the records so released should be forwarded promptly to the requester after compliance with any preliminary procedural requirements, such as payment of fees.

(ii) Final refusal to provide a requested record must be made in writing by the DLA Director or his designee. In the case of fee appeals, final refusal to waive or reduce fees must be made in writing by the Staff Director of Administration. Record denial responses, at a minimum, shall conform to the following:

(A) The basis for the refusal shall be explained to the requester with regard to the applicable statutory exemption or exemptions invoked.

(B) When the final refusal is based in whole or in part on a security classification, the explanation shall include a determination that the record meets the cited criteria and rationale of the governing Executive Order, and that this determination is based on a declassification review, with the explanation of how that review confirmed the continuing validity of the security classification.

(C) The response shall advise the requester that the material being denied does not contain meaningful portions that are reasonably segregable.

(D) The response shall advise the requester of the right to judicial review.

(4) Consultaton. (i) Final refusal involving issues not previously resolved or that are known to be inconsistent with rulings of other DoD components ordinarily should not be made without first consulting with the Office of the General Counsel of the Department of Defense.

(ii) Tentative decisions to deny records that raise new or significant legal issues of potential significance to other agencies of the Government shall be provided to the Department of Justice, Attn: Office of Legal Policy, Office of Information and Policy, Washington, DC 20530.

(5) *Records management*. Case files of appeals shall be retained by DLA-G or, in the case of fee or requester category appeals, by DLA-XAM for a period of six years to meet the statute of limitations of claims requirement.

(o) Special mail services. DLA activities are authorized to use registered 32 CFR Ch. XII (7–1–13 Edition)

mail, certified mail, certificates of mailing and return receipts. However, their use should be limited to instances where it appears advisable to establish proof of dispatch or receipt of FOIA correspondence.

(p) Receipt accounts. The Treasurer of the United States has established Receipt Account 3210 for use in depositing search, review, and duplication fees collected under the FOIA. Upon receipt of payment, the FOIA manager will forward the check or money order to DFAS/CO/PDG, P.O. Box 182317, Columbus, Ohio 43218–2317. FOIA managers will advise DFAS that the check is to be deposited to accounting classification 21R3210.0004. This account will not, however, be used for depositing receipts for technical information released under the FOIA, industriallyfunded activities, and non-appropriated funded activities. Instead, payments for these shall be deposited to the appropriate fund.

§1285.6 Fees and fee waivers.

The rules and rates published in part 286, subpart F of this title apply to this rule. For purposes of computer search, DLA has established rates of \$20 per minute of central processing unit time for mainframe computer use and \$20 per hour of wall clock time for personal computer use. These rates represent average operational costs and may be used when the actual computer cost cannot be determined.

§1285.7 Reports.

The reporting requirement outlined in this rule is assigned Report Control Symbol DD-PA(A)1365 and will be prepared according to part 286, subpart G, of this title.

APPENDIX A TO PART 1285—GAINING ACCESS TO DLA RECORDS

I. General

The Defense Logistics Agency was established pursuant to authority vested in the Secretary of Defense and is an agency of DoD under the direction, authority, and control of the Assistant Secretary of Defense (Production and Logistics) and is subject to DoD policies, directives, and instructions. DLA is made up of a headquarters and 22 Primary Level Field Activities (PLFA's). DLA does not have a central repository for its records.
