(4) A person whose operations are limited to, and who holds a permit as, a manufacturer of processed tobacco.

(c) Minimum manufacturing and activity requirements. A permit to manufacture tobacco products will only be granted to those persons whose principal business activity under such permit will be the manufacture of tobacco products. A permit will not be granted to any person whose principal business activity under such permit will be to receive or transfer tobacco products in bond. As a minimum activity requirement, in order to qualify for a permit, the quantity of tobacco products manufactured under the permit must be equivalent to, or exceed, the quantity to be transferred or received in bond under the permit. For the purposes of this section, the activity of packaging processed tobacco may be sufficient to qualify as a manufacturing activity.
