(ii) If the donation request of the Indian tribe or tribal organization is submitted to the Secretary of Health and Human Services, that Secretary shall take all necessary steps to acquire the land and transfer it to the Secretary of the Interior and shall also forward the Indian tribe or tribal organization’s request and the Indian tribe’s resolution.

(iii) The Secretary of the Interior shall expeditiously process all requests in accord with applicable Federal law and regulations.

(iv) The Secretary shall not require submission of any information other than that required by Federal law and regulation.

§ 900.106 If a contract or grant agreement or portion thereof is retroceded, reassumed, terminated, or expires, may the Secretary reacquire title to excess or surplus Federal property of other agencies that was donated to an Indian tribe or tribal organization?

No. Section 105(f)(3) of the Act does not give the Secretary the authority to reacquire title to excess or surplus government property acquired from other agencies for donation to an Indian tribe or tribal organization.

§ 900.107 What property to which an Indian tribe or tribal organization obtains title under this subpart is eligible for replacement funding?

Government-furnished property, contractor-purchased property and excess BIA and IHS property donated to an Indian tribe or tribal organization to which an Indian tribe or tribal organization holds title shall remain eligible for replacement funding to the same extent as if title to that property were held by the United States.

§ 900.110 What does this subpart cover?

(a) This subpart establishes requirements for issuing fixed-price or cost-reimbursable contracts to provide: design, construction, repair, improvement, expansion, replacement, erection of new space, or demolition and other related work for one or more Federal facilities. It applies to tribal facilities where the Secretary is authorized by law to design, construct and/or renovate, or make improvements to such tribal facilities.

(b) Activities covered by construction contracts under this subpart are: design and architectural/engineering services, construction project management, and the actual construction of the building or facility in accordance with the construction documents, including all labor, materials, equipment, and services necessary to complete the work defined in the construction documents.

(1) Such contracts may include the provision of movable equipment, telecommunications and data processing equipment, furnishings (including works of art), and special purpose equipment, when part of a construction contract let under this subpart.

(2) While planning services and construction management services as defined in § 900.113 may be included in a construction contract under this subpart, they may also be contracted separately using the model agreement in section 108 of the Act.

§ 900.111 What activities of construction programs are contractible?

The Secretary shall, upon the request of any Indian tribe or tribal organization authorized by tribal resolution, enter into a self-determination contract to plan, conduct, and administer construction programs or portions thereof.

§ 900.112 What are construction phases?

(a) Construction programs generally include the following activities in phases which can vary by funding source (an Indian tribe or tribal organization should contact its funding source for more information regarding the conduct of its program):

(1) The preplanning phase. The phase during which an initial assessment and determination of project need is made and supporting information collected for presentation in a project application. This project application process is explained in more detail in §900.122;
(2) The planning phase. The phase during which planning services are provided. This phase can include conducting and preparing a detailed needs assessment, developing justification documents, completing and/or verifying master plans, conducting predesign site investigations and selection, developing budget cost estimates, conducting feasibility studies, and developing a project Program of Requirements (POR);

(3) The design phase. The phase during which licensed design professional(s) using the POR as the basis for design of the project, prepare project plans, specifications, and other documents that are a part of the construction documents used to build the project. Site investigation and selection activities are completed in this phase if not conducted as part of the planning phase.

(4) The construction phase. The phase during which the project is constructed. The construction phase includes providing the labor, materials, equipment, and services necessary to complete the work in accordance with the construction documents prepared as part of the design phase.

(b) The following activities may be part of phases described in paragraphs (a)(2), (a)(3), and (a)(4) of this section:

(1) Management; and

(2) Environmental, archeological, cultural resource, historic preservation, and similar assessments and associated activities.

§ 900.113 Definitions.

(a) Construction contract means a fixed-price or cost-reimbursement self-determination contract for a construction project, except that such term does not include any contract:

(1) That is limited to providing planning services and construction management services (or a combination of such services);

(2) For the Housing Improvement Program or roads maintenance program of the Bureau of Indian Affairs administered by the Secretary of the Interior; or

(3) For the health facility maintenance and improvement program administered by the Secretary of Health and Human Services.

(b) Construction management services (CMS) means activities limited to administrative support services; coordination; and monitoring oversight of the planning, design, and construction process. An Indian tribe or tribal organization’s employee or construction management services consultant (typically an engineer or architect) performs such activities as:

(1) Coordination and information exchange between the Indian tribe or tribal organization and the Federal government;

(2) Preparation of Indian tribe or tribal organization’s construction contract proposals;

(3) Indian tribe or tribal organization subcontract scope of work identification and subcontract preparation, and competitive selection of Indian tribe or tribal organization construction contract subcontractors (see § 900.110);

(4) Review of work to ensure compliance with the POR and/or the construction contract. This does not involve construction project management as defined in paragraph (d) of this section.

(c) Construction programs include programs for the planning, design, construction, repair, improvement, and expansion of buildings or facilities, including but not limited to, housing, law enforcement and detention facilities, sanitation and water systems, roads, schools, administration and health facilities, irrigation and agricultural work, water conservation, flood control, and port facilities, and environmental, archeological, cultural resource, historic preservation, and conduct of similar assessments.

(d) Construction project management means direct responsibility for the construction project through day-to-day on-site management and administration of the project. Activities may include cost management, project budgeting, project scheduling, procurement services.

(e) Design means services performed by licensed design professionals related to preparing drawings, specifications, and other design submissions specified in the contract, as well as services provided by or for licensed design professionals during the bidding/negotiating, construction, and operational phases of the project.
