### § 14.6 Dispute resolution techniques and limitations on agency authority.

(a) *Guidance regarding dispute resolution.* The administrative process established pursuant to 28 U.S.C. 2672 and this part 14 is intended to serve as an efficient effective forum for rapidly resolving tort claims with low costs to all participants. This guidance is provided to agencies to improve their use of this administrative process and to maximize the benefit achieved through application of prompt, fair, and efficient techniques that achieve an informal resolution of administrative tort claims without burdening claimants or the agency. This section provides guidance to agencies only and does not create or establish any right to enforce any provision of this part on behalf of any claimant against the United States, its agencies, its officers, or any other person. This section also does not

require any agency to use any dispute resolution technique or process.

(1) Whenever feasible, administrative claims should be resolved through informal discussions, negotiations, and settlements rather than through the use of any formal or structured process. At the same time, agency personnel processing administrative tort claims should be trained in dispute resolution techniques and skills that can contribute to the prompt, fair, and efficient resolution of administrative claims.

(2) An agency may resolve disputed factual questions regarding claims against the United States under the FTCA, including 28 U.S.C. 2671-2680, through the use of any alternative dispute resolution technique or process if the agency specifically agrees to employ the technique or process, and reserves to itself the discretion to accept or reject the determinations made through the use of such technique or process.

(3) Alternative dispute resolution techniques or processes should not be adopted arbitrarily but rather should be based upon a determination that use of a particular technique is warranted in the context of a particular claim or claims, and that such use will materially contribute to the prompt, fair, and efficient resolution of the claims. If alternative dispute resolution techniques will not materially contribute to the prompt, fair, and efficient resolution of claims, the dispute resolution processes otherwise used pursuant to these regulations shall be the preferred means of seeking resolution of such claims.

(b) *Alternative dispute resolution—(1) Case-by-case.* In order to use, and before using, any alternative dispute resolution technique or process to facilitate the prompt resolution of disputes that are in excess of the agency's delegated authority, an agency may use the following procedure to obtain written approval from the Attorney General, or his or her designee, to compromise a claim or series of related claims.

(i) A request for settlement authority under paragraph (b)(1) of this section shall be directed to the Director, Torts Branch, Civil Division, Department of Justice, ("Director") and shall contain
