§ 48.4061(b)-2

connection therewith or with the sale thereof at the rate applicable to the sale of the basic article. The tax attaches in such case whether or not the parts or accessories are billed separately. For the tax applicable to parts or accessories which are not sold on or in connection with the sale of a taxable chassis, body, or tractor, see § 48.4061(b)-1.

(b) *Essential equipment.* If taxable chassis, bodies, or tractors are sold by the manufacturer, producer, or importer without parts or accessories which are considered equipment essential for the operation or appearance of such articles, the sale of such parts or accessories will be considered, in the absence of evidence to the contrary, to have been made in connection with the sale of the basic article even though they are shipped separately at the same time or on a different date. For example, if a manufacturer sells to any person a chassis and the bumpers for such chassis, or sells a taxable tractor and the fifth wheel and attachments, the tax applies to such parts or accessories at the same rate as on the chassis or tractor regardless of the method of billing or the time at which the shipments were made.

§ 48.4061(a)-5 Sale of automobile truck bodies and chassis.

(a) *Sale of completed vehicle.* An automobile truck (as defined by § 48.4061(a)-3(a)) for purposes of the tax imposed by section 4061(a) consists of two parts, namely, a body and a chassis. Generally, the tax applies to the sale by the manufacturer of each. Thus, if the purchaser of a tax-paid chassis attaches to it a taxable body manufactured by him and sells the completed vehicle, he is liable for tax based on the sale price of the body only. However, in such a case, the tax attaches to the selling price of the entire vehicle unless adequate records are available to show the portion of the total selling price attributable to the body.

(b) *Cross references.* For special rules relating to the sale of a chassis or body to a purchaser who will use it in the manufacture or assembly of a non-highway vehicle, see § 48.4061(a)-1(e). With respect to bodies sold to a chassis

manufacturer, see also section 4063(b) and the regulations thereunder.

(a) *In general.* Section 4061(b) imposes a tax on the sale by the manufacturer, producer, or importer of parts or accessories (other than tires and inner tubes and other than automobile radio and television receiving sets) for any of the articles enumerated in section 4061 (a) (see paragraph (a) of § 48.4061 (a)-1).

(c) *Liability for tax.* The tax imposed by section 4061(b) is payable by the manufacturer, producer, or importer making the sale.
