

against all liabilities or costs relating to the use, handling, treatment, removal, storage, transportation, or disposal of hazardous materials, or the release or discharge of any hazardous material from the leased premises that occurs during the lease term, regardless of fault, with the exception that the lessee is not required to indemnify the Indian landowners for liability or cost arising from the Indian landowners' negligence or willful misconduct.

(e) We may treat any provision of a lease document that violates Federal law as a violation of the lease.

[77 FR 72494, Dec. 5, 2012, as amended at 78 FR 19100, Mar. 29, 2013]

§ 162.514 May permanent improvements be made under a WEEL?

(a) A WEEL anticipates the installation of facilities and associated infrastructure of a size and magnitude necessary for evaluation of wind resource capacity and potential effects of development. These facilities and associated infrastructure are considered permanent improvements. An equipment installation plan must be submitted with the lease under §162.528(g).

(b) If any of the following changes are made to the equipment installation plan, the Indian landowners must approve the revised plan and the lessee must provide a copy of the revised plan to BIA:

- (1) Location of permanent improvements;
- (2) Type of permanent improvements; or
- (3) Delay of 90 days or more in any phase of development.

§ 162.515 How must a WEEL address ownership of permanent improvements?

(a) A WEEL must specify who will own any permanent improvements the lessee installs during the lease term. In addition, the WEEL must indicate whether any permanent improvements the lessee installs:

(1) Will remain on the premises upon expiration, termination, or cancellation of the lease whether or not the WEEL is followed by a WSR lease, in a condition satisfactory to the Indian landowners;

(2) May be conveyed to the Indian landowners during the WEEL term and under what conditions the permanent improvements may be conveyed;

(3) Will be removed within a time period specified in the WEEL, at the lessee's expense, with the leased premises to be restored as closely as possible to their condition before installation of the permanent improvements; or

(4) Will be disposed of by other specified means.

(b) A WEEL that requires the lessee to remove the permanent improvements must also provide the Indian landowners with an option to take possession and title to the permanent improvements if the improvements are not removed within the specified time period.

§ 162.516 How will BIA enforce removal requirements in a WEEL?

We may take appropriate enforcement action to ensure removal of the permanent improvements and restoration of the premises at the lessee's expense:

(a) In consultation with the tribe, for tribal land or, where feasible, with Indian landowners for individually owned Indian land; and

(b) After termination, cancellation, or expiration of the WEEL.

§ 162.517 What requirements for due diligence must a WEEL include?

(a) A WEEL must include due diligence requirements that require the lessee to:

(1) Install testing and monitoring facilities within 12 months after the effective date of the WEEL or other period designated in the WEEL and consistent with the plan of development; and

(2) If installation does not occur, or is not expected to be completed, within the time period specified in paragraph (a)(1) of this section, provide the Indian landowners and BIA with an explanation of good cause for any delay, the anticipated date of installation of facilities, and evidence of progress toward installing or completing testing and monitoring facilities.

(b) Failure of the lessee to comply with the due diligence requirements of
