

§ 96.380

§ 96.380 How will the Coast Guard handle compliance and enforcement of these regulations?

(a) While operating in waters under the jurisdiction of the United States, the Coast Guard may board a vessel to determine that—

(1) Valid copies of the company's Document of Compliance certificate and Safety Management Certificate are on board, or evidence of the same for vessels from countries not party to Chapter IX of SOLAS; and

(2) The vessel's crew or shore-based personnel are following the procedures and policies of the safety management system while operating the vessel or transferring cargoes.

(b) A foreign vessel that does not comply with these regulations, or one on which the vessel's condition or use of its safety management system do not substantially agree with the particulars of the Document of Compliance certificate, Safety Management Certificate or other required evidence of compliance, may be detained by order of the COTP or OCMI. This may occur at the port or terminal where the violation is found until, in the opinion of the detaining authority, the vessel can go to sea without presenting an unreasonable threat of harm to the port, the marine environment, the vessel or its crew. The detention order may allow the vessel to go to another area of the port, if needed, rather than stay at the place where the violation was found.

(c) If any vessel that must comply with this part or with the ISM Code does not have a Safety Management Certificate and a copy of its company's Document of Compliance certificate on board, a vessel owner, charterer, managing operator, agent, Master, or any other individual in charge of the vessel that is subject to this part, may be liable for a civil penalty under 46 U.S.C. 3318. For foreign vessels, the Coast Guard may request the Secretary of the Treasury to withhold or revoke the clearance required by 46 U.S.C. App. 91. The Coast Guard may ask the Secretary to permit the vessel's departure after the bond or other surety is filed.

33 CFR Ch. I (7-1-13 Edition)

§ 96.390 When will the Coast Guard deny entry into a U.S. port?

(a) Except for a foreign vessel entering U.S. waters under force majeure, no vessel shall enter any port or terminal of the U.S. without a safety management system that has been properly certificated to this subpart or to the requirements of Chapter IX of SOLAS if—

(1) It is engaged on a foreign voyage; and

(2) It is carrying more than 12 passengers, or a tanker, bulk freight vessel, freight vessel, or self-propelled mobile offshore drilling unit of 500 gross tons or more.

(b) The cognizant COTP will deny entry of a vessel into a port or terminal under the authority of 46 U.S.C. 3204(c), to any vessel that does not meet the requirements of paragraph (a) of this section.

Subpart D—Authorization of Recognized Organizations To Act on Behalf of the U.S.

§ 96.400 Purpose.

(a) This subpart establishes criteria and procedures for organizations recognized under 46 CFR part 8, subparts A and B, to be authorized by the Coast Guard to act on behalf of the U.S. The authorization is necessary in order for a recognized organization to perform safety management audits and certification functions delegated by the Coast Guard as described in this part.

(b) To receive an up-to-date list of recognized organizations authorized to act under this subpart, send a self-addressed, stamped envelope and written request to the Commandant (CG-521), 2100 2nd St., SW., Stop 7126, Washington, DC 20593-7126.

§ 96.410 Who does this regulation apply to?

This subpart applies to all organizations recognized by the U.S. under 46 CFR part 8, subpart A and B, who wish to seek authorization to conduct safety management audits and issue relevant international safety certificates under the provisions of the ISM Code and voluntary certificates on behalf of the U.S.
