

**§411.175 What if a continuing disability review is begun before my ticket is in use?**

(a) If we begin a continuing disability review before the date on which your ticket is in use, you may still assign the ticket and receive services from an EN or a State VR agency acting as an EN under the Ticket to Work program, or you may still receive services from a State VR agency that elects the VR cost reimbursement option. However, we will complete the continuing disability review. If in this review we determine that you are no longer disabled, in most cases you will no longer be eligible to receive benefit payments. However, if your ticket was in use before we determined that you are no longer disabled, in certain circumstances you may continue to receive benefit payments (see §§404.316(c), 404.337(c), 404.352(d), and 416.1338 of this chapter). If you appeal the decision that you are no longer disabled, you may also choose to have your benefits continued pending reconsideration and/or a hearing before an administrative law judge on the cessation determination (see §§404.1597a and 416.996 of this chapter).

(b) The date on which we begin the continuing disability review is the date on the notice we send you that tells you that we are beginning to review your disability case.

**§411.180 What is timely progress toward self-supporting employment?**

(a) *General.* We consider you to be making timely progress toward self-supporting employment when you show progress as described below toward the ability to work at levels which will reduce your dependence on Social Security disability benefits or SSI benefits. We will also consider you to be making timely progress when you obtain a high school diploma or GED certificate in the first 12-month progress certification period, or if you show progress as described below toward obtaining an educational degree or certificate or vocational or technical training that will enhance your ability to return to work. In addition, if you complete a certain percentage of the work requirement

and a certain percentage of the post-secondary education requirement or vocational or technical training requirement in the applicable progress certification period under the guidelines below, and the sum of the two percentages equals 100 or more, we will consider you to have met the timely progress requirements for purposes of the progress review conducted at the end of the 12-month progress certification period. For example, if you complete 33.3 percent of the work requirement during the first 12-month progress certification period as described in paragraph (c)(1)(i) of this section (*i.e.*, one month of work with earnings equal to or greater than the amount representing a trial work service month), and complete 66.7 percent of the requisite credit hours in an educational program during this period as described in paragraph (c)(1)(iii) of this section (*i.e.*, 40 percent of the post-secondary credit hours that are considered to represent an academic year of full-time study), we will consider you to have met the timely progress requirements for purposes of the progress review conducted at the end of the first 12-month progress certification period. In addition, we will apply the variance tolerance described in §411.166(h) in determining whether you have met the requirements in paragraph (c)(1)(iii), (iv) or (v), paragraph (c)(2)(ii), (iii) or (iv), paragraph (c)(3)(iii) or (v), paragraph (c)(4)(ii) or (iii), or paragraph (c)(5)(ii) or (iii) of this section.

(b) *12-month progress certification periods.* The first 12-month progress certification period begins with the month following the month in which you first assigned your ticket, or with the month beginning after the date described in §411.170(b) if you have a ticket that would otherwise be available for assignment and are receiving VR services under an IPE from a State VR agency which has chosen the VR cost reimbursement option. Any subsequent 12-month progress certification period will begin with the month following the end of the previous 12-month progress certification period. In computing any 12-month progress certification period, we do not count any month during which—
