

(1) The Coast Guard determines that the response resources identified in the vessel's certification statement do not meet the requirements of this subpart;

(2) The contracts or agreements cited in the vessel's certification statement are no longer valid;

(3) The vessel is not operating in compliance with the submitted plan; or

(4) The period of this authorization expires.

(e) An owner or operator of a vessel may be authorized by the applicable COTP to have that vessel make one voyage to transport or handle oil in a geographic specific area not covered by the vessel's response plan. All requirements of this subpart must be met for any subsequent voyages to that geographic specific area. To be authorized, the vessel owner or operator shall certify to the COTP in writing, prior to the vessel's entry into the COTP zone, that—

(1) A response plan meeting the requirements of this subpart (except for the applicable geographic specific appendix) or a shipboard oil pollution emergency plan approved by the flag state that meets the requirements of Regulation 37 of Annex I to the International Convention for the Prevention of Pollution from Ships, 1973 as modified by the Protocol of 1978 relating thereto, as amended (MARPOL 73/78);

(2) The approved response plan or the required plan section(s) is aboard the vessel;

(3) The vessel owner or operator has identified and informed the vessel master and the COTP of the designated qualified individual prior to the vessel's entry into the COTP zone; and

(4) The vessel owner or operator has identified and ensured the availability of, through contract or other approved means, the private response resources necessary to respond, to the maximum extent practicable under the criteria in §§ 155.1050, 155.1052, 155.1230, or 155.2230, as appropriate, to a worst case discharge or substantial threat of discharge from the vessel in the applicable COTP zone.

[CGD 91-034, 61 FR 1081, Jan. 12, 1996, as amended by USCG-2008-0179, 73 FR 35015, June 19, 2008]

**§ 155.1026 Qualified individual and alternate qualified individual.**

(a) The response plan must identify a qualified individual and at least one alternate who meet the requirements of this section. The qualified individual or alternate qualified individual must be available on a 24-hour basis.

(b) The qualified individual and alternate must—

(1) Speak fluent English;

(2) Except as set out in paragraph (c) of this section, be located in the United States;

(3) Be familiar with the implementation of the vessel response plan; and

(4) Be trained in the responsibilities of the qualified individual under the response plan.

(c) For Canadian flag vessels while operating on the Great Lakes or the Strait of Juan de Fuca and Puget Sound, WA, the qualified individual may be located in Canada if he or she meets all other requirements in paragraph (b) of this section.

(d) The owner operator shall provide each qualified individual and alternate qualified individual identified in the plan with a document designating them as a qualified individual and specifying their full authority to—

(1) Activate and engage in contracting with oil spill removal organization(s) and other response related resources identified in the plan;

(2) Act as a liaison with the predesignated Federal On-Scene Coordinator (OCS); and

(3) Obligate funds required to carry out response activities.

(e) The owner or operator of a vessel may designate an organization to fulfill the role of the qualified individual and alternate qualified individual. The organization must then identify a qualified individual and at least one alternate qualified individual who meet the requirements of this section. The vessel owner or operator is required to list in the response plan the organization, the person identified as the qualified individual, and the person or persons identified as the alternate qualified individual(s).

(f) The qualified individual is not responsible for—

(1) The adequacy of response plans prepared by the owner or operator; or

**§ 155.1030**

**33 CFR Ch. I (7-1-13 Edition)**

(2) Contracting or obligating funds for response resources beyond the full authority contained in their designation from the owner or operator of the vessel.

(g) The liability of a qualified individual is considered to be in accordance with the provisions of 33 U.S.C. 1321(c)(4).

**§ 155.1030 General response plan requirements.**

(a) The plan must cover all geographic areas of the United States in which the vessel intends to handle, store, or transport oil, including port areas and offshore transit areas.

(b) The plan must be written in English and, if applicable, in a language that is understood by the crew members with responsibilities under the plan.

(c) A vessel response plan must be divided into the following sections:

(1) General information and introduction.

(2) Notification procedures.

(3) Shipboard spill mitigation procedures.

(4) Shore-based response activities.

(5) List of contacts.

(6) Training procedures.

(7) Exercise procedures.

(8) Plan review and update procedures.

(9) On board notification checklist and emergency procedures (unmanned tank barges only).

(10) Geographic-specific appendix for each COTP zone in which the vessel or vessels operate.

(11) An appendix for vessel-specific information for the vessel or vessels covered by the plan.

(d) A vessel owner or operator with multiple vessels may submit one plan for each class of vessel (*i.e.*, manned vessels carrying oil as primary cargo, unmanned vessels carrying oil as primary cargo, and vessels carrying oil as secondary cargo) with a separate vessel-specific appendix for each vessel covered by the plan and a separate geographic-specific appendix for each COTP zone in which the vessel(s) will operate.

(e) The required contents for each section of the plan are contained in §§ 155.1035, 155.1040, and 155.1045, as ap-

plicable to the type or service of the vessel.

(f) The response plan for a barge carrying nonhazardous oil field waste may follow the same format as that for a vessel carrying oil as a secondary cargo under § 155.1045 in lieu of the plan required under § 155.1035 or § 155.1040.

(g) A response plan must be divided into the sections described in paragraph (c) of this section unless the plan is supplemented with a cross-reference table to identify the location of the information required by this subpart.

(h) The information contained in a response plan must be consistent with the—

(1) National Oil and Hazardous Substances Pollution Contingency Plan (NCP) (40 CFR part 300) and the Area Contingency Plan(s) (ACP) in effect on the date 6 months prior to the submission date of the response plan; or

(2) More recent NCP and ACP(s).

(i) Copies of the submitted and approved response plan must be available as follows:

(1) The owner or operator of all vessels, except for unmanned tank barges, shall ensure that one English language copy of the plan sections listed in paragraph (c) (1), (2), (3), (5), (10) and (11) of this section and the Coast Guard approval letter or notarized copy of the approval letter are maintained aboard the vessel. If applicable, additional copies of the required plan sections must be in the language understood by crew members with responsibilities under the plan and maintained aboard the vessel.

(2) The owner or operator of all unmanned tank barges shall ensure that one English language copy of the plan section listed in paragraph (c)(9) of this section and the Coast Guard approval letter or notarized copy of the approval letter are maintained aboard the barge.

(3) The vessel owner or operator shall maintain a current copy of the entire plan, and ensure that each person identified as a qualified individual and alternate qualified individual in the plan has a current copy of the entire plan.

(j) If an owner or operator of a United States flag vessel informs the Coast Guard in writing at the time of the
