

### Subpart J—Cap on Annual Liability

SOURCE: 74 FR 66067, Dec. 14, 2009, unless otherwise noted.

#### § 50.90 Cap on annual liability.

Pursuant to Section 103 of the Act, if the aggregate insured losses exceed \$100,000,000,000 during any Program Year:

(a) The Secretary shall not make any payment for any portion of the amount of such losses that exceeds \$100,000,000,000;

(b) No insurer that has met its insurer deductible shall be liable for the payment of any portion of the amount of such losses that exceeds \$100,000,000,000; and

(c) The Secretary shall determine the *pro rata* share of insured losses to be paid by each insurer that incurs insured losses under the Program.

#### § 50.91 Notice to Congress.

Pursuant to section 103(e)(3) of the Act, the Secretary shall provide an initial notice to Congress within 15 days of the certification of an act of terrorism, stating whether the Secretary estimates that aggregate insured losses will exceed \$100,000,000,000 for the Program Year in which the event occurs. Such initial estimate shall be based on insured loss amounts as compiled by insurance industry statistical organizations and any other information the Secretary in his or her discretion considers appropriate. The Secretary shall also notify Congress if estimated or actual aggregate insured losses exceed \$100,000,000,000 during any Program Year.

#### § 50.92 Determination of *pro rata* share.

(a) *Pro rata loss percentage (PRLP)* is the percentage determined by the Secretary to be applied by an insurer against the amount that would otherwise be paid by the insurer under the terms and conditions of an insurance policy providing property and casualty insurance under the Program if there were no cap on annual liability under section 103(e)(2)(A) of the Act.

(b) Except as provided in paragraph (e) of this section, if Treasury esti-

mates that aggregate insured losses may exceed the cap on annual liability for a Program Year, then Treasury will determine a PRLP. The PRLP applies to insured loss payments by insurers for insured losses incurred in the subject Program Year, as specified in § 50.93, from the effective date of the PRLP, as established by Treasury, until such time as Treasury provides notice that the PRLP is revised. Treasury will determine the PRLP based on the following considerations:

(1) Estimates of insured losses from insurance industry statistical organizations;

(2) Any data calls issued by Treasury (see § 50.94);

(3) Expected reliability and accuracy of insured loss estimates and likelihood that insured loss estimates could increase;

(4) Estimates of insured losses and expenses not included in available statistical reporting;

(5) Such other factors as the Secretary considers important.

(c) Treasury shall provide notice of the determination of the PRLP through publication in the FEDERAL REGISTER, or in another manner Treasury deems appropriate, based upon the circumstances of the act of terrorism under consideration.

(d) As appropriate, Treasury will determine any revision to a PRLP based on the same considerations listed in paragraph (b) of this section, and will provide notice for its application to insured loss payments.

(e) If Treasury estimates based on an initial act of terrorism or subsequent act of terrorism within a Program Year that aggregate insured losses may exceed the cap on annual liability, but an appropriate PRLP cannot yet be determined, Treasury will provide notification advising insurers of this circumstance and, after consulting with the relevant State authorities, may initiate the action described in either paragraph (e)(1) or (e)(2) of this section.

(1) Call a hiatus in insurer loss payments for insured losses of up to two weeks. In such a circumstance, Treasury will determine a PRLP as quickly as possible. The PRLP, as later determined, will be effective retroactively
