include personal data on the owner of the vehicle. There are also tabs for registering weapons, bicycles, and pets. Information on individuals barred entry to an installation is also maintained within VRS.

§ 635.28 Procedures for restricted/unrestricted reporting in sexual assault cases.

Active duty Soldiers, and Army National Guard and U.S. Army Reserve Soldiers who are subject to military jurisdiction under the UCMJ, can elect either restricted or unrestricted reporting if they are the victim of a sexual assault.

(a) Unrestricted reporting. Unrestricted reporting requires normal law enforcement reporting and investigative procedures.

(b) Restricted reporting requires that law enforcement and criminal investigative organizations not be informed of a victim’s identity and not initiate investigative procedures. The victim may allow Sexual Assault Response Coordinators (SARC), health care providers (HCP), or chaplains to collect specific items (clothing, bedding, etc.) that may be later used as evidence, should the victim later decide to report the incident to law enforcement. In sexual assault cases additional forensic evidence may be collected using the “Sexual Assault Evidence Collection Kit,” NSN 6640–01–423–9132, or a suitable substitute (hereafter, “evidence kit”). The evidence kit, other items such as clothing or bedding sheets, and any other articles provided by the HCP, SARC, or chaplain will be stored in the installation Provost Marshal/Directorate of Emergency Services’ evidence room separate from other evidence and property. Procedures for handling evidence specified in AR 195–5, Evidence Procedures, will be strictly followed.

(c) Installation Provost Marshals/Directors of Emergency Services will complete an information report in COPS for restricted reporting. Reports will be completed utilizing the offense code from the 6Z series. An entry will be made in the journal when the evidence kit or property (clothing, bedding, etc.) is received. The journal entry will be listed using non-identifying information, such as a generic identifier. An entry will not be made in the blotter. Restricted reporting incidents are not reportable as Serious Incident Reports. Property and the evidence kit will be stored for one year and then scheduled/suspended for destruction, unless earlier released to investigative authorities in accordance with the victim’s decision to pursue unrestricted reporting. Thirty days prior to destruction of the property, a letter will be sent to the SARC by the Provost Marshal/Director of Emergency Services, advising the SARC that the property will be destroyed in thirty days, unless law enforcement personnel are notified by the SARC that the victim has elected unrestricted reporting. Clothing, the evidence kit, or other personal effects may be released to the SARC for return to the victim. The information report will be updated when the evidence is destroyed, or released to investigative authorities.

(d) In the event that information about a sexual assault that was made under restricted reporting is disclosed to the commander from a source independent of the restricted reporting avenues or to law enforcement from other sources, but from a source other than the SARC, HCP, chaplain, or Provost Marshal/Director of Emergency Services, the commander may report the matter to law enforcement and law enforcement remains authorized to initiate its own independent investigation of the matter presented. Additionally, a victim’s disclosure of his/her sexual assault to persons outside the protective sphere of the persons covered by the restricted reporting policy may result in an investigation of the allegations.

§ 635.29 Domestic violence and protection orders.

(a) Responding to incidents of spouse abuse requires a coordinated effort by law enforcement, medical, and social work personnel, to include sharing information and records as permitted by law and regulation. AR 608–18 contains additional information about domestic violence and protective orders.
§ 635.30 Establishing domestic violence Memoranda of Understanding.

(a) Coordination between military law enforcement personnel and local civilian law enforcement personnel is essential to improve information sharing, especially concerning domestic violence investigations, arrests, and prosecutions involving military personnel. Provost Marshals/Directors of Emergency Services or other law enforcement officials shall seek to establish formal Memoranda of Understanding (MOU) with their civilian counterparts to establish or improve the flow of information between their agencies, especially in instances of domestic violence involving military personnel. MOUs can be used to clarify jurisdictional issues for the investigation of incidents, to define the mechanism whereby local law enforcement reports involving active duty service members will be forwarded to the appropriate installation law enforcement office, to encourage the local law enforcement agency to refer victims of domestic violence to the installation Family Advocacy office or victim advocate, and to foster cooperation and collaboration between the installation law enforcement agency and local civilian agencies.

(b) MOUs should address the following issues:

1. A general statement of the purpose of the MOU.
2. An explanation of jurisdictional issues that affect respective responsibilities to and investigating incidents occurring on and off the installation. This section should also address jurisdictional issues when a civilian order of protection is violated on military property (see 10 U.S.C. 1561a).
3. Procedures for responding to domestic violence incidents that occur on the installation involving a civilian alleged offender.
4. Procedures for transmitting incident/investigation reports and other law enforcement information on domestic violence involving active duty service members from local civilian law enforcement agencies to the installation law enforcement office.
5. Procedures for transmitting civilian protection orders (CPOs) issued by civilian courts or magistrates involving active duty service members from local civilian law enforcement agencies to the installation law enforcement office.
6. Designation of the title of the installation law enforcement recipient of such information from the local law enforcement agency.
7. Procedures for transmitting military protection orders (MPOs) from the installation law enforcement office to

(c) A military Protection Order is a written lawful order issued by a commander that orders a soldier to avoid contact with his or her spouse or children. Violations of a military Protection Order must be reported on DA Form 3975, entered into COPS, and entered into NCIC. Violations of a military Protection Order may be violations of Article 92, UCMJ. The commander should provide a written copy of the order within 24 hours of its issuance to the person with whom the member is ordered not to have contact. A copy should be forwarded to the installation Family Advocacy Program Manager (FAPM), the Chief, Social Work Service, and the installation military police.

(d) A civilian Protection Order is an order issued by a judge, magistrate or other authorized civilian official, ordering an individual to avoid contact with his or her spouse or children. Pursuant to the Armed Forces Domestic Security Act a civilian protection order has the same force and effect on a military installation as such order has within the jurisdiction of the court that issued the order. Violations of a civilian Protection Order must be reported on DA Form 3975, entered into COPS, and entered into NCIC.
