leave to be heard pursuant to §10.34 would be inadequate for the protection of his interests. The burden shall be upon the petitioner to satisfy the Administrative Law Judge on these issues.

(d) Rights of intervenor. A person who has been granted leave to intervene shall from that time forward have all the rights and responsibilities of a party to the proceeding.

§ 10.34 Limited participation.

(a) Petitions for leave to be heard. Any person may, in the discretion of the Administrative Law Judge, be given leave to be heard in any proceeding as to any matter affecting his interests. Petitions for leave to be heard shall be in writing, shall set forth (1) the nature and extent of the applicant’s interest in the proceeding; (2) the issues on which he wishes to participate; and (3) in what manner he wishes to participate. The Administrative Law Judge may direct any person requesting leave to be heard to submit himself to examination as to his interest in the proceeding.

(b) Rights of a participant. Leave to be heard pursuant to §10.34(a) may include such rights of a party as the Administrative Law Judge may deem appropriate, except that oral argument before the Commission may be permitted only by the Commission.

§ 10.35 Permission to state views.

Any person may, in the discretion of the Administrative Law Judge be permitted to file a memorandum or make an oral statement of his views, and the Administrative Law Judge may, in his discretion, accept for the record written communications received from any person.
§ 10.42 Discovery.

(a) Prehearing materials—(1) In general. Unless otherwise ordered by an Administrative Law Judge, the parties to a proceeding shall furnish to all other parties to the proceeding on or before a date set by the Administrative Law Judge in the form of a prehearing memorandum or otherwise:
   (i) An outline of its case or defense;
   (ii) The legal theories upon which it will rely;
   (iii) The identity, and the city and state of residence, of each witness, other than an expert witness, who is expected to testify on its behalf, along with a brief summary of the matters to be covered by the witness’s expected testimony;
   (iv) A list of documents which it intends to introduce at the hearing, along with copies of any such documents which the other parties do not already have in their possession and to which they do not have reasonably ready access.

   (2) Expert witnesses. Unless otherwise ordered by the Administrative Law Judge, in addition to the information described in paragraph (a)(1) of this section, any party who intends to call an expert witness shall also furnish to all other parties to the proceeding on or before a date set by the Administrative Law Judge:
      (i) A statement identifying the witness and setting forth his or her qualifications;
      (ii) A list of any publications authored by the witness within the preceding ten years;
      (iii) A list of all cases in which the witness has testified as an expert, at trial or in deposition, within the preceding four years;
      (iv) A complete statement of all opinions to be expressed by the witness and the basis or reasons for those opinions; and
      (v) A list of any documents, data or other written information which were considered by the witness in forming his or her opinions, along with copies of any such documents, data or information which the other parties do not already have in their possession and to which they do not have reasonably ready access.

   (3) The foregoing procedures shall not be deemed applicable to rebuttal evidence submitted by any party at the hearing.

   (4) In any action where a party fails to comply with the requirements of this paragraph (a), the Administrative Law Judge may make such orders in regard to the failure as are just, taking into account all of the relevant facts and circumstances of the failure to comply.

(b) Investigatory materials—(1) In general. Unless otherwise ordered by the Commission or the Administrative Law Judge, the Division of Enforcement shall make available for inspection and copying by the respondents, prior to the scheduled hearing date, any of the following documents that were obtained by the Division prior to the institution of proceedings in connection with the investigation that led to the complaint and notice of hearing:
   (i) All documents that were produced pursuant to subpoenas issued by the Division or otherwise obtained from persons not employed by the Commission, together with each subpoena or written request, or relevant portion thereof, that resulted in the furnishing of such documents to the Division; and
   (ii) All transcripts of investigative testimony and all exhibits to those transcripts.

   (2) Documents that may be withheld. The Division of Enforcement may withhold any document that would disclose:
      (i) The identity of a confidential source;
      (ii) Confidential investigatory techniques or procedures;
      (iii) Separately the market positions, business transactions, trade secrets or names of customers of any persons other than the respondents, unless such information is relevant to the resolution of the proceeding;
      (iv) Information relating to, or obtained with regard to, another matter of continuing investigatory interest to the Commission or another domestic or foreign governmental entity, unless such information is relevant to the resolution of the proceeding; or
      (v) Information obtained from a domestic or foreign governmental entity or from a foreign futures authority
that either is not relevant to the resolution of the proceeding or was provided on condition that the information not be disclosed or that it only be disclosed by the Commission or a representative of the Commission as evidence in an enforcement or other proceeding.

(3) Nothing in paragraphs (b)(1) and (b)(2) of this section shall limit the ability of the Division of Enforcement to withhold documents or other information on the grounds of privilege, the work product doctrine or other protection from disclosure under applicable law. When the investigation by the Division of Enforcement that led to the pending proceeding encompasses transactions, conduct or persons other than those involved in the proceeding, the requirements of (b)(1) of this section shall apply only to the particular transaction, conduct and persons involved in the proceeding.

(4) Index of withheld documents. When documents are made available for inspection and copying pursuant to paragraph (b)(1) of this section, the Division of Enforcement shall furnish the respondents with an index of all documents that are withheld pursuant to paragraphs (b)(2) or (b)(3) of this section, except for any documents that are being withheld because they disclose information obtained from a domestic or foreign governmental entity or from a foreign futures authority on condition that the information not be disclosed or that it only be disclosed by the Commission or a representative of the Commission as evidence in an enforcement or other proceeding, in which case the Division shall inform the other parties of the fact that such documents are being withheld at the time it furnishes its index under this paragraph, but no further disclosures regarding those documents shall be required. This index shall describe the nature of the withheld documents in a manner that, to the extent practicable without revealing any information that itself is privileged or protected from disclosure by law or these rules, will enable the other parties to assess the applicability of the privilege or protection claimed.

(5) Arrangements for inspection and copying. Upon request by the respondents, all documents subject to inspection and copying pursuant to this paragraph (b) shall be made available to the respondents at the Commission office nearest the location where the respondents or their counsel live or work. Otherwise, the documents shall be made available at the Commission office where they are ordinarily maintained or at any other location agreed upon by the parties in writing. Upon payment of the appropriate fees set forth in appendix B to part 145 of this chapter, any respondent may obtain a photocopy of any document made available for inspection. Without the prior written consent of the Division of Enforcement, no respondent shall have the right to take custody of any documents that are made available for inspection and copying, or to remove them from Commission premises.

(6) Failure to make documents available. In the event that the Division of Enforcement fails to make available documents subject to inspection and copying pursuant to this paragraph (b), no rehearing or reconsideration of a matter already heard or decided shall be required, unless the respondent demonstrates prejudice caused by the failure to make the documents available.

(7) Requests for confidential treatment, protective orders. If a person has requested confidential treatment of information submitted by him or her, either pursuant to rules adopted by the Commission under the Freedom of Information Act (part 145 of this chapter) or under the Commission’s Rules Relating to Investigations (part 11 of this chapter), the Division of Enforcement shall notify him or her, if possible, that the information is to be disclosed to parties to the proceeding and he or she may apply to the Administrative Law Judge for an order protecting the information from disclosure, consideration of which shall be governed by §10.68(c)(2).

(c) Witness statements—(1) In general. Each party to an adjudicatory proceeding shall make available to the other parties any statement of any person whom the party calls, or expects to call, as a witness that relates to the anticipated testimony of the witness and is in the party’s possession. Such statements shall include the following:
Commodity Futures Trading Commission

§ 10.42

(i) Transcripts of investigatory, deposition, trial or similar testimony given by the witness,

(ii) Written statements signed by the witness, and

(iii) Substantially verbatim notes of interviews with the witness, and all exhibits to such transcripts, statements and notes. For purposes of this paragraph (c), “substantially verbatim notes” means notes that fairly record the exact words of the witness, subject to minor, inconsequential deviations. Such statements shall include memoranda and other writings authored by the witness that contain information relating to his anticipated testimony. The Division of Enforcement shall produce witness statements pursuant to this paragraph prior to the scheduled hearing date, at a time to be designated by the Administrative Law Judge. Respondents shall produce witness statements pursuant to this paragraph at the close of the Division’s case in chief during the hearing. If necessary, the Administrative Law Judge shall, upon request, grant the Division a continuance of the hearing in order to review and analyze any witness statements produced by the respondents.

(2) Nothing in paragraph (c)(1) of this section shall limit the ability of a party to withhold documents or other information on the grounds of privilege, the work product doctrine or other protection from disclosure under applicable law.

(3) Index of withheld documents. When a party makes witness statements available pursuant to paragraph (c)(1) of this section, he or she shall furnish each of the other parties with an index of all documents that the party is withholding on the grounds of privilege or work product. This index shall describe the nature of the withheld documents in a manner that, to the extent practicable without revealing information that itself is privileged or protected from disclosure by law or these rules, will enable the other parties to assess the applicability of the privilege or protection claimed.

(4) Failure to produce witness statements. In the event that a party fails to make available witness statements subject to production pursuant to this section, no rehearing or reconsideration of a matter already heard or decided shall be required, unless another party demonstrates prejudice caused by the failure to make the witness statements available.

(d) Modification of production requirements. The Administrative Law Judge shall modify any of the requirements of paragraphs (a) through (c) of this section that any party can show is unduly burdensome or is otherwise inappropriate under all the circumstances.

(e) Admissions—(1) Request for admissions. Any party may serve upon any other party, with a copy to the Proceedings Clerk, a written request for admission of the truth of any facts relevant to the pending proceeding set forth in the request. Each matter of which an admission is requested shall be separately set forth. Unless prior written approval is obtained from the Administrative Law Judge, the number of requests shall not exceed 50 in number including all discrete parts and subparts.

(2) Response. A matter shall be considered to be admitted unless, within 15 days after service of the request, or within such other time as the Administrative Law Judge may allow, the party upon whom the request is directed serves upon the requesting party a sworn written answer or objection to the matter. If objection is made, the reasons therefor shall be stated. The response shall specifically deny the matter or set forth in detail the reasons why the answering party cannot truthfully admit or deny the matter. A denial shall fairly meet the substance of the requested admission and when good faith requires that a party qualify his answer and deny only a part of the matter, he shall specify so much of it as is true and qualify or deny the remainder. An answering party may not give a lack of information or knowledge as a reason for failure to admit or deny unless he states that he has made reasonable inquiry and that the information known or reasonably available to him is insufficient to enable him to admit or deny. A party who considers that a matter of which an admission has been requested presents a genuine issue for trial may not, on that ground alone, object to the request; he may
§ 10.43 Stipulations.

The parties may by stipulation in writing at any stage of the proceeding, or orally made at hearing, agree upon any pertinent facts in the proceeding. It is desirable that the facts be thus agreed upon so far as and whenever practicable. Stipulations may be received in evidence at a hearing and when received in evidence shall be binding on the parties thereto.

§ 10.44 Depositions and interrogatories.

(a) When permitted. If it appears that:

(1) A prospective witness will be unable to attend or testify at a hearing on the basis of age, illness, infirmity, imprisonment or on the basis that he is or will be outside of the United States at the time of the hearing (unless it appears that the absence of the witness was procured by the party seeking to take the deposition),

(2) His testimony is material,

(3) It is necessary to take his deposition in the interest of justice, the Administrative Law Judge may by order deny the matter or set forth reasons why he cannot admit or deny it.

(3) Determining sufficiency of answers or objections. The party who has requested the admissions may move to determine the sufficiency of the answers or objections. Unless the objecting party sustains his burden of showing that the objection is justified, the Administrative Law Judge shall order that an answer be served. If the Administrative Law Judge determines that an answer does not comply with the requirements of this rule, he may order either that the matter is admitted or that an amended answer be served.

(4) Effect of admission. Any matter admitted under this rule is conclusively established and may be used at a hearing as against the party who made the admission. However, the Administrative Law Judge may permit withdrawal or amendment when the presentation on the merits of the proceeding will be served thereby and the party who obtains the admission fails to satisfy the Administrative Law Judge that withdrawal or amendment will prejudice him in maintaining his action or defense on the merits.

(f) Objections to authenticity or admissibility of documents—(1) Identification of documents. The Administrative Law Judge, acting on his or her own initiative or upon motion by any party, may direct each party to serve upon the other parties, with a copy to the Proceedings Clerk, a list identifying the documents that it intends to introduce at the hearing and requesting the other parties to file and serve a response disclosing any objection, together with the factual or legal grounds therefor, to the authenticity or admissibility of each document identified on the list. Except for relevance, waste of time or needless presentation of cumulative evidence, all objections not raised may be deemed waived.

(2) Objections to authenticity or admissibility. Within 20 days after service or at such other time as may be designated by the Administrative Law Judge, each party upon whom the list described in paragraph (f)(1) of this section was served shall file a response disclosing any objection, together with
365

Commodity Futures Trading Commission

§ 10.44

direct that his deposition be taken either orally or in the form of written interrogatories, and may issue a subpoena to compel the attendance of the witness for deposition.

(b) Application for deposition. Any party desiring to take the deposition of a witness shall make application in writing to the Administrative Law Judge for an order to take deposition. In addition to the showing required in §10.44(a), the application shall include:

(1) The name and post office address of the witness;
(2) The specific matters concerning which the witness is expected to testify and their relevance;
(3) The reasons why the deposition should be taken, supported by affidavits and a physician’s certificate, where appropriate;
(4) The time when, the place where, and the name and address of the person before whom the deposition is to be taken;
(5) A specification of the documents and materials which the deponent is requested to produce;
(6) Application for any subpoenas.

(c) Service and reply. A copy of the application to take deposition shall be served upon every other party to the proceeding and upon the person sought to be deposed. Any party or the deponent may serve and file an opposition to the application within seven days after the application is filed.

(d) Time when, place where, and officer before whom deposition is taken—

(1) Where the deposition is taken. Unless otherwise ordered or agreed to by stipulation, depositions shall be taken in the city or municipality where the deponent is located.

(2) Officer before whom deposition is taken—

(i) Within the United States or a territory of the United States, depositions shall be taken before an officer authorized to administer oaths by the laws of the United States or of the place where the examination is held.

(ii) Within a foreign country, depositions may be taken before an officer or person designated by the Administrative Law Judge or agreed upon by the parties by stipulation in writing to be filed with the Proceedings Clerk.

(e) Procedures for taking oral depositions—

(1) Oral examination and crossexamination of witnesses shall be conducted in a manner similar to that permitted at a formal hearing. All questions and testimony shall be recorded verbatim, except to the extent that all parties present or represented may agree that a matter shall be off the record.

(2) All objections made at the time of the examination to the qualifications of the officer taking the deposition, or to the manner of taking it, or to the evidence presented, or to the conduct of any party, or any other objection to the proceeding shall be noted by the officer upon the deposition, and shall subsequently be determined by the Administrative Law Judge. Evidence objected to shall be taken subject to the objections. However, the parties may stipulate that, except as to objections to the form of questions, all objections to the matters testified to in a deposition are preserved for the hearing, whether or not raised at the time of deposition.

(3) During the taking of a deposition a party or deponent may request and obtain an adjournment to permit an application to be made to the Administrative Law Judge for an order suspending the deposition on grounds of bad faith in the conduct of the examination, annoyance, embarrassment, oppression of a deponent or party, or improper questions. An attorney who requests and obtains an adjournment for this purpose but fails, without good cause, promptly to apply for relief to the Administrative Law Judge may be found guilty of contemptuous conduct in accordance with §10.11(b) of these rules.

(f) Procedures for use of interrogatories. Any party desiring to take the deposition of a witness shall make application in writing to the Administrative Law Judge for an order to take deposition. In addition to the showing required in §10.44(a), the application shall include:

(1) The name and post office address of the witness;
(2) The specific matters concerning which the witness is expected to testify and their relevance;
(3) The reasons why the deposition should be taken, supported by affidavits and a physician’s certificate, where appropriate;
(4) The time when, the place where, and the name and address of the person before whom the deposition is to be taken;
(5) A specification of the documents and materials which the deponent is requested to produce;
(6) Application for any subpoenas.

(c) Service and reply. A copy of the application to take deposition shall be served upon every other party to the proceeding and upon the person sought to be deposed. Any party or the deponent may serve and file an opposition to the application within seven days after the application is filed.

(d) Time when, place where, and officer before whom deposition is taken—

(1) Where the deposition is taken. Unless otherwise ordered or agreed to by stipulation, depositions shall be taken in the city or municipality where the deponent is located.

(2) Officer before whom deposition is taken—

(i) Within the United States or a territory of the United States, depositions shall be taken before an officer authorized to administer oaths by the laws of the United States or of the place where the examination is held.

(ii) Within a foreign country, depositions may be taken before an officer or person designated by the Administrative Law Judge or agreed upon by the parties by stipulation in writing to be filed with the Proceedings Clerk.

(e) Procedures for taking oral depositions. Any party desiring to take the deposition of a witness shall make application in writing to the Administrative Law Judge for an order to take deposition. In addition to the showing required in §10.44(a), the application shall include:

(1) The name and post office address of the witness;
(2) The specific matters concerning which the witness is expected to testify and their relevance;
(3) The reasons why the deposition should be taken, supported by affidavits and a physician’s certificate, where appropriate:
(4) The time when, the place where, and the name and address of the person before whom the deposition is to be taken;
(5) A specification of the documents and materials which the deponent is requested to produce;
(6) Application for any subpoenas.

(c) Service and reply. A copy of the application to take deposition shall be served upon every other party to the proceeding and upon the person sought to be deposed. Any party or the deponent may serve and file an opposition to the application within seven days after the application is filed.

(d) Time when, place where, and officer before whom deposition is taken—

(1) Where the deposition is taken. Unless otherwise ordered or agreed to by stipulation, depositions shall be taken in the city or municipality where the deponent is located.

(2) Officer before whom deposition is taken—

(i) Within the United States or a territory of the United States, depositions shall be taken before an officer authorized to administer oaths by the laws of the United States or of the place where the examination is held.

(ii) Within a foreign country, depositions may be taken before an officer or person designated by the Administrative Law Judge or agreed upon by the parties by stipulation in writing to be filed with the Proceedings Clerk.

(e) Procedures for taking oral depositions. Any party desiring to take the deposition of a witness shall make application in writing to the Administrative Law Judge for an order to take deposition. In addition to the showing required in §10.44(a), the application shall include:

(1) The name and post office address of the witness;
(2) The specific matters concerning which the witness is expected to testify and their relevance;
(3) The reasons why the deposition should be taken, supported by affidavits and a physician’s certificate, where appropriate:
(4) The time when, the place where, and the name and address of the person before whom the deposition is to be taken;
(5) A specification of the documents and materials which the deponent is requested to produce;
(6) Application for any subpoenas.

(c) Service and reply. A copy of the application to take deposition shall be served upon every other party to the proceeding and upon the person sought to be deposed. Any party or the deponent may serve and file an opposition to the application within seven days after the application is filed.

(d) Time when, place where, and officer before whom deposition is taken—

(1) Where the deposition is taken. Unless otherwise ordered or agreed to by stipulation, depositions shall be taken in the city or municipality where the deponent is located.

(2) Officer before whom deposition is taken—

(i) Within the United States or a territory of the United States, depositions shall be taken before an officer authorized to administer oaths by the laws of the United States or of the place where the examination is held.

(ii) Within a foreign country, depositions may be taken before an officer or person designated by the Administrative Law Judge or agreed upon by the parties by stipulation in writing to be filed with the Proceedings Clerk.

(e) Procedures for taking oral depositions. Any party desiring to take the deposition of a witness shall make application in writing to the Administrative Law Judge for an order to take deposition. In addition to the showing required in §10.44(a), the application shall include:

(1) The name and post office address of the witness;
(2) The specific matters concerning which the witness is expected to testify and their relevance;
(3) The reasons why the deposition should be taken, supported by affidavits and a physician’s certificate, where appropriate:
(4) The time when, the place where, and the name and address of the person before whom the deposition is to be taken;
(5) A specification of the documents and materials which the deponent is requested to produce;
(6) Application for any subpoenas.
(2) When a deposition is taken upon written interrogatories and cross-interrogatories, no party shall be present or represented and no person other than the witness, a stenographic reporter, and the officer shall be present. The officer shall propound the interrogatories and cross-interrogatories to the witness, and the interrogatories and responses thereto shall be transcribed and reduced to writing.

(g) Use of depositions at hearing. (1) Any part or all of a deposition, to the extent admissible under rules of evidence applied as though the witness were then present and testifying at the hearing, may be used against any party who had reasonable notice of the taking of the deposition, if the Administrative Law Judge finds that:
   (i) The witness is dead;
   (ii) The witness is unable to attend or testify because of age, illness, infirmity, or imprisonment;
   (iii) The witness is out of the United States at the time of the hearing, unless it appears that the absence of the witness was procured by the party offering the deposition.

(2) If only part of a deposition is offered in evidence by a party, an adverse party may require him to introduce any other part which ought in fairness to be considered with the part introduced, and any party may introduce any other parts.

(3) Objection may be made at a hearing to receiving in evidence any deposition or part thereof for any reason which would require the exclusion of the evidence if the witness were then present and testifying.

[41 FR 2511, Jan. 16, 1976, as amended at 60 FR 54802, Oct. 26, 1995]

Subpart E—Hearings

§ 10.61 Time and place of hearing.

(a) Notice. All parties shall be notified of the time and place of hearing, which shall be fixed with due regard for the public interest and the convenience and necessity of the parties and their representatives.

(b) Requests for change. A request for postponement of a hearing or for a change in the place assigned for hearing will be granted by the Administrative Law Judge only for good cause shown.

§ 10.62 Appearances.

(a) Who may appear. The parties may appear in person, by counsel or by other representatives of their choosing, subject to the provisions of §10.11 of these rules and part 14 of this chapter, dealing with appearance and practice before the Commission.

(b) Effect of failure to appear. (1) If any party to the proceeding, after filing an answer fails to appear at the hearing or any part thereof, he shall to that extent be deemed to have waived the right to an oral hearing in the proceeding. In the event that a party appears at the hearing and no party appears for the opposing side, the party who is present may present his evidence, in whole or in part, in the form of affidavits or by oral testimony, before the Administrative Law Judge.

(2) A failure to appear at a hearing shall not constitute a waiver of a party’s right to propose findings of fact based on the record in the proceeding, to propose conclusions of law or to submit briefs, in the manner provided in §10.82, if the non-appearing party submits prior to the scheduled hearing or within three days thereafter, a notice of appearance indicating his intent to continue to participate in the proceeding. Otherwise, his failure to appear will constitute a default, and a default order may be sought in accordance with procedures set forth in §10.93 of these rules.

§ 10.63 Consolidation; separate hearings.

(a) Consolidation. Two or more proceedings involving a common question of law or fact may be joined for hearing of any or all the matters in issue or may be consolidated by order of the Administrative Law Judge. The Administrative Law Judge may make such rulings concerning the conduct of such proceedings as may tend to avoid unnecessary costs or delay.

(b) Separate Hearings. The Administrative Law Judge, for the convenience of the parties, to avoid prejudice, or to expedite final resolution of the issues, may order a separate hearing of any
§ 10.66 Conduct of the hearing.

(a) Expedition. Hearings shall proceed expeditiously and insofar as practicable hearings shall be held at one place and shall continue, without suspension, until concluded.

(b) Rights of parties. Every party shall be entitled to due notice of hearings, the right to be represented by counsel, and the right to cross-examine witnesses, present oral and documentary evidence, submit rebuttal evidence, raise objections, make arguments and move for appropriate relief. Nothing in this paragraph limits the authority of the Commission or the Administrative Law Judge to exercise authority under other provisions of the Commission’s rules, to enforce the requirement that evidence presented be relevant to the proceeding or to limit cross-examination to the subject matter of the direct examination and matters affecting the credibility of the witness.

(c) Examination of witnesses. All witnesses at a hearing for the purpose of taking evidence shall testify under oath or affirmation, which shall be administered by the Administrative Law Judge. A witness may be cross-examined by each adverse party and, in the discretion of the Administrative Law Judge, may be cross-examined, without regard to the scope of direct examination, as to any matter which is relevant to the issues in the proceeding.

(d) Expert witnesses. The Administrative Law Judge, at his discretion, may order that direct testimony of expert witnesses be made by verified written statement rather than presented orally at the hearing. Any expert witness whose testimony is presented in this manner shall be available for oral cross-examination, and may be examined orally upon re-direct following cross-examination.

(e) Exhibits. The original of each exhibit introduced in evidence or marked for identification shall be filed and retained in the docket of the proceeding, unless the Administrative Law Judge permits the substitution of copies for the original documents. A copy of each exhibit introduced by a party or marked for identification at his request shall be supplied by him to the Administrative Law Judge and to each other party to the proceeding.
§ 10.67 Evidence.

(a) Admissibility. Relevant, material and reliable evidence shall be admitted. Irrelevant, immaterial, unreliable and unduly repetitious evidence shall be excluded.

(b) Official notice. (1) Official notice may be taken of

(i) Any material fact which might be judicially noticed by a district court of the United States; or

(ii) Any matter in the public official records of the Commission.

(2) If official notice is requested or taken of a material fact, any party, upon timely request, shall be afforded an opportunity to establish the contrary.

(c) Objections. A party shall timely and briefly state the grounds relied upon for any objection made to the introduction of evidence. If a party has had no opportunity to object to a ruling at the time it is made, he shall not thereafter be prejudiced by the absence of an objection.

(d) Exceptions. Formal exception to an adverse ruling is not required. It shall be sufficient that a party, at the time the ruling is sought or entered, makes known to the Administrative Law Judge the action he wishes the Administrative Law Judge to take or his objection to the action being taken and his grounds therefor.

(e) Excluded evidence. When an objection to a question propounded to a witness is sustained, the examining attorney may make a specific offer of what he expects to prove by the answer of the witness, or the Administrative Law Judge may, in his discretion, receive the evidence in full. Rejected exhibits, adequately marked for identification, shall be retained in the record so as to be available for consideration by any reviewing authority.

(f) Affidavits. Affidavits may be admitted by the Administrative Law Judge only if the evidence is otherwise admissible and the parties agree that affidavits may be used.

(g) Official government records. An official government record or any entry therein, when admissible for any purpose, may be evidenced by an official publication thereof or by a copy attested by the officer having legal custody of the record or by his deputy, accompanied by a certificate that such officer has custody. If the office in which the record is kept is within the United States the certificate may be made by a judge of a court of record in the district or political subdivision in which the record is kept, authenticated by the seal of his office. If the office in which the record is kept is in a foreign state or country, the certificate may be made by any officer in the Foreign Service of the United States stationed in the foreign state or country in which the record is kept and authenticated by the seal of his office. A written statement signed by an officer having custody of an official record or by his deputy, that after diligent search, no record or entry dealing with a specific matter is found to exist, accompanied by a certificate as provided above, is admissible as evidence that the records of his office contain no such record or entry.

(h) Entries in the regular course of business. Any writing or record, whether in the form of an entry in a book or otherwise, made as a memorandum or record of any act, transaction, occurrence, or event, will be admissible as evidence thereof if it shall appear that it was made in the regular course of business by a person who had a duty to report or record it.

§ 10.68 Subpoenas.

(a) Application for and issuance of subpoenas—(1) Application for and issuance of subpoena ad testificandum. Any party may apply to the Administrative Law Judge for the issuance of a subpoena ad testificandum for a person to appear and testify (subpoena ad testificandum) at the hearing. All requests for the issuance of a subpoena ad testificandum shall be submitted in duplicate and in writing and shall be served upon all other parties to the proceeding, unless the request is made on the record at the hearing or the requesting party can demonstrate why, in the interest of fairness or justice, the requirement of a written submission or service on one or more of the other parties is not appropriate. A subpoena ad testificandum shall be issued upon a showing by the requesting party of the general relevance of the testimony being sought and the tender of an original and two
Commodity Futures Trading Commission

§ 10.68

copies of the subpoena being requested, except in those situations described in paragraph (b) of this section, where additional requirements are set forth.

(2) Application for subpoena duces tecum. An application for a subpoena requiring a person to produce specified documentary or tangible evidence (subpoena duces tecum) at any designated time or place may be made by any party to the Administrative Law Judge. All requests for the issuance of a subpoena duces tecum shall be submitted in duplicate and in writing and shall be served upon all other parties to the proceeding, unless the request is made on the record at the hearing or the requesting party can demonstrate why, in the interest of fairness or justice, the requirement of a written submission or service on one or more of the other parties is not appropriate. Except in those situations described in paragraph (b) of this section, where additional requirements are set forth, each application for the issuance of a subpoena duces tecum shall contain a statement or showing of general relevance and reasonable scope of the evidence being sought and be accompanied by an original and two copies of the subpoena duces tecum shall contain a statement or showing of general relevance and reasonable scope of the evidence being sought and be accompanied by an original and two copies of the subpoena being requested, which shall describe the documentary or tangible evidence to be subpoenaed with as much particularity as is feasible.

(3) Standards for issuance of subpoena duces tecum. The Administrative Law Judge considering any application for a subpoena duces tecum shall issue the subpoena requested if he is satisfied the application complies with this section and the request is not unreasonable, oppressive, excessive in scope or unduly burdensome. No attempt shall be made to determine the admissibility of evidence in passing upon an application for a subpoena duces tecum and no detailed or burdensome showing shall be required as a condition to the issuance of any subpoena.

(4) Denial of application. In the event the Administrative Law Judge determines that a requested subpoena or any of its terms are unreasonable, oppressive, excessive in scope, or unduly burdensome, he may refuse to issue the subpoena, or may issue it only upon such conditions as he determines fairness requires.

(b) Special requirements relating to application for and issuance of subpoenas for commission records and for the appearance of commission employees or employees of other agencies—

(1) Form. An application for the issuance of a subpoena shall be made in the form of a written motion served upon all other parties, if the subpoena would require

(i) The production of documents, papers, books, physical exhibits, or other material in the records of the Commission;

(ii) The appearance of a Commissioner or an official or employee of the Commission;

(iii) The appearance of a Commissioner or an official or employee of any other state or federal agency in his official capacity.

(2) Content. The motion shall specifically describe the material to be produced, the information to be disclosed, or the testimony to be elicited from the witness, and shall show

(i) The relevance of the material, information, or testimony to the matters at issue in the proceeding;

(ii) The reasonableness of the scope of the proposed subpoena; and

(iii) That such material, information, or testimony is not available from other sources.

(3) Rulings. The motion shall be decided by the Administrative Law Judge and shall provide such terms or conditions for the production of the material, the disclosure of the information or the appearance of the witness as may appear necessary and appropriate for the protection of the public interest.

(4) Commission review of rulings. Interlocutory review by the Commission of a ruling made under this section may be sought in accordance with the procedures set forth in §10.101 without certification by the Administrative Law Judge.

(c) Motions to quash subpoenas; protective orders—

(1) Application. Within 10 days after a subpoena has been served or at any time prior to the return date thereof, a motion to quash or modify the subpoena or for a protective order limiting the use or disclosure of any information, documents or testimony covered by the subpoena may be filed with the Administrative Law Judge.
§ 10.68 17 CFR Ch. I (4–1–13 Edition)

who issued it. At the same time, a copy of the motion shall be served on the party who requested the subpoena and all other parties to the proceeding. The motion shall include a brief statement setting forth the basis for the requested relief. If the Administrative Law Judge to whom the motion has been directed has not acted upon the motion by the return date, the subpoena shall be stayed pending his or her final action.

(2) Disposition. After due notice to the person upon whose request the subpoena was issued, and after opportunity for response by that person, the Administrative Law Judge may (i) quash or modify the subpoena, or (ii) condition denial of the application to quash or modify the subpoena upon just and reasonable terms, including, in the case of a subpoena duces tecum, a requirement that the person in whose behalf the subpoena was issued shall advance the reasonable cost of producing documentary or other tangible evidence. The Administrative Law Judge may issue a protective order sought under paragraph (c)(1) of this section or under any other section of these rules upon a showing of good cause. In considering whether good cause exists to issue a protective order, the Administrative Law Judge shall weigh the harm resulting from disclosure against the benefits of disclosure. Good cause shall only be established upon a showing that the person seeking the protective order will suffer a clearly defined and serious injury if the order is not issued, provided, however, that any such injury shall be balanced against the public’s right of access to judicial records. No protective order shall be granted that will prevent the Division of Enforcement or any respondent from adequate presenting its case.

(d) Attendance and mileage fees. Persons summoned to testify either by deposition or at a hearing under requirement of subpoena are entitled to the same fees and mileage as are paid to witnesses in the courts of the United States. Fees and mileage are paid by the party at whose instance the persons are called.

(e) Service of subpoenas—(1) How effected. Service of a subpoena upon a party shall be made in accordance with §10.12(a) of these rules except that only one copy of a subpoena need be served. Service of a subpoena upon any other person shall be made by delivering a copy of the subpoena to him as provided in paragraphs (e)(2) or (e)(3) of this section, as applicable, and by tendering to him or her the fees for one day’s attendance and mileage as specified in paragraph (d) of this section. When the subpoena is issued at the instance of the Commission, fees and mileage need not be tendered at the time of service.

(2) Service upon a natural person. Delivery of a copy of a subpoena and tender of the fees to a natural person may be effected by

(i) Handing them to the person;

(ii) Leaving them at his office with the person in charge thereof or, if there is no one in charge, by leaving them in a conspicuous place therein;

(iii) Leaving them at his dwelling place or usual place of abode with some person of suitable age and discretion then residing therein;

(iv) Mailing them by registered or certified mail to him at his last known address; or

(v) Any other method whereby actual notice is given to him and the fees and mileage are timely made available.

(3) Service upon other persons. When the person to be served is not a natural person, delivery of a copy of the subpoena and tender of the fees and mileage may be effected by

(i) Handing them to a registered agent for service, or to any officer, director, or agent in charge of any office of such person;

(ii) Mailing them by registered or certified mail to any such representative at his last known address; or

(iii) Any other method whereby actual notice is given to any such representative and the fees and mileage are timely made available.

(f) Enforcement of subpoenas. Upon failure of any person to comply with a subpoena issued at the request of a party, that party may petition the Commission in its discretion to institute an action in an appropriate U.S. District Court for enforcement of that subpoena. When instituting an action to enforce a subpoena requested by the
Division of Enforcement, the Commission, in its discretion, may delegate to the Director of the Division or any Commission employee designated by the Director and acting under his or her direction, or to any other employee of the Commission, authority to serve as the Commission’s counsel in such subpoena enforcement action.

§ 10.82 Proposed findings and conclusions; briefs.

In any proceeding involving a hearing or an opportunity for hearing, the parties may file written proposed findings of fact and conclusions of law. Briefs may be filed in support of proposed findings and conclusions either as part of the same document or in a separate document. Any proposed finding or conclusion not briefed may be regarded as waived.

(a) Proposed findings and briefs; time for filing. Where the parties file proposed findings and briefs, the following schedule shall apply, unless otherwise determined by the Administrative Law Judge:

(1) Initial submission. Proposed findings, conclusions and an initial brief shall be served and filed by the Division of Enforcement and intervenors on the side of the Division of Enforcement within 45 days of the close of the hearing;

(2) Answering submission. Proposed findings, conclusions, and an answering brief shall be served and filed by the respondents and intervenors on the side of the respondents within 30 days after service of the initial findings, conclusions and briefs upon the respondents;

(3) Reply. A reply brief may be filed by the Division of Enforcement and intervenors on the side of the Division of Enforcement within 15 days after filing of the answering submission;

(4) Submissions by limited participants. Submissions by a person admitted as a limited participant pursuant to §10.34 of these rules, are permitted under such terms as determined by the Administrative Law Judge.

(b) Alternative procedures for submissions. In his discretion the Administrative Law Judge may lengthen or shorten the periods for the filing of submissions, may direct simultaneous filings, may direct that respondents make the first filing, or may otherwise modify the procedures set forth in paragraph (a) of this section for purposes of a particular proceeding.

(c) Briefs. (1) The initial brief should include:

(i) A short, clear and concise statement of the case;

(ii) Specification of the questions to be resolved; and

(iii) The argument, presenting clearly the points of fact and law relied upon in support of the position taken on each question.

(2) The answering brief shall generally follow the same style as prescribed for the initial brief but may omit a statement of the case if the party does not dispute the statement of the case contained in the initial brief;

(3) Reply briefs should be limited to rebuttal of matters in the prior briefs.

(d) Content and form of proposed findings and conclusions. (1) The findings of fact shall be confined to the material
issues of fact presented on the record, with exact citations to the transcripts of record and exhibits in support of each proposed finding.

(2) The proposed findings and conclusions of the party filing initially shall be set forth in consecutively numbered paragraphs and all counter-statement of proposed findings and conclusions shall, in addition to any other matter, indicate which paragraphs of initial proposals are not disputed.

§ 10.83 Oral arguments.

In his discretion the Administrative Law Judge may hear oral arguments by the parties any time before he files his initial decision with the Proceedings Clerk. The argument shall be recorded and transcribed in written form.

[41 FR 2511, Jan. 16, 1976, as amended at 60 FR 54802, Oct. 26, 1995]

§ 10.84 Initial decision.

(a) When initial decision is required. The Administrative Law Judge shall make an initial decision in any proceeding in which a hearing is required to be conducted in conformity with the requirements of the Administrative Procedure Act, as codified, 5 U.S.C. 557. He shall make an initial decision in other proceedings in which the Commission directs him to make such a decision.

(b) Filing of initial decision. After the parties have been afforded an opportunity to file their proposed findings of fact, proposed conclusions of law and supporting briefs pursuant to §10.82, the Administrative Law Judge shall prepare upon the basis of the record in the proceeding and shall file with the Proceedings Clerk his or her decision, a copy of which shall be served by the Proceedings Clerk upon each of the parties.

(c) Effect of initial decision. The initial decision shall become the decision of the Commission 30 days after service thereof, except:

(1) The decision shall not become final as to any party who shall have filed a notice of appeal pursuant to §10.102 of these rules; and

(2) The decision shall not become final as to any party to the proceeding if, within 30 days after the initial decision and order, the Commission itself shall have placed the case on its own docket for review or stayed the effective date of the decision.

In the event that the initial decision becomes the final decision of the Commission with respect to a party, that party shall be duly notified thereof by the Proceedings Clerk. The notice shall state that the time for filing a notice of appeal by the party has expired, that the Commission has determined not to review the initial decision on its own initiative and shall specify the date on which a final order in the proceeding shall become effective as against that party.

Subpart G—Disposition Without Full Hearing

§ 10.91 Summary disposition.

(a) Filing of motions, answers. Any party who believes that there is no genuine issue of material fact to be determined and that he is entitled to a decision as a matter of law may move for a summary disposition in his favor of all or any part of the proceeding. Such motion shall be filed at or before the first prehearing conference or at such later time as may be allowed by the Administrative Law Judge. Any adverse party within 20 days after service of the motion, may serve opposing papers or may countermove for summary disposition.

(b) Supporting papers. A motion for summary judgment shall include a statement of material facts as to which the moving party contends there is no genuine issue, supported by the pleadings, and by affidavits, other verified statements, including investigative transcripts, admissions, stipulations, and depositions. The motion may also be supported by briefs containing points and authorities in support of the contention of the party making the motion. When a motion is made and supported as provided in this section, an adverse party may not rest upon the mere allegations, but shall serve and file in response a statement setting forth those material facts as to which
§ 10.92 Shortened procedure.

(a) How initiated. With the consent of the parties, in lieu of a full oral hearing, the Administrative Law Judge may order a shortened procedure as to the submission of direct evidence may be ordered in a proceeding. An order for shortened procedure shall list the names and addresses of all persons who are parties to the proceeding and shall direct compliance with the procedures established in this section. The order shall be served by the Proceedings Clerk upon all parties.

(b) Filing of statements—(1) Opening statement. Within 20 days after receipt of notice that the shortened procedure will be used, the Division of Enforcement shall serve upon all other parties and file with the Proceedings Clerk, in triplicate, an opening statement, in support of the complaint;

(2) Answering statement. Within 20 days after receipt of the opening statement of the Division, each respondent may serve upon all other parties and file with the Proceedings Clerk, in triplicate, in support of his answer, an answering statement.

(3) Statement in reply. Within ten days after receipt of all answering statements, or within ten days after the expiration of the period within which answering statements may be served, the Division of Enforcement may serve upon all other parties and file with the Proceedings Clerk, in triplicate, a statement in reply, which shall be confined strictly to replying to the facts and arguments set forth in the answering statements.

(c) Joint statements. Parties having a common interest may serve and file joint statements.

(d) Failure to file statement. Any party who, without the express permission of the Administrative Law Judge, should fail to file a statement within the time prescribed by this section after service upon him of an order for shortened procedures shall be in default and shall be deemed to have waived any further hearing.

(e) Content of statements. As used in this section, the term “statement” includes

(1) Statements of fact signed and sworn to by persons having knowledge of those facts;

(2) Documents filed as part of the proof of the alleged facts (which shall be duly authenticated under oath or otherwise in a manner that would render them admissible in evidence at an oral hearing under the rules in this part); and

(3) Briefs containing argument to sustain the contentions of the party submitting the statement.

(f) Verification. The facts asserted in any statement filed under shortened procedure must be sworn to by persons having knowledge thereof and, except under unusual circumstances, the persons should be those who would appear as witnesses to substantiate the facts.
asserted should a full oral hearing become necessary.

(g) **Hearings**—(1) **Request for cross-examination or other hearings.** If cross-examination is desired of any witness whose affidavit or other verified statement has been submitted, the name of the witness and the subject matter of the desired cross-examination shall be stated at the end of the answering statement or statement in reply as the case may be. Oral hearings under other circumstances may also be requested but will be granted only under exceptional circumstances. Any request filed under this subparagraph shall include a justification of the need for oral hearing.

(2) **Hearings issues limited.** The order setting the proceeding for oral hearing, if hearing is found necessary, will specify the matters upon which the parties are not in agreement and concerning which oral evidence is to be introduced. Unless material facts are in dispute, oral hearing will not be held.

(h) **Subsequent procedure.** Post-hearing procedures shall be the same as those in proceedings in which the shortened procedures have not been followed.

§ 10.93 **Obtaining default order.**

When a respondent has failed to (a) file an answer as provided in §10.23 of these rules or (b) failed to appear or file a notice of appearance as provided in §10.62 of these rules or (c) failed to file a statement under the shortened procedures as provided in §10.92 of these rules, the Division of Enforcement may move the Administrative Law Judge to enter findings and conclusions and a default order against that respondent based upon the matters set forth in the complaint, which shall be deemed to be true for purposes of this determination.

§ 10.94 **Setting aside of default.**

In order to prevent injustice and on such conditions as may be appropriate, (a) the Commission may at any time set aside a default order obtained under §10.93; and (b) the Administrative Law Judge may set aside a default order obtained under §10.93 at any time prior to filing of his initial decision in a proceeding in which there are remaining respondents. Any motion to set aside a default shall be made within a reasonable time, and shall state the reasons for the failure to file or appear and specify the nature of the proposed defense in the proceeding.

Subpart **H—Appeals to the Commission; Settlements**

§ 10.101 **Interlocutory appeals.**

Interlocutory review by the Commission of a ruling on a motion by an Administrative Law Judge may be sought in accordance with the following procedures:

(a) **Scope of review.** The Commission will not review a ruling of the Administrative Law Judge prior to the Commission’s consideration of the entire proceeding in the absence of extraordinary circumstances. An interlocutory appeal may be permitted, in the discretion of the Commission, under the following circumstances:

(1) Appeal from an adverse ruling pursuant to §10.8(b) on a motion to disqualify an Administrative Law Judge;

(2) Appeal from a ruling pursuant to §10.11(b) suspending an attorney from participation in a particular proceeding.

(3) Appeal from a ruling pursuant to §§10.33 and 10.34 denying intervention or limited participation;

(4) Appeal from a ruling pursuant to §10.68(b) requiring the appearance of an officer or employee of the Commission or another government agency or the production of Commission records;

(5) Upon a determination by the Administrative Law Judge, certified to the Commission either in writing or on the record, that

(i) A ruling sought to be appealed involves a controlling question of law or policy;

(ii) An immediate appeal may materially advance the ultimate resolution of the issues in the proceeding; and

(iii) Subsequent reversal of the ruling would cause unnecessary delay or expense to the parties.

(b) **Procedure to obtain interlocutory review**—(1) **In general.** An application for
interlocutory review may be filed within five days after notice of the Administrative Law Judge’s ruling on a matter described in paragraphs (a)(1), (a)(2), (a)(3) or (a)(4) of this section, except if a request for certification under paragraph (a)(5) of this section has been filed with the Administrative Law Judge within five days after notice of the Administrative Law Judge’s ruling on the matter. If a request for certification has been filed, an Application for interlocutory review under paragraphs (a)(1) through (a)(5) of this section may be filed within five days after notification of the Administrative Law Judge’s ruling on such request.

(2) An application for review shall:
(i) Designate the ruling or part thereof from which appeal is being taken;
(ii) Present the points of fact and law relied upon in support of the position taken; and
(iii) Not exceed 15 pages.

(3) Any party that opposes the application may file a response, not to exceed 15 pages, within five days after service of the application.

(4) The Commission will determine whether to grant a review based upon the application for review and the response thereto, without oral argument or further written presentation, unless the Commission shall otherwise direct.

(c) Proceedings not stayed. The filing of an application for review and the grant of review shall not stay proceedings before an Administrative Law Judge unless the Administrative Law Judge or the Commission shall so order. The Commission will not consider a motion for a stay unless the motion shall have first been made to the Administrative Law Judge and denied.

§ 10.102 Review of initial decisions.

(a) Notice of appeal—(1) In general. Any party to a proceeding may appeal to the Commission an initial decision or a dismissal or other final disposition of the proceeding by the Administrative Law Judge as to any party. The appeal shall be initiated by serving and filing with the Proceedings Clerk a notice of appeal within 15 days after service of the initial decision or other order terminating the proceeding; where service of the initial decision or other order terminating the proceeding is effected by mail or commercial carrier, the time within which the party served may file a notice of appeal shall be increased by 3 days.

(2) Cross appeals. If a timely notice of appeal is filed by one party, any other party may file a notice of appeal within 15 days after service of the notice or within 15 days after service of the initial decision or other order terminating the proceeding, whichever is later.

(3) Confirmation of filing. The Proceedings Clerk shall confirm the filing of a notice of appeal by mailing a copy thereof to each other party.

(b) Briefs: Time for filing. The appeal shall be perfected through the filing of an appeal brief.

(1) Appeal brief. The appeal brief shall be filed within 30 days after filing of the notice of appeal.

(2) Answering brief. Within 30 days after service of the appeal brief upon any other party that party may file an answering brief.

(3) Reply brief. Within 14 days after service of an answering brief, the party that filed the first brief may file a reply brief.

(4) No further briefs shall be permitted, unless so ordered by the Commission on its own motion.

(5) Cross appeals. In the event that any party files a notice of cross appeal pursuant to paragraph (a)(2) of this section, the Commission shall, to the extent practicable, adjust the briefing schedule and any page limitations otherwise applicable under this section so as to accommodate consolidated briefing by the parties.

If the appeal brief is not filed within the time specified the opposing party may move for dismissal of the appeal.

(c) Briefs. An original of all briefs submitted under this section shall be filed with the Proceedings Clerk.

(d) Briefs: Content and form. (1) The appeal brief should include, in the order indicated:

(i) A statement of the issues presented for review.

(ii) A statement of the case. The statement shall first indicate briefly
376

§ 10.102 17 CFR Ch. I (4–1–13 Edition)

the nature of the case. There shall follow a statement of the facts relevant to the issues presented for review, with appropriate references to the record.

(iii) An argument. The argument may be preceded by a summary. The argument shall contain the contentions of the party to the appeal with respect to the issues presented, and the reasons therefor, and citations to supporting authorities, statutes and parts of the record.

(iv) A conclusion stating the precise relief sought.

(2) The answering brief generally shall follow the same style as prescribed for the appeal brief but may omit a statement of the issues or of the case if the party does not dispute the issues and statement of the case contained in the appeal brief. Any reply brief shall be confined to matters raised in the answering brief and shall be limited to 15 pages in length.

(3) Any matter not briefed shall be deemed waived, and may not be argued before the Commission.

(e) Appendix to briefs—(1) Designation of contents of appendix. At the time an appellant serves and files its appeal brief, it shall also serve and file a designation of those specific parts of the record to which it wishes to direct the particular attention of the Commission and that it wishes to have included in the appendix, including, but not necessarily limited to, particular pages of the transcript and portions of exhibits filed in the proceeding. The designation shall be set forth in a document wholly separate and apart from the brief, shall enumerate those specific parts of the record that the appellant wishes to have included in the appendix and shall not incorporate by reference citations to the record contained in its brief or in any other document. If an appellee deems it necessary to direct the particular attention of the Commission to specific parts of the record not designated by any appellant, it shall serve and file with its answering brief a designation of additional portions of the record for inclusion in the appendix. Any reply brief filed by the appellant may, if necessary, supplement the appellant’s previous designation. In designating parts of the record for inclusion in the appendix, the principal parts of the record relied upon should be designated, but the parties shall have regard to the fact that the entire record is always available to the Commission for reference and examinations and shall not engage in unnecessary designation. The fact that a part of the record is not included in an appendix shall not prevent any party or the Commission from relying thereon.

(2) Preparation of the appendix. Within 15 days after the last answering brief or reply brief of a party was due to be filed, the Office of Proceedings shall prepare an appendix to the briefs which will contain a list of the relevant docket entries filed in the proceedings before the Administrative Law Judge, the initial decision and order of the Administrative Law Judge, the pleadings filed on behalf of the parties who are participating in the appeal and such other parts of the record designated by the parties to the appeal in accordance with the procedures set forth in paragraph (e)(1) of this section. The Proceedings Clerk shall cause one copy of the appendix to be served on each of the parties to the appeal and shall cause ten copies of the appendix to be placed in the docket of the proceeding for the use of the Commission.

(3) Objections to appendix. Any party who believes that an error or omission has been made in the preparation of the appendix or that the appendix is misleading, prejudicial or otherwise inadequate may on that basis file a motion with the Commission to amend or supplement the appendix within 30 days of the date of the mailing of the appendix.

The Commission has determined that once an appeal goes to the Commission, it is in a better position than the Chief Administrative Law Judge to review motions objecting to the appendix or seeking to supplement the appendix. Consequently, upon the adoption of this amendment, the Commission and not the Chief Administrative Law Judge will consider any objection to the appendix pursuant to paragraph (e)(3) of this section. As provided by the amendment, a motion raising objections to the appendix must be filed within 30 days after the date of the mailing of the appendix.
§ 10.103 Oral argument before the Commission.

(a) Request. Any party may file with the Proceedings Clerk a request in writing for the opportunity to present oral argument before the Commission, which the Commission may in its discretion grant or deny. A request for oral argument must be made within the time provided for filing the initial briefs.

(b) Time allowed. Unless otherwise directed by the Commission, not more than one-half hour will be allowed for oral argument by any participant. Where the same or similar interests are represented by more than one participant, an aggregate of not more than one-half hour will be allowed the interests so represented irrespective of the number of participants, the time to be divided equally among such participants or as they may agree among themselves. In appropriate cases the Commission may, in its discretion, extend, shorten or reallocate the time prescribed herein.

(c) Reporting and transcription. Oral arguments before the Commission shall be reported and transcribed in written form unless the Commission shall direct otherwise.

(d) Commissioners not present at oral argument. A member of the Commission who was not present at the oral argument may participate in the decision of the proceeding. Any Commissioner participating in the decision who was not present at the argument will review the transcript of argument.

§ 10.104 Scope of review; Commission decision.

(a) Scope of review. The Commission will ordinarily consider the whole record on review, and base its determination thereon. However, it may limit the issues to those presented in the statement of issues in the brief.

(b) Decision on review. On review, the Commission may affirm, reverse, modify, set aside or remand for further proceedings, in whole or in part, the initial decision by the Administrative Law Judge and make any findings or conclusions which in its judgment are proper based on the record in the proceeding. The Commission’s decision shall be contained in its opinion and order. In the event the Commission is equally divided as to its decision the initial decision will be affirmed, without opinion.

(c) Contents of record. The record of the proceeding before the Commission for final decision shall include:

(1) The complaint, notice of hearing, answers and any amendments thereto;

(2) Any application, motion or objection made during the course of the proceeding, briefs in support thereof, rulings thereon and exceptions thereto;

(3) Any admission or stipulations between the parties, and documents or papers filed in connection with prehearing conferences; and the record of prehearing conferences, if recorded;

(4) The transcript of testimony taken at the hearing, together with exhibits received at the hearing;

(5) Any statements filed under the shortened procedure;

(6) Portions of the official public records of the Commission specified in any of the above;

(7) Any proposed findings of fact, conclusions of law and briefs in support thereof, which were filed in connection with the hearing;

(8) Any written communication accepted by the Administrative Law Judge pursuant to §§10.34 and 10.35 relating to limited participation;

(9) The initial decision and the petition for review;

(10) Any other documents which appear on the docket of the proceeding.
§ 10.105 Review by Commission on its own initiative.

The Commission may on its own initiative, within 30 days after the initial decision has been served on all parties, direct review of any initial decision of an Administrative Law Judge. The Commission shall determine the scope of the review and the issues which will be considered and make provisions for the filing of briefs and oral argument, if deemed appropriate by the Commission. Notice that the Commission has directed review on its own initiative shall be served on all parties by the Proceedings Clerk.

§ 10.106 Reconsideration; stay pending judicial review.

(a) Reconsideration. Within 15 days after service of a Commission opinion and order any party may file with the Commission a petition for reconsideration of the opinion and order, setting forth the relief desired and the grounds in support thereof. Any petition filed under this section must be confined to new questions raised by the opinion or order and concerning which the petitioner had no opportunity to argue before the Commission. The filing of a petition for reconsideration shall not operate to stay the effective date of the Commission’s order.

(b) Stay pending judicial appeal—(1) Application for stay. Within 15 days after service of a Commission opinion and order imposing upon any party any of the sanctions listed in §§10.1(a) through 10.1(e), that party may file an application with the Commission requesting that the effective date of the order be stayed pending judicial review. The application shall state the reasons why a stay is warranted and the facts relied upon in support of the stay. Any averments contained in the application must be supported by affidavits or other sworn statements or verified statements made under penalty of perjury in accordance with the provisions of 28 U.S.C. 1746.

(2) Standards for issuance of stay. The Commission may grant an application for a stay pending judicial appeal upon a showing that:

(i) The applicant is likely to succeed on the merits of his appeal;
(ii) Denial of the stay would cause irreparable harm to the applicant; and
(iii) Neither the public interest nor the interest of any other party will be adversely affected if the stay is granted.

(3) Civil monetary penalties and restitution. Notwithstanding the requirements set forth in paragraph (b)(2) of this section, the Commission shall grant any application to stay the imposition of a civil monetary penalty or an order to pay a specific sum as restitution if the applicant has filed with the Proceedings Clerk a surety bond guaranteeing full payment of the penalty or restitution plus interest in the event that the Commission’s opinion and order is sustained or the applicant’s appeal is not perfected or is dismissed for any reason and the Commission has determined that neither the public interest nor the interest of any other party will be affected by granting the application. The required surety bond shall be in the form of an undertaking by a surety company on the approved list of sureties issued by the Treasury Department of the United States, and the amount of interest shall be calculated in accordance with 28 U.S.C. 1961(a) and (b), beginning on the date 30 days after the Commission’s opinion and order was served on the applicant. In the event the Commission denies the applicant’s motion for a stay, the Proceedings Clerk shall return the surety bond to the applicant.

(c) Response. Unless otherwise requested by the Commission, no response to a petition for reconsideration pursuant to paragraph (a) of this section or an application for a stay pursuant to paragraph (b) of this section shall be filed. The Commission shall set the time for filing any response at the time it asks for a response. The Commission shall not grant any such petition or application without providing other parties to the proceeding with an opportunity to respond.

§ 10.107 Leave to adduce additional evidence.

Any time prior to issuance of the final decision the Commission may, upon its own motion or upon application in writing by any party, after notice to the parties and an opportunity for them to be heard, reopen the hearing for the reception of further evidence. The application shall show to the satisfaction of the Commission that the additional evidence is material, and that there were reasonable grounds for failure to adduce such evidence at the hearing. The Commission may hear the additional evidence or may refer the proceeding to the Administrative Law Judge for the taking of the additional evidence.

§ 10.108 Settlements.

(a) When offers may be made. Parties may at any time during the course of the proceeding propose offers of settlement. All offers of settlement shall be in writing.

(b) Content of offer of settlement. Each offer of settlement made by a respondent shall:

(1) Acknowledge service of the Complaint;
(2) Admit the jurisdiction of the Commission with respect to the matters set forth in the Complaint;
(3) Include a waiver of:
   (i) A hearing,
   (ii) All post-hearing procedures,
   (iii) Judicial review, and
   (iv) Any objection to the staff's participation in the Commission's consideration of the offer;
(4) Stipulate the record basis on which an order may be entered, which may consist solely of the complaint and the findings contained in the offer of settlement; and
(5) Consent to the entry of an order reflecting the terms of settlement agreed upon, including, where appropriate:
   (i) Findings by the Commission that the respondent has violated specified provisions of the Act, and
   (ii) The imposition of sanctions.

(c) Submission of offer of settlement. Offers of settlement made by a respondent shall be submitted in writing to the Division of Enforcement, which shall present them to the Commission with the Division's recommendation. The respondent will be informed if the recommendation will be unfavorable, in which event the offer shall not be presented to the Commission unless the respondent so requests. Any offer of settlement not presented to the Commission shall be null and void with respect to any acknowledgement, admission, waiver, stipulation or consent contained in the offer and shall not be used in any manner in the proceeding by any party thereto.

(d) Acceptance of offer by the Commission. The Commission will accept an offer of settlement only by issuing its opinion and order based on the offer. Upon issuance of the opinion and order, the proceeding shall be terminated as to the respondent involved and so noted on the docket by the Proceedings Clerk.

(e) Rejection of offer of settlement; effect of rejection. When the Commission rejects an offer of settlement, the party making the offer shall be notified of the Commission's action and the offer of settlement shall be deemed withdrawn. A rejected offer of settlement and any documents relating thereto shall not constitute a part of the record in the proceeding; and the offer will be null and void with respect to any acknowledgement, admission, waiver, stipulation or consent contained in the offer and shall not be used in any manner in the proceeding by any party thereto.

[41 FR 2511, Jan. 16, 1976, as amended at 60 FR 54802, Oct. 26, 1995]

§ 10.109 Delegation of authority to Chief of the Opinions Section.

The Commodity Futures Trading Commission hereby delegates, until such time as it orders otherwise, the following function to the General Counsel, to be performed by him or by such person or persons under his direction as he may designate from time to time:

(a) With respect to proceedings conducted pursuant to the Commodity Exchange Act, as amended, 7 U.S.C. 1 et seq., and subject to the Commission's Rules of Practice as set forth in part 10 of this chapter, to:
   (1) Consider and decide miscellaneous motions for procedural orders that may
§ 10.110 Basis for issuance of restitution orders.

(a) Appropriateness of restitution as a remedy. In any proceeding in which an order requiring restitution may be entered, the Administrative Law Judge shall, as part of his or her initial decision, determine whether restitution is appropriate. In deciding whether restitution is appropriate, the Administrative Law Judge, in his or her discretion, may consider the degree of complexity likely to be involved in establishing claims, the likelihood that claimants can obtain compensation through their own efforts, the ability of the respondent to pay claimants damages that his or her violations have caused, the availability of resources to administer restitution and any other matters that justice may require.

(b) Restitution order. If the Administrative Law Judge determines that restitution is an appropriate remedy in a proceeding, he or she shall issue an order specifying the following:

(1) All violations that form the basis for restitution;
Commodity Futures Trading Commission

§ 10.111 Recommendation of procedure for implementing restitution.

Except as provided by §10.114, after such time as any order requiring restitution becomes effective (i.e., becomes final and is not stayed), the Division of Enforcement shall petition the Commission for an order directing the Division to recommend to the Commission or, in the Commission’s discretion, the Administrative Law Judge a procedure for implementing restitution. Each party that has been ordered to pay restitution shall be afforded an opportunity to review the Division of Enforcement’s recommendations and be heard.

§ 10.112 Administration of restitution.

Based on the recommendations submitted pursuant to §10.111, the Commission or the Administrative Law Judge, as applicable, shall establish in writing a procedure for identifying and notifying individual persons who may be entitled to restitution, receiving and evaluating claims, obtaining funds to be paid as restitution from the party and distributing such funds to qualified claimants. As necessary or appropriate, the Commission or the Administrative Law Judge may appoint any person, including an employee of the Commission, to administer, or assist in administering, such restitution procedure. Unless otherwise ordered by the Commission, all costs incurred in administering an order of restitution shall be paid from the restitution funds obtained from the party who was so sanctioned; provided, however, that if the administrator is a Commission employee, no fee shall be charged for his or her services or for services performed by any other Commission employee working under his or her direction.

§ 10.113 Right to challenge distribution of funds to customers.

Any order of an Administrative Law Judge directing or authorizing the distribution of funds paid as restitution to individual customers shall be considered a final order for appeal purposes to be subject to Commission review pursuant to §10.102.

§ 10.114 Acceleration of establishment of restitution procedure.

The procedures provided for by §§10.111 through 10.113 may be initiated prior to the issuance of the initial decision of the Administrative Law Judge and may be combined with the hearing in the proceeding, either upon motion by the Division of Enforcement or if the Administrative Law Judge, acting on his own initiative or upon motion by a respondent, concludes that the presentation, consideration and resolution of the issues relating to the restitution procedure will not materially delay the conclusion of the hearing or the issuance of the initial decision.

APPENDIX A TO PART 10—COMMISSION POLICY RELATING TO THE ACCEPTANCE OF SETTLEMENTS IN ADMINISTRATIVE AND CIVIL PROCEEDINGS

It is the policy of the Commission not to accept any offer of settlement submitted by any respondent or defendant in an administrative or civil proceeding, if the settling respondent or defendant wishes to continue to deny the allegations of the complaint or the findings of fact or conclusions of law to be made in the settlement order entered by the Commission or a court. In accepting a settlement and entering an order finding violations of the Act and/or regulations promulgated under the Act, the Commission makes uncontested findings of violations of the Act and/or regulations promulgated under the Act, the Commission makes uncontested findings of fact and conclusions of law. Similarly, in settling a civil proceeding with a defendant the Commission invites the federal court to make conclusions of fact and conclusions of law. The Commission does not believe it would be appropriate for it to be making or inviting a court to make such uncontested findings of violations if the party against whom the findings and conclusions are entered is continuing to deny the alleged misconduct.

The refusal of a settling respondent or defendant to admit the allegations in a Commission-instituted complaint or the findings of fact or conclusions of law in the settlement order entered by the Commission or a court shall be treated as a denial, unless the
party states that he or she neither admits nor denies the allegations or the findings and conclusions. In that event, the proposed offer of settlement, consent or consent order must include a provision stating that, by neither admitting nor denying the allegations, findings or conclusions, the settling respondent or defendant agrees that neither he or she nor any of his or her agents or employees under his authority or control shall take any action or make any public statement denying, directly or indirectly, any allegation in the complaint or findings or conclusions in the order, or creating, or tending to create, the impression that the complaint or the order is without a factual basis; provided, however, that nothing in this provision shall affect the settling respondent’s or defendant’s—

i. Testimonial obligation, or

ii. Right to take legal positions in other proceedings to which the Commission is not a party.

PART 11—RULES RELATING TO INVESTIGATIONS

Sec.
11.1 Scope and applicability of rules.
11.2 Authority to conduct investigations.
11.3 Confidentiality of investigations.
11.4 Subpoenas.
11.5 Transcripts.
11.6 Oath; false statements.
11.7 Rights of witnesses.
11.8 Sequestration.

APPENDIX A TO PART 11—INFORMAL PROCEDURE RELATING TO THE RECOMMENDATION OF ENFORCEMENT PROCEEDINGS

AUTHORITY: 7 U.S.C. 4a(j), 9 and 15, 12, 12a(5), 12(f).

SOURCE: 41 FR 29799, July 19, 1976, unless otherwise noted.

§ 11.1 Scope and applicability of rules.

The rules of this part apply to investigatory proceedings conducted by the Commission or its staff pursuant to sections 6(c) and 8 and 12(f) of the Commodity Exchange Act, as amended, 7 U.S.C. 9 and 15 and 12 and 16(f) (Supp. IV, 1974), to determine whether there have been violations of that Act, or the rules, regulations or orders adopted thereunder, or, in accordance with the provisions of section 12(f) of the Act, whether there have been violations of the laws, rules or regulations relating to futures or options matters administered or enforced by a foreign futures authority, or whether an application for designation or registration under the Act should be denied. Except as otherwise specified herein, the rules will apply to the conduct of investigation whether or not the Commission has authorized the use of subpoenas in the particular matter to compel the production of evidence.

[63 FR 5233, Feb. 2, 1998]

§ 11.2 Authority to conduct investigations.

(a) The Director of the Division of Enforcement and members of the Commission staff acting pursuant to his authority and under his direction may conduct such investigations as he deems appropriate to determine whether any persons have violated, are violating, or are about to violate the provisions of the Commodity Exchange Act, as amended, or the rules, regulations or orders adopted by the Commission pursuant to that Act, or, in accordance with the provisions of section 12(f) of the Act, whether any persons have violated, are violating or are about to violate the laws, rules or regulations relating to futures or options matters administered or enforced by a foreign futures authority, or whether an applicant for registration or designation meets the requisite statutory criteria. For this purpose, the Director may obtain evidence through voluntary statements and submissions, through exercise of inspection powers over boards of trade, reporting traders, and persons required by law to register with the Commission, or when authorized by order of the Commission, through the issuance of subpoenas. The Director shall report to the Commission the results of his investigations and recommend to the Commission such enforcement action as he deems appropriate. In particular matters the Director of the Division of Clearing and Intermediary Oversight and the Chief Economist and Director of the Division of Market Oversight, and members of their staffs acting within the scope of their respective responsibilities, are also authorized to investigate, report and recommend to the Commission in accordance with these rules.

(b) The Commission hereby delegates, until the Commission orders otherwise, to its Regional Directors
and to the Director, the Deputy Directors, the Program Coordinator, the Chief Counsel, the Associate Directors, and the Regional Counsel of the Division of Enforcement the authority to grant to any employee of the Division of Enforcement all or a portion of the authority which the Commission, by order, has authorized specified employees of the Commission to perform in connection with a Commission investigation conducted by the Division of Enforcement. With the approval of the Executive Director, the Director of the Division of Enforcement may also grant such authority to any Commission employee under the direction of the Executive Director.

(Secs. 2a(11) and 6(b) of the Act, 7 U.S.C. 4a(j) and 15 (1976), as amended by the Futures Trading Act of 1978, Pub. L. 95-405, sec. 13, 92 Stat. 871 (1978))

§ 11.4 Subpoenas.

(a) Issuance of subpoenas. The Commission or any member of the Commission or of its staff who, by order of the Commission, has been authorized to issue subpoenas in the course of a particular investigation may issue a subpoena directing the person named therein to appear before a designated person at a specified time and place to testify or to produce documentary evidence, or both, relating to any matter under investigation.

(b) Authorization to issue subpoenas. An order of the Commission authorizing one or more members of the Commission or of its staff to issue subpoenas in the course of a particular investigation shall include:

(1) A general description of the scope of the investigation;
(2) The authority under which the investigation is being conducted; and
(3) A designation of the members of the Commission or of its staff authorized by the Commission to issue subpoenas.

(c) Service. Service of subpoenas issued for investigative purposes shall be effected in the following manner:

(1) Service upon a natural person. Delivery of a copy of a subpoena to a natural person may be effected by

(i) Handing it to the person;
(ii) Leaving it at his office with the person in charge thereof or, if there is no one in charge, by leaving it in a conspicuous place therein;
(iii) Leaving it at his dwelling place or usual place of abode with some person of suitable age and discretion then residing therein;
(iv) Mailing it by registered or certified mail to him at his last known address; or
(v) Any other method whereby actual notice is given to him.

(2) Service upon other persons. When the person to be served is not a natural person, delivery of a copy of the subpoena may be effected by (i) handing it to a registered agent for service, or to any officer, director, or agent in charge of any office of such person; (ii) mailing it by registered or certified mail to any such representative at his last known address; or (iii) any other method whereby actual notice is given to any such representative.
(d) **Witness fees and mileage.** Witnesses appearing pursuant to subpoena shall be paid the same fees and mileage that are paid to witnesses in the courts of the United States.

(e) Pursuant to the authority granted under Sections 2(a)(11) and 8a(5) of the Act, the Commission hereby delegates to the Director of the Division of Enforcement, with the concurrence of the General Counsel or General Counsel’s delegate, and until such time as the Commission orders otherwise, the authority to invoke, in case of contumacy by, or refusal to obey a subpoena issued to, any person, the aid of any court of the United States within the jurisdiction in which the investigation or proceeding is conducted, or where such person resides or transacts business, in requiring the attendance and testimony of witnesses and the production of books, papers, correspondence, memoranda and other records pursuant to subpoenas issued in accordance with section 6(c) of the Act for the purpose of securing effective enforcement of the provisions of this Act, for the purpose of any investigation or proceeding under this Act, and for the purpose of any action taken under section 12(f) of the Act.

(f) Notwithstanding the delegation of authority to the Director set forth in paragraph (e) of this section, in any case in which the Director believes it appropriate the matter may be submitted to the Commission for its consideration. Nothing in this section shall prohibit the Commission from exercising the authority delegated in paragraph (e) of this section.

[41 FR 29799, July 19, 1976, as amended at 67 FR 37322, May 29, 2002]

§ 11.5 **Transcripts.**

Transcripts of testimony taken in the course of an investigative proceeding shall be recorded solely by an official reporter or other person or by other means authorized by the Commission or by a member of the Commission or its staff conducting the investigation for the Commission.

§ 11.6 **Oath; false statements.**

(a) **Oath.** At the discretion of the member of the Commission or staff member conducting the investigation, testimony of a witness may be taken under oath.

(b) **Penalties for false statements and other false information.** Any person making false statements under oath during the course of a Commission investigation is subject to the criminal penalties for perjury in 18 U.S.C. 1621. Any person who knowingly and willfully makes false or fraudulent statements, whether under oath or otherwise, or who falsifies, conceals or covers up a material fact, or submits any false writing or document, knowing it to contain false, fictitious or fraudulent information, is subject to the criminal penalties set forth in 18 U.S.C. 1001.

§ 11.7 **Rights of witnesses.**

(a) **Orders authorizing issuance of subpoenas.** Any person upon whom a subpoena has been served compelling him to furnish documentary evidence or testimony in an investigation shall, upon his request, be permitted to examine a copy of the Commission’s order pursuant to which the subpoena has been issued. However, a copy of the order shall not be furnished for his retention except with the express approval of either the Director, a Deputy Director, the Program Coordinator, the Chief Counsel, an Associate Director, or a Regional Counsel of the Division of Enforcement, or a Regional Director of the Commission; approval shall not be given unless it has been shown by the person seeking to retain a copy that his retention of a copy would be consistent both with the protection of privacy of persons involved in the investigation and with the unimpeded conduct of the investigation.

(b) **Copies of testimony or data.** A person compelled to submit data or evidence in the course of an investigatory proceeding shall be entitled to retain or, upon payment of appropriate fees as set forth in the Schedule of Fees for records services, 17 CFR part 145b, procure a copy or transcript thereof, except that the witness may for good cause be limited to inspection of the official transcript of his testimony.

(c) **Right to counsel.** A person compelled to appear, or who appears in person by request or permission of the
Commodity Futures Trading Commission

§ 11.8

Commission or its staff during an investigation, may be accompanied, represented, and advised by counsel. Subject to the provisions of §11.8(b) of this part, he may be represented by any attorney-at-law who is admitted to practice before the highest court in any State or territory or the District of Columbia, who has not been suspended or disbarred from appearance and practice before the Commission in accordance with the provisions of part 14 of this title, and who has not been excluded from further participation in the particular investigatory proceeding for good cause established in accordance with paragraph (c)(2) of this section.

(1) The right to be accompanied, represented and advised by counsel shall mean the right of a person testifying to have an attorney present with him during any aspect of an investigative proceeding and to have this attorney advise his client before, during and after the conclusion of such examination. At the conclusion of the examination, counsel may request the person presiding to permit the witness to clarify any of his answers which may need clarification in order that his answers not be left equivocal or incomplete on the record. For his use in protecting the interests of his client with respect to that examination counsel may make summary notes during the examination.

(2) With due regard for the rights of a witness, the Commission may for good cause exclude a particular attorney from further participation in any investigation in which the Commission has found the attorney to have engaged in dilatory, obstructionist or contumacious conduct. The person conducting an investigation may report to the Commission instances of apparently dilatory, obstructionist or contumacious conduct on the part of an attorney. After due notice to the attorney, the Commission may take such action as the circumstances warrant based upon a written transcript evidencing the conduct of the attorney in that investigation or such other or additional written or oral presentation as the Commission may permit or direct.

(d) Self-Incrimination; immunity—(1) Self-Incrimination. Except as provided in paragraph (d)(2) of this section, a witness testifying or otherwise giving information in an investigation may refuse to answer questions on the basis of the right against self-incrimination granted by the Fifth Amendment of the Constitution of the United States.

(2) Immunity. If the Commission believes that the testimony or other information sought to be obtained from any individual may be necessary to the public interest and that individual has refused or is likely to refuse to testify or provide other information on the basis of his privilege against self-incrimination, the Commission, with the approval of the Attorney General, may issue an order requiring the individual to give testimony or provide other information which he previously refused to give on the basis of self-incrimination. Whenever a witness refuses, on the basis of his privilege against self-incrimination, to testify or provide other information in an investigation under this part, and the person presiding over the investigation communicates to the witness an order issued by the Commission requiring the witness to give testimony or provide other information, the witness may not refuse to comply with the order on the basis of his privilege against self-incrimination; but no testimony or other information compelled under the order (or any information directly or indirectly derived from such testimony or other information) may be used against the witness in any criminal case, except a prosecution for perjury, giving a false statement, or otherwise failing to comply with the order.

§ 11.8 Sequestration.

(a) Sequestration of witnesses. All witnesses and potential witnesses shall be sequestered and prohibited from being present during the examination of any
other witness unless otherwise permitted in the discretion of the person conducting the investigation.

(b) Sequestration of counsel. When a reasonable basis exists to believe that an investigation may be obstructed or impeded, directly or indirectly, by an attorney’s representation of more than one witness during the course of an investigation, the member of the Commission or of the Commission’s staff conducting the investigation may prohibit that attorney from being present during the testimony of any witness other than the witness in whose behalf counsel first appeared in the investigatory proceeding. To the extent practicable, consistent with the integrity of the investigation, the attorney will be advised of the reasons for his having been sequestered.

APPENDIX A TO PART 11—INFORMAL PROCEDURE RELATING TO THE RECOMMENDATION OF ENFORCEMENT PROCEEDINGS

The Division of Enforcement (“Division”), in its discretion, may inform persons who may be named in a proposed enforcement proceeding of the nature of the allegations pertaining to them. The Division, in its discretion, may advise such persons that they may submit a written statement prior to the consideration by the Commission of any staff recommendation for the commencement of such proceeding. Unless otherwise provided for by either the Director, a Deputy Director, the Program Coordinator, the Chief Counsel, an Associate Director, or a Regional Counsel of the Division, or a Regional Director of the Commission, such written statements shall be submitted within 14 days after persons are informed by the Division of Enforcement of the nature of the proposed allegations pertaining to them and shall be no more than 20 pages, double spaced on 8½ by 11 inch paper, setting forth their views of factual, legal or policy matters relevant to the commencement of an enforcement proceeding. Any statement of fact included in the submission must be sworn to by a person with personal knowledge of such fact. Statements shall be forwarded to the Director, Division of Enforcement, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581, with copies to the staff conducting the investigation, shall clearly identify the specific investigation, and, if desired, may request that the statement be forwarded to the Commission. Similarly, persons who become involved in an investigation, and submit a written statement on their initiative, should follow the relevant procedures described herein. In the event the Division recommends the commencement of an enforcement proceeding to the Commission, any written statement will be forwarded to the Commission if so requested. The Commission may, in its discretion, consider all, any portion or none of the submission when it considers the staff recommendation to commence an enforcement proceeding.

PART 12—RULES RELATING TO REPARATIONS

Subpart A—General Information and Preliminary Consideration of Pleadings

Sec.
12.1 Scope and applicability of rules of practice relating to reparations.
12.2 Definitions.
12.3 Business address; hours.
12.4 Suspension, amendment, revocation and waiver of rules.
12.5 Computation of time.
12.6 Extensions of time; adjournments; postponements.
12.7 Ex parte communications in reparation proceedings.
12.8 Separation of functions.
12.9 Practice before the Commission.
12.10 Service.
12.11 Formalities of filing of documents with the Proceedings Clerk.
12.12 Signature.
12.13 Complaint; election of procedure.
12.14 Withdrawal of complaint.
12.15 Notification of complaint.
12.16 Response to complaint.
12.17 Satisfaction of complaint.
12.18 Answer; election of procedure.
12.19 Counterclaim.
12.20 Response to counterclaim; reply; election of procedure.
12.21 Voluntary dismissal.
12.22 Default proceedings.
12.23 Setting aside of default.
12.24 Parallel proceedings.
12.25 Filing fees.
12.26 Commencement of a reparation proceeding.
12.27 Termination of consideration of pleadings.

Subpart B—Discovery

12.30 Methods of discovery.
12.31 Production of documents and tangible items.
12.32 Depositions on written interrogatories.
12.33 Admissions.
§ 12.1 Scope and applicability of rules of practice relating to reparations.

(a) Part 12 Reparation Rules. These rules of practice are applicable to reparation applications filed pursuant to section 14 of the Commodity Exchange Act, as amended, 7 U.S.C. section 18. The rules in this part shall be construed liberally so as to secure the just, speedy and inexpensive determination of the issues presented with full protection for the rights of all parties.

(b) Other rules of practice. Unless specifically made applicable, other Rules of Practice promulgated under the Commodity Exchange Act, as amended, shall not apply to reparation matters.

(c) Applicability of these part 12 Reparation Rules. These rules shall apply in their entirety to all reparation complaints and matters relating thereto.

§ 12.2 Definitions.

For purposes of this part:

Act means the Commodity Exchange Act, as amended, 7 U.S.C. 1, et seq.; Administrative Law Judge means an administrative law judge appointed pursuant to the provisions of 5 U.S.C. 3105;

Commission means the Commodity Futures Trading Commission;

Commission decisional employee means an employee or employees of the Commission who are or may reasonably be
expected to be involved in the decision-making process in any proceeding, including, but not limited to: A Judgment Officer; members of the personal staffs of the Commissioners, but not the Commissioners themselves; members of the staffs of the Administrative Law Judges, but not an Administrative Law Judge; members of the staffs of the Judgment Officers; members of the Office of the General Counsel; members of the staff of the Office of Proceedings; and other Commission employees who may be assigned to hear or to participate in the decision of a particular matter.

Complainant means a person who, individually or jointly with others, has applied to the Commission for a reparation award pursuant to section 14(a) of the Act, but shall not include a cross claimant or any other type of third party claimant. The term “complainant” under these rules applies equally to two or more persons who have applied jointly for a reparation award;

Complaint means any document which constitutes an application for a reparation award pursuant to section 14(a) of the Act, regardless of whether it is denominated as such;

Counterclaim means an application for a reparation award by a respondent against a complainant which satisfies the requirements of §12.19. A counterclaim does not mean a cross claim or other type of third party claim;

Director of the Office of Proceedings means an employee of the Commission who serves as the administrative head of that Office, with responsibility and authority to assure that these part 12 Reparation Rules are administered in a manner which will effectuate the purposes of section 14(b) of the Act. The Director is authorized to convene meetings of all personnel in the Office of Proceedings, including Administrative Law Judges and their personally assigned law clerks. The Director shall have the authority to delegate his duties to administer §§12.15, 12.24, 12.26 and 12.27, and, shall have the authority to assign and, if necessary, reassign the duties of, and set reasonable standards for performance for, all personnel in the Office, including the Judgment Officers, but not including Administrative Law Judges and their personally assigned law clerks;

Ex parte communication means an oral or written communication not on the public record with respect to which reasonable prior notice to all parties is not given, but does not include:

(1) A discussion, after consent has been obtained from all of the named parties, between a party and a Judgment Officer or Administrative Law Judge, or the staffs of the foregoing, pertaining solely to the possibility of settling the case without the need for a decision;

(2) Requests for status reports, including questions relating to service of the complaint, and the registration status of any persons, on any matter or proceeding covered by these rules; or

(3) Requests made to the Office of Proceedings or the Office of the General Counsel for interpretation of these rules.

Formal decisional procedure means, where the amount of total damages claimed exceeds $30,000, exclusive of interest and costs, a procedure elected by the complainant or a respondent where the parties may be granted an oral hearing. A formal decisional proceeding is governed by subpart E;

Hearing means that part of a proceeding which involves the submission of proof, either by oral presentation or written submission;

Interested person means any party, and includes any person or agency permitted limited participation or to state views in a reparation proceeding, or other person who might be adversely affected or aggrieved by the outcome of a proceeding (including the officers, agents, employees, associates, affiliates, attorneys, accountants or other representatives of such persons), and any other person having a direct or indirect pecuniary or other interest in the outcome of a proceeding;

Judgment Officer means an employee of the Commission who is authorized to conduct all reparations proceedings. In appropriate circumstances, the functions of a Judgment Officer may be performed by an Administrative Law Judge;

Office of the General Counsel refers to the members of the Commission’s staff.
who provide assistance to the Commission in its direct review of any proceeding conducted pursuant to these rules;

Office of Proceedings means that Office within the Commission comprised of the Administrative Law Judges, Judgment Officers, the Director of that Office, the Proceedings Clerk, and members of the staffs of the foregoing, which administers these part 12 Reparation Rules, other than the rules authorizing direct review by the Commission;

Order means the whole or any part of a final procedural or substantive disposition of a reparation proceeding by the Commission, an Administrative Law Judge, a Judgment Officer, or the Proceedings Clerk;

Party means a complainant, respondent or any other person or agency named or admitted as a party in a reparation matter;

Person means any individual, association, partnership, corporation or trust;

Pleading means the complaint, the answer to the complaint, any supplement or amendment thereto, and any reply to the foregoing;

Proceeding means a case in which the pleadings have been forwarded and in which a procedure has been commenced pursuant to §12.26;

Proceedings Clerk means that member of the Commission’s staff in the Office of Proceedings who shall maintain the Commission’s reparation docket, assign reparation cases to an appropriate decisionmaking official, and act as custodian of the records of proceedings;

Punitive damages means damages awarded (no more than two times the amount of actual damages) in the case of any action arising from a willful and intentional violation in the execution of an order on the floor of a contract market. An order does not have to be actually executed to render a violation subject to punitive damages. As a prerequisite to an award of punitive damages, a complainant must claim actual and punitive damages, prove actual damages, and demonstrate that punitive damages are appropriate;

Registrant means any person who—

(1) Was registered under the Act at the time of the alleged violation;

(2) Is subject to reparation proceedings by virtue of section 4m of the Commodity Exchange Act, regardless of whether such person was ever registered under the Act; or

(3) Is otherwise subject to reparation proceedings under the Act;

Reparation award means the amount of monetary damages a party may be ordered to pay;

Respondent means any person or persons against whom a complainant seeks a reparation award pursuant to section 14(a) of the Act;

Summary decisional procedure means, where the amount of total damages claimed does not exceed $30,000, exclusive of interest and costs, a procedure elected by the complainant or the respondent wherein an oral hearing need not be held and proof in support of each party’s case may be supplied in the form and manner prescribed by §12.208. A summary decisional proceeding is governed by subpart D;

Voluntary decisional procedure means, regardless of the amount of damages claimed, a procedure which the complainant and the respondent have chosen voluntarily to submit their claims and counterclaims, allowable under these rules, for an expeditious resolution by a Judgment Officer. By electing the voluntary decisional procedure, parties agree that a decision issued by a Judgment Officer shall be without accompanying findings of fact and shall be final without right of Commission review or judicial review. A voluntary decisional proceeding is governed by subpart C of these rules.

§ 12.3 Business address; hours.

The Office of Proceedings is located at Three Lafayette Centre, 1155 21st Street NW., Washington, DC 20581. Faxes must be sent to (202) 418-5532, and emails must be sent to PROC_filings@cftc.gov. The office is open from 8:15 a.m. to 4:45 p.m., Eastern Time, Monday through Friday except on federal holidays.

§ 12.3 Business address; hours.

The Office of Proceedings is located at Three Lafayette Centre, 1155 21st Street NW., Washington, DC 20581. Faxes must be sent to (202) 418-5532, and emails must be sent to PROC_filings@cftc.gov. The office is open from 8:15 a.m. to 4:45 p.m., Eastern Time, Monday through Friday except on federal holidays.

[78 FR 12936, Feb. 26, 2013]
§ 12.4 Suspension, amendment, revocation and waiver of rules.

(a) Suspension or change of rules. These rules may, from time to time, be suspended, amended or revoked in whole or in part. Notice of such action will be published in the Federal Register.

(b) Commission waiver of procedures. In the interest of expediting decision or to prevent undue hardship on any party or for other good cause the Commission may order the adoption or expedited procedures, may waive any rule in this part in a particular case, and may order proceedings in accordance with its direction upon a determination that no party will be prejudiced thereby, and that the ends of justice will be served. Reasonable notice shall be given to all parties of any action taken pursuant to this provision.

§ 12.5 Computation of time.

(a) In general. In computing any period of time prescribed by these rules or allowed by the Commission, the Director of the Office of Proceedings, a Judgment Officer, or an Administrative Law Judge, the day of the act, event, or default from which the designated period of time begins to run is not to be included. The last day of the period so computed is to be included unless it is a Saturday, a Sunday, or a legal holiday, in which event the period runs until the next day which is not a Saturday, a Sunday or a legal holiday.

Intermediate Saturday, Sundays, and legal holidays shall be excluded from the computation only when the period of time prescribed or allowed is less than seven (7) days.

(b) Date of service of orders. In computing any period of time involving the date of service of an order, the date of service shall be the date the order is served by the Proceedings Clerk, which, unless otherwise indicated, shall be the date stamped on the order by the Proceedings Clerk.

§ 12.6 Extensions of time; adjournments; postponements.

(a) In general. Except as otherwise provided by law or by these rules, for good cause shown, the Commission, or a Judgment Officer, Administrative Law Judge, or the Director of the Office of Proceedings, before whom a matter is then pending, on their own motion or the motion of a party, may at any time extend or shorten the time limit prescribed by the rules for filing any document. In any instance in which a time limit is not prescribed for an action to be taken concerning any matter, the Commission or one of the other officials mentioned above may set a time limit for that action.

(b) Motions for extension of time. Absent extraordinary circumstances, in any instance in which a time limit that has been prescribed for an action to be taken concerning any matter exceeds seven days from the date of the order establishing the time limit, requests for extension of time shall be filed at least five (5) days prior to the expiration of the time limit and shall explain why an extension of time is necessary.

§ 12.7 Ex parte communications in reparation proceedings.

(a) Prohibitions against ex parte communications. (1) No interested person outside the Commission shall make or knowingly cause to be made to any Commissioner, Administrative Law Judge, or Commission decisional employee an ex parte communication relevant to the merits of a proceeding.

(2) No Commissioner, Administrative Law Judge, or Commission decisional employee shall make or knowingly cause to be made to any interested person outside the Commission an ex parte communication relevant to the merits of a proceeding.

(b) Procedures for handling ex parte communications. A Commissioner, Administrative Law Judge or Commission decisional employee who receives, or who makes or knowingly causes to be made, an ex parte communication prohibited by paragraph (a) of this section shall:

Commodity Futures Trading Commission

§ 12.9

(1) Place on the public record of the proceeding:
   (i) All such written communications;
   (ii) Memoranda stating the substance of all such oral communications; and
   (iii) All written responses, and memoranda stating the substance of all oral responses, to the materials described in paragraphs (b)(1) (i) and (ii) of this section; and
   (2) Promptly give written notice of such communication and responses thereto to all parties to the proceedings to which the communication or responses relate.

(c) Sanctions. (1) Upon receipt of an ex parte communication knowingly made or knowingly caused to be made by a party in violation of the prohibition contained in paragraph (a)(1) of this section, the Commission, Administrative Law Judge, or Judgment Officer may, to the extent consistent with the interests of justice and the policy of the Act, require the party to show cause why his claim or interest in the proceeding should not be dismissed, denied, disregarded, or otherwise adversely affected on account of such violation.
   (2) Any attorney or accountant who knowingly makes or knowingly causes to be made, or who knowingly solicits or knowingly causes the solicitation of, an ex parte communication which violates the prohibitions contained in paragraph (a) of this section may be deemed to have engaged in unprofessional conduct of the type proscribed by 17 CFR 14.8(c).
   (3) Any Commissioner, Administrative Law Judge, or Commission decisional employee who knowingly makes or knowingly causes to be made, or who knowingly solicits or knowingly causes the solicitation of, an ex parte communication which violates the prohibitions contained in paragraph (a) of this section may be deemed to have engaged in unprofessional conduct of the type proscribed by 5 CFR 2635.101(b).

§ 12.8 Separation of functions.

(a) A Judgment Officer, or Administrative Law Judge will not be responsible to or subject to the supervision or direction of any officer, employee, or agent of the Commission engaged in the performance of investigative or prosecutorial functions for the Commission.
   (b) No officer, employee, or agent of the Federal Government engaged in the performance of investigative or prosecutorial functions in connection with any proceeding shall, in that proceeding or a factually related proceeding, participate or advise in the decision of a Judgment Officer, or Administrative Law Judge, except as a witness in the proceeding, without the express written consent of the parties to the proceeding. This provision shall not apply to the Commissioners.

§ 12.9 Practice before the Commission.

(a) Practice—(1) By non-attorneys. An individual may appear pro se (on his own behalf); a general partner may represent the partnership; a bona fide officer of a corporation, trust or association may represent the corporation, trust or association.
   (2) By attorneys. An attorney-at-law who is admitted to practice before the highest Court in any State or territory, or of the District of Columbia, who has not been suspended or disbarred from appearance and practice before the Commission in accordance with provisions of part 14 of this chapter may represent parties as an attorney in proceedings before the Commission.
§ 12.10 17 CFR Ch. I (4–1–13 Edition)

(b) Debarment of counsel or representative during the course of a proceeding. (1) Whenever, while a proceeding is pending before him, a Judgment Officer or an Administrative Law Judge finds that a person acting as counsel or representative for any party to the proceeding is guilty of contemptuous conduct, such official may order that such person be precluded from further acting as counsel or representative in the proceeding. An immediate appeal to the Commission may be taken from any such order, pursuant to the provisions of § 12.309, but the proceeding shall not be delayed or suspended pending disposition of the appeal; Provided, That the official may suspend the proceedings for a reasonable time for the purpose of enabling the party to obtain other counsel or representative.

(2) Whenever the Judgment Officer or Administrative Law Judge has issued an order precluding a person from further acting as counsel or representative in a proceeding, such official, within a reasonable time thereafter, shall submit to the Commission a report of the facts and circumstances surrounding the issuance of the order and shall recommend what action the Commission should take respecting the appearance of such person as counsel or representative.

(c) Withdrawal of representation. Withdrawal from representation of a party shall be only by leave of the decision-making official (or the Commission) before whom the proceeding is then pending. Such leave to withdraw may be conditioned on the attorney’s (or representative’s) submission of an affidavit averring that the party represented has actual knowledge of the withdrawal, and such affidavit shall include the name and address of a successor counsel (or representative) or a statement that the represented party has determined to proceed pro se, in which case, the statement shall include the address where that party can thereafter be served.

§ 12.10 Service.

(a) General requirements—(1) When service is required; number of copies. When one party serves another with documents under these rules, a copy must be served on all other parties as well as filed with the Proceedings Clerk. Similarly, when a person files a document with the Office of Proceedings, the person must serve a copy of the document on all other parties. This rule does not apply to a complaint filed pursuant to § 12.13 of these rules, which shall only be filed with the Commission.

(2) How service is made. Service shall be made by:

(i) Personal service;

(ii) First-class or a more expeditious form of United States mail or an overnight or similar commercial delivery service;

(iii) Facsimile (“fax”); or

(iv) Electronic mail (“email”).

(3) Service by fax or email shall be permitted at the discretion of the Presiding Officer, with the parties’ consent. The consent of a party must specify the email address or fax number to be used. Signed documents that are served by email attachment must be in PDF or other non-alterable form.

(4) Service will be complete at the time of personal service; upon deposit in the mail or with an overnight or similar commercial delivery service of a properly addressed document for which all postage or delivery service fees have been paid; or upon transmission by fax or email. Service by email or by fax will not be effective if the party making service learns that the attempted service did not reach the person to be served.

(5) Where service is effected by mail or commercial delivery service (but not by fax or email), the time within which the person served may respond thereto shall be extended by five (5) days.

(6) Statement of service. A statement of service shall be made by filing with the Proceedings Clerk, simultaneously with the filing of the document, a statement signed by the party making service or by his attorney or representative that:

(i) Confirms that service has been made;

(ii) Identifies each person served;

(iii) Sets forth the date of service; and

(iv) Recites the manner of service.

(b) Service of orders and decisions. A copy of all notices, rulings, opinions,
§ 12.11 Formalities of filing of documents with the Proceedings Clerk.

(a) If a party files by personal delivery or mail, an original of all documents shall be filed with the Proceedings Clerk. If a party files a document by fax or email in accordance with §12.10(a)(2), they should not also send paper copies.

(b) First page. The first page of all documents filed with the Proceedings Clerk must include the Commission’s name, the docket number, the title of the proceeding, the subject of the document and the name of the person on whose behalf the document is being filed. In the complaint, the title of the proceeding shall include the names of all the complainants and respondents, but in documents subsequently filed it is sufficient to state the name of the first complainant and first respondent named in the complaint.

(c) Format. Documents must be legible and printed on normal white paper of eight and one half by eleven inches. Documents emailed in accordance with the requirements of §12.10(a)(2) must be in PDF or other non-alterable form. The typeface, margins, and spacing of all typed documents presented for filing should meet the following requirements: all text should be 12-point type or larger, except for text in footnotes which may be 10-point type; all documents should have at least one-inch margins on all sides; all text must be double-spaced, except for headings, text in footnotes, or block quotations, which may be single-spaced.

(d) Signature. (1) The original of all papers must be signed by the person filing the same or by his duly authorized agent or attorney.

(2) Effect. The signature on any document of any person acting either for himself or as attorney or agent for another constitutes certification by him that:

(i) He has read the document and knows the contents thereof;
(ii) If executed in any representative capacity, it was done with full power and authority to do so;
(iii) To the best of his knowledge, information, and belief, every statement contained in the document is true and not misleading; and
(iv) The document has been filed in good faith and has not been filed to cause delay.

(e) Length and form of briefs. All briefs filed containing more than 15 pages shall include an index and a table of cases and other authorities cited. No brief shall exceed 25 pages in length without prior permission of the Presiding Officer.

(f) All documents which are required to be served upon a party shall be filed concurrently with the Proceedings Clerk. A document shall be filed by delivering it in person or by first-class mail or a more expeditious form of United States mail or by overnight or similar commercial delivery service to Proceedings Clerk, Office of Proceedings, Three Lafayette Centre, 1155 21st Street NW., Washington, DC 20581; or faxing the document to (202) 418-5532; or emailing it to PROC_Filings@cftc.gov in accordance with the conditions set forth in paragraph (a)(2) of this section.
§ 12.12

(g) To be timely filed under this part, a document must be delivered in person; mailed by first-class or a more expeditious form of United States mail or by an overnight or similar commercial delivery service; or faxed or emailed to the Proceedings Clerk within the time prescribed for filing.

[78 FR 12936, Feb. 26, 2013]

§ 12.12 Signature.

(a) By whom. All documents filed with the Commission shall be signed personally:

(1) By the person or persons on whose behalf they are tendered for filing;

(2) By a general partner, officer or director of a partnership, corporation, association, or other legal entity; or

(3) By an attorney-at-law having authority with respect thereto.

The Proceedings Clerk may require appropriate evidence of the authority of a person subscribing a document on behalf of another person.

(b) Effect. The signature on any document of any person acting either for himself or as attorney or agent for another constitutes certification by him that:

(1) He has read the document subscribed and knows the contents thereof;

(2) If executed in any representative capacity, it was done with full power and authority to do so;

(3) To the best of his knowledge, information, and belief, every statement contained in the document is true and not misleading; and

(4) The document is not being interposed for delay.

§ 12.13 Complaint; election of procedure.

(a) In general. Any person complaining of a violation of any provision of the Act or a rule, regulation or order of the Commission thereunder by any person who is a registrant (as defined in §12.2) may, at any time within two years after the cause of action accrues, apply to the Commission for a reparation award by filing a written complaint which satisfies the requirements of this rule.

(b) Form of complaint. The form of each complaint filed under paragraph (a) of this section shall meet the following requirements:

(1) Content. Each complaint shall include:

(i) The name, residence address, and telephone number (during business hours) of the complainant;

(ii) The name, address, and telephone number, if known, of each person alleged in the complaint to have violated the Act or any rule, regulation or order thereunder;

(iii) If known, the specific provisions of the Act, rule, regulation, or order claimed to have been violated;

(iv) A complete description of complainant’s case, including, but not limited to:

(A) A description of all relevant facts concerning each and every act or omission which it is claimed constitutes a violation of the Act; and

(B) A description of all facts which show or tend to show the manner in which it is claimed that the complainant was injured by the alleged violations;

(v) The amount of damages the complainant claims to have suffered and the method by which those damages have been computed, the amount of punitive damages (no more than two times the amount of such actual damages) the complainant claims, if any, and how complainant plans to demonstrate that punitive damages are appropriate;

(vi) A statement indicating whether an arbitration proceeding or civil court litigation, based on the same set of facts set forth and involving any party named as a respondent in the complaint, has been instituted, and whether such a proceeding has reached a final disposition or is presently pending;

(vii) A statement indicating whether any of the respondents is the subject of receivership or bankruptcy proceedings that are presently pending;

(viii) An election of a decisional procedure pursuant to subpart C, D, or E. (A procedure pursuant to subpart C may be elected only if the total amount of damages claimed, exclusive of interest and costs, does not exceed $30,000. A procedure pursuant to subpart E may be elected only if the total amount claimed as damages, exclusive
395

Commodity Futures Trading Commission

§ 12.14

of interest and costs, exceeds $30,000); and

(ix) A filing fee in the amount prescribed by §12.25 of these rules shall be submitted with the complaint at the time of its filing.

(2) Subscription and verification of the complaint. Each complaint shall be signed personally by an individual complainant or by a duly authorized officer or agent of a complainant who is not a natural person. His signature shall be given under oath or affirmation under penalty of law attesting either that he knows the facts set forth in the complaint to be true, or that he believes the facts set forth to be true, in which event the information upon which he formed that belief shall be set forth with particularity.

(3) Time and place of filing of complaint. A complaint shall be filed by delivering a copy thereof, in proper form, to the Commission at its principal offices in Washington, DC, addressed to the Office of Proceedings, attention of the Proceedings Clerk. The complaint may be filed in person, during normal business hours, or by certified mail, or registered mail with return receipt requested. If filing is by mail, it shall be addressed to the Proceedings Clerk, Office of Proceedings, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581. The complaint shall not be served on any person or party named therein. Upon the filing of the complaint and the appropriate filing fee, the Proceedings Clerk shall assign a docket number to the matter and shall maintain the official docket.

(4) Bond required if complainant is nonresident; filing date of nonresident's complaint. (i) If a complaint in reparations is filed by a nonresident of the United States, the complaint shall not be considered duly filed in proper form unless it is accompanied by:

(A) A bond in double the amount of the claim either with a surety company approved by the Treasury Department of the United States or two personal sureties, each of whom shall be a citizen of the United States and shall qualify as financially responsible for the entire amount of the bond, which bond shall run to the respondent and be conditioned upon the payment of costs (including reasonable attorney’s fees, for the respondent if the respondent shall prevail) and any reparation award that may be issued by the Commission against the complainant on any counterclaim asserted by respondent; or

(B) A written request that the bond requirement be waived in accordance with section 14(c) of the Commodity Exchange Act, accompanied by sufficient proof that the country of which the complainant is a resident permits the filing of a complaint by a resident of the United States against a citizen of that country without the furnishing of a bond.

(ii) The provisions of paragraphs (b)(4)(i)(A) or (b)(4)(i)(B) of this section must be satisfied within two years after the complainant’s cause of action accrues.

(iii) When mailed from a foreign country, a nonresident’s complaint shall be deemed filed on the date that it is received in proper form by the Commission’s Proceedings Clerk, not on the date of mailing from the country of origin.

§ 12.14 Withdrawal of complaint.

At any time prior to service of notification to the complainant pursuant to §12.15(a) of the Director of the Office of Proceedings’ determination to forward the complaint to a registrant, complainant may file a written notice of withdrawal of the complaint which shall terminate the Commission’s consideration of the complaint without prejudice to complainant’s right to refile a reparations complaint based upon the same set of facts within two years after the cause of action accrues. If the complainant has previously filed a notice of withdrawal of a complaint based upon the same set of facts, the notice of withdrawal of complaint shall terminate the case with prejudice to complainant’s rights to re-file a complaint in reparations based on the same set of facts, but such termination shall be regarded by the Commission as without prejudice to complainant’s right to seek redress in such alternative forums.
§ 12.15 Notification of complaint.

(a) Forwarding of complaint to registrant. If, in the opinion of the Director of the Office of Proceedings, the facts set forth in a complaint warrant such action as to any of the registrants, a copy of the complaint, together with any attachments thereto, shall be forwarded by serving by registered mail or certified mail any such registrant named therein at an address previously designated with the Commission by the registrant for receipt of reparation complaints, as provided in Commission Regulation 17 CFR 3.30, or, if no such designation has been filed with the Commission, at such address as will accomplish actual notice to the respondent. Should the Director determine to forward the complaint, the complainant shall be notified of this determination at the time the complaint is forwarded.

(b) Determination not to forward complaint. The Director may, in his discretion, refuse to forward a complaint as to a particular respondent if it appears that the matters alleged therein are not cognizable in reparations, or that grounds exist pursuant to §12.24 (c) or (d) for refusing to forward the complaint. If the Director of the Office of Proceedings should determine not to forward the complaint to all registrants named in the complaint in accordance with this Section, no proceeding shall be held thereon and the complainant shall be notified to that effect. If the Director determines to forward the complaint as to less than all of the registrants, the complainant shall be so notified. A termination of the complaint as to any registrant shall be regarded by the Commission as without prejudice to the right of the complainant to seek such alternative forms of relief as may be available.

§ 12.16 Response to complaint.

Within 25 days after the complaint has been served by the Office of Proceedings on the registrant, or within such additional time (not to exceed 10 days absent extraordinary circumstances) as the Director of the Office of Proceedings, or his/her delegate may grant, for good cause shown, each registrant shall either—

(a) Satisfy the complaint in accordance with §12.17 of these rules; or
(b) Answer the complaint in the manner prescribed by §12.18 of these rules.

§ 12.17 Satisfaction of complaint.

A respondent may satisfy the complaint (a) by paying to the complainant either the amount to which the complainant claims to be entitled as set forth in the complaint or such other amount as the complainant will accept in satisfaction of his claim; and (b) by submitting to the Commission notice of satisfaction and withdrawal of the complaint, duly executed by the complainant and the respondent.

§ 12.18 Answer; election of procedure.

An answer filed pursuant to §12.16 of these rules shall meet the following requirements:

(a) Content. Each answer shall contain:

(1) The full name, current address and telephone number (during business hours) of each respondent on whose behalf the answer is filed;
(2) A complete description of each registrant’s case, including but not limited to, a precise and detailed statement of the facts which constitute each registrant’s ground for defense;
(3) Admissions, if any, as to the registrant’s liability for the amount (or any portion thereof) claimed as damages;
(4) A statement indicating whether the registrant is (and if the answer is filed on behalf of two or more registrants, which if any of them are) in receivership or subject to bankruptcy proceedings;
(5) A statement indicating whether an arbitration or civil court litigation, based on the same set of facts set forth in the complaint (involving any or all of the parties named therein), is pending;
(6) A counterclaim which the registrant wishes to pursue under §12.19 of these rules;
(7) An election of an alternative decisional procedure pursuant to subparts C, D, or E of these rules. (A proceeding pursuant to subpart D may be
Commodity Futures Trading Commission

§ 12.20

Response to counterclaim; reply; election of procedure.

(a) Response to counterclaim. If an answer asserts a counterclaim, the complainant shall, within thirty (30) days after service upon him of the answer by the respondent: (1) Satisfy the counterclaim as if it were a complaint, in the manner prescribed by §12.17 of these rules; or (2) file a reply to the counterclaim with the Commission.

(b) Form and content of reply. Should the complainant, under this paragraph, elect to file a reply to a counterclaim, the reply shall be strictly confined to the matters alleged in the counterclaim and shall conform to the form and content and other requirements set forth in §12.18 of these rules.

(c) Election of decisional procedure. If neither the complainant nor the respondent, in the complaint or answer respectively, has previously made an election of the summary decisional
§ 12.21 Voluntary dismissal.

(a) At any time after the Director of the Office of Proceedings has served notification to the parties pursuant to §12.15 of these rules of his determination to forward the complaint to the respondent for a response, either the complainant or the respondent may obtain dismissal of the complaint (or the proceeding, if one has commenced) by filing a stipulation of dismissal, duly executed by all of the complainants and each respondent against whom the complaint has been forwarded (or added as a party in the course of a proceeding); Provided however, That if the stipulation is filed after any respondent has filed an answer, the terms of the stipulation shall include a dismissal of any counterclaims in the answer.

(b) A dismissal of a complaint pursuant to this paragraph shall be with prejudice to complainant's right to refile a claim in reparations based upon the same set of facts as alleged in the dismissed complaint. Unless otherwise stated in the stipulation, a dismissal ordered pursuant to this paragraph shall be regarded by the Commission as without prejudice to the parties' right to seek redress in such alternative forums as may be available for adjudication of their claims.

(c) Upon receiving a written stipulation of dismissal which satisfies the requirements of this rule, the official before whom the matter or proceeding is pending shall issue an order of dismissal, and serve a copy thereof upon each of the parties.

(d) This rule shall be applicable at all stages of a reparation proceeding.

§ 12.22 Default proceedings.

(a) Institution of a default proceeding. Failure timely to respond to a complaint or a counterclaim, as required by §§12.16 and 12.20 of these rules, or, if applicable, to pay a filing fee required by §12.25(b) or (c), shall be treated as an admission of the allegations of the complaint or counterclaim by the nonresponding party, shall constitute a waiver by such party of any decisional procedure afforded by these Rules on the facts set forth in the complaint or counterclaim, and shall result in the institution of a default proceeding.

(b) Default procedure. Upon a party's failure to respond timely to a complaint or counterclaim as prescribed in §§12.16 and 12.20 of these rules, or timely to comply with §12.25(b) or (c), the Director of the Office of Proceedings shall forward the pleadings, and other materials then of record, to a Judge or Administrative Law Judge who may thereafter enter findings and conclusions concerning the questions of violations and damages and, if warranted, enter a reparation award against the nonresponding party. If the facts which are treated as admitted are considered insufficient to support a violation or the amount of reparations sought, the Judge or Administrative Law Judge may order production of supplementary evidence from the party not in default and may enter a default order and an award based thereon.

(c) Finality. A default order issued pursuant to this rule, or pursuant to any other provisions of these part 12 Reparation Rules, shall become the final decision and order of the Commissioner thirty (30) days after service thereof, unless the order is set aside pursuant to §12.23(a) of these rules, or unless the Commission takes review of such order on its own motion on or before the thirtieth day.

§ 12.23 Setting aside of default.

(a) Default order not final. In order to prevent injustice or for good cause shown, and on such conditions as may be appropriate, a non-final default order (including any award therein) may be set aside by the official who issued the order.

1) Procedure for setting aside non-final default order. Any party or person who is the subject of a default order issued pursuant to these rules may, at any time before the order becomes final pursuant to §12.22(c), file and serve a motion to set aside the default, which shall set forth reasons why the act or omission for which the party was defaulted was not willful, why there is a
reasonable likelihood of success for the party’s claim or defense if heard on the merits, and why no prejudice will be sustained by other parties if the default is set aside. A motion to set aside a default order filed pursuant to this paragraph (a)(1) shall be decided, in the first instance, by the official who issued the default order.

(2) Review. A denial of a motion to set aside a non-final default order by the official who issued the order shall be treated as an initial decision, which may be appealed to the Commission in accordance with the requirements of §12.401 of these rules. A grant of a motion to set aside a non-final default order may be appealed only in accordance with the requirements of §12.309 of these rules.

(b) Default order final. A default order that has become final pursuant to §12.22(c) shall not be set aside except upon a motion filed and served by the defaulted party showing that he should be relieved from the default order because of fraud perpetrated on a decisionmaking official or the Commission, mistake, excusable neglect, or because the order is void for want of jurisdiction. Such a motion shall also show that, if the default order were set aside, there would be a reasonable likelihood of success for his claim or defense if heard on the merits and that no party would be prejudiced thereby. Motions to set aside a final default order for fraud, mistake, or excusable neglect shall be filed within one year after the order was issued. All motions to set aside default orders shall be decided, in the first instance, by the official who issued the order. A denial of a motion to set aside a default order that has become final shall be treated as an initial decision, which may be appealed to the Commission in accordance with the requirements of §12.401 of these rules. A grant of a motion to set aside a final default order shall be treated as a non-final order which may be appealed only in accordance with the requirements of §12.309 of these rules.

§ 12.24 Parallel proceedings.

(a) Definition. For purposes of this section, a parallel proceeding shall include:

(1) An arbitration proceeding or civil court proceeding, involving one or more of the respondents as a party, which is pending at the time the reparation complaint is filed and involves claims or counterclaims that are based on the same set of facts which serve as a basis for all of the claims in the reparations complaint, and which either:

(i) Was commenced at the instance of the complainant in reparations; or

(ii) Involves counterclaims by the complainant in reparations alleging violations of the Commodity Exchange Act, or any regulation or order issued thereunder; or

(iii) Is governed by a compulsory counterclaim rule of federal court procedure which required the complainant in reparations to assert all of his claims (including those based on alleged violations of the Commodity Exchange Act, and any regulation or order issued thereunder) as counterclaims in that proceeding;

(2) The appointment by a court of a receivership over the assets, property or proceeds of a respondent named in a reparation complaint where the responsibility of the receivership includes the resolution of claims made by customers; or

(3) A petition filed under any chapter of the Bankruptcy Code, 11 U.S.C. 101 et seq., as amended, commenced pursuant to 11 U.S.C. 301 or 302 by a respondent in a reparation proceeding, or the issuance by a bankruptcy court of an order for relief after the filing against a respondent in a reparation proceeding of an involuntary petition in bankruptcy pursuant to 11 U.S.C. 303.

(b) Notice. At the time a complaint in reparations is filed pursuant to these rules, or at any time thereafter, any party, receiver or trustee, or counsel to any of the foregoing with knowledge of a parallel proceeding shall promptly notify the Commission, by first-class mail addressed to the Office of Proceedings, attention of the Proceedings Clerk, and serve notice on all other parties, including the receiver or trustee. The notice shall include the following information:

(1) The caption of the parallel proceeding:
§ 12.25 Filing fees.

(a) Fees payable upon filing a complaint. (1) A complainant who, in the complaint, has elected the voluntary decisional procedure shall, at the time of filing the complaint, pay a filing fee of $50.00;

(2) A proceeding in which an elected decisional procedure has been commenced shall be ordered dismissed, without prejudice, as to any respondent who becomes the subject of a parallel proceeding described in paragraph (a)(2) or (a)(3) of this section if notice pursuant to paragraph (b) of this section is received before the filing of an initial decision (or before a final decision is issued pursuant to §12.106) as to that respondent. The Proceedings Clerk shall notify all parties, including the receiver or trustee, of the order. The effective date of the order shall be fifteen (15) days from the date of service of the order by the Proceedings Clerk.

§ 12.25 Effect of pending arbitration or civil court litigation.

(1) The Director of the Office of Proceedings shall refuse to institute an elected decisional procedure concerning a reparation complaint filed under this part in which there is a parallel proceeding described in paragraph (a)(1) of this section and shall return the complaint to the complaining person. The effective date of the Director’s termination of the complaint without prejudice shall be fifteen (15) days from the date of service of notice of the action taken pursuant to this paragraph.

(2) If notice of a parallel proceeding described in paragraph (a)(1) of this section is received before the initial decision is filed (or before a final decision under §12.106 of the rules is entered), a proceeding in which a decisional procedure has been commenced shall be dismissed, without prejudice. The effective date of the order of dismissal shall be fifteen (15) days from the date of service of the order by the Proceedings Clerk.

(d) Effect of receivership or bankruptcy proceedings. (1) The Director of the Office of Proceedings shall refuse to institute an elected decisional procedure as to a respondent in any reparation complaint filed pursuant to this part who is the subject of a parallel proceeding described in paragraph (a)(2) or (a)(3) of this section, and shall notify all parties, including the receiver or trustee, that as to that respondent a reparation proceeding shall not be instituted. The effective date of the Director’s action shall be fifteen (15) days from the date of service of the notice thereof.

(2) A proceeding in which an elected decisional procedure has been commenced shall be ordered dismissed, without prejudice, as to any respondent who becomes the subject of a parallel proceeding described in paragraph (a)(2) or (a)(3) of this section if notice pursuant to paragraph (b) of this section is received before the filing of an initial decision (or before a final decision is issued pursuant to §12.106) as to that respondent. The Proceedings Clerk shall notify all parties, including the receiver or trustee, of the order. The effective date of the order shall be fifteen (15) days from the date of service of the order by the Proceedings Clerk.

(e) Exceptions. At the time notice of a parallel proceeding is filed pursuant to paragraph (b) of this section, or any time thereafter, any party, or the receiver or trustee, may file and serve upon other parties a statement in support of or in opposition to any action taken or to be taken pursuant to paragraph (c) or (d) of this section. This statement shall be addressed to the Office of Proceedings, attention of the Proceedings Clerk. Upon receipt of any such statement, the Proceedings Clerk shall immediately forward the statement to the official with responsibility over the case. The notice and the statements filed by the parties shall be reviewed by that official who, on or before the effective date of action taken pursuant to paragraphs (c)(1), (c)(2), (d)(1), and (d)(2), of this section, may take such actions as, in his opinion, are necessary to ensure that the parties to the matter or proceedings are not unduly prejudiced.

(f) No right of appeal to the Commission. Any action taken, or order issued, pursuant to paragraphs (c)(1), (c)(2), (d)(1), or (d)(2), of this section that has become effective shall be deemed a final order which is not subject to appeal pursuant to subpart F of these rules.
Commodity Futures Trading Commission § 12.26

§ 12.26 Commencement of a reparation proceeding.

(a) Commencement of voluntary decisional proceeding. Where complainant and respondent in the complaint and answer have elected the voluntary decisional procedure pursuant to subpart C of these rules and the complainant has paid the filing fee required by §12.25 of these rules, the Director of the Office of Proceedings shall, if in his opinion the facts warrant taking such action, forward the pleadings and all materials of record to the Proceedings Clerk for a proceeding to be conducted in accordance with subpart C of these rules. The Proceedings Clerk shall forthwith notify the parties of such action. Such notification shall be accompanied by an order issued by the Proceedings Clerk requiring the parties to complete all discovery, as provided in subpart B of these rules, within 50 days thereafter. A voluntary decisional proceeding commences upon service of such notification and order. As soon as practicable after service of such notification, the Proceedings Clerk shall assign the case to a Judgment Officer for a final decision.

(b) Commencement of summary decisional proceeding. Where the amount claimed as damages, exclusive of interest and costs, in the complaint or in counterclaim does not exceed $30,000, and either a complainant or a respondent in the complaint, answer, or reply, has elected the summary decisional procedure pursuant to subpart D of these rules, and has paid the filing fee required by §12.25, the Director of the Office of Proceedings shall, if in his opinion the facts warrant taking such action, forward the pleadings and all materials of record to the Proceedings Clerk for a proceeding to be conducted in accordance with subpart D of these rules. The Proceedings Clerk shall forthwith notify the parties of such action. Such notification shall be accompanied by an order issued by the Proceedings Clerk requiring the parties to complete all discovery, as provided in subpart B of these rules, within 50 days thereafter. A summary decisional proceeding commences upon service of such notification. As soon as practicable after service of such notification, the Proceedings Clerk shall assign the case to a Judgment Officer for disposition.

(c) Commencement of formal decisional proceeding. Where the amount claimed as damages in the complaint or as counterclaims exceeds $30,000, exclusive of interest and costs, and either a complainant or a respondent in the complaint, answer or reply, has elected the summary decisional procedure pursuant to subpart D of these rules, or as counterclaims does not exceed $30,000) shall, at the time of filing the answer, pay a filing fee of $250.00.

(b) Fees payable upon filing an answer. (1) If a complainant, in the complaint, has elected the voluntary decisional procedure, a respondent who, in his answer, elects the summary decisional procedure (available only where the amount of damages claimed in the complaint or as counterclaims does not exceed $30,000) shall, at the time of filing the answer, pay a filing fee of $75.00.

(2) If a complainant, in the complaint, has elected the voluntary decisional procedure, a respondent who, in his answer, elects the formal decisional procedure (available only where the amount of damages claimed in the complaint or as counterclaims exceeds $30,000) shall, at the time of filing the answer, pay a filing fee of $200.00.

(c) Fees payable upon filing a reply. In any case in which a counterclaim has been made, unless a complainant in the complaint, or the respondent in an answer, has elected the summary decisional procedure or the formal decisional procedure a complainant, who in his reply elects either of these procedures, shall, at the time of filing the reply, pay a filing fee of $75.00 or $200.00, respectively, depending whether the procedure elected by complainant is pursuant to subparts D or E.

§ 12.27 Termination of consideration of pleadings.

If the Director of the Office of Proceedings should determine not to proceed in a manner set forth in §12.26 (a), (b), or (c), consideration of the complaint and the answer (and reply, if any) shall terminate, and no proceeding shall be held on the allegations in any such pleadings. Such termination shall be regarded by the Commission as without prejudice to the right of the parties to seek such alternative forms of relief as may be available to them. If the consideration of the pleadings should be terminated, the Proceedings Clerk shall immediately notify the parties to that effect by registered or certified mail. A determination by the Director not to proceed in the manner set forth in §12.26 (a), (b), or (c) of these rules is not subject to appeal pursuant to subpart F of these rules.

§ 12.30 Methods of discovery.

(a) In general. Parties may obtain discovery by the following methods in accordance with the procedures and limitations set forth in the section indicated:

1. Production of documents or other items (§12.31);
2. Deposition on written interrogatories (§12.32);
3. Admissions (§12.33).

(b) Scope of discovery. The scope of discovery is as follows:

1. Relevancy. Except as provided below, discovery may be obtained regarding any matter not privileged, which is relevant to the subject matter in the pending proceeding, including the existence, description, nature, custody, condition and location of any books, documents, or other tangible items, and the identity and location of persons having knowledge of any discoverable matters. Tax returns and personal bank account records shall not be discoverable, except upon motion by the party seeking discovery showing the need for disclosure of information contained therein, and that the same information could not be obtained through other means.

2. Protective orders. Upon motion by a party or the person from whom discovery is sought, filed within twenty days after the objectionable discovery notice or request is served, and for good cause shown, the official presiding over discovery may issue any order to protect a party or person from annoyance, embarrassment, oppression, or undue burden or expense, or to prevent the raising of issues untimely or inappropriate to the proceeding, or the inappropriate disclosure of trade secrets or confidential commercial information. Relief through a protective order may include one or more of the following:

(i) That discovery not be had;
(ii) That discovery may be had only on specified terms and conditions;
(iii) That certain matters not be inquired into, or that the scope of the discovery be limited to certain matters;
(iv) That a trade secret or other confidential commercial information not
be disclosed or be disclosed only in a designated way; and

(v) That the parties simultaneously file specified documents or information in sealed envelopes to be opened only as directed by the decisionmaking official.

(3) **Motions for order compelling discovery.** It shall be the duty of a party to obtain an order compelling discovery from another party if the latter party fails to comply with a discovery notice, by filing a motion therefor within twenty days after the time allowed by these rules for compliance with the notice has expired.

(c) **Sanctions for abuse of discovery.** If an Administrative Law Judge or a Judgement Officer finds that any party, without substantial justification, has necessitated the filing of a motion for a protective order or for an order compelling discovery, or any other discovery-related motions, that party shall, if the motion is granted, be ordered to pay, at the termination of the proceeding, the reasonable expenses of the moving party incurred in filing the motion, unless the decisionmaking official finds that circumstances exist which would make an award of such expenses unjust. If a decisionmaking official finds that any party, without substantial justification, has filed a motion for a protective order or for an order compelling discovery, or any discovery-related motions, that party shall, if the motion is denied, be ordered to pay, at the termination of the proceeding, the reasonable expenses of an adverse party incurred in opposing the motion, unless the decisionmaker finds that circumstances exist which would make an award of such expenses unjust.

(d) **Time limit.** Absent an extension of time, all discovery notices or requests shall be served within (30) days (and all discovery shall be completed within (50) days) after the notification and the order required by §12.26 (a), (b), or (c) has been served on the parties. Upon motion by a party and for good cause shown, the time allowed for discovery may be enlarged for one additional period not to exceed thirty (30) days.

§ 12.31 **Production of documents and tangible items.**

(a) **By a party.** Any party, within the time prescribed in §12.30(d) and subject to the limitations in §12.30(a), may serve on any other party, a notice to produce copies of specifically designated categories of documents, papers, books, accounts, letters, photographs, objects, or tangible things which are in the party's possession, custody or control. A copy of the notice shall be served on all other parties to the proceeding. All documents requested in the notice to produce shall be served on the party seeking the discovery within twenty (20) days after service of the notice to produce.

(b) **By a non-party.** Any party may, by filing an appropriate motion showing the need for the materials and an application for a subpoena in accordance with the procedure prescribed in §12.313 and within the time prescribed by §12.30(d) of these rules, seek leave to serve upon a non-party a notice to produce such materials. All materials requested in the notice to produce, and, if applicable, a detailed explanation of why any of the specified materials cannot be produced, shall be served on the party seeking discovery within such time (not to exceed thirty (30) days) as the subpoena shall specify. Enforcement of the order and subpoena may be sought in accordance with §12.313.

§ 12.32 **Depositions on written interrogatories.**

(a) **Notice.** Any party, within the time prescribed by §12.30(d), may serve on any other party or any officer or agent of a party a notice of the taking of a deposition on written interrogatories.

(b) **Number.** The number of written interrogatories served upon any one party shall not exceed thirty. For the purpose of this rule, each sub-interrogatory or divisible part of an interrogatory shall be regarded as one interrogatory. Leave to serve additional interrogatories shall not be granted absent extraordinary circumstances.

(c) Reply. (1) Each interrogatory served shall be answered by the party served or if the party is a corporation, partnership, association, or government agency, by any officer or agent thereof selected by the responding party.

(2) Each interrogatory shall be answered separately and fully in writing, unless objected to, in which event the reasons for objection shall be stated in lieu of an answer. For the purposes of this rule, an evasive or incomplete answer shall be treated as a failure to answer. The answers are to be signed and verified by the person making them. The person upon whom a notice to take a deposition on written interrogatories has been served shall serve a copy of the answers and objections within twenty (20) days after service of the interrogatories.

(d) Deposition of a non-party. The deposition on written interrogatories of a non-party may be taken only within the time prescribed by §12.30(d), and only pursuant to an order entered and subpoena issued in accordance with the provisions of §12.313 of these rules; provided however, that the deposition on written interrogatories of a Commission member or employee may only be taken upon a showing that the Commission member or employee has personal knowledge of the matters sought to be discovered (i.e., not obtained pursuant to a Commission investigation), that the information sought to be discovered is material and that the information sought to be discovered is not available from other sources.

(e) Filing of depositions on written interrogatories in a voluntary or summary decisional proceeding. In proceedings commenced pursuant to §12.26 (a) and (b) of these rules, copies of all depositions on written interrogatories shall be filed by the party on whose behalf the discovery was obtained.

§ 12.33 Admissions.

(a) Request for admissions. Any party may, within the time permitted by §12.30(d) of these rules, serve upon any other party a written request for admissions of the truth of any matters set forth in the request that relate to statements or opinions of fact or of the application of law to fact, including the genuineness of any document described in the request. Copies of documents shall be served with the request unless they have been or are otherwise furnished or made available for inspection and copying. A copy of the request shall be filed with the Proceedings Clerk.

(b) Reply. Each matter of which an admission is requested shall be separately set forth. The matter is admitted unless within twenty (20) days after service of the request, the party upon whom the request is directed files and serves upon the party requesting the admission a verified written answer or objection to the matter. If objection is made, the reasons thereof shall be stated. The answer shall specifically deny the matter or set forth in detail the reasons why the answering party cannot truthfully admit or deny the matter. A denial shall fairly meet the substance of the requested admission and when good faith requires that a party qualify his answer and deny only a part of the matter of which an admission is requested, he shall specify so much of it as is true and qualify or deny the remainder. An answering party may not give a lack of information or knowledge as a reason for failure to admit or deny unless he states that he has made reasonable inquiry and that the information known or reasonably available to him is insufficient to enable him to admit or deny. A party who considers that a matter of which an admission has been requested presents a genuine issue for trial may not, on that ground alone, object to the request; he may deny the matter or set forth reasons why he cannot admit or deny it.

(c) Determining sufficiency of answers or objections. The party who has requested the admissions may move to determine the sufficiency of the answers or objections. Unless the objection party sustains his burden of showing that the objection is justified, the official presiding over discovery shall order that an answer be served. If such official determines that an answer does not comply with the requirements of this rule, he may order either that the matter is admitted or that an amended answer be served.
Commodity Futures Trading Commission

§ 12.34 Discovery by a decisionmaking official.

(a) Applicability. The provisions of this rule shall apply to all decisional proceedings commenced pursuant to §12.26. For the purposes of this rule, the term “decisionmaking official” shall mean a Judgment Officer or Administrative Law Judge assigned to render a decision in the proceeding.

(b) Production of documents and tangible things—(1) Order for production. A decisionmaking official may, upon his own motion, order a party or non-party to produce copies of specifically designated documents, papers, books, accounts, or tangible things (or categories of any of the foregoing) which are in the possession, custody or control of the party, non-party or agent thereof, against whom the order is directed. Except as provided in paragraph (b)(2) of this section, a party or non-party ordered to produce documents or any of the above items under this rule shall file and serve the documents and items listed in the order within twenty (20) days from the date of service of the order, or within such period of time as the decisionmaking official may direct. The decisionmaking official may issue subpoenas to compel the production by parties or non-parties of such documents and tangible things as are described in this section.

(2) Trade secrets, commercially sensitive or confidential information. If any party or person against whom an order to produce has been directed acting in good faith has reason to believe that any documents or other tangible thing ordered to be produced contains a trade secret, or commercially sensitive or other confidential information, the party or person may, in lieu of serving any such document, in accordance with paragraph (b)(1) of this section, file and serve a written request for confidential treatment of such documents. Any such request for confidential treatment shall be accompanied by a verified statement identifying with particularity the information on those documents considered to be trade secrets, commercially sensitive or confidential information, with reasons therefor, and indicating which portions, if any, of those documents may be served on other parties without disclosure of such information. Upon considering a request for confidential treatment in accordance with this subsection, the decisionmaking official may, if he finds that the information identified in the request warrants confidential treatment and is not probative of any material fact in controversy, make copies of the documents produced, delete such information from the copies, and serve the copies as modified upon the other parties, with or without an appropriate protective order limiting dissemination to the parties and their counsel, if any.

(3) Inability to produce. Any party or person who cannot produce documents or other tangible things called for in an order for production, because those documents or things are not in his possession, custody or control, shall file and serve within the time provided in paragraph (b)(1) of this section a verified statement identifying the documents which cannot be produced and setting forth with particularity the reasons for non-production.

(c) Order for written testimony. The decisionmaking official may, upon his own motion, order a party or non-party witness to submit verified statements or written responses to interrogatories, or both, as to all relevant matters within the party’s personal knowledge which are required in response to the order. A party or person ordered to file affidavits and/or verified written responses to interrogatories shall file and serve the documents within such period of time as the decisionmaking official may direct. The official may issue subpoenas to compel the filing by parties
or non-parties of such verified statements and written responses as are described in this subsection.

§ 12.35 Consequences of a party's failure to comply with a discovery order.

If a party fails to comply with an order compelling discovery, or an order issued pursuant to §12.34, the official assigned to render the decision in the case may, upon motion by a party or on his own motion, take such action in regard thereto as is just, including but not limited to the following:

(a) Infer that the documents or things not produced would have been adverse to the party;
(b) Rule that for the purposes of the proceeding the information in or contents of the documents or things not produced be taken as established adversely to the party;
(c) Rule that the party may not be heard to object to introduction and use of secondary evidence to show what the withheld documents or other evidence would have shown;
(d) Rule that a pleading, or part of a pleading, or a motion or other submission by the party, to which the order for production related, be stricken;
(e) Dismiss the entire proceeding with prejudice to matters alleged in the complaint, but without prejudice to counterclaims; and
(f) Issue a default order and render a decision against the party, whose rights shall thereafter be determined by §§12.22 and 12.23 of these rules.

§ 12.36 Subpoenas to compel discovery.

An application for a subpoena requiring a party or non-party to comply with a discovery order issued pursuant to §§12.31 and 12.32, may be made, in writing, by any party without notice to other parties, and may be filed simultaneously with the motion for the discovery order. The standards for issuance or denial of such an application, the service requirement, and the method for enforcing such subpoenas shall be determined by the provisions of §12.313 of these rules.

Subpart C—Rules Applicable to Voluntary Decisional Proceedings

§ 12.100 Scope and applicability of rules.

(a) In general. The rules set forth in this subpart are applicable only to proceedings forwarded pursuant to §12.26(a) of the Reparation Rules. The rules of subpart B permitting discovery are applicable in a voluntary decisional proceeding. Unless specifically made applicable, the rules prescribed in subparts D, E, and F shall not apply in a voluntary decisional proceeding.

(b) Waiver by electing the voluntary decisional procedure. By electing the voluntary decisional procedure, parties waive the opportunity for an oral hearing and whatever rights they may have otherwise had; to receive a written statement of the findings of fact upon which the final decision is based; to prejudgment interest in connection with a reparation award; to appeal to the Commission the final decision; and to appeal the final decision to a U.S. Court of Appeals pursuant to section 14(e) of the Commodity Exchange Act, 7 U.S.C. 18(e).

§ 12.101 Functions and responsibilities of the Judgment Officer.

The Judgment Officer shall be responsible for the fair and orderly conduct of the proceeding and shall have the authority:

(a) To rule upon discovery-related motions, and to take such action pursuant to §12.35 as is appropriate if a party fails to comply with a discovery order;
(b) To issue orders for the production of documents and tangible things and orders for written testimony, as provided in §12.34;
(c) To issue subpoenas pursuant to §§12.34 and 12.36;
(d) To issue orders of default for good cause shown against any party who fails to participate in the proceeding, or to comply with any provisions of these rules;
(e) To receive submissions of proof;
(f) Make the final decision in accordance with §12.106 of these rules; and
§ 12.106 Final decision and order.

(a) When a final decision is required. After all submissions of proof have been received, the Judgment Officer shall make the final decision. Upon its issuance, the final decision shall forthwith be filed with the Proceedings Clerk, and immediately served on the parties. The Proceedings Clerk shall also serve a notice, to accompany the final decision, of the effect of a failure by a party ordered to pay a reparation award to file the documents required by §12.407(c) of these rules.

(b) Content of final decision. The final decision shall contain:

(1) A briefly stated conclusion, not accompanied by findings of fact, as to whether the respondent violated any provision of the Act, Commission’s regulations or orders, resulting in damages to the complainant; and

(2) If one or more counterclaims have been permitted in the proceeding, a brief conclusion, not accompanied by findings of fact, as to whether the complainant is liable to the respondent for such counterclaims; and

(3) A determination of the amount of damages, if any, sustained by complainant or respondent in connection with reparation claims or counterclaims, and an order against a party found liable for damages directing that party to pay an award. An award in
favor of the complainant shall not exceed the amount of damages in the complaint (including any amendment thereto), and an award in favor of a respondent shall not exceed the amount of damages claimed in a counterclaim (including any amendment thereto).

A conclusion made pursuant to paragraph (b)(1) of this section shall not be deemed a finding of the Commission for the purposes of Section 8a of the Commodity Exchange Act.

(c) No assessment of prejudgment interest or costs; assessment of post-judgment interest. A party found liable for damages in a voluntary decisional proceeding shall not be assessed prejudgment interest, attorney’s fees, or costs (other than the filing fee and costs assessed as a sanction for abuse of discovery). Post-judgment interest shall be awarded at a rate determined in accordance with 28 U.S.C. 1961(a).

(d) Effect of final decision and order: No appeal. A party may not appeal to the Commission a final decision issued pursuant to subpart C of these rules. In accordance with the election and waivers described in §12.100(b), a final decision may not be appealed to a U.S. Court of Appeals pursuant to section 14(e) of the Commodity Exchange Act, but a final decision shall be recognized as a final order of the Commission for all other purposes including the judicial enforcement of an award made in connection with the final decision pursuant to section 14(d) of the Commodity Exchange Act.

(e) Effective date of final decision. A final decision and order shall become effective thirty (30) days after service, unless the Commission pursuant to §12.403 takes review of the decision on its own motion or before the thirty-first day. Any reparation award ordered in a final decision pursuant to this rule shall be satisfied in full within forty-five (45) days after service thereof, unless the Commission pursuant to §12.403(b) stays the duty of satisfaction. Any party who fails timely to satisfy such an award is subject to the automatic suspension provisions of §12.407(c).

(g) If an oral hearing is ordered, to preside at the hearing, which shall include the authority to receive relevant evidence, to administer oaths and affirmations, to examine witnesses, and to rule on offers of proof;

(h) To issue subpoenas in accordance with the provisions of §§ 12.34, 12.36 and 12.209 of these rules;

(i) To make the initial decision in accordance with §12.210 of these rules; and

(j) To issue such orders as are necessary and appropriate to effectuate the orderly conduct of the proceeding.

§ 12.202 Disqualification of Judgment Officer.

(a) At his own request. A Judgment Officer may withdraw from a summary decisional proceeding when he considers himself to be disqualified on the grounds of personal bias, conflict of interest, or similar bases. In such event, he shall immediately notify the Commission and each of the parties of his withdrawal and of his basis for such action.

(b) Upon the request of a party. Any party may request a Judgment Officer to disqualify himself on the grounds of personal bias, conflict of interest, or similar bases. Interlocutory review of an order denying such a request may be sought without certification of the matter by the Judgment Officer only in accordance with the procedures set forth in §12.309 of the Reparation Rules.

§ 12.203 Filing of documents; subscription; service.

Except as otherwise specifically provided in these rules, all documents filed in a summary decisional proceeding, including (but not limited to) amended or supplemental pleadings, motions, discovery notices and responses thereto, documents produced or filed pursuant to §12.34 of these rules, and submissions of proof, shall meet the requirements of §§12.11 and 12.12 of these rules as to form, and shall be filed and served in accordance with §12.10 of the Reparation Rules.

§ 12.204 Amended and supplemental pleadings.

(a) Amendments to pleadings. At any time before the parties have concluded their submission of proof, the Judgment Officer may allow amendments of the pleadings either upon written consent of the parties, or for good cause shown, provided however, that any pleading as amended shall not contain an allegation of damages in excess of $30,000. Any party may file a response to a motion to amend the pleadings within ten (10) days after the date of service upon him of the motion;

(b) Supplemental pleadings. At any time before the parties have concluded their submissions of proof, and upon such terms as are just, the Judgment Officer may, upon motion by a party, permit a party to serve a supplemental pleading setting forth transactions, occurrences or events which have happened since the date of the pleadings sought to be supplemented and which are relevant to any of the issues in the proceeding: Provided However, That any pleading as supplemented may not contain an allegation of damages in excess of $30,000. Any party may file a response to a motion to supplement the pleadings within ten (10) days after the date of service upon him of the motion.

(c) Pleadings to conform to the evidence. When issues not raised by the pleadings but reasonably within the scope of a summary decisional proceeding are tried with the express or implied consent of the parties, they shall be treated in all respects as if they had been raised in the pleadings.

§ 12.205 Motions.

(a) In general. Motions for relief not otherwise specifically provided for in subpart D of these rules, other than discovery-related motions and motions for extensions of time and similar procedural orders, shall not be allowed. Except as otherwise specifically provided in these rules, all motions permitted under these rules shall be directed to the Judgment Officer prior to the filing of the initial decision, and to
the Commission after the initial decision has been filed. Motions for extensions of time and similar procedural orders may be acted upon at any time, without awaiting a response thereto. Any party adversely affected by such action may request reconsideration, vacation or modification of such action.

(b) Answer to motions. Any party may serve and file a written response to a motion within ten (10) days after service of the motion upon him, or within such shorter period as is established by these rules, or as the Judgment Officer or the Commission may direct.

(c) Dismissal—(1) By the Judgment Officer. A Judgment Officer, acting upon his own motion, may
   (i) Dismiss the entire proceeding without prejudice to counterclaims, if he finds that the matters alleged in the complaint fail to state a claim cognizable in reparations; or
   (ii) Order dismissal of any claim, counterclaim, or party from the proceeding if he finds, after review of the record, that such claim or counterclaim (by itself or as applied to any party) is not cognizable in reparations.

(2) Motion for dismissal by a party. Any party who believes that grounds exist for dismissal of the entire complaint, or of any claim therein, or of any counterclaim or party from the proceeding, may file a motion for dismissal specifying the claims or parties to be dismissed and the reasons therefor. Upon consideration of the whole record, the Judgment Officer may grant or deny such motion, in whole or in part.

(3) Content and effect of order of dismissal. Any order of dismissal entered pursuant to this rule shall contain a brief statement of the findings and conclusions which serve as the basis for the order. An order of dismissal of the entire proceeding pursuant to this rule shall have the effect of an initial decision (see §12.213(d)), and may be appealed to the Commission in accordance with the requirements of §12.401 of these rules.

§ 12.206 Pre-decision conferences.

At any time after a summary decisional proceeding has been commenced pursuant to §12.26(b), the Judgment Officer may, in his discretion, conduct one or more pre-decision conferences to be held in Washington, DC or by telephone, with all parties, for the purposes of:

(a) Discussing the advisability of electing the voluntary decisional procedure;

(b) Encouraging settlement of the entire case, or any part thereof, (such discussions may be ex parte with the consent of all parties);

(c) Simplifying or clarifying issues;

(d) Obtaining stipulations, admissions of fact and of authenticity of documents;

(e) Discussing amendments or supplements to the pleadings;

(f) Encouraging an early settlement of disputes relating to discovery; and

(g) Discussing any matters of relevance in the proceeding.

At or following the conclusion of such a conference, the Judgment Officer may serve a pre-decision memorandum and order setting forth the agreements, if any, reached by the parties, any procedural determinations made by him, and the issues for resolution not disposed of by the admissions or agreements by the parties. Such order, when issued, shall control the subsequent course of the proceeding unless modified to prevent injustice.

§ 12.207 Summary disposition.

(a) Filing of motions, answers. Any party who believes that there is no genuine issue of material fact to be determined and that he is entitled to a decision as a matter of law concerning all issues of liability in the proceeding may file a motion for summary disposition at any time until the parties have concluded their submissions of proof. Any adverse party, within ten (10) days after service of the motion, may file and serve opposing papers or may countermove for summary disposition.

(b) Supporting papers. A motion for summary disposition shall include a statement of the material facts as to which the moving party contends there is no genuine issue, supported by briefs containing points and authorities in
support of the contention of the party making the motion. When a motion is made and supported as provided in this section, unless otherwise ordered by the Judgment Officer, an adverse party may not rest upon the mere allegations, but shall serve and file in response a statement setting forth those material facts as to which he contends a genuine issue exists, supported by affidavits and other verified material. He may also submit a brief of points and authorities.

(c) Summary disposition upon motion of the Judgment Officer. If the Judgment Officer believes that there may be no genuine issue of material fact to be determined and that one of the parties may be entitled to a decision as a matter of law, he may direct the parties to submit papers in support of and in opposition to summary disposition, substantially as provided in paragraphs (a) and (b) of this section.

(d) Ruling on summary disposition. The Judgment Officer may grant summary disposition if the undisputed pleaded facts, affidavits, other verified statements, admissions, stipulations, and matters of official notice show that (1) there is no genuine issue as to any material fact; (2) there is no necessity that further facts be developed in the record; and (3) a party is entitled to a decision in his favor as a matter of law.

(e) Review of ruling; appeal. An application for interlocutory review of an order denying a motion for summary disposition shall not be allowed. An order granting summary disposition as to all of the issues and all of the parties in the proceeding shall have the same effect as an initial decision (see §12.210(d)), and may be appealed to the Commission, in accordance with §12.401 of these rules.

§ 12.208 Submissions of proof.

(a) Documentary evidence. Each party may file and serve verified statements of fact and affidavits of non-party witnesses with personal knowledge of the facts which they aver to be true. Proof in support of the complaint and in support of the respondent's answer may be found in those verified documents, in affidavits of non-party witnesses, in other verified statements of fact, and in other documents and tangible exhibits.

(b) Oral testimony and examination. The Judgment Officer may order an oral hearing for the presentation of testimony and examination of the parties and their witnesses when appropriate and necessary for the resolution of factual issues, upon motion by either a party or the Judgment Officer. An oral hearing held under this section will be convened by conference telephone call as provided in §12.209(b), except that an in-person hearing may be held in Washington, DC, under the circumstances set forth in §12.209(c).

§ 12.209 Oral testimony.

(a) Generally. When the Judgment Officer determines that an oral hearing is necessary and appropriate, such oral hearing will be held either by telephone or in person in Washington, DC, as set forth below. The Judgment Officer, in his or her discretion with consideration for the convenience of the parties and their witnesses, will determine the time and date of such hearing. During an oral hearing, in his or her discretion, the Judgment Officer may regulate appropriately the course and sequence of testimony and examination of the parties and their witnesses and limit the issues.

(b) Telephonic hearings. When a Judgment Officer has determined to hold an oral hearing by telephone, an order to that effect will be issued at least 15 days prior to the hearing notifying the parties of the date and time of the hearing. The order will direct the parties to confirm, at least 48 hours in advance of the hearing, that the correct telephone numbers for the parties and their witnesses are on file with the Office of Proceedings, and warn that failure to provide correct telephone numbers may be deemed waiver of that party's right to participate in the hearing, to present evidence, or to cross-examine other witnesses. If a party is unavailable by telephone at the appointed time, any other party in attendance may present testimony, and the Judgment Officer also may impose any appropriate sanction listed in §12.30. All telephonic hearings will be recorded.
§ 12.210 Initial decision.

(a) In general. Proposed findings of fact and conclusions of law briefs shall not be allowed. As soon as practicable after all submissions of proof have been received, the Judgment Officer shall make the initial decision, which he shall forthwith file with the Proceedings Clerk. Upon filing of an initial decision, the Proceedings Clerk shall immediately serve upon the parties a copy of the initial decision and a notification of the effect of a party's failure to appeal the initial decision to the Commission, as provided in paragraphs (d) and (e) of this section, as well as the effect of a failure by a party who has been ordered to pay a reparation award timely to file the documents required by §12.407(c).

(b) Content of initial decision. In the initial decision in a summary decisional proceeding, the Judgment Officer shall:

1. Include a brief statement of his findings as to the facts, with references to those portions of the record which support his findings;

2. Make a determination whether or not the respondent has violated any provision of the Commodity Exchange Act, or rule, regulation or order thereunder;

3. Make a determination whether the complainant is liable to any respondent who has made a counterclaim in the proceeding;

4. Determine the amount of damages, if any, that the complainant has sustained as a result of respondent's violations, the amount of punitive damages, if any, for which respondent is liable to complainant, which shall not exceed $30,000, exclusive of interest and costs; and the amount, if any, for which complainant is liable to respondents based on counterclaims, which, in aggregate, shall not exceed $30,000, exclusive of interest and costs; and

5. Include an order directing either the respondent or the complainant, depending upon whose liability is greater, to pay an amount based on the difference in the amounts determined pursuant to paragraph (b)(4) of this section, on or before a date fixed in the order.

(c) Costs; prejudgment interest. The Judgment Officer may, in the initial decision, award costs (including the costs of instituting the proceeding), and if appropriate, reasonable attorneys'
(d) **Effect of initial decision.** The initial decision shall become the final decision and order of the Commission thirty (30) days after service thereof, except:

(1) The initial decision shall not become the final decision as to a party who shall have timely filed and perfected an appeal thereof to the Commission in accordance with §12.401 of these rules; and

(2) The initial decision shall not become final as to any party to the proceeding if, within thirty (30) days after service of the initial decision, the Commission itself shall have placed the case on its own docket for review or stayed the effective date of the initial decision.

(e) **Effect of failure to file and perfect an appeal to the Commission.** Unless the Commission takes review on its own motion, the timely filing and perfection of an appeal to the Commission of the initial decision is mandatory as a prerequisite to appellate judicial review of a final decision and order entered pursuant to these rules.

§ 12.304 Functions and responsibilities of the Administrative Law Judge.

Once he has been assigned the case, the Administrative Law Judge shall be responsible for the fair and orderly conduct of a formal decisional proceeding and shall have the authority:

(a) To issue such orders as are described in §12.34 of these rules;
§ 12.305 Disqualification of Administrative Law Judge.

(a) At his own request. An Administrative Law Judge may withdraw from a formal decisional proceeding when he considers himself to be disqualified on the grounds of personal bias, conflict of interest, or similar bases. In such event, he shall immediately notify the Commission and each of the parties of his withdrawal and of his basis for such action.

(b) Upon the request of a party. Any party may request an Administrative Law Judge to disqualify himself on the grounds of personal bias, conflict of interest, or similar bases. Interlocutory review of an order denying such a request may be sought without certification of the matter by an Administrative Law Judge, only in accordance with the procedures set forth in §12.309 of these rules.

§ 12.306 Filing of documents; subscription; service.

Except as otherwise specifically provided in these rules, all documents filed in a formal decisional proceeding including, but not limited to, amended or supplemental pleadings, motions, discovery notices or requests, and responses thereto, documents filed or produced pursuant to §12.34 of these rules, and submissions of proof, shall meet the requirements of §§12.11 and 12.12 of the rules as to form, and shall be filed and served in accordance with §12.10 of the Reparation Rules.

§ 12.307 Amended and supplemental pleadings.

(a) Amendments to pleadings. At any time before the parties have concluded their submissions of proof, the Administrative Law Judge may allow amendments of the pleadings either upon written consent of the parties or for good cause shown. Any party may file a response to a motion to amend the pleadings within ten (10) days after the date of service upon him of the motion.

(b) Supplemental pleadings. At any time before the parties have concluded their submissions of proof, and upon such terms as are just, an Administrative Law Judge may, upon motion by a party, permit a party to serve a supplemental pleading setting forth transactions, occurrences or events which have happened since the date of the pleadings sought to be supplemented and which are relevant to the issues in the proceeding. Any party may file a response to a motion to supplement the pleadings with ten (10) days after the date of service upon him of the motion.

(c) Pleadings to conform to the evidence. When issues not raised by the pleadings but reasonably within the scope of a formal decisional proceeding are tried with the express or implied consent of the parties, they shall be treated in all respects as if they had been raised in the pleadings.
§ 12.308 Motions.

(a) In general. An application for a form of relief not otherwise specifically provided for in this subpart E shall be made by a motion, which shall be in writing (unless made on the record during an oral hearing). The motion shall state the relief sought and the basis for the relief and may set forth the authority relied upon. All motions, unless otherwise provided in these rules, shall be directed to the Administrative Law Judge before the initial decision is filed, and to the Commission after the initial decision is filed.

(b) Answer to motions. Any party may serve and file a written response to a motion within ten (10) days after service of the motion upon him, or within such longer or shorter period as established by these rules, or as the Administrative Law Judge or the Commission may direct.

(c) Dismissal—(1) By the Administrative Law Judge. The Administrative Law Judge, acting on his own motion, may, at any time after he has been assigned the case:

(i) Dismiss the entire proceeding, without prejudice to counterclaims, if he finds that none of the matters alleged in the complaint state a claim that is cognizable in reparations; or

(ii) Order dismissal of any claim, counterclaim, or party from the proceeding if he finds that such claim or counterclaim (by itself, or as applied to a party) is not cognizable in reparations.

(2) Motion for dismissal by a party. Any party who believes that grounds exist for dismissal of the entire complaint, of any claim therein, of any counterclaim, or of a party from the proceeding, may file a motion for dismissal specifying the claims, counterclaims, or parties to be dismissed and the reasons therefor. Upon consideration of the whole record, the Administrative Law Judge may grant or deny such motion, in whole or in part.

(3) Content and effect of order of dismissal. Any order of dismissal entered pursuant to this rule shall contain a brief statement of the findings and conclusions which serve as the basis for the order. An order of dismissal of the entire proceeding pursuant to this rule shall have the effect of an initial decision which may be appealed to the Commission in accordance with the requirements set forth in §12.401 of these rules.

(d) Motions for procedural orders. Motions for procedural orders, including motions for extensions of time, may be acted on at any time, without awaiting a response thereto. Any party adversely affected by such action may request reconsideration, vacation or modification of such action.

(e) Dilatory motions. Repetitive or numerous motions dealing with the same subject matter shall not be permitted.

§ 12.309 Interlocutory review by the Commission.

Interlocutory review by the Commission of a ruling on a motion by an Administrative Law Judge may be sought only as prescribed in this rule:

(a) When interlocutory appeal may be taken. An interlocutory appeal may be permitted, in the discretion of the Commission, under the following circumstances:

(1) The appeal is from a ruling pursuant to §12.102, §12.202, or §12.305 refusing to grant a motion to disqualify a Judgment Officer or Administrative Law Judge;

(2) The appeal is from a ruling pursuant to §12.9 suspending an attorney from participation in a reparation proceeding;

(3) Upon a determination by the Administrative Law Judge certified to the Commission either in writing or on the record, that

(i) A ruling sought to be appealed involves a controlling question of law or policy;

(ii) An immediate appeal may materially advance the ultimate resolution of the issues in the proceeding; and

(iii) Subsequent reversal of the ruling would cause unnecessary delay or expense to the parties; or

(4) The appeal is from a ruling which satisfies the conditions of paragraphs (a)(3) (i)-(iii) of this section, despite the absence of certification, and extraordinary circumstances are shown to exist.

(b) Procedure to obtain interlocutory review. An application for interlocutory review may be served and filed within ten (10) days after service of a ruling
described in paragraphs (a)(1), (a)(2), and (a)(4) of this section or of notice that a determination has been made pursuant to paragraph (a)(3) of this section. The application for interlocutory review shall contain:

(1) A statement of the facts necessary to an understanding of the controlling questions determined by the Administrative Law Judge, and to an understanding of the extraordinary circumstances warranting interlocutory review by the Commission;

(2) A statement of the question or issue involved in the ruling upon which the application for review is based;

(3) A statement of the reasons why, in the opinion of the party requesting review, the ruling was erroneous and should be reversed or modified; and

(4) A copy of all papers filed by the parties that relate to the subject matter of the ruling at issue, including the order containing the ruling.

Within seven (7) days after service of the application for interlocutory review, any party may file a response in opposition to the application.

(c) Standard for review. In the absence of extraordinary circumstances, the Commission will not review a ruling of an Administrative Law Judge prior to the Commission’s consideration of the proceeding pursuant to subpart F of these rules. A Commission denial of an application for interlocutory review shall be without prejudice to the applying party’s right to raise any argument made in the application as an issue in an appeal taken pursuant to subpart F of these rules.

(d) Proceedings not stayed. The filing of an application for interlocutory review and a grant of review shall not stay proceedings before an Administrative Law Judge (or a Judgment Officer, if applicable) unless that official or the Commission shall so order. The Commission will not consider a motion for a stay unless the motion shall have first been made to the Administrative Law Judge (or, if applicable, the Judgment Officer) and denied.

(e) Interlocutory review by the Commission on its own motion. Nothing in this rule should be construed as restricting the Commission from acting on its own motion to review an interlocutory basis any ruling of an Administrative Law Judge. Proceedings Officer or a Judgment Officer in any proceeding commenced pursuant to §12.26 of these rules.

§ 12.310 Summary disposition.

(a) Filing of motions, answers. Any party who believes that there is no genuine issue of material fact to be determined and that he is entitled to a decision as a matter of law concerning all issues of liability in the proceeding may file a motion for summary disposition at any time before a determination is made by the Administrative Law Judge to order an oral hearing in the proceeding. Any adverse party, within ten (10) days after service of the motion, may file and serve opposing papers or may countermove for summary disposition.

(b) Supporting papers. A motion for summary disposition shall include a statement of all material facts as to which the moving party contends that there is no genuine issue, supported by the pleadings, and by affidavits, other verified statements, admissions, stipulations, and interrogatories. The motion may also be supported by briefs containing points and authorities in support of the contention of the party making the motion. When a motion is made and supported as provided in this section, unless otherwise ordered by the Administrative Law Judge, an adverse party may not rest upon the mere allegations, but shall serve and file in response a statement setting forth those material facts as to which he contends a genuine issue exists, supported by affidavits and other verified material. He may also submit a brief of points and authorities.

(c) Oral argument. Oral argument may be heard at the discretion of the Administrative Law Judge and shall be heard in Washington, DC, or by telephonic conference call. Such argument shall be recorded, and written transcripts shall be made in the event that a grant or denial of summary disposition is reviewed by the Commission.

(d) Summary disposition upon motion of the Administrative Law Judge. If the Administrative Law Judge believes that there may be no genuine issue of material fact to be determined and that one
of the parties may be entitled to a decision as a matter of law, he may direct the parties to submit papers in support of and in opposition to summary disposition, and may hear oral argument, substantially as provided in paragraphs (a), (b) and (c) of this section.

(e) Ruling on summary disposition. The Administrative Law Judge shall grant summary disposition if the undisputed pleaded facts, affidavits, other verified statements, admissions, stipulations, and matters of official notice, show that (1) there is no genuine issue as to any material fact; (2) there is no necessity that further facts be developed in the record; and (3) a party is entitled to a decision as a matter of law.

(f) Review of ruling; appeal. An application for interlocutory review of an order denying a motion for summary disposition shall not be allowed. Interlocutory review of an order granting summary disposition which imposes of less than all of the issues in the proceeding may be sought only in accordance with §12.309 of these rules. An order granting summary disposition which is dispositive of all issues, and as to all parties, in the proceeding may be appealed to the Commission in accordance with the requirements set forth in §12.401 of these rules.

§ 12.311 Disposition of proceeding or issues without oral hearing.

If the Administrative Law Judge determines that the documentary proof and other tangible forms of proof submitted by the parties are sufficient to permit resolution of some or all of the factual issues in the proceeding without the need for oral testimony, he may order that all proof relating to such issues be submitted in documentary and tangible form, and dispose of such issues without an oral hearing. In such an event, proof in support of the complaint, answer, and reply, may be found in those verified documents, in depositions on written interrogatories, in admissible documents obtained through discovery, in other verified statements of fact, documents and tangible evidence.

§ 12.312 Oral hearing.

(a) Notification; prehearing order. If and when the proceeding has reached the stage of an oral hearing, the Administrative Law Judge, giving due regard for the convenience of the parties, shall set a time for hearing, as well as a location prescribed by paragraph (b) of this section, and shall file with the Proceedings Clerk, for immediate service upon the parties:

(1) An order requiring the parties to file and serve, within fifteen days after service of the order, a prehearing memorandum setting forth briefly:

(i) A statement of all issues to be tried at the hearing;

(ii) An identification of each witness expected to be called by that party;

(iii) A summary of the testimony each witness is expected to provide; and

(2) A notice stating the time and location of the hearing.

Prior to the hearing, the Administrative Law Judge may issue an order based on the contents of the parties’ memoranda filed pursuant to paragraph (a)(1) of this section, which, unless modified to prevent injustice, shall control the scope of matters to be tried at the oral hearing. If any change in the time or place of the hearing becomes necessary, it shall be made by the Administrative Law Judge, who, in such event, shall file with the Proceedings Clerk a notice of the change. Such notice shall be served upon the parties, unless it is made during the course of an oral hearing and made a part of the transcript. Hearings shall proceed expeditiously and, absent extraordinary circumstances, shall be held in one location and shall continue, without suspension, until concluded.

(b) Location of hearing. Unless the Director of the Office of Proceedings for reasons of administrative economy or practical necessity determines otherwise, and except as provided in this subparagraph, the location of an oral hearing shall be in one of the following cities: Albuquerque, N.M.; Atlanta, Ga.; Boston, Mass.; Chicago, Ill.; Cincinnati, Ohio; Columbia, S.C.; Denver, Colo.; Houston, Tex.; Kansas City, Mo.; Los Angeles, Cal.; Minneapolis, Minn.; New Orleans, La.; New York, N.Y.; Oklahoma City, Okla.; Phoenix, Ariz.; San Diego, Cal.; San Francisco, Cal.; Seattle, Wash.; St. Petersburg, Fla.;
§ 12.312  17 CFR Ch. I (4–1–13 Edition)

and Washington, DC. The Administrative Law Judge may, in any case where a party avers, in an affidavit, that none of the foregoing cities is located within 300 miles of his principal residence, waive this paragraph and, upon giving due regard for the convenience of all of the parties, order that the hearing be held in a more convenient locale.

(1) Who may appear. The parties may appear in person, by counsel, or by other representatives of their choosing, subject to the provisions of §12.9 of these rules concerning practice before the Commission.

(2) Effect of failure to appear. If any party to the proceeding fails to appear at the hearing, or at any part thereof, he shall to that extent be deemed to have waived the opportunity for an oral hearing in the proceeding. The Administrative Law Judge, for just cause, may take such action as is appropriate pursuant to §12.35 of these rules against a party who fails to appear at the hearing. In the event that a party appears at the hearing and no party appears for the opposing side, the party who is present may present his evidence, in whole or in part, in the form of affidavits or by oral testimony, before the Administrative Law Judge.

(c) Public hearings. All oral hearings shall be public except that upon application of a party or affected witness the Administrative Law Judge may direct that specific documents or testimony be received and retained non-publicly in order to prevent unwarranted disclosure of trade secrets or sensitive commercial or financial information or an unwarranted invasion of personal privacy.

(d) Conduct of the hearing. Subject to paragraph (e) of this section, and except as otherwise provided, at an oral hearing every party shall be entitled to:

(1) Conduct direct and cross-examination of parties and witnesses. All witnesses at a hearing for the purpose of taking evidence shall testify under oath or affirmation, which shall be administered by the Administrative Law Judge. Unless otherwise ordered by the Administrative Law Judge, parties shall be entitled to present oral direct testimony and other documentary proof, and to conduct direct examine-
the record and shall be the sole official transcript. Copies of transcripts, except those portions granted non-public treatment, shall be available from the reporter at rates not to exceed the maximum rates fixed by the contract between the Commission and the reporter. As soon as practicable after the close of the hearing, the reporter shall transmit to the Proceedings Clerk the transcript of the testimony and the exhibits introduced in evidence at the hearing, except such portions of the transcript and exhibits as shall have already been delivered to the Administrative Law Judge.

(g) Proposed findings of fact and conclusions law; briefs. An Administrative Law Judge, upon his own motion or upon motion of a party, may permit the filing of post-hearing proposed findings of fact and conclusions of law. Absent an order permitting such findings and conclusions, none shall be allowed. Unless otherwise ordered by the Administrative Law Judge and for good cause shown, the proposed findings and conclusions (including briefs in support thereof), shall not exceed twenty-five (25) pages and shall be filed not later than forty-five (45) days after the close of the oral hearing.

§ 12.313 Subpoenas for attendance at an oral hearing.

(a) In general—(1) Application for issuance of subpoenas. An application for a subpoena requiring a party or other person to appear and testify at an oral hearing (subpoena ad testificandum) or to appear and testify and to produce specified documentary or tangible evidence at the hearing (subpoena duces tecum), shall (unless made orally at a hearing) be filed in writing and in duplicate, but need not be served upon other parties. The application shall be accompanied by the original and one copy of the subpoena.

(2) Standards for issuance or denial of subpoenas. The Administrative Law Judge considering any application for a subpoena shall issue the subpoena if he is satisfied the application complies with this rule and the request is not unreasonable, oppressive, excessive in scope or unduly burdensome. In the event the Administrative Law Judge determines that a requested subpoena or any of its terms is unreasonable, oppressive, excessive in scope, or unduly burdensome, he may refuse to issue the subpoena, or may issue it only upon such conditions as he determines fairness requires.

(b) Special requirements relating to application for an issuance of subpoenas for the appearance of commission employees—(1) Form. An application for the issuance of a subpoena shall be made in the form of a written motion served upon all other parties, if the subpoena would require the appearance of a Commissioner or an official or employee of the Commission.

(2) Content. The motion shall specifically describe the material to be produced, the information to be disclosed, or the testimony to be elicited from the witness, and shall show

(i) The relevance of the material, information, or testimony to the matters at issue in the proceeding;

(ii) The reasonableness of the scope of the proposed subpoena; and

(iii) That such material, information, or testimony is not available from other sources.

(3) Rules. The motion shall be decided by the Administrative Law Judge and his order shall provide such terms and conditions for the production of the material, the disclosure of the information, or the appearance of the witnesses as may appear necessary and appropriate for the protection of the public interest.

(c) Service of subpoenas—(1) How effected. Service of a subpoena upon a party shall be made in accordance with §12.10 of these rules. Service of a subpoena upon any other person shall be made by delivering a copy of the subpoena to him as provided in paragraph (c) (2) or (3) of this section, and by tendering to him the fees for one day’s attendance and the mileage as specified in paragraph (e) of this section. When the subpoena is issued at the instance of any officer or agency of the United States, fees and mileage need not be tendered at the time of service.

(2) Service upon a natural person. Delivery of a copy of a subpoena and tender of fees and mileage to a natural person may be effected by (i) handing
them to the person; (ii) leaving them at his office with the person in charge thereof or, if there is no one in charge, by leaving the subpoena in a conspicuous place therein; (iii) leaving them at his dwelling place or usual place of abode with some person of suitable age and discretion then residing therein; (iv) mailing them by registered or certified mail to him at his last known address; or (v) any other method whereby actual notice is given to him and the fees and mileage are timely made available.

(3) Service upon other persons. When the person to be served is not a natural person, delivery of a copy of the subpoena and tender of the fees and mileage may be effected by

(i) Handing them to a registered agent for service, or to any officer, director, or agent in charge of any office of such person;

(ii) Mailing them by registered or certified mail to any such representative at his last known address; or

(iii) Any other method whereby actual notice is given to any such representative and the fees and mileage are timely made available.

(d) Motion to quash subpoena. At or any time before the time specified in the subpoena for compliance therewith, a person upon whom a subpoena has been served may file a motion to quash or modify the subpoena with the Administrative Law Judge who issued the subpoena, and serve a copy of the motion on the party who requested the subpoena. Such motion shall include a brief statement of the reasons therefor. After due notice to the person upon whose request the subpoena was issued, and an opportunity for that person to respond, the Administrative Law Judge may (1) quash or modify the subpoena, or (2) condition denial of the application to quash or modify the subpoena upon just and reasonable terms, including, on the case of a subpoena ducès tecum, a requirement that the person on whose behalf the subpoena was issued shall advance the reasonable cost of producing documentary or other tangible evidence.

(e) Attendance and mileage fees. Persons summoned to testify at a hearing under requirement of subpoenas are entitled to the same fees and mileage as are paid to witnesses in the courts of the United States. Fees and mileage shall be paid by the party at whose instance the persons are subpoenaed or called.

(f) Enforcement of subpoenas. Upon failure of any person to comply with a subpoena issued at the request of a party, that party may petition the Commission, in its discretion, to institute an action in an appropriate U.S. District Court for enforcement of the subpoena.

[49 FR 6621, Feb. 22, 1984; 49 FR 15070, Apr. 17, 1984]

§ 12.314 Initial decision.

(a) In general. The Administrative Law Judge as soon as practicable after the parties have completed their submissions of proof, or after the conclusion of an oral hearing if one is held, shall render the initial decision, which he shall forthwith file with the Proceedings Clerk, and a copy of which shall be served immediately by the Proceedings Clerk upon each of the parties. The Proceedings Clerk shall also serve a notice, to accompany the initial decision, of the effect of a party’s failure timely to appeal to the Commission the initial decision, as provided in paragraphs (d) and (e) of this section, and the effect of a failure of a party who has been ordered to pay a reparation award timely to file the documents required by §12.407(c).

(b) Content of initial decision. In the initial decision the Administrative Law Judge shall:

(1) Include a brief statement of his findings as to the facts, with references to those portions of the record which support his findings;

(2) Make a determination whether or not the respondent has violated any provision of the Commodity Exchange Act, or rule, regulation or order thereunder;

(3) Make a determination whether the complainant is liable to any respondent who has made a counterclaim in the proceeding;

(4) Determine the amount of damages, if any, that the complainant has sustained as a result of respondent’s violations, the amount of punitive damages if warranted, and the amount, if any, for which complainant is liable
Commodity Futures Trading Commission

§ 12.401

to a respondent based on a counterclaim; and
(5) Include an order directing either the respondent or the complainant, depending upon whose liability is greater, to pay an amount based on the difference in the amounts determined pursuant to paragraph (b)(4) of this section, on or before a date fixed in the order.

(c) Costs, prejudgment interest. Except as provided in §§12.30(c) and 12.315 of these rules, the Administrative Law Judge may, in the initial decision, award costs (including the cost of instituting the proceeding and, if appropriate, reasonable attorney’s fees) and, if warranted as a matter of law under the circumstances of the particular case, prejudgment interest, to the party in whose favor a judgment is entered.

(d) Effect of initial decision. The initial decision and order shall become the final decision and order of the Commission, without further order by the Commission, thirty (30) days after service thereof, except that:
(1) The initial decision shall not become the final decision as to a party who shall have timely filed and perfected an appeal thereof to the Commission, in accordance with §12.401 of these rules; and
(2) The initial decision shall not become final as to any party to the proceeding if, within thirty (30) days after service of the initial decision, the Commission itself shall have placed the case on its own docket for review or stayed the effective date of the initial decision.

(e) Effect of failure to file and perfect an appeal to the Commission. Unless the Commission takes review of an initial decision on its own motion, the timely filing and perfection of an appeal to the Commission of the initial decision is mandatory as a prerequisite to appellate judicial review of a final decision and order entered pursuant to these rules.

§ 12.315 Consequences of overstating damages claims not in excess of $30,000.

If a party, who has claimed damages in excess of $30,000, is adjudged to be entitled to recover less than the sum or value of $30,000, computed without regard to a damage award to an opposing party may be adjudged to be entitled, and exclusive of interest and costs, the Administrative Law Judge may assess such party the cost of the transcript of an oral hearing, if such a hearing is held, and, depending upon whether such party paid any part of the filing fee for the proceeding, deny the party such costs or impose such costs on that party.

Subpart F—Commission Review of Decisions

§ 12.400 Scope and applicability of rules.

The rules set forth in this subpart are applicable to proceedings forwarded pursuant to §12.26(b) and (c) of these rules. Except as provided in §§12.106(e) and 12.403(b) of these rules, the rules set forth in this subpart are not applicable to proceedings forwarded pursuant to §12.26(a) of the Reparation Rules.

[49 FR 6621, Feb. 22, 1984; 49 FR 15070, Apr. 17, 1984]

§ 12.401 Appeal to the Commission.

(a) How effected. Any aggrieved party to a proceeding forwarded pursuant to §12.26 (b) or (c) of these rules may appeal to the Commission an initial decision or other disposition of the entire proceeding by complying with the requirements of this section. An appealing party shall serve upon all parties and file with the Proceedings Clerk a notice of appeal within fifteen (15) days after service of the initial decision or other order disposing of the entire proceeding. The notice need consist only of a brief statement indicating the filing party’s intent to appeal the initial decision, and shall include the date upon which the initial decision was rendered, the names of all parties, and the docket number of the proceeding. A

§ 12.402 Appeal of disposition of less than all claims or parties in a proceeding.

(a) In general. Where two or more different claims for relief are presented, or where multiple parties are involved, in a proceeding forwarded pursuant to §12.26(b) or (c) of these rules, the Judgment Officer or Administrative Law Judge, may upon his own motion or by motion of a party, direct that an initial decision or other order disposing of one or more, but fewer than all of the claims or parties, shall be final and immediately appealable to the Commission. Such a direction may be made only upon an express determination that there is no just reason for delay. When such a direction is made, a party may appeal the initial decision or order in accordance with the procedure prescribed by §12.401 of these rules.

(b) When decision is not appealable. In the absence of such a direction by the Judgment Officer or an Administrative Law Judge, an initial decision or order disposing of fewer than all of the claims or all of the parties shall be subject to revision by the decisionmaker at any time before a disposition is made of all remaining claims or parties, and no appeal may be taken to the Commission pursuant to this rule.
§ 12.403 Commission review on its own motion.

(a) In general. The Commission may on its own motion, within 30 days after it has been served on all parties, determine to review an initial decision, or other order disposing of all issues in the proceeding as to all claims and all parties, in a proceeding forwarded pursuant to §12.26 (b) and (c) of these rules. In such event, the Commission may determine the scope of the issues on review, and make provisions for the filing of briefs or, if deemed appropriate, such other means for the parties to present their views. The parties shall be duly notified thereof by the Proceedings Clerk.

(b) Commission review of a final decision in a voluntary decisional proceeding. If such action is necessary to prevent manifest injustice, the Commission may, upon its own motion, review a final decision issued pursuant to §12.106 of these rules by appropriate order filed with the Proceedings Clerk within 30 days after service upon the parties of the final decision. In such event, the Commission may determine the scope of the issue on review, make provisions for the filing of briefs or, if deemed appropriate, such other means for the parties to present their views. The parties shall be duly notified thereof by the Proceedings Clerk.

§ 12.404 The record of proceedings.

The record of proceedings on appeal before the Commission shall include: The pleadings; motions and requests filed, and rulings thereon; the transcript of the testimony taken at an oral hearing, together with the exhibits filed therein; the transcript of testimony taken during an oral examination by telephone; any statements or stipulations filed in any proceeding; any documents or papers filed in connection with prehearing conferences; such proposed findings of fact, conclusions, and orders and briefs as may have been permitted to be filed in connection with an oral hearing; such statements of objections, and briefs in support thereof, as may have been filed in the proceedings; and the initial (or final) decision, or other order disposing of issues in the proceeding.

§ 12.405 Leave to adduce additional evidence.

Any time prior to issuance of its final decision pursuant to §12.406, the Commission may, after notice to the parties and an opportunity for them to present their views, reopen the hearing to receive further evidence. The application shall show to the satisfaction of the Commission that the additional evidence is material, and that there were reasonable grounds for failure to adduce such evidence at the hearing. The Commission may receive the additional evidence or may remand the proceeding to the Judgment Officer or Administrative Law Judge to receive the additional evidence.

§ 12.406 Final decision of the Commission.

(a) Opinion and order. Unless the Commission, in accordance with paragraph (b) of this section, orders summary affirmance of the initial decision, the Commission’s opinion and order in a proceeding appealed pursuant to §12.401 of these rules shall constitute the Commission’s final decision, effective upon service. On review, the Commission may affirm, reverse, modify, set aside or remand for further proceedings, in whole or in part, the initial decision and make any findings or conclusions which in its judgment are warranted based on the record in the proceeding.

(b) Order on summary affirmance. If the Commission, in its opinion, finds that the result reached in the initial decision is substantially correct and that none of the arguments on appeal made by the appealing party raise any important question of law or policy, the Commission may, by appropriate order, summarily affirm the initial decision and order without opinion, which shall constitute the Commission’s final decision, effective upon service. Unless the Commission expressly indicates otherwise in its order, an order of summary affirmance does
§ 12.407 Satisfaction of reparation award; enforcement; sanctions.

(a) Satisfaction of reparation award—
(1) Where initial decision has become the final decision. Any reparation award ordered in an initial decision, or similar dispositive order (but not a final decision issued pursuant to §12.106 of these rules), shall be satisfied in full within forty-five (45) days after service of the initial decision, unless a timely appeal thereof has been perfected pursuant to §12.401, or unless the Commission, pursuant to §12.403(a), has stayed the effective date of the initial decision.

(2) Final decision pursuant to §12.406. Any reparation award ordered in a final decision of the Commission issued pursuant to §12.406 of these rules shall be satisfied in full within fifteen (15) days after service of the final decision, or such other longer period of time as may be specified in the final decision, unless a petition for review is filed in accordance with section 14(e) of the Act, 7 U.S.C. 18(e).

(b) Enforcement of reparation award. If any person against whom a reparation award has been made does not timely comply with paragraph (a) or (b) of this section, the party in whose favor the award is made is entitled to seek enforcement of award in accordance with the procedure prescribed in section 14(d) of the Commodity Exchange Act, 7 U.S.C. 18(d).

(c) Automatic suspension. A person required to pay a reparation award shall be prohibited from trading on all contract markets and if such person is registered, his registration shall be suspended automatically, without further notice, unless such person shall, within fifteen (15) days after the time limit for satisfaction of an award (as prescribed in paragraph (a) or (b) of this section) expires, file with the Proceedings Clerk and serve on the other parties:

(1) A copy of a certified check or the equivalent showing satisfaction of the award; or

(2) A sworn release executed by each recipient of a reparation award, which has not been satisfied by payment with a certified check or the equivalent; or

(3) A verified statement that a judicial appeal has been filed and perfected in accordance with section 14(e) of the Act, 7 U.S.C. 18(e). (This paragraph is applicable only in proceedings commenced pursuant to §12.26(b) or (c), and only if the person has timely filed and perfected an appeal to the Commission as prescribed in §12.401.)

(d) Reinstatement. The sanctions imposed in accordance with paragraph (c) of this section shall remain in effect until the person required to pay the reparation award demonstrates to the satisfaction of the Commission that he has paid the amount required in full including prejudgment interest if awarded and post-judgment interest at the prevailing rate computed in accordance with 28 U.S.C. 1961 from the date directed in the final order to the date of payment, compounded annually. In the event an award of post-judgment interest is inadvertently omitted, such interest nevertheless shall run as calculated in accordance with 28 U.S.C. 1961 and the part 12 Rules.
§ 12.408 Delegation of authority to the General Counsel.

Pursuant to the authority granted under section 2(a)(4) and 2(a)(11) of the Commodity Exchange Act, as amended, 7 U.S.C. 4a(c) and 4a(j), the Commission hereby delegates, until such time as it orders otherwise, the following functions to the General Counsel, to be performed by him or such person or persons under his direction as he may designate from time to time:

(a) With respect to reparation proceedings conducted pursuant to section 14 of the Commodity Exchange Act, as amended, 7 U.S.C. 18, and subject to the Commission’s Reparation Rules as set forth in part 12 of this chapter, to:

(1) Consider and decide miscellaneous procedural motions that may be directed to the Commission pursuant to part 12 of these rules after the initial decision or other order disposing of the entire proceeding has been filed;

(2) Remand, with or without specific instructions, initial decisions or other orders disposing of the entire proceeding to the appropriate officer (Director of the Office of Proceedings, Judgment Officer, or Administrative Law Judge) in the following situations:

(i) Where a default order or award has been made pursuant to part 12 of these rules and a motion to vacate the default or an equivalent request has been made; or

(ii) Where, in his judgment, clarification or supplementation of an initial decision or other order disposing of the entire proceeding prior to Commission review is appropriate; and

(iii) Where, in his judgment, a ministerial act necessary to the proper conduct of the proceeding has not been performed.

(3) Deny applications for interlocutory review by the Commission of a ruling of an Administrative Law Judge in cases in which the Administrative Law Judge has not certified the ruling to the Commission in the manner prescribed by §12.309 of these rules, and the ruling does not concern the disqualification of, or a motion to disqualify, an Administrative Law Judge, or Judgment Officer, or the suspension of, or failure to suspend, an attorney from participating in reparation proceedings;

(4) Dismiss any appeal from an initial decision or other disposition of the entire proceeding by an Administrative Law Judge (or Judgment Officer), in a proceeding where such appeal is not filed or perfected in accordance with §12.401, and deny any application for interlocutory review if it is not filed in accordance with §12.309 of these rules;

(5) Strike any filing that does not meet the requirements of, or is not perfected in accordance with, these part 12 rules; and

(6) Enter any order that, in his judgment, will facilitate or expedite Commission review of an initial decision or other order disposing of the entire proceeding.

(b) Notwithstanding the provisions of paragraph (a) of this section, in any case in which he believes it appropriate, the General Counsel or his designee may submit the matter to the Commission for its consideration.

(c) Within seven (7) days after service of a ruling issued pursuant to this §12.408, a party may file with the Commission a petition for reconsideration of the ruling. Unless the Commission orders otherwise, the filing of a petition for reconsideration shall not operate to stay the effective date of such ruling.

PART 13—PUBLIC RULEMAKING PROCEDURES

Sec.
13.1 Scope.
13.2 Petition for issuance, amendment, or repeal of a rule.
13.3 Notice of proposed rulemaking.
13.4 Public participation in rulemaking.
13.5 Exceptions to notice requirement and public participation.
13.6 Promulgation of rules; publication.

AUTHORITY: Pub. L. 93–463, Sec. 101(a) (11), 88 Stat. 1391, 7 U.S.C. 4a(j), unless otherwise noted.

SOURCE: 41 FR 17537, Apr. 27, 1976, unless otherwise noted.

§ 13.1 Scope.

The rules of part 13 set forth the procedures of the Commodity Futures Trading Commission for the formulation, amendment or repeal of a rule or regulation, insofar as those procedures directly affect the public. Unless otherwise stated, the rules apply to all rulemaking by the Commission, except to the extent the rulemaking involves Commission management or personnel or public property, loans, grants, benefits or contracts.

§ 13.2 Petition for issuance, amendment, or repeal of a rule.

Any person may file a petition with the Secretariat of the Commission for the issuance, amendment or repeal of a rule of general application. The petition shall be directed to Secretariat, Commodity Futures Trading Commission, Three Lafayette Centre, 1155 21st Street, NW., Washington, DC 20581, and shall set forth the text of any proposed rule or amendment or shall specify the rule the repeal of which is sought. The petition shall further state the nature of the petitioner’s interest and may state arguments in support of the issuance, amendment or repeal of the rule. The Secretariat shall acknowledge receipt of the petition, refer it to the Commission for such action as the Commission deems appropriate, and notify the petitioner of the action taken by the Commission. Except in affirming a prior denial or when the denial is self-explanatory, notice of a denial in whole or in part of a petition shall be accompanied by a brief statement of the grounds of denial.

[41 FR 17537, Apr. 27, 1976, as amended at 60 FR 49355, Sept. 25, 1995]

§ 13.3 Notice of proposed rulemaking.

Whenever the Commission proposes to issue, amend, or repeal any rule or regulation of general application, there shall first be published in the FEDERAL REGISTER a notice of the proposed action. The notice shall include:

(a) A statement of the time, place and nature of the rulemaking procedures, with particular reference to the manner in which interested persons shall be afforded the opportunity to participate in such proceedings;

(b) Reference to the authority under which the rule is proposed; and

(c) Either the terms or substance of the proposed rule or a description of the subjects and issues involved.

§ 13.4 Public participation in rulemaking.

(a) Written comments. Interested persons will be afforded an opportunity to participate in a rulemaking proceeding of which notice has been given pursuant to §13.3 of these rules through the submission of statements, information, opinion, and arguments in the manner stated in the notice.

(b) Hearings. When required or permitted by law the Commission may hold hearings in connection with a rulemaking proceeding at which interested persons may be heard, either by oral presentation or upon written submission, and may adopt such procedures as in its judgment will best serve the purpose of the rulemaking proceeding.

§ 13.5 Exceptions to notice requirement and public participation.

(a) Notice under §13.3 and public participation under §13.4 shall not be required when persons subject to the rules are named and are either personally served or otherwise given actual notice of proposed rulemaking in accordance with law.

(b) Except when notice or hearing is required by statute the provisions of §§13.3 and 13.4 shall not apply.
§ 14.3

(1) To interpretative rules, general statements of policy, or rules of agency organization, procedure or practice; or
(2) When the Commission for good cause finds (and incorporates the finding and a brief statement of reasons therefor in the release issued) that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest.

§ 13.6 Promulgation of rules; publication.

After consideration of all relevant matters of fact, law, and policy, including all relevant matters presented by interested persons in the proceedings, the Commission will take such action on the proposed rule as it deems appropriate. Any rule adopted will be published in the FEDERAL REGISTER and the announcement of the rule will incorporate a concise statement of the rule’s basis and purpose, as well as any necessary findings. Announcement will also be made in the FEDERAL REGISTER if a proposal is subsequently withdrawn. The required publication or service of a substantive rule shall be made not less than 30 days before its effective date, except:

(a) A substantive rule which grants or recognizes an exception or relieves a restriction;
(b) Interpretive rules and statements of policy; or
(c) As otherwise provided by the Commission for good cause found and published with the rule.

PART 14—RULES RELATING TO SUSPENSION OR DISBARMENT FROM APPEARANCE AND PRACTICE

Sec.
14.1 Scope.
14.2 Definitions of appearance and practice.
14.3 Hearings.
14.4 Violation of Commodity Exchange Act.
14.5 Criminal conviction.
14.6 Disbarment or suspension by licensing authority.
14.8 Lack of requisite qualifications, character and integrity.
14.9 Duty to file information concerning adverse judicial or administrative action.
14.10 Reinstatement.

AUTHORITY: Pub. L. 93–463, sec. 101(a) (11), 88 Stat. 1391, 7 U.S.C. 4a(j), unless otherwise noted.
SOURCE: 41 FR 28472, July 12, 1976, unless otherwise noted.

§ 14.1 Scope.

The rules of this part describe the circumstances under which persons may be denied, either temporarily or permanently, the privilege of appearing or practicing before the Commission as an attorney or accountant. An attorney may also be excluded from further participation in a particular adjudicatory proceeding in accordance with the provisions of §10.11(b) of this chapter or from further participation in a particular investigatory proceeding in accordance with the provisions of §11.7(c)(2) of this chapter.

§ 14.2 Definitions of appearance and practice.

(a) Appearance. For the purpose of this part, “appearance” refers to the representation of a person by another who appears in his behalf at any adjudicatory, investigatory or rulemaking proceeding conducted before the Commission, including but not limited to those proceedings encompassed in parts 10 through 13 of the Commission’s rules.

(b) Practice. For the purpose of this part, practicing before the Commission shall include but shall not be limited to:

(1) The preparation of any statement, opinion or other paper by any attorney or accountant filed with or submitted to the Commission on behalf of another person in or in connection with any application, notification, report or other document; and

(2) Transacting any other formal business with the Commission, on behalf of another person, in the capacity of an attorney or accountant.

§ 14.3 Hearings.

Hearings required or permitted to be held under provisions of this part shall be held before an Administrative Law Judge, utilizing the procedures established in the rules of practice (part 10) for adjudicatory proceedings. Any proceeding brought under provisions of
§ 14.4 Violation of Commodity Exchange Act.

The Commission may deny, temporarily or permanently, the privilege of appearing or practicing before it in any way to any person who is found by the Commission, after notice of and opportunity for hearing in the matter, to have violated, caused, or aided and abetted any violation of the Commodity Exchange Act, as amended, 7 U.S.C. 1 et seq., or the rules and regulations adopted thereunder.

§ 14.5 Criminal conviction.

Any person who after licensing or certification to practice his profession by any competent authority has been convicted of any felony or of a misdemeanor involving fraud or involving moral turpitude in matters related to the regulatory responsibilities of the Commission, and whose conviction has not been reversed by an appellate court, may not appear or practice before the Commission. A conviction within the meaning of this section shall be deemed to have occurred when the convicting court enters its judgment or order, regardless of whether an appeal is pending or could be taken, and includes a judgment on a plea of nolo contendere.

§ 14.6 Disbarment or suspension by licensing authority.

Any attorney who has been suspended or disbarred by a Court of the United States or any state or territory or the District of Columbia and any person whose license to practice as an accountant has been revoked or suspended in any state or territory or the District of Columbia may not appear or practice before the Commission during the period when such suspension or revocation is in effect. A suspension or revocation shall be deemed to have occurred when the disbarred, suspending or revoking agency or tribunal enters its order, regardless of whether appeal is pending or could be taken, and includes a judgment or order on a plea of nolo contendere or the procedural equivalent of such a plea. For purposes of this section it shall be irrelevant that any attorney or accountant who has been suspended, disbarred, or otherwise disqualified from practice before a court or in a jurisdiction continues in professional good standing before other courts or in other jurisdictions.

(a) Temporary suspension. The Commission, with due regard to the public interest, and without preliminary hearing, may by order temporarily suspend from appearing or practicing before it any person who, on or after the effective date of this rule has by reason of his misconduct by any court of competent jurisdiction (i) whether by consent, default, upon summary judgment or after trial, in any action brought by the Commission based upon violations of any provision of the Commodity Exchange Act, as amended, 15 U.S.C. 77a to 80b–20 or of rules and regulations adopted thereunder, or (ii) after trial or upon summary judgment in any action brought by the U.S. Securities and Exchange Commission based upon any violation of the federal securities laws (15 U.S.C. 77a to 80b–20) or of rules and regulations adopted thereunder;

2) Found by any court of competent jurisdiction (whether by consent, default, upon summary disposition or after hearing) in any administrative proceeding in which the Commission is a complainant and to which he is a party, to have committed, caused, or aided and abetted a violation of any provision of the Commodity Exchange Act, as amended, or of the rules and regulations promulgated under any of those statutes;

3) Found upon summary judgment or after trial by any court of competent jurisdiction in any action brought by the U.S. Securities and Exchange Commission to which he is a party, or found by the Securities and Exchange
Commodity Futures Trading Commission

§ 14.10 Reinstatement.

Any person who is disqualified from appearing or practicing before the

[41 FR 28472, July 12, 1976, as amended at 60 FR 49335, Sept. 25, 1995]
Commission under any of the provisions of this part may at any time file an application of reinstatement and the applicant may, in the Commission’s discretion, be afforded a hearing on the application. However, denial of the privilege of appearing or practicing before the Commission shall continue unless and until the applicant has been reinstated by order of the Commission.

PART 15—REPORTS—GENERAL PROVISIONS

Sec. 15.00 Definitions of terms used in parts 15 to 19, and 21 of this chapter.
15.01 Persons required to report.
15.02 Reporting forms.
15.03 Reporting levels.
15.04 [Reserved]
15.05 Designation of agent for foreign persons.
15.06 Delegations.

AUTHORITY: 7 U.S.C. 2, 5, 6a, 6c, 6f, 6g, 6i, 6k, 6m, 6n, 7, 7a, 9, 12a, 19, and 21, as amended by Title VII of the Dodd-Frank Wall Street Reform and Consumer Protection Act, Pub. L. 111–203, 124 Stat. 1376 (2010).

§ 15.00 Definitions of terms used in parts 15 to 19, and 21 of this chapter.

As used in parts 15 to 19, and 21 of this chapter:
(a) Cash or Spot, when used in connection with any commodity, means the actual commodity as distinguished from a futures or options contract in such commodity.
(b) Clearing member means any person who is a member of, or enjoys the privilege of clearing trades in his own name through, the clearing organization of a designated contract market, registered derivatives transaction execution facility, or registered entity under section 1a(29) of the Act.
(c) Clearing organization means the person or organization which acts as a medium for clearing transactions in commodities for future delivery or commodity option transactions, or for effecting settlements of contracts for future delivery or commodity option transactions, for and between members of any designated contract market, registered derivatives transaction execution facility or registered entity under section 1a(29) of the Act.
(d) Compatible data processing media means data processing media approved by the Commission or its designee.
(e) Customer means “customer” (as defined in §1.3(k) of this chapter) and “options customer” (as defined in §1.3(jj) of this chapter).
(f) Customer trading program means any system of trading offered, sponsored, promoted, managed or in any other way supported by, or affiliated with, a futures commission merchant, an introducing broker, a commodity trading advisor, a commodity pool operator, or other trader, or any of its officers, partners or employees, and which by agreement, recommendations, advice or otherwise, directly or indirectly controls trading done and positions held by any other person. The term includes, but is not limited to, arrangements where a program participant enters into an expressed or implied agreement not obtained from other customers and makes a minimum deposit in excess of that required of other customers for the purpose of receiving specific advice or recommendations which are not made available to other customers. The term includes any program which is of the character of, or is commonly known to the trade as, a managed account, guided account, discretionary account, commodity pool or partnership account.
(g) Discretionary account means a commodity futures or commodity option trading account for which buying or selling orders can be placed or originated, or for which transactions can be effected, under a general authorization and without the specific consent of the customer, whether the general authorization for such orders or transactions is pursuant to a written agreement, power of attorney, or otherwise.
(h) Exclusively self-cleared contract means a cleared contract for which no persons, other than a reporting market and its clearing organization, are permitted to accept any money, securities, or property (or extend credit in lieu thereof) to margin, guarantee, or secure any trade.
(i) Foreign clearing member means a “clearing member” (as defined by paragraph (b) of this section) who resides or is domiciled outside of the United States, its territories or possessions.
(j) **Foreign trader** means any trader (as defined in paragraph (s) of this section) who resides or is domiciled outside of the United States, its territories or possessions.

(k) **Futures, futures contract, future delivery or contract for future delivery,** means any contract for the purchase or sale of any commodity for future delivery that is executed on or subject to the rules of a reporting market, including all agreements, contracts and transactions that are treated by a clearing organization as fungible with such contracts.

(l) **Guided account program** means any customer trading program which limits trading to the purchase or sale of a particular contract for future delivery of a commodity or a particular commodity option that is advised or recommended to the participant in the program.

(m) **Managed account program** means a customer trading program which includes two or more discretionary accounts traded pursuant to a common plan, advice or recommendations.

(n) **Open contracts** means “open contracts” (as defined in §1.3(t) of this chapter) and commodity option positions held by any person on or subject to the rules of a board of trade which have not expired, been exercised, or offset.

(o) **Option, options, option contract, or options contract,** unless specifically provided otherwise, means any contract for the purchase or sale of a commodity option that is executed on or subject to the rules of a reporting market, including all agreements, contracts and transactions that are treated by a clearing organization as fungible with such contracts.

(p) **Reportable position** means:

(1) For reports specified in parts 17, 18 and §19.00(a)(2) and (a)(3) of this chapter any open contract position that at the close of the market on any business day equals or exceeds the quantity specified in §15.03 of this part in either:

   (i) Any one futures of any commodity on any one reporting market, excluding futures contracts against which notices of delivery have been stopped by a trader or issued by the clearing organization of a reporting market, which at the close of the market on the last business day of the week exceeds the net quantity limit in spot, single or in all-months fixed in §150.2 of this chapter for the particular commodity and reporting market.

   (ii) Long or short put or call options that exercise into the same future of any commodity, or other long or short put or call commodity options that have identical expirations and exercise into the same commodity, on any one reporting market.

(2) For the purposes of reports specified in §19.00(a)(1) of this chapter, any combined futures and futures-equivalent option open contract position as defined in part 150 of this chapter in any one month or in all months combined, either net long or net short, in any commodity on any one reporting market, excluding futures positions against which notices of delivery have been stopped by a trader or issued by the clearing organization of a reporting market, which at the close of the market on the last business day of the week exceeds the net quantity limit in spot, single or in all-months fixed in §150.2 of this chapter for the particular commodity and reporting market.

(q) **Reporting market** means a designated contract market, registered entity under section 1a(29) of the Act, and unless determined otherwise by the Commission with respect to the facility or a specific contract listed by the facility, a registered derivatives transaction execution facility.

(r) **Special account** means any commodity futures or option account in which there is a reportable position.

(s) **Trader** means a person who, for his own account or for an account which he controls, makes transactions in commodity futures or options, or has such transactions made.

§ 15.01 Persons required to report.

Pursuant to the provisions of the Act, the following persons shall file reports with the Commission with respect to such commodities, on such forms, at such time, and in accordance with such directions as are hereinafter set forth:

(a) **Reporting markets**—as specified in parts 16, 17, and 21 of this chapter.

(b) **Futures commission merchants, clearing members, foreign brokers, introducing brokers, and traders**—as
§ 15.02  Reporting forms.

Forms on which to report may be obtained from any office of the Commission or via the Internet (http://www.cftc.gov). Forms to be used for the filing of reports follow, and persons required to file these forms may be determined by referring to the rule listed in the column opposite the form number.

§ 15.03  Reporting levels.

(a) Definitions. For purposes of this section:

Broad-based security index is a group or index of securities that does not constitute a narrow-based security index.

HedgeStreet products are contracts offered by HedgeStreet, Inc., a designated contract market, that pay up to $10.00 if in the money upon expiration.

Major foreign currency is the currency, and the cross-rates between the currencies, of Japan, the United Kingdom, Canada, Australia, Switzerland, Sweden and the European Monetary Union.

Narrow-based security index has the same meaning as in section 1a(25) of the Commodity Exchange Act.

Security futures product has the same meaning as in section 1a(32) of the Commodity Exchange Act.

(b) The quantities for the purpose of reports filed under parts 17 and 18 of this chapter are as follows:

1 For purposes of part 17, positions in HedgeStreet Products and TRAKRS should be reported by rounding down to the nearest 1,000 contracts and dividing by 1,000.

§ 15.04 [Reserved]

§ 15.05 Designation of agent for foreign persons.

(a) For purposes of this section, the term “futures contract” means any contract for the purchase or sale of any commodity for future delivery, or a contract identified under § 36.3(c)(1) traded on an electronic trading facility operating in reliance on the exemption set forth in § 36.3 of this chapter, traded or executed on or subject to the rules of any designated contract market, or for the purposes of paragraph (i) of this section, a reporting market (including all agreements, contracts and transactions that are treated by a clearing organization as fungible with such contracts); the term “option contract” means any contract for the purchase or sale of a commodity option, or as applicable, any other instrument subject to the Act, traded or executed on or subject to the rules of any designated contract market, or for the purposes of paragraph (i) of this section, a reporting market (including all agreements, contracts and transactions that are treated by a clearing organization as fungible with such contracts); the term “customer” means any person for whose benefit a foreign broker makes or causes to be made any futures contract or option contract; and the term “communication” means any summons, complaint, order, subpoena, special call, request for information, or notice, as well as any other written document or correspondence.

(b) Any futures commission merchant who makes or causes to be made any futures contract or option contract for the account of any foreign broker or foreign trader, and any introducing broker who introduces such an account to a futures commission merchant, shall thereupon be deemed to be the agent of the foreign broker or the foreign trader for purposes of accepting delivery and service of any communication issued by or on behalf of the Commission to the foreign broker or the foreign trader with respect to any futures or option contracts which are or have been maintained in such accounts carried by the futures commission merchant. In the case of a futures commission merchant who makes or causes to be made any futures or option contract for the account of a foreign broker, the futures commission merchant and the introducing broker, if any, shall also be the agent of the customers of the foreign broker (including any customer who is also a foreign broker and its customers) who have positions in the foreign broker’s futures or option contract account carried by the futures commission merchant for purposes of accepting delivery and service of any communication issued by or on behalf of the Commission to the customer with respect to any futures or option contracts which are or have been maintained in such accounts carried by the futures commission merchant. Service or delivery of any communication issued by or on behalf of the Commission to a futures commission merchant or to an introducing broker pursuant to such agency shall constitute valid and effective service or delivery upon the foreign broker, a customer of the foreign broker or the foreign trader. A futures commission merchant or an introducing broker who has been served with, or to whom there has been delivered, a communication issued by or on behalf of the Commission to a foreign broker, a customer of the foreign broker or the foreign trader shall transmit the communication promptly and in a manner which is reasonable.
§ 15.05

under the circumstances, or in a manner specified by the Commission in the communication, to the foreign broker, a customer of the foreign broker or the foreign trader.

(c) It shall be unlawful for any futures commission merchant and for any introducing broker to open or cause to be opened a futures or options contract account for, or to effect or cause to be effected transactions in futures contracts or option contracts for an existing account of, a foreign broker or foreign trader unless the futures commission merchant or introducing broker informs the foreign broker or foreign trader prior thereto, in any reasonable manner which the futures commission merchant or introducing broker deems to be appropriate, of the requirements of this section.

(d) The requirements of paragraphs (b) and (c) of this section shall not apply to any account carried by a futures commission merchant or introduced by an introducing broker if the foreign broker, customer of a foreign broker, or foreign trader for whose benefit such account is carried or introduced has duly executed and maintains in effect a written agency agreement in compliance with this paragraph with a person domiciled in the United States and has provided a copy of the agreement to the futures commission merchant and to the introducing broker, if any, prior to the opening of an account, or placing orders for transactions in futures contracts or option contracts of an existing account, with the futures commission merchant or introducing broker. This agreement must authorize the person domiciled in the United States to serve as the agent of the foreign broker and any of its customers or the foreign trader, for purposes of accepting delivery and service of all communications issued by or on behalf of the Commission to the foreign broker, any of its customers or the foreign trader with respect to any contracts, agreements or transactions executed by the foreign broker or the foreign trader on the designated contract market. Service or delivery of any communication issued by or on behalf of the Commission to the foreign broker, any of its customers or the foreign trader must be deemed to be the agent of the foreign broker and any of its customers for whom the transactions were executed, or the foreign trader, for purposes of accepting delivery and service of any communication issued by or on behalf of the Commission to the foreign broker, any of its customers or the foreign trader with respect to any contracts, agreements or transactions executed by the foreign broker or the foreign trader on the designated contract market. Service or delivery of any communication issued by or on behalf of the Commission to the foreign broker, any of its customers or the foreign trader with respect to any contracts, agreements or transactions executed by the foreign broker or the foreign trader on the designated contract market shall constitute valid and effective service upon the foreign broker, any of its customers, or the foreign trader. A designated contract market which has
been served with, or to which there has been delivered, a communication issued by or on behalf of the Commission to a foreign broker, any of its customers, or a foreign trader, shall transmit the communication promptly and in a manner which is reasonable under the circumstances, or in a manner specified by the Commission in the communication, to the foreign broker, any of its customers or the foreign trader.

(f) It shall be unlawful for any designated contract market to permit a foreign broker, any of its customers or a foreign trader to effect contracts, agreements or transactions on the facility unless the designated contract market prior thereto informs the foreign broker, any of its customers or the foreign trader, in any reasonable manner the facility deems to be appropriate, of the requirements of this section.

(g) The requirements of paragraphs (e) and (f) of this section shall not apply to any contracts, transactions or agreements traded on any designated contract market if the foreign broker, any of its customers or the foreign trader has duly executed and maintains in effect a written agency agreement in compliance with this paragraph with a person domiciled in the United States and has provided a copy of the agreement to the designated contract market prior to effecting any contract, agreement or transaction on the facility. This agreement must authorize the person domiciled in the United States to serve as the agent of the foreign broker, any of its customers or the foreign trader for purposes of accepting delivery and service of all communications issued by or on behalf of the Commission to the foreign broker, any of its customers or the foreign trader and must provide an address in the United States where the agent will accept delivery and service of communications from the Commission. This agreement must be filed with the Commission by the designated contract market prior to permitting the foreign broker, any of its customers or the foreign trader to effect any transactions in futures or option contracts. Unless otherwise specified by the Commission, the agreements required to be filed with the Commission shall be filed with the Secretary of the Commission at Three Lafayette Centre, 1155 21st Street NW., Washington, DC 20581. A foreign broker, any of its customers or a foreign trader shall notify the Commission immediately if the written agency agreement expires, terminates, or is otherwise no longer in effect. If the designated contract market knows or should know that the agreement has expired, been terminated, or is no longer in effect, the designated contract market shall notify the Secretary of the Commission immediately. If the written agency agreement expires, terminates, or is not in effect, the designated contract market and the foreign broker, any of its customers or the foreign trader are subject to the provisions of paragraphs (e) and (f) of this section.

(h) The provisions of paragraphs (e), (f) and (g) of this section shall not apply to a designated contract market on which all transactions of foreign brokers, their customers or foreign traders in futures or option contracts are executed through, or the resulting transactions are maintained in, accounts carried by a registered futures commission merchant or introduced by a registered introducing broker subject to the provisions of paragraphs (a), (b), (c) and (d) of this section.

(i) Any reporting market that is a registered entity under section 1a(29)(E) of the Act that permits a foreign clearing member or foreign trader to clear or effect contracts, agreements or transactions on the trading facility or its clearing organization, shall be deemed to be the agent of the foreign clearing member or foreign trader with respect to any such contracts, agreements or transactions cleared or executed by the foreign clearing member or the foreign trader. Service or delivery of any communication issued by or on behalf of the Commission to the reporting market shall constitute valid and effective service upon the foreign clearing member or foreign trader. The reporting market which has been served with, or to which there has been delivered, a communication issued by or on behalf of the Commission to a foreign clearing member or foreign trader.
§ 15.06 Delegations.

(a) The Commission hereby delegates, until the Commission orders otherwise, the authority to approve data processing media, as referenced in §15.00(d), for data submissions to the Director of the Division of Market Oversight, to be exercised by such Director or by such other employee or employees of such Director as designated from time to time by the Director. The Director may submit to the Commission for its consideration any matter which has been delegated in this paragraph. Nothing in this paragraph prohibits the Commission, at its election, from exercising the authority delegated in this paragraph.

(b) [Reserved]

[74 FR 12190, Mar. 23, 2009]

PART 16—REPORTS BY CONTRACT MARKETS AND SWAP EXECUTION FACILITIES

Sec.
16.00 Clearing member reports.
16.01 Publication of market data on futures, swaps and options thereon; trading volume, open contracts, prices, and critical dates.
16.02 Daily trade and supporting data reports.
16.03–16.05 [Reserved]
16.06 Errors or omissions.
16.07 Delegation of authority to the Director of the Division of Market Oversight.

Authority: 7 U.S.C. 2, 6a, 6c, 6g, 6i, and 7, and 7b–3, as amended by Pub. L. 111–203, 124 Stat. 1376.
§ 16.00 Clearing member reports.

(a) Information to be provided. Each reporting market shall submit to the Commission, in accordance with paragraph (b) of this section, a report for each business day, showing for each clearing member, by proprietary and customer account, the following information separately for futures by commodity and by future, and, for options, by underlying futures contract (for options on futures contracts) or by underlying commodity (for other commodity options), and by put, by call, by expiration date and by strike price:

(1) The total of all long open contracts and the total of all short open contracts carried at the end of the day covered by the report, excluding from open futures contracts the number of contracts against which delivery notices have been stopped or against which delivery notices have been issued by the clearing organization of the reporting market;

(2) The quantity of contracts bought and the quantity of contracts sold during the day covered by the report;

(3) [Reserved]

(4) The quantity of purchases of futures for commodities or for derivatives positions and the quantity of sales of futures for commodities or for derivatives positions which are included in the total quantity of contracts bought and sold during the day covered by the report, and the names of the clearing members who made the purchases or sales;

(5) For futures, the quantity of the commodity for which delivery notices have been issued by the clearing organization of the reporting market and the quantity for which notices have been stopped during the day covered by the report.

(b) Form, manner and time of filing reports. Unless otherwise approved by the Commission or its designee, reporting markets shall submit the information required by paragraph (a) of this section as follows:

(1) Using the format, coding structure, and electronic data transmission procedures approved in writing by the Commission or its designee; provided however, the information shall be made available to the Commission or its designee in hard copy upon request; and

(2) When such data is first available but not later than 12:00 p.m. on the business day following the day to which the information pertains. Unless otherwise specified by the Commission or its designee, the stated time is eastern time for information concerning markets located in that time zone, and central time for information concerning all other markets.

(c) Exclusively self-cleared contracts. Unless determined otherwise by the Commission, paragraph (a) of this section shall not apply to transactions involving exclusively self-cleared contracts.

(Approved by the Office of Management and Budget under control number 3038–0009)

§ 16.01

(i) The option delta, where a delta system is used; (ii) The total gross open contracts for futures, excluding those contracts against which delivery notices have been stopped; (iii) For futures products that specify delivery, open contracts against which delivery notices have been issued on that business day; (iv) The total volume of trading, excluding transfer trades or office trades:

(A) For swaps and options on swaps, trading volume shall be reported in terms of the number of contracts traded for standard-sized contracts (i.e., contracts with a set contract size for all transactions) or in terms of notional value for non-standard-sized contracts (i.e., contracts whose contract size is not set and can vary for each transaction).

(B) [Reserved]

(v) The total volume of futures/options/swaps/swaptions exchanged for commodities or for derivatives positions that are included in the total volume of trading; and

(vi) The total volume of block trades included in the total volume of trading.

(b) Prices. (1) Each reporting market must record the following contract types separately

(i) For futures, by commodity and by futures expiration;

(ii) For options, by underlying futures contracts for options on futures contracts or by underlying commodity for options on commodities, and by put, by call, by expiration date and by strike price;

(iii) For swaps, by product type and contract month or term life of the swap; and

(iv) For options on swaps or classes of options on swaps, by underlying swap contracts for options on swap contracts or by underlying commodity for options on swaps on commodities, and by put, by call, by expiration date and by strike price.

(2) Each reporting market must record for the trading session and for the opening and closing periods of trading as determined by each reporting market:

(i) The opening and closing prices of each futures, option, swap or swaption;

(ii) The price that is used for settlement purposes, if different from the closing price; and

(iii) The lowest price of a sale or offer, whichever is lower, and the highest price of a sale or bid, whichever is higher, that the reporting market reasonably determines accurately reflects market conditions. Bids and offers vacated or withdrawn shall not be used in making this determination. A bid is vacated if followed by a higher bid or price and an offer is vacated if followed by a lower offer or price.

(3) If there are no transactions, bids, or offers during the opening or closing periods, the reporting market may record as appropriate:

(i) The first price (in lieu of opening price data) or the last price (in lieu of closing price data) occurring during the trading session, clearly indicating that such prices are the first and last prices; or

(ii) Nominal opening or nominal closing prices that the reporting market reasonably determines to accurately reflect market conditions, clearly indicating that such prices are nominal.

(4) Additional information. Each reporting market must record the following information with respect to transactions in commodity futures, commodity options, swaps or options on swaps on that reporting market:

(i) The method used by the reporting market in determining nominal prices and settlement prices; and

(ii) If discretion is used by the reporting market in determining the opening and/or closing ranges or the settlement prices, an explanation that certain discretion may be employed by the reporting market and a description of the manner in which that discretion may be employed. Discretionary authority must be noted explicitly in each case in which it is applied (for example, by use of an asterisk or footnote).

(c) Critical dates. Each reporting market must report to the Commission, for each futures contract, the first notice date and the last trading date, and for each option contract, the expiration date in accordance with paragraph (d) of this section.

(d) Form, manner and time of filing reports. Unless otherwise approved by the Commission or its designee, reporting
Commodity Futures Trading Commission

§ 16.07

markets must submit to the Commission the information specified in paragraphs (a), (b), and (c) of this section as follows:

(1) Using the format, coding structure and electronic data transmission procedures approved in writing by the Commission or its designee; provided however, that the information must be made available to the Commission or its designee in hard copy upon request;

(2) When each such form of the data is first available, but not later than 7:00 a.m. on the business day following the day to which the information pertains for the delta factor and settlement price and not later than 12:00 p.m. for the remainder of the information. Unless otherwise specified by the Commission or its designee, the stated time is U.S. eastern standard time for information concerning markets located in that time zone, and U.S. central time for information concerning all other markets; and

(3) For information on reports to the Commission for swap or options on swap contracts, refer to part 20 of this chapter.

(e) Publication of recorded information.

(1) Reporting markets must make the information in paragraph (a) of this section readily available to the news media and the general public without charge, in a format that readily enables the consideration of such data, no later than the business day following the day to which the information pertains. The information in paragraphs (a)(2)(iv) through (vi) of this section shall be made readily available in a format that presents the information together.

(2) Reporting markets must make the information in paragraphs (b)(2) and (3) of this section readily available to the news media and the general public, and the information in paragraph (b)(4)(ii) of this section readily available to the general public, in a format that readily enables the consideration of such data, no later than the business day following the day to which the information pertains. Information in paragraph (b)(4)(i) of this section must be made available in the registered entity’s rulebook, which is publicly accessible on its Web site.

§ 16.02 Daily trade and supporting data reports.

Reporting markets shall provide trade and supporting data reports to the Commission on a daily basis. Such reports shall include transaction-level trade data and related order information for each futures or options contract. Reports shall also include time and sales data, reference files and other information as the Commission or its designee may require. All reports must be submitted at the time, and in the manner and format, and with the specific content specified by the Commission or its designee. Upon request, such information shall be accompanied by data that identifies or facilitates the identification of each trader for each transaction or order included in a submitted trade and supporting data report if the reporting market maintains such data.

[74 FR 12190, Mar. 23, 2009]

§§ 16.03–16.05 [Reserved]

§ 16.06 Errors or omissions.

Unless otherwise approved by the Commission or its designee, reporting markets shall file corrections to errors or omissions in data previously filed with the Commission pursuant to §§16.00 and 16.01 in the format and using the coding structure and electronic data submission procedures approved in writing by the Commission or its designee.

[71 FR 37819, July 3, 2006]

§ 16.07 Delegation of authority to the Director of the Division of Market Oversight.

The Commission hereby delegates, until the Commission orders otherwise, the authority set forth in paragraphs (a), (b) and (c) of this section to the Director of the Division of Market Oversight, to be exercised by such Director or by such other employee or employees of such Director as may be designated from time to time by the Director. The Director of the Division of
Market Oversight may submit to the Commission for its consideration any matter which has been delegated in this paragraph. Nothing in this paragraph prohibits the Commission, at its election, from exercising the authority delegated in this paragraph.

(a) Pursuant to §§16.00(b) and 16.01(d), as applicable, the authority to determine whether reporting markets must submit data in hard copy, and the time that such data may be submitted where the Director determines that a reporting market is unable to meet the requirements set forth in the regulations;

(b) Pursuant to §§16.00(b)(1), 16.01(d)(1), and 16.06, the authority to approve the format, coding structure and electronic data transmission procedures used by reporting markets.

(c) Pursuant to §16.02, the authority to determine the specific content of any daily trade and supporting data report, request that such reports be accompanied by data that identifies or facilitates the identification of each trader for each transaction or order included in a submitted trade and supporting data report, and establish the time for the submission of and the manner and format of such reports.

PART 17—REPORTS BY REPORTING MARKETS, FUTURES COMMISSION MERCHANTS, CLEARING MEMBERS, AND FOREIGN BROKERS

§17.00 Information to be furnished by futures commission merchants, clearing members and foreign brokers.

(a) Special accounts—reportable futures and options positions, delivery notices, and exchanges of futures. (1) Each futures commission merchant, clearing member and foreign broker shall submit a report to the Commission for each business day with respect to all special accounts carried by the futures commission merchant, clearing member or foreign broker, except for accounts carried on the books of another futures commission merchant or clearing member on a fully-disclosed basis. Except as otherwise authorized by the Commission or its designee, such report shall be made in accordance with the format and coding provisions set forth in paragraph (g) of this section. The report shall show each futures position, separately for each reporting market and for each future, and each put and call options position separately for each reporting market, expiration and strike price for each special account as of the close of market on the day covered by the report and, in addition, the quantity of exchanges of futures for commodities or for derivatives positions and the number of delivery notices issued for each such account by the clearing organization of a reporting market and the number stopped by the account. The report shall also show all positions in all contract months and option expirations of that same commodity on the same reporting market for which the special account is reportable.

(2) A report covering the first day upon which a special account is no longer reportable shall also be filed showing the information specified in paragraph (a)(1) of this section.

(b) Interest in or control of several accounts. Except as otherwise instructed by the Commission or its designee and as specifically provided in §150.4 of this chapter, if any person holds or has a financial interest in or controls more than one account, all such accounts shall be considered by the futures commission merchant, clearing member or foreign broker as a single account for
Commodity Futures Trading Commission

§ 17.00

the purpose of determining special account status and for reporting purposes. For purposes of this section, the following shall apply:

(1) Accounts of eligible entities—Accounts of eligible entities as defined in §150.1 of this chapter that are traded by an independent account controller shall, together with other accounts traded by the independent account controller or in which the independent controller has a financial interest, be considered a single account.

(2) Accounts controlled by two or more persons—Accounts that are subject to day-to-day trading control by two or more persons shall, together with other accounts subject to control by exactly the same persons, be considered a single account.

(3) Account ownership. Multiple accounts owned by a trader shall be considered a single account as provided under §§150.4(b), (c) and (d) of this chapter.

(c) [Reserved]

(d) Net positions. Futures commission merchants, clearing members and foreign brokers shall report positions net long or short in each future of a commodity and each strike price of a put or call option for each expiration month in all special accounts, except as specified in paragraph (e) of this section.

(e) Gross positions. In the following cases, the futures commission merchant, clearing member or foreign broker shall report gross long and short positions in each future of a commodity and each strike price of a put or call option for each expiration month in all special accounts, except as specified in paragraph (e) of this section.

(1) Positions which are reported to an exchange or the clearinghouse of an exchange on a gross basis, which the exchange uses for calculating total open interest in a commodity;

(2) Positions in accounts owned or held jointly with another person or persons;

(3) Positions in multiple accounts subject to trading control by the same trader; and

(4) Positions in omnibus accounts.

(f) Omnibus accounts. If the total open long positions or the total open short positions for any future of a commodity carried in an omnibus account is a reportable position, the omnibus account is in Special Account status and shall be reported by the futures commission merchant or foreign broker carrying the account in accordance with paragraph (a) of this section.

(g) Media and file characteristics. (1) Except as otherwise approved by the Commission or its designee, all required records shall be submitted together in a single file. Each record will be 80 characters long. The specific record format is shown in the table below:

1 AN—Alpha-numeric, N—Numeric, S—Signed numeric.

(2) Field definitions are as follows:

(i) Report type. This report format will be used to report three types of data: long and short futures and options positions, futures delivery notices issued and stopped, and exchanges of futures for a commodity or for a derivatives position bought and sold. Valid values for the report type are “RP” for reporting positions, “DN” for reporting notices, and “EP” for reporting exchanges of futures for a commodity or for a derivatives position.

(ii) Reporting firm. The clearing member number assigned by an exchange or clearing house to identify reporting firms. If a firm is not a clearing member, a three-character alpha-numeric identifier assigned by the Commission.

(iii) Account number. A unique identifier assigned by the reporting firm to each special account. The field is zero filled with account number right-justified. Assignment of the account number is subject to the provisions of §§17.00 (b) and (c) and 17.01(a).
(iv) **Report date.** The format is YYYYMMDD, where YYYY is the year, MM is the month, and DD is the day of the month.

(v) **Exchange.** This is a two-character field approved by the Commission to identify the exchange on which a position is held.

(vi) **Put or Call.** Valid values for this field are “C” for a call option and “P” for a put option. For futures, the field is blank.

(vii) **Commodity (1).** An exchange-assigned commodity code for the futures or options contract.

(viii) **Expiration date (1).** The date format is YYYYMMDD and represents the expiration date or delivery date of the reported futures or options contract. For date-specific instruments such as flexible products, the full date must be reported. For other options and futures, this field is used to report the expiration year and month for an options contract or a delivery year and month for a futures contract. The day portion of the field for these contracts contains spaces.

(ix) **Strike price.** This is a signed numeric field for reporting options strike prices. The strike prices should be right-justified and the field zero-filled. Strike prices must be reported in the same formats that are used by an exchange. For futures, the field is left blank.

(x) **Exercise style.** Valid values for this field are “A” for American style options, i.e., those that can be exercised at any time during the life of the options; and “E” for European, i.e., those that can be exercised only at the end of an option’s life. This field is required only for flexible instruments or as otherwise specified by the Commission.

(xi) **Long-Buy-Stopped (Short-Sell-Issued).** When report type is “RP”, report long (short) positions open at the end of a trading day. When report is “DN”, report delivery notices stopped (issued) on behalf of the account. When report type is “EP”, report purchases (sales) of futures for a commodity or for a derivatives position for the account. Report all information in contracts. Position data are reported on a net or gross basis in accordance with paragraphs (d) and (e) of this section.

(xii) **Commodity (2).** The exchange-assigned commodity code for a futures contract or other instrument that a position is exercised into from a date-specific or flexible option.

(xiii) **Expiration date (2).** Similar to other dates, the format is YYYYMMDD and represents the expiration date or delivery month and year of the future or other instrument that a position is exercised into from a date-specific or flexible option.

(xiv) **Record type (1).** Record type is used to correct errors or delete records that have previously been submitted. Valid values are “A”, “C”, “D” or “blank”. An A or “blank” is used in this field for all new records. If the record corrects information for a previously provided record, this field must contain a “C” or “blank” and the record must contain all information on the previously transmitted record. If the record deletes information on a previously provided record, this field must contain a “D” and all information on the previously transmitted record.

(h) **Correction of errors and omissions.** Unless otherwise approved by the Commission or its designee, corrections to errors and omissions in data provided pursuant to §17.00(a) shall be filed on series ‘01 forms or in the format, coding structure and data transmission procedures approved in writing by the Commission or its designee.

(i) **Exclusively self-cleared contracts.** Unless determined otherwise by the Commission, reporting markets that list exclusively self-cleared contracts shall meet the requirements of paragraphs (a) through (h) of this section, as they apply to trading in such contracts by all clearing members, on behalf of all clearing members.

(Approved by the Office of Management and Budget under control number 3038–0009)

[41 FR 3207, Jan. 21, 1976]

**EDITORIAL NOTE:** For Federal Register citations affecting §17.00, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and at www.fdsys.gov.
§ 17.01 Special account designation and identification.

When a special account is reported for the first time, the futures commission merchant, clearing member, or foreign broker shall identify the account to the Commission on Form 102, in the form and manner specified in §17.02, showing the information in paragraphs (a) through (f) of this section.

(a) Special account designator. A unique identifier for the account, provided that the same designator is assigned for option and futures reporting, and the designator is not changed or assigned to another account without prior approval of the Commission or its designee.

(b) Special account identification. The name, address, business phone, and for individuals, the person’s job title and employer for the following:

(1) The person originating the account, if the special account is a house omnibus or customer omnibus account; or

(2) The person (i.e., individual, corporation, partnership, etc.) who owns the special account, if such person (or an employee or officer) also controls the trading of the special account. And, in addition:

(i) The registration status of the person as a commodity trading advisor or a securities investment advisor; and

(ii) The legal organization of the person and the person’s principal business or occupation;

(iii) Account numbers and account names included in the special account, if different than supplied in paragraph (b)(2) of this section;

(iv) The name and location of all persons not identified in paragraph (b)(2) of this section having a ten percent or more financial interest in the special account, indicating those having discretionary trading over the account; and

(v) For special accounts with five or fewer persons having trading authority, the names and locations of all persons with trading authority that have not been identified in paragraphs (b)(2) or (b)(2)(iv) of this section; or

(3) The account controller, if trading of the special account is controlled by a person or legal entity who is an independent account controller for the account owners as defined in §150.1(e). And, in addition:

(i) The registration status of the person as a commodity trading advisor or a securities investment advisor;

(ii) [Reserved]

(iii) If fewer than ten accounts are under control of the independent advisor, for each account the account number and the name and location of each person having a ten percent or more financial interest in the account; and

(iv) On call by the Commission or its designee, for each account controlled by the independent advisor, the account number and account name and the name and location of each person having a ten percent or more financial interest in the account.

(c) [Reserved]

(d) Commercial use. For futures or options, commodities in which positions or transactions in the account are associated with a commercial activity of the account owner in a related cash commodity or activity (i.e., those considered as hedging, risk-reducing, or otherwise off-setting with respect to the cash commodity or activity).

(e) Account executive. The name and business telephone number of the associated person of the futures commission merchant who has solicited and is responsible for the account or, in the case of an introduced account, the name and business telephone number of the introducing broker who introduced the account.

(f) Reporting firms. The name and address of the futures commission merchant, clearing member, or foreign broker carrying the account, and the name, title and business phone of the authorized representative of the firm filing the Form 102 and the date of the Form 102. The authorized representative shall sign the Form 102 or satisfy such other requirements for authenticating the report as instructed in writing by the Commission or its designee.

(g) Form 102 updates. If, at the time an account is in special account status and a Form 102 filed by a futures commission merchant, clearing member, or foreign broker is then no longer accurate because there has been a change in
§ 17.02 Form, manner and time of filing reports.

Unless otherwise instructed by the Commission or its designee, the reports required to be filed by reporting markets, futures commission merchants, clearing members and foreign brokers under §§ 17.00 and 17.01 shall be filed as specified in paragraphs (a) and (b) of this section.

(a) Section 17.00(a) reports. Reports filed under § 17.00(a) shall be submitted through electronic data transmission procedures approved in writing by the Commission or its designee not later than 9 a.m. on the business day following that to which the information pertains. Unless otherwise specified by the Commission or its designee, the stated time is eastern time for information concerning markets located in that time zone, and central time for information concerning all other markets.

(b) Section 17.01 reports. For data submitted pursuant to § 17.01 on Form 102:

(1) On call by the Commission or its designee, identify the type of special account specified by items 1(a), 1(b), or 1(c) of Form 102, and the name and location of the person to be identified in item 1(d) on the Form 102, and submit such information by facsimile or telephone, in accordance with instructions by the Commission or its designee, on the same day that the special account in question is first reported to the Commission; and

(2) Submit a completed Form 102 within three business days of the first day that the special account in question is reported to the Commission in accordance with instructions by the Commission or its designee.

§ 17.03 Delegation of authority to the Director of the Division of Market Oversight.

The Commission hereby delegates, until the Commission orders otherwise, the authority set forth in the paragraphs below to the Director of the Division of Market Oversight to be exercised by such Director or by such other employee or employees of such Director as designated from time to time by the Director. The Director of the Division of Market Oversight may submit to the Commission for its consideration any matter which has been delegated in this paragraph. Nothing in this paragraph prohibits the Commission, at its election, from exercising the authority delegated in this paragraph.

(a) Pursuant to § 17.00(a) and (h), the authority to determine whether futures commission merchants, clearing members and foreign brokers can report the information required under paragraphs (a) and (b) of § 17.00 on series '01 forms or using some other format upon a determination that such person is unable to report the information using the format, coding structure or electronic data transmission procedures otherwise required.

(b) Pursuant to § 17.02, the authority to instruct or approve the time at which the information required under §§ 17.00 and 17.01 must be submitted by futures commission merchants, clearing members and foreign brokers provided that such persons are unable to meet the requirements set forth in §§ 17.01(g) and 17.02.

(c) Pursuant to § 17.01(f), the authority to determine whether to permit an authorized representative of a firm filing the Form 102 to use a means of authenticating the report other than by signing the Form 102 and, if so, to determine the alternative means of authentication that shall be used.

(d) Pursuant to § 17.00(a), the authority to approve a format and coding
Commodity Futures Trading Commission

§ 18.00 Information to be furnished by traders.

Every trader who owns, holds or controls, or has held, owned or controlled, a reportable futures or options position in a commodity shall within one business day after a special call upon such trader by the Commission or its designee file reports to the Commission concerning transactions and positions open long or open short positions as instructed in this paragraph.

(1) Include both the total open long and the total open short positions of the trader if:

(i) The positions represent transactions on a reporting market which requires long and short positions in the same future or option held in accounts for the same trader to be recorded and reported on a gross basis; or

(ii) The account is an omnibus account of another futures commission merchant, clearing member or foreign broker.

(2) Include only the net long or net short positions of the trader if the positions represent transactions on a reporting market which does not require long and short positions in the same future or option held in accounts for the same trader to be recorded and reported on a gross basis.

(Authority: 7 U.S.C. 2, 4, 5, 6a, 6c, 6f, 6i, 6k, 6m, 6n, 12a and 19, as amended by Title XIII of the Food, Conservation and Energy Act of 2008, Public Law 110–246, 122 Stat. 1524 (June 18, 2008); 5 U.S.C. 552 and 552(b), unless otherwise noted.)

§ 18.04 Reporting omnibus accounts to reporting firms.

(a) Any futures commission merchant, clearing member or foreign broker who establishes an omnibus account with another futures commission merchant, clearing member or foreign broker shall report to that futures commission merchant, clearing member or foreign broker the total open long positions and the total open short positions in each future of a commodity and, for commodity options transactions, the total open long put options, the total open short put options, the total open long call options, and the total open short call options for each commodity options expiration date and each strike price in such account at the close of trading each day. The information required by this section shall be reported in sufficient time to enable the futures commission merchant, clearing member or foreign broker with whom the omnibus account is established to comply with the regulations of this part and the reporting requirements established by the reporting markets.

(b) In determining open long and open short futures positions, and open purchased long and open granted short option positions, in an omnibus account for purposes of complying with §§17.00(f), 1.37(b) and 1.58 of this chapter, a futures commission merchant, clearing member or foreign broker shall total the open long positions of all traders and the open short positions of all traders in each future of a commodity and, for commodity options transactions, shall total the open long put options, the open short put options, the open long call options, and the open short call options of all traders for each commodity option expiration date and each strike price. The futures commission merchant, clearing member or foreign broker shall, if both open long and short positions in the same future or option are carried for the same trader, compute open long or open short positions as instructed in this paragraph.

(Authority: 7 U.S.C. 2, 4, 5, 6a, 6c, 6f, 6i, 6k, 6m, 6n, 12a and 19, as amended by Title XIII of the Food, Conservation and Energy Act of 2008, Public Law 110–246, 122 Stat. 1524 (June 18, 2008); 5 U.S.C. 552 and 552(b), unless otherwise noted.)
§ 18.01 Interest in or control of several accounts.

If any trader holds, has a financial interest in or controls positions in more than one account, whether carried with the same or with different futures commission merchants or foreign brokers, all such positions and accounts shall be considered as a single account for the purpose of determining whether such trader has a reportable position and, unless instructed otherwise in the special call to report under § 18.00 for the purpose of reporting.

§ 18.02 [Reserved]

§ 18.03 Delegation of authority to the Director of the Division of Market and Oversight

The Commission hereby delegates, until the Commission orders otherwise, the authority to make special calls on traders for information as set forth in §§ 18.00, 18.04 and 18.05 to the Director of the Division of Market Oversight to be exercised by the Director or by such other employee or employees of the Director as may be designated from time to time by the Director. The Director of the Division of Market Oversight may submit to the Commission for its consideration any matter which has been delegated in this paragraph. Nothing in this paragraph prohibits the Commission, at its election, from exercising the authority delegated in this paragraph.

§ 18.04 Statement of reporting trader.

Every trader who holds or controls a reportable futures and option position shall after a special call upon such trader by the Commission or its designee file with the Commission a “Statement of Reporting Trader” on the Form 40 at such time and place as directed in the call. All traders shall complete part A of the Form 40 and, in addition, shall complete:

Part B—If the trader is an individual, a partnership or a joint tenant.

Part C—If the trader is a corporation or type of trader other than an individual, partnership, or joint tenant.

(a) Information to be furnished by all traders in part A of the Form 40 shall include:

(1) Name and address of reporting trader.

(2) Principal business and occupation of the reporting trader and, in addition, whether transactions are made for, on behalf of, or in association with, a customer trading program of a futures commission merchant, a commodity pool, a producer cooperative, any business activities in which the trader is commercially engaged, or for personal use.

(3) Type of trader.

(4) Registration status with the Commission, if any.

(5) The name and address of each person whose option or futures trading is controlled by the reporting trader. Provided that if the reporting trader is a customer trading program, or the commodity trading advisor thereof, that is a managed or guided account program in which ten or more persons participate, the information furnished may be limited to the name of any commodity pool which participates in the program and the name and address of the CPO.

(6) The name, address and business phone of each person who controls the trading of the reporting trader.

(7) The names and locations of all futures commission merchants, clearing
members, introducing brokers, and foreign brokers through whom accounts owned or controlled by the reporting trader are carried or introduced at the time of filing a Form 40, if such accounts are carried through more than one futures commission merchant, clearing member or foreign broker or carried through more than one office of the same futures commission merchant, clearing member or foreign broker, or introduced by more than one introducing broker clearing accounts through the same futures commission merchant, and the name of the reporting trader’s account executive at each firm or office of the firm.

(8) The names and locations (city and state) of persons who guarantee the futures or option trading accounts of the reporting trader or who have a financial interest of 10 percent or more in the reporting trader or the accounts of the reporting trader.

(9) The following information concerning other option or futures trading accounts which the reporting trader guarantees or other futures or option traders or accounts in which the reporting trader has a financial interest of 10 percent or more:

(i) The names of traders for whom the reporting trader guarantees accounts or in which the reporting trader has a financial interest;

(ii) The names of the accounts that the reporting trader guarantees or in which the reporting trader has a financial interest;

(iii) The names and locations of the brokerage firms at which the accounts are carried.

(10) Information concerning ownership or control by a foreign government, agent of a foreign government, entity specially acknowledged by a statute or regulation of a foreign jurisdiction or entity financed by a foreign government either through ownership of capital assets or provision of operating expenses.

(11) Signature of the trader and date of signing the report. If the reporting trader is an organization, the signature must be that of a partner, officer or trustee authorized to sign on behalf of that organization.

(12) Information to be furnished in part B of the Form 40 shall include:

(1) Business telephone number of the reporting trader.

(2) Employer and job title if the reporting trader is an individual.

(3) The following information if a trader makes transactions or holds positions in a futures or option contract where such transactions or positions normally represent a substitute for transactions to be made or positions to be taken at a later time in a physical marketing channel, and the transactions or positions are economically appropriate to the reduction of risks in the conduct and management of a commercial enterprise:

(i) Commercial activity associated with use of the option or futures market (such as and including production, merchandising or processing of a cash commodity, asset or liability risk management by depository institutions, or security portfolio risk management).

(ii) Physical commodities underlying use of the futures or option markets.

(4) The name, address, and type of any organization in which the reporting trader participates in the management if such organization holds another futures or option trading account.

(5) If the reporting trader is a partnership or joint tenant, the name and address of each partner (excluding limited partners in commodity pools) or joint tenant and the name of the partner or joint tenant who ordinarily places orders.

(c) Information to be furnished in part C of the Form 40 shall include:

(1) Whether or not the reporting trader is organized under the laws of any state (including the District of Columbia) or territory or possession of the United States or under the laws of any foreign jurisdiction. Reporting traders organized outside the jurisdiction of the United States must indicate the country of origin.

(2) The names of parent firms and whether or not they are organized under the laws of any state (including the District of Columbia) or territory of possession of the United States and the location of each headquarter’s office.

(3) Names and locations of all subsidiary firms that trade in commodity
§ 18.05  Maintenance of books and records.

(a) Every trader who holds or controls a reportable futures or option position shall keep books and records showing all details concerning all positions and transactions in the commodity:

(1) On all reporting markets;

(2) Executed over the counter or pursuant to part 35 of this chapter;

(3) On exempt commercial markets operating under a Commission grandfather relief order issued pursuant to Section 723(c)(2)(B) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Pub. L. 111–203, 124 Stat. 1376 (2010));

(4) On exempt boards of trade operating under a Commission grandfather relief order issued pursuant to Section 734(c)(2) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Pub. L. 111–203, 124 Stat. 1376 (2010)); and

(5) On foreign boards of trade.

(b) Every such trader shall also keep books and records showing all details concerning all positions and transactions in the cash commodity, its products and byproducts, and all commercial activities that the trader hedges in the futures or option contract in which the trader is reportable.

(c) The trader shall upon request furnish to the Commission any pertinent information concerning such positions, transactions, or activities in a form acceptable to the Commission.

§ 18.06  [Reserved]
§ 19.00 General provisions.

(a) Who must file series '04 reports. The following persons are required to file series '04 reports:

(1) All persons holding or controlling futures and option positions that are reportable pursuant to §15.00(p)(2) of this chapter and any part of which constitute bona fide hedging positions as defined in §1.3(z) of this chapter;

(2) Merchants and dealers of cotton holding or controlling positions for futures delivery in cotton that are reportable pursuant to §15.00(p)(1)(i) of this chapter, or

(3) All persons holding or controlling positions for future delivery that are reportable pursuant to §15.00(p)(1) of this chapter who have received a special call for series '04 reports from the Commission or its designee. Filings in response to a special call shall be made within one business day of receipt of the special call unless otherwise specified in the call. For the purposes of this paragraph, the Commission hereby delegates to the Director of the Division of Market Oversight, or to such other person designated by the Director, authority to issue calls for series '04 reports.

(b) Manner of reporting. The manner of reporting the information required in §19.01 is subject to the following:

(1) Excluding products or byproducts of the cash commodity hedged. If the regular business practice of the reporting trader is to exclude certain products or byproducts in determining his cash positions for bona fide hedging (as defined in §1.3(z) of this chapter), the same shall be excluded in the report. Such persons shall furnish to the Commission upon request detailed information concerning the kind and quantity of product or byproduct so excluded.

(2) Cross hedges. Cash positions that represent a commodity or products or byproducts of a commodity that is different from the commodity for future delivery in which such cash position is being hedged shall be shown both in terms of the commodity for future delivery and in terms of the cash commodity as provided for on the appropriate series '04 form.

(3) Standards and conversion factors. In computing their cash position, every person shall use such standards and conversion factors that are usual in the particular trade or that otherwise reflect the value-fluctuation-equivalents of the cash position in terms of the commodity for future delivery. Such person shall furnish to the Commission upon request detailed information concerning the basis for and derivation of such conversion factors.

(Amended by the Office of Management and Budget under control number 3038–0009)

§ 19.01 Reports on stocks and fixed price purchases and sales pertaining to futures positions in wheat, corn, oats, soybeans, soybean oil, soybean meal or cotton.

(a) Information required. Persons required to file '04 reports under §19.00(a)(1) or §19.00(a)(3) of this chapter shall file CFTC Form 304 reports for cotton and Form 204 reports for other commodities showing the composition of the fixed price cash position of each commodity hedged including:

(1) The quantity of stocks owned of such commodities and their products and byproducts.

(2) The quantity of fixed price purchase commitments open in such cash commodities and their products and byproducts.

(3) The quantity of fixed price sale commitments open in such cash commodities and their products and byproducts; and in addition for cotton,

(4) The quantity of equity in cotton held by the Commodity Credit Corporation under the provisions of the Upland Cotton Program of the Agricultural Stabilization and Conservation Service of the U.S. Department of Agriculture.

(5) The quantity of certificated cotton owned.

(b) Time and place of filing reports—

Except for reports filed in response to special calls made under §19.00(a)(3), each report shall be made monthly, as of the close of business on the last Friday of the month, and filed at the appropriate Commission office specified in paragraph (b)(1) or (2) of this section not later than the second business day following the date of the report in the
§ 19.02 Reports pertaining to cotton call purchases and sales.

(a) Information required. Persons required to file '04 reports under § 19.06(a)(2) of this chapter shall file CFTC Form 304 reports showing the quantity of call cotton bought or sold on which the price has not been fixed, together with the respective futures on which the purchase or sale is based. As used herein, call cotton refers to spot cotton bought or sold, or contracted for purchase or sale at a price to be fixed later based upon a specified future.

(b) Time and place of filing reports. Each report shall be made weekly as of the close of business on Friday and filed at the Commission's office in New York, NY, not later than the second business day following the date of the report. Reports may be transmitted by facsimile or, alternatively, information on the form may be reported to the appropriate Commission office by telephone and the report mailed to the same office, not later than midnight of its due date.

§ 20.1 Definitions.

As used in, and solely for the purposes of, this part:

Business day means "business day" as that term is defined in §1.3 of this chapter.

Cleared product means a paired swap or swaption that a clearing organization offers or accepts for clearing.

Clearing member means any person who is a member of, or enjoys the privilege of, clearing trades in its own name through a clearing organization.

Clearing organization means the person or organization that acts as a medium between clearing members for the purpose of clearing swaps or swaptions or effecting settlements of swaps or swaptions.

Closed swap or closed swaption means a swap or swaption that has been settled, exercised, closed out or terminated.
Commodity Futures Trading Commission

§ 20.1

Commodity reference price means the price series (including derivatives contract and cash market prices or price indices) used by the parties to a swap or swaption to determine payments made, exchanged, or accrued under the terms of the contracts.

Counterparty means, from the perspective of one side to a contract, the person that is the direct legal counterparty corresponding to the other side of the contract.

Clearing member customer means any person for whom a reporting entity clears a swap or swaption position.

Futures equivalent means an economically equivalent amount of one or more futures contracts that represents a position or transaction in one or more paired swaps or swaptions consistent with the conversion guidelines in appendix A of this part.

Open swap or swaption means a swap or swaption that has not been closed.

Paired swap or paired swaption means an open swap or swaption that is:

(1) Directly or indirectly linked, including being partially or fully settled on, or priced at a differential to, the price of any commodity futures contract listed in §20.2; or

(2) Directly or indirectly linked, including being partially or fully settled on, or priced at a differential to, the price of the same commodity for delivery at the same location or locations.

Person means any “person” as that term is defined in §1.3 of this chapter.

Reportable account or consolidated account that is reportable means a consolidated account that includes a reportable position.

Reportable position means:

(i) A position, in any one futures equivalent month, comprised of 50 or more futures equivalent paired swaps or swaptions based on the same commodity underlying a futures contract listed in §20.2, grouped separately by swaps and swaptions, then grouped by gross long contracts on a futures equivalent basis or gross short contracts on a futures equivalent basis;

(ii) For a consolidated account (described in §20.4(a)) that includes a reportable position as defined in paragraph (1)(i) of this definition, all other positions in that account that are based on the commodity that renders the account reportable; and

(iii) The first reporting day on which a consolidated account (described in §20.4(a)) no longer includes a reportable position as described in paragraph (1)(i) of this definition (because on such day, the reporting entity’s consolidated account shall continue to be considered and treated as if it in fact included reportable positions as described in paragraph (1)(i) of this definition); or

(2) At the discretion of a reporting entity, and as an alternative to paragraph (1) of this definition, so long as the same method is consistently applied to all consolidated accounts (as described in §20.4(a)) of the reporting entity, all positions on a gross basis in a consolidated account that are based on the same commodity.

Reporting day means the period of time between a clearing organization or reporting entity’s usual and customary last internal valuation of paired swaps or swaptions and the next such period, so long as the period of time is consistently observed on a daily basis and the Commission is notified, upon its request, of the manner by which such period is calculated and any subsequent changes thereto.

Reporting entity means:

(1) A clearing member; or

(2) A swap dealer in one or more paired swaps or swaptions as that term is defined in section 1a of the Act and any Commission definitional regulations adopted thereunder.

Swap means:

(1) Until the effective date of any definitional rulemaking regarding “swap” by the Commission under section 1a of the Act, an agreement (including terms and conditions incorporated by reference therein) which is a commodity swap (including any option to enter into such swap) within the meaning of “swap agreement” under §35.1(b)(1) of this chapter, or a master agreement for a commodity swap together with all supplements thereto; or

(2) “Swap” as defined in section 1a of the Act and any Commission definitional regulations adopted thereunder, upon the effective date of such regulations.
Swaption means an option to enter into a swap or a swap that is an option.

§ 20.2 Covered contracts.

The futures and option contracts listed by designated contract markets for the purpose of reports filed and information provided under this part are as follows:

COVERED AGRICULTURAL AND EXEMPT FUTURES CONTRACTS—Continued

NYMEX Palladium.
NYMEX Platinum.
NYMEX Sugar No. 11.
NYMEX Uranium.
Diversified Commodity Index (See §20.11).

§ 20.3 Clearing organizations.

(a) Reporting data records. For each reporting day, with respect to paired swaps or swaptions, clearing organizations shall report to the Commission, separately for each clearing member’s proprietary and clearing member customer account, unique groupings of the data elements in paragraph (b) of this section (to the extent that there are such corresponding elements), in a single data record, so that each reported record is distinguishable from every other reported record (because of differing data values, as opposed to the arrangement of the elements).

(b) Populating reported data records with data elements. Data records reported under paragraph (a) of this section shall include the following data elements:

1. An identifier assigned by the Commission to the clearing organization;
2. The identifier assigned by the clearing organization to the clearing member;
3. The identifier assigned by the clearing organization for a cleared product;
4. The reporting day;
5. A proprietary or clearing member customer account indicator;
6. The futures equivalent month;
7. The commodity reference price;
8. Gross long swap positions;
9. Gross short swap positions;
10. A swaption put or call side indicator;
11. A swaption expiration date;
12. A swaption strike price;
13. Gross long non-delta-adjusted swaption positions; and

(c) End of reporting day data. For all futures equivalent months, clearing organizations shall report end of reporting day settlement prices for each cleared product and deltas for every
unique swaption put and call, expiration date, and strike price.

§ 20.4 Reporting entities.

(a) Consolidated accounts. Each reporting entity shall combine all paired swap and swaption positions:

(1) That are principal positions (swaps and swaptions to which the reporting entity is a direct legal counterparty), in a single consolidated account that it shall attribute to itself; and

(2) That are positions of the reporting entity’s counterparty in a single consolidated account that it shall attribute to that specific counterparty.

(b) Reporting data records. Reporting entities shall report to the Commission, for each reporting day, and separately for each reportable position in a consolidated account described in paragraphs (a)(1) and (a)(2) of this section, unique groupings of the data elements in paragraph (c) of this section (to the extent that there are such corresponding elements), in a single data record, so that each reported record is distinguishable from every other reported record (because of differing data values, as opposed to the arrangement of the elements).

(c) Populating reported data records with data elements. Data records reported under paragraph (b) of this section shall include the following data elements:

(1) An identifier assigned by the Commission to the reporting entity;

(2) An identifier indicating that a principal or counterparty position is being reported;

(3) A 102S identifier assigned by the reporting entity to its counterparty whose position is being reported;

(4) The name of the counterparty;

(5) The reporting day;

(6) If cleared, the identifier for the cleared product assigned by the clearing organization;

(7) The commodity underlying the reportable positions;

(8) The futures equivalent month;

(9) A cleared or uncleared indicator;

(10) A clearing organization identifier;

(11) The commodity reference price;

(12) An execution facility indicator;

(13) Long paired swap positions;

(14) Short paired swap positions;

(15) A swaption put or call side indicator;

(16) A swaption expiration date;

(17) A swaption strike price;

(18) Long non-delta-adjusted paired swaption positions;

(19) Short non-delta-adjusted paired swaption positions;

(20) Long delta-adjusted paired swaption positions (using economically reasonable and analytically supported deltas);

(21) Short delta-adjusted paired swaption positions (using economically reasonable and analytically supported deltas);

(22) Long paired swap or swaption notional value; and

(23) Short paired swap or swaption notional value.

§ 20.5 Series S filings.

(a) 102S filing. (1) When a counterparty consolidated account first becomes reportable, the reporting entity shall submit a 102S filing, which shall consist of the name, address, and contact information of the counterparty and a brief description of the nature of such person’s paired swaps and swaptions market activity.

(2) A reporting entity may submit a 102S filing only once for each counterparty, even if such persons at various times have multiple reportable positions in the same or different paired swaps or swaptions; however, reporting entities must update a 102S filing if the information provided is no longer accurate.

(3) Reporting entities shall submit a 102S filing within three days following the first day a consolidated account first becomes reportable or at such time as instructed by the Commission upon special call.

(b) 40S filing. Every person subject to books or records under §20.6 shall after a special call upon such person by the Commission file with the Commission a 40S filing at such time and place as directed in the call. A 40S filing shall consist of the submission of a Form 40, which shall be completed by such person as if any references to futures or option contracts were references to paired swaps or swaptions as defined in §20.1.
§ 20.6 Maintenance of books and records.

(a) Every clearing organization shall keep all records of transactions in paired swaps or swaptions, and methods used to convert paired swaps or swaptions into futures equivalents, in accordance with the requirements of §1.31 of this chapter.

(b) Every reporting entity shall keep all records of transactions in paired swaps or swaptions, and methods used to convert paired swaps or swaptions into futures equivalents, in accordance with the requirements of §1.31 of this chapter.

(c) Every person with equal to or greater than 50 gross all-months-combined futures equivalent positions in paired swaps or swaptions on the same commodity shall:

(1) Keep books and records showing all records for transactions resulting in such positions, which may be kept and reproduced for Commission inspection in the record retention format that such person has developed in the normal course of its business operations; and

(2) Keep books and records showing transactions in the cash commodity underlying such positions or its products and byproducts, and all commercial activities that are hedged or which have risks that are mitigated by such positions, which may be kept in accordance with the recordkeeping schedule and reproduced for Commission inspection in the record retention format that such person has developed in the normal course of its business operations.

(d) All books and records required to be kept by paragraphs (a) through (c) of this section shall be furnished upon request to the Commission along with any pertinent information concerning such positions, transactions, or activities.

§ 20.7 Form and manner of reporting and submitting information or filings.

Unless otherwise instructed by the Commission, a clearing organization or reporting entity shall submit data records and any other information required under this part to the Commission as follows:

(a) Using the format, coding structure, and electronic data transmission procedures approved in writing by the Commission;

(b) For clearing organizations, not later than 9:00 a.m. eastern time on the next business day following the reporting day or at such other time as instructed by the Commission; and

(c) For clearing members and swap dealers, not later than 12:00 p.m. eastern time on the second (T+2) business day following the reporting day or at such other time as instructed by the Commission.

§ 20.8 Delegation of authority to the Director of the Division of Market Oversight.

(a) The Commission hereby delegates, until it orders otherwise, to the Director of the Division of Market Oversight or such other employee or employees as the Director may designate from time to time, the authority:

(1) In §20.5(a)(3) for issuing a special call for a 102S filing;

(2) In §20.5(b) for issuing a special call for a 40S filing;

(3) In §20.6(d) for issuing a special call;

(4) In §20.7 for providing instructions or determining the format, coding structure, and electronic data transmission procedures for submitting data records and any other information required under this part; and

(5) In §20.10 for determining the described compliance schedules.

(b) The Director of the Division of Market Oversight may submit to the Commission for its consideration any matter which has been delegated in this section.

(c) Nothing in this section prohibits the Commission, at its election, from exercising the authority delegated in this section.

§ 20.9 Sunset provision.

(a) Except as otherwise provided in paragraph (b) of this section, the sections of this part shall become ineffective and unenforceable upon a Commission finding that, through the issuance of an order, operating swap data repositories are processing positional data and that such processing will enable...
the Commission to effectively surveil trading in paired swaps and swaptions and paired swap and swaption markets.

(b) The Commission may determine, in its discretion, to maintain the effectiveness and enforceability of any section of this part, or any requirement therein, in an order issued under paragraph (a) of this section, upon finding that such sections, or requirements therein, provide the Commission with positional data or data elements that materially improves the accuracy and surveillance utility of the positional data processed by swap data repositories.

§ 20.10 Compliance schedule.

(a) Clearinghouses, clearing members and persons with books and records obligations shall comply with the requirements of this part upon the effective date of this part.

(b) Swap dealers that are not clearing members shall comply with the requirements of this part upon the effective date of final regulations further defining the term swap dealer.

(c) The Commission may permit, for a period not to exceed six calendar months following the effective date specified in paragraph (a) of this section, the submission of reports pursuant to §§20.3 and 20.4 that differ in content, or are submitted in a form and manner which is other than prescribed by the provisions of this part, provided that the submitter is making a good faith attempt to comply with all of the provisions of this part.

(d) Unless determined otherwise by the Commission, paired swap and swaption position and market reports submitted under parts 15 through 19, or 21 of this chapter, or any order of the Commission, shall continue to be submitted under those parts or orders until swap dealers are required to comply with §20.4.

(e) The Commission may extend the compliance date established in paragraph (b) of this section by an additional six calendar months based on resource limitations or lack of experience in reporting transactions to the Commission for a swap dealer that is not an affiliate of a bank holding company and:

(1) Is not registered with the Commission as a futures commission merchant and is not an affiliate of a futures commission merchant;

(2) Is not registered with the Securities and Exchange Commission as a broker or dealer and is not an affiliate of a broker or dealer; and

(3) Is not supervised by any Federal prudential regulator.

§ 20.11 Diversified commodity indices.

For the purpose of reporting in futures equivalents, paired swaps and swaptions using commodity reference prices that are commonly known diversified indices with publicly available weightings may be reported as if such indices underlie a single futures contract with monthly expirations for each calendar month and year.

APPENDIX A TO PART 20—GUIDELINES ON FUTURES EQUIVALENCY

The following examples illustrate how swaps should be converted into futures equivalents. In general the total notional quantity for each swap should be apportioned to referent futures months based on the fraction of days remaining in the life of the swap during each referent futures month to the total duration of the swap, measured in days. The terms used in the examples are to be understood in a manner that is consistent with industry practice.

**EXAMPLE 1—FIXED FOR FLOATING WTI CRUDE OIL SWAP LINKED TO A DCM CONTRACT**

Reference Price .......................................... Daily official next to expire contract price for the NYMEX Light Sweet Crude Oil Futures Contract ("WTI") in $/bbl through the NYMEX spot month.

Fixed Price .................................................. $80.00 per barrel.

Floating Price .............................................. The arithmetic average of the reference price during the pricing period.

Notional Quantity ........................................ 100,000 bbls/month.

Calculation Period ...................................... One month.

Fixed Price Payer ....................................... Company A.

Floating Price Payer ................................... Company B.

Settlement Type ......................................... Financial.

Swap Term ................................................ Six full months from January 1 to June 30.

Floating Amount ......................................... Floating Price * Notional Quantity.

Fixed Amount ............................................. Fixed Price * Notional Quantity.
NYMEX WTI trading in the next to expire futures contract ceases on the third business day prior to the 25th of the calendar month preceding the contract month. For simplicity in this example, the last trading day in each WTI futures contract is shown as the 22nd of the month.

**EXAMPLE 3—FIXED FOR FLOATING NY RBOB (PLATTS) CALENDAR SWAP FUTURES**

Reference Price ........................................... Platts Oiogram next to expire contract Price Report for New York RBOB (Barge)
through the NYMEX spot month.

Fixed Price ................................................. $1.8894 per gallon.

Floating Price ............................................. For each contract month, the floating price is equal to the arithmetic average of the
high and low quotations from Platts Oiogram Price Report for New York RBOB
(Barge) for each business day that it is determined during the contract month.

Calculation Period ........................................ One quarter.

Notional Quantity ......................................... 84 million gallons/quarter.

Fixed Price Payer ......................................... Company A.

Floating Price Payer ........................................ Company B.

Settlement Type ........................................... Financial.

Swap Term .................................................. Six full months from January 1 to June 30.

Floating Amount ........................................... Floating Price * Notional Quantity.

Fixed Amount ............................................... Fixed Price * Notional Quantity.

**NYMEX NY RBOB (Platts) Calendar Swap Futures**

Contract month ends on the final business day of the contract month. For simplicity in this example, the last trading day in each futures contract is shown as the final day of the month.

**Futures Equivalent Position on January 1**

Total Notional Quantity = 2 quarters * 84 million = 168 million gallons

42,000 gallons = 1 futures contract

Therefore 168 million/42,000 gallons/futures contract = 4,000 futures equivalent contracts

Total number of days = 31 + 28 + 31 + 30 + 31 + 30 = 181

**FUTURES EQUIVALENT POSITION OF SWAP ON JANUARY 1**

**EXAMPLE 4—CALENDAR SPREAD SWAP**

Reference Price ........................................... The difference between the next to expire contract price for the NYMEX WTI Fu-
tures contract and the deferred contract price for the NYMEX WTI Futures con-
tract.

Fixed Price ................................................. $80 per barrel.

Floating Price ............................................. The arithmetic average of the reference price during the pricing period.

Calculation Period ...................................... One month.

Notional Quantity ......................................... 100,000 bbls/month.

Fixed Price Payer ......................................... Company A.

Floating Price Payer ........................................ Company B.

Settlement Type ........................................... Financial.

Swap Term .................................................. Six full months from January 1 to June 30.

Floating Amount ........................................... Floating Price * Notional Quantity.

Fixed Amount ............................................... Fixed Price * Notional Quantity.
EXHIBIT 4—CALENDAR SPREAD SWAP—Continued

NYMEX WTI trading in the next to expire futures contract ceases on the third business day prior to the 25th of the calendar month preceding the contract month. For simplicity in this example, the last trading day in each WTI futures contract is shown as the 22nd of the month.

APPENDIX B TO PART 20—EXPLANATORY GUIDANCE ON DATA RECORD LAYOUTS

RECORD LAYOUT EXAMPLES FOR §20.3

The following example (in Tables 1, 2 and 3) covers reporting for a particular clearing organization, “Clearing Organization One,” would report, for the 27th of September 2010, the following eleven unique data record submissions. Each data record submission represents a unique position, as indicated by §20.3, held by a clearing member of Clearing Organization One. Paragraph (a) of §20.3 broadly outlines the data elements that determine unique positions for reports on clearing member positions. Paragraphs (b) of §20.3 present all of the data elements that should be submitted in reference to a particular data record for a particular clearing member (in Table 1). Paragraph (c) identifies data elements that would comprise end of day record data on cleared products (in Tables 2 and 3). Therefore, paragraphs (b) and (c) of §20.3 present all of the data elements that should be submitted in reference to a particular data record.

Because CFTC designated Clearing Organization One (in this example) currently has two clearing members, “Clearing Member One” and “Clearing Member Two,” positions...
Commodity Futures Trading Commission

Clearing Member Two currently has six positions with the following varying characteristics: Cleared product IDs; futures equivalent months/years; commodity reference prices; swaption positions that involve both puts and calls; and multiple strike prices. Accordingly, these positions must be reported in separate data records. An illustration of how these records would appear is included in Table 1 below. Clearing Organization One would also have to report the corresponding swaption position deltas, strike prices, expiration dates, and settlement prices and swap settlement prices. An illustration of these submissions is included in Tables 2 and 3 below.

**FIRST RECORD LAYOUT EXAMPLE FOR § 20.4:**

This first example shows the data records generated under §20.4 by a single reporting firm for report date September 27, 2011. Each data record represents a unique part of a reportable position in heating oil and natural gas by the reporting entity and its counterparties. Paragraph (b) of §20.4 outlines the data elements that determine unique positions.

In this example, the reporting entity clears with one clearing organization and therefore the data records do not have to be delineated by clearing organization (there is a reportable position stemming from an uncleared transaction included as well). However, if the reporting entity in this example used multiple clearing organizations, then it would have to further subdivide its data submissions by each clearing organization.

The reporting entity reports fifteen records; six principal positions and nine counterparty positions. The reported positions constitute separate data records because they vary by the following characteristics: swap counterparties; futures equivalent months/years; clearing organization cleared products; swaptions that were either cleared or uncleared; commodity reference prices; and whether the trade was entered into on or off execution facilities. An illustration of how these records would be reported is included in Table 4 below.

For the calculation of notional values, assume for simplicity that the price of heating oil, for all contract months and for both reference prices, is $3/gal. Similarly, assume that the price of natural gas for all contract months is $4.25/MMBtu.

NOTE: The bottom two rows in Table 4 indicate whether, for uncleared and cleared swaps and swaptions, data elements for which any difference in one of the elements constitutes a reason for a new data record (NDR).

### PART 21—SPECIAL CALLS

**Sec. 21.00 Preparation and transmission of information upon special call.**

All information required upon special call shall be prepared in such form and manner and in accordance with such instructions, and shall be transmitted at such time and to such office of the Commission, as may be specified in the call.

**§ 21.01 Special calls for information on controlled accounts from futures commission merchants, clearing members and introducing brokers.**

Upon call by the Commission, each futures commission merchant, clearing member and introducing broker shall file with the Commission the names and addresses of all persons who, by power of attorney or otherwise, exercise trading control over any customer’s account in commodity futures or commodity options on any reporting market.

[74 FR 12192, Mar. 23, 2009]

**§ 21.02 Special calls for information on open contracts in accounts carried or introduced by futures commission merchants, clearing members, members of reporting markets, introducing brokers, and foreign brokers.**

Upon special call by the Commission for information relating to futures or option positions held or introduced on the dates specified in the call, each futures commission merchant, clearing member, member of a reporting market, introducing broker, or foreign broker, and, in addition, for option information, each reporting market, shall furnish to the Commission the following information concerning accounts of traders owning or controlling such futures or option positions, except for accounts carried on a fully disclosed basis by another futures commission merchant or clearing member, as may be specified in the call:

(a) The name, address, and telephone number of the person for whom each account is carried;

(b) The principal business or occupation of the person for whom each account is introduced or carried, as specified in the call;
(c) The type of each such account;
(d) The name, address and principal business or occupation of any person who controls the trading of each account;
(e) The name and address of any person having a financial interest of ten percent or more in each account;
(f) The number of open futures or option positions introduced or carried in each account, as specified in the call;
(g) The total number of futures contracts exchanged for commodities or for derivatives positions;
(h) The total number of futures contracts against which delivery notices have been issued or received; and
(i) As applicable, the following identifying information:
(1) Whether a trader who holds commodity futures or option positions is classified as a commercial or as a non-commercial trader for each commodity futures or option contract;
(2) Whether the open commodity futures or option contracts are classified as speculative, spreading (straddling), or hedging; and
(3) Whether any of the accounts in question are omnibus accounts and, if so, whether the originator of the omnibus account is another futures commission merchant, clearing member or foreign broker.

(Approved by the Office of Management and Budget under control number 3038-0017)

§ 21.03 Selected special calls—duties of foreign brokers, domestic and foreign traders, futures commission merchants, clearing members, introducing brokers, and reporting markets.

(a) For purposes of this section, the term “accounts of a futures commission merchant, clearing member or foreign broker” means all open contracts and transactions in futures and options on the records of the futures commission merchant, clearing member or foreign broker; the term “beneficial interest” means having or sharing in any rights, obligations or financial interest in any futures or options account; the term “customer” means any futures commission merchant, clearing member, introducing broker, foreign broker, or trader for whom a futures commission merchant, clearing member or reporting market that is a registered entity under section 1a(29) of the Act makes or causes to be made a futures or options contract. Paragraphs (e), (g) and (h) of this section shall not apply to any futures commission merchant, clearing member or customer whose books and records are open at all times to inspection in the United States by any representative of the Commission.

(b) It shall be unlawful for a futures commission merchant to open a futures or options account or to effect transactions in futures or options contracts for an existing account, or for an introducing broker to introduce such an account, for any customer for whom the futures commission merchant or introducing broker is required to provide the explanation provided for in §15.05(c) of this chapter, or for a reporting market that is a registered entity under section 1a(40)(F) of the Act, to cause to open an account, or to cause transactions to be effected, in a contract traded in reliance on a Commission grandfather relief order issued pursuant to Section 723(c)(2)(B) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Pub. L. 111–203, 124 Stat. 1376 (2010)), for an existing account for any person that is a foreign clearing member or foreign trader, until the futures commission merchant, introducing broker, clearing member or reporting market has explained fully to the customer, in any manner that such person deems appropriate, the provisions of this section.

(c) Upon a determination by the Commission that information concerning accounts may be relevant information in enabling the Commission to determine whether the threat of a market manipulation, corner, squeeze, or other market disorder exists on any reporting market, the Commission may issue a call for information from a futures commission merchant, clearing
member, introducing broker or customer pursuant to the provisions of this section.

(d) In the event the call is issued to a foreign broker, foreign clearing member or foreign trader, its agent, designated pursuant to §15.05 of this chapter, shall, if directed, promptly transmit calls made by the Commission pursuant to this section by electronic mail or a similarly expeditious means of communication.

(e) The futures commission merchant, clearing member, introducing broker, or customer to whom the special call is issued must provide to the Commission the information specified below for the commodity, reporting market and delivery months or option expiration dates named in the call. Such information shall be filed at the place and within the time specified by the Commission.

(1) For each account of a futures commission merchant, clearing member, introducing broker, or foreign broker, including those accounts in the name of the futures commission merchant, clearing member or foreign broker, on the dates specified in the call issued pursuant to this section, such persons shall provide the Commission with the following information:

(i) The name and address of the person in whose name the account is carried or introduced and, if the person is not an individual, the name of the individual to contact regarding the account;

(ii) The total open futures and options contracts in the account;

(iii) The number of futures contracts against which delivery notices have been issued or received and the number against which exchanges of futures for cash have been transacted during the period of time specified in the call;

(iv) Whether the account is carried for and in the name of another futures commission merchant, clearing member, introducing broker, or foreign broker; and

(v) For the accounts which are not carried for and in the name of another futures commission merchant, clearing member, introducing broker, or foreign broker, the name and address of any other person who controls the trading of the account, and the name and address of any person who has a ten percent or more beneficial interest in the account.

(2) Each trader shall provide the Commission with the following information:

(i) The total open futures and options contracts owned or controlled on the dates specified in the call;

(ii) The name and address of any person having a ten percent or more beneficial interest in the open futures or options contracts reported pursuant to this paragraph;

(iii) The name and address of any other person who controls the trading of the open futures or options contracts reported pursuant to this paragraph; and

(iv) The cash commodity transaction and position information required to be maintained pursuant to §18.05 of this chapter as specified in the call which relates to futures or options positions of the trader in the United States.

(f) If the Commission has reason to believe that any person has not responded as required to a call made pursuant to this section, the Commission in writing may inform the reporting market specified in the call and that reporting market shall prohibit the execution of, and no futures commission merchant, clearing member, introducing broker, or foreign broker shall effect a transaction in connection with trades on the reporting market and in the months or expiration dates specified in the call for or on behalf of the futures commission merchant or customer named in the call, unless such trades offset existing open contracts of such futures commission merchant or customer.

(g) Any person named in a special call that believes he or she is or may be adversely affected or aggrieved by action taken by the Commission under paragraph (f) of this section shall have the opportunity for a prompt hearing after the Commission acts. That person may immediately present in writing to the Commission for its consideration any comments or arguments concerning the Commission’s action and may present for Commission consideration any documentary or other evidence that person deems appropriate. Upon request, the Commission may, in
its discretion, determine that an oral hearing be conducted to permit the further presentation of information and views concerning any matters by any or all such persons. The oral hearing may be held before the Commission or any person designated by the Commission, which person shall cause all evidence to be reduced to writing and forthwith transmit the same and a recommended decision to the Commission. The Commission’s directive under paragraph (f) of this section shall remain in effect unless and until modified or withdrawn by the Commission.

(h) If, during the course of or after the Commission acts pursuant to paragraph (f) of this section, the Commission determines that it is appropriate to undertake a proceeding pursuant to section 6(c) of the Act, the Commission shall issue a complaint in accordance with the requirements of section 6(c), and, upon further determination by the Commission that the conditions described in paragraph (c) of this section still exist, a hearing pursuant to section 6(c) of the Act shall commence no later than five business days after service of the complaint. In the event the person served with the complaint under section 6(c) of the Act has, prior to the commencement of the hearing under section 6(c) of the Act, sought a hearing pursuant to paragraph (g) of this section and the Commission has determined to accord him such a hearing, the two hearings shall be conducted simultaneously. Nothing in this section shall preclude the Commission from taking other appropriate action under the Act or the Commission’s regulations thereunder, including action under section 6(c) of the Act, regardless of whether the conditions described in paragraph (c) of this section still exist, and no ruling issued in the course of a hearing pursuant to paragraph (g) or this paragraph shall constitute an estoppel against the Commission in any other action.

(Approved by the Office of Management and Budget under control number 3038-0009)

shall be deemed to prohibit the Commission, at its election, from exercising the authority delegated in this section to the Director.

22.10 Information to be provided regarding Cleared Swaps Customers and their Cleared Swaps.
22.11 Information to be maintained regarding Cleared Swaps Customer Collateral.
22.12 Additions to Cleared Swaps Customer Collateral.
22.13 Treatment of Cleared Swaps Customer Collateral on an individual basis.
22.14 Clearing Swaps Customer Account. This term refers to any person entering into a Cleared Swap, but shall exclude:
(1) Any owner or holder of a Cleared Swaps Proprietary Account with respect to the Cleared Swaps in such account; and
(2) A clearing member of a derivatives clearing organization with respect to Cleared Swaps cleared on that derivatives clearing organization. A person shall be a Cleared Swaps Customer only with respect to its Cleared Swaps.
22.15 Clearing Swaps Customer Account. This term refers to any account for the Cleared Swaps of Cleared Swaps Customers and associated Cleared Swaps Customer Collateral that:
(1) A futures commission merchant maintains on behalf of Cleared Swaps Customers (including, in the case of a Collecting Futures Commission Merchant, the Cleared Swaps Customers of a Depositing Futures Commission Merchant) or
(2) A derivatives clearing organization maintains for futures commission merchants on behalf of Cleared Swaps Customers thereof.

For the purposes of this part:
Cleared Swap. This term refers to a transaction constituting a “cleared swap” within the meaning of section 1a(7) of the Act.
(1) This term shall exclude any swap (along with money, securities, or other property received to margin, guarantee, or secure such a swap) that, pursuant to a Commission rule, regulation, or order, is (along with such money, securities, or other property) commingled with a commodity future or option (along with money, securities, or other property received to margin, guarantee, or secure such a future or option) that is segregated pursuant to section 4d(a) of the Act.
(2) This term shall include any trade or contract (along with money, securities or other property received to margin, guarantee, or secure such a trade or contract), that
(i) Would be required to be segregated pursuant to section 4d(a) of the Act, or
(ii) Would be subject to §30.7 of this chapter, but which is, in either case, pursuant to a Commission rule, regulation, or order (or a derivatives clearing organization rule approved in accordance with §39.15(b)(2) of this chapter), commingled with a swap (along with money, securities, or other property received to margin, guarantee, or secure such a swap) in an account segregated pursuant to section 4d(f) of the Act.

SOURCE: 77 FR 6371, Feb. 7, 2012, unless otherwise noted.

§ 22.1 Definitions.

For the purposes of this part:
Cleared Swap. This term refers to a transaction constituting a “cleared swap” within the meaning of section 1a(7) of the Act.
(1) This term shall exclude any swap (along with money, securities, or other property received to margin, guarantee, or secure such a swap) that, pursuant to a Commission rule, regulation, or order, is (along with such money, securities, or other property) commingled with a commodity future or option (along with money, securities, or other property received to margin, guarantee, or secure such a future or option) that is segregated pursuant to section 4d(a) of the Act.

22.13 Treatment of Cleared Swaps Customer Collateral on an individual basis.
22.14 Clearing Swaps Customer Account. This term refers to any person entering into a Cleared Swap, but shall exclude:
(1) Any owner or holder of a Cleared Swaps Proprietary Account with respect to the Cleared Swaps in such account; and
(2) A clearing member of a derivatives clearing organization with respect to Cleared Swaps cleared on that derivatives clearing organization. A person shall be a Cleared Swaps Customer only with respect to its Cleared Swaps.
22.15 Clearing Swaps Customer Account. This term refers to any account for the Cleared Swaps of Cleared Swaps Customers and associated Cleared Swaps Customer Collateral that:
(1) A futures commission merchant maintains on behalf of Cleared Swaps Customers (including, in the case of a Collecting Futures Commission Merchant, the Cleared Swaps Customers of a Depositing Futures Commission Merchant) or
(2) A derivatives clearing organization maintains for futures commission merchants on behalf of Cleared Swaps Customers thereof.
Commodity Futures Trading Commission

§ 22.1

Cleared Swaps Customer Collateral. (1) This term means all money, securities, or other property received by a futures commission merchant or by a derivatives clearing organization from, for, or on behalf of a Cleared Swaps Customer, which money, securities, or other property:

(i) Is intended to or does margin, guarantee, or secure a Cleared Swap; or

(ii) Constitutes, if a Cleared Swap is in the form or nature of an option, the settlement value of such option.

(2) This term shall also include accruals, i.e., all money, securities, or other property that a futures commission merchant or derivatives clearing organization receives, directly or indirectly, which is incident to or results from a Cleared Swap that a futures commission merchant intermediates for a Cleared Swaps Customer.

Cleared Swaps Proprietary Account. (1) This term means an account for Cleared Swaps and associated collateral that is carried on the books and records of a futures commission merchant for persons with certain relationships with that futures commission merchant, specifically:

(i) Where such account is carried for a person falling within one of the categories specified in paragraph (2) of this definition, or

(ii) Where ten percent or more of such account is owned by a person falling within one of the categories specified in paragraph (2) of this definition, or

(iii) Where an aggregate of ten percent or more of such account is owned by more than one person falling within one or more of the categories specified in paragraph (2) of this definition.

(2) The relationships to the futures commission merchant referred to in paragraph (1) of this definition are as follows:

(i) Such individual himself, or such partnership, corporation or association itself;

(ii) In the case of a partnership, a general partner in such partnership;

(iii) In the case of a limited partnership, a limited or special partner in such partnership whose duties include:

(A) The management of the partnership business or any part thereof;

(B) The handling, on behalf of such partnership, of:

(1) The Cleared Swaps of Cleared Swaps Customers or

(2) The Cleared Swaps Customer Collateral;

(C) The keeping, on behalf of such partnership, of records pertaining to

(1) the Cleared Swaps of Cleared Swaps Customers or

(2) the Cleared Swaps Customer Collateral; or

(D) The signing or co-signing of checks or drafts on behalf of such partnership;

(iv) In the case of a corporation or association, an officer, director, or owner of ten percent or more of the capital stock of such organization;

(v) An employee of such individual, partnership, corporation or association whose duties include:

(A) The management of the business of such individual, partnership, corporation or association or any part thereof;

(B) The handling, on behalf of such individual, partnership, corporation or association, of the Cleared Swaps of Cleared Swaps Customers or the Cleared Swaps Customer Collateral;

(C) The keeping of records, on behalf of such individual, partnership, corporation, or association, pertaining to the Cleared Swaps of Cleared Swaps Customers or the Cleared Swaps Customer Collateral; or

(D) The signing or co-signing of checks or drafts on behalf of such individual, partnership, corporation, or association;

(vi) A spouse or minor dependent living in the same household of any of the foregoing persons;

(vii) A business affiliate that, directly or indirectly, controls such individual, partnership, corporation, or association;

(viii) A business affiliate that, directly or indirectly, is controlled by or is under common control with, such individual, partnership, corporation or association. Provided, however, that an account owned by any shareholder or member of a cooperative association of producers, within the meaning of section 6a of the Act, which association is registered as a futures commission merchant and carries such account on
its records, shall be deemed to be a Cleared Swaps Customer Account and not a Cleared Swaps Proprietary Account of such association, unless the shareholder or member is an officer, director, or manager of the association.

Clearing Member. This term means any person that has clearing privileges such that it can process, clear and settle trades through a derivatives clearing organization on behalf of itself or others. The derivatives clearing organization need not be organized as a membership organization.

Collecting Futures Commission Merchant. A futures commission merchant that carries Cleared Swaps on behalf of another futures commission merchant and the Cleared Swaps Customers of the latter futures commission merchant, and as part of carrying such Cleared Swaps, collects Cleared Swaps Customer Collateral.

Commingle. To commingle two or more items means to hold such items in the same account, or to combine such items in a transfer between accounts.

Depositing Futures Commission Merchant. A futures commission merchant that carries Cleared Swaps on behalf of its Cleared Swaps Customers through another futures commission merchant and, as part of carrying such Cleared Swaps, deposits Cleared Swaps Customer Collateral with such futures commission merchant.

Permitted Depository. This term shall have the meaning set forth in §22.4 of this part.

Segregate. To segregate two or more items is to keep them in separate accounts, and to avoid combining them in the same transfer between two accounts.

(b) Location of Cleared Swaps Customer Collateral. (1) A futures commission merchant must segregate all Cleared Swaps Customer Collateral that it receives, and must either hold such Cleared Swaps Customer Collateral itself as set forth in paragraph (b)(2) of this section, or deposit such collateral into one or more Cleared Swaps Customer Accounts held at a Permitted Depository, as set forth in paragraph (b)(3) of this section.

(2) If a futures commission merchant holds Cleared Swaps Customer Collateral itself, then the futures commission merchant must:

(i) Physically separate such collateral from its own property;

(ii) Clearly identify each physical location in which it holds such collateral as a “Location of Cleared Swaps Customer Collateral” (the “FCM Physical Location”);

(iii) Ensure that the FCM Physical Location provides appropriate protection for such collateral; and

(iv) Record in its books and records the amount of such Cleared Swaps Customer Collateral separately from its own funds.

(3) If a futures commission merchant holds Cleared Swaps Customer Collateral in a Permitted Depository, then:

(i) The Permitted Depository must qualify pursuant to the requirements set forth in §22.4 of this part, and

(ii) The futures commission merchant must maintain a Cleared Swaps Customer Account with each such Permitted Depository.

(c) Commingling. (1) A futures commission merchant may commingle the Cleared Swaps Customer Collateral that it receives from, for, or on behalf of multiple Cleared Swaps Customers.

(2) A futures commission merchant shall not commingle Cleared Swaps Customer Collateral with either of the following:

(i) Funds belonging to the futures commission merchant, except as expressly permitted in paragraph (e)(3) of this section; or

(ii) Other categories of funds belonging to Futures Customers (as §1.3 of this chapter defines that term), or Foreign Futures or Foreign Options Customers (as §30.1 of this chapter defines that term) of the futures commission
§ 22.2

Commodity Futures Trading Commission

merchant, including Futures Customer Funds (as § 1.3 of this chapter defines such term) or the foreign futures or foreign options secured amount (as § 1.3 of this chapter defines such term), except as expressly permitted by Commission rule, regulation, or order, or by a derivatives clearing organization rule approved in accordance with § 39.15(b)(2) of this chapter.

(d) Limitations on use. (1) No futures commission merchant shall use, or permit the use of, the Cleared Swaps Customer Collateral of one Cleared Swaps Customer to purchase, margin, or settle the Cleared Swaps or any other trade or contract of, or to secure or extend the credit of, any person other than such Cleared Swaps Customer. Cleared Swaps Customer Collateral shall not be used to margin, guarantee, or secure trades or contracts of the entity constituting a Cleared Swaps Customer other than in Cleared Swaps, except to the extent permitted by a Commission rule, regulation or order.

(2) A futures commission merchant may not impose or permit the imposition of a lien on Cleared Swaps Customer Collateral, including any residual financial interest of the futures commission merchant in such collateral, as described in paragraph (e)(4) of this section.

(3) A futures commission merchant may not include, as Cleared Swaps Customer Collateral,

(i) Money invested in the securities, memberships, or obligations of any derivatives clearing organization, designated contract market, swap execution facility, or swap data repository, or

(ii) Money, securities, or other property that any derivatives clearing organization holds and may use for a purpose other than those set forth in § 22.3 of this part.

(e) Exceptions. Notwithstanding the foregoing:

(1) Permitted investments. A futures commission merchant may invest money, securities, or other property constituting Cleared Swaps Customer Collateral in accordance with § 1.25 of this chapter.

(2) Permitted withdrawals. Such share of Cleared Swaps Customer Collateral as in the normal course of business shall be necessary to margin, guarantee, secure, transfer, adjust, or settle a Cleared Swaps Customer’s Cleared Swaps with a derivatives clearing organization, or with a Collecting Futures Commission Merchant, may be withdrawn and applied to such purposes, including the payment of commissions, brokerage, interest, taxes, storage, and other charges, lawfully accruing in connection with such Cleared Swaps.

(3) Deposits of own money, securities, or other property. (i) In order to ensure that it is always in compliance with paragraph (f) of this section, a futures commission merchant may place in an FCM Physical Location or deposit in a Cleared Swaps Customer Account its own money, securities, or other property (provided, that such securities or other property are unencumbered and are of the types specified in § 1.25 of this chapter).

(ii) Money, securities, or other property deposited by a futures commission merchant pursuant to 22.13(b) and available to a derivatives clearing organization or Collecting Futures Commission Merchant to meet the obligations of the futures commission merchant’s Cleared Swaps Customers collectively, shall be maintained in an account separate from the Cleared Swaps Customer Account.

(4) Residual financial interest. (i) If, in accordance with paragraph (e)(3)(i) of this section, a futures commission merchant places in an FCM Physical Location or deposits in a Cleared Swaps Customer Account its own money, securities, or other property, then such money, securities, or other property (including accruals thereon) shall constitute Cleared Swaps Customer Collateral.

(ii) The futures commission merchant shall have a residual financial interest in any portion of such money, securities, or other property in excess of that necessary for compliance with paragraph (f)(4) of this section.

(iii) The futures commission merchant may withdraw money, securities, or other property from the FCM Physical Location or Cleared Swaps Customer Account, to the extent of its residual financial interest therein. At the time of such withdrawal, the futures commission merchant shall ensure that
§ 22.2 17 CFR Ch. I (4–1–13 Edition)

the withdrawal does not cause its residual financial interest to become less than zero.

(f) Requirements as to amount. (1) For purposes of this §22.2(f), the term “account” shall reference the entries on the books and records of a futures commission merchant pertaining to the Cleared Swaps Customer Collateral of a particular Cleared Swaps Customer.

(2) The futures commission merchant must reflect in the account that it maintains for each Cleared Swaps Customer the market value of any Cleared Swaps Customer Collateral that it receives from such customer, as adjusted by:

(i) Any uses permitted under §22.2(d) of this part;
(ii) Any accruals on permitted investments of such collateral under §22.2(e) of this part that, pursuant to the futures commission merchant’s customer agreement with that customer, are creditable to such customer;
(iii) Any charges lawfully accruing to the Cleared Swaps Customer, including any commission, brokerage fee, interest, tax, or storage fee; and
(iv) Any appropriately authorized distribution or transfer of such collateral.

(3) If the market value of Cleared Swaps Customer Collateral in the account of a Cleared Swaps Customer is positive after adjustments, then that account has a credit balance. If the market value of Cleared Swaps Customer Collateral in the account of a Cleared Swaps Customer is negative after adjustments, then that account has a debit balance.

(4) The futures commission merchant must maintain in segregation, in its FCM Physical Locations and/or its Cleared Swaps Customer Accounts at Permitted Depositories, an amount equal to the sum of any credit balances that the Cleared Swaps Customers of the futures commission merchant have in their accounts, excluding from such sum any debit balances that the Cleared Swaps Customers of the futures commission merchant have in their accounts.

(5) Notwithstanding the foregoing, the futures commission merchant must include, in calculating the sum referenced in paragraph (f)(4) of this section, any debit balance that a Cleared Swaps Customer may have in its account, to the extent that such balance is secured by “readily marketable securities” that the Cleared Swaps Customer deposited with the futures commission merchant.

(i) For purposes of this section, “readily marketable” shall be defined as having a “ready market” as such latter term is defined in Rule 15c3–1(c)(11) of the Securities and Exchange Commission (§241.15c3–1(c)(11) of this title).

(ii) In order for a debit balance to be deemed secured by “readily marketable securities,” the futures commission merchant must maintain a security interest in such securities, and must hold a written authorization to liquidate the securities at the discretion of the futures commission merchant.

(iii) To determine the amount secured by “readily marketable securities,” the futures commission merchant shall:

(A) Determine the market value of such securities; and
(B) Reduce such market value by applicable percentage deductions (i.e., “securities haircuts”) as set forth in Rule 15c3–1(c)(2)(vi) of the Securities and Exchange Commission (§240.15c3–1(c)(2)(vi) of this title). The portion of the debit balance, not exceeding 100 per cent, that is secured by the reduced market value of such readily marketable securities shall be included in calculating the sum referred to in paragraph (f)(4) of this section.

(g) Segregated account; Daily computation and record. (1) Each futures commission merchant must compute as of the close of each business day, on a currency-by-currency basis:

(i) The aggregate market value of the Cleared Swaps Customer Collateral in all FCM Physical Locations and all Cleared Swaps Customer Accounts held at Permitted Depositories (the “Collateral Value”); and
(ii) The sum referenced in paragraph (f)(4) of this section (the “Collateral Requirement”); and
(iii) The amount of the residual financial interest that the futures commission merchant holds in such Cleared Swaps Customer Collateral,
which shall equal the difference between the Collateral Value and the Collateral Requirement.

(2) The futures commission merchant must complete the daily computations required by this section prior to noon on the next business day and must keep such computations, together with all supporting data, in accordance with the requirements of §1.31 of this chapter.

§ 22.3 Derivatives clearing organizations: Treatment of cleared swaps customer collateral.

(a) General. A derivatives clearing organization shall treat and deal with the Cleared Swaps Customer Collateral deposited by a futures commission merchant as belonging to the Cleared Swaps Customers of such futures commission merchant and not other persons, including, without limitation, the futures commission merchant.

(b) Location of Cleared Swaps Customer Collateral. (1) The derivatives clearing organization must segregate all Cleared Swaps Customer Collateral that it receives from futures commission merchants, and must either hold such Cleared Swaps Customer Collateral itself as set forth in paragraph (b)(2) of this section, or deposit such collateral into one or more Cleared Swaps Customer Accounts held at a Permitted Depository, as set forth in paragraph (b)(3) of this section.

(2) If a derivatives clearing organization holds Cleared Swaps Customer Collateral itself, then the derivatives clearing organization must:

(i) Physically separate such collateral from its own property, the property of any futures commission merchant, and the property of any other person that is not a Cleared Swaps Customer of a futures commission merchant;

(ii) Clearly identify each physical location in which it holds such collateral as “Location of Cleared Swaps Customer Collateral” (the “DCO Physical Location”);

(iii) Ensure that the DCO Physical Location provides appropriate protection for such collateral; and

(iv) Record in its books and records the amount of such Cleared Swaps Customer Collateral separately from its own funds, the funds of any futures commission merchant, and the funds of any other person that is not a Cleared Swaps Customer of a futures commission merchant.

(3) If a derivatives clearing organization holds Cleared Swaps Customer Collateral in a Permitted Depository, then:

(i) The Permitted Depository must qualify pursuant to the requirements set forth in §22.4 of this part; and

(ii) The derivatives clearing organization must maintain a Cleared Swaps Customer Account with each such Permitted Depository.

(c) Commingling. (1) A derivatives clearing organization may commingle the Cleared Swaps Customer Collateral that it receives from multiple futures commission merchants on behalf of their Cleared Swaps Customers.

(2) A derivatives clearing organization shall not commingle the Cleared Swaps Customer Collateral that it receives from a futures commission merchant on behalf of Cleared Swaps Customers with any of the following:

(i) The money, securities, or other property belonging to the derivatives clearing organization;

(ii) The money, securities, or other property belonging to any futures commission merchant; or

(iii) Futures Customer Funds (as §1.3 of this chapter defines such term) or the foreign futures or foreign options secured amount (as §1.3 of this chapter defines such term), except as expressly permitted by Commission rule, regulation, or order, (or by a derivatives clearing organization rule approved in accordance with §39.15(b)(2) of this chapter).

(d) Exceptions; Permitted Investments. Notwithstanding the foregoing and §22.15, a derivatives clearing organization may invest the money, securities, or other property constituting Cleared Swaps Customer Collateral in accordance with §1.25 of this chapter.

§ 22.4 Futures Commission Merchants and derivatives clearing organizations: Permitted Depositories.

In order for a depository to be a Permitted Depository:
(a) The depository must (subject to §22.9) be one of the following types of entities:
(1) A bank located in the United States;
(2) A trust company located in the United States;
(3) A Collecting Futures Commission Merchant registered with the Commission (but only with respect to a Depositing Futures Commission Merchant providing Cleared Swaps Customer Collateral); or
(4) A derivatives clearing organization registered with the Commission;
and
(b) The futures commission merchant or the derivatives clearing organization must hold a written acknowledgement letter from the depository as required by §22.5 of this part.

§ 22.5 Futures commission merchants and derivatives clearing organizations: Written acknowledgement.

(a) Before depositing Cleared Swaps Customer Collateral, the futures commission merchant or derivatives clearing organization shall obtain and retain in its files a separate written acknowledgement letter from each depository in accordance with §§1.20 and 1.26 of this chapter, with all references to “Futures Customer Funds” modified to apply to Cleared Swaps Customer Collateral, and with all references to section 4d(a) or 4d(b) of the Act and the regulations thereunder modified to apply to section 4d(f) of the Act and the regulations thereunder.
(b) The futures commission merchant or derivatives clearing organization shall adhere to all requirements specified in §§1.20 and 1.26 of this chapter regarding retaining, permitting access to, filing, or amending the written acknowledgement letter, in all cases as if the Cleared Swaps Customer Collateral comprised Futures Customer Funds subject to segregation pursuant to section 4d(a) or 4d(b) of the Act and the regulations thereunder.
(c) Notwithstanding paragraph (a) of this section, an acknowledgement letter need not be obtained from a derivatives clearing organization that has made effective, pursuant to section 5c(c) of the Act and the regulations thereunder, rules that provide for the segregation of Cleared Swaps Customer Collateral, in accordance with all relevant provisions of the Act and the regulations thereunder.

§ 22.6 Futures commission merchants and derivatives clearing organizations: Naming of Cleared Swaps Customer Accounts.

The name of each Cleared Swaps Customer Account that a futures commission merchant or derivatives clearing organization maintains with a Permitted Depository shall:
(a) Clearly identify the account as a “Cleared Swaps Customer Account” and
(b) Clearly indicate that the collateral therein is “Cleared Swaps Customer Collateral” subject to segregation in accordance with the Act and this part.

§ 22.7 Permitted depositories: Treatment of Cleared Swaps Customer Collateral.

A Permitted Depository shall treat all funds in a Cleared Swaps Customer Collateral as Cleared Swaps Customer Collateral. A Permitted Depository shall not hold, dispose of, or use any such Cleared Swaps Customer Collateral as belonging to any person other than:
(a) The Cleared Swaps Customers of the futures commission merchant maintaining such Cleared Swaps Customer Account or;
(b) The Cleared Swaps Customers of the futures commission merchant for which the derivatives clearing organization maintains such Cleared Swaps Customer Account.

§ 22.8 Situs of Cleared Swaps Customer Accounts.

The situs of each of the following shall be located in the United States:
(a) Each FCM Physical Location or DCO Physical Location;
(b) Each “account,” within the meaning of §22.2(f)(1), that a futures commission merchant maintains for each Cleared Swaps Customer; and

(c) Each Cleared Swaps Customer Account on the books and records of a derivatives clearing organization with respect to the Cleared Swaps Customers of a futures commission merchant.

§ 22.9 Denomination of Cleared Swaps Customer Collateral and location of depositories.

(a) Subject to paragraph (b) of this section, futures commission merchants and derivatives clearing organizations may hold Cleared Swaps Customer Collateral in the denominations, at the locations and depositories, and subject to the segregation requirements specified in §1.49 of this chapter.

(b) Notwithstanding the requirements in §1.49 of this chapter, a futures commission merchant’s obligations to a Cleared Swaps Customer may be denominated in a currency in which funds have accrued to the Cleared Swaps Customer as a result of a Cleared Swap carried through such futures commission merchant, to the extent of such accruals.

(c) Each depository referenced in paragraph (a) of this section shall be considered a Permitted Depository for purposes of this part. Provided, however, that a futures commission merchant shall only be considered a Permitted Depository to the extent that it is acting as a Collecting Futures Commission Merchant (as §22.1 of this part defines such term).

§ 22.10 Application of other regulatory provisions.

Sections 1.27, 1.28, 1.29, and 1.30 of this chapter shall apply to the Cleared Swaps Customer Collateral in accordance with the terms therein.

[77 FR 66335, Nov. 2, 2012]

§ 22.11 Information to be provided regarding Cleared Swaps Customers and their Cleared Swaps.

(a) Each Depositing Futures Commission Merchant shall:

(1) The first time that the Depositing Futures Commission Merchant intermediates a Cleared Swap for a Cleared Swaps Customer with a Collecting Futures Commission Merchant, provide information sufficient to identify such Cleared Swaps Customer to the relevant Collection Futures Commission Merchant; and

(2) At least once each business day thereafter, provide information to the relevant Collecting Futures Commission Merchant sufficient to identify, for each Cleared Swaps Customer, the portfolio of rights and obligations arising from the Cleared Swaps that the Depositing Futures Commission Merchant intermediates for such Cleared Swaps Customer.

(b) If an entity serves as both a Depositing Futures Commission Merchant and a Collecting Futures Commission Merchant, then:

(1) The information that such entity must provide to its Collecting Futures Commission Merchant pursuant to paragraph (a)(1) of this section shall also include information sufficient to identify each Cleared Swaps Customer of the Depositing Futures Commission Merchant for which such entity serves as a Collecting Futures Commission Merchant; and

(2) The information that such entity must provide to its Collecting Futures Commission Merchant pursuant to paragraph (a)(2) of this section shall also include information sufficient to identify each Cleared Swaps Customer referenced in paragraph (b)(1) of this section, the portfolio of rights and obligations arising from the Cleared Swaps that such entity intermediates as a Collecting Futures Commission Merchant, on behalf of its Depositing Futures Commission Merchant, for such Cleared Swaps Customer.

(c) Each futures commission merchant that intermediates a Cleared Swap for a Cleared Swaps Customer, on or subject to the rules of a derivatives clearing organization, directly as a Clearing Member shall:

(1) The first time that such futures commission merchant intermediates a Cleared Swap for a Cleared Swaps Customer, provide information to the relevant derivatives clearing organization sufficient to identify such Cleared Swaps Customer; and
§ 22.12

Information to be maintained regarding Cleared Swaps Customer Collateral.

(a) Each Collecting Futures Commission Merchant receiving Cleared Swaps Customer Collateral from an entity serving as a Depositing Futures Commission Merchant shall, no less frequently than once each business day, calculate and record:

(1) the amount of collateral required at such Collecting Futures Commission Merchant for each Cleared Swaps Customer of the entity acting as Depositing Futures Commission Merchant (including, without limitation, each Cleared Swaps Customer of any Depositing Futures Commission Merchant for which such entity also serves as a Collecting Futures Commission Merchant); and

(2) the sum of the individual collateral amounts referenced in paragraph (a)(1) of this section.

(b) Each Collecting Futures Commission Merchant shall calculate the collateral amounts referenced in paragraph (a) of this section with respect to the portfolio of rights and obligations arising from the Cleared Swaps that the Collecting Futures Commission Merchant intermediates, on behalf of the Depositing Futures Commission Merchant, for each Cleared Swaps Customer referenced in paragraph (a)(1) of this section.

(c) Each derivatives clearing organization receiving Cleared Swaps Customer Collateral from a futures commission merchant shall, no less frequently than once each business day, calculate and record:

(1) the amount of collateral required at such derivatives clearing organization for each Cleared Swaps Customer of the futures commission merchant; and

(2) the sum of the individual collateral amounts referenced in paragraph (c)(1) of this section.

(d) If the futures commission merchant referenced in paragraph (c) of this section is a Collecting Futures Commission Merchant, then the derivatives clearing organization shall also perform and record the results of the calculation required in paragraph (c) of this section for each Cleared Swaps Customer.

(2) At least once each business day thereafter, provide information to the relevant derivatives clearing organization sufficient to identify, for each Cleared Swaps Customer, the portfolio of rights and obligations arising from the Cleared Swaps that such futures commission merchant intermediates for such Cleared Swaps Customer.

(d) If the futures commission merchant referenced in paragraph (c) of this section is a Collecting Futures Commission Merchant, then:

(1) The information that it must provide to the derivatives clearing organization pursuant to paragraph (c)(1) of this section shall also include information sufficient to identify each Cleared Swaps Customer of any entity that acts as a Depositing Futures Commission Merchant in relation to the Collecting Futures Commission Merchant (including, without limitation, each Cleared Swaps Customer of any Depositing Futures Commission Merchant for which such entity also serves as a Collecting Futures Commission Merchant); and

(2) The information that it must provide to the derivatives clearing organization pursuant to paragraph (c)(2) of this section shall also include information sufficient to identify, for each Cleared Swaps Customer referenced in paragraph (d)(1) of this section, the portfolio of rights and obligations arising from the Cleared Swaps that the Collecting Futures Commission Merchant intermediates, on behalf of the Depositing Futures Commission Merchant, for such Cleared Swaps Customer.

(e) Each derivatives clearing organization shall:

(1) Take appropriate steps to confirm that the information it receives pursuant to paragraphs (c)(1) or (c)(2) of this section is accurate and complete, and

(2) Ensure that the futures commission merchant is providing the derivatives clearing organization the information required by paragraphs (c)(1) or (c)(2) of this section on a timely basis.

§ 22.12

Information to be maintained regarding Cleared Swaps Customer Collateral.

(a) Each Collecting Futures Commission Merchant receiving Cleared Swaps Customer Collateral from an entity serving as a Depositing Futures Commission Merchant shall, no less frequently than once each business day, calculate and record:

(1) the amount of collateral required at such Collecting Futures Commission Merchant for each Cleared Swaps Customer of the entity acting as Depositing Futures Commission Merchant (including, without limitation, each Cleared Swaps Customer of any Depositing Futures Commission Merchant for which such entity also serves as a Collecting Futures Commission Merchant); and

(2) the sum of the individual collateral amounts referenced in paragraph (a)(1) of this section.

(b) Each Collecting Futures Commission Merchant shall calculate the collateral amounts referenced in paragraph (a) of this section with respect to the portfolio of rights and obligations arising from the Cleared Swaps that the Collecting Futures Commission Merchant intermediates, on behalf of the Depositing Futures Commission Merchant, for each Cleared Swaps Customer referenced in paragraph (a)(1) of this section.

(c) Each derivatives clearing organization receiving Cleared Swaps Customer Collateral from a futures commission merchant shall, no less frequently than once each business day, calculate and record:

(1) the amount of collateral required at such derivatives clearing organization for each Cleared Swaps Customer of the futures commission merchant; and

(2) the sum of the individual collateral amounts referenced in paragraph (c)(1) of this section.

(d) If the futures commission merchant referenced in paragraph (c) of this section is a Collecting Futures Commission Merchant, then the derivatives clearing organization shall also perform and record the results of the calculation required in paragraph (c) of this section for each Cleared Swaps Customer.

(2) At least once each business day thereafter, provide information to the relevant derivatives clearing organization sufficient to identify, for each Cleared Swaps Customer, the portfolio of rights and obligations arising from the Cleared Swaps that such futures commission merchant intermediates for such Cleared Swaps Customer.

(d) If the futures commission merchant referenced in paragraph (c) of this section is a Collecting Futures Commission Merchant, then:

(1) The information that it must provide to the derivatives clearing organization pursuant to paragraph (c)(1) of this section shall also include information sufficient to identify each Cleared Swaps Customer of any entity that acts as a Depositing Futures Commission Merchant in relation to the Collecting Futures Commission Merchant (including, without limitation, each Cleared Swaps Customer of any Depositing Futures Commission Merchant for which such entity also serves as a Collecting Futures Commission Merchant); and

(2) The information that it must provide to the derivatives clearing organization pursuant to paragraph (c)(2) of this section shall also include information sufficient to identify, for each Cleared Swaps Customer referenced in paragraph (d)(1) of this section, the portfolio of rights and obligations arising from the Cleared Swaps that the Collecting Futures Commission Merchant intermediates, on behalf of the Depositing Futures Commission Merchant, for such Cleared Swaps Customer.

(e) Each derivatives clearing organization shall:

(1) Take appropriate steps to confirm that the information it receives pursuant to paragraphs (c)(1) or (c)(2) of this section is accurate and complete, and

(2) Ensure that the futures commission merchant is providing the derivatives clearing organization the information required by paragraphs (c)(1) or (c)(2) of this section on a timely basis.

Commodity Futures Trading Commission

§ 22.14

Customer of an entity acting as a Depositing Futures Commission Merchant in relation to the Collecting Futures Commission Merchant (including, without limitation, any Cleared Swaps Customer for which such entity is also acting as a Collecting Futures Commission Merchant).

(e) Each futures commission merchant shall calculate the collateral amounts referenced in paragraph (c) of this section with respect to the portfolio of rights and obligations arising from the Cleared Swaps that the futures commission merchant intermediates (including, without limitation, as a Collecting Futures Commission Merchant on behalf of a Depositing Futures Commission Merchant), for each Cleared Swaps Customer referenced in paragraphs (c)(1) and (d) of this section.

(f) The collateral requirement referenced in paragraph (a) of this section with respect to a Collecting Futures Commission Merchant shall be no less than that imposed by the relevant derivatives clearing organization with respect to the same portfolio of rights and obligations for each relevant Cleared Swaps Customer.

§ 22.13 Additions to Cleared Swaps Customer Collateral.

(a)(1) At the election of the derivatives clearing organization or Collecting Futures Commission Merchant, the collateral requirement referred to in §22.12(a), (c), and (d) applicable to a particular Cleared Swaps Customer or group of Cleared Swaps Customers may be increased based on an evaluation of the credit risk posed by such Cleared Swaps Customer or group, in which case the derivatives clearing organization or Collecting Futures Commission Merchant shall collect and record such higher amount as provided in §22.12.

(2) Nothing in paragraph (a)(1) of this section is intended to interfere with the right of a futures commission merchant to increase the collateral requirements at such futures commission merchant with respect to any of its Cleared Swaps Customers, Futures Customers (as §1.3 of this chapter defines that term), or Foreign Futures or Foreign Options Customers (as §30.1 of this chapter defines that term).

(b) Any collateral deposited by a futures commission merchant (including a Depositing Futures Commission Merchant) pursuant to §22.2(e)(3)(i) of this part, which collateral is identified as such futures commission merchant’s own property may be used by the derivatives clearing organization or Collecting Futures Commission Merchant, as applicable, to margin, guarantee or secure the Cleared Swaps of any or all of such Cleared Swaps Customers.

(c) A futures commission merchant may transmit to a derivatives clearing organization any collateral posted by a Cleared Swaps Customer in excess of the amount required by the derivatives clearing organization if:

(1) the rules of the derivatives clearing organization expressly permit the futures commission merchant to transmit collateral in excess of the amount required by the derivatives clearing organization; and

(2) the derivatives clearing organization provides a mechanism by which the futures commission merchant is able to, and maintains rules pursuant to which the futures commission merchant is required to, identify each Business Day, for each Cleared Swaps Customer, the amount of collateral posted in excess of the amount required by the derivatives clearing organization.

§ 22.14 Futures Commission Merchant failure to meet a Cleared Swaps Customer Margin Call in full.

(a) A Depositing Futures Commission Merchant which receives a call for either initial margin or variation margin with respect to a Cleared Swaps Customer Account from a Collecting Futures Commission Merchant, which call such Depositing Futures Commission Merchant does not meet in full, shall, with respect to each Cleared Swaps Customer of such Depositing Futures Commission Merchant whose Cleared Swaps contribute to such margin call,

(1) Transmit to the Collecting Futures Commission Merchant an amount equal to the lesser of:

(i) The amount called for; or

(i) The remaining Cleared Swaps Collateral on deposit at such Depositing Futures Commission Merchant for that Cleared Swaps Customer; and

(ii) The amount transmitted on behalf of each such Cleared Swaps Customer.

(b) If the entity acting as Depositing Futures Commission Merchant referenced in paragraph (a) of this section is also a Collecting Futures Commission Merchant, then:

(1) Such entity shall include in the transmission required in paragraph (a)(1) of this section any amount that it receives, pursuant to paragraph (a)(1) of this section, from a Depositing Futures Commission Merchant for which such entity acts as a Collecting Futures Commission Merchant; and

(2) Such entity shall present its Collecting Futures Commission Merchant with the information that it receives, pursuant to paragraph (a)(2) of this section, from a Depositing Futures Commission Merchant for which such entity acts as a Collecting Futures Commission Merchant.

(c) A futures commission merchant which receives a call for either initial or variation margin with respect to a Cleared Swaps Customer Account from a derivatives clearing organization, which call such futures commission merchant does not meet in full, shall, with respect to each Cleared Swaps Customer of such futures commission merchant whose Cleared Swaps contribute to such margin call:

(1) Transmit to the derivatives clearing organization an amount equal to the lesser of

(i) The amount called for; or

(ii) The remaining Cleared Swaps Collateral on deposit at such futures commission merchant for each such Cleared Swaps Customer; and

(2) Advise the derivatives clearing organization of the identity of each such Cleared Swaps Customer, and the amount transmitted on behalf of each such Cleared Swaps Customer.

(d) If the futures commission merchant referenced in paragraph (c) is a Collecting Futures Commission Merchant, then:

(e) If,

(1) On the business day prior to the business day on which the Depositing Futures Commission Merchant fails to meet a margin call with respect to a Cleared Swaps Customer Account, such Collecting Futures Commission Merchant referenced in paragraph (a) of this section held, with respect to such account, Cleared Swaps Collateral of a value no less than the amount specified in §22.12(a)(2) of this part, after the application of haircuts specified by policies applied by such Collecting Futures Commission Merchant in its relationship with the Depositing Futures Commission Merchant, and

(2) As of the close of business on the business day on which the margin call is not met, the market value of the Cleared Swaps Collateral held by the derivatives clearing organization or Collecting Futures Commission Merchant is, due to changes in such market value, less than the amount specified in §22.12(c)(2) of this part, then the amount of such collateral attributable to each Cleared Swaps Customer pursuant to §22.12(a)(1) of this part shall be reduced by the percentage difference between the amount specified in §22.12(a)(2) of this part and such market value.

(f) If,

(1) On the business day prior to the business day on which the futures commission merchant fails to meet a margin call with respect to a Cleared Swaps Customer Account, the derivatives clearing organization referenced in paragraph (c) of this section held, with respect to such account, Cleared Swaps Collateral of a value no less than the amount specified in §22.12(c)(2) of this part, then the derivatives clearing organization referenced in paragraph (c) of this section held, with respect to such account, Cleared Swaps Collateral of a value no less than the amount specified in §22.12(c)(2) of this part, after the application of haircuts specified by the rules...
and procedures of such derivatives clearing organization, and

(2) As of the close of business on the business day on which the margin call is not met, the market value of the Cleared Swaps Collateral held by the derivatives clearing organization is, due to changes in such market value, less than the amount specified in §22.12(c)(2) of this part, then the amount of collateral attributable to each Cleared Swaps Customer pursuant to §22.12(c)(1) of this part shall be reduced by the percentage difference between the amount specified in §22.12(c)(2) and such market value.

(g) A derivatives clearing organization or Collecting Futures Commission Merchant is entitled to reasonably rely upon any information provided by a defaulting futures commission merchant under §22.14. If the defaulting futures commission merchant does not provide such information on the date of the futures commission merchant’s default, a derivatives clearing organization or Collecting Futures Commission Merchant may rely on the information previously provided to it by the defaulting futures commission merchant.

§22.15 Treatment of Cleared Swaps Customer Collateral on an individual basis.

Subject to §22.3(d), each derivatives clearing organization and each Collecting Futures Commission Merchant receiving Cleared Swaps Customer Collateral from a futures commission merchant shall treat the value of collateral required with respect to the portfolio of rights and obligations arising out of the Cleared Swaps intermediated for each Cleared Swaps Customer, and collected from the futures commission merchant, as belonging to such Cleared Swaps Customer, and such amount shall not be used to margin, guarantee, or secure the Cleared Swaps or other obligations of the futures commission merchant, or of any other Cleared Swaps Customer, Futures Customer (as §1.3 of this chapter defines that term), or Foreign Futures or Foreign Options Customer (as §30.1 of this chapter defines that term). Nothing contained herein shall be construed to limit, in any way, the right of a derivatives clearing organization or Collecting Futures Commission Merchant to liquidate any or all positions in a Cleared Swaps Customer Account in the event of a default of a clearing member or Depositing Futures Commission Merchant.

§22.16 Disclosures to Cleared Swaps Customers.

(a) A futures commission merchant shall disclose, to each of its Cleared Swaps Customers, the governing provisions, as described in paragraph (c) of this section, relating to use of Cleared Swaps Customer Collateral, transfer, neutralization of the risks, or liquidation of Cleared Swaps in the event of a default by the futures commission merchant relating to the Cleared Swaps Customer Account, as well as any change in such governing provisions.

(b) If the futures commission merchant referenced in paragraph (a) of this section is a Depositing Futures Commission Merchant, then such futures commission merchant shall disclose, to each of its Cleared Swaps Customers, the governing provisions, as described in paragraph (c) of this section, relating to use of Cleared Swaps Customer Collateral, transfer, neutralization of the risks, or liquidation of Cleared Swaps in the event of a default by:

(1) Such futures commission merchant or

(2) Any relevant Collecting Futures Commission Merchant relating to the Cleared Swaps Customer Account, as well as any change in such governing provisions.

(c) The governing provisions referred to in paragraphs (a) and (b) of this section are the rules of each derivatives clearing organization, or the provisions of the customer agreement between the Collecting Futures Commission Merchant and the Depositing Futures Commission Merchant, or on or through which the Depositing Futures Commission Merchant will intermediate Cleared Swaps for such Cleared Swaps Customer.
PART 23—SWAP DEALERS AND MAJOR SWAP PARTICIPANTS

Subpart A [Reserved]

Sec. 23.1–23.20 [Reserved]

Subpart B—Registration

23.21 Registration of swap dealers and major swap participants.
23.22 Associated persons of swap dealers and major swap participants.
23.23–23.40 [Reserved]

Subpart F—Reporting, Recordkeeping, and Daily Trading Records Requirements for Swap Dealers and Major Swap Participants

23.200 Definitions.
23.201 Required records.
23.202 Daily trading records.
23.203 Records; retention and inspection.
23.204 Reports to swap data repositories.
23.205 Real-time public reporting.
23.206 Delegation of authority to the Director of the Division of Swap Dealer and Intermediary Oversight to establish an alternative compliance schedule to comply with daily trading records.

Subpart H—Business Conduct Standards for Swap Dealers and Major Swap Participants Dealing With Counterparties, Including Special Entities

23.400 Scope.
23.401 Definitions.
23.402 General provisions.
23.403–23.409 [Reserved]
23.410 Prohibition on fraud, manipulation and other abusive practices.
23.411–23.429 [Reserved]
23.430 Verification of counterparty eligibility.
23.431 Disclosures of material information.
23.432 Clearing disclosures.
23.433 Communications—fair dealing.
23.434 Recommendations to counterparties—institutional suitability.
23.435–23.439 [Reserved]
23.440 Requirements for swap dealers acting as advisors to Special Entities.
23.441–23.449 [Reserved]
23.450 Requirements for swap dealers and major swap participants acting as counterparties to Special Entities.
23.451 Political contributions by certain swap dealers.

Subpart I—Swap Documentation

23.500 Definitions.
23.501 Swap confirmation.
the registration provisions under the Act and to part 3 of this chapter.

(c) Each affiliate of an insured depository institution described in section 716(c) of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Pub. L. 111–203 section 716(c), 124 Stat. 1376 (2010)) is required to be registered as a swap dealer if the affiliate is a swap dealer or as a major swap participant if the affiliate is a major swap participant.

§ 23.22 Associated persons of swap dealers and major swap participants.

(a) Definition. For the purpose of this section, the term “person” means an “associated person of a swap dealer or major swap participant” as defined in section 1a(4) of the Act and §1.3(aa)(6).

(b) Fitness. No swap dealer or major swap participant may permit a person who is subject to a statutory disqualification under section 8a(2) or 8a(3) of the Act to effect or be involved in effecting swaps on behalf of the swap dealer or major swap participant, if the swap dealer or major swap participant knows, or in the exercise of reasonable care should know, of the statutory disqualification; Provided, however, that the prohibition set forth in this paragraph (b) shall not apply to any person listed as a principal or registered as an associated person of a futures commission merchant, retail foreign exchange dealer, introducing broker, commodity pool operator, commodity trading advisor, or leverage transaction merchant, or any person registered as a floor broker or floor trader, notwithstanding that the person is subject to a disqualification from registration under section 8a(2) or 8a(3) of the Act.

§§ 23.23–23.40 [Reserved]
§ 23.201 Required records.

(a) Transaction and position records. Each swap dealer and major swap participant shall keep full, complete, and systematic records, together with all pertinent data and memoranda, of all its swaps activities. Such records shall include:

(1) Transaction records. Records of each transaction, including all documents on which transaction information is originally recorded. Such records shall be kept in a form and manner identifiable and searchable by transaction and by counterparty, and shall include:

(i) All documents customarily generated in accordance with market practice that demonstrate the existence and nature of an order or transaction, including, but not limited to, records of all orders (filled, unfilled, or cancelled); correspondence; journals; memoranda; ledgers; confirmations; risk disclosure documents; statements of purchase and sale; contracts; invoices; warehouse receipts; documents of title; and

(ii) The daily trading records required to be kept in accordance with §23.202.

(2) Position records. Records of each position held by each swap dealer and major swap participant, identified by product and counterparty, including records reflecting whether each position is “long” or “short” and whether the position is cleared. Position records shall be linked to transaction records in a manner that permits identification of the transactions that established the position.

(3) Records of transactions executed on a swap execution facility or designated contract market or cleared by a derivatives clearing organization. Records of each transaction executed on a swap execution facility or designated contract market or cleared by a derivatives clearing organization maintained in compliance with the Act and Commission regulations.

(b) Business records. Each swap dealer and major swap participant shall keep full, complete, and systematic records of all activities related to its business as a swap dealer or major swap participant, including but not limited to:

(1) Governance. (i) Minutes of meetings of the governing body and relevant committee minutes, including handouts and presentation materials;

(ii) Organizational charts for its governing body and relevant committees, business trading unit, clearing unit, risk management unit, and all other relevant units or divisions;
Commodity Futures Trading Commission

\(\S 23.202\)

(iii) Biographies or resumes of managers, senior supervisors, officers, and directors;

(iv) Job descriptions for manager, senior supervisor, officer, and director positions, including job responsibilities and scope of authority;

(v) Internal and external audit, risk management, compliance, and consultant reports (including management responses); and

(vi) Business and strategic plans for the business trading unit.

(2) Financial records. (i) Records reflecting all assets and liabilities, income and expenses, and capital accounts as required by the Act and Commission regulations; and

(ii) All other financial records required to be kept under the Act and Commission regulations.

(3) Complaints. (i) A record of each complaint received by the swap dealer or major swap participant concerning any partner, member, officer, employee, or agent. The record shall include the complainant’s name, address, and account number; the date the complaint was received; the name of all persons identified in the complaint; a description of the nature of the complaint; the disposition of the complaint, and the date the complaint was resolved.

(ii) A record indicating that each counterparty of the swap dealer or major swap participant has been provided with a notice containing the physical address, email or other widely available electronic address, and telephone number of the department of the swap dealer or major swap participant to which any complaints may be directed.

(4) Marketing and sales materials. All marketing and sales presentations, advertisements, literature, and communications, and a record documenting that the swap dealer or major swap participant has complied with, or adopted policies and procedures reasonably designed to establish compliance with, all applicable Federal requirements, Commission regulations, and the rules of any self-regulatory organization of which the swap dealer or major swap participant is a member.

(c) Records of data reported to a swap data repository. With respect to each swap, each swap dealer and major swap participant shall identify, retain, and produce for inspection all information and data required to be reported in accordance with part 45 of this chapter, along with a record of the date and time the swap dealer or major swap participant made the report.

(a) Daily trading records for swaps. Each swap dealer and major swap participant shall make and keep daily trading records of all swaps it executes, including all documents on which transaction information is originally recorded. Each swap dealer and major swap participant shall ensure that its records include all information necessary to conduct a comprehensive and accurate trade reconstruction for each swap. Each swap dealer and major swap participant shall maintain each transaction record in a manner identifiable and searchable by transaction and counterparty.

(1) Pre-execution trade information. Each swap dealer and major swap participant shall make and keep pre-execution trade information, including, at a minimum, records of all oral and written communications provided or received concerning quotes, solicitations, bids, offers, instructions, trading, and prices, that lead to the execution of a swap, whether communicated by telephone, voicemail, facsimile, instant messaging, chat rooms, electronic mail, mobile device, or other digital or electronic media. Such records shall include, but are not limited to:

(i) Reliable timing data for the initiation of the trade that would permit complete and accurate trade reconstruction; and

(ii) A record of the date and time, to the nearest minute, using Coordinated Universal Time (UTC), by timestamp or other timing device, for each

quotation provided to, or received from, the counterparty prior to execution.

(2) Execution trade information. Each swap dealer and major swap participant shall make and keep trade execution records, including:

(i) All terms of each swap, including all terms regarding payment or settlement instructions, initial and variation margin requirements, option premiums, payment dates, and any other cash flows;

(ii) The trade ticket for each swap (which, together with the time of execution of each swap, shall be immediately recorded electronically for further processing);

(iii) The unique swap identifier, as required by §45.4(a), for each swap;

(iv) A record of the date and time of execution of each swap, to the nearest minute, using Coordinated Universal Time (UTC), by timestamp or other timing device;

(v) The name of the counterparty with which each such swap was executed, including its unique counterparty identifier, as required by §45.4(b);

(vi) The date and title of the agreement to which each swap is subject, including but not limited to, any swap trading relationship documentation and credit support arrangements;

(vii) The product name of each swap, including its unique product identifier, as required by §45.4(c);

(viii) The price at which the swap was executed;

(ix) Fees or commissions and other expenses, identified by transaction; and

(x) Any other information relevant to the swap.

(3) Post-execution trade information. Each swap dealer and major swap participant shall make and keep records of post-execution trade information containing an itemized record of all relevant post-trade processing and events.

(i) Records of post-trade processing and events shall include all of the following, as applicable:

(A) Confirmation;

(B) Termination;

(C) Novation;

(D) Amendment;

(E) Assignment;

(F) Netting;

(G) Compression;

(H) Reconciliation;

(I) Valuation;

(J) Margining;

(K) Collateralization; and

(L) Central clearing.

(ii) Each swap dealer and major swap participant shall make and keep a record of all swap confirmations, along with the date and time, to the nearest minute, using Coordinated Universal Time (UTC), by timestamp or other timing device; and

(iii) Each swap dealer and major swap participant shall make and keep a record of each swap portfolio reconciliation, including the number of portfolio reconciliation discrepancies and the number of swap valuation disputes (including the time-to-resolution of each valuation dispute and the age of outstanding valuation disputes, categorized by transaction and counterparty);

(iv) Each swap dealer and major swap participant shall make and keep a record of each swap portfolio compression exercise in which it participates, the swaps included in the compression, the identity of the counterparties participating in the exercise, the results of the compression, and the name of the third-party entity performing the compression, if any; and

(v) Each swap dealer and major swap participant shall make and keep a record of each swap that it centrally clears, categorized by transaction and counterparty.

(4) Ledgers. Each swap dealer and major swap participant shall make and keep ledgers (or other records) reflecting the following:

(i) Payments and interest received;

(ii) Moneys borrowed and moneys loaned;

(iii) The daily calculation of the value of each outstanding swap;

(iv) The daily calculation of current and potential future exposure for each counterparty;

(v) The daily calculation of initial margin to be posted by the swap dealer or major swap participant for each counterparty and the daily calculation of initial margin to be posted by each counterparty;
(vi) The daily calculation of variation margin payable to or receivable from each counterparty;

(vii) The daily calculation of the value of all collateral, before and after haircuts, held by or posted by the swap dealer or major swap participant;

(viii) All transfers of collateral, identifying in sufficient detail the amounts and types of collateral transferred; and

(ix) All charges against and credits to each counterparty’s account, including funds deposited, withdrawn, or transferred, and charges or credits resulting from losses or gains on transactions.

(b) Daily trading records for related cash and forward transactions. Each swap dealer and major swap participant shall make and keep daily trading records of all related cash or forward transactions it executes, including all documents on which the related cash or forward transaction information is originally recorded. Each swap dealer and major swap participant shall ensure that its records include all information necessary to conduct a comprehensive and accurate trade reconstruction for each related cash or forward transaction. Each swap dealer and major swap participant shall maintain each transaction record in a manner identifiable and searchable by transaction and by counterparty. Such records shall include, but are not limited to:

(1) A record of all oral and written communications provided or received concerning quotes, solicitations, bids, offers, instructions, trading, and prices, that lead to the conclusion of a related cash or forward transaction, whether communicated by telephone, voicemail, facsimile, instant messaging, chat rooms, electronic mail, mobile device, or other digital or electronic media;

(2) Reliable timing data for the initiation of the transaction that would permit complete and accurate trade reconstruction;

(3) A record of the date and time, to the nearest minute, using Coordinated Universal Time (UTC), by timestamp or other timing device, from the counterparty prior to execution;

(4) A record of the date and time of execution of each related cash or forward transaction, to the nearest minute, using Coordinated Universal Time (UTC), by timestamp or other timing device;

(5) All terms of each related cash or forward transaction;

(6) The price at which the related cash or forward transaction was executed; and

(7) A record of the daily calculation of the value of the related cash or forward transaction and any other relevant financial information.

§ 23.203 Records; retention and inspection.

(a) Location of records—(1) Records. All records required to be kept by a swap dealer or major swap participant by the Act and by Commission regulations shall be kept at the principal place of business of the swap dealer or major swap participant or such other principal office as shall be designated by the swap dealer or major swap participant. If the principal place of business is outside of the United States, its territories or possessions, then upon the request of a Commission representative, the swap dealer or major swap participant must provide such records as requested at the place in the United States, its territories, or possessions designated by the representative within 72 hours after receiving the request.

(2) Contact information. Each swap dealer and major swap participant shall maintain for each of its offices a listing, by name or title, of each person at that office who, without delay, can explain the types of records the swap dealer or major swap participant maintains at that office and the information contained in those records.

(b) Record retention. (1) The records required to be maintained by this chapter shall be maintained in accordance with the provisions of §1.31, except as provided in paragraphs (b)(2) and (3) of this section. All records required to be kept by the Act and by Commission regulations shall be kept for a period of five years from the date the record was made and shall be readily accessible during the first two (2) years of the
five-year period. All such records shall be open to inspection by any representative of the Commission, the United States Department of Justice, or any applicable prudential regulator. Records relating to swaps defined in section 1a(47)(A)(v) shall be open to inspection by any representative of the Commission, the United States Department of Justice, the Securities and Exchange Commission, or any applicable prudential regulator.

(2) Records of any swap or related cash or forward transaction shall be kept until the termination, maturity, expiration, transfer, assignment, or novation date of the transaction, and for a period of five years after such date. Such records shall be readily accessible until the termination, maturity, expiration, transfer, assignment, or novation date of the transaction and during the first two years of the 5-year period following such date. Provided, however, that records of oral communications communicated by telephone, voicemail, mobile device, or other digital or electronic media pursuant to § 23.202(a)(1) and (b)(1) shall be kept for a period of one year. All such records shall be open to inspection by any representative of the Commission, the United States Department of Justice, or any applicable prudential regulator.

(3) Records of any swap data reported in accordance with part 45 of this chapter shall be maintained in accordance with the requirements of §45.2 of this chapter.

§ 23.204 Reports to swap data repositories.

(a) Reporting of swap transaction data to swap data repositories. Each swap dealer and major swap participant shall report all information and data in accordance with part 45 of this chapter.

(b) Electronic reporting of swap transaction data. Each swap dealer and major swap participant shall have the electronic systems and procedures necessary to transmit electronically all information and data required to be reported in accordance with the real-time public recording requirements in part 43 of this chapter.

§ 23.205 Real-time public reporting.

(a) Real-time public reporting of swap transaction and pricing data. Each swap dealer and major swap participant shall report all information and swap transaction and pricing data required to be reported in accordance with the real-time public recording requirements in part 43 of this chapter.

(b) Electronic reporting of swap transaction data. Each swap dealer and major swap participant shall have the electronic systems and procedures necessary to transmit electronically all information and data required to be reported in accordance with part 43 of this chapter.

§ 23.206 Delegation of authority to the Director of the Division of Swap Dealer and Intermediary Oversight to establish an alternative compliance schedule to comply with daily trading records.

(a) The Commission hereby delegates to the Director of the Division of Swap Dealer and Intermediary Oversight or such other employee or employees as the Director may designate from time to time, the authority to establish an alternative compliance schedule for requirements of §23.202 that are found to be technologically or economically impracticable for an affected swap dealer or major swap participant that seeks, in good faith, to comply with the requirements of §23.202 within a reasonable time period beyond the date on which compliance by such swap dealer or major swap participant is otherwise required.

(b) A request for an alternative compliance schedule under this section shall be acted upon by the Director of the Division of Swap Dealer and Intermediary Oversight within 30 days from the time such a request is received, or it shall be deemed approved.

(c) Relief granted under this section shall not cause a registrant to be out of compliance or deemed in violation of any registration requirements.

(d) Notwithstanding any other provision of this section, in any case in
which a Commission employee delegated authority under this section believes it appropriate, he or she may submit to the Commission for its consideration the question of whether an alternative compliance schedule should be established. Nothing in this section shall be deemed to prohibit the Commission, at its election, from exercising the authority delegated in this section.

Subpart H—Business Conduct Standards for Swap Dealers and Major Swap Participants Dealing With Counterparties, Including Special Entities

SOURCE: 77 FR 9822, Feb. 17, 2012, unless otherwise noted.

§ 23.400 Scope.

The sections of this subpart shall apply to swap dealers and, unless otherwise indicated, major swap participants. These rules are not intended to limit or restrict the applicability of other provisions of the Act and rules and regulations thereunder, or other applicable laws, rules and regulations. The provisions of this subpart shall apply in connection with transactions in swaps as well as in connection with swaps that are offered but not entered into.

§ 23.401 Definitions.

(a) Counterparty. The term “counterparty,” as appropriate in this subpart, includes any person who is a prospective counterparty to a swap.

(b) Major swap participant. The term “major swap participant” means any person defined in Section 1a(33) of the Act and § 1.3 of this chapter and, as appropriate in this subpart, any person acting for or on behalf of a major swap participant, including an associated person defined in Section 1a(4) of the Act.

(c) Special Entity. The term “Special Entity” means:

(1) A Federal agency;

(2) A State, State agency, city, county, municipality, other political subdivision of a State, or any instrumentality, department, or a corporation of or established by a State or political subdivision of a State;

(3) Any employee benefit plan subject to Title I of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1002);

(4) Any governmental plan, as defined in Section 3 of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1002);

(5) Any endowment, including an endowment that is an organization described in Section 501(c)(3) of the Internal Revenue Code of 1986 (26 U.S.C. 501(c)(3)); or

(6) Any employee benefit plan defined in Section 3 of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1002), not otherwise defined as a Special Entity, that elects to be a Special Entity by notifying a swap dealer or major swap participant of its election prior to entering into a swap with the particular swap dealer or major swap participant.

(d) Swap dealer. The term “swap dealer” means any person defined in Section 1a(49) of the Act and § 1.3 of this chapter and, as appropriate in this subpart, any person acting for or on behalf of a swap dealer, including an associated person defined in Section 1a(4) of the Act.

§ 23.402 General provisions.

(a) Policies and procedures to ensure compliance and prevent evasion. (1) Swap dealers and major swap participants shall have written policies and procedures reasonably designed to:

(i) Ensure compliance with the requirements of this subpart; and

(ii) Prevent a swap dealer or major swap participant from evading or participating in or facilitating an evasion of any provision of the Act or any regulation promulgated thereunder.

(2) Swap dealers and major swap participants shall implement and monitor compliance with such policies and procedures as part of their supervision and risk management requirements specified in subpart J of this part.

(b) Know your counterparty. Each swap dealer shall implement policies and procedures reasonably designed to obtain and retain a record of the essential facts concerning each counterparty whose identity is known to the swap

dealer prior to the execution of the transaction that are necessary for conducting business with such counterparty. For purposes of this section, the essential facts concerning a counterparty are:

(1) Facts required to comply with applicable laws, regulations and rules;

(2) Facts required to implement the swap dealer’s credit and operational risk management policies in connection with transactions entered into with such counterparty; and

(3) Information regarding the authority of any person acting for such counterparty.

(c) True name and owner. Each swap dealer or major swap participant shall obtain and retain a record which shall show the true name and address of each counterparty whose identity is known to the swap dealer or major swap participant prior to the execution of the transaction, the principal occupation or business of such counterparty as well as the name and address of any other person guaranteeing the performance of such counterparty and any person exercising any control with respect to the positions of such counterparty.

(d) Reasonable reliance on representations. A swap dealer or major swap participant may rely on the written representations of a counterparty to satisfy its due diligence requirements under this subpart, unless it has information that would cause a reasonable person to question the accuracy of the representation. If agreed to by the counterparties, such representations may be contained in counterparty relationship documentation and may satisfy the relevant requirements of this subpart for subsequent swaps offered to or entered into with a counterparty, provided however, that such counterparty undertakes to timely update any material changes to the representations.

(e) Manner of disclosure. A swap dealer or major swap participant may provide the information required by this subpart by any reliable means agreed to in writing by the counterparty; provided however, for transactions initiated on a designated contract market or swap execution facility, written agreement by the counterparty regarding the reliable means of disclosure is not required.

(f) Disclosures in a standard format. If agreed to by a counterparty, the disclosure of material information that is applicable to multiple swaps between a swap dealer or major swap participant and a counterparty may be made in counterparty relationship documentation or other written agreement between the counterparties.

(g) Record retention. Swap dealers and major swap participants shall create a record of their compliance with the requirements of this subpart and shall retain records in accordance with subpart F of this part and §1.31 of this chapter and make them available to applicable prudential regulators upon request.

§§ 23.403–23.409 [Reserved]

§ 23.410 Prohibition on fraud, manipulation, and other abusive practices.

(a) It shall be unlawful for a swap dealer or major swap participant—

(1) To employ any device, scheme, or artifice to defraud any Special Entity or prospective customer who is a Special Entity;

(2) To engage in any transaction, practice, or course of business that operates as a fraud or deceit on any Special Entity or prospective customer who is a Special Entity; or

(3) To engage in any act, practice, or course of business that is fraudulent, deceptive, or manipulative.

(b) Affirmative defense. It shall be an affirmative defense to an alleged violation of paragraph (a)(2) or (3) of this section for failure to comply with any requirement in this subpart if a swap dealer or major swap participant establishes that the swap dealer or major swap participant:

(1) Did not act intentionally or recklessly in connection with such alleged violation; and

(2) Complied in good faith with written policies and procedures reasonably designed to meet the particular requirement that is the basis for the alleged violation.

(c) Confidential treatment of counterparty information. (1) It shall be unlawful for any swap dealer or major swap participant to:
Commodity Futures Trading Commission

§ 23.431 Disclosures of material information.

(a) At a reasonably sufficient time prior to entering into a swap, a swap dealer or major swap participant shall disclose to any counterparty to the swap (other than a swap dealer, major swap participant, security-based swap dealer, or major security-based swap participant) material information concerning the swap in a manner reasonably designed to allow the counterparty to assess:

(1) The material risks of the particular swap, which may include market, credit, liquidity, foreign currency, legal, operational, and any other applicable risks;

(2) The material characteristics of the particular swap, which shall include the material economic terms of

(c) Special Entity election. In verifying the eligibility of a counterparty pursuant to paragraph (a) of this section, a swap dealer or major swap participant shall verify whether a counterparty is eligible to elect to be a Special Entity under §23.401(c)(6) and, if so, notify such counterparty of its right to make such an election.

(d) Safe harbor. A swap dealer or major swap participant may rely on written representations of a counterparty to satisfy the requirements of this section, as provided in §23.402(d). A swap dealer or major swap participant will have a reasonable basis to rely on such written representations for purposes of the requirements in paragraphs (a) and (b) of this section if the counterparty specifies in such representations the provision(s) of Section 1a(18) of the Act or paragraph(s) of §1.3 of this chapter that describe its status as an eligible contract participant and, in the case of a Special Entity, the paragraph(s) of the Special Entity definition in §23.401(c) that define its status as a Special Entity.

(e) This section shall not apply with respect to:

(1) A transaction that is initiated on a designated contract market; or

(2) A transaction initiated on a swap execution facility, if the swap dealer or major swap participant does not know the identity of the counterparty to the transaction prior to execution.

§ 23.430 Verification of counterparty eligibility.

(a) Eligibility. A swap dealer or major swap participant shall verify that a counterparty meets the eligibility standards for an eligible contract participant, as defined in Section 1a(18) of the Act and §1.3 of this chapter, before offering to enter into or entering into a swap with that counterparty.

(b) Special Entity. In verifying the eligibility of a counterparty pursuant to paragraph (a) of this section, a swap dealer or major swap participant shall also verify whether the counterparty is a Special Entity.
§ 23.431

17 CFR Ch. I (4–1–13 Edition)

the swap, the terms relating to the operation of the swap, and the rights and obligations of the parties during the term of the swap; and

(3) The material incentives and conflicts of interest that the swap dealer or major swap participant may have in connection with a particular swap, which shall include:

(i) With respect to disclosure of the price of the swap, the price of the swap and the mid-market mark of the swap as set forth in paragraph (d)(2) of this section; and

(ii) Any compensation or other incentive from any source other than the counterparty that the swap dealer or major swap participant may receive in connection with the swap.

(b) Scenario Analysis. Prior to entering into a swap with a counterparty (other than a swap dealer, major swap participant, security-based swap dealer, or major security-based swap participant) that is not made available for trading, as provided in Section 2(h)(8) of the Act, on a designated contract market or swap execution facility, a swap dealer shall:

(1) Notify the counterparty that it can request and consult on the design of a scenario analysis to allow the counterparty to assess its potential exposure in connection with the swap;

(2) Upon request of the counterparty, provide a scenario analysis, which is designed in consultation with the counterparty and done over a range of assumptions, including severe downside stress scenarios that would result in a significant loss;

(3) Disclose all material assumptions and explain the calculation methodologies used to perform any requested scenario analysis; provided however, that the swap dealer is not required to disclose confidential, proprietary information about any model it may use to prepare the scenario analysis; and

(4) In designing any requested scenario analysis, consider any relevant analyses that the swap dealer undertakes for its own risk management purposes, including analyses performed as part of its “New Product Policy” specified in §23.600(c)(3).

(c) Paragraphs (a) and (b) of this section shall not apply with respect to a transaction that is:

(1) Initiated on a designated contract market or a swap execution facility; and

(2) One in which the swap dealer or major swap participant does not know the identity of the counterparty to the transaction prior to execution.

(d) Daily mark. A swap dealer or major swap participant shall:

(1) For cleared swaps, notify a counterparty (other than a swap dealer, major swap participant, security-based swap dealer, or major security-based swap participant) of the counterparty’s right to receive, upon request, the daily mark from the appropriate derivatives clearing organization.

(2) For uncleared swaps, provide the counterparty (other than a swap dealer, major swap participant, security-based swap dealer, or major security-based swap participant) with a daily mark, which shall be the mid-market mark of the swap. The mid-market mark of the swap shall not include amounts for profit, credit reserve, hedging, funding, liquidity, or any other costs or adjustments. The daily mark shall be provided to the counterparty during the term of the swap as of the close of business or such other time as the parties agree in writing.

(3) For uncleared swaps, disclose to the counterparty:

(i) The methodology and assumptions used to prepare the daily mark and any material changes during the term of the swap; provided however, that the swap dealer or major swap participant is not required to disclose to the counterparty confidential, proprietary information about any model it may use to prepare the daily mark; and

(ii) Additional information concerning the daily mark to ensure a fair and balanced communication, including, as appropriate, that:

(A) The daily mark may not necessarily be a price at which either the counterparty or the swap dealer or major swap participant would agree to replace or terminate the swap;

(B) Depending upon the agreement of the parties, calls for margin may be based on considerations other than the daily mark provided to the counterparty; and

492
Commodity Futures Trading Commission

§ 23.432 Clearing disclosures.
(a) For swaps required to be cleared—right to select derivatives clearing organization. A swap dealer or major swap participant shall notify any counterparty (other than a swap dealer, major swap participant, securities-based swap dealer, or major securities-based swap participant) with which it entered into a swap that is subject to mandatory clearing under Section 2(h) of the Act, that the counterparty has the sole right to select the derivatives clearing organization at which the swap will be cleared.
(b) For swaps not required to be cleared—right to clearing. A swap dealer or major swap participant shall notify any counterparty (other than a swap dealer, major swap participant, securities-based swap dealer, or major securities-based swap participant) with which it entered into a swap that is not subject to the mandatory clearing requirements under Section 2(h) of the Act that the counterparty:
(1) May elect to require clearing of the swap; and
(2) Shall have the sole right to select the derivatives clearing organization at which the swap will be cleared.

§ 23.433 Communications—fair dealing.
With respect to any communication between a swap dealer or major swap participant and any counterparty, the swap dealer or major swap participant shall communicate in a fair and balanced manner based on principles of fair dealing and good faith.

§ 23.434 Recommendations to counterparties—institutional suitability.
(a) A swap dealer that recommends a swap or trading strategy involving a swap to a counterparty, other than a swap dealer, major swap participant, securities-based swap dealer, or major securities-based swap participant, must:
(1) Undertake reasonable diligence to understand the potential risks and rewards associated with the recommended swap or trading strategy involving a swap; and
(2) Have a reasonable basis to believe that the recommended swap or trading strategy involving a swap is suitable for the counterparty. To establish a reasonable basis for a recommendation, a swap dealer must have or obtain information about the counterparty, including the counterparty’s investment profile, trading objectives, and ability to absorb potential losses associated with the recommended swap or trading strategy involving a swap.
(b) Safe harbor. A swap dealer may fulfill its obligations under paragraph (a)(2) of this section with respect to a particular counterparty if:
(1) The swap dealer reasonably determines that the counterparty, or an agent to which the counterparty has delegated decision-making authority, is capable of independently evaluating investment risks with regard to the relevant swap or trading strategy involving a swap;
(2) The counterparty or its agent represents in writing that it is exercising independent judgment in evaluating the recommendations of the swap dealer with regard to the relevant swap or trading strategy involving a swap;
(3) The swap dealer discloses in writing that it is acting in its capacity as a counterparty and is not undertaking to assess the suitability of the swap or trading strategy involving a swap for the counterparty; and
(4) In the case of a counterparty that is a Special Entity, the swap dealer complies with §23.440 where the recommendation would cause the swap dealer to act as an advisor to a Special Entity within the meaning of §23.440(a).
(c) A swap dealer will satisfy the requirements of paragraph (b)(1) of this section if it receives written representations, as provided in §23.402(d), that:
(1) In the case of a counterparty that is not a Special Entity, the counterparty has complied in good faith with written policies and procedures that are reasonably designed to ensure that the persons responsible for evaluating the recommendation and making trading decisions on behalf of the counterparty are capable of doing so; or
§ 23.440 Requirements for swap dealers acting as advisors to Special Entities.

(a) Acts as an advisor to a Special Entity. For purposes of this section, a swap dealer “acts as an advisor to a Special Entity” when the swap dealer recommends a swap or trading strategy involving a swap that is tailored to the particular needs or characteristics of the Special Entity.

(b) Safe harbors. A swap dealer will not “act as an advisor to a Special Entity” within the meaning of paragraph (a) of this section if:

(1) With respect to a Special Entity that is an employee benefit plan as defined in §23.401(c)(3):
   (i) The Special Entity represents in writing that it has a fiduciary as defined in Section 3 of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1002) that is responsible for representing the Special Entity in connection with the swap transaction;
   (ii) The fiduciary represents in writing that it will not rely on recommendations provided by the swap dealer; and
   (iii) The Special Entity represents in writing that:
      (A) That it will comply in good faith with written policies and procedures reasonably designed to ensure that any recommendation the Special Entity receives from the swap dealer materially affecting a swap transaction is evaluated by a fiduciary before the transaction occurs; or
      (B) That any recommendation the Special Entity receives from the swap dealer materially affecting a swap transaction will be evaluated by a fiduciary before that transaction occurs; or
   (2) With respect to any Special Entity:
      (i) The swap dealer does not express an opinion as to whether the Special Entity should enter into a recommended swap or trading strategy involving a swap that is tailored to the particular needs or characteristics of the Special Entity;
      (ii) The Special Entity represents in writing that:
         (A) The Special Entity will not rely on recommendations provided by the swap dealer; and
         (B) The Special Entity will rely on advice from a qualified independent representative within the meaning of §23.450; and
      (iii) The swap dealer discloses to the Special Entity that it is not undertaking to act in the best interests of the Special Entity as otherwise required by this section.

(c) A swap dealer that acts as an advisor to a Special Entity shall comply with the following requirements:

(1) Duty. Any swap dealer that acts as an advisor to a Special Entity shall have a duty to make a reasonable determination that any swap or trading strategy involving a swap recommended by the swap dealer is in the best interests of the Special Entity.

(2) Reasonable efforts. Any swap dealer that acts as an advisor to a Special Entity shall make reasonable efforts to obtain such information as is necessary to make a reasonable determination that any swap or trading strategy involving a swap recommended by the swap dealer is in the best interests of the Special Entity, including information relating to:

   (i) The financial status of the Special Entity, as well as the Special Entity’s future funding needs;
   (ii) The tax status of the Special Entity;
   (iii) The hedging, investment, financing, or other objectives of the Special Entity;
   (iv) The experience of the Special Entity with respect to entering into swaps, generally, and swaps of the type and complexity being recommended;
   (v) Whether the Special Entity has the financial capability to withstand changes in market conditions during the term of the swap; and
   (vi) Such other information as is relevant to the particular facts and circumstances of the Special Entity, market conditions, and the type of swap or trading strategy involving a swap being recommended.

(d) Reasonable reliance on representations of the Special Entity. As provided in §23.402(d), the swap dealer may rely
on written representations of the Special Entity to satisfy its requirement in paragraph (c)(2) of this section to make "reasonable efforts" to obtain necessary information.

§§ 23.441–23.449 [Reserved]

§ 23.450 Requirements for swap dealers and major swap participants acting as counterparties to Special Entities.

(a) Definitions. For purposes of this section:

(1) The term "principal relationship" means where a swap dealer or major swap participant is a principal of the representative of a Special Entity or the representative of a Special Entity is a principal of the swap dealer or major swap participant. The term "principal" means any person listed in §3.1(a)(1) through(3) of this chapter.

(2) The term "statutory disqualification" means grounds for refusal to register or to revoke, condition, or restrict the registration of any registrant or applicant for registration as set forth in Sections 8a(2) and 8a(3) of the Act.

(b)(1) Any swap dealer or major swap participant that offers to enter or enters into a swap with a Special Entity, other than a Special Entity defined in §23.401(c)(3), shall have a reasonable basis to believe that the Special Entity has a representative that:

(i) Has sufficient knowledge to evaluate the transaction and risks;

(ii) Is not subject to a statutory disqualification;

(iii) Is independent of the swap dealer or major swap participant;

(iv) Undertakes a duty to act in the best interests of the Special Entity it represents;

(v) Makes appropriate and timely disclosures to the Special Entity;

(vi) Evaluates, consistent with any guidelines provided by the Special Entity, fair pricing and the appropriate-ness of the swap; and

(vii) In the case of a Special Entity as defined in §23.401(c)(2) or (4), is subject to restrictions on certain political contributions imposed by the Commission, the Securities and Exchange Commission, or a self-regulatory organization subject to the jurisdiction of the Commission or the Securities and Exchange Commission; provided however, that this paragraph (b)(1)(vii) of this section shall not apply if the representative is an employee of the Special Entity.

(2) Any swap dealer or major swap participant that offers to enter or enters into a swap with a Special Entity as defined in §23.401(c)(3) shall have a reasonable basis to believe that the Special Entity has a representative that is a fiduciary as defined in Section 3 of the Employee Retirement Income Security Act of 1974 (29 U.S.C. 1002).

(c) Independent. For purposes of paragraph (b)(1)(iii) of this section, a representative of a Special Entity will be deemed to be independent of the swap dealer or major swap participant if:

(1) The representative is not, and, within one year of representing the Special Entity in connection with the swap, was not an associated person of the swap dealer or major swap participant within the meaning of Section 1a(4) of the Act;

(2) There is no principal relationship between the representative of the Special Entity and the swap dealer or major swap participant;

(3) The representative:

(i) Provides timely and effective disclosures to the Special Entity of all material conflicts of interest that could reasonably affect the judgment or decision making of the representative with respect to its obligations to the Special Entity; and

(ii) Complies with policies and procedures reasonably designed to manage and mitigate such material conflicts of interest;

(4) The representative is not directly or indirectly, through one or more persons, controlled by, in control of, or under common control with the swap dealer or major swap participant; and

(5) The swap dealer or major swap participant did not refer, recommend, or introduce the representative to the Special Entity within one year of the representative's representation of the Special Entity in connection with the swap.

(d) Safe harbor. (1) A swap dealer or major swap participant shall be deemed to have a reasonable basis to believe that the Special Entity, other than a Special Entity defined in
§ 23.451  Political contributions by certain swap dealers.

(a) Definitions. For the purposes of this section:

(1) The term “contribution” means any gift, subscription, loan, advance, or deposit of money or anything of value made;

(2) The term “covered associate” means:

(i) Any general partner, managing member, or executive officer, or other person with a similar status or function;

(ii) Any employee who solicits a governmental Special Entity for the swap dealer and any person who supervises,

§ 23.451  Political contributions by certain swap dealers.

(a) Definitions. For the purposes of this section:

(1) The term “contribution” means any gift, subscription, loan, advance, or deposit of money or anything of value made;

(2) The term “covered associate” means:

(i) Any general partner, managing member, or executive officer, or other person with a similar status or function;

(ii) Any employee who solicits a governmental Special Entity for the swap dealer and any person who supervises,
Commodity Futures Trading Commission

§ 23.451

directly or indirectly, such employee; and

(iii) Any political action committee controlled by the swap dealer or by any person described in paragraphs (a)(2)(i) and (a)(2)(ii) of this section.

(3) The term “governmental Special Entity” means any Special Entity defined in § 23.401(c)(2) or (4).

(4) The term “official” of a governmental Special Entity means any person (including any election committee for such person) who was, at the time of the contribution, an incumbent, candidate, or successful candidate for elective office of a governmental Special Entity, if the office:

(i) Is directly or indirectly responsible for, or can influence the outcome of, the selection of a swap dealer by a governmental Special Entity; or

(ii) Has authority to appoint any person who is directly or indirectly responsible for, or can influence the outcome of, the selection of a swap dealer by a governmental Special Entity.

(5) The term “payment” means any gift, subscription, loan, advance, or deposit of money or anything of value.

(6) The term “regulated person” means:

(i) A person that is subject to restrictions on certain political contributions imposed by the Commission, the Securities and Exchange Commission, or a self-regulatory agency subject to the jurisdiction of the Commission or the Securities and Exchange Commission;

(ii) A general partner, managing member, or executive officer of such person, or other individual with a similar status or function; or

(iii) An employee of such person who solicits a governmental Special Entity for the swap dealer and any person who supervises, directly or indirectly, such employee.

(7) The term “solicit” means a direct or indirect communication by any person with a governmental Special Entity for the purpose of obtaining or retaining an engagement related to a swap.

(b) Prohibitions and exceptions. (1) As a means reasonably designed to prevent fraud, no swap dealer shall offer to enter into or enter into a swap or a trading strategy involving a swap with a governmental Special Entity within two years after any contribution to an official of such governmental Special Entity was made by the swap dealer or by any covered associate of the swap dealer; provided however, that:

(2) This prohibition does not apply:

(i) If the only contributions made by the swap dealer to an official of such governmental Special Entity were made by a covered associate:

(A) To officials for whom the covered associate was entitled to vote at the time of the contributions, provided that the contributions in the aggregate do not exceed $350 to any one official per election; or

(B) To officials for whom the covered associate was not entitled to vote at the time of the contributions, provided that the contributions in the aggregate do not exceed $150 to any one official per election;

(ii) To a swap dealer as a result of a contribution made by a natural person more than six months prior to becoming a covered associate of the swap dealer, provided that this exclusion shall not apply if the natural person, after becoming a covered associate, solicits the governmental Special Entity on behalf of the swap dealer to offer to enter into or to enter into a swap or trading strategy involving a swap; or

(iii) To a swap that is:

(A) Initiated on a designated contract market or swap execution facility; and

(B) One in which the swap dealer does not know the identity of the counterparty to the transaction prior to execution.

(3) No swap dealer or any covered associate of the swap dealer shall:

(i) Provide or agree to provide, directly or indirectly, payment to any person to solicit a governmental Special Entity to offer to enter into, or to enter into, a swap with that swap dealer unless such person is a regulated person; or

(ii) Coordinate, or solicit any person or political action committee to make, any:

(A) Contribution to an official of a governmental Special Entity with which the swap dealer is offering to enter into, or has entered into, a swap; or
(B) Payment to a political party of a state or locality with which the swap dealer is offering to enter into or has entered into a swap or a trading strategy involving a swap.

(c) Circumvention of rule. No swap dealer shall, directly or indirectly, through or by any other person or means, do any act that would result in a violation of paragraph (b) of this section.

(d) Requests for exemption. The Commission, upon application, may conditionally or unconditionally exempt a swap dealer from the prohibition under paragraph (b) of this section. In determining whether to grant an exemption, the Commission will consider, among other factors:

(1) Whether the exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes of the Act;

(2) Whether the swap dealer:

(i) Before the contribution resulting in the prohibition was made, implemented policies and procedures reasonably designed to prevent violations of this section;

(ii) Prior to or at the time the contribution which resulted in such prohibition was made, had no actual knowledge of the contribution; and

(iii) After learning of the contribution:

(A) Has taken all available steps to cause the contributor involved in making the contribution which resulted in such prohibition to obtain a return of the contribution; and

(B) Has taken such other remedial or preventive measures as may be appropriate under the circumstances;

(3) Whether, at the time of the contribution, the contributor was a covered associate or otherwise an employee of the swap dealer, or was seeking such employment;

(4) The timing and amount of the contribution which resulted in the prohibition;

(5) The nature of the election (e.g., federal, state or local); and

(6) The contributor’s apparent intent or motive in making the contribution that resulted in the prohibition, as evidenced by the facts and circumstances surrounding the contribution.

(e) Prohibitions inapplicable. (1) The prohibitions under paragraph (b) of this section shall not apply to a contribution made by a covered associate of the swap dealer if:

(i) The swap dealer discovered the contribution within 120 calendar days of the date of such contribution;

(ii) The contribution did not exceed the amounts permitted by paragraphs (b)(2)(i)(A) or (B) of this section; and

(iii) The covered associate obtained a return of the contribution within 60 calendar days of the date of discovery of the contribution by the swap dealer.

(2) A swap dealer may not rely on paragraph (e)(1) of this section more than twice in any 12-month period.

(3) A swap dealer may not rely on paragraph (e)(1) of this section more than once for any covered associate, regardless of the time between contributions.

Subpart I—Swap Documentation

SOURCE: 77 FR 21307, Apr. 9, 2012, unless otherwise noted.

§ 23.500 Definitions.

For purposes of this subpart I, the following terms shall be defined as provided.

(a) Acknowledgment means a written or electronic record of all of the terms of a swap signed and sent by one counterparty to the other.

(b) Bilateral portfolio compression exercise means an exercise in which two swap counterparties wholly terminate or change the notional value of some or all of the swaps submitted by the counterparties for inclusion in the portfolio compression exercise and, depending on the methodology employed, replace the terminated swaps with other swaps whose combined notional value (or some other measure of risk) is less than the combined notional value (or some other measure of risk) of the terminated swaps in the exercise.

(c) Confirmation means the consummation (electronically or otherwise) of legally binding documentation
(electronic or otherwise) that memorializes the agreement of the counterparties to all of the terms of a swap transaction. A confirmation must be in writing (whether electronic or otherwise) and must legally supersede any previous agreement (electronically or otherwise). A confirmation is created when an acknowledgment is manually, electronically, or by some other legally equivalent means, signed by the receiving counterparty.

(d) Execution means, with respect to a swap transaction, an agreement by the counterparties (whether orally, in writing, electronically, or otherwise) to the terms of the swap transaction that legally binds the counterparties to such terms under applicable law.

(e) Financial entity means a counterparty that is not a swap dealer or a major swap participant and that is one of the following:

(1) A commodity pool as defined in Section 1a(5) of the Act;
(2) A private fund as defined in Section 202(a) of the Investment Advisors Act of 1940;
(3) An employee benefit plan as defined in paragraphs (3) and (32) of section 3 of the Employee Retirement Income and Security Act of 1974;
(4) A person predominantly engaged in activities that are in the business of banking, or in activities that are financial in nature as defined in Section 4(k) of the Bank Holding Company Act of 1956; and
(5) A security-based swap dealer or a major security-based swap participant.

(f) Fully offsetting swaps means swaps of equivalent terms where no net cash flow would be owed to either counterparty after the offset of payment obligations thereunder.

(g) Material terms means all terms of a swap required to be reported in accordance with part 45 of this chapter.

(h) Multilateral portfolio compression exercise means an exercise in which multiple swap counterparties wholly terminate or change the notional value of some or all of the swaps submitted by the counterparties for inclusion in the portfolio compression exercise and, depending on the methodology employed, replace the terminated swaps with other swaps whose combined notional value (or some other measure of risk) is less than the combined notional value (or some other measure of risk) of the terminated swaps in the compression exercise.

(i) Portfolio reconciliation means any process by which the two parties to one or more swaps:

(1) Exchange the terms of all swaps in the swap portfolio between the counterparties;
(2) Exchange each counterparty’s valuation of each swap in the swap portfolio between the counterparties as of the close of business on the immediately preceding business day; and
(3) Resolve any discrepancy in material terms and valuations.

(j) Prudential regulator has the meaning given to the term in section 1a(39) of the Commodity Exchange Act and includes the Board of Governors of the Federal Reserve System, the Office of the Comptroller of the Currency, the Federal Deposit Insurance Corporation, the Farm Credit Association, and the Federal Housing Finance Agency, as applicable to the swap dealer or major swap participant.

(k) Swap portfolio means all swaps currently in effect between a particular swap dealer or major swap participant and a particular counterparty.

(l) Swap transaction means any event that results in a new swap or in a change to the terms of a swap, including execution, termination, assignment, novation, exchange, transfer, amendment, conveyance, or extinguishing of rights or obligations of a swap.

(m) Valuation means the current market value or net present value of a swap.

§ 23.501 Swap confirmation.

(a) Confirmation. Subject to the compliance schedule in paragraph (c) of this section:

(1) Each swap dealer and major swap participant entering into a swap transaction with a counterparty that is a swap dealer or major swap participant shall execute a confirmation for the swap transaction as soon as technologically practicable, but in any event by the end of first business day following the day of execution.
(2) Each swap dealer and major swap participant entering into a swap transaction with a counterparty that is not a swap dealer or a major swap participant shall send an acknowledgment of such swap transaction as soon as technologically practicable, but in any event by the end of the first business day following the day of execution.

(3)(i) Each swap dealer and major swap participant shall establish, maintain, and follow written policies and procedures reasonably designed to ensure that it executes a confirmation for each swap transaction that it enters into with a counterparty that is a financial entity as soon as technologically practicable, but in any event by the end of the first business day following the day of execution.

(ii) Each swap dealer and major swap participant shall establish, maintain, and follow written policies and procedures reasonably designed to ensure that it executes a confirmation for each swap transaction that it enters into with a counterparty that is not a swap dealer, major swap participant, or a financial entity not later than the end of the second business day following the day of execution.

(iii) Such procedures shall include a requirement that, upon a request by a prospective counterparty prior to execution of any such swap, the swap dealer or major swap participant furnish to the prospective counterparty prior to execution a draft acknowledgment specifying all terms of the swap transaction other than the applicable pricing and other relevant terms that are to be expressly agreed at execution.

(4) Swaps executed on a swap execution facility, designated contract market, or submitted for clearing by a derivatives clearing organization.

(i) Any swap transaction executed on a swap execution facility or designated contract market, or submitted for clearing by a derivatives clearing organization shall be deemed to satisfy the requirements of this section, provided that:

(A) The swap transaction is submitted for clearing as soon as technologically practicable, but in any event no later than the times established for confirmation under paragraphs (a)(1) or (3) of this section, and

(B) Confirmation of all terms of the transaction takes place at the same time as the swap transaction is accepted for clearing pursuant to the rules of the derivatives clearing organization.

(iii) If a swap dealer or major swap participant receives notice that a swap transaction has not been confirmed by a swap execution facility or a designated contract market, or accepted for clearing by a derivatives clearing organization, the swap dealer or major swap participant shall execute a confirmation for such swap transaction as soon as technologically practicable by a swap execution facility or a designated contract market, or accepted for clearing by a derivatives clearing organization,

(iii) If a swap dealer or major swap participant receives notice that a swap transaction has not been confirmed by a swap execution facility or a designated contract market, or accepted for clearing by a derivatives clearing organization, the swap dealer or major swap participant shall execute a confirmation for such swap transaction as soon as technologically practicable, but in any event no later than the times established for confirmation under paragraphs (a)(1) or (3) of this section as if such swap transaction were executed at the time the swap dealer or major swap participant receives such notice.

(5) For purposes of this section:

(i) “Day of execution” means the calendar day of the party to the swap transaction that ends latest, provided that if a swap transaction is—

(A) Entered into after 4:00 p.m. in the place of a party; or

(B) Entered into on a day that is not a business day in the place of a party, then such swap transaction shall be deemed to have been entered into by that party on the immediately succeeding business day of that party, and the day of execution shall be determined with reference to such business day; and

(ii) “Business day” means any day other than a Saturday, Sunday, or legal holiday.

(b) Recordkeeping. (1) Each swap dealer and major swap participant shall make and retain a record of:

(i) The date and time of transmission to, or receipt from, a counterparty of any acknowledgment; and

(ii) The date and time of transmission to, or receipt from, a counterparty of any confirmation.
Commodity Futures Trading Commission § 23.501

(2) All records required to be maintained pursuant to this section shall be maintained in accordance with §23.203 and shall be made available promptly upon request to any representative of the Commission or any applicable prudential regulator, or with regard to swaps defined in section 1a(47)(A)(v), to any representative of the Commission, the Securities and Exchange Commission, or any applicable prudential regulator.

(c) Compliance schedule. The requirements of paragraph (a) of this section are subject to the following compliance schedule:

(1) For purposes of paragraph (a)(1) of this section, each swap dealer and major swap participant entering into a swap transaction that is or involves a credit swap or interest rate swap with a counterparty that is a swap dealer or major swap participant shall execute a confirmation for the swap transaction as soon as technologically practicable, but in any event by:

(i) The end of the second business day following the day of execution for the period from the effective date of this section to February 28, 2014; and

(ii) The end of the first business day following the day of execution from and after March 1, 2014.

(2) For purposes of paragraph (a)(1) of this section, each swap dealer and major swap participant entering into a swap transaction that is or involves an equity swap, foreign exchange swap, or other commodity swap with a counterparty that is not a swap dealer or a major swap participant shall send an acknowledgment of such swap transaction as soon as technologically practicable, but in any event by:

(i) The end of the third business day following the day of execution for the period from the effective date of this section to August 31, 2013;

(ii) The end of the second business day following the day of execution for the period from September 1, 2013 to August 31, 2014; and

(iii) The end of the first business day following the day of execution from and after September 1, 2014.

(3) For purposes of paragraph (a)(2) of this section, each swap dealer and major swap participant entering into a swap transaction that is or involves a credit swap or interest rate swap with a counterparty that is not a swap dealer or a major swap participant shall send an acknowledgment of such swap transaction as soon as technologically practicable, but in any event by:

(i) The end of the second business day following the day of execution for the period from the effective date of this section to February 28, 2014; and

(ii) The end of the first business day following the day of execution from and after March 1, 2014.

(4) For purposes of paragraph (a)(2) of this section, each swap dealer and major swap participant entering into a swap transaction that is or involves an equity swap, foreign exchange swap, or other commodity swap with a counterparty that is not a swap dealer or a major swap participant shall send an acknowledgment of such swap transaction as soon as technologically practicable, but in any event by:

(i) The end of the third business day following the day of execution for the period from the effective date of this section to August 31, 2013;

(ii) The end of the second business day following the day of execution for the period from September 1, 2013 to August 31, 2014; and

(iii) The end of the first business day following the day of execution from and after September 1, 2014.

(5) For purposes of paragraph (a)(3)(i) of this section, each swap dealer and major swap participant shall establish, maintain, and follow written policies and procedures reasonably designed to ensure that it executes a confirmation for each swap transaction that is or involves a credit swap or interest rate swap that it enters into with a counterparty that is a financial entity as soon as technologically practicable, but in any event by:

(i) The end of the second business day following the day of execution for the period from the effective date of this section to February 28, 2014; and

(ii) The end of the first business day following the day of execution from and after March 1, 2014.

(6) For purposes of paragraph (a)(3)(i) of this section, each swap dealer and major swap participant shall establish, maintain, and follow written policies and procedures reasonably designed to
§ 23.502 Portfolio reconciliation.

(a) Swaps with swap dealers or major swap participants. Each swap dealer and major swap participant shall engage in

ensure that it executes a confirmation for each swap transaction that is or involves an equity swap, foreign exchange swap, or other commodity swap that it enters into with a counterparty that is a financial entity as soon as technologically practicable, but in any event by:

(i) The end of the third business day following the day of execution for the period from the effective date of this section to August 31, 2013;

(ii) The end of the second business day following the day of execution for the period from September 1, 2013 to August 31, 2014; and

(iii) The end of the first business day following the day of execution from and after September 1, 2014.

(7) For purposes of paragraph (a)(3)(ii) of this section, each swap dealer and major swap participant shall establish, maintain, and follow written policies and procedures reasonably designed to ensure that it executes a confirmation for each swap transaction that is or involves a credit swap or interest rate swap that it enters into with a counterparty that is not a swap dealer, major swap participant, or a financial entity not later than:

(i) The end of the fifth business day following the day of execution for the period from the effective date of this section to August 31, 2013;

(ii) The end of the third business day following the day of execution for the period from September 1, 2013 to August 31, 2014; and

(iii) The end of the second business day following the day of execution from and after September 1, 2014.

(8) For purposes of paragraph (a)(3)(ii) of this section, each swap dealer and major swap participant shall establish, maintain, and follow written policies and procedures reasonably designed to ensure that it executes a confirmation for each swap transaction that is or involves an equity swap, foreign exchange swap, or other commodity swap that it enters into with a counterparty that is not a swap dealer, major swap participant, or a financial entity not later than:

(i) The end of the seventh business day following the day of execution for the period from the effective date of this section to August 31, 2013;

(ii) The end of the fourth business day following the day of execution for the period from September 1, 2013 to August 31, 2014; and

(iii) The end of the second business following the day of execution from and after September 1, 2014.

(9) For purposes of paragraph (c) of this section:

(i) “Credit swap” means any swap that is primarily based on instruments of indebtedness, including, without limitation: Any swap primarily based on one or more broad-based indices related to instruments of indebtedness; and any swap that is an index credit swap or total return swap on one or more indices of debt instruments;

(ii) “Equity swap” means any swap that is primarily based on equity securities, including, without limitation: Any swap primarily based on one or more broad-based indices of equity securities; and any total return swap on one or more equity indices;

(iii) “Foreign exchange swap” has the meaning set forth in section 1a(25) of the CEA. It does not include swaps primarily based on rates of exchange between different currencies, changes in such rates, or other aspects of such rates (sometimes known as “cross-currency swaps”); and

(iv) “Interest rate swap” means any swap which is primarily based on one or more interest rates, such as swaps of payments determined by fixed and floating interest rates; or any swap which is primarily based on rates of exchange between different currencies, changes in such rates, or other aspects of such rates (sometimes known as “cross-currency swaps”); and

(v) “Other commodity swap” means any swap not included in the credit, equity, foreign exchange, or interest rate asset classes, including, without limitation, any swap for which the primary underlying item is a physical commodity or the price or any other aspect of a physical commodity.

[77 FR 55960, Sept. 11, 2012]
Commodity Futures Trading Commission

§ 23.502

portfolio reconciliation as follows for all swaps in which its counterparty is also a swap dealer or major swap participant.

(1) Each swap dealer or major swap participant shall agree in writing with each of its counterparties on the terms of the portfolio reconciliation.

(2) The portfolio reconciliation may be performed on a bilateral basis by the counterparties or by a qualified third party.

(3) The portfolio reconciliation shall be performed no less frequently than:

(i) Once each business day for each swap portfolio that includes 500 or more swaps;

(ii) Once each week for each swap portfolio that includes more than 50 but fewer than 500 swaps on any business day during any week; and

(iii) Once each calendar quarter for each swap portfolio that includes no more than 50 swaps at any time during the calendar quarter.

(4) Each swap dealer and major swap participant shall resolve immediately any discrepancy in a material term of a swap identified as part of a portfolio reconciliation or otherwise.

(5) Each swap dealer and major swap participant shall establish, maintain, and follow written policies and procedures reasonably designed to resolve any discrepancy in a valuation identified as part of a portfolio reconciliation or otherwise as soon as possible, but in any event within five business days, provided that the swap dealer and major swap participant establishes, maintains, and follows written policies and procedures reasonably designed to identify how the swap dealer or major swap participant will comply with any variation margin requirements under section 4s(e) of the Act and regulations under this part pending resolution of the discrepancy in valuation. A difference between the lower valuation and the higher valuation of less than 10 percent of the higher valuation need not be deemed a discrepancy.

(b) Swaps with entities other than swap dealers or major swap participants. Each swap dealer and major swap participant shall establish, maintain, and follow written policies and procedures reasonably designed to ensure that it engages in portfolio reconciliation as follows for all swaps in which its counterparty is neither a swap dealer nor a major swap participant.

(1) Each swap dealer or major swap participant shall agree in writing with each of its counterparties on the terms of the portfolio reconciliation, including agreement on the selection of any third-party service provider.

(2) The portfolio reconciliation may be performed on a bilateral basis by the counterparties or by one or more third parties selected by the counterparties in accordance with paragraph (b)(1) of this section.

(3) The required policies and procedures shall provide that portfolio reconciliation will be performed no less frequently than:

(i) Once each calendar quarter for each swap portfolio that includes more than 100 swaps at any time during the calendar quarter; and

(ii) Once annually for each swap portfolio that includes no more than 100 swaps at any time during the calendar year.

(4) Each swap dealer or major swap participant shall establish, maintain, and follow written procedures reasonably designed to resolve any discrepancies in the material terms or valuation of each swap identified as part of a portfolio reconciliation or otherwise with a counterparty that is neither a swap dealer nor major swap participant in a timely fashion. A difference between the lower valuation and the higher valuation of less than 10 percent of the higher valuation need not be deemed a discrepancy.

(c) Reporting. Each swap dealer and major swap participant shall promptly notify the Commission and any applicable prudential regulator, or with regard to swaps defined in section 1a(47)(A)(v) of the Act, the Commission, the Securities and Exchange Commission, and any applicable prudential regulator, of any swap valuation dispute in excess of $20,000,000 (or its equivalent in any other currency) if not resolved within:

(1) Three (3) business days, if the dispute is with a counterparty that is a swap dealer or major swap participant; or

(2) Five (5) business days, if the dispute is with a counterparty that is not
a swap dealer or major swap participant.
(d) Reconciliation of cleared swaps. Nothing in this section shall apply to a swap that is cleared by a derivatives clearing organization.
(e) Recordkeeping. A record of each swap portfolio reconciliation consistent with §23.202(a)(3)(iii) shall be maintained in accordance with §23.203.

§ 23.503 Portfolio compression.
(a) Portfolio compression with swap dealers and major swap participants—(1) Bilateral offset. Each swap dealer and major swap participant shall establish, maintain, and follow written policies and procedures for terminating each fully offsetting swap between a swap dealer or major swap participant and another swap dealer or major swap participant in a timely fashion, when appropriate.
(2) Bilateral compression. Each swap dealer and major swap participant shall establish, maintain, and follow written policies and procedures for periodically engaging in bilateral portfolio compression exercises, when appropriate, with each counterparty that is also a swap dealer or major swap participant.
(3) Multilateral compression. Each swap dealer and major swap participant shall establish, maintain, and follow written policies and procedures for periodically engaging in multilateral portfolio compression exercises, when appropriate, with each counterparty that is also a swap dealer or major swap participant. Such policies and procedures shall include:
   (i) Policies and procedures for participation in all multilateral portfolio compression exercises required by Commission regulation or order; and
   (ii) Evaluation of multilateral portfolio compression exercises that are initiated, offered, or sponsored by any third party.
(b) Portfolio compression with counterparties other than swap dealers and major swap participants. Each swap dealer and major swap participant shall establish, maintain, and follow written policies and procedures for periodically terminating fully offsetting swaps and for engaging in portfolio compression exercises with respect to swaps in which its counterparty is an entity other than a swap dealer or major swap participant, to the extent requested by any such counterparty.
(c) Portfolio compression of cleared swaps. Nothing in this section shall apply to a swap that is cleared by a derivatives clearing organization.
(d) Recordkeeping. (1) Each swap dealer and major swap participant shall make and maintain a complete and accurate record of each bilateral offset and each bilateral or multilateral portfolio compression exercise in which it participates.
   (2) All records required to be maintained pursuant to this section shall be maintained in accordance with §23.203 and shall be made available promptly upon request to any representative of the Commission or any applicable prudential regulator, or with regard to swaps defined in section 1a(47)(A)(v) of the Act, to any representative of the Commission, the Securities and Exchange Commission, or any applicable prudential regulator.

§ 23.504 Swap trading relationship documentation.
(a)(1) Applicability. The requirements of this section shall not apply to:
   (i) Swaps executed prior to the date on which a swap dealer or major swap participant is required to be in compliance with this section;
   (ii) Swaps executed on a board of trade designated as a contract market under section 5 of the Act or to swaps executed anonymously on a swap execution facility under section 5h of the Act, provided that such swaps are cleared by a derivatives clearing organization and all terms of the swaps conform to the rules of the derivatives clearing organization and §39.12(b)(6) of this chapter; and
   (iii) Swaps cleared by a derivatives clearing organization.
   (2) Policies and procedures. Each swap dealer and major swap participant shall establish, maintain, and follow written policies and procedures reasonably designed to ensure that the swap dealer or major swap participant executes written swap trading relationship documentation with its counterparty

[77 FR 55960, Sept. 11, 2012]
that complies with the requirements of this section. The policies and procedures shall be approved in writing by senior management of the swap dealer and major swap participant, and a record of the approval shall be retained. Other than confirmations of swap transactions under §23.501, the swap trading relationship documentation shall be executed prior to or contemporaneously with entering into a swap transaction with any counterparty.

(b) Swap trading relationship documentation. (1) The swap trading relationship documentation shall be in writing and shall include all terms governing the trading relationship between the swap dealer or major swap participant and its counterparty, including, without limitation, terms addressing payment obligations, netting of payments, events of default or other termination events, calculation and netting of obligations upon termination, transfer of rights and obligations, governing law, valuation, and dispute resolution.

(2) The swap trading relationship documentation shall include all confirmations of swap transactions under §23.501.

(3) The swap trading relationship documentation shall include credit support arrangements, which shall contain, in accordance with applicable requirements under Commission regulations or regulations adopted by prudential regulators and without limitation, the following:

(i) Initial and variation margin requirements, if any;

(ii) Types of assets that may be used as margin and asset valuation haircuts, if any;

(iii) Investment and rehypothecation terms for assets used as margin for uncleared swaps, if any; and

(iv) Custodial arrangements for margin assets, including whether margin assets are to be segregated with an independent third party, in accordance with §23.701(e), if any.

(4) (i) The swap trading relationship documentation between swap dealers, between major swap participants, between a swap dealer and major swap participant, and between a swap dealer or major swap participant and a financial entity, and, if requested by any other counterparty, between a swap dealer or major swap participant and such counterparty, shall include written documentation in which the parties agree on the process, which may include any agreed upon methods, procedures, rules, and inputs, for determining the value of each swap at any time from execution to the termination, maturity, or expiration of such swap for the purposes of complying with the margin requirements under section 4s(e) of the Act and regulations under this part, and the risk management requirements under section 4s(j) of the Act and regulations under this part. To the maximum extent practicable, the valuation of each swap shall be based on recently-executed transactions, valuations provided by independent third parties, or other objective criteria.

(ii) Such documentation shall include either:

(A) Alternative methods for determining the value of the swap for the purposes of complying with this paragraph in the event of the unavailability or other failure of any input required to value the swap for such purposes; or

(B) A valuation dispute resolution process by which the value of the swap shall be determined for the purposes of complying with this paragraph (b)(4).

(iii) A swap dealer or major swap participant is not required to disclose to the counterparty confidential, proprietary information about any model it may use to value a swap.

(iv) The parties may agree on changes or procedures for modifying or amending the documentation required by this paragraph at any time.

(5) The swap trading relationship documentation of a swap dealer or major swap participant shall include the following:

(i) A statement of whether the swap dealer or major swap participant is an insured depository institution (as defined in 12 U.S.C. 1813) or a financial company (as defined in section 201(a)(11) of the Dodd-Frank Act, 12 U.S.C. 5361(a)(11));

(ii) A statement of whether the counterparty is an insured depository institution or financial company;
§ 23.505  End user exception documentation.

(a) For swaps excepted from a mandatory clearing requirement. Each swap dealer and major swap participant shall obtain documentation sufficient to provide a reasonable basis on which to believe that its counterparty meets the statutory conditions required for an exception from a mandatory clearing requirement, as defined in section 2h(7) of the Act and §39.6 of this chapter. Such documentation shall include:

(1) The identity of the counterparty;

(2) That the counterparty has elected not to clear a particular swap under section 2h(7) of the Act and §39.6 of this chapter;

(3) That the counterparty is a non-financial entity, as defined in section 2h(7)(C) of the Act;

(4) That the counterparty is hedging or mitigating a commercial risk; and

(5) That the counterparty generally meets its financial obligations associated with non-cleared swaps. Provided, that a swap dealer or major swap participant need not obtain documentation of paragraphs (a)(3), (4), or (5) of this section if it obtains documentation that its counterparty has reported the information listed in §39.6(b)(3) in accordance with §39.6(b)(4) of this chapter.

(b) Recordkeeping. Each swap dealer and major swap participant shall maintain all documents required to be created pursuant to this section in accordance with §23.203 and shall make them available promptly upon request to any representative of the Commission or any applicable prudential regulator, or with regard to swaps defined in section 1a(47)(A)(v) of the Act, to any representative of the Commission, the Securities and Exchange Commission, or any applicable prudential regulator.

(77 FR 55960, Sept. 11, 2012)
any representative of the Commission, the Securities and Exchange Commission, or any applicable prudential regulator.

[77 FR 55960, Sept. 11, 2012]

§ 23.506 Swap processing and clearing.

(a) Swap processing. (1) Each swap dealer and major swap participant shall ensure that it has the capacity to route swap transactions not executed on a swap execution facility or designated contract market to a derivatives clearing organization in a manner acceptable to the derivatives clearing organization for the purposes of clearing; and

(2) Each swap dealer and major swap participant shall coordinate with each derivatives clearing organization to which the swap dealer, major swap participant, or its clearing member submits transactions for clearing, to facilitate prompt and efficient swap transaction processing in accordance with the requirements of §39.12(b)(7) of this chapter.

(b) Swap clearing. With respect to each swap that is not executed on a swap execution facility or a designated contract market, each swap dealer and major swap participant shall:

(1) If such swap is subject to a mandatory clearing requirement pursuant to section 2(h)(1) of the Act and an exception pursuant to 2(h)(7) is not applicable, submit such swap for clearing to a derivatives clearing organization as soon as technologically practicable after execution of the swap, but no later than the close of business on the day of execution; or

(2) If such swap is not subject to a mandatory clearing requirement pursuant to section 2(h)(1) of the Act but is accepted for clearing by any derivatives clearing organization and the swap dealer or major swap participant and its counterparty agree that such swap will be submitted for clearing, submit such swap for clearing not later than the next business day after execution of the swap, or the agreement to clear, if later than execution.

§ 23.600 Risk Management Program for swap dealers and major swap participants.

SOURCE: 77 FR 20205, Apr. 3, 2012, unless otherwise noted.

Subpart J—Duties of Swap Dealers and Major Swap Participants

(a) Definitions. For purposes of subpart J, the following terms shall be defined as provided.

(1) Affiliate. This term means, with respect to any person, a person controlling, controlled by, or under common control with, such person.

(2) Business trading unit. This term means any department, division, group, or personnel of a swap dealer or major swap participant or any of its affiliates, whether or not identified as such, that performs, or personnel exercising direct supervisory authority over the performance of any pricing (excluding price verification for risk management purposes), trading, sales, marketing, advertising, solicitation, structuring, or brokerage activities on behalf of a registrant.

(3) Clearing unit. This term means any department, division, group, or personnel of a registrant or any of its affiliates, whether or not identified as such, that performs, or personnel exercising direct supervisory authority over the performance of any proprietary or customer clearing activities on behalf of a registrant.

(4) Governing body. This term means:

(1) A board of directors;

(2) A body performing a function similar to a board of directors;

(3) Any committee of a board or body; or

(4) The chief executive officer of a registrant, or any such board, body, committee, or officer of a division of a registrant, provided that the registrant’s swaps activities for which registration with the Commission is required are wholly contained in a separately identifiable division.

(5) Prudential regulator. This term has the same meaning as section 1a(39) of the Commodity Exchange Act and includes the Board of Governors of the Federal Reserve System, the Office of the Comptroller of the Currency, the Federal Deposit Insurance Corporation,
§ 23.600

the Farm Credit Association, and the Federal Housing Finance Agency, as applicable to the swap dealer or major swap participant.

(6) Senior management. This term means, with respect to a registrant, any officer or officers specifically granted the authority and responsibility to fulfill the requirements of senior management by the registrant’s governing body.

(7) Swaps activities. This term means, with respect to a registrant, such registrant’s activities related to swaps and any product used to hedge such swaps, including, but not limited to, futures, options, other swaps or security-based swaps, debt or equity securities, foreign currency, physical commodities, and other derivatives.

(b) Risk management program—(1) Purpose. Each swap dealer and major swap participant shall establish, document, maintain, and enforce a system of risk management policies and procedures designed to monitor and manage the risks associated with the swaps activities of the swap dealer or major swap participant. For purposes of this regulation, such policies and procedures shall be referred to collectively as a “Risk Management Program.”

(2) Written policies and procedures. Each swap dealer and major swap participant shall maintain written policies and procedures that describe the Risk Management Program of the swap dealer or major swap participant.

(3) Approval by governing body. The Risk Management Program and the written risk management policies and procedures shall be approved, in writing, by the governing body of the swap dealer or major swap participant.

(4) Furnishing to the Commission. Each swap dealer and major swap participant shall furnish a copy of its written risk management policies and procedures to the Commission, or to a futures association registered under section 17 of the Act, if directed by the Commission, upon application for registration and thereafter upon request.

(5) Risk management unit. As part of its Risk Management Program, each swap dealer and major swap participant shall establish and maintain a risk management unit with sufficient authority; qualified personnel; and financial, operational, and other resources to carry out the risk management program established pursuant to this regulation. The risk management unit shall report directly to senior management and shall be independent from the business trading unit.

(c) Elements of the Risk Management Program. The Risk Management Program of each swap dealer and major swap participant shall include, at a minimum, the following elements:

(1) Identification of risks and risk tolerance limits. (i) The Risk Management Program should take into account market, credit, liquidity, foreign currency, legal, operational, settlement, and any other applicable risks together with a description of the risk tolerance limits set by the swap dealer or major swap participant and the underlying methodology in written policies and procedures. The risk tolerance limits shall be reviewed and approved quarterly by senior management and annually by the governing body. Exceptions to risk tolerance limits shall be subject to written policies and procedures.

(ii) The Risk Management Program shall take into account risks posed by affiliates and the Risk Management Program shall be integrated into risk management at the consolidated entity level.

(iii) The Risk Management Program shall include policies and procedures for detecting breaches of risk tolerance limits set by the swap dealer or major swap participant, and alerting supervisors within the risk management unit and senior management, as appropriate.

(2) Periodic Risk Exposure Reports. (i) The risk management unit of each swap dealer and major swap participant shall provide to senior management and to its governing body quarterly written reports setting forth the market, credit, liquidity, foreign currency, legal, operational, settlement, and any other applicable risk exposures of the swap dealer or major swap participant, and alerting supervisors within the risk management unit and senior management, as appropriate.

(ii) The Risk Management Program shall include policies and procedures for detecting breaches of risk tolerance limits set by the swap dealer or major swap participant, and alerting supervisors within the risk management unit and senior management, as appropriate.

(iii) The Risk Management Program shall include policies and procedures for detecting breaches of risk tolerance limits set by the swap dealer or major swap participant, and alerting supervisors within the risk management unit and senior management, as appropriate.
Commodity Futures Trading Commission § 23.600

Management Program. For purposes of this regulation, such reports shall be referred to as “Risk Exposure Reports.” The Risk Exposure Reports also shall be provided to the senior management and the governing body immediately upon detection of any material change in the risk exposure of the swap dealer or major swap participant.

(ii) Furnishing to the Commission. Each swap dealer and major swap participant shall furnish copies of its Risk Exposure Reports to the Commission within five (5) business days of providing such reports to its senior management.

(3) New product policy. The Risk Management Program of each swap dealer and major swap participant shall include a new product policy that is designed to identify and take into account the risks of any new product prior to engaging in transactions involving the new product. The new product policy should include the following elements:

(i) Consideration of the type of counterparty with which the new product will be transacted; the product’s characteristics and economic function; and whether the product requires a novel pricing methodology or presents novel legal and regulatory issues.

(ii) Identification and analysis of all relevant risks associated with the new product and how they will be managed. The risk analysis should include an assessment, if relevant, of any product, market, credit, liquidity, foreign currency, legal, operational, settlement, and any other risks associated with the new product. Product risk characteristics may include, if relevant, volatility, non-linear price characteristics, jump-to-default risk, and any correlation between the value of the product and the counterparty’s creditworthiness.

(iii) An assessment, signed by a supervisor in the risk management unit, as to whether the new product would materially alter the overall entity-wide risk profile of the swap dealer or major swap participant. If the new product would materially alter the overall risk profile of the swap dealer or major swap participant, the new product must be pre-approved by the governing body before any transactions are effectuated.

(iv) A requirement that the risk management unit review the risk analysis to identify any necessary modifications to the Risk Management Program and implement such modifications prior to engaging in transactions involving the new product.

(v) Notwithstanding the foregoing, a swap dealer’s or major swap participant’s new product policy may include provisions permitting limited preliminary approval of new products—

(A) At a risk level that would not be material to the swap dealer or major swap participant; and

(B) Solely in order to provide the swap dealer or major swap participant with the opportunity to facilitate development of appropriate operational and risk management processes for such product.

(4) Specific risk management considerations. The Risk Management Program of each swap dealer and major swap participant shall include, but not be limited to, policies and procedures necessary to monitor and manage the following risks:

(i) Market risk. Market risk policies and procedures shall take into account, among other things:

(A) Daily measurement of market exposure, including exposure due to unique product characteristics, volatility of prices, basis and correlation risks, leverage, sensitivity of option positions, and position concentration, to comply with market risk tolerance limits;

(B) Timely and reliable valuation data derived from, or verified by, sources that are independent of the business trading unit, and if derived from pricing models, that the models have been independently validated by qualified, independent external or internal persons; and

(C) Periodic reconciliation of profits and losses resulting from valuations with the general ledger.

(ii) Credit risk. Credit risk policies and procedures shall take into account, among other things:

(A) Daily measurement of overall credit exposure to comply with counterparty credit limits;
510

(B) Monitoring and reporting of violations of counterparty credit limits performed by personnel that are independent of the business trading unit; and
(C) Regular valuation of collateral used to cover credit exposures and safeguarding of collateral to prevent loss, disposal, rehypothecation, or use unless appropriately authorized.

(iii) Liquidity risk. Liquidity risk policies and procedures shall take into account, among other things:
(A) Daily measurement of liquidity needs;
(B) Assessing procedures to liquidate all non-cash collateral in a timely manner and without significant effect on price; and
(C) Application of appropriate collateral haircuts that accurately reflect market and credit risk.

(iv) Foreign currency risk. Foreign currency risk policies and procedures shall take into account, among other things:
(A) Daily measurement of the amount of capital exposed to fluctuations in the value of foreign currency to comply with applicable limits; and
(B) Establishment of safeguards against adverse currency fluctuations.

(v) Legal risk. Legal risk policies and procedures shall take into account, among other things:
(A) Determinations that transactions and netting arrangements entered into have a sound legal basis; and
(B) Establishment of documentation tracking procedures designed to ensure the completeness of relevant documentation and to resolve any documentation exceptions on a timely basis.

(vi) Operational risk. Operational risk policies and procedures shall take into account, among other things:
(A) Secure and reliable operating and information systems with adequate, scalable capacity, and independence from the business trading unit;
(B) Safeguards to detect, identify, and promptly correct deficiencies in operating and information systems; and
(C) Reconciliation of all data and information in operating and information systems.

(vii) Settlement risk. Settlement risk policies and procedures shall take into account, among other things:
(A) Establishment of standard settlement instructions with each counterparty;
(B) Procedures to track outstanding settlement items and aging information in all accounts, including nostro and suspense accounts; and
(C) Procedures to ensure timely payments to counterparties and to resolve any late payments.

(5) Use of central counterparties. Each swap dealer and major swap participant shall establish policies and procedures relating to its use of central counterparties. Such policies and procedures shall:
(i) Require the use of central counterparties where clearing is required pursuant to Commission regulation or order, unless the counterparty has properly invoked a clearing exemption under Commission regulations;
(ii) Set forth the conditions for the voluntary use of central counterparties for clearing when available as a means of mitigating counterparty credit risk; and
(iii) Require diligent investigation into the adequacy of the financial resources and risk management procedures of any central counterparty through which the swap dealer or major swap participant clears.

(6) Compliance with margin and capital requirements. Each swap dealer and major swap participant shall satisfy all capital and margin requirements established by the Commission or prudential regulator, as applicable.

(7) Monitoring of compliance with Risk Management Program. Each swap dealer and major swap participant shall establish policies and procedures to detect violations of the Risk Management Program; to encourage employees to report such violations to senior management, without fear of retaliation; and to take specified disciplinary action against employees who violate the Risk Management Program.

(d) Business trading unit. Each swap dealer and major swap participant shall establish policies and procedures that, at a minimum:
Commodity Futures Trading Commission § 23.601

(1) Require all trading policies be approved by the governing body of the swap dealer or major swap participant;

(2) Require that traders execute transactions only with counterparties for whom credit limits have been established;

(3) Provide specific quantitative or qualitative limits for traders and personnel able to commit the capital of the swap dealer or major swap participant;

(4) Monitor each trader throughout the trading day to prevent the trader from exceeding any limit to which the trader is subject, or from otherwise incurring unauthorized risk;

(5) Require each trader to follow established policies and procedures for executing and confirming all transactions;

(6) Establish means to detect unauthorized trading activities or any other violation of policies and procedures;

(7) Ensure that all trade discrepancies are documented and, other than immaterial, clerical errors, are brought to the immediate attention of management of the business trading unit;

(8) Ensure that broker statements and payments to brokers are periodically audited by persons independent of the business trading unit;

(9) Ensure that use of trading programs is subject to policies and procedures governing the use, supervision, maintenance, testing, and inspection of the program; and

(10) Require the separation of personnel in the business trading unit from personnel in the risk management unit.

(e) Review and testing. (1) Risk Management Programs shall be reviewed and tested on at least an annual basis, or upon any material change in the business of the swap dealer or major swap participant that is reasonably likely to alter the risk profile of the swap dealer or major swap participant.

(2) The annual reviews of the Risk Management Program shall include an analysis of adherence to, and the effectiveness of, the risk management policies and procedures, and any recommendations for modifications to the Risk Management Program. The annual testing shall be performed by qualified internal audit staff that are independent of the business trading unit being audited or by a qualified third party audit service reporting to staff that are independent of the business trading unit. The results of the quarterly reviews of the Risk Management Program shall be promptly reported to and reviewed by, the chief compliance officer, senior management, and governing body of the swap dealer or major swap participant.

(f) Distribution of risk management policies and procedures. The Risk Management Program shall include procedures for the timely distribution of its written risk management policies and procedures including the date of the review or test; the results; any deficiencies identified; the corrective action taken; and the date that corrective action was taken. Such documentation shall be provided to Commission staff, upon request.

(g) Recordkeeping. (1) Each swap dealer and major swap participant shall maintain copies of all written approvals required by this section.

(2) All records or reports that a swap dealer or major swap participant is required to maintain pursuant to this regulation shall be maintained in accordance with Commission Regulation §1.31 and shall be made available promptly upon request to representatives of the Commission and to representatives of applicable prudential regulators.

§ 23.601 Monitoring of position limits.

(a) Each swap dealer and major swap participant shall establish and enforce written policies and procedures that are reasonably designed to monitor for and prevent violations of applicable position limits established by the Commission, a designated contract market,
or a swap execution facility, and to monitor for and prevent improper reliance upon any exemptions or exclusions from such position limits. For purposes of this regulation, such policies and procedures shall be referred to as “Position Limit Procedures.” The Position Limit Procedures shall be incorporated into the Risk Management Program of the swap dealer or major swap participant.

(b) For purposes of the Position Limit Procedures, each swap dealer and major swap participant shall convert all swap positions into equivalent futures positions using the methodology set forth in Commission regulations.

(c) Each swap dealer and major swap participant shall provide training to all relevant personnel on applicable position limits on an annual basis and shall promptly notify personnel upon any change to applicable position limits. Each swap dealer and major swap participant shall maintain records of such training and notifications including the substance of the training, the identity of those receiving training, and the identity of those notified of changes to applicable position limits.

(d) Each swap dealer and major swap participant shall diligently monitor its trading activities and diligently supervise the actions of its partners, officers, employees, and agents to ensure compliance with the Position Limit Procedures of the swap dealer or major swap participant.

(e) The Position Limit Procedures of each swap dealer and major swap participant shall implement an early warning system designed to detect and alert its senior management when position limits are in danger of being breached (such as when trading has reached a percentage threshold of the applicable position limit, and when position limits have been exceeded). Any detected violation of applicable position limits shall be reported promptly to the firm’s governing body. Any detected violation of applicable position limits, other than on-exchange violations reported to the Commission by a designated contract market or a swap execution facility, shall be reported promptly to the Commission. Each swap dealer and major swap participant shall maintain a record of any early warning received, any position limit violation detected, any action taken as a result of either, and the date action was taken.

(f) Each swap dealer and major swap participant that transacts in instruments for which position limits have been established by the Commission, a designated contract market, or a swap execution facility shall test its Position Limit Procedures for adequacy and effectiveness at least once each calendar quarter and maintain records of such tests; the results thereof; any action that is taken as a result thereof including, without limitation, any recommendations for modifications to the firm’s Position Limit Procedures; and the date action was taken.

(g) Each swap dealer and major swap participant shall document its compliance with applicable position limits established by the Commission, a designated contract market, or a swap execution facility in a written report on a quarterly basis. Such report shall be promptly reported to and reviewed by the chief compliance officer, senior management, and governing body of the swap dealer or major swap participant, and shall include, without limitation, a list of all early warnings received, all position limit violations, the action taken in response, the results of the quarterly position limit testing required by this regulation, any deficiencies in the Position Limit Procedures, the status of any pending amendments to the Position Limit Procedures, and any action taken to amend the Position Limit Procedures to ensure compliance with all applicable position limits. Each swap dealer and major swap participant shall retain a copy of this report.

(h) On an annual basis, each swap dealer and major swap participant shall audit its Position Limit Procedures as part of the audit of its Risk Management Program required by Commission regulations.

(i) All records required to be maintained pursuant to these regulations shall be maintained in accordance with Commission Regulation §1.31 and shall
be made available promptly upon request to representatives of the Commission and to representatives of applicable prudential regulators.

§ 23.602 Diligent supervision.

(a) Supervision. Each swap dealer and major swap participant shall establish and maintain a system to supervise, and shall diligently supervise, all activities relating to its business performed by its partners, members, officers, employees, and agents (or persons occupying a similar status or performing a similar function). Such system shall be reasonably designed to achieve compliance with the requirements of the Commodity Exchange Act and Commission regulations.

(b) Supervisory System. Such supervisory system shall provide, at a minimum, for the following:

(1) The designation, where applicable, of at least one person with authority to carry out the supervisory responsibilities of the swap dealer or major swap participant for all activities relating to its business as a swap dealer or major swap participant.

(2) The use of reasonable efforts to determine that all supervisors are qualified and meet such standards of training, experience, competence, and such other qualification standards as the Commission finds necessary or appropriate.

§ 23.603 Business continuity and disaster recovery.

(a) Business continuity and disaster recovery plan required. Each swap dealer and major swap participant shall establish and maintain a written business continuity and disaster recovery plan that outlines the procedures to be followed in the event of an emergency or other disruption of its normal business activities. The business continuity and disaster recovery plan shall be designed to enable the swap dealer or major swap participant to continue or to resume any operations by the next business day with minimal disturbance to its counterparties and the market, and to recover all documentation and data required to be maintained by applicable law and regulation.

(b) Essential components. The business continuity and disaster recovery plan of a swap dealer or major swap participant shall include the following components:

(1) Identification of the documents, data, facilities, infrastructure, personnel and competencies essential to the continued operations of the swap dealer or major swap participant and to fulfill the obligations of the swap dealer or major swap participant.

(2) Identification of the supervisory personnel responsible for implementing each aspect of the business continuity and disaster recovery plan and the emergency contacts required to be provided pursuant to this regulation.

(3) A plan to communicate with the following persons in the event of an emergency or other disruption, to the extent applicable to the operations of the swap dealer or major swap participant: employees; counterparties; swap data repositories; execution facilities; trading facilities; clearing facilities; regulatory authorities; data, communications and infrastructure providers and other vendors; disaster recovery specialists and other persons essential to the recovery of documentation and data, the resumption of operations, and compliance with the Commodity Exchange Act and Commission regulations.

(4) Procedures for, and the maintenance of, back-up facilities, systems, infrastructure, alternative staffing and other resources to achieve the timely recovery of data and documentation and to resume operations as soon as reasonably possible and generally within the next business day.

(5) Maintenance of back-up facilities, systems, infrastructure and alternative staffing arrangements in one or more areas that are geographically separate from the swap dealer’s or major swap participant’s primary facilities, systems, infrastructure and personnel (which may include contractual arrangements for the use of facilities, systems and infrastructure provided by third parties).

(6) Back-up or copying, with sufficient frequency, of documents and data essential to the operations of the swap dealer or major swap participant or to fulfill the regulatory obligations of the swap dealer or major swap participant
and storing the information off-site in either hard-copy or electronic format.

(7) Identification of potential business interruptions encountered by third parties that are necessary to the continued operations of the swap dealer or major swap participant and a plan to minimize the impact of such disruptions.

(c) Distribution to employees. Each swap dealer and major swap participant shall distribute a copy of its business continuity and disaster recovery plan to relevant employees and promptly provide any significant revision thereto. Each swap dealer and major swap participant shall maintain copies of the business continuity and disaster recovery plan at one or more accessible off-site locations. Each swap dealer and major swap participant shall train relevant employees on applicable components of the business continuity and disaster recovery plan.

(d) Commission notification. Each swap dealer and major swap participant shall promptly notify the Commission of any emergency or other disruption that may affect the ability of the swap dealer or major swap participant to fulfill its regulatory obligations or would have a significant adverse effect on the swap dealer or major swap participant, its counterparties, or the market.

(e) Emergency contacts. Each swap dealer and major swap participant shall provide to the Commission the name and contact information of two employees who the Commission can contact in the event of an emergency or other disruption. The individuals identified shall be authorized to make key decisions on behalf of the swap dealer or major swap participant and have knowledge of the firm’s business continuity and disaster recovery plan. The swap dealer or major swap participant shall provide the Commission with any updates to this information promptly.

(f) Review and modification. A member of the senior management of each swap dealer and major swap participant shall review the business continuity and disaster recovery plan annually or upon any material change to the business. Any deficiencies found or corrective action taken shall be documented.

(g) Testing and audit. Each business continuity and disaster recovery plan shall be tested annually by qualified, independent internal personnel or a qualified third party service. The date the testing was performed shall be documented, together with the nature and scope of the testing, any deficiencies found, any corrective action taken, and the date that corrective action was taken. Each business continuity and disaster recovery plan shall be audited at least once every three years by a qualified third party service. The date the audit was performed shall be documented, together with the nature and scope of the audit, any deficiencies found, any corrective action taken, and the date that corrective action was taken.

(b) Business continuity and disaster recovery plans required by other regulatory authorities. A swap dealer or major swap participant shall comply with the requirements of this regulation in addition to any business continuity and disaster recovery requirements that are imposed upon the swap dealer or major swap participant by its prudential regulator or any other regulatory or self-regulatory authority.

(i) Recordkeeping. The business continuity and disaster recovery plan of the swap dealer and major swap participant and all other records required to be maintained pursuant to this section shall be maintained in accordance with Commission Regulation §1.31 and shall be made available promptly upon request to representatives of the Commission and to representatives of applicable prudential regulators.

§ 23.604 [Reserved]

§ 23.605 Conflicts of interest policies and procedures.

(a) Definitions. For purposes of this section, the following terms shall be defined as provided.

(1) Affiliate. This term means, with respect to any person, a person controlling, controlled by, or under common control with, such person.

(2) Business trading unit. This term means any department, division, group, or personnel of a swap dealer or major swap participant or any of its affiliates, whether or not identified as such.
Commodity Futures Trading Commission

§ 23.605

that performs, or personnel exercising direct supervisory authority over the performance of, any pricing (excluding price verification for risk management purposes), trading, sales, marketing, advertising, solicitation, structuring, or brokerage activities on behalf of a swap dealer or major swap participant or any of its affiliates.

(3) **Clearing unit.** This term means any department, division, group, or personnel of a swap dealer or major swap participant or any of its affiliates, whether or not identified as such, that performs, or personnel exercising direct supervisory authority over the performance of, any proprietary or customer clearing activities on behalf of a swap dealer or major swap participant or any of its affiliates.

(4) **Derivative.** This term means:
   (i) A contract for the purchase or sale of a commodity for future delivery;
   (ii) A security futures product;
   (iii) A swap;
   (iv) Any agreement, contract, or transaction described in section 2(c)(2)(C)(i) or section 2(c)(2)(D)(i) of the Act;
   (v) Any commodity option authorized under section 4c of the Act;
   (vi) Any leverage transaction authorized under section 19 of the Act.

(5) **Non-research personnel.** This term means any employee of the business trading unit or clearing unit, or any other employee of the swap dealer or major swap participant, other than an employee performing a legal or compliance function, who is not directly responsible for, or otherwise not involved in, research or analysis intended for inclusion in a research report.

(6) **Public appearance.** This term means any participation in a conference call, seminar, forum (including an interactive electronic forum) or other public speaking activity before 15 or more persons (individuals or entities), or interview or appearance before one or more representatives of the media, radio, television or print media, or the writing of a print media article, in which a research analyst makes a recommendation or offers an opinion concerning a derivatives transaction. This term does not include a password-protected Webcast, conference call or similar event with 15 or more existing customers, provided that all of the event participants previously received the most current research report or other documentation that contains the required applicable disclosures, and that the research analyst appearing at the event corrects and updates during the public appearance any disclosures in the research report that are inaccurate, misleading, or no longer applicable.

(7) **Research analyst.** This term means the employee of a swap dealer or major swap participant who is primarily responsible for, and any employee who reports directly or indirectly to such research analyst in connection with, preparation of the substance of a research report relating to any derivative, whether or not any such person has the job title of “research analyst.”

(8) **Research department.** This term means any department or division that is principally responsible for preparing the substance of a research report relating to any derivative on behalf of a swap dealer or major swap participant, including a department or division contained in an affiliate of a swap dealer or major swap participant.

(9) **Research report.** This term means any written communication (including electronic) that includes an analysis of the price or market for any derivative, and that provides information reasonably sufficient upon which to base a decision to enter into a derivatives transaction. This term does not include:
   (i) Communications distributed to fewer than 15 persons;
   (ii) Commentaries on economic, political, or market conditions;
   (iii) Statistical summaries of multiple companies’ financial data, including listings of current ratings;
   (iv) Periodic reports or other communications prepared for investment company shareholders or commodity pool participants that discuss individual derivatives positions in the context of a fund’s past performance or the basis for previously-made discretionary decisions;
   (v) Any communications generated by an employee of the business trading unit that is conveyed as a solicitation for entering into a derivatives transaction, and is conspicuously identified as such; and
(vi) Internal communications that are not given to current or prospective customers.

(b) Policies and procedures. Each swap dealer and major swap participant subject to this rule must adopt and implement written policies and procedures reasonably designed to ensure that the swap dealer or major swap participant and its employees comply with the provisions of this rule.

(c) Research analysts and research reports—(1) Restrictions on relationship with research department. (i) Non-research personnel shall not direct a research analyst’s decision to publish a research report of the swap dealer or major swap participant, and non-research personnel shall not direct the views and opinions expressed in a research report of the swap dealer or major swap participant.

(ii) No research analyst may be subject to the supervision or control of any employee of the swap dealer’s or major swap participant’s business trading unit or clearing unit, and no employee of the business trading unit or clearing unit may have any influence or control over the evaluation or compensation of a research analyst.

(iii) Except as provided in paragraph (c)(1)(iv) of this section, non-research personnel, other than the board of directors and any committee thereof, shall not review or approve a research report of the swap dealer or major swap participant before its publication.

(iv) Non-research personnel may review a research report before its publication as necessary only to verify the factual accuracy of information in the research report, to provide for non-substantive editing, to format the layout or style of the research report, or to identify any potential conflicts of interest, provided that:

(A) Any written communication between non-research personnel and research department personnel concerning the content of a research report must be documented and made either through authorized legal or compliance personnel acting as an intermediary or in a conversation conducted in the presence of such personnel.

(2) Restrictions on communications. Any written or oral communication by a research analyst to a current or prospective counterparty relating to any derivative must not omit any material fact or qualification that would cause the communication to be misleading to a reasonable person.

(3) Restrictions on research analyst compensation. A swap dealer or major swap participant may not consider as a factor in reviewing or approving a research analyst’s compensation his or her contributions to the swap dealer’s or major swap participant’s trading or clearing business. Except for communicating client or customer feedback, ratings, and other indicators of research analyst performance to research department management, no employee of the business trading unit or clearing unit of the swap dealer or major swap participant may influence the review or approval of a research analyst’s compensation.

(4) Prohibition of promise of favorable research. No swap dealer or major swap participant may directly or indirectly offer favorable research, or threaten to change research, to an existing or prospective counterparty as consideration or inducement for the receipt of business or compensation.

(5) Disclosure requirements. (i) Ownership and material conflicts of interest. A swap dealer or major swap participant must disclose in research reports and a research analyst must disclose in public appearances:

(A) Whether the research analyst maintains a financial interest in any derivative of a type, class, or category that the research analyst follows, and the general nature of the financial interest; and

(B) Any other actual, material conflicts of interest of the research analyst that the research analyst has knowledge at the time of publication of the research report or at the time of the public appearance.
(ii) 

Prominence of disclosure. Disclosures and references to disclosures must be clear, comprehensive, and prominent. With respect to public appearances by research analysts, the disclosures required by this paragraph (c)(5) must be conspicuous.

(iii) Records of public appearances. Each swap dealer and major swap participant must maintain records of public appearances by research analysts sufficient to demonstrate compliance by those research analysts with the applicable disclosure requirements under this paragraph (c)(5).

(iv) Third-party research reports. (A) For the purposes of this paragraph (c)(5)(iv), “independent third-party research report” shall mean a research report, in respect of which the person or entity producing the report:

1. Has no affiliation or business or contractual relationship with the distributing swap dealer or major swap participant or that swap dealer’s or major swap participant’s affiliates, that is reasonably likely to inform the content of its research reports; and

2. Makes content determinations without any input from the distributing swap dealer or major swap participant or that swap dealer’s or major swap participant’s affiliates.

(B) Subject to paragraph (c)(5)(iv)(C) of this section, if a swap dealer or major swap participant distributes or makes available any independent third-party research report, the swap dealer or major swap participant must accompany the research report with, or provide a Web address that directs the recipient to, the current applicable disclosures, as they pertain to the swap dealer or major swap participant, required by this section. Each swap dealer and major swap participant must establish written policies and procedures reasonably designed to ensure the completeness and accuracy of all applicable disclosures.

(C) The requirements of paragraph (c)(5)(iv)(B) of this section shall not apply to independent third-party research reports made available by a swap dealer or major swap participant to its customers:

1. Upon request; or

(2) Through a Web site maintained by the swap dealer or major swap participant.

(6) Prohibition of retaliation against research analysts. No swap dealer or major swap participant, and no employee of a swap dealer or major swap participant who is involved with the swap dealer’s or major swap participant’s pricing, trading, or clearing activities, may, directly or indirectly, retaliate against or threaten to retaliate against any research analyst employed by the swap dealer or major swap participant or its affiliates as a result of an adverse, negative, or otherwise unfavorable research report or public appearance written or made, in good faith, by the research analyst that may adversely affect the swap dealer’s or major swap participant’s present or prospective pricing, trading, or clearing activities.

(d) Clearing activities. (1) No swap dealer or major swap participant shall directly or indirectly interfere with or attempt to influence the decision of the clearing unit of any affiliated clearing member of a derivatives clearing organization to provide clearing services and activities to a particular customer, including but not limited to a decision relating to the following:

1. Whether to offer clearing services and activities to a particular customer;

2. Whether to accept a particular customer for the purposes of clearing derivatives;

3. Whether to submit a customer’s transaction to a particular derivatives clearing organization;

4. Whether to set or adjust risk tolerance levels for a particular customer;

5. Whether to accept certain forms of collateral from a particular customer; or

6. Whether to set a particular customer’s fees for clearing services based upon criteria that are not generally available and applicable to other customers of the swap dealer or major swap participant.

(2) Each swap dealer and major swap participant shall create and maintain an appropriate informational partition, as specified in section 4m(j)(5)(A) of the Act, between business trading units of
§ 23.606 General information: availability for disclosure and inspection.

(a) Disclosure of information. (1) Each swap dealer and major swap participant shall make available for disclosure to and inspection by the Commission and its prudential regulator, as applicable, all information required by, or related to, the Commodity Exchange Act and Commission regulations, including:
   (i) The terms and condition of its swaps;
   (ii) Its swaps trading operations, mechanisms, and practices;
   (iii) Financial integrity and risk management protections relating to swaps; and
   (iv) Any other information relevant to its trading in swaps.

   (2) Such information shall be made available promptly, upon request, to Commission staff and the staff of the applicable prudential regulator, at such frequency and in such manner as is set forth in the Commodity Exchange Act, Commission regulations, or the regulations of the applicable prudential regulator.

(b) Ability to provide information. (1) Each swap dealer and major swap participant shall establish and maintain reliable internal data capture, processing, storage, and other operational systems sufficient to capture, process, record, store, and produce all information necessary to satisfy its duties under the Commodity Exchange Act and Commission regulations. Such systems shall be designed to produce the information within the time frames set forth in the Commodity Exchange Act and Commission regulations or upon request, as applicable.

   (2) Each swap dealer and major swap participant shall establish, implement, maintain, and enforce written procedures for the capture, processing, recording, storage, and production of all information necessary to satisfy its duties under the Commodity Exchange Act and Commission regulations.

(c) Record retention. All records or reports that a swap dealer or major swap participant is required to maintain pursuant to this regulation shall be maintained in accordance with Commission Regulation §1.31 and shall be made available promptly upon request to representatives of the Commission and to representatives of applicable prudential regulators.

§ 23.607 Antitrust considerations.

(a) No swap dealer or major swap participant shall adopt any process or take any action that results in any unreasonable restraint of trade, or impose any material anticompetitive burden on trading or clearing, unless necessary or appropriate to achieve the purposes of the Commodity Exchange Act.

(b) Consistent with its obligations under paragraph (a) of this section,
§ 23.610 Clearing member acceptance for clearing.

(a) Each swap dealer or major swap participant that is a clearing member of a derivatives clearing organization shall coordinate with each derivatives clearing organization on which it clears to establish systems that enable the clearing member, or the derivatives clearing organization acting on its behalf, to accept or reject each trade submitted to the derivatives clearing organization.

(i) For transactions subject to automated execution, the clearing member shall use automated means to screen orders for compliance with the risk-based limits; and

(ii) For transactions subject to non-automated execution, the clearing member shall establish and maintain systems of risk controls reasonably designed to ensure compliance with the limits.

(3) Monitor for adherence to the risk-based limits in real-time and overnights;

(4) Conduct stress tests under extreme but plausible conditions of all positions at least once per week;

(5) Evaluate its ability to meet initial margin requirements at least once per week;

(6) Evaluate its ability to meet variation margin requirements in cash at least once per week;

(7) Evaluate its ability to liquidate the positions it clears in an orderly manner, and estimate the cost of the liquidation; and

(8) Test all lines of credit at least once per year.

(b) Each swap dealer or major swap participant that is a clearing member of a derivatives clearing organization shall:

(1) Establish written procedures to comply with this regulation; and

(2) Keep full, complete, and systematic records documenting its compliance with this regulation.

(3) All records required to be maintained pursuant to these regulations shall be maintained in accordance with Commission Regulation §1.31 and shall be made available promptly upon request to representatives of the Commission and to representatives of applicable prudential regulators.

§ 23.610 Clearing member acceptance for clearing.

(a) Each swap dealer or major swap participant that is a clearing member of a derivatives clearing organization shall coordinate with each derivatives clearing organization on which it clears to establish systems that enable the clearing member, or the derivatives clearing organization acting on its behalf, to accept or reject each trade submitted to the derivatives clearing organization.
clearing organization for clearing by or for the clearing member as quickly as would be technologically practicable if fully automated systems were used; and

(b) Each swap dealer or major swap participant that is a clearing member of a derivatives clearing organization shall accept or reject each trade submitted by or for it as quickly as would be technologically practicable if fully automated systems were used; a clearing member may meet this requirement by:

(1) Establishing systems to pre-screen orders for compliance with criteria specified by the clearing member;

(2) Establishing systems that authorize a derivatives clearing organization to accept or reject on its behalf trades that meet, or fail to meet, criteria specified by the clearing member; or

(3) Establishing systems that enable the clearing member to communicate to the derivatives clearing organization acceptance or rejection of each trade as quickly as would be technologically practicable if fully automated systems were used.

[77 FR 21308, Apr. 9, 2012]

§ 23.611 Delegation of authority to the Director of the Division of Clearing and Risk to establish an alternative compliance schedule to comply with clearing member acceptance for clearing.

(a) The Commission hereby delegates to the Director of the Division of Clearing and Risk or such other employee or employees as the Director may designate from time to time, the authority to establish an alternative compliance schedule for requirements of § 23.610 for swaps that are found to be technologically or economically impracticable for an affected swap dealer or major swap participant that seeks, in good faith, to comply with the requirements of § 23.610 within a reasonable time period beyond the date on which compliance by such swap dealer or major swap participant is otherwise required.

(b) A request for an alternative compliance schedule under this section shall be acted upon by the Director of the Division of Clearing and Risk within 30 days from the time such a request is received, or it shall be deemed approved.

(c) An exception granted under this section shall not cause a registrant to be out of compliance or deemed in violation of any registration requirements.

(d) Notwithstanding any other provision of this section, in any case in which a Commission employee delegated authority under this section believes it appropriate, he or she may submit to the Commission for its consideration the question of whether an alternative compliance schedule should be established. Nothing in this section shall be deemed to prohibit the Commission, at its election, from exercising the authority delegated in this section.

[77 FR 21308, Apr. 9, 2012]

APPENDIX A TO SUBPART H—GUIDANCE ON THE APPLICATION OF §§23.434 AND 23.440 FOR SWAP DEALERS THAT MAKE RECOMMENDATIONS TO COUNTERPARTIES OR SPECIAL ENTITIES

The following provides guidance on the application of §§23.434 and 23.440 to swap dealers that make recommendations to counterparties or Special Entities.

Section 23.434—Recommendations to Counterparties—Institutional Suitability

A swap dealer that recommends a swap or trading strategy involving a swap to a counterparty, other than a swap dealer, major swap participant, security-based swap dealer or major security-based swap participant, must undertake reasonable diligence to understand the potential risks and rewards associated with the recommended swap or trading strategy involving a swap—general suitability (§23.434(a)(1))—and have a reasonable basis to believe that the recommended swap or trading strategy involving a swap is suitable for the counterparty—specific suitability (§23.434(a)(2)). To satisfy the general suitability obligation, a swap dealer must undertake reasonable diligence that will vary depending on, among other things, the complexity of and risks associated with the swap or swap trading strategy and the swap dealer’s familiarity with the swap or swap trading strategy. At a minimum, a swap dealer’s reasonable diligence must provide it with an understanding of the potential risks and rewards associated with the recommended swap or swap trading strategy.

Recommendation. Whether a communication between a swap dealer and a
counterparty is a recommendation will turn on the facts and circumstances of the particular situation. There are, however, certain factors the Commission will consider in reaching such a determination. The facts and circumstances determination of whether a communication is a “recommendation” requires an analysis of the content, context, and manner of presentation of the communication or set of communications. The determination of whether a “recommendation” has been made, moreover, is an objective rather than a subjective inquiry. An important factor in this regard is whether, given its content, context, and manner of presentation, a particular communication from a swap dealer to a counterparty reasonably would be viewed as a “call to action,” or suggestion that the counterparty enter into a swap. An analysis of the content, context, and manner of presentation of a communication requires examination of the underlying substantive information transmitted to the counterparty and consideration of any other facts and circumstances, such as any accompanying explanatory message from the swap dealer. Additionally, the more individually tailored the communication to a specific counterparty or a targeted group of counterparties about a swap, group of swaps or trading strategy involving the use of a swap, the greater the likelihood that the communication may be viewed as a “recommendation.”

Safe harbor. A swap dealer may satisfy the safe harbor requirements of §23.450(b) to fulfill its counterparty-specific suitability duty under §23.434(a)(2) if: (1) The swap dealer reasonably determines that the counterparty, or an agent to which the counterparty has delegated decision-making authority, is capable of independently evaluating investment risks with regard to the relevant swap or trading strategy involving a swap; (2) the counterparty or its agent represents in writing that it is exercising independent judgment in evaluating the recommendations of the swap dealer; (3) the swap dealer discloses in writing that it is acting in its capacity as a counterparty and is not undertaking to assess the suitability of the recommendation; and (4) in the case of a counterparty that is a Special Entity, the swap dealer complies with §23.440 where the recommendation would cause the swap dealer to act as an advisor to a Special Entity within the meaning of §23.440(a).

To reasonably determine that the counterparty, or an agent to which the counterparty has delegated decision-making authority, is capable of independently evaluating investment risks of a recommendation, the swap dealer can rely on the written representations of the counterparty, as provided in §23.434(c). Section 23.434(c)(1) provides that a swap dealer will satisfy §23.434(b)(1)’s requirement with respect to a counterparty other than a Special Entity if it receives representations that the counterparty has complied in good faith with the counterparty’s policies and procedures that are reasonably designed to ensure that the persons responsible for evaluating the recommendation and making trading decisions on behalf of the counterparty are capable of doing so. Section §23.434(c)(2) provides that a swap dealer will satisfy §23.434(b)(1)’s requirement with respect to a Special Entity if it receives representations that satisfy the terms of §23.450(d) regarding a Special Entity’s qualified independent representative.

Prong (4) of the safe harbor clarifies that §23.434’s application is broader than §23.440—Requirements for Swap Dealers Acting as Advisors to Special Entities. Section 23.440 is triggered when a swap dealer recommends any swap or trading strategy that involves a swap to any counterparty. However, §23.440 is limited to a swap dealer’s recommendations (1) to a Special Entity (2) of swaps that are tailored to the particular needs or characteristics of the Special Entity. Thus, a swap dealer that recommends a swap to a Special Entity that is tailored to the particular needs or characteristics of the Special Entity may comply with its suitability obligation by satisfying the safe harbor in §23.434(b); however, the swap dealer must also comply with §23.440 in such circumstances.

Section 23.440—Requirements for Swap Dealers Acting as Advisors to Special Entities

A swap dealer “acts as an advisor to a Special Entity” under §23.440 when the swap dealer recommends a swap or trading strategy involving a swap that is tailored to the particular needs or characteristics of the Special Entity. A swap dealer that “acts as an advisor to a Special Entity” has a duty to make a reasonable determination that a recommendation is in the “best interests” of the Special Entities and must undertake “reasonable efforts” to obtain information necessary to make such a determination.

Whether a swap dealer “acts as an advisor to a Special Entity” will depend on: (1) Whether the swap dealer has made a recommendation to a Special Entity; and (2) whether the recommendation concerns a swap or trading strategy involving a swap that is tailored to the particular needs or characteristics of the Special Entity. To determine whether a communication between a swap dealer and counterparty is a recommendation, the Commission will apply the same factors as under §23.434, the suitability rule. However, unlike the suitability rule, which covers recommendations regarding any type of swap or trading strategy involving a swap, the “acts as an advisor rule” and “best interests” duty will be triggered only if the recommendation is of a swap or trading strategy involving a swap that is...
"tailored to the particular needs or characteristics of the Special Entity."

Whether a swap is tailored to the particular needs or characteristics of the Special Entity will depend on the facts and circumstances. Swaps with terms that are tailored or customized to a specific Special Entity's needs or objectives, or swaps with terms that are designed for a targeted group of Special Entities that share common characteristics, e.g., school districts, are likely to be viewed as tailored to the particular needs or characteristics of the Special Entity. Generally, however, the Commission would not view a swap that is "made available for trading" on a designated contract market or swap execution facility, as provided in Section 2(h)(8) of the Act, as tailored to the particular needs or characteristics of the Special Entity.

Safe harbor. Under §23.440(b)(2), when dealing with a Special Entity (including a Special Entity that is an employee benefit plan as defined in §23.401(c)(3)), a swap dealer will not "act as an advisor to a Special Entity" if: (1) The swap dealer does not express an opinion as to whether the Special Entity should enter into a recommended swap or trading strategy that is tailored to the particular needs or characteristics of the Special Entity; (2) the Special Entity represents in writing, in accordance with §23.402(d), that it will not rely on the swap dealer's recommendations and will rely on advice from a qualified independent representative within the meaning of §23.440; and (3) the swap dealer discloses that it is not undertaking to act in the best interests of the Special Entity.

A swap dealer that elects to communicate with a Special Entity that does not "act as an advisor to a Special Entity" must appropriately manage its communications. To clarify the type of communications that they will make under the safe harbor, the Commission expects that swap dealers may specifically represent that they will not express an opinion as to whether the Special Entity should enter into a recommended swap or trading strategy, and that for such advice the Special Entity should consult its own advisor. Nothing in the final rule would preclude such a representation from being included in counterparty relationship documentation. However, such a representation would not act as a safe harbor under the rule where, contrary to the representation, the swap dealer does express an opinion to the Special Entity as to whether it should enter into a recommended swap or trading strategy.

If a swap dealer complies with the terms of the safe harbor, the following types of communications would not be subject to the "best interests" duty: (1) Providing information that is general transaction, financial, educational, or market information; (2) offering a swap or trading strategy involving a swap, including swaps that are tailored to the needs or characteristics of a Special Entity; (3) providing a term sheet, including terms for swaps that are tailored to the needs or characteristics of a Special Entity; (4) responding to a request for a quote from a Special Entity; (5) providing trading ideas for swaps or swap trading strategies, including swaps that are tailored to the needs or characteristics of a Special Entity; and (6) providing marketing materials upon request or on an unsolicited basis about swaps or swap trading strategies, including swaps that are tailored to the needs or characteristics of a Special Entity.

The safe harbor in §23.440(b)(2) allows a wide range of communications and interactions between swap dealers and Special Entities without invoking the "best interests" duty, including discussions of the advantages or disadvantages of different swaps or trading strategies. The Commission notes, however, that depending on the facts and circumstances, some of the examples on the list could be "recommendations" that would trigger a suitability obligation under §23.449. However, the Commission has determined that such activities would not, by themselves, prompt the "best interests" duty in §23.440, provided that the parties comply with the other requirements of §23.440(b)(2).

All of the swap dealer's communications, however, must be made in a fair and balanced manner based on principles of fair dealing and good faith in compliance with §23.433.

Swap dealers engage in a wide variety of communications with counterparties in the normal course of business, including but not

---

1 The guidance in this appendix regarding the safe harbor to §23.440 is limited to the safe harbor for any Special Entity under §23.440(b)(2). A swap dealer may separately comply with the safe harbor under §23.440(b)(1) for its communications to a Special Entity that is an employee benefit plan as defined in §23.401(c)(3).
Commodity Futures Trading Commission

§ 30.2

limited to the six types of communications listed above. Whether any particular communication will be deemed to be a “recommendation” within the meaning of §§23.434 or 23.440 will depend on the facts and circumstances of the particular communication considered in light of the guidance in this appendix with respect to the meaning of the term “recommendation.” Swap dealers that choose to manage their communications to comply with the safe harbors provided in §§23.434 and 23.440 will be able to limit the duty they owe to counterparties, including Special Entities, provided that the parties exchange the appropriate representations.

AUTHORITY: 7 U.S.C. 1a, 2, 6, 6c, and 12a, unless otherwise noted.

§ 30.2 Applicability of the Act and rules.

(a) Except as specified in this part or unless the context otherwise requires, the provisions of sections 1a, 2, 4, 4c, 4f, 4g, 4k, 4l, 4m, 4n, 4o, 6, 6c, 8, 8a, 9, 12, 13, and 14 of the Act and parts 1, 3, 4, 10, 11, 12, 13, 14, 21, 155, 166 and 190 of this chapter shall apply to the persons and transactions that are subject to the requirements of this part as though they were set forth herein and included specific references to foreign board of trade, foreign futures, foreign options,
§ 30.3 Prohibited transactions.

(a) It shall be unlawful for any person to engage in the offer and sale of any foreign futures contract or foreign options transaction for or on behalf of a foreign futures or foreign options customer, except in accordance with the provisions of this part: Provided, that, with the exception of the disclosure and antifraud provisions set forth in §§30.6 and 30.9 of this part, the provisions of this part shall not apply to transactions executed on a foreign board of trade, and carried for or on behalf of a customer at a designated contract market, subject to an agreement with and rules of a contract market which permit positions in a commodity interest which have been established on one market to be liquidated on another market.

(b) Except as otherwise provided in §30.4 of this part or pursuant to an exemption granted under §30.10 of this part, it shall be unlawful for any person to engage in the offer and sale of any foreign futures contract or foreign option transaction for or on behalf of any foreign futures or foreign options customer other than by or through a futures commission merchant on a fully-disclosed basis.

$ 30.4 Registration required.

Except as provided in §30.5 of this part, it shall be unlawful for any person, with respect to a foreign futures or foreign options customer:

(a) To solicit or accept orders for or involving any foreign futures contract or foreign options transaction and, in connection therewith, to accept any money, securities or property (or extend credit in lieu thereof) to margin, guarantee or secure any trades or contracts that result or may result therefrom, unless such person shall have registered, under the Act, with the Commission as a futures commission merchant and such registration shall not have expired nor been suspended nor revoked; provided that, a foreign futures and options broker (as defined in §30.3(e)) is not required to register as a futures commission merchant; one, in order to accept orders from or to carry a U.S. futures commission merchant’s foreign futures and options customer omnibus account, as that term is defined in §30.1(d); two, in order to accept orders from or to carry a U.S. futures commission merchant’s proprietary account, as that term is defined in paragraph (y) of §1.3 of this chapter; and/or three, in order to accept orders from or to carry a U.S. affiliate account which is proprietary to the foreign futures and options broker, as “proprietary account” is defined in paragraph (y) of §1.3 of this chapter. Such foreign futures and options broker remains subject to all other applicable provisions of the Act and of the rules, regulations and orders thereunder. Foreign futures and options brokers that have U.S. bank branches, offices or divisions engaging in the activity listed in this paragraph are not required to register as futures commission merchants if they comply with the conditions listed in §30.10(b)(1) through (6).

(b) Except an individual who elects to be and is registered as an associated person of a futures commission merchant, to solicit or accept orders for or involving any foreign futures contract or foreign options transaction, and who in connection therewith, does not accept any money, securities, or property (or extend credit in lieu thereof) to margin, guarantee, or secure any trade or contracts that result or may result therefrom, unless such person shall have registered, under the Act, with the Commission as an introducing broker and such registration shall not have expired nor been suspended nor revoked;

(c) To engage in a business which is of the nature of an investment trust,
Commodity Futures Trading Commission

§ 30.5

Any person not located in the United States, its territories or possessions, who is required in accordance with the provisions of this part to be registered with the Commission, other than a person required to be registered as a futures commission merchant, may apply for an exemption from registration under this part by filing with the National Futures Association a Form 7–R completed and filed in accordance with the instructions thereto and designating an agent for service of process, as specified below. A person who receives confirmation of an exemption pursuant to this section must engage in all transactions subject to regulation under part 30 through a registered futures commission merchant or a foreign broker who has received confirmation of an exemption pursuant to § 30.10 in accordance with the provisions of § 30.3(b).
(a) Agent for service of process. Any person who seeks exemption from registration under this part shall enter into a written agency agreement with the futures commission merchant located in the United States through which business is done, with any registered futures association, or any other person located in the United States in the business of providing services as an agent for service of process, pursuant to which agreement such futures commission merchant or other person is authorized to serve as the agent of such person for purposes of accepting delivery and service of communications issued by or on behalf of the Commission, U.S. Department of Justice, any self-regulatory organization, or any foreign futures or foreign options customer. If the written agency agreement is entered into with any person other than the futures commission merchant through which business is done, the future commission merchant or foreign broker who has received confirmation of an exemption pursuant to §30.10 with whom business is conducted must be expressly identified in such agency agreement. Service or delivery of any communication issued by or on behalf of the Commission, U.S. Department of Justice, any self-regulatory organization or any foreign futures or foreign options customer, pursuant to the agreement shall nonetheless constitute valid and effective service or delivery upon such person with respect to any transaction entered into on or before the date of the termination of the agreement.

(b) Termination of agreement. Whenever the agreement referred to in paragraph (a) of this section is terminated or is otherwise no longer in effect, the futures commission merchant or any other person that is party to the agreement shall immediately notify the National Futures Association and the futures commission merchant through which business is done, as appropriate. Upon notice, a futures commission merchant shall not accept from the person that has entered into such agreement any order, other than liquidating order(s), for, or on behalf of a foreign futures or foreign options customer. Notwithstanding the termination of the agreement referred to in paragraph (a) of this section, service or delivery of any communication issued by or on behalf of the Commission, U.S. Department of Justice, any self-regulatory organization, or any foreign futures or foreign options customer pursuant to the agreement shall nonetheless constitute valid and effective service or delivery upon such person with respect to any transaction entered into on or before the date of the termination of the agreement.

(c) Applicability of other rules. Any person who is located outside of the United States, its territories or possessions, and who, in accordance with the provisions of paragraph (a) of this section, is exempt from registration as an introducing broker, commodity pool operator or commodity trading advisor under this part, shall nonetheless comply with the provisions of §30.6 of this part and §§1.37 and 1.57 of this chapter as if registered in such capacity.

(d) Access to records. Any person exempt from registration with the Commission in accordance with the provisions of paragraph (a) of this section must, upon the request of any representative of the Commission or U.S. Department of Justice, provide such records as such person is required to maintain under this part as requested at the place in the United States designated by the representative within 72 hours after the person receives the request.

Commodity Futures Trading Commission

§ 30.7

option customer, other than for a customer specified in § 1.55(f) of this chapter, unless the futures commission merchant or introducing broker first furnishes the customer with a separate written disclosure statement containing only the language set forth in § 1.55(b) of this chapter or as otherwise approved under § 155(c) of this chapter (except for nonsubstantive additions such as captions), which has been acknowledged in accordance with § 1.55 of this chapter: Provided, however, that the risk disclosure statement may be attached to other documents as the cover page or the first page of such documents and as the only material on such page.

(b) Commodity pool operators and commodity trading advisors. (1) With respect to persons who satisfy the requirements of qualified eligible persons, as defined in § 4.7(a) of this chapter:

(i) A commodity pool operator registered or required to be registered pursuant to § 30.5, may not, directly or indirectly, engage in any of the activities described in § 30.4(c) unless the pool operator, at or before the time it engages in such activities, first provides each prospective participant with the Disclosure Document required to be furnished to customers or potential customers pursuant to § 4.21 of this chapter and files the Disclosure Document in accordance with § 4.26 of this chapter;

(ii) A commodity trading advisor registered or required to be registered under this part, or exempt from registration pursuant to § 30.5, may not, directly or indirectly, engage in any of the activities described in § 30.4(d) unless the trading advisor, at or before the time it engages in such activities, first provides each prospective client with the Disclosure Document required to be furnished customers or potential customers pursuant to § 4.31 of this chapter and files the Disclosure Document in accordance with § 4.36 of this chapter.

(c) The acknowledgment required by paragraphs (a) and (b) of this section must be retained by the futures commission merchant, introducing broker, commodity pool operator or commodity trading advisor in accordance with § 1.31 of this chapter.

(d) This section does not relieve a futures commission merchant or introducing broker of its obligations under § 33.7 of this chapter: Provided, however, That a new disclosure statement is not required to be furnished if the futures commission merchant or introducing broker has previously delivered such statement to the foreign options customer in connection with the opening of a commodity option account under part 33 of this chapter.

(e) This section does not relieve a futures commission merchant, introducing broker, commodity pool operator or commodity trading advisor from any other disclosure obligation it may have under applicable law or regulation.

§ 30.7 Treatment of foreign futures or foreign options secured amount.

(a) Except as provided in this section, a futures commission merchant must
maintain in a separate account or accounts money, securities and property in an amount at least sufficient to cover or satisfy all of its current obligations to foreign futures or foreign options customers denominated as the foreign futures or foreign options secured amount. Such money, securities and property may not be commingled with the money, securities or property of such futures commission merchant, with any proprietary account of such futures commission merchant, or used to secure or guarantee the obligations of, or extend credit to, such futures commission merchant or any proprietary account of such futures commission merchant.

(b) A futures commission merchant may deposit together with the secured amount required to be on deposit in the separate account or accounts referred to in paragraph (a) of this section money, securities or property held for or on behalf of other customers of the futures commission merchant for the purpose of entering into foreign futures or foreign options transactions. In such a case, the amount that must be deposited in such separate account or accounts must be no less than the greater of (1) the foreign futures and foreign options secured amount plus the amount that would be required to be on deposit if all such customers were foreign futures or foreign options customers under this part 30, or (2) the foreign futures or foreign options secured amount plus the amount required to be held in a separate account or accounts for or on behalf of customers pursuant to any law, rule, regulation or order thereunder, or any rule of any self-regulatory organization authorized thereunder, in the jurisdiction in which the depository or the customer, as appropriate, is located.

(c)(1) The separate account or accounts referred to in paragraph (a) of this section must be maintained under an account name that clearly identifies them as such, with any of the following depositories:

(i) A bank or trust company located in the United States;

(ii) A bank or trust company located outside the United States that has in excess of $1 billion of regulatory capital;

(iii) A futures commission merchant registered as such with the Commission;

(iv) A derivatives clearing organization;

(v) The clearing organization of any foreign board of trade;

(vi) A member of any foreign board of trade;

(vii) Such member or clearing organization’s designated depositories.

(2) Each futures commission merchant must obtain and retain in its files for the period provided in §1.31 of this chapter an acknowledgment from such depository that it was informed that such money, securities or property are held for or on behalf of foreign futures and foreign options customers and are being held in accordance with the provisions of these regulations.

(d) In no event may money, securities or property representing the foreign futures or foreign options secured amount be held or commingled and deposited with customer funds in the same account or accounts required to be separately accounted for and segregated pursuant to section 4d of the Act and the regulations thereunder.

(e) Each futures commission merchant which invests money, securities or property on behalf of foreign futures or foreign options customers shall keep a record showing the following:

(1) The date on which such investments were made;

(2) The name of the person through whom such investments were made;

(3) The amount of money so invested;

(4) A description of the obligations in which such investments were made;

(5) The identity of the depositories or other places where such obligations are maintained;

(6) The date on which such investments were liquidated or otherwise disposed of and the amount of money received of such disposition, if any; and

(7) The name of the person to or through whom such investments were disposed of.

(f) Each futures commission merchant must compute as of the close of each business day:

(1) The total amount of money, securities and property on deposit in separate account(s) in accordance with this section;
§ 30.10 Petitions for exemption.

(a) Any person adversely affected by any requirement of this part may file a petition with the Secretary of the Commission, which petition must set forth with particularity the reasons why that person believes that he should be exempt from such requirement. The Commission may, in its discretion, grant such an exemption if that person demonstrates to the Commission’s satisfaction that the exemption is not otherwise contrary to the public interest or to the purposes of the provision from which exemption is sought. The petition will be granted or denied on the basis of the papers filed. The petition may be granted subject to such terms and conditions as the Commission may find appropriate.

(b) Any foreign person that files a petition for an exemption under this section shall be eligible for such an exemption notwithstanding its presence in the United States through U.S. bank branches or divisions if, in conjunction with a petition for confirmation of relief granted under an existing Commission order issued pursuant to this section, it complies with the following conditions:

(1) No U.S. bank branch, office or division will engage in the trading of futures or options on futures within or from the United States, except for its own proprietary account;

(2) No U.S. bank branch, office or division will refer any foreign futures or foreign options customer to the foreign person or otherwise be involved in the foreign person’s business in foreign futures or foreign option transactions;

(3) No U.S. bank branch, office or division will solicit any foreign futures or foreign option business or purchase or sell foreign futures or foreign option contracts on behalf of any foreign futures or foreign option customers or otherwise engage in any activity subject to regulation under this part or engage in any clerical duties related thereto. If any U.S. division, office or branch desires to engage in such activities, it will only do so through an appropriate Commission registrant;
(4) The foreign person will maintain outside the United States all contract documents, books and records regarding foreign futures and foreign option transactions;

(5) The foreign person and each of its U.S. bank branches, offices or divisions agree to provide upon request of the Commission, the National Futures Association or the U.S. Department of Justice, access to their books and records for the purpose of ensuring compliance with the foregoing undertakings and consent to make such records available for inspection at a location in the United States within 72 hours after service of the request; and

(6) Although it will continue to engage in normal commercial activities, no U.S. bank branch, office or division of the foreign person will establish relationships in the United States with the applicant’s foreign futures or foreign option customers for the purpose of facilitating or effecting transactions in foreign futures or foreign option contracts.

§ 30.11 Applicability of state law.

Pursuant to section 12(e)(2) of the Act, the provisions of any state law, including any rule or regulation thereunder, may be applicable to any person required to be registered under this part who solicits foreign futures and foreign options customers and who shall fail or refuse to obtain such registration, unless such person is exempt from such registration in accordance with the provisions of § 30.4, § 30.5 or § 30.10 of this part.

§ 30.12 Direct foreign order transmittal.

(a) Authorized customers defined. For the purposes of this section, an “authorized customer” of a futures commission merchant shall mean any foreign futures or foreign options customer and who shall fail or refuse to obtain such registration, unless such person is exempt from such registration in accordance with the provisions of § 30.4, § 30.5 or § 30.10 of this part.

(b) Procedures for futures commission merchants. It shall be unlawful for any futures commission merchant to permit an authorized customer to place orders for execution in the futures commission merchant’s foreign futures and options customer omnibus account directly with a person exempt from registration under paragraphs (c) and (d) of this section, unless, such futures commission merchant:

1. Meets one of the following capital requirements, as determined by the futures commission merchant’s most recent required filing of a Form 1-FR-FCM with the Commission:

   (i) Possesses $20,000,000 in adjusted net capital, as defined by § 1.17(c)(5) of this chapter; or

   (ii) Possesses the greater of three times the amount of adjusted net capital required by § 1.17(a)(1)(i)(A) of this chapter or three times the amount of adjusted net capital required by § 1.17(a)(1)(i)(B) of this chapter; and

2. Has established control procedures that will serve as guidelines for permitting direct contacts between any authorized customer of the futures commission merchant and any person exempt from registration under paragraphs (c) or (d) of this section, and has in place appropriate risk management procedures to monitor its own risk relative to its authorized customers’ risk aggregated across all markets, including, but not limited to, procedures to ensure that each authorized customer

Commodity Futures Trading Commission

§ 30.12

satisfies the participation criteria set forth in paragraph (a) of this section and to specify the manner in which trades may be executed through its customer omnibus account pursuant to this section;

(3) Furnishes a written disclosure statement to each such authorized customer advising the customer of the additional risks the customer may be assuming in placing orders directly with the foreign broker. The disclosure statement must read as follows:

Direct Order Transmittal Client Disclosure Statement

This statement applies to the ability of authorized customers of [FCM] to place orders for foreign futures and options transactions directly with non-US entities (each, an “Executing Firm”) that execute transactions on behalf of [FCM’s] foreign futures and options customer omnibus accounts.

Please be aware of the following should you be permitted to place the type of orders specified above.

• The orders you place with an Executing Firm are for [FCM’s] foreign futures and options customer omnibus accounts maintained with a foreign clearing firm. Consequently, [FCM] may limit or otherwise condition the orders you place with the Executing Firm.

• You should be aware of the relationship of the Executing Firm and [FCM]. [FCM] may not be responsible for the acts, omissions, or errors of the Executing Firm, or its representatives, with which you place your orders. In addition, the Executing Firm may not be affiliated with [FCM]. If you choose to place orders directly with an Executing Firm, you may be doing so at your own risk.

• It is your responsibility to inquire about the applicable laws and regulations that govern the foreign exchanges on which transactions will be executed on your behalf. Any orders placed by you for execution on that exchange will be subject to such rules and regulations, its customs and usages, as well as any local laws that may govern transactions on that exchange. These laws, rules, regulations, customs and usages may offer different or diminished protection from those that govern transactions on US exchanges. In particular, funds received from customers to margin foreign futures transactions may not be provided the same protections as funds received to margin futures transactions on domestic exchanges. Before you trade, you should familiarize yourself with these foreign rules which will apply to your particular transaction. United States regulatory authorities may be unable to compel the enforcement of the rules of regulatory authorities or markets in non-US jurisdictions where transactions may be effected.

• It is your responsibility to determine whether the Executing Firm has consented to the jurisdiction of the courts in the United States. In general, neither the Executing Firm nor any individuals associated with the Executing Firm will be registered in any capacity with the Commodity Futures Trading Commission. Similarly, your contacts with the Executing Firm may not be sufficient to subject the Executing Firm to the jurisdiction of courts in the United States in the absence of the Executing Firm’s consent. Accordingly, neither the courts of the United States nor the Commission’s reparation program may be available as a forum for resolution of any disagreements you may have with the Executing Firm, and your recourse may be limited to actions outside the United States.

• Unless you object within five (5) days, by giving notice as provided in your customer agreement after receipt of this disclosure, [FCM] will assume your consent to the aforementioned conditions.

(c) Exemption for foreign futures and options brokers. Any person not located in the United States, its territories or possessions, who is otherwise required in accordance with this part to be registered with the Commission as a futures commission merchant or as an introducing broker will be exempt from such registration, notwithstanding that such person accepts orders for foreign futures and foreign options transactions from authorized customers of a registered futures commission merchant that meets the requirements of paragraph (b)(1) of this section, provided, that:

(1) The orders are executed for or on behalf of the foreign futures and options customer omnibus account of a registered futures commission merchant;

(2) The person does not solicit or accept any money, securities or property (or extend credit in lieu thereof) directly from any U.S. foreign futures and options customer to margin, guarantee or secure any trades or contracts that result or may result therefrom; and

(3) The person is a foreign futures and options broker, as defined by §30.1(e).

---

1 You should contact your account executive regarding your eligibility to participate in the direct order transmittal process.
§ 30.13 Commission certification.

With respect to foreign futures and options contracts on a non-narrow-based security index:

(a) Request for certification. A foreign board of trade may request that the Commission certify that a futures contract on a non-narrow-based security index that trades, or is proposed to be traded thereon, conforms to the requirements of section 2(a)(1)(C)(ii) of the Act and therefore, that futures contract may be offered or sold to persons located within the United States in accordance with section 2(a)(1)(C)(iv) of the Act. A submission requesting such certification must:

(1) Be filed electronically with the Secretary of the Commission;

(2) Include the following information in English:

(i) The terms and conditions of the contract and all other relevant rules of the exchange and, if applicable, of the foreign board of trade on which the underlying securities are traded, which have an effect on the overall trading of the contract, including circuit breakers, price limits, position limits or other controls on trading;

(ii) Surveillance agreements between the foreign board of trade and the exchange(s) on which the underlying securities are traded;

(iii) Assurances from the foreign board of trade of its ability and willingness to share information with the Commission, either directly or indirectly;

(iv) When applicable, information regarding foreign blocking statutes and their impact on the ability of United States government agencies to obtain information concerning the trading of such contracts;

(v) Information and data denoted in U.S. dollars where appropriate (and the conversion date and rate used) relating to:

(A) The method of computation, availability, and timeliness of the index;

(B) The total capitalization, number of stocks (including the number of unaffiliated issuers if different from the number of stocks), and weighting of the stocks by capitalization and, if applicable, by price in the index as well as the combined weighting of the five highest-weighted stocks in the index;

(C) Procedures and criteria for selection of individual securities for inclusion in, or removal from, the index, how often the index is regularly reviewed, and any procedures for changes in the index between regularly scheduled reviews;

(D) Method of calculation of the cash-settlement price and the timing of its public release;

(E) Average daily volume of trading, measured by share turnover and dollar value, in each of the underlying securities for a six-month period of time and, separately, the dollar value of the average daily trading volume of the securities comprising the lowest weighted 25% of the index for the past six calendar months, calculated pursuant to §41.11 of this chapter; and

(vi) A written statement that the contract conforms to the criteria enumerated in section 2(a)(1)(C)(ii) of the Act, including:

(A) A statement that the contract is cash-settled;
Commodity Futures Trading Commission

§ 30.13

(B) An explanation of why the contract is not readily subject to manipulation or to be used to manipulate the underlying security;

(C) A statement that the index is not a narrow-based security index as defined in section 1a(25) of the Act and the analysis supporting that statement;

(vii) A written representation that the foreign board of trade will notify the Commission of any material changes in any of the above information;

(viii) When applicable, a request to make the futures contract available for trading in accordance with the terms and conditions of, and through the electronic trading devices identified in, a Commission staff no-action letter stating, subject to compliance with certain conditions, that it will not recommend that the Commission take enforcement action if the foreign board of trade provides its members or participants in the U.S. access to its electronic trading system without seeking designation as a designated contract market ("Foreign Board of Trade No-Action Letter"), or pursuant to any foreign board of trade registration order issued by the Commission ("Foreign Board of Trade Registration Order"), and a certification from the foreign board of trade that it is in compliance with the terms and conditions of that no-action letter or Foreign Board of Trade Registration Order; and

(ix) An explanation of the means by which U.S. persons may access these products on the foreign board of trade.

(b) Termination of review. The Commission, at any time during its review, may notify the requesting foreign board of trade that it is terminating its review under this section if it appears to the Commission that the submission is materially incomplete or fails in form or content to meet the requirements of this section.

(1) Such termination shall not prejudice the foreign board of trade from re-submitting a revised version of the contract, which addresses the deficiencies or issues identified by the Commission.

(2) The Commission shall also terminate review under this section if requested in writing to do so by the foreign board of trade.

(c) Notice of denial of certification. The Commission, at any time during its review under paragraph (a) of this section, may notify the requesting foreign board of trade that it has determined that the security index futures contract or underlying index does not conform with the requirements of section 2(a)(1)(C)(ii) of the Act.

(1) This notification will briefly specify the nature of the issues raised and the specific requirement of subsections 2(a)(1)(C)(i)(I)–(III) of the Act with which the security index futures contract does not conform or to which it appears not to conform or the conformance to which cannot be ascertained from the submission.

(2) Such notification shall not prejudice the foreign board of trade from re-submitting a revised version of the contract, which addresses the deficiencies or issues identified by the Commission.

(d) Notice of certification. Upon review, if the Commission determines that the futures contract and the underlying index meet the requirements enumerated in section 2(a)(1)(C)(ii), the Commission will issue a letter to the foreign board of trade certifying that the security index contract traded on that board conforms to the requirements of section 2(a)(1)(C)(ii) of the Act and therefore, that futures contract may be offered or sold to persons located within the U.S. in accordance with section 2(a)(1)(C)(iv) of the Act and, if applicable, may be made available for trading in accordance with the terms and conditions of, and through the electronic trading devices identified in, the Foreign Board of Trade No-Action Letter or the Foreign Board of Trade Registration Order.

(e) Expedited review. A foreign board of trade may request an expedited Commission review and determination of whether a futures contract on a security index that trades, or is proposed to be traded thereon, conforms to the requirements of section 2(a)(1)(C)(ii) of the Act and therefore, may be offered or sold to persons in the U.S. under section 2(a)(1)(C)(iv) of the Act. A submission requesting such expedited consideration should be filed in English.
with the Commission and should include: Information, statements and data complying with the form and content requirements in paragraph (a) of this section.

(f) Eligibility for expedited review. In order to qualify for expedited review under paragraph (e) of this section, the foreign board of trade must either:

(1) Have previously requested, and received, at least one no-action letter from the Office of General Counsel ("Foreign Security Index No-Action Letter") or Commission certification regarding a non-narrow based security index futures contract traded on that foreign board of trade and submit a written statement representing that the board remains fully compliant with the terms and conditions of such letter or certification; or

(2) Have received a Foreign Board of Trade No-Action Letter or Foreign Board of Trade Registration Order and submit a written statement representing that the board remains fully compliant with the terms and conditions of such letter or order.

(g) Deemed to be in conformance. Unless notified pursuant to paragraph (h), (i), or (j) of this section, any non-narrow-based foreign security index futures contract submitted for expedited review under paragraph (e) of this section shall be deemed to be in conformance with the requirements of section 2(a)(1)(C)(ii) of the Act and therefore, such futures contract may be offered or sold to persons located in the U.S. in accordance with section 2(a)(1)(C)(iv) forty-five days after receipt by the Commission, or at the conclusion of such extended period as described under paragraph (h) of this section, provided that the foreign board of trade does not amend the terms or conditions of the contract or supplement the request for expedited consideration, except as requested by the Commission or for correction of typographical errors. Any voluntary substantive amendment by the foreign board of trade will be treated as a new submission under this section.

(h) Extension of review. The Commission may extend the forty-five day review period set forth in paragraph (g) of this section for:

(1) An additional period up to forty-five days, if the request raises novel or complex issues that require additional time for review, in which case, the Commission will notify the foreign board of trade within the initial forty-five day review period and will briefly describe the nature of the specific issues for which additional time for review will be required; or

(2) Such extended period as the requesting foreign board of trade requests of the Commission in writing.

(i) Termination of review. The Commission, at any time during its review under paragraph (e) of this section or extension thereof as described under paragraph (h) of this section, may notify the requesting foreign board of trade that it is terminating its review under paragraph (e) of this section if it appears to the Commission that the submission is materially incomplete or fails in form or substance to meet the requirements of this section.

(1) Such termination shall not prejudice the foreign board of trade from resubmitting a revised version of the contract, which addresses the deficiencies or issues identified by the Commission.

(2) The Commission shall also terminate review under this section if requested in writing to do so by the foreign board of trade.

(j) Notice of denial of certification. The Commission, at any time during its review pursuant to paragraph (e), may notify the requesting foreign board of trade that it has determined that the security index futures contracts or underlying index does not conform with the requirements of section 2(a)(1)(C)(ii) of the Act.

(1) This notification will briefly specify the nature of the issues raised and the specific requirement of subsections 2(a)(1)(C)(ii)(I)–(III) of the Act with which the security index futures contract does not conform or to which it appears not to conform or the conformance to which cannot be ascertained from the submission.

(2) Such notification shall not prejudice the foreign board of trade from resubmitting a revised version of the contract, which addresses the deficiencies or issues identified by the Commission.
(k) Foreign trading systems. A foreign board of trade, who is a recipient of a Foreign of Trade No-Action Letter (and is compliant with the requirements of such letter) or Foreign Board of Trade Registration Order and is requesting Commission certification of its non-narrow-based security index futures contract, may request that such contract submitted under paragraph (e) of this section be made available for trading under that letter or pursuant to the registration order, upon expiration of the applicable review period provided for under either paragraph (g) or (h) of this section. Absent Commission notification to the contrary, the foreign board of trade may make that contract available for trading on the Foreign Trading System upon expiration of the review period provided under paragraph (g) or (h) of this section.

(l) Changes in facts and circumstances. Any certification of a non-narrow based security index futures contracts submitted under paragraph (a) or (e) of this section shall be considered to be based on the facts and representations contained in the foreign board of trade’s submissions to the Commission. Accordingly, the foreign board of trade shall promptly notify the Commission of any changes in material facts or representations.

(m) Additional contracts on previously-reviewed index: A new non-narrow-based security index futures contract may be offered or sold in the U.S. in reliance on a prior Foreign Security Index No-Action Letter or Commission certification, provided that the new contract is based on an index that was the subject of such Foreign Security Index No-Action Letter or Commission certification; and substantially identical to the contract overlying such index. In this context, the foreign board of trade may submit the contract to the Commission for an accelerated review of fifteen business days for confirmation that the subject contract is substantially identical to the existing contract. Unless the Commission notifies the foreign board of trade within those fifteen business days that the review will be conducted pursuant to either the full or expedited review procedure, the foreign board of trade may make available such contract for offer or sale within the U.S.

(n) Grandfathered no-action letters. Any non-narrow based security index futures contract that is the subject of an existing no-action letter issued by the Office of General Counsel, as of the date of the adoption of rule 30.13, shall be deemed to be in conformance with the criteria of section 2(a)(1)(C)(ii) of the Act, provided that the foreign board of trade submits a written statement representing that the contract remains fully compliant with the requirements of such letter.

(o) Delegation. The Commission hereby delegates, until such time as it orders otherwise, to the Director of Market Oversight or his designee, in consultation with the General Counsel or his designee, the authority reserved to the Commission under paragraph (m) of this section. The Director of the Division of Market Oversight may submit to the Commission for its consideration any matter which has been delegated pursuant to this paragraph (o).

(76 FR 59245, Sept. 26, 2011)

APPENDIX A TO PART 30—INTERPRETATIVE STATEMENT WITH RESPECT TO THE COMMISSION’S EXEMPTIVE AUTHORITY UNDER §30.10 OF ITS RULES

Part 30 of the Commission’s regulations establishes the regulatory structure governing the offer and sale in the United States of futures and options contracts made or to be made on or subject to the rules of a foreign board of trade. Section 30.10 of these regulations provides that, upon petition, the Commission may exempt any person from any requirement of this part. Specifically, section 30.10 states:

Any person adversely affected by any requirement of this part may file a petition with the Secretary of the Commission, which petition must set forth with particularity the reasons why that person believes that he should be exempt from such requirement. The Commission may, in its discretion, grant such an exemption if that person demonstrates to the Commission’s satisfaction that the exemption is not otherwise contrary to the public interest or to the purposes of the provision from which exemption is sought. The petition will be granted or denied on the basis of the papers filed. The petition may be granted subject to such terms and conditions as the Commission may find appropriate.
As the provisions of this section make clear, any person subject to regulation under part 30 may petition the Commission for an exemption. In adopting these regulations, however, the Commission noted in particular that persons located outside the United States that solicit or accept orders directly from United States customers for foreign futures-related activities or be offered in the country in which they are located may apply under section 30.10 for exemption from some or all of the requirements that would otherwise be applicable to such persons. This interpretative statement sets forth the elements that the Commission intends to evaluate in determining whether a particular regulatory program may be found to be comparable to the Commission’s program.

The Commission wishes to emphasize, however, that this interpretative statement is not all inclusive, and that information with respect to other aspects of a particular regulatory program may be submitted by a petitioner or requested by the Commission. In this connection, the Commission would have broad discretion to determine that the policies of any program element generally are met, notwithstanding the fact that the offshore program does not contain an element identical to that of the Commission’s regulatory program and conversely may assess how particular elements are in fact applied by offshore authorities. Thus, for example, in order to find that a particular program is comparable, the regulations thereunder would have to be applicable to all United States customers, notwithstanding any exemptions that might otherwise be available to particular classes of customer located offshore. A petitioner, therefore, must set forth with particularity the factual basis for a finding of comparability and the reasons why such policies and purposes are met, notwithstanding differences of degree and kind in its regulatory program.

No exemptions of a general nature will be granted unless the persons to which the exemption is to be applied consent to submit, to jurisdiction in the United States by designating an agent for service of process pursuant to the provisions of rule 30.5 with respect to any activities of such persons otherwise subject to regulation under this part and to notify the National Futures Association of the commencement or termination of business in the United States. In this connection, to be exempted, such person must further agree to respond to a request to confirm that it continues to do business in the United States.

Persons located outside the United States may seek an exemption on their own behalf or an exemption may be sought on behalf of the implementation and enforcement of the regulatory program in question, or the self-regulatory organizations of which such persons are members. The appropriate petitioner is a matter of judgment and may be determined by the parties seeking the exemption. The Commission, however, notes that it will be able to address petitions more efficiently if they are filed by the governmental agency or self-regulatory organization responsible for the regulatory program.

In this connection, as will be discussed in more detail below, any exemption of a general nature based on comparability will be conditioned upon appropriate information sharing arrangements between the Commission and the relevant governmental agency and/or self-regulatory organization. Representations from the appropriate governmental agency with respect to the applicability of any blocking statutes that may prevent the sharing of information requested under private arrangements would also be considered. Finally, in considering an exemption request, the Commission will take into account the extent to which United States persons or contracts regulated by the Commission are permitted to engage in futures-related activities or be offered in the country from which an exemption is sought.

In the Commission’s review, the minimum elements of a comparable regulatory program would include: (1) Registration, authorization or other form of licensing, fitness review or qualification of persons through which customer orders are solicited and accepted; (2) minimum financial requirements for those persons that accept customer funds; (3) protection of customer funds from misapplication; (4) recordkeeping and reporting requirements; (5) minimum sales practice standards, including disclosure of the risks of futures and options transactions and, in particular, the risk of transactions undertaken outside the jurisdiction of domestic law; and (6) compliance.

Qualification. Under domestic law, registration identifies to the Commission, the public and other governmental agencies the individuals and entities that are properly authorized to solicit and accept customer orders and are in good standing. Equally important, the procedure provides the Commission, through the National Futures Association, the opportunity to determine whether applicants are unfit to deal with the public. In this connection, the standards for determining whether a person through its principals is fit for registration with the Commission are set forth in section 8a(2)-8a(4) of the Act. Timely access to information as to a firm’s good standing and the application by relevant authorities of membership and licensing criteria, as well as the criteria themselves, will be considered by the Commission in assessing comparability.
Commodity Futures Trading Commission

Minimum Financial Requirements. Minimum financial requirements have long been recognized as the linchpin of the Commission’s regulatory scheme. Reporting and recordkeeping requirements assist in determining that a registrant is acting in accordance with the provisions of the Act and the rules, regulations and orders of the Commission thereunder. Similarly, reporting requirements ensure that customers are timely advised of the transactions that have been executed on their behalf, thus ensuring that they are aware of their positions in the market and may object to any transactions that they believe are in error. The Commission will consider the types of records maintained, the ability through those records to trace funds and transactions, and the period of retention and accessibility of records under the information sharing arrangements discussed below in considering comparability.

Sales Practice Standards. In 1982, Congress reaffirmed the importance of minimum sales practice standards to protect customers from fraud or misrepresentation by requiring any futures association registered by the Commission to adopt and enforce rules governing the sales practices of its members. The Commission has consistently provided that written disclosure of the risks involved and options trading is essential to ensure that potential customers are aware of these risks and are not otherwise misled and that other appropriate disclosure is made. The Commission will review the type and manner of disclosure given and the mechanisms for assuring the disclosure requirements are met and, in particular, the treatment of discretionary accounts which, for example, Commission rule 166.2 requires particularized documentation of intent to confer discretion in the case of foreign futures and options transactions.

Compliance. Finally, in assessing comparability of a program, the Commission will examine the procedures employed by the governmental authority or the appropriate self-regulatory organization to audit for compliance with, and to take action as appropriate against those persons that violate, the requirements of that program.

Information Sharing. As noted above, any exemption of a general nature would also require an information sharing arrangement between the Commission and the appropriate governmental or self-regulatory organization to ensure Commission access to information on an as needed basis as may be necessary to fulfill its regulatory responsibilities. The information subject to these arrangements generally would be of a type necessary in the first instance to monitor domestic markets and to protect domestic customers trading on foreign markets.

Firm-specific information that is potentially relevant to protection of domestic customers engaged in foreign transactions could include the following: (1) Registration qualification status; (2) names of principals; (3) current capital; (4) location of customer funds; (5) address of main office and branches; (6) exchange and self-regulatory organization memberships; (7) the existence of any derogatory information such as that required to be disclosed on the Commission’s Form 7-R; (8) notice of limitations imposed on activities; (9) notice of undersegregation or undercapitalization; (10) notice of misuse of customer funds; and (11) notice of sanctions or of expulsion from exchange or self-regulatory organization membership. The Commission believes that much of the above information would be public in the ordinary course in most jurisdictions. From time to time, the Commission also may need immediate access to financial information concerning risks posed to domestic firms by the carrying of foreign positions.
In addition to information that relates to the financial stability and creditworthiness of the firm, the Commission should have access to transaction-specific information that confirms the execution of orders and prices and facilitates tracing of customer funds. Such data could include records reflecting: (1) That an order has been received by a firm on behalf of one or more United States customers; (2) that an order has been executed on an exchange on behalf of one or more United States customers; (3) that funds to margin, guarantee or secure United States customer transactions have been received by a firm and deposited in an appropriate depository; and (4) the price at which a transaction was executed and general access to pricing information.

Again, such information is likely to be most essential in cases of insolvency where repatriation of funds is at issue. Tracing of customer funds would be particularly true in the case of integrated markets. The Commission may also seek relevant position data information, including the identity of the position holder and related positions, in connection with surveillance of potential “market disruption.” This is particularly true in the case of integrated markets.

The Commission wishes to emphasize that the information sharing arrangements discussed herein are not necessarily a substitute for, nor would they preclude, a more formal agreement or arrangement with respect to the sharing of information.

Marketing Activities by Firms Granted Rule 30.10 Relief

APPENDIX B TO PART 30—INTERPRETATIVE STATEMENT WITH RESPECT TO THE SECURED AMOUNT REQUIREMENT SET FORTH IN § 30.7

1. Rule 30.7 requires FCMs who accept money, securities or property from foreign futures and foreign options customers to maintain in a separate account or accounts such money, securities and property in an amount at least sufficient to cover or satisfy all of its current obligations to those customers. This amount is denominated as the "foreign futures or foreign options secured amount" and that term is defined in Rule 1.3(rr). The separate accounts must be maintained under an account name that clearly identifies the funds as belonging to foreign futures and foreign options customers at a depository that meets the requirements of Rule 30.7(c). Further, each FCM must obtain and retain in its files for the period prescribed in Rule 30.7(d) an acknowledgment from the depository that the depository was informed that such money, securities or property are held for or on behalf of foreign futures and foreign options customers and are being held in accordance with the provisions of these regulations.

2. In a series of orders issued pursuant to Rule 30.10, the Commission required that certain foreign firms exempt from registration as FCMs essentially comply with the standards of Rule 30.7. Specifically, the Commission stated that “[the secured amount] requirement is intended to ensure that funds within the meaning of (Rules 30.6 and 30.7).” Rule 30.1(c). “Foreign futures” means “any contract for the purchase or sale of any commodity for future delivery made, or to be made, on or subject to the rules of any foreign board of trade.” Rule 30.1(a). “Foreign option” means “any transaction or agreement which is or is held out to be of the character of, or is commonly known to the trade as, an option, ‘privilege,’ ‘indemnity,’ ‘bid,’ ‘offer,’ ‘put,’ ‘call,’ ‘advance guaranty,’ or ‘decline guaranty,’ made or to be made on or subject to the rules of any foreign board of trade.” Rule 30.1(b).

Under Rule 30.10, the Commission may exempt a foreign firm acting in the capacity of an FCM from registration under the Commodity Exchange Act (“Act”) and compliance with certain Commission rules based upon the firm’s compliance with comparable regulatory requirements imposed by the firm’s home-country regulator or self-regulatory organization (“SRO”). Once the Commission determines that the foreign jurisdiction’s regulatory structure offers comparable regulatory oversight, the Commission may issue an Order granting general relief subject to certain conditions. Firms seeking confirmation of relief (referred to herein as “Rule 30.10 firms”) must make certain representations set forth in the Rule 30.10 order issued to the regulator or SRO from the firm’s home country. For a list of those foreign regulators and SROs that have been issued a Rule 30.10 order, see appendix C to part 30. In certain cases, where a foreign regulator or SRO has requested that firms subject to its jurisdiction be granted broader relief to engage in transactions on exchanges other than in its home jurisdiction (referred to herein as “expanded relief”), the relief has been granted where the relevant authority
provided by U.S. customers for foreign futures and options transactions, whether held at a U.S. FCM under Rule 30.7(c) or a firm exempted from registration as an FCM under CPTC Rule 30.10, will receive equivalent protection at all intermediaries and exchange clearing organizations." 3 The Commission further interpreted Rule 30.7 to require each FCM and Rule 30.10 firm to take appropriate action (i.e., set aside funds in a “mirror” account) in the event that it becomes aware of facts leading it to conclude that foreign futures and foreign options customer funds are not being handled consistent with the requirements of Commission rules or relevant order for relief by any subsequent intermediary or exchange clearing organization. 3

Upon further analysis and reconsideration of this matter, the Commission has determined to revise its prior interpretation of the Rule 30.7 secured amount requirement. The Commission notes that the initial depository’s ability to identify customer funds afforded foreign futures and foreign options customers a measure of protection in the event that the intermediating FCM or foreign firm becomes insolvent. Moreover, Rule 30.6(a) requires that foreign futures and foreign options customers receive a Rule 1.55 written disclosure explaining that the treatment of customer funds outside the U.S. may not afford the same level of protection offered in the U.S. These protections exist whether the intermediating firm is a U.S. FCM or a firm exempt from such registration under Rule 30.10. 4

has represented that it will monitor its firms for compliance with the terms of the order in connection with such offshore transactions. Although Rule 30.10 orders generally exempt foreign intermediaries from compliance with the secured amount requirement under Rule 30.7, firms seeking confirmation of the expanded relief must represent that, with respect to transactions entered into on behalf of U.S. customers on any non-U.S. exchange located outside their home country, they will treat U.S. customer funds in a manner consistent with the provisions of Rule 30.7. For the most recent order granting expanded relief, see 63 FR 50248 (September 15, 1998) (Singapore Exchange Derivatives Trading Limited).

3 63 FR 50248, 50251, n.19 (emphasis added).

4 Although orders for expanded relief exempt foreign firms from compliance with Rule 1.55, sales practice standards and the treatment of customer funds constitute two of the specific elements examined in evaluating whether the particular foreign regulatory program provides a basis for permitting substituted compliance for purposes of exemptive relief pursuant to Rule 30.10 appendix A to part 30.

4. The Commission further notes, however, that, in February 1998, Rule 30.6 was amended to permit an FCM to open a commodity account for a foreign futures or foreign options customer without providing the Rule 1.55 risk disclosure statement or obtaining an acknowledgment of receipt of such statement, provided that the customer is, at the time at which the account is opened, one of several types of sophisticated customers enumerated in Rule 1.55(f) (“Rule 1.55(f) customers”). 5 While the amendment to Rule 30.6(a) extinguished the obligation to provide a standardized risk disclosure statement to Rule 1.55(f) customers at the time of the account opening, the Commission stated that FCMS have obligations to these customers independent of such a duty that would be material in the circumstances of a given transactions. 6

5. After careful consideration of the issue, the Commission has determined that intermediaries should advise all customers (regardless of their level of sophistication) to consider making appropriate inquiries relating to the treatment of customer funds by depositories located outside the jurisdiction of the intermediating firm. Accordingly, the Commission has determined that an FCM, at a minimum, must provide each foreign futures or foreign option customer with a written disclosure tracking the language in either: (1) Rule 1.55(b)(7), 7 or (2) Paragraphs 6

63 FR 50248 (September 15, 1998). The list of sophisticated customers referenced in Rule 1.55(f) closely tracks, with one exception, the list of “eligible swap participants” in Rule 35.1.

7 Rule 1.55(b)(7) reads as follows: Foreign futures transactions involve executing and clearing trades on a foreign exchange. This is the case even if the foreign exchange is formally “linked” to a domestic exchange whereby a trade executed on one exchange liquidates or establishes a position on the other exchange. No domestic organization regulates the activities of a foreign exchange, including the execution, delivery and clearing of transactions on such exchange, and no domestic regulator has the power to compel enforcement of the rules of the foreign exchange or the laws of the foreign country. Moreover, such laws or regulations will vary depending on the foreign country in which the transaction occurs. For these reasons, customers who trade on foreign exchanges may not be afforded certain of the protections which apply to domestic transactions, including the right to use alternative dispute resolution. In particular, funds received from customers to margin foreign futures transactions may not be provided the same protections as funds received

Continued
and 8 of appendix A to Rule 1.55(c). § Rule 30.10 firms must provide each foreign futures or foreign options customer with a written disclosure tracking the language in either Rule 1.55(b)(7) or paragraphs 6 and 8 of appendix A to Rule 1.55(c), or a comparable disclosure statement prescribed by the firm’s home country regulator. The Commission further notes that, in any instance where a firm provides a Rule 1.55(f) customer with a written disclosure, it is not necessary for the firm to obtain an acknowledgment of receipt. In addition, those FCMs that already have provided customers with a disclosure tracking either Rule 1.55(b)(7) or paragraphs 6 and 8 of appendix A to Rule 1.55(c) read as follows:

6. Deposited cash and property.
You should familiarize yourself with the protections accorded money or property you deposit for domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or property may be governed by specified legislation or local rules. In some jurisdictions, property which has been specifically identifiable as your own will be pro-rated in the same manner as cash for purposes of distribution in the event of a shortfall.

8. Transactions in other jurisdictions.
Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose you to additional risk. Such markets may be subject to regulation which may offer different or diminished investor protection. Before you trade you should enquire about any rules relevant to your particular transactions. Your local regulatory authority will be unable to compel the enforcement of the rules of the regulatory authorities or markets in other jurisdictions where your transactions have been effected. You should ask the firm with which you deal for details about the types of redress available in both your home jurisdiction and other relevant jurisdictions before you start to trade.

6. For the reasons set forth above, the Commission is revising its interpretation of the secured amount requirement set forth in Rule 30.7. The Commission believes that the Rule 30.7 acknowledgment required of FCMs, or other appropriate acknowledgment required by Rule 30.10 firms, only applies to the maintenance of the account or accounts containing foreign futures and foreign options customer funds by the initial depository, and not to the manner in which any subsequent depository holds or subsequently transmits those funds. If an FCM receives from the initial depository the acknowledgment described in Rule 30.7, furnishes to each foreign futures or foreign options customer with a comparable disclosure statement prescribed by its home regulator.

7. If an FCM or Rule 30.10 firm fails to receive the required acknowledgment from the initial depository or provide the above written disclosure statement (and in certain circumstances, receive from customers and acknowledgment of receipt), then it must set aside funds with an acceptable depository and receive from such depository the required acknowledgment.

8. The Commission’s interpretation of the Rule 30.7 secured amount requirement will apply to all regulated activities with all new and existing foreign futures and foreign options customers as of October 11, 2000. The Commission’s interpretation does not alter any other requirement set forth in Rule 30.7 or any other section of part 30.

[65 FR 66558, Oct. 11, 2000]

APPENDIX C TO PART 30—FOREIGN PETITIONS GRANTED RELIEF FROM THE APPLICATION OF CERTAIN OF THE PART 30 RULES PURSUANT TO §30.10

Firms designated by the Sydney Futures Exchange Limited.
FR date and citation: November 7, 1988, 53 FR 48856.
FR date and citation: April 13, 1993, 58 FR 19210.
In its analysis of a request for certification by a foreign board of trade relating to a security index futures contract traded on that foreign board of trade pursuant to §30.13, the Commission will evaluate the contract to ensure that it complies with the three criteria of section 2(a)(1)(C)(ii) of the Act.

(1) Because security index futures contracts are cash settled, the Commission also evaluates the contract terms and conditions relating to cash settlement. In that regard, the Commission examines, among other things, whether the cash price series is reliable, acceptable, publicly available and timely; that the cash settlement price is reflective of the underlying cash market; and that the cash settlement price is not readily susceptible to manipulation. In making its determination, the Commission considers the design and maintenance of the index, the method of index calculation, the nature of the component security prices used to calculate the index, the breadth and frequency of index dissemination, and any other relevant factors.

(2) In considering the susceptibility of an index to manipulation, the Commission examines several factors, including the structure of the primary and secondary markets for the component equities, the liquidity of the component stocks, the method of index calculation, the total capitalization of stocks underlying the index, the number, weighting and capitalization of individual stocks in the index, and the existence of surveillance sharing agreements between the board of trade and the securities exchange(s) on which the underlying securities are traded.

(3) To verify that the index is not narrow-based, the Commission considers the number and weighting of the component securities and the aggregate value of average daily trading volume of the lowest weighted quartile of securities. Under the Act, a security index is narrow-based if it meets any one of the following criteria:

Firms designated by the Singapore Derivatives Trading Limited.

Firms designated by the Montreal Exchange.

EDITORIAL NOTE: For Federal Register citations affecting appendix C to part 30, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and at www.fdsys.gov.

APPENDIX D TO PART 30—COMMISSION CERTIFICATION WITH RESPECT TO FOREIGN FUTURES AND OPTIONS CONTRACTS ON A NON-NARROW-BASED SECURITY INDEX

In its analysis of a request for certification by a foreign board of trade relating to a security index futures contract traded on that foreign board of trade pursuant to §30.13, the Commission will evaluate the contract to ensure that it complies with the three criteria of section 2(a)(1)(C)(ii) of the Act.

(1) Because security index futures contracts are cash settled, the Commission also evaluates the contract terms and conditions relating to cash settlement. In that regard, the Commission examines, among other things, whether the cash price series is reliable, acceptable, publicly available and timely; that the cash settlement price is reflective of the underlying cash market; and that the cash settlement price is not readily susceptible to manipulation. In making its determination, the Commission considers the design and maintenance of the index, the method of index calculation, the nature of the component security prices used to calculate the index, the breadth and frequency of index dissemination, and any other relevant factors.

(2) In considering the susceptibility of an index to manipulation, the Commission examines several factors, including the structure of the primary and secondary markets for the component equities, the liquidity of the component stocks, the method of index calculation, the total capitalization of stocks underlying the index, the number, weighting and capitalization of individual stocks in the index, and the existence of surveillance sharing agreements between the board of trade and the securities exchange(s) on which the underlying securities are traded.

(3) To verify that the index is not narrow-based, the Commission considers the number and weighting of the component securities and the aggregate value of average daily trading volume of the lowest weighted quartile of securities. Under the Act, a security index is narrow-based if it meets any one of the following criteria:
§ 31.3 Fraud in connection with certain transactions in silver or gold bullion or bulk coins, or other commodities.

It shall be unlawful for any person, by use of the mails or any means or instrumentality of interstate commerce, directly or indirectly:

(a) To employ any device, scheme, or artifice to defraud.

(b) To make any untrue statement of a material fact or to omit to state a material fact necessary in order to make the statements made in the light of the circumstances under which they were made, not misleading.

(c) To engage in any act, practice, or course of business which operates or would operate as a fraud or deceit upon any person, in, or in connection with (1) an offer to make or the making of, any transaction for the purchase, sale or delivery of silver bullion, gold bullion, bulk silver coins, bulk gold coins, or any other commodity pursuant to a standardized contract commonly known to the trade as a margin account, margin contract, leverage account, or leverage contract, or pursuant to any contract, account, arrangement, scheme, or device that serves the same function or functions as such a standardized contract, or is marketed or managed in substantially the same manner as such a standardized contract, or (2) the maintenance or carrying of any such contract.

The provisions of this section shall not apply to any transaction expressly prohibited by section 19(a) of the Act.

(Secs. 2(a), 8a, and 19 of the Commodity Exchange Act and secs. 2 and 23 of Pub. L. 95–405 (92 Stat. 865, 870–871); 7 U.S.C. 2 and 12a)

§ 31.4 Definitions.

For the purposes of this part:

(a) [Reserved]

(b) [Reserved]

(c) Promotional material includes:

(1) Any text of a standard oral presentation, or any communication for
§ 31.4

publication in any newspaper, magazine or similar medium or for broadcast over television, radio, or other electronic medium which is disseminated or directed to a leverage customer or prospective leverage customer;

(2) Any standardized form of report, letter, circular, memorandum, or publication which is disseminated or directed to a leverage customer or prospective leverage customer; or

(3) Any other written literature or advice disseminated or directed to a leverage customer or prospective leverage customer for the purpose of soliciting the entry into a leverage contract;

(d) Leverage customer means any person who, directly or indirectly, enters into, purchases, sells, or otherwise acquires for value any interest in a leverage contract with, from or to a leverage transaction merchant: Provided, however, That an owner or holder of a proprietary leverage account as defined in paragraph (e) of this section shall not be deemed to be a customer within the meaning of §§31.11(a)–(j) and 31.26, and such an owner or holder of such a proprietary leverage account shall otherwise be deemed to be a leverage customer within the meaning of all other sections of these rules.

(e) Proprietary leverage account means a leverage account carried on the books and records of an individual, a partnership, corporation or other type association (1) for one of the following persons, or (2) of which ten percent or more is owned by one of the following persons, or an aggregate of ten percent or more of which is owned by more than one of the following persons:

(i) Such individual himself, or such partnership, corporation or association itself;

(ii) In the case of a partnership, a general partner in such partnership;

(iii) In the case of a limited partnership, a limited or special partner in such partnership whose duties include:

(A) The management of the partnership business or any part thereof;

(B) The handling of the trades of leverage customers or of the leverage customer funds of such partnership;

(C) The keeping of records pertaining to the trades of leverage customers or to the leverage customer funds of such partnership, or

(D) The signing or co-signing of checks or drafts on behalf of such partnership;

(iv) In the case of a corporation or association, an officer, director or owner of ten percent or more of the capital stock, of such organization;

(v) An employee of such individual, partnership, corporation or association whose duties include:

(A) The management of the business of such individual, partnership, corporation or association or any part thereof,

(B) The handling of the trades of leverage customers or of the leverage customer funds of such individual, partnership, corporation or association,

(C) The keeping of records pertaining to the trades of leverage customers or to the leverage customer funds of such individual, partnership, corporation or association,

(D) The signing or co-signing of checks or drafts on behalf of such individual, partnership, corporation or association;

(vi) A spouse or minor dependent living in the same household of any of the foregoing persons;

(vii) A business affiliate that, directly or indirectly, controls such individual, partnership, corporation or association;

(viii) A business affiliate that, directly or indirectly, is controlled by or is under common control with, such individual, partnership, corporation or association.

(f) Commercial leverage account means an account of a commercial enterprise, such as a producer, processor, dealer or end user of a leverage commodity which is the subject of a leverage contract, or the products or by-products thereof;

(g) Leverage commodity means a commodity (gold bullion, silver bullion, bulk gold coins, bulk silver coins, or platinum) which is the subject of a leverage contract offered for purchase or sale, or purchased or sold, by a particular leverage transaction merchant, the value of which is reflected in a
widely accepted and broadly disseminated commercial or retail cash price series for cash market transactions, which price series reasonably reflects the price for the leverage commodity which the customer can expect to pay or receive in normal commercial or retail market channels, including, if applicable, specified premiums or discounts; each leverage commodity is defined by reference to the following distinguishing characteristics:

(1) The nominal size, composition and tolerable ranges of the delivery pack or the actual size, composition and tolerable range of the component of the delivery pack;

(2) Minimum guaranteed quality, deliverable countries of origin, deliverable markings or imprints, and deliverable refiners or mints;

(3) The method of pricing; and

(4) The delivery specifications or alternatives including type and location of delivery facilities, packaging, transportation, registration and associated costs.

(h) **Ask price of a leverage contract** means the price at which a leverage transaction merchant sells or is willing to sell a long leverage contract to a leverage customer or the price at which a leverage transaction merchant re-sells or is willing to resell a short leverage contract to a leverage customer;

(i) **Bid price of a leverage contract** means the price at which a leverage transaction merchant purchases or is willing to purchase a short leverage contract from a leverage customer, or the price at which a leverage transaction merchant repurchases or is willing to repurchase a long leverage contract from a leverage customer;

(j) **Bid-ask spread of a leverage contract** means the difference between a leverage transaction merchant’s ask price and bid price;

(k) **Initial charges for a leverage contract** includes all fees and commissions payable to a leverage transaction merchant which are incurred when a leverage contract is initially entered into by a leverage customer;

(l) **Carrying charges for a leverage contract** includes all service and interest charges paid periodically by a leverage customer to a leverage transaction merchant, or accrued by a leverage transaction merchant, while a long leverage contract remains open, or all service and interest charges paid periodically by a leverage transaction merchant to a leverage customer, while a short leverage contract remains open;

(m) **Termination charges for a leverage contract** includes all fees and commission payable to a leverage transaction merchant which are associated with the liquidation, repurchase, resale or settlement by delivery on a leverage contract;

(n) **Liquidation of a leverage contract** means the unilateral termination of a leverage contract by a leverage transaction merchant due to a leverage customer’s failure to meet one or more margin calls or to make other required deposits on a timely basis or as otherwise permitted under §31.18;

(o) **Repurchase or resale of a leverage contract** means the voluntary termination of a leverage contract by mutual agreement between the leverage customer and the leverage transaction merchant, which agreement is effected by entering into a transaction which is the opposite of the initial transaction. A repurchase by a leverage transaction merchant takes place if the initial transaction by the leverage customer was a purchase of a long leverage contract from the leverage transaction merchant, and a resale by a leverage transaction merchant takes place if the initial transaction by the leverage customer was a sale of a short leverage contract to the leverage transaction merchant;

(p) **Delivery on a leverage contract** means the making (in the case of an initial sale by a leverage customer) or taking (in the case of an initial purchase by a leverage customer) of delivery by a leverage customer of the commodity subject to a leverage contract;

(q) **Initial leverage margin** means the amount of funds, excluding initial charges, which a leverage customer is required to deposit with a leverage transaction merchant when entering into a leverage contract;

(r) **Minimum leverage margin** means the amount of funds which a leverage transaction merchant requires a leverage customer to maintain on deposit.
for each open leverage contract in the leverage customer’s account.

(s) *Maintenance leverage margin* means the level to which the funds in a leverage customer’s account must be restored after a margin call to the leverage customer has been effected by the leverage transaction merchant.

(t) *Leverage account equity* means:

1. For all long leverage contracts in a leverage customer’s account, the amount equal to the aggregate value of such leverage contracts in the leverage customer’s account, based on the leverage transaction merchant’s current bid prices for such contracts, less the amount owed to the leverage transaction merchant by the leverage customer pursuant to such contracts; and

2. For all short leverage contracts in a leverage customer’s account, the aggregate amount owed to the leverage customer by the leverage transaction merchant pursuant to all such contracts less the amount equal to the value of all such leverage contracts in the leverage customer’s account, based on the leverage transaction merchant’s current ask prices for such contracts;

(u)–(v) [Reserved]

(w) *Leverage contract* means a contract, standardized as to terms and conditions, for the long-term (ten years or longer) purchase (“long leverage contract”) or sale (“short leverage contract”) by a leverage customer of a leverage commodity which provides for:

1. Participation by the leverage transaction merchant as a principal in each leverage transaction;

2. Initial and maintenance margin payments by the leverage customer;

3. Periodic payment by the leverage customer or accrual by the leverage transaction merchant of a variable carrying charge or fee on the unpaid balance of a long leverage contract, and periodic payment or crediting by the leverage transaction merchant to the leverage customer of a variable carrying charge or fee on the initial value of the contract plus any margin deposits made by the leverage customer in connection with a short leverage contract;

4. Delivery of a commodity in an amount and form which can be readily purchased and sold in normal commercial or retail channels;

5. Delivery of the leverage commodity after satisfaction of the balance due on the contract; and

6. Determination of the contract purchase and repurchase, or sale and resale prices by the leverage transaction merchant; and

(x) *Leverage transaction* means the purchase or sale of any leverage contract, the repurchase or resale of any leverage contract, the delivery of the leverage commodity, or the liquidation or rescission of any such leverage contract by or to the leverage transaction merchant.

(Secs. 8a(5) and 19 of the Commodity Exchange Act, as amended, 7 U.S.C. 12a(5) and 23 (1982))

§ 31.5 Unlawful conduct.

(a) On and after April 13, 1984, it shall be unlawful for any person:

1. To offer to enter into, enter into or confirm the execution of a leverage contract to or with a leverage customer, or to solicit or accept a leverage customer’s order for a leverage contract, or to accept any leverage customer funds from a leverage customer to enter into or maintain a leverage contract, unless the leverage commodity which is the subject of the leverage contract has been registered with the Commission in accordance with § 31.6;

2. Except as provided in paragraph (a)(3) of this section, to offer to enter into, enter into or confirm the execution of a leverage contract to or with a leverage customer, or to solicit or accept a leverage customer’s order for a leverage contract, or to accept any leverage customer funds from a leverage customer to enter into or maintain a leverage contract, unless that person is registered with the Commission in accordance with § 31.7 of this chapter and that registration has not expired, been suspended (and the period of suspension has not expired) or been revoked; or

3. Except as provided in paragraph (a)(2) of this section, if such person is a natural person, to offer to enter into, enter into or confirm the execution of
§31.6 Registration of leverage commodities.

(a) Registration of leverage commodities. Each leverage commodity upon which a leverage contract is offered for sale or purchase or is sold or purchased by a particular leverage transaction merchant must be separately registered with the Commission. Registration will be granted only when the following conditions are met:

1. The person requesting registration of a leverage commodity is a registered leverage transaction merchant;
2. The commodity to be registered is a leverage commodity as defined in §31.4(g);
3. There exists a widely accepted and broadly disseminated commercial or retail cash price series for the commodity;
4. The commodity can be readily purchased or sold in normal commercial or retail channels by leverage customers making or taking delivery on a leverage contract;
5. The terms and conditions of the leverage contracts based on the leverage commodity are consistent with the Act and the regulations thereunder, and are not contrary to the public interest; and
6. The terms and conditions of the leverage contracts based on the leverage commodity do not include substantial characteristics of other interests,

(d) Denial, suspension, or revocation of registration of a leverage commodity. The failure or refusal of any leverage transaction merchant to comply with any of the provisions of the Act or any of the Commission’s rules, regulations, or orders thereunder shall be cause for refusing to register a leverage commodity, for suspending registration of a leverage commodity for a period not to exceed six months, and for revoking registration of such leverage commodity with respect to that leverage transaction merchant. Any such denial, suspension, or revocation proceedings shall be conducted in accordance with the procedures set forth in sections 6 and 6(b) of the Act.

such as options, certificates of deposit, or other regulated instruments.

(b) Application for registration. Applications to register leverage commodities should be filed with the Commission at its Washington, DC headquarters. Attention: Secretariat. Three copies of each such submission should be filed. The Commission may return any application which does not comply with the form and content requirements of this section. Each applicant must:

(1) Provide evidence that the person applying for registration of the leverage commodity is registered or has applied to the National Futures Association for registration as a leverage transaction merchant;

(2) Provide an explanation of the distinguishing characteristics of the leverage commodity for which registration is sought, including a complete description of the cash market for the leverage commodity, and for the spot, forward, and futures markets for the generic commodity;

(3) Specify a commercial or retail cash price series including prevailing premiums or discounts governing cash market transactions in the quantities specified by the leverage contract and justify the use of such price series with respect to the particular leverage commodity for which registration is sought;

(4) Provide evidence and a complete evaluation of how the distinguishing characteristics of the leverage commodity would be expected to affect the ability of leverage customers electing to make or take delivery of the commodity at an economic price in normal cash market channels;

(5) Include a description of the commodity inspection and/or certification procedures typically required for commercial or retail sales of the specified commodity. Such description must be accompanied by information regarding the availability of any normally required certification or inspection service at the delivery points including those of the leverage transaction merchant; and

(6) Include copies of all leverage contracts which are to be offered by the leverage transaction merchant on the leverage commodity.

(c) Continuing registration of leverage commodities. A registered leverage transaction merchant must submit to the Commission for its review, at least forty-five (45) days before their effective date, any proposed changes in the specifications of the leverage commodity and the terms and conditions of the leverage contract from those submitted as part of the registration application unless such contract specifically provides that such terms and conditions are subject to change. Three copies of each such submission must be furnished to the Commission at its Washington, DC headquarters. Attention: Secretariat. The Commission may return any submission which does not comply with the form and content requirements of this section. Each such submission must, in the following order:

(1) Explain how any such changes might affect the ability of leverage customers to realize the leverage commodity’s economic value and how such amendments might affect the ability of leverage customers making or taking delivery to buy or sell the leverage commodity;

(2) Explain the effect of such changes upon the continued appropriateness of the commercial or retail cash price series submitted pursuant to paragraph (b)(3) of this section, or, as an alternative, submit a new price series and a justification of its use; and

(3) Indicate whether, if such changes are applied to existing leverage commodities, there will be a change in the economic value of such commodities and, if so, quantify the extent of such changes.

(d) Authority to disapprove amendments. The Commission may disapprove, alter, or amend changes to the distinguishing characteristics of the registered leverage commodity, or to the terms and conditions of the leverage contracts offered thereon, after appropriate notice and opportunity for hearing, when the Commission determines that such a change is in violation of any of the provisions of the Act or any of the regulations thereunder, or that it is necessary or appropriate to ensure the financial solvency of leverage transactions or prevent manipulation or fraud. Upon notification by
§ 31.7  Maintenance of minimum financial, cover and segregation requirements by leverage transaction merchants.

(a) Each person registered as a leverage transaction merchant or who files an application for registration as a leverage transaction merchant, who knows or should have known that its adjusted net capital at any time is less than the minimum required by §31.9, or that its cover at any time is less than the minimum required by §31.8, or that the amount of leverage customer funds in segregation is less than is required by §31.12 or by the capital, cover or segregation rules of any designated self-regulatory organization to which such person is subject, if any, must:

1. Give telegraphic notice as set forth in §1.12(g) of this chapter that such applicant’s or registrant’s adjusted net capital is less than is required by §31.9, or its cover is less than is required by §31.8, or the amount of leverage customer funds in segregation is less than is required by §31.12 or by such other capital, cover or segregation rule, identifying the applicable capital, cover or segregation rule. This notice must be given within 24 hours after such applicant or registrant knows or should have known that its adjusted net capital or its cover or the amount of leverage customer funds in segregation is less than is required by any of the aforesaid rules to which such applicant or registrant is subject; and

2. Within 24 hours after giving such notice file a statement of financial condition, a statement of the computation of the minimum capital requirements pursuant to §31.9 (computed in accordance with the applicable capital rule), a schedule of coverage requirements and coverage provided, and a schedule of segregation requirements and funds on deposit in segregation, all as of the date such applicant’s or registrant’s adjusted net capital or its cover or the amount of leverage customer funds in segregation became less than the minimum required.

(b) Each person registered as a leverage transaction merchant, or who files an application for registration as a leverage transaction merchant, who knows or should have known that its adjusted net capital at any time is less than 120 percent of the amount required by §31.9 must file written notice to that effect as set forth in §1.12(g) of this chapter within five business days of such event. Such applicant or registrant must also file a Form 2-FR or such other financial statement designated by the Commission and/or the designated self-regulatory organization, if any, as of the close of business for the month during which such event takes place and as of the close of business for each month thereafter until three successive months have elapsed.
during which the applicant’s or registrant’s adjusted net capital is at all times equal to or in excess of the minimums set forth in this paragraph (b). Each financial report required by this paragraph (b) must be filed within 30 calendar days after the end of the month for which such report is being made.

(c) The requirements of §§1.12(c), 1.12(d), 1.12(e) and 1.12(g) of this chapter shall apply to registered leverage transaction merchants and to persons who have applied for registration as leverage transaction merchants, as if in those paragraphs the term “leverage transaction merchant or applicant therefor” were substituted for the phrase “applicant or registrant.”

(See. 8a(5) and 19 of the Commodity Exchange Act, as amended, 7 U.S.C. 12a(5) and 23 (1982))

§ 31.8 Cover of leverage contracts.

(a)(1) Each leverage transaction merchant must at all times maintain cover of at least 90 percent of the amount of physical commodities subject to open long leverage contracts entered into with leverage customers, and must at all times also maintain cover of at least 90 percent of the amount of physical commodities subject to open short leverage contracts entered into with leverage customers. At least 25 percent of the amount of physical commodities subject to open long leverage contracts must be covered by the types of permissible cover set forth in paragraphs (a)(2)(i) and (ii) of this section.

(2) Permissible cover for a long leverage contract is limited to:

(i) Warehouse receipts for the leverage commodity subject to the leverage contract held in commercial banks located in the United States or in approved contract market depositories: Provided, That the balance of the principal and accrued interest on any loan against such warehouse receipts does not exceed 70 percent of the current market value of the commodity represented by each receipt.

(ii) A long spot futures contract on the leverage commodity subject to the leverage contract held in commercial banks located in the United States or in approved contract market depositories: Provided, That the balance of the principal and accrued interest on any loan against such warehouse receipts does not exceed 70 percent of the current market value of the commodity represented by each receipt.

(iii) Purchase, in physical form, of the leverage commodity subject to the leverage contract, or of the same alternative commodities provided for in paragraph (a)(2)(ii) of this section, with settlement within two business days must be covered by the types of permissible cover set forth in paragraphs (a)(2)(i) and (ii) of this section.

(b) Permissible cover for a long leverage contract is limited to:

(i) Warehouse receipts for the leverage commodity subject to the leverage contract held in commercial banks located in the United States or in approved contract market depositories: Provided, That the balance of the principal and accrued interest on any loan against such warehouse receipts does not exceed 70 percent of the current market value of the commodity represented by each receipt.

(ii) A long spot futures contract on the leverage commodity subject to the leverage contract held in commercial banks located in the United States or in approved contract market depositories: Provided, That the balance of the principal and accrued interest on any loan against such warehouse receipts does not exceed 70 percent of the current market value of the commodity represented by each receipt.

(iii) Purchase, in physical form, of the leverage commodity subject to the leverage contract, or of the same alternative commodities provided for in paragraph (a)(2)(ii) of this section, with settlement within two business days must be covered by the types of permissible cover set forth in paragraphs (a)(2)(i) and (ii) of this section.

(2) Permissible cover for a long leverage contract is limited to:

(i) Warehouse receipts for the leverage commodity subject to the leverage contract held in commercial banks located in the United States or in approved contract market depositories: Provided, That the balance of the principal and accrued interest on any loan against such warehouse receipts does not exceed 70 percent of the current market value of the commodity represented by each receipt.

(ii) A long spot futures contract on the leverage commodity subject to the leverage contract held in commercial banks located in the United States or in approved contract market depositories: Provided, That the balance of the principal and accrued interest on any loan against such warehouse receipts does not exceed 70 percent of the current market value of the commodity represented by each receipt.

(iii) Purchase, in physical form, of the leverage commodity subject to the leverage contract, or of the same alternative commodities provided for in paragraph (a)(2)(ii) of this section, with settlement within two business days must be covered by the types of permissible cover set forth in paragraphs (a)(2)(i) and (ii) of this section.

(2) Permissible cover for a long leverage contract is limited to:

(i) Warehouse receipts for the leverage commodity subject to the leverage contract held in commercial banks located in the United States or in approved contract market depositories: Provided, That the balance of the principal and accrued interest on any loan against such warehouse receipts does not exceed 70 percent of the current market value of the commodity represented by each receipt.

(ii) A long spot futures contract on the leverage commodity subject to the leverage contract held in commercial banks located in the United States or in approved contract market depositories: Provided, That the balance of the principal and accrued interest on any loan against such warehouse receipts does not exceed 70 percent of the current market value of the commodity represented by each receipt.

(iii) Purchase, in physical form, of the leverage commodity subject to the leverage contract, or of the same alternative commodities provided for in paragraph (a)(2)(ii) of this section, with settlement within two business days must be covered by the types of permissible cover set forth in paragraphs (a)(2)(i) and (ii) of this section.

(iv) A long spot futures contract on the leverage commodity subject to the leverage contract held in commercial banks located in the United States or in approved contract market depositories: Provided, That the balance of the principal and accrued interest on any loan against such warehouse receipts does not exceed 70 percent of the current market value of the commodity represented by each receipt.
§ 31.8 17 CFR Ch. I (4–1–13 Edition)

leverage contract, or of the same alternative commodities provided for in paragraph (a)(2)(ii) of this section, if the leverage transaction merchant has stopped a delivery notice which is non-transferable with respect to that futures contract and has otherwise complied with any procedures, including payment, necessary for taking delivery, even though the leverage transaction merchant does not have possession or control of a warehouse receipt for two business days: Provided, however, That the amount of physical commodities subject to such long spot futures contracts at no time constitutes more than 10 percent of the amount of physical commodities subject to open long leverage contracts entered into with leverage customers: And, provided further, That the leverage transaction merchant maintains, in accordance with §31.14 of this part, detailed records of its deliveries on futures contracts, which will be subject to inspection, copying and audit by the Commission and a designated self-regulatory organization.

(v)(A) Purchases for future delivery on or subject to the rules of the contract market of the same generic commodity subject to the leverage contract, or of the same alternative commodities provided for in paragraph (a)(2)(ii) of this section; or

(B) Purchases of call commodity options for the same generic commodity subject to the leverage contract, or of the same alternative commodities provided for in paragraph (a)(2)(ii) of this section, on or subject to the rules of a contract market in accordance with the provisions of part 33 of this chapter: Provided, That the market value of the actual commodity or futures contract which is the subject of such option is less than the value of the underlying commodity based on the strike price of the option.

(b) Such leverage transaction merchant must be in compliance with paragraph (a) of this section at all times and must be able to demonstrate such compliance to the satisfaction of the Commission and/or the designated self-regulatory organization. A leverage transaction merchant who is not in compliance with paragraph (a) of this section or in unable to demonstrate such compliance must immediately cease engaging in the business of offering to enter into, entering into, or confirming the execution of, any leverage contract until such time as the leverage transaction merchant is able to demonstrate such compliance. Nothing in this paragraph (b) shall be construed as preventing the Commission or the designated self-regulatory organization from taking action against a leverage transaction merchant for non-compliance with any of the provisions of this section.

(c) The amount of cover which is actually maintained by a leverage transaction merchant, and the amount of cover which must be maintained by a leverage transaction merchant in order to comply with the requirements of this section, shall be computed as of the close of each business day by the leverage transaction merchant. A written record of this computation shall be made and kept, together with all supporting data, in accordance with the provisions of §1.31 of this chapter. This daily computation shall be made by noon on the next business day and shall be computed in a format identical to the Schedule of Coverage Requirements and Coverage Provided contained in Form 2–FR. In computing the amount of cover actually maintained, the leverage transaction merchant
Commodity Futures Trading Commission

§ 31.9

§ 31.9 Minimum financial requirements.

(a) Each leverage transaction merchant must at all times maintain adjusted net capital equal to or in excess of $2,500,000, plus 20 percent of the market value of the amount of physical commodities subject to leverage contracts entered into by the leverage transaction merchant which are uncovered, plus 2 1/2 percent of the market value of the amount of physical commodities subject to short leverage contracts entered into by the leverage transaction merchant which are covered.

(1) For purposes of determining compliance with the provisions of paragraph (a) of this section, each leverage transaction merchant must compute the market value of the physical commodities subject to leverage contracts which it has entered into by using the widely accepted and broadly disseminated commercial or retail cash price series submitted with the leverage transaction merchant’s application for registration of the leverage commodity in accordance with §31.6, and cannot include any mark-ups or discounts of the leverage transaction merchant.

(2) The requirements of paragraph (a) of this section shall not be applicable if the applicant or registrant is a member of a designated self-regulatory organization and conforms to minimum financial standards and related reporting requirements set by such designated self-regulatory organization in its bylaws, rules, regulations or resolutions approved by the Commission pursuant to section 19 of the Act and §31.28 of this part.

(3) No person applying for registration as a leverage transaction merchant shall be so registered unless such person affirmatively demonstrates to the satisfaction of the Commission that it complies with the financial requirements of this section. Each leverage transaction merchant must be in compliance with this section at all times and must be able to demonstrate such compliance to the satisfaction of the Commission and/or the designated self-regulatory organization.

(4) A leverage transaction merchant who is not in compliance with this section, or is unable to demonstrate such
compliance as required by paragraph (a)(3) of this section, must immediately cease engaging in the business of offering to enter into, entering into, or confirming the execution of, any leverage contract until such time as the leverage transaction merchant is able to demonstrate such compliance. Nothing in this paragraph shall be construed as preventing the Commission or the designated self-regulatory organization from taking action against a leverage transaction merchant for non-compliance with any of the provisions of this section. Any leverage transaction merchant required immediately to cease doing business under this paragraph shall remain liable on all leverage contracts previously entered into until all rights of and obligations owing to the customers thereunder have been fulfilled.

(b) For the purposes of this section:

(1) Where the applicant or registrant has an asset or liability which is defined in Securities Exchange Act rule 15c3-1 (§240.15c3-1 of this title), the inclusion or exclusion of all or part of such asset or liability for the computation of adjusted net capital shall be in accordance with §240.15c3-1 of this title, unless specifically stated otherwise in this section;

(2) (i) The term “customer” means customer as defined in §31.4(d);

(ii) The term “proprietary account” means a commodity futures, option or leverage account carried on the books of the applicant or registrant itself, or for general partners of the applicant or registrant; and

(iii) The term “noncustomer account” means a leverage account carried on the books of the applicant or registrant which is not included in the definition of customer (as defined in paragraph (b)(2)(i) of this section) or proprietary account (as defined in paragraph (b)(2)(ii) of this section);

(3) The term “Business day” means any day other than a Saturday, Sunday or legal holiday;

(4) The term “net capital” has the same meaning as in §1.17(d) of this chapter: Provided, however, That the term “leverage transaction merchant” shall be substituted for the term “futures commission merchant” in §1.17 of this chapter. In determining net capital, the provisions set forth in §1.17(c)(1) of this chapter shall apply:

(5) The term “current assets” has the same meaning as in §1.17(c)(2) of this chapter: Provided, however, That the safety factors set forth in §1.17(c)(5) of this chapter shall apply to leverage contract accounts as well as commodity futures and option accounts;

(6) The provisions set forth in §1.17(c)(3) of this chapter shall apply;

(7) The term “liabilities” has the same meaning as in §1.17(c)(4) of this chapter;

(8) In computing adjusted net capital, the safety factors set forth in §1.17(c)(5) of this chapter shall apply: Provided, however, That the safety factors set forth in §1.17(c)(5)(II) (B) and (C) of this chapter shall not apply to inventory, to the extent such inventory represents cover for leverage contracts entered into by a leverage transaction merchant: And, provided further, That the safety factors set forth in §1.17(c)(5) (X) and (XII) of this chapter shall not apply to any futures contracts or commodity options traded on contract markets held in proprietary accounts which represent cover for leverage contracts entered into by a leverage transaction merchant;

(9) The safety factors set forth in §1.17(c)(5) (VIII) and (IX) of this chapter for undermargined commodity futures and commodity option customer and noncustomer accounts shall apply in a like manner to undermargined leverage customer and noncustomer accounts, respectively, and the term “leverage transaction merchant” shall be substituted for the terms “applicable boards of trade” or “clearing organization”; and

(10) The provisions set forth in §1.17 (d), (e), (f), (h) and (j) of this chapter shall apply.

(c) No person shall be registered as a leverage transaction merchant unless, commencing on the date the person applies for such registration, the person prepares, and keeps current, ledgers or other similar records which show or summarize, with appropriate references to supporting documents, each
Commodity Futures Trading Commission

§ 31.11 Disclosure.

(a) Except as provided in paragraph (i) of this section, prior to the opening of a leverage customer account, a leverage transaction merchant soliciting an order for any leverage contract shall furnish to the prospective leverage customer a dated Disclosure Document and receive from such prospective leverage customer a signed and dated copy of the risk disclosure statement contained in such document which acknowledges that the customer received and understood the Disclosure Document. The Disclosure Document shall contain then current information with respect to the leverage contract being offered by the person soliciting the order therefor, and shall contain:

(1) The following bold-faced risk disclosure statement in at least ten-point type on the first page of the Disclosure Document:

§ 31.10 Repurchase and resale of leverage contracts by leverage transaction merchants.

(a) No leverage transaction merchant shall offer to sell or sell a long leverage contract involving a leverage commodity to any leverage customer at any time when such leverage transaction merchant is not offering to repurchase from any of its leverage customers any long leverage contract, and is not offering to resell to any of its leverage customers any short leverage contract, involving the same leverage commodity previously purchased or sold by the leverage transaction merchant to or from a leverage customer.

(b) No leverage transaction merchant shall offer to purchase or purchase a short leverage contract involving a leverage commodity from any leverage customer at any time when such leverage transaction merchant is not offering to resell to any of its leverage customers any short leverage contract, and is not offering to repurchase from any of its leverage customers any long leverage contract, involving the same leverage commodity previously purchased or sold by the leverage transaction merchant from or to a leverage customer.

[50 FR 36414, Sept. 6, 1985]
§ 31.11 17 CFR Ch. I (4–1–13 Edition)

FOR A LONG LEVERAGE TRANSACTION AND A SHORT LEVERAGE TRANSACTION WHICH INCLUDES A FORMULA FOR CALCULATING AN ESTIMATE OF THE LEVERAGE CONTRACT’S BREAK-EVEN VALUE IS ATTACHED TO THIS DOCUMENT. THIS IS IN THE SAME FORMAT AS THE CONFIRMATION STATEMENT YOU WILL RECEIVE TO CONFIRM YOUR ACTUAL TRANSACTION. BE CERTAIN THAT YOU UNDERSTAND THE INFORMATION PROVIDED BY THIS STATEMENT BEFORE YOU ENTER INTO A LEVERAGE TRANSACTION.

YOU SHOULD ALSO UNDERSTAND THAT THE CHARGES FOR SIMILAR LEVERAGE CONTRACTS WHICH ARE REFLECTED ON THE FILLED-IN CONFIRMATION STATEMENT AS ESTIMATED MAY VARY AMONG LEVERAGE FIRMS, AND THAT SUCH FIRMS HAVE COMPLETE DISCRETION IN SETTING THEIR CHARGES AND THE PRICE OF THE LEVERAGE CONTRACTS THEY OFFER. PRIOR TO ENTERING INTO A LEVERAGE CONTRACT A PROSPECTIVE LEVERAGE CUSTOMER SHOULD COMPARE THE CHARGES AND PRICES OF SUCH FIRMS WITH EACH OTHER AND WITH THE COMMISSIONS FOR AND PRICES OF FUTURES CONTRACTS TRADED ON DESIGNATED EXCHANGES.

YOU SHOULD ALSO BE AWARE THAT YOU ARE SUBJECT TO MARGIN CALLS. THE LEVERAGE FIRM RESERVES THE RIGHT TO LIQUIDATE YOUR POSITION IF YOU DO NOT RESPOND TO A MARGIN CALL WITHIN THE TIME SPECIFIED IN YOUR LEVERAGE AGREEMENT. IN ANY EVENT, IF THE EQUITY IN YOUR CONTRACT AT ANY TIME FALLS BELOW 50% OF THE MINIMUM MARGIN, YOUR CONTRACT MAY BE LIQUIDATED WITHOUT PRIOR NOTICE. YOU MUST, HOWEVER, BE NOTIFIED OF LIQUIDATION WITHIN NO MORE THAN 24 HOURS THEREAFTER AND PERMITTED TO REESTABLISH YOUR CONTRACT FOR A PERIOD OF 5 BUSINESS DAYS. LEVERAGE CONTRACTS PURCHASED FROM A LEVERAGE TRANSACTION MERCHANT ARE RE-ESTABLISHED AT THE THEN PREVAILING BID PRICE AND LEVERAGE CONTRACTS SOLD TO A LEVERAGE TRANSACTION MERCHANT ARE RE-ESTABLISHED AT THE THEN PREVAILING ASK PRICE WITHOUT COMMISSIONS, FEES OR OTHER MARK-UPS OR CHARGES UNDER RULES SET BY THE COMMODITY FUTURES TRADING COMMISSION, AS MORE COMPLETELY DESCRIBED IN THIS DISCLOSURE DOCUMENT. IN CASE OF LIQUIDATION, ALL OF YOUR FUNDS MAY BE USED TO SETTLE THE DEFICIT IN THE ACCOUNT, AND YOU MAY BE LIABLE FOR ADDITIONAL FUNDS TO SETTLE IN FULL.

IF YOU ARE A FIRST-TIME LEVERAGE CUSTOMER, YOU MAY RESCIND YOUR FIRST LEVERAGE TRANSACTION SUBJECT ONLY TO ACTUAL PRICE LOSSES BUT OTHERWISE WITHOUT PENALTY FOR THREE BUSINESS DAYS FOLLOWING AND INCLUDING THE DAY OF RECEIPT OF THE CONFIRMATION.

YOU SHOULD BE AWARE THAT IN ORDER TO REALIZE ANY VALUE FROM A LONG LEVERAGE CONTRACT, THE LEVERAGE TRANSACTION MERCHANT WHICH SOLD YOU THE LEVERAGE CONTRACT MUST REPURCHASE IT, OR YOU MUST PAY THE LEVERAGE TRANSACTION MERCHANT THE FULL PURCHASE PRICE FOR THE LEVERAGE CONTRACT, TAKE DELIVERY OF THE LEVERAGE COMMODITY, AND THEN SELL THE LEVERAGE COMMODITY, POSSIBLY AT A LOWER PRICE THAN THE PRICE PAID TO PURCHASE THE LEVERAGE COMMODITY FROM THE LEVERAGE TRANSACTION MERCHANT. YOU SHOULD ALSO BE AWARE THAT IN ORDER TO REALIZE ANY VALUE FROM A SHORT LEVERAGE CONTRACT, THE LEVERAGE TRANSACTION MERCHANT TO WHICH YOU SOLD THE LEVERAGE CONTRACT MUST RESELL IT TO YOU, OR YOU MUST ACQUIRE THE LEVERAGE COMMODITY IN ORDER TO MAKE DELIVERY TO THE LEVERAGE TRANSACTION MERCHANT, POSSIBLY AT A HIGHER PRICE THAN THE PRICE YOU WILL RECEIVE FROM THE LEVERAGE TRANSACTION MERCHANT.

THERE IS NO MARKET FOR THE LEVERAGE CONTRACT ITSELF OTHER THAN TO HAVE IT REPURCHASED BY OR RESOLD TO THE LEVERAGE TRANSACTION MERCHANT. A LEVERAGE TRANSACTION MERCHANT IS UNDER NO OBLIGATION TO OFFER TO REPURCHASE OR RESELL A LEVERAGE CONTRACT AT ALL TIMES, ALTHOUGH THE LEVERAGE TRANSACTION MERCHANT MUST OFFER TO REPURCHASE ANY LONG LEVERAGE CONTRACT PREVIOUSLY PURCHASED BY A LEVERAGE CUSTOMER AND MUST ALSO OFFER TO RESELL ANY SHORT LEVERAGE CONTRACT PREVIOUSLY SOLD BY A LEVERAGE CUSTOMER AT ANY TIME DURING WHICH THE LEVERAGE TRANSACTION MERCHANT IS OFFERING TO ENTER INTO NEW LONG OR SHORT LEVERAGE CONTRACTS WITH CUSTOMERS INVOLVING THE SAME LEVERAGE COMMODITY. AS NOTED ABOVE, HOWEVER, A LEVERAGE TRANSACTION MERCHANT HAS COMPLETE DISCRETION IN SETTING THE PRICE AND ANY CHARGES RELATED THERETO.

THE COMMODITY FUTURES TRADING COMMISSION HAS NOT PASSED UPON THE MERITS OF THESE LEVERAGE CONTRACTS AS AN INVESTMENT VEHICLE
Commodity Futures Trading Commission § 31.11

NOR UPON THE ACCURACY OR ADEQUACY OF THIS DISCLOSURE DOCUMENT. ANY REPRESENTATION TO THE CONTRARY IS A VIOLATION OF THE COMMODITY EXCHANGE ACT AND THE REGULATIONS THEREUNDER.

(2) Immediately following the statement required by paragraph (a)(1) of this section, a section, captioned "Provisions of Leverage Contract" in at least ten point type, containing the terms and conditions of the leverage contract being offered. This information must be provided in the order specified in paragraphs (a)(2) (i) through (xi) of this section, with a clear demarcation or separation between each item according to the paragraph of the section to which it corresponds, and include:

(i) The duration or expiration date of the leverage contract;
(ii) The distinguishing characteristics of the contract and of the leverage commodity, including, in particular, those characteristics of the leverage commodity enumerated in §31.4(g)(1)–(4) of this part;
(iii) A description of the following charges for each leverage contract:
   (A) Initial charges;
   (B) Carrying charges;
   (C) Termination charges;
(iv) A description of the bid and ask prices of each leverage contract;
(v) An explanation of the margins applicable to each leverage contract, including, as required, initial margins, minimum margins and maintenance margins;
(vi) A description of the leverage customer's responsibilities with respect to margin calls, including the timing of such calls and, if applicable, the circumstances under which, time after which, and the order in which the leverage transaction merchant may, consistent with §31.18 liquidate a customer's position in the leverage contract;
(vii) A description of the manner in which a leverage customer may seek to have a leverage contract repurchased or resold by the leverage transaction merchant, including an explanation of the procedure to be followed by the leverage transaction merchant to effect such repurchase or resale and the manner in which the repurchase or resale price is determined;
(viii) A statement to the effect that other persons may be unwilling to buy from the leverage customer the leverage commodity that is deliverable on the leverage contract without first requiring an inspection or assay at the expense of the leverage customer; a statement to the effect that the leverage transaction merchant may be unwilling to accept delivery and pay for such leverage commodity without first requiring an inspection or assay at the expense of the leverage customer; and a description of any other requirements for the delivery of a leverage commodity by a leverage customer to a leverage transaction merchant in connection with a short leverage contract;
(ix) A clear explanation of any force majeure clauses pertaining to each leverage contract;
(x) A description of any material risks not included in the statements required by paragraph (a)(1) of this section; and
(xi) An identification of the commercial or retail cash price series filed in accordance with §31.6, along with clearly specified premiums and discounts, if applicable, which the leverage customer or prospective leverage customer can use to evaluate a leverage contract and a widely available source from which such price quotes may be obtained on a timely basis.

(3) A filled-in version of the customer Confirmation Statement in the format specified by the Commission for a representative single long leverage contract and a representative single short leverage contract which includes a formula which can be used to estimate the break-even price.

(4)(i) The name, address of the main business office, main business telephone number and form of organization of the leverage transaction merchant. If the address of the main business office is a post office box number, the leverage transaction merchant must state where its books and records will be kept;
(ii) The name of each principal of the leverage transaction merchant;
(iii) The business background, for the five years preceding the date of the statement, of:
(A) The leverage transaction merchant; and
(B) Each principal of the leverage transaction merchant.
The leverage transaction merchant must include in the description of the business background of each such person the name and main business of that person’s employers, business associations or business ventures and the nature of the person’s duties performed for the employers or in connection with the associations or ventures.

(5)(i) A statement whether any principal of the leverage transaction merchant has entered into or intends to enter into long or short leverage contracts for his own account and, if so, whether leverage customers will be permitted to inspect the records of that person’s trades; and

(ii) If principals of the leverage transaction merchant will not enter into or do not intend to enter into long or short leverage contracts for their own account, the leverage transaction merchant must so state with respect to each principal.

(6)(i) Any material administrative or civil action involving any activity or conduct, or related to any statute, set forth in sections 8a(2) or 8a(3) of the Act, or any material criminal action brought within the five years preceding the date of the document against the leverage transaction merchant or any principal of the leverage transaction merchant; and

(ii) If there has been no such action against any of the foregoing persons, the leverage transaction merchant must make a statement to that effect with respect to each such person.

(b)(1) If the leverage transaction merchant knows or should know that the Disclosure Document is materially inaccurate or incomplete in any respect, it must correct that defect and must distribute the correction to:

(i) All existing leverage customers within 30 calendar days after the date upon which the leverage transaction merchant first knows or has reason to know of the defect; and

(ii) Each prospective leverage customer prior to opening an account for such person.

The leverage transaction merchant may furnish the correction by means of an amended document, a sticker on the document, a notice in a monthly statement or by other similar means.

(2) The leverage transaction merchant may not use the document until such correction is made.

(c) The leverage transaction merchant must date each document and amendment thereto as of the date it is first used.

(d) Subject to the provisions of paragraph (b) of this section, all information contained in the document must be current as of the date of the document.

(e)(1) The leverage transaction merchant must file with the National Futures Association three copies and with the Commission at its Washington, DC headquarters, Attn: Secretariat, one copy of the document for each leverage contract that it offers or that it intends to offer not less than 21 calendar days prior to the date the leverage transaction merchant first intends to furnish the document to a prospective leverage customer. The leverage transaction merchant must specify with the filing the date it first intends to deliver the document to a prospective leverage customer;

(2) Subject to paragraphs (h) and (m) of this section, the leverage transaction merchant must file with the National Futures Association three copies and with the Commission at its Washington, DC headquarters, Attn: Secretariat, one copy of all subsequent amendments to the document for each leverage contract that it offers or that it intends to offer within 30 calendar days after the date upon which the leverage transaction merchant first knows or has reason to know of the defect requiring the amendment.

(f) This section does not relieve a leverage transaction merchant from any obligation under the Act or the regulations thereunder, including the obligation to disclose all material information to existing or prospective leverage customers even if the information is not specifically required by this section.

(g) If any contract term set forth in accordance with paragraph (a)(2) of this section provides that such term is subject to change, the leverage transaction merchant must ensure that this fact, the conditions under which the
change may take place, and the foreseeable consequences of the change are clearly stated in the Disclosure Document, in describing that contract term.

(h) A leverage transaction merchant must transmit a notification to each leverage customer within 24 hours of making any change not otherwise permitted under the contract terms set forth in accordance with paragraph (a)(2) of this section. A notification of any change in the interest rate charged by the leverage transaction merchant must also be transmitted to each leverage customer within twenty-four hours of each change: Provided, however, That no notification is required if the change in interest rate is one percent or less as compared to the rate charged at the prior month-end and the new interest rate is made available to customers by means of a toll-free telephone call, and such availability is set forth in the Disclosure Document. The notification required by this paragraph must be transmitted by first class mail or other, at least equivalent, means of communication.

(i) A person soliciting or accepting an order for a leverage contract is not required to deliver a Disclosure Document leverage to a leverage customer, as required by paragraph (a) of this section, if a disclosure document meeting all of the requirements of this section previously has been delivered by the person to the leverage customer: Provided, however, That such a Disclosure Document must be delivered:

(1) Upon the request of a leverage customer, or
(2) If the previously delivered Disclosure Document has become outdated or has become inaccurate in any material respect.

(j) Prior to the entry into a leverage contract, the person soliciting the order therefor shall inform the leverage customer or the prospective leverage customer, to the extent these amounts are known or can reasonably be approximated, of all charges for the initiation, carrying and termination of a leverage contract and the leverage transaction merchant’s bid-ask spread on the leverage contract as set forth in paragraph (a)(2)(v) and (a)(2)(vi) of this section.

(k)(1) Not later than the next business day after the entry into a long leverage contract with a customer, each leverage transaction merchant shall furnish to such customer, by first-class mail or other, at least equivalent, means of communication, a written Confirmation Statement in a format specified by the Commission containing:

(i) For a leverage customer’s first leverage transaction, the following bold-faced statement in at least ten-point type:

IF YOU ARE A FIRST-TIME LEVERAGE CUSTOMER, YOU MAY RESCIND YOUR FIRST LEVERAGE TRANSACTION SUBJECT ONLY TO ACTUAL PRICE LOSSES BUT OTHERWISE WITHOUT PENALTY FOR THREE BUSINESS DAYS FOLLOWING AND INCLUDING RECEIPT OF THIS CONFIRMATION. ACTUAL LOSSES ON A LEVERAGE CONTRACT PURCHASED FROM A LEVERAGE TRANSACTION MERCHANT ARE CALCULATED BY SUBTRACTING THE ASK PRICE OF THE LEVERAGE CONTRACT AT THE TIME OF THE CUSTOMER’S RESCISSION FROM THE ASK PRICE AT WHICH THE LEVERAGE CONTRACT WAS PURCHASED AND WHICH APPEARS ON THIS CONFIRMATION. TO RESCIND THIS CONTRACT SEND A TELEGRAM TO (name and address of LTM) OR YOU MAY TELEPHONE (name of LTM) AT (telephone number). IF YOU RESCIND BY TELEPHONE, YOU MUST ALSO SEND IMMEDIATE WRITTEN AFFIRMATION BY TELEGRAM, CERTIFIED LETTER OR BY AT LEAST EQUIVALENT MEANS TO THE ADDRESS PROVIDED ABOVE; and

(ii) For every leverage transaction, the following information:

(A) The date the leverage contract was entered into;
(B) The transaction identification number;
(C) The name of the leverage commodity;
(D) The expiration date of the leverage contract;
(E) The total cost of the leverage contracts covered in the Confirmation Statement, which equals the leverage transaction merchant’s ask price in dollars per unit multiplied by the number of units multiplied by the number of contracts;
(F) The total unpaid balance for this transaction;
§31.11

(G) The total initial charges for the transaction;
(H) The total initial margin for the transaction, in dollars and as a percentage of the contract price;
(I) The total amount due (or paid) to initiate the transaction, which equals the total initial charges plus the total initial margin in dollars;
(J) The current equity in the individual customer’s account as of the date of this transaction, but excluding this transaction;
(K) The total variable carrying charges to be billed each period, in dollars and as an annual percentage rate, based on the carrying charge rate prevailing at the time the contract is entered into;
(L) The total bid/ask spread, based on prices prevailing at the time the contract is entered into;
(M) The total termination charges incurred if the contract is repurchased, liquidated by the leverage transaction merchant or settled by delivery, based on charges prevailing at the time the contract is entered into;
(N) Any other charges associated with terminating the transaction, based on charges prevailing at the time the contract is entered into;
(O) Any special charges associated with liquidating the transaction, based on charges prevailing at the time the contract is entered into;
(P) The total delivery charges incurred if the customer takes delivery on the contract, based on charges prevailing at the time the contract is entered into;
(Q) The following formula enabling a customer to calculate the estimated total contract value to break-even: Initial contract value plus the bid-ask spread plus the initial charges plus any other charges plus the termination charges plus the carrying charges for the period the contract is intended to be held open;
(R) The total minimum margin, in dollars and as a percentage of contract price, based on the rate prevailing at the time the contract is entered into;
(S) The total maintenance margin, in dollars and as a percentage of contract price, based on the rate prevailing at the time the contract is entered into;
(T) The commercial or retail cash price series filed in accordance with §31.6 available to the leverage customer to evaluate the leverage contract (including any applicable premiums or discounts), and where quotes of this series can be obtained on a timely basis; and
(2) Not later than the next business day after entry into a short leverage contract with a customer, each leverage transaction merchant shall furnish to such customer by first-class mail or other, at least equivalent, means of communication, a written Confirmation Statement in a format specified by the Commission containing:
(i) For a leverage customer’s first leverage transaction, the following bold-faced statement in at least ten-point type:
IF YOU ARE A FIRST-TIME LEVERAGE CUSTOMER, YOU MAY RESCIND YOUR FIRST LEVERAGE TRANSACTION SUBJECT ONLY TO ACTUAL PRICE LOSSES BUT OTHERWISE WITHOUT PENALTY FOR THREE BUSINESS DAYS FOLLOWING AND INCLUDING RECEIPT OF THIS CONFIRMATION. ACTUAL LOSSES ON A LEVERAGE CONTRACT SOLD TO A LEVERAGE TRANSACTION MERCHANT ARE CALCULATED BY SUBTRACTING THE BID PRICE AT WHICH THE CONTRACT WAS SOLD TO THE LEVERAGE TRANSACTION MERCHANT AND WHICH APPEARS ON THIS CONFIRMATION FROM THE BID PRICE OF THE LEVERAGE CONTRACT AT THE TIME OF THE CUSTOMER’S RESCIS-SION. TO RESCIND THIS CONTRACT SEND A TELEGRAM TO (name and address of LTM) OR YOU MAY TELEPHONE (name of LTM) AT (telephone number). IF YOU RE-SCIND BY TELEPHONE, YOU MUST ALSO SEND IMMEDIATE WRITTEN AFFIRMA-TION BY TELEGRAM, CERTIFIED LETTER OR BY AT LEAST EQUIVALENT MEANS TO THE ADDRESS PROVIDED ABOVE: and
(ii) For every leverage transaction, the following information:
(A) The date the leverage contract was entered into;
(B) The transaction identification number;
(C) The name of the leverage commodity;
(D) The expiration date of the leverage contract;
(E) The total cost of the leverage contracts covered in the Confirmation Statement, which equals the leverage transaction merchant’s bid price in
Commodity Futures Trading Commission § 31.11

dollars per unit multiplied by the number of units multiplied by the number of contracts;
(F) The total initial charges for the transaction;
(G) The total initial margin for the transaction, in dollars and as a percentage of the contract price;
(H) The total amount due (or paid) to initiate the transaction, which equals the total initial charges plus the total initial margin in dollars;
(I) The current equity in the individual customer’s account as of the date of this transaction, but excluding this transaction;
(J) The total variable carrying charges to be credited each period, in dollars and as an annual percentage rate, based on the carrying charge rate prevailing at the time the contract is entered into;
(K) The total bid/ask spread, based on prices prevailing at the time the contract is entered into;
(L) The total termination charges incurred if the contract is resold, liquidated by the leverage transaction merchant or settled by delivery, based on charges prevailing at the time the contract is entered into;
(M) Any other charges associated with terminating the transaction, based on charges prevailing at the time the contract is entered into;
(N) Any special charges associated with liquidating the transaction, based on charges prevailing at the time the contract is entered into;
(O) The total delivery (including assay) charges incurred if the customer makes delivery on the contract, based on charges prevailing at the time the contract is entered into;
(P) The following formula enabling a customer to calculate the estimated total contract value to break-even: Initial contract value plus carrying charges for the period the contract is intended to be held open, minus the bid-ask spread, minus the initial charges, minus any other charges, minus the termination charges;
(Q) The total minimum margin, in dollars and as a percentage of contract price, based on the rate prevailing at the time the contract is entered into;
(R) The commercial or retail cash price series filed in accordance with §31.6 available to the leverage customer to evaluate the leverage contract (including any applicable premiums or discounts), and where quotes of this series can be obtained on a timely basis.
(l) Each leverage transaction merchant shall furnish, upon request, by first-class mail or other generally accepted means of communication, to all leverage customers with open leverage contracts and to prospective leverage customers who are being solicited to enter leverage contracts with it, a true copy of portions of the quarterly unaudited or annual audited financial statement most recently filed with the Commission pursuant to §31.13, except that the portions of those statements which will generally be accorded non-public treatment by the Commission need not be so furnished.
(m)(1) Notwithstanding any other provision in this section, if a leverage transaction merchant is not offering to enter into, entering into or confirming the execution of, soliciting or accepting a leverage customer’s order for, or accepting any leverage customer funds from a leverage customer to enter into or maintain any short leverage contract, the leverage transaction merchant may delete or disregard references to short leverage contracts in its Disclosure Document as follows:
(i) The third sentence of the first paragraph of the required bold-faced risk disclosure statement in paragraph (a)(1) of this section;
(ii) The words “and a short leverage transaction” in the fourth sentence of the first paragraph of the required bold-faced risk disclosure statement in paragraph (a)(1) of this section;
(iii) The words “and leverage contracts sold to a leverage transaction merchant are re-established at the then prevailing ask price” in the fifth sentence of the third paragraph of the required bold-faced risk disclosure statement in paragraph (a)(1) of this section;
(iv) The second sentence of the fifth paragraph of the required bold-faced
risk disclosure statement in paragraph (a)(1) of this section;
(v) The words “or resold to” in the first sentence of the sixth paragraph of the required bold-faced risk disclosure statement in paragraph (a)(1) of this section;
(vi) The words “or resell,” “and must also offer to resell any short leverage contract previously sold by a leverage customer,” and “or short” in the second sentence of the sixth paragraph of the required bold-faced risk disclosure statement in paragraph (a)(1) of this section;
(vii) The words “or resold” and “or resale” (twice) in paragraph (a)(2)(vii) of this section;
(viii) All of the words following the first semicolon in paragraph (a)(2)(viii) of this section;
(ix) The words “and a representative single short leverage contract” in paragraph (a)(3) of this section; and
(x) The words “or short” in paragraphs (a)(5)(i) and (a)(5)(ii) of this section.

(2) Any leverage transaction merchant using a Disclosure Document that deletes or disregards references to short leverage contracts as permitted by paragraph (m)(1) of this section must file, in accordance with the provisions of paragraph (e)(2) of this section, a new Disclosure Document meeting all of the requirements of paragraphs (a) through (i) of this section at least 30 calendar days before it begins to offer any short leverage contract.

§31.12 Segregation.

(a) Any person that accepts leverage customer funds from a leverage customer to enter into or maintain a leverage contract shall treat and deal with such leverage customer funds as belonging to that leverage customer. Such leverage customer funds: (1) Shall be separately accounted for and segregated as belonging to the leverage customer, (2) shall be kept in the United States, (3) shall not be commingled with the funds of any other person, and (4) shall not be used to secure or extend the credit of any leverage customer or person other than the one for whom the leverage customer funds are held: Provided, however, That the leverage customer funds treated as belonging to a leverage customer may for convenience be commingled with other leverage customer funds and deposited in the same account or accounts with a futures commission merchant or with a bank or trust company located in the United States under conditions set forth in paragraph (b) of this section. Any leverage customer funds when so deposited with a futures commission merchant, bank or trust company, shall be deposited under an account name which clearly indicates that the account contains leverage customer funds that are segregated as required by this section. Each person so depositing any leverage customer funds shall obtain and retain in its files for the period provided in §1.31 of this chapter an acknowledgment from the futures commission merchant, bank or trust company wherein the leverage customer funds have been deposited that the futures commission merchant, bank or trust company has been informed that the leverage customer funds deposited with it are being treated by the depositing person as belonging to leverage customers and are being held in accordance with the provisions of this section. The futures commission merchant, bank or trust company shall allow inspection of such segregated accounts, including all documents pertaining thereto, at any reasonable time by any representative of the Commission or designated self-regulatory organization, if any. Notwithstanding the foregoing, a leverage transaction merchant may exclude from its segregation requirements commissions and other charges lawfully accruing in connection with leverage contracts provided such charges have actually been made to leverage customers’ accounts and are shown on the customers’ statements.

(b) No leverage customer funds deposited in accordance with paragraph (a) of this section shall be held, disposed of, used or treated as belonging to the depositing person or any person other
Commodity Futures Trading Commission

§ 31.12

than the leverage customers from whom the leverage customer funds were received: Provided, however, That leverage customer funds may be used to purchase obligations of the United States, general obligations of any state or of any political subdivision thereof, obligations fully guaranteed as to principal and interest by the United States, or unencumbered warehouse receipts for inventory held in approved contract market depositories or in commercial banks located in the United States which represent cover for leverage contracts purchased by such leverage customers, or may be deposited in a commodity account with a futures commission merchant to margin futures contracts or to purchase commodity options traded on or subject to the rules of a contract market which are permissible cover as described in §31.8(a) (2) and (3) for leverage contracts entered into by such leverage customers. Any use of leverage customer funds as described in this paragraph (b) shall be made through an account or accounts used for the deposit of leverage customer funds, and proceeds from any sale, liquidation or other disposition of obligations or warehouse receipts obtained by such use shall be redeposited in these accounts. Each person that uses leverage customer funds to purchase obligations or warehouse receipts of the type described in this paragraph (b) shall separately account for and segregate the obligations or warehouse receipts as belonging to leverage customers. The obligations or warehouse receipts shall be deposited with a futures commission merchant, bank or trust company in the United States and shall be deposited under an account name which clearly indicates that it contains obligations or warehouse receipts treated as belonging to leverage customers, segregated as required by this section. Each person so depositing any leverage customer funds shall obtain and retain in its files for the period provided in §1.31 of this chapter an acknowledgment from the futures commission merchant wherein the leverage customer funds have been deposited that:

1. The futures commission merchant has been informed that the commodity account is being treated by the depositing person as belonging to leverage customers, segregated as required by this section. Each person so depositing any obligations or warehouse receipts shall obtain and retain in its files for the period provided in §1.31 of this chapter an acknowledgment from the futures commission merchant wherein the obligations or warehouse receipts have been deposited that the futures commission merchant, bank or trust company has been informed that the obligations or warehouse receipts are being treated by the depositing person as belonging to leverage customers and are being held in accordance with the provisions of this section. The futures commission merchant, bank or trust company shall allow inspection of such obligations or warehouse receipts at any reasonable time by any representative of the Commission or designated self-regulatory organization, if any. Each person that uses leverage customer funds to margin futures contracts or to purchase commodity options traded on or subject to the rules of a contract market which represent permissible cover for leverage contracts entered into by such leverage customers shall use a commodity account separate from any other commodity account containing futures contracts which do not represent cover. The leverage customer funds deposited in a commodity account with a futures commission merchant to margin futures contracts or to purchase commodity options traded on or subject to the rules of a contract market which represent permissible cover for leverage contracts entered into by such leverage customers shall be deposited under an account name which clearly indicates that it contains obligations treated as belonging to leverage customers, segregated as required by this section. Each person so depositing any leverage customer funds shall obtain and retain in its files for the period provided in §1.31 of this chapter an acknowledgment from the futures commission merchant wherein the leverage customer funds have been deposited that:

(1) The futures commission merchant has been informed that the commodity account is being treated by the depositing person as belonging to leverage customers and is being held in accordance with the provisions of this section.

(2) The customers on whose behalf the account is maintained by the leverage transaction merchant shall not be liable for any margin calls or other required deposits related to such account, and
(3) Upon liquidation of the open contracts in the account the futures commission merchant’s claim in the account balance will be subordinate to that of leverage customers.

(c) Each person that uses leverage customer funds to purchase obligations or unencumbered warehouse receipts as permitted by paragraph (b) of this section shall keep a written record which includes the following:

(1) The date on which the purchase was made;
(2) The name of the person through which the purchase was made;
(3) The amount of funds so used;
(4) A description of such obligations or warehouse receipts, including the receipt number and the issuer’s name;
(5) The identity of the futures commission merchant, bank or trust company wherein the obligations or warehouse receipts are segregated;
(6) The date on which the obligation, warehouse receipt, or portion thereof, is liquidated or otherwise disposed of;
(7) The amount of money, if any, received upon such liquidation or disposition; and
(8) The name of the person to or through which the obligation or warehouse receipt was disposed.

(d) Persons that use leverage customer funds to purchase obligations or unencumbered warehouse receipts described in paragraph (b) of this section shall include such obligations or unencumbered warehouse receipts in segregated accounts at values which do not exceed the lesser of current market value or a value calculated on the basis of a commercial or retail cash price series used to compute the market value of the physical commodities subject to leverage contracts in accordance with §31.9(a)(1).

(e) The provisions of paragraphs (a) and (b) of this section shall not operate to prevent any person that uses leverage customer funds to purchase government obligations as described therein from receiving and retaining as its own any increment or interest resulting from such government obligations: Provided, however, That the leverage transaction merchant fulfills its obligation to pay carrying charges on a short leverage contract, including any margin deposit made in connection with such a contract, in accordance with §31.25(b).

(f) The amount of leverage customer funds which are and which must be in a segregated account in order to comply with the requirements of this section shall be computed as of the close of each business day by each person required to segregate such leverage customer funds. A written record of this computation shall be made and kept, together with all supporting data, in accordance with the provisions of §1.31 of this chapter. This daily computation shall be made by noon on the next business day and shall be identical in format to the Schedule of Segregation Requirements and Funds in Segregation contained in Form 2–FR.

(g) Each leverage transaction merchant shall maintain, as provided in §1.31, a record of all securities and property received from leverage customers in lieu of money to purchase, guarantee or secure the entry into a leverage contract. Such record shall show separately for each leverage customer a description of the securities or property received; the name and address of such leverage customer; the dates when the securities or property were received; the identity of the depositories or other places where such securities or property are segregated; the dates of deposits and withdrawals from such depositories; and the date of return of such securities or property to such leverage customer, or other disposition thereof, together with the facts and circumstances of such other disposition.

(h) The requirements of paragraphs (a) through (g) of this section shall not be applicable if the leverage transaction merchant is a member of a designated self-regulatory organization and conforms to minimum segregation standards and related reporting requirements set by such designated self-regulatory organization in its bylaws, rules, regulations or resolutions approved by the Commission pursuant to
§ 31.13 Financial reports of leverage transaction merchants.

(a) Each leverage transaction merchant who files an application for registration with the National Futures Association under §3.17 of this chapter shall submit concurrently with the filing of such application either:

(1) A Form 2–FR certified by an independent public accountant as of a date not more than 45 days prior to the date on which such report is filed; or

(2) A Form 2–FR as of a date not more than 45 days prior to the date on which such report is filed and an Form 2–FR certified by an independent public accountant as of a date not more than 1 year prior to the date on which such report is filed. Each such person must include with such financial report a statement describing the source of his current assets and representing that his capital has been contributed for the purpose of operating his business and will continue to be used for such purpose.

(b)(1) Each leverage transaction merchant must file, in accordance with the requirements of paragraph (e) of this section, a Form 2–FR for each fiscal quarter of each fiscal year. The Form 2–FR filed as of the close of the leverage transaction merchant’s fiscal year must be certified by an independent public accountant. Each Form 2–FR must be filed no later than 45 days after the date for which the report is made: Provided, however, That any Form 2–FR which must be certified by an independent public accountant must be filed no later than 90 days after the close of the leverage transaction merchant’s fiscal year.

(2) The provisions of paragraph (b)(1) of this section may be met by any person registered as a leverage transaction merchant who is a member of a designated self-regulatory organization and conforms to minimum financial standards and related reporting requirements set by such designated self-regulatory organization in its bylaws, rules, regulations, or resolutions and approved after April 13, 1984, by the Commission pursuant to section 19 of the Act and §31.28 of this part: Provided, however, That each such registrant shall promptly file with the Commission a true and exact copy of each financial report which it files with such designated self-regulatory organization.

(c) Each Form 2–FR which must be certified by an independent public accountant in accordance with the provisions of paragraphs (a)(1), (a)(2) and (b)(1) of this section, must be certified in accordance with §1.16 of this chapter, and must be accompanied by the accountant’s report on material inadequacies in accordance with the provisions of §1.16(o)(5) of this chapter. In all other respects, the independent public accountant shall act in accordance with the provisions of §1.16 (except paragraph (f)) of this chapter.

(d) Upon receiving written notice from any representative of the Commission or any self-regulatory organization of which it is a member, a leverage transaction merchant shall, on a monthly basis or at such other times as specified, furnish the Commission and the self-regulatory organization, if any, with a Form 2–FR or such other financial information as requested by the representative of the Commission or the self-regulatory organization. Each such Form 2–FR or such other information must be furnished within the time specified in the written notice.

(e) The reports provided for in this section will be considered filed when received by the regional office of the Commodity Futures Trading Commission.
§ 31.13

Commission with jurisdiction over the state wherein the principal place of business of the leverage transaction merchant is located, in accordance with §140.2 of this chapter, and by the designated self-regulatory organization, if any.

(f) Each Form 2–FR filed pursuant to this section which is not required to be certified by an independent public accountant must be completed in accordance with the instructions to the form and contain:

(1) A statement of financial condition as of the date for which the report is made;

(2) A statement of changes in ownership equity for the period between the date of the most recent statement of financial condition filed with the Commission and the date for which the report is made;

(3) A statement of changes in liabilities subordinated to claims of general creditors for the period between the date of the most recent statement of financial condition filed with the Commission and the date for which the report is made;

(4) A statement of the computation of the minimum capital requirements pursuant to §31.9, a schedule of coverage requirements and coverage provided, and a schedule of segregation requirements and funds on deposit in segregation, as of the date for which the report is made;

(5) Appropriate footnote disclosures; and

(g) Each Form 2–FR filed pursuant to this §31.13 which is required to be certified by an independent public accountant must be completed in accordance with the instructions to the form and contain:

(1) A statement of financial condition as of the date for which the report is made;

(2) Statements of: income (loss); cash flows; changes in ownership equity; and changes in liabilities subordinated to claims of general creditors, for the period between the date of the most recent statement of financial condition filed with the Commission and the date for which the report is made;

(3) A statement of the computation of the minimum capital requirements pursuant to §31.9, a schedule of coverage requirements and coverage provided, and a schedule of segregation requirements and funds on deposit in segregation, as of the date for which the report is made;

(4) Appropriate footnote disclosures; and

(h) The statements required by paragraphs (g) (1) and (2) of this section may be presented in accordance with generally accepted accounting principles in the certified reports filed as of the close of the registrant’s fiscal year pursuant to paragraph (b) of this section, or accompanying the application for registration pursuant to paragraph (a) of this section, rather than in the format specifically prescribed by these regulations: Provided, however, That the statement of financial condition is presented in a format as consistent as possible with the Form 2–FR and a reconciliation is provided reconciling such statement of financial condition to the statement of the computation of the minimum capital requirements pursuant to §31.9. Such reconciliation must be certified by an independent public accountant in accordance with §1.16 of this chapter.

(i) Attached to each Form 2–FR filed pursuant to this section must be an oath or affirmation that to the best knowledge and belief of the individual making such oath or affirmation the information contained in the Form 2–FR is true and correct. If the leverage transaction merchant is a sole proprietorship, then the oath or affirmation must be made by the proprietor; if a partnership, by a general partner; or, if a corporation, by the chief executive officer or chief financial officer.

(j) Any leverage transaction merchant wishing to establish a fiscal year other than the calendar year may do so
by notifying the National Futures Association of its election of such fiscal year in writing, concurrently with the filing of Form 2-FR pursuant to paragraph (a) of this section, but in no event may such fiscal year end more than one year from the date of the Form 2-FR filed pursuant to paragraph (a) of this section. A leverage transaction merchant which does not notify the National Futures Association will be deemed to have elected the calendar year as its fiscal year. A leverage transaction merchant must continue to use its elected fiscal year, calendar or otherwise, unless a change in such fiscal year is approved upon written application to the designated self-regulatory organization.
