

§ 50.5

require an assurance, statement of compliance, or plan in connection with disbursement or further funds. However, once a particular program grant or loan has been made or an application for a certain type of assistance for a specific or indefinite period has been approved, no funds due and payable pursuant to that grant, loan, or application, may normally be deferred or withheld without first completing the procedures prescribed in section 602.

Accordingly, where the assurance, statement of compliance, or plan required by agency regulations has not been filed or where, in the judgment of the head of the agency in question, the filed assurance fails on its face to satisfy the regulations, or there is reasonable cause to believe it untrue or not being honored, the agency head should, if efforts to secure voluntary compliance are unsuccessful, promptly institute a hearing to determine whether an adequate assurance has in fact been filed, or whether, in fact, there is noncompliance, as the case may be. There should ordinarily be no deferral of action on the submission or withholding of funds in this class of cases, although the limitation of the payout of funds to short periods may appropriately be ordered. If noncompliance is found, and if administrative alternatives are ineffective or inappropriate and court enforcement is not feasible, section 602 procedures may be completed and assistance terminated.

C. SHORT-TERM PROGRAMS

Special procedures may sometimes be required where there is noncompliance with title VI regulations in connection with a program of such short total duration that all assistance funds will have to be paid out before the agency's usual administrative procedures can be completed and where deferral in accordance with these guidelines would be tantamount to a final refusal to grant assistance.

In such a case, the agency head may, although otherwise following these guidelines, suspend normal agency procedures and institute expedited administrative proceedings to determine whether the regulations have been violated. He should simultaneously refer the matter to the Department of Justice for consideration of possible court enforcement, including interim injunctive relief. Deferral of action on an application is appropriate, in accordance with these guidelines, for a reasonable period of time, provided such action is consistent with achievement of the objectives of the statute authorizing the financial assistance in connection with the action taken. As in other cases, where noncompliance is found in the hearing proceeding, and if administrative alternatives are ineffective or inappropriate and court enforcement is

28 CFR Ch. I (7-1-13 Edition)

not feasible, section 602 procedures may be completed and assistance finally refused.

III. PROCEDURES IN CASES OF SUBGRANTEES

In situations in which applications for Federal assistance are approved by some agency other than the Federal granting agency, the same rules and procedures would apply. Thus, the Federal Agency should instruct the approving agency—typically a State agency—to defer approval or refuse to grant funds, in individual cases in which such action would be taken by the original granting agency itself under the above procedures. Provision should be made for appropriate notice of such action to the Federal agency which retains responsibility for compliance with section 602 procedures.

IV. EXCEPTIONAL CIRCUMSTANCES

The Attorney General should be consulted in individual cases in which the head of an agency believes that the objectives of title VI will be best achieved by proceeding other than as provided in these guidelines.

V. COORDINATION

While primary responsibility for enforcement of title VI rests directly with the head of each agency, in order to assure coordination of title VI enforcement and consistency among agencies, the Department of Justice should be notified in advance of applications on which action is to be deferred, hearings to be scheduled, and refusals and terminations of assistance or other enforcement actions or procedures to be undertaken. The Department also should be kept advised of the progress and results of hearings and other enforcement actions.

§ 50.5 Notification of Consular Officers upon the arrest of foreign nationals.

(a) This statement is designed to establish a uniform procedure for consular notification where nationals of foreign countries are arrested by officers of this Department on charges of criminal violations. It conforms to practice under international law and in particular implements obligations undertaken by the United States pursuant to treaties with respect to the arrest and detention of foreign nationals. Some of the treaties obligate the United States to notify the consular officer only upon the demand or request of the arrested foreign national. On the other hand, some of the treaties require notifying the consul of the arrest of a foreign national whether or not

§ 50.6

the arrested person requests such notification.

(1) In every case in which a foreign national is arrested the arresting officer shall inform the foreign national that his consul will be advised of his arrest unless he does not wish such notification to be given. If the foreign national does not wish to have his consul notified, the arresting officer shall also inform him that in the event there is a treaty in force between the United States and his country which requires such notification, his consul must be notified regardless of his wishes and, if such is the case, he will be advised of such notification by the U.S. Attorney.

(2) In all cases (including those where the foreign national has stated that he does not wish his consul to be notified) the local office of the Federal Bureau of Investigation or the local Marshal's office, as the case may be, shall inform the nearest U.S. Attorney of the arrest and of the arrested person's wishes regarding consular notification.

(3) The U.S. Attorney shall then notify the appropriate consul except where he has been informed that the foreign national does not desire such notification to be made. However, if there is a treaty provision in effect which requires notification of consul, without reference to a demand or request of the arrested national, the consul shall be notified even if the arrested person has asked that he not be notified. In such case, the U.S. Attorney shall advise the foreign national that his consul has been notified and inform him that notification was necessary because of the treaty obligation.

(b) The procedure prescribed by this statement shall not apply to cases involving arrests made by the Immigration and Naturalization Service in administrative expulsion or exclusion proceedings, since that Service has heretofore established procedures for the direct notification of the appropriate consular officer upon such arrest. With respect to arrests made by the Service for violations of the criminal provisions of the immigration laws, the U.S. Marshal, upon delivery of the foreign national into his custody, shall be responsible for informing the U.S. Attorney of the arrest in accordance

with numbered paragraph 2 of this statement.

§ 50.6 Antitrust Division business review procedure.

Although the Department of Justice is not authorized to give advisory opinions to private parties, for several decades the Antitrust Division has been willing in certain circumstances to review proposed business conduct and state its enforcement intentions. This originated with a "railroad release" procedure under which the Division would forego the initiation of criminal antitrust proceedings. The procedure was subsequently expanded to encompass a "merger clearance" procedure under which the Division would state its present enforcement intention with respect to a merger or acquisition; and the Department issued a written statement entitled "Business Review Procedure." That statement has been revised several times.

1. A request for a business review letter must be submitted in writing to the Assistant Attorney General, Antitrust Division, Department of Justice, Washington, DC 20530.

2. The Division will consider only requests with respect to proposed business conduct, which may involve either domestic or foreign commerce.

3. The Division may, in its discretion, refuse to consider a request.

4. A business review letter shall have no application to any party which does not join in the request therefor.

5. The requesting parties are under an affirmative obligation to make full and true disclosure with respect to the business conduct for which review is requested. Each request must be accompanied by all relevant data including background information, complete copies of all operative documents and detailed statements of all collateral oral understandings, if any. All parties requesting the review letter must provide the Division with whatever additional information or documents the Division may thereafter request in order to review the matter. Such additional information, if furnished orally, shall be promptly confirmed in writing. In connection with any request for review the Division will also conduct whatever independent investigation it believes is appropriate.

6. No oral clearance, release or other statement purporting to bind the enforcement discretion of the Division may be given. The
