To cite the regulations in this volume use title, part and section number. Thus, 17 CFR 200.1 refers to title 17, part 200, section 1.
Explanation

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the Federal Government. The Code is divided into 50 titles which represent broad areas subject to Federal regulation. Each title is divided into chapters which usually bear the name of the issuing agency. Each chapter is further subdivided into parts covering specific regulatory areas.

Each volume of the Code is revised at least once each calendar year and issued on a quarterly basis approximately as follows:

- Title 1 through Title 16...............................as of January 1
- Title 17 through Title 27...............................as of April 1
- Title 28 through Title 41...............................as of July 1
- Title 42 through Title 50...............................as of October 1

The appropriate revision date is printed on the cover of each volume.

LEGAL STATUS

The contents of the Federal Register are required to be judicially noticed (44 U.S.C. 1507). The Code of Federal Regulations is prima facie evidence of the text of the original documents (44 U.S.C. 1510).

HOW TO USE THE CODE OF FEDERAL REGULATIONS

The Code of Federal Regulations is kept up to date by the individual issues of the Federal Register. These two publications must be used together to determine the latest version of any given rule.

To determine whether a Code volume has been amended since its revision date (in this case, April 1, 2013), consult the “List of CFR Sections Affected (LSA),” which is issued monthly, and the “Cumulative List of Parts Affected,” which appears in the Reader Aids section of the daily Federal Register. These two lists will identify the Federal Register page number of the latest amendment of any given rule.

EFFECTIVE AND EXPIRATION DATES

Each volume of the Code contains amendments published in the Federal Register since the last revision of that volume of the Code. Source citations for the regulations are referred to by volume number and page number of the Federal Register and date of publication. Publication dates and effective dates are usually not the same and care must be exercised by the user in determining the actual effective date. In instances where the effective date is beyond the cutoff date for the Code a note has been inserted to reflect the future effective date. In those instances where a regulation published in the Federal Register states a date certain for expiration, an appropriate note will be inserted following the text.

OMB CONTROL NUMBERS

The Paperwork Reduction Act of 1980 (Pub. L. 96–511) requires Federal agencies to display an OMB control number with their information collection request.
Many agencies have begun publishing numerous OMB control numbers as amendments to existing regulations in the CFR. These OMB numbers are placed as close as possible to the applicable recordkeeping or reporting requirements.

PAST PROVISIONS OF THE CODE

Provisions of the Code that are no longer in force and effect as of the revision date stated on the cover of each volume are not carried. Code users may find the text of provisions in effect on any given date in the past by using the appropriate List of CFR Sections Affected (LSA). For the convenience of the reader, a "List of CFR Sections Affected" is published at the end of each CFR volume. For changes to the Code prior to the LSA listings at the end of the volume, consult previous annual editions of the LSA. For changes to the Code prior to 2001, consult the List of CFR Sections Affected compilations, published for 1949-1963, 1964-1972, 1973-1985, and 1986-2000.

"[RESERVED]" TERMINOLOGY

The term "[Reserved]" is used as a place holder within the Code of Federal Regulations. An agency may add regulatory information at a "[Reserved]" location at any time. Occasionally "[Reserved]" is used editorially to indicate that a portion of the CFR was left vacant and not accidentally dropped due to a printing or computer error.

INTEGRATION BY REFERENCE

What is incorporation by reference? Incorporation by reference was established by statute and allows Federal agencies to meet the requirement to publish regulations in the Federal Register by referring to materials already published elsewhere. For an incorporation to be valid, the Director of the Federal Register must approve it. The legal effect of incorporation by reference is that the material is treated as if it were published in full in the Federal Register (5 U.S.C. 552(a)). This material, like any other properly issued regulation, has the force of law.

What is a proper incorporation by reference? The Director of the Federal Register will approve an incorporation by reference only when the requirements of 1 CFR part 51 are met. Some of the elements on which approval is based are:

(a) The incorporation will substantially reduce the volume of material published in the Federal Register.

(b) The matter incorporated is in fact available to the extent necessary to afford fairness and uniformity in the administrative process.

(c) The incorporating document is drafted and submitted for publication in accordance with 1 CFR part 51.

What if the material incorporated by reference cannot be found? If you have any problem locating or obtaining a copy of material listed as an approved incorporation by reference, please contact the agency that issued the regulation containing that incorporation. If, after contacting the agency, you find the material is not available, please notify the Director of the Federal Register, National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001, or call 202-741-6010.

CFR INDEXES AND TABULAR GUIDES

A subject index to the Code of Federal Regulations is contained in a separate volume, revised annually as of January 1, entitled CFR INDEX AND FINDING AIDS. This volume contains the Parallel Table of Authorities and Rules. A list of CFR titles, chapters, subchapters, and parts and an alphabetical list of agencies publishing in the CFR are also included in this volume.
An index to the text of “Title 3—The President” is carried within that volume. The Federal Register Index is issued monthly in cumulative form. This index is based on a consolidation of the “Contents” entries in the daily Federal Register.

A List of CFR Sections Affected (LSA) is published monthly, keyed to the revision dates of the 50 CFR titles.

REPUBLICATION OF MATERIAL

There are no restrictions on the republication of material appearing in the Code of Federal Regulations.

§ 200.1 General statement and statutory authority.

The Securities and Exchange Commission was created in 1934 under the Securities Exchange Act. That Act transferred to the Commission the administration of the Securities Act of 1933, formerly administered by the Federal Trade Commission. Subsequent laws assigned to the Securities and Exchange Commission for administration are: Trust Indenture Act of 1939, Investment Company Act of 1940, and Investment Advisers Act of 1940. In addition, under the Bankruptcy Code, the Commission is a statutory party in cases arising under chapters 9 and 11. Considered together, the laws administered by the Commission provided for the following.
§ 200.2 Statutory functions.

Following are brief descriptions of the Commission's functions under each of the statutes it administers:

(a) Securities Act of 1933. (1) Issuers of securities making public offerings for sale in interstate commerce or through the mails, directly or by others on their behalf, are required to file with the Commission registration statements containing financial and other pertinent data about the issuer and the offering. A similar requirement is provided with respect to such public offerings on behalf of a controlling person of the issuer. Unless a registration statement is in effect with respect to such securities, it is unlawful to sell the securities in interstate commerce or through the mails. (There are certain limited exemptions, such as government securities, non-public offerings, and intrastate offerings.) The effectiveness of a registration statement may be refused or suspended after a hearing if the statement contains material misstatements or omissions, thus barring sale of the securities until it is appropriately amended. Registration is not a finding by the Commission as to the accuracy of the facts disclosed; and it is unlawful so to represent. Moreover, registration of securities does not imply approval of the issue by the Commission or insure investors against loss in their purchase, but serves rather to provide information upon which investors may make an informed and realistic evaluation of the worth of the securities.

(b) Securities Exchange Act of 1934. This Act requires the filing of registration applications and annual and other reports with national securities exchanges and the Commission, by companies whose securities are listed on the exchanges. Annual and other reports must be filed also by certain companies whose securities are traded on the over-the-counter markets. These must contain financial and other data prescribed by the Commission for the information of investors. Material misstatements or omissions are grounds for suspension or withdrawal of the security from exchange trading.
This Act makes unlawful any solicitation of proxies, authorizations, or consents in contravention of Commission rules. These rules require disclosure of information about the subject of the solicitation to security holders. The Act requires disclosure of the holdings and the transactions by an officer, director, or beneficial owner of over 10 percent of any class of equity security of certain companies. It also requires disclosure of the beneficial owners of more than five percent of any class of equity securities of a registered company. It provides substantive and procedural protection to security holders in third-party and issuer tender offers. The Act also provides for the registration with, and regulation by, the Commission of national securities exchanges, brokers or dealers engaged in an over-the-counter securities business, and national associations of such brokers or dealers. It gives the Commission rulemaking power with respect to transactions by selling brokers or dealers, and such matters as excessive trading by exchange members. The Act authorizes the Board of Governors of the Federal Reserve System to prescribe minimum margin requirements for listed securities.

(c) Trust Indenture Act of 1939. This Act safeguards the interests of purchasers of publicly-offered debt securities issued under trust indentures by requiring the inclusion of certain protective provisions in, and the exclusion of certain types of exculpatory clauses from, trust indentures. The Act also requires that an independent indenture trustee represent the debtors by prescribing certain relationships that could conflict with proper exercise of duties.

(d) Investment Company Act of 1940. This Act establishes a comprehensive regulatory framework for investment companies and subjects their activities to regulation under standards prescribed for the protection of investors. Among other things, the Act provides for the registration of investment companies with the Commission; requires them to disclose their financial condition and investment policies to their shareholders; prohibits them from substantially changing investment policies without shareholder approval; bars persons guilty of securities fraud from serving as officers or directors; prevents underwriters, investment bankers, and brokers from constituting more than a minority of the directors of an investment company; requires that management contracts be submitted to shareholders for their approval; prohibits transactions between investment companies and their directors, officers, or affiliated companies or persons, except when approved by the Commission; and prohibits investment companies from issuing senior securities except under specified terms and conditions. The Act also regulates advisory fees, sales and repurchases of securities, exchange offers, and other activities of investment companies. The Act authorizes the Commission to exempt any person or class of persons or securities from any provisions of, or rules under, the Act and to conduct any investigation it deems necessary to determine existing or potential violations of the Act. It also authorizes the Commission to prepare reports to security holders on the fairness of plans of reorganization, merger, or consolidation. The Commission may institute a court action to enjoin acts or practices of management involving, among other things, a breach of fiduciary duty and the consummation of plans of reorganization, merger, or consolidation that are grossly unfair to security holders.

(e) Investment Advisers Act of 1940. Persons who, for compensation, engage in the business of advising others with respect to their security transactions must register with the Commission. Their activities in the conduct of such business are subject to standards of the act which make unlawful those practices which constitute fraud or deceit and which require, among other things, disclosure of any interests they may have in transactions executed for clients. The Act grants to the Commission rule-making power with respect to fraudulent and other activities of investment advisers.

(f) Chapter II of the Bankruptcy Code. Chapter 11 of the Bankruptcy Code (11 U.S.C. 1101 et seq.) provides for Commission participation as a statutory party in reorganization cases. Under section 1109(a) of the Bankruptcy Code (11
§ 200.10

Subpart C—Canons of Ethics

SOURCE: 25 FR 6725, July 15, 1960, unless otherwise noted.

§ 200.50 Authority.

The Canons of Ethics for Members of the Securities and Exchange Commission were approved by the Commission on July 22, 1958.

§ 200.51 Policy.

It is characteristic of the administrative process that the Members of the Commission and their place in public opinion are affected by the advice and conduct of the staff, particularly the professional and executive employees. It shall be the policy of the Commission to require that employees bear in mind the principles specified in the Canons.

§ 200.52 Copies of the Canons.

The Canons have been distributed to employees of the Commission. In addition, executive and professional employees are issued copies of the Canons upon entrance on duty.

§ 200.53 Preamble.

(a) Members of the Securities and Exchange Commission are entrusted by various enactments of the Congress with powers and duties of great social and economic significance to the American people. It is their task to regulate varied aspects of the American economy, within the limits prescribed by Congress, to insure that our private enterprise system serves the welfare of all citizens. Their success in this endeavor is a bulwark against possible abuses and injustice which, if left unchecked, might jeopardize the strength of our economic institutions.

(b) It is imperative that the members of this Commission continue to conduct themselves in their official and personal relationships in a manner which commands the respect and confidence of their fellow citizens. Members of this Commission shall continue to be mindful of, and strictly abide by, the standards of personal conduct set forth in its regulation regarding Conduct of Members and Employees and Former Members and Employees of the Commission, which is set forth in subpart M of this part 200, most of which has been in effect for many years, and which was originally codified in 1953.

(c) However, in addition to the continued observance of those principles of personal conduct, it is fitting and proper for the members of the Commission to restate and resubscribe to the standards of conduct applicable to its executive, legislative and judicial responsibilities.

§ 200.54 Constitutional obligations.

The members of this Commission have undertaken in their oaths of office to support the Federal Constitution. Insofar as the enactments of the Congress impose executive duties upon the members, they must faithfully execute the laws which they are charged with administering. Members shall also carefully guard against any infringement of the constitutional rights, privileges, or immunities of those who are subject to regulation by this Commission.

§ 200.55 Statutory obligations.

In administering the law, members of this Commission should vigorously enforce compliance with the law by all persons affected thereby. In the exercise of the rulemaking powers delegated this Commission by the Congress, members should always be concerned that the rulemaking power be confined to the proper limits of the law and be consistent with the statutory purposes expressed by the Congress. In the exercise of their judicial functions, members shall honestly, fairly and impartially determine the rights of all persons under the law.
§ 200.56 Personal conduct.

Appointment to the office of member of this Commission is a high honor and requires that the conduct of a member, not only in the performance of the duties of his office but also in his everyday life, should be beyond reproach.

§ 200.57 Relationships with other members.

Each member should recognize that his conscience and those of other members are distinct entities and that differing shades of opinion should be anticipated. The free expression of opinion is a safeguard against the domination of this Commission by less than a majority, and is a keystone of the commission type of administration. However, a member should never permit his personal opinion so to conflict with the opinion of another member as to develop animosity or unfriendliness in the Commission, and every effort should be made to promote solidarity of conclusion.

§ 200.58 Maintenance of independence.

This Commission has been established to administer laws enacted by the Congress. Its members are appointed by the President by and with the advice and consent of the Senate to serve terms as provided by law. However, under the law, this is an independent Agency, and in performing their duties, members should exhibit a spirit of firm independence and reject any effort by representatives of the executive or legislative branches of the government to affect their independent determination of any matter being considered by this Commission. A member should not be swayed by partisan demands, public clamor or considerations of personal popularity or notoriety; so also he should be above fear of unjust criticism by anyone.

§ 200.59 Relationship with persons subject to regulation.

In all matters before him, a member should administer the law without regard to any personality involved, and with regard only to the issues. Members should not become indebted in any way to persons who are or may become subject to their jurisdiction. No member should accept loans, presents or favors of undue value from persons who are regulated or who represent those who are regulated. In performing their judicial functions, members should avoid discussion of a matter with any person outside this Commission and its staff while that matter is pending. In the performance of his rule-making and administrative functions, a member has a duty to solicit the views of interested persons. Care must be taken by a member in his relationship with persons within or outside of the Commission to separate the judicial and the rule-making functions and to observe the liberties of discussion respectively appropriate. Insofar as it is consistent with the dignity of his official position, he should maintain contact with the persons outside the agency who may be affected by his rule-making functions, but he should not accept unreasonable or lavish hospitality in so doing.

§ 200.60 Qualification to participate in particular matters.

The question in a particular matter rests with that individual member. Each member should weigh carefully the question of his qualification with respect to any matter wherein he or any relatives or former business associates or clients are involved. He should disqualify himself in the event he obtained knowledge prior to becoming a member of the facts at issue before him in a quasi-judicial proceeding, or in other types of proceeding in any matter involving parties in whom he has any interest or relationship directly or indirectly. If an interested person suggests that a member should disqualify himself in a particular matter because of bias or prejudice, the member shall be the judge of his own qualification.

§ 200.61 Impressions of influence.

A member should not, by his conduct, permit the impression to prevail that any person can improperly influence him, that any person unduly enjoys his favor or that he is affected in any way by the rank, position, prestige, or affluence of any person.

§ 200.62 Ex parte communications.

All proceedings required to be determined by the Commission on the
record shall be determined by the members solely upon the record and the arguments of the parties or their counsel properly made in the regular course of such proceeding. A member shall at all times comply with the Commission’s Code of Behavior governing ex parte communications between persons outside the Commission and decisional employees, §200.110 et seq.

[28 FR 4446, May 3, 1963]

§ 200.63 Commission opinions.

The opinions of the Commission should state the reasons for the action taken and contain a clear showing that no serious argument of counsel has been disregarded or overlooked. In such manner, a member shows a full understanding of the matter before him, avoids the suspicion of arbitrary conclusion, promotes confidence in his intellectual integrity and may contribute some useful precedent to the growth of the law. A member should be guided in his decisions by a deep regard for the integrity of the system of law which he administers. He should recall that he is not a repository of arbitrary power, but is acting on behalf of the public under the sanction of the law.

§ 200.64 Judicial review.

The Congress has provided for review by the courts of the decisions and orders by this Commission. Members should recognize that their obligation to preserve the sanctity of the laws administered by them requires that they pursue and prosecute, vigorously and diligently but at the same time fairly and impartially and with dignity, all matters which they or others take to the courts for judicial review.

§ 200.65 Legislative proposals.

Members must recognize that the changing conditions in a volatile economy may require that they bring to the attention of Congress proposals to amend, modify or repeal the laws administered by them. They should urge the Congress, whenever necessary, to effect such amendment, modification or repeal of particular parts of the statutes which they administer. In any action a member’s motivation should be the common weal and not the particular interests of any particular group.

§ 200.66 Investigations.

The power to investigate carries with it the power to defame and destroy. In determining to exercise their investigatory power, members should concern themselves only with the facts known to them and the reasonable inferences from those facts. A member should never suggest, vote for, or participate in an investigation aimed at a particular individual for reasons of animus, prejudice or vindictiveness. The requirements of the particular case alone should induce the exercise of the investigatory power, and no public pronouncement of the pendency of such an investigation should be made in the absence of reasonable evidence that the law has been violated and that the public welfare demand it.

§ 200.67 Power to adopt rules.

In exercising its rule-making power, this Commission performs a legislative function. The delegation of this power by the Congress imposes the obligation upon the members to adopt rules necessary to effectuate the stated policies of the statute in the interest of all of the people. Care should be taken to avoid the adoption of rules which seek to extend the power of the Commission beyond proper statutory limits. Its rules should never tend to stifle or discourage legitimate business enterprises or activities, nor should they be interpreted so as unduly and unnecessarily to burden those regulated with onerous obligations. On the other hand, the very statutory enactments evidence the need for regulation, and the necessary rules should be adopted or modifications made or rules should be repealed as changing requirements demand without fear or favor.

§ 200.68 Promptness.

Each member should promptly perform the duties with which he is charged by the statutes. The Commission should evaluate continuously its practices and procedures to assure that it promptly disposes of all matters affecting the rights of those regulated. This is particularly desirable in quasi-
judicial proceedings. While avoiding arbitrary action in unreasonably or unjustly forcing matters to trial, members should endeavor to hold counsel to a proper appreciation of their duties to the public, their clients and others who are interested. Requests for continuances of matters should be determined in a manner consistent with this policy.

§ 200.69 Conduct toward parties and their counsel.

Members should be temperate, attentive, patient and impartial when hearing the arguments of parties or their counsel. Members should not condone unprofessional conduct by attorneys in their representation of parties. The Commission should continuously assure that its staff follows the same principles in their relationships with parties and counsel.

§ 200.70 Business promotions.

A member must not engage in any other business, employment or vocation while in office, nor may he ever use the power of his office or the influence of his name to promote the business interests of others.

§ 200.71 Fiduciary relationships.

A member should avoid service as a fiduciary if it would interfere or seem to interfere with the proper performance of his duties, or if the interests of those represented require investments in enterprises which are involved in questions to be determined by him. Such relationships would include trustees, executors, corporate directors, and the like.

§ 200.72 Supervision of internal organization.

Members and particularly the Chairman of the Commission should scrutinize continuously its internal organization in order to assure that such organization handles all matters before it efficiently and expeditiously, while recognizing that changing times bring changing emphasis in the administration of the laws.

(2) Records available for public inspection and copying; documents published and indexed. Except as provided in
paragraph (b) of this section, the following materials are available for public inspection and copying from 10 a.m. to 3 p.m., E.T., at the public reference room located at 100 F Street, NE., Washington, DC, and, except for indices, they are published weekly in a document entitled “SEC Docket” (see paragraph (e)(8)(ii) of this section):

(i) Final opinions of the Commission, including concurring and dissenting opinions, as well as orders made by the Commission in the adjudication of cases;
(ii) Statements of policy and interpretations which have been adopted by the Commission and are not published in the FEDERAL REGISTER;
(iii) Administrative staff manuals and instructions to staff that affect a member of the public;
(iv) A record of the final votes of each member of the Commission in every Commission proceeding concluded after July 1, 1967;
(v) Current indices (published quarterly or more frequently) providing identifying information to the public as to the materials made available pursuant to paragraphs (a)(2) (i), (ii), and (iii) of this section which have been issued, adopted or promulgated after July 1, 1967, and such other indices as the Commission may determine; and
(vi) Copies and a general index of all records which have been released to any person under the Freedom of Information Act and which, because of the nature of their subject matter, the Commission determines have become or are likely to become the subject matter of subsequent requests for substantially the same records.

(3) Records created on or after November 1, 1996, which are required to be made available for public inspection under paragraph (a)(2) of this section, shall be made available on the Internet.

(4) Other records available upon request. Except with respect to the records made available under paragraphs (a) (1) and (2) of this section, and subject to the provisions of paragraph (b) of this section, pertaining to nonpublic matters, the Commission, upon request for records which (i) reasonably describes such records and (ii) is made in accordance with the rules set forth in paragraphs (d) and (e) of this section, stating the time, place, fees (if any) and procedures to be followed, shall make the records promptly available to any person. A compilation of records generally available at the public reference room at the principal office of the Commission appears below as appendix A to this subpart (17 CFR 200.80a). Most of the records described in appendix A to this section are provided to the public pursuant to the Securities Act of 1933, 15 U.S.C. 77f(d), the Securities Exchange Act of 1934, 15 U.S.C. 78m(f)(4), the Investment Company Act of 1940, 15 U.S.C. 80a–44(a)(b), and the Investment Advisers Act of 1940, 15 U.S.C. 80b–10(a). Arrangements can be made through the Public Reference Branch as explained in paragraph (c) of this section for materials to be copied by the Commission’s contract copying service at fees found in appendix E to this section.

(5) Records available with identifying details deleted. To the extent required to prevent a clearly unwarranted invasion of personal privacy, identifying details may be deleted from materials made public as set forth in paragraphs (a) (1), (2), and (3), of this section, e.g., apparently defamatory statements made about any person, information received by or given to the Commission in confidence, or any contents of personnel and medical and similar files. In addition, certain materials which are considered to be nonpublic, as described in paragraph (b) of this section, may, as authorized by the Commission from time to time, be made available for public inspection and copying in an abridged or summary form or with identifying details deleted.

(b) Nonpublic matters. Certain records are nonpublic, but any reasonably segregable portion of a record shall be provided to any person requesting such record in accordance with paragraphs (d) and (e) of this section and after deletion of the portions which are considered nonpublic under paragraph (b) of this section. Except for such reasonably segregable portions of records, the Commission will generally not publish or make available to any person matters that are:

(1)(i) Specifically authorized under criteria established by an executive
order to be kept secret in the interest of national defense or foreign policy, and (ii) are in fact properly classified pursuant to such executive order.

(2) Related solely to the internal personnel rules and practices of the Commission or any other agency, including, but not limited to:

(i) Operation rules, guidelines, and manuals of procedure for investigators, attorneys, accountants, and other employees other than those which establish legal requirements to which members of the public are expected to conform; or

(ii) Hiring, termination, promotion, discipline, compensation, or reward of any Commission employee or member, the existence, investigation, or disposition of a complaint against any Commission employee or member, the physical or mental condition of any Commission employee or member, the handling of strictly internal matters, matters which would tend to infringe on the privacy of the staff or members of the Commission, or similar subjects.

(3) Specifically exempted from disclosure by statute (other than 5 U.S.C. 552): Provided, That such statute (i) requires that the matters be withheld from the public in such a manner as to leave no discretion on the issue, or (ii) establishes particular criteria for withholding or refers to particular types of matters to be withheld.

(4) Disclose trade secrets and commercial or financial information obtained from a person and privileged or confidential, including, but not limited to:

(i) Information contained in letters of comment in connection with registration statements, applications for registration or other material filed with the Commission, replies thereto, and related material which is deemed to have been submitted to the Commission in confidence or to be confidential at the instance of the registrant or person who has filed such material unless the contrary clearly appears; and

(ii) Information contained in any document submitted to or required to be filed with the Commission where the Commission has undertaken formally or informally to receive such submission or filing for its use or the use of specified persons only, such as preliminary proxy material filed pursuant to Rule 14a-6 under the Securities Exchange Act (17 CFR 240.14a-6) or preliminary information statements filed pursuant to Rule 14c-5 (17 CFR 240.14c-5) before definitive material has been filed with the Commission, reports filed pursuant to Rule 316(a) under the Securities Act (17 CFR 230.316(a)), agreements filed pursuant to Rule 15c3-1d(c)(6)(ii) under the Securities Exchange Act (17 CFR 240.15c3-1d(c)(6)(ii)), schedules filed pursuant to Part II of Form X-17A-5 (17 CFR 249.617) in accordance with Rule 17a-5(b)(3) under the Securities Exchange Act (17 CFR 240.17a-5(b)(3)), statements filed pursuant to Rule 17a-5(k)(1) under the Securities Exchange Act (17 CFR 240.17a-5(k)(1)), and confidential reports filed pursuant to Rules 17a-10 and 17a-12 under the Securities Exchange Act (17 CFR 240.17a-10 and 240.17a-12); and

(iii) Information contained in reports, summaries, analyses, letters, or memoranda arising out of, in anticipation of or in connection with an examination or inspection of the books and records of any person or any other investigation.

(5) Interagency or intra-agency memoranda or letters, including generally records which reflect discussions between or consideration by members of the Commission or members of its staff, or both, of any action taken or proposed to be taken by the Commission or by any member of its staff, and specifically, reports, summaries, analyses, conclusions, or any other work product of members of the Commission or of attorneys, accountants, analysts, or other members of the Commission’s staff, prepared in the course of an inspection of the books or records of any person whose affairs are regulated by the Commission, or prepared otherwise in the course of an examination or investigation or related litigation conducted by or on behalf of the Commission, except those which by law would routinely be made available to a party other than an agency in litigation with the Commission.

(6) Personnel and medical files and similar files the disclosure of which would constitute a clearly unwarranted invasion of personal privacy, including those concerning all employees of the
Securities and Exchange Commission

§ 200.80

Commission and those concerning persons subject to regulation by the Commission.

(7) Records or information compiled for law enforcement purposes to the extent that the production of such records or information:

(i) Could reasonably be expected to interfere with enforcement activities undertaken or likely to be undertaken by the Commission or the Department of Justice, or any United States Attorney, or any Federal, state, local, foreign governmental authority or foreign securities authority, any professional association, or any securities industry self-regulatory organization;

(ii) Would deprive a person of a right to a fair trial or an impartial adjudication;

(iii) Could reasonably be expected to constitute an unwarranted invasion of personal privacy;

(iv) Could reasonably be expected to disclose the identity of a confidential source including a state, local or foreign agency or authority or any private institution which furnished information on a confidential basis, and, in the case of a record or information compiled by a criminal law enforcement authority in the course of a criminal investigation, or by an agency conducting a lawful national security intelligence investigation, information furnished by a confidential source;

(v) Would disclose techniques or procedures or would disclose guidelines for law enforcement investigations or prosecutions if such disclosure could reasonably be expected to risk circumvention of the law; or

(vi) Could be reasonably expected to endanger the life or physical safety of any individual.

(8) Contained in, or related to, any examination, operating, or condition report prepared by, on behalf of, or for the use of, the Commission, any other Federal, state, local, or foreign governmental authority or foreign securities authority, or any securities industry self-regulatory organization, responsible for the regulation or supervision of financial institutions.

(9) Geological and geophysical information and data, including maps, concerning wells.

(c)(1) Public reference facility. In order to disseminate records, including those listed in appendix A to this section, the Commission has a specially staffed and equipped public reference room located at 100 F Street, NE., Washington, DC. Copying machines, which are available to requestors on a self-service or contractor-operated basis, can be used to make immediate copies up to 8½ by 11 inches in size of materials that are available for inspection in the Washington, DC Headquarters. Fees and levels of service are set out in the Commission’s schedule of fees in appendix E to this section and in information available from the public reference room. The Commission accepts only written requests for copies of documents.

(i) The public reference room in Washington, DC has available for public inspection all of the publicly available records of the Commission as described in paragraph (a) of this section. Upon request, and only when suitable arrangements can be made with respect to the transportation, storage, and inspection of records, records may be sent to any other Commission office for inspection at that office, if the records are not needed by the Commission or the staff in connection with the performance of official duties. When the records are sent to another office at the request of a member of the public, the requestor shall be charged all costs incurred by the Commission in transporting the records.

(ii) All regional offices of the Commission have available for public examination the materials set forth in paragraph (a)(2) of this section and the SEC Docket, SEC News Digest, and other SEC publications. (2) Public reference inquiries. Inquiries concerning the nature and extent of records available at the Commission’s public reference room in Washington may be made in person or in writing. The addresses of all Commission Regional Offices are set forth at paragraph (c)(1) of this section. Written inquiries may be addressed to the Securities and Exchange Commission, Public Reference Branch, 100 F Street, NE., Washington, DC 20549. Levels of service and charges for copies are set out in the Commission’s schedule of fees in appendix E to this section. Requests for copies of materials to which access has been granted pursuant to a Freedom of Information Act request will be processed pursuant to regulations found in this section in paragraphs (e)(9) and (e)(10) and at charges set out in appendix E to this section.

(3) Description of requested records. Each request for Commission records or copies thereof shall reasonably describe the records sought with sufficient specificity with respect to names, dates and subject matter to permit the records to be located among the records maintained by or for the Commission. A person who has requested Commission records or copies thereof will be promptly advised if the records cannot be located on the basis of the description given and that further identifying information must be provided before his request can be satisfied.

(4) Normal availability. Records maintained in the Commission’s public reference facility or copies thereof will normally be made available in keeping with levels of service and fees set out in appendix E to this section. Records requested pursuant to the Freedom of Information Act will be made available as described in paragraphs (e)(9) and (e)(10) of this section.

(5) Initial determination; multi-track processing, and denials—(i) Time within

should be clearly and prominently identified by a legend on the first page, such as “Freedom of Information Act Request”, and should be addressed to the Freedom of Information Act Officer, SEC, 100 F Street, NE., Washington, DC 20549. The request may also be made by facsimile (202-772-9337) or by Internet (foia-pa@sec.gov).

(2) Requests for copies of records. Requests for copies of Commission records available through the Commission’s public reference facility, including those listed in appendix A to this section, may be made directly to the facility either in person or by mail addressed to the Securities and Exchange Commission, Public Reference Branch, Washington, DC 20549. Levels of service and charges for copies are set out in the Commission’s schedule of fees in appendix E to this section. Requests for copies of materials to which access has been granted pursuant to a Freedom of Information Act request will be processed pursuant to regulations found in this section in paragraphs (e)(9) and (e)(10) and at charges set out in appendix E to this section.

(3) Description of requested records. Each request for Commission records or copies thereof will be promptly advised if the records cannot be located on the basis of the description given and that further identifying information must be provided before his request can be satisfied.

(4) Normal availability. Records maintained in the Commission’s public reference facility or copies thereof will normally be made available in keeping with levels of service and fees set out in appendix E to this section. Records requested pursuant to the Freedom of Information Act will be made available as described in paragraphs (e)(9) and (e)(10) of this section.

(5) Initial determination; multi-track processing, and denials—(i) Time within
which to respond. When a request complies with the procedures in this section for requesting records under the Freedom of Information Act, a response shall be sent within 20 business days from the date the Office of Freedom of Information and Privacy Act Operations receives the request, except as described in paragraphs (d)(5)(ii) and (d)(5)(iii) of this section. If that Office has identified the requested records, the response shall state that the records are being withheld, in whole or in part, under a specific exemption or are being released.

(ii) Voluminous records. The amount of separate and distinct records which are demanded in a single request or the amount of time or work (or both) involved may be such that the review of the records cannot be completed within 20 business days, as prescribed in paragraph (d)(5)(i) of this section. In such a case, the Office of Freedom of Information and Privacy Act Operations shall inform the requester of the approximate volume of the records and give him or her the option of limiting the scope of the request to qualify for 20-day processing or placing the request in the Commission’s first-in, first-out (FIFO) system for reviewing voluminous records. In the latter case, the Office will inform the requester of the approximate time when the review will start. The FIFO system allows the Commission to serve all those requesting voluminous records on a first-come, first-served basis, such that all releasable records sought will be released at one time, unless the requester specifically requests that releasable records be released piecemeal as they are processed.

(iii) Expedited processing. The Office of Freedom of Information and Privacy Act Operations shall grant a request for expedited processing if the requester demonstrates a compelling need. “Compelling need” means that a failure to obtain the requested records on an expedited basis could reasonably be expected to pose an imminent threat to an individual’s life or physical safety or, if the requester is primarily engaged in disseminating information, an urgency to inform the public of actual or alleged Federal government activity. A compelling need shall be demonstrated by a statement, certified to be true and correct to the best of the requester’s knowledge and belief. The Office of Freedom of Information and Privacy Act Operations shall notify the requester of the decision to grant or deny the request for expedited treatment within ten business days of the date of the request. A request for records that has been granted expedited processing shall be processed as soon as practicable.

(iv) Notice of denial. Any notification of denial of any request for records shall state the name and title or position of the person responsible for the denial of the request, the reason for the decision, and the right of the requester to appeal to the General Counsel. The decision shall estimate the volume of records that are being withheld in their entirety, unless giving such an estimate would harm an interest protected by the applicable exemption. The amount of information redacted shall be indicated on the released portion of the record and, if technically feasible, at the place where the redaction is made.

(v) Form of releasable records. Releasable records shall be made available in any form or format requested if they are readily reproducible in that form or format.

(6) Administrative review. Any person who has received no response to a request within the period prescribed in paragraph (d)(5) of this section or within an extended period permitted under paragraph (d)(7) of this section, or whose request has been denied under paragraph (d)(5) of this section, may appeal the adverse decision or failure to respond to the General Counsel.

(i) The appeal shall be in writing, shall be clearly and prominently identified on the envelope or other cover and at the top of the first page by a legend such as “Freedom of Information Act Appeal,” and shall identify the record in the form in which it was originally requested.

(ii) The appeal must be mailed to the Office of Freedom of Information and Privacy Act Operations, SEC, 100 F Street, NE., Washington, DC 20549, and a copy of it must be mailed to the General Counsel, Securities and Exchange Commission.
§ 200.80

Commission, 100 F Street, NE., Washington, DC 20549.

(iii) The appeal may include such facts and cite such legal or other authorities as the person submitting the appeal may consider appropriate.

(iv) The General Counsel shall have the authority to grant or deny all appeals, in whole or in part, and to release as an exercise of discretion records exempt from mandatory disclosure under 5 U.S.C. 552(b). In appropriate cases he or she may, in his or her sole and unfettered discretion, refer appeals to the Commission for determination.

(v) A determination with respect to any appeal shall be made within twenty days (excluding Saturdays, Sundays and legal public holidays) after the receipt of such appeal or within such extended period as may be permitted in accordance with paragraph (d)(7) of this section.

(vi) A denial of an appeal in whole or in part shall set forth the basis for the denial, and shall advise the requester that judicial review of the decision is available in accordance with 5 U.S.C. 552(a)(4).

(7) Extension of time to consider requests and to consider administrative appeals. In unusual circumstances, as specified in this paragraph, the time limits prescribed in either paragraphs (d) (5) or (6) of this section may be extended by written notice to the person making a request for a record or a copy, setting forth the unusual circumstances for such extension and the date on which a determination is expected to be dispatched. No such notice shall specify a date that would result in an extension for more than ten business days, except as provided in paragraph (d)(8) of this section. As used in this paragraph, “unusual circumstances” means, but only to the extent reasonably necessary to the proper processing of the particular request:

(i) The need to search for and collect the requested records from field facilities or other establishments that are separate from the office processing the request. (Many records of the Commission are stored in Federal Records Centers in accordance with law—including many of the documents which have been on file with the Commission for more than 2 years—and cannot be made available for several days after a request has been made. Other records may temporarily be located at a regional office of the Commission. Any person who has requested for personal examination a record stored at the Federal Records Center or temporarily located in a regional office of the Commission will be notified when and where the record will be made available to him. Any person who has ordered a copy of such record will be provided with a copy as soon as practicable. Some records have been disposed of in accordance with the Commission’s Records Control Schedule (17 CFR 200.80(f)).

(ii) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which are demanded in a single request. (While every reasonable effort will be made fully to comply with each request as promptly as possible on a first-come, first-served basis, work done to search for, collect and appropriately examine records in response to a request for a large number of records will be contingent upon the availability of processing personnel in accordance with an equitable allocation of time to all members of the public who have requested or wish to request records.)

(iii) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request or among two or more components within the Commission having substantial subject-matter interest therein.

(8) Inability to meet time limits. If a request for records cannot be processed within the time prescribed under paragraph (d)(7) of this section, the Commission shall so notify and give the requester an opportunity to modify the request so that it may be processed within that time or to arrange an alternative time for processing the request or a modified request.

(i) Records in use for another member of the public. Any record being inspected by or copied for another member of the public will be made available as soon as practicable.
(ii) Records in use by a member of the Commission or its staff. Although every effort will be made to make a record in use by a member of the Commission or its staff available when requested, it may occasionally be necessary to delay making such a record available when doing so at the time the request is made would seriously interfere with the work of the Commission or its staff.

(iii) Missing or lost records. Any person who has requested a record or copy will be notified if the record sought cannot be found. If he so requests, he will be notified if it should subsequently be located.

(9) Misdirected written requests. The Commission cannot assure that a timely or satisfactory response will be given to written requests for inspection or copies of records that are directed to the Commission other than in the manner prescribed in paragraphs (d) (1) and (2) of this section. Any staff member who receives a written request for records should promptly forward the request to the Freedom of Information Act Officer. Misdirected requests for records will be considered to have been received for purposes of paragraph (d) of this section only when they have been actually received by the Freedom of Information Act Officer. The Commission will not entertain any appeal from an alleged denial or failure to comply with a misdirected request, unless it is clearly shown that the request was in fact received by the Freedom of Information Act Officer.

(e) Fees for records services. A current schedule of fees for record services, including locating, reviewing, and making records available, attestations and copying, appears in appendix E to this subpart D. 17 CFR 200.80e. Copies of the current schedule of fees may also be obtained upon request made in person, by telephone or by mail from the public reference room or at any regional office of the Commission.

(1) Services provided without charge. Generally, up to one-half hour of staff time devoted to searching for and reviewing Commission records will be provided without charge. Where a request for records pursuant to the Freedom of Information Act is determined not to serve a commercial purpose as defined in paragraph (e)(10)(i) of this section, a total of two staff hours of search and review and one hundred pages of duplication as defined in paragraphs (e)(9)(i), (e)(9)(ii) and (e)(9)(iii) of this section, respectively, shall be made available without charge in the form most economical for the government.

(2) Services for which fees are charged. For records available through the Commission’s public reference facility, requestors may make arrangements for duplication in accordance with provisions of the Commission’s dissemination contract. Copies of that contract, which contain tables of charges, may be inspected in the public reference room, 100 F Street, NE., Washington, DC. A complete schedule of services offered by the contractor and fees charged for those services is available through the Commission’s public reference facility. Fees for services provided in connection with requests made pursuant to the Freedom of Information Act shall be assessed as set out in appendix E to this section and in keeping with guidelines and procedures described in paragraphs (e)(9) and (e)(10) of this section.

(3) Requests requiring large expenditures. A request for Commission records may state that the requesting person is willing to pay fees up to a stated limit for services to be provided in locating, reviewing and making available requested records. In such circumstances, no work will be done that will result in fees beyond the stated limit without further written authorization. If no limit is initially stated by the person requesting records or copies, services in locating and making available the requested records will not be done so as to exceed fees of $28 (exclusive of applicable copying charges) without the express written authorization by the requesting person, and he will be so informed.

(4) Waiver or reduction of fees. (i) The Office of Freedom of Information and Privacy Act Operations may waive or reduce search, review, and duplication fees if:

(A) Disclosure of the requested records is in the public interest because it is likely to contribute significantly to public understanding of the
operations or activities of the government; and
(B) Disclosure is not primarily in the commercial interest of the requester.

(ii) The Office of Freedom of Information and Privacy Act Operations will determine whether disclosure is likely to contribute significantly to public understanding of the operations or activities of the government based upon four factors:
(A) Whether the subject of the requested records concerns the operations and activities of the Federal government;
(B) Whether the requested records are meaningfully informative on those operations or activities so that their disclosure would likely contribute to increased public understanding of specific operations or activities of the government;
(C) Whether disclosure will contribute to the understanding of the public at large, rather than the understanding of the requester or a narrow segment of interested persons; and
(D) Whether disclosure would contribute significantly to public understanding of the governmental operations or activities.

(iii) The Office of Freedom of Information and Privacy Act Operations will determine whether disclosure of the requested records is not primarily in the commercial interest of the requester based upon two factors:
(A) Whether disclosure would further any commercial interests of the requester; and
(B) Whether the public interest in disclosure is greater than the requester's commercial interest.

(iv) If only a portion of the requested records satisfies both the requirements for a waiver or reduction of fees, a waiver or reduction of fees will be granted for only that portion.

(v) A request for a waiver or reduction of fees may be a part of a request for records. Such requests should address all the factors identified in paragraphs (e)(4)(ii) and (e)(4)(iii) of this section.

(vi) Denials of requests for a waiver or reduction of fees may be appealed to the General Counsel in accordance with the procedure set forth in paragraph (d)(6) of this section.

(5) Records obtained from Federal Records Centers. When, to fill a request for inspection or copying, records are required to be obtained from a Federal Records Center, fees, in addition to those provided on the Commission's current schedule of fees, will be charged to the extent authorized or required by rules or regulations promulgated by the National Archives and Records Administration.

(6) Attestations. In addition to any other fees or charges which may apply, a fee will be charged for records attestations as provided in the Commission's current schedule of fees. The seal of the Commission will be affixed to all attestations without additional charge.

(7) Copying services.Copies of records filed with or retained by the Commission, or portions thereof, will be provided subject to fees established by agreement between the Commission and a private contractor as set forth in the Commission's current schedule of fees and, where applicable, procedures and guidelines for Freedom of Information Act requests as set out in paragraphs (e)(9) and (e)(10) of this section.

(i) Facsimile copies. Requests for facsimile copies may be made either in person at the Commission's Washington, DC public reference room, or by mail addressed to the Securities and Exchange Commission, Public Reference Room, 100 F Street, NE, Washington, DC 20549. The contractor will send copies directly to the purchaser unless attestation is requested. Persons who request copies of documents through the public reference room will be billed by the contractor at regulated prices, and will be billed separately by the Commission for search, review and attestation charges, if any. Copies of documents requested directly from the contractor or from any other information service or vendor are not subject to regulated prices. Special classes of copying services, such as telecopies, not listed herein or in the current schedule of fees posted in the public reference room, are not provided or regulated by the Commission, but may be obtained from private vendors at market prices.

(ii) Microfiche copies. A contractor also makes available to the public...
microfiche copies of certain public documents on file with the Commission, at prices and on terms governed by its contract with the Commission. Microfiche services include subscription microfiche service on an annual basis. Microfiche subscription prices are regulated by the Commission whether requested through the public reference room or directly from the contractor. Certain other microfiche services are provided at prices that are regulated by the Commission only if ordered through the Commission’s public reference room. The Commission will accept only subscription requests made in writing, although the contractor may elect to accept subscription requests by telephone. All microfiche subscription charges are payable directly to the contractor, whether placed through the Commission or not. Information concerning the types and cost of regulated microfiche services may be obtained by writing to the Commission at its public reference room located at 100 F Street, NE., Washington, DC 20549.

(iii) Transcripts of public hearings. Copies of the transcripts of recent public hearings may be obtained from the reporter subject to the fees established annually by contract between the Commission and the reporter. Copies of that contract, which contains tables of charges, may be inspected in the public reference room, 100 F Street, NE., Washington, DC and in each regional office. Copies of other public transcripts may be obtained, in the manner of other Commission records, subject to the charges referred to in paragraph (e)(7)(i) of this section.

(b) Releases and publications. (i) The Commission’s decisions, reports, orders, rules and regulations are published initially in the form of releases and distributed.

(ii) The Commission publishes daily the SEC News Digest, which summarizes the releases published by the Commission each day, contains Commission announcements, and lists certain filings with the Commission. The Commission publishes weekly the SEC Docket, which prints the full text of every Commission release.

(iii) The Commission publishes an annual report to the Congress which sets forth the results of the Commission’s operations during the past fiscal year under the various statutes committed to its charge. Copies may be obtained from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

(iv) The Commission also makes other information in the fields of securities and finance, including economic studies, available to the public through the issuance of releases on specific subject matters.

(v) A classification of the releases available from the Commission appears below as appendix B to this section. Other publications available from the Commission are set forth in appendix C to this section. Copies of rules, regulations, and miscellaneous publications set forth in appendix D to this section may be purchased from the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

(9) Fees for services required for processing Freedom of Information Act Requests. In cases where records are requested pursuant to the Freedom of Information Act and according to procedures set forth in paragraph (d)(1) of this section, fees shall be charged as set out in the Commission’s current schedule of fees, appendix E to this section, for services as described in the following:

(i) Search. The term “search” includes all time spent looking for material manually or by using electronic data processing equipment that is responsive to a request, as distinguished from “review” as defined at paragraph (e)(9)(ii) of this section. Searching for requested and specifically identified information, as described in paragraph (d)(1) of this section, includes the cost of staff time devoted to the search as indicated in appendix E to this section and direct costs for use of Commission electronic data processing equipment.

(ii) Review. The term “review” refers to the process of examining documents located in response to a request to determine whether any portion of any document is permitted to be withheld pursuant to provisions of the Freedom of Information Act. It also includes processing any documents for disclosure, e.g., doing all that is necessary to
excise material from and otherwise prepare them for release.

(iii) Duplication. The term “duplication” refers to producing paper or microform copies of records. The Commission shall charge for duplication as established by agreement between the Commission and a private contractor. These charges are currently set out in appendix E to this section. Such charges shall be set so as not to exceed the direct cost that would be incurred by the Commission if it were to perform such services itself, as calculated to include the salary of operators, the cost of reproduction machinery, the cost of material and any other direct costs incurred by the Commission in copying materials responsive to a Freedom of Information Act request.

(iv) Partial exemption from fee provisions. No fees shall be charged for the first two hours of search time and the first one hundred pages of materials for requesters described in paragraphs (e)(10)(i) and (e)(10)(iii) of this section.

(v) Minimum fee. Fees will not be charged if the normal cost of collecting a fee would be equal to or greater than the fee itself.

(10) Classification of Freedom of Information Act requesters for purposes of assessing fees. Parties requesting records pursuant to the Freedom of Information Act will be classified and charged fees described in appendix E to this section as follows:

(i) The following types of requesters shall be charged for duplication of records as described in paragraph (e)(9)(iii) of this section as qualified in paragraph (e)(9)(iv) of this section: Educational institutions requesting information for purposes of scholarly research; non-commercial scientific institutions requesting information for purposes of scientific research; and representatives of the news media requesting information concerning current events or matters of current interest to the general public.

(ii) Commercial requesters, defined as parties other than those mentioned in paragraph (e)(10)(i) of this section who are requesting information to be used in any way which could reasonably be expected to result in corporate or personal financial gain or profit, shall be charged for search, review and duplication of records as described in paragraphs (e)(9)(i), (e)(9)(ii) and (e)(9)(iii), respectively, of this section.

(iii) All parties other than those described in paragraphs (e)(10)(i) and (e)(10)(ii) of this section requesting access to such records shall be charged for search and duplication of records as described in paragraphs (e)(9)(i) and (e)(9)(iii) of this section, respectively, as qualified in paragraph (e)(9)(iv) of this section.

(11) Appeal of classification. Classification under the provisions of paragraph (e)(10) of this section may be appealed to the General Counsel in accordance with the procedure set forth in paragraph (d)(6) of this section.

(12) Aggregation of requests. If the Freedom of Information Act Officer reasonably believes that a requester or group of requesters acting in concert is attempting to divide one request into a series of requests for the purpose of evading the assessment of fees, those requests may be aggregated and charges assessed accordingly.

(13) Advance payment. The Freedom of Information Act Officer may require advance payment of fees expected to be incurred in connection with a request, but only when the subject requester has failed to make timely payment in the past, or when the estimated processing costs exceed $250.00 and the requester has no previous payment records or has failed to make timely payment in the past. Processing in such cases shall be delayed until advance payment is received and statutory time limits will be appropriately extended.

(14) Interest on unpaid bills. On the 31st day following the date of a bill to a requester, the Commission may begin assessing interest on the unpaid amount at the rate prescribed in section 3717 of title 31 of the U.S. Code. Interest will accure from the date of the bill.

§ 200.81 Publication of interpretative, no-action and certain exemption letters and other written communications.

(a) Except as provided in paragraphs (b) and (c) of this section, every letter or other written communication requesting the staff of the Commission to provide interpretative legal advice with respect to any statute administered by the Commission or any rule or regulation adopted thereunder; or requesting a statement that, on the basis of the facts stated in such letter or other communication, the staff would not recommend that the Commission take any enforcement action; or requesting an exemption, on the basis of the facts stated in such letter, from the provisions of the Securities Exchange Act of 1934 (15 U.S.C. 78a et seq.) or any rule or regulation thereunder, where the issuance of an order granting such exemption does not require public notice and an opportunity for hearing; together with any written response thereto, shall be made available for inspection and copying by any person as soon as practicable after the response has been sent or given to the person requesting it.

(b) Any person submitting such letter or other written communication may also submit therewith a request that it be accorded confidential treatment for a specified period of time, not exceeding 120 days from the date the response, together with any written response thereto, shall be made available for inspection and copying by any person as soon as practicable after the response has been sent or given to the person requesting it.

(c) This section shall not apply, however, to letters of comment or other communications relating to the accuracy or adequacy of any registration statement, report, proxy, or information statement or other document filed with the Commission, or relating to the extent to which such statement, report, or document complies with any applicable requirement. Further, this section shall not apply to applications or other written communications filed pursuant to §240.24b–2 that relate to objections to public disclosure of information filed with the Commission or any exchange.

§ 200.82 Public availability of materials filed pursuant to §240.14a–8(d) and related materials.

Materials filed with the Commission pursuant to Rule 14a–8(d) under the Securities Exchange Act of 1934 (17 CFR 240.14a–8(d)), written communications related thereto received from any person, and each related no-action letter or other written communication issued by the staff of the Commission, shall be made available to any person upon request for inspection or copying.

[37 FR 26558, Sept. 30, 1972]

§ 200.82a Public availability of materials filed pursuant to §240.14a–11(g) and related materials.

Materials filed with the Commission pursuant to Rule 14a–11(g) under the
Securities Exchange Act of 1934 (17 CFR 240.14a-11(g)), written communications related thereto received from interested persons, and each related no-action letter or other written communication issued by the staff of the Commission, shall be made available to any person upon request for inspection or copying.

[75 FR 56780, Sept. 16, 2010]

§ 200.83 Confidential treatment procedures under the Freedom of Information Act.

(a) Purpose. This section provides a procedure by which persons submitting information in any form to the Commission can request that the information not be disclosed pursuant to a request under the Freedom of Information Act, 5 U.S.C. 552. This section does not affect the Commission’s right, authority, or obligation to disclose information in any other context. This section is procedural only and does not provide rights to any person or alter the rights of any person under the Freedom of Information Act or any other applicable statute or regulation.

(b) Scope. The provisions of this section shall apply only where no other statute or Commission rule provides procedures for requesting confidential treatment respecting particular categories of information (see, e.g., 17 CFR 240.24b–2) or where the Commission has not specified that an alternative procedure be utilized in connection with a particular study, report, investigation, or other matter. The provisions of this section shall not apply to any record which is contained in or is part of a personnel, medical or similar file relating to a Commission member or employee which would normally be exempt from disclosure pursuant to section 552(b)(6) of title 5, U.S. Code.

(c) Written request for confidential treatment to be submitted with information. (1) Any person who, either voluntarily or pursuant to any requirement of law, submits any information or causes or permits any information to be submitted to the Commission, which information is entitled to confidential treatment and for which no other specific procedure exists for according confidential treatment, may request that the Commission afford confidential treatment under the Freedom of Information Act to such information for reasons of personal privacy or business confidentiality, or for any other reason permitted by Federal law, and should take all steps reasonably necessary to ensure, as nearly as practicable, that at the time the information is first received by the Commission (i) it is supplied segregated from information for which confidential treatment is not being requested, (ii) it is appropriately marked as confidential, and (iii) it is accompanied by a written request for confidential treatment which specifies the information as to which confidential treatment is requested.

(2) A person who submits a record to the Commission for which he or she seeks confidential treatment must clearly mark each page or segregable portion of each page with the words “Confidential Treatment Requested by [name]” and an identifying number and code, such as a Bates-stamped number. In his or her written confidential treatment request, the person must refer to the record by identifying number and code.

(3) In addition to giving a copy of any written request for confidential treatment to the Commission employee receiving the record in question, the person requesting confidential treatment must send a copy of the request (but not the record) by mail to the Office of Freedom of Information and Privacy Act Operations, SEC, 100 F Street, NE., Washington, DC 20549. The legend “FOIA Confidential Treatment Request” must clearly and prominently appear on the top of the first page of the written request, and the written request must contain the name, address, and telephone number of the person requesting confidential treatment. The person requesting confidential treatment is responsible for informing the Office of Freedom of Information and Privacy Act Operations promptly of any changes in address, telephone number, or representation.

(4) In some circumstances, such as when a person is testifying in the course of a Commission investigation or providing a record requested in the course of a Commission examination or inspection, it may be impracticable to
submit a written request for confidential treatment at the time the record is first given to the Commission. In no circumstances can the need to comply with the requirements of this section justify or excuse any delay in submitting any record to the Commission. The person testifying or otherwise submitting the record must inform the Commission employee receiving it, at the time the record is submitted or as soon thereafter as possible, that he or she is requesting confidential treatment. The person must then submit a written confidential treatment request within 30 days from the date of the testimony or the submission of the record. Any confidential treatment request submitted under this paragraph must also comply with paragraph (c)(3) of this section.

(5) Where confidential treatment is requested by the submitter on behalf of another person, the request must identify that person and provide the telephone number and address of that person or the person’s responsible representative if the submitter would be unable to provide prompt substantiation of the request at the appropriate time.

(6) No determination on a request for confidential treatment will be made until the Office of Freedom of Information and Privacy Act Operations receives a request for disclosure of the record.

(7) A confidential treatment request will expire ten years from the date the Office of Freedom of Information and Privacy Act Operations receives it, unless that Office receives a renewal request before the confidential treatment request expires. The renewal request must be sent by mail to the Office of Freedom of Information and Privacy Act Operations, SEC, 100 F Street, NE., Washington, DC 20549, and must clearly identify the record for which confidential treatment is sought. A renewal request will likewise expire ten years from the date that Office receives it, unless that Office receives another timely renewal request which complies with the requirements of this paragraph.

(8) A confidential treatment request shall be nonpublic. If an action is filed in a Federal court, however, by either the Freedom of Information requester (under 5 U.S.C. 552(a)(4) and §200.80(d)(6)) or by the confidential treatment requester (under paragraph (e)(5) of this section), the confidential treatment request may become part of the court record.

(d) Substantiation of request for confidential treatment. (1) If it is determined that records which are the subject of a request for access under the Freedom of Information Act are also the subject of a request for confidential treatment under this rule and no other grounds appear to exist which would justify the withholding of the records [e.g., Freedom of Information Act Exemption 7(A), 5 U.S.C. 552(b)(7)(A)], the Commission’s Freedom of Information Act Officer promptly shall so inform the person requesting confidential treatment or, in the case of a request made on behalf of a person other than the submitter, the person identified as able to provide substantiation, by telephone, facsimile or certified mail and require that substantiation of the request for confidential treatment be submitted in ten calendar days. Failure to submit a written substantiation within ten calendar days from the time of notification, or any extension thereof, may be deemed a waiver of the confidential treatment requester’s right to appeal an initial decision denying confidential treatment to the Commission’s General Counsel as permitted by paragraph (e) of this section.

(2) Substantiation of a request for confidential treatment shall consist of a statement setting forth, to the extent appropriate or necessary for the determination of the request for confidential treatment, the following information regarding the request:

(i) The reasons, concisely stated and referring to specific exemptive provisions of the Freedom of Information Act, why the information should be withheld from access under the Freedom of Information Act;

(ii) The applicability of any specific statutory or regulatory provisions which govern or may govern the treatment of the information;

(iii) The existence and applicability of any prior determinations by the Commission, other Federal agencies, or
§ 200.83

(a) a court, concerning confidential treatment of the information;

(iv) The adverse consequences to a business enterprise, financial or otherwise, that would result from disclosure of confidential commercial or financial information, including any adverse effect on the business’ competitive position;

(v) The measures taken by the business to protect the confidentiality of the commercial or financial information in question and of similar information, prior to, and after, its submission to the Commission;

(vi) The ease or difficulty of a competitor’s obtaining or compiling the commercial or financial information;

(vii) Whether the commercial or financial information was voluntarily submitted to the Commission and, if so, whether and how disclosure of the information would tend to impede the availability of similar information to the Commission;

(viii) The extent, if any, to which portions of the substantiation of the request for confidential treatment should be afforded confidential treatment; and

(ix) Such additional facts and such legal and other authorities as the requesting person may consider appropriate.

(e) Appeal from initial determination that confidential treatment is not warranted. (1) In a preliminary decision, which shall be sent by mail or facsimile, or both, the Office of Freedom of Information and Privacy Act Operations will inform the confidential treatment requester whether it intends to grant confidentiality in whole or in part and give the requester ten calendar days from the date of the preliminary decision to submit supplemental arguments if the requester disagrees with the preliminary decision. A final decision, which shall also be sent by mail or facsimile, or both, the Office of Freedom of Information and Privacy Act Operations will inform the confidential treatment requester whether it intends to grant confidentiality in whole or in part and give the requester ten calendar days from the date of the final decision to appeal an adverse decision to the Commission’s General Counsel within ten calendar days from the date of the final decision. Records, which the Freedom of Information and Privacy Act Officer determines to be releasable, may be released to the Freedom of Information Act requester ten calendar days after the date of the final decision. However, if within those ten calendar days, the Freedom of Information and Privacy Act Officer receives an appeal from the confidential treatment requester, he or she shall inform the Freedom of Information Act requester that an appeal is pending and that the records will not be released until the appeal is resolved.

(2) Any appeal of a denial of a request for confidential treatment shall be in writing, and shall be clearly and prominently identified on the envelope or other cover and at the top of the first page by the legend “FOIA Confidential Treatment Appeal.” The appeal must be sent by mail to the Office of Freedom of Information and Privacy Act Operations, SEC, 100 F Street, NE., Washington, DC 20549, or by facsimile (202–772–9337). A copy of the appeal must be mailed to the General Counsel, Securities and Exchange Commission, 100 F Street, NE., Washington, DC 20549. The person requesting confidential treatment may supply additional substantiation of the request for confidential treatment in connection with the appeal to the General Counsel.

(3) The General Counsel shall have the authority to consider all appeals from decisions of the Freedom of Information Act Officer with respect to confidential treatment. All appeals taken under this section will be considered by the General Counsel as expeditiously as circumstances permit. Although other procedures may be employed, to the extent possible, the General Counsel will decide the matter on the basis of the affidavits and other documentary evidence submitted by the interested persons and such other information as is brought to the attention of the General Counsel. The General Counsel shall also have the authority to enter and vacate stays under the circumstances set forth in paragraph (e)(5) of this section. In appropriate cases the General Counsel may, in his or her sole and unfettered discretion, refer appeals and questions concerning stays under paragraph (e)(5) of this section to the Commission for decision.
(4) If it is determined that confidential treatment is not warranted with respect to all or any part of the information in question, the person requesting confidential treatment will be so informed by telephone, if possible, with a facsimile or certified mail letter directed to the person's last known address. Disclosure of the information under the Freedom of Information Act will occur ten calendar days after notice to the person requesting confidential treatment, subject to any stay entered pursuant to paragraph (e) (5) of this section.

(5) If within that ten calendar day period the General Counsel has been notified that the person requesting confidential treatment has commenced an action in a Federal court concerning the determination to make such information publicly available, the General Counsel will stay making the public disclosure of the information pending final judicial resolution of the matter. The General Counsel may vacate a stay under this section either on his or her own motion or at the request of a person seeking access to the information under the Freedom of Information Act. If the stay is vacated, the information will be released under the Freedom of Information Act ten calendar days after the person requesting confidential treatment is notified of this action by telephone, if possible, with a facsimile or certified mail letter sent to the person's last known address, unless the court orders otherwise.

(f) Initial determination that confidential treatment is warranted. If it is determined by the Commission’s Freedom of Information Act Officer that confidential treatment is warranted, the person submitting the information and the person requesting access to the information under the Freedom of Information Act will be so informed by mail. The person requesting access, pursuant to the Freedom of Information Act, will also be informed of the right to appeal the determination to the General Counsel. Any such appeal must be taken in accordance with the provisions of the Freedom of Information Act and Commission rules thereunder. See 17 CFR 200.80(d)(6).

(g) Confidential treatment request and substantiation as nonpublic. Any confidential treatment request and substantiation of it shall be nonpublic. If an action is filed in a Federal court, however, by either the Freedom of Information Act requester (under 5 U.S.C. 552(a)(4) and §200.80(d)(6)) or by the confidential treatment requester (under paragraph (e)(5) of this section), both request and substantiation may become part of the public court record.

(h) Effect of no prior request for confidentiality. (1) If access is requested under the Freedom of Information Act to information which is submitted to the Commission on or after October 20, 1980 with respect to which no request for confidential treatment has been made pursuant to either paragraph (c)(1) or (c)(5) of this section, it will be presumed that the submitter of the information has waived any interest in asserting an exemption from disclosure under the Freedom of Information Act for reasons of personal privacy or business confidentiality, or for other reasons.

(2) Notwithstanding paragraph (h)(1) of this section, in appropriate circumstances, any person who would be affected by the public disclosure of information under the Freedom of Information Act may be contacted by Commission personnel to determine whether the person desires to make a request for confidential treatment. Any request for confidential treatment that is asserted in response to such inquiry shall be made in accordance with provisions of this section.

(i) Extensions of time limits. Any time limit under this section may be extended in the discretion of the Commission, the Commission’s General Counsel, and the Commission’s Freedom of Information Act Officer for good cause shown.

(j) Electronic filings. Confidential treatment requests shall be submitted in paper format only, whether or not the person making the request is an electronic filer.

(k) In their discretion, the Commission, the Commission’s General Counsel, and the Freedom of Information Act Officer may vacate a stay under this section either on their own motion or at the request of a person seeking access to the information under the Freedom of Information Act. If the stay is vacated, the information will be released under the Freedom of Information Act ten calendar days after the person requesting confidential treatment is so informed by telephone, if possible, with a facsimile or certified mail letter sent to the person’s last known address, unless the court orders otherwise.
§ 200.110

Act Officer may use alternative procedures for considering requests for confidential treatment.

AUTHORITY: 15 U.S.C. 77s, 77sss, 78w, 80a–37, 80b–11, and 7202; and 5 U.S.C. 557.

§ 200.110 Purpose.

This code is adopted in conformity with section 4 of the Government in the Sunshine Act, Pub. L. 94–409, and is designed to insulate the administrative process from improper influence.

[42 FR 14690, Mar. 16, 1977]

§ 200.111 Prohibitions; application; definitions.

(a) Prohibited communications. In any agency proceeding which is subject to this subpart, except to the extent required for the disposition of ex parte matters as authorized by law:

(1) No interested person outside the agency shall make or knowingly cause to be made to any member of the Commission or decisional employee an ex parte communication relevant to the merits of the proceeding; and

(2) No member of the Commission or decisional employee shall make or knowingly cause to be made to any interested person outside the agency an ex parte communication relevant to the merits of the proceeding; and

(b) Proceedings to which prohibitions apply. This subpart shall apply to all proceedings subject to 5 U.S.C. 557(a), including suspension proceedings instituted pursuant to the provisions of Regulations A, B, E, and F of the Securities Act of 1933 (§ 230.251 et seq. of this chapter), all review proceedings instituted pursuant to section 19(g) of the Securities Exchange Act of 1934, and all other proceedings where an evidentiary hearing has been ordered pursuant to a statutory provision or rule of the Commission and where the action of the Commission must be taken on the basis of an evidentiary record. In addition, this subpart shall apply to any other proceeding in which the Commission so orders.

(c) Period during which prohibitions apply. (1) The prohibitions in § 200.111(a) shall begin to apply when the Commission issues an order for hearing; Provided,

(i) That in suspension proceedings pursuant to Regulations A, B, E and F of the Securities Act of 1933 (§ 230.251 et seq. of this chapter), these prohibitions shall commence when the Commission enters an order temporarily suspending the exemption; and

(ii) That in proceedings under section 19(d) of the Securities Exchange Act of 1934, 15 U.S.C. 78s(d), these prohibitions shall commence at the time that a copy of an application for review has been filed with the Commission and served on the Public Company Accounting Oversight Board; and

(iii) That in proceedings under Title I of the Sarbanes-Oxley Act of 2002, 15 U.S.C. 7211–7219, these prohibitions shall commence at the time that a copy of an application for review has been filed with the Commission and served on the Public Company Accounting Oversight Board; and

(iv) In no case shall the prohibitions in § 200.111(a) begin to apply later than the time at which a proceeding is noticed for hearing unless the person responsible for the communication has knowledge that it will be noticed, in which case the prohibitions shall apply beginning at the time of his or her acquisition of such knowledge.

(2) The prohibitions in § 200.111(a) shall continue until the time to file a petition for rehearing from the final order of the Commission has expired. In the event a petition for rehearing is filed, these prohibitions shall cease if and when the petition for rehearing is denied.

(3) The Commission may, by specific order entered in a particular proceeding, determine that these prohibitions shall commence from some date earlier than the time specified in this paragraph (c) or shall continue until a
§ 200.112 Duties of recipient; notice to participants.

(a) Duties of recipient. A member of the Commission or decisional employee who receives, or who make or knowingly causes to be made, a communication prohibited by this section, or who receives or makes a communication which he or she concludes should, in fairness, be brought to the attention of all participants to the proceeding, shall transmit to the Commission's Secretary, who shall place on the public record of the proceeding:

(1) All such written communications; and

(2) Memoranda stating the substance of all such oral communications; and

(3) All written responses, and memoranda stating the substance of all oral responses, to the materials described in paragraphs (a) (1) and (2) of this section.

(b) Notice to participants. The Secretary shall send copies of the communication to all participants to the proceeding with respect to which it was made, and shall notify the communicator of the provisions of this code prohibiting ex parte communications. If the communications are from persons other than participants to the proceeding or their agents, and the Secretary determines that it would be too burdensome to send copies of the communications to all participants because: (1) The communications are so voluminous, or (2) the communications are of such borderline relevance to the issues of the proceedings, or (3) the participants to the proceeding are so numerous, the Secretary may, instead, notify the participants that the communications have been received, placed in the file, and are available for examination.

(c) Post decisional communications. Any Commission member or decisional employee who receives a communication which would be prohibited by this Code, but for the fact that it was received subsequent to the date when the prohibitions imposed hereby have ceased to apply, shall comply with the provisions of §200.112(a) with respect to such communication in the event that he or she concludes,
in fairness, that such communication should be brought to the attention of all participants to the proceeding.

§ 200.113 Opportunity to respond; interception.

(a) Opportunity to respond. All participants to a proceeding may respond to any allegations or contentions contained in a prohibited ex parte communication placed in the public record in accordance with §200.112. Such responses shall be included in the public record.

(b) Interception of communications. All written communications addressed to the Commission respecting a proceeding will be deemed to be communications to the staff of the interested division and will be directed to that division by the Commission’s mail room. A Commission member or decisional employee may instruct any of his assistants who are nondecisional employees to intercept any communication directed to him which might appear to violate this Code and authorize them either to transmit any such written communication to the staff of the interested division of the Commission, if it appears from the contents of the communication that the intent of the sender is consistent with such action, or to return the communication to the sender.

§ 200.114 Sanctions.

(a) Discipline of persons practicing before the Commission. The Commission may, to the extent not prohibited by law, censure, suspend, or revoke the privilege to practice before it of any person who makes, or solicits the making of, an unauthorized ex parte communication.

(b) Adverse action on claim. Upon receipt of a communication knowingly made or knowingly caused to be made by a party in violation of this subpart, the Commission, administrative law judge, or other employee presiding at the hearing may, to the extent consistent with the interests of justice and the policy of the underlying statutes, require the party to show cause why his claim or interest in the proceeding should not be dismissed, denied, disregarded, or otherwise adversely affected on account of such violation.

(c) Discipline of Commission employees. The Commission may censure, suspend, or dismiss any Commission employee who violates the prohibitions or requirements of this Code.

§ 200.200 Purpose.

§ 200.201 General provisions.

(a) For purpose of this subpart, a person shall be considered unavailable or incapacitated in any situation and from any cause that prevents the person from assuming or performing on a timely basis his or her authorized duties, roles, or responsibilities of office, whether from a primary or alternate facility, or any other location.

(b) For purpose of this subpart, emergency conditions shall be deemed to commence upon the occurrence, or the imminent threat of the occurrence, of a natural or man-made disturbance, including, but not limited to, an armed attack against the United States, its territories or possessions, terrorist attack, civil disturbance, fire, pandemic, hurricane, or flood, that results in, or threatens imminent to result in, a substantial disruption of the organization or operations of the Commission. Such conditions shall be deemed to continue until the Commission shall,
§ 200.202 Offices, and information and submittals.

(a) During emergency conditions, the location or headquarters of the Commission shall be as designated by the Chairman or his successor. The location of each Regional Office of the Commission, if different from the normal location, shall be as designated by the Chairman of the Commission or his successor, or in the absence of communications with him, by the Regional Director for the area or his acting successor.

(b) During emergency conditions, all formal or informal requests, filings, reports, or other submittals shall be submitted to the Commission as permitted in non-emergency conditions, unless the Chairman or his or her successor acting pursuant to § 200.203(c)(1) of this subpart specifies another means or location for submission of such requests, filings, reports, or other submittals, by a notice that is disseminated through a method (or combination of methods) that is reasonably designed to provide broad distribution of the information to the public.

§ 200.203 Organization, and delegations of authority.

(a) During emergency conditions, the respective functions and responsibilities of the Commissioners, the Chairman of the Commission, and the staff members shall be, to the extent possible, as set forth in Subpart A of this part (§ 200.1 et seq.).

(b) Action for and in the name of the Commission taken pursuant to this subpart by one or more Commissioners or by a successor as designated in this section shall mean and include the delegated authority to act for the unavailable or incapacitated Commissioners.

(c) Pursuant to the statutes governing the Commission, to Reorganization Plan No. 10 of 1950, and to Pub. L. 100–181, section 303(b), 101 Stat. 1249 (1987), the following automatic delegation of authority is made to provide continuity in the event of an emergency:

(1) In the event of the unavailability or incapacity of the Chairman of the Commission during emergency conditions, the authority of the Chairman to govern the affairs of the Commission and to act for the Commission, as provided for by law and by delegation from the Commission, will pass to the available person highest on the following list, until such time as the Chairman is no longer unavailable or incapacitated, or a successor Chairman has assumed office pursuant to Section 4 of the Securities Exchange Act of 1934 (15 U.S.C. 78d) and Reorganization Plan No. 10 of 1950 (15 FR 3175, 64 Stat. 1265):

(i) The Commissioners in order of seniority.

(ii) The General Counsel.

(iii) The Division Directors in the order designated by the Chairman in the most recent designation prior to the commencement of emergency conditions, or if no such designation has occurred, in order of seniority.

(iv) The Regional Directors in the order designated by the Chairman in the most recent designation prior to the commencement of emergency conditions, or if no such designation has occurred, in order of seniority.

(2) If and when a commissioner previously incapacitated or otherwise unavailable, again becomes available, he shall thereupon have all the powers and functions he would have had if he had not been incapacitated or otherwise unavailable.

(d) Actions taken for and in the name of the Commission as described above shall be effective immediately or as specified by the successor acting, but shall be subject to reconsideration by the Commissioners when the Commission has been reconstituted and is functioning.

(e) Except as may be determined otherwise by the Chairman or his successor, the duties of each head of a division or office of the Commission shall be discharged, in the event of the unavailability or incapacity of such person during emergency conditions, by the available staff member next in line of succession. The head of each division
or office shall designate the line of succession within his division or office. If no such designation has been made or the designatee is unavailable, such duties shall be assumed by the available subordinate officer or employee in the particular division or office who is highest in grade and in the event that there is more than one such person, in length of service with the Commission. A person who discharges or assumes the duties of the head of a division or office pursuant to this subsection is hereby delegated, throughout the period of the unavailability or incapacity of the head of the division or office during the emergency conditions, all of the functions that the Commission has delegated to the head of the division or office.

§ 200.204 Personnel, fiscal, and service functions.

In the event of the unavailability or incapacity of the appropriate staff officer or his or her successor during emergency conditions, authority to effect temporary appointments of such additional officers and employees, to classify and allocate positions to their proper grades, to issue travel orders, and to effect emergency purchases of supplies, equipment and services shall be exercised by the respective Regional Directors, their deputies, or staff in line of succession, as may be required for the discharge of the lawful duties of the respective offices.

§ 200.205 Effect upon existing Commission organization, delegations, and rules.

Except as otherwise provided herein, all outstanding Commission organizational statements, delegations of authority, orders, rules and regulations shall remain in force and effect during emergency conditions, subject to all lawful requirements and such changes as may be authorized by or in the name of the Chairman or the Commission.

§ 200.301 Purpose and scope.

(a) The Privacy Act of 1974, Pub. L. 93–579, 88 Stat. 1896, is based, in part, on the finding by Congress that "in order to protect the privacy of individuals identified in information systems maintained by Federal agencies, it is necessary and proper for the Congress to regulate the collection, maintenance, use, and dissemination of information by such agencies." To achieve this objective the Act, among other things, provides, with some exceptions, that Federal agencies shall advise an individual upon request whether records maintained by the agency in a system of records pertain to the individual and shall grant the individual access to such records. The Act further provides that individuals may request amendments or corrections to records pertaining to them that are maintained by the agency, and that the agency shall either grant the requested amendments or set forth fully its reasons for refusing to do so.

(b) The Securities and Exchange Commission, pursuant to subsection (f) of the Privacy Act, adopts the following rules and procedures to implement the provisions of the Act summarized above, and other provisions of the Act. These rules and procedures are applicable to all requests for information, access or amendment to records pertaining to an individual that are contained in any system of records that is maintained by the Commission.

(3) Methods for verifying identity—appearance in person. An individual seeking information as to records pertaining to him or access to those records shall furnish documentation that may reasonably be relied on to establish the individual’s identity. Such documentation might include a valid birth certificate, driver’s license, employee or military identification card, or medicare card.

(4) Method for verifying identity by mail. Where an individual cannot appear at one of the Commission’s Offices to verify his or her identity, he or she must submit, along with the request for information or access, a statement attesting to his or her identity. Where access is being sought, the statement shall include a representation that the requested records pertain to the individual and a statement that the individual is aware that knowingly and willfully requesting or obtaining records pertaining to an individual from the Commission under false pretenses is a criminal offense. This statement shall be a sworn statement, or in lieu of a sworn statement, an individual may submit an unsworn statement to the same effect if it is signed by him or her as true under penalty of perjury, dated, and in substantially the following form:

(i) If executed outside the United States: “I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct.”

   Executed on (date)______
   (Signature)

   (ii) If executed within the United States, its territories, possessions, or commonwealths: “I declare (or certify, verify, or state) under penalty of perjury that the foregoing is true and correct.”

   Executed on (date)______
   (Signature)

(5) Additional procedures for verifying identity. When it appears appropriate, there may be made such other arrangements for the verification of identity as are reasonable under the circumstances and appear to be effective to prevent unauthorized disclosure of, or access to, individual records.

(b) Acknowledgement of requests for information pertaining to individual records in a record system or for access to individual records. (1) Except where an immediate acknowledgement is given for requests made in person, the receipt of a request for information pertaining to individual records in a record system will be acknowledged within 10 days after the receipt of such request. Requests will be processed as promptly as possible and a response to such requests will be given within 30 days (excluding Saturdays, Sundays, and legal holidays) unless, within the 30 day period and for cause shown, the individual making the request is notified in writing that a longer period is necessary.

(2) When an individual appears in person at the Office of Freedom of Information and Privacy Act Operations, SEC, 100 F Street, NE., Washington, DC 20549, or at one of its Regional Offices to request access to records pertaining to him, and such individual provides the required information and verification of identity, the Commission’s staff, if practicable, will indicate at that time whether it is likely that the individual will be given access to the records and, if so, when and under what circumstances such access will be given. In the case of requests received by mail, whenever practicable, acknowledgement of the receipt of the request will be given within 10 days after receipt (excluding Saturdays, Sundays, and legal holidays). The acknowledgement will indicate, if practicable, whether or not access likely will be
§ 200.304 Disclosure of requested records.

(a) Initial review. Requests by individuals for access to records pertaining to them will be referred to the Commission’s Privacy Act Officer who initially will determine whether access will be granted. Provided, however, That a Director of a staff Division of the Commission or Office head, other than the General Counsel, whose zone of responsibility relates to the record requested (see 17 CFR 200.13 et seq.), may make a determination that access is not lawfully required to be granted and should not be granted, in which case he, and not the Privacy Act Officer, shall make the required notification to the individual making the request.

(b) Grant of request for access. (1) If it is determined that a request for access to records pertaining to an individual will be granted, the individual will be advised by mail that access will be given at the designated Office of the Commission or a copy of the requested record will be provided by mail if the individual shall so indicate. Where the individual requests that copies of the record be mailed to him or requests copies of a record upon reviewing it at a Commission Office, the individual shall pay the cost of making the requested copies, as set forth in § 200.310 of this subpart.

(2) In granting access to an individual to a record pertaining to him, such steps shall be taken by the Commission’s staff as are necessary to prevent the unauthorized disclosure at the same time of information pertaining to individuals other than the person making the request or of other information that does not pertain to the individual.

(c) Denial of request for access. If it is determined that access will not be granted, the individual making the request will be notified of that fact and given the reasons why access is being denied. The individual also will be advised (1) of his right to seek review by the General Counsel of the initial decision to deny access, in accordance with the procedures set forth in § 200.308 of this subpart; and (2) of his right ultimately to obtain judicial review pursuant to 5 U.S.C. 552a(g)(1)(A) of a final denial of access by the General Counsel.

(d) Time for acting on requests for access. Access to a record pertaining to an individual normally will be granted or denied within 30 days (excluding Saturdays, Sundays and legal holidays) after the receipt of the request for access unless the individual making the request is notified in writing within the 30 day period that, for good cause shown, a longer time is required. In such cases, the individual making the request shall be informed in writing of the difficulties encountered and an indication shall be given as to when it is anticipated that access may be granted or denied.

(e) Authorization to allow designated person to review and discuss records pertaining to another individual. An individual who is granted access to records pertaining to him, and who appears at a Commission Office to review the records, may be accompanied by another person of his choosing. Where the records as to which access has been granted are not required to be disclosed under provisions of the Freedom of Information Act 5 U.S.C. 552, as amended, the individual requesting the records, before being granted access, shall execute a written statement, signed by him and the person accompanying him, which specifically authorizes the latter individual to review and discuss the records. If such authorization has not been given as described, the person who has accompanied the individual making the request will be excluded from any review or discussion of the records.

(f) Exclusion for certain records. Nothing contained in these rules shall allow an individual access to any information compiled in reasonable anticipation of a civil action or proceeding.

[40 FR 4068, Sept. 24, 1975, as amended at 49 FR 13866, Apr. 9, 1984; 76 FR 71874, Nov. 21, 2011]
§ 200.305 Special procedure: Medical records.

(a) Statement of physician or mental health professional. When an individual requests access to records pertaining to him that include medical and/or psychological information, the Commission, if it deems it necessary under the particular circumstances, may require the individual to submit with the request a signed statement by his physician or a mental health professional indicating that, in their opinion, disclosure of the requested records or information to the individual will not have an adverse effect on the individual.

(b) Designation of physician or mental health professional to receive records. If the Commission believes, in good faith, that disclosure of medical and/or psychological information directly to an individual could have an adverse effect on that individual, the individual may be asked to designate in writing a physician or mental health professional to whom he would like the records to be disclosed, and disclosure that otherwise would be made to the individual will instead be made to the designated physician or mental health professional.

§ 200.306 Requests for amendment or correction of records.

(a) Place to make requests. A written request by an individual to amend or correct records pertaining to him or her may be hand delivered during normal business hours to the SEC, Operations Center, Room 1418, 6432 General Green Way, Alexandria, VA 22312–2414, or be sent by mail to the Office of Information and Privacy Act Operations, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312–2413, or by facsimile (703–914–1149).

(1) Information to be included in requests. Each request to amend or correct a Commission record shall reasonably describe the record sought to be amended or corrected. Such description should include, for example, relevant names, dates and subject matter to permit the record to be located among the records maintained by the Commission. An individual who has requested that a record pertaining to him be amended or corrected will be advised promptly if the record cannot be located on the basis of the description given and that further identifying information is necessary before his request can be processed. An initial evaluation of a request presented in person will be made immediately to ensure that the request is complete and to indicate what, if any, additional information will be required. Verification of the individual’s identity as set forth in §200.303(a) (2), (3), (4) and (5) may also be required.

(2) Basis for amendment or correction. An individual requesting an amendment or correction to a record pertaining to him shall specify the substance of the amendment or correction and set forth facts and provide such materials that would support his contention that the record pertaining to him as maintained by the Commission is not accurate, timely or complete, or that the record is not necessary and relevant to accomplish a statutory purpose of the Commission as authorized by law or by Executive Order of the President.

(b) Acknowledgement of requests for amendment or correction. Receipt of a request to amend or correct a record pertaining to an individual normally will be acknowledged in writing within 10 days after such request has been received. When a request to amend or correct is made in person, the individual making the request will be given a written acknowledgement when the request is presented. The acknowledgement will describe the request received and indicate when it is anticipated that action will be taken on the request. No acknowledgement will be sent when the request for amendment or correction will be reviewed, and an initial decision made, within 10 days from the date the request is received.

§ 200.307 Review of requests for amendment or correction.

(a) Initial review. As in the case of requests for access, requests by individuals for amendment or correction to records pertaining to them will be referred to the Commission’s Privacy Act
Securities and Exchange Commission

Officer for an initial determination, except that such requests may be considered by a Division Director or Office Head (other than the General Counsel) as set forth in §200.304(a) of this subpart.

(b) Standards to be applied in reviewing requests. In reviewing requests to amend or correct records, the Privacy Act Officer, or Division or Office head, will be guided by the criteria set forth in 5 U.S.C. 552a(e)(1), i.e., that records maintained by the Commission shall contain only such information as is necessary and relevant to accomplish a statutory purpose of the Commission as required by statute or Executive Order of the President and that such information also be accurate, timely, and complete. These criteria will be applied whether the request is to add material to a record or to delete information from a record.

(c) Time for acting on requests. Initial review of a request by an individual to amend or correct a record pertaining to him shall be completed as promptly as is reasonably possible and normally within 30 days (excluding Saturdays, Sundays and legal holidays) from the date the request was received, unless unusual circumstances preclude completion of review within that time. If the anticipated completion date indicated in the acknowledgement cannot be met, the individual requesting the amendment will be advised in writing of the delay and the reasons therefor, and also advised when action is expected to be completed.

(d) Grant of requests to amend or correct records. If a request to amend or correct a record is granted in whole or in part, the Privacy Act Officer will:

1. Promptly advise the individual making the request in writing of the extent to which the request has been denied;
2. State the reasons for the denial of the request;
3. Describe the procedures established by the Commission to obtain further review within the Commission of the request to amend or correct, including the name and address of the person to whom the appeal is to be addressed; and
4. Inform the individual that the Privacy Act Officer will provide information and assistance to the individual in perfecting an appeal of the initial decision.

§200.308 Appeal of initial adverse agency determination as to access or as to amendment or correction.

(a) Administrative review. Any person who has been notified pursuant to §200.304(c) that his request for access to records pertaining to him has been denied, or pursuant to Section 307(e) of this subpart that his request for amendment or correction has been denied in whole or in part, or who has received no response to a request for access or to amend within 30 days (excluding Saturdays, Sundays and legal holidays) after his request was received by the Office of Information and Privacy Act Operations (or within such extended period as may be permitted in accordance with §§200.304(d) and 200.307(c) of this subpart), may appeal the adverse determination or failure to respond to the General Counsel.

1. The appeal shall be in writing and shall describe the record in issue and set forth the proposed amendment or correction and the reasons therefor.
2. The appeal shall be delivered or sent by mail to the Office of Information and Privacy Act Operations, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312–2413, or by facsimile (703–914–1149).
3. The applicant, if he wishes, may state such facts and cite such legal or other authorities as he may consider

[40 FR 44068, Sept. 24, 1975, as amended at 49 FR 13866, Apr. 9, 1984; 76 FR 71874, Nov. 21, 2011]
appropriate in support of his application.

(4) The General Counsel will make a determination with respect to any appeal within 30 days after the receipt of such appeal (excluding Saturdays, Sundays and legal holidays), unless for good cause shown, the General Counsel shall extend that period. If such an extension is made, the individual who is appealing shall be advised in writing of the extension, the reasons therefor, and the anticipated date when the appeal will be decided.

(5) In considering an appeal from a denial of a request to amend or correct a record, the General Counsel shall apply the same standards as set forth in §200.307(b).

(6) If the General Counsel shall conclude that access should be granted, he or she shall issue an order granting access and instructing the Privacy Act Officer to comply with §200.304(b).

(7) If the General Counsel shall conclude that the request to amend or correct the record should be granted in whole or in part, he or she shall issue an order granting the requested amendment or correction in whole or in part and instructing the Privacy Act Officer to comply with the requirements of §200.307(d) of this subpart, to the extent applicable.

(8) If the General Counsel affirms the initial decision denying access, he or she shall issue an order denying access and advising the individual seeking access of (i) The order; (ii) the reasons for denying access; and (iii) the individual’s right to obtain judicial review of the decision pursuant to 5 U.S.C. 552a(g)(1)(B).

(9) If the General Counsel determines that the decision of the Privacy Act Officer denying a request to amend or correct a record should be upheld, he or she shall issue an order denying the request and the individual shall be advised of:

(i) The order refusing to amend or correct the record and the reasons therefor;

(ii) His or her right to file a concise statement setting forth his or her disagreement with the General Counsel’s decision not to amend or correct the record;

(iii) The procedures for filing such a statement of disagreement with the General Counsel;

(iv) The fact that any such statement of disagreement will be made available to anyone to whom the record is disclosed, together with, if the General Counsel deems it appropriate, a brief statement setting forth the General Counsel’s reasons for refusing to amend or correct;

(v) The fact that prior recipients of the record in issue will be provided with the statement of disagreement and the General Counsel’s statement, if any, to the extent that an accounting of such disclosures has been maintained pursuant to 5 U.S.C. 552a(c); and

(vi) The individual’s right to seek judicial review of the General Counsel’s refusal to amend or correct, pursuant to 5 U.S.C. 552a(g)(1)(A).

(10) In appropriate cases the General Counsel may, in his or her sole and unfettered discretion, refer matters requiring administrative review of initial decisions to the Commission for determination and the issuance, where indicated, of orders.

(b) Statement of disagreement. As noted in paragraph (a)(9)(ii) of this section, an individual may file with the General Counsel a statement setting forth his disagreement with the General Counsel’s denial of his request to amend or correct a record.

(1) Such statement of disagreement shall be delivered or sent by mail to the Office of Freedom of Information and Privacy Act Operations, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312–2413, or by facsimile (703–914–1149), within 30 days after receipt by the individual of the General Counsel’s order denying the amendment or correction. For good cause shown this period can be extended for a reasonable time.

(2) Such statement of disagreement shall concisely state the basis for the individual’s agreement. Generally a statement should be no more than two pages in length, except an individual may submit a slightly longer statement if it is necessary to set forth his disagreement effectively. Unduly lengthy or irrelevant materials will be returned to the individual by the General Counsel for appropriate revisions.
before they become a permanent part of the individual’s record.

(3) The record about which a statement of disagreement has been filed will clearly note which part of the record is disputed and the General Counsel will provide copies of the statement of disagreement and, if the General Counsel deems it appropriate, provide a concise statement of his or her reasons for refusing to amend or correct the record, to persons or other agencies to whom the record has been or will be disclosed.

(4) In appropriate cases, the General Counsel may, in his or her sole and un­fettered discretion, concerning statements of disagreement to the Commission for disposition.

§ 200.309 General provisions.

(a) Extensions of time. Pursuant to §§ 200.303(b), 200.304(d), 200.307(c) and 200.308(a)(4) of this subpart, the time within which a request for information, access or amendment by an individual with respect to records maintained by the Commission that pertain to him normally would be processed may be extended for good cause shown or because of unusual circumstances. As used in these rules, good cause and unusual circumstances shall include, but only to the extent reasonably necessary to the proper processing of a particular request:

(1) The need to search for and collect the requested records from field facilities or other establishments that are separate from the Office processing the request. Many records of the Commission are stored in Federal Records Centers in accordance with law—including many of the documents which have been on file with the Commission for more than 2 years—and cannot be made available promptly. Other records may temporarily be located at a Regional Office of the Commission. Any person who has requested for personal examination a record stored at the Federal Records Center or temporarily located in a Regional Office of the Commission will be notified when the record will be made available to him.

(2) The need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records which may be demanded in a single request. While every reasonable effort will be made fully to comply with each request as promptly as possible on a first-come, first-served basis, work done to search for, collect and appropriately examine records in response to a request for a large number of records will be contingent upon the availability of processing personnel in accordance with an equitable allocation of time to all members of the public who have requested or wish to request records.

(3) The need for consultation, which shall be conducted with all practicable speed, with another agency having a substantial interest in the determination of the request, or among two or more components within the Commission having substantial subject-matter interest therein.

(b) Effective date of action. Whenever it is provided in this Subpart that an acknowledgement or response to a request will be given by specific times, deposit in the mails of such acknowledgement or response by that time, addressed to the person making the request, will be deemed full compliance.

(c) Records in use by a member of the Commission or its staff. Although every effort will be made to make a record in use by a member of the Commission or its staff available when requested, it may occasionally be necessary to delay making such a record available when doing so at the time the request is made would seriously interfere with the work of the Commission or its staff.

(d) Missing or lost records. Any person who has requested a record or a copy of a record pertaining to him will be notified if the record sought cannot be found. If he so requests, he will be notified if the record subsequently is found.

(e) Oral requests; misdirected written requests—(1) Telephone and other oral requests. Before responding to any request by an individual for information concerning whether records maintained by the Commission in a system of records pertain to him or to any request for access to records by an individual, such request must be in writing.
and signed by the individual making the request. The General Counsel will not entertain any appeal from an alleged denial or failure to comply with an oral request. Any person who has orally requested information or access to records pertaining to him that he believes to have been improperly denied to him should resubmit his request in appropriate written form in order to obtain proper consideration and, if need be, administrative review.

(2) Misdirected written requests. The Commission cannot assure that a timely or satisfactory response will be given to written requests for information, access or amendment by an individual with respect to records pertaining to him that are directed to the Commission other than in a manner prescribed in §§ 200.303(a), 200.306(a), 200.308(a)(2), and 200.310 of this subpart. Any staff member who receives a written request for information, access or amendment should promptly forward the request to the Privacy Act Officer. Misdirected requests for records will be considered to have been received by the Commission only when they have been actually received by the Privacy Act Officer in cases under § 200.308(a)(2). The General Counsel will not entertain any appeal from an alleged denial or failure to comply with a misdirected request, unless it is clearly shown that the request was in fact received by the Privacy Act Officer.

§ 200.310 Fees.

(a) A request by an individual for copies of a record pertaining to him or her that is maintained by the Commission may be sent by mail to the Office of Freedom of Information and Privacy Act Operations, SEC, Operations Center, 6432 General Green Way, Alexandria, VA 22312-2413, or by facsimile (703-914-1149). There will be no charge assessed to the individual for the Commission’s expense involved in searching for or reviewing the record. Copies of the Commission’s records will be provided by a commercial copier or by the Commission at rates established by a contract between the copier and the Commission.

(b) Waiver or reduction of fees. Whenever the Privacy Act Officer determines that good cause exists to grant a request for reduction or waiver of fees for copying documents, he or she may reduce or waive any such fees.

§ 200.311 Penalties.

Title 18 U.S.C. 1001 makes it a criminal offense, subject to a maximum fine of $10,000, or imprisonment for not more than 5 years or both, to knowingly and willingly make or cause to be made any false or fraudulent statements or representations in any matter within the jurisdiction of any agency of the United States. 5 U.S.C. 552a(i) makes it a misdemeanor punishable by a fine of not more than $5,000 for any person knowingly and willfully to request or obtain any record concerning an individual from the Commission under false pretenses. 5 U.S.C. 552a(i) (1) and (2) provide criminal penalties for certain violations of the Privacy Act by officers and employees of the Commission.

§ 200.404 General procedure for determination to close meeting.

(a) Action to close meeting. Action to close a meeting pursuant to §200.402(a) or (c) shall be taken only upon a vote of a majority of the entire membership of the Commission. A separate vote of the Commission members shall be taken with respect to each Commission meeting a portion or portions of which are proposed to be closed pursuant to §200.402(a), or with respect to any information which is proposed to be withheld under §200.402(d); Provided, however, That a single vote may be taken with respect to a series of meetings, a portion or portions of which are proposed to be closed, or with respect to any information concerning such series of meetings, so long as each meeting in such series relates to the same matters and is scheduled to be held no more than thirty days after the initial meeting in such series. The vote of each Commission member participating in such vote shall be recorded and no proxies shall be allowed.

(b) Announcement of action to close meeting. Within one day of any vote pursuant to paragraph (a) of this section or §200.409(a) (relating to review of Commission determinations to open a
Securities and Exchange Commission § 200.407

1. A written record reflecting the vote of each participating member of the Commission on the question; and

2. In the case of a meeting or portion thereof to be closed to the public, a written explanation of the Commission’s action closing the meeting or a portion thereof, together with a list describing generically or specifically the persons expected to attend the meeting and their affiliation; and

3. For every closed meeting, the certification executed by the Commission’s General Counsel as described in § 200.406.

§ 200.405 Special procedure for determination to close meeting.

(a) Finding. Based, in part, on a review of several months of its meetings, as well as the legislative history of the Sunshine Act, the Commission finds that a majority of its meetings may properly be closed to the public pursuant to §200.402(a) (4), (8), (9)(i), or (10), or any combination thereof.

(b) Action to close meeting. The Commission may, by recorded vote of a majority of its members at the commencement of any meeting or portion thereof, determine to close any meeting or a portion thereof properly subject to being closed pursuant to §200.402(a) (4), (8), (9)(i), or (10), or any combination thereof. The procedure described in this rule may be utilized notwithstanding the fact that a meeting or portion thereof properly subject to being closed pursuant to §200.402(a) (4), (8), (9)(i), or (10), or any combination thereof, could also be closed pursuant to §200.402(a) (1), (2), (3), (5), (6), (7), or (9)(ii), or any combination thereof.

(c) Announcement of action to close meeting. In the case of a meeting or a portion of a meeting closed pursuant to this rule, as soon as practicable the Commission shall make publicly available:

1. A written record reflecting the vote of each participating member of the Commission to close the meeting; and

2. The certification described in §200.406, executed by the Commission’s General Counsel.

§ 200.406 Certification by the General Counsel.

§ 200.407 Transcripts, minutes, and other documents concerning closed Commission meetings.

(a) Record of closed meetings. Except as provided in §200.407(b), the Commission’s Secretary shall prepare a complete transcript or electronic recording adequate to record fully the proceedings of each closed meeting, or closed portion of a meeting.

(b) Minutes of closed meetings. In the case of a meeting, or portion of a meeting, closed to the public pursuant to §200.402(a) (8), (9)(i), or (10), the Secretary may, in his or her discretion or at the direction of the Commission, prepare either the transcript or recording described in §200.407(a), or a set of minutes. Such minutes shall fully and clearly describe all matters discussed and shall provide a full and accurate summary of any actions taken, and the reasons therefor, including a description of each of the views expressed on any item and the record of any rollcall vote (reflecting the vote of each participating Commission member on the question). All documents specifically considered by the Commission in connection with any action shall be identified in such minutes are maintained.

(c) Retention of certificate and statement. The Secretary shall retain a copy of every certification executed by the General Counsel pursuant to §200.406, together with a statement from the presiding officer of the meeting, or portion of a meeting to which the certification applies, setting forth the time and place of the meeting, and the persons present.

Copies of such transcript, or minutes, or a transcription of such recording disclosing the identity of each speaker, shall be furnished to any person at the actual cost of duplication, as set forth in §200.80e, and, if a transcript is prepared, the actual cost of such transcription.

(b) Review of deletion from record. Any person who has been notified that the Freedom of Information Act Officer has determined to withhold any transcript, recording, or minute, or portion thereof, which was the subject of a request for access pursuant to §200.402(a), or any person who has not received a response to his or her own request within the 20 days specified in §200.408(a), may appeal the adverse determination or failure to respond by applying for an order of the Commission determining and directing that the transcript, recording or minute, or deleted portion thereof, be made available. Such application shall be in writing and should be directed to the Secretary, Securities and Exchange Commission, Washington, DC 20549. The applicant shall state such facts and cite such legal or other authorities as the applicant may consider appropriate. The Commission shall make a determination with respect to any appeal pursuant to this subsection within 20 days (excepting Saturdays, Sundays and legal public holidays) after the receipt of such appeal, or within such extended period as may be agreeable to the person making the request. The Commission may determine to withhold any record that is exempt from disclosure pursuant to §200.402(a), although it may disclose a record, even if exempt, if, in its discretion, it determines it to be appropriate to do so.

(c) Retention of record. The Commission, by its Secretary, shall retain a complete verbatim copy of the transcript, or a complete copy of the minutes, or a complete electronic recording of each meeting, or portion of a meeting, closed to the public, for a period of at least two years after such meeting, or until one year after the conclusion of any Commission proceeding with respect to which the meeting or portion was held, whichever occurs later.

§ 200.409 Administrative appeals.

(a) Review of determination to open meeting. Following any announcement stating that the Commission intends to open a meeting or a portion thereof, any person whose interests may be directly and substantially affected by the disposition of the matter to be discussed at such meeting may make a request, directed to the Commission’s Secretary, that the meeting, or relevant portion thereof, be closed pursuant to §200.402(a) (5), (6), or (7). The Secretary shall circulate such a request to the members of the Commission, along with a supporting statement provided by the requestor setting forth the requestor’s interest in the matter and the reasons why the requestor believes that the meeting (or portion thereof) should be closed, and the Commission, upon the request of any one of its members, shall vote by recorded vote on whether to close such meeting or portion.

(b) Review of determination to close meeting. Following any announcement that the Commission intends to close a meeting or a portion thereof, any person may make written or telegraphic request, directed to the Commission’s Secretary, that the meeting or a portion thereof be open. Such a request shall set forth the requestor’s interest in the matter and the reasons why the
requestor believes that the meeting (or a portion thereof) should be open to the public. The Secretary shall circulate such a request and supporting statement to the members of the Commission, and the Commission, upon the request of any one of its members, shall vote whether to open such a meeting or a portion thereof.

Subject to the satisfaction of any procedural requirements which may be required by this subpart, nothing in this subpart shall preclude the Commission from directing that the room be cleared of spectators, temporarily or permanently, whenever it appears that the discussion during an open Commission meeting is likely to involve any matter described in § 200.402(a) (respecting closed meetings).

(c) Access to Commission documents. Except as expressly provided, nothing in this subpart shall authorize any person to obtain access to any document not otherwise available to the public or not required to be disclosed pursuant to subpart D. (ii) Defeat or substantially impair accomplishment of the objectives of a program or activity with respect to individuals with handicaps.

(4) The agency may not, in determining the site or location of a facility, make selections the purpose or effect of which would—

(i) Exclude individuals with handicaps from, deny them the benefits of, or otherwise subject them to discrimination under any program or activity conducted by the agency; or

(ii) Defeat or substantially impair the accomplishment of the objectives of a program or activity with respect to individuals with handicaps.

(5) The agency, in the selection of procurement contractors, may not use criteria that subject qualified individuals with handicaps to discrimination on the basis of handicap.

(6) The agency may not administer a licensing or certification program in a manner that subjects qualified individuals with handicaps to discrimination on the basis of handicap, nor may the agency establish requirements for the programs or activities of licensees or certified entities that subject qualified individuals with handicaps to discrimination on the basis of handicap.

§ 200.640 Employment.

No qualified individual with handicaps shall, on the basis of handicap, be subject to discrimination in employment under any program or activity conducted by the agency. The definitions, requirements, and procedures of section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791), as established by the Equal Employment Opportunity Commission in 29 CFR part 1613, shall apply to employment in federally conducted programs or activities.

§§ 200.641–200.648 [Reserved]

§ 200.649 Program accessibility: Discrimination prohibited.

Except as otherwise provided in § 200.650, no qualified individual with handicaps shall, because the agency’s facilities are inaccessible to or unusable by individuals with handicaps, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity conducted by the agency.

§ 200.650 Program accessibility: Existing facilities.

(a) General. The agency shall operate each program or activity so that the program or activity, when viewed in its entirety, is readily accessible to and usable by individuals with handicaps. This paragraph does not—

(1) Necessarily require the agency to make each of its existing facilities accessible to and usable by individuals with handicaps;
§ 200.650

(2) In the case of historic preservation programs, require the agency to take any action that would result in a substantial impairment of significant historic features of an historic property; or

(3) Require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with § 200.650(a) would result in such alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action would result in such an alteration or such burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that individuals with handicaps receive the benefits and services of the program or activity.

(b) Methods—(1) General. The agency may comply with the requirements of this section through such means as redesign of equipment, reassignment of services to accessible buildings, assignment of aides to beneficiaries, home visits, delivery of services at alternate accessible sites, alteration of existing facilities and construction of new facilities, use of accessible rolling stock, or any other methods that result in making its programs or activities readily accessible to and usable by individuals with handicaps. The agency is not required to make structural changes in existing facilities where other methods are effective in achieving compliance with this section. The agency, in making alterations to existing buildings, shall meet accessibility requirements to the extent compelled by the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), and any regulations implementing it. In choosing among available methods for meeting the requirements of this section, the agency shall give priority to those methods that offer programs and activities to qualified individuals with handicaps in the most integrated setting appropriate.

(2) Historic preservation programs. In meeting the requirements of § 200.650(a) in historic preservation programs, the agency shall give priority to methods that provide physical access to individuals with handicaps. In cases where a physical alteration to an historic property is not required because of § 200.650(a) (2) or (3), alternative methods of achieving program accessibility include—

(i) Using audio-visual materials and devices to depict those portions of an historic property that cannot otherwise be made accessible;

(ii) Assigning persons to guide individuals with handicaps into or through portions of historic properties that cannot otherwise be made accessible; or

(iii) Adopting other innovative methods.

(c) Time period for compliance. The agency shall comply with the obligations established under this section by November 7, 1988, except that where structural changes in facilities are undertaken, such changes shall be made by September 6, 1991, but in any event as expeditiously as possible.

(d) Transition plan. In the event that structural changes to facilities will be undertaken to achieve program accessibility, the agency shall develop, by March 6, 1989, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including individuals with handicaps or organizations representing individuals with handicaps, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—
§ 200.651 Program accessibility: New construction and alterations.

(1) Identify physical obstacles in the agency’s facilities that limit the accessibility of its programs or activities to individuals with handicaps;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the official responsible for implementation of the plan.

§ 200.652–200.659 [Reserved]

§ 200.660 Communications.

(a) The agency shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The agency shall furnish appropriate auxiliary aids where necessary to afford an individual with handicaps an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the agency.

(i) In determining what type of auxiliary aid is necessary, the agency shall give primary consideration to the requests of the individual with handicaps.

(ii) The agency need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature.

(2) Where the agency communicates with applicants and beneficiaries by telephone, telecommunication devices for deaf persons (TDD’s) or equally effective telecommunication systems shall be used to communicate with persons with impaired hearing.

(b) The agency shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The agency shall provide signage at a primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information about accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the agency to take any action that it can demonstrate would result in a fundamental alteration in the nature of a program or activity or in undue financial and administrative burdens. In those circumstances where agency personnel believe that the proposed action would fundamentally alter the program or activity or would result in undue financial and administrative burdens, the agency has the burden of proving that compliance with §200.660 would result in such an alteration or burdens. The decision that compliance would result in such alteration or burdens must be made by the agency head or his or her designee after considering all agency resources available for use in the funding and operation of the conducted program or activity and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or burdens, the agency shall take any other action that would not result in such an alteration or such burdens but would nevertheless ensure that, to the maximum extent possible, individuals with handicaps receive the benefits and services of the program or activity.

§§ 200.661–200.669 [Reserved]

§ 200.670 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, this section applies to all allegations of discrimination on the basis of handicap in programs and activities conducted by the agency.
Securities and Exchange Commission

(b) The agency shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(c) The Equal Employment Opportunity Manager shall be responsible for coordinating implementation of this section. Complaints may be sent to the EEO Manager, 100 F Street, NE., Washington, DC 20549.

(d) The agency shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The agency may extend this time period for good cause.

(e) If the agency receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate Government entity.

(f) The agency shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), is not readily accessible to and usable by individuals with handicaps.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the agency shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found; and

(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be filed by the complainant within 90 days of receipt of the letter required by §200.670(g). The agency may extend this time for good cause.

(i) Timely appeals shall be accepted and processed by the head of the agency.

(j) The head of the agency shall notify the complainant of the results of the appeal within 60 days of the receipt of the request. If the head of the agency determines that additional information is needed from the complainant, he or she shall have 60 days from the date of receipt of the additional information to make his or her determination on the appeal.

(k) The time limits cited in paragraphs (g) and (j) of this section may be extended with the permission of the Assistant Attorney General.

(l) The agency may delegate its authority for conducting complaint investigations to other Federal agencies, except that the authority for making the final determination may not be delegated to another agency.

SOURCE: 45 FR 36064, May 29, 1980, unless otherwise noted.

§ 200.735–1 Purpose.

This subpart sets forth the standards of ethical conduct required of members, employees and special Government employees, and former members and employees of the Securities and Exchange Commission.

[75 FR 42276, July 20, 2010]

§ 200.735–2 Policy.

(a) The Securities and Exchange Commission has been entrusted by Congress with the protection of the public interest in a highly significant area of our national economy. In view of the effect which Commission action frequently has on the general public, it is important that members, employees and special Government employees maintain unusually high standards of honesty, integrity, impartiality and conduct. They must be constantly aware of the need to avoid situations...
which might result either in actual or apparent misconduct or conflicts of interest and to conduct themselves in their official relationships in a manner which commands the respect and confidence of their fellow citizens.  

(b) For these reasons, members, employees, and special Government employees should at all times abide by the standards of ethical conduct for employees of the executive branch (codified in 5 CFR part 2635); the supplemental standards of ethical conduct for members and employees of the Securities and Exchange Commission (codified in 5 CFR part 4401); the standards of conduct set forth in this subpart; the Canons of ethics for members of the Securities and Exchange Commission (codified in subpart C of this part 200); and, in the case of a person practicing a profession as defined in 5 CFR 2636.305(b)(1), the applicable professional ethical standards.

§ 200.735–3 General provisions.  

(a) A member or employee shall comply with the requirements of 5 CFR part 2635, subpart A (General provisions) and in particular with the provisions of 5 CFR 2635.101 (Basic obligations of public service); 2635.103 (Applicability to members of the uniformed services); and 2635.104 (Applicability to employees on detail).  

(b) A member or employee of the Commission shall not:  

(1) Engage, directly or indirectly, in any personal business transaction or private arrangement for personal profit the opportunity for which arises because of his or her official position or authority, or that is based upon confidential or nonpublic information which he or she gains by reason of such position or authority.  

(2)(i) Divulge to any unauthorized person or release in advance of authorization for its release any nonpublic Commission document, or any information contained in any such document or any confidential information: (A) In contravention of the rules and regulations of the Commission promulgated under 5 U.S.C. 552(a) and 552b; or (B) in circumstances where the Commission has determined to accord such information confidential treatment.  

(ii) Except where the Commission or the General Counsel, pursuant to delegated authority, has previously granted approval or in relation to a Commission administrative proceeding or a judicial proceeding in which the Commission, or a present or former Commissioner, or present or former member of the staff, represented by Commission counsel, is a party, any officer, employee or former officer or employee who is served with a subpoena requiring the disclosure of confidential or non-public information or documents shall, unless the Commission or the General Counsel, pursuant to delegated authority, authorizes the disclosure of such information or documents, respectfully decline to disclose the information or produce the documents called for, basing his or her refusal on this paragraph.  

(iii) Any member, employee or former member or employee who is served with such a subpoena not covered by the exceptions in paragraph (b)(7)(ii) of this section shall promptly advise the General Counsel of the service of such subpoena, the nature of the information or documents sought, and any circumstances which may bear upon the desirability in the public interest of making available such information or documents. The Commission or the General Counsel, pursuant to delegated authority, shall authorize the disclosure of non-expert, non-privileged, factual staff testimony and the production of non-privileged documents when validly subpoenaed.  

(c) A member or employee shall comply with the requirements of 5 CFR part 2635, subpart B (Gifts from outside sources).  

(d) A member or employee shall comply with the requirements of 5 CFR

part 2635, subpart C (Gifts between employees).

(e) A member or employee shall comply with the requirements of 5 CFR part 2635, subpart D (Conflicting financial requirements);

(f) A member or employee shall comply with the requirements of 5 CFR part 2635, subpart E (Impartiality).

(g) A member or employee shall comply with the requirements of 5 CFR part 2635, subpart G (Misuse of position).

(h) No member or employee shall accept host-paid travel or reimbursement except as in accordance with the requirements of the Supplemental standards of ethical conduct for members and employees of the Securities and Exchange Commission (codified at 5 CFR 4401.103 (Outside Employment and Activities)); 5 CFR part 2635, subpart H (Outside Activities); and 31 U.S.C. 353 and 41 CFR 304–1.1 (Acceptance of payment from a non-Federal source for travel expenses).

§ 200.735–4 Outside employment and activities.

(a) Members and employees shall comply with the requirements of the Supplemental standards of ethical conduct for members and employees of the Securities and Exchange Commission (codified at 5 CFR 4401.103 (Outside Employment and Activities)) and 5 CFR part 2635, subpart H (Outside Activities).

(b) The Commission encourages employees to engage in teaching, lecturing, and writing activities with or without compensation. In participating in such activities, employees should be guided by the following:

(1) No teaching, lecturing, or writing should be engaged in if prohibited by law, Executive order, Office of Personnel Management regulations, or the rules in this subpart.

(2) No teaching, lecturing, or writing should be engaged in (including for the purpose of the special preparation of a person or class of persons for an examination of the Office of Personnel Management or Board of Examiners for the Foreign Service) that depends on information filed with the Commission, or obtained by the Commission in an investigation or otherwise, or generated within the Commission which is nonpublic, unless the Commission gives formal approval for the use of such nonpublic information on the basis that the use thereof is in the public interest.

(c) If otherwise permitted by 18 U.S.C. 203 and 205, the provisions of these rules or of 5 CFR 4401.103 do not preclude an employee from acting as agent or attorney:

(1) For any Commission employee who is sued or under investigation in connection with his or her official duties;

(2) For any Commission employee who is the subject of disciplinary, loyalty, or other personnel administrative proceedings in connection with those proceedings; or

(3) For any Commission employee who raises claims or against whom allegations of wrongdoing are made pursuant to the Commission’s Equal Opportunity regulations, if such representation is not inconsistent with the faithful performance of the employee’s duties.

(d)(1) As paragraph (b) of this section indicates, the Commission encourages employees to engage in teaching, lecturing and writing activities. It is understood, however, that Commission

2Since members of the Commission are covered by section 401(a) of Executive Order 11222, they are prohibited by Civil Service Regulations (5 CFR 735.203(c)) from receiving compensation or anything of monetary value for any consultation, lecture, discussion, writing, or appearance the subject matter of which is devoted substantially to the responsibilities, programs, or operations of their agencies, or which draws substantially on official data or ideas which have not become part of the body of public information.

4This paragraph (d), requiring review of prepared speeches or writings relating to the Commission does not apply to teaching activities.

2As to employees, while the receipt of honoraria is discouraged, that rule is not applicable to the receipt of compensation for teaching.
employees in their teaching, writing and lecturing shall not

(i) Use confidential or nonpublic information;

(ii) Make comments on pending litigation in which the Commission is participating as a party or amicus curiae; or

(iii) Make comments on rulemaking proceedings pending before the Commission which would adversely affect the operations of the Commission.

To assist employees in conforming to these requirements the following procedure for reviewing writings prior to publication, or prepared speeches prior to delivery, has been established:

(i) Employees must submit proposed publications or prepared speeches relating to the Commission, or the statutes or rules it administers, to the General Counsel for review. Employees will be notified as promptly as possible, with due regard to publication deadlines, but in any event within 30 days of receipt of the written document, whether such document conforms to the requirements of this Rule.

(ii)(A) A determination by the General Counsel that a proposed publication conforms to the requirements of the rule will not involve adoption of, or concurrence in, the views expressed. Therefore, such publication or speech shall include at an appropriate place or in a footnote or otherwise, the following disclaimer of responsibility:

The Securities and Exchange Commission disclaims responsibility for any private publication or statement of any SEC employee or Commissioner.

This [article, outline, speech, chapter] expresses the author’s views and does not necessarily reflect those of the Commission, the (other) Commissioners, or (other) members of the staff.

(B) In appropriate cases, the above disclaimer may be modified by the General Counsel or the Commission to reflect the circumstances of an individual case. In addition, any publication or speech that reflects positions taken by the Commission shall set forth those positions accurately and, if it contains differences with Commission positions, it shall clearly state that such positions are those of the employee.

(c) With respect to host-paid travel, members and employees shall comply with the requirements of the Supplemental standards of ethical conduct for members and employees of the Securities and Exchange Commission (codified at 5 CFR 4401.103 (Outside employment and activities)); 5 CFR part 2635, subpart H (Outside Activities); and 31 U.S.C. 1353 and 41 CFR 304–1.1 (Acceptance of payment from a non-Federal source for travel expenses).

(f)(1) With respect to seeking or negotiating outside employment, members and employees shall comply with the requirements of the Supplemental standards of ethical conduct for members and employees of the Securities and Exchange Commission (codified at 5 CFR 4401.103 (Outside employment and activities)); 5 CFR part 2635, subpart F (Seeking other employment); 5 CFR part 2635, subpart H (Outside activities).

(2) Members and employees should be aware that 18 U.S.C. 208 (Acts affecting a personal interest) provides, among other things, that a member or employee is prohibited from participating personally and substantially in any particular matter in which, to his or her knowledge, the member or employee, his or her spouse, minor child, general partner, organization of which the employee is an officer, director, trustee, general partner or employee, or any person or organization with whom he or she is negotiating or has any arrangement concerning prospective employment, has a financial interest. This provision does not apply if the employee has received a written determination by an authorized official that the financial interest is not so substantial as to be deemed likely to affect the integrity of the employee’s government service.

(3) Members may follow the procedural provision contained in Part V, Section 503 of the Executive Order 11222.

(g) An employee who intends to accept or perform any outside or private employment or professional work shall obtain necessary authorization in advance of such acceptance or performance. A request for such authorization
shall be submitted to the Division Director, Office Head or Regional Director concerned, together with all pertinent facts regarding the proposed employment, such as the name of the employer, the nature of the work to be performed, its estimated duration, and the fee or compensation to be received. Division Directors, Office Heads and Regional Directors have been delegated the authority to approve routine requests for outside employment. The approving official shall forward to the Director of Personnel a copy of each request showing the date of approval. Requests of a non-routine nature should be forwarded to the Director of Personnel.

(h) The Director of Personnel, or his designee, is authorized to approve or disapprove requests for outside or private employment under this rule, except as to those cases which, in his judgment, should be considered and decided by the Commission. An employee may appeal a disapproved request to the Commission. The written appeal, submitted through the Director of Personnel, shall give reasons why the proposed outside or private employment is consistent with this rule. The Director of Personnel may not approve proposed outside or private employment which is absolutely prohibited by these rules. The Commission may, in a particular case, approve such employment.

§ 200.735–5 Securities transactions.

Securities transactions by members and employees must comply with the provisions of 5 CFR 4401.102 (Prohibited and restricted financial interests and transactions).

[75 FR 42277, July 20, 2010]

§ 200.735–6 Action in case of personal interest.

Members and employees shall comply with the requirements of 5 CFR part 2640 (Interpretation, exemptions, and waiver guidance concerning 18 U.S.C. 208 (Acts affecting a personal interest)).

[75 FR 42277, July 20, 2010]

§ 200.735–7 Negotiation for employment.

Members and employees shall comply with the requirements of 18 U.S.C. 208 (Acts affecting a personal interest) and 5 CFR part 2635, subpart F (Seeking other employment). See §200.735–4(f)(2) of this subpart.

[75 FR 42277, July 20, 2010]

§ 200.735–8 Practice by former members and employees of the Commission.

(a) Members and employees and former members and employees shall comply with the requirements of 18 U.S.C. 207 and 5 CFR part 2641 (Post employment conflict of interest restrictions). Members and employees and former members and employees should be aware that, among other restrictions, 18 U.S.C. 207 generally prohibits a former member or employee from knowingly communicating to or appearing before a Federal agency with the intent to influence a particular matter involving specific parties in which that person personally and substantially participated while at the Commission.

(b)(1) Any former member or employee of the Commission who, within 2 years after ceasing to be such, is employed or retained as the representative of any person outside the Government in any matter in which it is contemplated that he or she will appear before the Commission, or communicate with the Commission or its employees, shall, within ten days of such retention or employment, or of the time when appearance before, or communication with the Commission or its employees is first contemplated, file with the Office of the Ethics Counsel a statement which includes:

(i) A description of the contemplated representation;

(ii) An affirmative representation that the former employee while on the Commission’s staff had neither personal and substantial responsibility nor official responsibility for the matter which is the subject of the representation; and

(iii) The name of the Commission Division or Office in which the person had been employed.

(75 FR 42277, July 20, 2010)
§ 200.735–8

(2) The statement required by paragraph (b)(1) of this section may be filed electronically based on instructions provided by the Office of the Ethics Counsel at www.sec.gov, or filed in paper by mailing to the U.S. Securities & Exchange Commission, Office of the Ethics Counsel, 100 F Street NE., Washington, DC 20549–9150.

(3) Employment of a recurrent character may be covered by a single comprehensive statement. Each such statement should include an appropriate caption indicating that it is filed pursuant to this section. The reporting requirements of this paragraph do not apply to

(i) Communications incidental to court appearances in litigation involving the Commission; and

(ii) Oral communications concerning ministerial or informational matters or requests for oral advice not otherwise prohibited by paragraph (a) of this section.

(c) As used in this section, the term appear before the commission means physical presence before the Commission or its employees in either a formal or informal setting or the conveyance of material in connection with a formal appearance or application to the Commission. As used in this section the term communication with intent to influence does not encompass communications which are not for the purpose of influencing the Commission or any of its employees or which, at the time of the filings, are reasonably believed not to involve any potential controversy. As used in this section, the term representative or representative capacity shall include not only the usual type of representation by an attorney, etc., but also representation of a corporation in the capacity of an officer, director or controlling stockholder thereof.

(d)(1) Partners or associates of any person disqualified from appearing or practicing before the Commission in a particular matter are also disqualified. Such partners or associates (the firm) may request a waiver of this prohibition from the Commission by writing a letter to the General Counsel of the commission setting forth the facts of the proposed representation and the individual's disqualification. In appropriate situations, a firm may request a generic waiver with respect to a number of different matters. Upon the advice of the Office of the General Counsel, the Commission, or the General Counsel exercising delegated authority, will advise the requestor of the Commission’s response.

(d)(2) Waivers ordinarily will be granted where the firm makes a satisfactory representation that it has adopted screening measures which will effectively isolate the individual lawyer disqualified from participating in the particular matter or matters and from sharing in any fees attributable to it. It will be considered significant for purposes of this determination that:

(i) The firm had a pre-existing securities law practice prior to the arrival of the disqualified attorney;

(ii) The matter was previously the subject of consideration by the firm or the client was already advised by the firm;

(iii) In cases where the matter or client became the subject of consideration by the firm subsequent to the firm's employment of the lawyer individually disqualified, that the matter was not brought to the firm because of the disqualified attorney.

(3) Notwithstanding the existence or non-existence of any of these factors, no waiver will be issued if the proposed representation would create a significant appearance of impropriety or would otherwise adversely affect the interests of the government. All proceedings with respect to waivers shall be a matter of public record except to the extent that such public disclosure might violate attorney-client privilege or breach the attorney’s obligation to preserve the confidences and secrets of this or her clients, reveal the existence of ongoing private investigations,

5For example, no waiver will be granted if, during the course of representing a client who has an interest with respect to a matter before the Commission, a firm employs, or accepts as a partner, a member of the staff or of the Commission who at any time during the course of that representation had direct and substantial responsibility for the same matter, and whose departure would result in a significant adverse impact upon that matter at the Commission.
interfere with law enforcement proceedings, or otherwise be inconsistent with the public interest.

(e) Persons in doubt as to the applicability of any portion of this section may apply for an advisory ruling of the Commission.\(^6\)

§ 200.735–9 Indebtedness.

Members and employees shall comply with the requirements of 5 CFR 2635.809 (Just financial obligations).

[75 FR 42277, July 20, 2010]

§ 200.735–10 Miscellaneous statutory provisions.

Each member and employee is responsible for acquainting himself or herself with the statutory provisions listed in 5 CFR 2635.902 (Related statutes). A violation of any of these provisions is deemed a violation of this subpart M.

[75 FR 42277, July 20, 2010]

(a) Members and employees shall file financial disclosure reports in accordance with the requirements of 5 CFR part 2634 (Executive branch financial disclosure).

(b) Prior to the time of entry on duty, or upon designation to a position set forth in paragraph (c) of this section, such employee shall submit to the Director of Personnel a statement, on the official form made available for this purpose through the Office of Personnel, setting forth the following information:

1. A list of the names of all corporations, companies, firms, or other business enterprises, partnerships, nonprofit organizations, and educational or other institutions with or in which the employee, his or her spouse, unemancipated minor child or other member of his or her immediate household has—
   (i) Any connection as an employee, officer, owner, director, member, trustee, partner, adviser or consultant; or
   (ii) Any continuing financial interest, through a pension or retirement plan, shared income, or other arrangement as a result of any current or prior employment or business or professional association.
   (iii) Any financial interest through the ownership of stock, stock options, bonds, securities, or other arrangements including trusts.

2. A list of the names of the employee’s creditors and the creditors of his or her spouse, unemancipated minor child or other member of his or her immediate household, other than those creditors to whom any such person may be indebted by reason of a mortgage on property which he or she occupies as a personal residence, or to whom such person may be indebted for current and ordinary household and living expenses such as those incurred for household furnishings, vacations, an automobile, education, or the like.

3. A list of the employee’s interests and those of his or her spouse, unemancipated minor child, or other member of his or her immediate household in real property or rights in lands, other than property which he or she occupies as a personal residence.

4. For the purpose of this section, member of his or her immediate household means a resident of the employee’s household who is related to the employee by blood or marriage.

5. In the instance where a spouse is not a member of the employee’s immediate household, and the employee certifies he or she neither derives nor expects to derive any economic benefit from the holdings of the spouse, the Director of Personnel may waive the requirement of reporting the interests of such spouse.

(c) Statements of employment and financial interests filed pursuant to paragraph (a) of this section shall be sent to the Ethics Office in a sealed envelope marked “Confidential Employment and Financial Interests.” They shall be maintained in a confidential

\(^6\) Attention of former members and employees is directed to Formal Opinion 342 of the Committee on Ethics of the American Bar Association, 62 A.B.A.J. 517 (1975) and to 18 U.S.C. 207.
§ 200.735–12 Special Government employees.

(a) Special Government employee means a person defined in section 18 U.S.C. 202 as a special Government employee. All of the provisions of this Conduct Regulation are applicable to special Government employees, except that in specific appropriate cases the Commission may exempt such employees from, or modify the applicability of, any portion of any provision of the Conduct Regulation.

(b) In no event will the Commission waive a provision of the Conduct Regulation which would permit a special Government employee to:

(1) Use his or her Government employment for a purpose that is, or gives the appearance of being, motivated by the desire for private gain for himself or another person, particularly one with whom he or she has family, business, or financial ties.

(2) Use inside information obtained as a result of his or her Government employment for private gain for himself or herself or another person either by direct action on his or her part or by counsel, recommendation, or suggestion to another person, particularly one with whom he or she has family, business, or financial ties. For purposes of this paragraph, inside information means information obtained under Government authority which has not become part of the body of public information.

(3) Use his or her Government employment to coerce, or give the appearance of coercing, a person to provide financial benefit to himself or herself or another person, particularly one with whom he or she has family, business, or financial ties.

(4) Receive or solicit from a person having business with the Commission anything of value as a gift, gratuity, loan, entertainment, or favor for himself or herself or another person, particularly one with whom he or she has family, business or financial ties.
(c) Prior to entrance on duty, each special Government employee shall submit to the Director of Personnel a statement of employment and financial interests which contains such information as the Director of Personnel determines is relevant in the light of the duties the special Government employee is to perform and, if appropriate, the financial disclosure report as provided by title II of the Ethics in Government Act of 1978, Pub. L. 95–521. It shall be kept current throughout the period of employment by the filing of supplementary statements in accordance with the requirements of §200.735–11(d). Statements shall be on the official form made available for this purpose through the Office of Personnel.

(d) The Commission may waive the requirement of paragraph (c) of this section in the case of a special Government employee who is not a consultant or an expert, as those terms are defined in chapter 304 of the Federal Personnel Manual (5 CFR 735.304), if the duties of the position are determined to be at a level of responsibility which does not require the submission of such statement to protect the integrity of the Commission.

§ 200.735–13 Disciplinary and other remedial action.

(a) Knowing participation in a violation of this subpart by persons not within the scope of the foregoing rules in this subpart shall likewise be deemed improper conduct and in contravention of Commission rules. Departure from any of the rules in this subpart by employees or special Government employees without specific approval may be cause for appropriate remedial and/or disciplinary action or, in the case of former members, employees, and special Government employees, for disqualification from appearing and practicing before the Commission, which may be in addition to any penalty prescribed by law.

(b) When there has been a departure from any of the rules of this subpart without specific approval or when a conflict of interest or an apparent conflict of interest on the part of an employee or special Government employee arises, the Director of Personnel may order immediate action to end such conflict or appearance of conflict of interest. Remedial action may include, but is not limited to (1) changes in assigned duties; (2) divestment by the employee or special Government employee of his conflicting interest; (3) disciplinary action; or (4) disqualification for a particular assignment. Remedial action, whether disciplinary or otherwise, shall be effected in accordance with any applicable laws, Executive Orders, and regulations. The Director of Personnel may refer any recommended action to the Commission. The employee may obtain review by the Commission of any action ordered to be taken by the Director of Personnel. During the period of review, unless otherwise directed by the Commission, the action ordered by the Director of Personnel is stayed.

(c) Former members or employees who violate the post-employment restrictions provisions of 18 U.S.C. 207(a), (b) or (c), which parallel the provisions of Rule 8(a), supra, will be subject to an administrative enforcement proceeding as set forth in Rule 102(e) of the Commission’s Rules of Practice, §201.102(e) of this chapter, except that, when proceedings are brought to determine if violations of post-employment restrictions have occurred, denial of the privilege of appearing and practicing before the Commission will be based on a finding of violation of the provisions of Rule 8(a) and 18 U.S.C. 207 (a), (b) and (c). Procedures applicable to such administrative proceedings are to be found in the Commission’s Rules of Practice, 17 CFR 201.100 et seq.

[45 FR 36064, May 29, 1980, as amended at 60 FR 32795, June 23, 1995]

§ 200.735–14 Employees on leave of absence.

The provisions of the rules in this subpart relative to employees of the Commission are applicable to employees on a leave with pay or a leave without pay status other than extended military service.

§ 200.735–15 Interpretive and advisory service.

(a) The Ethics Counsel shall be designated Counselor for the Commission and shall serve as the Commission’s delegate to the Office of Personnel
Management on matters covered by the rules in this subpart. The Ethics Counsel shall be responsible for coordinating the Commission’s counseling services provided under this section and for assuring that counseling and interpretations on questions of conflicts of interest and other matters covered by the rules in this subpart are available to all members and employees.

(b) There shall be designated as Deputy Counselors the Ethics Office, the Regional Director of each regional office, and the person in charge of each branch office. The Ethics Counsel or his or her designee shall provide guidance to the Deputy Counselors for the purpose of achieving uniform interpretations of this subpart.

(c) A member, employee, or former member or employee may obtain advice or guidance on the application of the rules in this subpart from any Deputy Counselor or the Ethics Counsel. In addition, any former member or employee seeking advice or an interpretation relating to the Ethics in Government Act shall submit his or her request to the Ethics Counsel.

(d) The Ethics Counsel and Deputy Counselors will treat information they receive pursuant to requests for advice or guidance under this Rule on a confidential basis, except that information they receive indicating a possible past violation of any provision of this Conduct Regulation or of the law will be brought to the attention of appropriate persons.

(e) The Ethics Office shall furnish a copy of this Conduct Regulation (subpart M) to each member, employee and special Government employee immediately upon his or her entrance on duty and shall thereafter, annually, and at such other times as circumstances warrant, bring to the attention of each member, employee and special Government employee this Conduct Regulation (subpart M) and all revisions thereof.

(f) The Ethics Office shall notify each member, employee and special Government employee at the time of entrance on duty, and from time to time thereafter, of the availability of counseling services and of how and where these services are available.

§200.735–16 Delegation.

Any official responsibility assigned to a person in a particular position pursuant to this subpart may be delegated by such person to any other person.

§200.735–17 Administration of the conduct regulation.

The Designated Agency Ethics Official is responsible for the day-to-day administration of this conduct regulation except where otherwise provided.

§200.735–18 Requests for waivers.

Unless a different procedure is specifically prescribed in a rule of this part, an employee may submit a request for a waiver, modification or postponement of a requirement included in this part to the Chairman. Such waiver, modification or postponement may be granted if it is determined by the Chairman that such waiver, modification or postponement would not adversely affect the interest of the Commission or the United States. Any such waiver, modification or postponement granted by the Chairman shall be made available to the public. The Chairman may submit any request made pursuant to this rule to the Commission for its consideration. Any Commission action on such request shall be made public only at the discretion of the Commission. Requirements included in this part which implement any provision of Federal law, regulation or Executive Order generally applicable to the Executive Branch shall not be waived under this provision.

Subpart A [Reserved]

Subpart B—Regulations Pertaining to the Equal Access to Justice Act

§ 201.31 Purpose of these rules.

The Equal Access to Justice Act, 5 U.S.C. 504 (called the Act in this subpart B), provides for the award of attorney fees and other expenses to eligible individuals and entities who are parties to certain administrative proceedings (called adversary adjudications) before the Commission. An eligible party may receive an award when it prevails over the Commission, unless the Commission’s position was substantially justified or special circumstances make the award unjust. The rules in this subpart describe the parties eligible for awards and the procedures that are covered. They also explain how to apply for awards, and the procedures and standards that the Commission will use in ruling on those applications.

[54 FR 53051, Dec. 27, 1989]
§ 201.32 When the Act applies.

The Act applies to adversary adjudications described in §201.33 pending or commenced before the Commission on or after August 5, 1985. It also applies to any adversary adjudication commenced on or after October 1, 1984, and finally disposed of before August 5, 1985, provided that an application for fees and expenses, as described in these rules, has been filed with the Commission within 30 days after August 5, 1985. Proceedings which have been substantially concluded are not deemed pending under these rules although officially pending for purposes such as concluding remedial actions found in Commission orders or private undertakings.

[54 FR 53051, Dec. 27, 1989]

§ 201.33 Proceedings covered.

(a) The Act applies to adversary adjudications conducted by the Commission. These are on the record adjudications under 5 U.S.C. 554 in which the position of an Office or Division of the Commission as a party, not including amicus participation, is presented by an attorney or other representative who enters an appearance and participates in the proceeding. See appendix, 17 CFR 201.60.

(b) The fact that the Commission has not identified a type of proceeding as an adversary adjudication shall not preclude the filing of an application by a party who believes the proceeding is covered by the Act; whether the proceeding is covered will then be an issue for resolution in proceedings on the application.

(c) If a proceeding includes both matters covered by the Act and matters specifically excluded from coverage, any award made will include only fees and expenses related to covered issues.

§ 201.34 Eligibility of applicants.

(a) To be eligible for an award of attorney fees and other expenses under the Act, the applicant must be a party to the adversary adjudication for which it seeks an award. The term party is defined in 5 U.S.C. 551(3). The applicant must show that it meets all conditions of eligibility set out in this subpart.

(b) The types of eligible applicants are as follows:

(1) An individual with a net worth of not more than $2 million;

(2) The sole owner of an unincorporated business who has a net worth of not more than $7 million, including both personal and business interests, and not more than 500 employees;

(3) A charitable or other tax-exempt organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) with not more than 500 employees;

(4) A cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)) with more than 500 employees; and

(5) Any other partnership, corporation, association, unit of local government, or public or private organization with a new worth of not more than $7 million and not more than 500 employees.

(c) For the purpose of eligibility, the net worth and number of employees of an applicant shall be determined as of the date the proceeding was initiated.

(d) An applicant who owns an unincorporated business will be considered as an individual rather than a sole owner of an unincorporated business if the issues on which the applicant prevails are related primarily to personal interests rather than to business interests.

(e) The employees of an applicant include all persons who regularly perform services for remuneration for the applicant, under the applicant’s direction and control. Part-time employees shall be included on a proportional basis.

(f) The net worth and number of employees of the applicant and all of its affiliates shall be aggregated to determine eligibility. Any individual, corporation or other entity that directly or indirectly controls or owns a majority of the voting shares or other interest of the applicant, or any corporation or entity of which the applicant directly or indirectly owns or controls a majority of the voting shares or other interest, will be considered an affiliate for purposes of this subpart, unless the administrative law judge determines
that such treatment would be unjust and contrary to the purposes of the Act in light of the actual relationship between the affiliated entities. In addition, the administrative law judge may determine that financial relationships of the applicant other than those described in this paragraph constitute special circumstances that would make an award unjust.

(g) An applicant that participates in a proceeding primarily on behalf of one or more other persons or entities that would be ineligible is not itself eligible for an award.

§ 201.35 Standards for awards.

(a) A prevailing applicant may receive an award for fees and expenses incurred in connection with a proceeding or in a significant and discrete substantive portion of the proceeding, unless the position of the Office or Division over which the applicant has prevailed was substantially justified. The position of the Office or Division includes, in addition to the position taken by the Office or Division in the adversary adjudication, the action or failure to act by the Office or Division upon which the adversary adjudication is based. The burden of proof that an award should not be made to an eligible prevailing applicant is on counsel for an Office or Division of the Commission, which must show that its position was reasonable in law and fact.

(b) An award will be reduced or denied if the applicant has unduly or unreasonably protracted the proceeding or if special circumstances make the award sought unjust.

§ 201.36 Allowable fees and expenses.

(a) Subject to the limitation of paragraph (b), awards will be based on rates customarily charged, in the locale of the hearing, by persons engaged in the business of acting as attorneys, agents and expert witnesses, even if the services were made available without charge or at a reduced rate to the applicant.

(b) No award of the fee of an attorney or agent under these rules may exceed $75.00 per hour. No award to compensate an expert witness may exceed the reasonable rate at which the Commission pays witnesses with similar expertise. However, an award may also include the reasonable expenses of the attorney, agent or witness as a separate item, if the attorney, agent or witness ordinarily charges clients separately for such expenses.

(c) In determining the reasonableness of the fee sought for an attorney, agent or expert witness, the administrative law judge shall consider the following:

(1) If the attorney, agent or witness is in private practice, his or her customary fee for similar services, or, if an employee of the applicant the fully allocated cost of the services;

(2) The prevailing rate for similar services in the community in which the attorney, agent or witness ordinarily performs services;

(3) The time actually spent in the representation of the applicant;

(4) The time reasonably spent in light of the difficulty or complexity of the issues in the proceeding; and

(5) Such other factors as may bear on the value of the services provided.

(d) The reasonable cost of any study, analysis, engineering report, test, project or similar matter prepared on behalf of a party may be awarded, to the extent that the charge for the service does not exceed the prevailing rate for similar services, and the study or other matter was necessary for preparation of the applicant’s case.

§ 201.37 Delegations of authority.

(a) The Commission may by order delegate authority to take final action on matters pertaining to the Equal Access to Justice Act in particular cases.

(b) Unless the Commission shall order otherwise, applications for awards of fees and expenses made pursuant to this subject shall be assigned by the Chief Administrative Law Judge to an administrative law judge for determination.

§ 201.41 Contents of application.

(a) An application for an award of fees and expenses under the Act shall identify the applicant, the proceeding for which an award is sought and contain the information required in this subpart. The application shall show that the applicant has prevailed and specify the position(s) of the opposing Office or Division in the proceeding that the applicant alleges was not substantially justified. Unless the applicant is an individual, the application shall also state the number of employees of the applicant and describe briefly the type and purpose of its organization or business.

(b) The application shall also include a statement that the applicant’s net worth does not exceed $2 million (if an individual) or $7 million (for all other applicants, including their affiliates). However, an applicant may omit this statement if:
   
   (1) It attaches a copy of a ruling by the Internal Revenue Service that it qualifies as an organization described in section 501(c)(3) of the Internal Revenue Code (26 U.S.C. 501(c)(3)) or, in the case of a tax-exempt organization not required to obtain a ruling from the Internal Revenue Service on its exempt status, a statement that describes the basis for the applicant’s belief that it qualifies under such section; or
   
   (2) It states that it is a cooperative association as defined in section 15(a) of the Agricultural Marketing Act (12 U.S.C. 1141j(a)).

(c) The application shall state the amount of fees and expenses for which an award is sought.

(d) The application may also include any other matters that the applicant wishes the Commission to consider in determining whether and in what amount an award should be made.

(e) The application shall be signed by the applicant or an authorized officer or attorney of the applicant. It shall also contain or be accompanied by a written verification under oath or under penalty of perjury that the information provided in the application is true and correct.

§ 201.42 Net worth exhibit.

(a) Each applicant, except a qualified tax-exempt organization or cooperative association, must provide with its application a detailed exhibit showing the net worth of the applicant and any affiliates (as defined in §201.34(f) of this part) when the proceeding was initiated. The exhibit may be in any form convenient to the applicant that provides full disclosure of the applicant’s and its affiliates’ assets and liabilities and is sufficient to determine whether the applicant qualifies under the standards in this subpart. The administrative law judge or the Commission may require an applicant to file additional information to determine its eligibility for an award.

(b) Ordinarily, the net worth exhibit will be included in the public record of the proceeding. However, an applicant that objects to public disclosure of information in any portion of the exhibit and believes there are legal grounds for withholding it from disclosure may submit that exhibit in accordance with 17 CFR 201.190.

[47 FR 610, Jan. 6, 1982, as amended at 60 FR 32795, June 23, 1995]

§ 201.43 Documentation of fees and expenses.

The application shall be accompanied by full documentation of the fees and expenses, including the cost of any study, analysis, engineering report, test, project or similar matter, for which an award is sought. A separate itemized statement shall be submitted for each professional firm or individual whose services are covered by the application, showing the hours spent in connection with the proceeding by each individual, a description of the specific services performed, the rate at which each fee has been computed, any expenses for which reimbursement is sought, the total amount claimed, and the total amount paid or payable by the applicant or by any other person or entity for the services provided. The applicant may be required to provide vouchers, receipts, or other substantiation for any fees or expenses claimed.

§ 201.44 When an application may be filed.

(a) An application may be filed whenever the applicant has prevailed in the proceeding or in a significant and discrete substantive portion of the proceeding, but in no case later than 30 days after the Commission’s final disposition of the proceeding.

(b) For purposes of this rule, final disposition means the date on which a decision or order disposing of the merits of the proceeding or any other complete resolution of the proceeding, such as a settlement or voluntary dismissal, becomes final and unappealable, both within the Commission and to the courts.

(c) If review or reconsideration is sought or taken of a decision as to which an applicant believes it has prevailed, proceedings for the award of fees shall be stayed pending final disposition of the underlying controversy.

[47 FR 610, Jan. 6, 1982, as amended at 54 FR 53052, Dec. 27, 1989]

§ 201.51 Filing and service of documents.

Any application for an award or other document related to an application shall be filed and served in the same manner as other papers in proceedings under the Commission’s Rules of Practice. In addition, a copy of each application for fees and expenses shall be served on the General Counsel of the Commission.

§ 201.52 Answer to application.

(a) Within 30 days after service of an application, counsel representing the Office or Division of the Commission may file an answer to the application. Unless the Office or Division of the Commission counsel requests an extension of time for filing or files a statement of their intent to negotiate under paragraph (b) of this section, failure to file an answer within the 30-day period may be treated as a consent to the award requested.

(b) If counsel for the Office or Division of the Commission and the applicant believe that the issues in the fee application can be settled, they may jointly file a statement of their intent to negotiate a settlement. The filing of this statement shall extend the time for filing an answer for an additional 30 days, and further extensions may be granted upon request by agency counsel and the applicant.

(c) The answer shall explain any objections to the award requested and identify the facts relied on in support of that position. If the answer is based on any alleged facts not already in the record of the proceeding, it shall include supporting affidavits or a request for further proceedings under §201.55.

§ 201.53 Reply.

Within 15 days after service of an answer, the applicant may file a reply. If the reply is based on any alleged facts not already in the record of the proceeding, the applicant shall include with the reply either supporting affidavits or a request for further proceedings under §201.55.

§ 201.54 Settlement.

The applicant and counsel for the Office or Division of the Commission may agree on a proposed settlement of the award before final action on the application, either in connection with a settlement of the underlying proceeding or after the underlying proceeding has been concluded, in accordance with the Commission’s standard settlement procedure. See 17 CFR 201.240. If a prevailing party and counsel for the Office or Division of the Commission agree on a proposed settlement of an award before an application has been filed, the application shall be filed with the proposed settlement. If a proposed settlement provides that each side shall bear its own expenses, and the settlement is accepted, no application may be filed.

[54 FR 53052, Dec. 27, 1989, as amended at 60 FR 32795, June 23, 1995]

§ 201.55 Further proceedings.

(a) Ordinarily, the determination of an award will be made on the basis of the written record. However, on request of either the applicant or counsel for the Office or Division of the Commission, or on his or her own initiative, the administrative law judge may order further proceedings, such as an informal conference, oral argument, additional written submissions or, as
to issues other than substantial justification (such as the applicant’s eligibility or substantiation of fees and expenses) an evidentiary hearing. The administrative law judge may order all proceedings that are otherwise available under §201.221 and §201.222(a). Such further proceedings shall be held only when necessary for full and fair resolution of the issues arising from the application, and shall be conducted as promptly as possible. Whether or not the Commission’s position was substantially justified shall be determined on the basis of the administrative record, as a whole, which is made in the adversary adjudication for which fees and other expenses are sought.

(b) A request for further proceedings under this section shall specifically identify the information sought or the disputed issues and shall explain why the additional proceedings are necessary to resolve the issues.

§ 201.56 Decision.

The administrative law judge shall issue an initial decision on the application promptly after completion of proceedings on the application. The decision shall include written findings and conclusions on the applicant’s eligibility and status as a prevailing party, and an explanation of the reasons for any difference between the amount requested and the amount awarded. The decision shall also include, if at issue, findings on whether the Commission’s position was substantially justified, whether the applicant unduly protracted the proceedings, or whether special circumstances make an award unjust.

§ 201.57 Commission review.

In accordance with the procedures set forth in 17 CFR 201.410 and 201.411, either the applicant or counsel for the Office or Division of the Commission may seek review of the initial decision on the fee application, or the Commission may decide to review the decision on its own initiative. If neither the applicant nor counsel for the Division or Office of the Commission seeks review and the Commission does not take review on its own initiative, the initial decision on the application shall become a final decision of the Commission 30 days after it is issued. Whether to review a decision is a matter within the discretion of the Commission. If review is taken, the Commission will issue a final decision on the application or remand the application to the administrative law judge for further proceedings.

[47 FR 610, Jan. 6, 1982, as amended at 60 FR 32795, June 23, 1995]

§ 201.58 Judicial review.

Judicial review of final Commission decisions on awards may be sought as provided in 5 U.S.C. 504(c)(2).

§ 201.59 Payment of award.

An applicant seeking payment of an award shall submit to the Chief Financial Officer of the Commission a copy of the Commission’s final decision granting the award, accompanied by a sworn statement that the applicant will not seek review of the decision in the United States courts. The Commission will pay the amount awarded to the applicant as authorized by law, unless judicial review of the award has been sought by the applicant.

In any proceeding, a person may be represented by an attorney at law admitted to practice before the Supreme Court of the United States or the highest court of any State (as defined in Section 3(a)(16) of the Exchange Act, 15 U.S.C. 78c(a)(16)); a member of a partnership may represent the partnership; a bona fide officer of a corporation, trust or association may represent the corporation, trust or association; and an officer or employee of a state commission or of a department or political subdivision of a state may represent the state commission or the department or political subdivision of the state.

(c) Former Commission employees. Former employees of the Commission must comply with the restrictions on practice contained in the Commission’s Conduct Regulation, Subpart M, 17 CFR 200.735.

(d) Designation of address for service; notice of appearance; power of attorney; withdrawal—(1) Representing oneself. When an individual first makes any filing or otherwise appears on his or her own behalf before the Commission or a hearing officer in a proceeding as defined in §201.101(a), he or she shall file with the Commission, or otherwise state on the record, and keep current, an address at which any notice or other written communication required to be served upon him or her or furnished to him or her may be sent and a telephone number where he or she may be reached during business hours.

(2) Representing others. When a person first makes any filing or otherwise appears in a representative capacity before the Commission or a hearing officer in a proceeding as defined in §201.101(a), that person shall file with the Commission, and keep current, a written notice stating the name of the proceeding; the representative’s name, business address and telephone number; and the name and address of the person or persons represented.

(3) Power of attorney. Any individual appearing or practicing before the Commission in a representative capacity may be required to file a power of attorney with the Commission showing his or her authority to act in such capacity.

(4) Withdrawal. Any person seeking to withdraw his or her appearance in a representative capacity shall file a notice of withdrawal with the Commission or the hearing officer. The notice shall state the name, address, and telephone number of the withdrawing representative; the name, address, and telephone number of the person for whom the appearance was made; and the effective date of the withdrawal. If the person seeking to withdraw knows the name, address, and telephone number of the person for whom the appearance was made and the effective date of the withdrawal, that information shall be included in the notice. The notice must be served on the parties in accordance with §201.150. The notice shall be filed at least five days before the proposed effective date of the withdrawal.

(e) Suspension and disbarment—(1) Generally. The Commission may suspend, permanently or temporarily, the privilege of appearing or practicing before it in any way to any person who is found by the Commission after notice and opportunity for hearing in the matter:

(i) Not to possess the requisite qualifications to represent others; or
(i) To be lacking in character or integrity or to have engaged in unethical or improper professional conduct; or

(ii) To have willfully violated, or willfully aided and abetted the violation of any provision of the Federal securities laws or the rules and regulations thereunder.

(iii) To have willfully violated, or willfully aided and abetted the violation of any provision of the Federal securities laws or the rules and regulations thereunder.

(iv) With respect to persons licensed to practice as accountants, “improper professional conduct” under §201.102(e)(1)(ii) means:

(A) Intentional or knowing conduct, including reckless conduct, that results in a violation of applicable professional standards; or

(B) Either of the following two types of negligent conduct:

(1) A single instance of highly unreasonable conduct that results in a violation of applicable professional standards in circumstances in which an accountant knows, or should know, that heightened scrutiny is warranted.

(2) Repeated instances of unreasonable conduct, each resulting in a violation of applicable professional standards, that indicate a lack of competence to practice before the Commission.

(2) Certain professionals and convicted persons. Any attorney who has been suspended or disbarred by a court of the United States or of any State; or any person whose license to practice as an accountant, engineer, or other professional or expert has been revoked or suspended in any State; or any person who has been convicted of a felony or a misdemeanor involving moral turpitude shall be forthwith suspended from appearing or practicing before the Commission. A disbarment, suspension, revocation or conviction within the meaning of this section shall be deemed to have occurred when the disbarred, suspending, revoking or convicting agency or tribunal enters its judgment or order, including a judgment or order on a plea of nolo contendere, regardless of whether an appeal of such judgment or order is pending or could be taken.

(3) Temporary suspensions. An order of temporary suspension shall become effective upon service on the respondent. No order of temporary suspension shall be entered by the Commission pursuant to paragraph (e)(3)(i) of this section more than 90 days after the date on which the final judgment or order entered in a judicial or administrative proceeding described in paragraph (e)(3)(i)(A) or (e)(3)(i)(B) of this section has become effective, whether upon completion of review or appeal procedures or because further review or appeal procedures are no longer available.

(i) The Commission, with due regard to the public interest and without preliminary hearing, may, by order, temporarily suspend from appearing or practicing before it any attorney, accountant, engineer, or other professional or expert who has been named:

(A) Permanently enjoined by any court of competent jurisdiction, by reason of his or her misconduct in an action brought by the Commission, from violating or aiding and abetting the violation of any provision of the Federal securities laws or of the rules and regulations thereunder; or

(B) Found by any court of competent jurisdiction in an action brought by the Commission to which he or she is a party or found by the Commission in any administrative proceeding to which he or she is a party to have violated (unless the violation was found not to have been willful) or aided and abetted the violation of any provision of the Federal securities laws or of the rules and regulations thereunder.

(ii) Any person temporarily suspended from appearing and practicing before the Commission in accordance with paragraph (e)(3)(i) of this section may, within 30 days after service upon him or her of the order of temporary suspension, petition the Commission to lift the temporary suspension. If no petition has been received by the Commission within 30 days after service of the order, the suspension shall become permanent.

(iii) Within 30 days after the filing of a petition in accordance with paragraph (e)(3)(ii) of this section, the Commission shall either lift the temporary suspension, or set the matter down for hearing at a time and place designated by the Commission, or both, and, after opportunity for hearing, may censure the petitioner or disqualify the petitioner from appearing or practicing before the Commission for a period of
time or permanently. In every case in which the temporary suspension has not been lifted, every hearing held and other action taken pursuant to this paragraph (e)(3) shall be expedited in accordance with §201.500. If the hearing is held before a hearing officer, the time limits set forth in §201.540 will govern review of the hearing officer’s initial decision.

(iv) In any hearing held on a petition filed in accordance with paragraph (e)(3)(ii) of this section, the staff of the Commission shall show either that the petitioner has been enjoined as described in paragraph (e)(3)(i)(A) of this section or that the petitioner has been found to have committed or aided and abetted violations as described in paragraph (e)(3)(i)(B) of this section and that showing, without more, may be the basis for censure or disqualification. Once that showing has been made, the burden shall be upon the petitioner to show cause why he or she should not be censured or temporarily or permanently disqualified from appearing and practicing before the Commission. In any such hearing, the petitioner may not contest any finding made against him or her or fact admitted by him or her in the judicial or administrative proceeding upon which the proceeding under this paragraph (e)(3) is predicated. A person who has consented to the entry of a permanent injunction as described in paragraph (e)(3)(i)(A) of this section without admitting the facts set forth in the complaint shall be presumed for all purposes under this paragraph (e)(3) to have been enjoined by reason of the misconduct alleged in the complaint.

(4) Filing of prior orders. Any person appearing or practicing before the Commission who has been the subject of an order, judgment, decree, or finding as set forth in paragraph (e)(3) of this section shall promptly file with the Secretary a copy thereof (together with any related opinion or statement of the agency or tribunal involved). Failure to file any such paper, order, judgment, decree or finding shall not impair the operation of any other provision of this section.

(5) Reinstatement. (i) An application for reinstatement of a person permanently suspended or disqualified under paragraph (e)(1) or (e)(3) of this section may be made at any time, and the applicant may, in the Commission’s discretion, be afforded a hearing; however, the suspension or disqualification shall continue unless and until the applicant has been reinstated by the Commission for good cause shown.

(ii) Any person suspended under paragraph (e)(2) of this section shall be reinstated by the Commission, upon appropriate application, if all the grounds for application of the provisions of that paragraph are subsequently removed by a reversal of the conviction or termination of the suspension, disbarment, or revocation. An application for reinstatement on any other grounds by any person suspended under paragraph (e)(2) of this section may be filed at any time and the applicant shall be accorded an opportunity for a hearing in the matter; however, such suspension shall continue unless and until the applicant has been reinstated by order of the Commission for good cause shown.

(6) Other proceedings not precluded. A proceeding brought under paragraph (e)(1), (e)(2) or (e)(3) of this section shall not preclude another proceeding brought under these same paragraphs.

(7) Public hearings. All hearings held under this paragraph (e) shall be public unless otherwise ordered by the Commission on its own motion or after considering the motion of a party.

(f) Practice defined. For the purposes of these Rules of Practice, practicing before the Commission shall include, but shall not be limited to:

(1) Transacting any business with the Commission; and

(2) The preparation of any statement, opinion or other paper by any attorney, accountant, engineer or other professional or expert, filed with the Commission in any registration statement, notification, application, report or other document with the consent of such attorney, accountant, engineer or other professional or expert.

§ 201.111 Hearing officer: Authority.

The hearing officer shall have the authority to do all things necessary and appropriate to discharge his or her duties. (c) Suitability for recordkeeping. Documents which, in the opinion of the Commission, are not suitable for computer scanning or microfilming may be rejected.

(d) Number of copies. An original and three copies of all papers shall be filed, unless filing is made by facsimile in accordance with §201.151. If filing is made by facsimile, the filer shall also transmit to the Office of the Secretary one non-facsimile original with a manual signature, contemporaneously with the facsimile transmission. The non-facsimile original must be accompanied by a statement of the date on which, and the facsimile number to which, the party made transmission of the facsimile filing.

§ 201.155

(b) Effect of signature. (1) The signature of a counsel or party shall constitute a certification that:

(i) the person signing the filing has read the filing;

(ii) to the best of his or her knowledge, information, and belief, formed after reasonable inquiry, the filing is well grounded in fact and is warranted by existing law or a good faith argument for the extension, modification, or reversal of existing law; and

(iii) the filing is not made for any improper purpose, such as to harass or to cause unnecessary delay or needless increase in the cost of adjudication.

(2) If a filing is not signed, the hearing officer or the Commission shall strike the filing, unless it is signed promptly after the omission is called to the attention of the person making the filing.

§ 201.154 Motions.

(a) Generally. Unless made during a hearing or conference, a motion shall be in writing, shall state with particularity the grounds therefor, shall set forth the relief or order sought, and shall be accompanied by a written brief of the points and authorities relied upon. All written motions shall be served in accordance with § 201.150, be filed in accordance with § 201.151, meet the requirements of § 201.152, and be signed in accordance with § 201.153. Unless otherwise ordered by the Commission or the hearing officer, if a motion is properly made to the Commission concerning a proceeding to which a hearing officer is assigned, the proceeding before the hearing officer shall continue pending the determination of the motion by the Commission. No oral argument shall be heard on any motion unless the Commission or the hearing officer otherwise directs.

(c) Length limitation. No motion (together with the brief in support of the motion), brief in opposition to the motion, or reply brief shall exceed 7,000 words, exclusive of any table of contents or table of authorities. The word limit shall not apply to any addendum that consists solely of copies of applicable cases, pertinent legislative provisions or rules, or relevant exhibits. Requests for leave to file motions and briefs in excess of 7,000 words are disfavored. A motion or brief, together with any accompanying brief, that does not exceed 15 pages in length, exclusive of pages containing the table of contents, table of authorities, and any addendum that consists solely of copies of applicable cases, pertinent legislative provisions, or rules and exhibits, but inclusive of pleadings incorporated by reference, is presumptively considered to contain no more than 7,000 words. Any motion or brief that exceeds these page limits must include a certificate by the attorney, or an unrepresented party, stating that the document complies with the length limitation set forth in this paragraph and stating the number of words in the document. The person preparing the certificate may rely on the word count of a word-processing program to prepare the document.

§ 201.155 Default; motion to set aside default.

(a) A party to a proceeding may be deemed to be in default and the Commission or the hearing officer may determine the proceeding against that party upon consideration of the record, including the order instituting proceedings, the allegations of which may be deemed to be true, if that party fails:

(2) To answer, to respond to a dispositive motion within the time provided, or otherwise to defend the proceeding; or

§ 201.160 Time computation.

(a) Computation. In computing any period of time prescribed in or allowed by these Rules of Practice or by order of the Commission, the day of the act, event, or default from which the designated period of time begins to run shall not be included. The last day of the period so computed shall be included unless it is a Saturday, Sunday, or Federal legal holiday (as defined in § 201.104), in which event the period runs until the end of the next day that is not a Saturday, Sunday, or Federal legal holiday. Intermediate Saturdays, Sundays, and Federal legal holidays shall be excluded from the computation when the period of time prescribed or allowed is seven days or less, not including any additional time allowed for service by mail in paragraph (b) of this section. If on the day a filing is to be made, weather or other conditions have caused the Secretary’s office or other designated filing location to close, the filing deadline shall be extended to the end of the next day that is neither a Saturday, a Sunday, nor a Federal legal holiday.

(b) Additional time for service by mail. If service is made by mail, three days shall be added to the prescribed period for response unless an order of the Commission or the hearing officer specifies a date certain for filing. In the event that an order of the Commission or the hearing officer specifies a date certain for filing, no time shall be added for service by mail.

§ 201.161 Extensions of time, postponements and adjournments.

(a) Availability. Except as otherwise provided by law, the Commission, at any time, or the hearing officer, at any time prior to the filing of his or her initial decision or, if no initial decision is to be filed, at any time prior to the closing of the record, may, for good cause shown, extend or shorten any time limits prescribed by these Rules of Practice for the filing of any papers and may, consistent with paragraphs (b) and (c) of this section, postpone or adjourn any hearing.

(b) Considerations in determining whether to extend time limits or grant postponements, adjournments and extensions. (1) In considering all motions or requests pursuant to paragraph (a) or (b) of this section, the Commission or the hearing officer should adhere to a policy of strongly disfavoring such requests, except in circumstances where the requesting party makes a strong showing that the denial of the request or motion would substantially prejudice their case. In determining whether to grant any requests, the Commission or hearing officer shall consider, in addition to any other relevant factors:

(i) The length of the proceeding to date;

(ii) The number of postponements, adjournments or extensions already granted;

(iii) The stage of the proceedings at the time of the request;

(iv) The impact of the request on the hearing officer’s ability to complete the proceeding in the time specified by the Commission; and

(v) Any other such matters as justice may require.

(2) To the extent that the Commission has chosen a timeline under which the hearing would occur beyond the statutory 60-day deadline, this policy of strongly disfavoring requests for postponement will not apply to a request by a respondent to postpone commencement of a cease and desist proceeding hearing beyond the statutory 60-day period.

(c)(1) Time limit. Postponements, adjournments or extensions of time for filing papers shall not exceed 21 days unless the Commission or the hearing officer states on the record or sets forth in a written order the reasons why a longer period of time is necessary.
(2) Stay pending Commission consideration of offers of settlement. (i) If the Commission staff and one or more respondents in the proceeding file a joint motion notifying the hearing officer that they have agreed in principle to a settlement on all major terms, then the hearing officer shall stay the proceeding as to the settling respondent(s), or in the discretion of the hearing officer as to all respondents, pending completion of Commission consideration of the settlement offer. Any such stay will be contingent upon:

(A) The settling respondent(s) submitting to the Commission staff, within fifteen business days of the stay, a signed offer of settlement in conformance with §201.240; and

(B) Within twenty business days of receipt of the signed offer, the staff submitting the settlement offer and accompanying recommendation to the Commission for consideration.

(ii) If the parties fail to meet either of these deadlines or if the Commission rejects the offer of settlement, the hearing officer must be promptly notified and, upon notification of the hearing officer, the stay shall lapse and the proceeding will continue. In the circumstance where:

(A) A hearing officer has granted a stay because the parties have “agreed in principle to a settlement;”

(B) The agreement in principle does not materialize into a signed settlement offer within 15 business days of the stay; and

(C) The stay lapses, the hearing officer will not be required to grant another stay related to the settlement process until both parties have notified the hearing officer in writing that a signed settlement offer has been prepared, received by the Commission’s staff, and will be submitted to the Commission.

(iii) The granting of any stay pursuant to this paragraph (c) shall not affect any deadline set pursuant to §201.360.

§ 201.180 Sanctions.

(a) Contemptuous conduct—(1) Subject to exclusion or suspension. Contemptuous conduct by any person before the Commission or a hearing officer during any proceeding, including any conference, shall be grounds for the Commission or the hearing officer to:

(i) Exclude that person from such hearing or conference, or any portion thereof; and/or

(ii) Summarily suspend that person from representing others in the proceeding in which such conduct occurred for the duration, or any portion, of the proceeding.

(2) Review procedure. A person excluded from a hearing or conference, or a counsel summarily suspended from practice for the duration or any portion of a proceeding, may seek review of the exclusion or suspension by filing with the Commission, within three days of the exclusion or suspension order, a motion to vacate the order. The Commission shall consider such motion on an expedited basis as provided in §201.500.

(3) Adjournment. Upon motion by a party represented by counsel subject to an order of exclusion or suspension, an adjournment shall be granted to allow the retention of new counsel. In determining the length of an adjournment, the Commission or hearing officer shall consider, in addition to the factors set forth in §201.161, the availability of co-counsel for the party or of other members of a suspended counsel’s firm.

(b) Deficient filings; leave to cure deficiencies. The Commission or the hearing officer may reject, in whole or in part, any filing that fails to comply with any requirements of these Rules of Practice or of any order issued in the proceeding in which the filing was made. Any such filings shall not be part of the record. The Commission or the hearing officer may direct a party to cure any deficiencies and to resubmit the filing within a fixed time period.

(c) Failure to make required filing or to cure deficient filing. The Commission or the hearing officer may enter a default pursuant to §201.155, dismiss the case, decide the particular matter at issue against that person, or prohibit the introduction of evidence or exclude testimony concerning that matter if a person fails:

(1) To make a filing required under these Rules of Practice; or
§ 201.190 Confidential treatment of information in certain filings.

(a) Application. An application for confidential treatment pursuant to the provisions of Clause 30 of Schedule A of the Securities Act of 1933, 15 U.S.C. 77aa(30), and Rule 406 thereunder, 17 CFR 230.406; Section 24(b)(2) of the Securities Exchange Act of 1934, 15 U.S.C. 78x(b)(2), and Rule 24b–2 thereunder, 17 CFR 240.24b–2; Section 45(a) of the Investment Company Act of 1940, 15 U.S.C. 80a–45(a), and Rule 45a–1 thereunder, 17 CFR 270.45a–1; or Section 210(a) of the Investment Advisers Act of 1940, 15 U.S.C. 80b–10(a), shall be filed with the Secretary. The application shall be accompanied by a sealed copy of the materials as to which confidentiality is sought.

(b) Procedure for supplying additional information. The applicant may be required to furnish in writing additional information with respect to the grounds for objection to public disclosure. Failure to supply the information so requested within 14 days from the date of receipt by the applicant of a notice of the information required shall be deemed a waiver of the objection to public disclosure of that portion of the information to which the additional information relates, unless the Commission or the hearing officer shall otherwise order for good cause shown at or before the expiration of such 14-day period.

(c) Confidentiality of materials pending final decision. Pending the determination of the application for confidential treatment, transcripts, non-final orders including an initial decision, if any, and other materials in connection with the application shall be placed under seal; shall be for the confidential use only of the hearing officer, the Commission, the applicant, and any other parties and counsel; and shall be made available to the public only in accordance with orders of the Commission.

(d) Public availability of orders. Any final order of the Commission denying or sustaining an application for confidential treatment shall be made public. Any prior findings or opinions relating to an application for confidential treatment under this section shall be made public at such time as the material as to which confidentiality was requested is made public.

[60 FR 32796, June 23, 1995, as amended at 76 FR 71875, Nov. 21, 2011]

§ 201.191 Adjudications not required to be determined on the record after notice and opportunity for hearing.

(a) Scope of the rule. This rule applies to every case of adjudication, as defined in 5 U.S.C. 551, pursuant to any statute which the Commission administers, where adjudication is not required to be determined on the record after notice and opportunity for hearing and which the Commission has not chosen to determine on the record after notice and opportunity for hearing.

(b) Procedure. In every case of adjudication under paragraph (a) of this section, the Commission shall give prompt notice of any adverse action or final disposition to any person who has requested the Commission to make (or not to make) any such adjudication, and furnish to any such person a written statement of reasons therefor. Additional procedures may be specified in rules relating to specific types of such adjudications. Where any such rule provides for the publication of a Commission order, notice of the action or disposition shall be deemed to be given by such publication.

(c) Contents of the record. If the Commission provides notice and opportunity for the submission of written comments by parties to the adjudication or, as the case may be, by other interested persons, written comments received on or before the closing date for comments, unless accorded confidential treatment pursuant to statute or rule of the Commission, become a part of the record of the adjudication. The Commission, in its discretion, may accept and include in the record written comments filed with the Commission after the closing date.
§ 201.192 Rulemaking: Issuance, amendment and repeal of rules of general application.

(a) By petition. Any person desiring the issuance, amendment or repeal of a rule of general application may file a petition therefor with the Secretary. Such petition shall include a statement setting forth the text or the substance of any proposed rule or amendment desired or specifying the rule the repeal of which is desired, and stating the nature of his or her interest and his or her reasons for seeking the issuance, amendment or repeal of the rule. The Secretary shall acknowledge, in writing, receipt of the petition and refer it to the appropriate division or office for consideration and recommendation. Such recommendations shall be transmitted with the petition to the Commission for such action as the Commission deems appropriate. The Secretary shall notify the petitioner of the action taken by the Commission.

(b) Notice of proposed issuance, amendment or repeal of rules. Except where the Commission finds that notice and public procedure are impracticable, unnecessary, or contrary to the public interest, whenever the Commission proposes to issue, amend, or repeal any rule or regulation of general application other than an interpretive rule; general statement of policy; or rule of agency organization, procedure, or practice; or any matter relating to agency management or personnel or to public property, loans, grants, benefits, or contracts, there shall first be published in the FEDERAL REGISTER a notice of the proposed action. Such notice shall include:

(1) A statement of the time, place, and nature of the rulemaking proceeding, with particular reference to the manner in which interested persons shall be afforded the opportunity to participate in such proceeding;

(2) Reference to the authority under which the rule is proposed; and

(3) The terms or substance of the proposed rule or a description of the subjects and issues involved.

§ 201.193 Applications by barred individuals for consent to associate.

Preliminary note

This rule governs applications to the Commission by certain persons, barred by Commission order from association with brokers, dealers, municipal securities dealers, government securities brokers, government securities dealers, investment advisers, investment companies or transfer agents, for consent to become so associated. Applications made pursuant to this section must show that the proposed association would be consistent with the public interest. In addition to the information specifically required by the rule, applications should be supplemented, where appropriate, by written statements of individuals (other than the applicant) who are competent to attest to the applicant’s character, employment performance, and other relevant information. Intentional misstatements or omissions of fact may constitute criminal violations of 18 U.S.C. 1001 et seq. and other provisions of law.

The nature of the supervision that an applicant will receive or exercise as an associated person with a registered entity is an important matter bearing upon the public interest. In meeting the burden of showing that the proposed association is consistent with the public interest, the application and supporting documentation must demonstrate that the proposed supervision, procedures, or terms and conditions of employment are reasonably designed to prevent a recurrence of the conduct that led to imposition of the bar. As an associated person, the applicant will be limited to association in a specified capacity with a particular registered entity and may also be subject to specific terms and conditions.

Normally, the applicant’s burden of demonstrating that the proposed association is consistent with the public interest will be difficult to meet where the applicant is to be supervised by, or is to supervise, another barred individual. In addition, where an applicant wishes to become the sole proprietor of a registered entity and thus is seeking Commission consent notwithstanding an absence of supervision, the applicant’s burden will be difficult to meet.

In addition to the factors set forth in paragraph (d) of this section, the Commission will consider the nature of the findings that resulted in the bar when making its determination as to whether the proposed association is consistent with the public interest. In this regard, attention is directed to Rule 5(e) of the Commission’s Rules on Informal and Other Procedures, 17 CFR 202.5(e). Among other things, Rule 5(e) sets forth the Commission’s policy “not to permit a * * * respondent [in an administrative proceeding] to consent to * * * [an] order that imposes a
sanction while denying the allegations in the * * * order for proceedings." Consistent with the rationale underlying that policy, and in order to avoid the appearance that an application made pursuant to this section was granted on the basis of such denial, the Commission will not consider any application that attempts to reargue or collaterally attack the findings that resulted in the Commission’s bar order.

(a) Scope of rule. Applications for Commission consent to associate, or to change the terms and conditions of association, with a registered broker, dealer, municipal securities dealer, government securities broker, government securities dealer, investment adviser, investment company or transfer agent may be made pursuant to this section where a Commission order bars the individual from association with a registered entity and:

(1) Such barred individual seeks to become associated with an entity that is not a member of a self-regulatory organization; or

(2) The order contains a proviso that application may be made to the Commission after a specified period of time.

(b) Form of application. Each application shall be supported by an affidavit, manually signed by the applicant, that addresses the factors set forth in paragraph (d) of this section. One original and three copies of the application shall be filed pursuant to §§201.151, 201.152 and 201.153. Each application shall include as exhibits:

(1) A copy of the Commission order imposing the bar;

(2) An undertaking by the applicant to notify immediately the Commission in writing if any information submitted in support of the application becomes materially false or misleading while the application is pending;

(3) The following forms, as appropriate:

(i) A copy of a completed Form U–4, where the applicant’s proposed association is with a broker-dealer or municipal securities dealer;

(ii) A copy of a completed Form MSD–4, where the applicant’s proposed association is with a bank municipal securities dealer;

(iii) The information required by Form ADV, 17 CFR 279.1, with respect to the applicant, where the applicant’s proposed association is with an investment adviser;

(iv) The information required by Form TA–1, 17 CFR 249b.100, with respect to the applicant, where the applicant’s proposed association is with a transfer agent; and

(4) A written statement by the proposed employer that describes:

(i) The terms and conditions of employment and supervision to be exercised over such applicant and, where applicable, by such applicant;

(ii) The qualifications, experience, and disciplinary records of the proposed supervisor(s) of the applicant;

(iii) The compliance and disciplinary history, during the two years preceding the filing of the application, of the office in which the applicant will be employed; and

(iv) The names of any other associated persons in the same office who have previously been barred by the Commission, and whether they are to be supervised by the applicant.

(c) Required showing. The applicant shall make a showing satisfactory to the Commission that the proposed association would be consistent with the public interest.

(d) Factors to be addressed. The affidavit required by paragraph (b) of this section shall address each of the following:

(1) The time period since the imposition of the bar;

(2) Any restitution or similar action taken by the applicant to recompense any person injured by the misconduct that resulted in the bar;

(3) The applicant’s compliance with the order imposing the bar;

(4) The applicant’s employment during the period subsequent to imposition of the bar;

(5) The capacity or position in which the applicant proposes to be associated;

(6) The manner and extent of supervision to be exercised over such applicant and, where applicable, by such applicant;

(7) Any relevant courses, seminars, examinations or other actions completed by the applicant subsequent to imposition of the bar to prepare for his or her return to the securities business; and
(8) Any other information material to the application.

(e) Notification to applicant and written statement. In the event an adverse recommendation is proposed by the staff with respect to an application made pursuant to this section, the applicant shall be so advised and provided with a written statement of the reasons for such recommendation. The applicant shall then have 30 days to submit a written statement in response.

(f) Concurrent applications. The Commission will not consider any application submitted pursuant to this section if any other application for consent to associate concerning the same applicant is pending before any self-regulatory organization.

INITIATION OF PROCEEDINGS AND PREHEARING RULES

§ 201.200 Initiation of proceedings.

(a) Order instituting proceedings: Notice and opportunity for hearing—(1) Generally. Whenever an order instituting proceedings is issued by the Commission, appropriate notice thereof shall be given to each party to the proceeding by the Secretary or another duly designated officer of the Commission. Each party shall be given notice of any hearing within a time reasonable in light of the circumstances, in advance of the hearing; provided, however, no prior notice need be given to a respondent if the Commission has authorized the Division of Enforcement to seek a temporary sanction ex parte.

(2) Stop order proceedings: Additional persons entitled to notice. Any notice of a proceeding relating to the issuance of a stop order suspending the effectiveness of a registration statement pursuant to Section 8(d) of the Securities Act of 1933, 15 U.S.C. 77h(d), shall be sent to or served on the issuer; or, in the case of a foreign or territorial person, sent to or served on its duly authorized representative in the United States named in the registration statement, properly directed in the case of telegraphic notice to the address given in such statement. In addition, if such proceeding is commenced within 90 days after the registration statement has become effective, notice of the proceeding shall be given to the agent for service named on the facing sheet of the registration statement and to each other person designated on the facing sheet of the registration statement as a person to whom copies of communications to such agent are to be sent.

(b) Content of order. The order instituting proceedings shall:

(1) State the nature of any hearing;
(2) State the legal authority and jurisdiction under which the hearing is to be held;
(3) Contain a short and plain statement of the matters of fact and law to be considered and determined, unless the order directs an answer pursuant to §201.220 in which case the order shall set forth the factual and legal basis alleged therefor in such detail as will permit a specific response thereto; and
(4) State the nature of any relief or action sought or taken.

(c) Time and place of hearing. The time and place for any hearing shall be fixed with due regard for the public interest and the convenience and necessity of the parties, other participants, or their representatives.

(d) Amendment to order instituting proceedings—(1) By the Commission. Upon motion by a party, the Commission may, at any time, amend an order instituting proceedings to include new matters of fact or law.

(2) By the hearing officer. Upon motion by a party, the hearing officer may, at any time prior to the filing of an initial decision or, if no initial decision is to be filed, prior to the time fixed for the filing of final briefs with the Commission, amend an order instituting proceedings to include new matters of fact or law that are within the scope of the original order instituting proceedings.

(e) Publication of notice of public hearings. Unless otherwise ordered by the Commission, notice of any public hearing shall be given general circulation by release to the public, by publication in the SEC News Digest and, where directed, by publication in the Federal Register.
§ 201.201 Consolidation and severance of proceedings.

(a) Consolidation. By order of the Commission or a hearing officer, proceedings involving a common question of law or fact may be consolidated for hearing of any or all the matters at issue in such proceedings. The Commission or the hearing officer may make such orders concerning the conduct of such proceedings as it deems appropriate to avoid unnecessary cost or delay. Consolidation shall not prejudice any rights under these Rules of Practice and shall not affect the right of any party to raise issues that could have been raised if consolidation had not occurred. For purposes of this section, no distinction is made between joinder and consolidation of proceedings.

(b) Severance. By order of the Commission, any proceeding may be severed with respect to one or more parties. Any motion to sever must be made solely to the Commission and must include a representation that a settlement offer is pending before the Commission or otherwise show good cause.

§ 201.202 Specification of procedures by parties in certain proceedings.

(a) Motion to specify procedures. In any proceeding other than an enforcement or disciplinary proceeding, a proceeding to review a determination by a self-regulatory organization pursuant to §§201.420 and 201.421, or a proceeding to review a determination of the Board pursuant to §§201.440 and 201.441, a party may, at any time up to 20 days prior to the start of a hearing, make a motion to specify the procedures necessary or appropriate for the proceeding with particular reference to:

(1) Whether there should be an initial decision by a hearing officer;
(2) Whether any interested division of the Commission may assist in the preparation of the Commission’s decision; and
(3) Whether there should be a 30-day waiting period between the issuance of the Commission’s order and the date it is to become effective.

(b) Objections; effect of failure to object. Any other party may object to the procedures so specified, and such party may specify such additional procedures as it considers necessary or appropriate. In the absence of such objection or such specification of additional procedures, such other party may be deemed to have waived objection to the specified procedures.

(c) Approval required. Any proposal pursuant to paragraph (a) of this section, even if not objected to by any party, shall be subject to the written approval of the hearing officer.

(d) Procedure upon agreement to waive an initial decision. If an initial decision is waived pursuant to paragraph (a) of this section, the hearing officer shall notify the Secretary and, unless the Commission directs otherwise within 14 days, no initial decision shall be issued.

§ 201.210 Parties, limited participants and amici curiae.

(a) Parties in an enforcement or disciplinary proceeding, a proceeding to review a self-regulatory organization determination, or a proceeding to review a Board determination—(1) Generally. No person shall be granted leave to become a party or a non-party participant on a limited basis in an enforcement or disciplinary proceeding, a proceeding to review a determination by a self-regulatory organization pursuant to §§201.420 and 201.421, or a proceeding to review a determination by the Board pursuant to §§201.440 and 201.441, except as authorized by paragraph (c) of this section.

(2) Disgorgement proceedings. In an enforcement proceeding, a person may state his or her views with respect to a proposed plan of disgorgement or file a proof of claim pursuant to §201.1103.

(b) Intervention as a party—(1) Generally. In any proceeding, other than an enforcement proceeding, a disciplinary proceeding, a proceeding to review a self-regulatory determination, or a proceeding to review a Board determination, any person may seek leave to intervene as a party by filing a motion setting forth the person’s interest in the proceeding. No person, however, shall be admitted as a party
to a proceeding by intervention unless it is determined that leave to participate pursuant to paragraph (c) of this section would be inadequate for the protection of the person’s interests. In a proceeding under the Investment Company Act of 1940, any representative of interested security holders, or any other person whose participation in the proceeding may be in the public interest or for the protection of investors, may be admitted as a party upon the filing of a written motion setting forth the person’s interest in the proceeding.

(2) Intervention as of right. In proceedings under the Investment Company Act of 1940, any interested State or State agency shall be admitted as a party to any proceeding upon the filing of a written motion requesting leave to be admitted.

(c) Leave to participate on a limited basis. In any proceeding, other than an enforcement proceeding, a disciplinary proceeding, a proceeding to review a self-regulatory determination, or a proceeding to review a Board determination, any person may seek leave to participate on a limited basis as a non-party participant as to any matter affecting the person’s interests:

(1) Procedure. Motions for leave to participate shall be in writing, shall set forth the nature and extent of the movant’s interest in the proceeding, and, except where good cause for late filing is shown, shall be filed not later than 20 days prior to the date fixed for the commencement of the hearing. Leave to participate pursuant to this paragraph (c) may include such rights of a party as the hearing officer may deem appropriate. Persons granted leave to participate shall be served in accordance with §201.150; provided, however, that a party to the proceeding may move that the persons granted leave to participate bear the cost of being provided copies of any or all filings or other papers. Persons granted leave to participate shall be bound, except as may be otherwise determined by the hearing officer, by any stipulation between the parties to the proceeding with respect to procedure, including submission of evidence, substitution of exhibits, corrections of the record, the time within which briefs or exceptions may be filed or proposed findings and conclusions may be submitted, the filing of initial decisions, the procedure to be followed in the preparation of decisions and the effective date of the Commission’s order in the case. Where the filing of briefs or exceptions or the submission of proposed findings and conclusions are waived by the parties to the proceedings, a person granted leave to participate pursuant to this paragraph (c) shall not be permitted to file a brief or exceptions or submit proposed findings and conclusions except by leave of the Commission or of the hearing officer.

(2) Certain persons entitled to leave to participate. The hearing officer is directed to grant leave to participate under this paragraph (c) to any person to whom it is proposed to issue any security in exchange for one or more bona fide outstanding securities, claims or property interests, or partly in such exchange and partly for cash, where the Commission is authorized to approve the terms and conditions of such issuance and exchange after a hearing upon the fairness of such terms and conditions.

(3) Leave to participate in certain Commission proceedings by a representative of the United States Department of Justice, a United States Attorney’s Office, or a criminal prosecutorial authority of any State or any other political subdivision of a State. The Commission or the hearing officer may grant leave to participate on a limited basis to an authorized representative of the United States Department of Justice, an authorized representative of a United States Attorney, or an authorized representative of any criminal prosecutorial authority of any State or any other political subdivision of a State for the purpose of requesting a stay during the pendency of a criminal investigation or prosecution arising out of the same or similar facts that are at issue in the pending Commission enforcement or disciplinary proceeding. Upon a showing that such a stay is in the public interest or for the protection of investors, the motion for stay shall be favored. A stay granted under this paragraph (c)(3)
may be granted for such a period and upon such conditions as the Commission or the hearing officer deems appropriate.

(d) Amicus participation—(1) Availability. An amicus brief may be filed only if:

(i) A motion for leave to file the brief has been granted;

(ii) The brief is accompanied by written consent of all parties;

(iii) The brief is filed at the request of the Commission or the hearing officer;

(iv) The brief is presented by the United States or an officer or agency thereof, or by a State, Territory or Commonwealth.

(2) Procedure. An amicus brief may be filed conditionally with the motion for leave. The motion for leave shall identify the interest of the movant and shall state the reasons why a brief of an amicus curiae is desirable. Except as all parties otherwise consent, any amicus curiae shall file its brief within the time allowed the party whose position the amicus will support, unless the Commission or hearing officer, for cause shown, grants leave for a later filing. In the event that a later filing is allowed, the order granting leave to file shall specify when an opposing party may reply to the brief. A motion of an amicus curiae to participate in oral argument will be granted only for extraordinary reasons.

(e) Permission to state views. Any person may make a motion seeking leave to file a memorandum or make an oral statement of his or her views. Any such communication may be included in the record; provided, however, that unless offered and admitted as evidence of the truth of the statements therein made, any assertions of fact submitted pursuant to the provisions of this paragraph (e) will be considered only to the extent that the statements therein made are otherwise supported by the record.

(f) Modification of participation provisions. The Commission or the hearing officer may, by order, modify the provisions of this section which would otherwise be applicable, and may impose such terms and conditions on the participation of any person in any proceeding as it may deem necessary or appropriate in the public interest.

§ 201.220 Answer to allegations.

(a) When required. In its order instituting proceedings, the Commission may require any party to file an answer to each of the allegations contained therein. Even if not so ordered, any party in any proceeding may elect to file an answer. Any other person granted leave by the Commission or the hearing officer to participate on a limited basis in such proceedings pursuant to §201.210(c) may be required to file an answer.

(b) When to file. Except where a different period is provided by rule or by order, a party required to file an answer as provided in paragraph (a) of this section shall do so within 20 days after service upon the party of the order instituting proceedings. Persons granted leave to participate on a limited basis in the proceeding pursuant to §201.210(c) may file an answer within a reasonable time, as determined by the Commission or the hearing officer. If the order instituting proceedings is amended, the Commission or the hearing officer may require that an amended answer be filed and, if such an answer is required, shall specify a date for the filing thereof.

(c) Contents; effect of failure to deny. Unless otherwise directed by the hearing officer or the Commission, an answer shall specifically admit, deny, or state that the party does not have, and is unable to obtain, sufficient information to admit or deny each allegation in the order instituting proceedings. When a party intends in good faith to deny only a part of an allegation, the party shall specify so much of it as is true and shall deny only the remainder. A statement of a lack of information shall have the effect of a denial. A defense of res judicata, statute of limitations or any other matter constituting an affirmative defense shall be asserted in the answer. Any allegation not denied shall be deemed admitted.
(d) Motion for more definite statement.  
A party may file with an answer a motion for a more definite statement of specified matters of fact or law to be considered or determined. Such motion shall state the respects in which, and the reasons why, each such matter of fact or law should be required to be made more definite. If the motion is granted, the order granting such motion shall set the periods for filing such a statement and any answer thereto.

(e) Amendments. A party may amend its answer at any time by written consent of each adverse party or with leave of the Commission or the hearing officer. Leave shall be freely granted when justice so requires.

(f) Failure to file answer: default. If a party respondent fails to file an answer required by this section within the time provided, such person may be deemed in default pursuant to §201.155(a). A party may make a motion to set aside a default pursuant to §201.155(b).

§201.221 Prehearing conference.

(a) Purposes of conference. The purposes of a prehearing conference include, but are not limited to:

(1) Expediting the disposition of the proceeding;

(2) Establishing early and continuing control of the proceeding by the hearing officer; and

(3) Improving the quality of the hearing through more thorough preparation.

(b) Procedure. On his or her own motion or at the request of a party, the hearing officer may, in his or her discretion, direct counsel or any party to meet for an initial, final or other prehearing conference. Such conferences may be held with or without the hearing officer present as the hearing officer deems appropriate. Where such a conference is held outside the presence of the hearing officer, the hearing officer shall be advised promptly by the parties of any agreements reached. Such conferences also may be held with one or more persons participating by telephone or other remote means.

(c) Subjects to be discussed. At a prehearing conference consideration may be given and action taken with respect to any and all of the following:

(1) Simplification and clarification of the issues;

(2) Exchange of witness and exhibit lists and copies of exhibits;

(3) Stipulations, admissions of fact, and stipulations concerning the contents, authenticity, or admissibility into evidence of documents;

(4) Matters of which official notice may be taken;

(5) The schedule for exchanging prehearing motions or briefs, if any;

(6) The method of service for papers other than Commission orders;

(7) Summary disposition of any or all issues;

(8) Settlement of any or all issues;

(9) Determination of hearing dates;

(10) Amendments to the order instituting proceedings or answers thereto;

(11) Production of documents as set forth in §201.230, and prehearing production of documents in response to subpoenas duces tecum as set forth in §201.232;

(12) Specification of procedures as set forth in §201.202; and

(13) Such other matters as may aid in the orderly and expeditious disposition of the proceeding.

(d) Required prehearing conference. Except where the emergency nature of a proceeding would make a prehearing conference clearly inappropriate, at least one prehearing conference should be held.

(e) Prehearing orders. At or following the conclusion of any conference held pursuant to this section, the hearing officer shall enter a ruling or order which recites the agreements reached and any procedural determinations made by the hearing officer.

(f) Failure to appear: default. Any person who is named in an order instituting proceedings as a person against whom findings may be made or sanctions imposed and who fails to appear, in person or through a representative, at a prehearing conference of which he or she has been duly notified may be deemed in default pursuant to §201.155(a). A party may make a motion to set aside a default pursuant to §201.155(b).

[60 FR 32796, June 23, 1995, as amended at 63 FR 63405, Nov. 13, 1998]
§ 201.222 Prehearing submissions.

(a) Submissions generally. The hearing officer, on his or her own motion, or at the request of a party or other participant, may order any party, including the interested division, to furnish such information as deemed appropriate, including any or all of the following:

1. An outline or narrative summary of its case or defense;
2. The legal theories upon which it will rely;
3. Copies and a list of documents that it intends to introduce at the hearing; and
4. A list of witnesses who will testify on its behalf, including the witnesses’ names, occupations, addresses and a brief summary of their expected testimony.

(b) Expert witnesses. Each party who intends to call an expert witness shall submit, in addition to the information required by paragraph (a)(4) of this section, a statement of the expert’s qualifications, a listing of other proceedings in which the expert has given expert testimony, and a list of publications authored or co-authored by the expert.

§ 201.230 Enforcement and disciplinary proceedings: Availability of documents for inspection and copying.

For purposes of this section, the term documents shall include writings, drawings, graphs, charts, photographs, recordings and other data compilations, including data stored by computer, from which information can be obtained.

(a) Documents to be available for inspection and copying. (1) Unless otherwise provided by this section, or by order of the Commission or the hearing officer, the Division of Enforcement shall make available for inspection and copying by any party documents obtained by the Division prior to the institution of proceedings, in connection with the investigation leading to the Division’s recommendation to institute proceedings. Such documents shall include:

1. Each subpoena issued;
2. Every other written request to persons not employed by the Commission to provide documents or to be interviewed;
3. The documents turned over in response to any such subpoenas or other written requests;
4. All transcripts and transcript exhibits;
5. Any other documents obtained from persons not employed by the Commission; and
6. Any final examination or inspection reports prepared by the Office of Compliance Inspections and Examinations, the Division of Market Regulation, or the Division of Investment Management, if the Division of Enforcement intends either to introduce any such report into evidence or to use any such report to refresh the recollection of any witness.

(2) Nothing in this paragraph (a) shall limit the right of the Division to make available any other document, or shall limit the right of a respondent to seek access to or production pursuant to subpoena of any other document, or shall limit the authority of the hearing officer to order the production of any document pursuant to subpoena.

(b) Documents that may be withheld. (1) The Division of Enforcement may withhold a document if:

1. The document is privileged;
2. The document is an internal memorandum, note or writing prepared by a Commission employee, other than an examination or inspection report as specified in paragraph (a)(1)(vi) of this section, or is otherwise attorney work product and will not be offered in evidence;
3. The document would disclose the identity of a confidential source; or
4. The hearing officer grants leave to withhold a document or category of documents as not relevant to the subject matter of the proceeding or otherwise, for good cause shown.

(2) Nothing in this paragraph (b) authorizes the Division of Enforcement in connection with an enforcement or disciplinary proceeding to withhold, contrary to the doctrine of Brady v. Maryland, 373 U.S. 83, 87 (1963), documents that contain material exculpatory evidence.

(c) Withheld document list. The hearing officer may require the Division of Enforcement to submit for review a list of documents or categories of documents withheld pursuant to paragraphs
Securities and Exchange Commission

§ 201.231 Enforcement and disciplinary proceedings: Production of witness statements.

(a) Availability. Any respondent in an enforcement or disciplinary proceeding may move that the Division of Enforcement produce for inspection and copying any statement of any person called or to be called as a witness by the Division of Enforcement that pertains to the requirements of this section other than by written agreement of the Division of Enforcement. Such agreement shall specify the documents subject to the agreement, the date they shall be returned and such other terms or conditions as are appropriate to provide for the safekeeping of the documents.

(f) Copying costs and procedures. The respondent may obtain a photocopy of any documents made available for inspection. The respondent shall be responsible for the cost of photocopying. Unless otherwise ordered, charges for copies made by the Division of Enforcement at the request of the respondent will be at the rate charged pursuant to the fee schedule at 17 CFR 200.80e for copies. The respondent shall be given access to the documents at the Commission’s offices or such other place as the parties may agree during normal business hours for copying of documents at the respondent’s expense.

(b)(1)(i) through (b)(1)(iv) of this section or to submit any document withheld, and may determine whether any such document should be made available for inspection and copying. When similar documents are withheld pursuant to paragraphs (b)(1)(i) through (b)(1)(iv) of this section, those documents may be identified by category instead of by individual document. The hearing officer retains discretion to determine when an identification by category is insufficient.

(d) Timing of inspection and copying. Unless otherwise ordered by the Commission or the hearing officer, the Division of Enforcement shall commence making documents available to a respondent for inspection and copying pursuant to this section no later than 7 days after service of the order instituting proceedings. In a proceeding in which a temporary cease-and-desist order is sought pursuant to §201.510 or a temporary suspension of registration is sought pursuant to §201.520, documents shall be made available no later than the day after service of the decision as to whether to issue a temporary cease-and-desist order or temporary suspension order.

(e) Place of inspection and copying. Documents subject to inspection and copying pursuant to this section shall be made available to the respondent for inspection and copying at the Commission office where they are ordinarily maintained, or at such other place as the parties, in writing, may agree. A respondent shall not be given custody of the documents or leave to remove the documents from the Commission’s offices pursuant to the requirements of this section other than by written agreement of the Division of Enforcement. Such agreement shall specify the documents subject to the agreement, the date they shall be returned and such other terms or conditions as are appropriate to provide for the safekeeping of the documents.

(g) Issuance of investigatory subpoenas after institution of proceedings. The Division of Enforcement shall promptly inform the hearing officer and each party if investigatory subpoenas are issued under the same investigation file number or pursuant to the same order directing private investigation (“formal order”) under which the investigation leading to the institution of proceedings was conducted. The hearing officer shall order such steps as necessary and appropriate to assure that the issuance of investigatory subpoenas after the institution of proceedings is not for the purpose of obtaining evidence relevant to the proceedings and that any relevant documents that may be obtained through the use of investigatory subpoenas in a continuing investigation are made available to each respondent for inspection and copying on a timely basis.

(h) Failure to make documents available—harmless error. In the event that a document required to be made available to a respondent pursuant to this section is not made available by the Division of Enforcement, no rehearing or redecision of a proceeding already heard or decided shall be required, unless the respondent shall establish that the failure to make the document available was not harmless error.

§ 201.232 Subpoenas.

(a) Availability; procedure. In connection with any hearing ordered by the Commission, a party may request the issuance of subpoenas requiring the attendance and testimony of witnesses at the designated time and place of hearing, and subpoenas requiring the production of documentary or other tangible evidence returnable at any designated time or place. Unless made on the record at a hearing, requests for issuance of a subpoena shall be made in writing and served on each party pursuant to §201.150. A person whose request for a subpoena has been denied or modified may not request that any other person issue the subpoena.

(1) Unavailability of hearing officer. In the event that the hearing officer assigned to a proceeding is unavailable, the party seeking issuance of the subpoena may seek its issuance from the first available of the following persons: The Chief Administrative Law Judge, the law judge most senior in service as a law judge, the duty officer, any other member of the Commission, or any other person designated by the Commission to issue subpoenas. Requests for issuance of a subpoena made to the Commission, or any member thereof, must be submitted to the Secretary, not to an individual Commissioner.

(2) Signing may be delegated. A hearing officer may authorize issuance of a subpoena, and may delegate the manual signing of the subpoena to any other person authorized to issue subpoenas.

(b) Standards for issuance. Where it appears to the person asked to issue the subpoena that the subpoena sought may be unreasonable, oppressive, excessive in scope, or unduly burdensome, he or she may, in his or her discretion, as a condition precedent to the issuance of the subpoena, require the person seeking the subpoena to show the general relevance and reasonable scope of the testimony or other evidence sought. If after consideration of all the circumstances, the person requested to issue the subpoena determines that the subpoena or any of its terms is unreasonable, oppressive, excessive in scope, or unduly burdensome, he or she may refuse to issue the subpoena, or issue it only upon such conditions as fairness requires. In making the foregoing determination, the person issuing the subpoena may inquire of the other participants whether they will stipulate to the facts sought to be proved.

(c) Service. Service shall be made pursuant to the provisions of §201.150 (b) through (d). The provisions of this paragraph (c) shall apply to the issuance of subpoenas for purposes of investigations, as required by 17 CFR 203.8, as well as hearings.

(d) Tender of fees required. When a subpoena compelling the attendance of a person at a hearing or deposition is issued at the instance of anyone other than an officer or agency of the United States, service is valid only if the subpoena is accompanied by a tender to the subpoenaed person of the fees for one day’s attendance and mileage specified by paragraph (f) of this section.

(e) Application to quash or modify. (1) Any person to whom a subpoena is directed, or who is an owner, creator or the subject of the documents that are to be produced pursuant to a subpoena, or any party may, prior to the time specified therein for compliance, but in no event more than 15 days after the date of service of such subpoena, request that the subpoena be quashed or modified. Such request shall be made by application filed with the Secretary and served on all parties pursuant to §201.150. The party on whose behalf the

§ 201.233 Depositions upon oral examination.

(a) Procedure. Any party desiring to take the testimony of a witness by deposition shall make a written motion setting forth the reasons why such deposition should be taken including the specific reasons why the party believes the witness will be unable to attend or testify at the hearing; the name and address of the prospective witness; the matters concerning which the prospective witness is expected to be questioned; and the proposed time and place for the taking of the deposition.

(b) Required finding when ordering a deposition. In the discretion of the Commission or the hearing officer, an order for a deposition may be issued upon a finding that the prospective witness will likely give testimony material to the proceeding; that it is likely the prospective witness, who is then within the United States, will be unable to attend or testify at the hearing because of age, sickness, infirmity, imprisonment, other disability, or absence from the United States, unless it appears that the absence of the witness was procured by the party requesting the deposition; and that the taking of a deposition will serve the interests of justice.

(c) Contents of order. An order for deposition shall designate by name a deposition officer. The designated officer may be the hearing officer or any other person authorized to administer oaths by the laws of the United States or of the place where the deposition is to be held. An order for deposition also shall state:

1. The name of the witness whose deposition is to be taken;
2. The scope of the testimony to be taken;
3. The time and place of the deposition;
4. The manner of recording, preserving and filing the deposition; and
5. The number of copies, if any, of the deposition and exhibits to be filed upon completion of the deposition.

(d) Procedure at depositions. A witness whose testimony is taken by deposition shall be sworn or shall affirm before any questions are put to him or her. Examination and cross-examination of deponents may proceed as permitted at a hearing. The witness being deposed may have counsel present during the deposition.

(e) Objections to questions or evidence. Objections to questions or evidence shall be in short form, stating the grounds of objection relied upon. Objections to questions or evidence shall be noted by the deposition officer upon the deposition, but a deposition officer other than the hearing officer shall not have the power to decide on the competency, materiality or relevance of evidence. Failure to object to questions or evidence before the deposition officer shall not be deemed a waiver unless the ground of the objection is one that might have been obviated or removed if presented at that time.
§ 201.234 Depositions upon written questions.

(a) Availability. Depositions may be taken and submitted on written questions upon motion of any party. The motion shall include the information specified in §201.233(a). A decision on the motion shall be governed by the provisions of §201.233(b).

(b) Procedure. Written questions shall be filed with the motion. Within 10 days after service of the motion and written questions, any party may file objections to such written questions and any party may file cross-questions. When a deposition is taken pursuant to this section no persons other than the witness, counsel to the witness, the deposition officer, and, if the deposition officer does not act as reporter, a reporter, shall be present at the examination of the witness. No party shall be present or represented unless otherwise permitted by order. The deposition officer shall propound the questions and cross-questions to the witness in the order submitted.

(c) Additional requirements. The order for deposition, filing of the deposition, form of the deposition and use of the deposition in the record shall be governed by paragraphs (c) through (g) of §201.233, except that no cross-examination shall be made.

§ 201.235 Introducing prior sworn statements of witnesses into the record.

(a) At a hearing, any person wishing to introduce a prior, sworn statement of a witness, not a party, otherwise admissible in the proceeding, may make a motion setting forth the reasons therefor. If only part of a statement is offered in evidence, the hearing officer may require that all relevant portions of the statement be introduced. If all of a statement is offered in evidence, the hearing officer may require that portions not relevant to the proceeding be excluded. A motion to introduce a prior sworn statement may be granted if:

(1) The witness is dead;
(2) The witness is out of the United States, unless it appears that the absence of the witness was procured by the party offering the prior sworn statement;
(3) The witness is unable to attend or testify because of age, sickness, infirmity, imprisonment or other disability;
(4) The party offering the prior sworn statement has been unable to procure the attendance of the witness by subpoena; or,
(5) In the discretion of the Commission or the hearing officer, it would be desirable, in the interests of justice, to allow the prior sworn statement to be used. In making this determination, due regard shall be given to the presumption that witnesses will testify orally in an open hearing. If the parties have stipulated to accept a prior sworn statement in lieu of live testimony, consideration shall also be given to the convenience of the parties in avoiding unnecessary expense.

(b) [Reserved]

§ 201.240 Settlement.

(a) Availability. Any person who is notified that a proceeding may or will be instituted against him or her, or any party to a proceeding already instituted, may, at any time, propose in writing an offer of settlement.

(b) Procedure. An offer of settlement shall state that it is made pursuant to this section; shall recite or incorporate as a part of the offer the provisions of paragraphs (c) (4) and (5) of this section; shall be signed by the person making the offer, not by counsel; and shall be submitted to the interested division.
(c) Consideration of offers of settlement.  
(1) Offers of settlement shall be consid-
ered by the interested division when 
time, the nature of the proceedings, 
and the public interest permit. 

(2) Where a hearing officer is as-
signed to a proceeding, the interested 
division and the party submitting the 
offer may request that the hearing offi-
cer express his or her views regarding 
the appropriateness of the offer of set-
tlement. A request for the hearing offi-
cer to express his or her views on an 
offer of settlement or otherwise to par-
ticipate in a settlement conference 
constitutes a waiver by the persons 
making the request of any right to 
claim bias or prejudgment by the hear-
ning officer based on the views ex-
pressed. 

(3) The interested division shall 
present the offer of settlement to the 
Commission with its recommendation, 
except that, if the division’s rec-
ommendation is unfavorable, the offer 
shall not be presented to the Commis-
sion unless the person making the offer 
so requests. 

(4) By submitting an offer of settle-
ment, the person making the offer 
waives, subject to acceptance of the 
offer: 

(i) All hearings pursuant to the stat-
utory provisions under which the pro-
ceeding is to be or has been instituted; 

(ii) The filing of proposed findings of 
fact and conclusions of law; 

(iii) Proceedings before, and an ini-
tial decision by, a hearing officer; 

(iv) All post-hearing procedures; and 

(v) Judicial review by any court. 

(5) By submitting an offer of settle-
ment the person further waives: 

(i) Such provisions of the Rules of 
Practice or other requirements of law 
as may be construed to prevent any 
member of the Commission’s staff from 
participating in the preparation of, or 
advising the Commission as to, any 
order, opinion, finding of fact, or con-
clusion of law to be entered pursuant 
to the offer; and 

(ii) Any right to claim bias or pre-
judgment by the Commission based on 
the consideration of or discussions con-
cerning settlement of all or any part of 
the proceeding. 

(6) If the Commission rejects the 
offer of settlement, the person making 
the offer shall be notified of the Com-
mis’s action and the offer of settle-
ment shall be deemed withdrawn. The 
rejected offer shall not constitute a 
part of the record in any proceeding 
against the person making the offer, 
provided, however, that rejection of an 
offer of settlement does not affect the 
continued validity of waivers pursuant 
to paragraph (c)(5) of this section with 
respect to any discussions concerning 
the rejected offer of settlement. 

(7) Final acceptance of any offer of 
settlement will occur only upon the 
issuance of findings and an order by 
the Commission. 

§ 201.250 Motion for summary disposi-
tion. 

(a) After a respondent’s answer has 
been filed and, in an enforcement or a 
disciplinary proceeding, documents 
have been made available to that re-

dpondent for inspection and copying 
pursuant to § 201.230, the respondent, or 
the interested division may make a 

motion for summary disposition of any 
or all allegations of the order insti-
tuting proceedings with respect to that 
respondent. If the interested division 
has not completed presentation of its 
case in chief, a motion for summary 
disposition shall be made only with 
leave of the hearing officer. The facts 
of the pleadings of the party against 
whom the motion is made shall be 
taken as true, except as modified by 
stipulations or admissions made by 
that party, by uncontested affidavits, 
or by facts officially noted pursuant to 
§201.323. 

(b) The hearing officer shall prompt-
ly grant or deny the motion for sum-
mary disposition or shall defer decision 
on the motion. The hearing officer may 
grant the motion for summary disposi-
tion if there is no genuine issue with 
regard to any material fact and the 
party making the motion is entitled to 
a summary disposition as a matter of 

d law. If it appears that a party, for good 
cause shown, cannot present by affi-
davit prior to hearing facts essential to 
justify opposition to the motion, the 
hearing officer shall deny or defer the 

motion. A hearing officer’s decision to 
deny leave to file a motion for sum-
mary disposition is not subject to in-
terlocutory appeal.
§ 201.300

(c) The motion for summary disposition, together with any supporting memorandum of points and authorities (exclusive of any declarations, affidavits, or attachments), shall not exceed 9,800 words. Requests for leave to file motions and accompanying documents in excess of 9,800 words are disfavored. A motion that does not, together with any accompanying memorandum of points and authorities, exceed 35 pages in length, inclusive of pleadings incorporated by reference (but excluding any declarations, affidavits, or attachments) is presumptively considered to contain no more than 9,800 words. Any motion that exceeds these page limits must include a certificate by the attorney, or an unrepresented party, stating that the brief complies with the length limitation set forth in this paragraph and stating the number of words in the motion. The person preparing the certificate may rely on the word count of a word-processing program to prepare the document.

(b) Availability of a transcript. Transcripts of public hearings shall be available for purchase at prescribed rates. Transcripts of nonpublic proceedings, and transcripts subject to a protective order pursuant to § 201.322, shall be available for purchase only by parties; provided, however, that any person compelled to submit data or evidence in a hearing may purchase a copy of his or her own testimony.

(c) Transcript correction. Prior to the filing of post-hearing briefs or proposed findings and conclusions, or within such earlier time as directed by the Commission or the hearing officer, a party or witness may make a motion to correct the transcript. Proposed corrections of the transcript may be submitted to the hearing officer by stipulation pursuant to § 201.324, or by motion. Upon notice to all parties to the proceeding, the hearing officer may, by order, specify corrections to the transcript.

§ 201.310 Failure to appear at hearings: Default.

Any person named in an order instituting proceedings as a person against whom findings may be made or sanctions imposed who fails to appear at a hearing of which he or she has been duly notified may be deemed to be in default pursuant to § 201.155(a). A party may make a motion to set aside a default pursuant to § 201.155(b).

§ 201.320 Evidence: Admissibility.

The Commission or the hearing officer may receive relevant evidence and shall exclude all evidence that is irrelevant, immaterial or unduly repetitious.

§ 201.321 Evidence: Objections and offers of proof.

(a) Objections. Objections to the admission or exclusion of evidence must be made on the record and shall be in short form, stating the grounds relied upon. Exceptions to any ruling thereon by the hearing officer need not be noted at the time of the ruling. Such exceptions will be deemed waived on appeal to the Commission, however, unless raised:

(1) Pursuant to interlocutory review in accordance with § 201.400;

(2) In a proposed finding or conclusion filed pursuant to §201.340; or
(3) In a petition for Commission review of an initial decision filed in accordance with §201.410.

(b) Offers of proof. Whenever evidence is excluded from the record, the party offering such evidence may make an offer of proof, which shall be included in the record. Excluded material shall be retained pursuant to §201.350(b).

§ 201.322 Evidence: Confidential information, protective orders.

(a) Procedure. In any proceeding as defined in §201.101(a), a party, any person who is the owner, subject or creator of a document subject to subpoena or which may be introduced as evidence, or any witness who testifies at a hearing may file a motion requesting a protective order to limit from disclosure to other parties or to the public documents or testimony that contain confidential information. The motion should include a general summary or extract of the documents without revealing confidential details. If the movant seeks a protective order against disclosure to other parties as well as the public, copies of the documents shall not be served on other parties. Unless the documents are unavailable, the movant shall file for in camera inspection a sealed copy of the documents as to which the order is sought.

(b) Basis for issuance. Documents and testimony introduced in a public hearing are presumed to be public. A motion for a protective order shall be granted only upon a finding that the harm resulting from disclosure would outweigh the benefits of disclosure.

(c) Requests for additional information supporting confidentiality. A movant under paragraph (a) of this section may be required to furnish in writing additional information with respect to the grounds for confidentiality. Failure to supply the information so requested within five days from the date of receipt by the movant of a notice of the information required shall be deemed a waiver of the objection to public disclosure of that portion of the documents to which the additional information relates, unless the Commission or the hearing officer shall otherwise order for good cause shown at or before the expiration of such five-day period.

(d) Confidentiality of documents pending decision. Pending a determination of a motion under this section, the documents as to which confidential treatment is sought and any other documents that would reveal the confidential information in those documents shall be maintained under seal and shall be disclosed only in accordance with orders of the Commission or the hearing officer. Any order issued in connection with a motion under this section shall be public unless the order would disclose information as to which a protective order has been granted, in which case that portion of the order that would reveal the protected information shall be nonpublic.

§ 201.323 Evidence: Official notice.

Official notice may be taken of any material fact which might be judicially noticed by a district court of the United States, any matter in the public official records of the Commission, or any matter which is peculiarly within the knowledge of the Commission as an expert body. If official notice is requested or taken of a material fact not appearing in the evidence in the record, the parties, upon timely request, shall be afforded an opportunity to establish the contrary.

§ 201.324 Evidence: Stipulations.

The parties may, by stipulation, at any stage of the proceeding agree upon any pertinent facts in the proceeding. A stipulation may be received in evidence and, when received, shall be binding on the parties to the stipulation.

§ 201.325 Evidence: Presentation under oath or affirmation.

A witness at a hearing for the purpose of taking evidence shall testify under oath or affirmation.

§ 201.326 Evidence: Presentation, rebuttal and cross-examination.

In any proceeding in which a hearing is required to be conducted on the record after opportunity for hearing in accord with 5 U.S.C. 556(a), a party is entitled to present its case or defense by oral or documentary evidence, to
submit rebuttal evidence, and to conduct such cross-examination as, in the discretion of the Commission or the hearing officer, may be required for a full and true disclosure of the facts. The scope and form of evidence, rebuttal evidence, if any, and cross-examination, if any, in any other proceeding shall be determined by the Commission or the hearing officer in each proceeding.

§ 201.340 Proposed findings, conclusions and supporting briefs.

(a) Opportunity to file. Before an initial decision is issued, each party shall have an opportunity, reasonable in light of all the circumstances, to file in writing proposed findings and conclusions together with, or as a part of, its brief.

(b) Procedure. Proposed findings of fact must be supported by citations to specific portions of the record. If successive filings are directed, the proposed findings and conclusions of the party assigned to file first shall be set forth in serially numbered paragraphs, and any counter statement of proposed findings and conclusions must, in addition to any other matter, indicate those paragraphs of the proposals already filed as to which there is no dispute. A reply brief may be filed by the party assigned to file first, or, where simultaneous filings are directed, reply briefs may be filed by each party, within the period prescribed therefor by the hearing officer. No further briefs may be filed except with leave of the hearing officer.

(c) Time for filing. In any proceeding in which an initial decision is to be issued:

(1) At the end of each hearing, the hearing officer shall, by order, after consultation with the parties, prescribe the period within which proposed findings and conclusions and supporting briefs are to be filed. The party or parties directed to file first shall make its or their initial filing within 30 days of the end of the hearing unless the hearing officer, for good cause shown, permits a different period and sets forth in the order the reasons why the different period is necessary.

(2) The total period within which all such proposed findings and conclusions and supporting briefs and any counter statements of proposed findings and conclusions and reply briefs are to be filed shall be no longer than 90 days after the close of the hearing unless the hearing officer, for good cause shown, permits a different period and sets forth in an order the reasons why the different period is necessary.

§ 201.350 Record in proceedings before hearing officer; retention of documents; copies.

(a) Contents of the record. The record shall consist of:

(1) The order instituting proceedings, each notice of hearing and any amendments;

(2) Each application, motion, submission or other paper, and any amendments, motions, objections, and exceptions to or regarding them;

(3) Each stipulation, transcript of testimony and document or other item admitted into evidence;

(4) Each written communication accepted by the hearing officer pursuant to § 201.210;

(5) With respect to a request to disqualify a hearing officer or to allow the hearing officer’s withdrawal under §201.112, each affidavit or transcript of testimony taken and the decision made in connection with the request;

(6) All motions, briefs and other papers filed on interlocutory appeal;

(7) All proposed findings and conclusions;

(8) Each written order issued by the hearing officer or Commission; and

(9) Any other document or item accepted into the record by the hearing officer.

(b) Retention of documents not admitted. Any document offered into evidence but excluded shall not be considered a part of the record. The Secretary shall retain any such document until the later of the date upon which a Commission order ending the proceeding becomes final, or the conclusion of any judicial review of the Commission’s order.

(c) Substitution of copies. A true copy of a document may be substituted for
any document in the record or any document retained pursuant to paragraph (b) of this section.

§ 201.360 Initial decision of hearing officer.

(a)(1) When required. Unless the Commission directs otherwise, the hearing officer shall prepare an initial decision in any proceeding in which the Commission directs a hearing officer to preside at a hearing, provided, however, that an initial decision may be waived by the parties with the consent of the hearing officer pursuant to §201.202.

(2) Time period for filing initial decision. In the order instituting proceedings, the Commission will specify a time period in which the hearing officer’s initial decision must be filed with the Secretary. In the Commission’s discretion, after consideration of the nature, complexity, and urgency of the subject matter, and with due regard for the public interest and the protection of investors, this time period will be either 120, 210 or 300 days from the date of service of the order. Under the 300-day timeline, the hearing officer shall issue an order providing that there shall be approximately 4 months from the order instituting the proceeding to the hearing, approximately 2 months for the parties to obtain the transcript and submit briefs, and approximately 4 months after briefing for the hearing officer to issue an initial decision. Under the 210-day timeline, the hearing officer shall issue an order providing that there shall be approximately 2 1/2 months from the order instituting the proceeding to the hearing, approximately 2 months for the parties to review the transcript and submit briefs, and approximately 2 1/2 months after briefing for the hearing officer to issue an initial decision. Under the 120-day timeline, the hearing officer shall issue an order providing that there shall be approximately 1 month from the order instituting the proceeding to the hearing, approximately 2 months for the parties to review the transcript and submit briefs, and approximately 1
month after briefing for the hearing officer to issue an initial decision. These deadlines confer no substantive rights on respondents. If a stay is granted pursuant to §201.210(c)(3), the time period specified in the order instituting proceedings in which the hearing officer's initial decision must be filed with the Secretary, as well as any other time limits established in orders issued by the hearing officer in the proceeding, shall be automatically tolled during the period while the stay is in effect.

(3) Motion for extension. In the event that the hearing officer presiding over the proceeding determines that it will not be possible to issue the initial decision within the specified period of time, the hearing officer should consult with the Chief Administrative Law Judge. Following such consultation, the Chief Administrative Law Judge may determine, in his or her discretion, to submit a motion to the Commission requesting an extension of the time period for filing the initial decision. This motion must be filed no later than 30 days prior to the expiration of the time specified in the order for issuance of an initial decision. The motion will be served upon all parties in the proceeding, who may file with the Commission statements in support of or in opposition to the motion. If the Commission determines that additional time is necessary or appropriate in the public interest, the Commission shall issue an order extending the time period for filing the initial decision.

(b) Content. An initial decision shall include: Findings and conclusions, and the reasons or basis therefor, as to all the material issues of fact, law or discretion presented on the record and the appropriate order, sanction, relief, or denial thereof. The initial decision shall also state the time period, not to exceed 21 days after service of the decision, except for good cause shown, within which a petition for review of the initial decision may be filed. The reasons for any extension of time shall be stated in the initial decision. The initial decision shall also include a statement that, as provided in paragraph (d) of this section:

(1) The Commission will enter an order of finality as to each party unless a party or an aggrieved person entitled to review timely files a petition for review of the initial decision or a motion to correct a manifest error of fact in the initial decision with the hearing officer, or the Commission determines on its own initiative to review the initial decision; and

(2) If a party or an aggrieved person entitled to review timely files a petition for review or a motion to correct a manifest error of fact in the initial decision with the hearing officer, or if the Commission takes action to review as to a party or an aggrieved person entitled to review, the initial decision shall not become final as to that party or person.

(c) Filing, service and publication. The hearing officer shall file the initial decision with the Secretary. The Secretary shall promptly serve the initial decision upon the parties and shall promptly publish notice of the filing thereof in the SEC News Digest. Thereafter, the Secretary shall publish the initial decision in the SEC Docket; provided, however, that in nonpublic proceedings no notice shall be published unless the Commission otherwise directs.

(d) Finality. (1) If a party or an aggrieved person entitled to review timely files a petition for review or a motion to correct a manifest error of fact in the initial decision, or if the Commission on its own initiative orders review of a decision with respect to a party or a person aggrieved who would be entitled to review, the initial decision shall not become final as to that party or person.

(2) If a party or aggrieved person entitled to review fails to file timely a petition for review or a motion to correct a manifest error of fact in the initial decision, and if the Commission does not order review of a decision on its own initiative, the Commission will issue an order that the decision has become final as to that party. The decision becomes final upon issuance of the order. The order of finality shall state the date on which sanctions, if any, take effect. Notice of the order shall be

§ 201.400 Interlocutory review.

(a) Availability. The Commission may, at any time, on its own motion, direct that any matter be submitted to it for review. Petitions by parties for interlocutory review are disfavored, and the Commission ordinarily will grant a petition to review a hearing officer ruling prior to its consideration of an initial decision only in extraordinary circumstances. The Commission may decline to consider a ruling certified by a hearing officer pursuant to paragraph (c) of this section or the petition of a party who has been denied certification if it determines that interlocutory review is not warranted or appropriate under the circumstances. This section is the exclusive remedy for review of a hearing officer’s ruling prior to Commission consideration of the entire proceeding and is the sole mechanism for appeal of actions delegated pursuant to §§200.30–9 and 200.30–10 of this chapter.

(b) Expedited consideration. Interlocutory review of a hearing officer’s ruling shall be expedited in every way, consistent with the Commission’s other responsibilities.

(c) Certification process. A ruling submitted to the Commission for interlocutory review must be certified in writing by the hearing officer and shall specify the material relevant to the ruling involved. The hearing officer shall not certify a ruling unless:

(1) His or her ruling would compel testimony of Commission members, officers or employees or the production of documentary evidence in their custody; or

(2) Upon application by a party, within five days of the hearing officer’s ruling, the hearing officer is of the opinion that:

(i) The ruling involves a controlling question of law as to which there is substantial ground for difference of opinion; and

(ii) An immediate review of the order may materially advance the completion of the proceeding.

(d) Proceedings not stayed. The filing of an application for review or the grant of review shall not stay proceedings before the hearing officer unless he or she, or the Commission, shall so order. The Commission will not consider the motion for a stay unless the motion shall have first been made to the hearing officer.

§ 201.401 Consideration of stays.

(a) Procedure. A request for a stay shall be made by written motion, filed pursuant to §201.154, and served on all parties pursuant to §201.150. The motion shall state the reasons for the relief requested and the facts relied upon, and, if the facts are subject to dispute, the motion shall be supported by affidavits or other sworn statements or copies thereof. Portions of the record relevant to the relief sought, if available to the movant, shall be filed with the motion. The Commission may issue a stay based on such motion or on its own motion.

(b) Scope of relief. The Commission may grant a stay in whole or in part, and may condition relief under this section upon such terms, or upon the implementation of such procedures, as it deems appropriate.

(c) Stay of a Commission order. A motion for a stay of a Commission order may be made by any person aggrieved thereby who would be entitled to review in a federal court of appeals. A motion seeking to stay the effectiveness of a Commission order pending judicial review may be made to the Commission at any time during which the Commission retains jurisdiction over the proceeding.

(d) Stay of an action by a self-regulatory organization.—(1) Availability. A motion for a stay of an action by a self-regulatory organization for which the Commission is the appropriate regulatory agency, for which action review may be sought pursuant to §201.420, may be made by any person aggrieved thereby at the time an application for review is filed in accordance with §201.420 or thereafter.
§ 201.410 Appeal of initial decisions by hearing officers.

(a) Petition for review; when available. In any proceeding in which an initial decision is made by a hearing officer, any party, and any other person who would have been entitled to judicial review of the decision entered therein if the Commission itself had made the decision, may file a petition for review of the decision with the Commission.

(b) Procedure. The petition for review of an initial decision shall be filed with the Commission within such time after service of the initial decision as prescribed by the hearing officer pursuant to §201.360(b) unless a party has filed a motion to correct an initial decision with the hearing officer. If such correction has been sought, a party shall have 21 days from the date of the hearing officer’s order resolving the motion to correct to file a petition for review. The petition shall set forth the specific findings and conclusions of the initial decision as to which exception is taken, together with supporting reasons for each exception. Supporting reasons may be stated in summary form. Any exception to an initial decision not stated in the petition for review, or in a previously filed proposed finding made pursuant to §201.340 may, at the discretion of the Commission, be deemed to have been waived by the petitioner. In the event a petition for review is filed, any other party to the proceeding may file a cross-petition for review within the original time allowed for seeking review or within ten days from the date that the petition for review was filed, whichever is later.

(c) Financial disclosure statement requirement. Any person who files a petition for review of an initial decision that asserts that person’s inability to pay either disgorgement, interest or a penalty shall file with the opening brief a sworn financial disclosure statement containing the information specified in §201.630(b).

(d) [Reserved]

(e) Prerequisite to judicial review. Pursuant to Section 704 of the Administrative Procedure Act, 5 U.S.C. 704, a petition to the Commission for review of an initial decision is a prerequisite to the seeking of judicial review of a final order entered pursuant to such decision.

§ 201.411 Commission consideration of initial decisions by hearing officers.

(a) Scope of review. The Commission may affirm, reverse, modify, set aside or remand for further proceedings, in whole or in part, an initial decision by a hearing officer and may make any findings or conclusions that in its judgment are proper and on the basis of the record.

(b) Standards for granting review pursuant to a petition for review—(1) Mandatory review. After a petition for review has been filed, the Commission shall review any initial decision that:
   (i) Denies any request for action pursuant to Section 8(a) or Section 8(c) of the Securities Act of 1933, 15 U.S.C. 77h(a), (c), or the first sentence of Section 12(d) of the Exchange Act, 15 U.S.C. 78l(d);
   (ii) Suspends trading in a security pursuant to Section 12(k) of the Exchange Act, 15 U.S.C. 78l(k); or
   (iii) Is in a case of adjudication (as defined in 5 U.S.C. 551) not required to be determined on the record after notice and opportunity for hearing (except to the extent there is involved a matter described in 5 U.S.C. 554(a) (1) through (6)).

   (2) Discretionary review. The Commission may decline to review any other decision. In determining whether to grant review, the Commission shall consider whether the petition for review makes a reasonable showing that:
      (i) A prejudicial error was committed in the conduct of the proceeding; or
      (ii) The decision embodies:
         (A) A finding or conclusion of material fact that is clearly erroneous; or
         (B) A conclusion of law that is erroneous; or
         (C) An exercise of discretion or decision of law or policy that is important and that the Commission should review.

(c) Commission review other than pursuant to a petition for review. The Commission may, on its own initiative, order review of any initial decision, or any portion of any initial decision, within 21 days after the end of the period established for filing a petition for review pursuant to §210.410(b). A party who does not intend to file a petition for review, and who desires the Commission’s determination whether to order review on its own initiative to be made in a shorter time, may make a motion for an expedited decision, accompanied by a written statement that the party waives its right to file a petition for review. The vote of one member of the Commission, conveyed to the Secretary, shall be sufficient to bring a matter before the Commission for review.

(d) Limitations on matters reviewed. Review by the Commission of an initial decision shall be limited to the issues specified in the petition for review or the issues, if any, specified in the briefing schedule order issued pursuant to §201.450(a). On notice to all parties, however, the Commission may, at any time prior to issuance of its decision, raise and determine any other matters that it deems material, with opportunity for oral or written argument thereon by the parties.

(e) Summary affirmance. (1) At any time within 21 days after the filing of a petition for review pursuant to §201.410(b), any party may file a motion in accordance with §201.154 asking that the Commission summarily affirm an initial decision. Any party may file an opposition and reply to such motion in accordance with §201.154. Pending determination of the motion for summary affirmance, the Commission, in its discretion, may delay issuance of a briefing schedule order pursuant to §201.450.

   (2) Upon consideration of the motion and any opposition or upon its own initiative, the Commission may summarily affirm an initial decision. The Commission may grant summary affirmance if it finds that no issue raised in the initial decision warrants consideration by the Commission of further oral or written argument. The Commission will decline to grant summary affirmance upon a reasonable showing that a prejudicial error was committed in the conduct of the proceeding or that the decision embodies an exercise of discretion or decision of law or policy that is important and that the Commission should review.

(f) Failure to obtain a majority. In the event a majority of participating Commissioners do not agree to a disposition on the merits, the initial decision shall be of no effect, and an order will
be issued in accordance with this result.

§ 201.420 Appeal of determinations by self-regulatory organizations.

(a) Application for review; when available. An application for review by the Commission may be filed by any person who is aggrieved by a self-regulatory organization determination as to which a notice is required to be filed with the Commission pursuant to Section 19(d)(1) of the Exchange Act, 15 U.S.C. 78s(d)(1). Such determinations include any:

(1) Final disciplinary sanction;
(2) Denial or conditioning of membership or participation;
(3) Prohibition or limitation in respect to access to services offered by that self-regulatory organization or a member thereof; or
(4) Bar from association.

(b) Procedure. As required by section 19(d)(1) of the Securities Exchange Act of 1934, 15 U.S.C. 78s(d)(1), an applicant must file an application for review with the Commission within 30 days after the notice of the determination is filed with the Commission and received by the aggrieved person applying for review. The Commission will not extend this 30-day period, absent a showing of extraordinary circumstances. This section is the exclusive remedy for seeking an extension of the 30-day period.

(c) Application. The application shall be filed with the Commission pursuant to §201.151. The applicant shall serve the application on the self-regulatory organization. The application shall identify the determination complained of and set forth in summary form a brief statement of the alleged errors in the determination and supporting reasons therefor. The application shall state an address where the applicant can be served. The application should not exceed two pages in length. If the applicant will be represented by a representative, the application shall be accompanied by the notice of appearance required by §201.102(d).

(d) Determination not stayed. Filing an application for review with the Commission pursuant to paragraph (b) of this section shall not operate as a stay of the complained of determination made by the self-regulatory organization unless the Commission otherwise orders either pursuant to a motion filed in accordance with §201.401 or on its own motion.

(e) Certification of the record; service of the index. Fourteen days after receipt of an application for review or a Commission order for review, the self-regulatory organization shall certify and file with the Commission one copy of the record upon which the action complained of was taken, and shall file with the Commission three copies of an index to such record, and shall serve upon each party one copy of the index.

§ 201.421 Commission consideration of determinations by self-regulatory organizations.

(a) Commission review other than pursuant to a petition for review. The Commission may, on its own initiative, order review of any determination by a self-regulatory organization that could be subject to an application for review pursuant to §201.420(a) within 40 days after notice thereof was filed with the Commission pursuant to Section 19(d)(1) of the Exchange Act, 15 U.S.C. 78s(d)(1).

(b) Supplemental briefing. The Commission may at any time prior to issuance of its decision raise or consider any matter that it deems material, whether or not raised by the parties. Notice to the parties and an opportunity for supplemental briefing with respect to issues not briefed by the parties shall be given where the Commission believes that such briefing would significantly aid the decisional process.

§ 201.430 Appeal of actions made pursuant to delegated authority.

(a) Scope of rule. Any person aggrieved by an action made by authority delegated in §§200.30–1 through 200.30–8 or §§200.30–11 through 200.30–18 of this chapter may seek review of the action pursuant to paragraph (b) of this section.
(b) Procedure—(1) Notice of intention to petition for review. A party to an action made pursuant to delegated authority, or a person aggrieved by such action, may seek Commission review of the action by filing a written notice of intention to petition for review within five days after actual notice of the action to that party or aggrieved person, or 15 days after publication of the notice of action in the Federal Register, or five days after service of notice of the action on that party or aggrieved person pursuant to §201.141(b), whichever is the earliest.

(2) Petition for review. Within five days after the filing of a notice of intention to petition for review pursuant to paragraph (b)(1) of this section, the person seeking review shall file a petition for review containing a clear and concise statement of the issues to be reviewed and the reasons why review is appropriate. The petition shall include exceptions to any findings of fact or conclusions of law made, together with supporting reasons for such exceptions based on appropriate citations to such record as may exist. These reasons may be stated in summary form.

(c) Prerequisite to judicial review. Pursuant to Section 704 of the Administrative Procedure Act, 5 U.S.C. 704, a petition to the Commission for review of an action made by authority delegated in §§200.30–1 through 200.30–18 of this chapter is a prerequisite to the seeking of judicial review of a final order entered pursuant to such an action. Pursuant to 15 U.S.C. 721d(h)(2), any decision by the Commission pursuant to 200.30–11 shall not be reviewable under 15 U.S.C. 78y and shall not be deemed ‘final agency action’ for purposes of 5 U.S.C. 704.

§201.431 Commission consideration of actions made pursuant to delegated authority.

(a) Scope of review. The Commission may affirm, reverse, modify, set aside or remand for further proceedings, in whole or in part, any action made pursuant to authority delegated in §§200.30–1 through 200.30–18 of this chapter.

(b) Standards for granting review pursuant to a petition for review—(1) Mandatory review. After a petition for review has been filed, the Commission shall review any action that it would be required to review pursuant to §201.411(b)(1) if the action was made as the initial decision of a hearing officer.

(2) Discretionary review. The Commission may decline to review any other action. In determining whether to grant review, the Commission shall consider the factors set forth in §201.411(b)(2).

(c) Commission review other than pursuant to a petition for review. The Commission may, on its own initiative, order review of any action made pursuant to delegated authority at any time, provided, however, that where there are one or more parties to the matter, such review shall not be ordered more than ten days after the action. The vote of one member of the Commission, conveyed to the Secretary, shall be sufficient to bring a matter before the Commission for review.

(d) Required items in an order for review. In an order granting a petition for review or directing review on the Commission’s own initiative, the Commission may, on its own initiative, order review of any action made pursuant to delegated authority at any time, provided, however, that where there are one or more parties to the matter, such review shall not be ordered more than ten days after the action. The vote of one member of the Commission, conveyed to the Secretary, shall be sufficient to bring a matter before the Commission for review.

(e) Automatic stay of delegated action. An action made pursuant to delegated authority shall have immediate effect and be deemed the action of the Commission. Upon filing with the Commission of a notice of intention to petition for review, or upon notice to the Secretary of the vote of a Commissioner that a matter be reviewed, an action made pursuant to delegated authority shall be stayed until the Commission orders otherwise, provided, however, there shall be no automatic stay of an action:
§ 201.440

(1) To grant a stay of action by the Commission or a self-regulatory organization as authorized by 17 CFR 200.30–14(g) (5)–(6); or

(2) To commence a subpoena enforcement proceeding as authorized by 17 CFR 200.30–4(a)(10).

(f) Effectiveness of stay or of Commission decision to modify or reverse a delegated action. As against any person who shall have acted in reliance upon any action at a delegated level, any stay or any modification or reversal by the Commission of such action shall be effective only from the time such person receives actual notice of such stay, modification or reversal.

§ 201.441 Commission consideration of Board determinations.

(a) Commission review other than pursuant to an application for review. The Commission may, on its own initiative, order review of any final disciplinary sanction, including disapproval of a completed application for registration of a public accounting firm, imposed by the Board that could be subject to an application for review pursuant to § 201.440(a) within 40 days after the Board filed notice thereof pursuant to § 240.19d–4 of this chapter.

(b) Supplemental briefing. The Commission may at any time prior to the issuance of its decision raise or consider any matter that it deems material, whether or not raised by the parties. The Commission will give notice to the parties and an opportunity for supplemental briefing with respect to issues not briefed by the parties where the Commission believes that such briefing could significantly aid the decisional process.

[69 FR 13179, Mar. 19, 2004]

§ 201.450 Briefs filed with the Commission.

(a) Briefing schedule order. Other than review ordered pursuant to § 201.431, if review of a determination is mandated by statute, rule, or judicial order or the Commission determines to grant review as a matter of discretion, the Commission shall issue a briefing schedule order directing the party or parties to file opening briefs and specifying particular issues, if any, as to which briefing should be limited or directed. Unless otherwise provided, opening briefs shall be filed within 30 days of the date of the briefing schedule order. Opposition briefs shall be
filed within 30 days after the date opening briefs are due. Reply briefs shall be filed within 14 days after the date opposition briefs are due. No briefs in addition to those specified in the briefing schedule order may be filed except with leave of the Commission. The briefing schedule order shall be issued:

(1) At the time the Commission orders review on its own initiative pursuant to §§ 201.411 or 201.421, or orders interlocutory review on its own motion pursuant to § 201.400(a); or

(2) Within 21 days, or such longer time as provided by the Commission, after:

(i) The last day permitted for filing a petition for review pursuant to § 201.410(b) or a brief in opposition to a petition for review pursuant to § 201.410(d);

(ii) Receipt by the Commission of an index to the record of a determination of a self-regulatory organization filed pursuant to § 201.420(d);

(iii) Receipt by the Commission of an index to the record of a determination by the Board filed pursuant to § 201.440(d);

(iv) Receipt by the Commission of the mandate of a court of appeals with respect to a judicial remand; or

(v) Certification of a ruling for interlocutory review pursuant to § 201.400(c).

(b) Contents of briefs. Briefs shall be confined to the particular matters at issue. Each exception to the findings or conclusions being reviewed shall be stated succinctly. Exceptions shall be supported by citation to the relevant portions of the record, including references to the specific pages relied upon, and by concise argument including citation of such statutes, decisions and other authorities as may be relevant. If the exception relates to the admission or exclusion of evidence, the substance of the evidence admitted or excluded shall be set forth in the brief, in an appendix thereto, or by citation to the record. Reply briefs shall be confined to matters in opposition briefs of other parties.

(c) Length limitation. Except with leave of the Commission, opening and opposition briefs shall not exceed 14,000 words and reply briefs shall not exceed 7,000 words, exclusive of pages containing the table of contents, table of authorities, and any addendum that consists solely of copies of applicable cases, pertinent legislative provisions or rules, and exhibits. The number of words shall include pleadings incorporated by reference. Motions to file briefs in excess of these limitations are disfavored.

(d) Certificate of compliance. An opening or opposition brief that does not exceed 30 pages in length, exclusive of pages containing the table of contents, table of authorities, and any addendum that consists solely of copies of applicable cases, pertinent legislative provisions, or rules and exhibits, but inclusive of pleadings incorporated by reference, is presumptively considered to contain no more than 14,000 words. A reply brief that does not exceed 15 pages in length, exclusive of pages containing the table of contents, table of authorities, and any addendum that consists solely of copies of applicable cases, pertinent legislative provisions, or rules and exhibits, but inclusive of pleadings incorporated by reference, is presumptively considered to contain no more than 7,000 words. Any brief that exceeds these page limits must include a certificate by the party’s representative, or an unrepresented party, stating that the brief complies with the length limitation set forth in § 201.450(c) and stating the number of words in the brief. The person preparing the certificate may rely on the word count of the word-processing system used to prepare the brief.

the parties without oral argument unless the Commission determines that the presentation of facts and legal arguments in the briefs and record and the decisional process would be significantly aided by oral argument.

(b) Procedure. Requests for oral argument shall be made by separate motion accompanying the initial brief on the merits. The Commission shall issue an order as to whether oral argument is to be heard, and if so, the time and place thereof. If oral argument is granted, the time fixed for oral argument shall be changed only by written order of the Commission, for good cause shown. The order shall state at whose request the change is made and the reasons for any such changes. No visual aids may be used at oral argument unless copies have been provided to the Commission and all parties at least five business days before the argument is to be held.

(c) Time allowed. Unless the Commission orders otherwise, not more than one half-hour per side will be allowed for oral argument. The Commission may, in its discretion, determine that several persons have a common interest, and that the interests represented will be considered a single side for purposes of allotting time for oral argument. Time will be divided equally among persons on a single side, provided, however, that by mutual agreement they may reallocate their time among themselves. A request for additional time must be made by motion filed reasonably in advance of the date fixed for argument.

(d) Participation of Commissioners. A member of the Commission who was not present at the oral argument may participate in the decision of the proceeding, provided that the member has reviewed the transcript of such argument prior to such participation. The decision shall state whether the required review was made.

§ 201.452 Additional evidence.

Upon its own motion or the motion of a party, the Commission may allow the submission of additional evidence. A party may file a motion for leave to adduce additional evidence at any time prior to issuance of a decision by the Commission. Such motion shall show with particularity that such additional evidence is material and that there were reasonable grounds for failure to adduce such evidence previously. The Commission may accept or hear additional evidence, may remand the proceeding to a self-regulatory organization, or may remand or refer the proceeding to a hearing officer for the taking of additional evidence, as appropriate.

§ 201.460 Record before the Commission.

The Commission shall determine each matter on the basis of the record.

(a) Contents of the record. (1) In proceedings for final decision before the Commission other than those reviewing a determination by a self-regulatory organization, the record shall consist of:

(i) All items part of the record below in accordance with §201.350;

(ii) Any petitions for review, cross-petitions or oppositions; and

(iii) All briefs, motions, submissions and other papers filed on appeal or review.

(2) In a proceeding for final decision before the Commission reviewing a determination by a self-regulatory organization, the record shall consist of:

(i) The record certified pursuant to §201.420(d) by the self-regulatory organization;

(ii) Any application for review; and

(iii) Any submissions, moving papers, and briefs filed on appeal or review.

(3) In a proceeding for final decision before the Commission reviewing a determination of the Board, the record shall consist of:

(i) The record certified pursuant to §201.440(d) by the Board;

(ii) Any application for review; and

(b) Transmittal of record to Commission. Within 14 days after the last date set for filing briefs or such later date as the Commission directs, the Secretary shall transmit the record to the Commission.

(c) Review of documents not admitted. Any document offered in evidence but excluded by the hearing officer or the Commission and any document marked
Securities and Exchange Commission

for identification but not offered as an exhibit shall not be considered a part of the record before the Commission on appeal but shall be transmitted to the Commission by the Secretary if so requested by the Commission. In the event that the Commission does not request the document, the Secretary shall retain the document not admitted into the record until the later of:

(1) The date upon which the Commission’s order becomes final, or
(2) The conclusion of any judicial review of that order.

§ 201.470 Reconsideration.

(a) Scope of rule. A party or any person aggrieved by a determination in a proceeding may file a motion for reconsideration of a final order issued by the Commission.

(b) Procedure. A motion for reconsideration shall be filed within 10 days after service of the order complained of, or within such time as the Commission may prescribe upon motion for extension of time filed by the person seeking reconsideration, if the motion is made within the foregoing 10-day period. The motion for reconsideration shall briefly and specifically state the matters of record alleged to have been erroneously decided, the grounds relied upon, and the relief sought. A motion for reconsideration shall conform to the requirements, including the limitation on the numbers of words, provided in §201.154. No response to a motion for reconsideration shall be filed unless requested by the Commission. Any response so requested shall comply with §201.154.

§ 201.490 Receipt of petitions for judicial review pursuant to 28 U.S.C. 2112(a)(1).

The Commission officer and office designated pursuant to 28 U.S.C. 2112(a)(1) to receive copies of petitions for review of Commission orders from the persons instituting review in a court of appeals, are the Secretary and the Office of the Secretary at the Commission’s Headquarters. Ten copies of each petition shall be submitted. Each copy shall state on its face that it is being submitted to the Commission pursuant to 28 U.S.C. 2112 by the person or persons who filed the petition in the court of appeals.

RULES RELATING TO TEMPORARY ORDERS AND SUSPENSIONS

§ 201.500 Expedited consideration of proceedings.

Consistent with the Commission’s or the hearing officer’s other responsibilities, every hearing shall be held and every decision shall be rendered at the earliest possible time in connection with:

(a) An application for a temporary sanction, as defined in §201.101(a), or a proceeding to determine whether a temporary sanction should be made permanent;

(b) A motion or application to review an order suspending temporarily the effectiveness of an exemption from registration pursuant to Regulations A, B, E or F under the Securities Act, §§230.258, 230.336, 230.610 or 230.656 of this chapter; or,

(c) A motion to or petition to review an order suspending temporarily the privilege of appearing before the Commission under §201.102(e)(3), or a sanction under §201.180(a)(1).

§ 201.510 Temporary cease-and-desist orders: Application process.

(a) Procedure. A request for entry of a temporary cease-and-desist order shall be made by application filed by the Division of Enforcement. The application shall set forth the statutory provision or rule that each respondent is alleged to have violated; the temporary relief sought against each respondent, including whether the respondent would be required to take action to prevent the dissipation or conversion of assets; and whether the relief is sought ex parte.

(b) Accompanying documents. The application shall be accompanied by a declaration of facts signed by a person with knowledge of the facts contained therein, a memorandum of points and authorities, a proposed order imposing the temporary relief sought, and, unless relief is sought ex parte, a proposed
§ 201.511 Temporary cease-and-desist orders: Notice; procedures for hearing.

(a) Notice: how given. Notice of an application for a temporary cease-and-desist order shall be made by serving a notice of hearing and order to show cause pursuant to §201.141(b) or, where timely service of a notice of hearing pursuant to §201.141(b) is not practicable, by any other means reasonably calculated to give actual notice that a hearing will be held, including telephonic notification of the general subject matter, time, and place of the hearing. If an application is made ex parte, pursuant to §201.513, no notice to a respondent need be given prior to the Commission’s consideration of the application.

(b) Hearing before the Commission. Except as provided in paragraph (d) of this section, hearings on an application for a temporary cease-and-desist order shall be held before the Commission.

(c) Presiding officer: designation. The Chairman shall preside or designate a Commissioner to preside at the hearing. If the Chairman is absent or unavailable at the time of hearing and no other Commissioner has been designated to preside, the duty officer on the day the hearing begins shall preside or designate another Commissioner to preside.

(d) Procedure at hearing. (1) The presiding officer shall have all those powers of a hearing officer set forth in §201.111 and shall rule on the admissibility of evidence and other procedural matters, including, but not limited to, whether oral testimony will be heard; the time allowed for the submission of evidence or argument; and whether post-hearing submission of briefs, proposed findings of fact and conclusions of law will be permitted and if so, the procedures for submission; provided, however, that the person presiding may consult with other Commissioners participating in the hearing on these or any other question of procedure.

(2) Each Commissioner present at the hearing shall be afforded a reasonable opportunity to ask questions of witnesses, if any, or of counsel.

(3) A party or witness may participate by telephone. Alternative means of remote access, including a video link, shall be permitted in the Commission’s discretion. Factors the Commission may consider in determining whether to permit alternative means of remote access include, but are not limited to, whether allowing an alternative means of access will delay the hearing, whether the alternative means is reliable, and whether the party proposing its use has made arrangements to pay for its cost.

(4) After a hearing has begun, the Commission may, on its own motion, or the motion of a party, assign a hearing officer to preside at the taking of oral testimony or other evidence and to certify the record of such testimony or other evidence to the Commission within a fixed period of time. No recommended or initial decision shall be made by such a hearing officer.

§ 201.512 Temporary cease-and-desist orders: Issuance after notice and opportunity for hearing.

(a) Basis for issuance. A temporary cease-and-desist order shall be issued only if the Commission determines that the alleged violation or threatened violation specified in an order instituting proceedings whether to enter a permanent cease-and-desist order pursuant to Securities Act Section 8A(a), 15 U.S.C. 77h–1(a), Exchange Act Section 21C(a), 15 U.S.C. 78u–3(a), Investment Company Act Section 9(f)(1),
15 U.S.C. 80a–9(f)(1), or Investment Advisers Act Section 203(k)(1), 15 U.S.C. 80b–3(k)(1), or the continuation thereof, is likely to result in significant dissipation or conversion of assets, significant harm to investors, or substantial harm to the public interest, including, but not limited to, losses to the Securities Investor Protection Corporation, prior to the completion of proceedings on the permanent cease-and-desist order.

(b) Content, scope and form of order. Every temporary cease-and-desist order granted shall:

(1) Describe the basis for its issuance, including the alleged or threatened violations and the harm that is likely to result without the issuance of an order;

(2) Describe in reasonable detail, and not by reference to the order instituting proceedings or any other document, the act or acts the respondent is to take or refrain from taking; and

(3) Be indorsed with the date and hour of issuance.

(c) Effective upon service. A temporary cease-and-desist order is effective upon service upon the respondent.

(d) Service: how made. Service of a temporary cease-and-desist order shall be made pursuant to §201.141(a). The person who serves the order shall promptly file a declaration of service identifying the person served, the method of service, the date of service, the address to which service was made and the person who made service; provided, however, failure to file such a declaration shall have no effect on the validity of the service.

(e) Commission review. At any time after the respondent has been served with a temporary cease-and-desist order, the respondent may apply to the Commission to have the order set aside, limited or suspended. The application shall be made of record and shall be set forth with specificity the facts that support the request.

§ 201.513 Temporary cease-and-desist orders: Issuance without prior notice and opportunity for hearing.

In addition to the requirements for issuance of a temporary cease-and-desist order set forth in §201.512, the following requirements shall apply if a temporary cease-and-desist order is to be entered without prior notice and opportunity for hearing:

(a) Basis for issuance without prior notice and opportunity for hearing. A temporary cease-and-desist order may be issued without notice and opportunity for hearing only if the Commission determines, from specific facts in the record of the proceeding, that notice and hearing prior to entry of an order would be impracticable or contrary to the public interest.

(b) Content of the order. An ex parte temporary cease-and-desist order shall state specifically why notice and hearing would have been impracticable or contrary to the public interest.

(c) Hearing before the Commission. If a respondent has been served with a temporary cease-and-desist order entered without a prior Commission hearing, the respondent may apply to the Commission to have the order set aside, limited, or suspended, and if the application is made within 10 days after the date on which the order was served, may request a hearing on such application. The Commission shall hold a hearing and render a decision on the respondent’s application at the earliest possible time. The hearing shall begin within two days of the filing of the application unless the applicant consents to a longer period or the Commission, by order, for good cause shown, sets a later date. The Commission shall render a decision on the application within five calendar days of its filing, provided, however, that the Commission, by order, for good cause shown, may extend the time within which a decision may be rendered for a single period of five calendar days, or such longer time as consented to by the applicant. If the Commission does not render its decision within 10 days of the respondent’s application or such longer time as consented to by the applicant, the temporary order shall be suspended until a decision is rendered.

(d) Presiding officer, procedure at hearing. Procedures with respect to the selection of a presiding officer and the conduct of the hearing shall be in accordance with §201.511.
§ 201.514 Temporary cease-and-desist orders: Judicial review; duration.

(b) Duration. Unless set aside, limited, or suspended, either by order of the Commission, a court of competent jurisdiction, or a hearing officer acting pursuant to §201.531, or by operation of §201.513, a temporary cease-and-desist order shall remain effective and enforceable until the earlier of:

1. The completion of the proceedings whether a permanent order shall be entered; or
2. 180 days, or such longer time as consented to by the respondent, after issuance of a briefing schedule order pursuant to §201.540(b), if an initial decision whether a permanent order should be entered is appealed.

§ 201.520 Suspension of registration of brokers, dealers, or other Exchange Act-registered entities: Application.

(a) Procedure. A request for suspension of a registered broker, dealer, municipal securities dealer, government securities broker, government securities dealer, or transfer agent pending a final determination whether the registration shall be revoked shall be made by application filed by the Division of Enforcement. The application shall set forth the statutory provision or rule that each respondent is alleged to have violated and the temporary suspension sought as to each respondent.

(b) Accompanying documents. The application shall be accompanied by a declaration of facts signed by a person with knowledge of the facts contained therein, a memorandum of points and authorities, a proposed order imposing the temporary suspension of registration sought, and a proposed notice of hearing and order to show cause whether the temporary suspension of registration should be imposed. If a proceeding to determine whether to revoke the registration permanently has not already been commenced, a proposed order instituting proceedings to determine whether a permanent sanction should be imposed shall also be filed with the application.

(c) With whom filed. The application shall be filed with the Secretary or, if the Secretary is unavailable, with the duty officer. In no event shall an application be filed with an administrative law judge.

(d) Record of hearings. All hearings shall be recorded or transcribed pursuant to §201.302.

§ 201.521 Suspension of registration of brokers, dealers, or other Exchange Act-registered entities: Notice and opportunity for hearing on application.

(a) How given. Notice of an application to suspend a registration pursuant to §201.520 shall be made by serving a notice of hearing and order to show cause pursuant to §201.141(b) or, where timely service of a notice of hearing pursuant to §201.141(b) is not practicable, by any other means reasonably calculated to give actual notice that a hearing will be held, including telephonic notification of the general subject matter, time, and place of the hearing.

(b) Hearing: before whom held. Except as provided in paragraph (d) of this section, hearings on an application to suspend a registration pursuant to §201.520 shall be held before the Commission.

(c) Presiding officer: designation. The Chairman shall preside or designate a Commissioner to preside at the hearing. If the Chairman is absent or unavailable at the time of hearing and no other Commissioner has been designated to preside, the duty officer on the day the hearing begins shall preside or designate another Commissioner to preside.

(d) Procedure at hearing. (1) The presiding officer shall have all those powers of a hearing officer set forth in §201.111 and shall rule on the admissibility of evidence and other procedural matters, including, but not limited to whether oral testimony will be heard; the time allowed each party for the submission of evidence or argument; and whether post-hearing submission

§ 201.531 Initial decision on permanent order: Effect on temporary order.

(a) Specification of permanent sanction. If, at the time an initial decision is issued, a temporary sanction is in effect as to any respondent, the initial decision shall specify:
(1) Which terms or conditions of a temporary cease-and-desist order, if any, shall become permanent; and
(2) Whether a temporary suspension of a respondent’s registration, if any, shall be made a permanent revocation of registration.

(b) Modification of temporary order. If any temporary sanction shall not become permanent under the terms of the initial decision, the hearing officer shall issue a separate order setting aside, limiting or suspending the temporary sanction then in effect in accordance with the terms of the initial decision. The hearing officer shall decline to suspend a term or condition of a temporary cease-and-desist order if it is found that the continued effectiveness of such term or condition is necessary to effectuate any term of the relief ordered in the initial decision, including the payment of disgorgement, interest or penalties. An order modifying temporary sanctions shall be effective 14 days after service. Within one week of service of the order modifying temporary sanctions any party may seek a stay or modification of the order from the Commission pursuant to § 201.401.

§ 201.540 Appeal and Commission review of initial decision making a temporary order permanent.

(a) Petition for review. Any person who seeks Commission review of an initial decision as to whether a temporary sanction shall be made permanent shall file a petition for review pursuant to § 201.410, provided, however, that the petition must be filed within 10 days after service of the initial decision.

(b) Review procedure. If the Commission determines to grant or order review, it shall issue a briefing schedule order pursuant to § 201.450. Unless otherwise ordered by the Commission, opening briefs shall be filed within 21 days of the order granting or ordering review, and opposition briefs shall be filed within 14 days after opening briefs are filed. Reply briefs shall be filed within seven days after opposition briefs are filed. Oral argument, if granted by the Commission, shall be held within 90 days of the issuance of the briefing schedule order.

§ 201.550 Summary suspensions pursuant to Exchange Act Section 12(k)(1)(A).

(a) Petition for termination of suspension. Any person adversely affected by a suspension pursuant to Section 12(k)(1)(A) of the Exchange Act, 15 U.S.C. 78l(k)(1)(A), who desires to show that such suspension is not necessary in the public interest or for the protection of investors may file a sworn petition with the Secretary, requesting that the suspension be terminated. The petition shall set forth the reasons why the petitioner believes that the suspension of trading should not continue and state with particularity the facts upon which the petitioner relies.

(b) Commission consideration of a petition. The Commission, in its discretion, may schedule a hearing on the matter, request additional written submissions, or decide the matter on the facts presented in the petition and any other relevant facts known to the Commission. If the petitioner fails to cooperate with, obstructs, or refuses to permit the making of an examination by the Commission, such conduct shall be grounds to deny the petition.
Section 201.600 Interest on sums disgorged.

(a) Interest required. Prejudgment interest shall be due on any sum required to be paid pursuant to an order of disgorgement. The disgorgement order shall specify each violation that forms the basis for the disgorgement ordered; the date which, for purposes of calculating disgorgement, each such violation was deemed to have occurred; the amount to be disgorged for each such violation; and the total sum to be disgorged. Prejudgment interest shall be due from the first day of the month following each such violation through the last day of the month preceding the month in which payment of disgorgement is made. The order shall state the amount of prejudgment interest owed as of the date of the disgorgement order and that interest shall continue to accrue on all funds owed until they are paid.

(b) Rate of interest. Interest on the sum to be disgorged shall be computed at the underpayment rate of interest established under Section 6621(a)(2) of the Internal Revenue Code, 26 U.S.C. 6621(a)(2), and shall be compounded quarterly. The Commission or the hearing officer may, by order, specify a lower rate of prejudgment interest as to any funds which the respondent has placed in an escrow or otherwise guaranteed for payment of disgorgement upon a final determination of the respondent's liability. Escrow and other guarantee arrangements must be approved by the Commission or the hearing officer prior to entry of the disgorgement order.

§ 201.601 Prompt payment of disgorgement, interest and penalties.

(a) Timing of payments. Unless otherwise provided, funds due pursuant to an order by the Commission requiring the payment of disgorgement, interest, or penalties shall be paid no later than 21 days after service of the order, and funds due pursuant to an order by a hearing officer shall be paid in accordance with the order of finality issued pursuant to §201.360(d)(2).

(b) Stays. A stay of any order requiring the payment of disgorgement, interest or penalties may be sought at any time pursuant to §201.401.

(c) Method of making payment. Payment shall be made by United States postal money order, wire transfer, certified check, bank cashier's check, or bank money order made payable to the Securities and Exchange Commission. The payment shall be mailed or delivered to the office designated by this Commission. Payment shall be accompanied by a letter that identifies the name and number of the case and the name of the respondent making payment. A copy of the letter and the instrument of payment shall be sent to counsel for the Division of Enforcement.

§§ 201.610–201.614 [Reserved]

§ 201.620 [Reserved]

§ 201.630 Inability to pay disgorgement, interest or penalties.

(a) Generally. In any proceeding in which an order requiring payment of disgorgement, interest or penalties may be entered, a respondent may assert an inability to pay disgorgement, interest or a penalty. The Commission may, in its discretion, or the hearing officer may, in his or her discretion, consider evidence concerning ability to pay in determining whether disgorgement, interest or a penalty is in the public interest.

(b) Financial disclosure statement. Any respondent who asserts an inability to pay disgorgement, interest or penalties may be required to file a sworn financial disclosure statement and to keep the statement current. The financial statement shall show the respondent's assets, liabilities, income or other funds received and expenses or other payments, from the date of the first violation alleged against that respondent in the order instituting proceedings, or such later date as specified by the Commission or a hearing officer, to the date of the order requiring the disclosure statement to be filed. By order, the Commission or the hearing officer may prescribe the use of the
Disclosure of Assets and Financial Information Form (see Form D-A at §209.1 of this chapter) or any other form, may specify other time periods for which disclosure is required, and may require such other information as deemed necessary to evaluate a claim of inability to pay.

(c) Confidentiality. Any respondent submitting financial information pursuant to this section or §201.410(c) may make a motion, pursuant to §201.322, for the issuance of a protective order against disclosure of the information submitted to the public or to any parties other than the Division of Enforcement. Prior to a ruling on the motion, no party receiving information as to which a motion for a protective order has been made may transfer or convey the information to any other person without the prior permission of the Commission or the hearing officer.

(d) Service required. Notwithstanding any provision of §201.322, a copy of the financial disclosure statement shall be served on the Division of Enforcement.

(e) Failure to file required financial information: sanction. Any respondent who, after making a claim of inability to pay either disgorgement, interest or a penalty, fails to file a financial disclosure statement when such a filing has been ordered or is required by rule may, in the discretion of the Commission or the hearing officer, be deemed to have waived the claim of inability to pay. No sanction pursuant to §§201.155 or 201.180 shall be imposed for a failure to file such a statement.

§ 201.700 Initiation of proceedings for SRO proposed rule changes.

(a) Rules of Practice. For purposes of these Rules of Practice contained at 17 CFR 201.700 through 201.701, the following Rules of Practice apply:

(1) Rule 103, 17 CFR 201.103 (Construction of Rules);

(2) Rule 104, 17 CFR 201.104 (Business Hours); and

(b) Institution of proceedings; notice and opportunity to submit written views—

(1) Generally. If the Commission determines to initiate proceedings to determine whether a self-regulatory organization’s proposed rule change should be disapproved, it shall provide notice thereof to the self-regulatory organization that filed the proposed rule change, as well as all interested parties and the public, by publication in the Federal Register of the grounds for disapproval under consideration.

(ii) Prior to notice. If the Commission determines to institute proceedings prior to initial publication by the Commission of the notice of the self-regulatory organization’s proposed rule change in the Federal Register, then the Commission shall publish notice of the proposed rule change simultaneously with a brief summary of the grounds for disapproval under consideration.

(iii) Notice of the grounds for disapproval under consideration. The grounds for disapproval under consideration shall include a brief statement of the matters of fact and law on which the Commission instituted the proceedings, including the areas in which the Commission may have questions or may need to solicit additional information on the proposed rule change. The Commission may consider during the course of the proceedings additional matters of fact and law beyond what was set forth in
Securities and Exchange Commission

§ 201.700

its notice of the grounds for disapproval under consideration.

(3) Demonstration of consistency with the Exchange Act. The burden to demonstrate that a proposed rule change is consistent with the Exchange Act and the rules and regulations issued thereunder that are applicable to the self-regulatory organization is on the self-regulatory organization that proposed the rule change. As reflected in the General Instructions to Form 19b–4, the Form is designed to elicit information necessary for the public to provide meaningful comment on the proposed rule change and for the Commission to determine whether the proposed rule change is consistent with the requirements of the Exchange Act and the rules and regulations thereunder applicable to the self-regulatory organization. The self-regulatory organization must provide all information elicited by the Form, including the exhibits, and must present the information in a clear and comprehensible manner. In particular, the self-regulatory organization must explain why the proposed rule change is consistent with the requirements of the Exchange Act and the rules and regulations thereunder applicable to the self-regulatory organization. A mere assertion that the proposed rule change is consistent with those requirements, or that another self-regulatory organization has a similar rule in place, is not sufficient. Instead, the description of the proposed rule change, its purpose and operation, its effect, and a legal analysis of its consistency with applicable requirements must all be sufficiently detailed and specific to support an affirmative Commission finding. Any failure of the self-regulatory organization to provide the information elicited by Form 19b–4 may result in the Commission not having a sufficient basis to make an affirmative finding that a proposed rule change is consistent with the Exchange Act and the rules and regulations issued thereunder that are applicable to the self-regulatory organization.

(c) Conduct of hearings—(1) Initial comment period in writing. Unless otherwise specified by the Commission in its notice of grounds for disapproval under consideration, all interested persons will be given an opportunity to submit written data, views, and arguments concerning the proposed rule change under consideration and whether the Commission should approve or disapprove the proposed rule change. The self-regulatory organization that submitted the proposed rule change may file a written statement in support of its proposed rule change demonstrating, in specific detail, how such proposed rule change is consistent with the requirements of the Exchange Act and the rules and regulations thereunder applicable to the self-regulatory organization, including a response to each of the grounds for disapproval under consideration. Such statement may include specific representations or undertakings by the self-regulatory organization. The Commission will specify in the summary of the grounds for disapproval under consideration the length of the initial comment period.

(2) Oral. The Commission, in its sole discretion, may determine whether any issues relevant to approval or disapproval would be facilitated by the opportunity for an oral presentation of views.

(3) Rebuttal. At the end of the initial comment period, the self-regulatory organization that filed the proposed rule change will be given an opportunity to respond to any comments received. The self-regulatory organization may voluntarily file, or the Commission may request a self-regulatory organization to file, a response to a comment received regarding any aspect of the proposed rule change under consideration to assist the Commission in determining whether the proposed rule change should be disapproved. The Commission will specify in the summary of the grounds for disapproval under consideration the length of the rebuttal period.

(4) Non-response. Any failure by the self-regulatory organization to provide a complete response, within the applicable time period specified, to a comment letter received or to the Commission’s grounds for disapproval under consideration may result in the Commission not having a sufficient basis to make an affirmative finding that a proposed rule change is consistent with the Exchange Act and the rules and regulations issued thereunder that are
applicable to the self-regulatory organization.

(d) Record before the Commission—(1) Filing of papers with the Commission. Filing of papers with the Commission shall be made by filing them with the Secretary, including through electronic means. In its notice setting forth the grounds for disapproval under consideration for a proposed rule change, the Commission shall inform interested parties of the methods by which they may submit written comments and arguments for or against Commission approval.

(2) Public availability of materials received. During the conduct of the proceedings, the Commission generally will make available publicly all written comments it receives without change. In its notice setting forth the grounds for disapproval under consideration for a proposed rule change, the Commission shall inform interested parties of the methods by which they may view all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552.

(3) Record before the Commission. The Commission shall determine each matter on the basis of the record. The record shall consist of the proposed rule change filed on Form 19b-4 by the self-regulatory organization, including all attachments and exhibits thereto, and all written materials received from any interested parties on the proposed rule change, including the self-regulatory organization that filed the proposed rule change, through the means identified by the Commission as provided in paragraph (1), as well as any written materials that reflect communications between the Commission and any interested parties.

e) Amended notice not required. The Commission is not required to amend its notice of grounds for disapproval under consideration in order to consider, during the course of the proceedings, additional matters of fact and law beyond what was set forth in the notice of the grounds for disapproval under consideration.

§ 201.900 Informal Procedures and Supplementary Information Concerning Adjudicatory Proceedings.

(a) Guidelines for the timely completion of proceedings. (1) Timely resolution of adjudicatory proceedings is one factor in assessing the effectiveness of the adjudicatory program in protecting investors, promoting public confidence in the securities markets and assuring respondents a fair hearing. Establishment of guidelines for the timely completion of key phases of contested administrative proceedings provides a standard for both the Commission and the public to gauge the Commission’s adjudicatory program on this criterion. The Commission has directed that, to the extent possible:

(i) A decision by the Commission on review of an interlocutory matter should be completed within 45 days of the date set for filing the final brief on the matter submitted for review.

(ii) A decision by the Commission on a motion to stay a decision that has already taken effect or that will take effect within five days of the filing of the motion, should be issued within five days of the date set for filing of the opposition to the motion for a stay. If the decision complained of has not taken effect, the Commission’s decision should be issued within 45 days of the date set for filing of the opposition to the motion for a stay.

(ii) Ordinarily, a decision by the Commission with respect to an appeal from the initial decision of a hearing officer, a review of a determination by a self-regulatory organization, or a remand of a prior Commission decision by a court of appeals should be issued within seven months from the date the

§ 201.701 Issuance of order.

At any time following conclusion of the rebuttal period specified in 17 CFR 201.700(b)(4), the Commission may issue an order approving or disapproving the self-regulatory organization’s proposed rule change together with a written statement of the reasons therefor.
petition for review, application for review, or mandate of the court is filed, unless the Commission determines that the matter presents unusual complicating circumstances, in which case a decision by the Commission on the matter may be issued within 11 months from the date the petition for review, application for review, or mandate of the court is filed. The Commission retains discretion to take additional time to dispose of an appeal from the initial decision of a hearing officer, a review of a determination by a self-regulatory organization, or a remand of a prior Commission decision by a court of appeals when the Commission determines that extraordinary facts and circumstances of the matter so require. The deadlines in §201.900 confer no substantive rights on the parties.

(2) The guidelines in this paragraph (a) do not create a requirement that each portion of a proceeding or the entire proceeding be completed within the periods described. Among other reasons, a proceeding at either the hearing stage or on review by the Commission may require additional time because it is unusually complex or because the record is exceptionally long. In addition, fairness is enhanced if the Commission’s deliberative process is not constrained by an inflexible schedule. In some proceedings, deliberation may be delayed by the need to consider more urgent matters, to permit the preparation of dissenting opinions, or for other good cause. The guidelines will be used by the Commission as one of several criteria in monitoring and evaluating its adjudicatory program. The guidelines will be examined periodically, and, if necessary, readjusted in light of changes in the pending caseload and the available level of staff resources.

(b) Reports to the Commission on pending cases. The administrative law judges, the Secretary and the General Counsel have each been delegated authority to issue certain orders or adjudicate certain proceedings. See 17 CFR 200.30–1 et seq. Proceedings are also assigned to the General Counsel for the preparation of a proposed order or opinion which will then be recommended to the Commission for consideration. In order to improve accountability by and to the Commission for management of the docket, the Commission has directed that confidential status reports with respect to all filed adjudicatory proceedings shall be made periodically to the Commission. These reports will be made through the Secretary, with a minimum frequency established by the Commission. In connection with these periodic reports, if a proceeding pending before the Commission has not been concluded within 30 days of the guidelines established in paragraph (a) of this section, the General Counsel shall specifically apprise the Commission of that fact, and shall describe the procedural posture of the case, project an estimated date for conclusion of the proceeding, and provide such other information as is necessary to enable the Commission to determine whether additional steps are necessary to reach a fair and timely resolution of the matter.

(c) Publication of information concerning the pending case docket. Ongoing disclosure of information about the adjudication program caseload increases awareness of the importance of the program, facilitates oversight of the program and promotes confidence in the efficiency and fairness of the program by investors, securities industry participants, self-regulatory organizations and other members of the public. The Commission has directed the Secretary to publish in the SEC Docket in the first and seventh months of each fiscal year summary statistical information about the status of pending adjudicatory proceedings and changes in the Commission’s caseload over the prior six months. The report will include the number of cases pending before the administrative law judges and the Commission at the beginning and end of the six-month period. The report will also show increases in the caseload arising from new cases being instituted, appealed or remanded to the Commission and decreases in the caseload arising from the disposition of proceedings by issuance of initial decisions, issuance of final decisions issued on appeal of initial decisions, other dispositions of
appeals of initial decisions, final decisions on review of self-regulatory organization determinations, other dispositions on review of self-regulatory organization determinations, and decisions with respect to stays or interlocutory motions. For each category of decision, the report shall also show the median age of the cases at the time of the decision and the number of cases decided within the guidelines for the timely completion of adjudicatory proceedings.

Subpart F—Fair Fund and Disgorgement Plans

Authority: 15 U.S.C. 77h–1, 77s, 77u, 78c(b), 78d–1, 78d–2, 78u–2, 78u–3, 78v, 78w, 80a–9, 80a–37, 80a–39, 80a–40, 80b–9, 80b–11, 80b–12, and 7246.

§ 201.1100 Creation of Fair Fund.

In any agency process initiated by an order instituting proceedings in which the Commission or the hearing officer issues an order requiring the payment of disgorgement by a respondent and also assessing a civil money penalty against that respondent, the Commission or the hearing officer may order that the amount of disgorgement and of the civil penalty, together with any funds received pursuant to 15 U.S.C. 7246(b), if applicable, be used to create a fund for the benefit of investors who were harmed by the violation.

[70 FR 72570, Dec. 5, 2005]

§ 201.1101 Submission of plan of distribution; contents of plan.

(a) Submission. The Commission or the hearing officer may, at any time, order any party to submit a plan for the administration and distribution of funds in a Fair Fund or disgorgement fund. Unless ordered otherwise, the Division of Enforcement shall submit a proposed plan no later than 60 days after the respondent has turned over the funds or other assets pursuant to the Commission’s order imposing disgorgement and, if applicable, a civil money penalty, and any appeals of the Commission’s order have been waived or completed, or appeal is no longer available.

(b) Contents of plan. Unless otherwise ordered, a plan for the administration of a Fair Fund or a disgorgement fund shall include the following elements:

(1) Procedures for the receipt of additional funds, including the specification of any account where funds will be held, the instruments in which the funds may be invested; and, in the case of a Fair Fund, the receipt of any funds pursuant to 15 U.S.C. 7246(b), if applicable;

(2) Specification of categories of persons potentially eligible to receive proceeds from the fund;

(3) Procedures for providing notice to such persons of the existence of the fund and their potential eligibility to receive proceeds of the fund;

(4) Procedures for making and approving claims, procedures for handling disputed claims, and a cut-off date for the making of claims;

(5) A proposed date for the termination of the fund, including provision for the disposition of any funds not otherwise distributed;

(6) Procedures for the administration of the fund, including selection, compensation, and, as necessary, indemnification of a fund administrator to oversee the fund, process claims, prepare accountings, file tax returns, and, subject to the approval of the Commission, make distributions from the fund to investors who were harmed by the violation; and

(7) Such other provisions as the Commission or the hearing officer may require.

§ 201.1102 Provisions for payment.

(a) Payment to registry of the court or court-appointed receiver. Subject to such conditions as the Commission or the hearing officer shall deem appropriate, a plan for the administration of a Fair Fund or a disgorgement fund may provide for payment of funds into a court registry or to a court-appointed receiver in any case pending in federal or state court against a respondent or any other person based upon a complaint alleging violations arising from the same or substantially similar facts as those alleged in the Commission’s order instituting proceedings.

(b) Payment to the United States Treasury under certain circumstances. When, in the opinion of the Commission or the hearing officer, the cost of administering a plan of disgorgement relative to the value of the available disgorgement funds and the number of potential claimants would not justify distribution of the disgorgement funds
§ 201.1103 Notice of proposed plan and opportunity for comment by non-parties.

Notice of a proposed plan of disgorgement or a proposed Fair Fund plan shall be published in the SEC Docket, on the SEC website, and in such other publications as the Commission or the hearing officer may require. The notice shall specify how copies of the proposed plan may be obtained and shall state that persons desiring to comment on the proposed plan may submit their views, in writing, to the Commission.

§ 201.1104 Order approving, modifying, or disapproving proposed plan.

At any time after 30 days following publication of notice of a proposed plan of disgorgement or of a proposed Fair Fund plan, the Commission shall, by order, approve, approve with modifications, or disapprove the proposed plan. In the discretion of the Commission, a proposed plan that is substantially modified prior to adoption may be republished for an additional comment period pursuant to §201.1103. The order approving or disapproving the plan should be entered within 30 days after the end of the final period allowed for comments on the proposed plan unless the Commission or the hearing officer, by written order, allows a longer period for good cause shown.

§ 201.1105 Administration of plan.

(a) Appointment and removal of administrator. The Commission or the hearing officer shall have discretion to appoint any person, including a Commission employee, as administrator of a plan of disgorgement or a Fair Fund plan and to delegate to that person responsibility for administering the plan. An administrator may be removed at any time by order of the Commission or hearing officer.

(b) Assistance by respondent. A respondent may be required or permitted to administer or assist in administering a plan of disgorgement subject to such terms and conditions as the Commission or the hearing officer deems appropriate to ensure the proper distribution of the funds.

(c) Administrator to post bond. If the administrator is not a Commission employee, the administrator shall be required to obtain a bond in the manner prescribed in 11 U.S.C. 322, in an amount to be approved by the Commission. The cost of the bond may be paid for as a cost of administration. The Commission may waive posting of a bond for good cause shown.

(d) Administrator’s fees. If the administrator is a Commission employee, no fee shall be paid to the administrator for his or her services. If the administrator is not a Commission employee, the administrator may file an application for fees for completed services, and upon approval by the Commission or a hearing officer, may be paid a reasonable fee for those services. Any objections thereto shall be filed within 21 days of service of the application on the parties.

(e) Source of funds. Unless otherwise ordered, fees and other expenses of administering the plan shall be paid first from the interest earned on the funds, and if the interest is not sufficient, then from the corpus.

(f) Accountings. During the first 10 days of each calendar quarter, or as otherwise directed by the Commission or the hearing officer, the administrator shall file an accounting of all monies earned or received and all monies spent in connection with the administration of the plan of disgorgement. A final accounting shall be submitted for approval of the Commission or hearing officer prior to discharge of the administrator and cancellation of the administrator’s bond, if any.

(g) Amendment. A plan may be amended upon motion by any party or by the plan administrator or upon the Commission’s or the hearing officer’s own motion.

§ 201.1106 Right to challenge.

Other than in connection with the opportunity to submit comments as provided in §201.1103, no person shall be granted leave to intervene or to participate or otherwise to appear in any agency proceeding or otherwise to
challenge an order of disgorgement or creation of a Fair Fund; or an order approving, approving with modifications, or disapproving a plan of disgorgement or a Fair Fund plan; or any determination relating to a plan based solely upon that person’s eligibility or potential eligibility to participate in a fund or based upon any private right of action such person may have against any person who is also a respondent in the proceeding.

PART 202—INFORMAL AND OTHER PROCEDURES

Sec. 202.1 General.
(a) The statutes administered by the Commission provide generally (1) for the filing with it of certain statements, such as registration statements, periodic and ownership reports, and proxy solicitation material, and for the filing of certain plans of reorganization, applications and declarations seeking Commission approvals; (2) for Commission determination through formal procedures of matters initiated by private parties or by the Commission; (3) for the investigation and examination of persons and records where necessary to carry out the purposes of the statutes and for enforcement of statutory provisions; and (4) for the adoption of rules and regulations where necessary to effectuate the purposes of the statutes.

(b) In addition to the Commission’s rules of practice set forth in part 201 of this chapter, the Commission has promulgated rules and regulations pursuant to the several statutes it administers (parts 230, 240, 260, 270 and 275 of this chapter). These parts contain substantive provisions and include as well numerous provisions detailing the procedure for meeting specific standards embodied in the statutes. The Commission’s rules and regulations under each of the statutes are available in pamphlet form upon request to the Superintendent of Documents, U.S. Government Printing Office, Washington, DC 20402.

(c) The statutes and the published rules, regulations and forms thereunder prescribe the course and method of formal procedures to be followed in Commission proceedings. These are supplemented where feasible by certain informal procedures designed to aid the public and facilitate the execution of the Commission’s functions. There follows a brief description of procedures generally followed by the Commission which have not been formalized in rules.

(d) The informal procedures of the Commission are largely concerned with the rendering of advice and assistance by the Commission’s staff to members of the public dealing with the Commission. While opinions expressed by members of the staff do not constitute an official expression of the Commission’s views, they represent the views of persons who are continuously working with the provisions of the statute involved. And any statement by the director, associate director, assistant director, chief accountant, chief counsel, or chief financial analyst of a division

§ 202.1 General.

(a) The statutes administered by the Commission provide generally (1) for the filing with it of certain statements, such as registration statements, periodic and ownership reports, and proxy
can be relied upon as representing the views of that division. In certain instances an informal statement of the views of the Commission may be obtained. The staff, upon request or on its own motion, will generally present questions to the Commission which involve matters of substantial importance and where the issues are novel or highly complex, although the granting of a request for an informal statement by the Commission is entirely within its discretion.

[25 FR 6736, July 15, 1960, as amended at 76 FR 71875, Nov. 21, 2011]

§ 202.2 Pre-filing assistance and interpretative advice.
The staff of the Commission renders interpretative and advisory assistance to members of the general public, prospective registrants, applicants and declarants. For example, persons having a question regarding the availability of an exemption may secure informal administrative interpretations of the applicable statute or rule as they relate to the particular facts and circumstances presented. Similarly, persons contemplating filings with the Commission may receive advice of a general nature as to the preparation thereof, including information as to the forms to be used and the scope of the items contained in the forms. Inquiries may be directed to an appropriate officer of the Commission’s staff. In addition, informal discussions with members of the staff may be arranged whenever feasible, at the Commission’s central office or, except in connection with certain matters under the Investment Company Act of 1940, at one of its regional offices.

§ 202.3 Processing of filings.
(a) Registration statements, proxy statements, letters of notification, periodic reports, applications for qualification of indentures, and similar documents filed with the Commission under the Securities Act of 1933 and the Trust Indenture Act of 1939, and certain filings under the Securities Exchange Act of 1934 are routed to the Division of Corporation Finance, which passes initially on the adequacy of disclosure and recommends the initial action to be taken. If the filing appears to afford inadequate disclosure, as for example through omission of material information or through violation of accepted accounting principles and practices, the usual practice is to bring the deficiency to the attention of the person who filed the document by letter from the Assistant Director assigned supervision over the particular filing, and to afford a reasonable opportunity to discuss the matter and make the necessary corrections. This informal procedure is not generally employed when the deficiencies appear to stem from careless disregard of the statutes and rules or a deliberate attempt to conceal or mislead or where the Commission deems formal proceedings necessary in the public interest. If an electronic filing is not prepared in accordance with the requirements of the current EDGAR Filer Manual, the filing may be suspended and the filer so notified. Reasonable opportunity will be afforded the filer to make the necessary corrections or resubmit the filing as needed. Where it appears that the filing affords adequate disclosure, acceleration of its effectiveness when appropriate normally will be granted. A similar procedure is also followed in the Commission’s Regional Offices with respect to registration statements on Forms SB–1 and SB–2 (17 CFR 239.9 and 239.10) and related filings under the Trust Indenture Act of 1939.

(b)(1) Applications for registration as brokers, dealers, investment advisers, municipal securities dealers and transfer agents are submitted to the Office of Filings and Information Services where they are examined to determine whether all necessary information has been supplied and whether all required financial statements and other documents have been furnished in proper
form. Defective applications may be returned with a request for correction or held until corrected before being accepted as a filing. The files of the Commission and other sources of information are considered to determine whether any person connected with the applicant appears to have engaged in activities which would warrant commencement of proceedings on the question of denial of registration. The staff confers with applicants and makes suggestions in appropriate cases for amendments and supplemental information. Where it appears appropriate in the public interest and where a basis therefore exists, denial proceedings may be instituted. Within 90 days of the date of publication of a notice of the filing of an application for registration as a national securities exchange, or exemption from registration by reason of such exchanges’ limited volume of transactions (or within such longer period as to which the applicant consents), the Commission shall by order grant registration, or institute proceedings to determine whether registration should be denied as provided in §240.19(a)(1) of this chapter.

(3) Notice forms for registration as national securities exchanges pursuant to Section 6(g)(1) of the Securities Exchange Act of 1934 (15 U.S.C. 78f(g)(1)) filed with the Commission are routed to the Division of Market Regulation, which examines these notices to determine whether all necessary information has been supplied and whether all other required documents have been furnished in proper form. Defective notices may be returned with a request for correction or held until corrected before being accepted as a filing.

§ 202.3a Instructions for filing fees.

(a) General instructions for remittance of filing fees. Payment of filing fees specified by the following sections shall be made according to the directions listed in this section: §230.111 of this chapter, §240.0-9 of this chapter, and §270.0-8 of this chapter. All such fees are to be paid through the U.S. Treasury designated lockbox depository and may be paid by wire transfer, certified check, bank cashier’s check, United States postal money order, or

Securities and Exchange Commission

§ 202.3a
§ 202.3a 17 CFR Ch. II (4–1–13 Edition)

bank money order pursuant to the specific instructions set forth in paragraph (b) of this section. Personal checks will not be accepted for payment of fees. To ensure proper posting, all filers must include their Commission-assigned Central Index Key (CIK) number (also known as the Commission-assigned registrant or payor account number) on fee payments. If a third party submits a fee payment, the fee payment must specify the account number to which the fee is to be applied.

(b) Instructions for payment of filing fees. Except as provided in paragraph (c) of this section, these instructions provide direction for remitting fees specified in paragraph (a) of this section. You may contact the Fee Account Services Branch in the Office of Financial Management at (202) 551–8989 for additional information if you have questions.

(1) Instructions for payment of fees by wire transfer (FEDWIRE). U.S. Bank, N.A. in St. Louis, Missouri is the U.S. Treasury designated lockbox depository and financial agent for Commission filing fee payments. The hours of operation at U.S. Bank are 8:30 a.m. to 6 p.m. Eastern time for wire transfers. Any bank or wire transfer service may initiate wire transfers of filing fee payments through the FEDWIRE system to U.S. Bank. A filing entity does not need to establish an account at U.S. Bank in order to remit filing fee payments.

(i) To ensure proper credit and prompt filing acceptance, in all wire transfers of filing fees to the Commission, you must include:

(A) The Commission’s account number at U.S. Bank (152307768324); and

(B) The payor’s CIK number.

(ii) You may refer to the examples found on the Commission’s Web site at http://www.sec.gov for the proper format.

(2) Instructions for payment of fees by check or money order. To remit a filing fee payment by check (certified or bank cashier’s check) or money order (United States postal or bank money order), you must make it payable to the Securities and Exchange Commission, omitting the name or title of any official of the Commission. On the front of the check or money order, you must include the Commission’s account number (152307768324) and CIK number of the account to which the fee is to be applied. U.S. Bank does not accept walk-in deliveries by individuals. You must mail checks or money orders to the following U.S. Bank addresses:

(i) Remittances through the U.S. Postal Service must be sent to the following address: Securities and Exchange Commission, P.O. Box 979081, St. Louis, MO 63197–9000.

(ii) The following address can be used for remittances through other common carriers: U.S. Bank, Government Lockbox 979081, 1005 Convention Plaza, SL–MO–C2–GL, St. Louis, MO 63101.

NOTE TO PARAGRAPH (b). Wire transfers are not instantaneous. The time required to process a wire transfer through the FEDWIRE system, from origination to receipt by U.S. Bank, varies substantially. Specified filings, such as registration statements pursuant to section 6(b) of the Securities Act of 1933 that provide for the registration of securities and mandate the receipt of the appropriate fee payment upon filing, and transactional filings pursuant to the Securities Exchange Act of 1934, such as many proxy statements involving extraordinary business transactions, will not be accepted if sufficient funds have not been received by the Commission at the time of filing. You should obtain from your bank or wire transfer service the reference number of the wire transfer. Having this number can greatly facilitate tracing the funds if any problems occur. If a wire transfer of filing fees does not contain the required information in the proper format, the Commission may not be able to identify the payor and the acceptance of filings may be delayed. To ensure proper credit, you must provide all required information to the sending bank or wire transfer service. Commission data must be inserted in the proper fields. The most critical data are the Commission’s account number at U.S. Bank and the Commission-assigned account number identified as the CIK number.

(c) Special instructions for §§230.462(b) and 230.110(d) of this chapter. Notwithstanding paragraphs (a) and (b) of this section, for registration statements filed pursuant to §§230.462(b) and §230.110(d) of this chapter, payment of filing fees for the purposes of this section may be made by:

(1) The registrant or its agent instructing its bank or a wire transfer service to transmit to the Commission the applicable filing fee by a wire
transfer of such amount from the issuer’s account or its agent’s account

to the U.S. Treasury designated
lockbox depository as soon as prac-
ticable, but no later than the close
of the next business day following
the filing of the registration statement;
and
(2) The registrant submitting with
the registration statement at the time
of filing a certification that:
(i) The registrant or its agent has so
instructed its bank or a wire transfer
service;
(ii) The registrant or its agent will
not revoke such instructions; and
(iii) The registrant or its agent has
sufficient funds in such account to
cover the amount of such filing fee.

NOTE TO PARAGRAPH (c). Such instructions
may be sent on the date of filing the reg-
istration statement after the close of busi-
ness of such bank or wire transfer service,
provided that the registrant undertakes in
the certification sent to the Commission
with the registration statement that it will
confirm receipt of such instructions by the
bank or wire transfer service during regular
business hours on the following business day.

(d) Filing fee accounts. A filing fee ac-
count is maintained for each filer who
submits a filing requiring a fee on the
Commission’s EDGAR system or who
submits funds to the U.S. Treasury des-
ignated depository in anticipation of
paying a filing fee. Account statements
are regularly prepared and provided to
account holders. Account holders must
maintain a current account address
with the Commission to ensure timely
access to these statements.

NOTE TO PARAGRAPH (d). The deposit of
money into a filing fee account does not con-
stitute payment of a filing fee. Payment of
the filing fee occurs at the time the filing is
made, commensurate with the drawing down
of the balance of the fee account.

(e) Return of funds from inactive ac-
counts. Funds held in any filing fee ac-
count in which there has not been a de-
posit, withdrawal or other adjustment
for more than three years will be re-
turned to the account holder, and ac-
count statements will not be sent
again until a deposit, withdrawal or
other adjustment is made with respect
to the account. Filers must maintain a
current account address to assure the
timely return of funds. It may not be
possible to return funds from inactive
accounts if the Commission is unable
to identify a current account address of
an account holder after making reason-
able efforts to do so.

NOTE TO PARAGRAPH (e). A company must
update its account and other addresses using
the EDGAR Web site. This method ensures
data integrity and the timeliest update. Sim-
ply changing an address in the text of the
cover page of a filing made on the EDGAR
system will not be sufficient to update the
Commission’s account address records.

§ 202.4 Facilitating administrative
hearings.

(a) Applications, declarations, and
other requests involving formal Com-
mission action after opportunity for
hearing are scrutinized by the appro-
priate division for conformance with
applicable statutory standards and
Commission rules and generally the fil-
ing party is advised of deficiencies.
Prior to passing upon applications and
declarations the Commission receives
the views of all interested persons at
public hearings whenever appropriate;
hence, any applicant or declarant seek-
ing Commission approval of proposed
transactions by a particular time
should file his application or declara-
tion in time to allow for the presen-
tation and consideration of such views.

(b) After the staff has had an oppor-
tunity to study an application or decla-
ration, interested persons may inform-
ally discuss the problems therein
raised to the extent that time and the
nature of the contest (e.g., consider-
eration is usually given to whether the
proceeding is contested and if so to the
nature of the contest). In such event,
the staff will, to the extent feasible,
advise as to the nature of the issues
raised by the filing, the necessity for
any amendments to the documents
filed, the type of evidence it believes
should be presented at the hearing and,
in some instances, the nature, form,
and contents of documents to be sub-
mitted as formal exhibits. The staff
will, in addition, generally advise as to
Commission policy in past cases which
dealt with the same subject matter as
the filing under consideration.
(c) During the course of the hearings, the staff is generally available for informal discussions to reconcile bona fide divergent views not only between itself and other persons interested in the proceedings, but among all interested persons; and, when circumstances permit, an attempt is made to narrow, if possible, the issues to be considered at the formal hearing.

(d) In some instances the Commission in the order accompanying its findings and opinion reserves jurisdiction over certain matters relating to the proceeding, such as payment of fees and expenses, accounting entries, terms and conditions relating to securities to be issued, and other matters. In such cases, upon receipt of satisfactory information and data the Commission considers whether further hearing is required before releasing jurisdiction.

§ 202.5 Enforcement activities.

(a) Where, from complaints received from members of the public, communications from Federal or State agencies, examination of filings made with the Commission, or otherwise, it appears that there may be violation of the acts administered by the Commission or the rules or regulations thereunder, a preliminary investigation is generally made. In such preliminary investigation no process is issued or testimony compelled. The Commission may, in its discretion, make such formal investigations and authorize the use of process as it deems necessary to determine whether any person has violated, is violating, or is about to violate any provision of the federal securities laws or the rules of a self-regulatory organization of which the person is a member or participant. Unless otherwise ordered by the Commission, the investigation or examination is nonpublic and the reports thereon are for staff and Commission use only.

(b) After investigation or otherwise the Commission may in its discretion take one or more of the following actions: Institution of administrative proceedings looking to the imposition of remedial sanctions, initiation of injunctive proceedings in the courts, and, in the case of a willful violation, reference of the matter to the Department of Justice for criminal prosecution. The Commission may also, on some occasions, refer the matter to, or grant requests for access to its files made by, domestic and foreign governmental authorities or foreign securities authorities, self-regulatory organizations such as stock exchanges or the National Association of Securities Dealers, Inc., and other persons or entities.

(c) Persons who become involved in preliminary or formal investigations may, on their own initiative, submit a written statement to the Commission setting forth their interests and position in regard to the subject matter of the investigation. Upon request, the staff, in its discretion, may advise such persons of the general nature of the investigation, including the indicated violations as they pertain to them, and the amount of time that may be available for preparing and submitting a statement prior to the presentation of a staff recommendation to the Commission for the commencement of an administrative or injunction proceeding. Submissions by interested persons should be forwarded to the appropriate Division Director or Regional Director with a copy to the staff members conducting the investigation and should be clearly referenced to the specific investigation to which they relate. In the event a recommendation for the commencement of an enforcement proceeding is presented by the staff, any submissions by interested persons will be forwarded to the Commission in conjunction with the staff memorandum.

(d) In instances where the staff has concluded its investigation of a particular matter and has determined that it will not recommend the commencement of an enforcement proceeding against a person, the staff, in its discretion, may advise the party that its formal investigation has been terminated. Such advice if given must in no way be construed as indicating that the party has been exonerated or that no action may ultimately result from the staff's investigation of the particular matter.

(e) The Commission has adopted the policy that in any civil lawsuit brought
by it or in any administrative proceeding of an accusatory nature pending before it, it is important to avoid creating, or permitting to be created, an impression that a decree is being entered or a sanction imposed, when the conduct alleged did not, in fact, occur. Accordingly, it hereby announces its policy not to permit a defendant or respondent to consent to a judgment or order that imposes a sanction while denying the allegations in the complaint or order for proceedings. In this regard, the Commission believes that a refusal to admit the allegations is equivalent to a denial, unless the defendant or respondent states that he neither admits nor denies the allegations.

(f) In the course of the Commission’s investigations, civil lawsuits, and administrative proceedings, the staff, with appropriate authorization, may discuss with persons involved the disposition of such matters by consent, by settlement, or in some other manner. It is the policy of the Commission, however, that the disposition of any such matter may not, expressly or impliedly, extend to any criminal charges that have been, or may be, brought against any such person or any recommendation with respect thereto. Accordingly, any person involved in an enforcement matter before the Commission who consents, or agrees to consent, to any judgment or order does so solely for the purpose of resolving the claims against him in that investigatory, civil, or administrative matter and not for the purpose of resolving any criminal charges that have been, or might be, brought against him. This policy reflects the fact that neither the Commission nor its staff has the authority or responsibility for instituting, conducting, settling, or otherwise disposing of criminal proceedings. That authority and responsibility are vested in the Attorney General and representatives of the Department of Justice.

§ 202.6 Adoption, revision, and rescission of rules and regulations of general application.

(a) The procedure followed by the Commission in connection with the adoption, revision, and rescission of rules of general application necessarily varies in accordance with the nature of the rule, the extent of public interest therein, and the necessity for speed in its adoption. Rules relating to Commission organization, procedure and management, for example, are generally adopted by the Commission without affording public discussion thereof. On the other hand, in the adoption of substantive rules materially affecting an industry or a segment of the public, such as accounting rules, every feasible effort is made in advance of adoption to receive the views of persons to be affected. In such cases, proposals for the adoption, revision, or rescission of rules are initiated either by the Commission or by members of the public, and to the extent practicable, the practices set forth in paragraph (b) of this section are observed.

(b) After preliminary consideration by the Commission a draft of the proposed rule is published in the Federal Register and mailed to interested persons (e.g., other interested regulatory bodies, principal registrants or persons to be affected, stock exchanges, professional societies and leading authorities on the subject concerned and other persons requesting such draft) for comments. Unless accorded confidential treatment pursuant to statute or rule of the Commission, written comments filed with the Commission on or before the closing date for comments become a part of the public record upon the proposed rule. The Commission, in its discretion, may accept and include in the public record written comments received by the Commission after the closing date.

(c) Following analysis of comments received, the rule may be adopted in the form published or in a revised form in the light of such comments. In some cases, a revised draft is prepared and published and, where appropriate, an oral hearing may be held before final action upon the proposal. Any interested person may appear at the hearing and/or may submit written comment.
for consideration in accordance with the Commission’s notice of the rulemaking procedure to be followed. The rule in the form in which it is adopted by the Commission is publicly released and is published in the Federal Register.

§ 202.7 Submittals.
(a) All required statements, reports, applications, etc. must be filed with the principal office of the Commission unless otherwise specified in the Commission’s rules, schedules and forms. Reports by exchange members, brokers and dealers required by §240.17a–5 of this chapter under the Securities Exchange Act of 1934 must be filed with the appropriate regional office as provided in §230.255(a) of this chapter under the Securities Act of 1933, and with the principal office of the Commission and the appropriate regional office as provided under §240.17a–5(a) et seq. of this chapter under the Securities Exchange Act of 1934.
(b) Electronic filings. All documents required to be filed in electronic format with the Commission pursuant to the federal securities laws or the rules and regulations thereunder shall be filed at the principal office in Washington, DC via EDGAR by delivery to the Commission of a magnetic tape or diskette, or by direct transmission.

§ 202.8 Small entity compliance guides.
The following small entity compliance guides are available to the public from the Commission’s Publications Room and regional offices:
(a) Q & A: Small Business and the SEC.  
(b) The Work of the SEC.  
(c) Broker-Dealer Registration Package. 
(d) Investment Adviser Registration Package.  
(e) Investment Company Registration Package.

the Commission’s satisfaction that it is financially unable to pay the penalty, immediately or over a reasonable period of time, in whole or in part.

(4) For purposes of this policy, an entity qualifies as “small” if it is a small business or small organization as defined by Commission rules adopted for the purpose of compliance with the Regulatory Flexibility Act. An entity not included in these definitions will be considered “small” for purposes of this policy if it meets the total asset amount that applies to issuers as set forth in §230.157(a) of this chapter.2

(b) This policy does not create a right or remedy for any person. This policy shall not apply to any remedy that may be sought by the Commission other than civil money penalties, whether or not such other remedy may be characterized as penal or remedial.

§ 202.10 Policy statement of the Securities and Exchange Commission concerning subpoenas to members of the news media.

Freedom of the press is of vital importance to the mission of the Securities and Exchange Commission. Effective journalism complements the Commission’s efforts to ensure that investors receive the full and fair disclosure that the law requires, and that they deserve. Diligent reporting is an essential means of bringing securities law violations to light and ultimately helps to deter illegal conduct. In this Policy Statement the Commission sets forth guidelines for the agency’s professional staff to ensure that vigorous enforcement of the federal securities laws is conducted completely, consistently with the principles of the First Amendment’s guarantee of freedom of the press, and specifically to avoid the issuance of subpoenas to members of the media that might impair the news gathering and reporting functions. These guidelines shall be adhered to by all members of the staff in all cases:

(a) In determining whether to issue a subpoena to a member of the news media, the approach in every case must be to strike the proper balance between the public’s interest in the free dissemination of ideas and information and the public’s interest in effective enforcement of the federal securities laws.

(b) When the staff investigating a matter determines that a member of the news media may have information relevant to the investigation, the staff should:

(1) Determine whether the information might be obtainable from alternative non-media sources.

(2) Make all reasonable efforts to obtain that information from those alternative sources. Whether all reasonable efforts have been made will depend on the particular circumstances of the investigation, including whether there is an immediate need to preserve assets or protect investors from an ongoing fraud.

(3) Determine whether the information is essential to successful completion of the investigation.

(c) If the information cannot reasonably be obtained from alternative sources and the information is essential to the investigation, then the staff, after seeking approval from the responsible Regional Director, District Administrator, or Associate Director, should contact legal counsel for the

2 At present, this threshold is $5 million. Thus, non-regulated entities, such as general partnerships, privately held corporations or professional service organizations, with assets of $5 million or less may qualify for penalty-reduction.
member of the news media. Staff should contact a member of the news media directly only if the member is not represented by legal counsel. The purpose of this contact is to explore whether the member may have information essential to the investigation, and to determine the interests of the media with respect to the information. If the nature of the investigation permits, the staff should make clear what its needs are as well as its willingness to respond to particular problems of the media. The staff should consult with the Commission’s Office of Public Affairs, as appropriate.

(d) The staff should negotiate with news media members or their counsel, consistently with this Policy Statement, to obtain the essential information through informal channels, avoiding the issuance of a subpoena, if the responsible Regional Director, District Administrator, or Associate Director determines that such negotiations would not substantially impair the integrity of the investigation. Depending on the circumstances of the investigation, informal channels may include voluntary production, informal interviews, or written summaries.

(e) If negotiations are not successful in achieving a resolution that accommodates the Commission's interest in the information and the media’s interests without issuing a subpoena, the staff investigating the matter should then consider whether to seek the issuance of a subpoena for the information. The following principles should guide the determination of whether a subpoena to a member of the news media should be issued:

(1) There should be reasonable grounds to believe that the information sought is essential to successful completion of the investigation. The subpoena should not be used to obtain peripheral or nonessential information.

(2) The staff should have exhausted all reasonable alternative means of obtaining the information from non-media sources. Whether all reasonable efforts have been made to obtain the information from alternative sources will depend on the particular circumstances of the investigation, including whether there is an immediate need to preserve assets or protect investors from an ongoing fraud.

(f) If there are reasonable grounds to believe the information sought is essential to the investigation, all reasonable alternative means of obtaining it have been exhausted, and all efforts at negotiation have failed, then the staff investigating the matter shall seek authorization for the subpoena from the Director of the Division of Enforcement. No subpoena shall be issued unless the Director, in consultation with the General Counsel, has authorized its issuance.

(g) In the event the Director of the Division of Enforcement, after consultation with the General Counsel, authorizes the issuance of a subpoena, notice shall immediately be provided to the Chairman of the Commission.

(h) Counsel (or the member of the news media, if not represented by counsel) shall be given reasonable and timely notice of the determination of the Director of the Division of Enforcement to authorize the subpoena and the Director’s intention to issue it.

(i) Subpoenas should be negotiated with counsel for the member of the news media to narrowly tailor the request for only essential information. In negotiations with counsel, the staff should attempt to accommodate the interests of the Commission in the information with the interests of the media.

(j) Subpoenas should, wherever possible, be directed at material information regarding a limited subject matter, should cover a reasonably limited period of time, and should avoid requiring production of a large volume of unpublished material. They should give reasonable and timely notice of their demand for documents.

(k) In the absence of special circumstances, subpoenas to members of the news media should be limited to the verification of published information and to surrounding circumstances relating to the accuracy of published information.

(l) Because the intent of this policy statement is to protect freedom of the press, news gathering functions, and news media sources, this policy statement does not apply to demands for
purely commercial or financial information unrelated to the news gathering function.

(m) Failure to follow this policy may constitute grounds for appropriate disciplinary action. The principles set forth in this statement are not intended to create or recognize any legally enforceable rights in any person.

§202.12 Policy statement concerning cooperation by individuals in its investigations and related enforcement actions.

Cooperation by individuals and entities in the Commission’s investigations and related enforcement actions can contribute significantly to the success of the agency’s mission. Cooperation can enhance the Commission’s ability to detect violations of the federal securities laws, increase the effectiveness and efficiency of the Commission’s investigations, and provide important evidence for the Commission’s enforcement actions. There is a wide spectrum of tools available to the Commission and its staff for facilitating and rewarding cooperation by individuals, ranging from taking no enforcement action to pursuing reduced charges and sanctions in connection with enforcement actions. As with any cooperation program, there exists some tension between the objectives of holding individuals fully accountable for their misconduct and providing incentives for individuals to cooperate with law enforcement authorities. This policy statement sets forth the analytical framework employed by the Commission and its staff for resolving this tension in a manner that ensures that potential cooperation arrangements maximize the Commission’s law enforcement interests. Although the evaluation of cooperation requires a case-by-case analysis of the specific circumstances presented, as described in greater detail below, the Commission’s general approach is to determine whether, how much, and in what manner to credit cooperation by individuals by evaluating four considerations: the assistance provided by the cooperating individual in the Commission’s investigation or related enforcement actions (“Investigation”); the importance of the underlying matter in which the individual cooperated; the societal interest in ensuring that the cooperating individual is held accountable for his or her misconduct; and the appropriateness of cooperation credit based upon the profile of the cooperating individual. In the end, the goal of the Commission’s analysis is to protect the investing public by determining whether the public interest in facilitating and rewarding an individual’s cooperation in order to advance the Commission’s law enforcement interests justifies the credit awarded to the individual for his or her cooperation.

(a) Assistance provided by the individual. The Commission assesses the assistance provided by the cooperating individual in the Investigation by considering, among other things:

(i) The value of the individual’s cooperation to the Investigation including, but not limited to:
   (i) Whether the individual’s cooperation resulted in substantial assistance to the Investigation;
   (ii) The timeliness of the individual’s cooperation, including whether the individual was first to report the misconduct to the Commission or to offer his or her cooperation in the Investigation, and whether the cooperation was provided before he or she had any knowledge of a pending investigation or related action;
   (iii) Whether the Investigation was initiated based on information or other cooperation provided by the individual;
   (iv) The quality of cooperation provided by the individual, including whether the cooperation was truthful, complete, and reliable; and
   (v) The time and resources conserved as a result of the individual’s cooperation in the Investigation.

(ii) The nature of the individual’s cooperation in the Investigation including, but not limited to:
   (i) Whether the individual’s cooperation was voluntary or required by the terms of an agreement with another law enforcement or regulatory organization;
   (ii) The types of assistance the individual provided to the Commission;
   (iii) Whether the individual provided non-privileged information, which information was not requested by the
(iv) Whether the individual encouraged or authorized others to assist the staff who might not have otherwise participated in the Investigation; and
(v) Any unique circumstances in which the individual provided the cooperation.

(b) Importance of the underlying matter. The Commission assesses the importance of the Investigation in which the individual cooperated by considering, among other things:

(1) The character of the Investigation including, but not limited to:
   (i) Whether the subject matter of the Investigation is a Commission priority;
   (ii) The type of securities violations;
   (iii) The age and duration of the misconduct;
   (iv) The number of violations; and
   (v) The isolated or repetitive nature of the violations.

(2) The dangers to investors or others presented by the underlying violations involved in the Investigation including, but not limited to:
   (i) The amount of harm or potential harm caused by the underlying violations;
   (ii) The type of harm resulting from or threatened by the underlying violations; and
   (iii) The number of individuals or entities harmed.1

(c) Interest in holding the individual accountable. The Commission assesses the societal interest in holding the cooperating individual fully accountable for his or her misconduct by considering, among other things:

(1) The severity of the individual’s misconduct assessed by the nature of the violations and in the context of the individual’s knowledge, education, training, experience, and position of responsibility at the time the violations occurred;

(2) The culpability of the individual, including, but not limited to, whether the individual acted with scienter, both generally and in relation to others who participated in the misconduct;

(3) The degree to which the individual tolerated illegal activity including, but not limited to, whether he or she took steps to prevent the violations from occurring or continuing, such as notifying the Commission or other appropriate law enforcement agency of the misconduct or, in the case of a violation involving a business organization, by notifying members of management not involved in the misconduct, the board of directors or the equivalent body not involved in the misconduct, or the auditors of such business organization of the misconduct;

(4) The efforts undertaken by the individual to remediate the harm caused by the violations including, but not limited to, whether he or she paid or agreed to pay disgorgement to injured investors and other victims or assisted these victims and the authorities in the recovery of the fruits and instrumentalities of the violations; and

(5) The sanctions imposed on the individual by other federal or state authorities and industry organizations for the violations involved in the Investigation.

(d) Profile of the individual. The Commission assesses whether, how much, and in what manner it is in the public interest to award credit for cooperation, in part, based upon the cooperating individual’s personal and professional profile by considering, among other things:

(1) The individual’s history of lawfulness, including complying with securities laws or regulations;

(2) The degree to which the individual has demonstrated an acceptance of responsibility for his or her past misconduct; and

(3) The degree to which the individual will have an opportunity to commit future violations of the federal securities laws in light of his or her occupation— including, but not limited to, whether he or she serves as: A licensed individual, such as an attorney or accountant; an associated person of a regulated entity, such as a broker or dealer; a fiduciary for other individuals or entities regarding financial matters; an officer or director of public companies; or a member of senior management—together with any existing or

proposed safeguards based upon the individual’s particular circumstances.

NOTE TO § 202.12: Before the Commission evaluates an individual’s cooperation, it analyzes the unique facts and circumstances of the case. The above principles are not listed in order of importance nor are they intended to be all-inclusive or to require a specific determination in any particular case. Furthermore, depending upon the facts and circumstances of each case, some of the principles may not be applicable or may deserve greater weight than others. Finally, neither this statement, nor the principles set forth herein creates or recognizes any legally enforceable rights for any person.

Subpart A—Public Company Accounting Oversight Board (Regulation P)

§ 202.140 Interim Commission review of PCAOB inspection reports.

(a) Definitions.
(1) Board or PCAOB means the Public Company Accounting Oversight Board.
(2) Registered public accounting firm or Firm shall have the meaning set forth in 15 U.S.C. 7201(a)(12).
(3) Associated person means a person associated with the registered public accounting firm as defined in 15 U.S.C. 7201(a)(9).

(b) Reviewable matters. A registered public accounting firm may request interim Commission review of an assessment or determination by the PCAOB contained in an inspection report prepared under 15 U.S.C. 7214 and relating to that firm, if the firm:
(1) Has provided the PCAOB with a response, pursuant to the rules of the PCAOB, to the substance of particular items in a draft inspection report and disagrees with the assessments relating to those items contained in any final inspection report prepared by the PCAOB following such response;
(2) Disagrees with an assessment contained in any final inspection report that was not contained in the draft inspection report provided to the firm under 15 U.S.C. 7214(f) or the rules of the PCAOB; or
(3) Disagrees with the determination of the PCAOB that criticisms or defects in the quality control systems of the firm that were identified in an inspection report, but not disclosed to

the public, have not been addressed to the satisfaction of the PCAOB within 12 months after the date of that inspection report.

(c) Procedures for requesting interim Commission review. (1) A request for interim Commission review with respect to matters described in paragraph (b) of this section must be submitted to the Commission’s Office of the Secretary within 30 calendar days of the following:
(i) The date the firm is provided a copy of the final inspection report described in paragraph (b)(1) or (b)(2) of this section; or
(ii) The date the firm receives notice of the PCAOB’s determination described in paragraph (b)(3) of this section.

(2) The PCAOB shall not make publicly available the final inspection report or criticisms or defects in the quality control systems of the firm subject to a determination described in paragraph (b) of this section, as applicable, during the 30-day period during which the firm may request interim Commission review, unless the firm consents in writing to earlier publication of the report.

(3) A request for interim Commission review (“request” or “submission”) must be marked “Request for Interim Commission Review With Respect to PCAOB Inspection Report.” The request must focus on the specific matters for which relief is requested and succinctly address the issues raised by the PCAOB. The request, to the extent possible, should include, for example:
(i) A copy of the particular inspection report that is the subject of the request;
(ii) The specific assessments or determinations that are the subject of the request;
(iii) The alleged errors or deficiencies in the PCAOB’s assessments or determinations and the reasons for the firm’s position;
(iv) If the matter is being reviewed under paragraph (b)(3) of this section, any actions taken by the registered public accounting firm to address criticisms or defects identified in the inspection report; and
(v) Any supporting documentation relevant to the review.

205
(4) The firm must provide a copy of its review request to the PCAOB simultaneously with its submission to the Commission.

(5) A timely review request by a firm will operate as a stay of publication of those portions of the final inspection report or criticisms or defects in the quality control systems of the firm subject to a determination described in paragraph (b) of this section, as applicable, that are the subject of the firm’s review request, unless the Commission otherwise determines in its own discretion. Upon expiration of the 30-day period during which the firm may request interim Commission review, the PCAOB shall make publicly available the remainder of the final inspection report or criticisms or defects in the quality control systems of the firm that were identified in an inspection report, as applicable, that are not the subject of the firm’s review request, unless the Commission otherwise determines that such a result would not be necessary or appropriate.

(6) If the firm fails to make a timely review request, pursuant to Section 104(g)(2) of the Act, the PCAOB shall make publicly available the final inspection report or criticisms or defects in the quality control systems of the firm that were identified in an inspection report, as applicable, that are not the subject of the firm’s review request.

(d) Procedures for granting or denying the review request. Within 30 calendar days of a timely review request, the Commission will notify the firm and the PCAOB as to whether the Commission will exercise its discretion to grant the request for an interim review. If the Commission does not grant the review request, the stay of publication is terminated upon notification to the firm and the PCAOB. If the Commission does grant the review request, the stay of publication shall continue unless the Commission determines otherwise in its own discretion, or unless the firm consents in writing to the PCAOB, with a copy to the Commission, to earlier publication.

(e) Procedures where a review request has been granted. (1) Where the Commission has notified the firm and the PCAOB that it is granting the request for an interim review, the PCAOB may submit responsive information and documents with the Commission within 15 calendar days of receipt of such notice. The PCAOB must provide a copy of such information and documents simultaneously to the firm.

(2) During the course of the interim review, the Commission may request additional information relating to the PCAOB’s assessments or determination under review, and provide a period of up to seven calendar days to respond to such request, from the PCAOB, the firm, and any associated person of the firm. The Commission may grant the firm or the PCAOB a period of up to seven calendar days to respond to any information obtained pursuant to this paragraph. The firm or the PCAOB, as applicable, shall provide simultaneously to the other party all information provided as a result of a request for additional information or responses thereto. The firm with which any associated person from whom information is requested shall provide simultaneously to the PCAOB all information provided as a result of a request for additional information or responses thereto. If the firm (including any associated person) or the PCAOB fails to respond timely to a request from the Commission, such failure may serve as the basis for the Commission to conclude its review and make a determination adverse to the non-responsive party.

(3) The Commission, based on the information submitted by the firm, the PCAOB and any associated persons, shall consider whether the PCAOB’s assessments or determination are arbitrary and capricious, or otherwise not consistent with the purposes of the Act.

(4) At the conclusion of its review, the Commission shall inform the firm and the PCAOB in writing that the Commission:

(i) Does not object to all or part of the assessments or determination of the PCAOB and the stay of publication is terminated; or

(ii) Remands to the PCAOB with instructions that the stay of publication is permanent or that the PCAOB take such other actions as the Commission deems necessary or appropriate with respect to publication, including, but
not limited to, revising the final inspection report or determinations before publication.

(5) The review pursuant to this section shall be completed and a written notice pursuant to this section shall be sent no more than 75 calendar days after notification to the firm and the PCAOB that the Commission is granting the request for an interim review, unless the Commission extends the period for good cause.

(f) Treatment of review. (1) Time periods in this section shall be computed as provided in the Commission’s Rules of Practice, 17 CFR 201.160.

(2) Unless otherwise determined by the Commission, the decision to grant or deny a review request and the conclusions of the Commission’s review shall be non-public, and the information or documents submitted, created, or obtained by the Commission or its staff in the course of the review shall be deemed non-public. Nothing in this rule shall be construed to impair or limit the ability of any party to request confidential treatment under the Freedom of Information Act, 15 U.S.C. 7215(b)(5), or any other applicable law.

(3) Pursuant to 15 U.S.C. 7214(h)(2), any decision of the Commission as a result of an interim review with respect to a PCAOB inspection report, including whether a request for review is granted or denied, shall not be reviewable under 15 U.S.C. 78y and shall not be deemed to be “final agency action” for purposes of 5 U.S.C. 704.

(4) Any action taken by the Commission relates solely to the publication of the relevant inspection report and does not affect the ability of the Commission or PCAOB to take appropriate action.

(g) Designation of address; Representation. (1) When a registered public accounting firm first submits a request for interim Commission review, or an associated person first submits information related to a request, the firm or associated person shall submit to the Commission, and keep current, an address at which any notice or other written communication furnished to the firm or associated person may be sent, a contact name and telephone number where the firm or associated person may be reached during business hours and, if represented, the representative’s name, business address, and telephone number.

(2) If the firm, PCAOB, or associated person will be represented by a representative, the initial submission of that person shall be accompanied by the notice of appearance required by §201.102(d). The other provisions of §201.102 with respect to representation before the Commission shall apply.

§202.170 Initiation of disapproval proceedings for PCAOB proposed rules.

Initiation of disapproval proceedings for proposed rules of the Public Company Accounting Oversight Board as defined by section 107 of the Sarbanes-Oxley Act of 2002 are subject to the provisions of §§201.700 and 201.701 of this chapter as fully as if it were a registered securities association, except that:

(a) Demonstration of consistency with the Sarbanes-Oxley Act of 2002. For purposes of proposed rules of the Public Company Accounting Oversight Board, apply this paragraph in lieu of paragraph (b)(3) of §201.700 of this chapter. The burden to demonstrate that a proposed rule is consistent with the requirements of title I of the Sarbanes-Oxley Act of 2002, and the rules and regulations issued thereunder, or as necessary or appropriate in the public interest or for the protection of investors, is on the Public Company Accounting Oversight Board. In its filing the Public Company Accounting Oversight Board must explain in a clear and comprehensible manner why the proposed rule change is consistent with the requirements of title I of the Sarbanes-Oxley Act of 2002 and the rules and regulations thereunder, or as necessary or appropriate in the public interest or for the protection of investors. A mere assertion that the proposed rule change is consistent with those requirements is not sufficient. Instead, the description of the proposed rule, its purpose and operation, its effect, and a legal analysis of its consistency with applicable requirements must all be sufficiently detailed and specific to support an affirmative Commission finding. Any failure by the Public Company Accounting Oversight Board in its proposed rule filing with
the Commission may result in the Commission not having a sufficient basis to make an affirmative finding that a proposed rule change is consistent with the title I of the Sarbanes-Oxley Act of 2002, and the rules and regulations issued thereunder, or as necessary or appropriate in the public interest or for the protection of investors.

(b) For each reference to “the Exchange Act and the rules and regulations thereunder applicable to the self-regulatory organization” apply “title I of the Sarbanes-Oxley Act of 2002, and the rules and regulations issued thereunder applicable to such organization, or as necessary or appropriate in the public interest or for the protection of investors.”

§ 202.190 Public Company Accounting Oversight Board budget approval process.

(a) Purpose. These procedures are established in connection with consideration and approval of the budget and the accounting support fee for the Public Company Accounting Oversight Board (PCAOB). Actions attributed to the PCAOB in this section shall be performed as authorized by the Sarbanes-Oxley Act of 2002 and the PCAOB’s by-laws.

(b) Definitions. For the purposes of this section, the following definitions shall apply:

(i) A performance budget for the budget year;

(ii) An analysis of the PCAOB’s budget, including a tabular presentation that identifies the budgetary resources required for each program area (with a breakout of resources by budget category); a description of the budgetary resources identified in the budget in the context of the PCAOB’s programs and activities; and an explanation of the analysis used to determine the resources needed to accomplish each program and strategic goal that demonstrates that reasonable opportunities for making more efficient and effective use of resources have been explored;

(iii) A description of the relationship between the results or outcomes the PCAOB expects to achieve (as discussed in the PCAOB’s strategic plan) and the resources requested in the budget;

(iv) Assumptions underlying the calculation of the working capital reserve as permitted in paragraph (d)(3) of this section and assumptions underlying PCAOB estimates, including work years, program outputs, base compensation levels and proposed compensation increases, and costs of inputs such as materials or contract costs;

(vi) Detailed funding levels for education, training, and travel of the PCAOB workforce;

(viii) A statement that the PCAOB has considered relative costs and benefits in formulating the programs, projects and activities described in the budget.

(3) 

Budget year means the PCAOB fiscal year that is the subject of the budget prepared and submitted by the PCAOB to the Commission for approval.

(4) 

Current year means the PCAOB fiscal year that precedes the budget year, and is the year in which the PCAOB prepares the budget.

(5) 

Performance budget means a budget that presents what the PCAOB proposes to accomplish in the budget year and what resources these proposals will require, and that serves as the primary basis for the justification of the budget.
submitted to the Commission for approval. The performance budget includes:

(i) A description of what the PCAOB plans to accomplish, organized by strategic goal;
(ii) Background on what the PCAOB has accomplished, organized by strategic goal;
(iii) Analyses of the strategies the PCAOB uses to influence strategic outcomes, including whether those strategies could be improved and, if so, how they could be improved;
(iv) Analyses of the programs that contribute to each goal and their relative roles and effectiveness;
(v) Performance targets for the budget year and the current year and how the PCAOB expects to achieve those targets, as well as actual performance levels achieved in the year immediately preceding the current year;
(vi) The budgetary resources the PCAOB is requesting to achieve those targets;
(vii) Descriptions of the operations, processes, staff skills, information and other technologies, human resources, capital assets, and other resources to be used in achieving the PCAOB’s performance goals; and
(viii) Descriptions of the programs, policies, and management, regulatory, and other initiatives and approaches to be used in achieving the PCAOB’s performance goals.

(6) Preliminary budget means the draft budget submitted for initial consideration by the Commission, which shall be a complete or substantially complete budget for the budget year, and which is accompanied by a budget justification.

(7) Program area means the array of the budgeted amounts and other budget-related data according to the major purpose served, such as registration, inspection, standard-setting, enforcement, and administration.

(8) Receipts means collections that result from issuers’ payments of accounting support fees; public accounting firms’ payment of registration fees and fees associated with annual reports; interest income; and other sources of revenue.

(9) Strategic plan means the PCAOB’s overarching plan for accomplishing its strategic goals, including forecasts for the current and four following years; estimates of the effect that reasonably foreseeable changes impacting the auditing profession and securities markets could have on program levels; and a discussion of the impact that program levels and changes in methods of program delivery, including advances in technology, could have on program operations and administration.

(10) Supplemental budget means a budget or amendment thereto submitted to the Commission for approval subsequent to Commission approval of the budget for the budget year, when:

(i) There is a need for additional funds in a program area;
(ii) Resources are to be applied in a manner not fairly implied in the Commission-approved budget and budget justification, such as when programs are created to perform functions that are not, or to perform functions in a way that is not, fairly implied from the Commission-approved budget and budget justification; or
(iii) Programs described in the Commission-approved budget and budget justification are to be eliminated.

(c) Timetable. The timetable for preparation and submission of the annual budget is as follows:

<table>

</table>
(d) Contents of budget. (1) To facilitate Commission review and approval, each budget (including each preliminary budget and budget submitted for Commission approval) shall:

(i) Be accompanied by a budget justification.

(ii) Include information for the budget year, the current year, and the year immediately preceding the current year, regarding actual or projected spending by program area, receipts, debt, and employment levels.

(iii) Be consistent with, or explain any deviations from, the economic assumptions and budgetary guidance provided by the Commission.

(iv) Include statements of PCAOB programs, initiatives and strategies for the budget year.

(v) Earmark each amount for a specific budget category within a program area.

(vi) Include planned beginning-of-year and end-of-year headcounts for each program area.

(2) Each budget submitted for Commission approval shall be consistent with the preliminary budget and any revisions proposed by the Commission when the budget was passed from the Commission back to the PCAOB or explain any changes from the preliminary budget and/or such proposed revisions.

(3) In addition to amounts needed to fund disbursements during the budget year, a budget may reflect receipts in amounts needed to fund expected disbursements during a period not to exceed the first five months of the fiscal year immediately following the budget year (the working capital reserve), provided such amounts shall be disbursed only as specified in the following year’s budget or in a supplemental budget approved by the Commission.

(4) In approving the budget the Commission may not change the amounts earmarked for programs, program areas, or activities, or any other aspects of the budget; provided, that if the budget is conditionally rather than finally approved, then the Commission may transmit to the Board such proposed changes as are consistent with the preliminary budget and any revisions previously proposed by the Commission when it passed the budget back to the PCAOB. No proposed reduction or increase may be greater than that included in the preliminary budget and any revisions previously proposed by the Commission when it passed the budget back to the PCAOB.

(5) In the event the budget is conditionally approved by the Commission, the PCAOB shall have the opportunity to consider the changes proposed by the Commission and to vote again for final approval of the budget as amended. If this iterative process has not resolved differences between the Commission and the PCAOB by December 23, then the terms of the most recent conditional approval shall become final, and the budget shall be deemed finally approved.

(e) Limitation on spending. (1) The PCAOB shall not spend in a budget year more than the amount specified in the Commission-approved PCAOB budget for that year, regardless of the source of the funds, unless such expenses have been approved by the Commission through a supplemental budget request.

(2) Funds may be disbursed by the PCAOB only in accordance with the Commission approved budget, provided however, during the budget year the PCAOB may transfer amounts totaling not more than $1,000,000 into or out of each program area without prior Commission approval. Further, the PCAOB shall not:

(i) Apply its resources in a manner not fairly implied in the Commission-approved budget and budget justification, such as to create programs to perform functions that are not, or to perform functions in a way that is not, fairly implied from the Commission-approved budget and budget justification, or

(ii) Eliminate programs described in the Commission-approved budget and budget justification.

(3) In the event that the Commission has not approved a budget for a PCAOB fiscal year before the beginning of that fiscal year, the PCAOB may spend funds from the reserve and continue to incur obligations as if the PCAOB budget or supplemental budget most recently approved by the Commission were continuing in effect for that fiscal year.
(f) **Supplemental budget.** (1) The PCAOB may submit to the Commission a request for approval of a supplemental budget subsequent to Commission approval of the budget for the budget year in order to spend any amounts in excess of, or contrary to, the limitations described in paragraphs (e)(1) and (e)(2) of this section.

(2) To facilitate Commission review and approval, a supplemental budget shall include:

(i) Detailed information regarding the impact of the supplemental budget on each affected program area, including costs by cost category, project or activity;

(ii) A statement regarding how the supplemental budget facilitates the strategic and policy goals of the PCAOB;

(iii) Information indicating why the amount was not included in the budget for the current year, including a description of any subsequent and unforeseen events or circumstances necessitating the supplemental budget request;

(iv) Information indicating why the request should not or cannot be postponed until the next regular annual budget process; and

(v) The proposed source for the funds, including any offsets to be made elsewhere in the PCAOB’s programs and activities.

(g) **Maintenance of records; reports.** (1) The PCAOB shall maintain, and make available to the Commission or Commission staff upon request, a strategic plan and records in reasonable detail that support each preliminary budget, budget, budget justification, supplemental budget and other report or communication in compliance with this section, including past and projected receipts, outlays, obligations, and employment levels.

(2) The PCAOB is required to maintain and, within 30 business days after the end of each fiscal quarter, to furnish to the Commission a report of its spending and staffing levels for the quarter just ended, comparing those levels to the levels in the Commission approved budget.

(h) **Publication of budget.** (1) Following submission of the PCAOB-approved budget to the Commission, such budget and budget justification, subject to any applicable exemption under the Freedom of Information Act, shall be made available to the public. Neither the Commission nor the PCAOB shall publish a preliminary budget, budget, budget justification, or any underlying materials in connection therewith, until such time as the budget is approved by the PCAOB and submitted to the Commission for its approval.

(2) Supplemental budgets shall be made public, following approval by the PCAOB and submission to the Commission, in the same manner as described in paragraph (h)(1) of this section.

(3) The Commission-approved budget shall be made available to the public at the time of such approval.

(i) **Waivers of rule provisions.** The Commission, in its discretion, may waive compliance with any provision of this §202.11.

(15 U.S.C. 78d–1)

[37 FR 25166, Nov. 28, 1972]

(a) Any person who is compelled or requested to furnish documentary evidence or testimony at a formal investigative proceeding shall, upon request, be shown the Commission’s order of investigation. Copies of formal orders of investigation shall not be furnished, for their retention, to such persons requesting the same except with the express approval of officials in the Regional Offices at the level of Assistant Regional Director or higher, or officials in the Division or Divisions conducting or supervising the investigation at the level of Assistant Director or higher. (b) Any person compelled to appear, or who appears by request or permission of the Commission, in person at a formal investigative proceeding may be
accompained, represented and advised by counsel, as defined in §201.101(a) of this chapter (Rule 101(a) of the Commission’s rules of practice); Provided, however, That all witnesses shall be sequestered, and unless permitted in the discretion of the officer conducting the investigation no witness or the counsel accompanying any such witness shall be permitted to be present during the examination of any other witness called in such proceeding.

(d) Unless otherwise ordered by the Commission, in any public formal investigative proceeding, if the record shall contain implications of wrongdoing by any person, such person shall have the right to appear on the record; and in addition to the rights afforded other witnesses hereby, he shall have a reasonable opportunity of cross-examination and production of rebuttal testimony or documentary evidence. Subpart A—Administrative Offset
SOURCE: 58 FR 64370, Dec. 7, 1993, unless otherwise noted.

§ 204.1  Applicability and scope.
(a) The procedures authorized for administrative offset are contained in Section 10 of the Debt Collection Act (codified at 31 U.S.C. 3716). The Act requires that notice procedures be observed by the agency. The debtor is also afforded an opportunity to inspect and copy government records pertaining to the claim, enter into an agreement for repayment, and to a review of the claim (if requested). Like salary offset, agencies may cooperate with one another in order to effectuate recovery of the claim.

(b) The provisions of this subpart apply to the collection of debts owed to the United States arising from transactions with the Securities and Exchange Commission (Commission). These regulations are consistent with the Debt Collection Act and the Federal Claims Collection Standards on administrative offset issued jointly by the Department of Justice and the Department of the Treasury (31 CFR 901.3).

§ 204.2  Definitions.
(a) Administrative offset as defined in 31 U.S.C. 3701(a)(1) means withholding funds payable by the United States (including funds payable by the United States on behalf of a State government) to, or held by the United States for, a person to satisfy a claim.

(b) Person includes a natural person or persons, profit or nonprofit corporation, partnership, association, trust, estate, consortium, or other entity which is capable of owing a debt to the United States Government except that agencies of the United States, or of any State or local government shall be excluded.

§ 204.3  General.
(a) The Chairperson (or designee) may initiate administrative offset with regard to debts owed by a person to another agency of the United States Government, upon receipt of a request from the head of another agency or his or her designee, and a certification that the debt exists and that the person has been afforded the necessary due process rights.

(b) The Chairperson (or designee) may notify the Department of the Treasury of delinquent debts for purposes of administrative offset, and may request another agency which holds funds payable to a Commission debtor to offset that debt against the funds held; the Commission will provide certification that:

(1) The debt is past due and legally enforceable; and

(2) The person has been afforded the necessary due process rights.

(c) No collection by administrative offset shall be made on any debt that has been outstanding for more than 10 years unless facts material to the Government’s right to collect the debt were not known, and reasonably could not have been known, by the official or officials responsible for discovering the debt. This limitation does not apply to debts reduced to judgment.

(d) Administrative offset under this subpart may not be initiated against:
Securities and Exchange Commission

§ 204.6

(1) A debt in which administrative offset of the type of debt involved is explicitly provided for or prohibited by another statute;
(2) Debts owed by other agencies of the United States or by any State or local Government; or
(3) Debts arising under the Internal Revenue Code of 1954; the Social Security Act; or the tariff laws of the United States.

§ 204.4 Demand for payment—notice.

(a) Before offset is made, a written notice will be sent to the debtor. This notice will include:
(1) The type and amount of the debt;
(2) The date when payment is due (not less than thirty days from the date of mailing or hand delivery of the notice);
(3) The agency’s intention to collect the debt by administrative offset, including asking the assistance of other Federal agencies to help in the offset whenever possible, if the debtor has not made payment by the payment due date or has not made an arrangement for payment by the payment due date;
(4) The right of the debtor to inspect and copy the Commission’s records related to the claim;
(5) The right of the debtor to request a review of the determination of indebtedness and, in the circumstances described in §204.7, to request an oral hearing from the Commission’s designee; and
(6) The right of the debtor to enter into a written agreement with the agency to repay the debt in some other way.

(b) Claims for payment of travel advances and employee training expenses require notification prior to administrative offset as described in this section. Because no oral hearing is required, notice of the right to a hearing need not be included in the notification.

§ 204.5 Debtor’s failure to respond.

If the debtor fails to respond to the notice described in §204.4(a) by the proposed effective date specified in the notice, the Commission may take further action under this section or under the Federal Claims Collection Standards (31 CFR 901.3). The commission may collect by administrative offset if the debtor:

(a) Has not made payment by the payment due date;
(b) Has not requested a review of the claim within the agency as set out in §204.6; or
(c) Has not made an arrangement for payment by the payment due date.

§ 204.6 Agency review.

(a) To the extent that a debt owed has not been established by judicial or administrative order, a debtor may request a hearing concerning the existence or amount of the debt or the terms of repayment. With respect to debts established by a judicial or administrative order, a debtor may request a hearing concerning the payment or other discharge of the debt. A request to review a disputed debt must be submitted to the Commission official who provided notification within 30 calendar days of the receipt of the written notice described in §204.4(c).

(b) The Commission will provide a copy of the record to the debtor and advise him/her to furnish available evidence to support his or her position. Upon receipt of the evidence, the written record of indebtedness will be reviewed and the debtor will be informed of the results of that review.

(c) Pending the resolution of a dispute by the debtor, transactions in any of the debtor’s accounts maintained by the Commission may be temporarily suspended. Depending on the type of transaction, the suspension could preclude its payment, removal, or transfer, as well as prevent the payment of interest or discount due thereon. Should the dispute be resolved in the debtor’s favor, the suspension will be immediately lifted.
(d) During the review period, interest, penalties, and administrative costs will continue to accrue.

§ 204.7 Hearing.

(a) A debtor will be provided a reasonable opportunity for an oral hearing by the Commission’s designee when:
   (1) (i) By statute, consideration must be given to a request to waive the indebtedness;
   (ii) The debtor requests waiver of the indebtedness; and
   (iii) The waiver determination rests on an issue of credibility or veracity; or
   (2) The debtor requests reconsideration and the Commission’s designee determines that the question of indebtedness cannot be resolved by reviewing the documentary evidence.

(b) In cases where an oral hearing is provided to the debtor, the Commission’s designee will conduct the hearing, and provide the debtor with a written decision 30 days after the hearing.

§ 204.8 Written agreement for repayment.

If the debtor requests a repayment agreement in place of offset, the Commission has discretion to determine whether to accept a repayment agreement in place of offset. If the debt is delinquent and the debtor has not disputed its existence or amount, the Commission will not accept a repayment agreement in place of offset unless the debtor is able to establish that offset would cause undue financial hardship or be unjust. No repayment arrangement will be considered unless the debtor submits a financial statement, executed under penalty of perjury, reflecting the debtor’s assets, liabilities, income, and expenses. The financial statement must be submitted within ten business days of the Commission’s request for the statement. At the Commission’s option, a confession-judgment note or bond of indemnity with surety may be required for installment agreements. Notwithstanding the provisions of this section, any reduction or compromise of a claim will be governed by the Debt Collection Act, 31 U.S.C. 3711–3720E, and the Federal Claims Collection Standards, 31 CFR 900.1–904.4.

§ 204.9 Administrative offset procedures.

(a) If the debtor does not exercise the right to request a review within the time specified in §204.4, or if as a result of the review, it is determined that the debt is due and no written agreement is executed, then administrative offset shall be ordered in accordance with this subpart without further notice.

(b) Travel advance. The Commission will deduct outstanding advances provided to Commission travelers from other amounts owed the traveler by the agency whenever possible and practicable. Monies owed by an employee for outstanding travel advances that cannot be deducted from other travel amounts due that employee will be collected through salary offset as described in subpart B of this part.

(c) Requests for offset to the Department of the Treasury or other Federal agencies. The Chairperson (or his or her designee) may notify the Department of the Treasury of delinquent debts for purposes of administrative offset, and may request that a debt owed to the Commission be administratively offset against funds due and payable to a debtor by another Federal agency. In requesting administrative offset, the Commission, as creditor, will certify in writing to the Federal agency holding funds of the debtor that:
   (1) The debtor owes the past due and legally enforceable debt; and
   (2) The debtor has been afforded the necessary due process rights.

(d) Requests for offset from other Federal agencies. Any Federal agency may request that funds due and payable to its debtor by the Commission be administratively offset in order to collect a debt owed to such Federal agency by the debtor. The Commission shall initiate the requested offset only upon:
   (1) Receipt of written certification from the creditor agency that:
      (i) The debtor owes the past due and legally enforceable debt; and
Securities and Exchange Commission

(ii) The debtor has been afforded the necessary due process rights.

(2) A determination by the Commission that collection by offset against funds payable by the Commission would be in the best interest of the United States as determined by the facts and circumstances of the particular case, and that such offset would not otherwise be contrary to law.

§ 204.10 [Reserved]

§ 204.11 Jeopardy procedure.

The Commission may effect an administrative offset against a payment to be made to the debtor prior to the completion of the procedures required by §204.4(a) if failure to take the offset would substantially jeopardize the Commission’s ability to collect the debt, and the time available before the payment is to be made does not reasonably permit the completion of those procedures. Such prior offset shall be promptly followed by the completion of those procedures. Amounts recovered by offset but later found not to be owed to the Commission shall be promptly refunded. This section applies only to administrative offset pursuant to 31 CFR 901.3(c), and does not apply when debts are referred to the Department of the Treasury for mandatory centralized administrative offset under 31 CFR 901.3(b)(1).

§ 204.30 Purpose and scope.

(a) This regulation provides procedures for the collection by administrative offset against a federal employee’s current pay account without his/her consent under 5 U.S.C. 5514 to satisfy certain debts owed to the Commission. This regulation does not apply when the employee consents to recovery from his/her current pay account.

(b) This regulation does not preclude an employee from requesting a waiver or questioning the amount or validity of a debt by submitting a claim to the General Accounting Office in accordance with procedures prescribed by the General Accounting Office.

(c) This Salary Offset plan is for internal use and Government-wide claims collections. 5 CFR 550.1104(a). This regulation implements 5 U.S.C. 5514; 5 CFR part 550, subpart K.

§ 204.31 Excluded debts or claims.

This regulation does not apply to:

(a) Debts or claims arising under the Internal Revenue Code of 1954 as amended (26 U.S.C. 1), or the tariff laws of the United States.

(b) Any case where collection of a debt by salary offset is explicitly provided for or prohibited by another statute, such as travel advances in 5 U.S.C. 5705 and employee training expenses in 5 U.S.C. 4108.

§ 204.32 Definitions.

The following definitions apply to this regulation:

Chairman means the Chairman of the Securities and Exchange Commission.

Commission means the Securities and Exchange Commission.

Creditor agency means the agency to which the debt is owed.

Debt means an amount owed to the United States from sources which include but are not necessarily limited to, erroneous payments made to employees such as overpayment of benefits, salary or other allowances; loans when insured or guaranteed by the United States; and other amounts due the United States from fees, leases, rents, royalties, services, sales of real or personal property, overpayment, penalties, damages, interest, fines and forfeitures (except those arising under the Uniform Code of Military Justice) and all other similar sources.

Disposable pay means the amount that remains from an employee’s federal pay after required deductions for federal, state and local income taxes;
§ 204.33 Pre-offset notice.

A program official must provide an employee with written notice at least 30 calendar days prior to offsetting his/her salary. A program official need not notify an employee of: any adjustment to pay arising out of an employee’s election of coverage or a change in coverage under a Federal benefits program requiring periodic deductions from pay, if the amount to be recovered was accumulated over four pay periods or less; a routine intra-agency adjustment of pay that is made to correct an overpayment of pay attributable to clerical or administrative errors or delays in processing pay documents, if the overpayment occurred within the four pay periods preceding the adjustment and, at the time of such adjustment, or as soon thereafter as practical, the individual is provided written notice of the nature and the amount of the adjustment and point of contact for contesting such adjustment; or any adjustment to collect a debt amounting to $50 or less, if, at the time of such adjustment, or as soon thereafter as practical, the individual is provided written notice of the nature and the amount of the adjustment and a point of contact for contesting such adjustment. When required, the written notice must include the following:

(a) The nature, origin and amount of the indebtedness determined by the Commission to be due;

(b) The intention of the Commission to collect the debt through deductions from the employee’s current disposable pay account;

(c) The frequency and amount of the intended deductions (stated as a fixed dollar amount or as a percentage of pay, not to exceed 15 percent of disposable pay) and the intention to continue the deductions until the debt is paid in full or otherwise resolved;

(d) An explanation of the Commission’s policy concerning interest, penalties, and administrative costs, including a statement that such assessments must be made unless excused in accordance with the FCCS;

(e) The employee’s right to inspect and copy Commission records relating to the debt (if copies of such records are not attached), or if the employee or
his or her representative cannot personally inspect the records, the right to request and receive a copy of such records. The Commission will respond to a request for inspection and/or copying as soon as practicable;

(f) The opportunity, under terms agreeable to the Commission, to enter into a written agreement to establish a schedule for repayment in lieu of offset. The agreement must be in writing, signed by both the employee and the Commission, and documented in the Commission’s files (31 CFR 901.3(b));

(g) The employee’s right to a hearing conducted by an official arranged by the Commission if a petition is filed as prescribed by §204.35, Petition for pre-offset hearing. Such hearing official will be either an administrative law judge or at the chief administrative law judge’s discretion, another hearing official who is also not under the control of the head of the agency;

(h) The method and time period for petitioning for a hearing, including a statement that the timely filing of a petition for hearing will stay the commencement of collection proceedings;

(i) If a hearing is requested, the hearing official will issue a final decision, based on information presented to the hearing official, at the earliest practicable date, but no later than 60 days after the petition for the hearing is filed unless the employee requests and the hearing official, for good cause or in the interests of justice, deems it necessary to extend that time period (5 CFR 550.1104(d)(10));

(j) That any knowingly false or frivolous statements, representations, or evidence may subject the employee to:

1) Disciplinary procedures appropriate under 5 U.S.C. chapter 75, 5 CFR part 752, or any other applicable statutes or regulations;

2) Penalties under the False Claims Act, 31 U.S.C. 3729–3731, or any other applicable statutory authority; and/or

3) Criminal penalties under 18 U.S.C. 286, 287, 1001, and 1002, or any other applicable statutory authority.

(k) Any other rights and remedies available to the employee under statutes or regulations governing the program for which the collection is being made;

(l) The employee’s right to a prompt refund if amounts paid or deducted by salary offset are later waived or found not owed to the United States, unless otherwise provided by law or contract; and

(m) The specific address to which all correspondence shall be directed regarding the debt.

§ 204.35 Petition for pre-offset hearing.

(a) The employee may petition for a pre-offset hearing. The petition must state with specificity why the employee believes the agency’s determination is in error. To the extent that a debt has not been established by judicial or administrative order, a debtor may request a pre-offset hearing concerning the existence or amount of the debt or the terms of repayment. With respect to debts established by a judicial or administrative order, a debtor may request a pre-offset hearing concerning the payment or other discharge of the debt.

(b) The petition must fully identify and explain, with reasonable specificity, all the facts, evidence and witnesses, if any, that the employee believes support his or her position. The petition must be signed by the employee.

§ 204.36 Granting of a pre-offset hearing.

(a) If the employee timely requests a pre-offset hearing or the timeliness is waived, the program official must:

(1) arrange for a hearing official. If the hearing official is an administrative law judge, he or she shall be designated by the Chief Administrative Law Judge as set forth in 17 CFR 200.310(a)(3); and

(2) provide the hearing official with a copy of all records on which the determination of the debt and any involuntary repayment schedule are based.

(b) The hearing official shall notify the employee by personal service, by first class, registered or certified mail, or by a reliable commercial courier or overnight delivery service whether the employee is entitled to an oral or ‘‘paper’’ (i.e., a review on the written record) hearing. (See 31 CFR 901.3(e).) Within 20 calendar days of receipt of this notice the employee shall provide the hearing official with a full description of all relevant facts, documentary evidence, and witnesses which the employee believes support his or her position. The hearing official may extend the time for the employee to respond to the notice for good cause shown.

(c) If an oral hearing is scheduled, the hearing official shall notify the program official and the employee in writing of the date, time and location of the hearing. The place for the hearing shall be fixed by the hearing official with due regard for the public interest and the convenience and necessity of the parties, the participants, or their representatives.

(d) If the employee is entitled to an oral hearing, but requests to have the hearing based only on the written submissions, the employee must notify the hearing official and the program official at least 3 calendar days before the date of the oral hearing. The hearing official may waive the 3-day requirement for good cause.

(e) Failure of the employee to appear at the oral hearing may result in dismissal of the petition and affirmation of the program official’s decision.

§ 204.37 Extensions of time.

The hearing official may for good cause or in the interests of justice postpone the commencement of the hearing, adjourn a convened hearing for a reasonable period of time or extend or shorten any other time limits prescribed under this section. This extension is not intended to abridge the 30 day initial notice or extend the 60 day decision requirement other than as provided for in 5 CFR 550.1104(d)(10).
§ 204.38 Pre-offset hearing.

(a) The hearing official shall determine the form and content of hearings granted under this section, pursuant to 31 CFR 901.3(e). All oral hearings shall be on the record. Except as otherwise ordered by the hearing official, hearings shall be recorded or transcribed verbatim by shorthand, mechanical means, electronic sound recording, or any other method, subject to the discretion and approval of the hearing official, and a transcript thereof shall be made.

(b) Oral hearings are informal in nature. The Commission, represented by an attorney from the Office of General Counsel, and accompanied by a program official and the employee, and/or the employee’s representative, orally shall explain their respective positions using relevant documentation. The employee may testify on his or her own behalf, subject to cross examination. Other witnesses may be called to testify where the hearing official determines the testimony to be relevant and not redundant. The Federal Rules of Evidence serve as a guideline, but are not controlling. The employee bears the burdens of proof and persuasion.

(c) The hearing official shall:

(1) Conduct a fair and impartial hearing;

(2) Preside over the course of the hearing, maintain decorum and avoid delay in the disposition of the hearing; and

(3) Issue a decision in accordance with § 204.39, Written decision, on the basis of the oral hearing and the written record.

(d) Oral hearings are normally open to the public. However, the hearing official may close all or any portion of the hearing at either the request of either party or upon the hearing official’s initiative when doing so is in the best interest[s] of the employee or the public.

(e) Oral hearings may be conducted by conference call at the request of the employee or at the discretion of the hearing official.

(f) Pre-offset “paper” hearing. If a hearing is to be held only upon written submissions, the hearing official shall issue a decision based solely upon the written record.

§ 204.39 Written decision.

(a) If pre-offset hearing is held. Within 60 days of the filing of the employee’s petition for a pre-offset hearing, the hearing official will issue a written decision setting forth the basis of his/her findings in accordance with 5 CFR 550.1104(g)(3).

(b) If the employee challenges the pre-offset notice under § 204.34, Employee response and/or § 204.35, Petition for pre-offset hearing, without requesting a hearing or a hearing is denied, the program official must notify the employee of his/her final determination in writing before offset can begin. The agency’s execution of a voluntary repayment agreement satisfies this requirement.

§ 204.40 Deductions.

(a) When deductions may begin:

(1) If a pre-offset hearing is held, deductions shall be made in accordance with the hearing official’s decision.

(2) If parties execute a voluntary repayment agreement, deductions shall be made in accordance with the terms of that agreement.

(3) If the employee requests a waiver or reconsideration or the program official refuses to accept a proposed alternate repayment schedule, deductions shall be made in accordance with the program official’s written decision.

(4) If the employee consents to the terms and conditions set forth in the Commission’s Pre-offset Notice or fails to respond in timely fashion to the Pre-offset Notice, or waives his/her right to a hearing without otherwise challenging the terms of the Pre-offset Notice, deductions shall be made in accordance with the terms and conditions set forth therein.

(b) Retired or separated employees. If the employee retires, resigns, or is terminated before the debt is fully repaid, the remaining indebtedness will be offset pursuant to 31 U.S.C. 3716 and the FCCS.

(1) To the extent possible, the remaining indebtedness will be liquidated from any final payment due
§ 204.41 Non-waiver of rights.

An employee’s involuntary payment of all or any portion of a debt being collected under 5 U.S.C. 5514 shall not be construed as a waiver of any rights that the employee may have under 5 U.S.C. 5514 or any other provision of contract or law, unless there are statutory or contractual provisions to the contrary.

§ 204.42 Refunds.

(a) The Commission will refund promptly to the appropriate individual amounts offset under this regulation when:

(1) A debt is waived or otherwise found not owing the United States (unless expressly prohibited by statute or regulation); or

(2) The Commission is directed by an administrative or judicial order to refund amounts deducted from the employee’s current pay.

(b) Refunds do not bear interest unless required or permitted by law or contract.

§ 204.43 Coordinating offset with another federal agency.

(a) Responsibility of the Commission as the Creditor Agency. When possible, salary offset through the centralized administrative offset procedures in 5 CFR 550.1108 shall be attempted before applying the procedures in this section. If centralized administrative offset is not possible, the Commission shall request recovery from the current paying agency. Upon completion of the procedures established in these regulations and pursuant to 5 U.S.C. 5514, 5 CFR 550.1109 the Commission must:

(1) Certify, in writing, that the employee owes the debt, the amount and basis of the debt, the date on which payment(s) is due, the date the Government’s right to collect the debt first accrued and that the Commission’s regulations implementing 5 U.S.C. 5514 have been approved by OPM.

(2) If the collection must be made in installments, the Commission also must advise the paying agency of the amount or percentage of disposable pay to be collected in each installment, and if the Commission wishes, the number and the commencing date of the installments.

§ 204.41

the former employee as of the date of separation (e.g., final salary payment, lump-sum leave, etc.). See §204.40d(3).

Offset deductions from final salary and/or lump-sum leave payment.

(2) Thereafter, the remaining indebtedness will be recovered from later payments of any kind due the former employee from the United States.

See the FCCS.

(c) Method of collection and source of deduction. The method of collecting debts under these regulations shall be by salary offset. Deductions will be made from the employee’s current disposable pay account except as provided for in §204.34b, Employee response.

(d) Amount and duration of deductions. Debts must be collected in one lump sum where possible. If the employee demonstrates financial hardship to the Commission’s satisfaction or the amount of the debt exceeds 15 percent of the indebted employee’s current disposable pay, collection must be made in installments over a period not greater than the anticipated period of active employment, except as provided in Section 34b, Employee Response.

(1) Installment deductions will be made over the shortest period possible. The size and frequency of installment deductions will bear a reasonable relation to the size of the debt and the employee’s ability to pay.

(2) The amount deducted for any period will not exceed 15 percent of the disposable pay from which the deduction is made, unless the employee has agreed in writing to the deduction of a greater amount. Installment payment of less than $100 per pay period will be accepted only in the most unusual circumstances.

(3) Offset deductions from final salary and/or lump-sum leave payment.

Such an offset deduction may exceed 15 percent of an employee’s final salary and/or lump-sum leave payment pursuant to 31 U.S.C. 3716, 64 CG 907.

(e) Interest, penalties and administrative costs on debts under this part will be assessed and/or waived according to the provisions of 31 CFR 901.9.

next officially established pay period is required).

(3) Advise the paying agency of the actions taken pursuant to 5 U.S.C. 5514(b) and give the date(s) the action(s) was taken (unless the employee has consented to the salary offset in writing or signed a statement acknowledging receipt of the required procedures and the written consent or statement is forwarded to the paying agency).

(4) Except as otherwise provided in this paragraph (a)(4), the Commission must submit a debt claim containing the information specified in paragraphs (a)(1) through (3) of this section and an installment agreement (or other instruction on the payment schedule), if applicable, to the employee’s paying agency.

(5) If the employee is in the process of separating, the Commission must submit its debt claim to the employee’s paying agency for collection as provided in 5 CFR 550.1104(l). Pursuant to 5 CFR 1101, the paying agency must certify the total amount of its collection and notify the creditor agency and employee. If the paying agency is aware that the employee is entitled to payments from the Civil Service Retirement and Disability Fund, or other similar payments, it must provide written notification to the agency responsible for making such payments that the debtor owes a debt (including the amount) and that the paying agency has fully complied with the provisions of this section. The Commission must submit a properly certified claim to the agency responsible for making such payments before the collection can be made.

(6) If the employee is already separated and all payments due from his or her former paying agency have been paid, the Commission may request, unless otherwise prohibited, that money due and payable to the employee from the Civil Service Retirement and Disability Fund (5 CFR 831.1801) or other similar funds, be administratively offset to collect the debt (See 31 U.S.C. 3716 and the FCCS).

(7) When an employee transfers to another paying agency, the Commission shall not repeat the due process procedures described in 5 U.S.C. 5514 and subpart B of this part to resume the collection. The Commission must review the debt upon receiving the former paying agency’s notice of the employee’s transfer to make sure the collection is resumed by the new paying agency. The Commission must submit a properly certified claim to the new paying agency before collection can be resumed.

(b) Responsibility of the Commission as the paying agency—(1) Complete claim. When the Commission receives a properly certified claim from a creditor agency, deductions should be scheduled to begin at the next officially established pay interval. The Commission must notify the employee in writing that the Commission has received a certified debt claim from the creditor agency (including the amount) and the date salary offset will begin and the amount of such deductions.

(2) Incomplete claim. When the Commission receives an incomplete certification of debt from a creditor agency, the Commission must return the debt claim with notice that procedures under 5 U.S.C. 5514 and subpart B of this part must be provided and a properly certified debt claim received before action will be taken to collect from the employee’s current pay account.

(3) Review. The Commission is not authorized to review the merits of the creditor agency’s determination with respect to the amount or validity of the debt certified by the creditor agency.

(4) Employees who transfer from one paying agency to another. If, after the creditor agency has submitted the debt claim to the Commission and before the Commission collects the debt in full, the employee transfers to another agency, the Commission must certify the total amount collected on the debt. One copy of the certification must be furnished to the employee and one copy to the creditor agency along with notice of the employee’s transfer.

(c) Responsibility of the Program Official. (1) The Program Official shall coordinate debt collections and shall, as appropriate:

(i) Arrange for a hearing upon proper petition by a federal employee; and
(ii) Prescribe, upon consultation with the General Counsel, such practices and procedures as may be necessary to carry out the intent of this regulation.

(2) The Program Official shall be responsible for:
   (i) Ensuring that each certification of debt sent to a paying agency is consistent with the pre-offset notice (§204.33, Pre-offset notice).
   (ii) Obtaining hearing officials from other agencies pursuant to §204.36, Granting of a pre-offset hearing.
   (iii) Ensuring that hearings are properly scheduled.

§ 204.44 Interest, penalties, and administrative costs.

Charges may be assessed for interest, penalties, and administrative costs in accordance with the Federal Claims Collection Standards, 31 CFR 901.9.

Subpart C—Tax Refund Offset

SOURCE: 58 FR 64372, Dec. 7, 1993, unless otherwise noted.

§ 204.50 Purpose.

This subpart establishes procedures for the Commission's referral of past-due legally enforceable debts to the Department of the Treasury's Financial Management Service (FMS) for offset against the income tax refunds of the debtor.

[66 FR 54132, Oct. 26, 2001]

§ 204.51 [Reserved]

§ 204.52 Notification of intent to collect.

(a) Notification before tax refund offset. Reduction of an income tax refund will be made only after the Commission makes a determination that an amount is owed and past-due and gives or makes a reasonable attempt to give the debtor 60 days written notice of the intent to collect by tax refund offset.

(b) Contents of notice. The Commission's notice of intent to collect by tax refund offset (Notice of Intent) will state:
   (1) The amount of the debt;
   (2) That unless the debt is repaid within 60 days from the date of the Commission's Notice of Intent, the Commission intends to collect the debt by requesting a reduction of any amounts payable to the debtor as a Federal income tax refund by an amount equal to the amount of the debt and all accumulated interest and other charges;
   (3) A mailing address for forwarding any written correspondence and a contact name and a telephone number for any questions; and
   (4) That the debtor may present evidence to the Commission that all or part of the debt is not past due or legally enforceable by:
      (i) Sending a written request for a review of the evidence to the address provided in the notice;
      (ii) Stating in the request the amount disputed and the reasons why the debtor believes that the debt is not past due or is not legally enforceable; and
      (iii) Including in the request any documents that the debtor wishes to be considered or stating that the additional information will be submitted within the remainder of the 60-day period.

(c) To the extent that a debt owed has not been established by judicial or administrative order, a debtor may dispute the existence or amount of the debt or the terms of repayment. With respect to debts established by a judicial or administrative order, Commission review will be limited to issues concerning the payment or other discharge of the debt.

§ 204.53 [Reserved]

§ 204.54 Commission action as a result of consideration of evidence submitted in response to the notice of intent.

(a) Consideration of evidence. If, as a result of the Notice of Intent, the Commission receives notice that the debtor

The following definitions apply to this subpart:

Debt or delinquent nontax debt means any money, funds or property that has been determined to be owed to the Commission by an individual that has not been paid by the date specified in the demand or order for payment, or applicable agreement. § 204.55 Change in notification to Financial Management Service.

After the Commission sends FMS notification of an individual’s liability for a debt, the Commission will promptly notify FMS of any change in the notification, if the Commission:

(a) Determines that an error has been made with respect to the information contained in the notification;

(b) Receives a payment or credits a payment to the account of the debtor named in the notification that reduces the amount of the debt referred to FMS for offset; or

(c) If the debt amount is otherwise incorrect, except that the amount of a debt referred to FMS will not be increased unless the Commission has complied with the due process requirements of this subpart and the Federal Claims Collection Standards as to the amount of the increase.

§ 204.56 Administrative charges.

To the extent permitted by law, all administrative charges incurred in connection with the referral of the debts for tax refund offset will be assessed on the debt and thus increase the amount of the offset.

Subpart D—Administrative Wage Garnishment

SOURCE: 66 FR 54132, Oct. 26, 2001, unless otherwise noted.

§ 204.60 Purpose.

This subpart provides procedures for the Commission to collect money from a debtor’s disposable pay by means of administrative wage garnishment to satisfy a delinquent nontax debt owed to the United States.

§ 204.61 Scope.

(a) The receipt of payments pursuant to this subpart does not preclude the Commission from pursuing other debt collection remedies, including the offset of Federal payments to satisfy a delinquent nontax debt owed to the United States. The Commission may pursue such debt collection remedies separately or in conjunction with administrative wage garnishment.

(b) This subpart does not apply to the collection of delinquent nontax debt owed to the United States from the wages of Federal employees from their Federal employment. Federal pay is subject to the Federal salary offset procedures set forth in 5 U.S.C. 5514 and other applicable laws.

§ 204.62 Definitions.

The following definitions apply to this subpart:

Debt or delinquent nontax debt means any money, funds or property that has been determined to be owed to the Commission by an individual that has not been paid by the date specified in the demand or order for payment, or applicable agreement. For purposes of this subpart, the terms “debt” and “claim” are synonymous.

Disposable pay means that part of the debtor’s compensation (including, but
§ 204.63 Notice.

(a) At least 30 days before the initiation of garnishment proceedings, the Commission will mail, by first class mail to the debtor’s last known address, a written notice informing the debtor of:

(1) The nature and amount of the debt;

(2) The Commission’s intention to initiate proceedings to collect the debt through deductions from pay until the debt and all accumulated interest, penalties and administrative costs are paid in full; and

(3) An explanation of the debtor’s rights, including those set forth in paragraph (b) of this section, and the time frame within which the debtor may exercise these rights.

(b) The debtor will be afforded the opportunity:

(1) To inspect and copy records related to the debt;

(2) To enter into a written repayment agreement with the Commission, under terms agreeable to the Commission; and

(3) To the extent that a debt owed has not been established by judicial or administrative order, to request a hearing concerning the existence or amount of the debt or the terms of the debt’s repayment schedule. With respect to debts established by a judicial or administrative order, a debtor may request a hearing concerning the payment or other discharge of the debt. The debtor is not entitled to a hearing concerning the terms of the proposed repayment schedule if these terms have been established by written agreement under paragraph (b)(2) of this section.

(c) The notice required by this section may be included with the Commission’s demand letter required by subpart A of this part.

(d) The Commission will keep a copy of the certificate of service indicating the date of mailing of the notice.

§ 204.64 Hearing.

(a) Request for hearing. The Commission will order a hearing, which at the Commission’s option may be oral or written, if the debtor submits a written request for a hearing concerning, for debts not previously established by judicial or administrative order, the existence or amount of the debt or the terms of the repayment schedule (for repayment schedules established other than by written agreement under §204.63(b)(2)), or for debts established by judicial or administrative order, the payment or other discharge of the debt.

(b) Type of hearing or review. (1) For purposes of this subpart, whenever the Commission is required to afford a debtor a hearing, the Commission will provide the debtor with a reasonable opportunity for an oral hearing when the issues in dispute cannot be resolved by review of the documentary evidence, for example, when the validity of the claim turns on the issue of credibility or veracity.

(2) If the Commission determines that an oral hearing is appropriate, the time and location of the hearing shall be established by the Commission. An oral hearing may, at the debtor’s option, be conducted either in-person or
by telephone conference. All travel expenses incurred by the debtor in connection with an in-person hearing will be borne by the debtor. All telephonic charges incurred during the hearing will be the responsibility of the agency.

(3) In those cases when an oral hearing is not required by this section, the Commission will nevertheless accord the debtor a “paper hearing,” that is, the Commission will decide the issues in dispute based upon a review of the written record.

(c) Effect of timely request. Subject to paragraph (l) of this section, if the debtor’s written request is received by the Commission on or before the 15th business day following the mailing of the notice of the Commission’s intent to seek garnishment, the Commission will not issue a withholding order until the debtor has been provided the requested hearing, and a decision in accordance with paragraphs (i) and (j) of this section has been rendered.

(d) Failure to timely request a hearing. If the debtor’s written request is received by the agency after the 15th business day following the mailing of the notice of the Commission’s intent to seek garnishment, the Commission shall provide a hearing to the debtor. However, the Commission will not delay issuance of a withholding order unless the Commission determines that the delay in filing the request was caused by factors over which the debtor had no control, or the Commission receives information that the Commission believes justifies a delay or cancellation of the withholding order.

(e) Hearing official. All hearings shall be presided over by the Commission, or if the Commission so orders, by a hearing official. When the Commission designates that the hearing official shall be an administrative law judge, the Chief Administrative Law Judge shall select, pursuant to 17 CFR 200.30–10, the administrative law judge to preside.

(f) Procedure. After the debtor requests a hearing, the hearing official shall notify the debtor of:

(1) The date and time of a telephonic hearing;
(2) The date, time, and location of an in-person oral hearing; or
(3) The deadline for the submission of evidence for a written hearing.

(g) Burden of proof. (1) The Commission will have the burden of going forward to prove the existence or amount of the debt.

(2) Thereafter, if the debtor disputes the existence or amount of the debt, the debtor must prove by a preponderance of the evidence that no debt exists or that the amount of the debt is incorrect. In addition, the debtor may present evidence that the terms of the repayment schedule are unlawful, would cause a financial hardship to the debtor, or that collection of the debt may not be pursued due to operation of law.

(h) Record. The hearing official will maintain a record of any hearing provided under this section. A hearing is not required to be a formal evidentiary-type hearing, however, witnesses who testify in oral hearings will do so under oath or affirmation.

(i) Date of decision. The hearing official shall issue a written opinion stating his or her decision, as soon as practicable, but not later than sixty (60) days after the date on which the request for such hearing was received by the Commission. If the Commission is unable to provide the debtor with a hearing and a decision is not rendered within sixty (60) days after the receipt of the request for such hearing:

(1) A withholding order will not be issued until the hearing is held and a decision rendered; or
(2) If a withholding order had previously been issued to the debtor’s employer, the withholding order will be suspended beginning on the 61st day after the receipt of the hearing request and continuing until a hearing is held and a decision is rendered.

(j) Content of decision. The written decision shall include:

(1) A summary of the facts presented;
(2) The findings, analysis and conclusions; and
(3) The terms of any repayment schedules, if applicable.

(k) Finality of agency action. Unless the Commission on its own initiative orders review of a decision by a hearing official pursuant to 17 CFR 201.431(c), a decision by a hearing official shall become the final decision of the Commission for the purpose of judicial review.
(l) Failure to appear. In the absence of good cause shown, a debtor who fails to appear at a scheduled hearing will be deemed as not having timely filed a request for a hearing.

§ 204.65 Wage garnishment order.

(a) Unless the Commission receives information that the Commission believes justifies a delay or cancellation of the withholding order, the Commission will send, by first class mail, a withholding order to the debtor’s employer within 30 days after the debtor fails to make a timely request for a hearing (i.e., within 15 business days after the mailing of the notice of the Commission’s intent to seek garnishment) or, if a timely request for a hearing is made by the debtor, within 30 days after a decision to issue a withholding order becomes final.

(b) The withholding order sent to the employer will be in the form prescribed by the Secretary of the Treasury, on the Commission’s letterhead, and signed by the Chairperson or his or her delegatee. The order will contain the information necessary for the employer to comply with the withholding order. This information includes the debtor’s name, address, and social security number, as well as instructions for withholding and information as to where payments should be sent.

(c) The Commission will keep a copy of the certificate of service indicating the date of mailing of the order.

(d) Certification by employer. Along with the withholding order, the Commission will send to the employer a certification in a form prescribed by the Secretary of the Treasury. The employer shall complete and return the certification to the Commission within the time frame prescribed in the instructions to the form. The certification will address matters such as information about the debtor’s employment status and disposable pay available for withholding.

(e) Amounts withheld. (1) After receipt of the garnishment order issued under this section, the employer shall deduct from all disposable pay paid to the applicable debtor during each pay period the amount of garnishment described in paragraph (e)(2) of this section.

(2) Subject to the provisions of paragraphs (e)(3) and (e)(4) of this section, the amount of garnishment shall be the lesser of:

(i) The amount indicated on the garnishment order up to 15% of the debtor’s disposable pay; or

(ii) The amount set forth in 15 U.S.C. 1673(a)(2) (Restriction on Garnishment). The amount set forth at 15 U.S.C. 1673(a)(2) is the amount by which the debtor’s disposable pay exceeds an amount equivalent to thirty times the minimum wage. See 29 CFR 670.10.

(3) When a debtor’s pay is subject to withholding orders with priority, the following shall apply:

(i) Unless otherwise provided by Federal law, withholding orders issued under this section shall be paid in the amounts set forth under paragraph (e)(2) of this section and shall have priority over other withholding orders which are served later in time. However, withholding orders for family support shall have priority over withholding orders issued under this section.

(ii) If amounts are being withheld from a debtor’s pay pursuant to a withholding order served on an employer before a withholding order issued pursuant to this section, or if a withholding order for family support is served on an employer at any time, the amounts withheld pursuant to the withholding order issued under this section shall be the lesser of:

(A) The amount calculated under paragraph (e)(2) of this section; or

(B) An amount equal to 25% of the debtor’s disposable pay less the amount(s) withheld under the withholding order(s) with priority.

(iii) If a debtor owes more than one debt to the Commission, the Commission may issue multiple withholding orders. The total amount garnished from the debtor’s pay for such orders will not exceed the amount set forth in paragraph (e)(2) of this section.

(4) An amount greater than that set forth in paragraphs (e)(2) and (e)(3) of this section may be withheld upon the written consent of the debtor.
(5) The employer shall promptly pay to the Commission all amounts withheld in accordance with the withholding order issued pursuant to this section.

(6) An employer shall not be required to vary its normal pay and disbursement cycles in order to comply with the withholding order.

(7) Any assignment or allotment by the employee of the employee’s earnings shall be void to the extent it interferes with or prohibits execution of the withholding order under this section, except for any assignment or allotment made pursuant to a family support judgment or order.

(8) The employer shall withhold the appropriate amount from the debtor’s wages for each pay period until the employer receives notification from the Commission to discontinue wage withholding. The garnishment order shall indicate a reasonable period of time within which the employer is required to commence wage withholding.

(f) Exclusions from garnishment. The Commission will not garnish the wages of a debtor it knows has been involuntarily separated from employment until the debtor has been reemployed continuously for at least 12 months. The debtor has the burden of informing the Commission of the circumstances surrounding an involuntary separation from employment.

(g) Financial hardship. (1) A debtor whose wages are subject to a wage withholding order under this section, may, at any time, request a review by the Commission of the amount garnished, based on materially changed circumstances such as disability, divorce, or catastrophic illness which result in financial hardship.

(2) A debtor requesting a review under this section shall submit the basis for claiming that the current amount of garnishment results in financial hardship to the debtor, along with supporting documentation.

(3) If a financial hardship is found, the Commission will downwardly adjust, by an amount and for a period of time agreeable to the Commission, the amount garnished to reflect the debtor’s financial condition. The Commission will notify the employer of any adjustments to the amounts to be withheld.

(h) Ending garnishment. (2) Once the Commission has fully recovered the amounts owed by the debtor, including interest, penalties, and administrative costs consistent with the Federal Claims Collection Standards (31 CFR 901.9), the Commission will send the debtor’s employer notification to discontinue wage withholding.

(2) At least annually, the Commission will review its debtors’ accounts to ensure that garnishment has been terminated for accounts that have been paid in full.

(i) Actions prohibited by the employer. The Debt Collection Act prohibits an employer from discharging, refusing to employ, or taking disciplinary action against the debtor due to the issuance of a withholding order under this section (31 U.S.C. 3720D(e)).

(j) Refunds. (1) If a hearing official determines that a debt is not legally due and owing to the United States, the Commission shall promptly refund any amount collected by means of administrative wage garnishment.

(2) Unless required by Federal law or contract, refunds under this section shall not bear interest.

(k) Right of action. The Commission may sue any employer for any amount that the employer fails to withhold from wages owed and payable to an employee in accordance with this section. However, a suit will not be filed before the termination of the collection action involving a particular debtor, unless earlier filing is necessary to avoid expiration of any applicable statute of limitations. For purposes of this section, “termination of the collection action” occurs when the agency has terminated collection action in accordance with the Federal Claims Collection Standards (31 CFR 903.1–903.5) or other applicable standards. In any event, termination of the collection action will have been deemed to occur if the Commission has not received any payments to satisfy the debt from the particular debtor whose wages were subject to garnishment, in whole or in part, for a period of one (1) year.
§ 204.75 Collection services.

Section 13 of the Debt Collection Act (31 U.S.C. 3718) authorizes agencies to enter into contracts for collection services to recover debts owed the United States. The Act requires that certain provisions be contained in such contracts, including:

(a) The agency retains the authority to resolve a dispute, including the authority to terminate a collection action or refer the matter to the Attorney General for civil remedies; and

(b) The contractor is subject to the Privacy Act of 1974, as it applies to private contractors, as well as subject to State and Federal laws governing debt collection practices.

§ 204.76 Use of credit bureau or consumer reporting agencies.

(a) The Commission may report delinquent debts to consumer reporting agencies (See 31 U.S.C. 3701(a)(3), 3711). Sixty days prior to release of information to a consumer reporting agency, the debtor shall be notified, in writing, of the intent to disclose the existence of the debt to a consumer reporting agency. Such notice of intent may be a separate correspondence or included in correspondence demanding direct payment. The notice shall be in conformance with 31 U.S.C. 3711(e) and the Federal Claims Collection Standards. The Commission shall provide, in this notice, the debtor with:

1. An opportunity to inspect and copy agency records pertaining to the debt;

2. An opportunity for an administrative review of the legal enforceability or past due status of the debt;

3. An opportunity to enter into a repayment agreement on terms satisfactory to the Commission to prevent the Commission from reporting the debt as overdue to consumer reporting agencies, and provide deadlines and method for requesting this relief;

4. An explanation of the rate of interest that will accrue on the debt, that all costs incurred to collect the debt will be charged to the debtor, the authority for assessing these costs, and the manner in which the Commission will calculate the amount of these cost;

5. An explanation that the Commission will report the debt to the consumer reporting agencies to the detriment of the debtor’s credit rating; and

6. A description of the collection actions that the agency may take in the future if those presently proposed actions do not result in repayment of the loan obligation, including the filing of a lawsuit against the borrower by the agency and assignment of the debt for collection by offset against Federal income tax refunds or the filing of a lawsuit against the debtor by the Federal Government.

(b) The information that may be disclosed to the consumer reporting agency is limited to:

1. The debtor’s name, address, social security number or taxpayer identification number, and any other information necessary to establish the identity of the individual;

2. The amount, status, and history of the claim; and

3. The Commission program or activity under which the claim arose.

§ 204.77 Referrals to collection agencies.

(a) The Commission has authority to contract for collection services to recover delinquent debts in accordance with 31 U.S.C. 3718(a) and the Federal Claims Collection Standards (31 CFR 901.5).

(b) The Commission will use private collection agencies where it determines that their use is in the best interest of the Government. Where the Commission determines that there is a need to contract for collection services, the contract will provide that:

1. The authority to resolve disputes, compromise claims, suspend or terminate collection action, or refer the matter to the Department of Justice
for litigation or to take any other action under this part will be retained by the Commission;

(2) Contractors are subject to the Privacy Act of 1974, as amended, to the extent specified in 5 U.S.C. 552a(m) and to applicable Federal and State laws and regulations pertaining to debt collection practices, such as the Fair Debt Collection Practices Act, 15 U.S.C. 1692;

(3) The contractor is required to strictly account for all amounts collected;

(4) The contractor must agree that uncollectible accounts shall be returned with appropriate documentation to enable Commission to determine whether to pursue collection through litigation or to terminate collection; and

(5) The contractor must agree to provide any data in its files requested by the Commission upon returning the account to the Commission for subsequent referral to the Department of Justice for litigation.

PART 205—STANDARDS OF PROFESSIONAL CONDUCT FOR ATTORNEYS APPEARING AND PRACTICING BEFORE THE COMMISSION IN THE REPRESENTATION OF AN ISSUER

§ 205.1 Purpose and scope.

This part sets forth minimum standards of professional conduct for attorneys appearing and practicing before the Commission in the representation of an issuer. These standards supplement applicable standards of any jurisdiction where an attorney is admitted or practices and are not intended to limit the ability of any jurisdiction to impose additional obligations on an attorney not inconsistent with the application of this part. Where the standards of a state or other United States jurisdiction where an attorney is admitted or practices conflict with this part, this part shall govern.

§ 205.2 Definitions.

For purposes of this part, the following definitions apply:

(a) Appearing and practicing before the Commission:

(1) Means:

(i) Transacting any business with the Commission, including communications in any form;

(ii) Representing an issuer in a Commission administrative proceeding or in connection with any Commission investigation, inquiry, information request, or subpoena;

(iii) Providing advice in respect of the United States securities laws or the Commission's rules or regulations thereunder regarding any document that the attorney has notice will be filed with or submitted to, or incorporated into any document that will be filed with or submitted to, the Commission, including the provision of such advice in the context of preparing, or participating in the preparation of, any such document; or

(iv) Advising an issuer as to whether information or a statement, opinion, or other writing is required under the United States securities laws or the Commission's rules or regulations thereunder to be filed with or submitted to, or incorporated into any document that will be filed with or submitted to, the Commission; but

(2) Does not include an attorney who:

(i) Conducts the activities in paragraphs (a)(1)(i) through (a)(1)(iv) of this section other than in the context of providing legal services to an issuer with whom the attorney has an attorney-client relationship; or

(ii) Is a non-appearing foreign attorney.

(b) Appropriate response means a response to an attorney regarding reported evidence of a material violation as a result of which the attorney reasonably believes:
§ 205.2 17 CFR Ch. II (4–1–13 Edition)

(1) That no material violation, as defined in paragraph (i) of this section, has occurred, is ongoing, or is about to occur;

(2) That the issuer has, as necessary, adopted appropriate remedial measures, including appropriate steps or sanctions to stop any material violations that are ongoing, to prevent any material violation that has yet to occur, and to remedy or otherwise appropriately address any material violation that has already occurred and to minimize the likelihood of its recurrence; or

(3) That the issuer, with the consent of the issuer’s board of directors, a committee thereof to whom a report could be made pursuant to §205.3(b)(3), or a qualified legal compliance committee, has retained or directed an attorney to review the reported evidence of a material violation and either:

(i) Has substantially implemented any remedial recommendations made by such attorney after a reasonable investigation and evaluation of the reported evidence; or

(ii) Has been advised that such attorney may, consistent with his or her professional obligations, assert a colorable defense on behalf of the issuer (or the issuer’s officer, director, employee, or agent, as the case may be) in any investigation or judicial or administrative proceeding relating to the reported evidence of a material violation.

(c) Attorney means any person who is admitted, licensed, or otherwise qualified to practice law in any jurisdiction, domestic or foreign, or who holds himself or herself out as admitted, licensed, or otherwise qualified to practice law.

(d) Breach of fiduciary duty refers to any breach of fiduciary or similar duty to the issuer recognized under an applicable Federal or State statute or at common law, including but not limited to misfeasance, nonfeasance, abdication of duty, abuse of trust, and approval of unlawful transactions.

(e) Evidence of a material violation means credible evidence, based upon which it would be unreasonable, under the circumstances, for a prudent and competent attorney not to conclude that it is reasonably likely that a material violation has occurred, is ongoing, or is about to occur.

(g) In the representation of an issuer means providing legal services as an attorney for an issuer, regardless of whether the attorney is employed or retained by the issuer.

(h) Issuer means an issuer (as defined in section 3 of the Securities Exchange Act of 1934 (15 U.S.C. 78c)), the securities of which are registered under section 12 of that Act (15 U.S.C. 78l), or that is required to file reports under section 15(d) of that Act (15 U.S.C. 78o(d)), or that files or has filed a registration statement that has not yet become effective under the Securities Act of 1933 (15 U.S.C. 77a et seq.), and that it has not withdrawn, but does not include a foreign government issuer. For purposes of paragraphs (a) and (g) of this section, the term “issuer” includes any person controlled by an issuer, where an attorney provides legal services to such person on behalf of, or at the behest, or for the benefit of the issuer, regardless of whether the attorney is employed or retained by the issuer.

(i) Material violation means a material violation of an applicable United States federal or state securities law, a material breach of fiduciary duty arising under United States federal or state law, or a similar material violation of any United States federal or state law.

(j) Non-appearing foreign attorney means an attorney:

(1) Who is admitted to practice law in a jurisdiction outside the United States;

(2) Who does not hold himself or herself out as practicing, and does not give legal advice regarding, United States federal or state securities or other laws (except as provided in paragraph (j)(3)(ii) of this section); and

(3) Who:

(i) Conducts activities that would constitute appearing and practicing before the Commission only incidentally to, and in the ordinary course of, the
Securities and Exchange Commission

§ 205.3

practice of law in a jurisdiction outside the United States; or

(ii) Is appearing and practicing before the Commission only in consultation with counsel, other than a non-appearing foreign attorney, admitted or licensed to practice in a state or other United States jurisdiction.

(k) Qualified legal compliance committee means a committee of an issuer (which also may be an audit or other committee of the issuer) that:

(1) Consists of at least one member of the issuer’s audit committee (or, if the issuer has no audit committee, one member from an equivalent committee of independent directors) and two or more members of the issuer’s board of directors who are not employed, directly or indirectly, by the issuer and who are not, in the case of a registered investment company, “interested persons” as defined in section 2(a)(19) of the Investment Company Act of 1940 (15 U.S.C. 80a–2(a)(19));

(2) Has adopted written procedures for the confidential receipt, retention, and consideration of any report of evidence of a material violation under § 205.3;

(3) Has been duly established by the issuer’s board of directors, with the authority and responsibility:

(i) To inform the issuer’s chief legal officer and chief executive officer (or the equivalents thereof) of any report of evidence of a material violation (except in the circumstances described in § 205.3(b)(4));

(ii) To determine whether an investigation is necessary regarding any report of evidence of a material violation by the issuer, its officers, directors, employees or agents and, if it determines an investigation is necessary or appropriate, to:

(A) Notify the audit committee or the full board of directors;

(B) Initiate an investigation, which may be conducted either by the chief legal officer (or the equivalent thereof) or by outside attorneys; and

(C) Retain such additional expert personnel as the committee deems necessary; and

(iii) At the conclusion of any such investigation, to:

(A) Recommend, by majority vote, that the issuer implement an appropriate response to evidence of a material violation; and

(B) Inform the chief legal officer and the chief executive officer (or the equivalents thereof) and the board of directors of the results of any such investigation under this section and the appropriate remedial measures to be adopted; and

(4) Has the authority and responsibility, acting by majority vote, to take all other appropriate action, including the authority to notify the Commission in the event that the issuer fails in any material respect to implement an appropriate response that the qualified legal compliance committee has recommended the issuer to take.

(l) Reasonable or reasonably denotes, with respect to the actions of an attorney, conduct that would not be unreasonable for a prudent and competent attorney.

(m) Reasonably believes means that an attorney believes the matter in question and that the circumstances are such that the belief is not unreasonable.

(n) Report means to make known to directly, either in person, by telephone, by e-mail, electronically, or in writing.

§ 205.3 Issuer as client.

(a) Representing an issuer. An attorney appearing and practicing before the Commission in the representation of an issuer owes his or her professional and ethical duties to the issuer as an organization. That the attorney may work with and advise the issuer’s officers, directors, or employees in the course of representing the issuer does not make such individuals the attorney’s clients.

(b) Duty to report evidence of a material violation. (1) If an attorney, appearing and practicing before the Commission in the representation of an issuer, becomes aware of evidence of a material violation by the issuer or by any officer, director, employee, or agent of the issuer, the attorney shall report such evidence to the issuer’s chief legal officer (or the equivalent thereof) or to both the issuer’s chief legal officer and its chief executive officer (or the equivalents thereof) forthwith. By communicating such information to
§ 205.3 17 CFR Ch. II (4–1–13 Edition)

the issuer’s officers or directors, an attorney does not reveal client confidences or secrets or privileged or otherwise protected information related to the attorney’s representation of an issuer.

(2) The chief legal officer (or the equivalent thereof) shall cause such inquiry into the evidence of a material violation as he or she reasonably believes is appropriate to determine whether the material violation described in the report has occurred, is ongoing, or is about to occur. If the chief legal officer (or the equivalent thereof) determines no material violation has occurred, is ongoing, or is about to occur, he or she shall notify the reporting attorney and advise the reporting attorney of the basis for such determination. Unless the chief legal officer (or the equivalent thereof) reasonably believes that no material violation has occurred, is ongoing, or is about to occur, he or she shall take all reasonable steps to determine whether the material violation described in the report has occurred, is ongoing, or is about to occur, and shall advise the reporting attorney of the basis for such determination. Unless the chief legal officer (or the equivalent thereof) reasonably believes that no material violation has occurred, is ongoing, or is about to occur, he or she shall notify the reporting attorney and advise the reporting attorney of the basis for such determination.

(3) Unless an attorney who has made a report under paragraph (b)(1) of this section reasonably believes that the chief legal officer or the chief executive officer of the issuer (or the equivalent thereof) has provided an appropriate response within a reasonable time, the attorney shall report the evidence of a material violation to:

(i) The audit committee of the issuer’s board of directors;

(ii) Another committee of the issuer’s board of directors consisting solely of directors who are not employed, directly or indirectly, by the issuer and are not, in the case of a registered investment company, “interested persons” as defined in section 2(a)(19) of the Investment Company Act of 1940 (15 U.S.C. 80a–2(a)(19)); or

(iii) The issuer’s board of directors (if the issuer’s board of directors has no committee consisting solely of directors who are not employed, directly or indirectly, by the issuer and are not, in the case of a registered investment company, “interested persons” as defined in section 2(a)(19) of the Investment Company Act of 1940 (15 U.S.C. 80a–2(a)(19))).

(4) If an attorney reasonably believes that it would be futile to report evidence of a material violation to the issuer’s chief legal officer and chief executive officer (or the equivalents thereof) under paragraph (b)(1) of this section, the attorney may report such evidence as provided under paragraph (b)(3) of this section.

(5) An attorney retained or directed by an issuer to investigate evidence of a material violation reported under paragraph (b)(1), (b)(3), or (b)(4) of this section shall be deemed to be appearing and practicing before the Commission. Directing or retaining an attorney to investigate reported evidence of a material violation does not relieve an officer or director of the issuer to whom such evidence has been reported under paragraph (b)(1), (b)(3), or (b)(4) of this section from a duty to respond to the reporting attorney.

(6) An attorney shall not have any obligation to report evidence of a material violation under this paragraph (b) if:

(i) The attorney was retained or directed by the issuer’s chief legal officer (or the equivalent thereof) to investigate such evidence of a material violation and:

(A) The attorney reports the results of such investigation to the chief legal officer (or the equivalent thereof); and

(B) Except where the attorney and the chief legal officer (or the equivalent thereof) each reasonably believes that no material violation has occurred, is ongoing, or is about to occur, the chief legal officer (or the equivalent thereof) reports the results of the investigation to the issuer’s board of directors, a committee thereof to whom a report could be made pursuant to paragraph (b)(3) of this section, or a
qualified legal compliance committee; or

(ii) The attorney was retained or directed by the chief legal officer (or the equivalent thereof) to assert, consistent with his or her professional obligations, a colorable defense on behalf of the issuer (or the issuer’s officer, director, employee, or agent, as the case may be) in any investigation or judicial or administrative proceeding relating to such evidence of a material violation, and the chief legal officer (or the equivalent thereof) provides reasonable and timely reports on the progress and outcome of such proceeding to the issuer’s board of directors, a committee thereof to whom a report could be made pursuant to paragraph (b)(3) of this section, or a qualified legal compliance committee.

(7) An attorney shall not have any obligation to report evidence of a material violation under this paragraph (b) if such attorney was retained or directed by a qualified legal compliance committee:

(i) To investigate such evidence of a material violation; or

(ii) To assert, consistent with his or her professional obligations, a colorable defense on behalf of the issuer (or the issuer’s officer, director, employee, or agent, as the case may be) in any investigation or judicial or administrative proceeding relating to such evidence of a material violation.

(8) An attorney who receives what he or she reasonably believes is an appropriate and timely response to a report he or she has made pursuant to paragraph (b)(1), (b)(3), or (b)(4) of this section need do nothing more under this section with respect to his or her report.

(9) An attorney who does not reasonably believe that the issuer has made an appropriate response within a reasonable time to the report or reports made pursuant to paragraph (b)(1), (b)(3), or (b)(4) of this section shall explain his or her reasons therefor to the chief legal officer (or the equivalent thereof), the chief executive officer (or the equivalent thereof), and directors to whom the attorney reported the evidence of a material violation pursuant to paragraph (b)(1), (b)(3), or (b)(4) of this section.

(10) An attorney formerly employed or retained by an issuer who has reported evidence of a material violation under this part and reasonably believes that he or she has been discharged for so doing may notify the issuer’s board of directors or any committee thereof that he or she believes that he or she has been discharged for reporting evidence of a material violation under this section.

(c) Alternative reporting procedures for attorneys retained or employed by an issuer that has established a qualified legal compliance committee. (1) If an attorney, appearing and practicing before the Commission in the representation of an issuer, becomes aware of evidence of a material violation by the issuer or by any officer, director, employee, or agent of the issuer, the attorney may, as an alternative to the reporting requirements of paragraph (b) of this section, report such evidence to a qualified legal compliance committee, if the issuer has previously formed such a committee. An attorney who reports evidence of a material violation to such a qualified legal compliance committee has satisfied his or her obligation to report such evidence and is not required to assess the issuer’s response to the reported evidence of a material violation.

(2) A chief legal officer (or the equivalent thereof) may refer a report of evidence of a material violation to a previously established qualified legal compliance committee in lieu of causing an inquiry to be conducted under paragraph (b)(2) of this section. The chief legal officer (or the equivalent thereof) shall inform the reporting attorney that the report has been referred to a qualified legal compliance committee. Thereafter, pursuant to the requirements under §205.2(k), the qualified legal compliance committee shall be responsible for responding to the evidence of a material violation reported to it under this paragraph (c).

(d) Issuer confidences. (1) Any report under this section (or the contemporaneous record thereof) or any response thereto (or the contemporaneous record thereof) may be used by an attorney in connection with any investigation, proceeding, or litigation in
which the attorney’s compliance with this part is in issue.

(2) An attorney appearing and practicing before the Commission in the representation of an issuer may reveal to the Commission, without the issuer’s consent, confidential information related to the representation to the extent the attorney reasonably believes necessary:

(i) To prevent the issuer from committing a material violation that is likely to cause substantial injury to the financial interest or property of the issuer or investors;

(ii) To prevent the issuer, in a Commission investigation or administrative proceeding from committing perjury, proscribed in 18 U.S.C. 1621; suborning perjury, proscribed in 18 U.S.C. 1622; or committing any act prescribed in 18 U.S.C. 1001 that is likely to perpetrate a fraud upon the Commission; or

(iii) To rectify the consequences of a material violation by the issuer that caused, or may cause, substantial injury to the financial interest or property of the issuer or investors in the furtherance of which the attorney’s services were used.

§ 205.4 Responsibilities of supervisory attorneys.

(a) An attorney supervising or directing another attorney who is appearing and practicing before the Commission in the representation of an issuer is a supervisory attorney. An issuer’s chief legal officer (or the equivalent thereof) is a supervisory attorney under this section.

(b) A supervisory attorney shall make reasonable efforts to ensure that a subordinate attorney, as defined in §205.3(a), that he or she supervises or directs conforms to this part. To the extent a subordinate attorney appears and practices before the Commission in the representation of an issuer, that subordinate attorney’s supervisory attorney also appears and practice before the Commission.

(c) A supervisory attorney is responsible for complying with the reporting requirements in §205.3 when a subordinate attorney has reported to the supervisory attorney evidence of a material violation.

(d) A supervisory attorney who has received a report of evidence of a material violation from a subordinate attorney under §205.3 may report such evidence to the issuer’s qualified legal compliance committee if the issuer has duly formed such a committee.

§ 205.5 Responsibilities of a subordinate attorney.

(a) An attorney who appears and practices before the Commission in the representation of an issuer on a matter under the supervision or direction of another attorney (other than under the direct supervision or direction of the issuer’s chief legal officer (or the equivalent thereof)) is a subordinate attorney.

(b) A subordinate attorney shall comply with this part notwithstanding that the subordinate attorney acted at the direction of or under the supervision of another person.

(c) A subordinate attorney complies with §205.3 if the subordinate attorney reports to his or her supervising attorney under §205.3(b) evidence of a material violation of which the subordinate attorney has become aware in appearing and practicing before the Commission.

(d) A subordinate attorney may take the steps permitted or required by §205.3 if the subordinate attorney reports to his or her supervising attorney under §205.3(b) evidence of a material violation of which the subordinate attorney has become aware in appearing and practicing before the Commission.

§ 205.6 Sanctions and discipline.

(a) A violation of this part by any attorney appearing and practicing before the Commission in the representation of an issuer shall subject such attorney to the civil penalties and remedies for a violation of the federal securities laws available to the Commission in an action brought by the Commission thereunder.

(b) An attorney appearing and practicing before the Commission who violates any provision of this part is subject to the disciplinary authority of the Commission, regardless of whether the attorney may also be subject to
discipline for the same conduct in a jurisdiction where the attorney is admitted or practices. An administrative disciplinary proceeding initiated by the Commission for violation of this part may result in an attorney being censured, or being temporarily or permanently denied the privilege of appearing or practicing before the Commission.

(c) An attorney who complies in good faith with the provisions of this part shall not be subject to discipline or otherwise liable under inconsistent standards imposed by any state or other United States jurisdiction where the attorney is admitted or practices.

(d) An attorney practicing outside the United States shall not be required to comply with the requirements of this part to the extent that such compliance is prohibited by applicable foreign law.

§ 205.7 No private right of action.

(a) Nothing in this part is intended to, or does, create a private right of action against any attorney, law firm, or issuer based upon compliance or non-compliance with its provisions.

(b) Authority to enforce compliance with this part is vested exclusively in the Commission.

§ 209.1 Form D-A: Disclosure of assets and financial information.

(a) Rules 410 and 630 of the Rules of Practice (17 CFR 201.410 and 201.630) provide that under certain circumstances a respondent who asserts or intends to assert an inability to pay disgorgement, interest or penalties may be required to disclose certain financial information. Unless otherwise ordered, this form may be used by individuals required to supply such information.

(b) The respondent filing Form D-A is required promptly to notify the Commission of any material change in the answer to any question on this form.

(c) Form D-A may not be withheld from the interested division. A respondent making financial information disclosures on this form after the institution of proceedings may make a motion, pursuant to Rule 322 of the Commission’s Rules of Practice (17 CFR 201.322), for the issuance of a protective order to limit disclosure to the public or parties other than the interested division of the information submitted on Form D-A. A request for a protective order allows the requester an opportunity to justify the need for confidentiality. The making of a motion for a protective order, however, does not guarantee that disclosure will be limited.

(d) No party receiving information for which a motion for a protective order has been made may transfer or convey the information to any other person prior to a ruling on the motion without the prior permission of the Commission or a hearing officer.

(e) A person making financial information disclosures on Form D-A prior to the institution of proceedings, in connection with an offer of settlement or otherwise, may request confidential treatment of the information pursuant to the Freedom of Information Act. See the Commission’s Freedom of Information Act ("FOIA") regulations, 17 CFR
200.83. A request for confidential treatment allows the requester an opportunity to substantiate the need for confidentiality. No determination as to the validity of any request for confidential treatment will be made until a request for disclosure of the information under FOIA is received.

§ 210.2–01

QUALIFICATIONS AND REPORTS OF ACCOUNTANTS

SOURCE: Sections 210.2–01 through 210.2–05 appear at 37 FR 14594, July 21, 1972, unless otherwise noted.

§ 210.2–01 Qualifications of accountants.

Preliminary Note to § 210.2–01

1. Section 210.2–01 is designed to ensure that auditors are qualified and independent of their audit clients both in fact and in appearance. Accordingly, the rule sets forth restrictions on financial, employment, and business relationships between an accountant and an audit client and restrictions on an accountant providing certain non-audit services to an audit client.

2. Section 210.2–01(b) sets forth the general standard of auditor independence. Paragraphs (c)(1) to (c)(5) reflect the application of the general standard to particular circumstances. The rule does not purport to, and the Commission could not, consider all circumstances that raise independence concerns, and these are subject to the general standard in § 210.2–01(b). In determining whether an accountant is independent, the Commission will consider all relevant circumstances, including all relationships between the accountant and the audit client, and not just those relating to reports filed with the Commission.

(c) This paragraph sets forth a non-exclusive specification of circumstances inconsistent with paragraph (b) of this section.

(1) Financial relationships. An accountant is not independent if, at any point during the audit and professional engagement period, the accountant has a direct financial interest or a material indirect financial interest in the accountant’s audit client, such as:

(A) The accounting firm, any covered person in the firm, or any of his or her immediate family members, has any direct investment in an audit client, such as stocks, bonds, notes, options, or other securities. The term direct investment includes an investment in an audit client through an intermediary if:

(1) The accounting firm, covered person, or immediate family member, alone or together with other persons, supervises or participates in the intermediary’s investment decisions or has control over the intermediary; or

(2) The intermediary is not a diversified management investment company, as defined by section 5(b)(1) of the Investment Company Act of 1940, 15 U.S.C. 80a–5(b)(1), and has an investment in the audit client that amounts to 20% or more of the value of the intermediary’s total investments.

(B) Any partner, principal, shareholder, or professional employee of the accounting firm, any of his or her immediate family members, any close family member of a covered person in
the firm, or any group of the above persons has filed a Schedule 13D or 13G (17 CFR 240.13d–101 or 240.13d–102) with the Commission indicating beneficial ownership of more than five percent of an audit client’s equity securities or controls an audit client, or a close family member of a partner, principal, or shareholder of the accounting firm controls an audit client.

(C) The accounting firm, any covered person in the firm, or any of his or her immediate family members, serves as voting trustee of a trust, or executor of an estate, containing the securities of an audit client, unless the accounting firm, covered person in the firm, or immediate family member has no authority to make investment decisions for the trust or estate.

(D) The accounting firm, any covered person in the firm, any of his or her immediate family members, or any group of the above persons has any material indirect investment in an audit client. For purposes of this paragraph, the term material indirect investment does not include ownership by any covered person in the firm, any of his or her immediate family members, or any group of the above persons of 5% or less of the outstanding shares of a diversified management investment company, as defined by section 5(b)(1) of the Investment Company Act of 1940, 15 U.S.C. 80a–5(b)(1), that invests in an audit client.

(E) The accounting firm, any covered person in the firm, any of his or her immediate family members:

(1) Has any direct or material indirect investment in an entity where:

(i) An audit client has an investment in that entity that is material to the audit client and has the ability to exercise significant influence over that entity; or

(ii) The entity has an investment in an audit client that is material to that entity and has the ability to exercise significant influence over that audit client;

(2) Has any material investment in an entity over which an audit client has the ability to exercise significant influence; or

(3) Has the ability to exercise significant influence over an entity that has the ability to exercise significant influence over an audit client.

(ii) Other financial interests in audit client. An accountant is not independent when the accounting firm, any covered person in the firm, or any of his or her immediate family members has:

(A) Loans/debtor-creditor relationship. Any loan (including any margin loan) to or from an audit client, or an audit client’s officers, directors, or record or beneficial owners of more than ten percent of the audit client’s equity securities, except for the following loans obtained from a financial institution under its normal lending procedures, terms, and requirements:

(1) Automobile loans and leases collateralized by the automobile;

(2) Loans fully collateralized by the cash surrender value of an insurance policy;

(3) Loans fully collateralized by cash deposits at the same financial institution;

(4) A mortgage loan collateralized by the borrower’s primary residence provided the loan was not obtained while the covered person in the firm was a covered person.

(B) Savings and checking accounts. Any savings, checking, or similar account at a bank, savings and loan, or similar institution that is an audit client, if the account has a balance that exceeds the amount insured by the Federal Deposit Insurance Corporation or any similar insurer, except that an accounting firm account may have an uninsured balance provided that the likelihood of the bank, savings and loan, or similar institution experiencing financial difficulties is remote.

(C) Broker-dealer accounts. Brokerage or similar accounts maintained with a broker-dealer that is an audit client, if:

(1) Any such account includes any asset other than cash or securities (within the meaning of “security” provided in the Securities Investor Protection Act of 1970 (“SIPA”) (15 U.S.C. 78aaa et seq.));

(2) The value of assets in the accounts exceeds the amount that is subject to a Securities Investor Protection Corporation advance, for those accounts, under Section 9 of SIPA (15 U.S.C. 78fff-3); or

(iii) Exceptions. Notwithstanding paragraphs (c)(1)(i) and (c)(1)(ii) of this section, an accountant will not be deemed not independent if:

(A) Inheritance and gift. Any person acquires an unsolicited financial interest, such as through an unsolicited gift or inheritance, that would cause an accountant to be not independent under paragraph (c)(1)(i) or (c)(1)(ii) of this section, and the financial interest is disposed of as soon as practicable, but no later than 30 days after the person has knowledge of and the right to dispose of the financial interest.

(B) Employment relationships. Any person has a financial interest that would cause an accountant to be not independent under paragraph (c)(1)(i) or (c)(1)(ii) of this section before the earlier of:

(ii) Commencing any audit, review, or attest procedures (including planning the audit of the client’s financial statements).

(C) Employee compensation and benefit plans. An immediate family member of a person who is a covered person in the firm only by virtue of paragraphs (f)(11)(iii) or (f)(11)(iv) of this section has a financial interest that would cause an accountant to be not independent under paragraphs (c)(1)(i) or (c)(1)(ii) of this section, and the acquisition of the financial interest was an unavoidable consequence of participation in his or her employer’s employee compensation or benefits program, provided that the financial interest, other than unexercised employee stock options, is disposed of as soon as practicable, but no later than 30 days after the person has the right to dispose of the financial interest.

(iv) Audit clients’ financial relationships. An accountant is not independent when:

(A) Investments by the audit client in the accounting firm. (ii) In the case of a former professional employee who was not a partner, principal, or shareholder of the accounting firm and who has been disassociated from the accounting firm for more than five years, that is immaterial to the former professional employee; and

(B) A former partner, principal, shareholder, or professional employee of an accounting firm is in a financial reporting oversight role at an issuer (as defined in section 10A(f) of the Securities Exchange Act of 1934 (15 U.S.C. 78j–1(f)), except an issuer that is an investment company registered under section 8 of the Investment Company Act of 1940 (15 U.S.C. 80a–8), unless the individual:

(1) Employed by the issuer was not a member of the audit engagement team of the issuer during the one year period preceding the date that audit procedures commenced for the fiscal period that included the date of initial employment of the audit engagement team member by the issuer;

(2) For purposes of paragraph (c)(2)(iii)(B)(1) of this section, the following individuals are not considered to be members of the audit engagement team:

(i) Persons, other than the lead partner and the concurring partner, who provided ten or fewer hours of audit, review, or attest services during the period covered by paragraph (c)(2)(iii)(B)(1) of this section;

(ii) Individuals employed by the issuer as a result of a business combination between an issuer that is an audit client and the employing entity, provided employment was not in contemplation of the business combination and the audit committee of the successor issuer is aware of the prior employment relationship; and

(iii) Individuals that are employed by the issuer due to an emergency or other unusual situation provided that the audit committee determines that the relationship is in the interest of investors;

(3) For purposes of paragraph (c)(2)(iii)(B)(1) of this section, audit procedures are deemed to have commenced for a fiscal period the day following the filing of the issuer’s periodic annual report with the Commission covering the previous fiscal period; or

(C) A former partner, principal, shareholder, or professional employee of an accounting firm is in a financial reporting oversight role with respect to an investment company registered under section 8 of the Investment Company Act of 1940 (15 U.S.C. 80a–8), if:

(1) The former partner, principal, shareholder, or professional employee of an accounting firm is employed in a financial reporting oversight role related to the operations and financial reporting of the registered investment company at an entity in the investment company complex, as defined in (f)(14) of this section, that includes the registered investment company; and

The relationships described in this paragraph do not include a relationship in which the accounting firm or covered person in the firm provides professional services to an audit client or is a consumer in the ordinary course of business.

(4) Non-audit services. An accountant is not independent if, at any point during the audit and professional engagement period, the accountant provides the following non-audit services to an audit client:

(i) Bookkeeping or other services related to the accounting records or financial statements of the audit client. Any service, unless it is reasonable to conclude that the results of these services will not be subject to audit procedures during an audit of the audit client’s financial statements, including:

(A) Maintaining or preparing the audit client’s accounting records;

(B) Preparing the audit client’s financial statements that are filed with the Commission or that form the basis of financial statements filed with the Commission; or

(C) Preparing or originating source data underlying the audit client’s financial statements.

(ii) Financial information systems design and implementation. Any service, unless it is reasonable to conclude that the results of these services will not be subject to audit procedures during an audit of the audit client’s financial statements, including:

(A) Directly or indirectly operating, or supervising the operation of, the audit client’s information system or managing the audit client’s local area network; or

(B) Designing or implementing a hardware or software system that aggregates source data underlying the financial statements or generates information that is significant to the audit
(iii) **Appraisal or valuation services, fairness opinions, or contribution-in-kind reports.** Any appraisal service, valuation service, or any service involving a fairness opinion or contribution-in-kind report for an audit client, unless it is reasonable to conclude that the results of these services will not be subject to audit procedures during an audit of the audit client’s financial statements.

(iv) **Actuarial services.** Any actuarially-oriented advisory service involving the determination of amounts recorded in the financial statements and related accounts for the audit client other than assisting a client in understanding the methods, models, assumptions, and inputs used in computing an amount, unless it is reasonable to conclude that the results of these services will not be subject to audit procedures during an audit of the audit client’s financial statements.

(v) **Internal audit outsourcing services.** Any internal audit service that has been outsourced by the audit client that relates to the audit client’s internal accounting controls, financial systems, or financial statements, for an audit client unless it is reasonable to conclude that the results of these services will not be subject to audit procedures during an audit of the audit client’s financial statements.

(vi) **Management functions.** Acting, temporarily or permanently, as a director, officer, or employee of an audit client, or performing any decision-making, supervisory, or ongoing monitoring function for the audit client.

(vii) **Human resources.** (A) Searching for or seeking out prospective candidates for managerial, executive, or director positions;

(B) Engaging in psychological testing, or other formal testing or evaluation programs;

(C) Undertaking reference checks of prospective candidates for an executive or director position;

(D) Acting as a negotiator on the audit client’s behalf, such as determining position, status or title, compensation, fringe benefits, or other conditions of employment; or

(E) Recommending, or advising the audit client to hire, a specific candidate for a specific job (except that an accounting firm may, upon request by the audit client, interview candidates and advise the audit client on the candidate’s competence for financial accounting, administrative, or control positions).

(viii) **Broker-dealer, investment adviser, or investment banking services.** Acting as a broker-dealer (registered or unregistered), promoter, or underwriter, on behalf of an audit client, making investment decisions on behalf of the audit client or otherwise having discretionary authority over an audit client’s investments, executing a transaction to buy or sell an audit client’s investment, or having custody of assets of the audit client, such as taking temporary possession of securities purchased by the audit client.

(x) **Expert services unrelated to the audit.** Providing an expert opinion or other expert service for an audit client, or an audit client’s legal representative, for the purpose of advocating an audit client’s interests in litigation or in a regulatory or administrative proceeding or investigation. In any litigation or regulatory or administrative proceeding or investigation, an accountant’s independence shall not be deemed to be impaired if the accountant provides factual accounts, including in testimony, of work performed or explains the positions taken or conclusions reached during the performance of any service provided by the accountant for the audit client.

(5) **Contingent fees.** An accountant is not independent if, at any point during the audit and professional engagement period, the accountant provides any service or product to an audit client for a contingent fee or a commission, or receives a contingent fee or commission from an audit client.
(6) Partner rotation. (i) Except as provided in paragraph (c)(6)(ii) of this section, an accountant is not independent of an audit client when:

(A) Any audit partner as defined in paragraph (f)(7)(ii)(A) of this section, or concurring partner, as defined in paragraph (f)(7)(ii)(B) of this section, for more than five consecutive years; or

(B) Any audit partner:

(1) Within the five consecutive year period following the performance of services for the maximum period permitted under paragraph (c)(6)(i)(A)(1) of this section, performs for that audit client the services of a lead partner, as defined in paragraph (f)(7)(ii)(A) of this section, or concurring partner, as defined in paragraph (f)(7)(ii)(B) of this section, or a combination of those services, or

(2) Within the two consecutive year period following the performance of services for the maximum period permitted under paragraph (c)(6)(i)(A)(2) of this section, performs one or more of the services defined in paragraph (f)(7)(ii)(B) of this section, or a combination of those services, or

(ii) Any accounting firm with less than five audit clients that are issuers (as defined in section 10A(f) of the Securities Exchange Act of 1934 (15 U.S.C. 78j–1(f))) and less than ten partners shall be exempt from paragraph (c)(6)(i) of this section provided the Public Company Accounting Oversight Board conducts a review at least once every three years of each of the audit client engagements that would result in a lack of auditor independence under this paragraph.

(iii) For purposes of paragraph (c)(6)(i) of this section, an audit client that is an investment company registered under section 8 of the Investment Company Act of 1940 (15 U.S.C. 80a–8), does not include an affiliate of the audit client that is an entity in the same investment company complex, as defined in paragraph (f)(14) of this section, except for another registered investment company in the same investment company complex. For purposes of calculating consecutive years of service under paragraph (c)(6)(i) of this section with respect to investment companies in an investment company complex, audits of registered investment companies with different fiscal year-ends that are performed in a continuous 12-month period count as a single consecutive year.

(7) Audit committee administration of the engagement. An accountant is not independent of an issuer (as defined in section 10A(f) of the Securities Exchange Act of 1934 (15 U.S.C. 78j–1(f)), other than an issuer that is an Asset-Backed Issuer as defined in §229.1101 of this chapter, or an investment company registered under section 8 of the Investment Company Act of 1940 (15 U.S.C. 80a–8), other than a unit investment trust as defined by section 4(2) of the Investment Company Act of 1940 (15 U.S.C. 80a–4(2)), unless:

(A) Before the accountant is engaged by the issuer or its subsidiaries, or the registered investment company or its subsidiaries, to render audit or non-audit services, the engagement is approved by the issuer’s or registered investment company’s audit committee; or

(B) The engagement to render the service is entered into pursuant to pre-approval policies and procedures established by the audit committee of the issuer or registered investment company, provided the policies and procedures are detailed as to the particular service and such policies and procedures do not include delegation of the audit committees responsibilities under the Securities Exchange Act of 1934 to management; or

(C) With respect to the provision of services other than audit, review or attest services the pre-approval requirement is waived if:

(1) The aggregate amount of all such services provided constitutes no more than five percent of the total amount of revenues paid by the audit client to its accountant during the fiscal year in which the services are provided;
Securities and Exchange Commission § 210.2–01

(2) Such services were not recognized by the issuer or registered investment company at the time of the engagement to be non-audit services; and

(3) Such services are promptly brought to the attention of the audit committee of the issuer or registered investment company and approved prior to the completion of the audit by the audit committee or by one or more members of the audit committee who are members of the board of directors to whom authority to grant such approvals has been delegated by the audit committee.

(ii) A registered investment company’s audit committee also must pre-approve its accountant’s engagements for non-audit services with the registered investment company’s investment adviser (not including a sub-adviser whose role is primarily portfolio management and is sub-contracted or overseen by another investment adviser) and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the registered investment company in accordance with paragraph (c)(7)(i) of this section, if the engagement relates directly to the operations and financial reporting of the registered investment company, except that with respect to the waiver of the pre-approval requirement under paragraph (c)(7)(i)(C) of this section, the aggregate amount of all services provided constitutes no more than five percent of the total amount of revenues paid to the registered investment company’s accountant by the registered investment company, its investment adviser and any entity controlling, controlled by, or under common control with the investment adviser that provides ongoing services to the registered investment company during the fiscal year in which the services are provided that would have to be pre-approved by the registered investment company’s audit committee pursuant to this section.

(8) Compensation. An accountant is not independent of an audit client if, at any point during the audit and professional engagement period, any audit partner earns or receives compensation based on the audit partner procuring engagements with that audit client to provide any products or services other than audit, review or attest services. Any accounting firm with fewer than ten partners and fewer than five audit clients that are issuers (as defined in section 10A(f) of the Securities Exchange Act of 1934 (15 U.S.C. 78j–1(f))) shall be exempt from the requirement stated in the previous sentence.

(d) Quality controls. An accounting firm’s independence will not be impaired solely because a covered person in the firm is not independent of an audit client provided:

(1) The covered person did not know of the circumstances giving rise to the lack of independence;

(2) The covered person’s lack of independence was corrected as promptly as possible under the relevant circumstances after the covered person or accounting firm became aware of it; and

(3) The accounting firm has a quality control system in place that provides reasonable assurance, taking into account the size and nature of the accounting firm’s practice, that the accounting firm and its employees do not lack independence, and that covers at least all employees and associated entities of the accounting firm participating in the engagement, including employees and associated entities located outside of the United States.

(4) For an accounting firm that annually provides audit, review, or attest services to more than 500 companies with a class of securities registered with the Commission under section 12 of the Securities Exchange Act of 1934 (15 U.S.C. 78l), a quality control system will not provide such reasonable assurance unless it has at least the following features:

(i) Written independence policies and procedures;

(ii) With respect to partners and managerial employees, an automated system to identify their investments in securities that might impair the accountant’s independence;

(iii) With respect to all professionals, a system that provides timely information about entities from which the accountant is required to maintain independence;
(iv) An annual or on-going firm-wide training program about auditor independence;

(v) An annual internal inspection and testing program to monitor adherence to independence requirements;

(vi) Notification to all accounting firm members, officers, directors, and employees of the name and title of the member of senior management responsible for compliance with auditor independence requirements;

(vii) Written policies and procedures requiring all partners and covered persons to report promptly to the accounting firm when they are engaged in employment negotiations with an audit client, and requiring the firm to remove immediately any such professional from that audit client’s engagement and to review promptly all work the professional performed related to that audit client’s engagement; and

(viii) A disciplinary mechanism to ensure compliance with this section.

(e)(1) Transition and grandfathering. Provided the following relationships did not impair the accountant’s independence under pre-existing requirements of the Commission, the Independence Standards Board, or the accounting profession in the United States, the existence of the relationship on May 6, 2003 will not be deemed to impair an accountant’s independence:

(i) Employment relationships that commenced at the issuer prior to May 6, 2003 as described in paragraph (c)(2)(iii)(B) of this section.

(ii) Compensation earned or received, as described in paragraph (c)(8) of this section during the fiscal year of the accounting firm that includes the effective date of this section.

(iii) Until May 6, 2004, the provision of services described in paragraph (c)(4) of this section provided those services are pursuant to contracts in existence on May 6, 2003.

(iv) The provision of services by the accountant under contracts in existence on May 6, 2003 that have not been pre-approved by the audit committee as described in paragraph (c)(7) of this section.

(v) Until the first day of the issuer’s fiscal year beginning after May 6, 2003 by a “lead” partner and other audit partner (other than the “concurring” partner) providing services in excess of those permitted under paragraph (c)(6) of this section. An accountant’s independence will not be deemed to be impaired until the first day of the issuer’s fiscal year beginning after May 6, 2004 by a “concurring” partner providing services in excess of those permitted under paragraph (c)(6) of this section. For the purposes of calculating periods of service under paragraph (c)(6) of this section:

(A) For the “lead” and “concurring” partners, the period of service includes time served as the “lead” or “concurring” partner prior to May 6, 2003; and

(B) For audit partners other than the “lead” partner or “concurring” partner, the period of service does not include time served on the audit engagement team prior to the first day of issuer’s fiscal year beginning on or after May 6, 2003.

(2) Settling financial arrangements with former professionals. To the extent not required by pre-existing requirements of the Commission, the Independence Standards Board, or the accounting profession in the United States, the existence of the relationships described in paragraph (c)(2)(iii) of this section to settle financial arrangements with former professionals applies to situations that arise after the effective date of this section.

(f) Definitions of terms. For purposes of this section:

(iii) For audits of the financial statements of foreign private issuers, the “audit and professional engagement period” does not include periods ended prior to the first day of the last fiscal year before the foreign private issuer first filed, or was required to file, a registration statement or report with the Commission, provided there has been full compliance with home country independence standards in all prior periods covered by any registration statement or report filed with the Commission.

(D) Other audit engagement team partners who serve as the “lead partner” in connection with any audit or review related to the annual or interim financial statements of a subsidiary of the issuer whose assets or revenues constitute 20% or more of the assets or revenues of the issuer’s respective consolidated assets or revenues.

(2) Shall be signed manually;

(3) Shall indicate the city and State where issued; and

(4) Shall identify without detailed enumeration the financial statements covered by the report.

(b) Representations as to the audit included in accountants’ reports. The accountant’s report:

(1) Shall state whether the audit was made in accordance with generally accepted auditing standards; and

(2) Shall designate any auditing procedures deemed necessary by the accountant under the circumstances of the particular case, which have been omitted, and the reasons for their omission. Nothing in this rule shall be construed to imply authority for the omission of any procedure which independent accountants would ordinarily employ in the course of an audit made for the purpose of expressing the opinions required by paragraph (c) of this section.

(c) Opinions to be expressed in accountants’ reports. The accountant’s report shall state clearly:

(1) The opinion of the accountant in respect of the financial statements covered by the report and the accounting principles and practices reflected therein; and

(d) Exceptions identified in accountants’ reports. Any matters to which the accountant takes exception shall be clearly identified, the exception thereto specifically and clearly stated, and, to the extent practicable, the effect of each such exception on the related financial statements.

(e) Paragraph (e) of this section applies only to registrants that are providing financial statements in a filing for a period with respect to which Arthur Andersen LLP or a foreign affiliate of Arthur Andersen LLP (“Andersen”) issued an accountants’ report. Notwithstanding any other Commission rule or regulation, a registrant that cannot obtain an accountants’ report that meets the technical requirements of paragraph (a) of this section after reasonable efforts may include in the document a copy of the latest signed and dated accountants’ report issued by Andersen for such period in satisfaction of that requirement, if prominent disclosure that the report is a copy of the previously issued Andersen accountants’ report and that the report has not been reissued by Andersen is set forth on such copy.

(f) Attestation report on internal control over financial reporting. (1) Every registered public accounting firm that
§ 210.2–03 Examination of financial statements by foreign government auditors.

Notwithstanding any requirements as to examination by independent accountants, the financial statements of any foreign governmental agency may be examined by the regular and customary auditing staff of the respective government if public financial statements of such governmental agency are customarily examined by such auditing staff.

§ 210.2–04 Examination of financial statements of persons other than the registrant.

If a registrant is required to file financial statements of any other person, such statements need not be examined if examination of such statements would not be required if such person were itself a registrant.

§ 210.2–05 Examination of financial statements by more than one accountant.

If, with respect to the examination of the financial statements, part of the examination is made by an independent accountant other than the principal accountant and the principal accountant elects to place reliance on the work of the other accountant and makes reference to that effect in his report, the separate report of the other accountant shall be filed. However, notwithstanding the provisions of this section, reports of other accountants which may otherwise be required in filings need not be presented in annual reports to security holders furnished pursuant to the proxy and information statement rules under the Securities Exchange Act of 1934 [§§240.14a–3 and 240.14c–3].

§ 210.2–06 Retention of audit and review records.

(a) For a period of seven years after an accountant concludes an audit or review of an issuer’s financial statements to which section 10A(a) of the Securities Exchange Act of 1934 (15 U.S.C. 78j–1(a)) applies, or of the financial statements of any investment company registered under section 8 of the Investment Company Act of 1940 (15 U.S.C. 80a–8), the accountant shall retain records relevant to the audit or review, including workpapers and other documents that form the basis of the audit or review, and memoranda, correspondence, communications, other documents, and records (including electronic records), which:

1. Are created, sent or received in connection with the audit or review, and

2. Contain conclusions, opinions, analyses, or financial data related to the audit or review.

(b) For the purposes of paragraph (a) of this section, workpapers means documentation of auditing or review procedures applied, evidence obtained, and conclusions reached by the accountant in the audit or review engagement, as required by standards established or adopted by the Commission or by the Public Company Accounting Oversight Board.

(c) Memoranda, correspondence, communications, other documents, and records (including electronic records) described in paragraph (a) of this section shall be retained whether they support the auditor’s final conclusions regarding the audit or review, or contain information or data, relating to a significant matter, that is inconsistent with the auditor’s final conclusions regarding that matter or the audit or review. Significance of a matter shall be determined based on an objective analysis of the facts and circumstances. Such documents and records include, but are not limited to, those documenting a consultation on or resolution of differences in professional judgment.

(d) For the purposes of paragraph (a) of this section, the term issuer means an issuer as defined in section 10A(f) of the Securities Exchange Act of 1934 (15 U.S.C. 78j–1(f)).

§ 210.2–07 Communication with audit committees.

(a) Each registered public accounting firm that performs for an audit client that is an issuer (as defined in section 10A(f) of the Securities Exchange Act of 1934 (15 U.S.C. 78j–1(f))), other than an issuer that is an Asset-Backed Issuer as defined in §229.1101 of this chapter, or an investment company registered under section 8 of the Investment Company Act of 1940 (15 U.S.C. 80a–8), other than a unit investment trust as defined by section 4(2) of the Investment Company Act of 1940 (15 U.S.C. 80a–4(2)), any audit required under the securities laws shall report, prior to the filing of such audit report with the Commission (or in the case of a registered investment company, annually, and if the annual communication is not within 90 days prior to the filing, provide an update, in the 90 day period prior to the filing, of any changes to the previously reported information), to the audit committee of the issuer or registered investment company:

1. All critical accounting policies and practices to be used;

2. All alternative treatments within Generally Accepted Accounting Principles for policies and practices related to material items that have been discussed with management of the issuer or registered investment company, including:

(i) Ramifications of the use of such alternative disclosures and treatments; and

(ii) The treatment preferred by the registered public accounting firm;

3. Other material written communications between the registered public accounting firm and the management of the issuer or registered investment company, such as any management letter or schedule of unadjusted differences;

4. If the audit client is an investment company, all non-audit services provided to any entity in an investment company complex, as defined in §210.2–01 (f)(14), that were not pre-approved by the registered investment
§ 210.3–01 Consolidated balance sheets.

(a) There shall be filed, for the registrant and its subsidiaries consolidated, audited balance sheets as of the end of each of the two most recent fiscal years. If the registrant has been in existence for less than one fiscal year, there shall be filed an audited balance sheet as of a date within 135 days of the date of filing the registration statement.

(b) If the filing, other than a filing on Form 10–K or Form 10, is made within 45 days after the end of the registrant’s fiscal year and audited financial statements for the most recent fiscal year are not available, the balance sheets may be as of the end of the two preceding fiscal years and the filing shall include an additional balance sheet as of an interim date at least as current as the end of the registrant’s third fiscal quarter of the most recently completed fiscal year.

(c) The instruction in paragraph (b) of this section is also applicable to filings, other than on Form 10–K or Form 10, made after 45 days but within the number of days of the end of the registrant’s fiscal year specified in paragraph (i) of this section: Provided, that the following conditions are met:

(1) The registrant files annual, quarterly and other reports pursuant to section 13 or 15(d) of the Securities Exchange Act of 1934 and all reports due have been filed;

(2) For the most recent fiscal year for which audited financial statements are not yet available the registrant reasonably and in good faith expects to report income attributable to the registrant, after taxes but before extraordinary items and cumulative effect of a change in accounting principle; and

(3) For at least one of the two fiscal years immediately preceding the most recent fiscal year the registrant reported income attributable to the registrant, after taxes but before extraordinary items and cumulative effect of a change in accounting principle.

(d) For filings made after 45 days but within the number of days of the end of the registrant’s fiscal year specified in paragraph (i) of this section where the conditions set forth in paragraph (c) of this section are not met, the filing must include the audited balance sheets required by paragraph (a) of this section.

(e) For filings made after the number of days specified in paragraph (i)(2) of this section, the filing shall also include a balance sheet as of an interim date within the following number of days of the date of filing:

(1) 130 days for large accelerated filers and accelerated filers (as defined in §240.12b–2 of this chapter); and

(2) 135 days for all other registrants.

(f) Any interim balance sheet provided in accordance with the requirements of this section may be unaudited and need not be presented in greater detail than is required by §210.10–01. Notwithstanding the requirements of this section, the most recent interim balance sheet included in a filing shall be at least as current as the most recent balance sheet filed with the Commission on Form 10–Q.
(g) For filings by registered management investment companies, the requirements of §210.3–18 shall apply in lieu of the requirements of this section.  
(h) Any foreign private issuer, other than a registered management investment company or an employee plan, may file the financial statements required by Item 8.A of Form 20-F (§249.220 of this chapter) in lieu of the financial statements specified in this rule.  
(i)(1) For purposes of paragraphs (c) and (d) of this section, the number of days shall be:  
   (i) 60 days (75 days for fiscal years ending before December 15, 2006) for large accelerated filers (as defined in §240.12b–2 of this chapter);  
   (ii) 75 days for accelerated filers (as defined in §240.12b–2 of this chapter); and  
   (iii) 90 days for all other registrants.  
(2) For purposes of paragraph (e) of this section, the number of days shall be:  
   (i) 129 days subsequent to the end of the registrant’s most recent fiscal year for large accelerated filers and accelerated filers (as defined in §240.12b–2 of this chapter); and  
   (ii) 134 days subsequent to the end of the registrant’s most recent fiscal year for all other registrants.  
§ 210.3–03 Instructions to income statement requirements.  
(a) The statements required shall be prepared in compliance with the applicable requirements of this regulation.  
(b) If the registrant is engaged primarily (1) in the generation, transmission or distribution of electricity, the manufacture, mixing, transmission or distribution of gas, the supplying or distribution of water, or the furnishing of telephone or telegraph service; or (2) in holding securities of companies engaged in such businesses, it may at its option include statements of income and cash flows (which may be unaudited) for the twelve-month period ending on the date of the most recent balance sheet being filed, in lieu of the statements of income and cash flows for the interim periods specified.  
(c) If a period or periods reported on include operations of a business prior to the date of acquisition, or for other reasons differ from reports previously issued for any period, the statements shall be reconciled as to sales or revenues and net income in the statement or in a note thereto with the amounts previously reported: Provided, however, That such reconciliations need not be made (1) if they have been made in filings with the Commission in prior years or (2) the financial statements
which are being retroactively adjusted have not previously been filed with the Commission or otherwise made public.

(d) Any unaudited interim financial statements furnished shall reflect all adjustments which are, in the opinion of management, necessary to a fair statement of the results for the interim periods presented. A statement to that effect shall be included. Such adjustments shall include, for example, appropriate estimated provisions for bonus and profit sharing arrangements normally determined or settled at year-end. If all such adjustments are of a normal recurring nature, a statement to that effect shall be made; otherwise, there shall be furnished information describing in appropriate detail the nature and amount of any adjustments other than normal recurring adjustments entering into the determination of the results shown.

(e) Disclosures regarding segments required by generally accepted accounting principles shall be provided for each year for which an audited statement of income is provided. To the extent that the segment information presented pursuant to this instruction compiles with the provisions of Item 101 of Regulation S-K, the disclosures may be combined by cross referencing to or from the financial statements.

§ 210.3–05 Financial statements of businesses acquired or to be acquired.

(a) Financial statements required. (1) Financial statements prepared and audited in accordance with this regulation should be furnished for the periods specified in paragraph (b) below if any of the following conditions exist:

(i) A business combination has occurred or is probable (for purposes of this section, this encompasses the acquisition of an interest in a business accounted for by the equity method); or

(ii) Consummation of a combination between entities under common control is probable.

(2) For purposes of determining whether the provisions of this rule apply, the determination of whether a business has been acquired should be made in accordance with the guidance set forth in §210.11–01(d).

(3) Acquisitions of a group of related businesses that are probable or that have occurred subsequent to the latest fiscal year-end for which audited financial statements of the registrant have been filed shall be treated under this section as if they are a single business combination. The required financial statements of related businesses may be presented on a combined basis for any periods they are under common control or management. For purposes of this section, businesses shall be deemed to be related if:

(i) They are under common control or management;

(ii) The acquisition of one business is conditional on the acquisition of each other business; or

(iii) Each acquisition is conditioned on a single common event.

[74 FR 18614, Apr. 23, 2009]
(4) This rule shall not apply to a business which is totally held by the registrant prior to consummation of the transaction.

(b) Periods to be presented. (1) If securities are being registered to be offered to the security holders of the business to be acquired, the financial statements specified in §§210.3–01 and 210.3–02 shall be furnished for the business to be acquired, except as provided otherwise for filings on Form N–14, S–4 or F–4 (§239.23, §239.25 or §239.34 of this chapter). The financial statements covering fiscal years shall be audited except as provided in Item 14 of Schedule 14A (§240.14a–101 of this chapter) with respect to certain proxy statements or in registration statements filed on Forms N–14, S–4 or F–4 (§239.23, §239.25 or §239.34 of this chapter).

(2) In all cases not specified in paragraph (b)(1) of this section, financial statements of the business acquired or to be acquired shall be filed for the periods specified in this paragraph (b)(2) or such shorter period as the business has been in existence. The periods for which such financial statements are to be filed shall be determined using the conditions specified in the definition of significant subsidiary in §210.1–02(w) as follows:

(i) If none of the conditions exceeds 20 percent, financial statements are not required. However, if the aggregate impact of the individually insignificant businesses acquired since the date of the most recent audited balance sheet filed for the registrant exceeds 50%, financial statements covering at least the substantial majority of the businesses acquired shall be furnished. Such financial statements shall be for at least the most recent fiscal year and any interim periods specified in §§210.3–01 and 210.3–02.

(ii) If any of the conditions exceeds 20 percent, but none exceed 40 percent, financial statements shall be furnished for at least the most recent fiscal year and any interim periods specified in §§210.3–01 and 210.3–02.

(iii) If any of the conditions exceeds 40 percent, but none exceed 50 percent, financial statements shall be furnished for at least the two most recent fiscal years and any interim periods specified in §§210.3–01 and 210.3–02.

(iv) If any of the conditions exceed 50 percent, the full financial statements specified in §§210.3–01 and 210.3–02 shall be furnished. However, financial statements for the earliest of the three fiscal years required may be omitted if net revenues reported by the acquired business in its most recent fiscal year are less than $50 million.

(3) The determination shall be made by comparing the most recent annual financial statements of each such business, or group of related businesses on a combined basis, to the registrant’s most recent annual consolidated financial statements filed at or prior to the date of acquisition. However, if the registrant made a significant acquisition subsequent to the latest fiscal year-end and filed a report on Form 8–K (§249.308 of this chapter) which included audited financial statements of such acquired business for the periods required by this section and the pro forma financial information required by §210.11, such determination may be made by using pro forma amounts for the latest fiscal year in the report on Form 8–K (§249.308 of this chapter) rather than by using the historical amounts of the registrant. The tests may not be made by “annualizing” data.

(4) Financial statements required for the periods specified in paragraph (b)(2) of this section may be omitted to the extent specified as follows:

(i) Registration statements not subject to the provisions of §230.419 of this chapter (Regulation C) and proxy statements need not include separate financial statements of the acquired or to be acquired business if it does not exceed any of the conditions of significance in the definition of significant subsidiary in §210.1–02 at the 50 percent level, and either:

(A) The consummation of the acquisition has not yet occurred; or

(B) The date of the final prospectus or prospectus supplement relating to an offering as filed with the Commission pursuant to §230.424(b) of this chapter, or mailing date in the case of a proxy statement, is no more than 74 days after consummation of the business combination, and the financial statements have not previously been filed by the registrant.
(ii) An issuer, other than a foreign private issuer required to file reports on Form 6-K, that omits from its initial registration statement financial statements of a recently consummated business combination pursuant to paragraph (b)(4)(i) of this section shall furnish those financial statements and any pro forma information specified by Article 11 of this chapter under cover of Form 8-K (§249.308 of this chapter) no later than 75 days after consummation of the acquisition.

(iii) Separate financial statements of the acquired business need not be presented once the operating results of the acquired business have been reflected in the audited consolidated financial statements of the registrant for a complete fiscal year unless such financial statements have not been previously filed or unless the acquired business is of such significance to the registrant that omission of such financial statements would materially impair an investor’s ability to understand the historical financial results of the registrant. For example, if, at the date of acquisition, the acquired business met at least one of the conditions in the definition of significant subsidiary in §210.1–02 at the 80 percent level, the income statements of the acquired business should normally continue to be furnished for such periods prior to the purchase as may be necessary when added to the time for which audited income statements after the purchase are filed to cover the equivalent of the period specified in §210.3–02.

(iv) A separate audited balance sheet of the acquired business is not required when the registrant’s most recent audited balance sheet required by §210.3–01 is for a date after the date the acquisition was consummated.

(c) Financial statements of foreign business. If the business acquired or to be acquired is a foreign business, financial statements of the business meeting the requirements of Item 17 of Form 20–F ($249.220f of this chapter) will satisfy this section.

§210.3–09 Separate financial statements of subsidiaries not consolidated and 50 percent or less owned persons.

(a) If any of the conditions set forth in §210.1–02(w), substituting 20 percent for 10 percent in the tests used therein to determine a significant subsidiary, are met for a majority-owned subsidiary not consolidated by the registrant or by a subsidiary of the registrant, separate financial statements of such subsidiary shall be filed. Similarly, if either the first or third condition set forth in §210.1–02(w), substituting 20 percent for 10 percent, is

§ 210.3–10

Financial statements of guarantors and issuers of guaranteed securities registered or being registered.

(a)(1) General rule. Every issuer of a registered security that is guaranteed and every guarantor of a registered security must file the financial statements required for a registrant by Regulation S-X.

(2) Operation of this rule. Paragraphs (b), (c), (d), (e) and (f) of this section are exceptions to the general rule of paragraph (a)(1) of this section. Only one of these paragraphs can apply to a single issuer or guarantor. Paragraph (g) of this section is a special rule for recently acquired issuers or guarantors that overrides each of these exceptions for a specific issuer or guarantor. Paragraph (h) of this section defines the following terms used in this section: 100% owned, full and unconditional, annual

met by a 50 percent or less owned person accounted for by the equity method either by the registrant or a subsidiary of the registrant, separate financial statements of such 50 percent or less owned person shall be filed.

(b) Insofar as practicable, the separate financial statements required by this section shall be as of the same dates and for the same periods as the audited consolidated financial statements required by §§210.3–01 and 3–02. However, these separate financial statements are required to be audited only for those fiscal years in which either the first or third condition set forth in §210.1–02(w), substituting 20 percent for 10 percent, is met. For purposes of a filing on Form 10–K (§249.310 of this chapter):

(1) If the registrant is an accelerated filer (as defined in §240.12b–2 of this chapter) but the 50 percent or less owned person is not an accelerated filer, the required financial statements may be filed as an amendment to the report within 90 days, or within six months if the 50 percent or less owned person is a foreign business, after the end of the registrant’s fiscal year.

(2) If the fiscal year of any 50 percent or less owned person ends within the registrant’s number of filing days before the date of the filing, or if the fiscal year ends after the date of the filing, the required financial statements may be filed as an amendment to the report within the subsidiary’s number of filing days, or within six months if the 50 percent or less owned person is a foreign business, after the end of such subsidiary’s or person’s fiscal year.

(3) The term registrant’s number of filing days means:

(i) 60 days (75 days for fiscal years ending before December 15, 2006) if the registrant is a large accelerated filer;

(ii) 75 days if the registrant is an accelerated filer; and

(iii) 90 days for all other 50 percent or less owned persons.

(c) Notwithstanding the requirements for separate financial statements in paragraph (a) of this section, where financial statements of two or more majority-owned subsidiaries not consolidated are required, combined or consolidated statements of such subsidiaries may be filed subject to principles of inclusion and exclusion which clearly exhibit the financial position, cash flows and results of operations of the combined or consolidated group. Similarly, where financial statements of two or more 50 percent or less owned persons are required, combined or consolidated statements of such persons may be filed subject to the same principles of inclusion or exclusion referred to above.

(d) If the 50 percent or less owned person is a foreign business, financial statements of the business meeting the requirements of Item 17 of Form 20–F (§249.220f of this chapter) will satisfy this section.

§ 210.3–10

17 CFR Ch. II (4–1–13 Edition)

report, quarterly report, no independent assets or operations, minor, finance subsidiary and operating subsidiary. Paragraph (i) of this section states the requirements for preparing the condensed consolidating financial information required by paragraphs (c), (d), (e) and (f) of this section.

Note to Paragraph (a)(2). Where paragraphs (b), (c), (d), (e) and (f) of this section specify the filing of financial statements of the parent company, the financial statements of an entity that is not an issuer or guarantor of the registered security cannot be substituted for those of the parent company.

(3) Foreign private issuers. Where any provision of this section requires compliance with §§210.3–01 and 3–02, a foreign private issuer may comply by providing financial statements for the periods specified by Item 8.A of Form 20–F ($249.220f of this chapter).

(b) Finance subsidiary issuer of securities guaranteed by its parent company. When a finance subsidiary issues securities and its parent company guarantees those securities, the registration statement, parent company annual report, or parent company quarterly report need not include financial statements of the issuer if:

(1) The issuer is 100% owned by the parent company guarantor;
(2) The guarantee is full and unconditional;
(3) No other subsidiary of the parent company guarantees the securities; and
(4) The parent company's financial statements are filed for the periods specified by §§210.3–01 and 210.3–02 and include, in a footnote, condensed consolidating financial information for the same periods with a separate column for:

(i) The parent company;
(ii) The subsidiary issuer;
(iii) Any other subsidiaries of the parent company on a combined basis;
(iv) Consolidating adjustments; and
(v) The total consolidated amounts.

Notes to Paragraph (b). 1. Instead of the condensed consolidating financial information required by paragraph (c)(4), the parent company's financial statements may include a footnote stating, if true, that the parent company has no independent assets or operations, the guarantee is full and unconditional, and any subsidiaries of the parent company other than the subsidiary issuer are minor. The footnote also must include the narrative disclosures specified in paragraphs (i)(9) and (i)(10) of this section.

2. If the alternative disclosure permitted by Note 1 to this paragraph is not applicable because the parent company has independent assets or operations, the condensed consolidating financial information described in paragraph (c)(4) may omit the column for “any other subsidiaries of the parent company on a combined basis” if those other subsidiaries are minor.

3. Paragraph (c) is available if a subsidiary issuer satisfies the requirements of this paragraph but for the fact that, instead of the parent company guaranteeing the security, the subsidiary issuer co-issued the securities jointly and severally, with the parent company. In this situation, the narrative information required by paragraph (b)(4) must be modified accordingly.

(c) Operating subsidiary issuer of securities guaranteed by its parent company. When an operating subsidiary issues securities and its parent company guarantees those securities, the registration statement, parent company annual report, or parent company quarterly report need not include financial statements of the issuer if:

(1) The issuer is 100% owned by the parent company guarantor;
(2) The guarantee is full and unconditional;
(3) No other subsidiary of the parent company guarantees the securities; and
(4) The parent company’s financial statements are filed for the periods specified by §§210.3–01 and 210.3–02 and include, in a footnote, condensed consolidating financial information for the same periods with a separate column for:

(i) The parent company;
(ii) The subsidiary issuer;
(iii) Any other subsidiaries of the parent company on a combined basis;
(iv) Consolidating adjustments; and
(v) The total consolidated amounts.

Notes to Paragraph (c). 1. Instead of the condensed consolidating financial information required by paragraph (c)(4), the parent company’s financial statements may include a footnote stating, if true, that the parent company has no independent assets or operations, the guarantee is full and unconditional, and any subsidiaries of the parent company other than the subsidiary issuer are minor. The footnote also must include the narrative disclosures specified in paragraphs (i)(9) and (i)(10) of this section.

2. If the alternative disclosure permitted by Note 1 to this paragraph is not applicable because the parent company has independent assets or operations, the condensed consolidating financial information described in paragraph (c)(4) may omit the column for “any other subsidiaries of the parent company on a combined basis” if those other subsidiaries are minor.

3. Paragraph (c) is available if a subsidiary issuer satisfies the requirements of this paragraph but for the fact that, instead of the parent company guaranteeing the security, the subsidiary issuer co-issued the security jointly and severally, with the parent company. In this situation, the narrative information required by paragraph (i)(b) of this section must be modified accordingly.

(d) Subsidiary issuer of securities guaranteed by its parent company and one or more other subsidiaries of that parent
company. When a subsidiary issues securities and both its parent company and one or more other subsidiaries of that parent company guarantee those securities, the registration statement, parent company annual report, or parent company quarterly report need not include financial statements of the issuer or any subsidiary guarantor if:

1. The issuer and all subsidiary guarantors are 100% owned by the parent company guarantor;
2. The guarantees are full and unconditional;
3. The guarantees are joint and several; and
4. The parent company’s financial statements are filed for the periods specified by §§210.3–01 and 210.3–02 and include, in a footnote, condensed consolidating financial information for the same periods with a separate column for:
   i. The parent company;
   ii. The subsidiary issuer;
   iii. The guarantor subsidiaries of the parent company on a combined basis;
   iv. Any other subsidiaries of the parent company on a combined basis;
   (v) Consolidating adjustments; and
   vi. The total consolidated amounts.

NOTES TO PARAGRAPH (d). 1. Paragraph (d) applies in the same manner whether the issuer is a finance subsidiary or an operating subsidiary.
2. The condensed consolidating financial information described in paragraph (d)(4) may omit the column for “any other subsidiaries of the parent company on a combined basis” if those other subsidiaries are minor.
3. Paragraph (d) is available if a subsidiary issuer satisfies the requirements of this paragraph but for the fact that, instead of the parent company guaranteeing the security, the subsidiary issuer co-issued the security, jointly and severally, with the parent company. In this situation, the narrative information required by paragraph (i)(8) of this section must be modified accordingly.
4. If all of the requirements in paragraph (d) are satisfied except that the guarantee of a subsidiary is not joint and several with, as applicable, the parent company’s guarantee or the guarantees of the parent company and the other subsidiaries, then each subsidiary guarantor whose guarantee is not joint and several need not include separate financial statements, but the condensed consolidating financial information should include a separate column for each guarantor whose guarantee is not joint and several.

5. Instead of the condensed consolidating financial information required by paragraph (d)(4), the parent company’s financial statements may include a footnote stating, if true, that the parent company has no independent assets or operations, the subsidiary issuer is a 100% owned finance subsidiary of the parent company, the parent company has guaranteed the securities, all of the parent company’s subsidiaries other than the subsidiary issuer have guaranteed the securities, all of the guarantees are full and unconditional, and all of the guarantees are joint and several. The footnote also must include the narrative disclosures specified in paragraphs (i)(9) and (i)(10) of this section.

(e) Single subsidiary guarantor of securities issued by the parent company of that subsidiary. When a parent company issues securities and one of its subsidiaries guarantees those securities, the registration statement, parent company annual report, or parent company quarterly report need not include financial statements of the subsidiary guarantor if:

1. The subsidiary guarantor is 100% owned by the parent company issuer;
2. The guarantee is full and unconditional;
3. No other subsidiary of that parent guarantees the securities; and
4. The parent company’s financial statements are filed for the periods specified by §§210.3–01 and 210.3–02 and include, in a footnote, condensed consolidating financial information for the same periods with a separate column for:
   i. The parent company;
   ii. The subsidiary guarantor;
   iii. Any other subsidiaries of the parent company on a combined basis;
   iv. Consolidating adjustments; and
   v. The total consolidated amounts.

NOTES TO PARAGRAPH (e). 1. Paragraph (e) applies in the same manner whether the guarantor is a finance subsidiary or an operating subsidiary.
2. Instead of the condensed consolidating financial information required by paragraph (e)(4), the parent company’s financial statements may include a footnote stating, if true, that the parent company has no independent assets or operations, the guarantee is full and unconditional, and any subsidiaries of the parent company other than the subsidiary guarantor are minor. The footnote also must include the narrative disclosures specified in paragraphs (i)(9) and (i)(10) of this section.

3. If the alternative disclosure permitted by Note 2 to this paragraph is not applicable because the parent company has independent assets or operations, the condensed consolidating financial information described in paragraph (e)(4) may omit the column for “any other subsidiaries of the parent company on a combined basis” if those other subsidiaries are minor.

4. If, instead of guaranteeing the subject security, a subsidiary co-issues the security jointly and severally with its parent company, this paragraph (e) does not apply. Instead, the appropriate financial information requirement would depend on whether the subsidiary is a finance subsidiary or an operating subsidiary. If the subsidiary is a finance subsidiary, paragraph (b) applies. If the subsidiary is an operating company, paragraph (c) applies.

(f) Multiple subsidiary guarantors of securities issued by the parent company of those subsidiaries. When a parent company issues securities and more than one of its subsidiaries guarantee those securities, the registration statement, parent company annual report, or parent company quarterly report need not include financial statements of the subsidiary guarantors if:

(1) Each of the subsidiary guarantors is 100% owned by the parent company issuer;
(2) The guarantees are full and unconditional;
(3) The guarantees are joint and several; and
(4) The parent company’s financial statements are filed for the periods specified by §§ 210.3–01 and 210.3–02 and include, in a footnote, condensed consolidating financial information for the same periods with a separate column for:
   (i) The parent company;
   (ii) The subsidiary guarantors on a combined basis;
   (iii) Any other subsidiaries of the parent company on a combined basis;
   (iv) Consolidating adjustments; and
   (v) The total consolidated amounts.

NOTES TO PARAGRAPH (f). 1. Instead of the condensed consolidating financial information specified in paragraphs (i)(9) and (i)(10) of this section.

2. If the alternative disclosure permitted by Note 1 to this paragraph is not applicable because the parent company has independent assets or operations, the condensed consolidating financial information described in paragraph (f)(4) may omit the column for “any other subsidiaries of the parent company on a combined basis” if those other subsidiaries are minor.

3. If any of the subsidiary guarantees is not joint and several with the guarantees of the other subsidiaries, then each subsidiary guarantor whose guarantee is not joint and several need not include separate financial statements, but the condensed consolidating financial information must include a separate column for each subsidiary guarantor whose guarantee is not joint and several.

(g) Recently acquired subsidiary issuers or subsidiary guarantors. (1) The Securities Act registration statement of the parent company must include the financial statements specified in paragraph (g)(2) of this section for any subsidiary that otherwise meets the conditions in paragraph (c), (d), (e) or (f) of this section for omission of separate financial statements if:
   (i) The subsidiary has not been included in the audited consolidated results of the parent company for at least nine months of the most recent fiscal year; and
   (ii) The net book value or purchase price, whichever is greater, of the subsidiary is 20% or more of the principal amount of the securities being registered.

(2) Financial statements required.
   (i) Audited financial statements for a subsidiary described in paragraph (g)(1) of this section must be filed for the subsidiary’s most recent fiscal year preceding the acquisition. In addition, unaudited financial statements must be filed for any interim periods specified in §§ 210.3–01 and 210.3–02.
   (ii) The financial statements must conform to the requirements of Regulation S-X (§§ 210.1–01 through 12–29), except that supporting schedules need not be filed. If the subsidiary is a foreign business, financial statements of the subsidiary meeting the requirements of Item 17 of Form 20–F (§ 249.220) will satisfy this item.

(3) Instructions to paragraph (g).
(i) The significance test of paragraph (g)(1)(ii) of this section should be computed using net book value of the subsidiary as of the most recent fiscal year end preceding the acquisition.

(ii) Information required by this paragraph (g) is not required to be included in an annual report or quarterly report.

(iii) Acquisitions of a group of subsidiary issuers or subsidiary guarantors that are related prior to their acquisition shall be aggregated for purposes of applying the 20% test in paragraph (g)(1)(ii) of this section. Subsidiaries shall be deemed to be related prior to their acquisition if:

(A) They are under common control or management;
(B) The acquisition of one subsidiary is conditioned on the acquisition of each subsidiary; or
(C) The acquisition of each subsidiary is conditioned on a single common event.

(h) Definitions. For the purposes of this section:

(1) A subsidiary is “100% owned” if all of its outstanding voting shares are owned, either directly or indirectly, by its parent company. A subsidiary not in corporate form is 100% owned if the sum of all interests are owned, either directly or indirectly, by its parent company other than:

(i) Securities that are guaranteed by its parent and, if applicable, other 100%-owned subsidiaries of its parent; and
(ii) Securities that guarantee securities issued by its parent and, if applicable, other 100%-owned subsidiaries of its parent.

(2) A guarantee is “full and unconditional,” if, when an issuer of a guaranteed security has failed to make a scheduled payment, the guarantor is obligated to make the scheduled payment immediately and, if it doesn’t, any holder of the guaranteed security may immediately bring suit directly against the guarantor for payment of all amounts due and payable.

(3) Annual report refers to an annual report on Form 10-K or Form 20-F ($§249.310 or §249.220f of this chapter).

(4) Quarterly report refers to a quarterly report on Form 10-Q ($§249.308a of this chapter).

(5) A parent company has no independent assets or operations if each of its total assets, revenues, income from continuing operations before income taxes, and cash flows from operating activities (excluding amounts related to its investment in its consolidated subsidiaries) is less than 3% of the corresponding consolidated amount.

(6) A subsidiary is minor if each of its total assets, stockholders’ equity, revenues, income from continuing operations before income taxes, and cash flows from operating activities is less than 3% of the parent company’s corresponding consolidated amount.

NOTE TO PARAGRAPH (h)(6). When considering a group of subsidiaries, the definition applies to each subsidiary in that group individually and to all subsidiaries in that group in the aggregate.

(7) A subsidiary is a finance subsidiary if it has no assets, operations, revenues or cash flows other than those related to the issuance, administration and repayment of the security being registered and any other securities guaranteed by its parent company.

(8) A subsidiary is an operating subsidiary if it is not a finance subsidiary.

(i) Instructions for preparation of condensed consolidating financial information required by paragraphs (c), (d), (e) and (f) of this section.

(1) Follow the general guidance in §210.10–01 for the form and content for condensed financial statements and present the financial information in sufficient detail to allow investors to determine the assets, results of operations and cash flows of each of the consolidating groups;

(2) The financial information should be audited for the same periods that the parent company financial statements are required to be audited;

(3) The parent company column should present investments in all subsidiaries based upon their proportionate share of the subsidiary’s net assets;

(4) The parent company’s basis shall be “pushed down” to the applicable subsidiary columns to the extent that push down would be required or permitted in separate financial statements of the subsidiary;

(5) All subsidiary issuer or subsidiary guarantor columns should present the
following investments in subsidiaries under the equity method:

(i) Non-guarantor subsidiaries;
(ii) Subsidiary issuers or subsidiary guarantors that are not 100% owned or whose guarantee is not full and unconditional;
(iii) Subsidiary guarantors whose guarantee is not joint and several with the guarantees of the other subsidiaries; and
(iv) Subsidiary guarantors with differences in domestic or foreign laws that affect the enforceability of the guarantees;

(6) Provide a separate column for each subsidiary issuer or subsidiary guarantor that is not 100% owned, whose guarantee is not full and unconditional, or whose guarantee is not joint and several with the guarantees of other subsidiaries. Inclusion of a separate column does not relieve that issuer or guarantor from the requirement to file separate financial statements under paragraph (a) of this section. However, paragraphs (b) through (f) of this section will provide this relief if the particular paragraph is satisfied except that the guarantee is not joint and several;

(7) Provide separate columns for each guarantor by legal jurisdiction if differences in domestic or foreign laws affect the enforceability of the guarantors;

(8) Include the following disclosure, if true:
   (i) Each subsidiary issuer or subsidiary guarantor is 100% owned by the parent company;
   (ii) All guarantees are full and unconditional; and
   (iii) Where there is more than one guarantor, all guarantees are joint and several;

(9) Disclose any significant restrictions on the ability of the parent company or any guarantor to obtain funds from its subsidiaries by dividend or loan;

(10) Provide the disclosures prescribed by §210.4–08(e)(3) with respect to the subsidiary issuers and subsidiary guarantors;

(11) The disclosure:
   (i) May not omit any financial and narrative information about each guarantor if the information would be material for investors to evaluate the sufficiency of the guarantee;
   (ii) Shall include sufficient information so as to make the financial information presented not misleading; and
   (iii) Need not repeat information that would substantially duplicate disclosure elsewhere in the parent company’s consolidated financial statements; and

(12) Where the parent company’s consolidated financial statements are prepared on a comprehensive basis other than U.S. Generally Accepted Accounting Principles or International Financial Reporting Standards as issued by the International Accounting Standards Board, reconcile the information in each column to U.S. Generally Accepted Accounting Principles to the extent necessary to allow investors to evaluate the sufficiency of the guarantees. The reconciliation may be limited to the information specified by Item 17 of Form 20–F (§249.220f of this chapter). The reconciling information need not duplicate information included elsewhere in the reconciliation of the consolidated financial statements.

(a) Gross receipts from all sources for the fiscal year are not in excess of $100,000;

(b) The registrant has not purchased or sold any of its own stock, granted options therefor, or levied assessments upon outstanding stock;

(c) Expenditures for all purposes for the fiscal year are not in excess of $100,000;

(d) No material change in the business has occurred during the fiscal year, including any bankruptcy, reorganization, readjustment or succession or any material acquisition or disposition of plants, mines, mining equipment, mine rights or leases; and

§ 210.3-12 Age of financial statements at effective date of registration statement or at mailing date of proxy statement.

(a) If the financial statements in a filing are as of a date the number of days specified in paragraph (g) of this section or more before the date the filing is expected to become effective, or proposed mailing date in the case of a proxy statement, the financial statements shall be updated, except as specified in the following paragraphs, with a balance sheet as of an interim date within the number of days specified in paragraph (g) of this section and with statements of income and cash flows for the interim period between the end of the most recent fiscal year and the date of the interim balance sheet provided and for the corresponding period of the preceding fiscal year. Such interim financial statements may be unaudited and need not be presented in greater detail than is required by §210.10-01. Notwithstanding the above requirements, the most recent interim financial statements shall be at least as current as the most recent financial statements filed with the Commission on Form 10-Q.

(b) Where the anticipated effective date of a filing, or in the case of a proxy statement the proposed mailing date, falls within the number of days subsequent to the end of the fiscal year specified in paragraph (g) of this section, the filing need not include financial statements more current than as of the end of the third fiscal quarter of the most recently completed fiscal year unless the audited financial statements for such fiscal year are available or unless the anticipated effective date or proposed mailing date falls after 45 days subsequent to the end of the fiscal year and the registrant does not meet the conditions prescribed under paragraph (c) of §210.3-01. If the anticipated effective date or proposed mailing date falls after 45 days subsequent to the end of the fiscal year and the registrant does not meet the conditions prescribed under paragraph (c) of §210.3-01, the filing must include audited financial statements for the most recently completed fiscal year.

(c) Where a filing is made near the end of a fiscal year and audited financial statements for that fiscal year are not included in the filing, the filing shall be updated with such audited financial statements if they become available prior to the anticipated effective date, or proposed mailing date in the case of a proxy statement.

(d) The age of the registrant’s most recent audited financial statements included in a registration statement filed under the Securities Act of 1933 or filed on Form 10 (17 CFR 249.210) under the Securities Exchange Act of 1934 shall not be more than one year and 45 days old at the date the registration statement becomes effective if the registration statement relates to the security of an issuer that was not subject, immediately before the time of filing the registration statement, to the reporting requirements of section 13 or 15(d) of the Securities Exchange Act of 1934.

(e) For filings by registered management investment companies, the requirements of §210.3-18 shall apply in lieu of the requirements of this section.

(f) Any foreign private issuer may file financial statements whose age is specified in Item 8.A of Form 20-F (§249.220f of this chapter). Financial statements of a foreign business which are furnished pursuant to §210.3-05 or §210.3-09 because it is an acquired business or a 50 percent or less owned person may be of the age specified in Item 8.A of Form 20-F.

(g)(1) For purposes of paragraph (a) of this section, the number of days shall be:

(i) 130 days for large accelerated filers and accelerated filers (as defined in §240.12b-2 of this chapter); and

(ii) 135 days for all other registrants.

(2) For purposes of paragraph (b) of this section, the number of days shall be:

(i) 60 days (75 days for fiscal years ending before December 15, 2006) for large accelerated filers (as defined in §240.12b-2 of this chapter); and

(ii) 75 days for accelerated filers (as defined in §240.12b-2 of this chapter); and
§ 210.3–13 Filing of other financial statements in certain cases.

The Commission may, upon the informal written request of the registrant, and where consistent with the protection of investors, permit the omission of one or more of the financial statements herein required or the filing in substitution therefor of appropriate statements of comparable character. The Commission may also by informal written notice require the filing of other financial statements in addition to, or in substitution for, the statements herein required in any case where such statements are necessary or appropriate for an adequate presentation of the financial condition of any person whose financial statements are required, or whose statements are otherwise necessary for the protection of investors.

§ 210.3–14 Special instructions for real estate operations to be acquired.

(a) If, during the period for which income statements are required, the registrant has acquired one or more properties which in the aggregate are significant, or since the date of the latest balance sheet required has acquired or proposes to acquire one or more properties which in the aggregate are significant, the following shall be furnished with respect to such properties:

(1) Audited income statements (not including earnings per unit) for the three most recent fiscal years, which shall exclude items not comparable to the proposed future operations of the property such as mortgage interest, leasehold rental, depreciation, corporate expenses and Federal and state income taxes: Provided, however, That such audited statements need be presented for only the most recent fiscal year if

(i) The property is not acquired from a related party;
(ii) Material factors considered by the registrant in assessing the property are described with specificity in the filing with regard to the property, including sources of revenue (including, but not limited to, competition in the rental market, comparative rents, occupancy rates) and expense (including, but not limited to, utility rates, ad valorem tax rates, maintenance expenses, capital improvements anticipated); and
(iii) The registrant indicates in the appropriate filing that, after reasonable inquiry, the registrant is not aware of any material factors relating to that specific property other than those discussed in response to paragraph (a)(1)(ii) of this section that would cause the reported financial information not to be necessarily indicative of future operating results.

(2) If the property is to be operated by the registrant, there shall be furnished a statement showing the estimated taxable operating results of the registrant based on the most recent twelve month period including such adjustments as can be factually supported. If the property is to be acquired subject to a net lease the estimated taxable operating results shall be based on the rent to be paid for the first year of the lease. In either case, the estimated amount of cash to be made available by operations shall be shown. There shall be stated in an introductory paragraph the principal assumptions which have been made in preparing the statements of estimated taxable operating results and cash to be made available by operations.

(3) If appropriate under the circumstances, there shall be given in tabular form for a limited number of years the estimated cash distribution per unit showing the portion thereof reportable as taxable income and the portion representing a return of capital together with an explanation of annual variations, if any. If taxable net income per unit will become greater than the cash available for distribution per unit, that fact and approximate year of occurrence shall be stated, if significant.

(b) Information required by this section is not required to be included in a filing on Form 10-K.

§210.3–15 Special provisions as to real estate investment trusts.

(a)(1) The income statement prepared pursuant to §210.5–03 shall include the following additional captions between those required by §210.5–03.15 and 16: (i) Income or loss before gain or loss on sale of properties, extraordinary items and cumulative effects of accounting changes, and (ii) gain or loss on sale of properties, less applicable income tax.

(2) The balance sheet required by §210.5–02 shall set forth in lieu of the captions required by §210.5–02.31(a)(3): (i) The balance of undistributed income from other than gain or loss on sale of properties and (ii) accumulated undistributed net realized gain or loss on sale of properties. The information specified in §210.3–04 shall be modified similarly.

(b) The trust’s status as a real estate investment trust under applicable provisions of the Internal Revenue Code as amended shall be stated in a note referred to in the appropriate statements. Such note shall also indicate briefly the principal present assumptions on which the trust has relied in making or not making provisions for Federal income taxes.

(c) The tax status of distributions per unit shall be stated (e.g., ordinary income, capital gain, return of capital).

§210.3–16 Financial statements of affiliates whose securities collateralize an issue registered or being registered.

(a) For each of the registrant’s affiliates whose securities constitute a substantial portion of the collateral for any class of securities registered or being registered, there shall be filed the financial statements that would be required if the affiliate were a registrant and required to file financial statements. However, financial statements need not be filed pursuant to this section for any person whose statements are otherwise separately included in the filing on an individual basis or on a basis consolidated with its subsidiaries.

(b) For the purposes of this section, securities of a person shall be deemed to constitute a substantial portion of collateral if the aggregate principal amount, par value, or book value of the securities as carried by the registrant, or the market value of such securities, whichever is the greatest, equals 20 percent or more of the principal amount of the secured class of securities.

§210.3–17 Financial statements of natural persons.

(a) In lieu of the financial statements otherwise required, a natural person may file an unaudited balance sheet as of a date within 90 days of date of filing and unaudited statements of income for each of the three most recent fiscal years.

(b) Financial statements conforming with the instructions as to financial statements of subsidiaries not consolidated and 50 percent or less owned persons under §210.3–09(a) shall be separately presented for: (1) Each business owned as a sole proprietor, (2) each partnership, business trust, unincorporated association, or similar business organization of which the person holds a controlling interest and (3) each corporation of which the person, directly or indirectly, owns securities representing more than 50 percent of the voting power.

(c) Separate financial statements may be omitted, however, for each corporation, business trust, unincorporated association, or similar business organization if the person’s total investment in such entity does not exceed 5 percent of his total assets and the person’s total income from such entity does not exceed 5 percent of his gross income; Provided, that the person’s aggregate investment in and income from all such omitted entities shall not exceed 15 percent of his total assets and gross income, respectively.

§ 210.3–18 Special provisions as to registered management investment companies and companies required to be registered as management investment companies.

(a) For filings by registered management investment companies, the following financial statements shall be filed:

1. An audited balance sheet or statement of assets and liabilities as of the end of the most recent fiscal year;
2. An audited statement of operations for the most recent fiscal year conforming to the requirements of § 210.6–07.
3. An audited statement of cash flows for the most recent fiscal year if necessary to comply with generally accepted accounting principles. (Further references in this rule to the requirement for such statement are likewise applicable only to the extent that they are consistent with the requirements of generally accepted accounting principles.)
4. Audited statements of changes in net assets conforming to the requirements of § 210.6–09 for the two most recent fiscal years.

(b) If the filing is made within 60 days after the end of the registrant’s fiscal year and audited financial statements for the most recent fiscal year are not available, the balance sheet or statement of assets and liabilities may be as of the end of the preceding fiscal year and the filing shall include an additional balance sheet or statement of assets and liabilities as of an interim date within 245 days of the date of filing. In addition, the statements of operations and cash flows (if required by generally accepted accounting principles) shall be provided for the preceding fiscal year and the statement of changes in net assets shall be provided for the two preceding fiscal years and each of the statements shall be provided for the interim period between the end of the preceding fiscal year and the date of the most recent balance sheet or statement of assets and liabilities being filed. Financial statements for the corresponding period of the preceding fiscal year need not be provided.

(c) If the most current balance sheet or statement of assets and liabilities in a filing is as of a date 245 days or more prior to the date the filing is expected to become effective, the financial statements shall be updated with a balance sheet or statement of assets and liabilities as of an interim date within 245 days. In addition, the statements of operations, cash flows, and changes in net assets shall be provided for the interim period between the end of the most recent fiscal year for which a balance sheet or statement of assets and liabilities is presented and the date of the most recent interim balance sheet or statement of assets and liabilities filed.

(d) Interim financial statements provided in accordance with these requirements may be unaudited but shall be presented in the same detail as required by §§ 210.6–01 to 210.6–10. When unaudited financial statements are presented in a registration statement, they shall include the statement required by § 210.3–03(d).

§ 210.3–19 [Reserved]

§ 210.3–20 Currency for financial statements of foreign private issuers.

(a) A foreign private issuer, as defined in § 230.405 of this chapter, shall state amounts in its primary financial statements in the currency which it deems appropriate.

(b) The currency in which amounts in the financial statements are stated shall be disclosed prominently on the face of the financial statements. If dividends on publicly-held equity securities will be declared in a currency other than the reporting currency, a note to the financial statements shall identify that currency. If there are material exchange restrictions or controls relating to the issuer’s reporting currency, the currency of the issuer’s domicile, or the currency in which the issuer will pay dividends, prominent disclosure of this fact shall be made in the financial statements. If the reporting currency is not the U.S. dollar, dollar-equivalent financial statements or convenience translations shall not be presented, except a translation may be presented of the most recent fiscal year

§ 210.3A–02

and any subsequent interim period presented using the exchange rate as of the most recent balance sheet included in the filing, except that a rate as of the most recent practicable date shall be used if materially different.

(c) If the financial statements of a foreign private issuer are stated in a currency of a country that has experienced cumulative inflationary effects exceeding a total of 100 percent over the most recent three year period, and have not been recast or otherwise supplemented to include information on a historical cost/constant currency or current cost basis prescribed or permitted by appropriate authoritative standards, the issuer shall present supplementary information to quantify the effects of changing prices upon its financial position and results of operations.

(d) Notwithstanding the currency selected for reporting purposes, the issuer shall measure separately its own transactions, and those of each of its material operations (e.g., branches, divisions, subsidiaries, joint ventures, and similar entities) that is included in the issuer’s consolidated financial statements and not located in a hyperinflationary environment, using the particular currency of the primary economic environment in which the issuer or the operation conducts its business. Assets and liabilities so determined shall be translated into the reporting currency at the exchange rate at the balance sheet date; all revenues, expenses, gains, and losses shall be translated at the exchange rate existing at the time of the transaction or, if appropriate, a weighted average of the exchange rates during the period; and all translation effects of exchange rate changes shall be included as a separate component (‘‘cumulative translation adjustment’’) of shareholder’s equity. For purposes of this paragraph, the currency of an operation’s primary economic environment is normally the currency in which cash is primarily generated and expended; a hyperinflationary environment is one that has cumulative inflation of approximately 100% or more over the most recent three year period. Departures from the methodology presented in this paragraph shall be quantified pursuant to Item 17(c)(2) of Form 20–F (§ 249.220f of this chapter).

(e) The issuer shall state its primary financial statements in the same currency for all periods for which financial information is presented. If the financial statements are stated in a currency that is different from that used in financial statements previously filed with the Commission, the issuer shall recast its financial statements as if the newly adopted currency had been used since at least the earliest period presented in the filing. The decision to change and the reason for the change in the reporting currency shall be disclosed in a note to the financial statements in the period in which the change occurs.

CONSOLIDATED AND COMBINED FINANCIAL STATEMENTS

§ 210.3A–01 Application of § 210.3A–01 to § 210.3A–05.

Sections 210.3A–01 to 210.3A–05 shall govern the presentation of consolidated and combined financial statements.

§ 210.3A–02 Consolidated financial statements of the registrant and its subsidiaries.

In deciding upon consolidation policy, the registrant must consider what financial presentation is most meaningful in the circumstances and should follow in the consolidated financial statements principles of inclusion or exclusion which will clearly exhibit the financial position and results of operations of the registrant. There is a presumption that consolidated statements are more meaningful than separate statements and that they are usually necessary for a fair presentation when one entity directly or indirectly has a controlling financial interest in another entity. Other particular facts and circumstances may require combined financial statements, an equity method of accounting, or valuation allowances in order to achieve a fair presentation. In any case, the disclosures required by § 210.3A–03 should clearly explain the
accounting policies followed by the registrant in this area, including the circumstances involved in any departure from the normal practice of consolidating majority owned subsidiaries and not consolidating entities that are less than majority owned. Among the factors that the registrant should consider in determining the most meaningful presentation are the following:

(a) Majority ownership: Generally, registrants shall consolidate entities that are majority owned and shall not consolidate entities that are not majority owned. The determination of majority ownership requires a careful analysis of the facts and circumstances of a particular relationship among entities. In rare situations, consolidation of a majority owned subsidiary may not result in a fair presentation, because the registrant, in substance, does not have a controlling financial interest (for example, when the subsidiary is in legal reorganization or in bankruptcy). In other situations, consolidation of an entity, notwithstanding the lack of technical majority ownership, is necessary to present fairly the financial position and results of operations of the registrant, because of the existence of a parent-subsidiary relationship by means other than record ownership of voting stock.

(b) Different fiscal periods: Generally, registrants shall not consolidate any entity whose financial statements are as of a date or for periods substantially different from those of the registrant. Rather, the earnings or losses of such entities should be reflected in the registrant’s financial statements on the equity method of accounting. However:

(1) A difference in fiscal periods does not of itself justify the exclusion of an entity from consolidation. It ordinarily is feasible for such entity to prepare, for consolidation purposes, statements for a period which corresponds with or closely approaches the fiscal year of the registrant. Where the difference is not more than 93 days, it is usually acceptable to use, for consolidation purposes, such entity’s statements for its fiscal period. Such difference, when it exists, should be disclosed as follows: the closing date of the entity should be expressly indicated, and the necessity for the use of different closing dates should be briefly explained. Furthermore, recognition should be given by disclosure or otherwise to the effect of intervening events which materially affect the financial position or results of operations.

(2) Notwithstanding the 93-day provision specified in paragraph (b)(1) of this section, in connection with the retroactive combination of financial statements of entities following a combination between entities under common control, the financial statements of the constituents may be combined even if their respective fiscal periods do not end within 93 days, except that the financial statements for the latest fiscal year shall be recast to dates which do not differ by more than 93 days, if practicable. Disclosure shall be made of the periods combined and of the sales or revenues, net income before extraordinary items and net income of any interim periods excluded from or included more than once in results of operations as a result of such recasting.

(c) Bank Holding Company Act: Registrants shall not consolidate any subsidiary or group of subsidiaries of a registrant subject to the Bank Holding Company Act of 1956 as amended as to which (1) a decision requiring divestiture has been made, or (2) there is substantial likelihood that divestiture will be necessary in order to comply with provisions of the Bank Holding Company Act.

(d) Foreign subsidiaries: Due consideration shall be given to the propriety of consolidating with domestic corporations foreign subsidiaries which are operated under political, economic or currency restrictions. If consolidated, disclosure should be made as to the effect, insofar as this can reasonably be determined, of foreign exchange restrictions upon the consolidated financial position and operating results of the registrant and its subsidiaries.

[51 FR 17330, May 12, 1986, as amended at 74 FR 18615, Apr. 23, 2009]
combining the separate financial statements, including the principles followed in determining the inclusion or exclusion of (1) subsidiaries in consolidated or combined financial statements and (2) companies in consolidated or combined financial statements, shall be stated in the notes to the respective financial statements.

(b) As to each consolidated financial statement and as to each combined financial statement, if there has been a change in the persons included or excluded in the corresponding statement for the preceding fiscal period filed with the Commission which has a material effect on the financial statements, the persons included and the persons excluded shall be disclosed. If there have been any changes in the respective fiscal periods of the persons included made during the periods of the report which have a material effect on the financial statements, indicate clearly such changes and the manner of treatment.

§ 210.3A–04 Intercompany items and transactions.

In general, there shall be eliminated intercompany items and transactions between persons included in the (a) consolidated financial statements being filed and, as appropriate, (b) unrealized intercompany profits and losses on transactions between persons for which financial statements are being filed and persons the investment in which is presented in such statements by the equity method. If such eliminations are not made, a statement of the reasons and the methods of treatment shall be made.

§ 210.4–01 Form, order, and terminology.

(a) Financial statements should be filed in such form and order, and should use such generally accepted terminology, as will best indicate their significance and character in the light of the provisions applicable thereto. The information required with respect to any statement shall be furnished as a minimum requirement to which shall be added such further material information as is necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

(1) Financial statements filed with the Commission which are not prepared in accordance with generally accepted accounting principles will be presumed to be misleading or inaccurate, despite footnote or other disclosures, unless the Commission has otherwise provided. This article and other articles of Regulation S-X provide clarification of certain disclosures which must be included in any event, in financial statements filed with the Commission.

(2) In all filings of foreign private issuers (see §230.405 of this chapter), except as stated otherwise in the applicable form, the financial statements may be prepared according to a comprehensive set of accounting principles, other than those generally accepted in the United States or International Financial Reporting Standards as issued by the International Accounting Standards Board, if a reconciliation to U.S. Generally Accepted Accounting Principles and the provisions of Regulation S-X of the type specified in Item 18 of Form 20–F (§249.220f of this chapter) is also filed as part of the financial statements. Alternatively, the financial statements may be prepared according to U.S. Generally Accepted Accounting Principles or International Financial Reporting Standards as issued by the International Accounting Standards Board.

(3)(i) Notwithstanding the effective dates set forth in FASB ASC Topic 718, Compensation—Stock Compensation”, financial statements shall be prepared in accordance with FASB ASC Topic 718 beginning with:

(A) The first interim or annual reporting period of the registrant's first fiscal year beginning on or after June 15, 2005, provided the registrant does not file as a smaller reporting company; and
§ 210.4–02

(B) The first interim or annual reporting period of the registrant’s first fiscal year beginning on or after December 15, 2005, provided the registrant files as a smaller reporting company.

(ii) For periods prior to the effective dates set forth in this paragraph, FASB ASC Topic 718 and prior authoritative guidance, shall be considered to be generally accepted accounting principles.

(b) All money amounts required to be shown in financial statements may be expressed in whole dollars or multiples thereof, as appropriate: Provided, That, when stated in other than whole dollars, an indication to that effect is inserted immediately beneath the caption of the statement or schedule, at the top of the money columns, or at an appropriate point in narrative material.

(c) Negative amounts (red figures) shall be shown in a manner which clearly distinguishes the negative attribute. When determining methods of display, consideration should be given to the limitations of reproduction and microfilming processes.

§ 210.4–02 Items not material.

If the amount which would otherwise be required to be shown with respect to any item is not material, it need not be separately set forth. The combination of insignificant amounts is permitted.

§ 210.4–03 Inapplicable captions and omission of unrequired or inapplicable financial statements.

(a) No caption should be shown in any financial statement as to which the items and conditions are not present.

(b) Financial statements not required or inapplicable because the required matter is not present need not be filed.

(c) The reasons for the omission of any required financial statements shall be indicated.

§ 210.4–04 Omission of substantially identical notes.

If a note covering substantially the same subject matter is required with respect to two or more financial statements relating to the same or affiliated persons, for which separate sets of notes are presented, the required information may be shown in a note to only one of such statements: Provided, That a clear and specific reference thereto is made in each of the other statements with respect to which the note is required.

§§ 210.4–05—210.4–06 [Reserved]

§ 210.4–07 Discount on shares.

Discount on shares, or any unamortized balance thereof, shall be shown separately as a deduction from the applicable account(s) as circumstances require.

§ 210.4–08 General notes to financial statements.

If applicable to the person for which the financial statements are filed, the following shall be set forth on the face of the appropriate statement or in appropriately captioned notes. The information shall be provided for each statement required to be filed, except that the information required by paragraphs (b), (c), (d), (e) and (f) shall be provided as of the most recent audited balance sheet being filed and for paragraph (j) as specified therein. When specific statements are presented separately, the pertinent notes shall accompany such statements unless cross-referencing is appropriate.

(a) Principles of consolidation or combination. With regard to consolidated or combined financial statements, refer to §§210.3A–01 to 3A–08 for requirements for supplemental information in notes to the financial statements.

(b) Assets subject to lien. Assets mortgaged, pledged, or otherwise subject to lien, and the approximate amounts thereof, shall be designated and the obligations collateralized briefly identified.

(c) Defaults. The facts and amounts concerning any default in principal, interest, sinking fund, or redemption provisions with respect to any issue of securities or credit agreements, or any breach of covenant of a related indenture or agreement, which default or breach existed at the date of the most recent balance sheet being filed and which has not been subsequently cured,
shall be stated in the notes to the financial statements. If a default or breach exists but acceleration of the obligation has been waived for a stated period of time beyond the date of the most recent balance sheet being filed, state the amount of the obligation and the period of the waiver.

(d) Preferred shares. (1) Aggregate preferences on involuntary liquidation, if other than par or stated value, shall be shown parenthetically in the equity section of the balance sheet.

(2) Disclosure shall be made of any restriction upon retained earnings that arises from the fact that upon involuntary liquidation the aggregate preferences of the preferred shares exceeds the par or stated value of such shares.

(e) Restrictions which limit the payment of dividends by the registrant. (1) Describe the most significant restrictions, other than as reported under paragraph (d) of this section, on the payment of dividends by the registrant, indicating their sources, their pertinent provisions, and the amount of retained earnings or net income restricted or free of restrictions.

(2) Disclose the amount of consolidated retained earnings which represents undistributed earnings of 50 percent or less owned persons accounted for by the equity method.

(3) The disclosures in paragraphs (e)(3) (i) and (ii) in this section shall be provided when the restricted net assets of consolidated and unconsolidated subsidiaries and the parent’s equity in the undistributed earnings of 50 percent or less owned persons accounted for by the equity method exceed 25 percent of consolidated net assets as of the end of the most recently completed fiscal year. For purposes of this test, restricted net assets of subsidiaries shall mean that amount of the registrant’s proportionate share of net assets (after intercompany eliminations) reflected in the balance sheets of its consolidated and unconsolidated subsidiaries as of the end of the most recent fiscal year which may not be transferred to the parent company in the form of loans, advances or cash dividends by the subsidiaries without the consent of a third party (i.e., lender, regulatory agency, foreign government, etc.). Not all limitations on transferability of assets are considered to be restrictions for purposes of this test, which considers only specific third party restrictions on the ability of subsidiaries to transfer funds outside of the entity. For example, the presence of subsidiary debt which is secured by certain of the subsidiary’s assets does not constitute a restriction under this rule. However, if there are any loan provisions prohibiting dividend payments, loans or advances to the parent by a subsidiary, these are considered restrictions for purposes of computing restricted net assets.

When a loan agreement requires that a subsidiary maintain certain working capital, net tangible asset, or net asset levels, or where formal compensating arrangements exist, there is considered to be a restriction under the rule because the lender’s intent is normally to preclude the transfer by dividend or otherwise of funds to the parent company. Similarly, a provision which requires that a subsidiary reinvest all of its earnings is a restriction, since this precludes loans, advances or dividends in the amount of such undistributed earnings by the entity. Where restrictions on the amount of funds which may be loaned or advanced differ from the amount restricted as to transfer in the form of cash dividends, the amount least restrictive to the subsidiary shall be used. Redeemable preferred stocks (§ 210.5-02.27) and noncontrolling interests shall be deducted in computing net assets for purposes of this test.

(i) Describe the nature of any restrictions on the ability of consolidated subsidiaries and unconsolidated subsidiaries to transfer funds to the registrant in the form of cash dividends, loans or advances (i.e., borrowing arrangements, regulatory restraints, foreign government, etc.).

(ii) Disclose separately the amounts of such restricted net assets for unconsolidated subsidiaries and consolidated subsidiaries as of the end of the most recently completed fiscal year.

(f) Significant changes in bonds, mortgages and similar debt. Any significant changes in the authorized or issued amounts of bonds, mortgages and similar debt since the date of the latest balance sheet being filed for a particular person or group shall be stated.
§ 210.4–08

(g) Summarized financial information of subsidiaries not consolidated and 50 percent or less owned persons. (1) The summarized information as to assets, liabilities and results of operations as detailed in § 210.1–02(bb) shall be presented in notes to the financial statements on an individual or group basis for:

(i) Subsidiaries not consolidated; or

(ii) For 50 percent or less owned persons accounted for by the equity method by the registrant or by a subsidiary of the registrant, if the criteria in § 210.1–02(w) for a significant subsidiary are met:

(A) Individually by any subsidiary not consolidated or any 50% or less owned person; or

(B) On an aggregated basis by any combination of such subsidiaries and persons.

(2) Summarized financial information shall be presented insofar as is practicable as of the same dates and for the same periods as the audited consolidated financial statements provided and shall include the disclosures prescribed by § 210.1–02(bb). Summarized information of subsidiaries not consolidated shall not be combined for disclosure purposes with the summarized information of 50 percent or less owned persons.

(h) Income tax expense. (1) Disclosure shall be made in the income statement or a note thereto, of (i) the components of income (loss) before income tax expense (benefit) as either domestic or foreign; (ii) the components of income tax expense, including (A) taxes currently payable and (B) the net tax effects, as applicable, of timing differences (indicate separately the amount of the estimated tax effect of each of the various types of timing differences, such as depreciation, warranty costs, etc., where the amount of each such tax effect exceeds five percent of the amount computed by multiplying the income before tax by the applicable statutory Federal income tax rate; other differences may be combined.)

NOTE: Amounts applicable to United States Federal income taxes, to foreign income taxes and the other income taxes which are less than five percent of the total of income before taxes or the component of tax expense, respectively, need not be separately disclosed. For purposes of this rule, foreign income (loss) is defined as income (loss) generated from a registrant’s foreign operations, i.e., operations that are located outside of the registrant’s home country.

(2) Provide a reconciliation between the amount of reported total income tax expense (benefit) and the amount computed by multiplying the income (loss) before tax by the applicable statutory Federal income tax rate, showing the estimated dollar amount of each of the underlying causes for the difference. If no individual reconciling item amounts to more than five percent of the amount computed by multiplying the income before tax by the applicable statutory Federal income tax rate, and the total difference to be reconciled is less than five percent of such computed amount, no reconciliation need be provided unless it would be significant in appraising the trend of earnings. Reconciling items that are individually less than five percent of the computed amount may be aggregated in the reconciliation. The reconciliation may be presented in percentages rather than in dollar amounts. Where the reporting person is a foreign entity, the income tax rate in that person’s country of domicile should normally be used in making the above computation, but different rates should not be used for subsidiaries or other segments of a reporting entity. When the rate used by a reporting person is other than the United States Federal corporate income tax rate, the rate used and the basis for using such rate shall be disclosed.

(3) Paragraphs (h)(1) and (2) of this section shall be applied in the following manner to financial statements which reflect the adoption of FASB ASC Topic 740, Income Taxes.

(i) The disclosures required by paragraph (h)(1)(ii) of this section and by the parenthetical instruction at the end of paragraph (h)(1) of this section and by the introductory sentence of paragraph (h)(2) of this section shall not apply.

(ii) The instructional note between paragraphs (h)(1) and (2) of this section
and the balance of the requirements of paragraphs (h) (1) and (2) of this section shall continue to apply.

(i) **Warrants or rights outstanding.** Information with respect to warrants or rights outstanding at the date of the related balance sheet shall be set forth as follows:

1. **Title of issue of securities called for by warrants or rights.**
2. **Aggregate amount of securities called for by warrants or rights outstanding.**
3. **Date from which warrants or rights are exercisable.**
4. **Price at which warrant or right is exercisable.**

(j) [Reserved]

(k) **Related party transactions which affect the financial statements.** (1) Related party transactions should be identified and the amounts stated on the face of the balance sheet, income statement, or statement of cash flows.

(2) In cases where separate financial statements are presented for the registrant, certain investees, or subsidiaries, separate disclosure shall be made in such statements of the amounts in the related consolidated financial statements which are (i) eliminated and (ii) not eliminated. Also, any intercompany profits or losses resulting from transactions with related parties and not eliminated and the effects thereof shall be disclosed.

(l) [Reserved]

(m) **Repurchase and reverse repurchase agreements—(1) Repurchase agreements (assets sold under agreements to repurchase).** (i) If, as of the most recent balance sheet date, the carrying amount (or market value, if higher than the carrying amount or if there is no carrying amount) of the securities or other assets sold under agreements to repurchase (repurchase agreements) exceeds 10% of total assets, disclose separately in the balance sheet the aggregate amount of liabilities incurred pursuant to repurchase agreements including accrued interest payable thereon.

(ii)(A) If, as of the most recent balance sheet date, the carrying amount (or market value, if higher than the carrying amount) of securities or other assets sold under repurchase agreements, other than securities or assets specified in paragraph (m)(1)(ii)(B) of this section, exceeds 10% of total assets, disclose in an appropriately captioned footnote containing a tabular presentation, segregated as to type of such securities or assets sold under agreements to repurchase (e.g., U.S. Treasury obligations, U.S. Government agency obligations and loans), the following information as of the balance sheet date for each such agreement or group of agreements (other than agreements involving securities or assets specified in paragraph (m)(1)(ii)(B) of this section) maturing (1) overnight; (2) term up to 30 days; (3) term of 30 to 90 days; (4) term over 90 days and (5) demand:

(i) The carrying amount and market value of the assets sold under agreement to repurchase, including accrued interest plus any cash or other assets on deposit under the repurchase agreements and

(ii) The repurchase liability associated with such transaction or group of transactions and the interest rate(s) thereon.

(B) For purposes of paragraph (m)(1)(ii)(A) of this section only, do not include securities or other assets for which unrealized changes in market value are reported in current income or which have been obtained under reverse repurchase agreements.

(iii) If, as of the most recent balance sheet date, the amount at risk under repurchase agreements with any individual counterparty or group of related counterparties exceeds 10% of stockholders’ equity (or in the case of investment companies, net asset value), disclose the name of each such counterparty or group of related counterparties, the amount at risk with each, and the weighted average maturity of the repurchase agreements with each. The amount at risk under repurchase agreements is defined as the excess of carrying amount (or market value, if higher than the carrying amount or if there is no carrying amount) of the securities or other assets sold under agreement to repurchase, including accrued interest plus any cash or other assets on deposit to secure the repurchase obligation, over the amount of the repurchase liability (adjusted for accrued interest). Cash deposits in connection with repurchase
agreements shall not be reported as unrestricted cash pursuant to rule 5–02.1.)

(2) Reverse repurchase agreements (assets purchased under agreements to resell). (i) If, as of the most recent balance sheet date, the aggregate carrying amount of reverse repurchase agreements (securities or other assets purchased under agreements to resell) exceeds 10% of total assets: (A) Disclose separately such amount in the balance sheet; and (B) disclose in an appropriately captioned footnote: (1) The registrant’s policy with regard to taking possession of securities or other assets purchased under agreements to resell; and (2) whether or not there are any provisions to ensure that the market value of the underlying assets remains sufficient to protect the registrant in the event of default by the counterparty and if so, the nature of those provisions.

(ii) If, as of the most recent balance sheet date, the amount at risk under reverse repurchase agreements with any individual counterparty or group of related counterparties exceeds 10% of stockholders’ equity (or in the case of investment companies, net asset value), disclose the name of each such counterparty or group of related counterparties, the amount at risk with each, and the weighted average maturity of the reverse repurchase agreements with each. The amount at risk under reverse repurchase agreements is defined as the excess of the carrying amount of the reverse repurchase agreements over the market value of assets delivered pursuant to the agreements by the counterparty to the registrant (or to a third party agent that has affirmatively agreed to act on behalf of the registrant) and not returned to the counterparty, except in exchange for their approximate market value in a separate transaction.

(n) Accounting policies for certain derivative instruments. Disclosures regarding accounting policies shall include descriptions of the accounting policies used for derivative financial instruments and derivative commodity instruments and the methods of applying those policies that materially affect the determination of financial position, cash flows, or results of operations. This description shall include, to the extent material, each of the following items:

(1) A discussion of each method used to account for derivative financial instruments and derivative commodity instruments;

(2) The types of derivative financial instruments and derivative commodity instruments accounted for under each method; (3) The criteria required to be met for each accounting method used, including a discussion of the criteria required to be met for hedge or deferral accounting and accrual or settlement accounting (e.g., whether and how risk reduction, correlation, designation, and effectiveness tests are applied);

(4) The accounting method used if the criteria specified in paragraph (n)(3) of this section are not met;

(5) The method used to account for terminations of derivatives designated as hedges or derivatives used to affect directly or indirectly the terms, fair values, or cash flows of a designated item;

(6) The method used to account for derivatives when the designated item matures, is sold, is extinguished, or is terminated. In addition, the method used to account for derivatives designated to an anticipated transaction, when the anticipated transaction is no longer likely to occur; and

(7) Where and when derivative financial instruments and derivative commodity instruments, and their related gains and losses, are reported in the statements of financial position, cash flows, and results of operations.

Instructions to paragraph (n): 1. For purposes of this paragraph (n), derivative financial instruments and derivative commodity instruments (collectively referred to as “derivatives”) are defined as follows:

(1) Derivative financial instruments have the same meaning as defined by generally accepted accounting principles (see, e.g., FASB ASC Master Glossary, and include futures, forwards, swaps, options, and other financial instruments with similar characteristics.

(ii) Derivative commodity instruments include, to the extent such instruments are not derivative financial instruments, commodity futures, commodity forwards, commodity swaps, commodity options, and other commodity instruments with similar characteristics that are permitted by contract or business custom to be settled in cash or with another financial instrument. § 210.4-10

This section prescribes financial accounting and reporting standards for registrants with the Commission engaged in oil and gas producing activities in filings under the Federal securities laws and for the preparation of accounts by persons engaged, in whole or in part, in the production of crude oil or natural gas in the United States, pursuant to section 503 of the Energy Policy and Conservation Act of 1975 (42 U.S.C. 6383) (EPCA) and section 11(c) of the Energy Supply and Environmental Coordination Act of 1974 (15 U.S.C. 796) (ESECA), as amended by section 505 of EPCA. The application of this section to those oil and gas producing operations of companies regulated for ratemaking purposes on an individual-company-cost-of-service basis may, however, give appropriate recognition to differences arising because of the effect of the ratemaking process.

Exemption. Any person exempted by the Department of Energy from any record-keeping or reporting requirements pursuant to section 11(c) of ESECA, as amended, is similarly exempted from the related provisions of this section in the preparation of accounts pursuant to EPCA. This exemption does not affect the applicability of this section to filings pursuant to the Federal securities laws.

Definitions

(a) Definitions. The following definitions apply to the terms listed below as they are used in this section:

1. Acquisition of properties. Costs incurred to purchase, lease or otherwise acquire a property, including costs of lease bonuses and options to purchase or lease properties, the portion of costs applicable to minerals when land including mineral rights is purchased in fee, brokers' fees, recording fees, legal costs, and other costs incurred in acquiring properties.

2. Analogous reservoir. Analogous reservoirs, as used in resources assessments, have similar rock and fluid properties, reservoir conditions (depth, temperature, and pressure) and drive mechanisms, but are typically at a more advanced stage of development than the reservoir of interest and thus may provide concepts to assist in the interpretation of more limited data and estimation of recovery. When used to support proved reserves, an "analogous reservoir" refers to a reservoir that shares the following characteristics with the reservoir of interest:

(i) Same geological formation (but not necessarily in pressure communication with the reservoir of interest);

(ii) Same environment of deposition;

(iii) Similar geological structure; and

(iv) Same drive mechanism.

Instruction to paragraph (a)(2): Reservoir properties must, in the aggregate, be no more favorable in the analog than in the reservoir of interest.

3. Bitumen. Bitumen, sometimes referred to as natural bitumen, is petroleum in a solid or semi-solid state in natural deposits with a viscosity greater than 10,000 centipoise measured at original temperature in the deposit and...
atmospheric pressure, on a gas free basis. In its natural state it usually contains sulfur, metals, and other non-hydrocarbons.

(4) Condensate. Condensate is a mixture of hydrocarbons that exists in the gaseous phase at original reservoir temperature and pressure, but that, when produced, is in the liquid phase at surface pressure and temperature.

(5) Deterministic estimate. The method of estimating reserves or resources is called deterministic when a single value for each parameter (from the geoscience, engineering, or economic data) in the reserves calculation is used in the reserves estimation procedure.

(6) Developed oil and gas reserves. Developed oil and gas reserves are reserves of any category that can be expected to be recovered:

(i) Through existing wells with existing equipment and operating methods or in which the cost of the required equipment is relatively minor compared to the cost of a new well; and

(ii) Through installed extraction equipment and infrastructure operational at the time of the reserves estimate if the extraction is by means not involving a well.

(7) Development costs. Costs incurred to obtain access to proved reserves and to provide facilities for extracting, treating, gathering and storing the oil and gas. More specifically, development costs, including depreciation and applicable operating costs of support equipment and facilities and other costs of development activities, are costs incurred to:

(i) Gain access to and prepare well locations for drilling, including surveying well locations for the purpose of determining specific development drilling sites, clearing ground, draining, road building, and relocating public roads, gas lines, and power lines, to the extent necessary in developing the proved reserves.

(ii) Drill and equip development wells, development-type stratigraphic test wells, and service wells, including the costs of platforms and of well equipment such as casing, tubing, pumping equipment, and the wellhead assembly.

(iii) Acquire, construct, and install production facilities such as lease flow lines, separators, treaters, heaters, manifolds, measuring devices, and production storage tanks, natural gas cycling and processing plants, and central utility and waste disposal systems.

(iv) Provide improved recovery systems.

(8) Development project. A development project is the means by which petroleum resources are brought to the status of economically producible. As examples, the development of a single reservoir or field, an incremental development in a producing field, or the integrated development of a group of several fields and associated facilities with a common ownership may constitute a development project.

(9) Development well. A well drilled within the proved area of an oil or gas reservoir to the depth of a stratigraphic horizon known to be productive.

(10) Economically producible. The term economically producible, as it relates to a resource, means a resource which generates revenue that exceeds, or is reasonably expected to exceed, the costs of the operation. The value of the products that generate revenue shall be determined at the terminal point of oil and gas producing activities as defined in paragraph (a)(16) of this section.

(11) Estimated ultimate recovery (EUR). Estimated ultimate recovery is the sum of reserves remaining as of a given date and cumulative production as of that date.

(12) Exploration costs. Costs incurred in identifying areas that may warrant examination and in examining specific areas that are considered to have prospects of containing oil and gas reserves, including costs of drilling exploratory wells and exploratory-type stratigraphic test wells. Exploration costs may be incurred both before acquiring the related property (sometimes referred to in part as prospecting costs) and after acquiring the property. Principal types of exploration costs, which include depreciation and applicable operating costs of support equipment and facilities and other costs of exploration activities, are:

(i) Costs of topographical, geographical and geophysical studies,
rights of access to properties to conduct those studies, and salaries and other expenses of geologists, geophysical crews, and others conducting those studies. Collectively, these are sometimes referred to as geological and geophysical or G&G costs.

(ii) Costs of carrying and retaining undeveloped properties, such as delay rentals, ad valorem taxes on properties, legal costs for title defense, and the maintenance of land and lease records.

(iii) Dry hole contributions and bottom hole contributions.

(iv) Costs of drilling and equipping exploratory wells.

(v) Costs of drilling exploratory-type stratigraphic test wells.

(13) **Exploratory well.** An exploratory well is a well drilled to find a new field or to find a new reservoir in a field previously found to be productive of oil or gas in another reservoir. Generally, an exploratory well is any well that is not a development well, an extension well, a service well, or a stratigraphic test well as those items are defined in this section.

(14) **Extension well.** An extension well is a well drilled to extend the limits of a known reservoir.

(15) **Field.** An area consisting of a single reservoir or multiple reservoirs all grouped on or related to the same individual geological structural feature and/or stratigraphic condition. There may be two or more reservoirs in a field that are separated vertically by intervening impervious, strata, or laterally by local geologic barriers, or by both. Reservoirs that are associated by being in overlapping or adjacent fields may be treated as a single or common operational field. The geological terms **structural feature** and **stratigraphic condition** are intended to identify localized geological features as opposed to the broader terms of basins, trends, provinces, plays, areas-of-interest, etc.

(16) **Oil and gas producing activities.** (i) Oil and gas producing activities include:

(A) The search for crude oil, including condensate and natural gas liquids, or natural gas ("oil and gas") in their natural states and original locations;

(B) The acquisition of property rights or properties for the purpose of further exploration or for the purpose of removing the oil or gas from such properties;

(C) The construction, drilling, and production activities necessary to retrieve oil and gas from their natural reservoirs, including the acquisition, construction, installation, and maintenance of field gathering and storage systems, such as:

1. Lifting the oil and gas to the surface; and
2. Gathering, treating, and field processing (as in the case of processing gas to extract liquid hydrocarbons); and
3. Extraction of saleable hydrocarbons, in the solid, liquid, or gaseous state, from oil sands, shale, coalbeds, or other nonrenewable natural resources which are intended to be upgraded into synthetic oil or gas, and activities undertaken with a view to such extraction.

*Instruction 1 to paragraph (a)(16)(i):* The oil and gas production function shall be regarded as ending at a "terminal point", which is the outlet valve on the lease or field storage tank. If unusual physical or operational circumstances exist, it may be appropriate to regard the terminal point for the production function as:

a. The first point at which oil, gas, or gas liquids, natural or synthetic, are delivered to a main pipeline, a common carrier, a refinery, or a marine terminal; and
b. In the case of natural resources that are intended to be upgraded into synthetic oil or gas, if those natural resources are delivered to a purchaser prior to upgrading, the first point at which the natural resources are delivered to a main pipeline, a common carrier, a refinery, a marine terminal, or a facility which upgrades such natural resources into synthetic oil or gas.

*Instruction 2 to paragraph (a)(16)(i):* For purposes of this paragraph (a)(16), the term **saleable hydrocarbons** means hydrocarbons that are saleable in the state in which the hydrocarbons are delivered.

(ii) Oil and gas producing activities do not include:

(A) Transporting, refining, or marketing oil and gas;

(B) Processing of produced oil, gas or natural resources that can be upgraded into synthetic oil or gas by a registrant that does not have the legal right to produce or a revenue interest in such production;
(C) Activities relating to the production of natural resources other than oil, gas, or natural resources from which synthetic oil and gas can be extracted; or

(D) Production of geothermal steam.

(17) Possible reserves. Possible reserves are those additional reserves that are less certain to be recovered than probable reserves.

(i) When deterministic methods are used, the total quantities ultimately recovered from a project have a low probability of exceeding proved plus probable plus possible reserves. When probabilistic methods are used, there should be at least a 10% probability that the total quantities ultimately recovered will equal or exceed the proved plus probable plus possible reserves estimates.

(ii) Possible reserves may be assigned to areas of a reservoir adjacent to probable reserves where data control and interpretations of available data are progressively less certain. Frequently, this will be in areas where geoscience and engineering data are unable to define clearly the area and vertical limits of commercial production from the reservoir by a defined project.

(iii) Possible reserves also include incremental quantities associated with a greater percentage recovery of the hydrocarbons in place than the recovery quantities assumed for probable reserves.

(iv) The proved plus probable and proved plus probable plus possible reserves estimates must be based on reasonable alternative technical and commercial interpretations within the reservoir or subject project that are clearly documented, including comparisons to results in successful similar projects.

(v) Possible reserves may be assigned where geoscience and engineering data identify directly adjacent portions of a reservoir within the same accumulation that may be separated from proved areas by faults with displacement less than formation thickness or other geological discontinuities and that have not been penetrated by a wellbore, and the registrant believes that such adjacent portions are in communication with the known (proved) reservoir. Possible reserves may be assigned to areas that are structurally higher or lower than the proved area if these areas are in communication with the proved reservoir.

(vi) Pursuant to paragraph (a)(22)(iii) of this section, where direct observation has defined a highest known oil (HKO) elevation and the potential exists for an associated gas cap, proved oil reserves should be assigned in the structurally higher portions of the reservoir above the HKO only if the higher contact can be established with reasonable certainty through reliable technology. Portions of the reservoir that do not meet this reasonable certainty criterion may be assigned as probable and possible oil or gas based on reservoir fluid properties and pressure gradient interpretations.

(18) Probable reserves. Probable reserves are those additional reserves that are less certain to be recovered than proved reserves but which, together with proved reserves, are as likely as not to be recovered.

(i) When deterministic methods are used, it is as likely as not that actual remaining quantities recovered will exceed the sum of estimated proved plus probable reserves. When probabilistic methods are used, there should be at least a 50% probability that the actual quantities recovered will equal or exceed the proved plus probable reserves estimates.

(ii) Probable reserves may be assigned to areas of a reservoir adjacent to proved reserves where data control or interpretations of available data are less certain, even if the interpreted reservoir continuity of structure or productivity does not meet the reasonable certainty criterion. Probable reserves may be assigned to areas that are structurally higher than the proved area if these areas are in communication with the proved reservoir.

(iii) Probable reserves estimates also include potential incremental quantities associated with a greater percentage recovery of the hydrocarbons in place than assumed for proved reserves.

(iv) See also guidelines in paragraphs (a)(17)(iv) and (a)(17)(vi) of this section.

(19) Probabilistic estimate. The method of estimation of reserves or resources is called probabilistic when the full
range of values that could reasonably occur for each unknown parameter (from the geoscience and engineering data) is used to generate a full range of possible outcomes and their associated probabilities of occurrence.

(20) Production costs. (i) Costs incurred to operate and maintain wells and related equipment and facilities, including depreciation and applicable operating costs of support equipment and facilities and other costs of operating and maintaining those wells and related equipment and facilities. They become part of the cost of oil and gas produced. Examples of production costs (sometimes called lifting costs) are:

(A) Costs of labor to operate the wells and related equipment and facilities.
(B) Repairs and maintenance.
(C) Materials, supplies, and fuel consumed and supplies utilized in operating the wells and related equipment and facilities.
(D) Property taxes and insurance applicable to proved properties and wells and related equipment and facilities.
(E) Severance taxes.

(ii) Some support equipment or facilities may serve two or more oil and gas producing activities and may also serve transportation, refining, and marketing activities. To the extent that the support equipment and facilities are used in oil and gas producing activities, their depreciation and applicable operating costs become exploration, development or production costs, as appropriate. Depreciation, depletion, and amortization of capitalized acquisition, exploration, and development costs are not production costs but also become part of the cost of oil and gas produced along with production (lifting) costs identified above.

(21) Proved area. The part of a property to which proved reserves have been specifically attributed.

(22) Proved oil and gas reserves. Proved oil and gas reserves are those quantities of oil and gas, which, by analysis of geoscience and engineering data, can be estimated with reasonable certainty to be economically producible—from a given date forward, from known reservoirs, and under existing economic conditions, operating methods, and government regulations—prior to the time at which contracts providing the right to operate expire, unless evidence indicates that renewal is reasonably certain, regardless of whether deterministic or probabilistic methods are used for the estimation. The project to extract the hydrocarbons must have commenced or the operator must be reasonably certain that it will commence the project within a reasonable time.

(i) The area of the reservoir considered as proved includes:

(A) The area identified by drilling and limited by fluid contacts, if any, and
(B) Adjacent undrilled portions of the reservoir that can, with reasonable certainty, be judged to be continuous with it and to contain economically producible oil or gas on the basis of available geoscience and engineering data.

(ii) In the absence of data on fluid contacts, proved quantities in a reservoir are limited by the lowest known hydrocarbons (LKH) as seen in a well penetration unless geoscience, engineering, or performance data and reliable technology establishes a lower contact with reasonable certainty.

(iii) Where direct observation from well penetrations has defined a highest known oil (HKO) elevation and the potential exists for an associated gas cap, proved oil reserves may be assigned in the structurally higher portions of the reservoir only if geoscience, engineering, or performance data and reliable technology establish the higher contact with reasonable certainty.

(iv) Reserves which can be produced economically through application of improved recovery techniques (including, but not limited to, fluid injection) are included in the proved classification when:

(A) Successful testing by a pilot project in an area of the reservoir with properties no more favorable than in the reservoir as a whole, the operation of an installed program in the reservoir or an analogous reservoir, or other evidence using reliable technology establishes the reasonable certainty of the engineering analysis on which the project or program was based; and
(B) The project has been approved for development by all necessary parties
and entities, including governmental entities.

(v) Existing economic conditions include prices and costs at which economic producibility from a reservoir is to be determined. The price shall be the average price during the 12-month period prior to the ending date of the period covered by the report, determined as an unweighted arithmetic average of the first-day-of-the-month price for each month within such period, unless prices are defined by contractual arrangements, excluding escalations based upon future conditions.

(23) Proved properties. Properties with proved reserves.

(24) Reasonable certainty. If deterministic methods are used, reasonable certainty means a high degree of confidence that the quantities will be recovered. If probabilistic methods are used, there should be at least a 90% probability that the quantities actually recovered will equal or exceed the estimate. A high degree of confidence exists if the quantity is much more likely to be achieved than not, and, as changes due to increased availability of geoscience (geological, geophysical, and geochemical), engineering, and economic data are made to estimated ultimate recovery (EUR) with time, reasonably certain EUR is much more likely to increase or remain constant than to decrease.

(25) Reliable technology. Reliable technology is a grouping of one or more technologies (including computational methods) that has been field tested and has been demonstrated to provide reasonably certain results with consistency and repeatability in the formation being evaluated or in an analogous formation.

(26) Reserves. Reserves are estimated remaining quantities of oil and gas and related substances anticipated to be economically producible, as of a given date, by application of development projects to known accumulations. In addition, there must exist, or there must be a reasonable expectation that there will exist, the legal right to produce or a revenue interest in the production, installed means of delivering oil and gas or related substances to market, and all permits and financing required to implement the project.

(27) Reservoir. A porous and permeable underground formation containing a natural accumulation of producible oil and/or gas that is confined by impermeable rock or water barriers and is individual and separate from other reservoirs.

(28) Resources. Resources are quantities of oil and gas estimated to exist in naturally occurring accumulations. A portion of the resources may be estimated to be recoverable, and another portion may be considered to be unrecoverable. Resources include both discovered and undiscovered accumulations.

(29) Service well. A well drilled or completed for the purpose of supporting production in an existing field. Specific purposes of service wells include gas injection, water injection, steam injection, air injection, saltwater disposal, water supply for injection, observation, or injection for in situ combustion.

(30) Stratigraphic test well. A stratigraphic test well is a drilling effort, geologically directed, to obtain information pertaining to a specific geologic condition. Such wells customarily are drilled without the intent of being completed for hydrocarbon production. The classification also includes tests identified as core tests and all types of expendable holes related to hydrocarbon exploration. Stratigraphic tests are classified as “exploratory type” if not drilled in a known area or “development type” if drilled in a known area.

(31) Undeveloped oil and gas reserves. Undeveloped oil and gas reserves are reserves of any category that are expected to be recovered from new wells on undrilled acreage, or from existing wells where a relatively major expenditure is required for recompletion.
Securities and Exchange Commission § 210.4–10

(i) Reserves on undrilled acreage shall be limited to those directly offsetting development spacing areas that are reasonably certain of production when drilled, unless evidence using reliable technology exists that establishes reasonable certainty of economic producibility at greater distances.

(ii) Undrilled locations can be classified as having undeveloped reserves only if a development plan has been adopted indicating that they are scheduled to be drilled within five years, unless the specific circumstances, justify a longer time.

(iii) Under no circumstances shall estimates for undeveloped reserves be attributable to any acreage for which an application of fluid injection or other improved recovery technique is contemplated, unless such techniques have been proved effective by actual projects in the same reservoir or an analogous reservoir, as defined in paragraph (a)(2) of this section, or by other evidence using reliable technology establishing reasonable certainty.

(32) Unproved properties. Properties with no proved reserves.

SUCCESSFUL EFFORTS METHOD

(b) A reporting entity that follows the successful efforts method shall comply with the accounting and financial reporting disclosure requirements of FASB ASC Topic 932, Extractive Activities—Oil and Gas.

FULL COST METHOD

(c) Application of the full cost method of accounting. A reporting entity that follows the full cost method shall apply that method to all of its operations and to the operations of its subsidiaries, as follows:

(1) Determination of cost centers. Cost centers shall be established on a country-by-country basis.

(2) Costs to be capitalized. All costs associated with property acquisition, exploration, and development activities (as defined in paragraph (a) of this section) shall be capitalized within the appropriate cost center. Any internal costs that are capitalized shall be limited to those costs that can be directly identified with acquisition, exploration, and development activities undertaken by the reporting entity for its own account, and shall not include any costs related to production, general corporate overhead, or similar activities.

(3) Amortization of capitalized costs. Capitalized costs within a cost center shall be amortized on the unit-of-production basis using proved oil and gas reserves, as follows:

(i) Costs to be amortized shall include (A) all capitalized costs, less accumulated amortization, other than the cost of properties described in paragraph (ii) below; (B) the estimated future expenditures (based on current costs) to be incurred in developing proved reserves; and (C) estimated dismantlement and abandonment costs, net of estimated salvage values.

(ii) The cost of investments in unproved properties and major development projects may be excluded from capitalized costs to be amortized, subject to the following:

(1) Until such a determination is made, the properties shall be assessed at least annually to ascertain whether or not proved reserves can be assigned to the properties, subject to the following conditions:

(7) Costs to be amortized shall include (A) all capitalized costs, less accumulated amortization, other than the cost of properties described in paragraph (ii) below; (B) the estimated future expenditures (based on current costs) to be incurred in developing proved reserves; and (C) estimated dismantlement and abandonment costs, net of estimated salvage values.

(2) The costs of drilling exploratory dry holes shall be included in the amortization base immediately upon determination that the well is dry.
§ 210.4–10

If geological and geophysical costs cannot be directly associated with specific unevaluated properties, they shall be included in the amortization base as incurred. Upon complete evaluation of a property, the total remaining excluded cost (net of any impairment) shall be included in the full cost amortization base.

(B) Certain costs may be excluded from amortization when incurred in connection with major development projects expected to entail significant costs to ascertain the quantities of proved reserves attributable to the properties under development (e.g., the installation of an offshore drilling platform from which development wells are to be drilled, the installation of improved recovery programs, and similar major projects undertaken in the expectation of significant additions to proved reserves). The amounts which may be excluded are applicable portions of (1) the costs that relate to the major development project and have not previously been included in the amortization base, and (2) the estimated future expenditures associated with the development project. The excluded portion of any common costs associated with the development project should be based, as is most appropriate in the circumstances, on a comparison of either (i) existing proved reserves to total proved reserves expected to be established upon completion of the project, or (ii) the number of wells to which proved reserves have been assigned and total number of wells expected to be drilled. Such costs may be excluded from costs to be amortized until the earlier determination of whether additional reserves are proved or impairment occurs.

(C) Excluded costs and the proved reserves related to such costs shall be transferred into the amortization base on an ongoing (well-by-well or property-by-property) basis as the project is evaluated and proved reserves established or impairment determined. Once proved reserves are established, there is no further justification for continued exclusion from the full cost amortization base even if other factors prevent immediate production or marketing.

(iii) Amortization shall be computed on the basis of physical units, with oil and gas converted to a common unit of measure on the basis of their approximate relative energy content, unless economic circumstances (related to the effects of regulated prices) indicate that use of units of revenue is a more appropriate basis of computing amortization. In the latter case, amortization shall be computed on the basis of current gross revenues (excluding royalty payments and net profits disbursements) from production in relation to future gross revenues, based on current prices (including consideration of changes in existing prices provided only by contractual arrangements), from estimated production of proved oil and gas reserves. The effect of a significant price increase during the year on estimated future gross revenues shall be reflected in the amortization provision only for the period after the price increase occurs.

(iv) In some cases it may be more appropriate to depreciate natural gas cycling and processing plants by a method other than the unit-of-production method.

(v) Amortization computations shall be made on a consolidated basis, including investees accounted for on a proportionate consolidation basis. Investees accounted for on the equity method shall be treated separately.

(4) Limitation on capitalized costs. (i) For each cost center, capitalized costs, less accumulated amortization and related deferred income taxes, shall not exceed an amount (the cost center ceiling) equal to the sum of:

(A) The present value of estimated future net revenues computed by applying current prices of oil and gas reserves (with consideration of price changes only to the extent provided by contractual arrangements) to estimated future production of proved oil and gas reserves as of the date of the latest balance sheet presented, less estimated future expenditures (based on current costs) to be incurred in developing and producing the proved reserves computed using a discount factor of ten percent and assuming continuation of existing economic conditions; plus

(B) the cost of properties not being amortized pursuant to paragraph (i)(3)(ii) of this section; plus
(C) the lower of cost or estimated fair value of unproven properties included in the costs being amortized; less

(D) income tax effects related to differences between the book and tax basis of the properties referred to in paragraphs (i)(4)(i)(B) and (C) of this section.

(ii) If unamortized costs capitalized within a cost center, less related deferred income taxes, exceed the cost center ceiling, the excess shall be charged to expense and separately disclosed during the period in which the excess occurs. Amounts thus required to be written off shall not be reinstated for any subsequent increase in the cost center ceiling.

(5) Production costs. All costs relating to production activities, including workover costs incurred solely to maintain or increase levels of production from an existing completion interval, shall be charged to expense as incurred.

(6) Other transactions. The provisions of paragraph (b) of this section, “Mineral property conveyances and related transactions if the successful efforts method of accounting is followed,” shall apply also to those reporting entities following the full cost method except as follows:

(i) Sales and abandonments of oil and gas properties. Sales of oil and gas properties, whether or not being amortized currently, shall be accounted for as adjustments of capitalized costs, with no gain or loss recognized, unless such adjustments would significantly alter the relationship between capitalized costs and proved reserves of oil and gas attributable to a cost center. For instance, a significant alteration would not ordinarily be expected to occur for sales involving less than 25 percent of the reserve quantities of a given cost center. If gain or loss is recognized on such a sale, total capitalization costs within the cost center shall be allocated between the reserves sold and reserves retained on the same basis used to compute amortization, unless there are substantial economic differences between the properties sold and those retained, in which case capitalized costs shall be allocated on the basis of the relative fair values of the properties. Abandonments of oil and gas properties shall be accounted for as adjustments of capitalized costs; that is, the cost of abandoned properties shall be charged to the full cost center and amortized (subject to the limitation on capitalized costs in paragraph (b) of this section).

(ii) Purchases of reserves. Purchases of oil and gas reserves in place ordinarily shall be accounted for as additional capitalized costs within the applicable cost center; however, significant purchases of production payments or properties with lives substantially shorter than the composite productive life of the cost center shall be accounted for separately.

(iii) Partnerships, joint ventures and drilling arrangements. (A) Except as provided in paragraph (i)(6)(i) of this section, all consideration received from sales or transfers of properties in connection with partnerships, joint venture operations, or various other forms of drilling arrangements involving oil and gas exploration and development activities (e.g., carried interest, turnkey wells, management fees, etc.) shall be credited to the full cost account, except to the extent of amounts that represent reimbursement of organization, offering, general and administrative expenses, etc., that are identifiable with the transaction, if such amounts are currently incurred and charged to expense.

(B) Where a registrant organizes and manages a limited partnership involved only in the purchase of proved developed properties and subsequent distribution of income from such properties, management fee income may be recognized provided the properties involved do not require aggregate development expenditures in connection with production of existing proved reserves in excess of 10% of the partnership’s recorded cost of such properties. Any income not recognized as a result of this limitation would be credited to the full cost account and recognized through a lower amortization provision as reserves are produced.

(iv) Other services. No income shall be recognized in connection with contractual services performed (e.g. drilling, well service, or equipment supply services, etc.) in connection with properties in which the registrant or an affiliate
(as defined in §210.1–02(b)) holds an ownership or other economic interest, except as follows:

(A) Where the registrant acquires an interest in the properties in connection with the service contract, income may be recognized to the extent the cash consideration received exceeds the related contract costs plus the registrant’s share of costs incurred and estimated to be incurred in connection with the properties. Ownership interests acquired within one year of the date of such a contract are considered to be acquired in connection with the service for purposes of applying this rule. The amount of any guarantees or similar arrangements undertaken as part of this contract should be considered as part of the costs related to the properties for purposes of applying this rule.

(B) Where the registrant acquired an interest in the properties at least one year before the date of the service contract through transactions unrelated to the service contract, and that interest is unaffected by the service contract, income from such contract may be recognized subject to the general provisions for elimination of intercompany profit under generally accepted accounting principles.

(C) Notwithstanding the provisions of paragraphs (i)(6)(iv) (A) and (B) of this section, no income may be recognized for contractual services performed on behalf of investors in oil and gas producing activities managed by the registrant or an affiliate. Furthermore, no income may be recognized for contractual services to the extent that the consideration received for such services represents an interest in the underlying property.

(D) Any income not recognized as a result of these rules would be credited to the full cost account and recognized through a lower amortization provision as reserves are produced.

(7) Disclosures. Reporting entities that follow the full cost method of accounting shall disclose all of the information required by paragraph (k) of this section, with each cost center considered as a separate geographic area, except that reasonable groupings may be made of cost centers that are not significant in the aggregate. In addition:

(i) For each cost center for each year that an income statement is required, disclose the total amount of amortization expense (per equivalent physical unit of production if amortization is computed on the basis of physical units or per dollar of gross revenue from production if amortization is computed on the basis of gross revenue).

(ii) State separately on the face of the balance sheet the aggregate of the capitalized costs of unproved properties and major development projects that are excluded, in accordance with paragraph (i)(3) of this section, from the capitalized costs being amortized. Provide a description in the notes to the financial statements of the current status of the significant properties or projects involved, including the anticipated timing of the inclusion of the costs in the amortization computation. Present a table that shows, by category of cost, (A) the total costs excluded as of the most recent fiscal year; and (B) the amounts of such excluded costs, incurred (1) in each of the three most recent fiscal years and (2) in the aggregate for any earlier fiscal years in which the costs were incurred. Categories of cost to be disclosed include acquisition costs, exploration costs, development costs in the case of significant development projects and capitalized interest.

(8) For purposes of this paragraph (c), the term “current price” shall mean the average price during the 12-month period prior to the ending date of the period covered by the report, determined as an unweighted arithmetic average of the first-day-of-the-month price for each month within such period, unless prices are defined by contractual arrangements, excluding escalations based upon future conditions.

INCOME TAXES

(d) Income taxes. Comprehensive interperiod income tax allocation by a method which complies with generally accepted accounting principles shall be
followed for intangible drilling and development costs and other costs incurred that enter into the determination of taxable income and pretax accounting income in different periods.

§ 210.5–01 Application of §§ 210.5–01 to 210.5–04.

Sections 210.5–01 to 210.5–04 shall be applicable to financial statements filed for all persons except—

(a) Registered investment companies (see §§ 210.6–01 to 210.6–10).

(b) Employee stock purchase, savings and similar plans (see §§ 210.6A–01 to 210.6–05).

(c) Insurance companies (see §§ 210.7–01 to 210.7–05).

(d) Bank holding companies and banks (see §§ 210.9–01 to 210.9–07).

§ 210.5–02 Balance sheets.

The purpose of this rule is to indicate the various line items and certain additional disclosures which, if applicable, and except as otherwise permitted by the Commission, should appear on the face of the balance sheets or related notes filed for the persons to whom this article pertains (see § 210.4–01(a)).

**ASSETS AND OTHER DEBITS**

*Current Assets, when appropriate*

[See § 210.4–05]*

1. Cash and cash items. Separate disclosure shall be made of the cash and cash items which are restricted as to withdrawal or usage. The provisions of any restrictions shall be described in a note to the financial statements. Restrictions may include legally restricted deposits held as compensating balances against short-term borrowing arrangements, contracts entered into with others, or company statements of intention with regard to particular deposits; however, time deposits and short-term certificates of deposit are not generally included in legally restricted deposits. In cases where compensating balance arrangements exist but are not agreements which legally restrict the use of cash amounts shown on the balance sheet, describe in the notes to the financial statements these arrangements and the amount involved, if determinable, for the most recent audited balance sheet required and for any subsequent unaudited balance sheet required in the notes to the financial statements. Compensating balances that are maintained under an agreement to assure future credit availability shall be disclosed in the notes to the financial statements along with the amount and terms of such agreement.

2. Marketable securities. The accounting and disclosure requirements for current marketable equity securities are specified by generally accepted accounting principles. With respect to all other current marketable securities, state, parenthetically or otherwise, the basis of determining the aggregate amount shown in the balance sheet, along with the alternatives of the aggregate cost or the aggregate market value at the balance sheet date.

3. Accounts and notes receivable. (a) State separately amounts receivable from (1) customers (trade); (2) related parties (see § 210.4–08(k)); (3) underwriters, promoters, and employees (other than related parties) which arose in other than the ordinary course of business; and (4) others.

(b) If the aggregate amount of notes receivable exceeds 10 percent of the aggregate amount of receivables, the above information shall be set forth separately, in the balance sheet or in a note thereto, for accounts receivable and notes receivable.

(c) If receivables include amounts due under long-term contracts (see § 210.5–02.6(d)), state separately in the balance sheet or in a note to the financial statements the following amounts:

(1) Balances billed but not paid by customers under retainage provisions in contracts.

(2) Amounts representing the recognized sales value of performance and such amounts that had not been billed and were not billable to customers at the date of the balance sheet. Include a general description of the prerequisites for billing.

(3) Billed or unbilled amounts representing claims or other similar items subject to uncertainty concerning their determination or ultimate realization. Include a description of the nature and status of the principal items comprising such amount.

(4) With respect to (1) through (3) above, also state the amounts included in each item
which are expected to be collected after one year. Also state, by year, if practicable, when the amounts of retainage (see (1) above) are expected to be collected.

4. Inventories or unbilled receivables. The amount is to be set forth separately in the balance sheet or in a note thereto.

5. Unearned income.

6. Inventories. (a) State separately in the balance sheet or in a note thereto, if practicable, the amounts of major classes of inventory such as: (1) Finished goods; (2) inventoried costs relating to long-term contracts or programs (see (d) below and §210.4-08); (3) work in process (see §210.4-08); (4) raw materials; and (5) supplies. If the method of calculating a LIFO inventory does not allow for the practical determination of amounts assigned to major classes of inventory, the amounts of those classes may be stated under cost flow assumptions other than LIFO with the excess of such total amount over the aggregate LIFO amount shown as a deduction to arrive at the amount of the LIFO inventory.

(b) The basis of determining the amounts shall be stated.

If cost is used to determine any portion of the inventory amounts, the description of this method shall include the nature of the cost elements included in inventory. Elements of cost include, among other items, retained costs representing the excess of manufacturing or production costs over the amounts charged to cost of sales or delivered or in-process units, initial tooling or other deferred startup costs, or general and administrative costs.

The method by which amounts are removed from inventory (e.g., average cost, first-in, first-out, last-in, first-out, estimated average cost per unit) shall be described. If the estimated average cost per unit is used as a basis to determine amounts removed from inventory under a total program or similar basis of accounting, the principal assumptions (including, where meaningful, the aggregate number of units expected to be delivered under the program, the number of units delivered to date and the number of units on order) shall be disclosed.

If any general and administrative costs are charged to inventory, state in a note to the financial statements the aggregate amount of the general and administrative costs incurred in each period and the actual or estimated amount remaining in inventory at the date of each balance sheet.

(c) If the LIFO inventory method is used, the excess of replacement cost or current cost over stated LIFO value shall, if material, be stated parenthetically or in a note to the financial statements.

(d) For purposes of §§210.5-02.3 and 210.5-02.6, long-term contracts or programs include (1) all contracts or programs for which gross profits are recognized on a percentage-of-completion method of accounting or any variant thereof (e.g., delivered unit, cost to cost, physical completion), and (2) any contracts or programs accounted for on a completed contract basis of accounting where, in either case, the contracts or programs have associated with them material amounts of inventories or unbilled receivables and where such contracts or programs have been or are expected to be performed over a period of more than twelve months. Contracts or programs of shorter duration may also be included, if deemed appropriate.

For all long-term contracts or programs, the following information, if applicable, shall be stated in a note to the financial statements:

(i) The aggregate amount of manufacturing or production costs and any related deferred costs (e.g., initial tooling costs) which exceeds the aggregate estimated cost of all in-process and delivered units on the basis of the estimated average cost of all units expected to be produced under long-term contracts and programs not yet complete, as well as that portion of such amount which would not be absorbed in cost of sales based on existing firm orders at the latest balance sheet date. In addition, if practicable, disclose the amount of deferred costs by type of cost (e.g., initial tooling, deferred production, etc.).

(ii) The aggregate amount representing claims or other similar items subject to uncertainty concerning their determination or ultimate realization, and include a description of the nature and status of the principal items comprising such aggregate amount.

(iii) The amount of progress payments netted against inventory at the date of the balance sheet.

7. Prepaid expenses.

8. Other current assets. State separately, in the balance sheet or in a note thereto, any amounts in excess of five percent of total current assets.

9. Total current assets, when appropriate.

10. Securities of related parties. (See §210.4-08(k).)

11. Indebtedness of related parties—not current. (See §210.4-08(k).)

12. Other investments. The accounting and disclosure requirements for non-current marketable equity securities are specified by generally accepted accounting principles. With respect to other security investments and any other investment, state, parenthetically or otherwise, the basis of determining the aggregate amounts shown in the balance sheet, along with the alternate of the aggregate cost or aggregate market value at the balance sheet date.

13. Property, plant and equipment.

(a) State the basis of determining the amounts.
Securities and Exchange Commission § 210.5–02

(b) Tangible and intangible utility plant of a public utility company shall be segregated so as to show separately the original cost, plant acquisition adjustments, and plant adjustment required by the system of accounts prescribed by the applicable regulatory authorities. This rule shall not be applicable in respect to companies which are not required to make such a classification.

14. Accumulated depreciation, depletion, and amortization of property, plant and equipment. The amount is to be set forth separately in the balance sheet or in a note thereto.

15. Intangible assets. State separately each class of such assets which is in excess of five percent of the total assets, along with the basis of determining the respective amounts. Any significant addition or deletion shall be explained in a note.

16. Accumulated depreciation and amortization of intangible assets. The amount is to be set forth separately in the balance sheet or in a note thereto.

17. Other assets. State separately, in the balance sheet or in a note thereto, any other item not properly classified in one of the preceding asset captions which is in excess of five percent to total assets. Any significant addition or deletion shall be explained in a note. With respect to any significant deferred charge, state the policy for deferral and amortization.

18. Total assets.

LIABILITIES AND STOCKHOLDERS’ EQUITY

19. Accounts and notes payable. (a) State separately amounts payable to (1) banks for borrowings; (2) factors or other financial institutions for borrowings; (3) holders of commercial paper; (4) trade creditors; (5) related parties (see §210.4–08(k)); (6) underwriters, promoters, and employees (other than related parties); and (7) others. Amounts applicable to (1), (2) and (3) may be stated separately in the balance sheet or in a note thereto.

(b) The amount and terms (including commitment fees and the conditions under which lines may be withdrawn) of unused lines of credit for short-term financing shall be disclosed, if significant, in the notes to the financial statements. The weighted average interest rate on short term borrowings outstanding as of the date of each balance sheet presented shall be furnished in a note. The amount of these lines of credit which support a commercial paper borrowing arrangement or similar arrangements shall be separately identified.

20. Other current liabilities. State separately, in the balance sheet or in a note thereto, any item in excess of 5 percent of total current liabilities. Such items may include, but are not limited to, accrued payrolls, accrued interest, taxes, indicating the current portion of deferred income taxes, and the current portion of long-term debt. Remaining items may be shown in one amount.

21. Total current liabilities, when appropriate.

Long-Term Debt

22. Bonds, mortgages and other long-term debt, including capitalized leases. (a) State separately, in the balance sheet or in a note thereto, each issue or type of obligation and such information as will indicate (see §210.4–06):

(1) The general character of each type of debt including the rate of interest; (2) the date of maturity, or, if maturing serially, a brief indication of the serial maturities, such as ‘‘maturing serially from 1980 to 1990’’; (3) if the payment of principal or interest is contingent, an appropriate indication of such contingency; (4) a brief indication of priority; and (5) if convertible, the basis. For amounts owed to related parties, see §210.4–08(k).

(b) The amount and terms (including commitment fees and the conditions under which commitments may be withdrawn) of unused commitments for long-term financing arrangements that would be disclosed under this rule if used shall be disclosed in the notes to the financial statements if significant.

23. Indebtedness to related parties—noncurrent. Include under this caption indebtedness to related parties as required under §210.4–08(k).

24. Other liabilities. State separately, in the balance sheet or in a note thereto, any item not properly classified in one of the preceding liability captions which is in excess of 5 percent of total liabilities.

25. Commitments and contingent liabilities.

26. Deferred credits. State separately in the balance sheet amounts for (a) deferred income taxes, (b) deferred tax credits, and (c) material items of deferred income.

Redeemable Preferred Stocks

27. Preferred stocks subject to mandatory redemption requirements or whose redemption is outside the control of the issuer. (a) Include under this caption amounts applicable to any class of stock which has any of the following characteristics: (1) it is redeemable at a fixed or determinable price on a fixed or determinable date or dates, whether by operation of a sinking fund or otherwise; (2) it is redeemable at the option of the holder; or (3) it has conditions for redemption which are not solely within the control of the issuer, such as stocks which must be redeemed out of future earnings. Amounts attributable to preferred stock which is not redeemable or is redeemable solely at the option of the issuer shall be included under §210.5–02.26 unless it meets one or more of the above criteria.
§ 210.5–03

(b) State on the face of the balance sheet the title of each issue, the carrying amount, and redemption amount. (If there is more than one issue, these amounts may be aggregated on the face of the balance sheet and details concerning each issue may be presented in the note required by paragraph (c) below.) Show also the dollar amount of any shares subscribed but unissued, and show the deduction of subscriptions receivable therefrom. If the carrying value is different from the redemption amount, describe the accounting treatment for such difference in the note required by paragraph (c) below. Also state in this note or on the face of the balance sheet, for each issue, the number of shares authorized and the number of shares issued or outstanding, as appropriate (See §210.4–07).

(c) The schedules shall be examined by the independent accountant if the related financial statements are so examined.

Schedule I—Condensed financial information of registrant. The schedule prescribed by §210.12–09 shall be filed when the restricted net assets (§210.4–08(c)(3)) of consolidated subsidiaries exceed 25 percent of consolidated net assets as of the end of the most recently completed fiscal year. For purposes of the above test, restricted net assets of consolidated subsidiaries shall mean that amount of the registrant’s proportionate share of net assets of consolidated subsidiaries (after intercompany eliminations) which as of the end of the most recent fiscal year may not be transferred to the parent company by subsidiaries in the form of loans, advances or cash dividends without the consent of a third party (i.e., lender, regulatory agency, foreign government, etc.). Where restrictions on the amount of funds which may be loaned or advanced differ from the amount restricted as to transfer in the form of cash dividends, the amount least restrictive to the subsidiary shall be used. Redeemable preferred stocks (§210.5–02.27) and noncontrolling interests shall be deducted in computing net assets for purposes of this test.

Schedule II—Valuation and qualifying accounts. The schedule prescribed by §210.12–09 shall be filed in support of valuation and qualifying accounts included in each balance sheet but not included in Schedule VI. (See §210.4–02.)

Schedule V—Supplemental Information Concerning Property-casualty Insurance Operations. The schedule prescribed by §210.12–18 shall be filed when a registrant, its subsidiaries or 50%-or-less-owned equity basis investees, have liabilities for property-casualty (“P/C”) insurance claims. The required information shall be presented as of the same dates and for the same periods for which the information is reflected in the audited consolidated financial statements required by §§210.3–01 and 3–02. The schedule may be omitted if reserves for unpaid P/C claims and claims adjustment expenses of the registrant and its consolidated subsidiaries, its unconsolidated subsidiaries and its 50%-or-less-owned equity basis investees did not, in the aggregate, exceed one-half of common stockholders’ equity of the registrant and its consolidated subsidiaries as of the beginning of the fiscal year. For purposes of this test only the proportionate share of the registrant and its other subsidiaries in the reserves for unpaid claims and claim adjustment expenses of 50%-or-less-owned equity basis investees taken in the aggregate after intercompany eliminations shall be taken into account.

§ 210.8–01 Preliminary Notes to Article 8

Sections 210.8–01 to 210.8–08 shall be applicable to financial statements filed for smaller reporting companies. These sections are not applicable to financial statements prepared for the purposes of Item 17 or Item 18 of Form 20–F.

Note 1 to § 210.8: Financial statements of a smaller reporting company, as defined by § 229.10(f)(1) of this chapter, its predecessors or any businesses to which the smaller reporting company is a successor shall be prepared in accordance with generally accepted accounting principles in the United States.

Note 2 to § 210.8: Smaller reporting companies electing to prepare their financial statements with the form and content required in this article need not apply the other form and content requirements in Regulation S–X with the exception of the following:

a. The report and qualifications of the independent accountant shall comply with the requirements of Article 2 of this part;

b. The description of accounting policies shall comply with Article 4–08(n) of this part; and

c. Smaller reporting companies engaged in oil and gas producing activities shall follow the financial accounting and reporting standards specified in Article 4–10 of this part with respect to such activities.

To the extent that Article 11–01 of this part (Pro Forma Presentation Requirements) offers enhanced guidelines for the preparation, presentation and disclosure of pro forma financial information, smaller reporting companies may wish to consider these items.

Note 3 to § 210.8: Financial statements for a subsidiary of a smaller reporting company that issues securities guaranteed by the smaller reporting company or guarantees securities issued by the smaller reporting company must be presented as required by § 210.3–10, except that the periods presented are those required by § 210.8–02.

Note 4 to § 210.8: Financial statements for a smaller reporting company’s affiliates whose securities constitute a substantial portion of the collateral for any class of securities registered or being registered must be presented as required by § 210.8–16, except
§ 210.8–02 Annual financial statements.

Smaller reporting companies shall file an audited balance sheet as of the end of each of the most recent two fiscal years, or as of a date within 135 days if the issuer has existed for a period of less than one fiscal year, and audited statements of income, cash flows and changes in stockholders’ equity for each of the two fiscal years preceding the date of the most recent audited balance sheet (or such shorter period as the registrant has been in business).

§ 210.8–03 Interim financial statements.

Interim financial statements may be unaudited; however, before filing, interim financial statements included in quarterly reports on Form 10-Q ($249.308(a) of this chapter) must be reviewed by an independent public accountant using professional standards and procedures for conducting such reviews, as established by generally accepted auditing standards, as may be modified or supplemented by the Commission. If, in any filing, the issuer states that interim financial statements have been reviewed by an independent public accountant, a report of the accountant on the review must be filed with the interim financial statements. Interim financial statements shall include a balance sheet as of the end of the issuer’s most recent fiscal quarter, a balance sheet as of the end of the preceding fiscal year, and income statements and statements of cash flows for the interim period up to the date of such balance sheet and the comparable period of the preceding fiscal year.

(a) Condensed format. Interim financial statements may be condensed as follows:

(1) Balance sheets should include separate captions for each balance sheet component presented in the annual financial statements that represents 10% or more of total assets. Cash and retained earnings should be presented regardless of relative significance to total assets. Registrants that present a classified balance sheet in their annual financial statements should present totals for current assets and current liabilities.

(2) Income statements should include net sales or gross revenue, each cost and expense category presented in the annual financial statements that exceeds 20% of sales or gross revenues, provision for income taxes, discontinued operations, extraordinary items and cumulative effects of changes in accounting principles or practices. (Financial institutions should substitute net interest income for sales for purposes of determining items to be disclosed.) Dividends per share should be presented.

(3) Cash flow statements should include cash flows from operating, investing and financing activities as well as cash at the beginning and end of each period and the increase or decrease in such balance.

(4) Additional line items may be presented to facilitate the usefulness of the interim financial statements, including their comparability with annual financial statements.

(b) Disclosure required and additional instructions as to content—(1) Footnotes. Footnote and other disclosures should be provided as needed for fair presentation and to ensure that the financial statements are not misleading.

(2) Material subsequent events and contingencies. Disclosure must be provided of material subsequent events and material contingencies notwithstanding disclosure in the annual financial statements.

(3) Significant equity investees. Sales, gross profit, net income (loss) from continuing operations, net income, and net income attributable to the investee must be disclosed for equity investees that constitute 20 percent or more of a registrant’s consolidated assets, equity
§ 210.8–04 Financial statements of businesses acquired or to be acquired.

(a) If a business combination has occurred or is probable, financial statements of the business acquired or to be acquired shall be furnished for the periods specified in paragraph (c) of this section:

(1) This encompasses the purchase of an interest in a business accounted for by the equity method.

(2) Acquisitions of a group of related businesses that are probable or that have occurred subsequent to the latest fiscal year end for which audited financial statements of the issuer have been filed shall be treated as if they are a single business combination for purposes of this section. The required financial statements of related businesses may be presented on a combined basis for any periods they are under common control or management. A group of businesses is deemed to be related if:

(i) They are under common control or management;

(ii) The acquisition of one business is conditioned on the acquisition of each other business; or

(iii) Each acquisition is conditioned on a single common event.

(3) Annual financial statements required by this rule shall be audited. The form and content of the financial statements shall be in accordance with §§210.8–02 and 8–03.

(b) The periods for which financial statements are to be presented are determined by comparison of the most recent annual financial statements of the business acquired or to be acquired and the smaller reporting company’s most recent annual financial statements filed at or before the date of acquisition to evaluate each of the following conditions:

(1) Compare the smaller reporting company’s investments in and advances to the acquiree to the total consolidated assets of the smaller reporting company as of the end of the most recently completed fiscal year.

(2) Compare the smaller reporting company’s proportionate share of the total assets (after intercompany eliminations) of the acquiree to the total consolidated assets of the smaller reporting company as of the end of the most recently completed fiscal year.

(3) Compare the smaller reporting company’s equity in the income from continuing operations before income taxes, extraordinary items and cumulative effect of a change in accounting
§ 210.8–05

principles of the acquiree exclusive of amounts attributable to any noncontrolling interests to such consolidated income of the smaller reporting company for the most recently completed fiscal year.

Computational Note to § 210.8–04(b): For purposes of making the prescribed income test the following guidance should be applied: If income of the smaller reporting company and its subsidiaries consolidated exclusive of amounts attributable to any noncontrolling interests for the most recent fiscal year is at least 10 percent lower than the average of the income for the last five fiscal years, average income should be substituted for purposes of the computation. Any loss years should be omitted for purposes of computing average income.

(c)(1) If none of the conditions specified in paragraph (b) of this section exceeds 20%, financial statements are not required. If any of the conditions exceed 20%, but none exceeds 40%, financial statements shall be furnished for the most recent fiscal year and any interim periods specified in § 210.8–03. If any of the conditions exceed 40%, financial statements shall be furnished for the two most recent fiscal years and any interim periods specified in § 210.8–03.

(2) The separate audited balance sheet of the acquired business is not required when the smaller reporting company’s most recent audited balance sheet filed is for a date after the acquisition was consummated.

(3) If the aggregate impact of individually insignificant businesses acquired since the date of the most recent audited balance sheet filed for the registrant exceeds 50%, financial statements covering at least the substantial majority of the businesses acquired shall be furnished. Such financial statements shall be for the most recent fiscal year and any interim periods specified in § 210.8–03.

(4) Registration statements not subject to the provisions of § 230.419 of this chapter (Regulation C) and proxy statements need not include separate financial statements of the acquired or to be acquired business if it does not meet or exceed any of the conditions specified in paragraph (b) of this section at the 50 percent level, and either:

(i) The consummation of the acquisition has not yet occurred; or

(ii) The effective date of the registration statement, or mailing date in the case of a proxy statement, is no more than 74 days after consummation of the business combination, and the financial statements have not been filed previously by the registrant.

(5) An issuer that omits from its initial registration statement financial statements of a recently consummated business combination pursuant to paragraph (c)(4) of this section shall furnish those financial statements and any pro forma information specified by § 210.8–05 under cover of Form 8–K (§ 249.308 of this chapter) no later than 75 days after consummation of the acquisition.

(d) If the smaller reporting company made a significant business acquisition after the latest fiscal year end and filed a report on Form 8–K, which included audited financial statements of such acquired business for the periods required by paragraph (c) of this section and the pro forma financial information required by § 210.8–05, the determination of significance may be made by using pro forma amounts for the latest fiscal year in the report on Form 8–K rather than by using the historical amounts of the registrant. The tests may not be made by “annualizing” data.

(e) If the business acquired or to be acquired is a foreign business, financial statements of the business meeting the requirements of Item 17 of Form 20–F (§ 249.220f of this chapter) will satisfy this section.

§ 210.8–05 Pro forma financial information.

(a) Pro forma information showing the effects of the acquisition shall be furnished if financial statements of a business acquired or to be acquired are presented.

(b) Pro forma statements should be condensed, in columnar form showing pro forma adjustments and results, and should include the following:

(1) If the transaction was consummated during the most recent fiscal year or subsequent interim period, pro forma statements of income reflecting the combined operations of the
entities for the latest fiscal year and interim period, if any; or
(2) If consummation of the transaction has occurred or is probable after the date of the most recent balance sheet required by §210.8–02 or §210.8–03, a pro forma balance sheet giving effect to the combination as of the date of the most recent balance sheet. For a purchase, pro forma statements of income reflecting the combined operations of the entities for the latest fiscal year and interim period, if any, are required.

§ 210.8–06 Real estate operations acquired or to be acquired.

If, during the period for which income statements are required, the smaller reporting company has acquired one or more properties that in the aggregate are significant, or since the date of the latest balance sheet required by §210.8–02 or §210.8–03, has acquired or proposes to acquire one or more properties that in the aggregate are significant, the following shall be furnished with respect to such properties:

(a) Audited income statements (not including earnings per unit) for the two most recent years, which shall exclude items not comparable to the proposed future operations of the property such as mortgage interest, leasehold rental, depreciation, corporate expenses and federal and state income taxes; Provided, however, that such audited statements need be presented for only the most recent fiscal year if:

(1) The property is not acquired from a related party;

(2) Material factors considered by the smaller reporting company in assessing the property are described with specificity in the registration statement with regard to the property, including source of revenue (including, but not limited to, competition in the rental market, comparative rents, occupancy rates) and expenses (including but not limited to, utilities, ad valorem tax rates, maintenance expenses, and capital improvements anticipated); and

(3) The smaller reporting company indicates that, after reasonable inquiry, it is not aware of any material factors relating to the specific property other than those discussed in response to paragraph (a)(2) of this section that would cause the reported financial information not to be necessarily indicative of future operating results.

(b) If the property will be operated by the smaller reporting company, a statement shall be furnished showing the estimated taxable operating results of the smaller reporting company based on the most recent twelve-month period, including such adjustments as can be factually supported. If the property will be acquired subject to a net lease, the estimated taxable operating results shall be based on the rent to be paid for the first year of the lease. In either case, the estimated amount of cash to be made available by operations shall be shown. Disclosure must be provided of the principal assumptions that have been made in preparing the statements of estimated taxable operating results and cash to be made available by operations.

(c) If appropriate under the circumstances, a table should be provided that shows, for a limited number of years, the estimated cash distribution per unit, indicating the portion reportable as taxable income and the portion representing a return of capital with an explanation of annual variations, if any. If taxable net income per unit will be greater than the cash available for distribution per unit, that fact and the approximate year of occurrence shall be stated, if significant.

§ 210.8–07 Limited partnerships.

(a) Smaller reporting companies that are limited partnerships must provide the balance sheets of the general partners as described in paragraphs (b) through (d) of this section.

(b) Where a general partner is a corporation, the audited balance sheet of the corporation as of the end of its most recently completed fiscal year must be filed. Receivables, other than trade receivables, from affiliates of the general partner should be deducted from shareholders’ equity of the general partner. Where an affiliate has committed itself to increase or maintain the general partner’s capital, the audited balance sheet of such affiliate must also be presented.

(c) Where a general partner is a partnership, there shall be filed an audited
§ 210.8–08 Age of financial statements.

At the date of filing, financial statements included in filings other than filings on Form 10-K must be not less current than the financial statements that would be required in Forms 10-K and 10-Q if such reports were required to be filed. If required financial statements are as of a date 135 days or more before the date a registration statement becomes effective or proxy material is expected to be mailed, the financial statements shall be updated to include financial statements for an interim period ending within 135 days of the effective or expected mailing date. Interim financial statements must be prepared and presented in accordance with paragraph (b) of this section.

(a) When the anticipated effective or mailing date falls within 45 days after the end of the fiscal year, the filing may include financial statements only as current as of the end of the third fiscal quarter; Provided, however, that if the audited financial statements for the recently completed fiscal year are available or become available before effectiveness or mailing, they must be included in the filing; and

(b) If the effective date or anticipated mailing date falls after 45 days but within 90 days of the end of the smaller reporting company’s fiscal year, the smaller reporting company is not required to provide the audited financial statements for such year end provided that the following conditions are met:

1. If the smaller reporting company is a reporting company, all reports due must have been filed;

(2) For the most recent fiscal year for which audited financial statements are not yet available, the smaller reporting company reasonably and in good faith expects to report income from continuing operations attributable to the registrant before taxes; and

(3) For at least one of the two fiscal years immediately preceding the most recent fiscal year the smaller reporting company reported income from continuing operations attributable to the registrant before taxes.

Where restrictions on the amount of funds which may be loaned or advanced differ from the amount restricted as to transfer in the form of cash dividends, the amount least restrictive to the subsidiary shall be used. Redeemable preferred stocks (§ 210.5–02.27) and non-controlling interests shall be deducted in computing net assets for purposes of this test.

§ 210.9–07 [Reserved]

INTERIM FINANCIAL STATEMENTS

§ 210.10–01 Interim financial statements.

(a) Condensed statements. Interim financial statements shall follow the general form and content of presentation prescribed by the other sections of this Regulation with the following exceptions:

(1) Interim financial statements required by this rule need only be provided as to the registrant and its subsidiaries consolidated and may be unaudited. Separate statements of other entities which may otherwise be required by this regulation may be omitted.

(2) Interim balance sheets shall include only major captions (i.e., numbered captions) prescribed by the applicable sections of this Regulation with the exception of inventories. Data as to raw materials, work in process and finished goods inventories shall be included either on the face of the balance sheet or in the notes to the financial statements, if applicable. Where any major balance sheet caption is less than 10% of total assets, and the amount in the caption has not increased or decreased by more than 25% since the end of the preceding fiscal year, the caption may be combined with others.

(3) Interim statements of income shall also include major captions prescribed by the applicable sections of this Regulation. When any major income statement caption is less than 15% of average net income for the most recent three fiscal years and the amount in the caption has not increased or decreased by more than 20% as compared to the corresponding interim period of the preceding fiscal year, the caption may be combined with others. In calculating average net income, loss years should be excluded. If losses were incurred in each of the most recent three years, the average loss shall be used for purposes of this test. Notwithstanding these tests, § 210.4–02 applies and de minimis amounts therefore need not be shown separately, except that registrants reporting under § 210.9 shall show investment securities gains or losses separately regardless of size.

(4) The statement of cash flows may be abbreviated starting with a single figure of net cash flows from operating activities and showing cash changes from investing and financing activities individually only when they exceed 10% of the average of net cash flows from operating activities for the most recent three years. Notwithstanding this test, § 210.4–02 applies and de minimis amounts therefore need not be shown separately.

(5) The interim financial information shall include disclosures either on the face of the financial statements or in accompanying footnotes sufficient so as to make the interim information presented not misleading. Registrants may presume that users of the interim financial information have read or have access to the audited financial
statements for the preceding fiscal year and that the adequacy of additional disclosure needed for a fair presentation, except in regard to material contingencies, may be determined in that context. Accordingly, footnote disclosure which would substantially duplicate the disclosure contained in the most recent annual report to security holders or latest audited financial statements, such as a statement of significant accounting policies and practices, details of accounts which have not changed significantly in amount or composition since the end of the most recently completed fiscal year, and detailed disclosures prescribed by Rule 4–08 of this Regulation, may be omitted. However, disclosure shall be provided where events subsequent to the end of the most recent fiscal year have occurred which have a material impact on the registrant. Disclosures should encompass for example, significant changes since the end of the most recently completed fiscal year in such items as: accounting principles and practices; estimates inherent in the preparation of financial statements; status of long-term contracts; capitalization including significant new borrowings or modification of existing financing arrangements; and the reporting entity resulting from business combinations or dispositions. Notwithstanding the above, where material contingencies exist, disclosure of such matters shall be provided even though a significant change since year end may not have occurred.

(6) Detailed schedules otherwise required by this Regulation may be omitted for purposes of preparing interim financial statements.

(7) In addition to the financial statements required by paragraphs (a) (2), (3) and (4) of this section, registrants in the development stage shall provide the cumulative financial statements (condensed to the same degree as allowed in this paragraph) and disclosures required by FASB ASC Topic 915, Development Stage Entities, to the date of the latest balance sheet presented.

(b) Other instructions as to content. The following additional instructions shall be applicable for purposes of preparing interim financial statements:

(1) Summarized income statement information shall be given separately as to each subsidiary not consolidated or 50 percent or less owned persons or as to each group of such subsidiaries or fifty percent or less owned persons for which separate individual or group statements would otherwise be required for annual periods. Such summarized information, however, need not be furnished for any such unconsolidated subsidiary or person which would not be required pursuant to Rule 13a–13 or 15d–13 to file quarterly financial information with the Commission if it were a registrant.

(2) If appropriate, the income statement shall show earnings per share and dividends declared per share applicable to common stock. The basis of the earnings per share computation shall be stated together with the number of shares used in the computation. In addition, see Item 601(b)(11) of Regulation S–K, (17 CFR 229.601(b)(11)).

(3) If, during the most recent interim period presented, the registrant or any of its consolidated subsidiaries entered into a combination between entities under common control, the interim financial statements for both the current year and the preceding year shall reflect the combined results of the combined businesses. Supplemental disclosure of the separate results of the combined entities for periods prior to the combination shall be given, with appropriate explanations.

(4) Where a material business combination has occurred during the current fiscal year, pro forma disclosure shall be made of the results of operations for the current year up to the date of the most recent interim balance sheet provided (and for the corresponding period in the preceding year) as though the companies had combined at the beginning of the period being reported on. This pro forma information shall, at a minimum, show revenue, income before extraordinary items and the cumulative effect of accounting changes, including such income on a per share basis, net income, net income attributable to the registrant, and net income per share.

(5) Where the registrant has reported a discontinued operation (as required
§210.10-01 by FASB ASC Subtopic 205-20, Presentation of Financial Statements—Discontinued Operations) during any of the periods covered by the interim financial statements, the effect thereof on revenues and net income—total and per share—for all periods shall be disclosed.

(6) In addition to meeting the reporting requirements specified by existing standards for accounting changes, the registrant shall state the date of any material accounting change and the reasons for making it. In addition, for filings on Form 10-Q, a letter from the registrant’s independent accountant shall be filed as an exhibit (in accordance with the provisions of Item 601 of Regulation S-K, 17 CFR 229.601) in the first Form 10-Q after the date of an accounting change indicating whether or not the change is to an alternative principle which, in the accountant’s judgment, is preferable under the circumstances; except that no letter from the accountant need be filed when the change is made in response to a standard adopted by the Financial Accounting Standards Board that requires such change.

(7) Any material retroactive prior period adjustment made during any period covered by the interim financial statements shall be disclosed, together with the effect thereof upon net income—total and per share—of any prior period included and upon the balance of retained earnings. If results of operations for any period presented have been adjusted retroactively by such an item subsequent to the initial reporting of such period, similar disclosure of the effect of the change shall be made.

(8) Any unaudited interim financial statements furnished shall reflect all adjustments which are, in the opinion of management, necessary to a fair statement of the results for the interim periods presented. A statement to that effect shall be included. Such adjustments shall include, for example, appropriate estimated provisions for bonus and profit sharing arrangements normally determined or settled at year-end. If all such adjustments are of a normal recurring nature, a statement to that effect shall be made; otherwise, there shall be furnished information describing in appropriate detail the nature and amount of any adjustments other than normal recurring adjustments entering into the determination of the results shown.

(c) Periods to be covered. The periods for which interim financial statements are to be provided in registration statements are prescribed elsewhere in this Regulation (see §§210.3-01 and 3-02). For filings on Form 10-Q, financial statements shall be provided as set forth in this paragraph (c):

(1) An interim balance sheet as of the end of the most recent fiscal quarter and a balance sheet as of the end of the preceding fiscal year shall be provided. The balance sheet as of the end of the preceding fiscal year may be condensed to the same degree as the interim balance sheet provided. An interim balance sheet as of the end of the corresponding fiscal quarter of the preceding fiscal year need not be provided unless necessary for an understanding of the impact of seasonal fluctuations on the registrant’s financial condition.

(2) Interim statements of income shall be provided for the most recent fiscal quarter, for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the corresponding periods of the preceding fiscal year. Such statements may also be presented for the cumulative twelve month period ended during the most recent fiscal quarter and for the corresponding preceding period.

(3) Interim statements of cash flows shall be provided for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the corresponding period of the preceding fiscal year. Such statements may also be presented for the cumulative twelve month period ended during the most recent fiscal quarter and for the corresponding preceding period.

(4) Registrants engaged in seasonal production and sale of a single-crop agricultural commodity may provide interim statements of income and cash flows for the twelve month period ended during the most recent fiscal quarter and for the corresponding preceding period in lieu of the year-to-
§ 210.11–01

Presentation requirements.

(a) Pro forma financial information shall be furnished when any of the following conditions exist:

(1) During the most recent fiscal year or subsequent interim period for which a balance sheet is required by §210.3–01, a significant business combination has occurred (for purposes of these rules, this encompasses the acquisition of an interest in a business accounted for by the equity method);

(2) After the date of the most recent balance sheet filed pursuant to §210.3–01, consummation of a significant business combination or a combination of entities under common control has occurred or is probable;

(3) Securities being registered by the registrant are to be offered to the security holders of a significant business to be acquired or the proceeds from the offered securities will be applied directly or indirectly to the purchase of a specific significant business;

(4) The disposition of a significant portion of a business either by sale, abandonment or distribution to shareholders by means of a spin-off, split-up or split-off has occurred or is probable and such disposition is not fully reflected in the financial statements of the registrant included in the filing;

(5) During the most recent fiscal year or subsequent interim period for which a balance sheet is required by §210.3–01, the registrant has acquired one or more real estate operations or properties which in the aggregate are significant, or since the date of the most recent balance sheet filed pursuant to that section the registrant has acquired or proposes to acquire one or more operations or properties which in the aggregate are significant.

(b) A business combination or disposition of a business shall be considered significant if:

(1) A comparison of the most recent annual financial statements of the business acquired or to be acquired and the registrant’s most recent annual financial statements specified in (2) and (3) above.

(d) Interim review by independent public accountant. Prior to filing, interim financial statements included in quarterly reports on Form 10–Q (17 CFR 249.308(a)) must be reviewed by an independent public accountant using professional standards and procedures for conducting such reviews, as established by generally accepted auditing standards, as may be modified or supplemented by the Commission. If, in any filing, the company states that interim financial statements have been reviewed by an independent public accountant, a report of the accountant on the review must be filed with the interim financial statements.

(e) Filing of other interim financial information in certain cases. The Commission may, upon the informal written request of the registrant, and where consistent with the protection of investors, permit the omission of any of the interim financial information herein required or the filing in substitution thereof of appropriate information of comparable character. The Commission may also by informal written notice require the filing of other information in addition to, or in substitution for, the interim information herein required in any case where such information is necessary or appropriate for an adequate presentation of the financial condition of any person for which interim financial information is required, or whose financial information is otherwise necessary for the protection of investors.

PRO FORMA FINANCIAL INFORMATION

SOURCE: Sections 210.11–01 through 210.11–03 appear at 47 FR 29837, July 9, 1982, unless otherwise noted.
§ 210.11–02 Preparation requirements.

(a) Objective. Pro forma financial information should provide investors with information about the continuing impact of a particular transaction by showing how it might have affected historical financial statements if the transaction had been consummated at an earlier time. Such statements should assist investors in analyzing the future prospects of the registrant because they illustrate the possible scope of the change in the registrant’s historical financial position and results of operations caused by the transaction.

(b) Form and content. (1) Pro forma financial information shall consist of a pro forma condensed balance sheet, pro forma condensed statements of income, and accompanying explanatory notes. In certain circumstances (i.e., where a limited number of pro forma adjustments are required and those adjustments are easily understood), a narrative description of the pro forma effects of the transaction may be furnished in lieu of the statements described herein.

(2) The pro forma financial information shall be accompanied by an introductory paragraph which briefly sets forth a description of (i) the transaction, (ii) the entities involved, and (iii) the periods for which the pro forma information is presented. In addition, an explanation of what the pro forma presentation shows shall be set forth.

(3) The pro forma condensed financial information need only include major captions (i.e., the numbered captions) prescribed by the applicable sections of this Regulation. Where any major balance sheet caption is less than 10 percent of total assets, the caption may be combined with others. When any major income statement caption is less than 15 percent of average net income attributable to the registrant for the most recent three fiscal years, the caption may be combined with others. In calculating average net income attributable to the registrant, loss years should be excluded unless losses were incurred in each of the most recent three years, in which case the average loss shall be used for purposes of this test. Notwithstanding these tests, de minimis amounts need not be shown separately.

(4) Pro forma statements shall ordinarily be in columnar form showing consolidated financial statements filed at or prior to the date of acquisition indicates that the business would be a significant subsidiary pursuant to the conditions specified in §210.1–02(w), substituting 20 percent for 10 percent each place it appears therein; or

(2) The business to be disposed of meets the conditions of a significant subsidiary in §210.1–02(w).

(c) The pro forma effects of a business combination need not be presented pursuant to this section if separate financial statements of the acquired business are not included in the filing.

(d) For purposes of this rule, the term business should be evaluated in light of the facts and circumstances involved and whether there is sufficient continuity of the acquired entity’s operations prior to and after the transactions so that disclosure of prior financial information is material to an understanding of future operations. A presumption exists that a separate entity, a subsidiary, or a division is a business. However, a lesser component of an entity may also constitute a business. Among the facts and circumstances which should be considered in evaluating whether an acquisition of a lesser component of an entity constitutes a business are the following:

(1) Whether the nature of the revenue-producing activity of the component will remain generally the same as before the transaction; or

(2) Whether any of the following attributes remain with the component after the transaction:

(i) Physical facilities,
(ii) Employee base,
(iii) Market distribution system,
(iv) Sales force,
(v) Customer base,
(vi) Operating rights,
(vii) Production techniques, or
(viii) Trade names.

(e) This rule does not apply to transactions between a parent company and its totally held subsidiary.

condensed historical statements, pro forma adjustments, and the pro forma results.

(5) The pro forma condensed income statement shall disclose income (loss) from continuing operations before nonrecurring charges or credits directly attributable to the transaction. Material nonrecurring charges or credits and related tax effects which result directly from the transaction and which will be included in the income of the registrant within the 12 months succeeding the transaction shall be disclosed separately. It should be clearly indicated that such charges or credits were not considered in the pro forma condensed income statement. If the transaction for which pro forma financial information is presented relates to the disposition of a business, the pro forma results should give effect to the disposition and be presented under an appropriate caption.

(6) Pro forma adjustments related to the pro forma condensed income statement shall be computed assuming the transaction was consummated at the beginning of the fiscal year presented and shall include adjustments which give effect to events that are (i) directly attributable to the transaction, (ii) expected to have a continuing impact on the registrant, and (iii) factually supportable. Pro forma adjustments related to the pro forma condensed balance sheet shall be computed assuming the transaction was consummated at the end of the most recent period for which a balance sheet is required by §210.3–01 and shall include adjustments which give effect to events that are directly attributable to the transaction and factually supportable regardless of whether they have a continuing impact or are nonrecurring. All adjustments should be referenced to notes which clearly explain the assumptions involved.

(7) Historical primary and fully diluted per share data based on continuing operations (or net income if the registrant does not report either discontinued operations, extraordinary items, or the cumulative effects of accounting changes) for the registrant, and primary and fully diluted pro forma per share data based on continuing operations before nonrecurring charges or credits directly attributable to the transaction shall be presented on the face of the pro forma condensed income statement together with the number of shares used to compute such per share data. For transactions involving the issuance of securities, the number of shares used in the calculation of the pro forma per share data should be based on the weighted average number of shares outstanding during the period adjusted to give effect to shares subsequently issued or assumed to be issued had the particular transaction or event taken place at the beginning of the period presented. If a convertible security is being issued in the transaction, consideration should be given to the possible dilution of the pro forma per share data.

(8) If the transaction is structured in such a manner that significantly different results may occur, additional pro forma presentations shall be made which give effect to the range of possible results.

Instructions: 1. The historical statement of income used in the pro forma financial information shall not report operations of a segment that has been discontinued, extraordinary items, or the cumulative effects of accounting changes. If the historical statement of income includes such items, only the portion of the income statement through “income from continuing operations” (or the appropriate modification thereof) should be used in preparing pro forma results.

2. For a business combination, pro forma adjustments for the income statement shall include amortization, depreciation and other adjustments based on the allocated purchase price of net assets acquired. In some transactions, such as in financial institution acquisitions, the purchase adjustments may include significant discounts of the historical cost of the acquired assets to their fair value at the acquisition date. When such adjustments will result in a significant effect on earnings (losses) in periods immediately subsequent to the acquisition which will be progressively eliminated over a relatively short period, the effect of the purchase adjustments on reported results of operations for each of the next five years should be disclosed in a note.

3. For a disposition transaction, the pro forma financial information shall begin with the historical financial statements of the existing entity and show the deletion of the business to be divested along with the pro forma adjustments necessary to arrive at the
remains of the existing entity. For example, pro forma adjustments would include adjustments of interest expense arising from revised debt structures and expenses which will or may have been incurred on behalf of the business to be divested such as advertising costs, executive salaries and other costs.

4. For entities which were previously a component of another entity, pro forma adjustments should include adjustments similar in nature to those referred to in Instruction 3 above. Adjustments may also be necessary when charges for corporate overhead, interest, or income taxes have been allocated to the entity on a basis other than one deemed reasonable by management.

5. Adjustments to reflect the acquisition of real estate operations or properties for the pro forma income statement shall include a depreciation charge based on the new accounting basis for the assets, interest financing on any additional or refinanced debt, and other appropriate adjustments that can be factually supported. See also Instruction 4 above.

6. When consummation of more than one transaction has occurred or is probable during a fiscal year, the pro forma financial information may be presented on a combined basis; however, in some circumstances (e.g., depending upon the combination of probable and consummated transactions, and the nature of the filing) it may be more useful to present the pro forma financial information on a disaggregated basis even though some or all of the transactions would not meet the tests of significance individually. For combined presentations, a note should explain the various transactions and disclose the maximum variances in the pro forma financial information which would occur for any of the possible combinations. If the pro forma financial information is presented in a proxy or information statement for purposes of obtaining shareholder approval of one of the transactions, the effects of that transaction must be clearly set forth.

7. Tax effects, if any, of pro forma adjustments normally should be calculated at the statutory rate in effect during the periods for which pro forma condensed income statements are presented and should be reflected as a separate pro forma adjustment.

(c) Periods to be presented. (1) A pro forma condensed balance sheet as of the end of the most recent period for which a consolidated balance sheet of the registrant is required by §210.3–01 shall be filed unless the transaction is already reflected in such balance sheet.

(2)(i) Pro forma condensed statements of income shall be filed for only the most recent fiscal year and for the period from the most recent fiscal year end to the most recent interim date for which a balance sheet is required. A pro forma condensed statement of income may be filed for the corresponding interim period of the preceding fiscal year. A pro forma condensed statement of income shall not be filed when the historical income statement reflects the transaction for the entire period.

(ii) For a business combination accounted for as a pooling of interests, the pro forma income statements (which are in effect a restatement of the historical income statements as if the combination had been consummated) shall be filed for all periods for which historical income statements of the registrant are required.

(3) Pro forma condensed statements of income shall be presented using the registrant’s fiscal year end. If the most recent fiscal year end of any other entity involved in the transaction differs from the registrant’s most recent fiscal year end by more than 93 days, the other entity’s income statement shall be brought up to within 93 days of the registrant’s most recent fiscal year end, if practicable. This updating could be accomplished by adding subsequent interim period results to the most recent fiscal year-end information and deducting the comparable preceding year interim period results. Disclosure shall be made of the periods combined and of the sales or revenues and income for any periods which were excluded from or included more than once in the condensed pro forma income statements (e.g., an interim period that is included both as part of the fiscal year and the subsequent interim period).

For investment companies subject to §§210.6–01 to 210.6–10, the periods covered by the pro forma statements must be the same.

(4) Whenever unusual events enter into the determination of the results shown for the most recently completed fiscal year, the effect of such unusual events should be disclosed and consideration should be given to presenting a pro forma condensed income statement for the most recent twelve-month period in addition to those required in
§ 210.11–03 Presentation of financial forecast.

(a) A financial forecast may be filed in lieu of the pro forma condensed statements of income required by §210.11–02(b)(1).

1. The financial forecast shall cover a period of at least 12 months from the latest of (i) the most recent balance sheet included in the filing or (ii) the consummation date or estimated consummation date of the transaction.

2. The forecasted statement of income shall be presented in the same degree of detail as the pro forma condensed statement of income required by §210.11–02(b)(3).

3. Assumptions particularly relevant to the transaction and effects thereof should be clearly set forth.

4. Historical condensed financial information of the registrant and the business acquired or to be acquired, if any, shall be presented for at least a recent 12 month period in parallel columns with the financial forecast.

(b) Such financial forecast shall be presented in accordance with the guidelines established by the American Institute of Certified Public Accountants.

(c) Forecasted earnings per share data shall be substituted for pro forma per share data.

(d) This rule does not permit the filing of a financial forecast in lieu of pro forma information required by generally accepted accounting principles.

FORM AND CONTENT OF SCHEDULES

These sections prescribe the form and content of the schedules required by §§210.5–04, 210.6–10, 210.6A–05, and 210.7–05.

§ 210.12–02—210.12–03 [Reserved]

§ 210.12–04 Condensed financial information of registrant.

(a) Provide condensed financial information as to financial position, cash flows and results of operations of the registrant as of the same dates and for the same periods for which audited consolidated financial statements are required. The financial information required need not be presented in greater detail than is required for condensed statements by §210.10–01(a)(2), (3) and (4). Detailed footnote disclosure which would normally be included with complete financial statements may be omitted with the exception of disclosures regarding material contingencies, long-term obligations and guarantees. Descriptions of significant provisions of the registrant’s long-term obligations, mandatory dividend or redemption requirements of redeemable stocks, and guarantees of the registrant shall be provided along with a five-year schedule of maturities of debt. If the material contingencies, long-term obligations, redeemable stock requirements and guarantees of the registrant have been separately disclosed in the consolidated statements, they need not be repeated in this schedule.

(b) Disclose separately the amounts of cash dividends paid to the registrant by consolidated subsidiaries, unconsolidated subsidiaries and 50 percent or less owned persons accounted for by the equity method, respectively.

§ 210.12–05—210.12–08 [Reserved]
§ 210.12–09  Valuation and qualifying accounts.

¹List, by major classes, all valuation and qualifying accounts and reserves not included in specific schedules. Identify each class of valuation and qualifying accounts and reserves by descriptive title. Group (a) those valuation and qualifying accounts and reserves which are deducted in the balance sheet from the assets to which they apply and (b) those reserves which support the balance sheet caption. Reserves. Valuation and qualifying accounts and reserves as to which the additions, deductions, and balances were not individually significant may be grouped in one total and in such case the information called for under columns C and D need not be given.

¹Each issue shall be listed separately. Provided, however, that an amount not exceeding five percent of the total of Column C may be listed in one amount as “Miscellaneous securities,” provided the securities so listed are not restricted, have been held for not more than one year prior to the date of the related balance sheet, and have not previously been reported by name to the shareholders of the person for which the schedule is filed or to any exchange, or set forth in any registration statement, application, or annual report or otherwise made available to the public. If any securities are listed as “Miscellaneous securities,” briefly explain in a footnote what the term represents.

²Categorize the schedule by (i) the type of investment (such as common stocks, preferred stocks, convertible securities, fixed income securities, government securities, options purchased, warrants, loan participations and assignments, commercial paper, bankers’ acceptances, certificates of deposit, short-term securities, repurchase agreements, other investment companies, and so forth); and (ii) the region of the country, or geographic region of the investment. Short-term debt instruments (i.e., debt instruments whose maturities or expiration dates at the time of acquisition are one year or less) of the same issuer may be aggregated in the balance sheet.

³The subtotals for each category of investments, subdivided by business grouping or instrument type, shall be shown together with their percentage value compared to net assets (§§ 210.6–04.19 or 210.6–05.4).

⁴Column C shall be totaled. The total of column C shall agree with the cumulative amounts shown on the related balance sheet.

⁵Indicate by an appropriate symbol each issue of securities which is non-income producing. Evidences of indebtedness and preferred shares may be deemed to be income producing if, on the respective last interest payment date or date for the declaration of dividends prior to the date of the related balance sheet, there was only a partial payment of interest or a declaration of only a partial amount of the dividends payable; in such case, however, each such issue shall be indicated by an appropriate symbol referring to a footnote to the effect that, on the last interest or dividend date, only partial interest was paid or partial dividends were declared. If, on such respective last interest or dividend date, no interest was paid or no cash or in kind dividends declared, the issue shall not be deemed to be income producing.

⁶Common shares shall not be deemed to be income producing unless, during the last year preceding the date of the related balance sheet, there was at least one dividend paid upon such common shares.

⁷Indicate by an appropriate symbol each issue of restricted securities. State the following in a footnote: (a) As to each such issue: (1) Acquisition date; (2) carrying value per unit of investment at date of related balance sheet, e.g., a percentage of current market value of unrestricted securities of the same issuer, etc.; and (3) the cost of such securities; (b) as to each issue acquired during the year preceding the date of the related balance sheet, the carrying value per unit of investment of unrestricted securities of the same issuer at: (1) The day the purchase price was agreed to; and (2) the day on which an enforceable right to acquire such securities was obtained; and (c) the aggregate value of all restricted securities and the percentage which the aggregate value bears to net assets.

⁸Indicate by an appropriate symbol each issue of securities held in connection with open put or call option contracts or loans for short sales.

⁹State in a footnote the following amounts based on cost for Federal income tax purposes: (a) Aggregate gross unrealized appreciation for all securities in which there is an excess of value over tax cost, (b) the aggregate gross unrealized depreciation for all securities in which there is an excess of tax cost over value, (c) the net unrealized appreciation or depreciation, and (d) the aggregate cost of securities for Federal income tax purposes.

1 Categorize the schedule by (a) the type of investment (such as common stocks, preferred stocks, convertible securities, fixed income securities, government securities, options purchased, warrants, loan participations and assignments, commercial paper, bankers' acceptances, certificates of deposit, short-term securities, repurchase agreements, other investment companies, and so forth); and (b) the related industry, country, or geographic region of the investment.

2 The subtotals for each category of investments, subdivided by industry, country, or geographic region, shall be shown together with their percentage value compared to net assets.

3 Except as provided in note 5, list separately the 50 largest issues and any other issue the value of which exceeded one percent of the net asset value of the registrant as of the close of the period. For purposes of the list (including, in the case of short-term debt instruments, the first sentence of note 4), aggregate and treat as a single issue, respectively, (a) short-term debt instruments whose maturities or expiration dates at the time of acquisition are one year or less (of the same issuer (indicating the range of interest rates and maturity dates); and (b) fully collateralized repurchase agreements (indicate in a footnote the range of dates of the repurchase agreements, the total purchase price of the securities, the total amount to be received upon repurchase, the range of repurchase dates, and description of securities subject to the repurchase agreements). Restricted and unrestricted securities of the same issuer should be aggregated for purposes of determining whether the issue is among the 50 largest issues, but should not be combined in the schedule. For purposes of determining whether the value of an issue exceeds one percent of net asset value, aggregate and treat as a single issue all securities of any one issuer, except that all fully collateralized repurchase agreements shall be aggregated and treated as a single issue. The U.S. Treasury and each agency, instrumentality, or corporation, including each government-sponsored entity, that issues U.S. government securities is a separate issuer.

4 Any securities that would be required to be listed separately or included in a group of securities that is listed in the aggregate as a separate issuer aggregate to greater than one percent of net asset value, list each issue of the issuer separately (including separate listing of restricted and unrestricted securities of the same issue) except that the following may be aggregated: (a) Fixed-income securities of the same issuer which are not among the 50 largest issues and whose value does not exceed one percent of the net asset value of the registrant as of the close of the period (indicating the range of interest rates and maturity dates); and (b) U.S. government securities of a single agency, instrumentality, or corporation, which are not among the 50 largest issues and whose value does not exceed one percent of the net asset value of the registrant as of the close of the period (indicating the range of interest rates and maturity dates). For each category identified pursuant to note 1, group all issues that are neither separately listed nor included in a group of securities that is listed in the aggregate as a single issue in a sub-category labeled "Other securities," and provide the information for Columns C and D.

5 Any securities that were required to be listed separately or included in a group of securities that is listed in the aggregate as a single issuer may be listed in one amount as "Miscellaneous securities." Provided the securities so listed are eligible to be, and are, categorized as "Miscellaneous securities" in the registrant's Schedule of Investments in Securities of Unaffiliated Issuers required under §210.12–12. However, if any security that is included in "Miscellaneous securities" would otherwise be required to be included in a group of securities that is listed in the aggregate as a single issuer, the remaining securities of that group must nonetheless be listed as required by notes 3 and 4 even if the remaining securities alone would not otherwise be required to be listed in this manner (e.g., because the combined value of the security listed in "Miscellaneous securities" and the remaining securities of the same issuer exceeds one percent of net asset value, but the value of the remaining securities alone does not exceed one percent of net asset value).

6 If any securities are listed as "Miscellaneous securities" pursuant to note 5 or "Other securities" pursuant to note 4, briefly explain in a footnote what those terms represent.

7 Total Column C. The total of column C should equal the total shown on the related balance sheet for investments in securities of unaffiliated issuers.

1 List each major category of investments by descriptive title. If practicable, indicate the quantity or measure in appropriate units.
2 Indicate by an appropriate symbol each investment which is non-income producing.
3 Indicate by an appropriate symbol each investment subject to option. State in a footnote: (a) The quantity subject to option, (b) nature of option contract, (c) option price, and (d) dates within which options may be exercised.

Attention Electronic Filers

This regulation should be read in conjunction with Regulation S-T (Part 232 of this chapter), which governs the preparation and submission of documents in electronic format. Many provisions relating to the preparation and submission of documents in paper format contained in this regulation are superseded by the provisions of Regulation S-T for documents required to be filed in electronic format.

Subpart 229.1—General

§ 229.10 (Item 10) General.

(a) Application of Regulation S-K. This part (together with the General Rules
and Regulations under the Securities Act of 1933, 15 U.S.C. 77a et seq., as amended (Securities Act), and the Securities Exchange Act of 1934, 15 U.S.C. 78a et seq., as amended (Exchange Act) (parts 230 and 240 of this chapter), the Interpretative Releases under these Acts (parts 231 and 241 of this chapter) and the forms under these Acts (parts 239 and 249 of this chapter) states the requirements applicable to the content of the non-financial statement portions of:

1. Registration statements under the Securities Act (part 239 of this chapter) to the extent provided in the forms to be used for registration under such Act; and

2. Registration statements under section 12 (subpart C of part 249 of this chapter), annual or other reports under sections 13 and 15(d) (subparts D and E of part 249 of this chapter), going-private transaction statements under section 13 (part 240 of this chapter), tender offer statements under sections 13 and 14 (part 240 of this chapter), annual reports to security holders and proxy and information statements under section 14 (part 240 of this chapter), and any other documents required to be filed under the Exchange Act, to the extent provided in the forms and rules under that Act.

(b) Commission policy on projections.

The Commission encourages the use in documents specified in Rule 175 under the Securities Act (§230.175 of this chapter) and Rule 3b–6 under the Exchange Act (§240.3b–6 of this chapter) of management’s projections of future economic performance that have a reasonable basis and are presented in an appropriate format. The guidelines set forth herein represent the Commission’s views on important factors to be considered in formulating and disclosing such projections.

1. Basis for projections. The Commission believes that management must have the option to present in Commission filings its good faith assessment of a registrant’s future performance. Management, however, must have a reasonable basis for such an assessment. Although a history of operations or experience in projecting may be among the factors providing a basis for management’s assessment, the Commission does not believe that a registrant always must have had such a history or experience in order to formulate projections with a reasonable basis. An outside review of management’s projections may furnish additional support for having a reasonable basis for a projection. If management decides to include a report of such a review in a Commission filing, there also should be disclosure of the qualifications of the reviewer, the extent of the review, the relationship between the reviewer and the registrant, and other material factors concerning the process by which any outside review was sought or obtained. Moreover, in the case of a registration statement under the Securities Act, the reviewer would be deemed an expert and an appropriate consent must be filed with the registration statement.

2. Format for projections. In determining the appropriate format for projections included in Commission filings, consideration must be given to, among other things, the financial items to be projected, the period to be covered, and the manner of presentation to be used. Although traditionally projections have been given for three financial items generally considered to be of primary importance to investors (revenues, net income (loss) and earnings (loss) per share), projection information need not necessarily be limited to these three items. However, management should take care to assure that the choice of items projected is not susceptible of misleading inferences through selective projection of only favorable items. Revenues, net income (loss) and earnings (loss) per share usually are presented together in order to avoid any misleading inferences that may arise when the individual items reflect contradictory trends. There may be instances, however, when it is appropriate to present earnings (loss) from continuing operations, or income (loss) before extraordinary items in addition to or in lieu of net income (loss). It generally would be misleading to present sales or revenue projections without one of the foregoing measures of income. The period that appropriately may be covered by a projection depends to a large extent on the particular circumstances of the
company involved. For certain companies in certain industries, a projection covering a two or three year period may be entirely reasonable. Other companies may not have a reasonable basis for projections beyond the current year. Accordingly, management should select the period most appropriate in the circumstances. In addition, management, in making a projection, should disclose what, in its opinion, is the most probable specific amount or the most reasonable range for each financial item projected based on the selected assumptions. Ranges, however, should not be so wide as to make the disclosures meaningless. Moreover, several projections based on varying assumptions may be judged by management to be more meaningful than a single number or range and would be permitted.

(3) Investor understanding. (i) When management chooses to include its projections in a Commission filing, the disclosures accompanying the projections should facilitate investor understanding of the basis for and limitations of projections. In this regard investors should be cautioned against attributing undue certainty to management’s assessment, and the Commission believes that investors would be aided by a statement indicating management’s intention regarding the furnishing of updated projections. The Commission also believes that investor understanding would be enhanced by disclosure of the assumptions which in management’s opinion are most significant to the projections or are the key factors upon which the financial results of the enterprise depend and encourages disclosure of assumptions in a manner that will provide a framework for analysis of the projection.

(ii) Management also should consider whether disclosure of the accuracy or inaccuracy of previous projections would provide investors with important insights into the limitations of projections. In this regard, consideration should be given to presenting the projections in a format that will facilitate subsequent analysis of the reasons for differences between actual and forecast results. An important benefit may arise from the systematic analysis of variances between projected and actual results on a continuing basis, since such disclosure may highlight for investors the most significant risk and profit-sensitive areas in a business operation.

(iii) With respect to previously issued projections, registrants are reminded of their responsibility to make full and prompt disclosure of material facts, both favorable and unfavorable, regarding their financial condition. This responsibility may extend to situations where management knows or has reason to know that its previously disclosed projections no longer have a reasonable basis.

(iv) Since a registrant’s ability to make projections with relative confidence may vary with all the facts and circumstances, the responsibility for determining whether to discontinue or to resume making projections is best left to management. However, the Commission encourages registrants not to discontinue or to resume projections in Commission filings without a reasonable basis.

(c) Commission policy on security ratings. In view of the importance of security ratings (ratings) to investors and the marketplace, the Commission permits registrants to disclose, on a voluntary basis, ratings assigned by rating organizations to classes of debt securities, convertible debt securities and preferred stock in registration statements and periodic reports. Set forth herein are the Commission’s views on important matters to be considered in disclosing security ratings.

(1) Securities Act filings. (i) If a registrant includes in a registration statement filed under the Securities Act any rating(s) assigned to a class of securities, it should consider including:
(A) Any other rating intended for public dissemination assigned to such class by a nationally recognized statistical rating organization (NRSRO) (additional NRSRO rating) that is available on the date of the initial filing of the document and that is materially different from any rating disclosed; and
(B) the name of each rating organization whose rating is disclosed; each such rating organization’s definition or description of the category in which it
§ 229.10

rated the class of securities; the relative rank of each rating within the assigning rating organization’s overall classification system; and a statement informing investors that a security rating is not a recommendation to buy, sell or hold securities, that it may be subject to revision or withdrawal at any time by the assigning rating organization, and that each rating should be evaluated independently of any other rating. The registrant also should include the written consent of any rating organization that is not a NRSRO whose rating is included. With respect to the written consent of any NRSRO whose rating is included, see Rule 436(g) under the Securities Act (§ 230.436(g) of this chapter).

(ii) If a change in a rating already included is available subsequent to the filing of the registration statement, but prior to its effectiveness, the registrant should consider including such rating change in the final prospectus. If the rating change is material or if a materially different rating from any disclosed becomes available during this period, the registrant should consider amending the registration statement to include the rating change or additional rating and recirculating the preliminary prospectus.

(iii) If a materially different additional NRSRO rating or a material change in a rating already included becomes available during any period in which offers or sales are being made, the registrant should consider disclosing such additional rating or rating change by means of post-effective amendment or sticker to the prospectus pursuant to Rule 424(b) under the Securities Act (§230.424(b) of this chapter), unless, in the case of a registration statement on Form S–3 (§239.13 of this chapter), it has been disclosed in a document incorporated by reference into the registration statement subsequent to its effectiveness and prior to the termination of the offering.

(2) Exchange Act filings. (i) If a registrant includes in a registration statement or periodic report filed under the Exchange Act any rating(s) assigned to a class of securities, it should consider including the information specified in paragraphs (c)(1)(i)(A) and (B) of this section.

(ii) If there is a material change in the rating(s) assigned by any NRSRO(s) to any outstanding class(es) of securities of a registrant subject to the reporting requirements of section 13(a) or 15(d) of the Exchange Act, the registrant should consider filing a report on Form 8–K (§249.308 of this chapter) or other appropriate report under the Exchange Act disclosing such rating change.

(d) Incorporation by Reference. Where rules, regulations, or instructions to forms of the Commission permit incorporation by reference, a document may be so incorporated by reference to the specific document and to the prior filing or submission in which such document was physically filed or submitted. Except where a registrant or issuer is expressly required to incorporate a document or documents by reference (or for purposes of Item 1100(c) of Regulation AB (§229.1100(c)) with respect to an asset-backed issuer, as that term is defined in Item 1101 of Regulation AB (§229.1101)), reference may not be made to any document which incorporates another document by reference if the pertinent portion of the document containing the information or financial statements to be incorporated by reference includes an incorporation by reference to another document. No document on file with the Commission for more than five years may be incorporated by reference except:

(1) Documents contained in registration statements, which may be incorporated by reference as long as the registrant has a reporting requirement with the Commission; or

(2) Documents that the registrant specifically identifies by physical location by SEC file number reference, provided such materials have not been disposed of by the Commission pursuant to its Records Control Schedule (17 CFR 200.80).

(e) Use of non-GAAP financial measures in Commission filings. (1) Whenever one or more non-GAAP financial measures are included in a filing with the Commission:

(i) The registrant must include the following in the filing:
Securities and Exchange Commission

§ 229.10

(A) A presentation, with equal or greater prominence, of the most directly comparable financial measure or measures calculated and presented in accordance with Generally Accepted Accounting Principles (GAAP);

(B) A reconciliation (by schedule or other clearly understandable method), which shall be quantitative for historical non-GAAP measures presented, and quantitative, to the extent available without unreasonable efforts, for forward-looking information, of the differences between the non-GAAP financial measure disclosed or released with the most directly comparable financial measure or measures calculated and presented in accordance with GAAP identified in paragraph (e)(1)(i)(A) of this section;

(C) A statement disclosing the reasons why the registrant’s management believes that presentation of the non-GAAP financial measure provides useful information to investors regarding the registrant’s financial condition and results of operations; and

(D) To the extent material, a statement disclosing the additional purposes, if any, for which the registrant’s management uses the non-GAAP financial measure that are not disclosed pursuant to paragraph (e)(1)(i)(C) of this section; and

(ii) A registrant must not:

(A) Exclude charges or liabilities that required, or will require, cash settlement, or would have required cash settlement absent an ability to settle in another manner, from non-GAAP liquidity measures, other than the measures earnings before interest and taxes (EBIT) and earnings before interest, taxes, depreciation, and amortization (EBITDA);

(B) Adjust a non-GAAP performance measure to eliminate or smooth items identified as non-recurring, infrequent or unusual, when the nature of the charge or gain is such that it is reasonably likely to recur within two years or there was a similar charge or gain within the prior two years;

(C) Present non-GAAP financial measures on the face of the registrant’s financial statements prepared in accordance with GAAP or in the accompanying notes;

(D) Present non-GAAP financial measures on the face of any pro forma financial information required to be disclosed by Article 11 of Regulation S-X (17 CFR 210.11–01 through 210.11–03); or

(E) Use titles or descriptions of non-GAAP financial measures that are the same as, or confusingly similar to, titles or descriptions used for GAAP financial measures; and

(iii) If the filing is not an annual report on Form 10-K or Form 20-F (17 CFR 249.220f), a registrant need not include the information required by paragraphs (e)(1)(i)(C) and (e)(1)(i)(D) of this section if that information was included in its most recent annual report on Form 10-K or Form 20-F or a more recent filing, provided that the required information is updated to the extent necessary to meet the requirements of paragraphs (e)(1)(i)(C) and (e)(1)(i)(D) of this section at the time of the registrant’s current filing.

(2) For purposes of this paragraph (e), a non-GAAP financial measure is a numerical measure of a registrant’s historical or future financial performance, financial position or cash flows that:

(i) Excludes amounts, or is subject to adjustments that have the effect of excluding amounts, that are included in the most directly comparable measure calculated and presented in accordance with GAAP in the statement of income, balance sheet or statement of cash flows (or equivalent statements) of the issuer; or

(ii) Includes amounts, or is subject to adjustments that have the effect of including amounts, that are excluded from the most directly comparable measure so calculated and presented.

(3) For purposes of this paragraph (e), GAAP refers to generally accepted accounting principles in the United States, except that:

(i) In the case of foreign private issuers whose primary financial statements are prepared in accordance with non-U.S. generally accepted accounting principles, GAAP refers to the principles under which those primary financial statements are prepared; and

(ii) In the case of foreign private issuers that include a non-GAAP financial measure derived from or based on a measure calculated in accordance

345
with U.S. generally accepted accounting principles. GAAP refers to U.S. generally accepted accounting principles for purposes of the application of the requirements of this paragraph (e) to the disclosure of that measure.

(4) For purposes of this paragraph (e), non-GAAP financial measures exclude:

(i) Operating and other statistical measures; and

(ii) Ratios or statistical measures calculated using exclusively one or both of:

(A) Financial measures calculated in accordance with GAAP; and

(B) Operating measures or other measures that are not non-GAAP financial measures.

(5) For purposes of this paragraph (e), non-GAAP financial measures exclude financial measures required to be disclosed by GAAP, Commission rules, or a system of regulation of a government or governmental authority or self-regulatory organization that is applicable to the registrant. However, the financial measure should be presented outside of the financial statements unless the financial measure is required or expressly permitted by the standard-setter that is responsible for establishing the GAAP used in such financial statements.

(6) The requirements of paragraph (e) of this section shall not apply to a non-GAAP financial measure included in disclosure relating to a proposed business combination, the entity resulting therefrom or an entity that is a party thereto, if the disclosure is contained in a communication that is subject to §230.425 of this chapter, §240.14a–12 or §240.14d–2(b)(2) of this chapter or §229.1015 of this chapter.

(7) The requirements of paragraph (e) of this section shall not apply to investment companies registered under section 8 of the Investment Company Act of 1940 (15 U.S.C. 80a–8).

NOTE TO PARAGRAPH (e). A non-GAAP financial measure that would otherwise be prohibited by paragraph (e)(1)(ii) of this section is permitted in a filing of a foreign private issuer if:

1. The non-GAAP financial measure relates to the GAAP used in the registrant’s primary financial statements included in its filing with the Commission;

2. The non-GAAP financial measure is required or expressly permitted by the standard-setter that is responsible for establishing the GAAP used in such financial statements; and

3. The non-GAAP financial measure is included in the annual report prepared by the registrant for use in the jurisdiction in which it is domiciled, incorporated or organized or for distribution to its security holders.

(f) Smaller reporting companies. The requirements of this part apply to smaller reporting companies. A smaller reporting company may comply with either the requirements applicable to smaller reporting companies or the requirements applicable to other companies for each item, unless the requirements for smaller reporting companies specify that smaller reporting companies must comply with the smaller reporting company requirements. The following items of this part set forth requirements for smaller reporting companies that are different from requirements applicable to other companies:

INDEX OF SCALED DISCLOSURE AVAILABLE TO SMALLER REPORTING COMPANIES

| Item 101 | Description of business. |
| Item 201 | Market price of and dividends on registrant’s common equity and related stockholder matters. |
| Item 301 | Selected financial data. |
| Item 302 | Supplementary financial information. |
| Item 303 | Management’s discussion and analysis of financial condition and results of operations. |
| Item 305 | Quantitative and qualitative disclosures about market risk. |
| Item 402 | Executive compensation. |
| Item 404 | Transactions with related persons, promoters and certain control persons. |
| Item 407 | Corporate governance. |
| Item 503 | Prospectus summary, risk factors, and ratio of earnings to fixed charges. |
| Item 504 | Use of proceeds. |
| Item 601 | Exhibits. |

(1) Definition of smaller reporting company. As used in this part, the term smaller reporting company means an issuer that is not an investment company, an asset-backed issuer (as defined in §229.1101), or a majority-owned
subsidiary of a parent that is not a smaller reporting company and that:

(i) Had a public float of less than $75 million as of the last business day of its most recently completed second fiscal quarter, computed by multiplying the aggregate worldwide number of shares of its voting and non-voting common equity held by non-affiliates by the price at which the common equity was last sold, or the average of the bid and asked prices of common equity, in the principal market for the common equity; or

(ii) In the case of an initial registration statement under the Securities Act or Exchange Act for shares of its common equity, had a public float of less than $75 million as of a date within 30 days of the date of the filing of the registration statement, computed by multiplying the aggregate worldwide number of such shares held by non-affiliates before the registration plus, in the case of a Securities Act registration statement, the number of such shares included in the registration statement, by the estimated public offering price of the shares; or

(iii) In the case of an issuer whose public float as calculated under paragraph (i) or (ii) of this definition was zero, had annual revenues of less than $50 million during the most recently completed fiscal year for which audited financial statements are available.

(2) Determination: Whether or not an issuer is a smaller reporting company is determined on an annual basis.

(i) For issuers that are required to file reports under section 13(a) or 15(d) of the Exchange Act, the determination is based on whether the issuer came within the definition of smaller reporting company, using the amounts specified in paragraph (f)(2)(iii) of this Item, as of the last business day of the second fiscal quarter of the issuer’s previous fiscal year. An issuer in this category must reflect this determination beginning with its first quarterly report on Form 10-Q following the determination, rather than waiting until the first fiscal quarter of the next year.

(ii) For determinations based on an initial Securities Act or Exchange Act registration statement under paragraph (f)(1)(ii) of this Item, the issuer must reflect the determination in the information it provides in the registration statement and must appropriately indicate on the cover page of the filing, and subsequent filings for the fiscal year in which the filing is made, whether or not it is a smaller reporting company. The issuer must redetermine its status at the end of its second fiscal quarter and then reflect any change in status as provided in paragraph (f)(2)(i) of this Item. In the case of a determination based on an initial Securities Act registration statement, an issuer that was not determined to be a smaller reporting company has the option to redetermine its status at the conclusion of the offering covered by the registration statement based on the actual offering price and number of shares sold.

(iii) Once an issuer fails to qualify for smaller reporting company status, it will remain unqualified unless it determines that its public float, as calculated in accordance with paragraph (f)(1) of this Item, was less than $50 million as of the last business day of its second fiscal quarter or, if that calculation results in zero because the issuer had no public equity outstanding or no market price for its equity existed, if the issuers had annual revenues of less than $40 million during its previous fiscal year.

Subpart 229.100—Business

§ 229.101 (Item 101) Description of business.

(a) General development of business. Describe the general development of
the business of the registrant, its subsidiaries and any predecessor(s) during the past five years, or such shorter period as the registrant may have been engaged in business. Information shall be disclosed for earlier periods if material to an understanding of the general development of the business.

(1) In describing developments, information shall be given as to matters such as the following: the year in which the registrant was organized and its form of organization; the nature and results of any bankruptcy, receivership or similar proceeding; with respect to the registrant or any of its significant subsidiaries; the nature and results of any other material reclassification, merger or consolidation of the registrant or any of its significant subsidiaries; the acquisition or disposition of any material amount of assets other than in the ordinary course of business; and any material changes in the mode of conducting the business.

(2) Registrants:
   (i) Filing a registration statement on Form S–1 (§239.11 of this chapter) under the Securities Act or on Form 10 (§249.210 of this chapter) under the Exchange Act;
   (ii) Not subject to the reporting requirements of section 13(a) or 15(d) of the Exchange Act immediately before the filing of such registration statement; and
   (iii) That (including predecessors) have not received revenue from operations during each of the three fiscal years immediately before the filing of such registration statement, shall provide the following information:
      (A) If the registration statement is filed prior to the end of the registrant’s second fiscal quarter, a description of the registrant’s plan of operation for the remainder of the fiscal year; or
      (B) If the registration statement is filed subsequent to the end of the registrant’s second fiscal quarter, a description of the registrant’s plan of operation for the remainder of the fiscal year and for the first six months of the next fiscal year. If such information is not available, the reasons for its not being available shall be stated. Disclosure relating to any plan shall include such matters as:

(1) In the case of a registration statement on Form S–1, a statement in narrative form indicating the registrant’s opinion as to the period of time that the proceeds from the offering will satisfy cash requirements and whether in the next six months it will be necessary to raise additional funds to meet the expenditures required for operating the business of the registrant; the specific reasons for such opinion shall be set forth and categories of expenditures and sources of cash resources shall be identified; however, amounts of expenditures and cash resources need not be provided; in addition, if the narrative statement is based on a cash budget, such budget shall be furnished to the Commission as supplemental information, but not as part of the registration statement;

(2) An explanation of material product research and development to be performed during the period covered in the plan;

(3) Any anticipated material acquisition of plant and equipment and the capacity thereof;

(4) Any anticipated material changes in number of employees in the various departments such as research and development, production, sales or administration; and

(5) Other material areas which may be peculiar to the registrant’s business.

(b) Financial information about segments. Report for each segment, as defined by generally accepted accounting principles, revenues from external customers, a measure of profit or loss and total assets. A registrant must report this information for each of the last three fiscal years or for as long as it has been in business, whichever period is shorter. If the information provided in response to this paragraph (b) conforms with generally accepted accounting principles, a registrant may include in its financial statements a cross reference to this data in lieu of presenting duplicative information in the financial statements; conversely, a registrant may cross reference to the financial statements.

(1) If a registrant changes the structure of its internal organization in a manner that causes the composition of its reportable segments to change, the
Securities and Exchange Commission

§ 229.101

The registrant must restate the corresponding information for earlier periods, including interim periods, unless it is impracticable to do so. Following a change in the composition of its reportable segments, a registrant shall disclose whether it has restated the corresponding items of segment information for earlier periods. If it has not restated the items from earlier periods, the registrant shall disclose in the year in which the change occurs segment information for the current period under both the old basis and the new basis of segmentation, unless it is impracticable to do so.

(2) If the registrant includes, or is required by Article 3 of Regulation S-X (17 CFR 210) to include, interim financial statements, discuss any facts relating to the performance of any of the segments during the period which, in the opinion of management, indicate that the three year segment financial data may not be indicative of current or future operations of the segment. Comparative financial information shall be included to the extent necessary to the discussion.

(c) Narrative description of business. (1) Describe the business done and intended to be done by the registrant and its subsidiaries, focusing upon the registrant’s dominant segment or each reportable segment about which financial information is presented in the financial statements. To the extent material to an understanding of the registrant’s business taken as a whole, the description of each such segment shall include the information specified in paragraphs (c)(1)(i) through (x) of this section. The matters specified in paragraphs (c)(1)(xi) through (xiii) of this section shall be discussed with respect to the registrant’s business in general; where material, the segments to which these matters are significant shall be identified.

(i) The principal products produced and services rendered by the registrant in the segment and the principal markets for, and methods of distribution of, the segment’s principal products and services. In addition, state for each of the last three fiscal years the amount or percentage of total revenue contributed by any class of similar products or services which accounted for 10 percent or more of consolidated revenue in any of the last three fiscal years or 15 percent or more of consolidated revenue, if total revenue did not exceed $50,000,000 during any of such fiscal years.

(ii) A description of the status of a product or segment (e.g., whether in the planning stage, whether prototypes exist, the degree to which product design has progressed or whether further engineering is necessary), if there has been a public announcement of, or if the registrant otherwise has made public information about, a new product or segment that would require the investment of a material amount of the assets of the registrant or that otherwise is material. This paragraph is not intended to require disclosure of otherwise nonpublic corporate information the disclosure of which would affect adversely the registrant’s competitive position.

(iii) The sources and availability of raw materials.

(iv) The importance to the segment and the duration and effect of all patents, trademarks, licenses, franchises and concessions held.

(v) The extent to which the business of the segment is or may be seasonal.

(vi) The practices of the registrant and the industry (respective industries) relating to working capital items (e.g., where the registrant is required to carry significant amounts of inventory to meet rapid delivery requirements of customers or to assure itself of a continuous allotment of goods from suppliers; where the registrant provides rights to return merchandise; or where the registrant has provided extended payment terms to customers).

(vii) The dependence of the segment upon a single customer, or a few customers, the loss of any one or more of which would have a material adverse effect on the segment. The name of any customer and its relationship, if any, with the registrant or its subsidiaries shall be disclosed if sales to the customer by one or more segments are made in an aggregate amount equal to 10 percent or more of the registrant’s consolidated revenues and the loss of such customer would have a material adverse effect on the registrant and its subsidiaries taken as a whole. The
names of other customers may be included, unless in the particular case the effect of including the names would be misleading. For purposes of this paragraph, a group of customers under common control or customers that are affiliates of each other shall be regarded as a single customer.

(viii) The dollar amount of backlog orders believed to be firm, as of a recent date and as of a comparable date in the preceding fiscal year, together with an indication of the portion thereof not reasonably expected to be filled within the current fiscal year, and seasonal or other material aspects of the backlog. (There may be included as firm orders government orders that are firm but not yet funded and contracts awarded but not yet signed, provided an appropriate statement is added to explain the nature of such orders and the amount thereof. The portion of orders already included in sales or operating revenues on the basis of percentage of completion or program accounting shall be excluded.)

(ix) A description of any material portion of the business that may be subject to renegotiation of profits or termination of contracts or subcontracts at the election of the Government.

(x) Competitive conditions in the business involved including, where material, the identity of the particular markets in which the registrant competes, an estimate of the number of competitors and the registrant’s competitive position, if known or reasonably available to the registrant. Separate consideration shall be given to the principal products or services or classes of products or services of the segment, if any. Generally, the names of competitors need not be disclosed. The registrant may include such names, unless in the particular case the effect of including the names would be misleading. Where, however, the registrant knows or has reason to know that one or a small number of competitors is dominant in the industry it shall be identified. The principal methods of competition (e.g., price, service, warranty or product performance) shall be identified, and positive and negative factors pertaining to the competitive position of the registrant, to the extent that they exist, shall be explained if known or reasonably available to the registrant.

(xi) If material, the estimated amount spent during each of the last three fiscal years on company-sponsored research and development activities determined in accordance with generally accepted accounting principles. In addition, state, if material, the estimated dollar amount spent during each of such years on customer-sponsored research activities relating to the development of new products, services or techniques or the improvement of existing products, services or techniques.

(xii) Appropriate disclosure also shall be made as to the material effects that compliance with Federal, State and local provisions which have been enacted or adopted regulating the discharge of materials into the environment, or otherwise relating to the protection of the environment, may have upon the capital expenditures, earnings and competitive position of the registrant and its subsidiaries. The registrant shall disclose any material estimated capital expenditures for environmental control facilities for the remainder of its current fiscal year and its succeeding fiscal year and for such further periods as the registrant may deem materials.

(xiii) The number of persons employed by the registrant.

(d) Financial information about geographic areas. (1) State for each of the registrant’s last three fiscal years, or for each fiscal year the registrant has been engaged in business, whichever period is shorter:

(ii) Long-lived assets, other than financial instruments, long-term customer relationships of a financial institution, mortgage and other servicing rights, deferred policy acquisition

(B) All foreign countries, in total, in which the registrant holds assets; and

(C) Any individual foreign country, if material.

(2) A registrant shall report the amounts based on the financial information that it uses to produce the general-purpose financial statements. If providing the geographic information is impracticable, the registrant shall disclose that fact. A registrant may wish to provide, in addition to the information required by paragraph (d)(1) of this section, subtotals of geographic information about groups of countries. To the extent that the disclosed information conforms with generally accepted accounting principles, the registrant may include in its financial statements a cross reference to this data in lieu of presenting duplicative data in its financial statements; conversely, a registrant may cross-reference to the financial statements.

(3) A registrant shall describe any risks attendant to the foreign operations and any dependence on one or more of the registrant’s segments upon such foreign operations, unless it would be more appropriate to discuss this information in connection with the description of one or more of the registrant’s segments under paragraph (c) of this item.

(4) If the registrant includes, or is required by Article 3 of Regulation S-X (17 CFR 210), to include, interim financial statements, discuss any facts relating to the information furnished under this paragraph (d) that, in the opinion of management, indicate that the three year financial data for geographic areas may not be indicative of current or future operations. To the extent necessary to the discussion, include comparative information.

(e) Available information. Disclose the information in paragraphs (e)(1), (e)(2) and (e)(3) of this section in any registration statement you file under the Securities Act (15 U.S.C. 77a et seq.), and disclose the information in paragraphs (e)(3) and (e)(4) of this section if you are an accelerated filer or a large accelerated filer (as defined in §240.12b–2 of this chapter) filing an annual report on Form 10–K (§249.310 of this chapter):

(1) Whether you file reports with the Securities and Exchange Commission. If you are a reporting company, identify the reports and other information you file with the SEC.

(2) That the public may read and copy any materials you file with the SEC at the SEC’s Public Reference Room at 100 F Street, NE., Washington, DC 20549. If you are an electronic filer, state that the SEC maintains an Internet site that contains reports, proxy and information statements, and other information regarding issuers that file electronically with the SEC and state the address of that site (http://www.sec.gov).

(3) You are encouraged to give your Internet address, if available, except that if you are an accelerated filer or a large accelerated filer filing your annual report on Form 10–K, you must disclose your Internet address, if you have one.

(4)(i) Whether you make available free of charge on or through your Internet website, if you have one, your annual report on Form 10–K, quarterly reports on Form 10–Q (§249.308a of this chapter), current reports on Form 8–K (§249.308 of this chapter), and amendments to those reports filed or furnished pursuant to Section 13(a) or 15(d) of the Exchange Act (15 U.S.C. 78m(a) or 78o(d)) as soon as reasonably practicable after you electronically file such material with, or furnish it to, the SEC;

(ii) If you do not make your filings available in this manner, the reasons you do not do so (including, where applicable, that you do not have an Internet website); and

(iii) If you do not make your filings available in this manner, whether you voluntarily will provide electronic or paper copies of your filings free of charge upon request.

(f) Reports to security holders. Disclose the following information in any registration statement you file under the Securities Act:
(1) If the SEC’s proxy rules or regulations, or stock exchange requirements, do not require you to send an annual report to security holders or to holders of American depositary receipts, describe briefly the nature and frequency of reports that you will give to security holders. Specify whether the reports that you give will contain financial information that has been examined and reported on, with an opinion expressed “by” an independent public or certified public accountant.

(2) For a foreign private issuer, if the report will not contain financial information prepared in accordance with U.S. generally accepted accounting principles, you must state whether the report will include a reconciliation of this information with U.S. generally accepted accounting principles.

(g) Enforceability of civil liabilities against foreign persons. Disclose the following if you are a foreign private issuer filing a registration statement under the Securities Act:

(1) Whether or not investors may bring actions under the civil liability provisions of the U.S. Federal securities laws against the foreign private issuer, any of its officers and directors who are residents of a foreign country, any underwriters or experts named in the registration statement that are residents of a foreign country, and whether investors may enforce these civil liability provisions when the assets of the issuer or these other persons are located outside of the United States. The disclosure must address the following matters:

(i) The investor’s ability to effect service of process within the United States on the foreign private issuer or any person;

(ii) The investor’s ability to enforce judgments obtained in U.S. courts against foreign persons based upon the civil liability provisions of the U.S. Federal securities laws;

(iv) The investor’s ability to bring an original action in an appropriate foreign court to enforce liabilities against the foreign private issuer or any person based upon the U.S. Federal securities laws.

(2) If you provide this disclosure based on an opinion of counsel, name counsel in the prospectus and file as an exhibit to the registration statement a signed consent of counsel to the use of its name and opinion.

(h) Smaller reporting companies. A smaller reporting company, as defined by §229.10(f)(1), may satisfy its obligations under this Item by describing the development of its business during the last three years. If the smaller reporting company has not been in business for three years, give the same information for predecessor(s) of the smaller reporting company if there are any. This business development description should include:

(1) Form and year of organization;

(2) Any bankruptcy, receivership or similar proceeding; and

(3) Any material reclassification, merger, consolidation, or purchase or sale of a significant amount of assets not in the ordinary course of business.

(4) Business of the smaller reporting company. Briefly describe the business and include, to the extent material to an understanding of the smaller reporting company:

(i) Principal products or services and their markets;

(xi) Costs and effects of compliance with environmental laws (federal, state and local); and

(xii) Number of total employees and number of full-time employees.

(5) Reports to security holders. Disclose the following in any registration statement you file under the Securities Act of 1933:

(i) If you are not required to deliver an annual report to security holders, whether you will voluntarily send an annual report and whether the report will include audited financial statements;

(ii) Whether you file reports with the Securities and Exchange Commission. If you are a reporting company, identify the reports and other information you file with the Commission; and

(iii) That the public may read and copy any materials you file with the Commission at the SEC's Public Reference Room at 100 F Street, NE., Washington, DC 20549, on official business days during the hours of 10 a.m. to 3 p.m. State that the public may obtain information on the operation of the Public Reference Room by calling the Commission at 1–800–SEC–0330. State briefly the location and general character of the principal plants, mines and other materially important physical properties of the registrant and its subsidiaries. In addition, identify the segment(s), as reported in the financial statements, that use the properties described. If any such property is not held in fee or is held subject to any major encumbrance, so state and describe briefly how held.

Instructions to Item 101:

1. What is required is such information as reasonably will inform investors as to the suitability, adequacy, productive capacity and extent of utilization of the facilities by the registrant. Detailed descriptions of the physical characteristics of individual properties or legal descriptions by metes and bounds are not required and shall not be given.

2. In determining whether properties should be described, the registrant should take into account both quantitative and qualitative factors such as the significance of the matter to the registrant (e.g., whether a matter with a relatively minor impact on the registrant's business is represented by management to be important to its future profitability), the pervasiveness of the matter (e.g., whether it affects or may affect numerous items in the segment information), and the impact of the matter (e.g., whether it distorts the trends reflected in the segment information). Situations may arise when information should be disclosed about a segment, although the information in quantitative terms may not appear significant to the registrant's business taken as a whole.

2. Base the determination of whether information about segments is required for a particular year upon an evaluation of interperiod comparability. For instance, interperiod comparability would require a registrant to report segment information in the current period even if not material under the criteria for reportability of FASB ASC Topic 280, Segment Reporting, if a segment has been significant in the immediately preceding period and the registrant expects it to be significant in the future.

3. The Commission, upon written request of the registrant and where consistent with the protection of investors, may permit the omission of any of the information required by this Item or the furnishing in substitution thereof of appropriate information of comparable character.

§ 229.102 (Item 102) Description of property.

State briefly the location and general character of the principal plants, mines and other materially important physical properties of the registrant and its subsidiaries. In addition, identify the segment(s), as reported in the financial statements, that use the properties described. If any such property is not held in fee or is held subject to any major encumbrance, so state and describe briefly how held.

Instructions to Item 102:

1. What is required is such information as reasonably will inform investors as to the suitability, adequacy, productive capacity and extent of utilization of the facilities by the registrant. Detailed descriptions of the physical characteristics of individual properties or legal descriptions by metes and bounds are not required and shall not be given.

2. In determining whether properties should be described, the registrant should take into account both quantitative and
§ 229.103 Legal proceedings.

Describe briefly any material pending legal proceedings, other than ordinary routine litigation incidental to the business, to which the registrant or any of its subsidiaries is a party or of which any of their property is the subject. Include the name of the court or agency in which the proceedings are pending, the date instituted, the principal parties thereto, a description of the factual basis alleged to underlie the proceeding and the relief sought. Include similar information as to any such proceedings known to be contemplated by governmental authorities.

Instructions to Item 103: 1. If the business ordinarily results in actions for negligence or other claims, no such action or claim need be described unless it departs from the normal kind of such actions.

2. No information need be given with respect to any proceeding that involves primarily a claim for damages if the amount involved, exclusive of interest and costs, does not exceed 10 percent of the current assets of the registrant and its subsidiaries on a consolidated basis. However, if any proceeding presents in large degree the same legal and factual issues as other proceedings pending or known to be contemplated, the amount involved in such other proceedings shall be included in computing such percentage.

3. Notwithstanding Instructions 1 and 2, any material bankruptcy, receivership, or similar proceeding with respect to the registrant or any of its significant subsidiaries shall be described.

4. Any material proceedings to which any director, officer or affiliate of the registrant, any owner of record or beneficially of more than five percent of any class of voting securities of the registrant, or any associate of any such director, officer, affiliate of the registrant, or security holder is a party adverse to the registrant or any of its subsidiaries also shall be described.

5. Notwithstanding the foregoing, an administrative or judicial proceeding (including, for purposes of A and B of this Instruction, proceedings which present in large degree the same issues) arising under any Federal, State or local provisions that have been enacted or adopted regulating the discharge of materials into the environment or primarily for the purpose of protecting the environment shall not be deemed "ordinary routine litigation incidental to the business" and shall be described if:

A. Such proceeding is material to the business or financial condition of the registrant;

B. Such proceeding involves primarily a claim for damages, or involves potential monetary sanctions, capital expenditures, deferred charges or charges to income and the amount involved, exclusive of interest and costs, exceeds 10 percent of the current assets of the registrant and its subsidiaries on a consolidated basis; or

C. A governmental authority is a party to such proceeding and such proceeding involves potential monetary sanctions, unless the registrant reasonably believes that such...

proceeding will result in no monetary sanctions, or in monetary sanctions, exclusive of interest and costs, of less than $100,000; provided, however, that such proceedings which are similar in nature may be grouped and described generically.

(vi) The total dollar value of proposed assessments from the Mine Safety and Health Administration under such Act (30 U.S.C. 801 et seq.).

Instruction to Item 104(a)(1)(vi): Registrants must provide the total dollar value of assessments proposed by MSHA relating to any type of violation during the period covered by the report, regardless of whether the registrant has challenged or appealed the assessment.

(vii) The total number of mining-related fatalities.

Instruction to Item 104(a)(1)(vii): Registrants must report all fatalities occurring at a coal or other mine during the period covered by the report unless the fatality has been determined by MSHA to be unrelated to mining activity.

(2) A list of coal or other mines, of which the registrant or a subsidiary of the registrant is an operator, that receive written notice from the Mine Safety and Health Administration of:

(i) A pattern of violations of mandatory health or safety standards that are of such nature as could have significantly and substantially contributed to the cause and effect of coal or other mine health or safety hazards under section 104(e) of such Act (30 U.S.C. 814(e)); or

(ii) The potential to have such a pattern.

(3) Any pending legal action before the Federal Mine Safety and Health Review Commission involving such coal or other mine.

Instruction to Item 104(a)(3): The registrant must report the total number of legal actions that were pending before the Federal Mine Safety and Health Review Commission as of the last day of the time period covered by the report, as well as the aggregate number of legal actions instituted and the aggregate number of legal actions resolved during the reporting period. 8. If an equity compensation plan contains a formula for calculating the number of securities available for issuance under the plan, including, without limitation, a formula that automatically increases the number of securities available for issuance by a percentage of the number of outstanding securities of the registrant, a description of this formula shall be disclosed in a footnote to the table.

9. Except where it is part of a document that is incorporated by reference into a prospectus, the information required by this paragraph need not be provided in any registration statement filed under the Securities Act.

(e) Performance graph. (1) Provide a line graph comparing the yearly percentage change in the registrant’s cumulative total shareholder return on a class of common stock registered under section 12 of the Exchange Act (as measured by dividing the sum of the cumulative amount of dividends for the measurement period, assuming dividend reinvestment, and the difference between the registrant’s share price at the end and the beginning of the measurement period; by the share price at the beginning of the measurement period) with:

(i) The cumulative total return of a broad equity market index asserting reinvestment of dividends, that includes companies whose equity securities are traded on the same exchange or are of comparable market capitalization; provided, however, that if the registrant is a company within the Standard & Poor’s 500 Stock Index, the registrant must use that index; and

(ii) The cumulative total return, assuming reinvestment of dividends, of:

(A) A published industry or line-of-business index;

(B) Peer issuer(s) selected in good faith. If the registrant does not select its peer issuer(s) on an industry or line-of-business basis, the registrant shall disclose the basis for its selection; or

(C) Issuer(s) with similar market capitalization(s), but only if the registrant does not use a published industry or line-of-business index and does not believe it can reasonably identify a peer group. If the registrant uses this alternative, the graph shall be accompanied by a statement of the reasons for this selection.

(2) For purposes of paragraph (e)(1) of this Item, the term “measurement period” shall be the period beginning at the “measurement point” established by the market close on the last trading day before the beginning of the registrant’s fifth preceding fiscal year, through and including the end of the registrant’s last completed fiscal year. If the class of securities has been registered under section 12 of the Exchange Act (15 U.S.C. 78l) for a shorter period of time, the period covered by the comparison may correspond to that time period.

(3) For purposes of paragraph (e)(1)(ii)(A) of this Item, the term “published industry or line-of-business index” means any index that is prepared by a party other than the registrant or an affiliate and is accessible to the registrant’s security holders; provided, however, that registrants may use an index prepared by the registrant or affiliate if such index is widely recognized and used.

(4) If the registrant selects a different index from an index used for the immediately preceding fiscal year, explain the reason(s) for this change and also compare the registrant’s total return with that of both the newly selected index and the index used in the immediately preceding fiscal year.
Instructions to Item 201(e): 1. In preparing the required graphic comparisons, the registrant should:
   a. Use, to the extent feasible, comparable methodologies for presentation and computation for the total return calculations required by paragraph (e)(1) of this Item; provided, however, that if the registrant constructs its own peer group index for paragraph (e)(1)(i)(B), the same methodology must be used in calculating both the registrant’s total return and that on the peer group index; and
   b. Assume the reinvestment of dividends into additional shares of the same class of equity securities at the frequency with which dividends are paid on such securities during the applicable fiscal year.

2. In constructing the graph:
   a. The closing price at the measurement point must be converted into a fixed investment, stated in dollars, in the registrant’s stock (or in the stocks represented by a given index) with cumulative returns for each subsequent fiscal year measured as a change from that investment; and
   b. Each fiscal year should be plotted with points showing the cumulative total return as of that point. The value of the investment as of each point plotted on a given return line is the number of shares held at that point multiplied by the then-prevailing share price.

3. The registrant is required to present information for the registrant’s last five fiscal years, and may choose to graph a longer period; but the measurement point, however, shall remain the same.

4. Registrants may include comparisons using performance measures in addition to total return, such as return on average common shareholders’ equity.

5. If the registrant uses a peer issuer(s) comparison or comparison with issuer(s) with similar market capitalizations, the identity of those issuers must be disclosed and the returns of each component issuer of the group must be weighted according to the respective issuer’s stock market capitalization at the beginning of each period for which a return is indicated.

6. Smaller reporting companies. A registrant that qualifies as a smaller reporting company, as defined by §229.10(f)(1), is not required to provide the information required by paragraph (e) of this Item.

7. The information required by paragraph (e) of this Item need not be provided in any filings other than an annual report to security holders required by Exchange Act Rule 14a-3 (17 CFR 240.14a-3) or Exchange Act Rule 14c-3 (17 CFR 240.14c-3) that precedes or accompanies a registrant’s proxy or information statement relating to an annual meeting of security holders at which directors are to be elected (or special meeting or written consents in lieu of such meeting). Such information will not be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act, except to the extent that the registrant specifically incorporates it by reference.

8. The information required by paragraph (e) of this Item shall not be deemed to be “soliciting material” or to be “filed” with the Commission or subject to Regulation 14A or 14C (17 CFR 240.14a-1–240.14a-104 or 240.14c-1–240.14c-101), other than as provided in this item, or to the liabilities of section 18 of the Exchange Act (15 U.S.C. 78r), except to the extent that the registrant specifically requests that such information be treated as soliciting material or specifically incorporates it by reference into a filing under the Securities Act or the Exchange Act.

Instructions to Item 201: 1. Registrants, the common equity of which is listed for trading on more than one securities exchange registered under the Exchange Act, are required to indicate each such exchange pursuant to paragraph (a)(1)(i) of this Item; such registrants, however, need only report one set of price quotations pursuant to paragraph (a)(1)(i) of this Item; where available, these shall be the prices as reported in the consolidated transaction reporting system and, where the prices are not so reported, the prices on the most significant (in terms of volume) securities exchange for such shares.

2. Market prices and dividends reported pursuant to this Item shall be adjusted to give retroactive effect to material changes resulting from stock dividends, stock splits and reverse stock splits.

3. The computation of the approximate number of holders of registrant’s common equity may be based upon the number of record holders or also may include individual participants in security position listings. See Rule 17Ad-8 under the Exchange Act. The method of computation that is chosen shall be indicated.

4. If the registrant is a foreign issuer, describe briefly:
   A. Any governmental laws, decrees or regulations in the country in which the registrant is organized that restrict the export or import of capital, including, but not limited to, foreign exchange controls, or that affect the remittance of dividends or other payments to nonresident holders of the registrant’s common equity; and
   B. All taxes, including withholding provisions, to which United States common equity holders are subject under existing laws and regulations of the foreign country in which the registrant is organized. Include a brief description of pertinent provisions of any reciprocal tax treaty between such foreign country and the United States regarding withholding. If there is no such treaty, so state.
§ 229.202 (Item 202) Description of registrant's securities.

NOTE: If the securities being described have been accepted for listing on an exchange, the exchange may be identified. The document should not, however, convey the impression that the registrant may apply successfully for listing on an exchange or that, in the case of an underwritten offering, the underwriters may request the registrant to apply for such listing, unless there is reasonable assurance that the securities to be offered will be acceptable to a securities exchange for listing.

(a) Capital stock. If capital stock is to be registered, state the title of the class and describe such of the matters listed in paragraphs (a) (1) through (5) as are relevant. A complete legal description of the securities need not be given.

(2) If the rights of holders of such stock may be modified otherwise than by a vote of a majority or more of the shares outstanding, voting as a class, so state and explain briefly.

(3) If preferred stock is to be registered, describe briefly any restriction on the repurchase or redemption of shares by the registrant while there is any arrearage in the payment of dividends or sinking fund installments. If there is no such restriction, so state.

(4) If the rights evidenced by, or amounts payable with respect to, the shares to be registered are, or may be, materially limited or qualified by the rights of any other authorized class of securities, include the information regarding such other securities as will enable investors to understand such limitations or qualifications. No information need be given, however, as to any class of securities all of which will be retired, provided appropriate steps to ensure such retirement will be completed prior to or upon delivery by the registrant of the shares.

(5) Describe briefly or cross-reference to a description in another part of the document, any provision of the registrant’s charter or by-laws that would have an effect of delaying, deferring or preventing a change in control of the registrant and that would operate only with respect to an extraordinary corporate transaction involving the registrant (or any of its subsidiaries), such as a merger, reorganization, tender offer, sale or transfer of substantially all of its assets, or liquidation. Provisions and arrangements required by law or imposed by governmental or judicial authority need not be described or discussed pursuant to this paragraph (a)(5). Provisions or arrangements adopted by the registrant to effect, or further, compliance with laws or governmental or judicial mandate are not subject to the immediately preceding paragraph.
sentence where such compliance did not require the specific provisions or arrangements adopted.

(b) Debt securities. If debt securities are to be registered, state the title of such securities, the principal amount being offered, and, if a series, the total amount authorized and the total amount outstanding as of the most recent practicable date; and describe such of the matter listed in paragraphs (b) (1) through (10) as are relevant. A complete legal description of the securities need not be given. For purposes solely of this Item, debt securities that differ from one another only as to the interest rate or maturity shall be regarded as securities of the same class. Outline briefly:

1. Provisions with respect to maturity, interest, conversion, redemption, amortization, sinking fund, or retirement;
2. Provisions with respect to the kind and priority of any lien securing the securities, together with a brief identification of the principal properties subject to such lien;
3. Provisions with respect to the subordination of the rights of holders of the securities to other security holders or creditors of the registrant; where debt securities are designated as subordinated in accordance with Instruction 1 to this Item, set forth the aggregate amount of outstanding indebtedness as of the most recent practicable date that by the terms of such debt securities would be senior to such subordinated debt and describe briefly any limitation on the issuance of such additional senior indebtedness or state that there is no such limitation;
4. Provisions restricting the declaration of dividends or requiring the maintenance of any asset ratio or the creation or maintenance of reserves;
5. Provisions restricting the incurrence of additional debt or the issuance of additional securities; in the case of secured debt, whether the securities being registered are to be issued on the basis of unbonded bondable property, the deposit of cash or otherwise; as of the most recent practicable date, the approximate amount of unbonded bondable property available as a basis for the issuance of bonds; provisions permitting the withdrawal of cash deposited as a basis for the issuance of bonds; and provisions permitting the release or substitution of assets securing the issue; Provided, however, That provisions permitting the release of assets upon the deposit of equivalent funds or the pledge of equivalent property, the release of property no longer required in the business, obsolete property, or property taken by eminent domain or the application of insurance moneys, and other similar provisions need not be described;
6. The general type of event that constitutes a default and whether or not any periodic evidence is required to be furnished as to the absence of default or as to compliance with the terms of the indenture;
7. Provisions relating to modification of the terms of the security or the rights of security holders;
8. If the rights evidenced by the securities to be registered are, or may be, materially limited or qualified by the rights of any other authorized class of securities, the information regarding such other securities as will enable investors to understand the rights evidenced by the securities; to the extent not otherwise disclosed pursuant to this Item; no information need be given, however, as to any class of securities all of which will be retired, provided appropriate steps to ensure such retirement will be completed prior to or upon delivery by the registrant of the securities;
9. If debt securities are to be offered at a price such that they will be deemed to be offered at an “original issue discount” as defined in paragraph (a) of section 1273 of the Internal Revenue Code (26 U.S.C. 1273), or if a debt security is sold in a package with another security and the allocation of the offering price between the two securities may have the effect of offering the debt security at such an original issue discount, the tax effects thereof pursuant to sections 1271–1278;
10. The name of the trustee(s) and the nature of any material relationship with the registrant or with any of its affiliates; the percentage of securities of the class necessary to require the trustee to take action; and what indemnification the trustee may require before proceeding to enforce the lien.

(3) The amount of warrants or rights outstanding;

(d) Other securities. If securities other than capital stock, debt, warrants or rights are to be registered, include a brief description (comparable to that required in paragraphs (a), (b) and (c) of Item 202) of the rights evidenced thereby.

(e) Market information for securities other than common equity. If securities other than common equity are to be registered and there is an established public trading market for such securities (as that term is used in Item 201 of Regulation S-K (§ 229.201 of this chapter)) provide market information with respect to such securities comparable to that required by paragraph (a) of Item 201 of Regulation S-K (§ 229.201).

4. Where convertible securities or stock purchase warrants are being registered that are subject to redemption or call, the description of the conversion terms of the securities or material terms of the warrants shall disclose:

A. Whether the right to convert or purchase the securities will be forfeited unless it is exercised before the date specified in a notice of the redemption or call;

B. The expiration or termination date of the warrants;

C. The kinds, frequency and timing of notice of the redemption or call, including the cities or newspapers in which notice will be published (where the securities provide for a class of newspapers or group of cities in which the publication may be made at the discretion of the registrant, the registrant should describe such provision); and

D. In the case of bearer securities, that investors are responsible for making arrangements to prevent loss of the right to convert or purchase in the event of redemption or call, for example, by reading the newspapers in which the notice of redemption or call may be published.

§ 229.301 (Item 301) Selected financial data.

Furnish in comparative columnar form the selected financial data for the registrant referred to below, for

(a) Each of the last five fiscal years of the registrant (or for the life of the registrant and its predecessors, if less), and

(b) Any additional fiscal years necessary to keep the information from being misleading.

(c) Smaller reporting companies. A registrant that qualifies as a smaller reporting company, as defined by § 229.10(f)(1), is not required to provide the information required by this Item.

Instructions to Item 301: 1. The purpose of the selected financial data shall be to supply in a convenient and readable format selected financial data which highlight certain significant trends in the registrant’s financial condition and results of operations.

2. Subject to appropriate variation to conform to the nature of the registrant’s business, the following items shall be included in the table of financial data: net sales or operating revenues; income (loss) from continuing operations; income (loss) from continuing operations per common share; total assets; long-term obligations and redeemable preferred stock (including long-term debt, capital leases, and redeemable preferred stock as defined in § 210.5-02.27(a) of Regulation S-X [17 CFR 210]); and cash dividends declared per common share. Registrants may include additional items which they believe would enhance an understanding of and would highlight other trends in their financial condition and results of operations.

Briefly describe, or cross-reference to a discussion thereof, factors such as accounting changes, business combinations or dispositions of business operations, that materially affect the comparability of the information reflected in selected financial data. Discussion of, or reference to, any material uncertainties should also be included where such matters might cause the data reflected herein not to be indicative of the registrant’s future financial condition or results of operations.

3. All references to the registrant in the table of selected financial data and in this Item shall mean the registrant and its subsidiaries consolidated.

4. If interim period financial statements are included, or are required to be included, by Article 3 of Regulation S-X, registrants should consider whether any or all of the selected financial data need to be updated for such interim periods to reflect a material change in the trends indicated; where such updating information is necessary, registrants shall provide the information on a comparative basis unless not necessary to an understanding of such updating information.
§ 229.302 (Item 302) Supplementary financial information.

(a) Selected quarterly financial data. Registrants specified in paragraph (a)(5) of this Item shall provide the information specified below.

(1) Disclosure shall be made of net sales, gross profit (net sales less costs and expenses associated directly with or allocated to products sold or services rendered), income (loss) before extraordinary items and cumulative effect of a change in accounting, per share data based upon such income (loss), net income (loss) and net income (loss) attributable to the registrant, for each full quarter within the two most recent fiscal years and any subsequent interim period for which financial statements are included or are required to be included by Article 3 of Regulation S-X (part 210 of this chapter).

(2) When the data supplied pursuant to paragraph (a) of this section vary from the amounts previously reported on the Form 10-Q (§249.308a of this chapter) filed for any quarter, such as would be the case when a combination of any reconciliations of such data to United States generally accepted accounting principles and Regulation S-X made pursuant to Rule 4–01 of Regulation S-X (§210.4–01 of this chapter).

(b) Information about oil and gas producing activities. Registrants engaged in oil and gas producing activities shall present the information about oil and gas producing activities (as those activities are defined in Regulation S-X, §210.4–10(a)) specified in FASB ASC Topic 932, Extractive Activities—Oil and Gas, if such oil and gas producing activities are regarded as significant under one or more of the tests set forth in the Federal Reserve Bank of New York for cable transfers in foreign currencies as certified for customs purposes by the Federal Reserve Bank of New York City.

6. A foreign private issuer shall present the selected financial data in the same currency as its financial statements. The issuer may present the selected financial data on the basis of the accounting principles used in its primary financial statements but in such case shall present this data also on the basis of any reconciliations of such data to United States generally accepted accounting principles and Regulation S-X made pursuant to Rule 4–01 of Regulation S-X (§210.4–01 of this chapter).

7. For purposes of this rule, the rate of exchange means the noon buying rate in New York City for cable transfers in foreign currencies as certified for customs purposes by the Federal Reserve Bank of New York. The average rate means the average of the exchange rates on the last day of each month during a year.

8. If such oil and gas producing activities are included or are required to be included by Article 3 of Regulation S-X, as well as the aggregate effect and the nature of year-end or other adjustments which are material to the results of that quarter.

4. If the financial statements to which this information relates have been reported on by an accountant, appropriate professional standards and procedures, as enumerated in the Statements of Auditing Standards issued by the Auditing Standards Board of the American Institute of Certified Public Accountants, shall be followed by the reporting accountant with regard to the data required by this paragraph (a).

5. This paragraph (a) applies to any registrant, except a foreign private issuer, that has securities registered pursuant to sections 12(b) (15 U.S.C. §78l(b)) (other than mutual life insurance companies) or 12(g) of the Exchange Act (15 U.S.C. §78l(g)).
§ 229.303 Management’s discussion and analysis of financial condition and results of operations

(a) Full fiscal years. Discuss registrant’s financial condition, changes in financial condition and results of operations. The discussion shall provide information as specified in paragraphs (a)(1) through (5) of this Item and also shall provide such other information that the registrant believes to be necessary to an understanding of its financial condition, changes in financial condition and results of operations.

2. This paragraph, together with § 210.4-10 of Regulation S-X, prescribes financial reporting standards for the preparation of accounts by persons engaged, in whole or in part, in the production of crude oil or natural gas in the United States, pursuant to Section 503 of the Energy Policy and Conservation Act of 1975 (42 U.S.C. 3833) (“EPCA”) and Section 11(c) of the Energy Supply and Environmental Coordination Act of 1974 (15 U.S.C. 796) (“ESECA”) as amended by Section 506 of EPCA. The application of the paragraph to those oil and gas producing operations of companies regulated for ratemaking purposes on an individual-company-cost-of-service basis may, however, give appropriate recognition to differences arising because of the effect of the ratemaking process.

3. Any person exempted by the Department of Energy from any record-keeping or reporting requirements pursuant to Section 11(c) of ESECA, as amended, is similarly exempted from the related provisions of this paragraph in the preparation of accounts pursuant to EPCA. This exemption does not affect the applicability of this paragraph to filings pursuant to the federal securities laws.

(c) Smaller reporting companies. A registrant that qualifies as a smaller reporting company, as defined by § 229.10(f)(1), is not required to provide the information required by this Item.

Securities and Exchange Commission

the registrant’s judgment, should be described in order to understand the registrant’s results of operations.

(ii) Describe any known trends or uncertainties that have had or that the registrant reasonably expects will have a material favorable or unfavorable impact on net sales or revenues or income from continuing operations. If the registrant knows of events that will cause a material change in the relationship between costs and revenues (such as known future increases in costs of labor or materials or price increases or inventory adjustments), the change in the relationship shall be disclosed.

(iii) To the extent that the financial statements disclose material increases in net sales or revenues, provide a narrative discussion of the extent to which such increases are attributable to increases in prices or to increases in the volume or amount of goods or services being sold or to the introduction of new products or services.

(iv) For the three most recent fiscal years of the registrant or for those fiscal years in which the registrant has been engaged in business, whichever period is shortest, discuss the impact of inflation and changing prices on the registrant’s net sales and revenues and on income from continuing operations.

(4) Off-balance sheet arrangements. (i) In a separately-captioned section, discuss the registrant’s off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on the registrant’s financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors. The disclosure shall include the items specified in paragraphs (a)(4)(i)(A), (B), (C) and (D) of this Item to the extent necessary to an understanding of such arrangements and effect and shall also include such other information that the registrant believes is necessary for such an understanding.

(B) The importance to the registrant of such off-balance sheet arrangements in respect of its liquidity, capital resources, market risk support, credit risk support or other benefits;

(C) The amounts of revenues, expenses and cash flows of the registrant arising from such arrangements; the nature and amounts of any interests retained, securities issued and other indebtedness incurred by the registrant in connection with such arrangements; and the nature and amounts of any other obligations or liabilities (including contingent obligations or liabilities) of the registrant arising from such arrangements that are or are reasonably likely to become material and the triggering events or circumstances that could cause them to arise; and

(ii) As used in this paragraph (a)(4), the term off-balance sheet arrangement means any transaction, agreement or other contractual arrangement to which an entity unconsolidated with the registrant is a party, under which the registrant has:

(A) Any obligation under a guarantee contract that has any of the characteristics identified in FASB ASC paragraph 460–10–15–4 (Guarantees Topic), as may be modified or supplemented, and that is not excluded from the initial recognition and measurement provisions of FASB ASC paragraphs 460–10–15–7, 460–10–25–1, and 460–10–30–1.

(B) A retained or contingent interest in assets transferred to an unconsolidated entity or similar arrangement that serves as credit, liquidity or market risk support to such entity for such assets;

(C) Any obligation, including a contingent obligation, under a contract that would be accounted for as a derivative instrument, except that it is both indexed to the registrant’s own stock and classified in stockholders’ equity in the registrant’s statement of financial position, and therefore excluded from the scope of FASB ASC Topic 815,
Derivatives and Hedging, pursuant to FASB ASC subparagraph 815–10–15–74(a), as may be modified or supplemented; or

(D) Any obligation, including a contingent obligation, arising out of a variable interest (as defined in the FASB ASC Master Glossary), as may be modified or supplemented, in an unconsolidated entity that is held by, and material to, the registrant, where such entity provides financing, liquidity, market risk or credit risk support to, or engages in leasing, hedging or research and development services with, the registrant.

(5) Tabular disclosure of contractual obligations. (i) In a tabular format, provide the information specified in this paragraph (a)(5) as of the latest fiscal year end balance sheet date with respect to the registrant’s known contractual obligations specified in the table that follows this paragraph (a)(5)(i). The registrant shall provide amounts, aggregated by type of contractual obligation. The registrant may disaggregate the specified categories of contractual obligations using other categories suitable to its business, but the presentation must include all of the obligations of the registrant that fall within the specified categories. A presentation covering at least the periods specified shall be included. The tabular presentation may be accompanied by footnotes to describe provisions that create, increase or accelerate obligations, or other pertinent data to the extent necessary for an understanding of the timing and amount of the registrant’s specified contractual obligations.

(ii) Definitions: The following definitions apply to this paragraph (a)(5):

(A) **Long-term debt obligation** means a payment obligation under long-term borrowings referenced in FASB ASC paragraph 470–10–50–1 (Debt Topic), as may be modified or supplemented.

(B) **Capital lease obligation** means a payment obligation under a lease classified as a capital lease pursuant to FASB ASC Topic 840, Leases, as may be modified or supplemented.

(C) **Operating lease obligation** means a payment obligation under a lease classified as an operating lease and disclosed pursuant to FASB ASC Topic 840, as may be modified or supplemented.

(D) **Purchase obligation** means an agreement to purchase goods or services that is enforceable and legally binding on the registrant that specifies all significant terms, including: fixed or minimum quantities to be purchased; fixed, minimum or variable price provisions; and the approximate timing of the transaction.

Instructions to paragraph 303(a): 1. The registrant’s discussion and analysis shall be of the financial statements and other statistical data that the registrant believes will enhance a reader’s understanding of its financial condition, changes in financial condition and results of operations. Generally, the discussion shall cover the three-year period covered by the financial statements and shall use year-to-year comparisons or any other formats that in the registrant’s judgment enhance a reader’s understanding. However, where trend information is relevant, reference to the five-year selected financial data appearing pursuant to Item 301 of Regulation S–K (§229.301) may be necessary. A smaller reporting company’s discussion shall cover the two-year period required in Article 8 of Regulation S–X and shall use year-to-year comparisons or any other formats that in the registrant’s judgment enhance a reader’s understanding.
2. The purpose of the discussion and analysis shall be to provide to investors and other users information relevant to an assessment of the financial condition and results of operations of the registrant as well as matters that would cause reported financial information not to be necessarily indicative of future operating results or of future financial condition. This would include descriptions and amounts of (A) matters that would have an impact on future operations and have not had an impact in the past, and (B) matters that have had an impact on reported operations and are not expected to have an impact upon future operations.

4. Where the consolidated financial statements reveal material changes from year to year in one or more line items, the causes for the changes shall be described to the extent necessary to an understanding of the registrant’s businesses as a whole; Provided, however, That if the causes for a change in one line item also relate to other line items, no repetition is required and a line-by-line analysis of the financial statements as a whole is not required or generally appropriate. Registrants need not recite the amounts of changes from year to year which are readily computable from the financial statements. The discussion shall not merely repeat numerical data contained in the consolidated financial statements.

5. The term “liquidity” as used in this Item refers to the ability of an enterprise to generate adequate amounts of cash to meet the enterprise’s needs for cash. Except where it is otherwise clear from the discussion, the registrant shall indicate those balance sheet conditions or income or cash flow items which the registrant believes may be indicators of its liquidity condition. Liquidity generally shall be discussed on both a long-term and short-term basis. The issue of liquidity shall be discussed in the context of the registrant’s own business or businesses. For example a discussion of working capital may be appropriate for certain manufacturing, industrial or related operations but might be inappropriate for a bank or public utility.

6. Where financial statements presented or incorporated by reference in the registration statement are required by §210.4–08(e)(3) of Regulation S-X [17 CFR part 210] to include disclosure of restrictions on the ability of both consolidated and unconsolidated subsidiaries to transfer funds to the registrant in the form of cash dividends, loans or advances, the discussion of liquidity shall include a discussion of the nature and extent of such restrictions and the impact such restrictions have had and are expected to have on the ability of the parent company to meet its cash obligations.

8. Registrants are only required to discuss the effects of inflation and other changes in prices when considered material. This discussion may be made in whatever manner appears appropriate under the circumstances. All that is required is a brief textual presentation of management’s views. No specific numerical financial data need be presented except as Rule 3–20(c) of Regulation S-X (§210.3–20(c) of this chapter) otherwise requires. However, registrants may elect to voluntarily disclose supplemental information on the effects of changing prices as provided for in FASB ASC Topic 255, Changing Prices, or through other supplemental disclosures. The Commission encourages experimentation with these disclosures in order to provide the most meaningful presentation of the impact of price changes on the registrant’s financial statements.

9. Registrants that elect to disclose supplemental information on the effects of changing prices as specified by FASB ASC Topic 255 may combine such explanations with the discussion and analysis required pursuant to this Item or may supply such information separately with appropriate cross reference.

10. All references to the registrant in the discussion and in this Item shall mean the registrant and its subsidiaries consolidated.

11. Foreign private registrants also shall discuss briefly any pertinent governmental economic, fiscal, monetary, or political policies or factors that have materially affected or could materially affect, directly or indirectly, their operations or investments by United States nationals.

12. If the registrant is a foreign private issuer, the discussion shall focus on the primary financial statements presented in the registration statement or report. There shall be a reference to the reconciliation to United States generally accepted accounting principles, not discussed in the reconciliation, that the registrant believes is necessary for an understanding of the financial statements as a whole.

13. The attention of bank holding companies is directed to the information called for in Guide 3 (§229.301(c) and §229.302(c)).

Instructions to paragraph 303(a)(4): 1. No obligation to make disclosure under paragraph §229.303
§ 229.303 17 CFR Ch. II (4–1–13 Edition)

(a)(4) of this Item shall arise in respect of an off-balance sheet arrangement until a definitive agreement that is unconditionally binding or subject only to customary closing conditions exists or, if there is no such agreement, when settlement of the transaction occurs.

2. Registrants should aggregate off-balance sheet arrangements in groups or categories that provide material information in an efficient and understandable manner and should avoid repetition and disclosure of immaterial information. Effects that are common or similar with respect to a number of off-balance sheet arrangements must be analyzed in the aggregate to the extent the aggregation increases understanding. Distinctions in arrangements and their effects must be discussed to the extent the information is material, but the discussion should avoid repetition and disclosure of immaterial information.

3. For purposes of paragraph (a)(4) of this Item only, contingent liabilities arising out of litigation, arbitration or regulatory actions are not considered to be off-balance sheet arrangements.

4. Generally, the disclosure required by paragraph (a)(4) shall cover the most recent fiscal year. However, the discussion should address changes from the previous year where such discussion is necessary to an understanding of the disclosure.

5. In satisfying the requirements of paragraph (a)(4) of this Item, the discussion of off-balance sheet arrangements need not repeat information provided in the footnotes to the financial statements, provided that such discussion clearly cross-references to specific information in the relevant footnotes and integrates the substance of the footnotes into such discussion in a manner designed to inform readers of the significance of the information that is not included within the body of such discussion.

(b) Interim periods. If interim period financial statements are included or are required to be included by Article 3 of Regulation S-X (17 CFR 210), a management’s discussion and analysis of the financial condition and results of operations shall be provided so as to enable the reader to assess material changes in financial condition and results of operations between the periods specified in paragraphs (b)(1) and (2) of this Item. The discussion and analysis shall include a discussion of material changes in those items specifically listed in paragraph (a) of this Item, except that the impact of inflation and changing prices on operations for interim periods need not be addressed.

(1) Material changes in financial condition. Discuss any material changes in financial condition from the end of the preceding fiscal year to the date of the most recent interim balance sheet provided. If the interim financial statements include an interim balance sheet as of the corresponding interim date of the preceding fiscal year, any material changes in financial condition from that date to the date of the most recent interim balance sheet provided also shall be discussed. If discussions of changes from both the end and the corresponding interim date of the preceding fiscal year are required, the discussions may be combined at the discretion of the registrant.

(2) Material changes in results of operations. Discuss any material changes in the registrant’s results of operations with respect to the most recent fiscal year-to-date period for which an income statement is provided and the corresponding year-to-date period of the preceding fiscal year. If the registrant is required to or has elected to provide an income statement for the most recent fiscal quarter, such discussion also shall cover material changes with respect to that fiscal quarter and the corresponding fiscal quarter in the preceding fiscal year. In addition, if the registrant has elected to provide an income statement for the twelve-month period ended as of the date of the most recent interim balance sheet provided, the discussion also shall cover material changes with respect to the most recent fiscal quarter, such discussion also shall cover material changes with respect to that twelve-month period and the twelve-month period ended as of the corresponding interim balance sheet date of the preceding fiscal year. Notwithstanding the above, if for purposes of a registration statement a registrant subject to paragraph (b) of §210.3–03 of Regulation S-X provides a statement of income for the twelve-month period ended as of the date of the most recent interim balance sheet provided in lieu of the interim income statements otherwise required, the discussion of material changes in that twelve-month period will be in respect to the preceding fiscal year rather than the corresponding preceding period.

Instructions to paragraph (b) of Item 303: 1. If interim financial statements are presented together with financial statements for full
fiscal years, the discussion of the interim financial information shall be prepared pursuant to this paragraph (b) and the discussion of the full fiscal year’s information shall be prepared pursuant to paragraph (a) of this Item. Such discussions may be combined.

2. In preparing the discussion and analysis required by this paragraph (b), the registrant may presume that users of the interim financial information have read or have access to the discussion and analysis required by paragraph (a) for the preceding fiscal year.

3. The discussion and analysis required by this paragraph (b) is required to focus only on material changes. Where the interim financial statements reveal material changes from period to period in one or more significant line items, the causes for the changes shall be described if they have not already been disclosed: Provided, however, That if the causes for a change in one line item also relate to other line items, no repetition is required. Registrants need not recite the amounts of changes from period to period which are readily computable from the financial statements. The discussion shall not merely repeat numerical data contained in the financial statements. The information provided shall include that which is available to the registrant without undue effort or expense and which does not clearly appear in the registrant’s condensed interim financial statements.

4. The registrant’s discussion of material changes in results of operations shall identify any significant elements of the registrant’s income or loss from continuing operations which do not arise from or are not necessarily representative of the registrant’s ongoing business.

5. The registrant shall discuss any seasonal aspects of its business which have had a material effect upon its financial condition or results of operation.

7. The registrant is not required to include the table required by paragraph (a)(5) of this Item for interim periods. Instead, the registrant should disclose material changes outside the ordinary course of the registrant’s business in the specified contractual obligations during the interim period.

(c) Safe harbor. (1) The safe harbor provided in section 27A of the Securities Act of 1933 (15 U.S.C. 77z–2) and section 21E of the Securities Exchange Act of 1934 (15 U.S.C. 78u–5) (“statutory safe harbors”) shall apply to forward-looking information provided pursuant to paragraphs (a)(4) and (5) of this Item, provided that the disclosure is made by: an issuer; a person acting on behalf of the issuer; an outside reviewer retained by the issuer making a statement on behalf of the issuer; or an underwriter, with respect to information provided by the issuer or information derived from information provided by the issuer.

(2) For purposes of paragraph (c) of this Item only:

(i) All information required by paragraphs (a)(4) and (5) of this Item is deemed to be a forward looking statement as that term is defined in the statutory safe harbors, except for historical facts.

(ii) With respect to paragraph (a)(4) of this Item, the meaningful cautionary statements element of the statutory safe harbors will be satisfied if a registrant satisfies all requirements of that same paragraph (a)(4) of this Item.

(d) Smaller reporting companies. A smaller reporting company, as defined by §229.10(f)(1), may provide the information required in paragraph (a)(3)(iv) of this Item for the last two most recent fiscal years of the registrant if it provides financial information on net sales and revenues and on income from continuing operations for only two years. A smaller reporting company is not required to provide the information required by paragraph (a)(5) of this Item.

§229.304 (Item 304) Changes in and disagreements with accountants on accounting and financial disclosure.

(a)(1) If during the registrant’s two most recent fiscal years or any subsequent interim period, an independent accountant who was previously engaged as the principal accountant to audit the registrant’s financial statements, or an independent accountant who was previously engaged to audit a significant subsidiary and on whom the principal accountant expressed reliance in its report, has resigned (or indicated it has declined to stand for re-election after the completion of the
current audit) or was dismissed, then the registrant shall:

(i) State whether the former accountant resigned, declined to stand for re-election or was dismissed and the date thereof.

(ii) State whether the principal accountant’s report on the financial statements for either of the past two years contained an adverse opinion or a disclaimer of opinion, or was qualified or modified as to uncertainty, audit scope, or accounting principles; and also describe the nature of each such adverse opinion, disclaimer of opinion, modification, or qualification.

(iii) State whether the decision to change accountants was recommended or approved by:

(A) Any audit or similar committee of the board of directors, if the issuer has such a committee; or

(B) The board of directors, if the issuer has no such committee.

(iv) State whether during the registrant’s two most recent fiscal years and any subsequent interim period preceding such resignation, declination or dismissal there were any disagreements with the former accountant on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of the former accountant, would have caused it to make reference to the subject matter of the disagreement(s) in connection with its report. Also, (A) describe each such disagreement; (B) state whether any audit or similar committee of the board of directors, or the board of directors, discussed the subject matter of each of such disagreements with the former accountant; and (C) state whether the registrant has authorized the former accountant to respond fully to the inquiries of the successor accountant concerning the subject matter of each of such disagreements and, if not, describe the nature of any limitation thereon and the reason therefore. The disagreements required to be reported in response to this Item include both those resolved to the former accountant’s satisfaction and those not resolved to the former accountant’s satisfaction. Disagreements contemplated by this Item are those that occur at the decision-making level, i.e., between personnel of the registrant responsible for presentation of its financial statements and personnel of the accounting firm responsible for rendering its report.

(v) Provide the information required by paragraph (a)(1)(iv) of this Item for each of the kinds of events (even though the registrant and the former accountant did not express a difference of opinion regarding the event) listed in paragraphs (a)(1)(v) (A) through (D) of this section, that occurred within the registrant’s two most recent fiscal years and any subsequent interim period preceding the former accountant’s resignation, declination to stand for re-election, or dismissal (“reportable events”). If the event led to a disagreement or difference of opinion, then the event should be reported as a disagreement under paragraph (a)(1)(iv) and need not be repeated under this paragraph.

(A) The accountant’s having advised the registrant that the internal controls necessary for the registrant to develop reliable financial statements do not exist;

(B) The accountant’s having advised the registrant that information has come to the accountant’s attention that has led it to no longer be able to rely on management’s representations, or that has made it unwilling to be associated with the financial statements prepared by management;

(C)(i) The accountant’s having advised the registrant of the need to expand significantly the scope of its audit, or that information has come to the accountant’s attention during the time period covered by Item 304(a)(1)(iv), that if further investigated may:

(i) Materially impact the fairness or reliability of either: a previously issued audit report or the underlying financial statements; or the financial statements issued or to be issued covering the fiscal period(s) subsequent to the date of the most recent financial statements covered by an audit report (including information that may prevent it from rendering an unqualified audit report on those financial statements), or
(ii) Cause it to be unwilling to rely on management’s representations or be associated with the registrant’s financial statements, and

(2) Due to the accountant’s resignation (due to audit scope limitations or otherwise) or dismissal, or for any other reason, the accountant did not so expand the scope of its audit or conduct such further investigation; or

(D)(1) The accountant’s having advised the registrant that information has come to the accountant’s attention that it has concluded materially impacts the fairness or reliability of either (i) a previously issued audit report or the underlying financial statements, or (ii) the financial statements issued or to be issued covering the fiscal period(s) subsequent to the date of the most recent financial statements covered by an audit report (including information that, unless resolved to the accountant’s satisfaction, would prevent it from rendering an unqualified audit report on those financial statements), and

(2) Due to the accountant’s resignation, dismissal or declination to stand for re-election, or for any other reason, the issue has not been resolved to the accountant’s satisfaction prior to its resignation, dismissal or declination to stand for re-election.

(2) If during the registrant’s two most recent fiscal years or any subsequent interim period, a new independent accountant has been engaged as either the principal accountant to audit the registrant’s financial statements, or as an independent accountant to audit a significant subsidiary and on whom the principal accountant is expected to express reliance in its report, then the registrant shall identify the newly engaged accountant and indicate the date of such accountant’s engagement. In addition, if during the registrant’s two most recent fiscal years, and any subsequent interim period prior to engaging that accountant, the registrant (or someone on its behalf) consulted the newly engaged accountant regarding:

(i) Either: The application of accounting principles to a specified transaction, either completed or proposed; or the type of audit opinion that might be rendered on the registrant’s financial statements, and either a written report was provided to the registrant or oral advice was provided that the new accountant concluded was an important factor considered by the registrant in reaching a decision as to the accounting, auditing or financial reporting issue; or

(ii) Any matter that was either the subject of a disagreement (as defined in paragraph 304(a)(1)(iv) and the related instructions to this item) or a reportable event (as described in paragraph 304(a)(1)(v)), then the registrant shall:

(A) So state and identify the issues that were the subjects of those consultations;

(B) Briefly describe the views of the newly engaged accountant as expressed orally or in writing to the registrant on each such issue and, if written views were received by the registrant, file them as an exhibit to the report or registration statement requiring compliance with this Item 304(a);

(C) State whether the former accountant was consulted by the registrant regarding any such issues, and if so, provide a summary of the former accountant’s views; and

(D) Request the newly engaged accountant to review the disclosure required by this Item 304(a) before it is filed with the Commission and provide the new accountant the opportunity to furnish the registrant with a letter addressed to the Commission stating whether it agrees with the statements made by the registrant in response to Item 304(a). The registrant shall file any such letter as an exhibit to the report or registration statement containing the disclosure required by this Item.

(3) The registrant shall provide the former accountant with a copy of the disclosures it is making in response to this Item 304(a) that the former accountant shall receive no later than the day that the disclosures are filed with the Commission. The registrant shall request the former accountant to furnish the registrant with a letter addressed to the Commission stating whether it agrees with the statements made by the registrant in response to this Item 304(a) and, if not, stating the
respects in which it does not agree. The registrant shall file the former accountant’s letter as an exhibit to the report on registration statement containing this disclosure. If the former accountant’s letter is unavailable at the time of filing such report or registration statement, then the registrant shall request the former accountant to provide the letter as promptly as possible so that the registrant can file the letter with the Commission within ten business days after the filing of the report or registration statement. Notwithstanding the ten business day period, the registrant shall file the letter by amendment within two business days of receipt; if the letter is received on a Saturday, Sunday or holiday on which the Commission is not open for business, then the two business day period shall begin to run on and shall include the first business day thereafter. The former accountant may provide the registrant with an interim letter highlighting specific areas of concern and indicating that a more detailed letter will be forthcoming within the ten business day period noted above. If not filed with the report or registration statement containing the registrant’s disclosure under this Item 304(a), then the interim letter, if any, shall be filed by the registrant by amendment within two business days of receipt.

(b) If: (1) In connection with a change in accountants subject to paragraph (a) of this Item 304, there was any disagreement of the type described in paragraph (a)(1)(iv) or any reportable event as described in paragraph (a)(1)(v) of this Item;

(2) During the fiscal year in which the change in accountants took place or during the subsequent fiscal year, there have been any transactions or events similar to those which involved such disagreement or reportable event; and

(3) Such transactions or events were material and were accounted for or disclosed in a manner different from that which the former accountants apparently would have concluded was required.

These disclosures need not be made if the method asserted by the former accountants ceases to be generally accepted because of authoritative standards or interpretations subsequently issued.

Instructions to Item 304: 1. The disclosure called for by paragraph (a) of this Item need not be provided if it has been previously reported as that term is defined in Rule 12b-2 under the Exchange Act (§240.12b-2 of this chapter); the disclosure called for by paragraph (a) must be provided, however, notwithstanding prior disclosure, if required pursuant to Item 9 of Schedule 14A (§240.14a-101 of this chapter). The disclosure called for by paragraph (b) of this section must be furnished, where required, notwithstanding any prior disclosure about accountant changes or disagreements.

2. When disclosure is required by paragraph (a) of this section in an annual report to security holders pursuant to Rule 14a-3 (§240.14a-3 of this chapter) or Rule 14c-3 (§240.14c-3 of this chapter), or in a proxy or information statement filed pursuant to the requirements of Schedule 14A or 14C (§240.14a-101 or §240.14c-101 of this chapter), in lieu of a letter pursuant to paragraph (a)(2)(D) or (a)(3), prior to filing such materials with or furnishing such materials to the Commission, the registrant shall furnish the disclosure required by paragraph (a) of this section to any former accountant engaged by the registrant during the period set forth in paragraph (a) of this section and to the newly engaged accountant. If any such accountant believes that the statements made in response to paragraph (a) of this section are incorrect or incomplete, it may present its views in a brief statement, ordinarily expected not to exceed 200 words, to be included in the annual report or proxy or information statement. This statement shall be submitted to the registrant within ten business days of the date the accountant receives the registrant’s disclosure. Further, unless the written views of the newly engaged accountant required to be filed as an exhibit by paragraph (a)(2)(B) of this Item 304 have been previously filed with the Commission the registrant shall file a Form 8-K concurrently with the annual report or proxy or information statement for the purpose of filing the written views as exhibits thereto.

3. The information required by Item 304(a) need not be provided for a company being acquired by the registrant that is not subject to the filing requirements of either section 13(a) or 15(d) of the Exchange Act, or, because of section 12(l) of the Exchange Act,
§ 229.305 (Item 305) Quantitative and qualitative disclosures about market risk.

(a) Quantitative information about market risk. (1) Registrants shall provide, in their reporting currency, quantitative information about market risk as of the end of the latest fiscal year, in accordance with one of the following three disclosure alternatives. In preparing this quantitative information, registrants shall categorize market risk sensitive instruments into instruments entered into for trading purposes and instruments entered into for purposes other than trading purposes. Within both the trading and other than trading portfolios, separate quantitative information shall be presented, to the extent material, for each market risk exposure category (i.e., interest rate risk, foreign currency exchange rate risk, commodity price risk, and other relevant market risks, such as equity price risk). A registrant may use one of the three alternatives set forth in this section for all of the required quantitative disclosures about market risk. A registrant also may choose, from among the three alternatives, one disclosure alternative for market risk sensitive instruments entered into for trading purposes and another disclosure alternative for market risk sensitive instruments entered into for other than trading purposes. Alternatively, a registrant may choose any disclosure alternative, from among the three alternatives, for each risk exposure category within the trading and other than trading portfolios. The three disclosure alternatives are:

1. (i)(A)(I) Tabular presentation of information related to market risk sensitive instruments; such information shall include fair values of the market risk sensitive instruments and contract terms sufficient to determine future cash flows from those instruments, categorized by expected maturity dates.

2. Tabular information relating to contract terms shall allow readers of the table to determine expected cash flows from the market risk sensitive instruments for each of the next five years. Comparable tabular information for any remaining years shall be displayed as an aggregate amount.

3. Within each risk exposure category, the market risk sensitive instruments shall be grouped based on common characteristics. Within the foreign currency exchange rate risk category, the market risk sensitive instruments shall be grouped by functional currency and within the commodity price risk category, the market risk sensitive instruments shall be grouped by type of commodity.

4. See the Appendix to this Item for a suggested format for presentation of this information; and

(B) Registrants shall provide a description of the contents of the table and any related assumptions necessary to understand the disclosures required under paragraph (a)(1)(i)(A) of this Item 305; or

(i)(A) Sensitivity analysis disclosures that express the potential loss in future earnings, fair values, or cash
flows of market risk sensitive instruments resulting from one or more selected hypothetical changes in interest rates, foreign currency exchange rates, commodity prices, and other relevant market rates or prices over a selected period of time. The magnitude of selected hypothetical changes in rates or prices may differ among and within market risk exposure categories; and

(B) Registrants shall provide a description of the model, assumptions, and parameters, which are necessary to understand the disclosures required under paragraph (a)(1)(ii)(A) of this Item 305; or

(iii)(A) Value at risk disclosures that express the potential loss in future earnings, fair values, or cash flows of market risk sensitive instruments over a selected period of time, with a selected likelihood of occurrence, from changes in interest rates, foreign currency exchange rates, commodity prices, and other relevant market rates or prices:

(B)(I) For each category for which value at risk disclosures are required under paragraph (a)(1)(iii)(A) of this Item 305, provide either:

(i) The average, high and low amounts, or the distribution of the value at risk amounts for the reporting period; or

(ii) The average, high and low amounts, or the distribution of actual changes in fair values, earnings, or cash flows from the market risk sensitive instruments occurring during the reporting period; or

(iii) The percentage or number of times the actual changes in fair values, earnings, or cash flows from the market risk sensitive instruments exceeded the value at risk amounts during the reporting period;

(2) Information required under paragraph (a)(1)(iii)(B)(I) of this Item 305 is not required for the first fiscal year end in which a registrant must present Item 305 information; and

(C) Registrants shall provide a description of the model, assumptions, and parameters, which are necessary to understand the disclosures required under paragraphs (a)(1)(iii)(A) and (B) of this Item 305.

(2) Registrants shall discuss material limitations that cause the information required under paragraph (a)(1) of this Item 305 not to reflect fully the net market risk exposures of the entity. This discussion shall include summarized descriptions of instruments, positions, and transactions omitted from the quantitative market risk disclosure information or the features of instruments, positions, and transactions that are included, but not reflected fully in the quantitative market risk disclosure information.

(3) Registrants shall present summarized market risk information for the preceding fiscal year. In addition, registrants shall discuss the reasons for material quantitative changes in market risk exposures between the current and preceding fiscal years. Information required by this paragraph (a)(3), however, is not required if disclosure is not required under paragraph (a)(1) of this Item 305 for the current fiscal year. Information required by this paragraph (a)(3) is not required for the first fiscal year end in which a registrant must present Item 305 information.

(4) If registrants change disclosure alternatives or key model characteristics, assumptions, and parameters used in providing quantitative information about market risk (e.g., changing from tabular presentation to value at risk, changing the scope of instruments included in the model, or changing the definition of loss from fair values to earnings), and if the effects of any such change is material, the registrant shall:

(i) Explain the reasons for the change; and

(ii) Either provide summarized comparable information, under the new disclosure method, for the year preceding the current year or, in addition to providing disclosure for the current year under the new method, provide disclosures for the current year and preceding fiscal year under the method used in the preceding year.

Instructions to paragraph 305(a):

1. Under paragraph 305(a)(1):

A. For each market risk exposure category within the trading and other than trading portfolios, registrants may report the average, high, and low sensitivity analysis or value at risk amounts for the reporting period, as an alternative to reporting year-end amounts.
Securities and Exchange Commission

§ 229.305

B. In determining the average, high, and low amounts for the fiscal year under instruction 1.A. of the Instructions to Paragraph 305(a), registrants should use sensitivity analysis or value at risk amounts relating to at least four equal time periods throughout the reporting period (e.g., four quarter-end amounts, 12 month-end amounts, or 52 week-end amounts).

C. Functional currency means functional currency as defined by generally accepted accounting principles (see, e.g., FASB ASC Master Glossary).

D. Registrants using the sensitivity analysis and value at risk disclosure alternatives are encouraged, but not required, to provide quantitative amounts that reflect the aggregate market risk inherent in the trading and other than trading portfolios.

2. Under paragraph 305(a)(1)(i):

A. Examples of contract terms sufficient to determine future cash flows from market risk sensitive instruments include, but are not limited to:
   i. Debt instruments—principal amounts and weighted average effective interest rates;
   ii. Forwards and futures—contract amounts and weighted average settlement prices;
   iii. Options—contract amounts and weighted average settlement prices;
   iv. Swaps—notional amounts, weighted average pay rates or prices, and weighted average receive rates or prices; and
   v. Complex instruments—likely to be a combination of the contract terms presented in 2.A.i. through iv. of this Instruction;

B. When grouping based on common characteristics, instruments should be categorized, at a minimum, by the following characteristics, when material:
   i. Fixed rate or variable rate assets or liabilities;
   ii. Long or short forwards and futures;
   iii. Written or purchased put or call options with similar strike prices;
   iv. Receive fixed and pay variable swaps, receive variable and pay fixed swaps, and receive variable and pay variable swaps;
   v. The currency in which the instruments' cash flows are denominated;
   vi. Financial instruments for which foreign currency transaction gains and losses are reported in the same manner as translation adjustments under generally accepted accounting principles (see, e.g., FASB ASC paragraph 830-20-35-3 (Foreign Currency Matters Topic)); and
   vii. Derivatives used to manage risks inherent in anticipated transactions;

C. Registrants may aggregate information where necessary (see, e.g., FASB ASC Master Glossary);

D. Market risk sensitive instruments that are exposed to rate or price changes in more than one market risk exposure category should be presented within the tabular information for each of the risk exposure categories to which those instruments are exposed;

E. If a currency swap eliminates all foreign currency exposures in the cash flows of a foreign currency denominated debt instrument, neither the currency swap nor the foreign currency denominated debt instrument are required to be disclosed in the foreign currency risk exposure category. However, both the currency swap and the foreign currency denominated debt instrument should be disclosed in the interest rate risk exposure category;

F. The contents of the table and related assumptions that should be described include, but are not limited to:
   i. The different amounts reported in the table for various categories of the market risk sensitive instruments (e.g., principal amounts for debt, notional amounts for swaps, and contract amounts for options and futures);
   ii. The different types of reported market rates or prices (e.g., contractual rates or prices, spot rates or prices, forward rates or prices); and
   iii. Key prepayment or reinvestment assumptions relating to the timing of reported amounts.

3. Under paragraph 305(a)(1)(ii):

A. Registrants should select hypothetical changes in market rates or prices that are expected to reflect reasonably possible near-term changes in those rates and prices. In this regard, absent economic justification for the selection of a different amount, registrants should use changes that are not less than 10 percent of end of period market rates or prices;

B. For purposes of instruction 3.A. of the Instructions to Paragraph 305(a), the term reasonably possible has the same meaning as defined by generally accepted accounting principles (see, e.g., FASB ASC Master Glossary);

C. For purposes of instruction 3.A. of the Instructions to Paragraph 305(a), the term near term means a period of time going forward up to one year from the date of the financial statements (see FASB ASC Master Glossary);

D. Market risk sensitive instruments that are exposed to rate or price changes in more than one market risk exposure category should be included in the sensitivity analysis disclosures for each market risk category to which those instruments are exposed;

E. Registrants with multiple foreign currency exchange rate exposures should prepare foreign currency sensitivity analysis disclosures that measure the aggregate sensitivity to changes in all foreign currency exchange rates.
§ 229.305 17 CFR Ch. II (4–1–13 Edition)

exchange rate exposures, including the effects of changes in both transactional currency/functional currency exchange rate exposures and functional currency/reporting currency exchange rate exposures. For example, assume a French division of a registrant presenting its financial statements in U.S. dollars ($US) invests in a deutschmark (DM)-denominated debt security. In these circumstances, the $US is the reporting currency and the DM is the transactional currency. In addition, assume this division determines that the French franc (FF) is its functional currency according to FASB ASC Topic 830, Foreign Currency Matters. In preparing the foreign currency sensitivity analysis disclosures, this registrant should report the aggregate potential loss from hypothetical changes in both the DM/FF exchange rate exposure and the FF/$US exchange rate exposure; and

F. Model, assumptions, and parameters that should be described include, but are not limited to, how loss is defined by the model (e.g., loss in earnings, fair values, or cash flows), a general description of the modeling technique (e.g., duration modeling, modeling that measures the change in net present values arising from selected hypothetical changes in market rates or prices, and a description as to how optionality is addressed by the model), the types of instruments covered by the model (e.g., derivative financial instruments, other financial instruments, derivative commodity instruments, and whether other instruments are included voluntarily, such as certain commodity instruments and positions, cash flows from anticipated transactions, and certain financial instruments excluded under instruction 3.C.ii. of the General Instructions to Paragraphs 305(a) and 305(b)), and other relevant information about the model’s assumptions and parameters, (e.g., the magnitude and timing of selected hypothetical changes in market rates or prices used, the method by which discount rates are determined, and key prepayment or reinvestment assumptions).

4. Under paragraph 305(a)(1)(iii):

A. The confidence intervals selected should reflect reasonably possible near-term changes in market rates and prices. In this regard, absent economic justification for the selection of different confidence intervals, registrants should use intervals that are 95 percent or higher.

B. For purposes of instruction 4.A. of the Instructions to Paragraph 305(a), the term reasonably possible has the same meaning as defined by generally accepted accounting principles (see, e.g., FASB ASC Master Glossary);

C. For purposes of instruction 4.A. of the Instructions to Paragraphs 305(a), the term near term means a period of time going forward up to one year from the date of the financial statements (see FASB ASC Master Glossary);

D. Registrants with multiple foreign currency exchange rate exposures should prepare foreign currency value at risk analysis disclosures that measure the aggregate sensitivity to changes in all foreign currency exchange rate exposures, including the aggregate effects of changes in both transactional currency/functional currency exchange rate exposures and functional currency/reporting currency exchange rate exposures. For example, assume a French division of a registrant presenting its financial statements in U.S. dollars ($US) invests in a deutschmark (DM)-denominated debt security. In these circumstances, the $US is the reporting currency and the DM is the transactional currency. In addition, assume this division determines that the French franc (FF) is its functional currency according to FASB ASC Topic 830, Foreign Currency Matters. In preparing the foreign currency value at risk disclosures, this registrant should report the aggregate potential loss from hypothetical changes in both the DM/FF exchange rate exposure and the FF/$US exchange rate exposure; and

E. Model, assumptions, and parameters that should be described include, but are not limited to, how loss is defined by the model (e.g., loss in earnings, fair values, or cash flows), the type of model used (e.g., variance/covariance, historical simulation, or Monte Carlo simulation and a description as to how optionality is addressed by the model), the types of instruments covered by the model (e.g., derivative financial instruments, other financial instruments, derivative commodity instruments, and whether other instruments are included voluntarily, such as certain commodity instruments and positions, cash flows from anticipated transactions, and certain financial instruments excluded under instruction 3.C.ii. of the General Instructions to Paragraphs 305(a) and 305(b)), and other relevant information about the model’s assumptions and parameters, (e.g., holding periods, confidence intervals, and, when appropriate, the methods used for aggregating value at risk amounts across market risk exposure categories, such as by assuming perfect positive correlation, independence, or actual observed correlation).

5. Under paragraph 305(a)(2), limitations that should be considered include, but are not limited to:

A. The exclusion of certain market risk sensitive instruments, positions, and transactions from the disclosures required under paragraph 305(a)(1) (e.g., derivative commodity instruments not permitted by contract or business custom to be settled in cash or with another financial instrument, commodity positions, cash flows from anticipated transactions, and certain financial instruments excluded under instruction 3.C.ii.
of the General Instructions to Paragraphs 305(a) and 305(b). Failure to include such instruments, positions, and transactions in preparing the disclosures under paragraph 305(a)(1) may be a limitation because the resulting disclosures may not fully reflect the net market risk of a registrant; and

B. The ability of disclosures required under paragraph 305(a)(1) to reflect fully the market risk that may be inherent in instruments with leverage, option, or prepayment features (e.g., options, including written options, structured notes, collateralized mortgage obligations, leveraged swaps, and options embedded in swaps).

(b) Qualitative information about market risk: (1) To the extent material, describe:

(i) The registrant’s primary market risk exposures;

(ii) How those exposures are managed. Such descriptions shall include, but not be limited to, a discussion of the objectives, general strategies, and instruments, if any, used to manage those exposures; and

(iii) Changes in either the registrant’s primary market risk exposures or how those exposures are managed, when compared to what was in effect during the most recently completed fiscal year and what is known or expected to be in effect in future reporting periods.

(2) Qualitative information about market risk shall be presented separately for market risk sensitive instruments entered into for trading purposes and those entered into for purposes other than trading.

Instructions to paragraph 305(b): 1. For purposes of disclosure under paragraph 305(b), primary market risk exposures means:

A. The following categories of market risk: interest rate risk, foreign currency exchange rate risk, commodity price risk, and other relevant market rate or price risks (e.g., equity price risk); and

B. Within each of these categories, the particular markets that present the primary risk of loss to the registrant. For example, if a registrant has a material exposure to foreign currency exchange rate risk and, within this category of market risk, is most vulnerable to changes in dollar/yen, dollar/pound, and dollar/peso exchange rates, the registrant should disclose those exposures. Similarly, if a registrant has a material exposure to interest rate risk and, within this category of market risk, is most vulnerable to changes in short-term U.S. prime interest rates, it should disclose the existence of that exposure.

2. For purposes of disclosure under paragraph 305(b), registrants should describe primary market risk exposures that exist as of the end of the latest fiscal year, and how those exposures are managed.

General Instructions to paragraphs 305(a) and 305(b): 1. The disclosures called for by paragraphs 305(a) and 305(b) are intended to clarify the registrant’s exposures to market risk associated with activities in derivative financial instruments, other financial instruments, and derivative commodity instruments.

2. In preparing the disclosures under paragraphs 305(a) and 305(b), registrants are required to include derivative financial instruments, other financial instruments, and derivative commodity instruments.

3. For purposes of paragraphs 305(a) and 305(b), derivative financial instruments, other financial instruments, and derivative commodity instruments (collectively referred to as “market risk sensitive instruments”) are defined as follows:

A. Derivative financial instruments has the same meaning as defined by generally accepted accounting principles (see, e.g., FASB ASC Master Glossary), and includes futures, forwards, swaps, options, and other financial instruments with similar characteristics;

B. Other financial instruments means all financial instruments as defined by generally accepted accounting principles for which fair value disclosures are required (see, e.g., FASB ASC paragraph 825-10-50-8 (Financial Instruments Topic), except for derivative financial instruments, as defined above; C.i. Other financial instruments include, but are not limited to, trade accounts receivable, investments, loans, structured notes, mortgage-backed securities, trade accounts payable, indexed debt instruments, interest-only and principal-only obligations, deposits, and other debt obligations;

ii. Other financial instruments exclude employers’ and plans’ obligations for pension and other post-retirement benefits, substantially extinguished debt, insurance contracts, lease contracts, warranty obligations and rights, unconditional purchase obligations, investments accounted for under the equity method, non-controlling interests in consolidated enterprises, and equity instruments issued by the registrant and classified in stockholders’ equity in the statement of financial position (see, e.g., FASB ASC paragraph 825-10-50-8). For purposes of this item, trade accounts receivable and trade accounts payable need not be considered other financial instruments when their carrying amounts approximate fair value; and

D. Derivative commodity instruments include, to the extent such instruments are not derivative financial instruments, commodity futures, commodity forwards, commodity

379
§ 229.305

swaps, commodity options, and other commodity instruments with similar characteristics that are permitted by contract or business custom to be settled in cash or with an offset. For purposes of this paragraph, settlement in cash includes settlement in cash of the net change in value of the derivative commodity instrument (e.g., a futures contract) regardless of the location in which the settlement occurs. Settlement in cash includes both the terms of the derivative commodity instrument and the settlement procedures. Registrants should include all, rather than some, of the derivative commodity instruments that are not permitted by contract or business custom to be settled in cash or with another financial instrument, cash flows from anticipated transactions, and certain financial instruments excluded under instruction 2. of the General Instructions to Paragraphs 305(a) and 305(b).

B. Registrants that voluntarily include other market risk sensitive instruments, positions, and transactions within their quantitative disclosures about market risk under the sensitivity analysis or value at risk disclosure alternatives are not required to provide separate market risk disclosures for any voluntarily selected instruments, positions, or transactions. Instead, registrants selecting the sensitivity analysis and value at risk disclosure alternatives are permitted to present comprehensive market risk disclosures, which reflect the combined market risk exposures inherent in both the required and any voluntarily selected instruments, positions, or transactions. Registrants that choose the tabular presentation disclosure alternative should present voluntarily selected instruments, positions, or transactions in a manner consistent with the requirements in Item 305(a) for market risk sensitive instruments.

C. If a registrant elects to include voluntarily a particular type of instrument, position, or transaction in their quantitative disclosures about market risk, that registrant should include all, rather than some, of those instruments, positions, or transactions within those disclosures. For example, if a registrant holds in inventory a particular type of commodity position and elects to include that commodity position within their market risk disclosures, the registrant should include the entire commodity position, rather than only a portion thereof, in their quantitative disclosures about market risk.

5.A. Under paragraphs 305(a) and 305(b), a materiality assessment should be made for each market risk exposure category within the trading and other than trading portfolios.

B. For purposes of making the materiality assessment under instruction 4.A. of the General Instructions to Paragraphs 305(a) and 305(b), registrants should evaluate both:

i. The materiality of the fair values of derivative financial instruments, and derivative commodity instruments, outstanding as of the end of the latest fiscal year; and

ii. The materiality of potential, near-term losses in future earnings, fair values, and/or cash flows from reasonably possible near-term changes in market rates or prices.

If either paragraphs B.i. or B.ii. in this instruction of the General Instructions to Paragraphs 305(a) and 305(b) are material, the registrant should disclose quantitative and qualitative information about market risk, if such market risk for the particular market risk exposure category is material.

C. For purposes of instruction 5.B.i. of the General Instructions to Paragraphs 305(a) and 305(b), registrants should consider, among other things, the magnitude of:

1. Past market movements;
2. Reasonably possible, near-term market movements; and
3. Potential losses that may arise from leverage, option, and multiplier features.

E. For purposes of instructions 5.B.ii and 5.D.ii of the General Instructions to Paragraphs 305(a) and 305(b), the term near term means a period of time going forward up to one year from the date of the financial statements (see FASB ASC Subtopic 210–20, Balance Sheet—Offsetting). For example, under this instruction, the fair value of assets generally should not be netted with the fair value of liabilities.

D. For purposes of instruction 5.B.ii of the General Instructions to Paragraphs 305(a) and 305(b), registrants should consider, among other things, the magnitude of:

1. Past market movements;
2. Reasonably possible, near-term market movements; and
3. Potential losses that may arise from leverage, option, and multiplier features.

F. For the purpose of instructions 5.B.ii and 5.D.ii of the General Instructions to Paragraphs 305(a) and 305(b), the term reasonably possible has the same meaning as defined by generally accepted accounting principles (see, e.g., FASB ASC Glossary).
provide cross-references to the locations of the related disclosures.

7. For purposes of the instructions to paragraphs 305(a) and 305(b), trading purposes means dealing and other trading activities measured at fair value with gains and losses recognized in earnings. In addition, anticipated transactions means transactions (other than transactions involving existing assets or liabilities or transactions necessitated by existing firm commitments) an enterprise expects, but is not obligated, to carry out in the normal course of business.

(c) Interim periods. If interim period financial statements are included or are required to be included by Article 3 of Regulation S-X (17 CFR 210), discussion and analysis shall be provided so as to enable the reader to assess the sources and effects of material changes in information that would be provided under Item 305 of Regulation S-K from the end of the preceding fiscal year to the date of the most recent interim balance sheet.

Instructions to paragraph 305(c): 1. Information required under paragraph (c) of this Item 305 is not required until after the first fiscal year end in which this Item 305 is applicable.

(d) Safe harbor. (1) The safe harbor provided in Section 27A of the Securities Act of 1933 (15 U.S.C. 77z–2) and Section 21E of the Securities Exchange Act of 1934 (15 U.S.C. 78u–5) ("statutory safe harbors") shall apply, with respect to all types of issuers and transactions, to information provided pursuant to paragraphs (a), (b), and (c) of this Item 305, provided that the disclosure is made by: an issuer; a person acting on behalf of the issuer; an outside reviewer retained by the issuer making a statement on behalf of the issuer; or an underwriter, with respect to information provided by the issuer or information derived from information provided by the issuer.

(2) For purposes of paragraph (d) of this Item 305 only:

(i) All information required by paragraphs (a), (b)(1)(i), (b)(1)(ii), and (c) of this Item 305 is considered forward looking statements for purposes of the statutory safe harbors, except for historical facts such as the terms of particular contracts and the number of market risk sensitive instruments held during or at the end of the reporting period; and

(ii) With respect to paragraph (a) of this Item 305, the meaningful cautionary statements prong of the statutory safe harbors will be satisfied if a registrant satisfies all requirements of that same paragraph (a) of this Item 305.

(e) Smaller reporting companies. A smaller reporting company, as defined by §229.10(f)(1), is not required to provide the information required by this Item.
third parties or others and is engaged in the business of making commercial loans.

D. For purposes of instruction 1. of the General Instructions to Paragraphs 305(a), 305(b), 305(c), 305(d) and 305(e), market capitalization is the aggregate market value of common equity as set forth in General Instruction I.B.1. of Form S-3, provided however, that common equity held by affiliates is included in the calculation of market capitalization; and provided further that instead of using the 60 day period prior to filing referenced in General Instruction I.B.1. of Form S-3, the measurement date is January 28, 1997.

APPENDIX TO ITEM 305—TABULAR DISCLOSURES

The tables set forth below are illustrative of the format that might be used when a registrant elects to present the information required by paragraph (a)(1)(ii)(A) of Item 305 regarding terms and information about derivative financial instruments, other financial instruments, and derivative commodity instruments. These examples are for illustrative purposes only. Registrants are not required to display the information in the specific format illustrated below. Alternative methods of display are permissible as long as the disclosure requirements of the section are satisfied. Furthermore, these examples were designed primarily to illustrate possible formats for presentation of the information required by the disclosure item and do not purport to illustrate the broad range of derivative financial instruments, other financial instruments, and derivative commodity instruments utilized by registrants.

INTEREST RATE SENSITIVITY

The table below provides information about the Company's derivative financial instruments, other financial instruments, and derivative commodity instruments utilized by registrants.

firmly committed sales transactions by functional currency and presents such information in U.S. dollar equivalents. The table summarizes information on instruments and transactions that are sensitive to foreign currency exchange rates, including foreign currency forward exchange agreements, deutsche mark (DM)-denominated debt obligations, and firmly committed DM sales transactions. For debt obligations, the table presents principal cash flows and related weighted average interest rates by expected maturity dates. For firmly committed DM-sales transactions, sales amounts are presented by the expected transaction date, which are not expected to exceed two years. For foreign currency forward exchange agreements, the table presents the notional amounts and weighted average exchange rates by expected (contractual) maturity dates. These notional amounts generally are used to calculate the contractual payments to be exchanged under the contract.

COMMODITY PRICE SENSITIVITY

The table below provides information about the Company’s corn inventory and futures contracts that are sensitive to changes in commodity prices, specifically corn prices. For inventory, the table presents the carrying amount and fair value at December 31, 19X1. For the futures contracts the table presents the notional amounts in bushels, the weighted average contract prices, and the total dollar contract amount by expected maturity dates, the latest of which occurs one year from the reporting date. Contract amounts are used to calculate the contractual payments and quantity of corn to be exchanged under the futures contracts.

4 Pursuant to General Instruction 4. to Items 305(a) and 305(b) of Regulation S-K, registrants may include information on commodity positions, such as corn inventory.

§ 229.306 [Reserved]

§ 229.307 (Item 307) Disclosure controls and procedures.

Disclose the conclusions of the registrant’s principal executive and principal financial officers, or persons performing similar functions, regarding the effectiveness of the registrant’s disclosure controls and procedures (as defined in §240.13a–15(e) or §240.15d–15(e) of this chapter) as of the end of the period covered by the report, based on the evaluation of these controls and procedures required by paragraph (b) of §240.13a–15 or §240.15d–15 of this chapter.

(4) If the registrant is an accelerated filer or a large accelerated filer (as defined in §240.12b–2 of this chapter), or otherwise includes in its annual report a registered public accounting firm’s attestation report on internal control over financial reporting, a statement that the registered public accounting firm that audited the financial statements included in the annual report containing the disclosure required by this Item has issued an attestation report on the registrant’s internal control over financial reporting, and

§ 229.308 (Item 308) Internal control over financial reporting.

(a) Management’s annual report on internal control over financial reporting. Provide a report of management on the registrant’s internal control over financial reporting (as defined in §240.13a–15(f) or §240.15d–15(f) of this chapter) that contains:

1. A statement of management’s responsibility for establishing and maintaining adequate internal control over financial reporting for the registrant;

2. A statement identifying the framework used by management to evaluate the effectiveness of the registrant’s internal control over financial reporting as required by paragraph (c) of §240.13a–15 or §240.15d–15 of this chapter;

(3) Management’s assessment of the effectiveness of the registrant’s internal control over financial reporting as of the end of the registrant’s most recent fiscal year, including a statement as to whether or not internal control over financial reporting is effective. This discussion must include disclosure of any material weakness in the registrant’s internal control over financial reporting identified by management. Management is not permitted to conclude that the registrant’s internal control over financial reporting is effective if there are one or more material weaknesses in the registrant’s internal control over financial reporting; and

(b) Attestation report of the registered public accounting firm. If the registrant is an accelerated filer or a large accelerated filer (as defined in §240.12b–2 of this chapter), provide the registered
§ 229.401 (Item 401) Directors, executive officers, promoters and control persons.

(a) Identification of directors. List the names and ages of all directors of the registrant and all persons nominated or chosen to become directors; indicate all positions and offices with the registrant held by each such person; state his term of office as director and any period(s) during which he has served as such; describe briefly any arrangement or understanding between him and any other person(s) (naming such person(s)) pursuant to which he was or is to be selected as a director or nominee.

Instructions to paragraph (a) of Item 401: 1. Do not include arrangements or understandings with directors or officers of the registrant acting solely in their capacities as such.

2. No nominee or person chosen to become a director who has not consented to act as such shall be named in response to this Item. In this regard, with respect to proxy statements, see Rule 14a–4(d) under the Exchange Act (§240.14a–4(d) of this chapter).

3. If the information called for by this paragraph (a) is being presented in a proxy or information statement, no information need be given respecting any director whose term of office as a director will not continue after the meeting to which the statement relates.

4. With regard to proxy statements in connection with action to be taken concerning the election of directors, if fewer nominees are named than the number fixed by or pursuant to the governing instruments, state the reasons for this procedure and that the proxies cannot be voted for a greater number of persons than the number of nominees named.

5. With regard to proxy statements in connection with action to be taken concerning the election of directors, if the solicitation is made by persons other than management, information shall be given as to nominees of the persons making the solicitation. In all other instances, information shall be given as to directors and persons nominated for election or chosen by management to become directors.

(b) Identification of executive officers. List the names and ages of all executive officers of the registrant and all persons chosen to become executive officers; indicate all positions and offices with the registrant held by each such person; state his term of office as officer and the period during which he has served as such and describe briefly any arrangement or understanding between him and any other person(s) (naming such person) pursuant to which he was or is to be selected as an officer.

Instructions to paragraph (b) of Item 401: 1. Do not include arrangements or understandings with directors or officers of the registrant acting solely in their capacities as such.

2. No person chosen to become an executive officer who has not consented to act as such shall be named in response to this Item.
3. The information regarding executive officers called for by this Item need not be furnished in proxy or information statements prepared in accordance with Schedule 14A under the Exchange Act. Where the registrant employs persons such as production managers, sales managers, or research scientists who are not executive officers but who make or are expected to make significant contributions to the business of the registrant, such persons shall be identified and their background disclosed to the same extent as in the case of executive officers. Such disclosure need not be made if the registrant was subject to section 13(a) or 15(d) of the Exchange Act or was exempt from section 13(a) by section 12(g)(2)(G) of such Act immediately prior to the filing of the registration statement, report, or statement to which this Item is applicable.

(d) Family relationships. State the nature of any family relationship between any director, executive officer, or person nominated or chosen by the registrant to become a director or executive officer.

Instruction to Paragraph 401(d): The term “family relationship” means any relationship by blood, marriage, or adoption, not more remote than first cousin.

(e) Business experience—(1) Background. Briefly describe the business experience during the past five years of each director, executive officer, person nominated or chosen to become a director or executive officer, and each person named in answer to paragraph (c) of Item 401, including: each person’s principal occupations and employment during the past five years; the name and principal business of any corporation or other organization in which such occupations and employment were carried on; and whether such corporation or organization is a parent, subsidiary or other affiliate of the registrant. In addition, for each director or person nominated or chosen to become a director, briefly discuss the specific experience, qualifications, attributes or skills that led to the conclusion that the person should serve as a director for the registrant at the time the disclosure is made, in light of the registrant’s business and structure. If material, this disclosure should cover more than the past five years, including information about the person’s particular areas of expertise or other relevant qualifications. When an executive officer or person named in response to paragraph (c) of Item 401 has been employed by the registrant or a subsidiary of the registrant for less than five years, a brief explanation shall be included as to the nature of the responsibility undertaken by the individual in prior positions to provide adequate disclosure of his or her prior business experience. What is required is information relating to the level of his or her professional competence, which may include, depending upon the circumstances, such specific information as the size of the operation supervised.

(2) Directorships. Indicate any other directorships held, including any other directorships held during the past five years, held by each director or person nominated or chosen to become a director in any company with a class of securities registered pursuant to section 12 of the Exchange Act or subject to the requirements of section 15(d) of such Act or any company registered as an investment company under the Investment Company Act of 1940, 15 U.S.C. 80a–1, et seq., as amended, naming such company.

Instruction to Paragraph (e) of Item 401: For the purposes of paragraph (e)(2), where the other directorships of each director or person nominated or chosen to become a director include directorships of two or more registered investment companies that are part of a “fund complex” as that term is defined in Item 22(a) of Schedule 14A under the Exchange Act, the registrant may, rather than listing each such investment company, identify the fund complex and provide the number of investment company directorships held by the director or nominee in such fund complex.

(f) Involvement in certain legal proceedings. Describe any of the following events that occurred during the past ten years and that are material to an evaluation of the ability or integrity of
Securities and Exchange Commission

Instructions to paragraph (f) of item 401: 1. For purposes of computing the ten-year period referred to in this paragraph, the date of a reportable event shall be deemed the date on which the final order, judgment or decree was entered, or the date on which any rights of appeal from preliminary orders, judgments, or decrees have lapsed. With respect
§ 229.402 (Item 402) Executive compensation.

(a) General—(1) Treatment of foreign private issuers. A foreign private issuer will be deemed to comply with this Item if it provides the information required by Items 6.B and 6.E.2 of Form 20-F (17 CFR 249.220f), with more detailed information provided if otherwise made publicly available or required to be disclosed by the issuer’s home jurisdiction or a market in which its securities are listed or traded.

(2) All compensation covered. This Item requires clear, concise and understandable disclosure of all plan and non-plan compensation awarded to, earned by, or paid to the named executive officers designated under paragraph (a)(3) of this Item, and directors covered by paragraph (k) of this Item, by any person for all services rendered in all capacities to the registrant and its subsidiaries, unless otherwise specifically excluded from disclosure in this Item. All such compensation shall be reported pursuant to this Item, even if also called for by another requirement, including transactions between the registrant and a third party where a purpose of the transaction is to furnish compensation to any such named executive officer or director. No amount reported as compensation for one fiscal year need be reported in the same manner as compensation for a subsequent fiscal year; amounts reported as compensation for one fiscal year may be required to be reported in a different manner pursuant to this Item.

(3) Persons covered. Disclosure shall be provided pursuant to this Item for

to bankruptcy petitions, the computation date shall be the date of filing for uncontested petitions or the date upon which approval of a contested petition became final.

2. If any event specified in this paragraph (f) has occurred and information in regard thereto is omitted on the grounds that it is not material, the registrant may furnish to the Commission, at time of filing (or at the time preliminary materials are filed, or ten days before definitive materials are filed in preliminary filing is not required, pursuant to Rule 14a–6 or 14c–5 under the Exchange Act (§§ 240.14a–6 and 240–14c–5 of this chapter)), as supplemental information and not as part of the registration statement, report, or proxy or information statement, materials to which the omission relates, a description of the event and a statement of the reasons for the omission of information in regard thereto.

3. The registrant is permitted to explain any mitigating circumstances associated with events reported pursuant to this paragraph.

4. If the information called for by this paragraph (f) is being presented in a proxy or information statement, no information need be given respecting any director whose term of office as a director will not continue after the meeting to which the statement relates.

5. This paragraph (f)(7) shall not apply to any settlement of a civil proceeding among private litigants.

(g) Promoters and control persons. (1) Registrants, which have not been subject to the reporting requirements of section 13(a) or 15(d) of the Exchange Act (15 U.S.C. 78m(a) or 78o(d)) for the twelve months immediately prior to the filing of the registration statement, report, or statement to which this Item is applicable, and which had a promoter at any time during the past five fiscal years, shall describe with respect to any promoter, any of the events enumerated in paragraphs (f)(1) through (f)(6) of this Item that occurred during the past five years and that are material to a voting or investment decision.

Instructions to paragraph (g) of Item 402: 1. Instructions 1. through 3. to paragraph (f) shall apply to this paragraph (g).

2. Paragraph (g) shall not apply to any subsidiary of a registrant which has been reporting pursuant to Section 13(a) or 15(d) of the Exchange Act for the twelve months immediately prior to the filing of the registration statement, report or statement.

each of the following (the “named executive officers”):

(i) All individuals serving as the registrant’s principal executive officer or acting in a similar capacity during the last completed fiscal year (“PEO”), regardless of compensation level;

(ii) All individuals serving as the registrant’s principal financial officer or acting in a similar capacity during the last completed fiscal year (“PFO”), regardless of compensation level;

(iii) The registrant’s three most highly compensated executive officers other than the PEO and PFO who were serving as executive officers at the end of the last completed fiscal year; and

(iv) Up to two additional individuals for whom disclosure would have been provided pursuant to paragraph (a)(3)(iii) of this Item but for the fact that the individual was not serving as an executive officer of the registrant at the end of the last completed fiscal year.

Instructions to Item 402(a)(3). 1. Determination of most highly compensated executive officers. The determination as to which executive officers are most highly compensated shall be made by reference to total compensation for the last completed fiscal year (as required to be disclosed pursuant to paragraph (c)(2)(x) of this Item) reduced by the amount required to be disclosed pursuant to paragraph (c)(2)(viii) of this Item, provided, however, that no disclosure need be provided for any executive officer, other than the PEO and PFO, whose total compensation, as so reduced, does not exceed $100,000.

2. Inclusion of executive officer of subsidiary. It may be appropriate for a registrant to include as named executive officers one or more executive officers or other employees of subsidiaries in the disclosure required by this Item. See Rule 3b-7 under the Exchange Act (17 CFR 240.3b-7).

3. Exclusion of executive officer due to overseas compensation. It may be appropriate in limited circumstances for a registrant not to include in the disclosure required by this Item an individual, other than its PEO or PFO, who is one of the registrant’s most highly compensated executive officers due to the payment of amounts of cash compensation relating to overseas assignments attributed predominantly to such assignments.

(4) Information for full fiscal year. If the PEO or PFO served in that capacity during any part of a fiscal year with respect to which information is required, information should be provided as to all of his or her compensation for the full fiscal year. If a named executive officer (other than the PEO or PFO) served as an executive officer of the registrant (whether or not in the same position) during any part of the fiscal year with respect to which information is required, information shall be provided as to all compensation of that individual for the full fiscal year.

(5) Omission of table or column. A table or column may be omitted if there has been no compensation awarded to, earned by, or paid to any of the named executive officers or directors required to be reported in that table or column in any fiscal year covered by that table.

(6) Definitions. For purposes of this Item:

(i) The term stock means instruments such as common stock, restricted stock, restricted stock units, phantom stock, phantom stock units, common stock equivalent units or any similar instruments that do not have option-like features, and the term option means instruments such as stock options, stock appreciation rights and similar instruments with option-like features. The term stock appreciation rights (“SARs”) refers to SARs payable in cash or stock, including SARs payable in cash or stock at the election of the registrant or a named executive officer. The term equity is used to refer generally to stock and/or options.

(ii) The term plan includes, but is not limited to, the following: Any plan, contract, authorization or arrangement, whether or not set forth in any formal document, pursuant to which cash, securities, similar instruments, or any other property may be received. A plan may be applicable to one person. Except with respect to the disclosure required by paragraph (t) of this Item, registrants may omit information regarding group life, health, hospitalization, or medical reimbursement plans that do not discriminate in scope, terms or operation, in favor of executive officers or directors of the registrant and that are available generally to all salaried employees.

(iii) The term incentive plan means any plan providing compensation intended to serve as incentive for performance to occur over a specified period, whether such performance is
measured by reference to financial performance of the registrant or an affiliate, the registrant’s stock price, or any other performance measure. An equity incentive plan is an incentive plan or portion of an incentive plan under which awards are granted that fall within the scope of FASB ASC Topic 718, Compensation—Stock Compensation. A non-equity incentive plan is an incentive plan or portion of an incentive plan that is not an equity incentive plan. The term incentive plan award means an award provided under an incentive plan.

(iv) The terms date of grant or grant date refer to the grant date determined for financial statement reporting purposes pursuant to FASB ASC Topic 718.

(v) Closing market price is defined as the price at which the registrant’s security was last sold in the principal United States market for such security as of the date for which the closing market price is determined.

(b) Compensation discussion and analysis. (1) Discuss the compensation awarded to, earned by, or paid to the named executive officers. The discussion shall explain all material elements of the registrant’s compensation of the named executive officers. The discussion shall describe the following:

(i) The objectives of the registrant’s compensation programs;

(ii) What the compensation program is designed to reward;

(iii) Each element of compensation;

(iv) Why the registrant chooses to pay each element;

(v) How the registrant determines the amount (and, where applicable, the formula) for each element to pay;

(vi) How each compensation element and the registrant’s decisions regarding that element fit into the registrant’s overall compensation objectives and affect decisions regarding other elements; and

(vii) Whether and, if so, how the registrant has considered the results of the most recent shareholder advisory vote on executive compensation required by section 14A of the Exchange Act (15 U.S.C. 78n–1) or §240.14a–20 of this chapter in determining compensation policies and decisions and, if so, how that consideration has affected the registrant’s executive compensation decisions and policies.

(2) While the material information to be disclosed under Compensation Discussion and Analysis will vary depending upon the facts and circumstances, examples of such information may include, in a given case, among other things, the following:

(i) The policies for allocating between long-term and currently paid out compensation;

(ii) The policies for allocating between cash and non-cash compensation, and among different forms of non-cash compensation;

(iii) For long-term compensation, the basis for allocating compensation to each different form of award (such as relationship of the award to the achievement of the registrant’s long-term goals, management’s exposure to downside equity performance risk, correlation between cost to registrant and expected benefits to the registrant);

(iv) How the determination is made as to when awards are granted, including awards of equity-based compensation such as options;

(v) What specific items of corporate performance are taken into account in setting compensation policies and making compensation decisions;

(vi) How specific forms of compensation are structured and implemented to reflect these items of the registrant’s performance, including whether discretion can be or has been exercised (either to award compensation absent attainment of the relevant performance goal(s) or to reduce or increase the size of any award or payout), identifying any particular exercise of discretion, and stating whether it applied to one or more specified named executive officers or to all compensation subject to the relevant performance goal(s);

(vii) How specific forms of compensation are structured and implemented to reflect the named executive officer’s individual performance and/or individual contribution to these items of the registrant’s performance, describing the elements of individual performance and/or contribution that are taken into account;

(viii) Registrant policies and decisions regarding the adjustment or recovery of awards or payments if the
relevant registrant performance measures upon which they are based are restated or otherwise adjusted in a manner that would reduce the size of an award or payment;

(i) The factors considered in decisions to increase or decrease compensation materially;

(x) How compensation or amounts realizable from prior compensation are considered in setting other elements of compensation (e.g., how gains from prior option or stock awards are considered in setting retirement benefits);

(xi) With respect to any contract, agreement, plan or arrangement, whether written or unwritten, that provides for payment(s) at, following, or in connection with any termination or change-in-control, the basis for selecting particular events as triggering payment (e.g., the rationale for providing a single trigger for payment in the event of a change-in-control);

(xii) The impact of the accounting and tax treatments of the particular form of compensation;

(xiii) The registrant’s equity or other security ownership requirements or guidelines (specifying applicable amounts and forms of ownership), and any registrant policies regarding hedging the economic risk of such ownership;

(xiv) Whether the registrant engaged in any benchmarking of total compensation, or any material element of compensation, identifying the benchmark and, if applicable, its components (including component companies); and

(xv) The role of executive officers in determining executive compensation.

Instructions to Item 402(b). 1. The purpose of the Compensation Discussion and Analysis is to provide to investors material information that is necessary to an understanding of the registrant’s compensation policies and decisions regarding the named executive officers.

2. The Compensation Discussion and Analysis should be of the information contained in the tables and otherwise disclosed pursuant to this Item. The Compensation Discussion and Analysis should also cover actions regarding executive compensation that were taken after the registrant’s last fiscal year’s end. Actions that should be addressed might include, as examples only, the adoption or implementation of new or modified programs and policies or specific decisions that were made or steps that were taken that could affect a fair understanding of the named executive officer’s compensation for the last fiscal year. Moreover, in some situations it may be necessary to discuss prior years in order to give context to the disclosure provided.

3. The Compensation Discussion and Analysis should focus on the material principles underlying the registrant’s executive compensation policies and decisions and the most important factors relevant to analysis of those policies and decisions. The Compensation Discussion and Analysis shall reflect the individual circumstances of the registrant and shall avoid boilerplate language and repetition of the more detailed information set forth in the tables and narrative disclosures that follow.

4. Registrants are not required to disclose target levels with respect to specific quantitative or qualitative performance-related factors considered by the compensation committee or the board of directors, or any other factors or criteria involving confidential trade secrets or confidential commercial or financial information, the disclosure of which would result in competitive harm for the registrant. The standard to use when determining whether disclosure would cause competitive harm for the registrant is the same standard that would apply when a registrant requests confidential treatment of confidential trade secrets or confidential commercial or financial information pursuant to Securities Act Rule 406 (17 CFR 230.406) and Exchange Act Rule 24b–2 (17 CFR 240.24b–2), each of which incorporates the criteria for non-disclosure when relying upon Exemption 4 of the Freedom of Information Act (5 U.S.C. 552(b)(4)) and Rule 80(b)(4) (17 CFR 200.80(b)(4)) thereunder. A registrant is not required to seek confidential treatment under the procedures in Securities Act Rule 406 and Exchange Act Rule 24b–2 if it determines that the disclosure would cause competitive harm in reliance on this instruction; however, in that case, the registrant must discuss how difficult it will be for the executive or how likely it will be for the registrant to achieve the undisclosed target levels or other factors.

5. Disclosure of target levels that are non-GAAP financial measures will not be subject to Regulation G (17 CFR 240.10—102) and Item 10(e) (§229.10(e)); however, disclosure must be provided as to how the number is calculated from the registrant’s audited financial statements.

(c) Summary compensation table—(1) General. Provide the information specified in paragraph (c)(2) of this Item, concerning the compensation of the named executive officers for each of the registrant’s last three completed fiscal years, in a Summary Compensation Table in the tabular format specified below.

(2) The Table shall include:

(i) The name and principal position of the named executive officer (column (a));
(ii) The fiscal year covered (column (b));
(iii) The dollar value of base salary (cash and non-cash) earned by the named executive officer during the fiscal year covered (column (c));
(iv) The dollar value of bonus (cash and non-cash) earned by the named executive officer during the fiscal year covered (column (d));
(v) For awards of stock, the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 (column (e));
(vi) For awards of options, with or without tandem SARs (including awards that subsequently have been transferred), the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 (column (f));

Instructions to Item 402(c)(2)(iii) and (iv).
1. If the amount of salary or bonus earned in a given fiscal year is not calculable through the latest practicable date, a footnote shall be included disclosing that the amount of salary or bonus is not calculable through the latest practicable date and providing the date that the amount of salary or bonus is expected to be determined, and such amount must then be disclosed in a filing under Item 5.02(f) of Form 8-K (17 CFR 249.308).
2. Registrants shall include in the salary column (column (c)) or bonus column (column (d)) any amount of salary or bonus forgiven at the election of a named executive officer under which stock, equity-based or other forms of non-cash compensation instead have been received by the named executive officer. However, the receipt of any such form of non-cash compensation instead of salary or bonus must be disclosed in a footnote added to the salary or bonus column and, where applicable, referring to the Grants of Plan-Based Awards Table (required by paragraph (d) of this Item) where the stock, option or non-equity incentive plan award elected by the named executive officer is reported.

Instruction 1 to Item 402(c)(2)(v) and (vi).
For awards reported in columns (e) and (f), include a footnote disclosing all assumptions made in the valuation by reference to a discussion of those assumptions in the registrant’s financial statements, footnotes to the financial statements, or discussion in the Management’s Discussion and Analysis. The sections so referenced are deemed part of the disclosure provided pursuant to this Item.
Securities and Exchange Commission

§ 229.402

Instruction 2 to Item 402(c)(2)(v) and (vi). If at any time during the last completed fiscal year, the registrant has adjusted or amended the exercise price of options or SARs previously awarded to a named executive officer, whether through amendment, cancellation or replacement grants, or any other means ("repriced"), or otherwise has materially modified such awards, the registrant shall include, as awards required to be reported in column (f), the incremental fair value, computed as of the repricing or modification date in accordance with FASB ASC Topic 718, with respect to that repriced or modified award.

Instruction 3 to Item 402(c)(2)(v) and (vi). For any awards that are subject to performance conditions, report the value at the grant date based upon the probable outcome of such conditions. This amount should be consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures. In a footnote to the table, disclose the value of the award at the grant date assuming that the highest level of performance conditions will be achieved if an amount less than the maximum was included in the table.

(vii) The dollar value of all earnings for services performed during the fiscal year pursuant to awards under non-equity incentive plans as defined in paragraph (a)(6)(iii) of this Item, and all earnings on any outstanding awards (column (g)).

Instructions to Item 402(c)(2)(vii). 1. If the relevant performance measure is satisfied during the fiscal year (including for a single year in a plan with a multi-year performance measure), the earnings are reportable for that fiscal year, even if not payable until a later date, and are not reportable again in the fiscal year when amounts are paid to the named executive officer.

2. All earnings on non-equity incentive plan compensation must be identified and quantified in a footnote to column (g), whether the earnings were paid during the fiscal year, payable during the period but deferred at the election of the named executive officer, or payable by their terms at a later date.

(viii) The sum of the amounts specified in paragraphs (c)(2)(viii)(A) and (B) of this Item (column (h)) as follows:

(A) The aggregate change in the actuarial present value of the named executive officer’s accumulated benefit under all defined benefit and actuarial pension plans (including supplemental plans) from the pension plan measurement date used for financial statement reporting purposes with respect to the registrant’s audited financial statements for the covered fiscal year; and

(B) Above-market or preferential earnings on compensation that is deferred on a basis that is not tax-qualified, including such earnings on non-qualified defined contribution plans;

Instructions to Item 402(c)(2)(viii). 1. The disclosure required pursuant to paragraph (c)(2)(viii)(A) of this Item applies to each plan that provides for the payment of retirement benefits, or benefits that will be paid primarily following retirement, including but not limited to tax-qualified defined benefit plans and supplemental executive retirement plans, but excluding tax-qualified defined contribution plans and nonqualified defined contribution plans. For purposes of this disclosure, the registrant should use the same amounts required to be disclosed pursuant to paragraph (h)(2)(iv) of this Item for the covered fiscal year and the amounts that were or would have been required to be reported for the executive officer pursuant to paragraph (h)(2)(iv) of this Item for the prior completed fiscal year.

2. Regarding paragraph (c)(2)(viii)(B) of this Item, interest on deferred compensation is above-market only if the rate of interest exceeds 120% of the applicable federal long-term rate, with compounding (as prescribed under section 1274(d) of the Internal Revenue Code, (26 U.S.C. 1274(d))) at the rate that corresponds most closely to the rate under the registrant’s plan at the time the interest rate or formula is set. In the event of a discretionary reset of the interest rate, the requisite calculation must be made on the basis of the interest rate at the time of such reset, rather than when originally established. Only the above-market portion of the interest must be included. If the applicable interest rates vary depending upon conditions such as a minimum period of continued service, the reported amount should be calculated assuming satisfaction of all conditions to receiving interest at the highest rate. Dividends (and dividend equivalents) on deferred compensation denominated in the registrant’s stock ("deferred stock") are preferential only if earned at a rate higher than dividends on the registrant’s common stock. Only the preferential portion of the dividends or equivalents must be included. Footnote or narrative disclosure may be provided explaining the registrant’s criteria for
§ 229.402 17 CFR Ch. II (4–1–13 Edition)

determining any portion considered to be above-market.

3. The registrant shall identify and quantify by footnote the separate amounts attributable to each of paragraphs (c)(2)(viii)(A) and (B) of this Item. Where such amount pursuant to paragraph (c)(2)(viii)(A) is negative, it should be disclosed by footnote but should not be reflected in the sum reported in column (h).

(ix) All other compensation for the covered fiscal year that the registrant could not properly report in any other column of the Summary Compensation Table (column (i)). Each compensation item that is not properly reportable in columns (c)–(h), regardless of the amount of the compensation item, must be included in column (i). Such compensation must include, but is not limited to:

(A) Perquisites and other personal benefits, or property, unless the aggregate amount of such compensation is less than $10,000;

(B) All “gross-ups” or other amounts reimbursed during the fiscal year for the payment of taxes;

(C) For any security of the registrant or its subsidiaries purchased from the registrant or its subsidiaries (through deferral of salary or bonus, or otherwise) at a discount from the market price of such security at the date of purchase, unless that discount is available generally, either to all security holders or to all salaried employees of the registrant, the compensation cost, if any, computed in accordance with FASB ASC Topic 718;

(D) The amount paid or accrued to any named executive officer pursuant to a plan or arrangement in connection with:

(I) Any termination, including without limitation through retirement, resignation, severance or constructive termination (including a change in responsibilities) of such executive officer’s employment with the registrant and its subsidiaries; or

(2) A change in control of the registrant;

(E) Registrant contributions or other allocations to vested and unvested defined contribution plans;

(F) The dollar value of any insurance premiums paid by, or on behalf of, the registrant during the covered fiscal year with respect to life insurance for the benefit of a named executive officer; and

(G) The dollar value of any dividends or other earnings paid on stock or option awards, when those amounts were not factored into the grant date fair value required to be reported for the stock or option award in column (e) or (f); and

Instructions to Item 402(c)(2)(ix). 1. Non-equity incentive plan awards and earnings and earnings on stock and options, except as specified in paragraph (c)(2)(ix)(G) of this Item, are required to be reported elsewhere as provided in this Item and are not reportable as All Other Compensation in column (i).

2. Benefits paid pursuant to defined benefit and actuarial plans are not reportable as All Other Compensation in column (i) unless accelerated pursuant to a change in control; information concerning these plans is reportable pursuant to paragraphs (c)(2)(viii)(A) and (h) of this Item.

3. Any item reported for a named executive officer pursuant to paragraph (c)(2)(ix) of this Item that is not a perquisite or personal benefit and whose value exceeds $10,000 must be identified and quantified in a footnote to column (i). This requirement applies only to compensation for the last fiscal year. All items of compensation are required to be included in the Summary Compensation Table without regard to whether such items are required to be identified other than as specifically noted in this Item.

4. Perquisites and personal benefits may be excluded as long as the total value of all perquisites and personal benefits for a named executive officer is less than $10,000. If the total value of all perquisites and personal benefits is $10,000 or more for any named executive officer, then each perquisite or personal benefit, regardless of its amount, must be identified by type. If perquisites and personal benefits are required to be reported for a named executive officer pursuant to this rule, then each perquisite or personal benefit that exceeds the greater of $25,000 or 10% of the total amount of perquisites and personal benefits for that officer must be quantified and disclosed in a footnote. The requirements for identification and quantification apply only to compensation for the last fiscal year. Perquisites and other personal benefits shall be valued on the basis of the aggregate incremental cost to the registrant. With respect to the perquisite or other personal benefit for which footnote quantification is required, the registrant shall describe in the footnote its methodology for computing the aggregate incremental cost. Reimbursements of taxes owed with respect to perquisites or other personal benefits must be included in column (i) and are subject to separate quantification and identification as

tax reimbursements (paragraph (c)(2)(ix)(B) of this Item) even if the associated per-
quises or other personal benefits are not re-
quired to be included because the total
amount of all perquisites or personal bene-
fits for an individual named executive officer
is less than $10,000 or are required to be iden-
tified but are not required to be separately
quantified.

5. For purposes of paragraph (c)(2)(ix)(D) of
this Item, an accrued amount is an amount
for which payment has become due.

(x) The dollar value of total com-
pensation for the covered fiscal year
(column (j)). With respect to each
named executive officer, disclose the
sum of all amounts reported in col-
umns (c) through (i).

Instructions to Item 402(c).

1. Information with
respect to fiscal years prior to the last com-
pleted fiscal year will not be required if the
registrant was not a reporting company pur-
suant to section 13(a) or 15(d) of the Ex-
change Act (15 U.S.C. 78m(a) or 78o(d)) at any
time during that year, except that the reg-
istrant will be required to provide informa-
tion for any such year if that information
previously was required to be provided in re-
sponse to a Commission filing requirement.

2. All compensation values reported in the
Summary Compensation Table must be re-
ported in dollars and rounded to the nearest
dollar. Reported compensation values must
be reported numerically, providing a single
numerical value for each grid in the table.
Where compensation was paid to or received
by a named executive officer in a different
currency, a footnote must be provided to
identify that currency and describe the rate
and methodology used to convert the pay-
ment amounts to dollars.

3. If a named executive officer is also a di-
rector who receives compensation for his or
her services as a director, reflect that com-
pensation in the Summary Compensation
Table and provide a footnote identifying and
itemizing such compensation and amounts.
Use the categories in the Director Compensa-
tion Table required pursuant to paragraph
(k) of this Item.

4. Any amounts deferred, whether pursuant
to a plan established under section 401(k) of
the Internal Revenue Code (26 U.S.C. 401(k)),
or otherwise, shall be included in the appro-
priate column for the fiscal year in which
earned.

(d) Grants of plan-based awards table.

1. Provide the information specified in
paragraph (d)(2) of this Item, con-
cerning each grant of an award made to
a named executive officer in the last
completed fiscal year under any plan,
including awards that subsequently
have been transferred, in the following
tabular format:

(2) The Table shall include:
(i) The name of the named executive officer (column (a));
(ii) The grant date for equity-based awards reported in the table (column (b)). If such grant date is different than the date on which the compensation committee (or a committee of the board of directors performing a similar function or the full board of directors) takes action or is deemed to take action to grant such awards, a separate, adjoining column shall be added between columns (b) and (c) showing such date;
(iii) The dollar value of the estimated future payout upon satisfaction of the conditions in question under non-equity incentive plan awards granted in the fiscal year, or the applicable range of estimated payouts denominated in dollars (threshold, target and maximum amount) (columns (c) through (e));
(iv) The number of shares of stock, or the number of shares underlying options to be paid out or vested upon satisfaction of the conditions in question under equity incentive plan awards granted in the fiscal year, or the applicable range of estimated payouts denominated in dollars (threshold, target and maximum amount) (columns (f) through (h));
(v) The number of shares of stock granted in the fiscal year that are not required to be disclosed in columns (f) through (h) (column (i));
(vi) The number of securities underlying options granted in the fiscal year that are not required to be disclosed in columns (f) through (h) (column (j));
(vii) The per-share exercise or base price of the options granted in the fiscal year (column (k)). If such exercise or base price is less than the closing market price of the underlying security on the date of the grant, the registrant shall be added after column (k) and
(viii) The grant date fair value of each equity award computed in accordance with FASB ASC Topic 718 (column (l)). If at any time during the last completed fiscal year, the registrant has adjusted or amended the exercise or base price of options, SARs or similar option-like instruments previously awarded to a named executive officer, whether through amendment, cancellation or replacement grants, or any other means ("repriced"), or otherwise has materially modified such awards, the incremental fair value, computed as of the repricing or modification date in accordance with FASB ASC Topic 718, with respect to that repriced or modified award, shall be reported.

Instructions to Item 402(d). 1. Disclosure on a separate line shall be provided in the Table for each grant of an award made to a named executive officer during the fiscal year. If grants of awards were made to a named executive officer during the fiscal year under more than one plan, identify the particular plan under which each such grant was made.
2. For grants of incentive plan awards, provide the information called for by columns (c), (d) and (e), or (f), (g) and (h), as applicable. For columns (c) and (f), threshold refers to the minimum amount payable for a certain level of performance under the plan. For columns (d) and (g), target refers to the amount payable if the specified performance target(s) are reached. For columns (e) and (h), maximum refers to the maximum payout possible under the plan. If the award provides only for a single estimated payout, that amount must be reported as the target in columns (d) and (g). In columns (d) and (g), registrants must provide a representative amount based on the previous fiscal year's performance if the target amount is not determinable.
3. In determining if the exercise or base price of an option is less than the closing market price of the underlying security on the date of the grant, the registrant may use either the closing market price as specified in paragraph (a)(6)(v) of this Item, or if no market exists, any other formula prescribed for the security. Whenever the exercise or base price reported in column (k) is not the closing market price, describe the methodology for determining the exercise or base price either by a footnote or accompanying textual narrative.
4. A tandem grant of two instruments, only one of which is granted under an incentive plan, such as an option granted in tandem with a performance share, need be reported only in column (i) or (j), as applicable. For example, an option granted in tandem with a performance share would be reported only as an option grant in column (j), with the tandem feature noted either by a footnote or accompanying textual narrative.
5. Disclose the dollar amount of consideration, if any, paid by the executive officer
for the award in a footnote to the appropriate column.

6. If non-equity incentive plan awards are denominated in units or other rights, a separate, adjoining column between columns (b) and (c) shall be added quantifying the units or other rights awarded.

7. Options, SARs and similar option-like instruments granted in connection with a repricing transaction or other material modification shall be reported in this Table. However, disclosure required by this Table does not apply to any repricing that occurs through a pre-existing formula or mechanism in the plan or award that results in the periodic adjustment of the option or SAR exercise or base price, an antidilution provision in a plan or award, or a recapitalization or similar transaction equally affecting all holders of the class of securities underlying the options or SARs.

8. For any equity awards that are subject to performance conditions, report in column (l) the value at the grant date based upon the probable outcome of such conditions. This amount should be consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures.

(e) Narrative disclosure to summary compensation table and grants of plan-based awards table. (1) Provide a narrative description of any material factors necessary to an understanding of the information disclosed in the tables required by paragraphs (c) and (d) of this Item. Examples of such factors may include, in given cases, among other things:

(i) The material terms of each named executive officer’s employment agreement or arrangement, whether written or unwritten;

(ii) If at any time during the last fiscal year, any outstanding option or other equity-based award was repriced or otherwise materially modified (such as by extension of exercise periods, the change of vesting or forfeiture conditions, the change or elimination of applicable performance criteria, or the change of the bases upon which returns are determined), a description of each such repricing or other material modification;

(iii) The material terms of any award reported in response to paragraph (d) of this Item, including a general description of the formula or criteria to be applied in determining the amounts payable, and the vesting schedule. For example, state where applicable that dividends will be paid on stock, and if so, the applicable dividend rate and whether that rate is preferential. Describe any performance-based conditions, and any other material conditions, that are applicable to the award.

For purposes of the Table required by paragraph (d) of this Item and the narrative disclosure required by paragraph (e) of this Item, performance-based conditions include both performance conditions and market conditions, as those terms are defined in FASB ASC Topic 718; and

(iv) An explanation of the amount of salary and bonus in proportion to total compensation.

Instructions to Item 402(e)(1). 1. The disclosure required by paragraph (e)(1)(ii) of this Item would not apply to any repricing that occurs through a pre-existing formula or mechanism in the plan or award that results in the periodic adjustment of the option or SAR exercise or base price, an antidilution provision in a plan or award, or a recapitalization or similar transaction equally affecting all holders of the class of securities underlying the options or SARs.

2. Instructions 4 and 5 to Item 402(b) apply regarding disclosure pursuant to paragraph (e)(1) of this Item of target levels with respect to specific quantitative or qualitative performance-related factors considered by the compensation committee or the board of directors, or any other factors or criteria involving confidential trade secrets or confidential commercial or financial information, the disclosure of which would result in competitive harm for the registrant.

(2) [Reserved]

(f) Outstanding equity awards at fiscal year-end table. (1) Provide the information specified in paragraph (f)(2) of this Item, concerning unexercised options; stock that has not vested; and equity incentive plan awards for each named executive officer outstanding as of the end of the registrant’s last completed fiscal year in the following tabular format:

(2) The Table shall include:

(i) The name of the named executive officer (column (a));

(ii) On an award-by-award basis, the number of securities underlying unexercised options, including awards that have been transferred other than for value, that are exercisable and that are not reported in column (d) (column (b));

(iii) On an award-by-award basis, the number of securities underlying unexercised options, including awards that have been transferred other than for value, that are unexercisable and that are not reported in column (d) (column (c));

(iv) On an award-by-award basis, the total number of shares underlying unexercised options awarded under any equity incentive plan that have not been earned (column (d));

(v) For each instrument reported in columns (b), (c) and (d), as applicable, the exercise or base price (column (e));

(vi) For each instrument reported in columns (b), (c) and (d), as applicable, the expiration date (column (f));

(vii) The total number of shares of stock that have not vested and that are not reported in column (i) (column (g));

(viii) The aggregate market value of shares of stock that have not vested and that are not reported in column (j) (column (h));

(ix) The total number of shares of stock, units or other rights awarded under any equity incentive plan that have not vested and that have not been earned, and, if applicable the number of shares underlying any such unit or right (column (i)); and

(x) The aggregate market or payout value of shares of stock, units or other rights awarded under any equity incentive plan that have not vested and that have not been earned (column (j)).

**Instructions to Item 402(f)(2).** 1. Identify by footnote any award that has been transferred other than for value, disclosing the nature of the transfer.
2. The vesting dates of options, shares of stock and equity incentive plan awards held at fiscal-year end must be disclosed by footnote to the applicable column where the outstanding award is reported.

3. Compute the market value of stock reported in column (h) and equity incentive plan awards of stock reported in column (j) by multiplying the closing market price of the registrant’s stock at the end of the last completed fiscal year by the number of shares or units of stock or the amount of equity incentive plan awards, respectively. The number of shares or units reported in columns (d) or (i), and the payout value reported in column (j), shall be based on achieving threshold performance goals, except that if the previous fiscal year’s performance has exceeded the threshold, the disclosure shall be based on the next higher performance measure (target or maximum) that exceeds the previous fiscal year’s performance. If the award provides only for a single estimated payout, that amount should be reported. If the target amount is not determinable, registrants must provide a representative amount based on the previous fiscal year’s performance.

4. Multiple awards may be aggregated where the expiration date and the exercise and/or base price of the instruments is identical. A single award consisting of a combination of options, SARs and/or similar option-like instruments shall be reported as separate awards with respect to each tranche with a different exercise and/or base price or expiration date.

5. Options or stock awarded under an equity incentive plan are reported in columns (d) or (i) and (j), respectively, until the relevant performance condition has been satisfied. Once the relevant performance condition has been satisfied, even if the option or stock award is subject to forfeiture conditions, options are reported in column (b) or (c), as appropriate, until they are exercised or expire, or stock is reported in columns (g) and (h) until it vests.

(g) Option exercises and stock vested table. (1) Provide the information specified in paragraph (g)(2) of this Item, concerning each exercise of stock options, SARs and similar instruments, and each vesting of stock, including restricted stock, restricted stock units and similar instruments, during the last completed fiscal year for each of the named executive officers on an aggregated basis in the following tabular format:

<table>

</tbody>
</table>

|      | PEO | PFO | A | B | C |

(2) The Table shall include:
   (i) The name of the executive officer (column (a));
   (ii) The number of securities for which the options were exercised (column (b));
   (iii) The aggregate dollar value realized upon exercise of options, or upon the transfer of an award for value (column (c));
   (iv) The number of shares of stock that have vested (column (d)); and
   (v) The aggregate dollar value realized upon vesting of stock, or upon the transfer of an award for value (column (e)).
Instruction to Item 402(g)(2). Report in column (c) the aggregate dollar amount realized by the named executive officer upon exercise of the options or upon the transfer of such instruments for value. Compute the dollar amount realized upon exercise by determining the difference between the market price of the underlying securities at exercise and the exercise or base price of the options. Do not include the value of any related payment or other consideration provided (or to be provided) by the registrant to or on behalf of a named executive officer, whether in payment of the exercise price or related taxes. (Any such payment or other consideration provided by the registrant is required to be disclosed in accordance with paragraph (c)(2)(ix) of this Item.) Report in column (e) the aggregate dollar amount realized by the named executive officer upon the vesting of stock or the transfer of such instruments for value. Compute the aggregate dollar amount realized upon vesting by multiplying the number of shares of stock or units by the market value of the underlying shares on the vesting date. For any amount realized upon exercise or vesting for which receipt has been deferred, provide a footnote quantifying the amount and disclosing the terms of the deferral.

(h) Pension benefits. (1) Provide the information specified in paragraph (h)(2) of this Item with respect to each plan that provides for payments or other benefits at, following, or in connection with retirement, in the following tabular format:

| PENSION BENEFITS |
|------------------|------------------|------------------|------------------|------------------|
| Name             | Plan name        | Number of years credited service | Present value of accumulated benefit | Payments during last fiscal year |
| (a)              | (b)              | (c)                            | (d)                            | (e)                            |
| PEO              | PFO              | A                              | B                              | C                              |

(2) The Table shall include:
(i) The name of the executive officer (column (a));
(ii) The name of the plan (column (b));
(iii) The number of years of service credited to the named executive officer under the plan, computed as of the same pension plan measurement date used for financial statement reporting purposes with respect to the registrant’s audited financial statements for the last completed fiscal year (column (c));
(iv) The actuarial present value of the named executive officer’s accumulated benefit under the plan, computed as of the same pension plan measurement date used for financial statement reporting purposes with respect to the registrant’s audited financial statements for the last completed fiscal year (column (d)); and
(v) The dollar amount of any payments and benefits paid to the named executive officer during the registrant’s last completed fiscal year (column (e)).

Instructions to Item 402(h)(2). 1. The disclosure required pursuant to this Table applies to each plan that provides for specified retirement payments and benefits, or payments and benefits that will be provided primarily following retirement, including but not limited to tax-qualified defined benefit plans and supplemental executive retirement plans, but excluding tax-qualified defined contribution plans and nonqualified defined contribution plans. Provide a separate row for each such plan in which the named executive officer participates.

2. For purposes of the amount(s) reported in column (d), the registrant must use the
same assumptions used for financial reporting purposes under generally accepted accounting principles, except that retirement age shall be assumed to be the normal retirement age as defined in the plan, or if not so defined, the earliest time at which a participant may retire under the plan without any benefit reduction due to age. The registrant must disclose in the accompanying textual narrative the valuation method and all material assumptions applied in quantifying the present value of the current accrued benefit. A benefit specified in the plan document or the executive’s contract itself is not an assumption. Registrants may satisfy all or part of this disclosure by reference to a discussion of those assumptions in the registrant’s financial statements, footnotes to the financial statements, or discussion in the Management’s Discussion and Analysis. The sections so referenced are deemed part of the disclosure provided pursuant to this Item.

3. For purposes of allocating the current accrued benefit between tax qualified defined benefit plans and related supplemental plans, apply the limitations applicable to tax qualified defined benefit plans established by the Internal Revenue Code and the regulations thereunder that applied as of the pension plan measurement date.

4. If a named executive officer’s number of years of credited service with respect to any plan is different from the named executive officer’s number of actual years of service with the registrant, provide footnote disclosure quantifying the difference and any resulting benefit augmentation.

(3) Provide a succinct narrative description of any material factors necessary to an understanding of each plan covered by the tabular disclosure required by this paragraph. While material factors will vary depending upon the facts, examples of such factors may include, in given cases, among other things:

(i) The material terms and conditions of payments and benefits available under the plan, including the plan’s normal retirement payment and benefit formula and eligibility standards, and the effect of the form of benefit elected on the amount of annual benefits. For this purpose, normal retirement means retirement at the normal retirement age as defined in the plan, or if not so defined, the earliest time at which a participant may retire under the plan without any benefit reduction due to age;

(ii) If any named executive officer is currently eligible for early retirement under any plan, identify that named executive officer and the plan, and describe the plan’s early retirement payment and benefit formula and eligibility standards. For this purpose, early retirement means retirement at the early retirement age as defined in the plan, or otherwise available to the executive under the plan;

(iii) The specific elements of compensation (e.g., salary, bonus, etc.) included in applying the payment and benefit formula, identifying each such element;

(iv) With respect to named executive officers’ participation in multiple plans, the different purposes for each plan; and

(v) Registrant policies with regard to such matters as granting extra years of credited service.

(i) Nonqualified defined contribution and other nonqualified deferred compensation plans. (1) Provide the information specified in paragraph (i)(2) of this Item with respect to each defined contribution or other plan that provides for the deferral of compensation on a basis that is not tax-qualified in the following tabular format: Nonqualified Deferred Compensation

(2) The Table shall include:
   (i) The name of the executive officer (column (a));
   (ii) The dollar amount of aggregate executive contributions during the registrant’s last fiscal year (column (b));
   (iii) The dollar amount of aggregate registrant contributions during the registrant’s last fiscal year (column (c));
   (iv) The dollar amount of aggregate interest or other earnings accrued during the registrant’s last fiscal year (column (d));
   (v) The aggregate dollar amount of all withdrawals by and distributions to the executive during the registrant’s last fiscal year (column (e)); and
   (vi) The dollar amount of total balance of the executive’s account as of the end of the registrant’s last fiscal year (column (f)).

Instruction to Item 402(i)(2). Provide a footnote quantifying the extent to which amounts reported in the contributions and earnings columns are reported as compensation in the last completed fiscal year in the registrant’s Summary Compensation Table and amounts reported in the aggregate balance at last fiscal year end (column (f)) previously were reported as compensation to the named executive officer in the registrant’s Summary Compensation Table for previous years.

(3) Provide a succinct narrative description of any material factors necessary to an understanding of each plan covered by tabular disclosure required by this paragraph. While material factors will vary depending upon the facts, examples of such factors may include, in given cases, among other things:
   (i) The type(s) of compensation permitted to be deferred, and any limitations (by percentage of compensation or otherwise) on the extent to which deferral is permitted;
   (ii) The measures for calculating interest or other plan earnings (including whether such measure(s) are selected by the executive or the registrant and the frequency and manner in which selections may be changed), quantifying interest rates and other earnings measures applicable during the registrant’s last fiscal year; and
   (iii) Material terms with respect to payouts, withdrawals and other distributions.

(j) Potential payments upon termination or change-in-control. Regarding each contract, agreement, plan or arrangement, whether written or unwritten, that provides for payment(s) to a named executive officer at, following, or in connection with any termination, including without limitation resignation, severance, retirement or a constructive termination of a named executive officer, or a change in control of the registrant or a change in the named executive officer’s responsibilities, with respect to each named executive officer:
   (1) Describe and explain the specific circumstances that would trigger payment(s) or the provision of other benefits, including perquisites and health care benefits;
   (2) Describe and quantify the estimated payments and benefits that would be provided in each covered circumstance, whether they would or could be lump sum, or annual, disclosing the duration, and by whom they would be provided;
   (3) Describe and explain how the appropriate payment and benefit levels are determined under the various circumstances that trigger payments or provision of benefits;
   (4) Describe and explain any material conditions or obligations applicable to
the receipt of payments or benefits, including but not limited to non-compete, non-solicitation, non-disparagement or confidentiality agreements, including the duration of such agreements and provisions regarding waiver of breach of such agreements; and

(5) Describe any other material factors regarding each such contract, agreement, plan or arrangement.

Instructions to Item 402(j). 1. The registrant must provide quantitative disclosure under these requirements, applying the assumptions that the triggering event took place on the last business day of the registrant’s last completed fiscal year, and the price per share of the registrant’s securities is the closing market price as of that date. In the event that uncertainties exist as to the provision of payments and benefits or the amounts involved, the registrant is required to make a reasonable estimate (or a reasonable estimated range of amounts) applicable to the payment or benefit and disclose material assumptions underlying such estimates or estimated ranges in its disclosure. In such event, the disclosure would require forward-looking information as appropriate.

2. Perquisites and other personal benefits or property may be excluded only if the aggregate amount of such compensation will be less than $10,000. Individual perquisites and personal benefits shall be identified and quantified as required by Instruction 4 to paragraph (c)(2)(ix) of this Item. For purposes of quantifying health care benefits, the registrant must use the assumptions used for financial reporting purposes under generally accepted accounting principles.

3. To the extent that the form and amount of any payment or benefit that would be provided in connection with any triggering event is fully disclosed pursuant to paragraph (h) or (i) of this Item, reference may be made to that disclosure. However, to the extent that the form or amount of any such payment or benefit would be enhanced or its vesting or other provisions accelerated in connection with any triggering event, such enhancement or acceleration must be disclosed pursuant to this paragraph.

4. Where a triggering event has actually occurred for a named executive officer and that individual was not serving as a named executive officer of the registrant at the end of the last completed fiscal year, the disclosure required by this paragraph for that named executive officer shall apply only to that triggering event.

5. The registrant need not provide information with respect to contracts, agreements, plans or arrangements to the extent they do not discriminate in scope, terms or operation, in favor of executive officers of the registrant and that are available generally to all salaried employees.

(k) Compensation of directors. (1) Provide the information specified in paragraph (k)(2) of this Item, concerning the compensation of the directors for the registrant’s last completed fiscal year, in the following tabular format:

(2) The Table shall include:

(i) The name of each director unless such director is also a named executive officer under paragraph (a) of this Item and his or her compensation for service as a director is fully reflected in the Summary Compensation Table pursuant to paragraph (c) of this Item and otherwise as required pursuant to paragraphs (d) through (j) of this Item (column (a));

(ii) The aggregate dollar amount of all fees earned or paid in cash for services as a director, including annual retainers, committee and/or chairmanship fees, and meeting fees (column (b));

(iii) For awards of stock, the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 (column (c));

(iv) For awards of options, with or without tandem SARs (including awards that subsequently have been transferred), the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 (column (d));

(v) The dollar value of all earnings for services performed during the fiscal year pursuant to non-equity incentive plans as defined in paragraph (a)(6)(iii) of this Item, and all earnings on any outstanding awards (column (e));

(vi) The sum of the amounts specified in paragraphs (k)(2)(vi)(A) and (B) of this Item (column (f)) as follows:

(A) The aggregate change in the actuarial present value of the director’s accumulated benefit under all defined benefit and actuarial pension plans (including supplemental plans) from the pension plan measurement date used for financial statement reporting purposes with respect to the registrant’s audited financial statements for the prior completed fiscal year to the pension plan measurement date used for financial statement reporting purposes with respect to the registrant’s audited financial statements for the covered fiscal year; and

(B) Above-market or preferential earnings on compensation that is deferred on a basis that is not tax-qualified, including such earnings on non-qualified defined contribution plans;

(vii) All other compensation for the covered fiscal year that the registrant could not properly report in any other column of the Director Compensation Table (column (g)). Each compensation item that is not properly reportable in columns (b)–(f), regardless of the amount of the compensation item, must be included in column (g). Such compensation must include, but is not limited to:

(A) Perquisites and other personal benefits, or property, unless the aggregate amount of such compensation is less than $10,000;

(B) All “gross-ups” or other amounts reimbursed during the fiscal year for the payment of taxes;

(C) For any security of the registrant or its subsidiaries purchased from the registrant or its subsidiaries (through deferral of salary or bonus, or otherwise) at a discount from the market price of such security at the date of purchase, unless that discount is available generally, either to all security holders or to all salaried employees of the registrant, the compensation cost, if any, computed in accordance with FASB ASC Topic 718;

(D) The amount paid or accrued to any director pursuant to a plan or arrangement in connection with:

(1) The resignation, retirement or any other termination of such director; or
(2) A change in control of the registrant;

(E) Registrant contributions or other allocations to vested and unvested defined contribution plans;

(F) Consulting fees earned from, or paid or payable by the registrant and/or its subsidiaries (including joint ventures);

(G) The annual costs of payments and promises of payments pursuant to director legacy programs and similar charitable award programs;

(H) The dollar value of any insurance premiums paid by, or on behalf of, the registrant during the covered fiscal year with respect to life insurance for the benefit of a director; and

(I) The dollar value of any dividends or other earnings paid on stock or option awards, when those amounts were not factored into the grant date fair value required to be reported for the stock or option award in column (c) or (d); and

Instructions to Item 402(k)(2)(vii). 1. Programs in which registrants agree to make donations to one or more charitable institutions in a director’s name, payable by the registrant currently or upon a designated event, such as the retirement or death of the director, are charitable awards programs or director legacy programs for purposes of the disclosure required by paragraph (k)(2)(vii)(G) of this Item. Provide footnote disclosure of the total dollar amount payable under the program and other material terms of each such program for which tabular disclosure is provided.

2. Any item reported for a director pursuant to paragraph (k)(2)(vii) of this Item that is not a perquisite or personal benefit and whose value exceeds $10,000 must be identified and quantified in a footnote to column (g). All items of compensation are required to be included in the Director Compensation Table without regard to whether such items are required to be identified other than as specifically noted in this Item.

3. Perquisites and personal benefits may be excluded as long as the total value of all perquisites and personal benefits for a director is less than $10,000. If the total value of all perquisites and personal benefits is $10,000 or more for any director, then each perquisite or personal benefit, regardless of its amount, must be identified by type. If perquisites and personal benefits are required to be reported for a director pursuant to this rule, then each perquisite or personal benefit that exceeds the greater of $25,000 or 10% of the total amount of perquisites and personal benefits for that director must be quantified and disclosed in a footnote. Perquisites and other personal benefits shall be valued on the basis of the aggregate incremental cost to the registrant. With respect to the perquisite or other personal benefit for which footnote quantification is required, the registrant shall describe in the footnote its methodology for computing the aggregate incremental cost. Reimbursements of taxes owed with respect to perquisites or other personal benefits must be included in column (g) and are subject to separate quantification and identification as tax reimbursements (paragraph (k)(2)(vii)(B) of this Item) even if the associated perquisites or other personal benefits are not required to be included because the total amount of all perquisites or personal benefits for an individual director is less than $10,000 or are required to be identified but are not required to be separately quantified.

(viii) The dollar value of total compensation for the covered fiscal year (column (h)). With respect to each director, disclose the sum of all amounts reported in columns (b) through (g).

Instruction to Item 402(k)(2). Two or more directors may be grouped in a single row in the Table if all elements of their compensation are identical. The names of the directors for whom disclosure is presented on a group basis should be clear from the Table.

(3) Narrative to director compensation table. Provide a narrative description of any material factors necessary to an understanding of the director compensation disclosed in this Table. While material factors will vary depending upon the facts, examples of such factors may include, in given cases, among other things:

(i) A description of standard compensation arrangements (such as fees for retainer, committee service, service as chairman of the board or a committee, and meeting attendance); and

(ii) Whether any director has a different compensation arrangement, identifying that director and describing the terms of that arrangement.

Instruction to Item 402(k). In addition to the Instruction to paragraphs (k)(2)(iii) and (iv) and the Instructions to paragraphs (c)(2)(v) and (vi) of this Item: Instructions to paragraphs (c)(2)(v) and (vi) of this Item; Instructions to paragraphs (k)(2)(iii) and (iv) of this Item; Instructions to paragraphs (c)(2)(v) and (vi) of this Item; Instructions to paragraph (c)(2)(iv) of this Item; and Instructions 1 and 5 to paragraph (c)(2)(ix) of this Item.
Item. These Instructions apply to the columns in the Director Compensation Table that are analogous to the columns in the Summary Compensation Table to which they refer and to disclosures under paragraph (k) of this Item that correspond to analogous disclosures provided for in paragraph (c) of this Item to which they refer.

(1) Smaller reporting companies. A registrant that qualifies as a "smaller reporting company," as defined by Item 10(f) (§229.10(f)(1)), may provide the scaled disclosure in paragraphs (m) through (r) instead of paragraphs (a) through (k) and (s) of this Item.

(m) Smaller reporting companies—General—(1) All compensation covered. This Item requires clear, concise and understandable disclosure of all plan and non-plan compensation awarded to, earned by, or paid to the named executive officers designated under paragraph (m)(2) of this Item, and directors covered by paragraph (r) of this Item, by any person for all services rendered in all capacities to the smaller reporting company and its subsidiaries, unless otherwise specifically excluded from disclosure in this Item. All such compensation shall be reported pursuant to this Item, even if also called for by another requirement, including transactions between the smaller reporting company and a third party where a purpose of the transaction is to furnish compensation to any such named executive officer or director. No amount reported as compensation for one fiscal year need be reported in the same manner as compensation for a subsequent fiscal year; amounts reported as compensation for one fiscal year may be required to be reported in a different manner pursuant to this Item.

(2) Persons covered. Disclosure shall be provided pursuant to this Item for each of the following (the "named executive officers"): (i) All individuals serving as the smaller reporting company’s principal executive officer or acting in a similar capacity during the last completed fiscal year ("PEO"), regardless of compensation level;

(ii) The smaller reporting company’s two most highly compensated executive officers other than the PEO who were serving as executive officers at the end of the last completed fiscal year; and

(iii) Up to two additional individuals for whom disclosure would have been provided pursuant to paragraph (m)(2)(ii) of this Item but for the fact that the individual was not serving as an executive officer of the smaller reporting company at the end of the last completed fiscal year.

Instructions to Item 402(m)(2). 1. Determination of most highly compensated executive officers. The determination as to which executive officers are most highly compensated shall be made by reference to total compensation for the last completed fiscal year (as required to be disclosed pursuant to paragraph (n)(2)(x) of this Item) reduced by the amount required to be disclosed pursuant to paragraph (n)(2)(viii) of this Item, provided, however, that no disclosure need be provided for any executive officer, other than the PEO, whose total compensation, as so reduced, does not exceed $100,000.

2. Inclusion of executive officer of a subsidiary. It may be appropriate for a smaller reporting company to include as named executive officers one or more executive officers or other employees of subsidiaries in the disclosure required by this Item. See Rule 3b–7 under the Exchange Act (17 CFR 240.3b–7).

3. Exclusion of executive officer due to overseas compensation. It may be appropriate in limited circumstances for a smaller reporting company not to include in the disclosure required by this Item a named individual, other than its PEO, who is one of the smaller reporting company’s most highly compensated executive officers due to the payment of amounts of cash compensation relating to overseas assignments attributed predominately to such assignments.

(3) Information for full fiscal year. If the PEO served in that capacity during any part of a fiscal year with respect to which information is required, information should be provided as to all of his or her compensation for the full fiscal year. If a named executive officer (other than the PEO) served as an executive officer of the smaller reporting company (whether or not in the same position) during any part of the fiscal year with respect to which information is required, information shall be provided as to all compensation of that individual for the full fiscal year.

(4) Omission of table or column. A table or column may be omitted if there has been no compensation awarded to, earned by, or paid to any of the named executive officers or directors required
to be reported in that table or column in any fiscal year covered by that table.

(5) Definitions. For purposes of this Item:

(i) The term stock means instruments such as common stock, restricted stock, restricted stock units, phantom stock, phantom stock units, common stock equivalent units or any similar instruments that do not have option-like features, and the term option means instruments such as stock options, stock appreciation rights and similar instruments with option-like features. The term stock appreciation rights ("SARs") refers to SARs payable in cash or stock, including SARs payable in cash or stock at the election of the smaller reporting company or a named executive officer. The term equity is used to refer generally to stock and/or options.

(ii) The term plan includes, but is not limited to, the following: Any plan, contract, authorization or arrangement, whether or not set forth in any formal document, pursuant to which cash, securities, similar instruments, or any other property may be received. A plan may be applicable to one person. Except with respect to disclosure required by paragraph (t) of this Item, smaller reporting companies may omit information regarding group life, health, hospitalization, or medical reimbursement plans that do not discriminate in scope, terms or operation, in favor of executive officers or directors of the smaller reporting company and that are available generally to all salaried employees.

(iii) The term incentive plan means any plan providing compensation intended to serve as incentive for performance to occur over a specified period, whether such performance is measured by reference to financial performance of the smaller reporting company or an affiliate, the smaller reporting company’s stock price, or any other performance measure. An equity incentive plan is an incentive plan or portion of an incentive plan under which awards are granted that fall within the scope of FASB ASC Topic 718. A non-equity incentive plan is an incentive plan or portion of an incentive plan that is not an equity incentive plan. The term incentive plan award means an award provided under an incentive plan.

(iv) The terms date of grant or grant date refer to the grant date determined for financial statement reporting purposes pursuant to FASB ASC Topic 718.

(v) Closing market price is defined as the price at which the smaller reporting company’s security was last sold in the principal United States market for such security as of the date for which the closing market price is determined.

(n) Smaller reporting companies—Summary compensation table—(1) General. Provide the information specified in paragraph (n)(2) of this Item, concerning the compensation of the named executive officers for each of the smaller reporting company’s last two completed fiscal years, in a Summary Compensation Table in the tabular format specified below.

(2) The Table shall include:

(i) The name and principal position of the named executive officer (column (a));

(ii) The fiscal year covered (column (b));

(iii) The dollar value of base salary (cash and non-cash) earned by the
Securities and Exchange Commission

§ 229.402  

The dollar value of bonus (cash and non-cash) earned by the named executive officer during the fiscal year covered (column (d));

Instructions to Item 402(n)(2)(iii) and (iv). 1. If the amount of salary or bonus earned in a given fiscal year is not calculable through the latest practicable date, a footnote shall be included disclosing that the amount of salary or bonus is not calculable through the latest practicable date and providing the date that the amount of salary or bonus is expected to be determined, and such amount must then be disclosed in a filing under Item 5.02(f) of Form 8-K (17 CFR 249.308).

2. Smaller reporting companies shall include in the salary column (column (c)) any amount of salary or bonus forgone at the election of a named executive officer under which stock, equity-based or other forms of non-cash compensation instead have been received by the named executive officer. However, the receipt of any such form of non-cash compensation instead of salary or bonus must be disclosed in a footnote added to the salary column (column (d)) any amount of salary or bonus forgone at the election of a named executive officer under which stock, equity-based or other forms of non-cash compensation instead have been received by the named executive officer. However, the receipt of any such form of non-cash compensation instead of salary or bonus must be disclosed in a footnote added to the salary or bonus column and, where applicable, referring to the narrative disclosure to the Summary Compensation Table (required by paragraph (o) of this Item) where the material terms of the stock, option or non-equity incentive plan award elected by the named executive officer are reported.

(v) For awards of stock, the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 (column (e));

(vi) For awards of options, with or without tandem SARs (including awards that subsequently have been transferred), the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 (column (f));

Instruction 1 to Item 402(n)(2)(v) and (n)(2)(vi). For awards reported in columns (e) and (f), include a footnote disclosing all assumptions made in the valuation by reference to a discussion of those assumptions in the smaller reporting company’s financial statements, footnotes to the financial statements, or discussion in the Management’s Discussion and Analysis. The sections so referenced are deemed part of the disclosure provided pursuant to this Item.

Instruction 2 to Item 402(n)(2)(v) and (n)(2)(vi). If at any time during the last completed fiscal year, the smaller reporting company has adjusted or amended the exercise price of options or SARs previously awarded to a named executive officer, whether through amendment, cancellation or replacement grants, or any other means (“repriced”), or otherwise has materially modified such awards, the smaller reporting company shall include, as awards required to be reported in column (f), the incremental fair value, computed as of the repricing or modification date in accordance with FASB ASC Topic 718, with respect to that repriced or modified award.

Instruction 3 to Item 402(n)(2)(v) and (vi). For any awards that are subject to performance conditions, report the value at the grant date based upon the probable outcome of such conditions. This amount should be consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures. In a footnote to the table, disclose the value of the award at the grant date assuming that the highest level of performance conditions will be achieved if an amount less than the maximum was included in the table.

(vii) The dollar value of all earnings for services performed during the fiscal year pursuant to awards under non-equity incentive plans as defined in paragraph (m)(5)(iii) of this Item, and all earnings on any outstanding awards (column (g));

Instructions to Item 402(n)(2)(viii). 1. If the relevant performance measure is satisfied during the fiscal year (including for a single year in a plan with a multi-year performance measure), the earnings are reportable for that fiscal year, even if not payable until a later date, and are not reportable again in the fiscal year when amounts are paid to the named executive officer.

2. All earnings on non-equity incentive plan compensation must be identified and quantified in a footnote to column (g), whether the earnings were paid during the fiscal year, payable during the period but deferred at the election of the named executive officer, or payable by their terms at a later date.

(viii) Above-market or preferential earnings on compensation that is deferred on a basis that is not tax-qualified, including such earnings on non-qualified defined contribution plans (column (h));
§ 229.402

reporting company’s plan at the time the interest rate or formula is set. In the event of a discretionary reset of the interest rate, the requisite calculation must be made on the basis of the interest rate at the time of such reset, rather than when originally established. Only the above-market portion of the interest must be included. If the applicable interest rates vary depending upon conditions such as a minimum period of continued service, the reported amount should be calculated assuming satisfaction of all conditions to receiving interest at the highest rate. Dividends (and dividend equivalents) on deferred compensation denominated in the smaller reporting company’s stock (“deferred stock”) are preferential only if earned at a rate higher than dividends on the smaller reporting company’s common stock. Only the preferential portion of the dividends or equivalents must be included. Footnote or narrative disclosure may be provided explaining the smaller reporting company’s criteria for determining any portion considered to be above-market.

(ix) All other compensation for the covered fiscal year that the smaller reporting company could not properly report in any other column of the Summary Compensation Table (column (i)). Each compensation item that is not properly reportable in columns (c) through (h), regardless of the amount of the compensation item, must be included in column (i). Such compensation must include, but is not limited to:

(A) Perquisites and other personal benefits, or property, unless the aggregate amount of such compensation is less than $10,000;

(B) All “gross-ups” or other amounts reimbursed during the fiscal year for the payment of taxes;

(C) For any security of the smaller reporting company or its subsidiaries purchased from the smaller reporting company or its subsidiaries (through deferral of salary or bonus, or otherwise) at a discount from the market price of such security at the date of purchase, unless that discount is available generally, either to all security holders or to all salaried employees of the smaller reporting company, the compensation cost, if any, computed in accordance with FASB ASC Topic 718;

(D) The amount paid or accrued to any named executive officer pursuant to a plan or arrangement in connection with:

(1) Any termination, including without limitation through retirement, resignation, severance or constructive termination (including a change in responsibilities) of such executive officer’s employment with the smaller reporting company and its subsidiaries; or

(2) A change in control of the smaller reporting company;

(E) Smaller reporting company contributions or other allocations to vested and unvested defined contribution plans;

(F) The dollar value of any insurance premiums paid by, or on behalf of, the smaller reporting company during the covered fiscal year with respect to life insurance for the benefit of a named executive officer; and

(G) The dollar value of any dividends or other earnings paid on stock or option awards, when those amounts were not factored into the grant date fair value required to be reported for the stock or option award in column (e) or (f); and

Instructions to Item 402(n)(2)(ix). 1. Non-equity incentive plan awards and earnings and earnings on stock or options, except as specified in paragraph (n)(2)(ix)(G) of this Item, are required to be reported elsewhere as provided in this Item and are not reportable as All Other Compensation in column (i).

2. Benefits paid pursuant to defined benefit and actuarial plans are not reportable as All Other Compensation in column (i) unless accelerated pursuant to a change in control; information concerning these plans is reportable pursuant to paragraph (q)(1) of this Item.

3. Reimbursements of taxes owed with respect to perquisites or other personal benefits must be included in the columns as tax reimbursements (paragraph (n)(2)(ix)(B) of this Item) even if the associated perquisites or other personal benefits are not required to be included because the aggregate amount of such compensation is less than $10,000.

4. Perquisites and other personal benefits shall be valued on the basis of the aggregate incremental cost to the smaller reporting company.

5. For purposes of paragraph (n)(2)(ix)(D) of this Item, an accrued amount is an amount for which payment has become due.

(X) The dollar value of total compensation for the covered fiscal year (column (j)). With respect to each named executive officer, disclose the sum of all amounts reported in columns (c) through (i).
Instructions to Item 402(n). 1. Information with respect to the fiscal year prior to the last completed fiscal year will not be required if the smaller reporting company was not a reporting company pursuant to section 13(a) or 15(d) of the Exchange Act (15 U.S.C. 78m(a) or 78o(d)) at any time during that year, except that the smaller reporting company will be required to provide information for any such year if that information previously was required to be provided in response to a Commission filing requirement.

2. All compensation values reported in the Summary Compensation Table must be reported in dollars and rounded to the nearest dollar. Reported compensation values must be reported numerically, providing a single numerical value for each grid in the table. Where compensation was paid to or received by a named executive officer in a different currency, a footnote must be provided to identify that currency and describe the rate and methodology used to convert the payment amounts to dollars.

3. If a named executive officer is also a director who receives compensation for his or her services as a director, reflect that compensation in the Summary Compensation Table and provide a footnote identifying and itemizing such compensation and amounts. Use the categories in the Director Compensation Table required pursuant to paragraph (c) of this Item.

4. Any amounts deferred, whether pursuant to a plan established under section 401(k) of the Internal Revenue Code (26 U.S.C. 401(k)), or otherwise, shall be included in the appropriate category for the fiscal year in which earned.

(o) Smaller reporting companies—Narrative disclosure to summary compensation table. Provide a narrative description of any material factors necessary to an understanding of the information disclosed in the Table required by paragraph (n) of this Item. Examples of such factors may include, in given cases, among other things:

(1) The material terms of each named executive officer’s employment agreement or arrangement, whether written or unwritten;

(2) If at any time during the last fiscal year, any outstanding option or other equity-based award was repriced or otherwise materially modified (such as by extension of exercise periods, the change of vesting or forfeiture conditions, the change or elimination of applicable performance criteria, or the change of the bases upon which returns are determined), a description of each such repricing or other material modification;

(3) The waiver or modification of any specified performance target, goal or condition to payout with respect to any amount included in non-stock incentive plan compensation or payouts reported in column (g) to the Summary Compensation Table required by paragraph (n) of this Item, stating whether the waiver or modification applied to one or more specified named executive officers or to all compensation subject to the target, goal or condition;

(4) The material terms of each grant, including but not limited to the date of exercisability, any conditions to exercisability, any tandem feature, any reload feature, any tax-reimbursement feature, and any provision that could cause the exercise price to be lowered;

(5) The material terms of any non-equity incentive plan award made to a named executive officer during the last completed fiscal year, including a general description of the formula or criteria to be applied in determining the amounts payable and vesting schedule;

(6) The method of calculating earnings on nonqualified deferred compensation plans including nonqualified defined contribution plans; and

(7) An identification to the extent material of any item included under All Other Compensation (column (i)) in the Summary Compensation Table. Identification of an item shall not be considered material if it does not exceed the greater of $25,000 or 10% of all items included in the specified category in question set forth in paragraph (n)(2)(ix) of this Item. All items of compensation are required to be included in the Summary Compensation Table without regard to whether such items are required to be identified.

Instruction to Item 402(o). The disclosure required by paragraph (o)(2) of this Item would not apply to any repricing that occurs through a pre-existing formula or mechanism in the plan or award that results in the periodic adjustment of the option or SAR exercise or base price, an antidilution provision in a plan or award, or a recapitalization or similar transaction equally affecting all holders of the class of securities underlying the options or SARs.

(p) Smaller reporting companies—Outstanding equity awards at fiscal year-end

(2) The Table shall include:

(i) The name of the named executive officer (column (a));

(ii) On an award-by-award basis, the number of securities underlying unexercised options, including awards that have been transferred other than for value, that are exercisable and that are not reported in column (d) (column (b));

(iii) On an award-by-award basis, the number of securities underlying unexercised options, including awards that have been transferred other than for value, that are unexercisable and that are not reported in column (d) (column (c));

(iv) On an award-by-award basis, the total number of shares underlying unexercised options awarded under any equity incentive plan that have not been earned (column (d));

(v) For each instrument reported in columns (b), (c) and (d), as applicable, the exercise or base price (column (e));

(vi) For each instrument reported in columns (b), (c) and (d), as applicable, the expiration date (column (f));

(vii) The total number of shares of stock that have not vested and that are not reported in column (i) (column (g));

(viii) The aggregate market value of shares of stock that have not vested and that are not reported in column (j) (column (h));

(ix) The total number of shares of stock, units or other rights awarded under any equity incentive plan that have not vested and that have not been earned, and, if applicable, the number of shares underlying any such unit or right (column (i)); and

(x) The aggregate market or payout value of shares of stock, units or other rights awarded under any equity incentive plan that have not vested and that have not been earned (column (j)).

Instructions to Item 402(p)(2). 1. Identify by footnote any award that has been transferred other than for value, disclosing the nature of the transfer.
2. The vesting dates of options, shares of stock and equity incentive plan awards held at fiscal-year end must be disclosed by footnote to the applicable column where the outstanding award is reported.

3. Compute the market value of stock reported in column (h) and equity incentive plan awards of stock reported in column (j) by multiplying the closing market price of the smaller reporting company’s stock at the end of the last completed fiscal year by the number of shares or units of stock or the amount of equity incentive plan awards, respectively. The number of shares or units reported in column (d) or (i), and the payout value reported in column (j), shall be based on achieving threshold performance goals, except that if the previous fiscal year’s performance has exceeded the threshold, the disclosure shall be based on the next higher performance measure (target or maximum) that exceeds the previous fiscal year’s performance. If the award provides only for a single estimated payout, that amount should be reported. If the target amount is not determinable, smaller reporting companies must provide a representative amount based on the previous fiscal year’s performance. If the award provides only for a single estimated payout, that amount should be reported. If the target amount is not determinable, smaller reporting companies must provide a representative amount based on the previous fiscal year’s performance. If the award provides only for a single estimated payout, that amount should be reported. If the target amount is not determinable, smaller reporting companies must provide a representative amount based on the previous fiscal year’s performance.

4. Multiple awards may be aggregated where the expiration date and the exercise and/or base price of the instruments is identical. A single award consisting of a combination of options, SARs and/or similar option-like instruments shall be reported as separate awards with respect to each tranche with a different exercise and/or base price or expiration date.

5. Options or stock awarded under an equity incentive plan are reported in columns (d) or (i) and (j), respectively, until the relevant performance condition has been satisfied. Once the relevant performance condition has been satisfied, even if the option or stock award is subject to forfeiture conditions, options are reported in column (b) or (c), as appropriate, until they are exercised or expire, or stock is reported in columns (g) and (h) until it vests.

(q) Smaller reporting companies—Additional narrative disclosure. Provide a narrative description of the following to the extent material:

   (1) The material terms of each plan that provides for the payment of retirement benefits, or benefits that will be paid primarily following retirement, including but not limited to tax-qualified defined benefit plans, supplemental executive retirement plans, tax-qualified defined contribution plans and nonqualified defined contribution plans.

   (2) The material terms of each contract, agreement, plan or arrangement, whether written or unwritten, that provides for payment(s) to a named executive officer at, following, or in connection with the resignation, retirement or other termination of a named executive officer, or a change in control of the smaller reporting company or a change in the named executive officer’s responsibilities following a change in control, with respect to each named executive officer.

(r) Smaller reporting companies—Compensation of directors. (1) Provide the information specified in paragraph (r)(2) of this Item, concerning the compensation of the directors for the smaller reporting company’s last completed fiscal year, in the following tabular format:

Provide footnote disclosure of the total dollar amount payable under the program and other material terms of each such program for which tabular disclosure is provided.

Instruction to Item 402(r). In addition to the Instruction to paragraph (r)(2)(vii) of this Item, the following apply equally to paragraph (r) of this Item: Instructions 2 and 4 to paragraph (n) of this Item; the Instructions to paragraphs (n)(2)(iii) and (iv) of this Item; the Instructions to paragraphs (n)(2)(v) and (vi) of this Item; the Instructions to paragraph (n)(2)(vii) of this Item; the Instruction to paragraph (n)(2)(viii) of this Item; the Instructions to paragraph (n)(2)(ix) of this Item; and paragraph (o)(7) of this Item. These Instructions apply to the columns in the Director Compensation Table that are analogous to the columns in the Summary Compensation Table to which they refer and to disclosures under paragraph (r) of this Item that correspond to analogous disclosures provided for in paragraph (n) of this Item to which they refer.

(s) Narrative disclosure of the registrant’s compensation policies and practices as they relate to the registrant’s risk management. To the extent that risks arising from the registrant’s compensation policies and practices for its employees are reasonably likely to have a material adverse effect on the registrant, discuss the registrant’s policies and practices of compensating its employees, including non-executive officers, as they relate to risk management practices and risk-taking incentives. While the situations requiring disclosure will vary depending on the particular registrant and compensation policies and practices, situations that may trigger disclosure include, among others, compensation policies and practices: at a business unit of the company that carries a significant portion of the registrant’s risk profile; at a business unit with compensation structured significantly differently than other units within the registrant; at a business unit that is significantly more profitable than others within the registrant; at a business unit where compensation expense is a significant percentage of the unit’s revenues; and that vary significantly from the overall risk and reward structure of the registrant, such as when bonuses are awarded upon accomplishment of a task, while the income and risk to the registrant from the task extend over a significantly longer period of time. The purpose of this paragraph(s) is to provide investors material information concerning how the registrant compensates and incentivizes its employees that may create risks that are reasonably likely to have a material adverse effect on the registrant. The information to be disclosed pursuant to this paragraph(s) will vary depending upon the nature of the registrant’s business and the compensation approach, the following are examples of the issues that the registrant may need to address for the business units or employees discussed:

(1) The general design philosophy of the registrant’s compensation policies and practices for employees whose behavior would be most affected by the incentives established by the policies and practices, as such policies and practices relate to or affect risk taking by employees on behalf of the registrant, and the manner of their implementation;

(2) The registrant’s risk assessment or incentive considerations, if any, in structuring its compensation policies and practices or in awarding and paying compensation;

(3) How the registrant’s compensation policies and practices relate to the realization of risks resulting from the actions of employees in both the short term and the long term, such as
through policies requiring claw backs or imposing holding periods;
(4) The registrant’s policies regarding adjustments to its compensation policies and practices to address changes in its risk profile;
(5) Material adjustments the registrant has made to its compensation policies and practices as a result of changes in its risk profile; and
(6) The extent to which the registrant monitors its compensation policies and practices to determine whether its risk management objectives are being met with respect to incentivizing its employees.

Instructions to Item 402(t)(2).
1. If this disclosure is included in a proxy or consent solicitation seeking approval of an acquisition, merger, consolidation, or proposed sale or other disposition of all or substantially all the assets of the registrant, or in a proxy or consent solicitation that includes disclosure under Item 14 of Schedule 14A (§240.14a–101) pursuant to Note A of Schedule 14A, the disclosure provided by this table shall be quantified assuming that the triggering event took place on the latest practicable date, and that the price per share...
of the registrant’s securities shall be determined as follows: If the shareholders are to receive a fixed dollar amount, the price per share shall be that fixed dollar amount, and if the value is not a fixed dollar amount, the price per share shall be the average closing market price of the registrant’s securities over the first five business days following the first public announcement of the transaction. Compute the dollar value of in-the-money option awards for which vesting would be accelerated by determining the difference between this price and the exercise or base price of the options. Include only compensation that is based on or otherwise relates to the subject transaction. Apply Instruction 1 to Item 402(t) with respect to those executive officers for whom disclosure was required in the issuer’s most recent filing with the Commission under the Securities Act (15 U.S.C. 77a et seq.) or Exchange Act (15 U.S.C. 78a et seq.) that required disclosure pursuant to Item 402(c).

2. If this disclosure is included in a proxy solicitation for the annual meeting at which directors are elected for purposes of subjecting the disclosed agreements or understandings to a shareholder vote under section 14A(a)(1) of the Exchange Act (15 U.S.C. 78n-1(a)(1)), the disclosure provided by this table shall be quantified assuming that the triggering event took place on the last business day of the registrant’s last completed fiscal year, and the price per share of the registrant’s securities is the closing market price as of that date. Compute the dollar value of in-the-money option awards for which vesting would be accelerated by determining the difference between this price and the exercise or base price of the options.

3. In the event that uncertainties exist as to the provision of payments and benefits or the amounts involved, the registrant is required to make a reasonable estimate applicable to the payment or benefit and disclose material assumptions underlying such estimate in its disclosure. In such event, the disclosure would require forward-looking information as appropriate.

4. For each of columns (b) through (g), include a footnote quantifying each separate form of compensation included in the aggregate total reported. Include the value of all perquisites and other personal benefits or property. Individual perquisites and personal benefits shall be identified and quantified as required by Instruction 4 to Item 402(c)(2)(x) of this section. For purposes of quantifying health care benefits, the registrant must use the assumptions used for financial reporting purposes under generally accepted accounting principles.

5. For each of columns (b) through (h), include a footnote quantifying the amount payable attributable to a double-trigger arrangement (i.e., amounts triggered by a change-in-control for which payment is conditioned upon the executive officer’s termination without cause or resignation for good reason within a limited time period following the change-in-control), specifying the time-frame in which such termination or resignation must occur in order for the amount to become payable, and the amount payable attributable to a single-trigger arrangement (i.e., amounts triggered by a change-in-control for which payment is not conditioned upon such a termination or resignation of the executive officer).

6. A registrant conducting a shareholder advisory vote pursuant to §240.14a–21(c) of this chapter to cover new arrangements and understandings, and/or revised terms of agreements and understandings that were previously subject to a shareholder advisory vote pursuant to §240.14a–21(a) of this chapter, shall provide two separate tables. One table shall disclose all golden parachute compensation, including both the arrangements and amounts previously disclosed and subject to a shareholder advisory vote under section 14A(a)(1) of the Exchange Act (15 U.S.C. 78n-1(a)(1)) and §240.14a–21(a) of this chapter and the new arrangements and understandings and/or revised terms of agreements and understandings that were previously subject to a shareholder advisory vote. The second table shall disclose only the new arrangements and/or revised terms subject to the separate shareholder vote under section 14A(b)(2) of the Exchange Act and §240.14a–21(c) of this chapter.

7. In cases where this Item 402(t)(2) requires disclosure of arrangements between an acquiring company and the named executive officers of the soliciting target company, the registrant shall clarify whether these agreements are included in the separate shareholder advisory vote pursuant to §240.14a–21(c) of this chapter by providing a separate table of all agreements and understandings subject to the shareholder advisory vote required by section 14A(a)(1) of the Exchange Act (15 U.S.C. 78n-1(a)(1)) and §240.14a–21(c) of this chapter, if different from the full scope of golden parachute compensation subject to Item 402(t) disclosure.

3. Provide a succinct narrative description of any material factors necessary to an understanding of each such contract, agreement, plan or arrangement and the payments quantified in the tabular disclosure required by this paragraph. Such factors shall include, but not be limited to a description of:

(i) The specific circumstances that would trigger payment(s);
(ii) Whether the payments would or could be lump sum, or annual, disclosing the duration, and by whom they would be provided; and
(iii) Any material conditions or obligations applicable to the receipt of payment or benefits, including but not limited to non-compete, non-solicitation, non-disparagement and confidentiality agreements, including the duration of such agreements and provisions regarding waiver or breach of such agreements.

Instructions to Item 402(t). 1. A registrant that does not qualify as a “smaller reporting company,” as defined by §229.10(f)(1) of this chapter, must provide the information required by this Item 402(t) with respect to the individuals covered by Items 402(a)(3)(i), (ii) and (iii) of this section. A registrant that qualifies as a “smaller reporting company,” as defined by §229.10(f)(1) of this chapter, must provide the information required by this Item 402(t) with respect to the individuals covered by Items 402(m)(2)(i) and (ii) of this section.

2. The obligation to provide the information in this Item 402(t) shall not apply to agreements and understandings described in paragraph (t)(1) of this section with senior management of foreign private issuers, as defined in §240.3b–4 of this chapter.

4. The approximate dollar value of the amount of the related person’s interest in the transaction, which shall be computed without regard to the amount of profit or loss.

5. In the case of indebtedness, disclosure of the amount involved in the transaction shall include the largest aggregate amount of principal outstanding during the period for which disclosure is provided, the amount thereof outstanding as of the latest practicable date, the amount of principal paid during the periods for which disclosure is provided, the amount of interest paid during the period for which disclosure is provided, the amount of interest paid during the period for which disclosure is provided, and the rate or amount of interest payable on the indebtedness.

          compensation would have been reported
          under Item 402 (§ 229.402) as compensation
          earned for services to the registrant if the
          executive officer was a named executive offi-
          cer as that term is defined in Item 402(a)(3)
          (§ 229.402(a)(3)), and such compensation had

   b. Disclosure of compensation to a director

iii. From both such position and ownership; or

b. The interest arises only from such person’s position as a limited partner in a partnership in which the person and all other persons specified in Instruction 1 to paragraph (a) of this Item, have an interest of less than ten percent, and the person is not a general partner of and does not hold another position in the partnership.

7. Disclosure need not be provided pursuant to paragraph (a) of this Item if:

a. The transaction is one where the rates or charges involved in the transaction are determined by competitive bids, or the transaction involves the rendering of services as a common or contract carrier, or public utility, at rates or charges fixed in conformity with law or governmental authority; or

c. The interest of the related person arises solely from the ownership of a class of equity securities of the registrant and all holders of that class of equity securities of the registrant received the same benefit on a pro rata basis.

(b) Review, approval or ratification of transactions with related persons. (1) Describe the registrant’s policies and procedures for the review, approval, or ratification of any transaction required to be reported under paragraph (a) of this Item. While the material features of such policies and procedures will vary depending on the particular circumstances, examples of such features may include, in given cases, among other things:

(c) Promoters and certain control persons. (1) Registrants that are filing a registration statement on Form S-1 under the Securities Act (§239.11 of this chapter) or on Form 10 under the Exchange Act (§249.210 of this chapter) and that had a promoter at any time during the past five fiscal years shall:

(i) State the names of the promoter(s), the nature and amount of anything of value (including money, property, contracts, options or rights of any kind) received or to be received by each promoter, directly or indirectly, from the registrant and the nature and amount of any assets, services or other consideration therefore received or to be received by the registrant; and

(ii) As to any assets acquired or to be acquired by the registrant from a promoter, state the amount at which the assets were acquired or are to be acquired and the principle followed or to be followed in determining such amount, and identify the persons making the determination and their relationship, if any, with the registrant or any promoter. If the assets were acquired by the promoter within two years prior to their transfer to the registrant, also state the cost thereof to the promoter.

(2) Registrants shall provide the disclosure required by paragraphs (c)(1)(i) and (c)(1)(ii) of this Item as to any person who acquired control of a registrant that is a shell company, or any person that is part of a group, consisting of two or more persons that

(d) Smaller reporting companies. A registrant that qualifies as a “smaller reporting company,” as defined by §229.10(f)(1), must provide the following information in order to comply with this Item:

(1) The information required by paragraph (a) of this Item for the period specified there for a transaction in which the amount involved exceeds the lesser of $120,000 or one percent of the average of the smaller reporting company’s total assets at year end for the last two completed fiscal years;

(2) The information required by paragraph (c) of this Item; and

Instructions to Item 404. 1. If the information called for by this Item is being presented in a registration statement filed pursuant to the Securities Act or the Exchange Act, information shall be given for the periods specified in the Item and, in addition, for the two fiscal years preceding the registrant’s last fiscal year, unless the information is being incorporated by reference into a registration statement on Form S–4 (17 CFR 239.35), in which case, information shall be given for the periods specified in the Item.

[71 FR 52252, Sept. 8, 2006, as amended at 73 FR 964, Jan. 4, 2008]

§ 229.405 (Item 405) Compliance with section 16(a) of the Exchange Act.

Every registrant having a class of equity securities registered pursuant to section 12 of the Exchange Act (15 U.S.C. 78l) and every closed-end investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.) shall:

(a) Based solely upon a review of Forms 3 and 4 (17 CFR 249.103 and 249.104) and amendments thereto furnished to the registrant under 17 CFR 240.16a–3(e) during its most recent fiscal year and Forms 5 and amendments thereto (17 CFR 249.105) furnished to the registrant with respect to its most recent fiscal year, and any written representation referred to in paragraph (b)(1) of this section.

(1) Under the caption “Section 16(a) Beneficial Ownership Reporting Compliance,” identify each person who, at any time during the fiscal year, was a director, officer, beneficial owner of more than ten percent of any class of equity securities of the registrant registered pursuant to section 12 of the Exchange Act, or any other person subject to section 16 of the Exchange Act with respect to the registrant because of the requirements of section 30 of the Investment Company Act (“reporting person”) that failed to file on a timely basis, as disclosed in the above Forms, reports required by section 16(a) of the Exchange Act during the most recent fiscal year or prior fiscal years.

(2) For each such person, set forth the number of late reports, the number of transactions that were not reported on a timely basis, and any known failure to file a required Form. A known failure to file would include, but not be limited to, a failure to file a Form 3, which is required of all reporting persons, and a failure to file a Form 5 in the absence of the written representation referred to in paragraph (b)(1) of this section, unless the registrant otherwise knows that no Form 5 is required.
Securities and Exchange Commission

§ 229.406

(a) Disclose whether the registrant has adopted a code of ethics that applies to the registrant’s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. If the registrant has not adopted such a code of ethics, explain why it has not done so.

(b) For purposes of this Item 406, the term code of ethics means written standards that are reasonably designed to deter wrongdoing and to promote:

(1) Honest and ethical conduct, including the ethical handling of actual or apparent conflicts of interest between personal and professional relationships;

(2) Full, fair, accurate, timely, and understandable disclosure in reports and documents that a registrant files with, or submits to, the Commission and in other public communications made by the registrant;

(3) Compliance with applicable governmental laws, rules and regulations;

(4) The prompt internal reporting of violations of the code to an appropriate person or persons identified in the code; and

(5) Accountability for adherence to the code.

(c) The registrant must:

(1) File with the Commission a copy of its code of ethics that applies to the registrant’s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, as an exhibit to its annual report;

(2) Post the text of such code of ethics on its Internet website and disclose, in its annual report, its Internet address and the fact that it has posted such code of ethics on its Internet website; or

(3) Undertake in its annual report filed with the Commission to provide to any person without charge, upon request, a copy of such code of ethics and explain the manner in which such request may be made.

(d) If the registrant intends to satisfy the disclosure requirement under Item 10 of Form 8-K regarding an amendment to, or a waiver from, a provision of its code of ethics that applies to the registrant’s principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions and that relates to any element of the code of ethics definition enumerated in paragraph (b) of this Item by posting such information on its Internet website, disclose the registrant’s Internet address and such intention.

Instructions to Item 406. 1. A registrant may have separate codes of ethics for different types of officers. Furthermore, a code of ethics within the meaning of paragraph (b) of this Item may be a portion of a broader document that addresses additional topics or that applies to more persons than those specified in paragraph (a). In satisfying the requirements of paragraph (c), a registrant need only file, post or provide the portions of a broader document that constitutes a code of ethics as defined in paragraph (b) and that apply to the persons specified in paragraph (a).

2. If a registrant elects to satisfy paragraph (c) of this Item by posting its code of ethics on its website pursuant to paragraph (c)(2), the code of ethics must remain accessible on its website for as long as the registrant remains subject to the requirements.

Note: The disclosure requirement is based on a review of the forms submitted to the registrant during and with respect to its most recent fiscal year, as specified above. Accordingly, a failure to file timely needs only be disclosed once. For example, if in the most recently concluded fiscal year a reporting person filed a Form 4 disclosing a transaction that took place in the prior fiscal year, and should have been reported in that year, the registrant should disclose that late filing and transaction pursuant to this Item 405 with respect to the most recently concluded fiscal year, but not in material filed with respect to subsequent years.

(b) With respect to the disclosure required by paragraph (a) of this section, if the registrant:

(1) Receives a written representation from the reporting person that no Form 5 is required; and

(2) Maintains the representation for two years, making a copy available to the Commission or its staff upon request, the registrant need not identify such reporting person pursuant to paragraph (a) of this section as having failed to file a Form 5 with respect to that fiscal year.

§ 229.407 Corporate governance.

(a) Director independence. Identify each director and, when the disclosure called for by this paragraph is being presented in a proxy or information statement relating to the election of directors, each nominee for director, that is independent under the independence standards applicable to the registrant under paragraph (a)(1) of this Item. In addition, if such independence standards contain independence requirements for committees of the board of directors, identify each director that is a member of the compensation, nominating or audit committee that is not independent under such committee independence standards. If the registrant does not have a separately designated audit, nominating or compensation committee or committee performing similar functions, the registrant must provide the disclosure of directors that are not independent with respect to all members of the board of directors applying such committee independence standards.

(1) In determining whether or not the director or nominee for director is independent for the purposes of paragraph (a) of this Item, the registrar shall use the applicable definition of independence, as follows:

(i) If the registrant is a listed issuer whose securities are listed on a national securities exchange or in an inter-dealer quotation system which has requirements that a majority of the board of directors be independent, the registrant’s definition of independence that it uses for determining if a majority of the board of directors be independent, and state which definition is used. Whatever such definition the registrant chooses, it must use the same definition with respect to all directors and nominees for director. When determining whether the members of a specific committee of the board of directors are independent, if the national securities exchange or national securities association whose standards are used has independence standards for the members of a specific committee, use those committee specific standards.

(ii) If the registrant is not a listed issuer, a definition of independence of a national securities exchange or of an inter-dealer quotation system which has requirements that a majority of the board of directors be independent, and state which definition is used. Whatever such definition the registrant chooses, it must use the same definition with respect to all directors and nominees for director. When determining whether the members of a specific committee of the board of directors are independent, if the national securities exchange or national securities association whose standards are used has independence standards for the members of a specific committee, use those committee specific standards.

(iii) If the information called for by paragraph (a) of this Item is being presented in a registration statement on Form S–1 (§239.11 of this chapter) under the Securities Act or on a Form 10 (§249.210 of this chapter) under the Exchange Act where the registrant has applied for listing with a national securities exchange or in an inter-dealer quotation system that has requirements that a majority of the board of directors be independent, the definition of independence that the registrant uses for determining if a majority of the board of directors is independent, and the definition of independence that the registrant uses for determining if members of the specific committee of the board of directors are independent, that is in compliance with the independence listing standards of the national securities exchange or inter-dealer quotation system on which it
Securities and Exchange Commission

§ 229.407

has applied for listing, or if the registrant has not adopted such definitions, the independence standards for determining if the majority of the board of directors is independent and if members of the committee of the board of directors are independent of that national securities exchange or inter-dealer quotation system.

(2) If the registrant uses its own definitions for determining whether its directors and nominees for director, and members of specific committees of the board of directors, are independent, disclose whether these definitions are available to security holders on the registrant’s Web site. If so, provide the registrant’s Web site address. If not, include a copy of these policies in an appendix to the registrant’s proxy statement or information statement that is provided to security holders at least once every three fiscal years or if the policies have been materially amended since the beginning of the registrant’s last fiscal year. If a current copy of the policies is not available to security holders on the registrant’s Web site, and is not included as an appendix to the registrant’s proxy statement or information statement, identify the most recent fiscal year in which the policies were so included in satisfaction of this requirement.

(3) For each director and nominee for director that is identified as independent, describe, by specific category or type, any transactions, relationships or arrangements not disclosed pursuant to Item 404(a) (§229.404(a)), or for investment companies, Item 22(b) of Schedule 14A (§240.14a–101 of this chapter), that were considered by the board of directors under the applicable independence definitions in determining that the director is independent.

Instructions to Item 407(a). 1. If the registrant is a listed issuer whose securities are listed on a national securities exchange or in an inter-dealer quotation system which has requirements that a majority of the board of directors be independent, and also has exemptions to those requirements (for independence of a majority of the board of directors or committee member independence) upon which the registrant relied, disclose the exemption relied upon and explain the basis for the registrant’s conclusion that such exemption is applicable. The same disclosure should be provided if the registrant is not a listed issuer and the national securities exchange or inter-dealer quotation system selected by the registrant has exemptions that are applicable to the registrant. Any national securities exchange or inter-dealer quotation system which has requirements that at least 50 percent of the members of a small business issuer’s board of directors must be independent shall be considered a national securities exchange or inter-dealer quotation system which has requirements that a majority of the board of directors be independent for the purposes of the disclosure required by paragraph (a) of this Item.

2. Registrants shall provide the disclosure required by paragraph (a) of this Item for any person who served as a director during any part of the last completed fiscal year, except that no information called for by paragraph (a) of this Item need be given in a registration statement filed at a time when the registrant is not subject to the reporting requirements of section 13(a) or 15(d) of the Exchange Act (15 U.S.C. 78m(a) or 78o(d)) respecting any director who is no longer a director at the time of effectiveness of the registration statement.

3. The description of the specific categories or types of transactions, relationships or arrangements required by paragraph (a)(3) of this Item must be provided in such detail as is necessary to fully describe the nature of the transactions, relationships or arrangements.

(b) Board meetings and committees; annual meeting attendance. (1) State the total number of meetings of the board of directors (including regularly scheduled and special meetings) which were held during the last full fiscal year. Name each incumbent director who during the last full fiscal year attended fewer than 75 percent of the aggregate of:

(i) The total number of meetings of the board of directors (held during the period for which he has been a director); and

(ii) The total number of meetings held by all committees of the board on which he served (during the periods that he served).

(2) Describe the registrant’s policy, if any, with regard to board members’ attendance at annual meetings of security holders and state the number of board members who attended the prior year’s annual meeting.

Instruction to Item 407(b)(2). In lieu of providing the information required by paragraph (b)(2) of this Item in the proxy statement, the registrant may instead provide the
registrant’s Web site address where such information appears.

(3) State whether or not the registrant has standing audit, nominating and compensation committees of the board of directors, or committees performing similar functions. If the registrant has such committees, however designated, identify each committee member, state the number of committee meetings held by each such committee during the last fiscal year and describe briefly the functions performed by each such committee. Such disclosure need not be provided to the extent it is duplicative of disclosure provided in accordance with paragraph (c), (d) or (e) of this Item.

(c) Nominating committee. (1) If the registrant does not have a standing nominating committee or committee performing similar functions, state the basis for the view of the board of directors that it is appropriate for the registrant not to have such a committee and identify each director who participates in the consideration of director nominees.

(2) Provide the following information regarding the registrant’s director nomination process:

(i) State whether or not the nominating committee has a charter. If the nominating committee has a charter, provide the disclosure required by Instruction 2 to this Item regarding the nominating committee charter;

(ii) If the nominating committee has a policy with regard to the consideration of any director candidates recommended by security holders, provide a description of the material elements of that policy, which shall include, but need not be limited to, a statement as to whether the committee will consider director candidates recommended by security holders;

(iii) If the nominating committee does not have a policy with regard to the consideration of any director candidates recommended by security holders, state that fact and state the basis for the view of the board of directors that it is appropriate for the registrant not to have such a policy;

(iv) If the nominating committee will consider candidates recommended by security holders, describe the procedures to be followed by security holders in submitting such recommendations;

(v) Describe any specific minimum qualifications that the nominating committee believes must be met by a nominating committee-recommended nominee for a position on the registrant’s board of directors, and describe any specific qualities or skills that the nominating committee believes are necessary for one or more of the registrant’s directors to possess;

(vi) Describe the nominating committee’s process for identifying and evaluating nominees for director, including nominees recommended by security holders, and any differences in the manner in which the nominating committee evaluates nominees for director based on whether the nominee is recommended by a security holder, and whether, and if so how, the nominating committee (or the board) considers diversity in identifying nominees for director. If the nominating committee (or the board) considers diversity in identifying director nominees, describe how this policy is implemented, as well as how the nominating committee (or the board) assesses the effectiveness of its policy;

(vii) With regard to each nominee approved by the nominating committee for inclusion on the registrant’s proxy card (other than nominees who are executive officers or who are directors standing for re-election), state which one or more of the following categories of persons or entities recommended that nominee: Security holder, non-management director, chief executive officer, other executive officer, third-party search firm, or other specified source. With regard to each such nominee approved by a nominating committee of an investment company, state which one or more of the following additional categories of persons or entities recommended that nominee: Security holder, director, chief executive officer, other executive officer, employee of the investment company’s investment adviser, principal underwriter, or any affiliated person of the investment adviser or principal underwriter;

(viii) If the registrant pays a fee to any third party or parties to identify
or evaluate or assist in identifying or evaluating potential nominees, disclose the function performed by each such third party; and

(i) If the registrant’s nominating committee received, by a date not later than the 120th calendar day before the date of the registrant’s proxy statement released to security holders in connection with the previous year’s annual meeting, a recommended nominee from a security holder that beneficially owned more than 5% of the registrant’s voting common stock for at least the year as of the date the recommendation was made, or from a group of security holders that beneficially owned, in the aggregate, more than 5% of the registrant’s voting common stock, with each of the securities used to calculate that ownership held for at least one year as of the date the recommendation was made, identify the candidate and the security holder or security holder group that recommended the candidate and disclose whether the nominating committee chose to nominate the candidate. provided, however, that no such identification or disclosure is required without the written consent of both the security holder or security holder group and the candidate to be so identified.

Instructions to Item 407(c)(2)(ix). 1. For purposes of paragraph (c)(2)(ix) of this Item, the percentage of securities held by a recommending security holder, as well as the holding period of those securities, may be determined by the registrant if the security holder is the registered holder of the securities. If the security holder is not the registered owner of the securities, he or she can submit one of the following to the registrant to evidence the required ownership percentage and holding period:

a. A written statement from the “record” holder of the securities (usually a broker or bank) verifying that, at the time the security holder made the recommendation, he or she had held the required securities for at least one year; or

b. If the security holder has filed a Schedule 13D (§§ 240.13d–101 of this chapter), Schedule 13G (§§ 240.13g–102 of this chapter), Form 3 (§ 249.103 of this chapter), Form 4 (§ 249.104 of this chapter), and/or Form 5 (§ 249.105 of this chapter), or amendments to those documents or updated forms, reflecting ownership of the securities as of or before the date of the recommendation, a copy of the schedule and/or form, and any subsequent amendments reporting a change in ownership level, as well as a written statement that the security holder continuously held the securities for the one-year period as of the date of the recommendation.

4. For purposes of the registrant’s obligation to provide the disclosure specified in paragraph (c)(2)(ix) of this Item, the security holder or group must have provided to the registrant, at the time of the recommendation, the written consent of all parties to be identified and, where the security holder or group members are not registered holders, prove that the security holder or group satisfied the required ownership percentage and holding period as of the date of the recommendation.

Instruction to Item 407(c)(3). For purposes of paragraph (c)(3) of this Item, the term nominating committee refers not only to nominating committees and committees performing similar functions, but also to groups of directors fulfilling the role of a nominating committee, including the entire board of directors.

3. For purposes of paragraph (c)(2)(ix) of this Item, the percentage of securities held by a recommending security holder, as well as the holding period of those securities, may be determined by the registrant if the security holder is the registered holder of the securities. If the security holder is not the registered owner of the securities, he or she can submit one of the following to the registrant to evidence the required ownership percentage and holding period:

a. A written statement from the “record” holder of the securities (usually a broker or bank) verifying that, at the time the security holder made the recommendation, he or she had held the required securities for at least one year; or

b. If the security holder has filed a Schedule 13D (§§ 240.13d–101 of this chapter), Schedule 13G (§§ 240.13g–102 of this chapter), Form 3 (§ 249.103 of this chapter), Form 4 (§ 249.104 of this chapter), and/or Form 5 (§ 249.105 of this chapter), or amendments to those documents or updated forms, reflecting ownership of the securities as of or before the date of the recommendation, a copy of the schedule and/or form, and any subsequent amendments reporting a change in ownership level, as well as a written statement that the security holder continuously held the securities for the one-year period as of the date of the recommendation.

Instruction to Item 407(c)(3). 1. The disclosure required in paragraph (c)(3) of this Item need only be provided in a registrant’s quarterly or annual reports.
2. For purposes of paragraph (c)(3) of this Item, adoption of procedures by which security holders may recommend nominees to the registrant’s board of directors, where the registrant’s most recent disclosure in response to the requirements of paragraph (c)(2)(iv) of this Item, or paragraph (c)(3) of this Item, indicated that the registrant did not have in place such procedures, will constitute a material change.

(d) Audit committee. (1) State whether or not the audit committee has a charter. If the audit committee has a charter, provide the disclosure required by Instruction 2 to this Item regarding the audit committee charter.

(2) If a listed issuer’s board of directors determines, in accordance with the listing standards applicable to the issuer, to appoint a director to the audit committee who is not independent (apart from the requirements in §240.10A–3 of this chapter), including as a result of exceptional or limited or similar circumstances, disclose the nature of the relationship that makes that individual not independent and the reasons for the board of directors’ determination.

(3)(i) The audit committee must state whether:

(A) The audit committee has reviewed and discussed the audited financial statements with management;

(B) The audit committee has discussed with the independent auditors the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T;

(C) The audit committee has received the written disclosures and the letter required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant’s communications with the audit committee concerning independence, and has discussed with the independent accountant’s independence; and

(D) Based on the review and discussions referred to in paragraphs (d)(3)(i)(A) through (d)(3)(i)(C) of this Item, the audit committee recommended to the board of directors that the audited financial statements be included in the company’s annual report on Form 10–K (17 CFR 240.310) (or, for closed-end investment companies registered under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.), the annual report to shareholders required by section 30(e) of the Investment Company Act of 1940 (15 U.S.C. 80a–29(e)) and Rule 30d–1 (17 CFR 270.30d–1) thereunder for the last fiscal year for filing with the Commission.

(ii) The name of each member of the company’s audit committee (or, in the absence of an audit committee, the board committee performing equivalent functions or the entire board of directors) must appear below the disclosure required by paragraph (d)(3)(i) of this Item.

(4)(i) If the registrant meets the following requirements, provide the disclosure in paragraph (d)(4)(ii) of this Item:

(A) The registrant is a listed issuer, as defined in §240.10A–3 of this chapter;

(B) The registrant is filing an annual report on Form 10–K (§249.310 of this chapter) or a proxy statement or information statement pursuant to the Exchange Act (15 U.S.C. 78a et seq.) if action is to be taken with respect to the election of directors; and

(C) The registrant is neither:

(1) A subsidiary of another listed issuer that is relying on the exemption in §240.10A–3(c)(2) of this chapter; nor

(2) Relying on any of the exemptions in §240.10A–3(c)(4) through (c)(7) of this chapter.

(ii)(A) State whether or not the registrant has a separately-designated standing audit committee established in accordance with section 3(a)(58)(A) of the Exchange Act (15 U.S.C. 78c(a)(58)(A)), or a committee performing similar functions. If the registrant has a committee, however designated, identify each committee member. If the entire board of directors is acting as the registrant’s audit committee as specified in section 3(a)(58)(B) of the Exchange Act (15 U.S.C. 78c(a)(58)(B)), so state.

(B) If applicable, provide the disclosure required by §240.10A–3(d) of this chapter.

(5) Audit committee financial expert.

(i) (A) Disclose that the registrant’s board of directors has determined that the registrant either:

(1) Has at least one audit committee financial expert serving on its audit committee; or

(E) An understanding of audit committee functions.

(2) Does not have an audit committee financial expert serving on its audit committee.

(iii) A person shall have acquired such attributes through:

(B) If the registrant provides the disclosure required by paragraph (d)(5)(i)(A)(1) of this Item, it must disclose the name of the audit committee financial expert and whether that person is independent, as independence for audit committee members is defined in the listing standards applicable to the listed issuer.

(C) If the registrant provides the disclosure required by paragraph (d)(5)(i)(A)(2) of this Item, it must explain why it does not have an audit committee financial expert.

Instruction to Item 407(d)(5)(i). If the registrant’s board of directors has determined that the registrant has more than one audit committee financial expert serving on its audit committee, the registrant may, but is not required to, disclose the names of those additional persons. A registrant choosing to identify such persons must indicate whether they are independent pursuant to paragraph (d)(5)(i)(B) of this Item.

(A) A person who is determined to be an audit committee financial expert will not be deemed an expert for any purpose, including without limitation for purposes of section 11 of the Securities Act (15 U.S.C. 77k), as a result of being designated or identified as an audit committee financial expert pursuant to this Item 407.

(B) The designation or identification of a person as an audit committee financial expert pursuant to this Item 407 does not impose on such person any duties, obligations or liability that are greater than the duties, obligations and liability imposed on such person as a member of the audit committee and board of directors in the absence of such designation or identification.

(C) The designation or identification of a person as an audit committee financial expert pursuant to this Item does not affect the duties, obligations or liability of any other member of the audit committee or board of directors.

2. If a person qualifies as an audit committee financial expert by means of having held a position described in paragraph (d)(5)(iii)(D) of this Item, the registrant shall provide a brief listing of that person’s relevant experience. Such disclosure may be made by reference to disclosures required under Item 401(e) (§229.401(e)).

Instructions to Item 407(d). 1. (1) If the registrant does not have a standing compensation committee or committee performing similar functions, state the basis for the view of the board of directors that it is appropriate for the registrant not to have such a committee and identify each director who participates in the consideration of executive officer and director compensation.

(2) State whether or not the compensation committee has a charter. If the compensation committee has a charter, provide the disclosure required by Instruction 2 to this Item regarding the compensation committee charter.

Instructions to Item 407(e)(5). 1. The information required by paragraph (e)(5) of this Item shall not be deemed to be "soliciting material," or to be "filed" with the Commission or subject to Regulation 14A or 14C (17 CFR 240.14a–1 through 240.14b–2 or 240.14c–1 through 240.14c–101), other than as provided in this Item, or to the liabilities of section 18 of the Exchange Act (15 U.S.C. 78r), except to the extent that the registrant specifically requests that the information be treated as soliciting material or specifically incorporates it by reference into a document filed under the Securities Act or the Exchange Act.

2. The disclosure required by paragraph (e)(5) of this Item need not be provided in any filings other than an annual report on Form 10-K (§249.310 of this chapter), a proxy statement on Schedule 14A (§240.14a–101 of this chapter) or an information statement on Schedule 14C (§240.14c–101 of this chapter). Such information will not be deemed to be incorporated by reference into any filing under the Securities Act or the Exchange Act, except to the extent that the registrant specifically incorporates it by reference. If the registrant elects to incorporate this information by reference from the proxy or information statement into its annual report on Form 10-K (§249.310 of this chapter), the disclosure required by paragraph (e)(5) of this Item will be deemed furnished in the annual report on Form 10-K and will not be deemed incorporated by reference into any filing under the Securities Act or the Exchange Act as a result as a result of furnishing the disclosure in this manner.

3. The disclosure required by paragraph (e)(5) of this Item need only be provided one time during any fiscal year.

(f) Shareholder communications. (1) State whether or not the registrant's board of directors provides a process for security holders to send communications to the board of directors and,
if the registrant does not have such a process for security holders to send communications to the board of directors, state the basis for the view of the board of directors that it is appropriate for the registrant not to have such a process.

(2) If the registrant has a process for security holders to send communications to the board of directors:

(i) Describe the manner in which security holders can send communications to the board and, if applicable, to specified individual directors; and

(ii) If all security holder communications are not sent directly to board members, describe the registrant’s process for determining which communications will be relayed to board members.

Instructions to Item 407(f). 1. In lieu of providing the information required by paragraph (f)(2) of this Item in the proxy statement, the registrant may instead provide the registrant’s Web site address where such information appears.

2. For purposes of the disclosure required by paragraph (f)(2)(i) of this Item, a registrant’s process for collecting and organizing security holder communications, as well as similar or related activities, need not be disclosed provided that the registrant’s process is approved by a majority of the independent directors or, in the case of a registrant that is an investment company, a majority of the directors who are not “interested persons” of the investment company, a majority of the directors who are not “interested persons” of the investment company as defined in section 2(a)(19) of the Investment Company Act of 1940 (15 U.S.C. 80a–2(a)(19)).

3. For purposes of this paragraph, communications from an officer or director of the registrant will not be viewed as “security holder communications.” Communications from an employee or agent of the registrant will be viewed as “security holder communications” for purposes of this paragraph only if those communications are made solely in such employee’s or agent’s capacity as a security holder.

4. For purposes of this paragraph, security holder proposals submitted pursuant to §240.14a–8 of this chapter, and communications made in connection with such proposals, will not be viewed as “security holder communications.”

(2) Need not provide the disclosures required by paragraphs (e)(4) and (e)(5) of this Item.

(h) Board leadership structure and role in risk oversight. Instruction to paragraph 501(b)(1): If your name is the same as that of a company that is well known, include information to eliminate any possible confusion with the other company. If your name indicates a line of business in which you are not engaged or you are engaged only to a limited extent, include information to eliminate any misleading inference as to your business. In some circumstances, disclosure may not be sufficient and you may be required to change your name. You will not be required to change your name if you are an established company, the character of your business has changed, and the investing public is generally aware of the change and the character of your current business.

(2) Title and amount of securities. The title and amount of securities offered. Separately state the amount of securities offered by selling security holders, if any. If the underwriter has any arrangement with the issuer, such as an over-allotment option, under which the underwriter may purchase additional shares in connection with the offering, indicate that this arrangement exists and state the amount of additional shares that the underwriter may purchase under the arrangement. If you make the offering on a minimum/maximum basis, show this information based on the total minimum and total maximum amount of the offering. You may present the information in a table, term sheet format, or other clear presentation. You may present the information in any format that fits the design of the cover page so long as the information can be easily read and is not misleading:

(5) Risk factors. A cross-reference to the risk factors section, including the page number where it appears in the prospectus. Highlight this cross-reference by prominent type or in another manner;

(6) State legend. Any legend or statement required by the law of any state in which the securities are to be offered. You may combine this with any legend required by the SEC, if appropriate;

(7) Commission legend. A legend that indicates that neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of the securities or passed upon the accuracy or adequacy of the disclosures in the prospectus and that any contrary representation is a criminal offense. You may use one of the following or other clear, plain language:

Example A: Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. The legend may be in the following or other clear, plain language:

(iii) If you offer the securities on a best efforts or best efforts minimum-maximum basis, the date the offering will end, any minimum purchase requirements, and any arrangements to place the funds in an escrow, trust, or similar account. If you have not made any of these arrangements, state this fact and describe the effect on investors;

(9) Date of prospectus. The date of the prospectus;

(10) Prospectus “Subject to Completion” legend. If you use the prospectus before the effective date of the registration statement, a prominent statement that:

You do not have to include this information if dealers are not required to deliver a prospectus under §230.174 of this chapter or Section 24(d) of the Investment Company Act (15 U.S.C. 80a–24). You may use the following or other clear, plain language:

§ 229.503 (Item 503) Prospectus summary, risk factors, and ratio of earnings to fixed charges.

The registrant must furnish this information in plain English. See §230.421(d) of Regulation C of this chapter.

(a) Prospectus summary. Provide a summary of the information in the prospectus where the length or complexity of the prospectus makes a summary useful. The summary should be brief. The summary should not contain, and is not required to contain, all of the detailed information in the prospectus. If you provide summary business or financial information, even if you do not caption it as a summary, you still must provide that information in plain English.

Instruction to paragraph 503(a): The summary should not merely repeat the text of the prospectus but should provide a brief overview of the key aspects of the offering. Carefully consider and identify those aspects of the offering that are the most significant and determine how best to highlight those points in clear, plain language.

(b) Address and telephone number. Include, either on the cover page or in the summary section of the prospectus, the complete mailing address and telephone number of your principal executive offices.

(c) Risk factors. Where appropriate, provide under the caption “Risk Factors” a discussion of the most significant factors that make the offering speculative or risky. This discussion must be concise and organized logically. Do not present risks that could apply to any issuer or any offering. Explain how the risk affects the issuer or the securities being offered. Set forth each risk factor under a subcaption that adequately describes the risk. The risk factor discussion must immediately follow the summary section. If you do not include a summary section, the risk factor section must immediately follow the cover page of the prospectus or the pricing information section that immediately follows the cover page. Pricing information means price and price-related information.
that you may omit from the prospectus in an effective registration statement based on §230.430A(a) of this chapter. The risk factors may include, among other things, the following:
(1) Your lack of an operating history;
(2) Your lack of profitable operations in recent periods;
(3) Your financial position;
(4) Your business or proposed business; or
(5) The lack of a market for your common equity securities or securities convertible into or exercisable for common equity securities.

(d) Ratio of earnings to fixed charges. If you register debt securities, show a ratio of earnings to fixed charges. If you register preference equity securities, show the ratio of combined fixed charges and preference dividends to earnings. Present the ratio for each of the last five fiscal years and the latest interim period for which financial statements are presented in the document. If you will use the proceeds from the sale of debt or preference securities to repay any of your outstanding debt or to retire other securities and the change in the ratio would be ten percent or greater, you must include a ratio showing the application of the proceeds, commonly referred to as the pro forma ratio.

Instructions to paragraph 503(d):
1. Definitions. In calculating the ratio of earnings to fixed charges, you must use the following definitions:
(A) Fixed charges. The term “fixed charges” means the sum of the following: (a) interest expenses and capitalized, (b) amortized premiums, discounts and capitalized expenses related to indebtedness, (c) an estimate of the interest within rental expense, and (d) preference security dividend requirements of consolidated subsidiaries.

(B) Preference security dividend. The term “preference security dividend” is the amount of pre-tax earnings that is required to pay the dividends on outstanding preference securities. The dividend requirement must be computed as the amount of the dividend divided by (1 minus the effective income tax rate applicable to continuing operations).

(C) Earnings. The term “earnings” is the amount resulting from adding and subtracting the following items. Add the following: (a) tax income from continuing operations before adjustment for income or loss from equity investees; (b) fixed charges; (c) amortization of capitalized interest; (d) distributed income of equity investees; and
(e) your share of pre-tax losses of equity investees for which charges arising from guarantees are included in fixed charges. From the total of the added items, subtract the following: (a) interest capitalized; (b) preference security dividend requirements of consolidated subsidiaries; and (c) the non-controlling interest in pre-tax income of subsidiaries that have not incurred fixed charges. Equity investees are investments that you account for using the equity method of accounting. Public utilities following FASB ASC Topic 980, Regulated Operations, should not add amortization of capitalized interest in determining earnings, nor reduce fixed charges by any allowance for funds used during construction.

2. Disclosure. Disclose the following information when showing the ratio of earnings to fixed charges:
(A) Deficiency. If a ratio indicates less than one-to-one coverage, disclose the dollar amount of the deficiency.

(B) Pro forma ratio. You may show the pro forma ratio only for the most recent fiscal year and the latest interim period. Use the net change in interest or dividends from the refinancing to calculate the pro forma ratio.

(C) Foreign private issuers. A foreign private issuer must show the ratio based on the figures in the primary financial statement. A foreign private issuer must show the ratio based on the figures resulting from the reconciliation to U.S. generally accepted accounting principles if this ratio is materially different.

(D) Summary Section. If you provide a summary or similar section in the prospectus, show the ratios in that section.

3. Exhibit. File an exhibit to the registration statement to show the figures used to calculate the ratios. See paragraph (b)(12) of Item 601 of Regulation S-K (17 CFR 229.601(b)(12)).

(e) Smaller reporting companies. A registrant that qualifies as a smaller reporting company, as defined by §229.10(f), need not comply with paragraph (d) of this Item.

Instruction to Item 503: For asset-backed securities, see also Item 1103 of Regulation AB (§229.1103).

§229.504 (Item 504) Use of proceeds.

State the principal purposes for which the net proceeds to the registrant from the securities to be offered are intended to be used and the approximate amount intended to be used for each such purpose. Where registrant
§ 229.505
has no current specific plan for the proceeds, or a significant portion thereof, the registrant shall so state and discuss the principal reasons for the offering.

Instructions to Item 504: 1. Where less than all the securities to be offered may be sold and more than one use is listed for the proceeds, indicate the order of priority of such purposes and discuss the registrant’s plans if substantially less than the maximum proceeds are obtained. Such discussion need not be included if underwriting arrangements with respect to such securities are such that, if any securities are sold to the public, it reasonably can be expected that the actual proceeds will not be substantially less than the aggregate proceeds to the registrant shown pursuant to Item 501 of Regulation S-K (§ 229.501).

2. Details of proposed expenditures need not be given; for example, there need be furnished only a brief outline of any program of construction or addition of equipment. Consideration should be given as to the need to include a discussion of certain matters addressed in the discussion and analysis of registrant’s financial condition and results of operations, such as liquidity and capital expenditures.

3. If any material amounts of other funds are necessary to accomplish the specified purposes for which the proceeds are to be obtained, state the amounts and sources of such other funds needed for each such specified purpose and the sources thereof.

4. If any material part of the proceeds is to be used to discharge indebtedness, set forth the interest rate and maturity of such indebtedness. If the indebtedness to be discharged was incurred within one year, describe the use of the proceeds of such indebtedness other than short-term borrowings used for working capital.

5. If any material amount of the proceeds is to be used to acquire assets, otherwise than in the ordinary course of business, describe briefly and state the cost of the assets and, where such assets are to be acquired from affiliates of the registrant or their associates, give the names of the persons from whom they are to be acquired and set forth the principle followed in determining the cost to the registrant.

6. Where the registrant indicates that the proceeds may, or will, be used to finance acquisitions of other businesses, the identity of such businesses, if known, or, if not known, the status of any negotiations with respect to the acquisition, and a brief description of such business shall be included. Where, however, pro forma financial statements reflecting such acquisition are not required by Regulation S-X (17 CFR 210.01 through 210.12–29), including Rule 8–06 for smaller reporting companies, to be included in the registration statement, the possible terms of any transaction, the identification of the parties thereto or the nature of the business sought need not be disclosed, to the extent that the registrant reasonably determines that public disclosure of such information would jeopardize the acquisition. Where Regulation S–X, including Rule 8–04 for smaller reporting companies, as applicable, would require financial statements of the business to be acquired to be included, the description of the business to be acquired shall be more detailed.

7. The registrant may reserve the right to change the use of proceeds, provided that such reservation is due to certain contingencies that are discussed specifically and the alternatives to such use in that event are indicated.

§ 229.505 (Item 505) Determination of offering price.

(a) Common equity. Where common equity is being registered for which there is no established public trading market for purposes of paragraph (a) of Item 201 of Regulation S–K (§ 229.201(a)) or where there is a material disparity between the offering price of the common equity being registered and the market price of outstanding shares of the same class, describe the various factors considered in determining such offering price.

(b) Warrants, rights and convertible securities. Where warrants, rights or convertible securities exercisable for common equity for which there is no established public trading market for purposes of paragraph (a) of Item 201 of Regulation S–K (§ 229.201(a)) are being registered, describe the various factors considered in determining their exercise or conversion price.

§ 229.506 (Item 506) Dilution.

Where common equity securities are being registered and there is substantial disparity between the public offering price and the effective cash cost to officers, directors, promoters and affiliated persons of common equity acquired by them in transactions during the past five years, or which they have the right to acquire, and the registrant is not subject to the reporting requirements of section 13(a) or 15(d) of the
Securities and Exchange Commission

Exchange Act immediately prior to filing of the registration statement, there shall be included a comparison of the public contribution under the proposed public offering and the effective cash contribution of such persons. In such cases, and in other instances where common equity securities are being registered by a registrant that has had losses in each of its last three fiscal years and there is a material dilution of the purchasers’ equity interest, the following shall be disclosed:

(a) The net tangible book value per share before and after the distribution;
(b) The amount of the increase in such net tangible book value per share attributable to the cash payments made by purchasers of the shares being offered; and
(c) The amount of the immediate dilution from the public offering price which will be absorbed by such purchasers.

§ 229.507 (Item 507) Selling security holders.

If any of the securities to be registered are to be offered for the account of security holders, name each such security holder, indicate the nature of any position, office, or other material relationship which the selling security holder has had within the past three years with the registrant or any of its predecessors or affiliates, and state the amount of securities of the class owned by such security holder prior to the offering, the amount to be offered for the security holder’s account, the amount and (if one percent or more) the percentage of the class to be owned by such security holder after completion of the offering.

§ 229.508 (Item 508) Plan of distribution.

(a) Underwriters and underwriting obligation. If the securities are to be offered through underwriters, name the principal underwriters, and state the respective amounts underwritten. Identify each such underwriter having a material relationship with the registrant and state the nature of the relationship. State briefly the nature of the obligation of the underwriter(s) to take the securities.

Instruction to paragraph 508(a): All that is required as to the nature of the underwriters’ obligation is whether the underwriters are or will be committed to take and to pay for all of the securities if any are taken, or whether it is merely an agency or the type of best efforts arrangement under which the underwriters are required to take and to pay for only such securities as they may sell to the public. Conditions precedent to the underwriters’ taking the securities, including market-outs, need not be described except in the case of an agency or best efforts arrangement.

(b) New underwriters. Where securities being registered are those of a registrant that has not previously been required to file reports pursuant to section 13(a) or 15(d) of the Exchange Act, or where a prospectus is required to include reference on its cover page to material risks pursuant to Item 501 of Regulation S-K (§229.501), and any one or more of the managing underwriter(s) (or where there are no managing underwriters, a majority of the principal underwriters) has been organized, reactivated, or first registered as a broker-dealer within the past three years, these facts concerning such underwriter(s) shall be disclosed in the prospectus together with, where applicable, the disclosures that the principal business function of such underwriter(s) will be to sell the securities to be registered, or that the promoters of the registrant have a material relationship with such underwriter(s). Sufficient details shall be given to allow full appreciation of such underwriter(s) experience and its relationship with the registrant, promoters and their controlling persons.

(c) Other distributions. Outline briefly the plan of distribution of any securities to be registered that are to be offered otherwise than through underwriters.

(1) If any securities are to be offered pursuant to a dividend or interest reinvestment plan the terms of which provide for the purchase of some securities on the market, state whether the registrant or the participant pays fees, commissions, and expenses incurred in connection with the plan. If the participant will pay such fees, commissions and expenses, state the anticipated cost to participants by transaction or other convenient reference.
(2) If the securities are to be offered through the selling efforts of brokers or dealers, describe the plan of distribution and the terms of any agreement, arrangement, or understanding entered into with broker(s) or dealer(s) prior to the effective date of the registration statement, including volume limitations on sales, parties to the agreement and the conditions under which the agreement may be terminated. If known, identify the broker(s) or dealer(s) which will participate in the offering and state the amount to be offered through each.

(3) If any of the securities being registered are to be offered otherwise than for cash, state briefly the general purposes of the distribution, the basis upon which the securities are to be offered, the amount of compensation and other expenses of distribution, and by whom they are to be borne. If the distribution is to be made pursuant to a plan of acquisition, reorganization, readjustment or succession, describe briefly the general effect of the plan and state when it became or is to become operative. As to any material amount of assets to be acquired under the plan, furnish information corresponding to that required by Instruction 5 of Item 504 of Regulation S-K (§229.504).

(d) Offerings on exchange. If the securities are to be offered on an exchange, indicate the exchange. If the registered securities are to be offered in connection with the writing of exchange-traded call options, describe briefly such transactions.

(e) Underwriter’s compensation. Provide a table that sets out the nature of the compensation and the amount of discounts and commissions to be paid to the underwriter for each security and in total. The table must show the separate amounts to be paid by the company and the selling shareholders. In addition, include in the table all other items considered by the National Association of Securities Dealers to be underwriting compensation for purposes of that Association’s Rules of Fair Practice.

Instructions to paragraph 508(e): 1. The term “commissions” is defined in paragraph (17) of Schedule A of the Securities Act. Show separately in the table the cash commissions paid by the registrant and selling security holders. Also show in the table commissions paid by other persons. Disclose any finder’s fee or similar payments in the table.

2. Disclose the offering expenses specified in Item 511 of Regulation S-K (17 CFR 229.511).

3. If the underwriter has any arrangement with the issuer, such as an over-allotment option, under which the underwriter may purchase additional shares in connection with the offering, indicate that this arrangement exists and state the amount of additional shares that the underwriter may purchase under the arrangement. Where the underwriter has such an arrangement, present maximum-minimum information in a separate column to the table, based on the purchase of all or none of the shares subject to the arrangement. Describe the key terms of the arrangement in the narrative.

(f) Underwriter’s representative on board of directors. Describe any arrangement whereby the underwriter has the right to designate or nominate a member or members of the board of directors of the registrant. The registrant shall disclose the identity of any director so designated or nominated, and indicate whether or not a person so designated or nominated, or allowed to be designated or nominated by the underwriter is or may be a director, officer, partner, employee or affiliate of the underwriter.

(g) Indemnification of underwriters. If the underwriting agreement provides for indemnification by the registrant of the underwriters or their controlling persons against any liability arising under the Securities Act, furnish a brief description of such indemnification provisions.

(h) Dealers’ compensation. State briefly the discounts and commissions to be allowed or paid to dealers, including all cash, securities, contracts or other considerations to be received by any dealer in connection with the sale of the securities. If any dealers are to act in the capacity of sub-underwriters and are to be allowed or paid any additional discounts or commissions for acting in such capacity, a general statement to that effect will suffice without giving the additional amounts to be sold.

(i) Finders. Identify any finder and, if applicable, describe the nature of any material relationship between such finder and the registrant, its officers,
Securities and Exchange Commission

§ 229.509

directors, principal stockholders, finders or promoters or the principal underwriter(s), or if there is a managing underwriter(s), the managing underwriter(s), (including, in each case, affiliates or associates thereof).

(j) Discretionary accounts. If the registrant was not, immediately prior to the filing of the registration statement, subject to the requirements of section 13(a) or 15(d) of the Exchange Act, identify any principal underwriter that intends to sell to any accounts over which it exercises discretionary authority and include an estimate of the amount of securities so intended to be sold. The response to this paragraph shall be contained in a pre-effective amendment which shall be circulated if the information is not available when the registration statement is filed.

(k) Passive market making. If the underwriters or any selling group members intend to engage in passive market making transactions as permitted by Rule 103 of Regulation M (§ 242.103 of this chapter), indicate such intention and briefly describe passive market making.

(l) Stabilization and other transactions.
(1) Briefly describe any transaction that the underwriter intends to conduct during the offering that stabilizes, maintains, or otherwise affects the market price of the offered securities. Include information on stabilizing transactions, syndicate short covering transactions, penalty bids, or any other transaction that affects the offered security’s price. Describe the nature of the transactions clearly and explain how the transactions affect the offered security’s price. Identify the exchange or other market on which these transactions may occur. If true, disclose that the underwriter may discontinue these transactions at any time;
(2) If the stabilizing began before the effective date of the registration statement, disclose the amount of securities bought, the prices at which they were bought and the period within which they were bought. If you use § 230.430A of this chapter, the prospectus you file under § 230.424(b) of this chapter or include in a post-effective amendment must contain information on the stabilizing transactions that took place before the determination of the public offering price; and
(3) If you are making a warrants or rights offering of securities to existing security holders and any securities not purchased by existing security holders are to be reoffered to the public, disclose in a supplement to the prospectus or in the prospectus used in connection with the reoffering:
   (i) The amount of securities bought in stabilization activities during the offering period and the price or range of prices at which the securities were bought;
   (ii) The amount of the offered securities subscribed for during the offering period;
   (iii) The amount of the offered securities subscribed for by the underwriter during the offering period;
   (iv) The amount of the offered securities sold during the offering period by the underwriter and the price or price ranges at which the securities were sold; and
   (v) The amount of the offered securities that will be reoffered to the public and the public offering price.

§ 229.509 (Item 509) Interests of named experts and counsel.

If (a) any expert named in the registration statement as having prepared or certified any part thereof (or is named as having prepared or certified a report or valuation for use in connection with the registration statement), or (b) counsel for the registrant, underwriters or selling security holders named in the prospectus as having given an opinion upon the validity of the securities being registered or upon other legal matters in connection with the registration or offering of such securities, was employed for such purpose on a contingent basis, or at the time of such preparation, certification or opinion or at any time thereafter, through the date of effectiveness of the registration statement or that part of the registration statement to which such preparation, certification or opinion relates, had, or is to receive in connection with the offering, a substantial
interest, direct or indirect, in the registrant or any of its parents or subsidiaries or was connected with the registrant or any of its parents or subsidiaries as a promoter, managing underwriter (or any principal underwriter, if there are no managing underwriters) voting trustee, director, officer, or employee, furnish a brief statement of the nature of such contingent basis, interest, or connection.

Instructions to Item 509: 1. The interest of an expert (other than an accountant) or counsel will not be deemed substantial and need not be disclosed if the interest, including the fair market value of all securities of the registrant owned, received and to be received, or subject to options, warrants or rights received or to be received by the expert or counsel does not exceed $50,000. For the purpose of this Instruction, the term expert or counsel includes the firm, corporation, partnership or other entity, if any, by which such expert or counsel is employed or of which he is a member or of counsel to and all nonclerical personnel in the case of named experts, participating in such matter on behalf of such firm, corporation, partnership or entity.

2. Accountants, providing a report on the financial statements, presented or incorporated by reference in the registration statement, should note §210.2-01 of Regulation S-X (17 CFR 210) for the Commission's requirements regarding “Qualification of Accountants” which discusses disqualifying interests.

In addition to the disclosure prescribed by Item 702 of Regulation S-K (§229.702), if the undertaking required by paragraph (h) of Item 512 of Regulation S-K (§229.512) is not required to be included in the registration statement because acceleration of the effective date of the registration statement is not being requested, and if waivers have not been obtained comparable to those specified in paragraph (h), a brief description of the indemnification provisions relating to directors, officers and controlling persons of the registrant against liability arising under the Securities Act (including any provision of the underwriting agreement which relates to indemnification of the underwriter or its controlling persons by the registrant against such liabilities where a director, officer or controlling person of the registrant is such an underwriter or controlling person thereof or a member of any firm which is such an underwriter) shall be included in the prospectus, together with a statement in substantially the following form:

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or persons controlling the registrant pursuant to the foregoing provisions, the registrant has been informed that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is therefore unenforceable.

§ 229.511 (Item 511) Other expenses of issuance and distribution.

Furnish a reasonably itemized statement of all expenses in connection with the issuance and distribution of the securities to be registered, other than underwriting discounts and commissions. If any of the securities to be registered are to be offered for the account of security holders, indicate the portion of such expenses to be borne by such security holder.

Instruction to Item 511: Insofar as practicable, registration fees, Federal taxes, States taxes and fees, trustees’ and transfer agents’ fees, costs of printing and engraving, and legal, accounting, and engineering fees shall be itemized separately. Include as a separate item any premium paid by the registrant or any selling security holder on any policy obtained in connection with the offering and sale of the securities being registered which insures or indemnifies directors or officers against any liabilities they may incur in connection with the registration, offering, or sale of such securities. The information may be given as subject to future contingencies. If the amounts of any items are not known, estimates, identified as such, shall be given.

§ 229.512 (Item 512) Undertakings.

Include each of the following undertakings that is applicable to the offering being registered.

(a) Rule 415 Offering. 1 Include the following if the securities are registered...

Securities and Exchange Commission

§ 229.512

pursuant to Rule 415 under the Securities Act (§ 230.415 of this chapter):

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) (§ 230.424(b) of this chapter) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the “Calculation of Registration Fee” table in the effective registration statement.

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, That:

(A) Paragraphs (a)(1)(i) and (a)(1)(ii) of this section do not apply if the registration statement is on Form S–8 (§ 239.16b of this chapter), and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) (§ 230.424(b) of this chapter) that is part of the registration statement.

(C) Provided further, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the registration statement is for an offering of asset-backed securities on Form S–1 (§ 239.11 of this chapter) or Form S–3 (§ 239.13 of this chapter), and the information required to be included in a post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) If the registrant is a foreign private issuer, to file a post-effective amendment to the registration statement to include any financial statements required by “Item 8.A. of Form 20–F (17 CFR 249.220f)” at the start of any delayed offering or throughout a continuous offering. Financial statements and information otherwise required by Section 10(a)(3) of the Act need not be furnished, provided that the registrant includes in the prospectus, by means of a post-effective amendment, financial statements required pursuant to this paragraph (a)(4) and other information necessary to ensure that all other information in the prospectus is at least as current as the date of those financial statements. Notwithstanding the foregoing, with
§ 229.512 17 CFR Ch. II (4–1–13 Edition)

respect to registration statements on Form F–3 (§ 239.33 of this chapter), a post-effective amendment need not be filed to include financial statements and information required by Section 10(a)(3) of the Act or § 210.3–19 of this chapter if such financial statements and information are contained in periodic reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the Form F–3.

(5) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) If the registrant is relying on Rule 430B (§ 230.430B of this chapter):

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) (§ 230.424(b)(3) of this chapter) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) (§ 230.424(b)(2), (b)(5), or (b)(7) of this chapter) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) If the registrant is subject to Rule 430C (§ 230.430C of this chapter), each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A (§ 230.430A of this chapter), shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date; or

(ii) If the registrant is subject to Rule 430C (§ 230.430C of this chapter), each prospectus filed pursuant to Rule 424(b) as part of a registration statement relating to an offering, other than registration statements relying on Rule 430B or other than prospectuses filed in reliance on Rule 430A (§ 230.430A of this chapter), shall be deemed to be part of and included in the registration statement as of the date it is first used after effectiveness. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such first use, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such date of first use.

(6) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424 (§ 230.424 of this chapter);
Securities and Exchange Commission

§ 229.512

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(b) Filings incorporating subsequent Exchange Act documents by reference. Include the following if the registration statement incorporates by reference any Exchange Act document filed subsequent to the effective date of the registration statement:

The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to section 13(a) or section 15(d) of the Securities Exchange Act of 1934 and, where applicable, each filing of an employee benefit plan's annual report pursuant to section 15(d) of the Securities Exchange Act of 1934 that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Warrants and rights offerings. Include the following, with appropriate modifications to suit the particular case, if the securities to be registered are to be offered to existing security holders pursuant to warrants or rights and any securities not taken by security holders are to be reoffered to the public:

The undersigned registrant hereby undertakes to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

(d) Competitive bids. Include the following, with appropriate modifications to suit the particular case, if the securities to be registered are to be offered at competitive bidding:

The undersigned registrant hereby undertakes (1) to use its best efforts to distribute prior to the opening of bids, to prospective bidders, underwriters, and dealers, a reasonable number of copies of a prospectus which at that time meets the requirements of section 10(a) of the Act, and relating to the securities offered at competitive bidding, as contained in the registration statement, together with any supplements thereto, and (2) to file an amendment to the registration statement reflecting the results of bidding, the terms of the reoffering and related matters to the extent required by the applicable form, not later than the first use, authorized by the issuer after the opening of bids, of a prospectus relating to the securities offered at competitive bidding, unless no further public offering of such securities by the issuer and no reoffering of such securities by the purchasers is proposed to be made.

(e) Incorporated annual and quarterly reports. Include the following if the registration statement specifically incorporates by reference (other than by indirect incorporation by reference through a Form 10-K (§ 249.310 of this chapter) report) in the prospectus all or any part of the annual report to security holders meeting the requirements of Rule 14a–3 or Rule 14c–3 under the Exchange Act (§ 240.14a–3 or §240.14c–3 of this chapter):

The undersigned registrant hereby undertakes to deliver or cause to be delivered with the prospectus, to each person to whom the prospectus is sent or given, the latest annual report to security holders that is incorporated by reference in the prospectus and furnished pursuant to and meeting the requirements of Rule 14a–3 or Rule 14c–3 under the Securities Exchange Act of 1934; and, where interim financial information required to be presented by Article 3 of Regulation S-X are not set forth in the prospectus, to deliver, or cause to be delivered to each person to whom the prospectus is sent or given, the latest quarterly report that is specifically incorporated by reference in the prospectus to provide such interim financial information.

Include the following if equity securities of a registrant that prior to the offering had no obligation to file reports with the Commission pursuant to section 13(a) or 15(d) of the Exchange Act are being registered for sale in an underwritten offering:
§ 229.512

The undersigned registrant hereby undertakes to provide to the underwriter at the closing specified in the underwriting agreement certificates in such denominations and registered in such names as required by the underwriter to permit prompt delivery to each purchaser.

(g) Registration on Form S–4 or F–4 of securities offered for resale. Include the following if the securities are being registered on Form S–4 or F–4 (§ 230.25, or 34 of this chapter) in connection with a transaction specified in paragraph (a) of Rule 145 (§ 230.145 of this chapter).

(1) The undersigned registrant hereby undertakes as follows: That prior to any public reoffering of the securities registered hereunder through use of a prospectus which is a part of this registration statement, by any person or party who is deemed to be an underwriter within the meaning of Rule 145(c), the issuer undertakes that such reoffering prospectus will contain the information called for by the applicable registration form with respect to reofferings by persons who may be deemed underwriters, in addition to the information called for by the other Items of the applicable form.

(2) The registrant undertakes that every prospectus (i) that is filed pursuant to paragraph (h)(1) immediately preceding, or (ii) that purports to meet any requirements of section 10(a)(3) of the Act and is used in connection with an offering of securities subject to Rule 415 (§ 230.415 of this chapter), will be filed as a part of an amendment to the registration statement and will not be used until such amendment is effective, and that, for purposes of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(h) Request for acceleration of effective date of registration statement becoming effective upon filing. Include the following if acceleration is requested of the effective date of the registration statement pursuant to Rule 461 under the Securities Act (§ 230.461 of this chapter), if a Form S–3 or Form F–3 will become effective upon filing with the Commission pursuant to Rule 462 (e) or (f) under the Securities Act (§ 230.462 (e) or (f) of this chapter), or if the registration statement is filed on Form S–8, and:

(1) Any provision or arrangement exists whereby the registrant may indemnify a director, officer or controlling person of the registrant against liabilities arising under the Securities Act, or

(2) The underwriting agreement contains a provision whereby the registrant indemnifies the underwriter or controlling persons of the underwriter against such liabilities and a director, officer or controlling person of the registrant is such an underwriter or controlling person thereof or a member of any firm which is such an underwriter, and

(3) The benefits of such indemnification are not waived by such persons:

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

(i) Include the following in a registration statement permitted by Rule 430A under the Securities Act of 1933 (§ 230.430A of this chapter):

The undersigned registrant hereby undertakes that:

(1) For purposes of determining any liability under the Securities Act of 1933, the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the registrant pursuant to Rule 424(b)(1) or
§ 229.601

(4) or 479(h) under the Securities Act shall be deemed to be part of this registration statement as of the time it was declared effective.

(2) For the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment which contains a form of prospectus shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

§ 229.600—Exhibits

§ 229.601 (Item 601) Exhibits.

(a) Exhibits and index required. (1) Subject to Rule 411(c) (§230.411(c) of this chapter) under the Securities Act and Rule 123–32 (§240.123–32 of this chapter) under the Exchange Act regarding incorporation of exhibits by reference, the exhibits required in the exhibit table shall be filed as indicated, as part of the registration statement or report.

(2) Each registration statement or report shall contain an exhibit index, which shall precede immediately the exhibits filed with such registration statement. For convenient reference, each exhibit shall be listed in the exhibit index according to the number assigned to it in the exhibit table. The exhibit index shall indicate, by handwritten, typed, printed, or other legible form of notation in the manually signed original registration statement or report, the page number in the sequential numbering system where such exhibit can be found. Where exhibits are incorporated by reference, this fact shall be noted in the exhibit index referred to in the preceding sentence. Further, the first page of the manually signed registration statement shall list
the page in the filing where the exhibit index is located. For a description of each of the exhibits included in the exhibit table, see paragraph (b) of this section.

(3) This Item applies only to the forms specified in the exhibit table. With regard to forms not listed in that table, reference shall be made to the appropriate form for the specific exhibit filing requirements applicable thereto.

(4) If a material contract or plan of acquisition, reorganization, arrangement, liquidation or succession is executed or becomes effective during the reporting period reflected by a Form 10-Q or Form 10-K, it shall be filed as an exhibit to the Form 10-Q or Form 10-K filed for the corresponding period. Any amendment or modification to a previously filed exhibit to a Form 10, 10-K or 10-Q document shall be filed as an exhibit to a Form 10-Q and Form 10-K. Such amendment or modification need not be filed where such previously filed exhibit would not be currently required.

Instructions to Item 601:
1. If an exhibit to a registration statement (other than an opinion or consent), filed in preliminary form, has been changed only (A) to insert information as to interest, dividend or conversion rates, redemption or conversion prices, purchase or offering prices, underwriters’ or dealers’ commissions, names, addresses or participation of underwriters or similar matters, which information appears elsewhere in an amendment to the registration statement or a prospectus filed pursuant to Rule 424(b) under the Securities Act (§230.424(b) of this chapter), or (B) to correct typographical errors, insert signatures or make other similar immaterial changes, then, notwithstanding any contrary requirement of any rule or form, the registrant need not refile such exhibit as so amended. Any such incomplete exhibit may not, however, be incorporated by reference in any subsequent filing under any Act administered by the Commission.

2. In any case where two or more indentures, contracts, franchises, or other documents required to be filed as exhibits are substantially identical in all material respects except as to the parties thereto, the dates of execution, or other details, the registrant need file a copy of only one of such documents, with a schedule identifying the other documents omitted and setting forth the material details in which such documents differ from the document a copy of which is filed. The Commission may at any time in its discretion require filing of copies of any documents so omitted.

3. Only copies, rather than originals, need be filed of each exhibit required except as otherwise specifically noted.

4. Electronic filings. Whenever an exhibit is filed in paper pursuant to a hardship exemption (§§232.201 and 232.202 of this chapter), the letter “P” (paper) shall be placed next to the exhibit in the list of exhibits required by Item 601(a)(2) of this Rule. Whenever an electronic confirming copy of an exhibit is filed pursuant to a hardship exemption (§232.201 or §232.203(d) of this chapter), the exhibit index should specify where the confirming electronic copy can be located; in addition, the designation “CE” (confirming electronic) should be placed next to the listed exhibit in the exhibit index.

EXHIBIT TABLE
Instructions to the Exhibit Table.

1. The exhibit table indicates those documents that must be filed as exhibits to the respective forms listed.

2. The “X” designation indicates the documents which are required to be filed with each form even if filed previously with another document. Provided, however, that such previously filed documents may be incorporated by reference to satisfy the filing requirements.

3. The number used in the far left column of the table refers to the appropriate subsection in paragraph (b) where a description of the exhibit can be found. Whenever necessary, alphabetical or numerical subparts may be used.

(b) Description of exhibits. Set forth below is a description of each document listed in the exhibit tables.

(1) Underwriting agreement. Each underwriting contract or agreement with a principal underwriter pursuant to which the securities being registered are to be distributed; if the terms of such documents have not been determined, the proposed forms thereof. Such agreement may be filed as an exhibit to a report on Form 8-K (§ 249.308 of this chapter) which is incorporated by reference into a registration statement subsequent to its effectiveness.

(2) Plan of acquisition, reorganization, arrangement, liquidation or succession. Any material plan of acquisition, disposition, reorganization, readjustment, succession, liquidation or arrangement and any amendments thereto described in the statement or report. Schedules (or similar attachments) to these exhibits shall not be filed unless such schedules contain information which is material to an investment decision and which is not otherwise disclosed in the agreement or the disclosure document. The plan filed shall contain a list briefly identifying the contents of all omitted schedules, together with an agreement to furnish supplementally a copy of any omitted schedule to the Commission upon request.

(3)(i) Articles of incorporation. The articles of incorporation of the registrant or instruments corresponding thereto as currently in effect and any amendments thereto. Whenever the registrant files an amendment to its articles of incorporation, it must file a complete copy of the articles as amended. However, if such amendment is being reported on Form 8-K (§ 249.308 of this chapter), the registrant is required to file only the text of the amendment as a Form 8-K exhibit. In such case, a complete copy of the articles of incorporation as amended must be filed as an exhibit to the next Securities Act registration statement or periodic report filed by the registrant to which this exhibit requirement applies. Where it is impracticable for the registrant to file a charter amendment authorizing new securities with the appropriate state authority prior to the effective date of the registration statement registering such securities, the registrant may file as an exhibit to the registration statement the form of amendment to be filed with the state authority. In such a case, if material changes are made after the copy is filed, the registrant must also file the changed copy.

(ii) Bylaws. The bylaws of the registrant or instruments corresponding thereto as currently in effect and any amendments thereto. Whenever the registrant files an amendment to the bylaws, it must file a complete copy of the amended bylaws. However, if such amendment is being reported on Form 8-K (§ 249.308 of this chapter), the registrant is required to file only the text of the amendment as a Form 8-K exhibit. In such case, a complete copy of the bylaws as amended must be filed as an exhibit to the next Securities Act registration statement.
Securities and Exchange Commission § 229.601

registration statement or periodic report filed by the registrant to which this exhibit requirement applies.

(4) Instruments defining the rights of security holders, including indentures. (i) All instruments defining the rights of holders of the equity or debt securities being registered including, where applicable, the relevant portion of the articles of incorporation or by-laws of the registrant.

(ii) Except as set forth in paragraph (b)(4)(iii) of this Item for filings on Forms S–1, S–4, S–11, N–14, and F–4 under the Securities Act (§§ 239.11, 239.23, 239.18, 239.23 and 239.34 of this chapter) and Forms 10 and 10–K under the Exchange Act (§§ 249.210 and 249.310 of this chapter) all instruments defining the rights of holders of long-term debt of the registrant and its consolidated subsidiaries and for any of its unconsolidated subsidiaries for which financial statements are required to be filed.

(iii) Where the instrument defines the rights of holders of long-term debt of the registrant and its consolidated subsidiaries and for any of its unconsolidated subsidiaries for which financial statements are required to be filed, there need not be filed:

(A) Any instrument with respect to long-term debt not being registered if the total amount of securities authorized thereunder does not exceed 10 percent of the total assets of the registrant and its subsidiaries on a consolidated basis and if there is filed an agreement to furnish a copy of such agreement to the Commission upon request;

(B) Any instrument with respect to any class of securities if appropriate steps to assure the redemption or retirement of such class will be taken prior to or upon delivery by the registrant of the securities being registered; or

(C) Copies of instruments evidencing scrip certificates for fractions of shares.

(iv) If any of the securities being registered are, or will be, issued under an indenture to be qualified under the Trust Indenture Act of 1939:

(A) A reasonably itemized and informative table of contents; and

(B) A cross-reference sheet showing the location in the indenture of the provisions inserted pursuant to sections 310 through 318(a) inclusive of the Trust Indenture Act of 1939.

(v) With respect to Forms 8–K and 10–Q under the Exchange Act that are filed and that disclose, in the text of the Form 10–Q, the interim financial statements, or the footnotes thereto the creation of a new class of securities or indebtedness or the modification of existing rights of security holders, file all instruments defining the rights of holders of these securities or indebtedness. However, there need not be filed any instrument with respect to long-term debt not being registered which meets the exclusion set forth in paragraph (b)(4)(iii)(A) of this Item.

Instruction 1 to paragraph (b)(4): There need not be filed any instrument which defines the rights of participants (not as security holders) pursuant to an employee benefit plan.

Instruction 2 to paragraph (b)(4) (for electronic filings): If the instrument defining the rights of security holders is in the form of a certificate, the text appearing on the certificate shall be reproduced in an electronic filing together with a description of any other graphic and image material appearing on the certificate, as provided in Rule 304 of Regulation S–T (§ 232.304 of this chapter).

(5) Opinion re legality. (i) An opinion of counsel as to the legality of the securities being registered, indicating whether they will, when sold, be legally issued, fully paid and non-assessable, and, if debt securities, whether they will be binding obligations of the registrant.

(ii) If the securities being registered are issued under a plan and the plan is subject to the requirements of ERISA furnish either:

(A) An opinion of counsel which confirms compliance of the provisions of the written documents constituting the plan with the requirements of ERISA pertaining to such provisions; or

(B) A copy of the Internal Revenue Service determination letter that the plan is qualified under section 401 of the Internal Revenue Code; or

(iii) If the securities being registered are issued under a plan which is subject
to the requirements of ERISA and the plan has been amended subsequent to the filing of paragraph (b)(5)(ii) (A) or (B) above, furnish either:

(A) An opinion of counsel which confirms compliance of the amended provisions of the plan with the requirements of ERISA pertaining to such provisions; or

(B) A copy of the Internal Revenue Service determination letter that the amended plan is qualified under section 401 of the Internal Revenue Code.

**NOTE:** Attention is directed to Item 8 of Form S-8 for exemptions to this exhibit requirement applicable to that Form.

(6) [Reserved]

(7) *Correspondence from an independent accountant regarding non-reliance on a previously issued audit report or completed interim review.* Any written notice from the registrant’s current or previously engaged independent accountant that the independent accountant is withdrawing a previously issued audit report or that a previously issued audit report or completed interim review, covering one or more years or interim periods for which the registrant is required to provide financial statements under Regulation S-X (part 210 of this chapter), should no longer be relied upon. In addition, any letter, pursuant to Item 4.02(c) of Form 8-K ($249.308 of this chapter), from the independent accountant to the Commission stating whether the independent accountant agrees with the statements made by the registrant describing the events giving rise to the notice.

(8) *Opinion re tax matters.* For filings on Form S-11 under the Securities Act ($239.18) or those to which Securities Act Industry Guide 5 applies, an opinion of counsel or of an independent public or certified public accountant or, in lieu thereof, a revenue ruling from the Internal Revenue Service, supporting the tax matters and consequences to the shareholders as described in the filing when such tax matters are material to the transaction for which the registration statement is being filed. This exhibit otherwise need only be filed with the other applicable registration forms where the tax consequences are material to an investor and a representation as to tax consequences is set forth in the filing. If a tax opinion is set forth in full in the filing, an indication that such is the case may be made in lieu of filing the otherwise required exhibit. Such tax opinions may be conditioned or may be qualified, so long as such conditions and qualifications are adequately described in the filing.

(9) *Voting trust agreement.* Any voting trust agreements and amendments thereto.

(10) *Material contracts.*

(i) Every contract not made in the ordinary course of business which is material to the registrant and is to be performed in whole or in part at or after the filing of the registration statement or report or was entered into not more than two years before such filing. Only contracts need be filed as to which the registrant or subsidiary of the registrant is a party or has succeeded to a party by assumption or assignment or in which the registrant or such subsidiary has a beneficial interest.

(ii) If the contract is such as ordinarily accompanies the kind of business conducted by the registrant and its subsidiaries, it will be deemed to have been made in the ordinary course of business and need not be filed unless it falls within one or more of the following categories, in which case it shall be filed except where immaterial in amount or significance:

(A) Any contract to which directors, officers, promoters, voting trustees, security holders named in the registration statement or report, or underwriters are parties other than contracts involving only the purchase or sale of current assets having a determinable market price, at such market price;

(B) Any contract upon which the registrant’s business is substantially dependent, as in the case of continuing contracts to sell the major part of registrant’s products or services or to purchase the major part of registrant’s requirements of goods, services or raw materials or any franchise or license or other agreement to use a patent, formula, trade secret, process or trade name upon which registrant’s business depends to a material extent;

(C) Any contract calling for the acquisition or sale of any property, plant
(D) Any material lease under which a part of the property described in the registration statement or report is held by the registrant.

(iii)(A) Any management contract or any compensatory plan, contract or arrangement, including but not limited to plans relating to options, warrants or rights, pension, retirement or deferred compensation or bonus, incentive or profit sharing (or if not set forth in any formal document, a written description thereof) in which any director or any of the named executive officers of the registrant, as defined by Item 402(a)(3) (§229.402(a)(3)), participates shall be deemed material and shall be filed; and any other management contract or any other compensatory plan, contract, or arrangement in which any other executive officer of the registrant participates shall be filed unless immaterial in amount or significance.

(B) Any compensatory plan, contract or arrangement adopted without the approval of security holders pursuant to which equity may be awarded, including, but not limited to, options, warrants or rights (or if not set forth in any formal document, a written description thereof), in which any employee (whether or not an executive officer of the registrant) participates shall be filed unless immaterial in amount or significance. A compensation plan assumed by a registrant in connection with a merger, consolidation or other acquisition transaction pursuant to which the registrant may make further grants or awards of its securities shall be considered a compensation plan of the registrant for purposes of the preceding sentence.

(C) Notwithstanding paragraph (b)(10)(iii)(A) above, the following management contracts or compensatory plans, contracts or arrangements need not be filed:

(1) Ordinary purchase and sales agency agreements.

(2) Agreements with managers of stores in a chain organization or similar organization.

(3) Contracts providing for labor or salesmen’s bonuses or payments to a class of security holders, as such.

(4) Any compensatory plan, contract or arrangement which pursuant to its terms is available to employees, officers or directors generally and which in operation provides for the same method of allocation of benefits between management and nonmanagement participants.

(5) Any compensatory plan, contract or arrangement if the registrant is a foreign private issuer that furnishes compensatory information under Item 402(a)(3) (§229.402(a)(3)) and the public filing of the plan, contract or arrangement, or portion thereof, is not required in the registrant’s home country and is not otherwise publicly disclosed by the registrant.

(6) Any compensatory plan, contract, or arrangement if the registrant is a wholly owned subsidiary of a company that has a class of securities registered pursuant to section 12 or files reports pursuant to section 15(d) of the Exchange Act and is filing a report on Form 10-K or registering debt instruments or preferred stock that are not voting securities on Form S-1.

Instruction 1 to paragraph (b)(10): With the exception of management contracts, in order to comply with paragraph (iii) above, registrants need only file copies of the various compensatory plans and need not file each individual director’s or executive officer’s personal agreement under the plans unless there are particular provisions in such personal agreements whose disclosure in an exhibit is necessary to an investor’s understanding of that individual’s compensation under the plan.

Instruction 2 to paragraph (b)(10): If a material contract is executed or becomes effective during the reporting period reflected by a Form 10-Q or Form 10-K, it shall be filed as an exhibit to the Form 10-Q or Form 10-K filed for the corresponding period. See paragraph (a)(4) of this Item. With respect to quarterly reports on Form 10-Q, only those contracts executed or becoming effective during the most recent period reflected in the report shall be filed.

(11) Statement re computation of per share earnings. A statement setting forth in reasonable detail the computation of per share earnings, unless the computation can be clearly determined
from the material contained in the registration statement or report. The information with respect to the computation of per share earnings, presented by exhibit or otherwise, must be furnished on both a basic and diluted basis.

(12) Statements re computation of ratios. A statement setting forth in reasonable detail the computation of any ratio of earnings to fixed charges, any ratio of earnings to combined fixed charges and preferred stock dividends or any other ratios which appear in the registration statement or report. See Item 503(d) of Regulation S-K (§229.503(d)).

(13) Annual report to security holders, Form 10–Q or quarterly report to security holders. (i) The registrant’s annual report to security holders for its last fiscal year, its Form 10–Q (if specifically incorporated by reference in the prospectus) or its quarterly report to security holders, if all or a portion thereof is incorporated by reference in the filing. Such report, except for those portions thereof that are expressly incorporated by reference in the filing, is to be furnished for the information of the Commission and is not to be deemed “filed” as part of the filing. If the financial statements in the report have been incorporated by reference in the filing, the accountant’s certificate shall be manually signed in one copy. See Rule 411(b) (§230.411(b) of this chapter).

(ii) Electronic filings. If all, or any portion, of the annual or quarterly report to security holders is incorporated by reference into any electronic filing, all, or such portion of the annual or quarterly report to security holders so incorporated, shall be filed in electronic format as an exhibit to the filing.

(14) Code of ethics. Any code of ethics, or amendment thereto, that is the subject of the disclosure required by Item 406 of Regulation S-K (§229.406) or Item 10(c) Form S-K (§249.306 of this chapter), to the extent that the registrant intends to satisfy the Item 406 or Item 10 requirements through filing of an exhibit.

(15) Letter re unaudited interim financial information. A letter, where applicable, from the independent accountant that acknowledges awareness of the use in a registration statement of a report on unaudited interim financial information that pursuant to Rule 436(c) under the Securities Act (§230.436(c) of this chapter) is not considered a part of a registration statement prepared or certified by an accountant or a report prepared or certified by an accountant within the meaning of sections 7 and 11 of that Act. Such letter may be filed with the registration statement, an amendment thereto, or a report on Form 10–Q which is incorporated by reference into the registration statement.

(16) Letter re change in certifying accountant. A letter from the registrant’s former independent accountant regarding its concurrence or disagreement with the statements made by the registrant in the current report concerning the resignation or dismissal as the registrant’s principal accountant.

(17) Correspondence on departure of director. Any written correspondence from a former director concerning the circumstances surrounding the former director’s retirement, resignation, refusal to stand for re-election or removal, including any letter from the former director to the registrant stating whether the former director agrees with statements made by the registrant describing the former director’s departure.

(18) Letter re change in accounting principles. Unless previously filed, a letter from the registrant’s independent accountant indicating whether any change in accounting principles or practices followed by the registrant, or any change in the method of applying any such accounting principles or practices, which affected the financial statements being filed with the Commission in the report or which is reasonably certain to affect the financial statements of future fiscal years is to an alternative principle which in his judgment is preferable under the circumstances. No such letter need be filed when such change is made in response to a standard adopted by the Financial Accounting Standards Board that creates a new accounting principle, that expresses a preference for an accounting principle, or that rejects a specific accounting principle.
(19) **Report furnished to security holders.** If the registrant makes available to its security holders or otherwise publishes, within the period prescribed for filing the report, a document or statement containing information meeting some or all of the requirements of Part I of Form 10-Q, the information called for may be incorporated by reference to such published document or statement, provided copies thereof are included as an exhibit to the registration statement or to Part I of the Form 10-Q report.

(20) **Other documents or statements to security holders.** If the registrant makes available to its stockholders or otherwise publishes, within the period prescribed for filing the report, a document or statement containing information meeting some or all of the requirements of this form the information called for may be incorporated by reference to such published document or statement provided copies thereof are filed as an exhibit to the report on this form.

(21) **Subsidiaries of the registrant.** (i) List all subsidiaries of the registrant, the state or other jurisdiction of incorporation or organization of each, and the names under which such subsidiaries do business. This list may be incorporated by reference from a document which includes a complete and accurate list.

(ii) The names of particular subsidiaries may be omitted if the unnamed subsidiaries, considered in the aggregate as a single subsidiary, would not constitute a significant subsidiary as of the end of the year covered by this report. (See the definition of “significant subsidiary” in Rule 1-02(w) (17 CFR 210.1-02(w)) of Regulation S-X.) The names of consolidated wholly-owned multiple subsidiaries carrying on the same line of business, such as chain stores or small loan companies, may be omitted, provided the name of the immediate parent, the line of business, the number of omitted subsidiaries operating in the United States and the number operating in foreign countries are given. This instruction shall not apply, however, to banks, insurance companies, savings and loan associations or to any subsidiary subject to regulation by another Federal agency.

(22) **Published report regarding matters submitted to vote of security holders.** Published reports containing all of the information called for by Item 4 of Part II of Form 10-Q or Item 4 of Part I of Form 10-K that is referred to therein in lieu of providing disclosure in Form 10-Q or 10-K, that are required to be filed as exhibits by Rule 12b–23(a)(3) under the Exchange Act (§240.12b–23(a)(3) of this chapter).

(23) **Consents of experts and counsel**—

(i) **Securities Act filings.** All written consents required to be filed shall be dated and manually signed. Where the consent of an expert or counsel is contained in his report or opinion or elsewhere in the registration statement or document filed therewith, a reference shall be made in the index to the report, the part of the registration statement or document or opinion, containing the consent.

(ii) **Exchange Act reports.** Where the filing of a written consent is required with respect to material incorporated by reference in a previously filed registration statement under the Securities Act, such consent may be filed as exhibit to the material incorporated by reference. Such consents shall be dated and manually signed.

(24) **Power of attorney.** If any name is signed to the registration statement or report pursuant to a power of attorney, manually signed copies of such power of attorney shall be filed. Where the power of attorney is contained elsewhere in the registration statement or documents filed therewith a reference shall be made in the index to the part of the registration statement or document containing such power of attorney. In addition, if the name of any officer signing on behalf of the registrant is signed pursuant to a power of attorney, certified copies of a resolution of the registrant’s board of directors authorizing such signature shall also be filed. A power of attorney that is filed with the Commission shall relate to a specific filing or an amendment thereto, provided, however, that a power of attorney relating to a registration statement under the Securities Act or an amendment thereto also may relate to any registration statement for the
same offering that is to be effective upon filing pursuant to Rule 462(b) under the Securities Act (§230.462(b) of this chapter). A power of attorney that confers general authority shall not be filed with the Commission.

(25) Statement of eligibility of trustee.

(i) A statement of eligibility and qualification of each person designated to act as trustee under the Trust Indenture Act of 1939. Such statement of eligibility shall be bound separately from the other exhibits.

(ii) Electronic filings. The requirement to bind separately the statement of eligibility and qualification of each person designated to act as a trustee under the Trust Indenture Act of 1939 from other exhibits shall not apply to statements submitted in electronic format. Rather, such statements must be submitted as exhibits in the same electronic submission as the registration statement to which they relate, or in an amendment thereto, except that electronic filers that rely on Trust Indenture Act Section 305(b)(2) for determining the eligibility of the trustee under indentures for securities to be issued, offered or sold on a delayed basis by or on behalf of the registrant shall file such statements separately in the manner prescribed by §260.5b–1 through §260.5b–3 of this chapter and by the EDGAR Filer Manual.

(26) Invitations for competitive bids. If the registration statement covers securities to be offered at competitive bidding, any form of communication which is an invitation for competitive bid which will be sent or given to any person shall be filed.

>Title]

3. With respect to asset-backed issuers, the certification must be signed by either: (1) The senior officer in charge of securitization of the depositor if the depositor is signing the report on Form 10-K; or (2) The senior officer in charge of the servicing function of the servicer if the servicer is signing the report on Form 10-K on behalf of the issuing entity. See Rules 13a-14(e) and 15d-14(e) (§§240.13a-14(e) and 240.15d-14(e)). If there is a master servicer and one or more underlying servicers, the references in the certification relate to the master servicer. A natural person must sign the certification in his or her individual capacity, although the title of that person in the organization of which he or she is an officer may be included under the signature.

4. The first version of paragraph 4 is to be used when the servicer is signing the report on behalf of the issuing entity. The second version of paragraph 4 is to be used when the depositor is signing the report.

2. The certification refers to the reports prepared by parties participating in the servicing function that are required to be included as an exhibit to the Form 10-K. See Item 1122 of Regulation AB (§229.1122) and Rules 13a-18 and 15d-18 (§§240.13a-18 and 240.15d-18 of this chapter). If a report that is otherwise required to be included is not attached, disclosure that the report is not included and an associated explanation must be provided in the Form 10-K report.

4. Because the signer of the certification must rely in certain circumstances on information provided by unaffiliated parties outside of the signer’s control, this paragraph
must be included if the signer is reasonably relying on information that unaffiliated trustees, depositors, servicers, sub-servicers or co-servicers have provided.

Section 1350 Certifications. (i) The certifications required by Rule 13a–14(b) (17 CFR 240.13a–14(b)) or Rule 15d–14(b) (17 CFR 240.15d–14(b)) and Section 1350 of Chapter 63 of Title 18 of the United States Code (18 U.S.C. 1350).

(ii) A certification furnished pursuant to this item will not be deemed “filed” for purposes of Section 18 of the Exchange Act (15 U.S.C. 78r), or otherwise subject to the liability of that section. Subpart 229.900—Roll-Up Transactions

SOURCE: 56 FR 57247, Nov. 8, 1991, unless otherwise noted.

§ 229.901 (Item 901) Definitions.

For the purposes of this subpart 229.900:

(a) General partner means the person or persons responsible under state law for managing or directing the management of the business and affairs of a partnership that is the subject of a roll-up transaction including, but not limited to, the general partner(s), board of directors, board of trustees, or other person(s) having a fiduciary duty to such partnership.

(b)(1) Partnership means any:

(i) Finite-life limited partnership; or

(ii) Other finite-life entity.

(2)(i) Except as provided in paragraph (b)(2)(ii) of this Item, a limited partnership or other entity is “finite-life” if:

(A) It operates as a conduit vehicle for investors to participate in the ownership of assets for a limited period of time; and

(B) It has as a policy or purpose distributing to investors proceeds from the sale, financing or refinancing of assets or cash from operations, rather than reinvesting such proceeds or cash in the business (whether for the term of the entity or after an initial period of time following commencement of operations).

(ii) A real estate investment trust as defined in I.R.C. section 856 is not finite-life solely because of the distribution to investors of net income as provided by the I.R.C. if its policies or purposes do not include the distribution to investors of proceeds from the sale, financing or refinancing of assets, rather than the reinvestment of such proceeds in the business.

(2) The material risks arising from an investment in the successor; and

(3) The likelihood that securities of the successor received by investors in the roll-up transaction will trade in the securities markets at a price substantially below the value assigned to such securities in the roll-up transaction and/or the value of the assets of the successor, and the effects on investors of such a trading market discount.

Describe the effects of the change(s) in such duties.

(b)(1) Describe each item of compensation (including reimbursement of expenses) payable by the successor after the roll-up transaction to the general partner and its affiliates or to any affiliate of the successor. Compare such compensation to the compensation currently payable to the general partner and its affiliates by each partnership. Describe the effects of the change(s) in compensation arrangements.

(2) Describe each instance in which cash or other distributions may be made by the successor to the general partner and its affiliates or to any affiliate of the successor. Compare such distributions to the distributions currently paid or payable to the general partner and its affiliates by each partnership. If distributions similar to those currently paid or payable by any partnership to the general partner or its affiliates will not be made by the successor, state whether or not other compensation arrangements with the successor described in response to paragraph (b)(1) of this Item (§ 229.905) (e.g., incentive fees payable upon sale of a property) will, in effect, replace such distributions.

(3) Provide a table demonstrating the changes in such compensation and distributions setting forth among other things:

3. The aggregate amount of interests in the successor to be allocated to each partnership and the percentage of the total amount of all such interests represented thereby; and
4. The amount of interests of the successor to be issued to investors per interest held in each partnership (on an equivalent interest basis, such as per $1,000 invested).

to determine the amount of consideration payable to the general partner and the reasons such method(s) was used; and

(2) The partnership’s investment objectives and the extent to which the partnership has achieved its investment objectives.

(c) Discuss whether the general partner (including any affiliated person materially dependent on the general partner’s compensation arrangement with the partnership) or any partnership has experienced since the commencement of the most recently completed fiscal year or is likely to experience any material adverse financial developments. If so, describe such developments and the effect of the transaction on such matters.

§ 229.908 (Item 908) Reasons for and alternatives to the roll-up transaction.

(b)(1) State whether or not the general partner has retained an unaffiliated representative to act on behalf of investors for purposes of negotiating the terms of the roll-up transaction. If no such representative has been retained, describe the reasons therefor and the risks arising from the absence of separate representation.

(2) If an unaffiliated representative has been retained to represent investors:
   (i) Identify such unaffiliated representative;

Such discussion must address the fairness of the roll-up transaction to investors in each of the partnerships and as a whole. If the roll-up transaction may be completed with a combination of partnerships consisting of less than all partnerships, or with portions of partnerships, the belief stated must address each possible combination.

(b) Discuss in reasonable detail the material factors upon which the belief stated in paragraph (a) of this Item (§ 229.910) is based and, to the extent practicable, the weight assigned to each such factor. Such discussion should include an analysis of the extent, if any, to which such belief is based on the factors set forth in Instructions (2) and (3) to this Item (§ 229.910), paragraph (b)(1) of Item 909 of this subpart (§ 229.909(b)(1)) and Item 911 of this subpart (§ 229.911). This discussion also must:

If so, describe any material uncertainties known to the general partner that relate to the conclusions in any such report, opinion or appraisal including, but not limited to, developments or trends that have affected or are reasonably likely to affect materially such conclusions.  

Instructions to Item 910: (1) A statement that the general partner has no reasonable belief as to the fairness of the roll-up transaction to investors will not be considered sufficient disclosure in response to paragraph (a) of this Item (§229.910(a)).  
(2) The factors which are important in determining the fairness of a roll-up transaction to investors and the weight, if any, which should be given to them in a particular context will vary. Normally such factors will include, among others, those referred to in paragraph (b)(1) of Item 909 (§229.909(b)(1)) and whether the consideration offered to investors constitutes fair value in relation to:  
(i) Current market prices, if any;  
(ii) Historic market prices, if any;  
(iii) Net book value;  
(iv) Going concern value;

(viii) Offers of which the general partner or sponsor is aware made during the preceding eighteen months for a merger, consolidation, or combination of any of the partnerships; an acquisition of any of the partnerships or a material amount of their assets; a tender offer for or other acquisition of securities of any class issued by any of the partnerships; or a change in control of any of the partnerships.  
(3) The discussion concerning fairness should specifically address material terms of the transaction including whether the consideration offered to investors constitutes fair value in relation to:  
(i) The form and amount of consideration to be received by investors and the sponsor in the roll-up transaction;  
(ii) The methods used to determine such consideration; and  
(iii) The compensation to be paid to the sponsor in the future.  
(4) Conclusory statements, such as “The roll-up transaction is fair to investors in relation to net book value, going concern value, liquidation value and future prospects of the partnership,” will not be considered sufficient disclosure in response to paragraph (b) of this Item (§229.910(b)).  
(5) Consideration should be given to presenting the comparative numerical data as to the value of the consideration being received by investors, liquidation value and other values in a tabular format. Financial and other information concerning the partnerships should be prepared based upon the most recent available information, such as, in the case of financial information, the periods covered by interim selected financial information included in the prospectus in accordance with Item 914 of this subpart (§229.914).  

§ 229.911 (Item 911) Reports, opinions and appraisals.  
(a)(1) All material reports, opinions or appraisals. State whether or not the general partner or sponsor has received any report, opinion (other than an opinion of counsel) or appraisal from an outside party which is materially related to the roll-up transaction including, but not limited to, any such report, opinion or appraisal relating to the consideration or the fairness of the consideration to be offered to investors in connection with the roll-up transaction or the fairness of such transaction to the general partner or investors.

§229.911 17 CFR Ch. II (4–1–13 Edition)

(v) If such report, opinion or appraisal relates to the fairness of the consideration, state whether the general partner, sponsor or affiliate determined the amount of consideration to be paid or whether the outside party recommended the amount of consideration to be paid.

(vi) Furnish a summary concerning such report, opinion or appraisal which shall include, but not be limited to, the procedures followed; the findings and recommendations; the bases for and methods of arriving at such findings and recommendations; instructions received from the general partner, sponsor or its affiliates; and any limitation imposed by the general partner, sponsor or affiliate on the scope of the investigation. If any limitation was imposed by the general partner, sponsor or affiliate on the scope of the investigation, including, but not limited to, access to its personnel, premises, and relevant books and records, state the reasons therefor.

(vii) State whether any compensation paid to such outside party is contingent on the approval or completion of the roll-up transaction and, if so, the reasons for compensating such parties on a contingent basis.

(3) Furnish a statement to the effect that upon written request by an investor or his representative who has been so designated in writing, a copy of any such report, opinion or appraisal shall be transmitted promptly, without charge, by the general partner or sponsor. The statement also must include the name and address of the person to whom investors or their representatives should make their request.

(4) All reports, opinions or appraisals referred to in paragraph (a)(1) of this Item (§229.911) shall be filed as exhibits to the registration statement.

(5)(i) Describe any contacts in connection with the roll-up transaction between the sponsor or the general partner and any outside party with respect to the preparation by such party of an opinion concerning the fairness of the roll-up transaction, a valuation of a partnership or its assets, or any other report with respect to the roll-up transaction. No description is required, however, of contacts with respect to reports, opinions or appraisals filed as exhibits pursuant to paragraph (a)(4) of this Item (§229.911).

(ii) The description of contacts with any outside party required by paragraph (a)(5)(i) of this Item (§229.911) shall include the following:

(A) The identity of each such party;
(B) The nature of the contact;
(C) The actions taken by such party;
(D) Any views, preliminary or final, expressed on the proposed subject matter of the report, opinion or appraisal; and
(E) Any reasons such party did not provide a report, opinion or appraisal.

(b) Fairness opinions: (1) If any report, opinion or appraisal relates to the fairness of the roll-up transaction to investors in the partnerships, state whether or not the report, opinion or appraisal addresses the fairness of:

(i) The roll-up transaction as a whole and to investors in each partnership; and

(ii) All possible combinations of partnerships in the roll-up transaction (including portions of partnerships if the transaction is structured to permit portions of partnerships to participate). If all possible combinations are not addressed:

(A) Identify the combinations that are addressed;
(B) Identify the person(s) that determined which combinations would be addressed and state the reasons for the selection of the combinations; and
(C) State that if the roll-up transaction is completed with a combination of partnerships not addressed, no report, opinion or appraisal concerning the fairness of the roll-up transaction will have been obtained.

(2) If the sponsor or the general partner has not obtained any opinion on the fairness of the proposed roll-up transaction to investors in each of the affected partnerships, state the sponsor’s or general partner’s reasons for concluding that such an opinion is not necessary in order to permit the limited partners or shareholders to make an informed decision on the proposed transaction.

(c) Appraisals. If the report, opinion or appraisal consists of an appraisal of the assets of the partnerships:

(1) Describe the purpose(s) for which the appraisals were obtained and their
use in connection with the roll-up transaction;

(2) Describe which assets are covered by the appraisals and state the aggregate appraised value of the assets covered by the appraisals (including such value net of associated indebtedness). (b) Furnish the information required by Item 402(t)(2) and (3) of this part (§229.402(t)(2) and (3)) and in the tabular format set forth in Item 402(t)(1) of this part (§229.402(t)(1)) with respect to each named executive officer:

(1) Of the subject company in a Rule 13e–3 transaction; or

(2) Of the issuer whose securities are the subject of a third-party tender offer, regarding any agreement or understanding, whether written or unwritten, between such named executive officer and the subject company, issuer, bidder, or the acquiring company, as applicable, concerning any type of compensation, whether present, deferred or contingent, that is based upon or otherwise relates to the Rule 13e–3 transaction or third-party tender offer.

Instructions to Item 1011(b).

1. The obligation to provide the information in paragraph (b) of this section shall not apply where the issuer whose securities are the subject of the Rule 13e–3 transaction or tender offer is a foreign private issuer, as defined in §240.3b–4 of this chapter.

2. For purposes of Instruction 1 to Item 402(t)(2) of this part: If the disclosure is included in a Schedule 13E–3 (§240.13e–100 of this chapter) or Schedule 14D–9 (§240.14d–101 of this chapter), the disclosure provided by this table shall be quantified assuming that the triggering event took place on the latest practicable date and that the price per share of the securities of the subject company in a Rule 13e–3 transaction, or of the issuer whose securities are the subject of the third-party tender offer, shall be determined as follows: If the shareholders are to receive a fixed dollar amount, the price per share shall be that fixed dollar amount, and if such value is not a fixed dollar amount, the price per share shall be the average closing market price of such securities over the first five business days following the first public announcement of the transaction. Compute the dollar value of in-the-money option awards for which vesting would be accelerated by determining the difference between this price and the exercise price.

Instructions to Item 1013:

1. Conclusory statements will not be considered sufficient disclosure in response to this section.

2. The description required by paragraph (d) of this section must include a reasonably detailed discussion of both the benefits and detriments of the Rule 13e-3 transaction to the subject company, its affiliates and unaffiliated security holders. If any director dissented to or abstained from voting on the Rule 13e–3 transaction, identify the director, and indicate, if known, after making reasonable inquiry, the reasons for the dissent or abstention.

(b) Factors considered in determining fairness. Discuss in reasonable detail the material factors upon which the belief stated in paragraph (a) of this section is based and, to the extent practicable, the weight assigned to each factor. The discussion must include an analysis of the extent, if any, to which the filing person’s beliefs are based on the factors described in Instruction 2 of this section and Item 1015 of Regulation M-A (§229.1015).

(e) Approval of directors. State whether or not the Rule 13e–3 transaction was approved by a majority of the directors of the subject company who are not employees of the subject company.

(f) Other offers. If any offer of the type described in paragraph (viii) of Instruction 2 to this section has been received, describe the offer and state the reasons for its rejection.

Instructions to Item 1014: 1. A statement that the issuer or affiliate has no reasonable belief as to the fairness of the Rule 13e–3 transaction to unaffiliated security holders will not be considered sufficient disclosure in response to paragraph (a) of this section.

2. The factors that are important in determining the fairness of a transaction to unaffiliated security holders and the weight, if any, that should be given to them in a particular context will vary. Normally such factors will include, among others, those referred to in paragraphs (c), (d) and (e) of this section and whether the consideration offered to unaffiliated security holders constitutes fair value in relation to:

3. Conclusory statements, such as “The Rule 13e–3 transaction is fair to unaffiliated security holders in relation to net book value, going concern value and future prospects of the issuer” will not be considered sufficient disclosure in response to paragraph (b) of this section.

§229.1015 (Item 1015) Reports, opinions, appraisals and negotiations.

The summary must include, but need not be limited to, the procedures followed; the findings and recommendations; the bases for and methods of arriving at such findings and recommendations; instructions received from the subject company or affiliate; and any limitation imposed by the subject company or affiliate on the scope of the investigation.

Instruction to Item 1015(b): The information called for by paragraphs (b)(1), (2) and (3) of this section must be given with respect to the firm that provides the report, opinion or appraisal rather than the employees of the firm that prepared the report.

(c) Availability of documents. Subpart 229.1100—Asset-Backed Securities (Regulation AB)

SOURCE: 70 FR 1597, Jan. 7, 2005, unless otherwise noted.

§ 229.1100  (Item 1100) General.

(a) Application of Regulation AB. Regulation AB (§§229.1100 through 229.1123) is the source of various disclosure items and requirements for “asset-backed securities” filings under the Securities Act of 1933 (15 U.S.C. 77a et seq.) (the “Securities Act”) and the Securities Exchange Act of 1934 (the “Exchange Act”) (15 U.S.C. 78a et seq.). Unless otherwise specified, definitions to be used in this Regulation AB, including the definition of “asset-backed security,” are set forth in Item 1101.

(b) Presentation of historical delinquency and loss information. Several Items in Regulation AB call for the presentation of historical information and data on delinquencies and loss information. In providing such information:

(1) Present delinquency experience in 30 or 31 day increments, as applicable, beginning at least with assets that are 30 or 31 days delinquent, as applicable, through the point that assets are written off or charged off as uncollectible. At a minimum, present such information by number of accounts and dollar amount. Present statistical information in a tabular or graphical format, if such presentation will aid understanding.

(2) Disclose the total amount of delinquent assets as a percentage of the aggregate asset pool.

(3) Present loss and cumulative loss information, as applicable, regarding charge-offs, charge-off rate, gross losses, recoveries and net losses (with a description of how these terms are defined), the number and amount of assets with a recovery, the ratio of aggregate net losses to average portfolio balance and the average of net loss on all assets that have experienced a net loss.

(4) Categorize all delinquency and loss information by pool asset type.

(5) In a registration statement under the Securities Act or the Exchange Act or in a prospectus to be filed pursuant to §230.424, describe how delinquencies, charge-offs and uncollectible accounts are defined or determined, addressing the effect of any grace period, re-aging, restructure, partial payments considered current or other practices on delinquency and loss experience.

(6) Describe any other material information regarding delinquencies and losses particular to the pool asset type(s), such as repossession information, foreclosure information and real estate owned (REO) or similar information.
Incorporation by reference.

If the following conditions are met, you may incorporate by reference (by means of a statement to that effect) the reports filed by the third party (or the entity that consolidates the third party) pursuant to section 13(a) or 15(d) of the Exchange Act (15 U.S.C. 78m(a) or 78o(d)):  

(i) Such third party or the entity that consolidates the third party is required to file reports with the Commission pursuant to section 13(a) or 15(d) of the Exchange Act.

(ii) Such third party or the entity that consolidates the third party has filed all reports and other materials required to be filed by such third party during the preceding 12 months (or such shorter period that such party was required to file such reports and materials).

(iii) The reports filed by such third party, or entity that consolidates the third party, include (or properly incorporate by reference) the financial statements of such third party.

(iv) If incorporated by reference into a prospectus or registration statement, the prospectus also states that all documents subsequently filed by such third party, or the entity that consolidates the third party, pursuant to section 13(a) or 15(d) of the Exchange Act prior to the termination of the offering also shall be deemed to be incorporated by reference into the prospectus.

Instructions to Item 1100(c)(1): 1. In addition to the conditions in paragraph (c)(1) of this section, any information incorporated by reference must comply with all applicable Commission rules pertaining to incorporation by reference, such as Item 10(d) of Regulation S-K (§229.10(d), Rule 303 of Regulation S-T (§232.303 of this chapter), Rule 411 of Regulation C (§240.411 of this chapter), and Rules 12b-23 and 12b-32 under the Exchange Act (§§240.12b-23 and 240.12b-32 of this chapter).

2. In addition, any applicable requirements under the Securities Act or the rules and regulations of the Commission regarding the filing of a written consent for the use of incorporated material apply to the material incorporated by reference. See, for example, §230.438 of this chapter.

3. Any undertakings set forth in Item 512 of Regulation S-K (§229.512) apply to any material incorporated by reference in a registration statement or prospectus.

4. If neither the third party nor any of its affiliates has had a direct or indirect agreement, arrangement, relationship or understanding, written or otherwise, relating to the ABS transaction, and neither the third party nor any of its affiliates is an affiliate of the sponsor, depositor, issuing entity or underwriter of the ABS transaction, then paragraph (c)(1)(ii) of this section is qualified by the knowledge of the registrant.

5. If you are relying on paragraph (c)(1) of this section to provide information required by Item 1112 of this Regulation AB regarding a significant obligor that is an asset-backed issuer and the pool assets relating to such significant obligor are asset-backed securities, then for purposes of paragraph (c)(1)(ii) of this section, the term “financial statements” means the information required by Instruction 3 of Item 1112 of this Regulation AB. Such information required by Instruction 3 of Item 1112 of this Regulation AB may be incorporated by reference from a prospectus that contains such information and is included in an effective Securities Act registration statement or filed pursuant to §230.424 of this chapter.

(2) Reference information for significant obligors.

If the third party information relates to a significant obligor and the following conditions are met, you may include a reference to the third party’s periodic reports (or the third party’s parent with respect to paragraph (c)(2)(i)(C) of this section) under section 13(a) or 15(d) of the Exchange Act (15 U.S.C. 78m(a) or 78o(d)) that are on file with the Commission (or otherwise publicly available with respect to paragraph (c)(2)(i)(F) of this section), along with a statement of how those reports may be accessed, including the third party’s name and Commission file number, if applicable (See, e.g., Item 1118 of this Regulation AB):  

(i) Neither the third party nor any of its affiliates has had a direct or indirect agreement, arrangement, relationship or understanding, written or otherwise, relating to the asset-backed securities transaction, and neither the third party nor any of its affiliates is an affiliate of the sponsor, depositor,
issuing entity or underwriter of the asset-backed securities transaction.

(ii) To the knowledge of the registrant, any of the following is true:

(A) The third party is eligible to use Form S-3 or F-3 (§239.13 or 239.33 of this chapter) for a primary offering of non-investment grade securities pursuant to General Instruction I.B.1 of such forms.

(B) The third party meets the requirements of General Instruction I.A. of Form S-3 or General Instructions 1.A.1, 2, 3, 4 and 6 of Form F-3 and the pool assets relating to such third party are non-convertible investment grade securities, as described in General Instruction I.B.2 of Form S-3 or Form F-3.

(C) If the third party does not meet the conditions of paragraph (c)(2)(ii)(A) or (c)(2)(ii)(B) of this section and the pool assets relating to the third party are guaranteed by a wholly owned subsidiary of the third party and the subsidiary does not meet the conditions of paragraph (c)(2)(ii)(A) or (c)(2)(ii)(B) of this section, the criteria in either paragraph (c)(2)(ii)(A) or paragraph (c)(2)(ii)(B) of this section are met with respect to the pool assets relating to such third party and the requirements of Rule 3–10 of Regulation S-X (§210.3–10 of this chapter) are satisfied regarding the information in the reports to be referenced.

(D) If the pool assets relating to the third party are guaranteed by a wholly owned subsidiary of the third party and the subsidiary does not meet the conditions of paragraph (c)(2)(ii)(A) or (c)(2)(ii)(B) of this section, the criteria in either paragraph (c)(2)(ii)(A) or paragraph (c)(2)(ii)(B) of this section are met with respect to the third party and the requirements of Rule 3–10 of Regulation S-X (§210.3–10 of this chapter) are satisfied regarding the information in the reports to be referenced.

(E) The pool assets relating to such third party are asset-backed securities and the third party is filing reports pursuant to section 12 or 15(d) of the Exchange Act (15 U.S.C. 78l or 78o(d)) and has filed all the material that would be required to be filed pursuant to section 13, 14 or 15(d) of the Exchange Act (15 U.S.C. 78m, 78n or 78o(d)) for a period of at least twelve calendar months and any portion of a month immediately preceding the filing referring the third party’s reports (or such shorter period that such third party was required to file such materials).

(F) The third party is a U.S. government-sponsored enterprise, has outstanding securities held by non-affiliates with an aggregate market value of $75 million or more, and makes information publicly available on an annual and quarterly basis, including audited financial statements prepared in accordance with generally accepted accounting principles covering the same periods that would be required for audited financial statements under Regulation S-X (§§210.1–01 through 210.12–29 of this chapter) and non-financial information consistent with that required by Regulation S-K (§§229.10 through 229.1123).

Instruction to Item 1100(c)(2): If you are relying on paragraph (c)(2)(ii)(E) of this section because the pool assets relating to such third party are asset-backed securities, then for purposes of a registration statement under the Securities Act or the Exchange Act or a prospectus to be filed pursuant to §230.424 for your securities, you also must include a reference (including Commission reporting number and filing date) to the prospectus for the third party asset-backed securities that:

(a) Is either included in an effective Securities Act registration statement or filed pursuant to §230.424 of this chapter; and

(b) Contains the information required by Instruction 3.a. of Item 1112 of this Regulation AB.

(1) If the asset-backed securities transaction involves additional or intermediate parties not specifically identified in this Regulation AB, the disclosure required by this Regulation AB includes information to the extent material regarding any such party and its role, function and experience in relation to the asset-backed securities and the asset pool. Describe the material terms of any agreement with such party regarding the transaction, and file such agreement as an exhibit.

(2) If the asset pool backing the asset-backed securities includes one or more pool assets representing an interest in or the right to the payments or cash flows of another asset pool, then for purposes of this Regulation AB and
§§ 229.13a–18 and 240.15d–18 of this chapter, references to the asset pool and the pool assets of the issuing entity also include the other asset pool and its pool assets if the following conditions are met:

(i) Both the issuing entity for the asset-backed securities and the entity issuing the pool asset to be included in the issuing entity’s asset pool were established under the direction of the same sponsor or depositor.

(ii) The pool asset was created solely to satisfy legal requirements or otherwise facilitate the structuring of the asset-backed securities transaction.

Instruction to Item 1100(d)(2). Reference to the underlying asset pool includes, without limitation, compliance with applicable servicing criteria referenced in §§ 240.13a–18 and 240.15d–18 of this chapter and the servicer compliance statement required by Item 1123 of this Regulation AB. In addition, provide clear and concise disclosure, including by flow chart or other illustration, of the transaction and the various parties involved.

(e) Foreign asset-backed securities. If the asset-backed securities are issued by a foreign issuer (as defined in § 230.405 of this chapter), backed by pool assets that are foreign assets, or affected by enhancement or support contemplated by Items 1114 or 1115 of this Regulation AB provided by a foreign entity, then in providing the disclosure required by this Regulation AB (including, but not limited to, Items 1104 and 1110 of this Regulation AB regarding origination and securitization practices, Item 1107 of this Regulation AB regarding the sale or transfer of the pool assets, bankruptcy remoteness and collateral protection, Item 1108 of this Regulation AB regarding servicing, Item 1109 of this Regulation AB regarding the rights, duties and responsibilities of the trustee, Item 1111 of this Regulation AB regarding the terms, nature and treatment of the pool assets and Items 1114 or 1115 of this Regulation AB, as applicable, regarding the enhancement provider), the filing must describe any pertinent governmental, legal or regulatory developments during the period covered by the report which have not been previously described in a Form 10-D, 10-K or 8-K (§ 249.308 of this chapter) filed under the Exchange Act.

(f) Filing of required exhibits. Where agreements or other documents in this Regulation AB are specified to be filed as exhibits to a Securities Act registration statement, such final agreements or other documents, if applicable, may be incorporated by reference as an exhibit to the registration statement, such as by filing a Form 8-K in the case of offerings registered on Form S-3 (§ 239.13 of this chapter).

(ii) No non-performing assets are part of the asset pool as of the measurement date.

(iv) Delinquent assets do not constitute 50% or more, as measured by dollar volume, of the asset pool as of the measurement date.

(v) With respect to securities that are backed by leases, the portion of the securitized pool balance attributable to the residual value of the physical property underlying the leases, as determined in accordance with the transaction agreements for the securities, does not constitute:

(A) For motor vehicle leases, 65% or more, as measured by dollar volume, of the securitized pool balance as of the measurement date.

(B) For all other leases, 50% or more, as measured by dollar volume, of the securitized pool balance as of the measurement date.

(3) Notwithstanding the requirement in paragraph (c)(1) of this section that the asset pool be a discrete pool of assets, the following are considered to be a discrete pool of assets for purposes of being considered an asset-backed security:

(i) Master trusts. The offering related to the securities contemplates adding additional assets to the pool that backs such securities in connection with future issuances of asset-backed securities backed by such pool. The offering related to the securities also may contemplate additions to the asset pool, to the extent consistent with paragraphs (c)(3)(ii) and (c)(3)(iii) of this section, in connection with maintaining minimum pool balances in accordance with the transaction agreements for master trusts with revolving periods or receivables or other financial assets that arise under revolving accounts.

(ii) Prefunding periods. The offering related to the securities contemplates a prefunding account where a portion of the proceeds of that offering is to be used for the future acquisition of additional pool assets, if the duration of the prefunding period does not extend for more than one year from the date of issuance of the securities and the portion of the proceeds for such prefunding account does not involve in excess of:

(A) For master trusts, 50% of the aggregate principal balance of the total asset pool whose cash flows support the securities; and

(B) For other offerings, 50% of the proceeds of the offering.

(iii) Revolving periods. The offering related to the securities contemplates a revolving period where cash flows from the pool assets may be used to acquire additional pool assets, provided, that, for securities backed by receivables or other financial assets that do not arise under revolving accounts, the revolving period does not extend for more than three years from the date of issuance of the securities and the additional pool assets are of the same general character as the original pool assets.

Instructions to Item 1101(c). 1. For purposes of determining non-performing, delinquency and residual value thresholds, the "measurement date" means either:

a. The designated cut-off date for the transaction (i.e., the date on and after which collections on the pool assets accrue for the benefit of asset-backed security holders), if applicable; or

b. In the case of master trusts, the date as of which delinquency and loss information or securitized pool balance information, as applicable, is presented in the prospectus for the asset-backed securities to be filed pursuant to §230.424(b) of this chapter.

2. Non-performing and delinquent assets that are not funded or purchased by proceeds from the securities and that are not considered in cash flow calculations for the securities need not be considered as part of the asset pool for purposes of determining non-performing and delinquency thresholds.

3. For purposes of determining non-performing, delinquency and residual value thresholds for master trusts, calculations are to be measured against the total asset pool whose cash flows support the securities.

4. For purposes of determining residual value thresholds, residual values need not be included in measuring against the thresholds to the extent a separate party is obligated for such amounts (e.g., through a residual value guarantee, residual value insurance or where the lessee is obligated to cover any residual losses).
(d) Delinquent, for purposes of determining if a pool asset is delinquent, means if a pool asset is more than 30 or 31 days or a single payment cycle, as applicable, past due from the contractual due date, as determined in accordance with any of the following:

(1) The transaction agreements for the asset-backed securities;

(2) The delinquency recognition policies of the sponsor, any affiliate of the sponsor that originated the pool asset or the servicer of the pool asset; or

(3) The delinquency recognition policies applicable to such pool asset established by the primary safety and soundness regulator of any entity listed in paragraph (d)(2) of this section or the program or regulatory entity that oversees the program under which the pool asset was originated.

(e) Depositor means the depositor who receives or purchases and transfers or sells the pool assets to the issuing entity. For asset-backed securities transactions where there is not an intermediate transfer of the assets from the sponsor to the issuing entity, the term depositor refers to the sponsor. For asset-backed securities transactions where the person transferring or selling the pool assets is itself a trust, the depositor of the issuing entity is the depositor of that trust.

(f) Issuing entity means the trust or other entity created at the direction of the sponsor or depositor that owns or holds the pool assets and in whose name the asset-backed securities supported or serviced by the pool assets are issued.

(g) Non-performing, for purposes of determining if a pool asset is non-performing, means a pool asset if any of the following is true:

(1) The pool asset would be treated as wholly or partially charged-off under the requirements in the transaction agreements for the asset-backed securities;

(2) The pool asset would be treated as wholly or partially charged-off under the charge-off policies of the sponsor, an affiliate of the sponsor that originates the pool asset or a servicer that services the pool asset; or

(3) The pool asset would be treated as wholly or partially charged-off under the charge-off policies applicable to such pool asset established by the primary safety and soundness regulator of any entity listed in paragraph (g)(2) of this section or the program or regulatory entity that oversees the program under which the pool asset was originated.

(h) NRSRO has the same meaning as the term “nationally recognized statistical rating organization” as used in §240.15c3-1(c)(2)(vi)(F) of this chapter.

(i) Obligor means any person who is directly or indirectly committed by contract or other arrangement to make payments on all or part of the obligations on a pool asset.

(j) Servicer means any person responsible for the management or collection of the pool assets or making allocations or distributions to holders of the asset-backed securities. The term servicer does not include a trustee for the issuing entity or the asset-backed securities that makes allocations or distributions to holders of the asset-backed securities if the trustee receives such allocations or distributions from a servicer and the trustee does not otherwise perform the functions of a servicer.

(k) Significant obligor means any of the following:

(1) An obligor or a group of affiliated obligors on any pool asset or group of pool assets if such pool asset or group of pool assets represents 10% or more of the asset pool.

(2) A single property or group of related properties securing a pool asset or a group of pool assets if such pool asset or group of pool assets represents 10% or more of the asset pool.

(3) A lessee or group of affiliated lessees if the related lease or group of leases represents 10% or more of the asset pool.

Instructions to Item 1101(k): 1. Regarding paragraph (k)(3) of this section, the calculation must focus on the leases whose cash flow supports the asset-backed securities directly or indirectly (including the residual value of the physical property underlying the leases if a portion of the securitized pool balance is attributable to the residual value of such property), regardless of whether the asset pool contains the leases themselves, mortgages on properties that are the subject of the leases or other assets related to the leases.
2. If separate pool assets, or properties underlying pool assets, are cross-defaulted and/or cross-collateralized, such pool assets are to be aggregated and considered together in determining concentration levels.

3. If the pool asset is a mortgage or lease relating to real estate, the pool asset is non-recourse to the obligor, and the obligor does not manage the property or does not own other assets and has no other operations, then the obligor need not be considered a separate significant obligor from the real estate. Otherwise, the obligor is a separate significant obligor.

4. The determination of significant obligors is to be made as of the designated cut-off date for the transaction (i.e., the date on and after which collections on the pool assets accrue for the benefit of asset-backed security holders), provided, that, in the case of master trusts, the determination is to be made as of the cut-off date (or issuance date if there is not a cut-off date) for each issuance of asset-backed securities backed by the same asset pool. In addition, if disclosure is required pursuant to either Item 6.05 of Form S-K (17 CFR 249.306) or in a Form 10-D (17 CFR 249.312) pursuant to Item 1121(b) of this Regulation AB, the determination of significant obligors is to be made against the asset pool described in such report. However, if the percentage concentration regarding an obligor falls below 10% subsequent to the determination dates discussed in this Instruction, the obligor no longer need be considered a significant obligor.

(a) Sponsor means the person who organizes and initiates an asset-backed securities transaction by selling or transferring assets, either directly or indirectly, including through an affiliate, to the issuing entity.

(b) In identifying the title of the securities, include the series number, if applicable. If there is more than one class of securities offered, state the class designations of the securities offered.

(c) Identify the asset type(s) being securitized.

(d) Include a statement, if applicable and appropriately modified to the transaction, that the securities represent the obligations of the issuing entity only and do not represent the obligations of or interest in the sponsor, depositor or any of their affiliates.

(e) Identify the aggregate principal amount of all securities offered and the principal amount, if any, of each class of securities offered. If a class has no principal amount, disclose that fact, and, if applicable, state the notional amount, clearly identifying that the amount is a notional one. If the amounts are approximate, disclose that fact.

(f) Indicate the interest rate or specified rate of return of each class of security offered. If a class of securities does not bear interest or a specified return, disclose that fact. If the rate is based on a formula or is calculated in reference to a generally recognized interest rate index, such as a U.S. Treasury securities index, either provide the formula on the cover, or indicate that the rate is variable, indicate the index upon which the rate is based and indicate that further disclosure of how the rate is determined is included in the transaction summary.

(g) Identify the distribution frequency, by class or series where applicable, and the first expected distribution date for the asset-backed securities.

(h) Briefly describe any credit enhancement or other support for the transaction and identify any enhancement or support provider referenced in Items 1114(b) or 1115 of this Regulation AB.

Instruction to Item 1102: Also see Item 1113(f)(2) of this Regulation AB regarding the title of any class of securities with an optional redemption or termination feature that may be exercised when 25% or more of the original principal balance of the pool assets are still outstanding.

The description must include, to the extent material, a general discussion of the sponsor’s experience in securitizing assets of any type as well as a more detailed discussion of the sponsor’s experience in and overall procedures for originating or acquiring and securitizing assets of the type included in the current transaction. Include to the extent material information regarding the size, composition and growth of the sponsor’s portfolio of assets of the type to be securitized and information or factors related to the sponsor that may be material to an analysis of the origination or performance of the pool assets, such as whether any prior securitizations organized by the sponsor have defaulted or experienced an early amortization triggering event.

(d) Describe the sponsor’s material roles and responsibilities in its securitization program, including whether the sponsor or an affiliate is responsible for originating, acquiring, pooling or servicing the pool assets, and the sponsor’s participation in structuring the transaction.

(i) For prospectuses to be filed pursuant to §230.424 of this chapter prior to February 14, 2013, information may be limited to the prior year; and

§ 229.1105 (Item 1105) Static pool information.

(a) For amortizing asset pools, unless the registrant determines that such information is not material:

(1) Provide static pool information, to the extent material, regarding delinquencies, cumulative losses and prepayments for prior securitized pools of the sponsor for that asset type.

(2) If the sponsor has less than three years of experience securitizing assets of the type to be included in the offered asset pool, consider providing instead static pool information, to the extent material, regarding delinquencies, cumulative losses and prepayments by vintage origination years regarding originations or purchases by the sponsor, as applicable, for that asset type. A vintage origination year represents assets originated during the same year.

(3) In providing the information required by paragraphs (a)(1) and (a)(2) of this section:

(i) Provide the requested information for prior pools or vintage origination years, as applicable, relating to the following time period, to the extent material:

(ii) Present delinquency, cumulative loss and prepayment data for each prior securitized pool or vintage origination year, as applicable, in periodic increments (e.g., monthly or quarterly), to the extent material, over the life of the prior securitized pool or vintage origination year. The most recent periodic increment for the data must be as of a date no later than 135 days of the date of first use of the prospectus.

(iii) Provide summary information for the original characteristics of the prior securitized pools or vintage origination years, as applicable and material. While the material summary characteristics may vary, these characteristics may include, among other things, the following: number of pool assets; original pool balance; weighted average initial loan balance; weighted average interest or note rate; weighted average original term; weighted average remaining term; weighted average and minimum and maximum standardized credit score or other applicable measure of obligor credit quality; product type; loan purpose; loan-to-value information; distribution of assets by loan or note rate; and geographic distribution information.

(b) For revolving asset master trusts, unless the registrant determines that such information is not material, provide, to the extent material, data regarding delinquencies, cumulative losses, prepayments, payment rate, yield and standardized credit scores or other applicable measure of obligor credit quality in separate increments based on the date of origination of the pool assets. (c) If the information that would otherwise be required by paragraph (a)(1), (a)(2) or (b) of this section is not material, but alternative static pool information would provide material disclosure, provide such alternative information instead. Similarly, information contemplated by paragraph (a)(1), (a)(2) or (b) of this section regarding a party or parties other than the sponsor may be provided in addition to or in lieu of such information regarding the sponsor if appropriate to provide material disclosure. In addition, other explanatory disclosure, including disclosure explaining the absence of any static pool information, may be provided.

(4) Whether in the event of a bankruptcy, receivership or similar proceeding with respect to the issuing entity, the issuing entity’s assets will become subject to the bankruptcy control of a third party.

(l) If applicable law prohibits the issuing entity from holding the pool assets directly (for example, an “eligible lender” trustee must hold student loans originated under the Federal Family Education Loan Program of the Higher Education Act of 1965 (20 U.S.C. 1001 et seq.)), describe the arrangements instituted to hold the pool assets on behalf of the issuing entity. (1) Provide a clear introductory description of the roles, responsibilities and oversight requirements of the entire servicing structure and the parties involved. In addition to an appropriate narrative discussion of the allocation of servicing responsibilities, also consider presenting the information graphically if doing so will aid understanding.

(2) Identify:

(i) Each master servicer;

(ii) Each affiliated servicer;

(iii) Each unaffiliated servicer that services 10% or more of the pool assets; and

(iv) Any other material servicer responsible for calculating or making distributions to holders of the asset-backed securities, performing workouts or foreclosures, or other aspect of the servicing of the pool assets or the asset-backed securities upon which the performance of the pool assets or the asset-backed securities is materially dependent.

(8) Describe any limitations on the servicer’s liability under the transaction agreements regarding the asset-backed securities transaction.

(d) Describe any limitations on the trustee’s liability under the transaction agreements regarding the asset-backed securities transaction.

(e) Describe any indemnification provisions that entitle the trustee to be indemnified from the cash flow that otherwise would be used to pay the asset-backed securities.

Instruction to Item 1109. If multiple trustees are involved in the transaction, provide a description of the roles and responsibilities of each trustee.

In addition to an appropriate narrative discussion of the allocation and priority structure of pool cash flows, present the flow of funds graphically if doing so will aid understanding. In the flow of funds discussion, provide information regarding any requirements directing cash flows from the pool assets (such as to reserve accounts, cash collateral accounts or expenses) and the purpose and operation of such requirements.

(3) In describing the interest rate or rate of return on the asset-backed securities and how such amounts are payable, explain how the rate is determined and how frequently it will be determined. If the rate to be paid can be a combination of two or more rates (such as the lesser of a variable rate or the actual weighted average net coupon on the pool assets), provide clear information regarding each rate and when each rate applies.

(4) How principal, if any, will be paid on the asset-backed securities, including maturity dates, amortization or principal distribution schedules, principal distribution dates, formulas for calculating principal distributions from the cash flows and other factors that will affect the timing or amount of principal payments for each class of securities.

In addition, through footnote or other accompanying narrative disclosure, describe if any, and if so how, such fees or expenses can be changed without notice to, or approval by, security holders and any restrictions on the ability to change a fee or expense amount, such as due to a change in transaction party.

(d) Excess cash flow. (1) Describe the disposition of residual or excess cash flows. Identify who owns any residual or retained interests to the cash flows if such person is affiliated with the sponsor, depositor, issuing entity or any entity identified in Item 1119(a) of this Regulation AB or if such person has rights that may alter the transaction structure beyond receipt of residual or excess cash flows. Describe such rights, as material.

(2) Disclose any requirements in the transaction agreements to maintain a minimum amount of excess cash flow or spread from, or retained interest in, the transaction and any actions that would be required or changes to the transaction structure that would occur if such requirements were not met.

(3) To the extent material to an understanding of the asset-backed securities, disclose any features or arrangements to facilitate a securitization of the excess cash flow or retained interest from the transaction, including whether any material changes to the transaction structure may be made without the consent of asset-backed security holders in connection with these securitizations.

However, no disclosure need be provided by this paragraph if the information has not materially changed from that previously provided in an Exchange Act report relating to the asset-backed securities or in an effective registration statement under the Securities Act or a prospectus timely filed pursuant to § 230.424 of this chapter under the same Central Index Key (CIK) code regarding a subsequent issuance of asset-backed securities backed by a pool of assets that includes the pool assets that are the subject of this paragraph.

have been provided to a person (or any of its
affiliates) that is offering to acquire, merge,
or consolidate with the registrant or other-
wise to acquire the registrant’s securities,
such estimate may be included in documents
related to such acquisition.

§ 229.1203 (Item 1203) Proved undevel-
oped reserves.

(a) Disclose the total quantity of
proved undeveloped reserves at year
end.

(b) Disclose material changes in
proved undeveloped reserves that oc-
curred during the year, including
proved undeveloped reserves converted
into proved developed reserves.

(c) Discuss investments and progress
made during the year to convert proved
undeveloped reserves to proved devel-
oped reserves, including, but not lim-
ited to, capital expenditures.

(d) Explain the reasons why material
amounts of proved undeveloped re-
serves in individual fields or countries
remain undeveloped for five years or
more after disclosure as proved unde-
veloped reserves.

§ 229.1204 (Item 1204) Oil and gas pro-
duction, production prices and pro-
duction costs.

(a) For each of the last three fiscal
years disclose production, by final
product sold, of oil, gas, and other
products. Disclosure shall be made by
geographical area and for each country
and field that contains 15% or more of
the registrant’s total proved reserves
expressed on an oil-equivalent-barrels
basis unless prohibited by the country
in which the reserves are located.

(b) For each of the last three fiscal
years disclose, by geographical area:

(1) The average sales price (including
transfers) per unit of oil, gas and other
products produced; and

(2) The average production cost, not
including ad valorem and severance
taxes, per unit of production.

Instruction 1 to Item 1204: Generally, net pro-
duction should include only production that
is owned by the registrant and produced to
its interest, less royalties and production
due others. However, in special situations
e.g., foreign production) net production be-
fore any royalties may be provided, if more
appropriate. If “net before royalty” produc-
tion figures are furnished, the change from
the usage of “net production” should be
noted.

Instruction 2 to Item 1204: Production of nat-
gural gas should include only marketable pro-
duction of natural gas on an “as sold” basis.
Production will include dry, residue, and wet
gas, depending on whether liquids have been
extracted before the registrant transfers
title. Flared gas, injected gas, and gas con-
sumed in operations should be omitted. Re-
covered gas-lift gas and reproduced gas
should not be included until sold. Synthetic
gas, when marketed as such, should be in-
cluded in natural gas sales.

Instruction 3 to Item 1204: If any product,
such as bitumen, is sold or custody is trans-
ferred prior to conversion to synthetic oil or
gas, the product’s production, transfer
prices, and production costs should be dis-
closed separately from all other products.

Instruction 4 to Item 1204: The transfer price
of oil and gas (natural and synthetic) pro-
duced should be determined in accordance
with FASB Topic 932-235-50-24 (Ex-
tactive Activities—Oil and Gas Topic).

Instruction 5 to Item 1204: The average pro-
duction cost, not including ad valorem and
severance taxes, per unit of production
should be computed using production costs
disclosed pursuant to FASB Topic 932,
Extractive Activities—Oil and Gas. Units of
production should be expressed in common
units of production with oil, gas, and other
products converted to a common unit of
measure on the basis used in computing am-
ortization.

§ 229.1205 (Item 1205) Drilling and other exploratory and development activities.

(a) For each of the last three fiscal years, by geographical area, disclose:
(1) The number of net productive and dry exploratory wells drilled; and
(2) The number of net productive and dry development wells drilled.
(b) Definitions. For purposes of this Item 1205, the following terms shall be defined as follows:
(1) A dry well is an exploratory, development, or extension well that proves to be incapable of producing either oil or gas in sufficient quantities to justify completion as an oil or gas well.
(2) A productive well is an exploratory, development, or extension well that is not a dry well.
(3) Completion refers to installation of permanent equipment for production of oil or gas, or, in the case of a dry well, to reporting to the appropriate authority that the well has been abandoned.
(4) The number of wells drilled refers to the number of wells completed at any time during the fiscal year, regardless of when drilling was initiated.
(c) Disclose, by geographic area, for each of the last three years, any other exploratory or development activities conducted, including implementation of mining methods for purposes of oil and gas producing activities.

§ 229.1206 (Item 1206) Present activities.

(a) Disclose, by geographical area, the registrant’s present activities, such as the number of wells in the process of being drilled (including wells temporarily suspended), waterfloods in process of being installed, pressure maintenance operations, and any other related activities of material importance.
(b) Provide the description of present activities as of a date at the end of the most recent fiscal year or as close to the date that the registrant files the document as reasonably possible.
(c) Include only those wells in the process of being drilled at the “as of” date and express them in terms of both gross and net wells.
(d) Do not include wells that the registrant plans to drill, but has not commenced drilling unless there are factors that make such information material.

§ 229.1207 (Item 1207) Delivery commitments.

(a) If the registrant is committed to provide a fixed and determinable quantity of oil or gas in the near future under existing contracts or agreements, disclose material information concerning the estimated availability of oil and gas from any principal sources, including the following:
(1) The principal sources of oil and gas that the registrant will rely upon and the total amounts that the registrant expects to receive from each principal source and from all sources combined;
(2) The total quantities of oil and gas that are subject to delivery commitments; and
(3) The steps that the registrant has taken to ensure that available reserves and supplies are sufficient to meet such commitments for the next one to three years.
(b) Disclose the information required by this Item:
(1) In a form understandable to investors; and
(2) Based upon the facts and circumstances of the particular situation, including, but not limited to:
   (i) Disclosure by geographic area;
   (ii) Significant supplies dedicated or contracted to the registrant;
   (iii) Any significant reserves or supplies subject to priorities or curtailments which may affect quantities delivered to certain classes of customers, such as customers receiving services under low priority and interruptible contracts;
   (iv) Any priority allocations or price limitations imposed by Federal or State regulatory agencies, as well as other factors beyond the registrant’s control that may affect the registrant’s ability to meet its contractual obligations (the registrant need not provide detailed discussions of price regulation);
   (v) Any other factors beyond the registrant’s control, such as other parties having control over drilling new wells, competition for the acquisition of reserves and supplies, and the availability of foreign reserves and supplies,
which may affect the registrant’s ability to acquire additional reserves and supplies or to maintain or increase the availability of reserves and supplies; and

(vi) Any impact on the registrant’s earnings and financing needs resulting from the inability to meet short-term or long-term contractual obligations. (See Items 303 and 1209 of Regulation S–K (§§ 229.303 and 229.1209).)

(c) If the registrant has been unable to meet any significant delivery commitments in the last three years, describe the circumstances concerning such events and their impact on the registrant.

(d) For purposes of this Item, available reserves are estimates of the amounts of oil and gas which the registrant can produce from current proved developed reserves using presently installed equipment under existing economic and operating conditions and an estimate of amounts that others can deliver to the registrant under long-term contracts or agreements on a per-day, per-month, or per-year basis.

§ 229.1208 (Item 1208) Oil and gas properties, wells, operations, and acreage.

(a) Disclose, as of a reasonably current date or as of the end of the fiscal year, the total gross and net productive wells, expressed separately for oil and gas (including synthetic oil and gas produced through wells) and the total gross and net developed acreage (i.e., acreage assignable to productive wells) by geographic area.

(b) Disclose, as of a reasonably current date or as of the end of the fiscal year, the amount of undeveloped acreage, both leases and concessions, if any, expressed in both gross and net acres by geographic area, together with an indication of acreage concentrations, and, if material, the minimum remaining terms of leases and concessions.

(c) Definitions. For purposes of this Item 1208, the following terms shall be defined as indicated:

(1) A gross well or acre is a well or acre in which the registrant owns a working interest. The number of gross wells is the total number of wells in which the registrant owns a working interest. Count one or more completions in the same bore hole as one well. In a footnote, disclose the number of wells with multiple completions. If one of the multiple completions in a well is an oil completion, classify the well as an oil well.

(2) A net well or acre is deemed to exist when the sum of fractional ownership working interests in gross wells or acres equals one. The number of net wells or acres is the sum of the fractional working interests owned in gross wells or acres expressed as whole numbers and fractions of whole numbers.

(3) Productive wells include producing wells and wells mechanically capable of production.

(4) Undeveloped acreage encompasses those leased acres on which wells have not been drilled or completed to a point that would permit the production of economic quantities of oil or gas regardless of whether such acreage contains proved reserves. Do not confuse undeveloped acreage with undrilled acreage held by production under the terms of the lease.

(b) Rule 144A offerings. If the conditions in paragraph (a) of this section are satisfied, a broker’s or dealer’s publication or distribution of a research report shall not be considered an offer for sale or an offer to sell a security or general solicitation or general advertising, in connection with an offering relying on Rule 144A (§230.144A).

(c) Regulation S offerings. If the conditions in paragraph (a) of this section are satisfied, a broker’s or dealer’s publication or distribution of a research report shall not:

(v) The broker or dealer publishes or distributes research reports in the regular course of its business and, at the time of the publication or distribution of the research report, is including similar information about the issuer or its securities in similar reports.

(b) Rule 144A offerings. If the conditions in paragraph (a)(1) or (a)(2) of this section are satisfied, a broker’s or dealer’s publication or distribution of a research report shall not be considered an offer for sale or an offer to sell a security or general solicitation or general advertising, in connection with an offering relying on Rule 144A (§ 230.144A).

Instruction to § 230.139. Projections. A projection constitutes an analysis or information falling within the definition of research report. When a broker or dealer publishes or distributes projections of an issuer’s sales or earnings in reliance on paragraph (a)(2) of this section, it must:

1. Have previously published or distributed projections on a regular basis in order to satisfy the “regular course of its business” condition;

2. At the time of publishing or disseminating a research report, be publishing or distributing projections with respect to that issuer; and

3. § 230.139a Publications by brokers or dealers distributing asset-backed securities.

The publication or distribution by a broker or dealer of information, an opinion or a recommendation with respect to asset-backed securities meeting the criteria of General Instruction I.B.5 of Form S–3 (§ 239.13 of this chapter) (“S–3 ABS”) shall not be deemed to constitute an offer for sale or offer to sell S–3 ABS registered or proposed to be registered for purposes of sections 2(a)(10) and 5(c) of the Act (15 U.S.C. 77b(a)(10) and 77e(c)) (the “registered securities”), even if such broker or dealer is or will be a participant in the distribution of the registered securities, if the following conditions are met:

(a) The broker or dealer shall have previously published or distributed with reasonable regularity information, opinions or recommendations relating to S–3 ABS backed directly (or, with respect to securitizations of other securities, indirectly) by substantially similar collateral as that directly or indirectly backing S–3 ABS that is the subject of the information, opinion or recommendation that is proposed to be published or distributed.

(b) If the registered securities are proposed to be offered, offered or part of an unsold allotment or subscription, the information, opinion or recommendation shall not:

(1) Identify the registered securities;

(2) Give greater prominence to specific structural or collateral-related attributes of the registered securities than it gives to the same attributes of other asset-backed securities that it mentions; or

(3) Contain any ABS informational and computational material (as defined in § 229.1101 of this chapter) relating to the registered securities.

(c) Sufficient information is available from one or more public sources to provide a reasonable basis for the view
§ 230.140 Definition of “distribution” in section 2(11) for certain transactions.

A person, the chief part of whose business consists of the purchase of the securities of one issuer, or of two or more affiliated issuers, and the sale of its own securities, including the levying of assessments on its assessable stock and the resale of such stock upon the failure of the holder thereof to pay any assessment levied thereon, to furnish the proceeds with which to acquire the securities of such issuer or affiliated issuers, is to be regarded as engaged in the distribution of the securities of such issuer or affiliated issuers within the meaning of section 2(11) of the Act.

§ 230.141 Definition of “commission from an underwriter or dealer” in section 2(11), for certain transactions.

(a) The term commission in section 2(11) of the Act shall include such remuneration, commonly known as a spread, as may be received by a distributor or dealer as a consequence of reselling securities bought from an underwriter or dealer at a price below the offering price of such securities, where such resales afford the distributor or dealer a margin of profit not in excess of what is usual and customary in such transactions.

(b) The term commission from an underwriter or dealer in section 2(11) of the Act shall include commissions paid by an underwriter or dealer directly or indirectly controlling or controlled by, or under direct or indirect common control with, the issuer.

(c) The term usual and customary distributors’ or sellers’ commission in section 2(11) of the Act shall mean a commission or remuneration, commonly known as a spread, paid to or received by any person selling securities either for his own account or for the account of others, which is not in excess of the amount usual and customary in the distribution and sale of issues of similar type and size; and not in excess of the amount allowed to other persons, if any, for comparable service in the distribution of the particular issue, but such term shall not include amounts paid to any person whose function is the management of the distribution of all or a substantial part of the particular issue, or who performs the functions normally performed by an underwriter or underwriting syndicate.

[2 FR 1075, May 26, 1937]

§ 230.142 Definition of “participates” and “participation,” as used in section 2(11), in relation to certain transactions.

(a) The terms participates and participation in section 2(11) (48 Stat. 74, 48 Stat. 905; 15 U.S.C. 77b) shall not include the interest of a person (1) who is not in privity of contract with the issuer nor directly or indirectly controlling, controlled by, or under common control with, the issuer, and (2) who has no association with any principal underwriter of the securities being distributed, and (3) whose function in the distribution is confined to an undertaking to purchase all or some specified proportion of the securities remaining unsold after the lapse of some specified period of time, and (4) who purchases such securities for investment and not with a view to distribution.

(b) As used in this section:

(1) The term issuer shall have the meaning defined in section 2(4) (48 Stat. 74, 48 Stat. 905; 15 U.S.C. 77b) and in the last sentence of section 2(11).
§ 230.144 Persons deemed not to be engaged in a distribution and therefore not underwriters.

Preliminary Note: Certain basic principles are essential to an understanding of the registration requirements in the Securities Act of 1933 (the Act or the Securities Act) and the purposes underlying Rule 144:

1. If any person sells a non-exempt security to any other person, the sale must be registered unless an exemption can be found for the transaction.

2. Section 4(1) of the Securities Act provides one such exemption for a transaction “by a person other than an issuer, underwriter, or dealer.” Therefore, an understanding of the term “underwriter” is important in determining whether or not the Section 4(1) exemption from registration is available for the sale of the securities. The term “underwriter” is broadly defined in Section 2(a)(11) of the Securities Act to mean any person who has purchased from an issuer with a view to, or offers or sells for an issuer in connection with, the distribution of any security, or participates, or has a direct or indirect participation in any such undertaking. The interpretation of this definition traditionally has focused on the words “with a view to” in the phrase “purchased from an issuer with a view to distribution.” An investment banking firm which arranges with an issuer for the public sale of its securities is clearly an “underwriter” under that section. However, individual investors who are not professionals in the securities business also may be “underwriters” if they act as links in a chain of transactions through which securities move from an issuer to the public.

Since it is difficult to ascertain the mental state of the purchaser at the time of an acquisition of securities, prior to and since the adoption of Rule 144, subsequent acts and circumstances have been considered to determine whether the purchaser took the securities “with a view to distribution” at the time of the acquisition. Emphasis has been placed on factors such as the length of time the person held the securities and whether there has been an unforeseeable change in circumstances of the holder. Experience has shown, however, that reliance upon such factors alone has led to uncertainty in the application of the registration provisions of the Act.

The Commission adopted Rule 144 to establish specific criteria for determining whether a person is not engaged in a distribution. Rule 144 creates a safe harbor from the Section 2(a)(11) definition of “underwriter.” A person satisfying the applicable conditions of the Rule 144 safe harbor is deemed not to be engaged in a distribution of the securities and therefore not an underwriter of the securities for purposes of Section 2(a)(11). Therefore, such a person is deemed not to be an underwriter when determining whether a sale is eligible for the Section 4(1) exemption for “transactions by any person other than an issuer, underwriter, or dealer.” If a sale of

(2) The term association shall include a relationship between two persons under which one:

(i) Is directly or indirectly controlling, controlled by, or under common control with, the other, or

(ii) Has, in common with the other, one or more partners, officers, directors, trustees, branch managers, or other persons occupying a similar status or performing similar functions, or

(iii) Has a participation, direct or indirect, in the profits of the other, or has a financial stake, by debtor-creditor relationship, stock ownership, contract or otherwise, in the income or business of the other.

(3) The term principal underwriter shall have the meaning defined in § 230.465.

§ 230.143 Definition of “has purchased,” “sells for,” “participates,” and “participation,” as used in section 2(11), in relation to certain transactions of foreign governments for war purposes.

The terms has purchased, sells for, participates, and participation, in section 2(11) (48 Stat. 74; 48 Stat. 905; 15 U.S.C. 77b), shall not be deemed to apply to any action of a foreign government in acquiring, for war purposes and by or in anticipation of the exercise of war powers, from any person subject to its jurisdiction securities of a person organized under the laws of the United States or any State or Territory, or in disposing of such securities with a view to their distribution by underwriters in the United States, notwithstanding the fact that the price to be paid to such foreign government upon the disposition of such securities by it may be measured by or may be in direct or indirect relation to such price as may be realized by the underwriters.

[6 FR 2032, Apr. 23, 1941]
securities complies with all of the applicable conditions of Rule 144:

1. Any affiliate or other person who sells restricted securities will be deemed not to be engaged in a distribution and therefore not an underwriter for that transaction;
2. Any person who sells restricted or other securities on behalf of an affiliate of the issuer will be deemed not to be engaged in a distribution and therefore not an underwriter for that transaction; and
3. The purchaser in such transaction will receive securities that are not restricted securities.

Rule 144 is not an exclusive safe harbor. A person who does not meet all of the applicable conditions of Rule 144 still may claim any other available exemption under the Act for the sale of the securities. The Rule 144 safe harbor is not available to any person with respect to any transaction or series of transactions that, although in technical compliance with Rule 144, is part of a plan or scheme to evade the registration requirements of the Act.

(a) Definitions. The following definitions shall apply for the purposes of this section.

(1) An affiliate of an issuer is a person that directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, such issuer.

(2) The term person when used with reference to a person for whose account securities are to be sold in reliance upon this section includes, in addition to such person, all of the following persons:

(i) Any relative or spouse of such person, or any relative of such spouse, any one of whom has the same home as such person;

(ii) Any trust or estate in which such person or any of the persons specified in paragraph (a)(2)(i) of this section collectively own 10 percent or more of the total beneficial interest or of which any of such persons serve as trustee, executor or in any similar capacity; and

(iii) Any corporation or other organization (other than the issuer) in which such person or any of the persons specified in paragraph (a)(2)(i) of this section are the beneficial owners collectively of 10 percent or more of any class of equity securities or 10 percent or more of the equity interest.

(3) The term restricted securities means:

(i) Securities acquired directly or indirectly from the issuer, or from an affiliate of the issuer, in a transaction or chain of transactions not involving any public offering; 

(ii) Securities acquired from the issuer that are subject to the resale limitations of §230.502(d) under Regulation D or §230.701(c); 

(iii) Securities acquired in a transaction or chain of transactions meeting the requirements of §230.144A; 

(iv) Securities acquired from the issuer in a transaction subject to the conditions of Regulation CE (§230.1001); 

(v) Equity securities of domestic issuers acquired in a transaction or chain of transactions subject to the conditions of §230.901 or §230.903 under Regulation S (§230.901 through §230.905, and Preliminary Notes); 

(vi) Securities acquired in a transaction made under §230.801 to the same extent and proportion that the securities held by the security holder of the class with respect to which the rights offering was made were, as of the record date for the rights offering, “restricted securities” within the meaning of this paragraph (a)(3); 

(vii) Securities acquired in a transaction made under §230.802 to the same extent and proportion that the securities that were tendered or exchanged in the exchange offer or business combination were “restricted securities” within the meaning of this paragraph (a)(3); and 

(4) The term debt securities means:

(i) Any security other than an equity security as defined in §230.405; 

(ii) Non-participatory preferred stock, which is defined as non-convertible capital stock, the holders of which are entitled to a preference in payment of dividends and in distribution of assets on liquidation, dissolution, or winding up of the issuer, but are not entitled to participate in residual earnings or assets of the issuer; and 

(iii) Asset-backed securities, as defined in §229.1101 of this chapter.

(b) Conditions to be met. Subject to paragraph (i) of this section, the following conditions must be met:
(1) **Non-affiliates.** (i) If the issuer of the securities is, and has been for a period of at least 90 days immediately before the sale, subject to the reporting requirements of section 13 or 15(d) of the Securities Exchange Act of 1934 (the Exchange Act), any person who is not an affiliate of the issuer at the time of the sale, and has not been an affiliate during the preceding three months, who sells restricted securities of the issuer for his or her own account shall be deemed not to be an underwriter of those securities within the meaning of section 2(a)(11) of the Act if all of the conditions of paragraphs (c)(1) and (d) of this section are met. The requirements of paragraph (c)(1) of this section shall not apply to restricted securities sold for the account of a person who is not an affiliate of the issuer at the time of the sale and has not been an affiliate during the preceding three months, provided a period of one year has elapsed since the later of the date the securities were acquired from the issuer or from an affiliate of the issuer.

(ii) If the issuer of the securities is not, or has not been for a period of at least 90 days immediately before the sale, subject to the reporting requirements of section 13 or 15(d) of the Exchange Act, any person who is not an affiliate of the issuer at the time of the sale, and has not been an affiliate during the preceding three months, who sells restricted securities of the issuer for his or her own account shall be deemed not to be an underwriter of those securities within the meaning of section 2(a)(11) of the Act if the condition of paragraph (d) of this section is met.

(2) **Affiliates or persons selling on behalf of affiliates.** Any affiliate of the issuer, or any person who was an affiliate at any time during the 90 days immediately before the sale, who sells restricted securities, or any person who sells restricted or any other securities for the account of an affiliate of the issuer of such securities, or any person who sells restricted or any other securities for the account of a person who was an affiliate at any time during the 90 days immediately before the sale, shall be deemed not to be an underwriter of those securities within the meaning of section 2(a)(11) of the Act if all of the conditions of this section are met.

(c) **Current public information.** Adequate current public information with respect to the issuer of the securities must be available. Such information will be deemed to be available only if the applicable condition set forth in this paragraph is met:

(1) **Reporting issuers.** The issuer is, and has been for a period of at least 90 days immediately before the sale, subject to the reporting requirements of section 13 or 15(d) of the Exchange Act and has:

(i) Filed all required reports under section 13 or 15(d) of the Exchange Act, as applicable, during the 12 months preceding such sale (or for such shorter period that the issuer was required to file such reports), other than Form 8–K reports (§249.308 of this chapter); and

(ii) Submitted electronically and posted on its corporate Web site, if any, every Interactive Data File (§232.11 of this chapter) required to be submitted and posted pursuant to Rule 405 of Regulation S–T (§232.405 of this chapter), during the 12 months preceding such sale (or for such shorter period that the issuer was required to submit and post such files); or

(2) **Non-reporting issuers.** If the issuer is not subject to the reporting requirements of section 13 or 15(d) of the Exchange Act, there is publicly available the information concerning the issuer specified in paragraphs (a)(5)(i) to (xiv), inclusive, and paragraph (a)(5)(xvi) of §240.15c2–11 of this chapter, or, if the issuer is an insurance company, the information specified in section 12(g)(2)(X)(I) of the Exchange Act (15 U.S.C. 78k(g)(2)(X)(I)).

NOTE TO §230.144(c). With respect to paragraph (c)(1), the person can rely upon:

1. A statement in whichever is the most recent report, quarterly or annual, required to be filed and filed by the issuer that such issuer has:
   a. Filed all reports required under section 13 or 15(d) of the Exchange Act, as applicable, during the preceding 12 months (or for such shorter period that the issuer was required to file such reports), other than Form 8–K reports (§249.308 of this chapter), and has been subject to such filing requirements for the past 90 days; and
b. Submitted electronically and posted on its corporate Web site, if any, every Interactive Data File ($232.11 of this chapter) required to be submitted and posted pursuant to Rule 405 of Regulation S-T ($232.405 of this chapter), during the preceding 12 months (or for such shorter period that the issuer was required to submit and post such files); or

2. A written statement from the issuer that it has complied with such reporting, submission or posting requirements.

3. Neither type of statement may be relied upon, however, if the person knows or has reason to believe that the issuer has not complied with such requirements.

(d) Holding period for restricted securities. If the securities sold are restricted securities, the following provisions apply:

(1) General rule. (i) If the issuer of the securities is, and has been for a period of at least 90 days immediately before the sale, subject to the reporting requirements of section 13 or 15(d) of the Exchange Act, a minimum of six months must elapse between the later of the date of the acquisition of the securities from the issuer, or from an affiliate of the issuer, and any resale of such securities in reliance on this section for the account of either the acquiror or any subsequent holder of those securities.

(ii) If the issuer of the securities is not, or has not been for a period of at least 90 days immediately before the sale, subject to the reporting requirements of section 13 or 15(d) of the Exchange Act, a minimum of one year must elapse between the later of the date of the acquisition of the securities from the issuer, or from an affiliate of the issuer, and any resale of such securities in reliance on this section for the account of either the acquiror or any subsequent holder of those securities.

(iii) If the acquiror takes the securities by purchase, the holding period shall not begin until the full purchase price or other consideration is paid or given by the person acquiring the securities from the issuer or from an affiliate of the issuer.

(2) Promissory notes, other obligations or installment contracts. Giving the issuer or affiliate of the issuer from whom the securities were purchased a promissory note or other obligation to pay the purchase price, or entering into an installment purchase contract with such seller, shall not be deemed full payment of the purchase price unless the promissory note, obligation or contract:

(i) Provides for full recourse against the purchaser of the securities;

(ii) Is secured by collateral, other than the securities purchased, having a fair market value at least equal to the purchase price of the securities purchased; and

(iii) Shall have been discharged by payment in full prior to the sale of the securities.

(3) Determination of holding period. The following provisions shall apply for the purpose of determining the period securities have been held:

(i) Stock dividends, splits and recapitalizations. Securities acquired by the issuer as a dividend or pursuant to a stock split, reverse split or recapitalization shall be deemed to have been acquired at the same time as the securities on which the dividend or, if more than one, the initial dividend was paid, the securities involved in the split or reverse split, or the securities surrendered in connection with the recapitalization.

(ii) Conversions and exchanges. If the securities sold were acquired from the issuer solely in exchange for other securities of the same issuer, the newly acquired securities shall be deemed to have been acquired at the same time as the securities surrendered for conversion or exchange, even if the securities surrendered were not convertible or exchangeable by their terms.

Note to §230.144(d)(3)(ii). If the surrendered securities originally did not provide for cashless conversion or exchange by their terms and the holder provided consideration, other than solely securities of the same issuer, in connection with the amendment of the surrendered securities to permit cashless conversion or exchange, then the newly acquired securities shall be deemed to have been acquired at the same time as such amendment to the surrendered securities, so long as, in the conversion or exchange, the securities sold were acquired from the issuer solely in exchange for other securities of the same issuer.

(iii) Contingent issuance of securities. Securities acquired as a contingent payment of the purchase price of an equity interest in a business, or the assets of a business, sold to the issuer or
an affiliate of the issuer shall be deemed to have been acquired at the time of such sale if the issuer or affiliate was then committed to issue the securities subject only to conditions other than the payment of further consideration for such securities. An agreement entered into in connection with any such purchase to remain in the employment of, or not to compete with, the issuer or affiliate or the rendering of services pursuant to such agreement shall not be deemed to be the payment of further consideration for such securities.

(iv) Pledged securities. Securities which are bona-fide pledged by an affiliate of the issuer when sold by the pledgee, or by a purchaser, after a default in the obligation secured by the pledge, shall be deemed to have been acquired when they were acquired by the pledgee, except that if the securities were pledged without recourse they shall be deemed to have been acquired by the pledgee at the time of the pledge or by the purchaser at the time of purchase.

(v) Gifts of securities. Securities acquired from an affiliate of the issuer by gift shall be deemed to have been acquired by the donee when they were acquired by the donor.

(vi) Trusts. Where a trust settlor is an affiliate of the issuer, securities acquired from the settlor by the trust, or acquired from the trust by the beneficiaries thereof, shall be deemed to have been acquired when such securities were acquired by the settlor.

(vii) Estates. Where a deceased person was an affiliate of the issuer, securities held by the estate of such person or acquired from such estate by the estate beneficiaries shall be deemed to have been acquired when they were acquired by the deceased person, except that no holding period is required if the estate is not an affiliate of the issuer or if the securities are sold by a beneficiary of the estate who is not such an affiliate.

(viii) Rule 145(a) transactions. The holding period for securities acquired in a transaction specified in §230.145(a) shall be deemed to commence on the date the securities were acquired by the purchaser in such transaction, except as otherwise provided in paragraphs (d)(3)(ii) and (ix) of this section.

(ix) Holding company formations. Securities acquired from the issuer in a transaction effected solely for the purpose of forming a holding company shall be deemed to have been acquired at the same time as the securities of the predecessor issuer exchanged in the holding company formation where:

(A) The newly formed holding company’s securities were issued solely in exchange for the securities of the predecessor company as part of a reorganization of the predecessor company into a holding company structure;

(B) Holders received securities of the same class evidencing the same proportional interest in the holding company as they held in the predecessor, and the rights and interests of the holders of such securities are substantially the same as those they possessed as holders of the predecessor company’s securities; and

(C) Immediately following the transaction, the holding company has no significant assets other than securities of the predecessor company and its existing subsidiaries and has substantially the same assets and liabilities on a consolidated basis as the predecessor company had before the transaction.

(x) Cashless exercise of options and warrants. If the securities sold were acquired from the issuer solely upon cashless exercise of options or warrants issued by the issuer, the newly acquired securities shall be deemed to have been acquired at the same time as the exercised options or warrants, even if the options or warrants exercised originally did not provide for cashless exercise by their terms.

Note 1 to §230.144(d)(3)(x). If the options or warrants originally did not provide for cashless exercise by their terms and the holder provided consideration, other than solely securities of the same issuer, in connection with the amendment of the options or warrants to permit cashless exercise, then the newly acquired securities shall be deemed to have been acquired at the same time as such amendment to the options or warranties.
warrants so long as the exercise itself was
cashless.

NOTE 2 TO § 230.144(d)(3)(x). If the options or
warrants are not purchased for cash or prop-
erty and do not create any investment risk
to the holder, as in the case of employee
stock options, the newly acquired securities
shall be deemed to have been acquired at the
time the options or warrants are exercised,
so long as the full purchase price or other
consideration for the newly acquired securi-
ties has been paid or given by the person ac-
quiring the securities from the issuer or
from an affiliate of the issuer at the time of
exercise.

(e) Limitation on amount of securities
sold. Except as hereinafter provided,
the amount of securities sold for the
account of an affiliate of the issuer in
reliance upon this section shall be de-
termined as follows:

(1) If any securities are sold for the
account of an affiliate of the issuer, re-

gardless of whether those securities are
restricted, the amount of securities sold,
including all sales of securi-
ties of the same class sold for the ac-
count of such person within the pre-
ceding three months, shall not exceed
the greatest of:

(i) One percent of the shares or other
units of the class outstanding as shown
by the most recent report or statement
published by the issuer, or

(ii) The average weekly reported vol-

not been for a period of at least 90 days
immediately before the sale, subject to
the reporting requirements of section
13 or 15(d) of the Exchange Act) after a
default in the obligation secured by the
pledge, and the amount of securities
sold during the same three-month pe-
riod for the account of the pledgor
shall not exceed, in the aggregate, the
amount specified in paragraph (e)(1) or
(2) of this section, whichever is applica-
ble;

NOTE TO § 230.144(e)(3)(ii). Sales by a pledg-
ee of securities pledged by a borrower will
not be aggregated under paragraph (e)(3)(ii)
with sales of the securities of the same
issuer by other pledgees of such borrower in
the absence of concerted action by such
pledgees.

(2) If the securities sold are debt se-
curities, then the amount of debt secur-
ities sold for the account of an affili-
ate of the issuer, regardless of whether
those securities are restricted, shall
not exceed the greater of the limita-
tion set forth in paragraph (e)(1) of this
section or, together with all sales of se-
curities of the same tranche (or class
when the securities are non-
participatory preferred stock) sold for
the account of such person within the
preceding three months, ten percent of
the principal amount of the tranche (or
class when the securities are non-
participatory preferred stock) attrib-
utable to the securities sold.

(3) Determination of amount. For the
purpose of determining the amount of

and, as applicable, para-

(iv) Where securities were acquired by a trust from the settlor of the trust, the amount of such securities sold for the account of the trust during any three-month period within six months (or within one year if the issuer of the securities is not, or has not been for a period of at least 90 days immediately before the sale, subject to the reporting requirements of section 13 or 15(d) of the Exchange Act) after the acquisition of the securities by the trust, and the amount of securities sold during the same three-month period for the account of the settlor, shall not exceed, in the aggregate, the amount specified in paragraph (e)(1) or (2) of this section, whichever is applicable;

(v) The amount of securities sold for the account of the estate of a deceased person, or for the account of a beneficiary of such estate, during any three-month period and the amount of securities sold during the same three-month period for the account of the deceased person prior to his death shall not exceed, in the aggregate, the amount specified in paragraph (e)(1) or (2) of this section, whichever is applicable;

(vi) When two or more affiliates or other persons agree to act in concert for the purpose of selling securities of an issuer, all securities of the same class sold for the account of all such persons during any three-month period shall be aggregated for the purpose of determining the limitation on the amount of securities sold;

(vii) The following sales of securities need not be included in determining the amount of securities to be sold in reliance upon this section:

(A) Securities sold pursuant to an effective registration statement under the Act;

(B) Securities sold pursuant to an exemption provided by Regulation A (§230.251 through §230.263) under the Act;

(C) Securities sold in a transaction exempt pursuant to section 4 of the Act (15 U.S.C. 77d) and not involving any public offering; and

(D) Securities sold offshore pursuant to Regulation S (§230.901 through §230.905, and Preliminary Notes) under the Act.

(f) Manner of sale. (1) The securities shall be sold in one of the following manners:

(i) Brokers’ transactions within the meaning of section 4(4) of the Act;

(ii) Transactions directly with a market maker, as that term is defined in section 3(a)(38) of the Exchange Act; or

(iii) Riskless principal transactions where:

(A) The offsetting trades must be executed at the same price (exclusive of an explicitly disclosed markup or markdown, commission equivalent, or other fee);

(B) The transaction is permitted to be reported as riskless under the rules of a self-regulatory organization; and

(C) The requirements of paragraphs (g)(2)(applicable to any markup or markdown, commission equivalent, or other fee), (g)(3), and (g)(4) of this section are met.

NOTE TO §230.144(f)(1): For purposes of this paragraph, a riskless principal transaction means a principal transaction where, after having received from a customer an order to buy, a broker or dealer purchases the security as principal in the market to satisfy the order to buy or, after having received from a customer an order to sell, sells the security as principal to the market to satisfy the order to sell.

(2) The person selling the securities shall not:

(i) Solicit or arrange for the solicitation of orders to buy the securities in anticipation of or in connection with such transaction, or

(ii) Make any payment in connection with the offer or sale of the securities to any person other than the broker or dealer who executes the order to sell the securities.

(3) Paragraph (f) of this section shall not apply to:
(i) Securities sold for the account of the estate of a deceased person or for the account of a beneficiary of such estate provided the estate or estate beneficiary is not an affiliate of the issuer; or

(ii) Debt securities.

(g) Brokers’ transactions. The term brokers’ transactions in section 4(4) of the Act shall for the purposes of this rule be deemed to include transactions by a broker in which such broker:

(1) Does no more than execute the order or orders to sell the securities as agent for the person for whose account the securities are sold;

(2) Receives no more than the usual and customary broker’s commission;

(3) Neither solicits nor arranges for the solicitation of customers’ orders to buy the securities in anticipation of or in connection with the transaction; Provided, that the foregoing shall not preclude:

(i) Inquiries by the broker of other brokers or dealers who have indicated an interest in the securities within the preceding 60 days;

(ii) Inquiries by the broker of his customers who have indicated an unsolicited bona fide interest in the securities within the preceding 10 business days;

(iii) The publication by the broker of bid and ask quotations for the security in an inter-dealer quotation system provided that such quotations are incident to the maintenance of a bona fide inter-dealer market for the security for the broker’s own account and that the broker has published bona fide bid and ask quotations for the security in an inter-dealer quotation system on each of at least twelve days within the preceding thirty calendar days with no more than four business days in succession without such two-way quotations; or

(iv) The publication by the broker of bid and ask quotations for the security in an alternative trading system, as defined in §242.300 of this chapter, provided that the broker has published bona fide bid and ask quotations for the security in the alternative trading system on each of the last twelve business days; and

NOTE TO §230.144(g)(3)(ii). The broker should obtain and retain in his files written evidence of indications of bona fide unsolicited interest by his customers in the securities at the time such indications are received.

(4) After reasonable inquiry is not aware of circumstances indicating that the person for whose account the securities are sold is an underwriter with respect to the securities or that the transaction is a part of a distribution of securities of the issuer. Without limiting the foregoing, the broker shall be deemed to be aware of any facts or statements contained in the notice required by paragraph (h) of this section.

Notes: (i) The broker, for his own protection, should obtain and retain in his files a copy of the notice required by paragraph (h) of this section.

(ii) The reasonable inquiry required by paragraph (g)(3) of this section should include, but not necessarily be limited to, inquiry as to the following matters:

(a) The length of time the securities have been held by the person for whose account they are to be sold. If practicable, the inquiry should include physical inspection of the securities;

(b) The nature of the transaction in which the securities were acquired by such person;

(c) The amount of securities of the same class sold during the past 3 months by all persons whose sales are required to be taken into consideration pursuant to paragraph (e) of this section;

(d) Whether such person intends to sell additional securities of the same class through any other means;

(e) Whether such person has solicited or made any arrangement for the solicitation of buy orders in connection with the proposed sale of securities;

(f) Whether such person has made any payment to any other person in connection with the proposed sale of the securities; and

(g) The number of shares or other units of the class outstanding, or the relevant trading volume.

(h) Notice of proposed sale. (1) If the amount of securities to be sold in reliance upon this rule during any period of three months exceeds 5,000 shares or other units or has an aggregate sale price in excess of $50,000, three copies of a notice on Form 144 (§239.144 of this chapter) shall be filed with the Commission. If such securities are admitted to trading on any national securities exchange, one copy of such notice also shall be transmitted to the principal exchange on which such securities are admitted.
(2) The Form 144 shall be signed by the person for whose account the securities are to be sold and shall be transmitted for filing concurrently with either the placing with a broker of an order to execute a sale of securities in reliance upon this rule or the execution directly with a market maker of such a sale. Neither the filing of such notice nor the failure of the Commission to comment on such notice shall be deemed to preclude the Commission from taking any action that it deems necessary or appropriate with respect to the sale of the securities referred to in such notice. The person filing the notice required by this paragraph shall have a bona fide intention to sell the securities referred to in the notice within a reasonable time after the filing of such notice.

(i) Unavailability to securities of issuers with no or nominal operations and no or nominal non-cash assets. (1) This section is not available for the resale of securities initially issued by an issuer defined below:

(A) No or nominal operations; and
(B) Either:

(i) No or nominal assets;
(ii) Assets consisting solely of cash and cash equivalents; or
(iii) Assets consisting of any amount of cash and cash equivalents and nominal other assets; or

(ii) An issuer that has been at any time previously an issuer described in paragraph (i)(1)(i).

(2) Notwithstanding paragraph (i)(1), if the issuer of the securities previously had been an issuer described in paragraph (i)(1)(i) but has ceased to be an issuer described in paragraph (i)(1)(i); is subject to the reporting requirements of section 13 or 15(d) of the Exchange Act; has filed all reports and other materials required to be filed by section 13 or 15(d) of the Exchange Act, as applicable, during the preceding 12 months (or for such shorter period that the issuer was required to file such reports and materials), other than Form 8-K reports (§249.308 of this chapter); and has filed current “Form 10 information” with the Commission reflecting its status as an entity that is no longer an issuer described in paragraph (i)(1)(i), then those securities may be sold subject to the requirements of this section after one year has elapsed from the date that the issuer filed “Form 10 information” with the Commission.

(3) The term “Form 10 information” means the information that is required by Form 10 or Form 20-F (§249.210 or §249.220f of this chapter), as applicable to the issuer of the securities, to register under the Exchange Act each class of securities being sold under this rule. The issuer may provide the Form 10 information in any filing of the issuer with the Commission. The Form 10 information is deemed filed when the initial filing is made with the Commission.

PRELIMINARY NOTES: 1. This section relates solely to the application of section 5 of the Act and not to antifraud or other provisions of the federal securities laws.

2. Attempted compliance with this section does not act as an exclusive election; any seller hereunder may also claim the availability of any other applicable exemption from the registration requirements of the Act.

3. In view of the objective of this section and the policies underlying the Act, this section is not available with respect to any transaction or series of transactions that, although in technical compliance with this section, is part of a plan or scheme to evade the registration provisions of the Act. In such cases, registration under the Act is required.

4. Nothing in this section obviates the need for any issuer or any other person to comply with the securities registration or broker-dealer registration requirements of the Securities Exchange Act of 1934 (the Exchange Act), whenever such requirements are applicable.

5. Nothing in this section obviates the need for any person to comply with any applicable state law relating to the offer or sale of securities.
§230.144A  17 CFR Ch. II (4–1–13 Edition)

6. Securities acquired in a transaction made pursuant to the provisions of this section are deemed to be restricted securities within the meaning of §230.144(a)(3) of this chapter.

7. The fact that purchasers of securities from the issuer thereof may purchase such securities with a view to reselling such securities pursuant to this section will not affect the availability to such issuer of an exemption under section 4(2) of the Act, or Regulation D under the Act, from the registration requirements of the Act.

In the latter event, the securities may be valued at market for purposes of this section.

(4) In determining the aggregate amount of securities owned by an entity and invested on a discretionary basis, securities owned by subsidiaries of the entity that are consolidated with the entity in its financial statements prepared in accordance with generally accepted accounting principles may be included if the investments of such subsidiaries are managed under the direction of the entity, except that, unless the entity is a reporting company under section 13 or 15(d) of the Exchange Act, securities owned by such subsidiaries may not be included if the entity itself is a majority-owned subsidiary that would be included in the consolidated financial statements of another enterprise.

(c) Sales by dealers. Any dealer who offers or sells securities in compliance with the conditions set forth in paragraph (d) of this section shall be deemed not to be a participant in a distribution of such securities within the meaning of section 4(3)(C) of the Act and not to be an underwriter of such securities within the meaning of section 2(11) of the Act, and such securities shall be deemed not to have been offered to the public within the meaning of section 4(3)(A) of the Act.

(d) Conditions to be met. To qualify for exemption under this section, an offer or sale must meet the following conditions:

(1) The securities are offered or sold only to a qualified institutional buyer or to an offeree or purchaser that the seller and any person acting on behalf of the seller reasonably believe is a qualified institutional buyer. In determining whether a prospective purchaser is a qualified institutional buyer, the seller and any person acting on its behalf shall be entitled to rely upon the following non-exclusive methods of establishing the prospective purchaser's ownership and discretionary investments of securities:

(i) The prospective purchaser's most recent publicly available financial statements, Provided That such statements present the information as of a date within 16 months preceding the date of sale of securities under this section in the case of a U.S. purchaser and within 18 months preceding such date of sale for a foreign purchaser;

(ii) The most recent publicly available information appearing in documents filed by the prospective purchaser with the Commission or another United States federal, state, or local governmental agency or self-regulatory organization, or with a foreign governmental agency or self-regulatory organization, Provided That any such information is as of a date within 16 months preceding the date of sale of securities under this section in the case of a U.S. purchaser and within 18 months preceding such date of sale for a foreign purchaser;

(iii) The most recent publicly available information appearing in a recognized securities manual, Provided That such information is as of a date within 16 months preceding the date of sale of securities under this section in the case of a U.S. purchaser and within 18 months preceding such date of sale for a foreign purchaser; or

(iv) A certification by the chief financial officer, a person fulfilling an equivalent function, or other executive officer of the purchaser, specifying the amount of securities owned and invested on a discretionary basis by the purchaser as of a specific date on or since the close of the purchaser's most recent fiscal year, or, in the case of a purchaser that is a member of a family of investment companies, a certification by an executive officer of the investment adviser specifying the amount of securities owned by the family of investment companies as of a specific date on or since the close of the purchaser's most recent fiscal year;

Securities and Exchange Commission

§ 230.145

Reclassification of securities, mergers, consolidations and acquisitions of assets.

Preliminary Note: Rule 145 (§ 230.145 of this chapter) is designed to make available the protection provided by registration under the Securities Act of 1933, as amended (Act), to persons who are offered securities in a business combination of the type described in paragraphs (a) (1), (2) and (3) of the rule. The thrust of the rule is that an offer, offer to sell, offer for sale, or sale occurs when there is submitted to security holders a plan or agreement pursuant to which such holders are required to elect, on the basis of what is in substance a new investment decision, whether to accept a new or different security in exchange for their existing security. Rule 145 embodies the Commission's determination that such transactions are subject to the registration requirements of the Act, and that the previously existing no-sale theory of Rule 133 is no longer consistent with the statutory purposes of the Act. See Release No. 33-3318 (October 6, 1972) [37 FR 23631]. Securities issued in transactions described in paragraph (a) of Rule 145 may be registered on Form S-4 or F-4 (§ 239.34 of this chapter) or Form N-14 (§ 239.23 of this chapter) under the Act.

Transactions for which statutory exemptions under the Act, including those contained in sections 3(a)(9), (10), (11) and 4(2), are otherwise available are not affected by Rule 145.

NOTE 1: Reference is made to Rule 153a (§ 230.153a of this chapter) describing the prospectus delivery required in a transaction of the type referred to in Rule 145.

NOTE 2: A reclassification of securities covered by Rule 145 would be exempt from registration pursuant to section 3(a)(9) or (11) of the Act if the conditions of either of these sections are satisfied.
§ 230.145

(a) Transactions within this section. An offer, offer to sell, offer for sale, or sale shall be deemed to be involved, within the meaning of section 2(3) of the Act, so far as the security holders of a corporation or other person are concerned where, pursuant to statutory provisions of the jurisdiction under which such corporation or other person is organized, or pursuant to provisions contained in its certificate of incorporation or similar controlling instruments, or otherwise, there is submitted for the vote or consent of such security holders a plan or agreement for:

(1) Reclassifications. A reclassification of securities of such corporation or other person, other than a stock split, reverse stock split, or change in par value, which involves the substitution of a security for another security;

(2) Mergers of consolidations. A statutory merger or consolidation or similar plan or acquisition in which securities of such corporation or other person held by such security holders will become or be exchanged for securities of any person, unless the sole purpose of the transaction is to change an issuer’s domicile solely within the United States; or

(3) Transfers of assets. A transfer of assets of such corporation or other person, to another person in consideration of the issuance of securities of such other person or any of its affiliates, if:

(i) Such plan or agreement provides for dissolution of the corporation or other person whose security holders are voting or consenting; or

(ii) Such plan or agreement provides for a pro rata or similar distribution of such securities to the security holders voting or consenting; or

(iii) The board of directors or similar representatives of such corporation or other person, adopts resolutions relative to paragraph (a)(3) (i) or (ii) of this section within 1 year after the taking of such vote or consent; or

(iv) The transfer of assets is a part of a preexisting plan for distribution of such securities, notwithstanding paragraph (a)(3) (i), (ii), or (iii) of this section.

(b) Communications before a Registration Statement is filed. Communications made in connection with or relating to a transaction described in paragraph (a) of this section that will be registered under the Act may be made under §230.135, §230.165 or §230.166.

(c) Persons and parties deemed to be underwriters. For purposes of this section, if any party to a transaction specified in paragraph (a) of this section is a shell company, other than a business combination related shell company, as those terms are defined in §230.405, any party to that transaction, other than the issuer, or any person who is an affiliate of such party at the time such transaction is submitted for vote or consent, who publicly offers or sells securities of the issuer acquired in connection with any such transaction, shall be deemed to be engaged in a distribution and therefore to be an underwriter thereof within the meaning of Section 2(a)(11) of the Act.

(d) Resale provisions for persons and parties deemed underwriters. Notwithstanding the provisions of paragraph (c), a person or party specified in that paragraph shall not be deemed to be engaged in a distribution and therefore not to be an underwriter of securities acquired in a transaction specified in paragraph (a) that was registered under the Act if:

(1) The issuer has met the requirements applicable to an issuer of securities in paragraph (i)(2) of §230.144; and

(2) One of the following three conditions is met:

(i) Such securities are sold by such person or party in accordance with the provisions of paragraphs (c), (e), (f), and (g) of §230.144 and at least 90 days have elapsed since the date the securities were acquired from the issuer in such transaction; or

(ii) Such person or party is not, and has not been for at least three months, an affiliate of the issuer, and at least six months, as determined in accordance with paragraph (d) of §230.144, have elapsed since the date the securities were acquired from the issuer in such transaction, and the issuer meets the requirements of paragraph (c) of §230.144; or

(iii) Such person or party is not, and has not been for at least three months, an affiliate of the issuer, and at least one year, as determined in accordance with paragraph (d) of §230.144, has elapsed since the date the securities

were acquired from the issuer in such transaction.

NOTE TO §230.145(c) AND (d): Paragraph (d) is not available with respect to any transaction or series of transactions that, although in technical compliance with the rule, is part of a plan or scheme to evade the registration requirements of the Act.

(e) Definitions. (1) The term affiliate as used in paragraphs (c) and (d) of this section shall have the same meaning as the definition of that term in §230.144.

(2) The term party as used in paragraphs (c) and (d) of this section shall mean the corporations, business entities, or other persons, other than the issuer, whose assets or capital structure are affected by the transactions specified in paragraph (a) of this section.

(3) The term person as used in paragraphs (c) and (d) of this section, when used in reference to a person for whose account securities are to be sold, shall have the same meaning as the definition of that term in paragraph (a)(2) of §230.144.

§ 230.146 Rules under section 18 of the Act.

(a) Prepared by or on behalf of the issuer. An offering document (as defined in Section 18(d)(1) of the Act [15 U.S.C. 77r(d)(1)]) is “prepared by or on behalf of the issuer” for purposes of Section 18 of the Act, if the issuer or an agent or representative:

(1) Authorizes the document’s production, and

(2) Approves the document before its use.

(b) Covered securities for purposes of Section 18. (1) For purposes of Section 18(b) of the Act (15 U.S.C. 77r), the Commission finds that the following national securities exchanges, or segments thereof, have listing standards that are substantially similar to those of the New York Stock Exchange (“NYSE”), the NYSE Amex LLC (“NYSE Amex”), or the National Market System of the Nasdaq Stock Market (“Nasdaq/NGM”), and that securities listed, or authorized for listing, on such exchanges shall be deemed covered securities:

(i) Tier I of the NYSE Arca, Inc.;

(ii) Tier I of the NASDAQ OMX PHLX LLC;

(iii) The Chicago Board Options Exchange, Incorporated;

(iv) Options listed on the International Securities Exchange, LLC;

(v) The Nasdaq Capital Market; and

(vi) Tier I and Tier II of BATS Exchange, Inc.

(2) The designation of securities in paragraphs (b)(1)(i) through (vi) of this section as covered securities is conditioned on such exchanges’ listing standards (or segments or tiers thereof) continuing to be substantially similar to those of the NYSE, NYSE Amex, or Nasdaq/NGM.

§ 230.147 “Part of an issue”, “person resident”, and “doing business within” for purposes of section 3(a)(11).

PRELIMINARY NOTES: 1. This rule shall not raise any presumption that the exemption provided by section 3(a)(11) of the Act is not available for transactions by an issuer which do not satisfy all of the provisions of the rule.

2. Nothing in this rule obviates the need for compliance with any state law relating to the offer and sale of the securities.

3. Section 5 of the Act requires that all securities offered by the use of the mails or by any means or instruments of transportation or communication in interstate commerce be registered with the Commission. Congress, however, provided certain exemptions in the Act from such registration provisions where there was no practical need for registration or where the benefits of registration were too remote. Among those exemptions is that provided by section 3(a)(11) of the Act for transactions in any security which is a part of an issue offered and sold only to persons resident within a single State or Territory, where the issuer of such security is a person resident and doing business within such State or Territory. The legislative history of that Section suggests that the exemption was intended to apply only to issues genuinely local in character, which in reality represent local financing by local industries, carried out through local investment. Rule 147 is intended to provide more objective standards upon which responsible local businessmen intending to raise capital from local sources
may rely in claiming the section 3(a)(11) exemption.

All of the terms and conditions of the rule must be satisfied in order for the rule to be available. These are: (i) That the issuer be a resident of and doing business within the state or territory in which all offers and sales are made; and (ii) that no part of the offer, or the offering of the security, be made to non-residents within the period of time specified in the rule. For purposes of the rule the definition of issuer in section 2(4) of the Act shall apply.

All offers, offers to sell, offers for sale, and sales which are part of the same issue must meet all of the conditions of Rule 147 for the rule to be available. The determination whether offers, offers to sell, offers for sale and sales of securities are part of the same issue (i.e., deemed to be integrated) will continue to be a question of fact and will depend on the particular circumstances. See Securities Act of 1933 Release No. 4434 (December 6, 1961) (26 FR 9158). Securities Act Release No. 4434 indicated that in determining whether offers and sales should be regarded as part of the same issue and thus should be integrated any one or more of the following factors may be determinative: (i) Are the offerings part of a single plan of financing; (ii) Do the offerings involve issuance of the same class of securities; (iii) Are the offerings made at or about the same time; (iv) Is the same type of consideration to be received; and (v) Are the offerings made for the same or similar purpose.

Subparagraph (b)(2) of the rule, however, is designed to provide certainty to the extent feasible by identifying certain types of offers and sales of securities which will be deemed part of an issue, for purposes of the rule only.

Persons claiming the availability of the rule have the burden of proving that they have satisfied all of its provisions. However, the rule does not establish exclusive standards for complying with the section 3(a)(11) exemption. The exemption would also be available if the issuer satisfied the standards set forth in relevant administrative and judicial interpretations at the time of the offering but the issuer would have the burden of proving the availability of the exemption. Rule 147 relates to transactions exempted from the registration requirements of section 5 of the Act by section 3(a)(11). Neither the rule nor section 3(a)(11) provides an exemption from the registration requirements of section 12(g) of the Securities Exchange Act of 1934, the anti-fraud provisions of the federal securities laws, the civil liability provisions of section 12(2) of the Act or other provisions of the federal securities laws.

Finally, in view of the objectives of the rule and the purposes and policies underlying the Act, the rule shall not be available to any person with respect to any offering which, although in technical compliance with the rule, is part of a plan or scheme by such person to make interstate offers or sales of securities. In such cases registration pursuant to the Act is required.

The rule provides an exemption for offers and sales by the issuer only. It is not available for offers or sales of securities by other persons. Section 3(a)(11) of the Act has been interpreted to permit offers and sales by persons controlling the issuer, if the exemption provided by that section would have been available to the issuer at the time of the offering. See Securities Act Release No. 4434. Controlling persons who want to offer or sell securities pursuant to section 3(a)(11) may continue to do so in accordance with applicable judicial and administrative interpretations.

(a) Transactions covered. Offers, offers to sell, offers for sale and sales by an issuer of its securities made in accordance with all of the terms and conditions of this rule shall be deemed to be part of an issue offered and sold only to persons resident within a single state or territory where the issuer is a person resident and doing business within such state or territory, within the meaning of section 3(a)(11) of the Act.

(b) Part of an issue. (1) For purposes of this rule, all securities of the issuer which are part of an issue shall be offered, offered for sale or sold in accordance with all of the terms and conditions of this rule.

(2) For purposes of this rule only, an issue shall be deemed not to include offers, offers to sell, offers for sale or sales of securities of the issuer pursuant to the exemption provided by section 3 or section 4(2) of the Act or pursuant to a registration statement filed under the Act, that take place prior to the six month period immediately preceding or after the six month period immediately following any offers, offers for sale or sales pursuant to this rule, Provided, That, there are during either of said six month periods no offers, offers for sale or sales of securities by or for the issuer of the same or similar class as those offered, offered for sale or sold pursuant to the rule.

Note: In the event that securities of the same or similar class as those offered pursuant to the rule are offered, offered for sale or
Securities and Exchange Commission

sold less than six months prior to or subsequent to any offer, offer for sale or sale pursuant to this rule, see Preliminary Note 3 hereof as to which offers, offers to sell, offers for sale, or sales are part of an issue.

(c) Nature of the issuer. The issuer of the securities shall at the time of any offers and the sales be a person resident and doing business within the state or territory in which all of the offers, offers to sell, offers for sale and sales are made.

(1) The issuer shall be deemed to be a resident of the state or territory in which:
   (i) It is incorporated or organized, if a corporation, limited partnership, trust or other form of business organization that is organized under state or territorial law;
   (ii) Its principal office is located, if a general partnership or other form of business organization that is not organized under any state or territorial law;
   (iii) His principal residence is located if an individual.

(2) The issuer shall be deemed to be doing business within a state or territory if:
   (i) The issuer derived at least 80 percent of its gross revenues and those of its subsidiaries on a consolidated basis located within such state or territory:
   (ii) The issuer intends to use and uses at least 80 percent of the net proceeds to the issuer from sales made pursuant to this rule in connection with the operation of a business or of real property, the purchase of real property located in, or the rendering of services within such state or territory; and
   (iv) The principal office of the issuer is located within such state or territory.

(d) Offerees and purchasers: Person resident. Offers, offers to sell, offers for sale and sales of securities that are part of an issue shall be made only to persons resident within the state or territory of which the issuer is a resident. For purposes of determining the residence of offerees and purchasers:

(1) A corporation, partnership, trust or other form of business organization shall be deemed to be a resident of a state or territory if, at the time of the offer and sale to it, it has its principal office within such state or territory.

(2) An individual shall be deemed to be a resident of a state or territory if such individual has, at the time of the offer and sale to him, his principal residence in the state or territory.

(3) A corporation, partnership, trust or other form of business organization which is organized for the specific purpose of acquiring part of an issue offered pursuant to this rule shall be deemed not to be a resident of a state or territory unless all of the beneficial owners of such organization are residents of such state or territory.

(e) Limitation of resales. During the period in which securities that are part of an issue are being offered and sold by the issuer, and for a period of nine months from the date of the last sale by the issuer of such securities, all resales of any part of the issue, by any person, shall be made only to persons resident within such state or territory.

Notes: 1. In the case of convertible securities resales of either the convertible security, or if it is converted, the underlying security, could be made during the period described in paragraph (c) only to persons resident within such state or territory. For purposes of this rule a conversion in reliance on section 3(a)(9) of the Act does not begin a new period.
§ 230.148 2. Dealers must satisfy the requirements of Rule 15c2-11 under the Securities Exchange Act of 1934 prior to publishing any quotation for a security, or submitting any quotation for publication, in any quotation medium.

(f) Precautions against interstate offers and sales. (1) The issuer shall, in connection with any securities sold by it pursuant to this rule:
   (i) Place a legend on the certificate or other document evidencing the security stating that the securities have not been registered under the Act and setting forth the limitations on resale contained in paragraph (e) of this section;
   (ii) Issue stop transfer instructions to the issuer’s transfer agent, if any, with respect to the securities, or, if the issuer transfers its own securities make a notation in the appropriate records of the issuer; and
   (iii) Obtain a written representation from each purchaser as to his residence.

(2) The issuer shall, in connection with the issuance of new certificates for any of the securities that are part of the same issue that are presented for transfer during the time period specified in paragraph (e), take the steps required by paragraphs (f)(1)(i) and (f)(1)(ii) of this section.

(3) The issuer shall, in connection with any offers, offers to sell, offers for sale or sales by it pursuant to this rule, disclose, in writing, the limitations on resale contained in paragraph (e) and the provisions of paragraphs (f)(1)(i) and (f)(1)(ii) and paragraph (f)(2) of this section.

§ 230.149 Definition of “exchanged” in section 3(a)(9), for certain transactions.

The term exchanged in section 3(a)(9) (sec. 202(c), 48 Stat. 906; 15 U.S.C. 77c(9)) shall be deemed to include the issuance of a security in consideration of the surrender, by the existing security holders of the issuer, of outstanding securities of the issuer, notwithstanding the fact that the surrender of the outstanding securities may be required by the terms of the plans of exchange to be accompanied by such payment in cash by the security holder as may be necessary to effect an equitable adjustment, in respect of dividends or interest paid or payable on the securities involved in the exchange, as between such security holder and other security holders of the same class accepting the offer of exchange.

§ 230.150 Definition of “commission or other remuneration” in section 3(a)(9), for certain transactions.

The term commission or other remuneration in section 3(a)(9) of the Act shall not include payments made by the issuer, directly or indirectly, to its security holders in connection with an exchange of securities for outstanding securities, when such payments are part of the terms of the offer of exchange.

§ 230.151 Safe harbor definition of certain “annuity contracts or optional annuity contracts” within the meaning of section 3(a)(8).

(a) Any annuity contract or optional annuity contract (a contract) shall be deemed to be within the provisions of section 3(a)(8) of the Securities Act of 1933 (15 U.S.C. 77c(a)(8)), Provided, That

   (2) The insurer assumes the investment risk under the contract if:
      (1) The value of the contract does not vary according to the investment experience of a separate account;
      (2) The insurer for the life of the contract
         (i) Guarantees the principal amount of purchase payments and interest credited thereto, less any deduction (without regard to its timing) for sales,

administrative or other expenses or charges; and
(ii) Credits a specified rate of interest (as defined in paragraph (c) of this section) to net purchase payments and interest credited thereto; and
(3) The insurer guarantees that the rate of any interest to be credited in excess of that described in paragraph (b)(2)(ii) of this section will not be modified more frequently than once per year.

(c) The term specified rate of interest, as used in paragraph (b)(2)(ii) of this section, means a rate of interest under the contract that is at least equal to the minimum rate required to be credited by the relevant nonforfeiture law in the jurisdiction in which the contract is issued. If that jurisdiction does not have any applicable nonforfeiture law at the time the contract is issued (or if the minimum rate applicable to an existing contract is no longer mandated in that jurisdiction), the specified rate under the contract must at least be equal to the minimum rate then required for individual annuity contracts by the NAIC Standard Nonforfeiture Law.

§ 230.154 Delivery of prospectuses to investors at the same address.

(a) Delivery of a single prospectus. If you must deliver a prospectus under the federal securities laws, for purposes of sections 5(b) and 2(a)(10) of the Act (15 U.S.C. 77e(b) and 77b(a)(10)) or § 240.15c2–2(b) of this chapter, you will be considered to have delivered a prospectus to investors who share an address if:

(1) You deliver a prospectus to the shared address;

(2) You address the prospectus to the investors as a group (for example,
"ABC Fund [or Corporation] Shareholders," "Jane Doe and Household," "The Smith Family") or to each of the investors individually (for example, "John Doe and Richard Jones"); and

(3) The investors consent in writing to delivery of one prospectus.

(b) Implied consent. You do not need to obtain written consent from an investor under paragraph (a)(3) of this section if all of the following conditions are met:

(1) The investor has the same last name as the other investors, or you reasonably believe that the investors are members of the same family;

(2) You have sent the investor a notice at least 60 days before you begin to rely on this section concerning delivery of prospectuses to that investor. The notice must be a separate written statement and:

(i) State that only one prospectus will be delivered to the shared address unless you receive contrary instructions;

(ii) Include a toll-free telephone number or be accompanied by a reply form that is pre-addressed with postage provided, that the investor can use to notify you that he or she wishes to receive a separate prospectus;

(iii) State the duration of the consent;

(iv) Explain how an investor can revoke consent;

(v) State that you will begin sending individual copies to an investor within 30 days after you receive revocation of the investor’s consent; and

(vi) Contain the following prominent statement, or similar clear and understandable statement, in bold-face type: "Important Notice Regarding Delivery of Shareholder Documents." This statement also must appear on the envelope in which the notice is delivered. Alternatively, if the notice is delivered separately from other communications to investors, this statement may appear either on the notice or on the envelope in which the notice is delivered;

NOTE TO PARAGRAPH (b)(2): The notice should be written in plain English. See §230.421(d)(2) of this chapter for a discussion of plain English principles.

(3) You have not received the reply form or other notification indicating that the investor wishes to continue to receive an individual copy of the prospectus, within 60 days after you sent the notice; and

(4) You deliver the prospectus to a post office box or to a residential street address. You can assume a street address is a residence unless you have information that indicates it is a business.

(c) Revocation of consent. If an investor, orally or in writing, revokes consent to delivery of one prospectus to a shared address (provided under paragraphs (a)(3) or (b) of this section), you must begin sending individual copies to that investor within 30 days after you receive the revocation. If the individual’s consent concerns delivery of the prospectus of a registered open-end management investment company, at least once a year you must explain to investors who have consented how they can revoke their consent. The explanation must be reasonably designed to reach these investors.

(d) Definition of address. For purposes of this section, address means a street address, a post office box number, an electronic mail address, a facsimile telephone number, or other similar destination to which paper or electronic documents are delivered, unless otherwise provided in this section. If you have reason to believe that an address is the street address of a multi-unit building, the address must include the unit number.

§ 230.155 Integration of abandoned offerings.

PRELIMINARY NOTE: Compliance with paragraph (b) or (c) of this section provides a non-exclusive safe harbor from integration of private and registered offerings. Because of the objectives of Rule 155 and the policies underlying the Act, Rule 155 is not available to any issuer for any transaction or series of transactions that, although in technical compliance with the rule, is part of a plan or scheme to evade the registration requirements of the Act.

(a) Definition of terms. For the purposes of this section only, a private offering means an unregistered offering of securities that is exempt from registration under Section 4(2) or 4(5) of the Act (15 U.S.C. 77d(2) and 77d(5)) or Rule 506 of Regulation D (§230.506).
§ 230.156 Investment company sales literature.

(a) Under the federal securities laws, including section 17(a) of the Securities Act of 1933 (15 U.S.C. 77q(a)) and section 10(b) of the Securities Exchange Act of 1934 (15 U.S.C. 78j(b)) and Rule 10b–5 thereunder (17 CFR part 240), it is unlawful for any person, directly or indirectly, by the use of any means or instrumentality of interstate commerce or of the mails, to use sales literature which is materially misleading in connection with the offer or sale of securities issued by an investment company. Under these provisions, sales literature is materially misleading if it: (1) Contains an untrue statement of a material fact or (2) omits to state a material fact necessary in order to make a statement made, in the light of the circumstances of its use, not misleading.

(b) Whether or not a particular description, representation, illustration, or other statement involving a material fact is misleading depends on evaluation of the context in which it is made. In considering whether a particular statement involving a material fact is or might be misleading, weight should be given to all pertinent factors,
including, but not limited to, those listed below.

(1) A Statement could be misleading because of:

(i) Other statements being made in connection with the offer of sale or sale of the securities in question;

(ii) The absence of explanations, qualifications, limitations or other statements necessary or appropriate to make such statement not misleading; or

(iii) General economic or financial conditions or circumstances.

(2) Representations about past or future investment performance could be misleading because of statements or omissions made involving a material fact, including situations where:

(i) Portrayals of past income, gain, or growth of assets convey an impression of the net investment results achieved by an actual or hypothetical investment which would not be justified under the circumstances, including portrayals that omit explanations, qualifications, limitations, or other statements necessary or appropriate to make the portrayals not misleading; and

(ii) Representations, whether express or implied, about future investment performance, including:

(A) Representations, as to security of capital, possible future gains or income, or expenses associated with an investment;

(B) Representations implying that future gain or income may be inferred from or predicted based on past investment performance; or

(C) Portrayals of past performance, made in a manner which would imply that gains or income realized in the past would be repeated in the future.

(3) A statement involving a material fact about the characteristics or attributes of an investment company could be misleading because of:

(i) Statements about possible benefits connected with or resulting from services to be provided or methods of operation which do not give equal prominence to discussion of any risks or limitations associated therewith;

(ii) Exaggerated or unsubstantiated claims about management skill or techniques, characteristics of the investment company or an investment in securities issued by such company, services, security of investment or funds, effects of government supervision, or other attributes; and

(iii) Unwarranted or incompletely explained comparisons to other investment vehicles or to indexes.

(c) For purposes of this section, the term sales literature shall be deemed to include any communication (whether in writing, by radio, or by television) used by any person to offer to sell or induce the sale of securities of any investment company. Communications between issuers, underwriters and dealers are included in this definition of sales literature if such communications, or the information contained therein, can be reasonably expected to be communicated to prospective investors in the offer or sale of securities or are designed to be employed in either written or oral form in the offer or sale of securities.

§ 230.157 Small entities under the Securities Act for purposes of the Regulatory Flexibility Act.

For purposes of Commission rulemaking in accordance with the provisions of Chapter Six of the Administrative Procedure Act (5 U.S.C. 601 et seq.), and unless otherwise defined for purposes of a particular rulemaking proceeding, the term small business or small organization shall:

(a) When used with reference to an issuer, other than an investment company, for purposes of the Securities Act of 1933, mean an issuer whose total assets on the last day of its most recent fiscal year were $5 million or less and that is engaged or proposing to engage in small business financing. § 230.163 Exemption from section 5(c) of the Act for certain communications by or on behalf of well-known seasoned issuers.

Preliminary Note to § 230.163. Attempted compliance with this section does not act as an exclusive election and the issuer also may claim the availability of any other applicable exemption or exclusion. (1) Any written communication that is an offer made in reliance on this exemption will be a free writing prospectus as defined in Rule 405 and a prospectus under section 2(a)(10) of the Act relating to a public offering of securities to be covered by the registration statement to be filed; and

(2) The exemption from section 5(c) of the Act provided in this section for such written communication that is an offer shall be conditioned on satisfying the conditions in paragraph (b) of this section.

(b) Conditions—(1) Legend. (i) Every written communication that is an offer made in reliance on this exemption shall contain substantially the following legend:

The issuer may file a registration statement (including a prospectus) with the SEC for the offering to which this communication relates. Before you invest, you should read the prospectus in that registration statement and other documents the issuer has filed with the SEC for more complete information about the issuer and this offering. You may get these documents for free by visiting EDGAR on the SEC Web site at www.sec.gov. Alternatively, the company will arrange to send you the prospectus after filing if you request it by calling toll-free 1-8[xx-xxx-xxxx].

(iii) An immaterial or unintentional failure to include the specified legend in a free writing prospectus required by this section will not result in a violation of section 5(c) of the Act or the loss of the ability to rely on this section so long as:

(a) Except as excluded pursuant to paragraph (b) of this section, in all registered offerings by issuers, any communication made by or on behalf of an issuer more than 30 days before the filing of the registration statement.

(C) If the free writing prospectus has been transmitted without the specified legend, the free writing prospectus is retransmitted with the legend by substantially the same means as, and directed to substantially the same prospective purchasers to whom, the free writing prospectus was originally transmitted.

(2) Filing condition. (i) Subject to paragraph (b)(2)(ii) of this section, every written communication that is an offer made in reliance on this exemption shall be filed by the issuer with the Commission promptly upon the filing of the registration statement, if one is filed, or an amendment, if one is filed, covering the securities that have been offered in reliance on this exemption.

(ii) The condition that an issuer shall file a free writing prospectus with the Commission under this section shall not apply in respect of any communication that has previously been filed with, or furnished to, the Commission or that the issuer would not be required to file with the Commission pursuant to the conditions of Rule 433 (§ 230.433) if the communication was a free writing prospectus used after the filing of the registration statement. The condition that the issuer shall file a free writing prospectus with the Commission under this section shall be satisfied if the issuer satisfies the filing conditions (other than timing of filing which is provided in this section) that would apply under Rule 433 if the communication was a free writing prospectus used after the filing of the registration statement.

(iii) An immaterial or unintentional failure to file or delay in filing a free writing prospectus to the extent provided in this section will not result in a violation of section 5(c) of the Act or the loss of the ability to rely on this section so long as:

(d) For purposes of this section, a communication for which disclosure would be required under section 17(b) of the Act as a result of consideration given or to be given, directly or indirectly, by or on behalf of an issuer is deemed to be an offer by the issuer and, if a written communication, is deemed to be a free writing prospectus of the issuer.

(e) A communication exempt from section 5(c) of the Act pursuant to this section will not be considered to be in connection with a securities offering registered under the Securities Act for purposes of Rule 100(b)(2)(iv) of Regulation FD under the Securities Exchange Act of 1934 (§ 243.100(b)(2)(iv) of this chapter).

(b) An immaterial or unintentional failure to file or delay in filing a free writing prospectus as necessary to satisfy the filing condition contained in Rule 433 will not result in a violation of section 5(b)(1) of the Act or the loss of the ability to rely on this section so long as:

(c) Conditions. To rely on paragraphs (a) and (b) of this section:

(1) Each prospectus must contain a prominent legend that urges investors to read the relevant documents filed or to be filed with the Commission because they contain important information. The legend also must explain to investors that they can get the documents for free at the Commission’s web site and describe which documents are available free from the offeror; and

(2) In an exchange offer, the offer must be made in accordance with the applicable tender offer rules (§§240.14d–1 through 240.14e–8 of this chapter); and, in a transaction involving the vote of security holders, the offer must be made in accordance with the applicable proxy or information statement rules (§§240.14a–1 through 240.14a–101 and §§240.14c–1 through 240.14c–101 of this chapter).

(d) Applicability. This section is applicable not only to the offeror of securities in a business combination transaction, but also to any other participant that may need to rely on and comply with this section in communicating about the transaction.

(e) Failure to file or delay in filing. An immaterial or unintentional failure to file or delay in filing a prospectus described in this section will not result in a violation of section 5(b)(1) or (c) of the Act (15 U.S.C. 77e(b)(1) and (c)), so long as:

(1) A good faith and reasonable effort was made to comply with the filing requirement; and

§ 230.169 Exemption from sections 2(a)(10) and 5(c) of the Act for certain communications of regularly released factual business information.

Preliminary Notes to § 230.169. 1. This section is not available for any communication that, although in technical compliance with this section, is part of a plan or scheme to evade the requirements of section 5 of the Act.

2. This section provides a non-exclusive safe harbor for factual business information released or disseminated as provided in this section. Attempted compliance with this section does not act as an exclusive election and the issuer also may claim the availability of any other applicable exemption or exclusion. Reliance on this section does not affect the availability of any other exemption or exclusion from the definition of prospectus in section 2(a)(10) or the requirements of section 5 of the Act.

3. The availability of this section for a release or dissemination of a communication that contains or incorporates factual business information will not be affected by another release or dissemination of a communication that contains all or a portion of the same factual business information that does not satisfy the conditions of this section.

(a) For purposes of sections 2(a)(10) and 5(c) of the Act, the regular release or dissemination by or on behalf of an issuer of communications containing factual business information shall be deemed not to constitute an offer to sell or offer for sale of a security by an issuer which is the subject of an offering pursuant to a registration statement that the issuer proposes to file, or that is effective, if the conditions of this section are satisfied.

(b) Definitions.

(1) Factual business information means some or all of the following information that is released or disseminated under the conditions in paragraph (d) of this section:

(i) Factual information about the issuer, its business or financial developments, or other aspects of its business; and

(ii) Advertisements of, or other information about, the issuer’s products or services.

(2) For purposes of this section, the release or dissemination of a communication is by or on behalf of the issuer if the issuer or an agent or representative of the issuer, other than an offering participant who is an underwriter or dealer, authorizes or approves such release or dissemination before it is made.
or dealer, authorizes or approves such release or dissemination before it is made.

(c) Exclusions. A communication containing information about the registered offering or released or disseminated as part of the offering activities in the registered offering is excluded from the exemption of this section.

(d) Conditions to exemption. The following conditions must be satisfied:

(1) The issuer has previously released or disseminated information of the type described in this section in the ordinary course of its business;

(2) The timing, manner, and form in which the information is released or disseminated is consistent in material respects with similar past releases or disseminations;

(3) The information is released or disseminated for intended use by persons, such as customers and suppliers, other than in their capacities as investors or potential investors in the issuer’s securities, by the issuer’s employees or agents who historically have provided such information; and

(4) The issuer is not an investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.) or a business development company as defined in section 2(a)(48) of the Investment Company Act of 1940 (15 U.S.C. 80a–2(a)(48)).

§ 230.170 Prohibition of use of certain financial statements.

Financial statements which purport to give effect to the receipt and application of any part of the proceeds from the sale of securities for cash shall not be used unless such securities are to be offered through underwriters and the underwriting arrangements are such that the underwriters are or will be committed to take and pay for all of the securities, if any are taken, prior to or within a reasonable time after the commencement of the public offering, or if the securities are not so taken to refund to all subscribers the full amount of all subscription payments made for the securities. The caption of any such financial statement shall clearly set forth the assumptions upon which such statement is based. The caption shall be in type at least as large as that used generally in the body of the statement.

§ 230.171 Disclosure detrimental to the national defense or foreign policy.

(a) Any requirement to the contrary notwithstanding, no registration statement, prospectus, or other document filed with the Commission or used in connection with the offering or sale of any securities shall contain any document or information which, pursuant to Executive order, has been classified by an appropriate department or agency of the United States for protection in the interests of national defense or foreign policy.

(b) Where a document or information is omitted pursuant to paragraph (a) of this section, there shall be filed, in lieu of such document or information, a statement from an appropriate department or agency of the United States to the effect that such document or information has been classified or that the status thereof is awaiting determination. Where a document is omitted pursuant to paragraph (a) of this section, but information relating to the subject matter of such document is nevertheless included in material filed with the Commission pursuant to a determination of an appropriate department or agency of the United States that disclosure of such information would not be contrary to the interests of national defense or foreign policy, a statement from such department or agency to that effect shall be submitted for the information of the Commission. A registrant may rely upon any such statement in filing or omitting any document or information to which the statement relates.

(c) The Commission may protect any information in its possession which may require classification in the interests of national defense or foreign policy pending determination by an appropriate department or agency as to whether such information should be classified.

(d) It shall be the duty of the registrant to submit the documents or information referred to in paragraph (a) of this section to the appropriate department or agency of the United States prior to filing them with the
§ 230.172 Delivery of prospectuses.

(a) Sending confirmations and notices of allocations. After the effective date of a registration statement, the following are exempt from the provisions of section 5(b)(1) of the Act if the conditions set forth in paragraph (c) of this section are satisfied:

1. Written confirmations of sales of securities in an offering pursuant to a registration statement that contain information limited to that called for in Rule 10b–10 under the Securities Exchange Act of 1934 (§240.10b–10 of this chapter) and other information customarily included in written confirmations of sales of securities, which may include notices provided pursuant to Rule 173 (§230.173); and

2. Notices of allocation of securities sold or to be sold in an offering pursuant to a registration statement that may include information identifying the securities (including the CUSIP number) and otherwise may include only information regarding pricing, allocation and settlement, and information incidental thereto.

(b) Transfer of the security. Any obligation under section 5(b)(2) of the Act to have a prospectus that satisfies the requirements of section 10(a) of the Act precede or accompany the carrying or delivery of a security in a registered offering is satisfied if the conditions in paragraph (c) of this section are met.

(c) Conditions. (1) The registration statement relating to the offering is effective and is not the subject of any pending proceeding or examination under section 8(d) or 8(e) of the Act;

(2) Neither the issuer, nor an underwriter or participating dealer is the subject of a pending proceeding under section 8A of the Act in connection with the offering; and

(3) The issuer has filed with the Commission a prospectus with respect to the offering that satisfies the requirements of section 10(a) of the Act or the issuer will make a good faith and reasonable effort to file such a prospectus within the time required under Rule 424 (§230.424) and, in the event that the issuer fails to file timely such a prospectus, the issuer files the prospectus as soon as practicable thereafter.

(4) The condition in paragraph (c)(3) of this section shall not apply to transactions by dealers requiring delivery of a final prospectus pursuant to section 4(3) of the Act.

(d) Exclusions. This section shall not apply to any:

1. Offering of any investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.);

4. Offering registered on Form S–8 (§239.16b of this chapter).

§ 230.173 Notice of registration.

(a) In a transaction that represents a sale by the issuer or an underwriter, or a sale where there is not an exclusion or exemption from the requirement to deliver a final prospectus meeting the requirements of section 10(a) of the Act pursuant to section 4(3) of the Act or Rule 174 (§230.174), each underwriter or dealer selling in such transaction shall provide to each purchaser from it, not later than two business days following the completion of such sale, a copy of the final prospectus or, in lieu of such prospectus, a notice to the effect that the sale was made pursuant to a registration statement or in a transaction in which a final prospectus would have been required to have been delivered in the absence of Rule 172 (§230.172).

(b) If the sale was by the issuer and was not effected by or through an underwriter or dealer, the responsibility to send a prospectus, or in lieu of such prospectus, such notice as set forth in paragraph (a) of this section, shall be the issuer’s.
Securities and Exchange Commission

§ 230.174

(c) Compliance with the requirements of this section is not a condition to reliance on Rule 172.

(d) A purchaser may request from the person responsible for sending a notice a copy of the final prospectus if one has not been sent.

(e) After the effective date of the registration statement with respect to an offering, notices as set forth in paragraph (a) of this section, are exempt from the provisions of section 5(b)(1) of the Act.

(f) Exclusions. This section shall not apply to any:

(1) Transaction solely between brokers or dealers in reliance on Rule 153 (§ 230.153);

(2) Offering of any investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.);

[70 FR 44809, Aug. 3, 2005]

§ 230.174 Delivery of prospectus by dealers; exemptions under section 4(3) of the Act.

The obligations of a dealer (including an underwriter no longer acting as an underwriter in respect of the security involved in such transactions) to deliver a prospectus in transactions in a security as to which a registration statement has been filed taking place prior to the expiration of the 40- or 90-day period specified in section 4(3) of the Act after the effective date of such registration statement or prior to the expiration of such period after the first date upon which the security was bona fide offered to the public, shall be subject to the following provisions:

(a) No prospectus need be delivered if the registration statement is on Form F–6 (§239.36 of this chapter).

(b) No prospectus need be delivered if the issuer is subject, immediately prior to the time of filing the registration statement, to the reporting requirements of section 13 or 15(d) of the Securities Exchange Act of 1934.

(c) Where a registration statement relates to offerings to be made from time to time no prospectus need be delivered after the expiration of the initial prospectus delivery period specified in section 4(3) of the Act following the first bona fide offering of securities under such registration statement.

(d) If (1) the registration statement relates to the security of an issuer that is not subject, immediately prior to the time of filing the registration statement, to the reporting requirements of section 13 or 15(d) of the Securities Exchange Act of 1934, and (2) as of the offering date, the security is listed on a registered national securities exchange or authorized for inclusion in an electronic inter-dealer quotation system sponsored and governed by the rules of a registered securities association, no prospectus need be delivered after the expiration of twenty-five calendar days after the offering date. For purposes of this provision, the term offering date refers to the later of the effective date of the registration statement or the first date on which the security was bona fide offered to the public.

(e) Notwithstanding the foregoing, the period during which a prospectus must be delivered by a dealer shall be:

(1) As specified in section 4(3) of the Act if the registration statement was the subject of a stop order issued under section 8 of the Act; or

(2) As the Commission may provide upon application or on its own motion in a particular case.

(f) Nothing in this section shall affect the obligation to deliver a prospectus pursuant to the provisions of section 5 of the Act by a dealer who is acting as an underwriter with respect to the securities involved or who is engaged in a transaction as to securities constituting the whole or a part of an unsold allotment to or subscription by such dealer as a participant in the distribution of such securities by the issuer or by or through an underwriter.

(g) If the registration statement relates to an offering of securities of a "blank check company," as defined in Rule 419 under the Act (17 CFR 230.419),
§ 230.175 Liability for certain statements by issuers.

(a) A statement within the coverage of paragraph (b) of this section which is made by or on behalf of an issuer or by an outside reviewer retained by the issuer shall be deemed not to be a fraudulent statement (as defined in paragraph (d) of this section), unless it is shown that such statement was made or reaffirmed without a reasonable basis or was disclosed other than in good faith.

(b) This rule applies to the following statements:

(1) A forward-looking statement (as defined in paragraph (c) of this section) made in a document filed with the Commission, in Part I of a quarterly report on Form 10–Q, or in an annual report to security holders meeting the requirements of Rules 14a–3 (b) and (c) or 14c–3 (a) and (b) under the Securities Exchange Act of 1934, or a forward-looking statement made before the date the document was filed or during a reasonable time after the making of such forward-looking statement; Provided, that

(i) At the time such statements are made or reaffirmed, either the issuer is subject to the reporting requirements of section 13(a) or 15(d) of the Securities Exchange Act of 1934 and has complied with the requirements of Rule 13a–1 or 15d–1 (§§ 240.13a–1 or 240.15d–1 of this chapter) thereunder, if applicable, to file its most recent annual report on Form 10–K, Form 20–F, or Form 40–F; or if the issuer is not subject to the reporting requirements of Section 13(a) or 15(d) of the Securities Exchange Act of 1934, the statements are made in a registration statement filed under the Act, offering statement or solicitation of interest, written document or broadcast script under Regulation A or pursuant to sections 12(b) or (g) of the Securities Exchange Act of 1934; and

(ii) The statements are not made by or on behalf of an issuer that is an investment company registered under the Investment Company Act of 1940; and

(2) Information that is disclosed in a document filed with the Commission, in Part I of a quarterly report on Form 10–Q, or in an annual report to shareholders meeting the requirements of Rules 14a–3 (b) and (c) or 14c–3 (a) and (b) under the Securities Exchange Act of 1934, and that relates to:

(i) The effects of changing prices on the business enterprise, presented voluntarily or pursuant to Item 3 of Regulation S–K (§ 229.303 of this chapter), “Management’s Discussion and Analysis of Financial Condition and Results of Operations,” Item 5 of Form 20–F (§ 249.220(f) of this chapter), “Operating and Financial Review and Prospects,” Item 3 of Regulation S–X (§ 229.302 of this chapter), “Supplementary Financial Information,” or Rule 3–20(c) of Regulation S–X (§ 210.3–20(c) of this chapter); or

(ii) The value of proved oil and gas reserves (such as a standardized measure of discounted future net cash flows relating to proved oil and gas reserves as set forth in FASB ASC paragraphs 932–235–50–29 through 932–235–50–36 (Extractive Activities—Oil and Gas Topic) presented voluntarily or pursuant to Item 3 of Regulation S–K (§ 229.302 of this chapter).

(a) Any interest or participation in a single trust fund or in a collective trust fund maintained by a bank, or any security arising out of a contract issued by an insurance company, issued to an employee benefit plan shall be exempt from the provisions of section 5 of the Act if the following terms and conditions are met:

(1) The plan covers employees, some or all of whom are employees within the meaning of section 401(c)(1) of the Internal Revenue Code of 1954, and is either: (i) A pension or profit-sharing plan which meets the requirements for qualification under section 401 of such Code, or (ii) an annuity plan which meets the requirements for the deduction of the employer's contribution under section 404(a)(2) of such Code;

(g) When the person is an underwriter, the type of underwriting arrangement, the role of the particular person as an underwriter and the availability of information with respect to the registrant; and

(h) Whether, with respect to a fact or document incorporated by reference, the particular person had any responsibility for the fact or document at the time of the filing from which it was incorporated.

§ 230.176 Circumstances affecting the determination of what constitutes reasonable investigation and reasonable grounds for belief under section 11 of the Securities Act.

In determining whether or not the conduct of a person constitutes a reasonable investigation or a reasonable ground for belief meeting the standard set forth in section 11(c), relevant circumstances include, with respect to a person other than the issuer.

(a) The type of issuer;

(b) The type of security;

(c) The type of person;

(d) The office held when the person is an officer;

(e) The presence or absence of another relationship to the issuer when the person is a director or proposed director;

§ 230.180 For the purpose of this rule, the term forward-looking statement shall mean and shall be limited to:

(1) A statement containing a projection of revenues, income (loss), earnings (loss) per share, capital expenditures, dividends, capital structure or other financial items;

(2) A statement of management’s plans and objectives for future operations;

(3) A statement of future economic performance contained in management’s discussion and analysis of financial condition and results of operations included pursuant to Item 303 of Regulation S-K (§ 229.303 of this chapter) or Item 9 of Form 20-F; or Item 5 of Form 20-F.

§ 230.180 Disclosed statements of the assumptions underlying or relating to any of the statements described in paragraphs (c) (1), (2), or (3) of this section.

(d) For the purpose of this rule the term fraudulent statement shall mean a statement which is an untrue statement of a material fact, a statement false or misleading with respect to any material fact, an omission to state a material fact necessary to make a statement not misleading, or which constitutes the employment of a manipulative, deceptive, or fraudulent device, contrivance, scheme, transaction, act, practice, course of business, or an artifice to defraud, as those terms are used in the Securities Act of 1933 or the rules or regulations promulgated thereunder.

§ 230.190 Registration of underlying securities in asset-backed securities transactions.

(a) In an offering of asset-backed securities where the asset pool includes securities of another issuer (“underlying securities”), unless the underlying securities are themselves exempt from registration under section 3 of the Act (15 U.S.C. 77c), the offering of the relevant underlying securities itself must be registered as a primary offering of such securities in accordance with paragraph (b) of this section unless all of the following are true. Terms used in this section have the same meaning as in Item 1101 of Regulation AB (§229.1101 of this chapter).

1. Neither the issuer of the underlying securities nor any of its affiliates has a direct or indirect agreement, arrangement, relationship or understanding, written or otherwise, relating to the underlying securities and the asset-backed securities transaction;

2. Neither the issuer of the underlying securities nor any of its affiliates is an affiliate of the sponsor, depositor, issuing entity or underwriter of the asset-backed securities transaction;

3. If the underlying securities are restricted securities, as defined in §230.144(a)(3), §230.144 must be available for the sale of the securities, provided however, that notwithstanding any other provision of §230.144, §230.144 shall only be so available if at least two years have elapsed since the later of the date the securities were acquired from the issuer of the underlying securities or from an affiliate of the issuer of the underlying securities; and

4. The depositor would be free to publicly resell the underlying securities without registration under the Act. For example, the offering of the asset-backed security does not constitute part of a distribution of the underlying securities. An offering of asset-backed securities with an asset pool containing underlying securities that at the time of the purchase for the asset pool are part of a subscription or unsold allotment would be a distribution of the underlying securities. For purposes of this section, in an offering of asset-backed securities involving a sponsor, depositor or underwriter that was an underwriter or an affiliate of an underwriter in a registered offering of the underlying securities, the distribution of the asset-backed securities will not constitute part of a distribution of the underlying securities if the underlying securities were purchased at arm’s length in the secondary market at least three months after the last sale of any unsold allotment or subscription by the affiliated underwriter.

(b) Any interest or participation issued to a participant in either a pension or profit-sharing plan which meets the requirements for qualification under section 401 of the Internal Revenue Code of 1954 or an annuity plan which meets the requirements for the deduction of the employer’s contribution under section 404(a)(2) of such Code, and which covers employees, some or all of whom are employees within the meaning of section 401(c)(1) of such Code, shall be exempt from the provisions of section 5 of the Act.

[46 FR 58291, Dec. 1, 1981]
that participated in the registered offering of the underlying securities.

(b) If all of the conditions in paragraph (a) of this section are not met, the offering of the relevant underlying securities itself must be registered as a primary offering of such securities in accordance with the following:

(1) If the offering of asset-backed securities is registered on Form S-3 (§ 239.13 of this chapter), the offering of the underlying securities itself must be eligible to be registered under Form S-3 or F-3 (§ 239.33 of this chapter) as a primary offering of such securities;

(2) The plan of distribution in the registration statement for the offering of the underlying securities contemplates this type of distribution at the time of the commencement of the offering of the asset-backed securities;

(3) The prospectus for the asset-backed securities offering describes the plan of distribution for both the underlying securities and the asset-backed securities;

(4) The prospectus relating to the offering of the underlying securities is delivered simultaneously with the delivery of the prospectus relating to the offering of the asset-backed securities, and the prospectus for the asset-backed securities includes disclosure that the prospectus for the offering of the underlying securities will be delivered along with, or is combined with, the prospectus for the offering of the asset-backed securities;

(5) The prospectus for the asset-backed securities offering identifies the issuing entity, depositor, sponsor and each underwriter for the offering of the asset-backed securities as an underwriter for the offering of the underlying securities;

(6) Neither prospectus disclaims or limits responsibility by the issuing entity, sponsor, depositor, trustee or any underwriter for information regarding the underlying securities; and

(7) If the offering of the asset-backed securities and the underlying securities is not made on a firm commitment basis, the issuing entity or the underwriters for the offering of the asset-backed securities must distribute a preliminary prospectus for both the underlying securities offering and the asset-backed securities offering that identifies the issuer of the underlying securities and the expected amount of the issuer's underlying securities that is to be included in the asset pool to any person who is expected to receive a confirmation of sale of the asset-backed securities at least 48 hours prior to sending such confirmation.

(c) Notwithstanding paragraphs (a) and (b) of this section, if the asset pool for the asset-backed securities includes a pool asset representing an interest in or the right to the payments or cash flows of another asset pool, then that pool asset is not considered an “underlying security” for purposes of this section (although its distribution in connection with the asset-backed securities transaction may need to be separately registered) if the following conditions are met:

(1) Both the issuing entity for the asset-backed securities and the entity issuing the pool asset were established under the direction of the same sponsor and depositor;

(2) The pool asset is created solely to satisfy legal requirements or otherwise facilitate the structuring of the asset-backed securities transaction;

(3) The pool asset is not part of a scheme to avoid registration or the requirements of this section; and

(4) The pool asset is held by the issuing entity and is a part of the asset pool for the asset-backed securities.

§ 230.191 Definition of “issuer” in section 2(a)(4) of the Act in relation to asset-backed securities.

The following applies with respect to asset-backed securities under the Act.

Terms used in this section have the same meaning as in Item 1101 of Regulation AB (§ 229.1101 of this chapter).

(a) The depositor for the asset-backed securities acting solely in its capacity as depositor to the issuing entity is the “issuer” for purposes of the asset-backed securities of that issuing entity.

(b) The person acting in the capacity as the depositor specified in paragraph (a) of this section is a different “issuer” from that same person acting
§ 230.193 Review of underlying assets in asset-backed securities transactions.

An issuer of an “asset-backed security,” as that term is defined in Section 3(a)(77) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(77)), offering and selling such a security pursuant to §230.124 of this chapter shall perform a review of the pool assets underlying the asset-backed security. At a minimum, such review must be designed and effected to provide reasonable assurance that the disclosure regarding the pool assets in the form of prospectus filed pursuant to §230.424 of this chapter is accurate in all material respects. The issuer may conduct the review or an issuer may employ a third party engaged for purposes of performing the review. If the findings and conclusions of the review are attributed to the third party, the third party must be named in the registration statement and consent to being named as an expert in accordance with §230.436 of this chapter.

Instruction to §230.193: An issuer of an “asset-backed security” may rely on one or more third parties to fulfill its obligation to perform a review under this section, provided that the reviews performed by the third parties and the issuer, in the aggregate, comply with the minimum standard in this section. The issuer must comply with the requirements of this section for each third party engaged by the issuer to perform the review for purposes of this section. An issuer may not rely on a review performed by an unaffiliated originator for purposes of performing the review required under this section.

§ 230.194 Definitions of the terms “swap” and “security-based swap” as used in the Act.

(a) The term swap as used in section 2(a)(17) of the Act (15 U.S.C. 77b(a)(17)) has the same meaning as provided in section 3(a)(68) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(68)) and 17 CFR 240.3a68–1 through 240.3a68–5.

(b) The term security-based swap as used in section 2(a)(17) of the Act (15 U.S.C. 77b(a)(17)) has the same meaning as provided in section 3(a)(68) of the Securities Exchange Act of 1934 (15 U.S.C. 78c(a)(68)) and 17 CFR 240.3a68–1 through 240.3a68–5.

(i) The person’s primary residence shall not be included as an asset;

(ii) Indebtedness that is secured by the person’s primary residence, up to the estimated fair market value of the primary residence at the time of the sale of securities, shall not be included as a liability (except that if the amount of such indebtedness outstanding at the time of the sale of securities exceeds the amount outstanding 60 days before such time, other than as a result of the acquisition of the primary residence, the amount of such excess shall be included as a liability); and

(iii) Indebtedness that is secured by the person’s primary residence in excess of the estimated fair market value of the primary residence shall be included as a liability.

(2) Paragraph (e)(1) of this section will not apply to any calculation of a person’s net worth made in connection with a purchase of securities in accordance with a right to purchase such securities, provided that:

(i) Such right was held by the person on July 20, 2010;

(ii) The person qualified as an accredited investor on the basis of net worth at the time the person acquired such right; and

(iii) The person held securities of the same issuer, other than such right, on July 20, 2010.

§ 230.251 Scope of exemption.

A public offer or sale of securities that meets the following terms and conditions shall be exempt under section 3(b) from the registration requirements of the Securities Act of 1933 (the "Securities Act"): 

(a) Issuer. The issuer of the securities:
   (1) Is an entity organized under the laws of the United States or Canada, or any State, Province, Territory or possession thereof, or the District of Columbia, with its principal place of business in the United States or Canada;
   (2) Is not subject to section 13 or 15(d) of the Securities Exchange Act of 1934 (the "Exchange Act") (15 U.S.C. 78a et seq.) immediately before the offering;
   (3) Is not a development stage company that either has no specific business plan or purpose, or has indicated that its business plan is to merge with an unidentified company or companies;
   (4) Is not an investment company registered or required to be registered under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.);
   (5) Is not issuing fractional undivided interests in oil or gas rights as defined in §230.300, or a similar interest in other mineral rights; and
   (6) Is not disqualified because of §230.262.

(b) Aggregate offering price. The sum of all cash and other consideration to be received for the securities ("aggregate offering price") shall not exceed $5,000,000, including no more than $1,500,000 offered by all selling security holders, less the aggregate offering price for all securities sold within the twelve months before the start of and during the offering of securities in reliance upon Regulation A. No affiliate resales are permitted if the issuer has not had net income from continuing operations in at least one of its last two fiscal years.

Note: Where a mixture of cash and non-cash consideration is to be received, the aggregate offering price shall be based on the price at which the securities are offered for cash. Any portion of the aggregate offering price attributable to cash received in a foreign currency shall be translated into United States currency at a currency exchange rate in effect on or at a reasonable time prior to the date of the sale of the securities. If securities are not offered for cash, the aggregate offering price shall be based on the value of the consideration as established by bona fide sales of that consideration made within a reasonable time, or, in the absence of sales, on the fair value as determined by an acceptable standard. Valuations of non-cash consideration must be reasonable at the time made.

(c) Integration with other offerings. Offers and sales made in reliance on this Regulation A will not be integrated with:
   (1) Prior offers or sales of securities; or

      (iii) Made pursuant to an employee benefit plan;
      (iv) Made in reliance on Regulation S (§230.901–904); or
      (v) Made more than six months after the completion of the Regulation A offering.

Note: If the issuer offers or sells securities for which the safe harbor rules are unavailable, such offers and sales still may not be integrated with the Regulation A offering, depending on the particular facts and circumstances. See Securities Act Release No. 4552 (November 6, 1962) [27 FR 11316].

(d) Offering conditions—(1) Offers. (i) Except as allowed by §230.254, no offer of securities shall be made unless a Form 1–A offering statement has been filed with the Commission.
§ 230.252 Offering statement.

(a) Documents to be included. The offering statement consists of the facing sheet of Form 1–A (§ 239.90 of this chapter), the contents required by the form and any other material information necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

(b) Paper, printing, language and pagination. The requirements for offering statements are the same as those specified in § 230.403 for registration statements under the Act.

(c) Confidential treatment. A request for confidential treatment may be made under § 230.406 for information required to be filed, and § 200.83 of this chapter for information not required to be filed.

(d) Signatures. The issuer, its Chief Executive Officer, Chief Financial Officer, a majority of the members of its board of directors or other governing body, and each selling security holder shall sign the offering statement. If a signature is by a person on behalf of any other person, evidence of authority to sign shall be filed, except where an executive officer signs for the issuer. If the issuer is a limited partnership, a majority of the board of directors of any corporate general partner also shall sign.

(e) Number of copies and where to file. Seven copies of the offering statement, at least one of which is manually signed, shall be filed with the Commission’s main office in Washington, DC.

(g) Qualification. (1) If there is no delaying notation as permitted by paragraph (g)(2) of this section or suspension proceeding under § 230.258, an offering statement is qualified without Commission action on the 20th calendar day after its filing.

(2) An offering statement containing the following notation can be qualified only by order of the Commission, unless such notation is removed prior to Commission action as described in paragraph (g)(3) of this section:

This offering statement shall only be qualified upon order of the Commission, unless a subsequent amendment is filed indicating
§ 230.253 Offering circular.

(a) Contents. An offering circular shall include the narrative and financial information required by Form 1-A.

(b) Presentation of information. (1) Information in the offering circular shall be presented in a clear, concise and understandable manner and in a type size that is easily readable. Repetition of information should be avoided; cross-referencing of information within the document is permitted.

(2) Where an offering circular is distributed through an electronic medium, issuers may satisfy legibility requirements applicable to printed documents by presenting all required information in a format readily communicated to investors.

(c) Date. An offering circular shall be dated approximately as of the date of the qualification of the offering statement of which it is a part.

(d) Cover page legend. The cover page of every offering circular shall display the following statement in capital letters printed in boldfaced type at least as large as that used generally in the body of such offering circular:

THE UNITED STATES SECURITIES AND EXCHANGE COMMISSION DOES NOT PASS UPON THE MERITS OF OR GIVE ITS APPROVAL TO ANY SECURITIES OFFERED OR THE TERMS OF THE OFFERING, NOR DOES IT PASS UPON THE ACCURACY OR COMPLETENESS OF ANY OFFERING CIRCULAR OR OTHER SELLING LITERATURE. THESE SECURITIES ARE OFFERED PURSUANT TO AN EXEMPTION FROM REGISTRATION WITH THE COMMISSION. HOWEVER, THE COMMISSION HAS NOT MADE AN INDEPENDENT DETERMINATION THAT THE SECURITIES OFFERED HEREUNDER ARE EXEMPT FROM REGISTRATION.

§ 230.254 Solicitation of interest document for use prior to an offering statement.

(a) An issuer may publish or deliver to prospective purchasers a written document or make scripted radio or television broadcasts to determine whether there is any interest in a contemplated securities offering. Following submission of the written document or script of the broadcast to the Commission, as required by paragraph (b) of this section, oral communications with prospective investors and

other broadcasts are permitted. The written documents, broadcasts and oral communications are each subject to the antifraud provisions of the federal securities laws. No solicitation or acceptance of money or other consideration, nor of any commitment, binding or otherwise, from any prospective investor is permitted. No sale may be made until qualification of the offering statement.

(b) While not a condition to any exemption pursuant to this section:

(1) On or before the date of its first use, the issuer shall submit a copy of any written document or the script of any broadcast with the Commission’s main office in Washington, DC. (Attention: Office of Small Business Review). The document or broadcast script shall either contain or be accompanied by the name and telephone number of a person able to answer questions about the document or the broadcast.

NOTE: Only solicitation of interest material that contains substantive changes from or additions to previously submitted material needs to be submitted.

(2) The written document or script of the broadcast shall:

(i) State that no money or other consideration is being solicited, and if sent in response, will not be accepted;

(ii) State that no sales of the securities will be made or commitment to purchase accepted until delivery of an offering circular that includes complete information about the issuer and the offering;

(iii) State that an indication of interest made by a prospective investor involves no obligation or commitment of any kind; and

(iv) Identify the chief executive officer of the issuer and briefly in general its business and products.

(3) Solicitations of interest pursuant to this provision may not be made after the filing of an offering statement.

(4) Sales may not be made until 20 calendar days after the last publication or delivery of the document or radio or television broadcast.

(c) Any written document under this section may include a coupon, returnable to the issuer indicating interest in a potential offering, revealing the name, address and telephone number of the prospective investor.

(d) Where an issuer has a bona fide change of intention and decides to register an offering after using the process permitted by this section without having filed the offering statement prescribed by §230.252, the Regulation A exemption for offers made in reliance upon this section will not be subject to integration with the registered offering, if at least 30 calendar days have elapsed between the last solicitation of interest and the filing of the registration statement with the Commission, and all solicitation of interest documents have been submitted to the Commission. With respect to integration with other offerings, see §230.251(c).

(e) Written solicitation of interest materials submitted to the Commission and otherwise in compliance with this section shall not be deemed to be a prospectus as defined in section 2(10) of the Securities Act (15 U.S.C. 77b(10)).

§230.255 Preliminary Offering Circulat

(a) Prior to qualification of the required offering statement, but after its filing, a written offer of securities may be made if it meets the following requirements:

(1) The outside front cover page of the material bears the caption “Preliminary Offering Circular,” the date of issuance, and the following statement, which shall run along the left hand margin of the page and be printed perpendicular to the text, in boldfaced type at least as large as that used generally in the body of such offering circular:

An offering statement pursuant to Regulation A relating to these securities has been filed with the Securities and Exchange Commission. Information contained in this Preliminary Offering Circular is subject to completion or amendment. These securities may not be sold nor may offers to buy be accepted prior to the time an offering circular which is not designated as a Preliminary Offering Circular is delivered and the offering statement filed with the Commission becomes qualified. NOTE: Only sales material that contains substantive changes from or additions from previously filed material needs to be filed.

§ 230.257 Reports of sales and use of proceeds.

While not a condition to an exemption pursuant to this provision, the issuer and/or each selling security holder shall file seven copies of a report concerning sales and use of proceeds on Form 2-A (§ 239.91 of this chapter), or other prescribed form with the main office of the Commission in Washington, DC. This report shall be filed at the following times:

(a) Every six months after the qualification of the offering statement or any amendment until substantially all the proceeds have been applied; and

(b) within 30 calendar days after the termination, completion or final sale of securities in the offering, or the application of the proceeds from the offering, whichever is the latest event.

This report should be labelled the final report. For purposes of this section, the temporary investment of proceeds pending final application shall not constitute application of the proceeds.

§ 230.258 Suspension of the exemption.

(a) The Commission may at any time enter an order temporarily suspending a Regulation A exemption if it has reason to believe that:

(1) No exemption is available or any of the terms, conditions or requirements of the Regulation have not been complied with, including failures to provide the Commission a copy of the document or broadcast script under § 230.254, to file any sales material as required by § 230.256 or report as required by § 230.257;

(2) The offering statement, any sales or solicitation of interest material contains any untrue statement of a material fact or omits to state a material fact necessary in order to make the statements made, in light of the circumstances under which they are made, not misleading;

§ 230.259

Withdrawal or abandonment of offering statements.

(a) If none of the securities which are the subject of an offering statement have been sold and such offering statement is not the subject of a proceeding under §230.258, the offering statement may be withdrawn by the Commission in its discretion. The application for withdrawal shall state the reason the offering statement is to be withdrawn, shall be signed by an authorized representative of the issuer and shall be provided to the main office of the Commission in Washington, DC.

(b) When an offering statement has been on file with the Commission for nine months without amendment and has not become qualified, the Commission may, in its discretion, proceed in the following manner to determine whether such offering statement has been abandoned by the issuer. If the offering statement has been amended, the 9-month period shall be computed from the date of the latest amendment.

(1) Notice will be sent to the issuer, and to any counsel for the issuer named in the offering statement, by registered or certified mail, return receipt requested, addressed to the most recent addresses for the issuer and the issuer’s counsel as reflected in the offering statement. Notice will inform the issuer and issuer’s counsel that the offering statement or amendments thereto is out of date and must be either amended to comply with applicable requirements of Regulation A or withdrawn within 30 calendar days after the notice.

(2) If the issuer or issuer’s counsel fail to respond to such notice by filing (d) The Commission may, at any time after notice of and opportunity for hearing, enter an order permanently suspending the exemption for any reason upon which it could have entered a temporary suspension order under paragraph (a) of this section. Any such order shall remain in effect until vacated by the Commission.

(e) All notices required by this section shall be given by personal service, registered or certified mail to the addresses given by the issuer, any underwriter and any selling security holder in the offering statement.

§ 230.258

Withdrawal or abandonment of offering statements.
§ 230.260 Insignificant deviations from a term, condition or requirement of Regulation A.

(a) A failure to comply with a term, condition or requirement of Regulation A will not result in the loss of the exemption from the requirements of section 5 of the Securities Act for any offer or sale to a particular individual or entity, if the person relying on the exemption establishes:

(1) The failure to comply did not pertain to a term, condition or requirement directly intended to protect that particular individual or entity;

(2) The failure to comply was insignificant with respect to the offering as a whole, provided that any failure to comply with paragraphs (a), (b), (d) (1) and (3) of § 230.251 shall be deemed to be significant to the offering as a whole; and

(3) A good faith and reasonable attempt was made to comply with all applicable terms, conditions and requirements of Regulation A.

(b) A transaction made in reliance upon Regulation A shall comply with all applicable terms, conditions and requirements of the regulation. Where an exemption is established only through reliance upon paragraph (a) of this section, the failure to comply shall nonetheless be actionable by the Commission under section 20 of the Act.

(c) This provision provides no relief or protection from a proceeding under § 230.258.

§ 230.261 Definitions.

As used in this Regulation A, all terms have the same meanings as in § 230.405, except that all references to “registrant” in those definitions shall refer to the issuer of the securities to be offered and sold under Regulation A. In addition, these terms have the following meanings:

GENERAL REQUIREMENTS

§ 230.401 Requirements as to proper form.

(a) The form and contents of a registration statement and prospectus shall conform to the applicable rules and forms as in effect on the initial filing date of such registration statement and prospectus.

(b) If an amendment to a registration statement and prospectus is filed for the purpose of meeting the requirements of section 10(a)(3) of the Act or pursuant to the provisions of section 24(e) or 24(f) of the Investment Company Act of 1940, the form and contents of such an amendment shall conform to the applicable rules and forms as in effect on the filing date of such amendment.

(c) An amendment to a registration statement and prospectus, other than an amendment described in paragraph (b) of this section, may be filed on any shorter Securities Act registration form for which it is eligible on the filing date of the amendment. At the issuer’s option, the amendment also may be filed on the same Securities Act registration form used for the most recent amendment described in paragraph (b) of this section or, if no such amendment has been filed, the initial registration statement and prospectus.

(d) The form and contents of a prospectus forming part of a registration statement which is the subject of a stop order entered under section 8(d) of the Act, if used after the date such stop order ceases to be effective, shall conform to the applicable rules and forms as in effect on the date such stop order ceases to be effective.

(e) A prospectus filed as part of an amendment to an effective registration statement, or other amendment to such registration statement, on any form may be prepared in accordance with the requirements of any other form which would then be appropriate for the registration of securities to which the prospectus or other amendment relates, provided that all of the other requirements of such other form and applicable rules (including any required undertakings) are met.

(f) Notwithstanding the provisions of this section, a registrant (1) shall comply with the rules and forms as in effect at a date different from those specified in paragraphs (a), (b), (c) and (d) of this section, provided that all of the requirements of the particular rules and forms in effect at such dates (including any required undertakings) are met.

(g)(1) Subject to paragraphs (g)(2) and (g)(3) of this section, except for registration statements and post-effective amendments that become effective immediately pursuant to Rule 462 and
Securities and Exchange Commission

§ 230.402

Rule 464 (§ 230.462 and § 230.464), a registration statement or any amendment thereto is deemed filed on the proper registration form unless the Commission objects to the registration form before the effective date.

(2) An automatic shelf registration statement as defined in Rule 405 (§ 230.405) and any post-effective amendment thereto are deemed filed on the proper registration form unless and until the Commission notifies the issuer of its objection to the use of such form. Following any such notification, the issuer must amend its automatic shelf registration statement onto the registration form it is then eligible to use, provided, however, that any continuous offering of securities pursuant to Rule 415 (§ 230.415) that the issuer has commenced pursuant to the registration statement before the Commission has notified the issuer of its objection to the use of such form may continue until the effective date of a new registration statement or post-effective amendment to the registration statement that the issuer has filed on the proper registration form, if the offering is permitted to be made under the new registration statement or post-effective amendment.

(3) Violations of General Instruction I.B.6. of Form S–3 or General Instruction I.B.5. of Form F–3 will also violate the requirements as to proper form under this section notwithstanding that the registration statement may have been declared effective previously.

§ 230.402a Number of copies; binding; signatures.

(a) Three copies of the complete registration statement, including exhibits and all other papers and documents filed as a part of the statement, shall be filed with the Commission. Each copy shall be bound, in one or more parts, without stiff covers. The binding shall be made on the side or stitching margin in such manner as to leave the reading matter legible. At least one such copy of every registration shall be signed by the persons specified in section 6(a) of the Act. Unsigned copies shall be conformed.

(b) Ten additional copies of the registration statement, similarly bound, shall be furnished for use in the examination of the registration statement, public inspection, copying and other purposes. Where a registration statement incorporates into the prospectus documents which are required to be delivered with the prospectus in lieu of prospectus presentation, the ten additional copies of the registration statement shall be accompanied by ten copies of such documents. No other exhibits are required to accompany such additional copies.

(c) Notwithstanding any other provision of this section, if a registration statement is filed on Form S–8 (§ 239.16b of this chapter), three copies of the complete registration statement, including exhibits and all other papers and documents filed as a part of the statement, shall be filed with the Commission. Each copy shall be bound, in one or more parts, without stiff covers. The binding shall be made on the side or stitching margin in such manner as to leave the reading matter legible. At least one such copy shall be signed by the persons specified in section 6(a) of the Act. Unsigned copies shall be conformed. Three additional copies of the registration statement, similarly bound, also shall be furnished to the Commission for use in the examination of the registration statement, public inspection, copying and other purposes. No exhibits are required to accompany
§ 230.403 Requirements as to paper, printing, language and pagination.

(a) Registration statements, applications and reports shall be filed on good quality, unglazed, white paper no larger than 8½ × 11 inches in size, insofar as practicable. To the extent that the reduction of larger documents would render them illegible, such documents may be filed on paper larger than 8½ × 11 inches in size.

(b) The registration statement and, insofar as practicable, all papers and documents filed as a part thereof shall be printed, lithographed or typewritten. However, the statement or any portion thereof may be prepared by any similar process which, in the opinion of the Commission, produces copies suitable for a permanent record. Irrespective of the process used, all copies of any such material shall be clear, easily readable and suitable for repeated photocopying. Debits in credit categories and credits in debit categories shall be designated so as to be clearly distinguishable as such on photocopies.

(c)(1) All Securities Act filings and submissions must be in the English language, except as otherwise provided by this section. If a registration statement or other filing requires the inclusion of a document that is in a foreign language, the filer must submit instead a fair and accurate English translation of the entire foreign language document, except as provided by paragraph (c)(3) of this section.

(2) If a registration statement or other filing or submission subject to review by the Division of Corporation Finance requires the inclusion of a foreign language document as an exhibit or attachment, the filer must submit a fair and accurate English translation of the foreign language document if consisting of any of the following, or an amendment of any of the following:

   (i) Articles of incorporation, memoranda of association, bylaws, and other comparable documents, whether original or restated;
   (ii) Instruments defining the rights of security holders, including indentures qualified or to be qualified under the Trust Indenture Act of 1939;
   (iii) Voting agreements, including voting trust agreements;
   (iv) Contracts to which directors, officers, promoters, voting trustees or security holders named in a registration statement are parties;
   (v) Contracts upon which a filer’s business is substantially dependent;
   (vi) Audited annual and interim consolidated financial information; and
   (vii) Any document that is or will be the subject of a confidential treatment request under § 230.406 or § 240.24b–2 of this chapter.

(3)(i) A filer may submit an English summary instead of an English translation of a foreign language document as an exhibit or attachment to a filing
subject to review by the Division of Corporation Finance as long as:

(A) The foreign language document does not consist of any of the subject matter enumerated in paragraph (c)(2) of this section; or

(B) The applicable form permits the use of an English summary.

(ii) Any English summary submitted under paragraph (c)(3) of this section must:

(A) Fairly and accurately summarize the terms of each material provision of the foreign language document; and

(B) Fairly and accurately describe the terms that have been omitted or abridged.

(4) When submitting an English summary or English translation of a foreign language document under this section, a filer must identify the submission as either an English summary or English translation. A filer may submit a copy of the unabridged foreign language document when including an English summary or English translation of a foreign language document in a filing. A filer must provide a copy of any foreign language document upon the request of Commission staff.

(5) A Canadian issuer may file an exhibit or other part of a registration statement on Form F-7, F-4, F-9, F-10, or F-80 (§§ 239.37, 239.38, 239.40, or 239.41 of this chapter), that contains text in both French and English if the issuer included the French text to comply with the requirements of the Canadian securities administrator or other Canadian authority and, for an electronic filing, if the filing is an HTML document, as defined in Regulation S-T Rule 11(§ 232.11).

(d) The manually signed original (or in the case of duplicate originals, one duplicate original) of all registrations, applications, statements, reports or other documents filed under the Act shall be numbered sequentially (in addition to any internal numbering which otherwise may be present) by handwritten, typed, printed or other legible form of notation from the first page of the document through the last page of that document and any exhibits or attachments thereto. Further, the total number of pages contained in a numbered original shall be set forth on the first page of the document.

§ 230.404 Preparation of registration statement.

(a) A registration statement shall consist of the facing sheet of the applicable form; a prospectus containing the information called for by Part I of such form; the information, list of exhibits, undertakings and signatures required to be set forth in Part II of such form; financial statements and schedules; exhibits; any other information or documents filed as part of the registration statement; and all documents or information incorporated by reference in the foregoing (whether or not required to be filed).

(b) All general instructions, instructions to items of the form, and instructions as to financial statements, exhibits, or prospectuses are to be omitted from the registration statement in all cases.

(c) The prospectus shall contain the information called for by all of the items of Part I of the applicable form, except that unless otherwise specified, no reference need be made to inapplicable items, and negative answers to any item in Part I may be omitted. A copy of the prospectus may be filed in lieu of furnishing the information in item-and-answer form. Wherever a copy of the prospectus is filed in lieu of information in item-and-answer form, the text of the items of the form is to be omitted from the registration statement, as well as from the prospectus, except to the extent provided in paragraph (d) of this rule.

(d) Where any items of a form call for information not required to be included in the prospectus, generally Part II of such form, the text of such items, including the numbers and captions thereof, together with the answers thereto shall be filed with the prospectus under cover of the facing sheet of the form as a part of the registration statement. However, the text of such items may be omitted provided the answers are so prepared as to indicate the

(3) Once an issuer qualifies as a foreign private issuer, it will immediately be able to use the forms and rules designated for foreign private issuers until it fails to qualify for this status at the end of its most recently completed second fiscal quarter. An issuer’s determination that it fails to qualify as a foreign private issuer governs its eligibility to use the forms and rules designated for foreign private issuers beginning on the first day of the fiscal year following the determination date. Once an issuer fails to qualify for foreign private issuer status, it will remain unqualified unless it meets the requirements for foreign private issuer status as of the last business day of its second fiscal quarter.

Free writing prospectus. Except as otherwise specifically provided or the context otherwise requires, a free writing prospectus is any written communication as defined in this section that constitutes an offer to sell or a solicitation of an offer to buy the securities relating to a registered offering that is used after the registration statement in respect of the offering is filed (or, in the case of a well-known seasoned issuer, whether or not such registration statement is filed) and is made by means other than:

(1) A prospectus satisfying the requirements of section 10(a) of the Act, Rule 430 (§230.430), Rule 430A (§230.430A), Rule 430B (§230.430B), Rule 430C (§230.430C), or Rule 431 (§230.431);

(i) Any issuer that is required to file reports pursuant to section 13 or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m or 78o(d)) that has not filed all reports and other materials required to be filed during the preceding 12 months (or for such shorter period that the issuer was required to file such reports pursuant to sections 13 or 15(d) of the Securities Exchange Act of 1934), other than reports on Form 8-K (§249.308 of this chapter) required solely pursuant to an item specified in General Instruction I.A.3(b) of Form S-
3 (§239.13 of this chapter) (or in the case of an asset-backed issuer, to the extent the depositor or any issuing entity previously established, directly or indirectly, by the depositor (as such terms are defined in Item 1101 of Regulation AB (§229.1101 of this chapter) are or were at any time during the preceding 12 calendar months required to file reports pursuant to section 13 or 15(d) of the Securities Exchange Act of 1934 with respect to a class of asset-backed securities involving the same asset class, such depositor and each such issuing entity must have filed all reports and other material required to be filed for such period (or such shorter period that each such entity was required to file such reports), other than reports on Form 8–K required solely pursuant to an item specified in General Instruction I.A.4 of Form S–3); 

(ii) The issuer is, or during the past three years the issuer or any of its predecessors was:

(A) A blank check company as defined in Rule 419(a)(2) (§230.419(a)(2));

(A) In the case of an involuntary bankruptcy in which a petition was filed against the issuer, and such petitions were commenced with respect to the same or related bankruptcy proceedings, the issuer was determined to be an ineligible issuer, and, in the case of such an ineligible issuer, the petition was filed (1) 180 days following the date of the filing of the involuntary petition (if the case has not been earlier dismissed); or

(B) Ineligibility will terminate under this paragraph if an issuer has filed an annual report with audited financial statements subsequent to its emergence from that bankruptcy, insolvency, or receivership process;

(v) Within the past three years, the issuer or any entity that at the time was a subsidiary of the issuer was convicted of any felony or misdemeanor described in paragraphs (i) through (iv) of section 15(b)(4)(B) of the Securities Exchange Act of 1934 (15 U.S.C. 78o(b)(4)(B));

(vi) Within the past three years (but in the case of a decree or order agreed to in a settlement, not before December 1, 2005), the issuer or any entity that at the time was a subsidiary of the issuer was made the subject of any judicial or administrative decree or order arising out of a governmental action that:

(A) Prohibits certain conduct or activities regarding, including future violations of, the anti-fraud provisions of the federal securities laws;

(B) Requires that the person cease and desist from violating the anti-fraud provisions of the federal securities laws; or

(C) Determines that the person violated the anti-fraud provisions of the federal securities laws;

(vii) The issuer has filed a registration statement that is the subject of any proceeding or examination under section 8 of the Act or has been the subject of any refusal order or order dismissing an offering.

(viii) The issuer is the subject of any pending proceeding under section 8A of the Act in connection with an offering.

(2) An issuer shall not be an ineligible issuer if the Commission determines, upon a showing of good cause, that it is not necessary under the circumstances that the issuer be considered an ineligible issuer. Any such determination shall be without prejudice to any other action by the Commission in any other proceeding or matter with respect to the issuer or any other person.

(3) The date of determination of whether an issuer is an ineligible issuer is as follows:
§ 230.405

(i) For purposes of determining whether an issuer is a well-known seasoned issuer, at the date specified for purposes of such determination in paragraph (2) of the definition of well-known seasoned issuer in this section; and

(ii) For purposes of determining whether an issuer or offering participant may use free writing prospectuses in respect of an offering in accordance with the provisions of Rules 164 and 433 (§230.164 and §230.433), at the date in respect of the offering specified in paragraph (h) of Rule 164.

Majority-owned subsidiary. The term majority-owned subsidiary means a subsidiary more than 50 percent of whose outstanding securities representing the right, other than as affected by events of default, to vote for the election of directors, is owned by the subsidiary’s parent and/or one or more of the parent’s other majority-owned subsidiaries.

Material. The term material, when used to qualify a requirement for the furnishing of information as to any subject, limits the information required to those matters to which there is a substantial likelihood that a reasonable investor would attach importance in determining whether to purchase the security registered.

Officer. The term officer means a president, vice president, secretary, treasurer or principal financial officer, comptroller or principal accounting officer, and any person routinely performing corresponding functions with respect to any organization whether incorporated or unincorporated.

Parent. A parent of a specified person is an affiliate controlling such person directly, or indirectly through one or more intermediaries.

Predecessor. The term predecessor means a person the major portion of the business and assets of which another person acquired in a single succession, or in a series of related successions in each of which the acquiring person acquired the major portion of the business and assets of the acquired person.

Principal underwriter. The term principal underwriter means an underwriter in privity of contract with the issuer of the securities as to which he is underwriter, the term issuer having the meaning given in sections 2(4) and 2(11) of the Act.

Promoter. (1) The term promoter includes:

(i) Any person who, acting alone or in conjunction with one or more other persons, directly or indirectly takes initiative in founding and organizing the business or enterprise of an issuer; or

(ii) Any person who, in connection with the founding and organizing of the business or enterprise of an issuer, directly or indirectly receives in consideration of services or property, or both services and property, 10 percent or more of any class of securities of the issuer or 10 percent or more of the proceeds from the sale of any class of such securities. However, a person who receives such securities or proceeds either solely as underwriting commissions or solely in consideration of property shall not be deemed a promoter within the meaning of this paragraph if such person does not otherwise take part in founding and organizing the enterprise.

(2) All persons coming within the definition of promoter in paragraph (1) of this definition may be referred to as founders or organizers or by another term provided that such term is reasonably descriptive of those persons’ activities with respect to the issuer.

Prospectus. Unless otherwise specified or the context otherwise requires, the term prospectus means a prospectus meeting the requirements of section 10(a) of the Act.

Registrant. The term registrant means the issuer of the securities for which the registration statement is filed.

Share. The term share means a share of stock in a corporation or unit of interest in an unincorporated person.

Shell company. The term shell company means a registrant, other than an asset-backed issuer as defined in Item 1101(b) of Regulation AB (§229.1101(b) of this chapter), that has:

(1) No or nominal operations; and

(2) Either:

(i) No or nominal assets;

(ii) Assets consisting solely of cash and cash equivalents; or
(iii) Assets consisting of any amount of cash and cash equivalents and nominal other assets.

NOTE: For purposes of this definition, the determination of a registrant’s assets (including cash and cash equivalents) is based solely on the amount of assets that would be reflected on the registrant’s balance sheet prepared in accordance with generally accepted accounting principles on the date of that determination.

Significant subsidiary. The term significant subsidiary means a subsidiary, including its subsidiaries, which meets any of the following conditions:

(1) The registrant’s and its other subsidiaries’ investments in and advances to the subsidiary exceed 10 percent of the total assets of the registrant and its subsidiaries consolidated as of the end of the most recently completed fiscal year (for a proposed business combination to be accounted for as a pooling of interests, this condition is also met when the number of common shares exchanged or to be exchanged by the registrant exceeds 10 percent of its total common shares outstanding at the date the combination is initiated); or

(2) The registrant’s and its other subsidiaries’ proportionate share of the total assets (after intercompany eliminations) of the subsidiary exceeds 10 percent of the total assets of the registrants and its subsidiaries consolidated as of the end of the most recently completed fiscal year; or

(3) The registrant’s and its other subsidiaries’ equity in the income from continuing operations before income taxes, extraordinary items and cumulative effect of a change in accounting principle of the subsidiary exceeds 10 percent of such income of the registrant and its subsidiaries consolidated for the most recently completed fiscal year.

Computational note. For purposes of making the prescribed income test the following guidance should be applied:

1. When a loss has been incurred by either the parent and its subsidiaries consolidated or the tested subsidiary, but not both, the equity in the income or loss of the tested subsidiary should be excluded from the income of the registrant and its subsidiaries consolidated for purposes of the computation.

2. If income of the registrant and its subsidiaries consolidated for the most recent fiscal year is at least 10 percent lower than the average of the income for the last five fiscal years, such average income should be substituted for purposes of the computation. Any loss years should be omitted for purposes of computing average income.

Smaller reporting company: As used in this part, the term smaller reporting company means an issuer that is not an investment company, an asset-backed issuer (as defined in §229.1101 of this chapter), or a majority-owned subsidiary of a parent that is not a smaller reporting company and that:

(1) Had a public float of less than $75 million as of the last business day of its most recently completed second fiscal quarter, computed by multiplying the aggregate worldwide number of shares of its voting and non-voting common equity held by non-affiliates by the price at which the common equity was last sold, or the average of the bid and asked prices of common equity, in the principal market for the common equity; or

(2) In the case of an initial registration statement under the Securities Act or Exchange Act for shares of its common equity, had a public float of less than $75 million as of a date within 30 days of the date of the filing of the registration statement, computed by multiplying the aggregate worldwide number of such shares held by non-affiliates before the registration plus, in the case of a Securities Act registration statement, the number of such shares included in the registration statement by the estimated public offering price of the shares; or

(3) In the case of an issuer whose public float as calculated under paragraph (1) or (2) of this definition was zero, had annual revenues of less than $50 million during the most recently completed fiscal year for which audited financial statements are available.

(4) Determination: Whether or not an issuer is a smaller reporting company is determined on an annual basis.

(i) For issuers that are required to file reports under section 13(a) or 15(d) of the Exchange Act, the determination is based on whether the issuer came within the definition of smaller reporting company using the amounts specified in paragraph (f)(2)(iii) of Item
10 of Regulation S–K (§ 229.10(f)(1)(i) of this chapter), as of the last business day of the second fiscal quarter of the issuer’s previous fiscal year. An issuer in this category must reflect this determination in the information it provides in its quarterly report on Form 10–Q for the first fiscal quarter of the next year, indicating on the cover page of that filing, and in subsequent filings for that fiscal year, whether or not it is a smaller reporting company, except that, if a determination based on public float indicates that the issuer is newly eligible to be a smaller reporting company, the issuer may choose to reflect this determination beginning with its first quarterly report on Form 10–Q following the determination, rather than waiting until the first fiscal quarter of the next year.

(ii) For determinations based on an initial Securities Act or Exchange Act registration statement under paragraph (f)(1)(ii) of Item 10 of Regulation S–K (§ 229.10(f)(1)(ii) of this chapter), the issuer must reflect the determination in the information it provides in the registration statement and must appropriately indicate on the cover page of the filing, and subsequent filings for the fiscal year in which the filing is made, whether or not it is a smaller reporting company. The issuer must redetermine its status at the end of its second fiscal quarter and then reflect any change in status as provided in paragraph (4)(i) of this definition. In the case of a determination based on an initial Securities Act registration statement, an issuer that was not determined to be a smaller reporting company has the option to redetermine its status at the conclusion of the offering covered by the registration statement based on the actual offering price and number of shares sold.

(iii) Once an issuer fails to qualify for smaller reporting company status, it will remain unqualified unless it determines that its public float, as calculated in accordance with paragraph (f)(1) of this definition, was less than $50 million as of the last business day of its second fiscal quarter or, if that calculation results in zero because the issuer had no public equity outstanding or no market price for its equity existed, if the issuer had annual revenues of less than $40 million during its previous fiscal year.

Subsidiary. A subsidiary of a specified person is an affiliate controlled by such person directly, or indirectly through one or more intermediaries. (See also majorit owned subsidiary, significant subsidiary, totally held subsidiary, and wholly owned subsidiary.)

Succession. The term succession means the direct acquisition of the assets comprising a going business, whether by merger, consolidation, purchase, or other direct transfer. The term does not include the acquisition of control of a business unless followed by the direct acquisition of its assets. The terms succeed and successor have meanings correlative to the foregoing.

Totally held subsidiary. The term totally held subsidiary means a subsidiary (1) substantially all of whose outstanding securities are owned by its parent and/or the parent’s other totally held subsidiaries, and (2) which is not indebted to any person other than its parent and/or the parent’s other totally held subsidiaries in an amount which is material in relation to the particular subsidiary, excepting indebtedness incurred in the ordinary course of business which is not overdue and which matures within one year from the date of its creation, whether evidenced by securities or not.

(b) Notwithstanding paragraph (a) of this section, unless otherwise required to be included in the registration statement, the failure to include in a registration statement information included in a free writing prospectus will not, solely by virtue of inclusion of the information in a free writing prospectus (as defined in Rule 405 (§ 230.405)), be considered an omission of material information required to be included in the registration statement.

(Reg. C, 12 FR 4072, June 24, 1947, as amended at 70 FR 44811, Aug. 3, 2005)
§ 230.409 Information unknown or not reasonably available.

(a) The registrant shall give such information on the subject as it possesses or can acquire without unreasonable effort or expense, together with the sources thereof.

(b) The registrant shall include a statement either showing that unreasonable effort or expense would be involved or indicating the absence of any affiliation with the person within whose knowledge the information rests and stating the result of a request made to such person for the information.

§ 230.410 Disclaimer of control.

If the existence of control is open to reasonable doubt in any instance, the registrant may disclaim the existence of control and any admission thereof; in such case, however, the registrant shall state the material facts pertinent to the possible existence of control.

Where a summary or outline of the provisions of any document is required in the prospectus, the summary or outline may incorporate by reference particular items, sections or paragraphs of any exhibit and may be qualified in its entirety by such reference.

(b) Information not required in a prospectus. Except for exhibits covered by paragraph (c) of this section, information may be incorporated by reference in answer, or partial answer, to any item that calls for information not required to be included in a prospectus subject to the following provisions:

(1) Non-financial information may be incorporated by reference to any document;

(2) Financial information may be incorporated by reference to any document, provided any financial statement so incorporated meets the requirements of the forms on which the statement is filed. Financial statements or other financial data required to be given in comparative form for two or more fiscal years or periods shall not be incorporated by reference unless the information incorporated by reference includes the entire period for which the comparative data is given;

(3) Information contained in any part of the registration statement, including the prospectus, may be incorporated by reference in answer, or partial answer, to any item that calls for information not required to be included in the prospectus; and

(4) Unless the information is incorporated by reference to a document which complies with the time limitations of § 228.10(f) and § 229.10(d) of this chapter, be incorporated by reference as an exhibit to any registration statement. If any modification has occurred in the text of any document incorporated by reference since the filing thereof, the registrant shall file with the reference a statement containing the text of such modification and the date thereof.

(c) Exhibits. Any document or part thereof filed with the Commission pursuant to any Act administered by the Commission may, subject to the limitations of § 228.10(f) and § 229.11(d) of this chapter, be incorporated by reference as an exhibit to any registration statement. If any modification has occurred in the text of any document incorporated by reference since the filing thereof, the registrant shall file with the reference a statement containing the text of such modification and the date thereof.

(d) General. Any incorporation by reference of information pursuant to this section shall be subject to the provisions of Rule 24 of the Commission’s Rules of Practice restricting incorporation by reference of documents which
incorporate by reference other information. Information incorporated by reference shall be clearly identified in the reference by page, paragraph, caption or otherwise. If the information is incorporated by reference to a previously filed document, the file number of such document shall be included. Where only certain pages of a document are incorporated by reference and filed with the statement, the document from which the information is taken shall be clearly identified in the reference. An express statement that the specified matter is incorporated by reference shall be made at the particular place in the registration statement where the information is required. Information shall not be incorporated by reference in any case where such incorporation would render the statement incomplete, unclear or confusing.

(a) Any statement contained in a document incorporated or deemed to be incorporated by reference or deemed to be part of a registration statement or the prospectus that is part of the registration statement shall be deemed to be modified or superseded for purposes of the registration statement or the prospectus that is part of the registration statement to the extent that a statement contained in the prospectus that is part of the registration statement modifies or replaces such statement. Any statement contained in a document that is deemed to be incorporated by reference or deemed to be part of a registration statement or the prospectus that is part of the registration statement after the most recent effective date or after the date of the most recent prospectus that is part of the registration statement may modify or replace existing statements contained in the registration statement or the prospectus that is part of the registration statement.

(b) The modifying or superseding statement may, but need not, state that it has modified or superseded a prior statement or include any other information set forth in the document which is not so modified or superseded. The making of a modifying or superseding statement shall not be deemed an admission that the modified or superseded statement, when made, constituted an untrue statement of a material fact, an omission to state a material fact necessary to make a statement not misleading, or the employment of a manipulative, deceptive, or fraudulent device, contrivance, scheme, transaction, act, practice, course of business or artifice to defraud, as those terms are used in the Act, the Securities Exchange Act of 1934, the Investment Company Act of 1940, or the rules and regulations thereunder.

(a) Except as provided in section 24(f) of the Investment Company Act of 1940 (15 U.S.C. 80a–24(f)) and in paragraph (b) of this section, where a registration statement is already in effect, the registration of additional securities shall only be effected through a separate registration statement relating to the additional securities.

(b) Notwithstanding paragraph (a) of this section, the following additional securities or additional classes of securities may be added to an automatic shelf registration statement already in effect by filing a post-effective amendment to that automatic shelf registration statement:

(2) Securities in paragraph (a)(1)(viii) of this section and securities in paragraph (a)(1)(ix) of this section that are not registered on Form S–3 or Form F–3 (§ 239.13 or § 239.33 of this chapter) may only be registered in an amount which, at the time the registration statement becomes effective, is reasonably expected to be offered and sold within two years from the initial effective date of the registration.

(3) The registrant furnishes the undertakings required by Item 512(a) of Regulation S–K (§ 229.512(a) of this chapter), except that a registrant that is an investment company filing on Form N–2 must furnish the undertakings required by Item 34.4 of Form N–2 (§ 239.14 and § 274.11a–1 of this chapter).

(B) A continuous offering of securities covered by the prior registration statement that commenced within three years of the initial effective date may continue until the effective date of the new registration statement if such offering is permitted under the new registration statement.

(6) Prior to the end of the three-year period described in paragraph (a)(5) of this section, an issuer may file a new registration statement covering securities described in such paragraph (a)(5) of this section, which may, if permitted, be an automatic shelf registration statement. The new registration statement and prospectus included therein must include all the information that would be required at that time in a prospectus relating to all offering(s) that it covers. Prior to the effective date of the new registration statement (including at the time of filing in the case of an automatic shelf registration statement), the issuer may include on such new registration statement any unsold securities covered by the earlier registration statement by identifying on the bottom of the facing page of the new registration statement or latest amendment thereto the amount of such unsold securities being included and any filing fee paid in connection with such unsold securities, which will continue to be applied to such unsold securities. (b) If prior to completion of the distribution of the securities covered by a registration statement, additional securities of the same class are issued or issuable as a result of a stock split or stock dividend, the registration statement shall, unless otherwise expressly provided therein, be deemed to cover such additional securities resulting from the split of, or the stock dividend on, the registered securities. If prior to completion of the distribution of the securities covered by a registration statement, all the securities of a class which includes the registered securities are combined by a reverse split into a lesser amount of securities of the same class, the amount of undistributed securities of such class deemed to be covered by the registration statement shall be proportionately reduced. If paragraph (a) of this section is not applicable, the registration statement shall be amended prior to the offering of such additional or lesser amount of securities to reflect the change in the amount of securities registered.

(c) Where a registration statement on Form S-8 relates to securities to be offered pursuant to an employee benefit plan, including interests in such plan that constitute separate securities required to be registered under the Act, such registration statement shall be deemed to register an indeterminate amount of such plan interests.

(iii) Deposited proceeds and interest or dividends thereon, if any, shall be held for the sole benefit of the purchasers of the securities.

(iv) Deposited proceeds shall be invested in one of the following:

(A) An obligation that constitutes a "deposit," as that term is defined in section 3(1) of the Federal Deposit Insurance Act (12 U.S.C. 1813 (1));

(B) Securities of any open-end investment company registered under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.) that holds itself out as a money market fund meeting the conditions of paragraphs (c)(2), (c)(3), and (c)(4) of 17 CFR 270.2a–7 (Rule 2a–7) under the Investment Company Act; or

(C) Securities that are direct obligations of, or obligations guaranteed as to principal or interest by, the United States.

NOTE TO §230.419(b)(2)(iv): Issuers are cautioned that investments in government securities are inappropriate unless such securities can be readily sold or otherwise disposed of for cash at the time required without any dissipation of offering proceeds invested.

(v) Interest or dividends earned on the funds, if any, shall be held in the escrow or trust account until the funds
are released in accordance with the provisions of this section. If funds held in the escrow or trust account are released to a purchaser of the securities, the purchasers shall receive interest or dividends earned, if any, on such funds up to the date of release. If funds held in the escrow or trust account are released to the registrant, interest or dividends earned on such funds up to the date of release may be released to the registrant.

(vi) The registrant may receive up to 10 percent of the proceeds remaining after payment of underwriting commissions, underwriting expenses and dealer allowances permitted by paragraph (b)(2)(i) of this section, exclusive of interest or dividends, as those proceeds are deposited into the escrow or trust account.

(3) Deposit of securities. (i) All securities issued in connection with the offering, whether or not for cash consideration, and any other securities issued with respect to such securities, including securities issued with respect to stock splits, stock dividends, or similar rights, shall be deposited directly into the escrow or trust account promptly upon issuance. The identity of the purchaser of the securities shall be included on the stock certificates or other documents evidencing such securities. See also 17 CFR 240.15g–8 regarding restrictions on sales of, or offers to sell, securities deposited in the escrow or trust account.

(ii) Securities held in the escrow or trust account are to remain as issued and deposited and shall be held for the sole benefit of the purchasers, who shall have voting rights, if any, with respect to securities held in their names, as provided by applicable state law. No transfer or other disposition of securities held in the escrow or trust account or any interest related to such securities shall be permitted other than by will or the laws of descent and distribution, or pursuant to a qualified domestic relations order as defined by the Internal Revenue Code of 1986 as amended (26 U.S.C. 1 et seq.), or Title 1 of the Employee Retirement Income Security Act (29 U.S.C. 1001 et seq.), or the rules thereunder.

(iii) Warrants, convertible securities or other derivative securities relating to securities held in the escrow or trust account may be exercised or converted in accordance with their terms; provided, however, that securities received upon exercise or conversion, together with any cash or other consideration paid in connection with the exercise or conversion, are promptly deposited into the escrow or trust account.

(4) Escrow or trust agreement. A copy of the executed escrow or trust agreement shall be filed as an exhibit to the registration statement and shall contain the provisions of paragraphs (b)(2), (b)(3), and (e)(3) of this section.

(5) Request for supplemental information. Upon request by the Commission or the staff, the registrant shall furnish as supplemental information the names and addresses of persons for whom securities are held in the escrow or trust account.

NOTE TO § 230.419(b): With respect to a blank check offering subject to both Rule 419 and Exchange Act Rule 15c2–4 (17 CFR 240.15c2–4, the requirements of Rule 15c2–4 are applicable only until the conditions of the offering governed by that Rule are met (e.g., reaching the minimum in a “part-or-none” offering). When those conditions are satisfied, Rule 419 continues to govern the use of offering proceeds.

(c) Disclosure of offering terms. The initial registration statement shall disclose the specific terms of the offering, including, but not limited to:

(1) The terms and provisions of the escrow or trust agreement and the effect thereof upon the registrant’s right to receive funds and the effect of the escrow or trust agreement upon the purchaser’s funds and securities required to be deposited into the escrow or trust account, including, if applicable, any material risk of non-insurance of purchasers’ funds resulting from deposits in excess of the insured amounts; and

(2) The obligation of the registrant to provide, and the right of the purchaser to receive, information regarding an acquisition, including the requirement that pursuant to this section, purchasers confirm in writing their investment in the registrant’s securities as specified in paragraph (e) of this section.

(d) Probable acquisition post-effective amendment requirement. If, during any
period in which offers or sales are being made, a significant acquisition becomes probable, the registrant shall file promptly a post-effective amendment disclosing the information specified by the applicable registration statement form and Industry Guides, including financial statements of the registrant and the company to be acquired as well as pro forma financial information required by the form and applicable rules and regulations. Where warrants, rights or other derivative securities issued in the initial offering are exercisable, there is a continuous offering of the underlying security.

(e) Release of deposited and funds securities—(1) Post-effective amendment for acquisition agreement. Upon execution of an agreement(s) for the acquisition(s) of a business(es) or assets that will constitute the business (or a line of business) of the registrant and for which the fair value of the business(es) or net assets to be acquired represents at least 80 percent of the maximum offering proceeds, including proceeds received or to be received upon the exercise or conversion of any securities offered, but excluding amounts payable to non-affiliates for underwriting commissions, underwriting expenses, and dealer allowances, the registrant shall file a post-effective amendment that:

(i) Discloses the information specified by the applicable registration statement form and Industry Guides, including financial statements of the registrant and the company acquired or to be acquired and pro forma financial information required by the form and applicable rules and regulations;

(ii) Discloses the results of the initial offering, including but not limited to:

(A) The gross offering proceeds received to date, specifying the amounts paid for underwriter commissions, underwriting expenses and dealer allowances, amounts disbursed to the registrant, and amounts remaining in the escrow or trust account; and

(B) The specific amount, use and application of funds disbursed to the registrant to date, including, but not limited to, the amounts paid to officers, directors, promoters, controlling shareholders or affiliates, either directly or indirectly, specifying the amounts and purposes of such payments; and

(iii) Discloses the terms of the offering as described pursuant to paragraph (e)(2) of this section.

(2) Terms of the offering. The terms of the offering must provide, and the registrant must satisfy, the following conditions.

(i) Within five business days after the effective date of the post-effective amendment(s), the registrant shall send by first class mail or other equally prompt means, to each purchaser of securities held in escrow or trust, a copy of the prospectus contained in the post-effective amendment and any amendment or supplement thereto;

(ii) Each purchaser shall have no fewer than 20 business days and no more than 45 business days from the effective date of the post-effective amendment to notify the registrant in writing that the purchaser elects to remain an investor. If the registrant has not received such written notification by the 45th business day following the effective date of the post-effective amendment, funds and interest or dividends, if any, held in the escrow or trust account shall be sent by first class mail or other equally prompt means to the purchaser within five business days;

(iii) The acquisition(s) meeting the criteria set forth in paragraph (e)(1) of this section will be consummated if a sufficient number of purchasers confirm their investments; and

(iv) If a consummated acquisition(s) meeting the requirements of this section has not occurred by a date 18 months after the effective date of the initial registration statement, funds held in the escrow or trust account shall be returned by first class mail or equally prompt means to the purchaser within five business days following that date.

(3) Conditions for release of deposited securities and funds. Funds held in the escrow or trust account may be released to the registrant and securities may be delivered to the purchaser or other registered holder identified on the deposited securities only at the same time as or after:

(i) The escrow agent or trustee has received a signed representation from the registrant, together with other evidence acceptable to the escrow agent
or trustee, that the requirements of paragraphs (e)(1) and (e)(2) of this section have been met; and
(ii) Consummation of an acquisition(s) meeting the requirements of paragraph (e)(2)(iii) of this section.

(4) Prospectus supplement. If funds and securities are released from the escrow or trust account to the registrant pursuant to this paragraph, the prospectus shall be supplemented to indicate the amount of funds and securities released and the date of release.

NOTES TO § 230.419(e): 1. With respect to a blank check offering subject to both Rule 419 and Exchange Act Rule 10b–9 (17 CFR 240.10b–9), the requirements of Rule 10b–9 are applicable only until the conditions of the offering governed by that Rule are met (e.g., reaching the minimum in a “part-or-none” offering). When those conditions are satisfied, Rule 419 continues to govern the use of offering proceeds.

2. If the business(es) or assets are acquired for cash, the fair value shall be presumed to be equal to the cash paid. If all or part of the consideration paid consists of securities or other non-cash consideration, the fair value shall be determined by an accepted standard, such as bona fide sales of the assets or similar assets made within a reasonable time, forecasts of expected cash flows, independent appraisals, etc. Such valuation must be reasonable at the time made.

(f) Financial statements. The registrant shall:
(1) Furnish to security holders audited financial statements for the first full fiscal year of operations following consummation of an acquisition pursuant to paragraph (e) of this section, together with the information required by Item 303(a) of Regulation S-K (17 CFR 229.303(a)), no later than 90 days after the end of such fiscal year; and
(2) File the financial statements and additional information with the Commission under cover of Form 8–K (17 CFR 249.308); provided, however, that such financial statements and related information need not be filed separately if the registrant is filing reports pursuant to Section 13(a) or 15(d) of the Exchange Act.

[57 FR 18043, Apr. 28, 1992]
(3) Avoid frequent reliance on glossaries or defined terms as the primary means of explaining information in the prospectus. Define terms in a glossary or other section of the document only if the meaning is unclear from the context. Use a glossary only if it facilitates understanding of the disclosure; and

(4) Avoid legal and highly technical business terminology.

**Note to § 230.421(b):** In drafting the disclosure to comply with this section, you should avoid the following:

1. Legalistic or overly complex presentations that make the substance of the disclosure difficult to understand;
2. Vague “boilerplate” explanations that are imprecise and readily subject to different interpretations;
3. Complex information copied directly from legal documents without any clear and concise explanation of the provision(s); and
4. Disclosure repeated in different sections of the document that increases the size of the document but does not enhance the quality of the information.

(c) All information required to be included in a prospectus shall be clearly understandable without the necessity of referring to the particular form or to the general rules and regulations. Except as to financial statements and information required in a tabular form, the information set forth in a prospectus may be expressed in condensed or summarized form. In lieu of repeating information in the form of notes to financial statements, references may be made to other parts of the prospectus where such information is set forth.

(d)(1) To enhance the readability of the prospectus, you must use plain English principles in the organization, language, and design of the front and back cover pages, the summary, and the risk factors section.

(2) You must draft the language in these sections so that at a minimum it substantially complies with each of the following plain English writing principles:

(i) Short sentences;
(ii) Definite, concrete, everyday words;
(iii) Active voice;
(iv) Tabular presentation or bullet lists for complex material, whenever possible;

(v) No legal jargon or highly technical business terms; and

(vi) No multiple negatives.

(3) In designing these sections or other sections of the prospectus, you may include pictures, logos, charts, graphs, or other design elements so long as the design is not misleading and the required information is clear. You are encouraged to use tables, schedules, charts and graphic illustrations of the results of operations, balance sheet, or other financial data that present the data in an understandable manner. Any presentation must be consistent with the financial statements and non-financial information in the prospectus. You must draw the graphs and charts to scale. Any information you provide must not be misleading.

**Instruction to § 230.421:** You should read Securities Act Release No. 33-7497 (January 28, 1998) for information on plain English principles.

[47 FR 11439, Mar. 16, 1982, as amended at 63 FR 6384, Feb. 6, 1998; 76 FR 71876, Nov. 21, 2011]

§ 230.428 Documents constituting a section 10(a) prospectus for Form S–8 registration statement; requirements relating to offerings of securities registered on Form S–8.

(a)(1) Where securities are to be offered pursuant to a registration statement on Form S–8 (§239.16b of this chapter), the following, taken together, shall constitute a prospectus that meets the requirements of section 10(a) of the Act:

(i) The document(s), or portions thereof as permitted by paragraph (b)(1)(ii) of this section, containing the employee benefit plan information required by Item 1 of the Form;

(ii) The statement of availability of registrant information, employee benefit plan annual reports and other information required by Item 2; and

(iii) The documents containing registrant information and employee benefit plan annual reports that are incorporated by reference in the registration statement pursuant to Item 3.

(2) The registrant shall maintain a file of the documents that, pursuant to paragraph (a) of this section, at any time are part of the section 10(a) prospectus, except for documents required to be incorporated by reference in the registration statement pursuant to Item 3 of Form S–8. Each such document shall be included in the file until five years after it is last used as part of the Section 10(a) prospectus to offer or sell securities pursuant to the plan.

624

17 CFR Ch. II (4–1–13 Edition)
With respect to documents containing specifically designated portions that constitute part of the section 10(a) prospectus pursuant to paragraph (b)(1)(ii) of this section, the entire document shall be maintained in the file. Upon request, the registrant shall furnish to the Commission or its staff a copy of any or all of the documents included in the file.

(b) Where securities are offered pursuant to a registration statement on Form S-8:
(i) The registrant shall deliver or cause to be delivered, to each employee who is eligible to participate (or selected by the registrant to participate, in the case of a stock option or other plan with selective participation) in an employee benefit plan to which the registration statement relates, the information required by Part I of Form S-8. The information shall be in written form and shall be updated in writing in a timely manner to reflect any material changes during any period in which offers or sales are being made. When updating information is furnished, documents previously furnished need not be re-delivered, but the registrant shall furnish promptly without charge to each employee, upon written or oral request, a copy of all documents containing the plan information required by Part I that then constitute part of the section 10(a) prospectus.
(ii) The registrant may designate an entire document or only portions of a document as constituting part of the section 10(a) prospectus. If the registrant designates only portions of a document as constituting part of the prospectus, rather than the entire document, a statement clearly identifying such portions, for example, by reference to section headings, section numbers, paragraphs or page numbers within the document must be included in a conspicuous place in the forepart of the document, or such portions must be specifically designated throughout the text of the document. Registrants shall not designate only words or sentences within a paragraph as part of a prospectus. Unless the portions of a document constituting part of the section 10(a) prospectus are clearly identified, the entire document shall constitute part of the prospectus.
(iii) The registrant shall date any document constituting part of the section 10(a) prospectus or containing portions constituting part of the prospectus and shall include the following printed, stamped or typed legend in a conspicuous place in the forepart of the document, substituting the bracketed language as appropriate: “This document [Specifically designated portions of this document] constitutes [constitute] part of a prospectus covering securities that have been registered under the Securities Act of 1933.”
(iv) The registrant shall revise the document(s) containing the plan information sent or given to newly eligible participants pursuant to paragraph (b)(1)(i) of this section, if documents containing updating information would obscure the readability of the plan information.
(2) The registrant shall deliver or cause to be delivered with the document(s) containing the information required by Part I of Form S-8, to each employee to whom such information is sent or given, a copy of any one of the following:
(i) The registrant’s annual report to security holders containing the information required by Rule 14a–3(b) (§240.14a–3(b) of this chapter) under the Securities Exchange Act of 1934 (Exchange Act) for its latest fiscal year;
(ii) The registrant’s annual report on Form 10–K (§249.310 of this chapter), 20–F (§249.220f of this chapter) or, in the case of registrants described in General Instruction A.(2) of Form 40–F (§249.240f of this chapter), for its latest fiscal year;
(iii) The latest prospectus filed pursuant to Rule 424(b) (§230.424(b)) under the Act that contains audited financial statements for the registrant’s latest fiscal year, Provided that the financial statements are not incorporated by reference from another filing, and Provided further that such prospectus contains substantially the information required by Rule 14a–3(b) (§240.14a–3(b) of this chapter) or the registration statement was on Form S–1 (§239.11 of this chapter) or F–1 (§239.31 of this chapter); or
(iv) The registrant’s effective Exchange Act registration statement on Form 10 (§249.210 of this chapter), 20–F.
or, in the case of registrants described in General Instruction A.(2) of Form 40-F, containing audited financial statements for the registrant’s latest fiscal year.

Instructions. 1. If a registrant has previously sent or given an employee a copy of any document specified in clauses (i)–(iv) of paragraph (b)(2) for the latest fiscal year, it need not be re-delivered, but the registrant shall furnish promptly, without charge, a copy of such document upon written or oral request of the employee.

2. If the latest fiscal year of the registrant has ended within 120 days (or 190 days with respect to foreign private issuers) prior to the delivery of the documents containing the information specified by Part I of Form S–8, the registrant may deliver a document containing financial statements for the fiscal year preceding the last fiscal year. Provided that within the 120 or 190 day period a document containing financial statements for the latest fiscal year is furnished to each employee.

3. first use or publication thereof. 5 additional copies shall be filed in the exact form in which it was used or published.

§ 230.432 Additional information required to be included in prospectuses relating to tender offers.

Notwithstanding the provisions of any form for the registration of securities under the Act, any prospectus relating to securities to be offered in connection with a tender offer for, or a request or invitation for tenders of, securities subject to either § 240.13e–4 or section 14(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78n(d)) must include the information required by § 240.13e–4(d)(1) or § 240.14d–6(d)(1) of this chapter, as applicable, in all tender offers, requests or invitations that are published, sent or given to security holders.

[64 FR 61451, Nov. 10, 1999]

§ 230.433 Conditions to permissible post-filing free writing prospectuses.

(a) Scope of section. This section applies to any free writing prospectus with respect to securities of any issuer (except as set forth in Rule 164 (§230.164)) that are the subject of a registration statement that has been filed under the Act. Such a free writing prospectus that satisfies the conditions of this section may include information the substance of which is not included in the registration statement. Such a free writing prospectus that satisfies the conditions of this section will be a prospectus permitted under section 10(b) of the Act for purposes of sections 2(a)(10), 5(b)(1), and 5(b)(2) of the Act and will, for purposes of considering it a prospectus, be deemed to be public, without regard to its method of use or distribution, because it is related to the public offering of securities that are the subject of a filed registration statement.

(b) Permitted use of free writing prospectus. Subject to the conditions of this paragraph (b) and satisfaction of the conditions set forth in paragraphs (c) through (g) of this section, a free writing prospectus may be used under this section and Rule 164 in connection with a registered offering of securities:

(1) Eligibility and prospectus conditions for seasoned issuers and well-known seasoned issuers. Subject to the provisions of Rule 164(e), (f), and (g), the issuer or any other offering participant may use a free writing prospectus in the following offerings after a registration statement relating to the offering has been filed that includes a prospectus that, other than by reason of this section or Rule 431, satisfies the requirements of section 10 of the Act:

(i) Offerings of securities registered on Form S–3 (§239.33 of this chapter) pursuant to General Instruction I.B.1, I.B.2, I.B.5, I.C., or I.D. thereof;

(ii) Offerings of securities registered on Form F–3 (§239.13 of this chapter) pursuant to General Instruction I.A.5, I.B.1, I.B.2, or I.C. thereof;

(iii) Any other offering not excluded from reliance on this section and Rule 164 of securities of a well-known seasoned issuer; and

(iv) Any other offering not excluded from reliance on this section and Rule 164 of securities of an issuer eligible to use Form S–3 or Form F–3 for primary offerings pursuant to General Instruction I.B.1 of such Forms.

(2) Eligibility and prospectus conditions for non-reporting and unseasoned issuers. If the issuer does not fall within the provisions of paragraph (b)(1) of this section, then, subject to the provisions of Rule 164(e), (f), and (g), any person participating in the offer or sale of the securities may use a free writing prospectus as follows:

(i) If the free writing prospectus is or was prepared by or on behalf of or used or referred to by an issuer or any other offering participant, if consideration has been or will be given by the issuer or other offering participant for the dissemination (in any format) of any free writing prospectus (including any published article, publication, or advertisement), or if section 17(b) of the Act requires disclosure that consideration has been or will be given by the issuer or other offering participant for any activity described therein in connection with the free writing prospectus, then a registration statement relating to the offering must have been
filed that includes a prospectus that, other than by reason of this section or Rule 431, satisfies the requirements of section 10 of the Act, including a price range where required by rule, and the free writing prospectus shall be accompanied or preceded by the most recent such prospectus; provided, however, that use of the free writing prospectus is not conditioned on providing the most recent such prospectus if a prior such prospectus has been provided and there is no material change from the prior prospectus reflected in the most recent prospectus; provided further, that after effectiveness and availability of a final prospectus meeting the requirements of section 10(a) of the Act, no such earlier prospectus may be provided in satisfaction of this condition, and such final prospectus must precede or accompany any free writing prospectus provided after such availability, whether or not an earlier prospectus had been previously provided.

NOTES TO PARAGRAPH (b)(2)(i) OF RULE 433.

1. The condition that a free writing prospectus shall be accompanied or preceded by the most recent prospectus satisfying the requirements of section 10 of the Act would be satisfied if a free writing prospectus that is an electronic communication contained an active hyperlink to such most recent prospectus; and

2. A communication for which disclosure would be required under section 17(b) of the Act as a result of consideration given or to be given, directly or indirectly, by or on behalf of an issuer or other offering participant is an offer by the issuer or such other offering participant as the case may be and is, if written, a free writing prospectus of the issuer or other offering participant.

(ii) Where paragraph (b)(2)(i) of this section does not apply, a registration statement relating to the offering has been filed that includes a prospectus that, other than by reason of this section or Rule 431 satisfies the requirements of section 10 of the Act, including a price range where required by rule. For purposes of paragraph (f) of this section, the prospectus included in the registration statement relating to the offering that has been filed does not have to include a price range otherwise required by rule.

(3) Successors. A successor issuer will be considered to satisfy the applicable provisions of this paragraph (b) if:

(i) Its predecessor and it, taken together, satisfy the conditions, provided that the succession was primarily for the purpose of changing the state or other jurisdiction of incorporation of the predecessor or forming a holding company and the assets and liabilities of the successor at the time of succession were substantially the same as those of the predecessor; or

(ii) All predecessors met the conditions at the time of succession and the issuer has continued to do so since the succession.

(c) Information in a free writing prospectus. (1) A free writing prospectus used in reliance on this section may include information the substance of which is not included in the registration statement but such information shall not conflict with:

(i) Information contained in the filed registration statement, including any prospectus or prospectus supplement that is part of the registration statement (including pursuant to Rule 430B or Rule 430C) (§230.430B or §230.430C) and not superseded or modified; or

(ii) Information contained in the issuer's periodic and current reports filed or furnished to the Commission pursuant to section 13 or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m or 78o(d)) that are incorporated by reference into the registration statement and not superseded or modified.

(2)(i) A free writing prospectus used in reliance on this section shall contain substantially the following legend:

The issuer has filed a registration statement (including a prospectus) with the SEC for the offering to which this communication relates. Before you invest, you should read the prospectus in that registration statement and other documents the issuer has filed with the SEC for more complete information about the issuer and this offering. You may get these documents for free by visiting EDGAR on the SEC Web site at www.sec.gov. Alternatively, the issuer, any underwriter or any dealer participating in the offering will arrange to send you the prospectus if you request it by calling toll-free 1-(8xx-xxx-xxxx).

(ii) The legend also may provide an e-mail address at which the documents can be requested and may indicate that
the documents also are available by accessing the issuer's Web site and provide the Internet address and the particular location of the documents on the Web site.

(d) Filing conditions. (1) Except as provided in paragraphs (d)(3), (d)(4), (d)(5), (d)(6), (d)(7), (d)(8), and (f) of this section, the following shall be filed with the Commission under this section by a means reasonably calculated to result in filing no later than the date of first use. The free writing prospectus filed for purposes of this section will not be filed as part of the registration statement:

(i) The issuer shall file:

(A) Any issuer free writing prospectus, as defined in paragraph (h) of this section;

(B) Any issuer information that is contained in a free writing prospectus prepared by or on behalf of or used by any other offering participant (but not information prepared by or on behalf of a person other than the issuer on the basis of or derived from that issuer information); and

(C) A description of the final terms of the issuer's securities in the offering or of the offering contained in a free writing prospectus or portion thereof prepared by or on behalf of the issuer or any offering participant, after such terms have been established for all classes in the offering; and

(ii) Any offering participant, other than the issuer, shall file any free writing prospectus that is used or referred to by such offering participant and distributed by or on behalf of such person in a manner reasonably designed to lead to its broad unrestricted dissemination.

(2) Each free writing prospectus or issuer information contained in a free writing prospectus filed under this section shall identify in the filing the Commission file number for the related registration statement or, if that file number is unknown, a description sufficient to identify the related registration statement.

(3) The condition to file a free writing prospectus under paragraph (d)(1) of this section shall not apply if the free writing prospectus does not contain substantive changes from or additions to a free writing prospectus previously filed with the Commission.

(4) The condition to file issuer information contained in a free writing prospectus of an offering participant other than the issuer shall not apply if such information is included (including through incorporation by reference) in a prospectus or free writing prospectus previously filed that relates to the offering.

(5) Notwithstanding the provisions of paragraph (d)(1) of this section:

(i) To the extent a free writing prospectus or portion thereof otherwise required to be filed contains a description of terms of the issuer's securities in the offering or of the offering that does not reflect the final terms, such free writing prospectus or portion thereof is not required to be filed; and

(ii) A free writing prospectus or portion thereof that contains only a description of the final terms of the issuer's securities in the offering or of the offerings shall be filed by the issuer within two days of the later of the date such final terms have been established for all classes of the offering and the date of first use.

(6)(i) Notwithstanding the provisions of paragraph (d) of this section, in an offering of asset-backed securities, a free writing prospectus or portion thereof required to be filed contains only ABS informational and computational materials as defined in Item 1101(a) of Regulation AB (§229.1101 of this chapter), may be filed under this section within the timeframe permitted by Rule 426(b) (§230.426(b)) and such filing will satisfy the filing conditions under this section.

(ii) In the event that a free writing prospectus is used in reliance on this section and Rule 164 and the conditions of this section and Rule 164 (which may include the conditions of paragraph (d)(6)(i) of this section) are satisfied with respect thereto, then the use of that free writing prospectus shall not be conditioned on satisfaction of the provisions, including without limitation the filing conditions, of Rule 167 and Rule 426 (§§230.167 and 230.426). In the event that ABS informational and computational materials are used in reliance on Rule 167 and Rule 426
§ 230.433  17 CFR Ch. II (4–1–13 Edition)

the conditions of those rules are satisfied with respect thereto, then the use of those materials shall not be conditioned on the satisfaction of the conditions of Rule 164 and this section.

(ii) If a free writing prospectus used in an offering of asset-backed securities in reliance on this section and Rule 164 includes the specific address of or a hyperlink to an Internet Web site containing static pool information and is filed in accordance with this paragraph (d), the static pool information relating to the asset-backed securities offering at that specific address is included in the free writing prospectus, and the filing including such address or hyperlink satisfies the filing conditions under this section.

(7) The condition to file a free writing prospectus or issuer information pursuant to this paragraph (d) for a free writing prospectus used at the same time as a communication in a business combination transaction subject to Rule 425 (§ 230.425) shall be satisfied if:

(i) The free writing prospectus or issuer information is filed in accordance with the provisions of Rule 425, including the filing timeframe of Rule 425;

(ii) The filed material pursuant to Rule 425 indicates on the cover page that it also is being filed pursuant to Rule 433; and

(iii) The filed material pursuant to Rule 425 contains the information specified in paragraph (c)(2) of this section.

(8) Notwithstanding any other provision of this paragraph (d):

(i) A road show for an offering that is a written communication is a free writing prospectus, provided that, except as provided in paragraph (d)(8)(ii) of this section, a written communication that is a road show shall not be required to be filed; and

(ii) In the case of a road show that is a written communication for an offering of common equity or convertible equity securities by an issuer that is, at the time of the filing of the registration statement for the offering, not required to file reports with the Commission pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934, such a road show is required to be filed pursuant to this section unless the issuer of the securities makes at least one version of a bona fide electronic road show available without restriction by means of graphic communication to any person, including any potential investor in the securities (and if there is more than one version of a road show for the offering that is a written communication, the version available without restriction is made available no later than the other versions).

Note to Paragraph (d)(8): A communication that is provided or transmitted simultaneously with a road show and is provided or transmitted in a manner designed to make the communication available only as part of the road show and not separately is deemed to be part of the road show. Therefore, if the road show is not a written communication, such a simultaneous communication (even if it would otherwise be a graphic communication or other written communication) is also deemed not to be written. If the road show is written and not required to be filed, such a simultaneous communication is also not required to be filed. Otherwise, a written communication that is an offer contained in a separate file from a road show, whether or not the road show is a written communication, or otherwise transmitted separately from a road show, will be a free writing prospectus subject to any applicable filing conditions of paragraph (d) of this section.

(e) Treatment of information on, or hyperlinked from, an issuer’s Web site. (1) An offer of an issuer’s securities that is contained on an issuer’s Web site or hyperlinked by the issuer from the issuer’s Web site to a third party’s Web site is a written offer of such securities by the issuer and, unless otherwise exempt or excluded from the requirements of section 5(b)(1) of the Act, the filing conditions of paragraph (d) of this section apply to such offer.

(2) Notwithstanding paragraph (e)(1) of this section, historical issuer information that is identified as such and located in a separate section of the issuer’s Web site containing historical issuer information, that has not been incorporated by reference into or otherwise included in a prospectus of the issuer for the offering and that has not otherwise been used or referred to in connection with the offering, will not be considered a current offer of the issuer’s securities and therefore will not be a free writing prospectus.
(f) Free writing prospectuses published or distributed by media. Any written offer for which an issuer or any other offering participant or any person acting on its behalf provided, authorized, or approved information that is prepared and published or disseminated by a person unaffiliated with the issuer or any other offering participant that is in the business of publishing, radio or television broadcasting or otherwise disseminating written communications would be considered at the time of publication or dissemination to be a free writing prospectus prepared by or on behalf of the issuer or such other offering participant for purposes of this section subject to the following:

(1) The conditions of paragraph (b)(2)(i) of this section will not apply and the conditions of paragraphs (c)(2) and (d) of this section will be deemed to be satisfied if:

(i) No payment is made or consideration given by or on behalf of the issuer or other offering participant for the written communication or its dissemination; and

(ii) The issuer or other offering participant in question files the written communication with the Commission, and includes in the filing the legend required by paragraph (c)(2) of this section, within four business days after the issuer or other offering participant becomes aware of the publication, radio or television broadcast, or other dissemination of the written communication.

(2) The filing obligation under paragraph (f)(1)(ii) of this section shall be subject to the following:

(i) The issuer or other offering participant in question files the written communication with the Commission, and includes in the filing the legend required by paragraph (c)(2) of this section, within four business days after the issuer or other offering participant becomes aware of the publication, radio or television broadcast, or other dissemination of the written communication.

(ii) Any filing made pursuant to paragraph (f)(1)(ii) of this section may file a copy of the materials provided to the media, including transcripts of interviews or similar materials, provided the copy or transcripts contain all the information provided to the media.

(3) For purposes of this paragraph (f) of this section, an issuer that is in the business of publishing or radio or television broadcasting may rely on this paragraph (f) as to any publication or radio or television broadcast that is a free writing prospectus in respect of an offering of securities of the issuer if the issuer or an affiliate:

(i) Is the publisher of a bona fide newspaper, magazine, or business or financial publication of general and regular circulation or bona fide broadcaster of news including business and financial news;

(ii) Has established policies and procedures for the independence of the content of the publications or broadcasts from the offering activities of the issuer; and

(iii) Publishes or broadcasts the communication in the ordinary course.

(g) Record retention. Issuers and offering participants shall retain all free writing prospectuses they have used, and that have not been filed pursuant to paragraph (d) or (f) of this section, for 3 years following the initial bona fide offering of the securities in question.

NOTE TO PARAGRAPH (g) OF § 230.433. To the extent that the record retention requirements of Rule 17a-4 of the Securities Exchange Act of 1934 (§ 240.17a-4 of this chapter) apply to free writing prospectuses required to be retained by a broker-dealer under this section, such free writing prospectuses are required to be retained in accordance with such requirements.

(h) Definitions. For purposes of this section:

(1) An issuer free writing prospectus means a free writing prospectus prepared by or on behalf of the issuer or used or referred to by the issuer and, in the case of an asset-backed issuer, prepared by or on behalf of a depositor, sponsor, or servicer (as defined in Item 1101 of Regulation AB) or affiliated depositor or used or referred to by any such person.
(2) **Issuer information** means material information about the issuer or its securities that has been provided by or on behalf of the issuer.

(3) A written communication or information is prepared or provided by or on behalf of a person if the person or an agent or representative of the person authorizes the communication or information or approves the communication or information before it is used. An offering participant other than the issuer shall not be an agent or representative of the issuer solely by virtue of its acting as an offering participant.

(4) A **road show** means an offer (other than a statutory prospectus or a portion of a statutory prospectus filed as part of a registration statement) that contains a presentation regarding an offering by one or more members of the issuer’s management (and in the case of an offering of asset-backed securities, management involved in the securitization or servicing function of one or more of the depositors, sponsors, or servicers (as such terms are defined in Item 1101 of Regulation AB) or an affiliated depositor) and includes discussion of one or more of the issuer, such management, and the securities being offered; and

(5) A **bona fide electronic road show** means a road show that is a written communication transmitted by graphic means that contains a presentation by one or more officers of an issuer or other persons in an issuer’s management (and in the case of an offering of asset-backed securities, management involved in the securitization or servicing function of one or more of the depositors, sponsors, or servicers (as such terms are defined in Item 1101 of Regulation AB) or an affiliated depositor) and includes discussion of one or more of the issuer, such management, and the securities being offered.

**NOTE TO § 230.433.** This section does not affect the operation of the provisions of clause (a) of section 2(a)(10) of the Act providing an exception from the definition of “prospectus.”

**WRITTEN CONSENTS**

§ 230.436 Consents required in special cases.

(a) If any portion of the report or opinion of an expert or counsel is quoted or summarized as such in the registration statement or in a prospectus, the written consent of the expert or counsel shall be filed as an exhibit to the registration statement and shall expressly state that the expert or counsel consents to such quotation or summarization.

(b) If it is stated that any information contained in the registration statement has been reviewed or passed upon by any persons and that such information is set forth in the registration statement upon the authority of or in reliance upon such persons as experts, the written consents of such persons shall be filed as exhibits to the registration statement.

(c) Notwithstanding the provisions of paragraph (b) of this section, a report on unaudited interim financial information (as defined in paragraph (d) of this section) by an independent accountant who has conducted a review of such interim financial information shall not be considered a part of a registration statement prepared or certified by an accountant or a report prepared or certified by an accountant within the meaning of sections 7 and 11 of the Act.

(d) The term *report on unaudited interim financial information* shall mean a report which consists of the following:

1. A statement that the review of interim financial information was made in accordance with established professional standards for such reviews;
2. An identification of the interim financial information reviewed;
3. A description of the procedures for a review of interim financial information;
§ 230.438 Consents of persons about to become directors.

If any person who has not signed the registration statement is named therein as about to become a director, the written consent of such person shall be filed with the registration statement. Any such consent, however, may be omitted if there is filed with the registration statement a statement by the registrant, supported by an affidavit or affidavits, setting forth the reasons for such omission and establishing that the obtaining of such consent is impracticable or involves undue hardship on the registrant.

[Reg. C, 12 FR 4074, June 24, 1947]
§ 230.439 Consent to use of material incorporated by reference.

(a) If the Act or the rules and regulations of the Commission require the filing of a written consent to the use of any material in connection with the registration statement, such consent shall be filed as an exhibit to the registration statement even though the material is incorporated therein by reference. Where the filing of a written consent is required with respect to material incorporated in the registration statement by reference, which is to be filed subsequent to the effective date of the registration statement, such consent shall be filed as an amendment to the registration statement no later than the date on which such material is filed with the Commission, unless express consent to incorporation by reference is contained in the material to be incorporated by reference.

(b) Notwithstanding paragraph (a) of this section, any required consent may be incorporated by reference into a registration statement filed pursuant to Rule 462(b) (§ 230.462(b)) or a post-effective amendment filed pursuant to Rule 462(e) (§ 230.462(e)) from a previously filed registration statement relating to that offering, provided that the consent contained in the previously filed registration statement expressly provides for such incorporation.

(3) The securities sold pursuant to a registration statement will be considered registered, for purposes of section 6(a) of the Act, if the pay-as-you-go registration fee has been paid and the post-effective amendment or prospectus including the amended “Calculation of Registration Fee” table is filed pursuant to paragraph (b)(1) of this section.

[16 FR 8737, Aug. 29, 1951, as amended at 70 FR 44818, Aug. 3, 2005]

§ 230.457 Computation of fee.

(a) If a filing fee based on a bona fide estimate of the maximum offering price, computed in accordance with this rule where applicable, has been paid, no additional filing fee shall be required as a result of changes in the proposed offering price. If the number of shares or other units of securities, or the principal amount of debt securities to be offered is increased by an amendment filed prior to the effective date of the registration statement, an additional filing fee, computed on the basis of the offering price of the additional securities, shall be paid. There will be no refund once the statement is filed.

(b) A required fee shall be reduced in an amount equal to any fee paid with respect to such transaction pursuant to sections 13(e) and 14(g) of the Securities Exchange Act of 1934 or any applicable provision of this section; the fee requirements under sections 13(e) and 14(g) shall be reduced in an amount equal to the fee paid the Commission with respect to a transaction under this section. No part of a filing fee is refundable.

(c) Where securities are to be offered at prices computed upon the basis of fluctuating market prices, the registration fee is to be calculated upon the basis of the price of securities of the same class, as follows: either the average of the high and low prices reported in the consolidated reporting system (for exchange traded securities and last sale reported over-the-counter securities) or the average of the bid and asked price (for other over-the-counter securities) as of a specified date within 5 business days prior to the date of filing the registration statement.

(d) Where securities are to be offered at varying prices based upon fluctuating values of underlying assets, the registration fee is to be calculated upon the basis of the market value of such assets as of a specified date within fifteen days prior to the date of filing, in accordance with the method to be used in calculating the daily offering price.

(e) Where securities are to be offered to existing security holders and the portion, if any, not taken by such security holders is to be reoffered to the general public, the registration fee is to be calculated upon the basis of the proposed offering price to such security holders or the proposed reoffering price to the general public, whichever is higher.

(f) Where securities are to be offered in exchange for other securities (except where such exchange results from the exercise of a conversion privilege) or in a reclassification or recapitalization which involves the substitution of a security for another security, a merger, a consolidation, or a similar plan of acquisition, the registration fee is to be calculated as follows:

(1) Upon the basis of the market value of the securities to be received by the registrant or canceled in the exchange or transaction as established by the price of securities of the same class, as determined in accordance with paragraph (c) of this section.

(2) If there is no market for the securities to be received by the registrant or canceled in the exchange or transaction, the book value of such securities computed as of the latest practicable date prior to the date of filing the registration statement shall be used, unless the issuer of such securities is in bankruptcy or receivership, or has an accumulated capital deficit, in which case one-third of the principal amount, par value or stated value of such securities shall be used.
§ 230.457

(3) If any cash is to be received by the registrant in connection with the exchange or transaction, the amount thereof shall be added to the value of the securities to be received by the registrant or cancelled as computed in accordance with (e) (1) or (2) of this section. If any cash is to be paid by the registrant in connection with the exchange or transaction, the amount thereof shall be deducted from the value of the securities to be received by the registrant in exchange as computed in accordance with (e) (1) or (2) of this section.

(4) Securities to be offered directly or indirectly for certificates of deposit shall be deemed to be offered for the securities represented by the certificates of deposit.

(5) If a filing fee is paid under this paragraph for the registration of an offering and the registration statement also covers the resale of such securities, no additional filing fee is required to be paid for the resale transaction.

(g) Where securities are to be offered pursuant to warrants or other rights to purchase such securities and the holders of such warrants or rights may be deemed to be underwriters, as defined in section 2(11) of the Act, with respect to the warrants or rights or the securities subject thereto, the registration fee is to be calculated upon the basis of the price at which the warrants or rights or securities subject thereto are to be offered to the public. If such offering price cannot be determined at the time of filing the registration statement, the registration fee is to be calculated upon the basis of the highest of the following: (1) the price at which the warrants or rights may be exercised, if known at the time of filing the registration statement; (2) the offering price of securities of the same class included in the registration statement; or (3) the price of securities of the same class, as determined in accordance with paragraph (c) of this section. If there is no market for the securities to be offered, the book value of such securities computed as of the latest practicable date prior to the date of filing the registration statement shall be used.

(h)(1) Where securities are to be offered pursuant to an employee benefit plan, the aggregate offering price and the amount of the registration fee shall be computed with respect to the maximum number of the registrant’s securities issuable under the plan that are covered by the registration statement. If the offering price is not known, the fee shall be computed upon the basis of the price of securities of the same class, as determined in accordance with paragraph (c) of this section. In the case of an employee stock option plan, the aggregate offering price and the fee shall be computed upon the basis of the price at which the options may be exercised, or, if such price is not known, upon the basis of the price of securities of the same class, as determined in accordance with paragraph (c) of this section. If the fee is to be calculated upon the basis of the price at which the warrants or rights may be exercised and they are exercisable over a period of time at progressively higher prices, the fee shall be calculated on the basis of the highest price at which they may be exercised. If the warrants or rights are to be registered for distribution in the same registration statement as the securities to be offered pursuant thereto, no separate registration fee shall be required.

(2) If the registration statement registers securities of the registrant and also registers interests in the plan constituting separate securities, no separate fee is required with respect to the plan interests.

(3) Where a registration statement includes securities to be offered pursuant to an employee benefit plan and covers the resale of the same securities, no additional filing fee shall be paid with respect to the securities to be offered for resale. A filing fee determined in accordance with paragraph (c) of this section shall be paid with respect to any additional securities to be offered for resale.

(i) Where convertible securities and the securities into which conversion is offered are registered at the same time, the registration fee is to be calculated on the basis of the proposed offering price of the convertible securities alone, except that if any additional consideration is to be received in connection with the exercise of the conversion privilege the maximum amount
which may be received shall be added to the proposed offering price of the convertible securities.

(j) Where securities are sold prior to the registration thereof and are subsequently registered for the purpose of making an offer of rescission of such sale or sales, the registration fee is to be calculated on the basis of the amount at which such securities were sold, except that where securities repurchased pursuant to such offer of rescission are to be reoffered to the general public at a price in excess of such amount the registration fee is to be calculated on the basis of the proposed reoffering price.

(k) Notwithstanding the other provisions of this rule, the proposed maximum aggregate offering price of Depositary Shares evidenced by American Depositary Receipts shall, only for the purpose of calculating the registration fee, be computed upon the basis of the maximum aggregate fees or charges to be imposed in connection with the issuance of such receipts.

(l) Notwithstanding the other provisions of this rule, the proposed maximum aggregate offering price of any put or call option which is traded on an exchange and registered by such exchange or a facility thereof or which is traded over the counter shall, for the purpose of calculating the registration fee, be computed upon the basis of the maximum aggregate fees or charges to be imposed by such registrant in connection with the issuance of such option.

(m) Notwithstanding the other provisions of this rule, where the securities to be registered include (1) any note, draft, bill of exchange, or bankers’ acceptance which meets all the conditions of section 3(a)(3) hereof, and (2) any note, draft, bill of exchange or bankers’ acceptance which has a maturity at the time of issuance of not exceeding nine months exclusive of days of grace, or any renewal thereof of the maturity date of which is likewise limited, but which otherwise does not meet the conditions of section 3(a)(3), the registration fee shall be calculated by taking one-fiftieth of 1 per centum of the maximum principal amount of only those securities not meeting the conditions of section 3(a)(3).

(n) Where the securities to be offered are guarantees of other securities which are being registered concurrently, no separate fee for the guarantees shall be payable.

(o) Where an issuer registers an offering of securities, the registration fee may be calculated on the basis of the maximum aggregate offering price of all the securities listed in the “Calculation of Registration Fee” table. The number of shares or units of securities need not be included in the “Calculation of Registration Fee” Table. If the maximum aggregate offering price increases prior to the effective date of the registration statement, a pre-effective amendment must be filed to increase the maximum dollar value being registered and the additional filing fee shall be paid.

(p) Where all or a portion of the securities offered under a registration statement remain unsold after the offering’s completion or termination, or withdrawal of the registration statement, the aggregate total dollar amount of the filing fee associated with those unsold securities (whether computed under §230.457(a) or (o)) may be offset against the total filing fee due for a subsequent registration statement or registration statements. The subsequent registration statement(s) must be filed within five years of the initial filing date of the earlier registration statement, and must be filed by the same registrant (including a successor within the meaning of §230.405), a majority-owned subsidiary of that registrant, or a parent that owns more than 50 percent of the registrant’s outstanding voting securities. A note should be added to the “Calculation of Registration Fee” table in the subsequent registration statement(s) stating the dollar amount of the filing fee previously paid that is offset against the currently due filing fee, the file number of the earlier registration statement, and must be filed by the same registrant and the initial filing date of that earlier registration statement.

(q) Notwithstanding any other provisions of this section, no filing fee is required for the registration of an indeterminate amount of securities to be
§ 230.459 Calculation of effective date.

Saturdays, Sundays and holidays shall be counted in computing the effective date of registration statements under section 8(a) of the act. In the case of statements which become effective on the twentieth day after filing, the twentieth day shall be deemed to begin at the expiration of nineteen periods of 24 hours each from 5:30 p.m. eastern standard time or eastern daylight-saving time, whichever is in effect at the principal office of the Commission on the date of filing.

§ 230.460 Distribution of preliminary prospectus.

(a) Pursuant to the statutory requirement that the Commission in ruling upon requests for acceleration of the effective date of a registration statement shall have due regard to the adequacy of the information respecting the issuer theretofore available to the public, the Commission may consider whether the persons making the offering have taken reasonable steps to make the information contained in the registration statement conveniently available to underwriters and dealers who it is reasonably anticipated will be invited to participate in the distribution of the security to be offered or sold.

(b)(1) As a minimum, reasonable steps to make the information conveniently available would involve the distribution, to each underwriter and dealer who it is reasonably anticipated will be invited to participate in the distribution of the security, a reasonable time in advance of the anticipated effective date of the registration statement, of as many copies of the proposed form of preliminary prospectus permitted by Rule 430 (§230.430) as appears to be reasonable to secure adequate distribution of the preliminary prospectus.

(2) In the case of a registration statement filed by a closed-end investment company on Form N–2 (§239.14 and §274.11a–1 of this chapter), reasonable steps to make information conveniently available would involve distribution of a sufficient number of copies of the Statement of Additional Information required by §230.430(b) as it appears to be reasonable to secure their adequate distribution either to each underwriter or dealer who it is reasonably anticipated will be invited to participate in the distribution of the security, or to the underwriter, dealer or other source named on the cover page of the preliminary prospectus as being the person investors should contact in order to obtain the Statement of Additional Information.

(c) The granting of acceleration will not be conditioned upon

(1) The distribution of a preliminary prospectus in any state where such distribution would be illegal; or

(2) The distribution of a preliminary prospectus (i) in the case of a registration statement relating solely to securities to be offered at competitive bidding, provided the undertaking in Item 512(d)(1) of Regulation S–K (§229.512(d)(2) of this chapter) is included in the registration statement and distribution of prospectuses pursuant to such undertaking is made prior to the publication or distribution of the invitation for bids, or
(ii) In the case of a registration statement relating to a security issued by a face-amount certificate company or a redeemable security issued by an open-end management company or unit investment trust if any other security of the same class is currently being offered or sold, pursuant to an effective registration statement by the issuer or by or through an underwriter, or

(iii) In the case of an offering of subscription rights unless it is contemplated that the distribution will be made through dealers and the underwriters intend to make the offering during the stockholders’ subscription period, in which case copies of the preliminary prospectus must be distributed to dealers prior to the effective date of the registration statement in the same fashion as is required in the case of other offerings through underwriters, or

(iv) In the case of a registration statement pertaining to a security to be offered pursuant to an exchange offer or transaction described in Rule 145 (§ 230.145).

§ 230.461 Acceleration of effective date.

(a) Requests for acceleration of the effective date of a registration statement shall be made by the registrant and the managing underwriters of the proposed issue, or, if there are no managing underwriters, by the principal underwriters of the proposed issue, and shall state the date upon which it is desired that the registration statement shall become effective. Such requests may be made in writing or orally, provided that, if an oral request is to be made, a letter indicating that fact and stating that the registrant and the managing or principal underwriters are aware of their obligations under the Act must accompany the registration statement for a pre-effective amendment thereto at the time of filing with the Commission. Written requests may be sent to the Commission by facsimile transmission. If, by reason of the expected arrangement in connection with the offering, it is to be requested that the registration statement shall become effective at a particular hour of the day, the Commission must be advised to that effect not later than the second business day before the day which it is desired that the registration statement shall become effective. A person’s request for acceleration will be considered confirmation of such person’s awareness of the person’s obligations under the Act. Not later than the time of filing the last amendment prior to the effective date of the registration statement, the registrant shall inform the Commission as to whether or not the amount of compensation to be allowed or paid to the underwriters and any other arrangements among the registrant, the underwriters and other broker dealers participating in the distribution, as described in the registration statement, have been reviewed to the extent required by the National Association of Securities Dealers, Inc. and such Association has issued a statement expressing no objections to the compensation and other arrangements.

(b) Having due regard to the adequacy of information respecting the registrant theretofore available to the public, to the facility with which the nature of the securities to be registered, their relationship to the capital structure of the registrant issuer and the rights of holders thereof can be understood, and to the public interest and the protection of investors, as provided in section 8(a) of the Act, it is the general policy of the Commission, upon request, as provided in paragraph (a) of this section, to permit acceleration of the effective date of the registration statement as soon as possible after the filing of appropriate amendments, if any. In determining the date on which a registration statement shall become effective, the following are included in the situations in which the Commission considers that the statutory standards of section 8(a) may not be met and may refuse to accelerate the effective date:

(1) Where there has not been a bona fide effort to make the prospectus reasonably concise, readable, and in compliance with the plain English requirements of Rule 421(d) of Regulation C (17 CFR 230.421(d)) in order to facilitate an understanding of the information in the prospectus.

§ 230.462 Immediate effectiveness of certain registration statements and post-effective amendments.

(a) A registration statement on Form S–8 (§ 239.16b of this chapter) and a registration statement on Form S–3 (§ 239.13 of this chapter) or on Form F–3 (§ 239.33 of this chapter) for a dividend or interest reinvestment plan shall become effective upon filing with the Commission.

(b) A registration statement and any post-effective amendment thereto shall become effective upon filing with the Commission if:

(1) The registration statement is for registering additional securities of the same class(es) as were included in an

expressing no objections to the compensation and other arrangements.

(2) Where the form of preliminary prospectus, which has been distributed by the issuer or underwriter, is found to be inaccurate or inadequate in any material respect, until the Commission has received satisfactory assurance that appropriate correcting material has been sent to all underwriters and dealers who received such preliminary prospectus or prospectuses in quantity sufficient for their information and the information of others to whom the inaccurate or inadequate material was sent.

(3) Where the Commission is currently making an investigation of the issuer, a person controlling the issuer, or one of the underwriters, if any, of the securities to be offered, pursuant to any of the Acts administered by the Commission.

(4) Where one or more of the underwriters, although firmly committed to purchase securities covered by the registration statement, is subject to and does not meet the financial responsibility requirements of Rule 15c3-1 under the Securities Exchange Act of 1934 (§ 240.15c3-1 of this chapter). For the purposes of this paragraph underwriters will be deemed to be firmly committed even though the obligation to purchase is subject to the usual conditions as to receipt of opinions of counsel, accountants, etc., the accuracy of warranties or representations, the happening of calamities or the occurrence of other events the determination of which is not expressed to be in the sole or absolute discretion of the underwriters.

(5) Where there have been transactions in securities of the registrant by persons connected with or proposed to be connected with the offering which may have artificially affected or may artificially affect the market price of the security being offered.

(6) Where the amount of compensation to be allowed or paid to the underwriters and any other arrangements among the registrant, the underwriters and other broker dealers participating in the distribution, as described in the registration statement, if required to be reviewed by the National Association of Securities Dealers, Inc. (NASD), have been reviewed by the NASD and the NASD has not issued a statement

expressing no objections to the compensation and other arrangements.

(7) Where, in the case of a significant secondary offering at the market, the registrant, selling security holders and underwriters have not taken sufficient measures to insure compliance with Regulation M (§§ 242.100 through 242.105 of this chapter).

(c) Insurance against liabilities arising under the Act, whether the cost of insurance is borne by the registrant, the insured or some other person, will not be considered a bar to acceleration, unless the registrant is a registered investment company or a business development company and the cost of such insurance is borne by other than an insured officer or director of the registrant. In the case of such a registrant, the Commission may refuse to accelerate the effective date of the registration statement when the registrant is organized or administered pursuant to any instrument (including a contract for insurance against liabilities arising under the Act) that protects or purports to protect any director or officer of the company against any liability to the company or its security holders to which he or she would otherwise be subject by reason of willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his or her office.

earlier registration statement for the same offering and declared effective by the Commission;

(2) The new registration statement is filed prior to the time confirmations are sent or given; and

(3) The new registration statement registers additional securities in an amount and at a price that together represent no more than 20% of the maximum aggregate offering price set forth for each class of securities in the “Calculation of Registration Fee” table contained in such earlier registration statement.

(c) If the prospectus contained in a post-effective amendment filed prior to the time confirmations are sent or given contains no substantive changes from or additions to the prospectus previously filed as part of the effective registration statement, other than price-related information omitted from the registration statement in reliance on Rule 430A of the Act (§230.430A), such post-effective amendment shall become effective upon filing with the Commission.

(d) A post-effective amendment filed solely to add exhibits to a registration statement shall become effective upon filing with the Commission.

(e) An automatic shelf registration statement, including an automatic shelf registration statement filed in accordance with Rule 415(a)(6) (§230.415(a)(6)), and any post-effective amendment thereto, including a post-effective amendment filed to register additional classes of securities pursuant to Rule 413(b) (§230.413(b)), shall become effective upon filing with the Commission.

(f) A post-effective amendment filed pursuant to paragraph (e) of this section for purposes of adding a new issuer and its securities as permitted by Rule 413(b) (§230.413(b)) that satisfies the requirements of Form S-3 or Form F-3 (§230.13 or §230.33 of this chapter), as applicable, including the signatures required by Rule 402(e) (§230.402(e)), and contains a prospectus satisfying the requirements of Rule 430B (§230.430B), shall become effective upon filing with the Commission.

§230.463 Report of offering of securities and use of proceeds therefrom.

(a) Except as provided in this section, following the effective date of the first registration statement filed under the Act by an issuer, the issuer or successor issuer shall report the use of proceeds pursuant to Item 701 of Regulation D-B or S-K or Item 14(e) of Form 20-F, as applicable, on its first periodic report filed pursuant to Sections 13(a) and 15(d) (15 U.S.C. 78m(a) and 78o(d)) of the Securities Exchange Act of 1934 after effectiveness, and thereafter on each of its subsequent periodic reports filed pursuant to Sections 13(a) and 15(d) of the Securities Exchange Act of 1934 through the later of disclosure of the application of all the offering proceeds or disclosure of the termination of the offering.

(b) A successor issuer shall comply with paragraph (a) of this section only if a report of the use of proceeds is required with respect to the first effective registration statement of the predecessor issuer.

(c) For purposes of this section:

(1) The term offering proceeds shall not include any amount(s) received for the account(s) of any selling security holder(s).

(2) The term application shall not include the temporary investment of proceeds by the issuer pending final application.

(d) This section shall not apply to any effective registration statement for securities to be issued:

(1) In a business combination described in Rule 145(a) (§230.145(a));

(2) By an issuer which pursuant to a business combination described in Rule 145(a) has succeeded to another issuer that prior to such business combination had a registration statement become effective under the Act and on the date of such business combination was not subject to paragraph (a) of this section;

(3) Pursuant to an employee benefit plan;

(4) Pursuant to a dividend or interest reinvestment plan;

(5) As American depository receipts for foreign securities;

(6) By any investment company registered under the Investment Company Act of 1940 and any issuer that has

That, at the time of filing of each post-effective amendment with the Commission, the issuer continues to meet the requirements of filing on Form S–8 (§ 239.16b of this chapter); or on Form S–3, F–2 or F–3 (§§ 239.13, 239.32 or 239.33 of this chapter) for a registration statement relating to a dividend or interest reinvestment plan; or in the case of a registration statement on Form S–4 (§ 239.25 of this chapter) that there is continued compliance with General Instruction G of that Form:

(a) The post-effective amendment shall become effective upon filing with the Commission; and

(b) With respect to securities sold on or after the filing date pursuant to a prospectus which forms a part of a Form S–8 registration statement; or a Form S–3, F–2, or F–3 registration statement relating to a dividend or interest reinvestment plan; or a Form S–4 registration statement complying with General Instruction G of that Form and which has been amended to include or incorporate new full year financial statements or to comply with the provisions of section 10(a)(3) of the Act, the effective date of the registration statement shall be deemed to be the filing date of the post-effective amendment.

§ 230.466  Effective date of certain registration statements on Form F–6.

(a) A depositary that previously has filed a registration statement on Form F–6 (§§ 239.36 of this chapter) may designate a date and time for a registration statement (including a post-effective amendment) to become effective and such registration statement shall become effective in accordance with such designation if the following conditions are met:

(1) The depositary previously has filed a registration statement on Form F–6 (§ 239.36 of this chapter), which the Commission has declared effective, with identical terms of deposit, except for the number of foreign securities a Depositary Share represents, and the depositary so certifies; and

(2) The designation of the effective date and time is set forth on the facing page of the registration statement, or in any pre-effective amendment thereto. A pre-effective amendment containing such a designation properly made shall be deemed to have been filed with the consent of the Commission.

§ 230.470 Formal requirements for amendments.  

Except for telegraphic amendments filed pursuant to Rule 473 (§230.473), amendments to a registration statement shall be filed under cover of an appropriate facing sheet, shall be numbered consecutively in the order in which filed, and shall indicate on the facing sheet the applicable registration form on which the amendment is prepared and the file number of the registration statement.

§ 230.471 Signatures to amendments.

(a) Except as provided in Rule 447 (§ 230.447) and in Rule 478 (§ 230.478), every amendment to a registration statement shall be signed by the persons specified in section 6(a) of the Act. At least one copy of every amendment filed with the Commission shall be signed. Unsigned copies shall be confirmed.

(b) Where the Act or the rules thereunder require a document filed with or furnished to the Commission to be signed, such document shall be manually signed, or signed using either typed signatures or duplicated or facsimile versions of manual signatures. Where typed, duplicated or facsimile signatures are used, each signatory to the filing shall manually sign a signature page or other document authenticating, acknowledging or otherwise adopting his or her signature that appears in the filing. Such document shall be executed before or at the time the filing is made and shall be retained by the registrant for a period of five years. Upon request, the registrant shall furnish to the Commission or its staff a copy of any or all documents retained pursuant to this section.

§ 230.475 Amendment filed with consent of Commission.

An application for the Commission’s consent to the filing of an amendment with the effect provided in section 8(a) of the Act may be filed before or after or concurrently with the filing of the amendment. The application shall be signed and shall state fully the grounds upon which it is made. Any other application for withdrawal of an entire registration statement made before the effective date of the registration statement will be deemed granted at the time the application is filed with the Commission unles,
right of the registrant thereafter to have the order vacated upon a showing to the Commission that the registration statement as amended is no longer incomplete or inaccurate on its face in any material respect.

§ 230.479 Procedure with respect to abandoned registration statements and post-effective amendments.

When a registration statement, or a post-effective amendment to such a statement, has been on file with the Commission for a period of nine months and has not become effective the Commission may, in its discretion, proceed in the following manner to determine whether such registration statement or amendment has been abandoned by the registrant. If the registration statement has been amended, otherwise than for the purpose of delaying the effective date thereof, or if the post-effective amendment has been amended, the nine-month period shall be computed from the date of the latest such amendment.

Such notice will inform the registrant and the agent for service that the registration statement or amendment is out of date and must be either amended to comply with the applicable requirements of the Act and the rules and regulations thereunder or be withdrawn within 30 days after the date of such notice.

(b) If the registrant or the agent for service fails to respond to such notice by filing a substantive amendment or withdrawing the registration statement and does not furnish a satisfactory explanation as to why it has not been done so within such 30 days, the Commission may, where consistent with the public interest and the protection of investors, enter an order declaring the registration statement or amendment abandoned.

(c) When such an order is entered by the Commission the papers comprising the registration statement or amendment will not be removed from the files of the Commission but an order shall be included in the file for the registration statement in the following manner: “Declared abandoned by order dated ______.”

Provide a legend that indicates that the Securities and Exchange Commission has not approved or disapproved of the securities or passed upon the accuracy or adequacy of the disclosure in the prospectus and that any contrary representation is a criminal offense. The legend may be in one of the following or other clear and concise language:

Example A: The Securities and Exchange Commission has not approved or disapproved these securities or passed upon the adequacy of this prospectus. Any representation to the contrary is a criminal offense.

Example B: The Securities and Exchange Commission has not approved or disapproved these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

(2) “Subject to Completion” legend. If a prospectus or Statement of Additional Information will be used before the effective date of the registration statement, include on the outside front cover page of the prospectus or Statement of Additional Information, a prominent statement that:

(A) The information in the prospectus or Statement of Additional Information will be amended or completed;

(B) A registration statement relating to these securities has been filed with the Securities and Exchange Commission;

(C) The securities may not be sold until the registration statement becomes effective; and

(D) In a prospectus, that the prospectus is not an offer to sell the securities and it is not soliciting an offer to buy the securities in any state where offers or sales are not permitted, or in a Statement of Additional Information, that the Statement of Additional Information is not a prospectus.

(ii) The legend may be in the following language or other clear and understandable language:

The information in this prospectus (or Statement of Additional Information) is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is effective. This prospectus (or Statement of Additional Information) is not an offer to sell these securities and is not soliciting an offer to buy these securities in any state where the offer or sale is not permitted.

(iii) In the case of a prospectus that omits pricing information under §230.430A, provide the information and legend in paragraph (b)(2) of this section if the prospectus or Statement of Additional Information is used before the initial public offering price is determined.

(c) Table of contents. Include on either the outside front, inside front, or outside back cover page of the prospectus, a reasonably detailed table of contents. It must show the page number of the various sections or subdivisions of the prospectus. Include this table of contents immediately following the cover page in any prospectus delivered electronically.

(d) Stabilization and other transactions. (1) Indicate on the front cover page of the prospectus if the underwriter has any arrangement with the issuer, such as an over-allotment option, under which the underwriter may purchase additional shares in connection with the offering, and state the amount of additional shares the underwriter may purchase under the arrangement. Provide disclosure in the prospectus that briefly describes any transaction that
the underwriter intends to conduct during the offering that stabilizes, maintains, or otherwise affects the market price of the offered securities. Include information on stabilizing transactions, syndicate short covering transactions, penalty bids, or any other transactions that affect the offered security’s price. Describe the nature of the transactions clearly and explain how the transactions affect the offered security’s price. Identify the exchange or other market on which these transactions may occur. If true, disclose that the underwriter may discontinue these transactions at any time;

(2) If the stabilizing began before the effective date of the registration statement, disclose in the prospectus the amount of securities bought, the prices at which they were bought and the period within which they were bought. In the event that §230.430A of this chapter is used, the prospectus filed under §230.497(h) or included in a post-effective amendment must contain information on the stabilizing transactions that took place before the determination of the public offering price shown in the prospectus; and

(3) If you are making a warrant or rights offering of securities to existing security holders and the securities not purchased by existing security holders are to be reoffered to the public, disclose in the prospectus used in connection with the reoffering:

(i) The amount of securities bought in stabilization activities during the offering period and the price or range of prices at which the securities were bought;

(ii) The amount of the offered securities subscribed for during the offering period;

(iii) The amount of the offered securities subscribed for by the underwriters during the offering period;

(iv) The amount of the offered securities sold during the offering period by the underwriters and the price or range of prices at which the securities were sold; and

(v) The amount of the offered securities to be reoffered to the public and the public offering price.

(e) Dealer prospectus delivery obligations. On the outside back cover page of the prospectus, advise dealers of their prospectus delivery obligation, including the expiration date specified by Section 4(3) of the Act (15 U.S.C. 77d(3)) and §230.174. If the expiration date is not known on the effective date of the registration statement, include the expiration date in the copy of the prospectus filed under §230.497. This information need not be included if dealers are not required to deliver a prospectus under §230.174 or Section 24(d) of the Investment Company Act of 1940 (15 U.S.C. 80a–24). Use the following or other clear, plain language:

DEALER PROSPECTUS DELIVERY OBLIGATION

Until (insert date), all dealers that effect transactions in these securities, whether or not participating in this offering, may be required to deliver a prospectus. This is in addition to the dealers’ obligation to deliver a prospectus when acting as underwriters and with respect to their unsold allotments or subscriptions.

(f) Electronic distribution. Where a prospectus is distributed through an electronic medium, issuers may satisfy legibility requirements applicable to printed documents, such as paper size, type size and font, bold-face type, italics and red ink, by presenting all required information in a format readily communicated to investors, and where indicated, in a manner reasonably calculated to draw investor attention to specific information.

[63 FR 6385, Feb. 6, 1998]
this section, which may include information the substance of which is not included in the prospectus specified in section 10(a) of the Act (15 U.S.C. 77j(a)), will be deemed to be a prospectus under section 10(b) of the Act (15 U.S.C. 77j(b)) for the purposes of section 5(b)(1) of the Act (15 U.S.C. 77e(b)(1)).

NOTE TO PARAGRAPH (a): The fact that an advertisement complies with this section does not relieve the investment company, underwriter, or dealer of any obligations with respect to the advertisement under the antifraud provisions of the federal securities laws. For guidance about factors to be weighed in determining whether statements, representations, illustrations, and descriptions contained in investment company advertisements are misleading, see § 230.156. In addition, an advertisement that complies with this section is subject to the legibility requirements of § 230.420.

(b) Required disclosure. This paragraph describes information that is required to be included in an advertisement in order to comply with this section.

(1) Availability of additional information. An advertisement must include a statement that advises an investor to consider the investment objectives, risks, and charges and expenses of the investment company carefully before investing; explains that the prospectus and, if available, the summary prospectus contain this and other information about the investment company; identifies a source from which an investor may obtain a prospectus and, if available, a summary prospectus; and states that the prospectus and, if available, the summary prospectus should be read carefully before investing.

(2) Advertisements used prior to effectiveness of registration statement. An advertisement that is used prior to effectiveness of the investment company’s registration statement or the determination of the public offering price (in the case of a registration statement that becomes effective omitting information from the prospectus contained in the registration statement in reliance upon § 230.430A) must include the “Subject to Completion” legend required by § 230.81(b)(2).

(3) Advertisements including performance data. An advertisement that includes performance data of an open-end management investment company or a separate account registered under the 1940 Act as a unit investment trust offering variable annuity contracts (trust account) must include the following:

(i) A legend disclosing that the performance data quoted represents past performance; that past performance does not guarantee future results; that the investment return and principal value of an investment will fluctuate so that an investor’s shares, when redeemed, may be worth more or less than their original cost; and that current performance may be lower or higher than the performance data quoted. The legend should also identify either a toll-free (or collect) telephone number or a Web site where an investor may obtain performance data current to the most recent month-end unless the advertisement includes total return quotations current to the most recent month ended seven business days prior to the date of use. An advertisement for a money market fund may omit the disclosure about principal value fluctuation; and

NOTE TO PARAGRAPH (b)(3)(i): The date of use refers to the date or dates when an advertisement is used by investors, not the date on which an advertisement is published or submitted for publication. The date of use refers to the entire period of use by investors and not simply the first date on which an advertisement is used.

(ii) If a sales load or any other non-recurring fee is charged, the maximum amount of the load or fee, and if the sales load or fee is not reflected, a statement that the performance data does not reflect the deduction of the sales load or fee, and that, if reflected, the load or fee would reduce the performance quoted.

(4) Money market funds. An advertisement for an investment company that holds itself out to be a money market fund must include the following statement:

A money market fund that does not hold itself out as maintaining a stable
net asset value may omit the second sentence of this statement.

(5) Presentation. In a print advertisement, the statements required by paragraphs (b)(1) through (b)(4) of this section must be presented in a type size at least as large as and of a style different from, but at least as prominent as, that used in the major portion of the advertisement, provided that when performance data is presented in a type size smaller than that of the major portion of the advertisement, the statements required by paragraph (b)(3) of this section may appear in a type size no smaller than that of the performance data. If an advertisement is delivered through an electronic medium, the legibility requirements for the statements required by paragraph (b)(1) through (b)(4) of this section relating to type size and style may be satisfied by presenting the statements in any manner reasonably calculated to draw investor attention to them. In a radio or television advertisement, the statements required by paragraph (b)(1) through (b)(4) of this section must be given emphasis equal to that used in the major portion of the advertisement. The statements required by paragraph (b)(3) of this section must be presented in close proximity to the performance data, and, in a print advertisement, must be presented in the body of the advertisement and not in a footnote.

(6) Commission legend. An advertisement that complies with this section need not contain the Commission legend required by §230.481(b)(1).

(c) Use of applications. An advertisement that complies with this section may not contain or be accompanied by any application by which a prospective investor may invest in the investment company, except that a prospectus meeting the requirements of section 10(a) of the Act (15 U.S.C. 77j(a)) by which a unit investment trust offers variable annuity or variable life insurance contracts may contain a contract application although the prospectus includes, or is accompanied by, information about an investment company in which the unit investment trust invests that, pursuant to this section, is deemed a prospectus under section 10(b) of the Act (15 U.S.C. 77j(b)).

(d) Performance data for non-money market funds. In the case of an open-end management investment company or a trust account (other than a money market fund referred to in paragraph (e) of this section), any quotation of the company’s performance contained in an advertisement shall be limited to quotations of:

(1) Current yield. A current yield that:

(i) Is based on the methods of computation prescribed in Form N-1A (§§ 239.15A and 274.11A of this chapter), N-3 (§§ 239.17a and 274.11b of this chapter), or N-4 (§§ 239.17b and 274.11c of this chapter);

(ii) Is accompanied by quotations of total return as provided for in paragraph (d)(3) of this section;

(iii) Is set out in no greater prominence than the required quotations of total return; and

(iv) Adjacent to the quotation and with no less prominence than the quotation, identifies the length of and the date of the last day in the base period used in computing the quotation.

(2) Tax-equivalent yield. A tax-equivalent yield that:

(i) Is based on the methods of computation prescribed in Form N-1A (§§ 239.15A and 274.11A of this chapter), N-3 (§§ 239.17a and 274.11b of this chapter), or N-4 (§§ 239.17b and 274.11c of this chapter);

(ii) Is accompanied by quotations of yield as provided for in paragraph (d)(1) of this section and total return as provided for in paragraph (d)(3) of this section;

(iii) Is set out in no greater prominence than the required quotations of yield and total return;

(iv) Relates to the same base period as the required quotation of yield; and

(v) Adjacent to the quotation and with no less prominence than the quotation, identifies the length of and the date of the last day in the base period used in computing the quotation.

(3) Average annual total return. Average annual total return for one, five, and ten year periods, except that if the company’s registration statement under the Act (15 U.S.C. 77a et seq.) has been in effect for less than one, five, or ten years, the time period during which
the registration statement was in effect is substituted for the period(s) otherwise prescribed. The quotations must:

(i) Be based on the methods of computation prescribed in Form N-1A (§§ 239.15A and 274.11A of this chapter), N-3 (§§ 239.17a and 274.11b of this chapter), or N-4 (§§ 239.17b and 274.11c of this chapter);

(ii) Be current to the most recent calendar quarter ended prior to the submission of the advertisement for publication;

(iii) Be set out with equal prominence; and

(iv) Adjacent to the quotation and with no less prominence than the quotation, identify the length of and the last day of the one, five, and ten year periods.

(4) After-tax return. For an open-end management investment company, average annual total return (after taxes on distributions) and average annual total return (after taxes on distributions and redemption) for one, five, and ten year periods, except that if the company's registration statement under the Act (15 U.S.C. 77a et seq.) has been in effect for less than one, five, or ten years, the time period during which the registration statement was in effect is substituted for the period(s) otherwise prescribed. The quotations must:

(i) Be based on the methods of computation prescribed in Form N-1A (§§ 239.15A and 274.11A of this chapter);

(ii) Be current to the most recent calendar quarter ended prior to the submission of the advertisement for publication;

(iii) Be accompanied by quotations of total return as provided for in paragraph (d)(3) of this section;

(iv) Include both average annual total return (after taxes on distributions) and average annual total return (after taxes on distributions and redemption);

(v) Be set out with equal prominence and be set out in no greater prominence than the required quotations of total return; and

(vi) Adjacent to the quotations and with no less prominence than the quotations, identify the length of and the last day of the one, five, and ten year periods.

(5) Other performance measures. Any other historical measure of company performance (not subject to any prescribed method of computation) if such measurement:

(i) Reflects all elements of return;

(ii) Is accompanied by quotations of total return as provided for in paragraph (d)(3) of this section;

(iii) In the case of any measure of performance adjusted to reflect the effect of taxes, is accompanied by quotations of total return as provided for in paragraph (d)(4) of this section;

(iv) Is set out in no greater prominence than the required quotations of total return; and

(v) Adjacent to the measurement and with no less prominence than the measurement, identifies the length of and the last day of the period for which performance is measured.

(e) Performance data for money market funds. In the case of a money market fund:

(1) Yield. Any quotation of the money market fund's yield in an advertisement shall be based on the methods of computation prescribed in Form N-1A (§§ 239.15A and 274.11A of this chapter), N-3 (§§ 239.17a and 274.11b of this chapter), or N-4 (§§ 239.17b and 274.11c of this chapter) and may include:

(i) A quotation of current yield that, adjacent to the quotation and with no less prominence than the quotation, identifies the length of and the date of the last day in the base period used in computing that quotation;

(ii) A quotation of effective yield if it appears in the same advertisement as a quotation of current yield and each quotation relates to an identical base period and is presented with equal prominence; or

(iii) A quotation or quotations of tax-equivalent yield or tax-equivalent effective yield if it appears in the same advertisement as a quotation of current yield and each quotation relates to the same base period as the quotation of current yield, is presented with equal prominence, and states the income tax rate used in the calculation.

(2) Total return. Accompany any quotation of the money market fund's
total return in an advertisement with a quotation of the money market fund’s current yield under paragraph (e)(1)(i) of this section. Place the quotations of total return and current yield next to each other, in the same size print, and if there is a material difference between the quoted total return and the quoted current yield, include a statement that the yield quotation more closely reflects the current earnings of the money market fund than the total return quotation.

(f) Advertisements that make tax representations. An advertisement for an open-end management investment company (other than a company that is permitted under §270.35d-1(a)(4) of this chapter to use a name suggesting that the company’s distributions are exempt from federal income tax or from both federal and state income tax) that represents or implies that the company is managed to limit or control the effect of taxes on company performance must accompany any quotation of the company’s performance permitted by paragraph (d) of this section with quotations of total return as provided for in paragraph (d)(4) of this section.

(g) Timeliness of performance data. All performance data contained in any advertisement for a closed-end or open-end management investment company must be current to the most recent practicable date considering the type of investment company and the media through which the data will be conveyed, except that any advertisement containing total return quotations will be considered to have complied with this paragraph provided that:

1. The total return quotations are current to the most recent calendar quarter ended prior to the submission of the advertisement for publication; and
2. Total return quotations current to the most recent month ended seven business days prior to the date of use of the advertisement.

NOTE TO PARAGRAPH (g): The date of use refers to the date or dates when an advertisement is used by investors, not the date on which an advertisement is published or submitted for publication. The date of use refers to the entire period of use by investors and not simply the first date on which an advertisement is used.

(h) Filing. An advertisement that complies with this section need not be filed as part of the registration statement filed under the Act.

NOTE TO PARAGRAPH (h): These advertisements, unless filed with NASD Regulation, Inc., are required to be filed in accordance with the requirements of §230.497.

§ 230.483 Exhibits for certain registration statements.

If a registration statement is prepared on a form available solely to investment companies registered under the Investment Company Act of 1940, or a business development company which is selling or proposing to sell its securities pursuant to a registration statement which has been filed under the Act, the following provisions apply:

(a) Such registration statement shall contain an exhibit index, which should immediately precede the exhibits filed with such registration statement. The exhibit index shall indicate by handwritten, typed, printed or other legible form of notation in the manually signed original registration statement the page number in the sequential numbering system where such exhibit can be found. Where exhibits are incorporated by reference, this fact shall be noted in the exhibit index referred to in the preceding sentence. Further, the first page of the manually signed registration statement shall list the page in the filing where the exhibit index is located.

(b) If any name is signed to the registration statement pursuant to a power of attorney, copies of such powers of attorney shall be filed as an exhibit to the registration statement. In addition, if the name of any officer signing on behalf of the registrant, or attesting the registrant’s seal, is signed pursuant to a power of attorney, certified copies of a resolution of the registrant’s board of directors authorizing such signature shall also be filed.
§ 230.484 Undertaking required in certain registration statements.

If a registration statement is prepared on a form available solely to investment companies registered under the Investment Company Act of 1940, or a business development company which is selling or proposing to sell its securities pursuant to a registration statement which has been filed under the Act, if

(a) Any acceleration is requested of the effective date of the registration statement pursuant to Rule 461 (§ 230.461), and

(b)(1) Any provision or arrangement exists whereby the registrant may indemnify a director, officer or controlling person of the registrant against liabilities arising under the Act, or

(2) The underwriting agreement contains provisions by which indemnification against such liabilities is given by the registrant to the underwriter or controlling persons of the underwriter and the director, officer or controlling person of the registrant is such an underwriter or controlling person thereof,

as an exhibit to the registration statement. A power of attorney that is filed with the Commission shall relate to a specific filing, an amendment thereto, or a related registration statement that is to be effective upon filing pursuant to Rule 462(b) (§ 230.462(b)) under the Act.

(c)(1) All written consents are required to be filed as an exhibit to the registration statement, together with a list thereof. Such consents shall be dated and manually signed. Where the consent of an expert or counsel is contained in his report or opinion, a reference shall be made in the list to the report or opinion containing the consent.

(2) In a registration statement filed pursuant to Rule 462(b) (§ 230.462(b)) by a closed-end company, any required consent may be incorporated by reference into the registration statement from a previously filed registration statement related to the offering, provided that the consent contained in the previously filed registration statement expressly provides for such incorporation. Any consent filed in a Rule 462(b) (§ 230.462(b)) registration statement may contain duplicated or facsimile versions of required signatures, and such signatures shall be considered manually filed for the purposes of the Act and the rules thereunder.

(d) The registrant:

(1) May file such exhibits as it may desire in addition to those required by the appropriate form. Such exhibits shall be so marked as to indicate clearly the subject matters to which they refer;

(2) In any case where two or more indentures, contracts, franchises, or other documents required to be filed as exhibits are substantially identical in all material respects except as to the parties thereto, the dates of execution, or other details, need file a copy of only one of such documents, with a schedule identifying the other documents omitted and setting forth the material details in which such documents differ from the document of which a copy is filed. The Commission may at any time in its discretion require filing of copies of any documents so omitted; and

(3) If an exhibit to a registration statement (other than an opinion or consent), filed in preliminary form, has been changed only (i) to insert information as to interest, dividend or conversion rates, redemption or conversion prices, purchase or offering prices, underwriters’ or dealers’ commission, names, addresses or participation of underwriters or similar matters, which information appears elsewhere in an amendment to the registration statement, or (ii) to correct typographical errors, insert signatures or make other similar immaterial changes, then, notwithstanding any contrary requirement of any rule or form, need not refile such exhibit as so amended; provided the registrant states in the amendment to the registration statement the basis provided by this rule for not refile such exhibit. Any such incomplete exhibit may not, however, be incorporated by reference in any subsequent filing under any Act administered by the Commission.

or a member of any firm which is an underwriter, and

(3) The benefits of such indemnification are not waived by such persons; the registration statement shall include a brief description of the indemnification provisions and an undertaking in substantially the following form:

Insofar as indemnification for liability arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.

§ 230.485 Effective date of post-effective amendments filed by certain registered investment companies.

(a) Automatic effectiveness. (1) Except as otherwise provided in this section, a post-effective amendment to a registration statement filed by a registered open-end management investment company, unit investment trust or separate account as defined in section 2(a)(37) of the Investment Company Act of 1940 [15 USC 80a–2(a)(37)] shall become effective on the sixtieth day after the filing thereof, or a later date designated by the registrant on the facing sheet of the amendment, which date shall be no later than ninety-five days after the date on which the amendment is filed.

(3) The Commission, having due regard to the public interest and the protection of investors, may declare an amendment filed under this paragraph (a) effective on an earlier date.

(b) Immediate effectiveness. Except as otherwise provided in this section, a post-effective amendment to a registration statement filed by a registered open-end management investment company, unit investment trust or separate account as defined in section 2(a)(37) of the Investment Company Act of 1940 [15 USC 80a–2(a)(37)] shall become effective on the date upon which it is filed with the Commission, or a later date designated by the registrant on the facing sheet of the amendment, which date shall be not later than thirty days after the date on which the amendment is filed, except that a post-effective amendment including a designation of a new effective date pursuant to paragraph (b)(1)(iii) of this section shall become effective on the new effective date designated therein, Provided, that the following conditions are met:

(1) It is filed for no purpose other than one or more of the following:

(i) Bringing the financial statements up to date under section 10(a)(3) of the Securities Act of 1933 [15 U.S.C 77j(a)(3)] or Rules 3–12 or 3–18 of Regulation S-X [17 CFR 210.3–12 and 210.3–18];

(ii) Complying with an undertaking to file an amendment containing financial statements, which may be unaudited, within four to six months after the effective date of the registrant’s registration statement under the Securities Act of 1933 [15 U.S.C. 77a et seq.];

(iii) Designating a new effective date for a previously filed post-effective amendment pursuant to paragraph (a) of this section, which has not yet become effective, Provided, that the new effective date shall be no earlier than the effective date designated in the previously filed amendment under paragraph (a) of this section and no later than thirty days after that date;

(iv) Disclosing or updating the information required by Item 5(b) or 10(a)(2)
of Form N–1A [17 CFR 239.15A and 274.11A];

(v) Making any non-material changes which the registrant deems appropriate;

(vi) In the case of a separate account registered as a unit investment trust, to make changes in the disclosure in the unit investment trust’s registration statement to reflect changes to disclosure in the registration statement of the investment company in which the unit investment trust invests all of its assets; and

(vii) Any other purpose which the Commission shall approve.

(2) The registrant represents that the amendment is filed solely for one or more of the purposes specified in paragraph (b)(1) of this section and that no material event requiring disclosure in the prospectus, other than one listed in paragraph (b)(1) of this section or one for which the Commission has approved a filing under paragraph (b)(1)(vii) of this section, has occurred since the latest of the following three dates:

(i) The effective date of the registrant’s registration statement;

(ii) The effective date of its most recent post-effective amendment to its registration statement which included a prospectus; or

(iii) The filing date of a post-effective amendment filed under paragraph (a) of this section which has not become effective.

(3) The amendment recites on its facing sheet that the registrant proposes that the amendment will become effective under paragraph (b) of this section.

(4) The representations of the registrant referred to in paragraph (b)(2) of this section shall be made by certification on the signature page of the post-effective amendment that the amendment meets all the requirements for effectiveness under paragraph (b) of this section. If counsel prepared or reviewed the post-effective amendment filed under paragraph (b) of this section, counsel shall furnish to the Commission at the time the amendment is filed a written representation that the amendment does not contain disclosures that would render it ineligible to become effective under paragraph (b) of this section.

(c) Incomplete or inaccurate amendments; suspension of use of paragraph (b) of this section. (1) No amendment shall become effective under paragraph (a) of this section if, prior to the effective date of the amendment, it should appear to the Commission that the amendment may be incomplete or inaccurate in any material respect, and the Commission furnishes to the registrant written notice that the effective date of the amendment is to be suspended. Following such action by the Commission, the registrant may file with the Commission at any time a petition for review of the suspension. The Commission will order a hearing on the matter if a request for such a hearing is included in the petition. If the Commission has suspended the effective date of an amendment, the amendment shall become effective on such date as the Commission may determine, having due regard to the public interest and the protection of investors.

(2) The Commission may, in the manner and under the circumstances set forth in this paragraph (c)(2), suspend the ability of registrant to file a post-effective amendment under paragraph (b) of this section. The notice of such suspension shall be in writing and shall specify the period for which such suspension shall remain in effect. The Commission may issue a suspension if it appears to the Commission that a registrant which files a post-effective amendment under paragraph (b) of this section has not complied with the conditions of that paragraph. Any suspension under this paragraph (c)(2) shall become effective at such time as the Commission furnishes written notice thereof to the registrant. Any such suspension, so long as it is in effect, shall apply to any post-effective amendment that has been filed but has not, at the time of such suspension, become effective, and to any post-effective amendment that may be filed after the suspension. Any suspension shall apply only to the ability to file a post-effective amendment pursuant to paragraph (b) of this section and shall not otherwise affect any post-effective amendment. Following this action by the Commission the registrant may file with the Commission at any time a petition for review of the suspension. The
Commission will order a hearing on the matter if a request for a hearing is included in the petition.

(3) A registrant’s ability to file a post-effective amendment, other than an amendment filed solely for purposes of submitting an Interactive Data File, under paragraph (b) of this section is automatically suspended if a registrant fails to submit and post on its Web site any Interactive Data File exhibit as required by General Instruction C.3.(g) of Form N–1A (§§239.15A and 274.11A of this chapter). A suspension under this paragraph (c)(3) shall become effective at such time as the registrant fails to submit or post an Interactive Data File as required by General Instruction C.3.(g) of Form N–1A. Any such suspension, so long as it is in effect, shall apply to any post-effective amendment that is filed after the suspension becomes effective, but shall not apply to any post-effective amendment that was filed before the suspension became effective. Any suspension shall apply only to the ability to file a post-effective amendment pursuant to paragraph (b) of this section and shall not otherwise affect any post-effective amendment. Any suspension under this paragraph (c)(3) shall terminate as soon as a registrant has submitted and posted to its Web site the Interactive Data File as required by General Instruction C.3.(g) of Form N–1A.

(d) Subsequent amendments. (1) Except as provided in paragraph (d)(2) of this section, a post-effective amendment that includes a prospectus shall not become effective under paragraph (a) of this section if a subsequent post-effective amendment relating to the prospectus is filed before such amendment becomes effective. Any suspension shall apply only to the ability to file a post-effective amendment pursuant to paragraph (b) of this section and shall not otherwise affect any post-effective amendment.

(2) A post-effective amendment that includes a prospectus shall become effective under paragraph (a) of this section notwithstanding the filing of a subsequent post-effective amendment relating to the prospectus, Provided, that the following conditions are met:

(i) the subsequent amendment is filed under paragraph (b) of this section; and

(ii) the subsequent amendment designates an effective date either:

(A) the date on which the prior post-effective amendment was to become effective under paragraph (a) of this section; or

(B) a new effective date designated under paragraph (b)(1)(iii) of this section.

In this case the prior post-effective amendment filed under paragraph (a) of this section and any prior post-effective amendment filed under paragraph (b) of this section shall also become effective on the new effective date designated under paragraph (b)(1)(iii) of this section.

(3) Notwithstanding paragraphs (d)(1) and (d)(2) of this section, if another post-effective amendment relating to the same prospectus is filed under paragraph (a) of this section before the prior amendments filed pursuant to paragraphs (a) and (b) of this section have become effective, none of such prior amendments shall become effective under this section.

(e) Certain separate accounts. For purposes of this section, a post-effective amendment to a registration statement for an offering of securities by a registered open-end management investment company or unit investment trust as those terms are used in paragraphs (a), (b), and (e) of this section and as such amendments are referred to in paragraphs (c) and (d) of this section, shall include a post-effective amendment to an offering of securities by an insurance company funded through a separate account, as defined in section 2(a)(37) of the Investment Company Act of 1940 [15 U.S.C. 80a–2(a)(37)], where the separate account need not register under the Investment Company Act of 1940 under section 3(c)(11) thereof [15 U.S.C. 80a–3(c)(11)].

(f) Electronic filers. When ascertaining the date of filing, electronic filers should not presume a registration statement has been accepted until notice of acceptance has been received from the Commission.

NOTE: To determine the date of automatic effectiveness, the day following the filing date is the first day of the time period. For example, a post-effective amendment filed under paragraph (a) of this section on November 1 would become effective on December 31.

§ 230.485

§ 230.486 Effective date of post-effective amendments and registration statements filed by certain closed-end management investment companies.

(a) Automatic effectiveness. Except as otherwise provided in this section, a post-effective amendment to a registration statement, or a registration statement filed for the purpose of registering additional shares of common stock for which a registration statement filed on Form N-2 (§§ 239.14 and 274.11a-1 of this chapter) is effective, filed by a registered closed-end management investment company or business development company which makes periodic repurchase offers under §270.23c-3 of this chapter, is effective, filed by a registered closed-end management investment company or business development company which makes periodic repurchase offers under §270.23c-3 of this chapter, shall become effective on the sixtieth day after the filing thereof, or a later date designated by the registrant on the facing sheet of the amendment or registration statement, which date shall not be later than eighty days after the date on which the amendment or registration statement is filed, Provided, that the Commission, having due regard to the public interest and the protection of investors, may declare an amendment or registration statement filed under this paragraph (a) effective on an earlier date.

(b) Immediate effectiveness. Except as otherwise provided in this section, a post-effective amendment to a registration statement, or a registration statement for additional shares of common stock, filed by a registered closed-end management investment company or business development company which makes periodic repurchase offers under §270.23c-3 of this chapter, shall become effective on the sixtieth day after the filing thereof, or a later date designated by the registrant on the facing sheet of the amendment or registration statement, which date shall not be later than eighty days after the date on which the amendment or registration statement is filed, Provided, that the Commission, having due regard to the public interest and the protection of investors, may declare an amendment or registration statement filed under this paragraph (a) effective on an earlier date.

(1) It is filed for no purpose other than one or more of the following:

(i) Registering additional shares of common stock for which a registration statement filed on Form N-2 (§§ 239.14 and 274.11a-1 of this chapter) is effective;

(ii) Bringing the financial statements up to date under section 10(a)(3) of the Act [15 U.S.C. 77j(a)(3)] or rule 3-18 of Regulation S-X [17 CFR 210.3-18];

(iii) Designating a new effective date for a previously filed post-effective amendment or registration statement for additional shares under paragraph (a) of this section, which has not yet become effective, Provided, that the new effective date shall be no earlier than the effective date designated in the previously filed amendment or registration statement under paragraph (a) of this section and no later than thirty days after that date;

(iv) Disclosing or updating the information required by Item 9c of Form N-2 [17 CFR 239.14 and 274.11a-1];

(v) Making any non-material changes which the registrant deems appropriate; and

(vi) Any other purpose which the Commission shall approve.

(2) The registrant represents that the amendment is filed solely for one or more of the purposes specified in paragraph (b)(1) of this section and that no material event requiring disclosure in the prospectus, other than one listed in paragraph (b)(1) or one for which the Commission has approved a filing under paragraph (b)(1)(vi) of this section, has occurred since the latest of the following three dates:

(i) The effective date of the registrant’s registration statement;

(ii) The effective date of its most recent post-effective amendment to its registration statement which included a prospectus; or

(iii) The filing date of a post-effective amendment or registration statement filed under paragraph (a) of this section which has not become effective; and

(3) The amendment or registration statement recites on the facing sheet thereof that the registrant proposes that the amendment or registration statement will become effective under paragraph (b) of this section.
(4) The representations of the registrant referred to in paragraph (b)(2) of this section shall be made by certification on the signature page of the post-effective amendment or registration statement that the amendment or registration statement meets all of the requirements for effectiveness under paragraph (b) of this section. If counsel prepared or reviewed the post-effective amendment or registration statement filed under paragraph (b) of this section, counsel shall furnish to the Commission at the time the amendment or registration statement is filed a written representation that the amendment or registration statement does not contain disclosure which would render it ineligible to become effective under paragraph (b) of this section.

(c) Incomplete or inaccurate amendments; suspension of use of paragraph (b) of this section. (1) No amendment or registration statement shall become effective under paragraph (a) of this section if, prior to the effective date of the amendment or registration statement, it should appear to the Commission that the amendment or registration statement may be incomplete or inaccurate in any material respect, and the Commission furnishes to the registrant written notice that the effective date of the amendment or registration statement is to be suspended. Following such action by the Commission, the registrant may file with the Commission at any time a petition for review of the suspension. The Commission will order a hearing on the matter if a request for a hearing is included in the petition.

(d) Subsequent amendments. (1) Except as provided in paragraph (d)(2) of this section, a post-effective amendment or registration statement which includes a prospectus shall become effective under paragraph (a) of this section if a subsequent post-effective amendment or registration statement relating to the prospectus is filed before such amendment or registration statement becomes effective.

(2) A post-effective amendment or registration statement which includes a prospectus shall become effective under paragraph (a) of this section notwithstanding the filing of a subsequent post-effective amendment or registration statement relating to the prospectus, provided, that the following conditions are met:

(i) The subsequent amendment or registration statement is filed under paragraph (b) of this section; and

(ii) The subsequent amendment or registration statement designates as its effective date either:

(A) The date on which the prior post-effective amendment or registration
statement was to become effective under paragraph (a) of this section or

(B) A new effective date designated under paragraph (b)(1)(iii) of this section.

In this case the prior post-effective amendment or registration statement filed under paragraph (a) of this section and any prior post-effective amendment or registration statement filed under paragraph (b) of this section shall also become effective on the new effective date designated under paragraph (b)(1)(iii) of this section.

(3) Notwithstanding paragraphs (d)(1) and (d)(2) of this section, if another post-effective amendment or registration statement relating to the same prospectus is filed under paragraph (a) of this section before the prior amendments or registration statements filed under paragraphs (a) and (b) of this section have become effective, none of such prior amendments or registration statements shall become effective under this section.

(e) Condition to use of paragraphs (a) or (b). A post-effective amendment or new registration statement shall not become effective under paragraphs (a) or (b) of this section unless within two years prior to the filing thereof a post-effective amendment or registration statement relating to the same prospectus is filed under paragraph (a) of this section before the prior amendments or registration statements filed under paragraphs (a) and (b) of this section have become effective, none of such prior amendments or registration statements shall become effective under this section.

(e) Condition to use of paragraphs (a) or (b). A post-effective amendment or new registration statement shall not become effective under paragraphs (a) or (b) of this section unless within two years prior to the filing thereof a post-effective amendment or registration statement relating to the common stock of the registrant has become effective.

(1) Electronic filers. When ascertaining the date of filing, electronic filers should not presume a registration statement has been accepted until notice of acceptance has been received from the Commission.

NOTE: To determine the date of automatic effectiveness, the day following the filing date is the first day of the time period. For example, a post-effective amendment filed under paragraph (a) of this section on November 1 would become effective on December 31.

If the registrant complies with the conditions set forth in paragraph (b) of this section, the registration statement shall become effective in accordance with such designation.

(2) The registrant may designate the date and time of effectiveness in the registration statement or in any pre-effective amendment thereto. A pre-effective amendment to a registration statement with respect to which such a designation is properly made shall be deemed to have been filed with the consent of the Commission and shall accordingly be treated as part of the registration statement.

(ii) That, except to the extent necessary to identify the specific portfolio securities deposited in, and to provide essential financial information for, the series with respect to which the registration statement or pre-effective amendment thereto is being filed, the registration statement or pre-effective amendment thereto does not contain disclosures that differ in any material

(b) All general instructions, instructions to items of the form, and instructions as to financial statements, exhibits, or prospectuses are to be omitted from the registration statement in all cases.

(c) In the case of a registration statement filed on Form N–1A (§§ 239.15A and 274.11A of this chapter), Form N–2 (§§ 239.14 and 274.11a–1 of this chapter), Form N–3 (§§ 239.17a and 274.11b of this chapter), Form N–4 (§§ 239.17b and 274.11c of this chapter) or Form N–6 (§§ 239.17c and 274.11d of this chapter), Parts A and B shall contain the information called for by each of the items of the applicable Part, except that unless otherwise specified, no reference need be made to inapplicable items, and negative answers to any item may be omitted. Copies of Parts A and B may be filed as part of the registration statement in lieu of furnishing the information in item-and-answer form. Wherever such copies are filed in lieu of information in item-and-answer form, the text of the items of the form is to be omitted from the registration statement called for by each of the items of Parts A and B, except to the extent provided in paragraph (d) of the section.

(d) In the case of a registration statement filed on Form N–1A (§§ 239.15A and 274.11A of this chapter), Form N–2 (§§ 239.14 and 274.11a–1 of this chapter), Form N–3 (§§ 239.17a and 274.11b of this chapter), Form N–4 (§§ 239.17b and 274.11c of this chapter) or Form N–6 (§§ 239.17c and 274.11d of this chapter), where any item of those forms calls for information not required to be included in Parts A and B (generally Part C of such form), the text of such items, including the numbers and captions thereof, together with the answers thereto, shall be filed with Parts A or B under cover of the facing sheet of the form as part of the registration statement. However, the text of such items may be omitted, provided the answers are so prepared as to indicate the coverage of the item without the necessity of reference to the text of the item. If any such item is inapplicable, or the answer thereto is in the negative, a statement to that effect shall be made. Any financial statements not required to be included in Parts A and B shall also be filed as part of the registration statement proper, unless incorporated by reference pursuant to § 230.411.

(Securities Act of 1933)

§ 230.498 Summary Prospectuses for open-end management investment companies.

(a) Definitions. For purposes of this section:

(1) Class means a class of shares issued by a Fund that has more than one class that represent interests in the same portfolio of securities under § 270.18f–3 of this chapter or under an order exempting the Fund from sections 18(f), 18(g), and 18(i) of the Investment Company Act (15 U.S.C. 80a–18(f), 80a–18(g), and 80a–18(i)).

(2) Exchange-Traded Fund means a Fund or a Class, the shares of which are traded on a national securities exchange, and that has formed and operates pursuant to an exemptive order granted by the Commission or in reliance on an exemptive rule adopted by the Commission.

(3) Fund means an open-end management investment company, or any Series of such a company, that has, or is included in, an effective registration statement on Form N–1A (§§ 239.15A and 274.11A of this chapter) and that has a current prospectus that satisfies the requirements of section 10(a) of the Act (15 U.S.C. 77j(a)).

(4) Series means shares offered by a Fund that represent undivided interests in a portfolio of investments and that are traded on a national securities exchange and that are preferred over all other series of shares for assets specifically allocated to that series in accordance with §270.18f–2(a) of this chapter.

(5) Statement of Additional Information means the statement of additional information required by Part B of Form N–1A.

(6) Statutory Prospectus means a prospectus that satisfies the requirements of section 10(a) of the Act.

(7) Summary Prospectus means the summary prospectus described in paragraph (b) of this section.

(b) General requirements for Summary Prospectus. This paragraph describes the requirements for a Fund’s Summary Prospectus. A Summary Prospectus that complies with this paragraph (b) will be deemed to be a prospectus that is authorized under section 10(b) of the Act (15 U.S.C. 77j(b)) and section 24(g) of the Investment Company Act (15 U.S.C. 80a–24(g)) for
§ 230.498  17 CFR Ch. II (4–1–13 Edition)

the purposes of section 5(b)(1) of the Act (15 U.S.C. 77e(b)(1)).

(1) Cover page or beginning of Summary Prospectus. Include on the cover page of the Summary Prospectus or at the beginning of the Summary Prospectus:

(i) The Fund’s name and the Class or Classes, if any, to which the Summary Prospectus relates.

(ii) The exchange ticker symbol of the Fund’s shares or, if the Summary Prospectus relates to one or more Classes of the Fund’s shares, adjacent to each such Class, the exchange ticker symbol of such Class of the Fund’s shares. If the Fund is an Exchange-Traded Fund, also identify the principal U.S. market or markets on which the Fund shares are traded.

(iii) A statement identifying the document as a “Summary Prospectus.”

(iv) The approximate date of the Summary Prospectus’s first use.

(v) The following legend:

Before you invest, you may want to review the Fund’s prospectus, which contains more information about the Fund and its risks. You can find the Fund’s prospectus and other information about the Fund online at [______]. You can also get this information at no cost by calling [______] or by sending an e-mail request to [______].

(A) The legend must provide an Internet address, other than the address of the Commission’s electronic filing system; toll free (or collect) telephone number; and e-mail address that investors can use to obtain the Statutory Prospectus and other information. The Internet Web site address must be specific enough to lead investors directly to the Statutory Prospectus and other information. The Internet Web site address must be specific enough to lead investors directly to the Statutory Prospectus and other information that are required to be accessible under paragraph (e)(1) of this section, rather than to the home page or other section of the Web site on which the materials are posted. The Web site could be a central site with prominent links to each document. The legend may indicate, if applicable, that the Statutory Prospectus and other information are available from a financial intermediary (such as a broker-dealer or bank) through which shares of the Fund may be purchased or sold.

(B) If the Fund incorporates any information by reference into the Summary Prospectus, the legend must identify the type of document (e.g., Statutory Prospectus) from which the information is incorporated and the date of the document. If a Fund incorporates by reference a part of a document, the legend must clearly identify the part by page, paragraph, caption, or otherwise. If information is incorporated from a source other than the Statutory Prospectus, the legend must explain that the incorporated information may be obtained, free of charge, in the same manner as the Statutory Prospectus. A Fund may modify the legend to include a statement to the effect that the Summary Prospectus is intended for use in connection with a defined contribution plan that meets the requirements for qualification under section 401(k) of the Internal Revenue Code (26 U.S.C. 401(k)), a tax-deferred arrangement under section 403(b) or 457 of the Internal Revenue Code (26 U.S.C. 403(b) or 457), or a variable contract as defined in section 817(d) of the Internal Revenue Code (26 U.S.C. 817(d)), as applicable, and is not intended for use by other investors.

(2) Contents of the Summary Prospectus. Except as otherwise provided in this paragraph (b), provide the information required or permitted by Items 2 through 8 of Form N–1A, and only that information, in the order required by the form. A Summary Prospectus may omit the explanation and information required by Instruction 2(c) to Item 4(b)(2) of Form N–1A.

(3) Incorporation by reference. (i) Except as provided by paragraph (b)(3)(ii) of this section, information may not be incorporated by reference into a Summary Prospectus. Information that is incorporated by reference into a Summary Prospectus in accordance with paragraph (b)(3)(ii) of this section need not be sent or given with the Summary Prospectus.

(ii) A Fund may incorporate by reference into a Summary Prospectus any or all of the information contained in the Fund’s Statutory Prospectus and Statement of Additional Information, and any information from the Fund’s reports to shareholders under §270.30e–1 that the Fund has incorporated by reference into the Fund’s Statutory Prospectus, provided that:
(A) The conditions of paragraphs (b)(1)(v)(B) and (e) of this section are met;

(B) A Fund may not incorporate by reference into a Summary Prospectus information that paragraphs (b)(1) and (2) of this section require to be included in the Summary Prospectus; and

(C) Information that is permitted to be incorporated by reference into the Summary Prospectus may be incorporated by reference into the Summary Prospectus only by reference to the specific document that contains the information, not by reference to another document that incorporates such information by reference.

(iii) For purposes of §230.159, information is conveyed to a person not later than the time that a Summary Prospectus is received by the person if the information is incorporated by reference into the Summary Prospectus in accordance with paragraph (b)(3)(ii) of this section.

(4) Multiple Funds and Classes. A Summary Prospectus may describe only one Fund, but may describe more than one Class of a Fund.

(c) Transfer of the security. Any obligation under section 5(b)(2) of the Act (15 U.S.C. 77e(b)(2)) to have a Statutory Prospectus precede or accompany the carrying or delivery of a Fund security in an offering registered on Form N–1A is satisfied if:

(1) A Summary Prospectus is sent or given no later than the time of the carrying or delivery of the Fund security;

(2) The Summary Prospectus is not bound together with any materials, except as permitted by paragraph (c)(2) of this section;

(3) The Summary Prospectus that was sent or given satisfies the requirements of paragraph (b) of this section at the time of such communication; and

(4) The conditions set forth in paragraph (e) of this section are satisfied.

(e) Availability of Fund’s Statutory Prospectus and certain other Fund documents. (1) The Fund’s current Summary Prospectus, Statutory Prospectus, Statement of Additional Information, and most recent annual and semi-annual reports to shareholders under §270.30e–1 are publicly accessible, free of charge, at the Web site address specified on the cover page or at the beginning of the Summary Prospectus on or before the time that the Summary Prospectus is sent or given and current versions of those documents remain on the Web site through the date that is at least 90 days after:

(i) In the case of reliance on paragraph (c) of this section, the date that
§230.498 the Fund security is carried or delivered; or

(ii) In the case of reliance on paragraph (d) of this section, the date that the communication is sent or given.

(2) The materials that are accessible in accordance with paragraph (e)(1) of this section must be presented on the Web site in a format, or formats, that:

(i) Are human-readable and capable of being printed on paper in human-readable format;

(ii) Permit persons accessing the Statutory Prospectus or Statement of Additional Information to move directly back and forth between each section heading in a table of contents of such document and the section of the document referenced in that section heading; provided that, in the case of the Statutory Prospectus, the table of contents is either required by §230.481(c) or contains the same section headings as the table of contents required by §230.481(c); and

(iii) Permit persons accessing the Summary Prospectus to move directly back and forth between:

(A) Each section of the Summary Prospectus and any section of the Statutory Prospectus and Statement of Additional Information that provides additional detail concerning that section of the Summary Prospectus; or

(B) Links located at both the beginning and end of the Summary Prospectus, or that remain continuously visible to persons accessing the Summary Prospectus, and tables of contents of both the Statutory Prospectus and the Statement of Additional Information that meet the requirements of paragraph (e)(2)(ii) of this section.

(3) Persons accessing the materials specified in paragraph (e)(1) of this section must be able to permanently retain, free of charge, an electronic version of such materials in a format, or formats, that meet each of the requirements of paragraphs (e)(2)(i) and (ii) of this section.

(4) The conditions set forth in paragraphs (e)(1), (e)(2), and (e)(3) of this section shall be deemed to be met, notwithstanding the fact that the materials specified in paragraph (e)(1) of this section are not available for a time in the manner required by paragraphs (e)(1), (e)(2), and (e)(3) of this section, provided that:

(i) The Fund has reasonable procedures in place to ensure that the specified materials are available in the manner required by paragraphs (e)(1), (e)(2), and (e)(3) of this section; and

(ii) The Fund takes prompt action to ensure that the specified documents become available in the manner required by paragraphs (e)(1), (e)(2), and (e)(3) of this section, as soon as practicable following the earlier of the time at which it knows or reasonably should have known that the documents are not available in the manner required by paragraphs (e)(1), (e)(2), and (e)(3) of this section.

(f) Other requirements—(1) Delivery upon request. If paragraph (c) or (d) of this section is relied on with respect to a Fund, the Fund (or a financial intermediary through which shares of the Fund may be purchased or sold) must send, at no cost to the requestor and by U.S. first class mail or other reasonably prompt means, a paper copy of the Fund’s Statutory Prospectus, Statement of Additional Information, and most recent annual and semi-annual reports to shareholders to any person requesting such a copy within three business days after receiving a request for a paper copy. If paragraph (c) or (d) of this section is relied on with respect to a Fund, the Fund (or a financial intermediary through which shares of the Fund may be purchased or sold) must send, at no cost to the requestor and by e-mail, an electronic copy of the Fund’s Statutory Prospectus, Statement of Additional Information, and most recent annual and semi-annual reports to shareholders to any person requesting such a copy within three business days after receiving a request for an electronic copy. The requirement to send an electronic copy of a document by e-mail may be satisfied by sending a direct link to the document on the Internet; provided that a current version of the document is directly accessible through the link from the time that the e-mail is sent through the date that is six months after the date that the e-mail is sent and the e-mail explains both how long the link will remain usable and that, if the recipient desires to retain a copy...
of the document, he or she should access and save the document.

(2) Greater prominence. If paragraph (c) or (d) of this section is relied on with respect to a Fund, the Fund’s Summary Prospectus shall be given greater prominence than any materials that accompany the Fund’s Summary Prospectus, with the exception of other Summary Prospectuses, Statutory Prospectuses, or a Notice of Internet Availability of Proxy Materials under §240.14a–16 of this chapter.

(3) Convenient for reading and printing. If paragraph (c) or (d) of this section is relied on with respect to a Fund:

(i) The materials that are accessible in accordance with paragraph (e)(1) of this section must be presented on the Web site in a format, or formats, that are convenient for both reading online and printing on paper; and

(ii) Persons accessing the materials that are accessible in accordance with paragraph (e)(1) of this section must be able to permanently retain, free of charge, an electronic version of such materials in a format, or formats, that are convenient for both reading online and printing on paper.

(4) Information in Summary Prospectus must be the same as information in Statutory Prospectus. If paragraph (c) or (d) of this section is relied on with respect to a Fund, the information provided in response to Items 2 through 8 of Form N–1A in the Fund’s Summary Prospectus must be the same as the information provided in response to Items 2 through 8 of Form N–1A in the Fund’s Statutory Prospectus except as expressly permitted by paragraph (b)(2) of this section.

(5) Compliance with paragraph (f) not a condition to reliance on paragraphs (c) and (d). Compliance with this paragraph (f) is not a condition to the ability to rely on paragraph (c) or (d) of this section with respect to a Fund, and failure to comply with paragraph (f) does not negate the ability to rely on paragraph (c) or (d).

§ 230.501 Definitions and terms used in Regulation D.

As used in Regulation D (§ 230.500 et seq. of this chapter), the following terms shall have the meaning indicated:

(a) Accredited investor. Accredited investor shall mean any person who comes within any of the following categories, or who the issuer reasonably believes comes within any of the following categories, at the time of the sale of the securities to that person:

(1) Any bank as defined in section 3(a)(2) of the Act, or any savings and loan association or other institution as defined in section 3(a)(5)(A) of the Act whether acting in its individual or fiduciary capacity; any broker or dealer registered pursuant to section 15 of the Securities Exchange Act of 1934; any insurance company as defined in section 2(13) of that Act; any investment company registered under the Investment Company Act of 1940 or a business development company as defined in section 2(a)(48) of that Act; any Small Business Investment Company licensed by the U.S. Small Business Administration under section 301(c) or (d) of the Small Business Investment Act of 1958; any plan established and maintained by a state, its political subdivisions, or any agency or instrumentality of a state or its political subdivisions, for the benefit of its employees, if such plan has total assets in excess of $5,000,000; any employee benefit plan within the meaning of the Employee Retirement Income Security Act of 1974 if the investment decision is made by a plan fiduciary, as defined in section 3(21) of such Act, which is either a bank, savings and loan association, insurance company, or registered investment adviser, or if the employee benefit plan has total assets in excess of $5,000,000 or, if a self-directed plan, with investment decisions made solely by persons that are accredited investors;

(2) Any private business development company as defined in section 202(a)(22) of the Investment Advisers Act of 1940;

(3) Any organization described in section 501(c)(3) of the Internal Revenue Code, corporation, Massachusetts or similar business trust, or partnership, not formed for the specific purpose of acquiring the securities offered, with total assets in excess of $5,000,000;

(4) Any director, executive officer, or general partner of the issuer of the securities being offered or sold, or any director, executive officer, or general partner of a general partner of that issuer;

(5) Any natural person whose individual net worth, or joint net worth with that person’s spouse, exceeds $1,000,000.
(i) Except as provided in paragraph (a)(5)(ii) of this section, for purposes of calculating net worth under this paragraph (a)(5):

(A) The person’s primary residence shall not be included as an asset;

(B) Indebtedness that is secured by the person’s primary residence, up to the estimated fair market value of the primary residence at the time of the sale of securities, shall not be included as a liability (except that if the amount of such indebtedness outstanding at the time of sale of securities exceeds the amount outstanding 60 days before such time, other than as a result of the acquisition of the primary residence, the amount of such excess shall be included as a liability); and

(C) Indebtedness that is secured by the person’s primary residence in excess of the estimated fair market value of the primary residence at the time of the sale of securities shall be included as a liability;

(ii) Paragraph (a)(5)(i) of this section will not apply to any calculation of a person’s net worth made in connection with a purchase of securities in accordance with a right to purchase such securities, provided that:

(A) Such right was held by the person on July 20, 2010;

(B) The person qualified as an accredited investor on the basis of net worth at the time the person acquired such right; and

(C) The person held securities of the same issuer, other than such right, on July 20, 2010.

(6) Any natural person who had an individual income in excess of $200,000 in each of the two most recent years or joint income with that person’s spouse in excess of $300,000 in each of those years and has a reasonable expectation of reaching the same income level in the current year;

(7) Any trust, with total assets in excess of $5,000,000, not formed for the specific purpose of acquiring the securities offered, whose purchase is directed by a sophisticated person as described in §230.506(b)(2)(ii); and

(8) Any entity in which all of the equity owners are accredited investors.

(b) Affiliate. An affiliate of, or person affiliated with, a specified person shall mean a person that, directly or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with, the person specified.

(c) Aggregate offering price. Aggregate offering price shall mean the sum of all cash, services, property, notes, cancellation of debt, or other consideration to be received by an issuer for issuance of its securities. Where securities are being offered for both cash and non-cash consideration, the aggregate offering price shall be based on the price at which the securities are offered for cash. Any portion of the aggregate offering price attributable to cash received in a foreign currency shall be translated into United States currency at the currency exchange rate in effect at a reasonable time prior to or on the date of the sale of the securities. If securities are not offered for cash, the aggregate offering price shall be based on the value of the consideration made within a reasonable time, or, in the absence of sales, on the fair value as determined by an accepted standard. Such valuations of non-cash consideration must be reasonable at the time made.

(d) Business combination. Business combination shall mean any transaction of the type specified in paragraph (a) of Rule 145 under the Act (17 CFR 230.145) and any transaction involving the acquisition by one issuer, in exchange for all or a part of its own or its parent’s stock, of stock of another issuer if, immediately after the acquisition, the acquiring issuer has control of the other issuer (whether or not it had control before the acquisition).

(e) Calculation of number of purchasers. For purposes of calculating the number of purchasers under §§230.505(b) and 230.506(b) only, the following shall apply:

(1) The following purchasers shall be excluded:

(i) Any relative, spouse or relative of the spouse of a purchaser who has the same primary residence as the purchaser;

(ii) Any trust or estate in which a purchaser and any of the persons related to him as specified in paragraph (e)(1)(i) or (e)(1)(ii) of this section collectively have more than 50 percent of

the beneficial interest (excluding contingent interests);

(iii) Any corporation or other organization of which a purchaser and any of the persons related to him as specified in paragraph (e)(1)(i) or (e)(1)(ii) of this section collectively are beneficial owners of more than 50 percent of the equity securities (excluding directors’ qualifying shares) or equity interests; and

(iv) Any accredited investor.

(2) A corporation, partnership or other entity shall be counted as one purchaser. If, however, that entity is organized for the specific purpose of acquiring the securities offered and is not an accredited investor under paragraph (a)(8) of this section, then each beneficial owner of equity securities or equity interests in the entity shall count as a separate purchaser for all provisions of Regulation D (§§ 230.501–230.508), except to the extent provided in paragraph (e)(1) of this section.

(3) A non-contributory employee benefit plan within the meaning of Title I of the Employee Retirement Income Security Act of 1974 shall be counted as one purchaser where the trustee makes all investment decisions for the plan.

Note: The issuer must satisfy all the other provisions of Regulation D for all purchasers whether or not they are included in calculating the number of purchasers. Clients of an investment adviser or customers of a broker or dealer shall be considered the “purchasers” under Regulation D regardless of the amount of discretion given to the investment adviser or broker or dealer to act on behalf of the client or customer.

(f) Executive officer. Executive officer shall mean the president, any vice president in charge of a principal business unit, division or function (such as sales, administration or finance), any other officer who performs a policy making function, or any other person who performs similar policy making functions for the issuer. Executive officers of subsidiaries may be deemed executive officers of the issuer if they perform such policy making functions for the issuer.

(g) Issuer. The definition of the term issuer in section 2(4) of the Act shall apply, except that in the case of a proceeding under the Federal Bankruptcy Code (11 U.S.C. 101 et seq.), the trustee or debtor in possession shall be considered the issuer in an offering under a plan or reorganization, if the securities are to be issued under the plan.

(h) Purchaser representative. Purchaser representative shall mean any person who satisfies all of the following conditions or who the issuer reasonably believes satisfies all of the following conditions:

(1) Is not an affiliate, director, officer or other employee of the issuer, or beneficial owner of 10 percent or more of any class of the equity securities or 10 percent or more of the equity interest in the issuer, except where the purchaser is:

(i) A relative of the purchaser representative by blood, marriage or adoption and not more remote than a first cousin;

(ii) A trust or estate in which the purchaser representative and any persons related to him as specified in paragraph (h)(1)(i) or (h)(1)(iii) of this section collectively have more than 50 percent of the beneficial interest (excluding contingent interest) or of which the purchaser representative serves as trustee, executor, or in any similar capacity; or

(iii) A corporation or other organization of which the purchaser representative and any persons related to him as specified in paragraph (h)(1)(i) or (h)(1)(ii) of this section collectively have more than 50 percent of the equity securities (excluding directors’ qualifying shares) or equity interests;

(2) Has such knowledge and experience in financial and business matters that he is capable of evaluating, alone, or together with other purchaser representatives of the purchaser, the merits and risks of the prospective investment;

(3) Is acknowledged by the purchaser in writing, during the course of the transaction, to be his purchaser representative in connection with evaluating the merits and risks of the prospective investment; and

(4) Discloses to the purchaser in writing a reasonable time prior to the sale of securities to that purchaser any material relationship between himself or his affiliates and the issuer or its affiliates that then exists, that is mutually
understood to be contemplated, or that has existed at any time during the previous two years, and any compensation received or to be received as a result of such relationship.

NOTE 1: A person acting as a purchaser representative should consider the applicability of the registration and antifraud provisions relating to brokers and dealers under the Securities Exchange Act of 1934 (Exchange Act) (15 U.S.C. 78a et seq., as amended) and relating to investment advisers under the Investment Advisers Act of 1940.

NOTE 2: The acknowledgment required by paragraph (h)(3) and the disclosure required by paragraph (h)(4) of this section must be made with specific reference to each prospective investment. Advance blanket acknowledgment, such as for all securities transactions or all private placements, is not sufficient.

NOTE 3: Disclosure of any material relationships between the purchaser representative or his affiliates and the issuer or its affiliates does not relieve the purchaser representative of his obligation to act in the interest of the purchaser.

§ 230.502 General conditions to be met.

The following conditions shall be applicable to offers and sales made under Regulation D (§230.500 et seq. of this chapter):

(a) Integration. All sales that are part of the same Regulation D offering must meet all of the terms and conditions of Regulation D. Offers and sales that are made more than six months before the start of a Regulation D offering or are made more than six months after completion of a Regulation D offering will not be considered part of that Regulation D offering, so long as during those six month periods there are no offers or sales of securities by or for the issuer that are of the same or a similar class as those offered or sold under Regulation D, other than those offers or sales of securities under an employee benefit plan as defined in rule 405 under the Act (17 CFR 230.405).

NOTE: The term offering is not defined in the Act or in Regulation D. If the issuer offers or sells securities for which the safe harbor rule in paragraph (a) of this §230.502 is unavailable, the determination as to whether separate sales of securities are part of the same offering (i.e., are considered integrated) depends on the particular facts and circumstances. Generally, transactions otherwise meeting the requirements of an exemption will not be integrated with simultaneous offerings being made outside the United States in compliance with Regulation S. See Release No. 33-6863.

The following factors should be considered in determining whether offers and sales should be integrated for purposes of the exemptions under Regulation D:

(a) Whether the sales are part of a single plan of financing;

(b) Whether the sales involve issuance of the same class of securities;

(c) Whether the sales have been made at or about the same time;

(d) Whether the same type of consideration is being received; and

(e) Whether the sales are made for the same general purpose.

See Release 33-4552 (November 6, 1962) [27 FR 11316].

(b) Information requirements—(1) When information must be furnished. If the issuer sells securities under §230.505 or §230.506 to any purchaser that is not an accredited investor, the issuer shall furnish the information specified in paragraph (b)(2) of this section to such purchaser a reasonable time prior to sale. The issuer is not required to furnish the specified information to purchasers when it sells securities under §230.504, or to any accredited investor.

NOTE: When an issuer provides information to investors pursuant to paragraph (b)(1), it should consider providing such information to accredited investors as well, in view of the anti-fraud provisions of the federal securities laws.

(2) Type of information to be furnished. (i) If the issuer is not subject to the reporting requirements of section 13 or 15(d) of the Exchange Act, at a reasonable time prior to the sale of securities the issuer shall furnish to the purchaser, to the extent material to an understanding of the issuer, its business and the securities being offered:

(A) Non-financial statement information. If the issuer is eligible to use Regulation A (§230.251–263), the same kind of information as would be required in Part II of Form 1-A (§239.90 of this chapter). If the issuer is not eligible to use Regulation A, the same kind of information as required in Part I of a registration statement filed under the Securities Act on the form that the issuer would be entitled to use.
§ 230.502 17 CFR Ch. II (4–1–13 Edition)

(B) Financial statement information—

(1) Offerings up to $2,000,000. The information required in Article 8 of Regulation S–X (§210.8 of this chapter), except that only the issuer’s balance sheet, which shall be dated within 120 days of the start of the offering, must be audited.

(2) Offerings up to $7,500,000. The financial statement information required in Form S–1 (§239.10 of this chapter) for smaller reporting companies. If an issuer, other than a limited partnership, cannot obtain audited financial statements without unreasonable effort or expense, then only the issuer’s balance sheet, which shall be dated within 120 days of the start of the offering, must be audited. If the issuer is a limited partnership and cannot obtain the required financial statements without unreasonable effort or expense, it may furnish financial statements that have been prepared on the basis of Federal income tax requirements and examined and reported on in accordance with generally accepted auditing standards by an independent public or certified accountant.

(3) Offerings over $7,500,000. The financial statement as would be required in a registration statement filed under the Act on the form that the issuer would be entitled to use. If an issuer, other than a limited partnership, cannot obtain audited financial statements without unreasonable effort or expense, then only the issuer’s balance sheet, which shall be dated within 120 days of the start of the offering, must be audited. If the issuer is a limited partnership and cannot obtain the required financial statements without unreasonable effort or expense, it may furnish financial statements that have been prepared on the basis of Federal income tax requirements and examined and reported on in accordance with generally accepted auditing standards by an independent public or certified accountant.

(C) If the issuer is a foreign private issuer eligible to use Form 20–F (§249.220f of this chapter), the issuer shall disclose the same kind of information required to be included in a registration statement filed under the Act on the form that the issuer would be entitled to use. The financial statements need be certified only to the extent required by paragraph (b)(2)(i) (B) (1), (2) or (3) of this section, as appropriate.

(ii) If the issuer is subject to the reporting requirements of section 13 or 15(d) of the Exchange Act, at a reasonable time prior to the sale of securities the issuer shall furnish to the purchaser the information specified in paragraph (b)(2)(ii)(A) or (B) of this section, and in either event the information specified in paragraph (b)(2)(ii)(C) of this section:

(A) The issuer’s annual report to shareholders for the most recent fiscal year, if such annual report meets the requirements of Rules 14a–3 or 14c–3 under the Exchange Act (§240.14a–3 or §240.14c–3 of this chapter), the definitive proxy statement filed in connection with that annual report, and if requested by the purchaser in writing, a copy of the issuer’s most recent Form 10–K (§249.310 of this chapter) under the Exchange Act.

(B) The information contained in an annual report on Form 10–K (§249.310 of this chapter) under the Exchange Act or in a registration statement on Form S–1 (§239.11 of this chapter) or S–11 (§239.19 of this chapter) under the Act or on Form 10 (§249.210 of this chapter) under the Exchange Act, whichever filing is the most recent required to be filed.

(C) The information contained in any reports or documents required to be filed by the issuer under sections 13(a), 14(a), 14(c), and 15(d) of the Exchange Act since the distribution or filing of the report or registration statement specified in paragraphs (b)(2)(ii) (A) or (B), and a brief description of the securities being offered, the use of the proceeds from the offering, and any material changes in the issuer’s affairs that are not disclosed in the documents furnished.

(D) If the issuer is a foreign private issuer, the issuer may provide in lieu of the information specified in paragraph (b)(2)(ii) (A) or (B) of this section, the information contained in its most recent filing on Form 20–F or Form F–1 (§239.31 of the chapter).

(iii) Exhibits required to be filed with the Commission as part of a registration statement or report, other than an
annual report to shareholders or parts of that report incorporated by reference in a Form 10–K report, need not be furnished to each purchaser that is not an accredited investor if the contents of material exhibits are identified and such exhibits are made available to a purchaser, upon his or her written request, a reasonable time before his or her purchase.

(iv) At a reasonable time prior to the sale of securities to any purchaser that is not an accredited investor in a transaction under §230.505 or §230.506, the issuer shall furnish to the purchaser a brief description in writing of any material written information concerning the offering that has been provided by the issuer to any accredited investor but not previously delivered to such unaccredited purchaser. The issuer shall furnish any portion or all of this information to the purchaser, upon his written request a reasonable time prior to his purchase.

(v) The issuer shall also make available to each purchaser at a reasonable time prior to his purchase of securities in a transaction under §230.505 or §230.506, the opportunity to ask questions and receive answers concerning the terms and conditions of the offering and to obtain any additional information which the issuer possesses or can acquire without unreasonable effort or expense that is necessary to verify the accuracy of information furnished under paragraph (b)(2) (i) or (ii) of this section.

(vi) For business combinations or exchange offers, in addition to information required by Form S-4 (17 CFR 230.25), the issuer shall provide to each purchaser at the time the plan is submitted to security holders, or, with an exchange, during the course of the transaction and prior to sale, written information about any terms or arrangements of the proposed transactions that are materially different from those for all other security holders. For purposes of this subsection, an issuer which is not subject to the reporting requirements of section 13 or 15(d) of the Exchange Act may satisfy the requirements of Part I.B. or C. of Form S-4 by compliance with paragraph (b)(2)(i) of this §230.502.

(vii) At a reasonable time prior to the sale of securities to any purchaser that is not an accredited investor in a transaction under §230.505 or §230.506, the issuer shall advise the purchaser of the limitations on resale in the manner contained in paragraph (d)(2) of this section. Such disclosure may be contained in other materials required to be provided by this paragraph.

(c) Limitation on manner of offering. Except as provided in §230.504(b)(1), neither the issuer nor any person acting on its behalf shall offer or sell the securities by any form of general solicitation or general advertising, including, but not limited to, the following:

(1) Any advertisement, article, notice or other communication published in any newspaper, magazine, or similar media or broadcast over television or radio; and

(2) Any seminar or meeting whose attendees have been invited by any general solicitation or general advertising; Provided, however, that publication by an issuer of a notice in accordance with §230.135c or filling with the Commission by an issuer of a notice of sales on Form D (17 CFR 230.500) in which the issuer has made a good faith and reasonable attempt to comply with the requirements of such form, shall not be deemed to constitute general solicitation or general advertising for purposes of this section; Provided further, that, if the requirements of §230.135e are satisfied, providing any journalist with access to press conferences held outside of the United States, to meetings with issuer or selling security holder representatives conducted outside of the United States, or to written press-related materials released outside the United States, at or in which a present or proposed offering of securities is discussed, will not be deemed to constitute general solicitation or general advertising for purposes of this section.

(d) Limitations on resale. Except as provided in §230.504(b)(1), securities acquired in a transaction under Regulation D shall have the status of securities acquired in a transaction under section 4(2) of the Act and cannot be resold without registration under the Act or an exemption therefrom. The issuer shall exercise reasonable care to
§ 230.503  Filing of notice of sales.

(a) When notice of sales on Form D is required and permitted to be filed. (1) An issuer offering or selling securities in reliance on §230.504, §230.505, or §230.506 must file with the Commission a notice of sales containing the information required by Form D (17 CFR 239.500) for each new offering of securities no later than 15 calendar days after the first sale of securities in the offering, unless the end of that period falls on a Saturday, Sunday or holiday, in which case the due date would be the first business day following.

(2) An issuer may file an amendment to a previously filed notice of sales on Form D at any time.

(3) An issuer must file an amendment to a previously filed notice of sales on Form D for an offering:

(i) To correct a material mistake of fact or error in the previously filed notice of sales on Form D, as soon as practicable after discovery of the mistake or error;

(ii) To reflect a change in the information provided in the previously filed notice of sales on Form D, as soon as practicable after the change, except that no amendment is required to reflect a change that occurs after the offering terminates or a change that occurs solely in the following information:

(A) The address or relationship to the issuer of a related person identified in response to Item 3 of the notice of sales on Form D;

(B) An issuer’s revenues or aggregate net asset value;

(C) The minimum investment amount, if the change is an increase, or if the change, together with all other changes in that amount since the previously filed notice of sales on Form D, does not result in a decrease of more than 10%;

(D) Any address or state(s) of solicitation shown in response to Item 12 of the notice of sales on Form D;

(E) The total offering amount, if the change is a decrease, or if the change, together with all other changes in that amount since the previously filed notice of sales on Form D, does not result in an increase of more than 10%;

(F) The amount of securities sold in the offering or the amount remaining to be sold;

(G) The number of non-accredited investors who have invested in the offering, as long as the change does not increase the number to more than 35;

(H) The total number of investors who have invested in the offering; or

(I) The amount of sales commissions, finders’ fees or use of proceeds for payments to executive officers, directors or promoters, if the change is a decrease, or if the change, together with all other changes in that amount since the previously filed notice of sales on Form D, does not result in an increase of more than 10%; and

(ii) Annually, on or before the first anniversary of the filing of the notice.
of sales on Form D or the filing of the most recent amendment to the notice of sales on Form D, if the offering is continuing at that time.

(4) An issuer that files an amendment to a previously filed notice of sales on Form D must provide current information in response to all requirements of the notice of sales on Form D regardless of why the amendment is filed. (b) How notice of sales on Form D must be filed and signed. (1) A notice of sales on Form D must be filed with the Commission in electronic format by means of the Commission’s Electronic Data Gathering, Analysis, and Retrieval System (EDGAR) in accordance with EDGAR rules set forth in Regulation S–T (17 CFR Part 232).

[73 FR 10615, Feb. 27, 2008]

§ 230.504 Exemption for limited offerings and sales of securities not exceeding $1,000,000.

(a) Exemption. Offers and sales of securities that satisfy the conditions in paragraph (b) of this § 230.504 by an issuer that is not:

(1) Subject to the reporting requirements of section 13 or 15(d) of the Exchange Act;

(2) An investment company; or

(3) A development stage company that either has no specific business plan or purpose or has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies, or other entity or person, shall be exempt from the provision of section 5 of the Act under section 3(b) of the Act.

(b) Conditions to be met—(1) General conditions. To qualify for exemption under this § 230.504, offers and sales must satisfy the terms and conditions of §§ 230.501 and 230.502 (a), (c) and (d), except that the provisions of § 230.502 (c) and (d) will not apply to offers and sales of securities under this § 230.504 that are made:

(i) Exclusively in one or more states that provide for the registration of the securities, and require the public filing and delivery to investors of a substantive disclosure document before sale, and are made in accordance with those state provisions;

(ii) In one or more states that have no provision for the registration of the securities or the public filing or delivery of a disclosure document before sale, if the securities have been registered in at least one state that provides for such registration, public filing and delivery before sale, and sales are made in that state in accordance with such provisions, and the disclosure document is delivered before sale to all purchasers (including those in the states that have no such procedure); or

(iii) Exclusively according to state law exemptions from registration that permit general solicitation and general advertising so long as sales are made only to "accredited investors" as defined in § 230.501(a).

(2) The aggregate offering price for an offering of securities under this § 230.504, as defined in § 230.501(c), shall not exceed $1,000,000, less the aggregate offering price for all securities sold within the twelve months before the start of and during the offering of securities under this § 230.504, in reliance on any exemption under section 3(b), or in violation of section 5(a) of the Securities Act.

Note 1: The calculation of the aggregate offering price is illustrated as follows:

If an issuer sold $900,000 on June 1, 1987 under this § 230.504 and an additional $4,100,000 on December 1, 1987 under § 230.505, the issuer could not sell any of its securities under this § 230.504 until December 1, 1988. Until then the issuer must count the December 1, 1987 sale towards the $1,000,000 limit within the preceding twelve months.

Note 2: If a transaction under § 230.504 fails to meet the limitation on the aggregate offering price, it does not affect the availability of this § 230.504 for the other transactions considered in applying such limitation. For example, if an issuer sold $1,000,000 worth of its securities on January 1, 1988 under this § 230.504 and an additional $500,000 worth on July 1, 1988, this § 230.504 would not be available for the later sale, but would still be applicable to the January 1, 1988 sale.

§ 230.505 Exemption for limited offers and sales of securities not exceeding $5,000,000.

(a) Exception. Offers and sales of securities that satisfy the conditions in paragraph (b) of this section by an issuer that is not an investment company shall be exempt from the provisions of section 5 of the Act under section 3(b) of the Act.

(b) Conditions to be met—(1) General conditions. To qualify for exemption under this section, offers and sales must satisfy the terms and conditions of §§ 230.501 and 230.502.

(2) Specific conditions—(i) Limitation on aggregate offering price. The aggregate offering price for an offering of securities under this § 230.505, as defined in § 203.501(c), shall not exceed $5,000,000, less the aggregate offering price for all securities sold within the twelve months before the start of and during the offering of securities under this section in reliance on any exemption under section 3(b) of the Act or in violation of section 5(a) of the Act.

Note: The calculation of the aggregate offering price is illustrated as follows:

Example 1: If an issuer sold $2,000,000 of its securities on June 1, 1982 under this § 230.505 and an additional $1,000,000 on September 1, 1982, the issuer would be permitted to sell only $2,000,000 more under this § 230.505 until June 1, 1983. Until that date the issuer must count both prior sales toward the $5,000,000 limit. However, if the issuer made its third sale on June 1, 1983, the issuer could then sell $4,000,000 of its securities because the June 1, 1982 sale would not be within the preceding twelve months.

Example 2: If an issuer sold $500,000 of its securities on June 1, 1982 under § 230.504 and an additional $4,500,000 on December 1, 1982 under this section, then the issuer could not sell any of its securities under this section until June 1, 1983. At that time it could sell an additional $500,000 of its securities.

(ii) Limitation on number of purchasers. There are no more than or the issuer reasonably believes that there are no more than 35 purchasers of securities from the issuer in any offering under this section.

(iii) Disqualifications. No exemption under this section shall be available for the securities of any issuer described in § 230.262 of Regulation A, except that for purposes of this section only:

(A) The term “filling of the offering statement required by § 230.252” as used in § 230.262(a), (b) and (c) shall mean the first sale of securities under this section;

(B) The term “underwriter” as used in § 230.262 (b) and (c) shall mean a person that has been or will be paid directly or indirectly remuneration for solicitation of purchasers in connection with sales of securities under this section; and

(C) Paragraph (b)(2)(iii) of this section shall not apply to any issuer if the Commission determines, upon a showing of good cause, that it is not necessary under the circumstances that the exemption be denied. Any such determination shall be without prejudice to any other action by the Commission in any other proceeding or matter with respect to the issuer or any other person.

§ 230.506 Exemption for limited offers and sales without regard to dollar amount of offering.

(a) Exception. Offers and sales of securities by an issuer that satisfy the conditions in paragraph (b) of this section shall be deemed to be transactions not involving any public offering within the meaning of section 4(2) of the Act.

(b) Conditions to be met—(1) General conditions. To qualify for an exemption under this section, offers and sales must satisfy all the terms and conditions of §§ 230.501 and 230.502.

(2) Specific conditions—(i) Limitation on number of purchasers. There are no more than or the issuer reasonably believes that there are no more than 35 purchasers of securities from the issuer in any offering under this section.

Note: See § 230.501(e) for the calculation of the number of purchasers and § 230.502(a) for what may or may not constitute an offering under this section.

(ii) Nature of purchasers. Each purchaser who is not an accredited investor either alone or with his purchaser representative(s) has such knowledge
Securities and Exchange Commission

§ 230.602

and experience in financial and business matters that he is capable of evaluating the merits and risks of the prospective investment, or the issuer reasonably believes immediately prior to making any sale that such purchaser comes within this description.

[47 FR 11262, Mar. 6, 1982, as amended at 54 FR 11373, Mar. 20, 1989]

(a) No exemption under § 230.505, § 230.505 or § 230.506 shall be available for an issuer if such issuer, any of its predecessors or affiliates have been subject to any order, judgment, or decree of any court of competent jurisdiction temporarily, preliminary or permanently enjoining such person for failure to comply with § 230.503.

(b) Paragraph (a) of this section shall not apply if the Commission determines, upon a showing of good cause, that it is not necessary under the circumstances that the exemption be denied.

[54 FR 11374, Mar. 20, 1989]

§ 230.508 Insignificant deviations from a term, condition or requirement of Regulation D.

(a) A failure to comply with a term, condition or requirement of § 230.504, § 230.505 or § 230.506 will not result in the loss of the exemption from the requirements of section 5 of the Act for any offer or sale to a particular individual or entity, if the person relying on the exemption shows:

(1) The failure to comply did not pertain to a term, condition or requirement directly intended to protect that particular individual or entity; and

(2) The failure to comply was insignificant with respect to the offering as a whole, provided that any failure to comply with paragraph (c) of § 230.502, paragraph (b)(2) of § 230.504, paragraphs (b)(2)(i) and (ii) of § 230.505 and paragraph (b)(2)(i) of § 230.506 shall be deemed to be significant to the offering as a whole; and

(3) A good faith and reasonable attempt was made to comply with all applicable terms, conditions and requirements of § 230.504, § 230.505 or § 230.506.

(b) A transaction made in reliance on § 230.504, § 230.505 or § 230.506 shall comply with all applicable terms, conditions and requirements of Regulation D. Where an exemption is established only through reliance upon paragraph (a) of this section, the failure to comply shall nonetheless be actionable by the Commission under section 20 of the Act.

§ 230.603 Amount of securities exempted.

Notwithstanding the foregoing, the aggregate offering price of all securities so offered or sold on behalf of any one person other than the issuer shall not exceed $100,000, except that this limitation shall not apply if the securities are to be offered on behalf of the estate of a deceased person within two years after the death of such person.

(b) The notification shall be signed by the issuer and each person, other than the issuer, for whose account any of the securities are to be offered. If the notification is signed by any person on behalf of any other person, evidence of authority to sign on behalf of such other person shall be filed with the notification, except where an officer of the issuer signs on behalf of the issuer.

(1) No written offer of securities of any issuer shall be made under §§ 230.601 to 230.610a unless an offering circular containing the information specified in Schedule A or Schedule B, as appropriate, is concurrently given or has previously been given to the person to whom the offer is made, or has been sent to such person under such circumstances that it would normally have been received by him at or prior to the time of such written offer; and

(2) No securities of such issuer shall be sold under §§ 230.601 to 230.610a unless such an offering circular is given to the person to whom the securities were sold, or is sent to such person under such circumstances that it would normally be received by him, with or prior to any confirmation of the sale, or prior to the payment by him of all or any part of the purchase price of the securities, whichever first occurs.

All type shall be leaded at least two points.

(2) Where an offering circular is distributed through an electronic medium, issuers may satisfy legibility requirements applicable to printed documents by presenting all required information in a format readily communicated to investors.

In no event shall an offering circular be used which is false or misleading in light of the circumstances then existing.

(e) Four copies of the offering circular required by this section, which is to be used at the commencement of the offering, shall be filed with the notification at the time such notification is filed and shall be deemed a part thereof. If the offering circular is thereafter revised or amended, four copies of such revised or amended circular shall be filed as an amendment to the notification at least 10 days prior to its use, or such shorter period as the Commission...
§ 230.606 Offering not in excess of $100,000.

No offering circular need be filed or used in connection with an offering of securities under §§230.601 to 230.610a, if the aggregate offering price of all securities of the issuer offered or sold without the use of such an offering circular does not exceed $100,000 computed in accordance with §230.603. Provided, The following conditions are met:

(a) There shall be filed as an exhibit to the notification four copies of a statement setting forth the information (other than financial statements) required by Schedule A or Schedule B to be set forth in an offering circular.

A notification pursuant to Regulation E relating to these securities has been filed with the Securities and Exchange Commission. Information contained in this Preliminary Offering Circular is subject to completion or amendment. These securities may not be sold nor may offers to buy be accepted prior to the time an offering circular which is not designated as a Preliminary Offering Circular is delivered. This Preliminary Offering Circular shall not constitute an offer to sell or the solicitation of an offer to buy nor shall there be any sales of these securities in any state in which such offer, solicitation or sale would be unlawful prior to registration or qualification under the securities laws of any such state.

(3) The Preliminary Offering Circular relates to a proposed public offering of securities that is to be sold by or through one or more underwriters which are broker-dealers registered under section 15 of the Securities Exchange Act of 1934, each of which has furnished a signed Consent and Certification in the form prescribed as a condition to the use of such offering circular.

1. Provide the city and state for address of portfolio companies.
2. State the value as of date of balance sheet required under Item 7.

Item 6. Capital Stock and Other Securities

(a) Describe concisely the nature and most significant attributes of the security being offered, including: (i) a brief discussion of voting rights; (ii) restrictions, if any, on the right freely to retain or dispose of such security; (iii) conversion rights, if applicable; and (iv) and any material obligations or potential liability associated with ownership of such security (not including risks).

(b) If the rights of holders of such security may be modified otherwise than by a vote of majority or more of the shares outstanding, voting as a class, so state and explain briefly.

(c) If issuer has any other classes of securities outstanding (other than bank borrowings or borrowings that are not senior securities under Section 18(g) of the Investment Company Act of 1940) identify them and state whether they have any preference over the security being offered.

(d) Describe briefly the issuer’s policy with respect to dividends and distributions, including any options shareholders may have as to the receipt of such dividends and distributions.

(e) Describe briefly the tax consequences to investors of an investment in the securities being offered. Such description should not include detailed discussions of applicable law. (f) Where there is a material disparity between the public offering price and the effective cash cost to officers, directors, promoters and affiliated persons for shares acquired by them in a transaction during the past three years, or which they have a right to acquire, there should be included a comparison of the public contribution under the proposed public offering and the effective cash contribution of such persons. In such cases, and in other instances where the extent of the dilution makes it appropriate, the following shall be given: (1) the net tangible book value per share before and after the distribution; (2) the amount of the increase in such net tangible book value per share attributable to the cash payment made by purchasers of the shares being offered; and (3) the amount of the immediate dilution from the public offering price which will be absorbed by such purchasers.

(a) A balance sheet as of a date within 90 days prior to the date of filing the notification with the Commission.

(b) A profit and loss or income statement for each of the last two fiscal years and for any subsequent period up to the date of the balance sheet furnished pursuant to (a) above.

§§ 230.651–230.656 [Reserved]

§ 230.701 Exemption for offers and sales of securities pursuant to certain compensatory benefit plans and contracts relating to compensation.

PRELIMINARY NOTES: 1. This section relates to transactions exempted from the registration requirements of section 5 of the Act (15 U.S.C. 77e). These transactions are not exempt from the antifraud, civil liability, or other provisions of the federal securities laws. Issuers and persons acting on their behalf have an obligation to provide investors with disclosure adequate to satisfy the anti-fraud provisions of the federal securities laws.
2. In addition to complying with this section, the issuer also must comply with any applicable state law relating to the offer and sale of securities.
3. An issuer that attempts to comply with this section, but fails to do so, may claim any other exemption that is available.

§ 230.701
§ 230.701

4. This section is available only to the issuer of the securities. Affiliates of the issuer may not use this section to offer or sell securities. This section also does not cover resales of securities by any person. This section provides an exemption only for the transactions in which the securities are offered or sold by the issuer, not for the securities themselves.

5. The purpose of this section is to provide an exemption from the registration requirements of the Act for securities issued in compensatory circumstances. This section is not available for plans or schemes to circumvent this purpose, such as to raise capital. This section also is not available to exempt any transaction that is in technical compliance with this section but is part of a plan or scheme to evade the registration provisions of the Act. In any of these cases, registration under the Act is required unless another exemption is available.

(a) Exemption. Offers and sales made in compliance with all of the conditions of this section are exempt from section 5 of the Act (15 U.S.C. 77e).

(b) Issuers eligible to use this section—

(1) General. This section is available to any issuer that is not subject to the reporting requirements of section 13 or 15(d) of the Securities Exchange Act of 1934 (the “Exchange Act”) (15 U.S.C. 78m or 78o(d)) and is not an investment company registered or required to be registered under the Investment Company Act of 1940 (15 U.S.C. 80a-1 et seq.).

(2) Issuers that become subject to reporting. If an issuer becomes subject to the reporting requirements of section 13 or 15(d) of the Exchange Act (15 U.S.C. 78m or 78o(d)) after it has made offers complying with this section, the issuer may nevertheless rely on this section to sell the securities previously offered to the persons to whom those offers were made.

(3) Guarantees by reporting companies. An issuer subject to the reporting requirements of section 13 or 15(d) of the Exchange Act (15 U.S.C. 78m, 78o(d)) may rely on this section if it is merely guaranteeing the payment of a subsidiary’s securities that are sold under this section.

(c) Transactions exempted by this section. This section exempts offers and sales of securities (including plan interests and guarantees pursuant to paragraph (d)(2)(i) of this section) under a written compensatory benefit plan (or written compensation contract) established by the issuer, its parents, its majority-owned subsidiaries or majority-owned subsidiaries of the issuer’s parent, for the participation of their employees, directors, general partners, trustees (where the issuer is a business trust), officers, or consultants and advisors, and their family members who acquire such securities from such persons through gifts or domestic relations orders. This section exempts offers and sales to former employees, directors, general partners, trustees, officers, consultants and advisors only if such persons were employed by or providing services to the issuer at the time the securities were offered. In addition, the term “employee” includes insurance agents who are exclusive agents of the issuer, its subsidiaries or parents, or derive more than 50% of their annual income from those entities.

(1) Special requirements for consultants and advisors. This section is available to consultants and advisors only if:

(i) They are natural persons;

(ii) They provide bona fide services to the issuer, its parents, its majority-owned subsidiaries or majority-owned subsidiaries of the issuer’s parent; and

(iii) The services are not in connection with the offer or sale of securities in a capital-raising transaction, and do not directly or indirectly promote or maintain a market for the issuer’s securities.

(2) Definition of “compensatory benefit plan.” For purposes of this section, a compensatory benefit plan is any purchase, savings, option, bonus, stock appreciation, profit sharing, thrift, incentive, deferred compensation, pension or similar plan.

(3) Definition of “family member.” For purposes of this section, family member includes any child, stepchild, grandchild, parent, stepparent, grandparent, spouse, former spouse, sibling, niece, nephew, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law, including adoptive relationships, any person sharing the employee’s household (other than a tenant or employee), a trust in which these persons have more than fifty percent of the beneficial interest, a foundation in which these persons (or the employee) control the management of
Securities and Exchange Commission

§ 230.701

assets, and any other entity in which these persons (or the employee) own more than fifty percent of the voting interests.

(d) Amounts that may be sold—(1) Offers. Any amount of securities may be offered in reliance on this section. However, for purposes of this section, sales of securities underlying options must be counted as sales on the date of the option grant.

(2) Sales. The aggregate sales price or amount of securities sold in reliance on this section during any consecutive 12-month period must not exceed the greatest of the following:

(i) $1,000,000;

(ii) 15% of the total assets of the issuer (or of the issuer’s parent if the issuer is a wholly-owned subsidiary and the securities represent obligations that the parent fully and unconditionally guarantees), measured at the issuer’s most recent balance sheet date (if no older than its last fiscal year end); or

(iii) 15% of the outstanding amount of the class of securities being offered and sold in reliance on this section, measured at the issuer’s most recent balance sheet date (if no older than its last fiscal year end).

(3) Rules for calculating prices and amounts—(i) Aggregate sales price. The term aggregate sales price means the sum of all cash, property, notes, cancellation of debt or other consideration received or to be received by the issuer for the sale of the securities. Non-cash consideration must be valued by reference to bona fide sales of that consideration made within a reasonable time or, in the absence of such sales, on the fair value as determined by an accepted standard. The value of services exchanged for securities issued must be measured by reference to the value of the securities issued. Options must be valued based on the exercise price of the option.

(ii) Time of the calculation. With respect to options to purchase securities, the aggregate sales price is determined when an option grant is made (without regard to when the option becomes exercisable). With respect to other securities, the calculation is made on the date of sale. With respect to deferred compensation or similar plans, the calculation is made when the irrevocable election to defer is made.

(iii) Derivative securities. In calculating outstanding securities for purposes of paragraph (d)(2)(iii) of this section, treat the securities underlying all currently exercisable or convertible options, warrants, rights or other securities, other than those issued under this exemption, as outstanding. In calculating the amount of securities sold for other purposes of paragraph (d)(2) of this section, count the amount of securities that would be acquired upon exercise or conversion in connection with sales of options, warrants, rights or other exercisable or convertible securities, including those to be issued under this exemption.

(iv) Other exemptions. Amounts of securities sold in reliance on this section do not affect “aggregate offering prices” in other exemptions, and amounts of securities sold in reliance on other exemptions do not affect the amount that may be sold in reliance on this section.

(e) Disclosure that must be provided. The issuer must deliver to investors a copy of the compensatory benefit plan or the contract, as applicable. In addition, if the aggregate sales price or amount of securities sold during any consecutive 12-month period exceeds $5 million, the issuer must deliver the following disclosure to investors a reasonable period of time before the date of sale:

(1) If the plan is subject to the Employee Retirement Income Security Act of 1974 (“ERISA”) (29 U.S.C. 1104–1107), a copy of the summary plan description required by ERISA;

(2) If the plan is not subject to ERISA, a summary of the material terms of the plan;

(3) Information about the risks associated with investment in the securities sold pursuant to the compensatory benefit plan or compensation contract; and

(4) Financial statements required to be furnished by Part F/S of Form 1–A (Regulation A Offering Statement) (§ 239.90 of this chapter) under Regulation A (§§ 230.251 through 230.263). Foreign private issuers as defined in Rule 405 must provide a reconciliation to
generally accepted accounting principles in the United States (U.S. GAAP) if their financial statements are not prepared in accordance with U.S. GAAP or International Financial Reporting Standards as issued by the International Accounting Standards Board (Item 17 of Form 20–F (§ 229.220f of this chapter)). The financial statements required by this section must be as of a date no more than 180 days before the sale of securities in reliance on this exemption.

(5) If the issuer is relying on paragraph (d)(2)(i) of this section to use its parent's total assets to determine the amount of securities that may be sold, the parent's financial statements must be delivered. If the parent is subject to the reporting requirements of section 13 or 15(d) of the Exchange Act (15 U.S.C. 78m or 78o(d)), the financial statements of the parent required by Rule 10–01 of Regulation S–X (§ 210.10–01 of this chapter) and Item 310 of Regulation D–B (§ 228.310 of this chapter), as applicable, must be delivered.

(6) If the sale involves a stock option or other derivative security, the issuer must deliver disclosure a reasonable period of time before the date of exercise or conversion. For deferred compensation or similar plans, the issuer must deliver disclosure to investors a reasonable period of time before the date of exercise or conversion. For deferred compensation or similar plans, the issuer must deliver disclosure a reasonable period of time before the date of exercise or conversion.

(1) No integration with other offerings. Offers and sales exempt under this section are deemed to be a part of a single, discrete offering and are not subject to integration with any other offers or sales, whether registered under the Act or otherwise exempt from the registration requirements of the Act.

(g) Resale limitations. (1) Securities issued under this section are deemed to be “restricted securities” as defined in §230.144.

(2) Resales of securities issued pursuant to this section must be in compliance with the registration requirements of the Act or an exemption from those requirements.

(3) Ninety days after the issuer becomes subject to the reporting requirements of section 13 or 15(d) of the Exchange Act (15 U.S.C. 78m or 78o(d)), securities issued under this section may be resold by persons who are not affiliates (as defined in §230.144) in reliance on §230.144, without compliance with paragraphs (c) and (d) of §230.144, and by affiliates without compliance with paragraph (d) of §230.144.

§§ 230.702(T)–230.703(T) [Reserved]

EXEMPTIONS FOR CROSS-BORDER RIGHTS OFFERINGS, EXCHANGE OFFERS AND BUSINESS COMBINATIONS

SOURCE: Sections 230.800 through 230.802 appear at 64 FR 61400, Nov. 10, 1999, unless otherwise noted.

GENERAL NOTES TO §§ 230.800, 230.801 AND 230.802

1. Sections 230.801 and 230.802 relate only to the applicability of the registration provisions of the Act (15 U.S.C. 77e) and not to the applicability of the anti-fraud, civil liability or other provisions of the federal securities laws.

2. The exemptions provided by §230.801 and §230.802 are not available for any securities transaction or series of transactions that technically complies with §230.801 and §230.802 but are part of a plan or scheme to evade the registration provisions of the Act.

3. An issuer who relies on §230.801 or an offeror who relies on §230.802 must still comply with the securities registration or broker-dealer registration requirements of the Securities Exchange Act of 1934 (15 U.S.C. 78a et seq.) and any other applicable provisions of the federal securities laws.

4. An issuer who relies on §230.801 or an offeror who relies on §230.802 must still comply with any applicable state laws relating to the offer and sale of securities.

5. Attempted compliance with §230.801 or §230.802 does not act as an exclusive election; an issuer making an offer or sale of securities in reliance on §230.801 or §230.802 may also rely on any other applicable exemption from the registration requirements of the Act.

6. Section 230.801 and §230.802 provide exemptions only for the issuer of the securities and not for any affiliate of that issuer or for any other person for resales of the issuer’s securities. These sections provide exemptions only for the transaction in which the issuer or other person offers or sells the securities, not for the securities themselves. Securities acquired in a §230.801 or §230.802 transaction may be resold in the United States only if they are registered under the Act or an exemption from registration is available.
Securities and Exchange Commission

§ 230.800

7. Unregistered offers and sales made outside the United States will not affect contemporaneous offers and sales made in compliance with §230.801 or §230.802. A transaction that complies with §230.801 or §230.802 will not be integrated with offerings exempt under other provisions of the Act, even if both transactions occur at the same time.

8. Securities acquired in a rights offering under §230.801 are “restricted securities” within the meaning of §230.144(a)(3) to the same extent and proportion that the securities held by the security holder as of the record date for the rights offering were restricted securities. Likewise, securities acquired in an exchange offer or business combination subject to §230.802 are “restricted securities” within the meaning of §230.144(a)(3) to the same extent and proportion that the securities tendered or exchanged by the security holder in that transaction were restricted securities.

9. Section 230.801 does not apply to a rights offering by an investment company registered or required to be registered under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.), other than a registered closed-end investment company. Section 230.802 does not apply to exchange offers or business combinations by an investment company registered or required to be registered under the Investment Company Act of 1940 (15 U.S.C. 80a–1 et seq.), other than a registered closed-end investment company.

The following definitions apply in §§230.800, 230.801 and 230.802.

(a) Business combination. Business combination means a statutory amalgamation, merger, arrangement or other reorganization requiring the vote of security holders of one or more of the participating companies. It also includes a statutory short form merger that does not require a vote of security holders.

(b) Equity security. Equity security means the same as in §240.3a11–1 of this chapter, but for purposes of this section only does not include:

(1) Any debt security that is convertible into an equity security, with or without consideration;

(2) Any debt security that includes a warrant or right to subscribe to or purchase an equity security;

(3) Any such warrant or right; or

(4) Any put, call, straddle, or other option or privilege that gives the holder the option of buying or selling a security but does not require the holder to do so.

(c) Exchange offer. Exchange offer means a tender offer in which securities are issued as consideration.

(d) Foreign private issuer. Foreign private issuer means the same as in §230.405 of Regulation C.

(e) Foreign subject company. Foreign subject company means any foreign private issuer whose securities are the subject of the exchange offer or business combination.

(f) Home jurisdiction. Home jurisdiction means both the jurisdiction of the foreign subject company’s (or in the case of a rights offering, the foreign private issuer’s) incorporation, organization or chartering and the principal foreign market where the foreign subject company’s (or in the case of a rights offering, the issuer’s) securities are listed or quoted.

(g) Rights offering. Rights offering means offers and sales for cash of equity securities where:

(1) The issuer grants the existing security holders of a particular class of equity securities (including holders of depositary receipts evidencing those securities) the right to purchase or subscribe for additional securities of that class; and

(2) The number of additional shares an existing security holder may purchase initially is in proportion to the number of securities he or she holds on record on the record date for the rights offering. If an existing security holder holds depositary receipts, the proportion must be calculated as if the underlying securities were held directly.

(h) U.S. holder. U.S. holder means any security holder resident in the United States. To determine the percentage of outstanding securities held by U.S. holders:

(1) Calculate the percentage of outstanding securities held by U.S. holders as of a date no more than 60 days before or 30 days after the public announcement of a business combination conducted under §230.802 under the Act or of the record date in a rights offering conducted under §230.801 under the Act. For a business combination conducted under §230.802, if you are unable to calculate as of a date within these time frames, the calculation may be made as of the most recent practicable date before public announcement, but

701
in no event earlier than 120 days before public announcement.

(2) Include securities underlying American Depositary Shares convertible or exchangeable into the securities that are the subject of the tender offer when calculating the number of subject securities outstanding, as well as the number held by U.S. holders. Exclude from the calculation other types of securities that are convertible or exchangeable into the securities that are the subject of the tender offer, such as warrants, options and convertible securities. Exclude from those calculations securities held by the acquiror in an exchange offer or business combination;

(3) Use the method of calculating record ownership in Rule 12g3–2(a) under the Exchange Act (§240.12g3–2(a) of this chapter), except that your inquiry as to the amount of securities represented by accounts of customers resident in the United States may be limited to brokers, dealers, banks and other nominees located in the United States, the subject company’s jurisdiction of incorporation or that of each participant in a business combination, and the jurisdiction that is the primary trading market for the subject securities, if different from the subject company’s jurisdiction of incorporation;

(4) If, after reasonable inquiry, you are unable to obtain information about the amount of securities represented by accounts of customers resident in the United States, you may assume, for purposes of this provision, that the customers are residents of the jurisdiction in which the nominee has its principal place of business.

(5) Count securities as owned by U.S. holders when publicly filed reports of beneficial ownership or information that is otherwise provided to you indicates that the securities are held by U.S. residents.

(6) For exchange offers conducted pursuant to §230.802 under the Act by persons other than the issuer of the subject securities or its affiliates that are not made pursuant to an agreement with the issuer of the subject securities, the issuer of the subject securities will be presumed to hold 10 percent or less of the outstanding subject securities, unless paragraphs (h)(7)(i), (ii) or (iii) of this section indicate otherwise.

(7) For rights offerings and business combinations, including exchange offers conducted pursuant to §230.802 under the Act, the acquiror is unable to conduct the analysis of U.S. ownership set forth in paragraph (h)(3) of this section, the issuer of the subject securities will be presumed to be a foreign private issuer and U.S. holders will be presumed to hold 10 percent or less of the outstanding subject securities so long as there is a primary trading market for the subject securities outside the United States, as defined in §240.12h–6(f)(5) of this chapter, unless:

(i) Average daily trading volume of the subject securities in the United States for a recent twelve-month period ending on a date no more than 60 days before the public announcement of the business combination or of the record date for a rights offering exceeds 10 percent of the average daily trading volume of that class of securities on a worldwide basis for the same period; or

(ii) The most recent annual report or annual information filed or submitted by the issuer with securities regulators of the home jurisdiction or with the Commission or any jurisdiction in which the subject securities trade indicates that U.S. holders hold more than 10 percent of the outstanding subject class of securities; or

(iii) The acquiror or issuer knows or has reason to know, before the public announcement of the offer, that the level of U.S. ownership exceeds 10 percent of such securities. As an example, an acquiror or issuer is deemed to know information about U.S. ownership available from the issuer. The acquiror or issuer is deemed
to know information obtained or readily available from any other source that is reasonably reliable, including from persons it has retained to advise it about the transaction, as well as from third-party information providers. These examples are not intended to be exclusive.

§ 230.801 Exemption in connection with a rights offering.

A rights offering is exempt from the provisions of Section 5 of the Act (15 U.S.C. 77e), so long as the following conditions are satisfied:

(a) Conditions—(1) Eligibility of issuer. The issuer is a foreign private issuer on the date the securities are first offered to U.S. holders.

(2) Limitation on U.S. ownership. U.S. holders hold no more than 10 percent of the outstanding class of securities that is the subject of the rights offering (as determined under the definition of "U.S. holder" in §230.800(h)).

(3) Equal treatment. The issuer permits U.S. holders to participate in the rights offering on terms at least as favorable as those offered the other holders of the securities that are the subject of the offer. The issuer need not, however, extend the rights offering to security holders in those states or jurisdictions that require registration or qualification.

(4) Informational documents. (i) If the issuer publishes or otherwise disseminates an informational document to the holders of the securities in connection with the rights offering, the issuer must furnish that informational document, including any amendments thereto, in English, to the Commission on Form CB (§230.800 of this chapter) by the first business day after publication or dissemination. If the issuer is a foreign company, it must also file a Form F-X (§230.42 of this chapter) with the Commission at the same time as the submission of Form CB to appoint an agent for service in the United States.

(ii) The issuer must disseminate any informational document to U.S. holders, including any amendments thereto, in English, on a comparable basis to that provided to security holders in the home jurisdiction.

(iii) If the issuer disseminates by publication in its home jurisdiction, the issuer must publish the information in the United States in a manner reasonably calculated to inform U.S. holders of the offer.

(b) Legends. The following legend or an equivalent statement in clear, plain language, to the extent applicable, appears on the cover page or other prominent portion of any informational document the issuer disseminates to U.S. holders:

This rights offering is made for the securities of a foreign company. The offer is subject to the disclosure requirements of a foreign country that are different from those of the United States. Financial statements included in the document, if any, have been prepared in accordance with foreign accounting standards that may not be comparable to the financial statements of United States companies.

It may be difficult for you to enforce your rights and any claim you may have arising under the federal securities laws, since the issuer is located in a foreign country, and some or all of its officers and directors may be residents of a foreign country. You may not be able to sue the foreign company or its officers or directors in a foreign court for violations of the U.S. securities laws. It may be difficult to compel a foreign company and its affiliates to subject themselves to a U.S. court’s judgment.
§ 230.802 Exemption for offerings in connection with an exchange offer or business combination for the securities of foreign private issuers.

Offers and sales in any exchange offer for a class of securities of a foreign private issuer, or in any exchange of securities for the securities of a foreign private issuer in any business combination, are exempt from the provisions of section 5 of the Act (15 U.S.C. 77e), if they satisfy the following conditions:

(a) Conditions to be met—(1) Limitation on U.S. ownership. Except in the case of an exchange offer or business combination that is commenced during the pendency of a prior exchange offer or business combination made in reliance on this paragraph, U.S. holders of the foreign subject company must hold no more than 10 percent of the securities that are the subject of the exchange offer or business combination (as determined under the definition of “U.S. holder” in §230.800(h)). In the case of a business combination in which the securities are to be issued by a successor registrant, U.S. holders may hold no more than 10 percent of the class of securities of the successor registrant, as if measured immediately after completion of the business combination.

(2) Equal treatment. The offeror must permit U.S. holders to participate in the exchange offer or business combination on terms at least as favorable as those offered any other holder of the subject securities. The offeror, however, need not extend the offer to security holders in those states or jurisdictions that require registration or qualification, except that the offeror must offer the same cash alternative to security holders in any such state that it has offered to security holders in any other state or jurisdiction.

(3) Informational documents. (i) If the offeror publishes or otherwise disseminates an informational document to the holders of the subject securities in connection with the exchange offer or business combination, the offeror must furnish that informational document, including any amendments thereto, in English, to the Commission on Form CB (§239.800 of this chapter) by the first business day after publication or dissemination. If the offeror is a foreign company, it must also file a Form F–X (§239.42 of this chapter) with the Commission at the same time as the submission of the Form CB to appoint an agent for service of process in the United States.

(ii) The offeror must disseminate any informational document to U.S. holders, including any amendments thereto, in English, on a comparable basis to that provided to security holders in the foreign subject company’s home jurisdiction.

(iii) If the offeror disseminates by publication in its home jurisdiction, the offeror must publish the information in the United States in a manner reasonably calculated to inform U.S. holders of the offer.

(b) Legends. The following legend or an equivalent statement in clear, plain language, to the extent applicable, must be included on the cover page or other prominent portion of any informational document the offeror publishes or disseminates to U.S. holders:

This exchange offer or business combination is made for the securities of a foreign company. The offer is subject to disclosure requirements of a foreign country that are different from those of the United States. Financial statements included in the document, if any, have been prepared in accordance with foreign accounting standards that may not be comparable to the financial statements of United States companies.

It may be difficult for you to enforce your rights and any claim you may have arising under the federal securities laws, since the issuer is located in a foreign country, and some or all of its officers and directors may be residents of a foreign country. You may not be able to sue a foreign company or its officers or directors in a foreign court for violations of the U.S. securities laws. It may be difficult to compel a foreign company and its affiliates to subject themselves to a U.S. court’s judgment.

You should be aware that the issuer may purchase securities otherwise than under the exchange offer, such as in open market or privately negotiated purchases.

REGULATION S—RULES GOVERNING OFFERS AND SALES MADE OUTSIDE THE UNITED STATES WITHOUT REGISTRATION UNDER THE SECURITIES ACT OF 1933

SOURCE: Sections 230.901 through 230.904 appear at 55 FR 18322, May 2, 1990, unless otherwise noted.

PRELIMINARY NOTES: 1. The following rules relate solely to the application of Section 5 of the Securities Act of 1933 (the Act) [15 U.S.C. 77e] and not to antifraud or other provisions of the federal securities laws.

2. In view of the objective of these rules and the policies underlying the Act, Regulation S is not available with respect to any transaction or series of transactions that, although in technical compliance with these rules, is part of a plan or scheme to evade the registration provisions of the Act. In such cases, registration under the Act is required.

3. Nothing in these rules obviates the need for any issuer or any other person to comply with the securities registration or broker-dealer registration requirements of the Securities Exchange Act (the Exchange Act), whenever such requirements are applicable.

4. Nothing in these rules obviates the need to comply with any applicable state law relating to the offer and sale of securities.

5. Attempted compliance with any rule in Regulation S does not act as an exclusive election; a person making an offer or sale of securities may also claim the availability of any applicable exemption from the registration requirements of the Act. The availability of the Regulation S safe harbor to offers and sales that occur outside of the United States will not be affected by the subsequent offer and sale of these securities into the United States or to U.S. persons during the distribution compliance period, as long as the subsequent offer and sale are made pursuant to registration or an exemption therefrom under the Act.

6. Regulation S is available only for offers and sales of securities outside the United States. Securities acquired overseas, whether or not pursuant to Regulation S, may be resold in the United States only if they are registered under the Act or an exemption from registration is available.

7. Nothing in these rules precludes access by journalists for publications with a general circulation in the United States to offshore press conferences, press releases and meetings with company press spokespersons in which an offshore offering or tender offer is discussed, provided that the information is made available to the foreign and United States press generally and is not intended to induce purchases of securities by persons in the United States or tenders of securities by United States holders in the case of exchange offers. Where applicable, issuers and bidders may also look to §230.135e and §240.14d-1(c) of this chapter.

8. The provisions of this Regulation S shall not apply to offers and sales of securities issued by open-end investment companies or unit investment trusts registered or required to be registered, under the Investment Company Act of 1940 [15 U.S.C. 80a–1 et seq.] (the 1940 Act).

§ 230.901 General statement.

For the purposes only of section 5 of the Act (15 U.S.C. §77e), the terms offer, offer to sell, sell, sale, and offer to buy shall be deemed to include offers and sales that occur within the United States and shall be deemed to include offers and sales that occur outside the United States.

(i) Represent an ownership interest in a pool of discrete assets, or certificates of interest or participation in such assets (including any rights designed to assure servicing, or the receipt or timeliness of receipt by holders of such assets, or certificates of interest or participation in such assets, of amounts payable thereunder), provided that the assets are not generated or originated between the issuer of the security and its affiliates; or
(ii) Are secured by one or more assets or certificates of interest or participation in such assets, and the securities, by their terms, provide for payments of principal and interest (if any) in relation to payments or reasonable projections of payments on assets meeting the requirements of paragraph (a)(2)(i) of this section, or certificates of interest or participations in assets meeting such requirements.

Securities and Exchange Commission § 230.902

(b)(2) or (b)(3) in § 230.903) absent registration or an applicable exemption from the registration requirements;

(C) Such advertisement contains no more information than:

(1) All offers and sales by a distributor of an unsold allotment or subscription shall be deemed to be made during the distribution compliance period;

(2) In a continuous offering, the distribution compliance period shall commence upon completion of the distribution, as determined and certified by the managing underwriter or person performing similar functions;

(3) In a continuous offering of non-convertible debt securities offered and sold in identifiable tranches, the distribution compliance period for securities in a tranche shall commence upon completion of the distribution of such tranche, as determined and certified by the managing underwriter or person performing similar functions; and

(4) That in a continuous offering of securities to be acquired upon the exercise of warrants, the distribution compliance period shall commence upon completion of the distribution of the warrants, as determined and certified by the managing underwriter or person performing similar functions, if requirements of §230.903(b)(5) are satisfied.

g) Offering restrictions. “Offering restrictions” means:

For offers and sales of equity securities of domestic issuers, such offering materials and documents also must state that hedging transactions involving those securities may not be conducted unless in compliance with the Act. Such statements shall appear:

(3) Category 3. The following conditions apply to securities that are not eligible for Category 1 or 2 (paragraph (b)(1) or (b)(2)) of this section:

(i) Offering restrictions are implemented:

   (i) In the case of debt securities:

   (3) The securities of a domestic issuer contain a legend to the effect that transfer is prohibited except in accordance with the provisions of this Regulation S (§§230.901 through §230.905, and Preliminary Notes), pursuant to registration under the Act, or pursuant to an available exemption from registration; and that hedging transactions involving those securities may not be conducted unless in compliance with the Act;

   (4) The issuer is required, either by contract or a provision in its bylaws, articles, charter or comparable document, to refuse to register any transfer of the securities not made in accordance with the provisions of this Regulation S (§§230.901 through §230.905, and Preliminary Notes), pursuant to registration under the Act, or pursuant to an available exemption from registration; provided, however, that if the securities are in bearer form or foreign law prevents the issuer of the securities from refusing to register securities transfers, other reasonable procedures (such as a legend described in paragraph (b)(3)(iii)(B)(3) of this section) are implemented to prevent any transfer of the securities not made in accordance with the provisions of this Regulation S; and

   (iv) Each distributor selling securities to a distributor, a dealer (as defined in section 2(a)(12) of the Act (15 U.S.C. 77b(a)(12)), or a person receiving a selling concession, fee or other remuneration, prior to the expiration of a 40-day distribution compliance period in the case of debt securities, or a one-year distribution compliance period (or six-month distribution compliance period if the issuer is a reporting issuer) in the case of equity securities, sends a confirmation or other notice to the
Securities and Exchange Commission

Resales of any of such restricted securities by the offshore purchaser must be made in accordance with this Regulation S (§ 230.901 through § 230.905, and Preliminary Notes), the registration requirements of the Act or an exemption therefrom. Any “restricted securities,” as defined in § 230.144, that are equity securities of a domestic issuer will continue to be deemed to be restricted securities, notwithstanding that they were acquired in a resale transaction made pursuant to § 230.901 or § 230.904.

(83 FR 9647, Feb. 25, 1998)

REGULATION CE—COORDINATED EXEMPTIONS FOR CERTAIN ISSUES OF SECURITIES EXEMPT UNDER STATE LAW

§ 230.1001 Exemption for transactions exempt from qualification under § 25102(n) of the California Corporations Code.

Preliminary Notes: (1) Nothing in this section is intended to be or should be construed as in any way relieving issuers or persons acting on behalf of issuers from providing disclosure to prospective investors necessary to satisfy the antifraud provisions of the federal securities laws. This section only provides an exemption from the registration requirements of the Securities Act of 1933 (“the Act”) [15 U.S.C. 77a et seq.].

(2) Nothing in this section obviates the need to comply with any applicable state law relating to the offer and sale of securities.

(3) Attempted compliance with this section does not act as an exclusive election; the issuer also can claim the availability of any other applicable exemption.

(4) This exemption is not available to any issuer for any transaction which, while in technical compliance with the provision of this section, is part of a plan or scheme to evade the registration provisions of the Act. In such cases, registration under the Act is required.

(a) Exemption. Offers and sales of securities that satisfy the conditions of paragraph (n) of § 25102 of the California Corporations Code, and paragraph (b) of this section, shall be exempt from the provisions of Section 5 of the Securities Act of 1933 by virtue of Section 3(b) of that Act.

(b) Limitation on and computation of offering price. The sum of all cash and other consideration to be received for the securities shall not exceed $5,000,000, less the aggregate offering price for all other securities sold in the same offering of securities, whether pursuant to this or another exemption.

(c) Resale limitations. Securities issued pursuant to this § 230.1001 are deemed to be “restricted securities” as defined in Securities Act Rule 144 (§ 230.144). Resales of such securities must be made in compliance with the registration requirements of the Act or an exemption therefrom.

Previously filed exhibits, whether in paper or electronic format, may be incorporated by reference into an electronic filing to the extent permitted by §§228.10(f) and 229.10(d) of this chapter, Rule 411 under the Securities Act (§230.411 of this chapter), Rule 12b–23 or 12b–32 under the Exchange Act (§§240.12b–23 or 240.12b–32 of this chapter), Rules 0–4, 8b–23, and 8b–32 under the Investment Company Act (§§270.0–4, 270.8b–23 and 270.8b–32 of this chapter) and Rule 303 of Regulation S-T (§232.303). An electronic filer may, at its option, restate in electronic format an exhibit incorporated by reference that originally was filed in paper format.

(b) Amendments to all exhibits shall be filed in electronic format, absent a hardship exemption.

(c) Notwithstanding any other provision of this section, an electronic filer shall, upon amendment, restate in electronic format its articles of incorporation, by-laws or investment advisory agreement (in the case of a registered investment company or a business development company).

(d) Each electronic filing requiring exhibits must include an exhibit index which must immediately precede the exhibits filed with the document. The index must list each exhibit filed, whether filed electronically or in paper. Whenever a filer files an exhibit in paper pursuant to a temporary or continuing hardship exemption (§ 232.201 or § 232.202) or pursuant to § 232.311, the filer must place the letter “P” next to the listed exhibit in the exhibit index of the electronic filing to reflect the fact that the filer filed the exhibit in paper. In addition, if the exhibit is filed in paper pursuant to § 232.311, the filer must place the designation “Rule 311” next to the letter “P” in the exhibit index. If the exhibit is filed in paper pursuant to a temporary or continuing hardship exemption, the filer must place the letters “TH” or “CH” respectively, next to the letter “P” in the exhibit index. Whenever an electronic confirming copy of an exhibit is filed pursuant to a hardship exemption (§ 232.201 or § 232.202(d)), the exhibit index should specify where the confirming electronic copy can be located; in addition,
§ 232.103 Liability for transmission errors or omissions in documents filed via EDGAR.

An electronic filer shall not be subject to the liability and anti-fraud provisions of the federal securities laws with respect to an error or omission in an electronic filing resulting solely from electronic transmission errors beyond the control of the filer, where the filer corrects the error or omission by the filing of an amendment in electronic format as soon as reasonably practicable after the electronic filer becomes aware of the error or omission.

§ 232.104 Unofficial PDF copies included in an electronic submission.

(a) An electronic submission, other than a Form 3 (§249.103 of this chapter), a Form 4 (§249.104 of this chapter), a Form 5 (§249.105 of this chapter), a Form ID (§§239.63, 249.446, 269.7 and 274.402 of this chapter), a Form TA-1 (§249.100 of this chapter), a Form TA-2 (§249.102 of this chapter), a Form TA-W (§249.101 of this chapter) or a Form D (§239.500 of this chapter), may include one unofficial PDF copy of each electronic document contained within that submission, tagged in the format required by the EDGAR Filer Manual.

(b) Except as provided in paragraphs (c) and (f) of this section, each unofficial PDF copy must be substantively equivalent to its associated electronic document contained in the electronic submission. An unofficial PDF copy may contain graphic and image material (but not animated graphics, or audio or video material), notwithstanding the fact that its HTML or ASCII document counterpart may not contain such material but instead may contain a fair and accurate narrative description or tabular representation of any omitted graphic or image material.

(c) If a filer omits an unofficial PDF copy from, or submits one or more flawed unofficial PDF copies in, the electronic submission of an official filing, the filer may add or resubmit an unofficial PDF copy by electronically submitting an amendment to the filing to which it relates. The amendment must include an explanatory note that the purpose of the amendment is to add or to correct an unofficial PDF copy.

(1) If such an amendment is filed, the official amendment may consist solely of the cover page (or first page of the document), the explanatory note, and the signature page and exhibit index (where appropriate). The corresponding unofficial copy must include the complete text of the official filing document for which the amendment is being submitted.

(2) If the amendment is being filed to add or resubmit an unofficial PDF copy of one or more exhibits, the submission may consist of the following: the official filing—consisting of the cover page (or first page of the document), the explanatory note, the signature page (where appropriate), the exhibit index, and a separate electronic exhibit document for each exhibit for which an unofficial PDF copy is being submitted—and the corresponding unofficial PDF copy of each exhibit document. However, the text of the official exhibit document need not repeat the text of the exhibit; that document may contain only the following legend:

RESUBMITTED TO ADD/REPLACE UNOFFICIAL PDF COPY OF EXHIBIT.

(d) An unofficial PDF copy is not filed for purposes of section 11 of the Securities Act (15 U.S.C. 77k), section 18 of the Exchange Act (15 U.S.C. 78r), section 323 of the Trust Indenture Act (15 U.S.C. 77www), or section 34(b) of
§ 232.201 Prohibition against electronic submissions containing executable code.

(a) Electronic submissions must not contain executable code. Attempted submissions identified as containing executable code will be suspended, unless the executable code is contained only in one or more PDF documents, in which case the submission will be accepted but the PDF document(s) containing executable code will be deleted and not disseminated.

(b) If an electronic submission has been accepted, and the Commission staff later determines that the accepted submission contains executable code, the staff may delete from the EDGAR system the entire accepted electronic submission or any document contained in the accepted electronic submission. The Commission staff may direct the electronic filer to resubmit electronically replacement document(s) or a replacement submission in its entirety, in compliance with this provision and the EDGAR Filer Manual.

NOTE TO § 232.106: A violation of this section or the relevant EDGAR Filer Manual section also may be a violation of the Computer Fraud and Abuse Act of 1986, as amended, and other statutes and laws.

§ 232.105 Limitation on use of HTML documents and hypertext links.

(a) Electronic filers must submit the following documents in ASCII: Form N-SAR (§ 274.101 of this chapter) and Form 13F (§ 249.325 of this chapter). Notwithstanding the provisions of this section, electronic filers may submit exhibits to Form N-SAR in HTML.

(b) Electronic filers may not include in any HTML document hypertext links to sites, locations, or documents outside the HTML document, except to links to officially filed documents within the current submission and to documents previously filed electronically and located in the EDGAR database on the Commission’s public web site (www.sec.gov). Electronic filers also may include within an HTML document hypertext links to different sections within that single HTML document.

(c) If a filer includes an external hypertext link within a filed document, the information contained in the linked material will not be considered part of the document for determining compliance with reporting obligations, but the inclusion of the link will cause the filer to be subject to the civil liability and antifraud provisions of the federal securities laws with reference to the information contained in the linked material.

§ 232.201 Temporary hardship exemption.

(a) If an electronic filer experiences unanticipated technical difficulties preventing the timely preparation and submission of an electronic filing, other than a Form 3 (§ 249.103 of this chapter), a Form 4 (§ 249.104 of this chapter), a Form 5 (§ 249.105 of this chapter), a Form ID (§§ 239.63, 249.447, 269.10 and 274.404 of this chapter), a Form TA–1 (§ 249.100 of this chapter), a Form TA–2 (§ 249.102 of this chapter), a Form TA–W (§ 249.101 of this chapter), a Form D (§§ 239.500 of this chapter), an application for an order under any section of the Investment Company Act (15 U.S.C. 80a–1 et seq.), or an Interactive Data File (§§ 232.11 of this chapter), the electronic filer may file the subject filing, under cover of Form TH (§§ 239.65, 249.447, 269.10 and 274.404 of this chapter,
§ 232.201 17 CFR Ch. II (4–1–13 Edition)

this chapter), in paper format no later than one business day after the date on which the filing was to be made.

(1) An electronic imaged copy of the paper format document shall be the official filing for purposes of the federal securities laws.

(2) The following legend shall be set forth in capital letters on the cover page of the paper format document:

IN ACCORDANCE WITH RULE 201 OF REGULATION S-T, THIS (specify document) IS BEING FILED IN PAPER PURSUANT TO A TEMPORARY HARDSHIP EXEMPTION

(3) Signatures to the paper format document may be in typed form rather than manual format. See Rule 302 of Regulation S-T (§ 232.302). All other requirements relating to paper format filings shall be satisfied.

(4) If the exemption pertains to a document filed pursuant to section 13(a) or 15(d) of the Exchange Act (15 U.S.C. 78m and 78o(d)) or section 30 of the Investment Company Act and the paper format document is filed in the manner specified in paragraph (a) of this section, the filing shall be deemed to have been filed by its required due date.

NOTES TO PARAGRAPH (a):
1. Where a temporary hardship exemption relates to an exhibit only, the filer must file the paper format exhibit and a Form TH (§§ 239.65, 249.447, 269.10, and 274.404 of this chapter) under cover of Form SE (§§ 239.64, 249.444, 269.8, and 274.403 of this chapter).

2. Filers unable to submit a report within a prescribed time period because of electronic difficulties shall comply with the provisions of this section and shall not use Form 12b–25 (§ 249.322 of this chapter) as a notification of late filing.

(b) An electronic format copy of the filed paper format document shall be submitted to the Commission within six business days of filing the paper format document. The electronic format version shall contain the following statement in capital letters at the top of the first page of the document:

THIS DOCUMENT IS A COPY OF THE (specify document) FILED ON (date) PURSUANT TO A RULE 201 TEMPORARY HARDSHIP EXEMPTION

NOTE 1 TO PARAGRAPH (b): Failure to submit the confirming electronic copy of a paper filing made in reliance on the temporary hardship exemption, as required in paragraph (b) of this section, will result in ineligibility to use Forms S–2, S–3, S–8, F–2 and F–3 (see §§ 239.12, 239.13, 239.16b, 239.32 and 239.33 of this section, respectively), restrict incorporation by reference of the document submitted in paper (see Rule 303 of Regulation S-T (§ 232.303)), and toll certain time periods associated with tender offers (see Rule 13e–4(f)(12) (§ 240.13e–4(f)(12) of this chapter) and Rule 14e–1(e) (§ 240.14e–1(e) of this chapter).

NOTE 2 TO PARAGRAPH (b): If the exemption relates to an exhibit only, the requirement to submit a confirming electronic copy shall be satisfied by refiling the exhibit in electronic format in an amendment to the filing to which it relates. The confirming copy tag should not be used. The amendment should note that the purpose of the amendment is to add an electronic copy of an exhibit previously filed in paper pursuant to a temporary hardship exemption.

(c) If an electronic filer experiences unanticipated technical difficulties preventing the timely preparation and—

(1) Submission of an Interactive Data File (§ 232.11) as an exhibit as required pursuant to Rule 405 of Regulation S-T (§ 232.405), the electronic filer still can timely satisfy the requirement to submit the Interactive Data File in the following manner:

(i) Substitute for the Interactive Data File in the required exhibit a document that sets forth the following legend:

IN ACCORDANCE WITH THE TEMPORARY HARDSHIP EXEMPTION PROVIDED BY RULE 201 OF REGULATION S–T, THE DATE BY WHICH THE INTERACTIVE DATA FILE IS REQUIRED TO BE SUBMITTED HAS BEEN EXTENDED BY SIX BUSINESS DAYS; and

(ii) Submit the required Interactive Data File no later than six business days after the Interactive Data File originally was required to be submitted.

(2) Posting on its corporate Web site of an Interactive Data File as required pursuant to Rule 405 of Regulation S–T, the electronic filer still can timely satisfy the requirement to post the Interactive Data File by so posting the Interactive Data File within six business days after the Interactive Data File was required to be submitted to the Commission.

NOTE TO PARAGRAPH (c): Electronic filers unable to submit or post, as applicable, the Interactive Data File under the circumstances specified by paragraph (c), must
§ 232.202 Continuing hardship exemption.

(a) An electronic filer may apply in writing for a continuing hardship exemption if all or part of a filing, group of filings or submission, other than a Form ID (§§239.63, 249.446, 269.7, and 274.402 of this chapter) or a Form D (§ 239.500 of this chapter), otherwise to be filed or submitted in electronic format or, in the case of an Interactive Data File (§ 232.11), to be posted on the electronic filer’s corporate Web site, cannot be so filed, submitted or posted, as applicable, without undue burden or expense. Such written application shall be made at least ten business days before the required due date of the filing(s), submission(s) or posting or the proposed filing, submission, or posting date, as appropriate, or within such shorter period as may be permitted. The written application shall contain the information set forth in paragraph (b) of this section.

(b) The application shall not be deemed granted until the applicant is notified by the Commission or the staff.

(c) If the Commission, or the staff acting pursuant to delegated authority, determines that the grant of the exemption is appropriate and consistent with the public interest and the protection of investors and so notifies the applicant, the electronic filer shall follow the procedures set forth in paragraph (c) of this section.

(b) The request for the continuing hardship exemption shall include, but not be limited to, the following:

(1) The reason(s) that the necessary hardware and software is not available without unreasonable burden and expense;

(2) The burden and expense involved to employ alternative means to make the electronic submission or posting, as applicable; and/or

(3) The reasons for not submitting electronically the document, group of documents or Interactive Data File or not posting the Interactive Data File, as well as the justification for the requested time period.

(c) If the request is granted with respect to:

(1) Electronic filing of a document or group of documents, not electronic submission or posting of an Interactive Data File, then the electronic filer shall submit the document or group of documents for which the continuing hardship exemption is granted in paper format on the required due date specified in the applicable form, rule or regulation, or the proposed filing date, as appropriate and the following legend shall be placed in capital letters at the top of the cover page of the paper format document(s):

IN ACCORDANCE WITH RULE 202 OF REGULATION S–T, THIS (specify document) IS BEING FILED IN PAPER PURSUANT TO A CONTINUING HARDSHIP EXEMPTION.

(2) Electronic submission of an Interactive Data File, then the electronic filer shall substitute for the Interactive Data File in the exhibit in which it was required a document that sets forth one of the following legends, as appropriate:

IN ACCORDANCE WITH A CONTINUING HARDSHIP EXEMPTION OBTAINED UNDER RULE 202 OF REGULATION S–T, THE DATE BY WHICH THE INTERACTIVE

All of these provisions have been incorporated by reference into the Code of Federal Regulations, which action was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552(a) and 1 CFR Part 51.

You must comply with these requirements in order for documents to be timely received and accepted. You can obtain paper copies of the EDGAR Filer Manual from the following address: Public Reference Room, U.S. Securities and Exchange Commission, 100 F Street NE., Room 1543, Washington,

§ 232.302 Signatures.

(a) Required signatures to, or within, any electronic submission (including, without limitation, signatories within the certifications required by §§240.13a–14, 240.15d–14 and 270.30a–2 of this chapter) must be in typed form rather than manual format. Signatures in an HTML document that are not required may, but are not required to, be presented in an HTML graphic or image file within the electronic filing, in compliance with the formatting requirements of the EDGAR Filer Manual. When used in connection with an electronic filing, the term "signature" means an electronic entry in the form of a magnetic impulse or other form of computer data compilation of any letters or series of letters or characters comprising a name, executed, adopted or authorized as a signature. Signatures are not required in unofficial PDF copies submitted in accordance with §232.104.

(b) Each signatory to an electronic filing (including, without limitation, each signatory to the certifications required by §§240.13a–14, 240.15d–14 and 270.30a–2 of this chapter) shall manually sign a signature page or other document authenticating, acknowledging or otherwise adopting his or her signature that appears in typed form within the electronic filing. Such document shall be executed before or at the time the electronic filing is made and shall be retained by the filer for a period of five years. Upon request, an electronic filer shall furnish to the Commission or its staff a copy of any or all documents retained pursuant to this section.

§ 232.303 Incorporation by reference.

(a) The following documents shall not be incorporated by reference into an electronic filing:

(1) Any document filed in paper in violation of mandated electronic filing requirements;

(2) Any document filed in paper pursuant to a hardship exemption for which a required confirming electronic copy has not been submitted.

(3) For a registered investment company or a business development company, documents that have not been filed in electronic format, unless the document has been filed in paper under a hardship exemption (§232.201 or 232.202 of this chapter) and any required confirming copy has been submitted.

(b) If a filer incorporates by reference into an electronic filing any portion of an annual or quarterly report to security holders, it must also file the portion of the annual or quarterly report to security holders in electronic format as an exhibit to the filing, as required by Regulation S-K Item 601(b)(13) (§229.601(b)(13) of this chapter) and Regulation D-B Item 601(b)(13) (§228.601(b)(13) of this chapter). If a foreign private issuer incorporates by reference into an electronic filing any portion of an annual or other report to security holders, or of a Form 6-K report (§249.306 of this chapter) filed or submitted in paper, it also must file the incorporated portion in electronic format as an exhibit to the filing. The requirements of this paragraph do not apply to incorporation by reference by

(c) Where the Commission’s rules require a registrant to furnish to a national securities exchange or national securities association paper copies of a document filed with the Commission in electronic format, signatures to such paper copies may be in typed form.

§ 232.304 Graphic, image, audio and video material.

(a) If a filer includes graphic, image, audio or video material in a document delivered to investors and others that is not reproduced in an electronic filing, the electronically filed version of that document must include a fair and accurate narrative description, tabular representation or transcript of the omitted material. Such descriptions, representations or transcripts may be included in the text of the electronic filing at the point where the graphic, image, audio or video material is presented in the delivered version, or they may be listed in an appendix to the electronic filing. Immaterial differences between the delivered and electronically filed versions, such as pagination, color, type size or style, or corporate logo need not be described.

NOTE TO PARAGRAPH (a): If the omitted graphic, image, audio or video material includes data, filers must include a tabular representation or other appropriate representation of that data in the electronically filed version of the document.

(b)(1) The graphic, image, audio and video material in the version of a document delivered to investors and others is deemed part of the electronic filing and subject to the civil liability and anti-fraud provisions of the federal securities laws.

(2) Narrative descriptions, tabular representations or transcripts of graphic, image, audio and video material included in an electronic filing or appendix thereto also are deemed part of the filing. However, to the extent such descriptions, representations or transcripts represent a good faith effort to fairly and accurately describe omitted graphic, image, audio or video material, they are not subject to the civil liability and anti-fraud provisions of the federal securities laws.

(c) An electronic filer must retain for a period of five years a copy of each publicly distributed document, in the format used, that contains graphic, image, audio or video material where such material is not included in the version filed with the Commission. The five-year period shall commence as of the filing date, or the date that appears on the document, whichever is later. Upon request, an electronic filer shall furnish to the Commission or its staff a copy of any or all of the documents contained in the file.

(d) For electronically filed ASCII documents, the performance graph that is to appear in registrant annual reports to security holders required by Exchange Act Rule 14a-3 (§240.14a–3 of this chapter) or Exchange Act Rule 14c–3 (§240.14c–3 of this chapter) to precede or accompany proxy statements or information statements relating to annual meetings of security holders at which directors are to be elected (or special meetings or written consents in lieu of such meetings), as required by Item 201(e) of Regulation S–K (§229.201(e) of this chapter), and the line graph that is to appear in registrant annual reports to security holders, as required by paragraph (b)(7)(ii) of Item 27 of Form N–1A (§274.11A of this chapter), must be furnished to the Commission by presenting the data in tabular or chart form within the electronic ASCII document, in compliance with paragraph (a) of this section and the formatting requirements of the EDGAR Filer Manual.

(e) Notwithstanding the provisions of paragraphs (a) through (d) of this section, electronically filed HTML documents must present the following information in an HTML graphic or image file within the electronic submission in compliance with the formatting requirements of the EDGAR Filer Manual: The performance graph that is to appear in registrant annual reports to security holders required by Exchange Act Rule 14a-3 (§240.14a–3 of this chapter) or Exchange Act Rule 14c–3 (§240.14c–3 of this chapter) to precede or accompany registrant proxy statements or information statements relating to annual meetings of security holders at which directors are to be elected (or special meetings or written consents in lieu of such meetings), as required by Item 201(e) of Regulation S–K (§229.201(e) of this chapter); the
line graph that is to appear in registrant annual reports to security holders, as required by paragraph (b)(7)(ii) of Item 27 of Form N–1A (§274.11A of this chapter); and any other graphic material required by rule or form to be filed with the Commission. Filers may, but are not required to, submit any other graphic material in a HTML document by presenting the data in an HTML graphic or image file within the electronic filing, in compliance with the formatting requirements of the EDGAR Filer Manual. However, filers may not present in a graphic or image file information such as text or tables that users must be able to search and/or download into spreadsheet form (e.g., financial statements); filers must present such material as text in an ASCII document or as text or an HTML table in an HTML document.

(f) Electronic filers may not include animated graphics in any EDGAR document.

§ 232.305 Number of characters per line; tabular and columnar information.

(a) The narrative portion of a document shall not exceed 80 characters per line, including blank spaces, and shall not be presented in multi-column newspaper format. Non-narrative information (e.g., financial statements) may be presented in tabular or columnar format and may exceed 80 positions only if it is tagged as specified in the EDGAR Filer Manual. In no event shall information presented in tabular or columnar format exceed 132 positions wide.

(b) Paragraph (a) of this section does not apply to HTML documents, Interactive Data Files (§232.11) or XBRL-Related Documents (§232.11).

§ 232.306 Foreign language documents and symbols.

(a) All electronic filings and submissions must be in the English language, except as otherwise provided by paragraph (d) of this section. If a filing or submission requires the inclusion of a document that is in a foreign language, a party must submit instead a fair and accurate English translation of the foreign language document in accordance with §230.403(c) or §240.12b–12(d) of this chapter, except as otherwise provided by paragraph (c) of this section. Alternatively, if the foreign language document is an exhibit or attachment to a filing or submission subject to review by the Division of Corporation Finance, a party may provide a fair and accurate English summary of the foreign language document if permitted by §230.403(c)(3) or §240.12b–12(d)(3) of this chapter.

(b) When including an English summary or English translation of a foreign language document in an electronic filing or submission, a party may also submit a copy of the unabridged foreign language document in paper under cover of Form SE (§§239.64, 249.444, 269.8, and 274.403 of this chapter) in accordance with §232.311 of this chapter. A filer must provide a copy of any foreign language document upon the request of Commission staff.

(c) A foreign government or its political subdivision must electronically file a fair and accurate English translation, if available, of its latest annual budget as presented to its legislative body, as Exhibit B to Form 18 (§249.218 of this chapter) or Exhibit (c) to Form 18-K (§249.318 of this chapter). If no English translation is available, a foreign government or political subdivision must submit a copy of the foreign language version of its latest annual budget in paper under cover of Form SE (§§239.64, 249.444, 269.8, and 274.403 of this chapter).

(d) A Canadian issuer may file an HTML document, as defined in §232.11 of this chapter, that contains text in both French and English if the issuer included the French text to comply with the requirements of the Canadian securities administrator or other Canadian authority, and the French text is in an exhibit to or part of:

(1) A registration statement on Form F–7, F–8, F–9, F–10, or F–80 (§§239.37, 239.38, 239.39, 239.40, and 239.41 of this chapter);
(2) A registration statement or annual report on Form 40–F (§ 249.240f of this chapter); or

(c) Foreign currency denominations must be expressed in words or letters in the English language rather than representative symbols, except that HTML documents may include any representative foreign currency symbols that the EDGAR Filer Manual specifies. The limitations of this paragraph do not apply to unofficial PDF copies submitted in accordance with Rule 104 of Regulation S-T (§ 232.104).

§ 232.307 Bold face type.

(a) Provisions requiring presentation of information in bold face type shall be satisfied in an electronic format document by presenting such information in capital letters.

(b) Paragraph (a) of this section does not apply to HTML documents.

§ 232.308 Type size and font; legibility.

Provisions relating to type size, font and other legibility requirements shall not apply to electronic format documents.

§ 232.309 Paper size; binding; sequential numbering; number of copies.

(a) Requirements as to paper size, binding, and sequential page numbering shall not apply to electronic format documents.

(b) An electronic format document, submitted in the manner prescribed by the EDGAR Filer Manual, shall satisfy and not require that more than one copy of such document be filed with or provided to the Commission.

§ 232.310 Marking changed material.

Provisions requiring the marking of changed materials are satisfied in ASCII and HTML documents by inserting the tag <R> before and the tag </R> following a paragraph containing changed material. HTML documents may be marked to show changed materials within paragraphs. Financial statements and notes thereto need not be marked for changed material.

§ 232.311 Documents submitted in paper under cover of Form SE.

Form SE (§§ 239.64, 249.444, 259.603, 269.8, and 274.405 of this chapter) shall be filed as a paper cover sheet to the following documents submitted to the Commission in paper:

(a) Exhibits filed in paper pursuant to a hardship exemption shall be filed under cover of Form SE. See Rules 201 and 202 of Regulation S-T (§§ 232.201 and 232.202).

(c) A party may submit a copy of an unabridged foreign language document in paper under cover of Form SE if the electronic filing or submission includes an English summary or English translation of the foreign language document in accordance with § 232.306(b) or if permitted by the applicable form.

§ 232.405  17 CFR Ch. II (4–1–13 Edition)

Form F–10, paragraph 101 of the Instructions as to Exhibits of Form 20–F, paragraph B.(15) of the General Instructions to Form 40–F, paragraph C.(6) of the General Instructions to Form 6–K, or General Instruction C.3.(g) of Form N–1A, as applicable, as an exhibit to:

(i) A form that contains the disclosure required by this section; or

(ii) If the electronic filer is not an open-end management investment company registered under the Investment Company Act, an amendment to a form that contains the disclosure required by this section if the amendment is filed no more than 30 days after the earlier of the due date or filing date of the form and the Interactive Data File is the first Interactive Data File the electronic filer submits or the first Interactive Data File the electronic filer submits that complies or is required to comply, whichever occurs first, with paragraphs (d)(1) through (d)(4), (e)(1), and (e)(2) of this section;

(3) Be submitted in accordance with the EDGAR Filer Manual and, as applicable, either Item 601(b)(101) of Regulation S–K, paragraph (101) of Part II—Information Not Required to be Delivered to Offerees or Purchasers of Form F–10, paragraph 101 of the Instructions as to Exhibits of Form 20–F, paragraph B.(15) of the General Instructions to Form 40–F, paragraph C.(6) of the General Instructions to Form 6–K, or General Instruction C.3.(g) of Form N–1A; and

(4) Be posted on the electronic filer’s corporate Web site, if any, in accordance with, as applicable, either Item 601(b)(101) of Regulation S–K, paragraph (101) of Part II—Information Not Required to be Delivered to Offerees or Purchasers of Form F–10, paragraph 101 of the Instructions as to Exhibits of Form 20–F, paragraph B.(15) of the General Instructions to Form 40–F, paragraph C.(6) of the General Instructions to Form 6–K, or General Instruction C.3.(g) of Form N–1A.

(2) If the electronic filer is an open-end management investment company registered under the Investment Company Act of 1940, an Interactive Data File must consist of only a complete set of information for all periods required to be presented in the corresponding data in the Related Official Filing, no more and no less, from all of the following categories:

(i) The complete set of the electronic filer’s financial statements (which includes the face of the financial statements and all footnotes); and

NOTE TO PARAGRAPH (b)(1): It is not permissible for the Interactive Data File to present only partial face financial statements, such as by excluding comparative financial information for prior periods.

(c) Format—Generally. An Interactive Data File must comply with the following requirements, except as modified by paragraph (d) or (e) of this section, as applicable, with respect to the corresponding data in the Related Official Filing, no more and no less, from the risk/return summary information set forth in Items 2, 3, and 4 of Form N–1A.

(1) Data elements and labels—(i) Element accuracy. Each data element (i.e., all text, line item names, monetary values, percentages, numbers, dates and other labels) contained in the Interactive Data File reflects the same information in the corresponding data in the Related Official Filing;

(ii) Element specificity. No data element contained in the Interactive Data File is changed, deleted, or summarized in the Interactive Data File or in the Interactive Data File matches with an appropriate tag from the most recent version of the standard list of tags specified by the EDGAR Filer Manual. A tag is appropriate only when
its standard definition, standard label and other attributes as and to the extent identified in the list of tags match the information to be tagged, except that:

(A) Labels. An electronic filer must create and use a new special label to modify a tag's existing standard label when that tag is an appropriate tag in all other respects (i.e., in order to use a tag from the standard list of tags only its label needs to be changed); and

(B) Elements. An electronic filer must create and use a new special element if and only if an appropriate tag does not exist in the standard list of tags for reasons other than or in addition to an inappropriate standard label; and

(2) Additional mark-up related content. The Interactive Data File contains any additional mark-up related content (e.g., the eXtensible Business Reporting Language tags themselves, identification of the core XML documents used and other technology related content) not found in the corresponding data in the Related Official Filing that is necessary to comply with the EDGAR Filer Manual requirements.

(d) Format—Footnotes—Generally. The part of the Interactive Data File for which the corresponding data in the Related Official Filing consists of footnotes to financial statements must comply with the requirements of paragraphs (c)(1) and (c)(2) of this section, as modified by this paragraph (d), unless the electronic filer is within one of the categories specified in paragraph (f) of this section. Financial statement schedules as set forth in Article 12 of Regulation S-X must be tagged as follows:

(1) Each complete financial statement schedule must be block-text tagged; and

(2) Within each financial statement schedule,

(i) Each amount (i.e., monetary value, percentage and number) must be tagged separately; and

(ii) Each narrative disclosure may be tagged separately to the extent the electronic filer chooses.

(e) Format—Schedules—Generally. The part of the Interactive Data File for which the corresponding data in the Related Official Filing consists of financial statement schedules as set forth in Article 12 of Regulation S-X must comply with the requirements of paragraphs (c)(1) and (c)(2) of this section, as modified by this paragraph (e), unless the electronic filer is within one of the categories specified in paragraph (f) of this section. Financial statement schedules as set forth in Article 12 of Regulation S-X must be tagged as follows:

(1) Each complete financial statement schedule must be block-text tagged; and

(2) Within each financial statement schedule,

(i) Each amount (i.e., monetary value, percentage and number) must be tagged separately; and

(ii) Each narrative disclosure may be tagged separately to the extent the electronic filer chooses.

(f) Format—Footnotes and schedules eligible for phased-in detail. The following electronic filers must comply with paragraphs (c)(1) and (c)(2) of this section as modified by paragraphs (d) and (e) of this section, except that they may choose to comply with paragraph (d)(1) of this section rather than paragraphs (d)(1) through (d)(4) of this section and may choose to comply with paragraph (e)(1) of this section rather than paragraphs (e)(1) and (e)(2) of this section:

(1) Any large accelerated filer (§ 240.12b–2 of this chapter) that had an aggregate worldwide market value of the voting and non-voting common equity held by non-affiliates of more than $5 billion as of the last business day of the second fiscal quarter of its most recently completed fiscal year that prepares its financial statements in accordance with generally accepted accounting principles as used in the United States, if none of the financial statements for which an Interactive Data File is required is for a fiscal period that ends on or after June 15, 2010;

(2) Any large accelerated filer not specified in paragraph (f)(1) of this section that prepares its financial statements in accordance with generally accepted accounting principles as used in
§ 232.406T

17 CFR Ch. II (4–1–13 Edition)

the United States, if none of the financial statements for which an Interactive Data File is required is for a fiscal period that ends on or after June 15, 2011; and

(g) Posting. Any electronic filer that maintains a corporate Web site and is required to submit an Interactive Data File must post that Interactive Data File on that Web site by the end of the calendar day on the earlier of the date the Interactive Data File is submitted or is required to be submitted, and, if the electronic filer is not an open-end management company registered under the Investment Company Act of 1940, the Interactive Data File must remain accessible on that Web site for at least a 12-month period. For an electronic filer that is an open-end management company registered under the Investment Company Act of 1940, the Interactive Data File must remain accessible on a company’s Web site.

NOTE TO § 232.405: Item 601(b)(101) of Regulation S–K specifies the circumstances under which an Interactive Data File must be submitted as an exhibit and be posted to the issuer’s corporate Web site, if any, and the circumstances under which it is permitted to be submitted as an exhibit, with respect to Form 20–F. Paragraph B.(15) of the General Instructions to Form 40–F and Paragraph C.(6) of the General Instructions to Form 6–K specify the circumstances under which an Interactive Data File must be submitted as an exhibit and be posted to the issuer’s corporate Web site, if any, and the circumstances under which it is permitted to be submitted as an exhibit, with respect to Form 20–F. Paragraph B.(15) of the General Instructions to Form 40–F and Paragraph C.(6) of the General Instructions to Form 6–K all prohibit submission of an Interactive Data File by an issuer that prepares its financial statements in accordance with Article 6 of Regulation S–X (17 CFR 230.6–91 et seq.) For an issuer that is an open-end management investment company registered under the Investment Company Act of 1940, General Instruction C.3.(g) of Form N–1A specifies the period of time for which an Interactive Data File must remain accessible on a company’s Web site.

(3) Is deemed filed for purposes of § 232.103.

(c) Good faith attempts and prompt correction. Subject to paragraph (b) of this section, the Interactive Data File shall be subject to liability for a failure to comply with § 232.405, but shall be deemed to have complied with § 232.405 and would not be subject to liability under the anti-fraud provisions set forth in paragraph (b)(1) of this section or under any other liability provision if the electronic filer:

After these dates, an Interactive Data File is subject to the same liability provisions as the Related Official Filing. This temporary section will expire on October 31, 2014.

EDGAR FUNCTIONS

§ 232.501 Modular submissions and segmented filings.

An electronic filer may use the following procedures to submit information to the EDGAR system for subsequent inclusion in an electronic filing:

(a) Modular submissions. (1) One or more electronic format documents may be submitted for storage in the non-public EDGAR data storage area as a modular submission for subsequent inclusion in one or more electronic submissions.

(2) An electronic filer shall be permitted a maximum of ten modular submissions in the non-public EDGAR data storage area at any time, not to exceed a total of one megabyte of digital information. If an electronic filer attempts to submit a modular filing which would cause either of these limits to be exceeded, EDGAR will suspend the modular submission and notify the electronic filer by electronic mail. After six business days, the modular submission held in suspense will be deleted from the system.

(3) A modular submission may be corrected or amended only by resubmitting the entire modular submission.

(b) Segmented filings. (1) Segments of a document intended to become an electronic filing may be submitted to the non-public EDGAR data storage area for assembly as a segmented filing.

(2) Segments shall be submitted no more than six business days in advance of the anticipated filing date and are not limited in number or size. They may be submitted from several geographic locations by more than one filing entity. Segments may be included in only one electronic filing. Once used, segments will be removed from the non-public EDGAR data storage area. The assembly of segments into a segmented filing shall be effected pursuant to the applicable provisions of the EDGAR Filer Manual. If segments are not prepared in accordance with the EDGAR Filer Manual, the filing will not be constructed. The filing date of a segmented filing shall be the date upon which the filing is assembled and satisfies the requirements of Rule 13(a) of Regulation S-T (§ 232.13(a)).

(3) Segments may be corrected or amended only by resubmitting the entire segment.

(c) A modular submission or segment shall not:

(1) be publicly available;

3(b) (15 U.S.C. 80a–33(b)) prior to its inclusion in a filing; or
(3) Be deemed to constitute an official filing prior to its inclusion in a filing under the federal securities laws. Once a modular submission or segment has been included in an electronic filing, the liability and anti-fraud provisions of the Securities Act, the Exchange Act, the Trust Indenture Act, and the Investment Company Act shall apply to the electronic filing.

§ 239.12 [Reserved]

§ 239.13 Form S–3, for registration under the Securities Act of 1933 of securities of certain issuers offered pursuant to certain types of transactions.

This instruction sets forth registrant requirements and transaction requirements for the use of Form S–3. Any registrant which meets the requirements of paragraph (a) of this section ("Registrant Requirements") may use this Form for the registration of securities under the Securities Act of 1933 ("Securities Act") which are offered in any transaction specified in paragraph
(b) of this section ("Transaction Requirement") provided that the requirement applicable to the specified transaction are met. With respect to majority-owned subsidiaries, see paragraph (c) of this section. With respect to well-known seasoned issuers and majority-owned subsidiaries of well-known seasoned issuers, see paragraph (d) of this section.

(a) Registrant requirements. Registrants must meet the following conditions in order to use this Form for registration under the Securities Act of securities offered in the transactions specified in paragraph (b) of this section:

(1) The registrant is organized under the laws of the United States or any State or Territory or the District of Columbia and has its principal business operations in the United States or its territories.

(2) The registrant has a class of securities registered pursuant to section 12(b) of the Securities Exchange Act of 1934 (Exchange Act) or a class of equity securities registered pursuant to section 12(g) of the Exchange Act or is required to file reports pursuant to section 15(d) of the Exchange Act;

(3) The registrant: (i) Has been subject to the requirements of section 12 or 15(d) of the Exchange Act and has filed all the material required to be filed pursuant to sections 13, 14 or 15(d) for a period of at least twelve calendar months immediately preceding the filing of the registration statement on this Form and

(ii) Has filed in a timely manner all reports required to be filed during the twelve calendar months and any portion of a month immediately preceding the filing of the registration statement, other than a report that is required solely pursuant to Item 1.01, 1.02, 2.03, 2.04, 2.05, 2.06, 4.02(a), 6.01, 6.03 or 6.05 of Form 8-K (§249.308 of this chapter) if §240.12b-25(b) of this chapter was used during such period with respect to a report or a portion of a report, that report or portion thereof has actually been filed within the time period prescribed by that section; and

(4) The provisions of paragraphs (a)(2) and (a)(3)(i) of this section do not apply to any registered offerings of securities described in paragraph (b)(5) of this section. However, for such offerings of asset-backed securities, to the extent the depositor or any issuing entity previously established, directly or indirectly, by the depositor or any affiliate of the depositor (as defined in §229.1101 of this chapter) are or were at any time during the twelve calendar months and any portion of a month immediately preceding the filing of the registration statement on this Form subject to the requirements of section 12 or 15(d) of the Exchange Act (15 U.S.C. 78l or 78o(d)) with respect to a class of asset-backed securities involving the same asset class, such depositor and each such issuing entity must have filed all material required to be filed regarding such asset-backed securities pursuant to section 13, 14 or 15(d) of the Exchange Act (15 U.S.C. 78m, 78n or 78o(d)) for such period (or such shorter period that each such entity was required to file such materials). In addition, such material must have been filed in a timely manner, other than a report that is required solely pursuant to Item 1.01, 1.02, 2.03, 2.04, 2.05, 2.06, 4.02(a), 6.01, 6.03 or 6.05 of Form 8-K (§249.308 of this chapter). If §240.12b-25(b) of this chapter was used during such period with respect to a report or a portion of a report, that report or portion thereof has actually been filed within the time period prescribed by that section. Regarding an affiliated depositor that became an affiliate as a result of a business combination transaction during such period, the filing of any material prior to the business combination transaction relating to asset-backed securities of an issuing entity previously established, directly or indirectly, by such affiliated depositor is excluded from this section, provided such business combination transaction was not part of a plan or scheme to evade the requirements of the Securities Act or the Exchange Act. See the definition of "affiliate" in §230.405 of this chapter.

(5) Neither the registrant nor any of its consolidated or unconsolidated subsidiaries have, since the end of the last fiscal year for which certified financial
Securities and Exchange Commission § 239.13

statements of the registrant and its consolidated subsidiaries were included in a report filed pursuant to section 13(a) or 15(d) of the Exchange Act: (i) Failed to pay any dividend or sinking fund installment on preferred stock; or (ii) defaulted (A) on any installment or installments on indebtedness for borrowed money, or (B) on any rental on one or more long term leases, which defaults in the aggregate are material to the financial position of the registrant and its consolidated and unconsolidated subsidiaries, taken as a whole.

(6) A foreign issuer, other than a foreign government, which satisfies all of the above provisions of these registrant eligibility requirements except the provisions in paragraph (a)(1) of this section relating to organization and principal business shall be deemed to have met these registrant eligibility requirements provided that such foreign issuer files the same reports with the Commission under section 13(a) or 15(d) of the Exchange Act as a domestic registrant pursuant to paragraph (a)(3) of this section.

(7) If the registrant is a successor registrant, it shall be deemed to have met conditions in paragraph (a)(1), (2), (3), and (5) of this section if:

(i) its predecessor and it, taken together, do so, provided that the succession was primarily for the purpose of changing the state of incorporation of the predecessor or forming a holding company and that the assets and liabilities of the successor at the time of succession were substantially the same as those of the predecessor; or

(ii) If all predecessors met the conditions at the time of succession and the registrant has continued to do so since the succession.

(8) Electronic filings. In addition to satisfying the foregoing conditions, a registrant subject to the electronic filing requirements of Rule 101 of Regulation S-T (§ 232.101 of this chapter) shall have:

(i) Filed with the Commission all required electronic filings, including electronic copies of documents submitted in paper pursuant to a hardship exemption as provided by Rule 201 or Rule 202(d) of Regulation S-T (§ 232.201 or § 232.202(d) of this chapter); and

(ii) Submitted electronically to the Commission and posted on its corporate Web site, if any, all Interactive Data Files required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§ 232.405 of this chapter) during the twelve calendar months and any portion of a month immediately preceding the filing of the registration statement on this Form (or for such shorter period of time that the registrant was required to submit and post such files).

(b) Transaction requirements. Security offerings meeting any of the following conditions and made by registrants meeting the Registrant Requirements above may be registered on this Form:

(1) Primary and secondary offerings by certain registrants. Securities to be offered for cash by or on behalf of a registrant, or outstanding securities to be offered for cash for the account of any person other than the registrant, including securities acquired by standby underwriters in connection with the call or redemption by the registrant of warrants or a class of convertible securities; provided that the aggregate market value of the voting and non-voting common equity held by non-affiliates of the registrant is $75 million or more.

Instruction to paragraph (b)(1): The aggregate market value of the registrant’s outstanding voting stock shall be computed by use of the price at which the stock was last sold, or the average of the bid and asked prices of such stock, as of a date within 60 days prior to the date of filing. See the definition of affiliate in Securities Act Rule 405 (§ 230.405 of this chapter).

(2) Primary offerings of non-convertible securities other than common equity. Non-convertible securities, other than common equity, to be offered for cash by or on behalf of a registrant, provided the registrant:

(i) Has issued (as of a date within 60 days prior to the filing of the registration statement) at least $1 billion in non-convertible securities, other than common equity, in primary offerings for cash, not exchange, registered under the Securities Act, over the prior three years; or

(ii) Has outstanding (as of a date within 60 days prior to the filing of the registration statement) at least $750 million of non-convertible securities,
other than common equity, issued in primary offerings for cash, not exchange, registered under the Securities Act; or

(iii) is a wholly-owned subsidiary of a well-known seasoned issuer (as defined in 17 CFR 230.405); or

(iv) Is a majority-owned operating partnership of a real estate investment trust that qualifies as a well-known seasoned issuer (as defined in 17 CFR 230.405); or

(v) Discloses in the registration statement that it has a reasonable belief that it would have been eligible to use this Form S–3 as of September 1, 2011 because it is registering a primary offering of non-convertible investment grade securities, discloses the basis for such belief, and files a final prospectus for an offering pursuant to such registration statement on this Form S–3 on or before September 2, 2014.

Instruction to paragraph (b)(2). For purposes of paragraph (b)(2)(i) of this section, an insurance company, as defined in Section 2(a)(13) of the Securities Act of 1933 (15 U.S.C. 77b(a)(13), when using this Form S–3 to register offerings of securities subject to regulation under the insurance laws of any State or Territory of the United States or the District of Columbia ("insurance contracts") may include purchase payments or premium payments for insurance contracts, including purchase payments or premium payments for variable insurance contracts (not including purchase payments or premiums initially allocated to investment options that are not registered under the Securities Act of 1933 (15 U.S.C. 77a)), issued in offerings registered under the Securities Act over the prior three years. For purposes of paragraph (b)(1) of this section, an insurance company, as defined in Section 2(a)(13) of the Securities Act of 1933, when using this Form S–3 to register offerings of insurance contracts, may include the contract value, as of the measurement date, of any outstanding insurance contracts, including variable insurance contracts (not including the value allocated as of the measurement date to investment options that are not registered under the Securities Act of 1933 (15 U.S.C. 77a)), issued in offerings registered under the Securities Act of 1933.

(3) Transactions involving secondary offerings. Outstanding securities to be offered for the account of any person other than the issuer, including securities acquired by standby underwriters in connection with the call or redemption by the issuer of warrants or a class of convertible securities, if securities of the same class are listed and registered on a national securities exchange or are quoted on the automated quotation system of a national securities association. In addition, Form S–3 may be used by affiliates to register securities for resale pursuant to the conditions specified in General Instruction C to Form S–8 (§239.16b of this chapter).

(4) Rights offerings, dividend or interest reinvestment plans, and conversions, warrants and options. (i) Securities to be offered:

(A) Upon the exercise of outstanding rights granted by the issuer of the securities to be offered, if such rights are granted on a pro rata basis to all existing security holders of the class of securities to which the rights attach;

(B) Under a dividend or interest reinvestment plan; or

(C) Upon the conversion of outstanding convertible securities or the exercise of outstanding warrants or options issued by the issuer of the securities to be offered, or an affiliate of that issuer.

(ii) However, Form S–3 is available for registering these securities only if the issuer has sent, within the twelve calendar months immediately before the registration statement is filed, material containing the information required by §240.14a–3(b) of this chapter under the Exchange Act to:

(A) All record holders of the rights;

(B) All participants in the plans; or

(C) All record holders of the convertible securities, warrants or options, respectively.

(iii) The issuer also must have provided, within the twelve calendar months immediately before the Form S–3 registration statement is filed, the information required by Items 401, 402 and 403 of Regulation S–K (§§229.401 through 229.403 of this chapter) to:

(A) Holders of rights exercisable for common stock;

(B) Holders of securities convertible into common stock; and

(C) Participants in plans that may invest in common stock, securities convertible into common stock, or warrants or options exercisable for common stock, respectively.
(5) The securities are investment grade securities. An asset-backed security is an investment grade security if, at the time of sale, at least one nationally recognized statistical rating organization (as that term is used in 17 CFR 240.15c-3-1(c)(2)(vi)(F)) has rated the security in one of its generic rating categories that signifies investment grade; typically, the four highest rating categories (within which there may be sub-categories or gradations indicating relative standing) signify investment grade.

(c) Majority-owned subsidiaries. If a registrant is a majority-owned subsidiary, security offerings may be registered on this Form if:
(1) The registrant-subsidiary itself meets the Registrant Requirements and the applicable Transaction Requirement;
(2) The parent of the registrant-subsidiary meets the Registrant Requirements and the conditions of Transaction Requirement in paragraph (b)(2) of this section (Primary offerings of non-convertible investment grade securities) are met;
(3) The parent of the registrant-subsidiary meets the Registrant Requirements and the applicable Transaction Requirements, and provides a full and unconditional guarantee, as defined in Rule 3–10 of Regulation S-X ($210.3–10 of this chapter), of the payment obligations on the securities being registered, and the securities being registered are non-convertible securities, other than common equity;
(4) The parent of the registrant-subsidiary meets the Registrant Requirements and the applicable Transaction Requirement, and the securities of the registrant-subsidiary being registered are full and unconditional guarantees, as defined in Rule 3–10 of Regulation S-X, of the payment obligations on the parent’s non-convertible securities, other than common equity, being registered; and
(5) The parent of the registrant-subsidiary meets the Registrant Requirements and the applicable Transaction Requirement, and the securities of the registrant-subsidiary being registered are guarantees of the payment obligations on the non-convertible securities, other than common equity, being registered by another majority-owned subsidiary of the parent, where the parent provides a full and unconditional guarantee, as defined in Rule 3–10 of Regulation S-X, of such non-convertible securities.

NOTE TO PARAGRAPH (c): With regard to paragraphs (c)(3), (c)(4), and (c)(5) of this section, the guarantor is the issuer of a separate security consisting of the guarantee, which must be concurrently registered, but may be registered on the same registration statement as the guaranteed non-convertible securities.

(d) Automatic shelf offerings by well-known seasoned issuers. Any registrant that is a well-known seasoned issuer as defined in Rule 405 ($230.405 of this chapter) at the most recent eligibility determination date specified in paragraph (2) of that definition may use this Form for registration under the Securities Act of securities offerings, other than pursuant to Rule 415(a)(1)(vii) or (viii) ($230.415(a)(1)(vii) or (viii) of this chapter), as follows:
(1) The securities to be offered are:
(i) Any securities to be offered pursuant to Rule 415, Rule 430A, or Rule 430B ($230.415, § 230.430A, or § 230.430B of this chapter) by:
(A) A registrant that is a well-known seasoned issuer by reason of paragraph (1)(i)(A) of the definition in Rule 405; or
(B) A registrant that is a well-known seasoned issuer only by reason of paragraph (1)(i)(B) of the definition in Rule 405 and does not fall within paragraph (b)(1) of this section;
(ii) Non-convertible securities, other than common equity, to be offered pursuant to Rule 415, Rule 430A, or Rule 430B by a registrant that is a well-known seasoned issuer only by reason of paragraph (1)(i)(B) of the definition in Rule 405 if the registrant also is eligible to register a primary offering of its securities pursuant to paragraph (b)(1) of this section;
(iii) Securities of majority-owned subsidiaries of the parent registrant to be offered pursuant to Rule 415, Rule 430A, or Rule 430B if the parent registrant is a well-known seasoned issuer and the securities of the majority-owned subsidiary being registered meet the following requirements:
(A) Securities of a majority-owned subsidiary that is a well-known seasoned issuer at the time it becomes a registrant, other than by virtue of paragraph (1)(ii) of the definition of well-known seasoned issuer in Rule 405;

(B) Securities of a majority-owned subsidiary that are non-convertible securities, other than common equity, and the parent registration provides a full and unconditional guarantee, as defined in Rule 3–10 of Regulation S-X, of the payment obligations on the non-convertible securities;

(C) Securities of a majority-owned subsidiary that are a guarantee of:

(1) Non-convertible securities, other than common equity, of another majority-owned subsidiary being registered and the parent has provided a full and unconditional guarantee, as defined in Rule 3–10 of Regulation S-X, of the payment obligations on such non-convertible securities; or

(D) Securities of a majority-owned subsidiary that meet the conditions of the Transaction Requirement set forth in paragraph (b)(2) of this section (Primary offerings of non-convertible investment grade securities).

(iv) Securities to be offered for the account of any person other than the issuer (“selling security holders”), provided that the registration statement and the prospectus are not required to separately identify the selling security holders or the securities to be sold by such persons until the filing of a prospectus, prospectus supplement, post-effective amendment to the registration statement, or periodic or current report under the Exchange Act that is incorporated by reference into the registration statement and prospectus, identifying the selling security holders and the amount of securities to be sold by each of them and, if included in a periodic or current report, a prospectus or prospectus supplement is filed, as required by Rule 430B, pursuant to Rule 424(b)(7) (§ 230.424(b)(7) of this chapter);

§ 239.32 [Reserved]

§ 239.33 Form F–3, for registration under the Securities Act of 1933 of securities of certain foreign private issuers offered pursuant to certain types of transactions.

This instruction set forth registrant requirements and transaction requirements for the use of Form F–3. Any foreign private issuer, as defined in Rule 405 (§230.405 of this chapter), which
meets the requirements of paragraph (a) of this section (the “Registrant Requirements”) may use this Form for the registration of securities under the Securities Act of 1933 (the “Securities Act”) which are offered in any transaction specified in paragraph (b) of this section (the “Transaction Requirements”), provided that the requirements applicable to the specified transaction are met. With respect to majority-owned subsidiaries, see paragraph (a)(5) of this section. With respect to well-known seasoned issuers and majority-owned subsidiaries of well-known seasoned issuers, see paragraph (c) of this section.

(a) Registrant requirements. Except as set forth in this paragraph (a), all registrants must meet the following conditions in order to use this Form F-3 for registration under the Securities Act of securities offered in the transactions specified in paragraph (b) of this section:

(2) The registrant:

(i) Has been subject to the requirements of section 12 or 15(d) of the Exchange Act and has filed all the material required to be filed pursuant to sections 13, 14 or 15(d) of the Exchange Act for a period of at least twelve calendar months immediately preceding the filing of the registration statement on this form; and

(ii) Has filed in a timely manner all reports required to be filed during the twelve calendar months and any portion of a month immediately preceding the filing of the registration statement and, if the registrant has used (during those twelve calendar months and that portion of a month) §240.12b–25(b) of this chapter with respect to a report or a portion of a report, that report or portion thereof has actually been filed within the time period prescribed by §240.12b–25(b) of this chapter.

(3) Neither the registrant nor any of its consolidated or unconsolidated subsidiaries have, since the end of their last fiscal year for which certified financial statements of the registrant and its consolidated subsidiaries were included in a report filed pursuant to section 13(a) or 15(d) of the Exchange Act: (i) Failed to pay any dividend or sinking fund installment on preferred stock; or (ii) defaulted (A) on any installment or installments on indebtedness for borrowed money, or (B) on any rental on one or more long term leases, which defaults in the aggregate are material to the financial position of the registrant and its consolidated and unconsolidated subsidiaries, taken as a whole.

(5) Majority-owned subsidiaries. If a registrant is a majority-owned subsidiary, security offerings may be registered on this form if:

(i) The registrant-subsidiary itself meets the Registrant Requirements and the applicable Transaction Requirement;

Rule 3–10 of Regulation S–X (§210.33–10 of this chapter), of the payment obligation on the securities being registered, and the securities being registered are non-convertible securities, other than common equity;

(iv) The parent of the registrant-subsidiary meets the Registrant Requirements and the applicable Transaction Requirement, and the securities of the registrant-subsidiary being registered are full and unconditional guarantees, as defined in Rule 3–10 of Regulation S–X, of the payment obligations on the parent’s non-convertible securities, other than common equity, being registered; or

NOTE TO PARAGRAPH (a)(5): In the situations described in paragraphs (a)(5)(iii), (a)(5)(iv); and (a)(5)(v) of this section, the parent or majority-owned subsidiary guarantor is the issuer of a separate security consisting of the guarantee, which must be concurrently registered, but may be registered on the same registration statement as are the guaranteed non-convertible securities. (a) Form F-80 may be used for registration under the Securities Act of 1933 ("Securities Act") of securities to be issued in an exchange offer or in connection with a statutory amalgamation, merger, arrangement or other reorganization requiring the vote of shareholders of the participating companies (a "business combination"). Securities may be registered on this Form whether they constitute the sole consideration for such exchange offer or business combination, or are offered in conjunction with cash.

(b) This Form shall not be used for registration of securities if no takeover bid circular or issuer bid circular (in the case of an exchange offer) or information circular (in the case of a business combination) is prepared pursuant to the requirements of any Canadian jurisdiction due to the availability of an exemption from such requirements.

(c) This Form may not be used for registration of derivative securities except:

(1) Warrants, options and rights, provided that such securities and the underlying securities to which they relate are issued by the registrant, its parent or an affiliate of either; and

The determination of a person's affiliates shall be made as of the end of such person's most recently completed fiscal year.

If there is no market for any of such securities, the book value of such securities computed as of the latest practicable date prior to the filing of this Form shall be used for purposes of calculating the market value, unless the issuer of such securities is in bankruptcy or receivership or has an accumulated capital deficit, in which case one-third of the principal amount, par value or stated value of such securities shall be used.

(e) In the case of an exchange offer, the securities to be registered on this Form shall be offered to U. (1) The time the successor registrant has been subject to the continuous disclosure requirements of any securities commission or equivalent regulatory authority in Canada, when added separately to the time each predecessor had been subject to such requirements at the time of the business combination, in each case equals at least 36 calendar months, provided, however, that any predecessor need not be considered for purposes of the reporting history calculation if the reporting histories of predecessors whose assets and gross revenues, respectively, would contribute at least 80 percent of the total assets and gross revenues from continuing operations of the successor registrant, as measured based on pro forma combination of such participating companies’ most recently completed fiscal years immediately prior to the business combination, when combined with the reporting history of the successor registrant in each case satisfy such 36-month reporting requirement;

(2) The time the successor registrant has been subject to the listing requirements of the specified exchanges, when added separately to the time each predecessor had been subject to such requirements at the time of the business combination, when combined with the listing history of the successor registrant in each case satisfy such 36-month reporting requirement;

("CDN") over the 12 calendar month period prior to commencement of this offer, or if commenced in response to a prior offer, over the 12 calendar month period prior to commencement of the initial offer (based on volume figures published by such exchanges and NASDAQ and CDN); (b) the most recent annual report or annual information form filed or submitted by the issuer with securities regulators of Ontario, Quebec, British Columbia or Alberta (or, if the issuer of the subject securities is not a reporting issuer in any of such provinces, with any other Canadian securities regulator) or with the Commission indicates that U.S. holders hold 40 percent or more of the outstanding subject class of securities; or (c) the offeror has actual knowledge that the level of U.S. ownership equals or exceeds 40 percent of such securities.

1. Each company participating in the business combination, including the successor registrant, is incorporated or organized under the laws of Canada or any Canadian province or territory and is a foreign private issuer;

3. The aggregate market value of the public float of the outstanding equity shares of each company participating in the business combination other than
the successor registrant is (CN) $75 million or more; provided, however, that any such participating company shall not be required to meet such public float requirement if other participating companies whose assets and gross revenues, respectively, would contribute at least 80 percent of the total assets and gross revenues from continuing operations of the successor registrant, as measured based on pro forma combination of the participating companies’ most recently completed fiscal years, each meet such public float requirement; and, provided further, that such public float requirement shall be deemed satisfied in the case of a participating company whose equity shares were the subject of an exchange offer that was registered or would have been eligible for registration on Form F–8, Form F–10 or Form F–80, or a tender offer in connection with which Schedule 13E–4F or 14D–1F was filed or could have been filed, that terminated within the last twelve months, if the participating company would have satisfied such public float requirement immediately prior to commencement of exchange or tender offer.

(i) In the case of a business combination, less than 40 percent of the class of securities to be offered by the successor registrant shall be held by U.S. holders, as if measured immediately after completion of the business combination.

Instructions: 1. For purposes of business combinations, the term “U.S. holder” shall mean any person whose address appears on the records of a participating company, any voting trustee, any depositary, any share transfer agent or any person acting in a similar capacity on behalf of a participating company as being located in the United States.

2. For purposes of business combinations, the calculation of U.S. holders shall be made by a participant as of the end of such participant’s last quarter or, if such quarter terminated within 60 days of the filing date, as of the end of such participant’s preceding quarter.

(j) In the case of a business combination, the securities to be registered on this Form shall be offered to U.S. holders upon terms and conditions not less favorable than those offered to any other holder of the same class of such securities of the participating company.

(k) This Form shall not be used if the registrant or, in the case of an exchange offer, the issuer of the subject securities is an investment company registered or required to be registered under the Investment Company Act of 1940.

(l) Registrants and any non-U.S. person acting as trustee with respect to the securities being registered shall each file a Form F-X (§ 239.42 of this chapter) with the Commission at the time of filing this Form.
