

§ 300.815

not use for administration under § 300.813—

(a) For support services (including establishing and implementing the mediation process required by section 615(e) of the Act), which may benefit children with disabilities younger than three or older than five as long as those services also benefit children with disabilities aged three through five;

(b) For direct services for children eligible for services under section 619 of the Act;

(c) For activities at the State and local levels to meet the performance goals established by the State under section 612(a)(15) of the Act;

(d) To supplement other funds used to develop and implement a statewide coordinated services system designed to improve results for children and families, including children with disabilities and their families, but not more than one percent of the amount received by the State under section 619 of the Act for a fiscal year;

(e) To provide early intervention services (which must include an educational component that promotes school readiness and incorporates preliteracy, language, and numeracy skills) in accordance with Part C of the Act to children with disabilities who are eligible for services under section 619 of the Act and who previously received services under Part C of the Act until such children enter, or are eligible under State law to enter, kindergarten; or

(f) At the State's discretion, to continue service coordination or case management for families who receive services under Part C of the Act, consistent with § 300.814(e).

(Authority: 20 U.S.C. 1419(f))

§ 300.815 Subgrants to LEAs.

Each State that receives a grant under section 619 of the Act for any fiscal year must distribute all of the grant funds the State does not reserve under § 300.812 to LEAs (including public charter schools that operate as LEAs) in the State that have established their eligibility under section 613 of the Act. Effective with funds that become available on July 1, 2009, each State must distribute funds to eligible LEAs that are responsible for pro-

34 CFR Ch. III (7–1–13 Edition)

viding education to children aged three through five years, including public charter schools that operate as LEAs, even if the LEA is not serving any preschool children with disabilities.

(Authority: 20 U.S.C. 1419(g)(1))

[73 FR 73028, Dec. 1, 2008]

§ 300.816 Allocations to LEAs.

(a) *Base payments.* The State must first award each LEA described in § 300.815 the amount that agency would have received under section 619 of the Act for fiscal year 1997 if the State had distributed 75 percent of its grant for that year under section 619(c)(3), as such section was then in effect.

(b) *Base payment adjustments.* For fiscal year 1998 and beyond—

(1) If a new LEA is created, the State must divide the base allocation determined under paragraph (a) of this section for the LEAs that would have been responsible for serving children with disabilities now being served by the new LEA, among the new LEA and affected LEAs based on the relative numbers of children with disabilities ages three through five currently provided special education by each of the LEAs;

(2) If one or more LEAs are combined into a single new LEA, the State must combine the base allocations of the merged LEAs;

(3) If for two or more LEAs, geographic boundaries or administrative responsibility for providing services to children with disabilities ages three through five changes, the base allocations of affected LEAs must be redistributed among affected LEAs based on the relative numbers of children with disabilities ages three through five currently provided special education by each affected LEA; and

(4) If an LEA received a base payment of zero in its first year of operation, the SEA must adjust the base payment for the first fiscal year after the first annual child count in which the LEA reports that it is serving any children with disabilities aged three through five years. The State must divide the base allocation determined under paragraph (a) of this section for the LEAs that would have been responsible for serving children with disabilities aged three through five years now

being served by the LEA, among the LEA and affected LEAs based on the relative numbers of children with disabilities aged three through five years currently provided special education by each of the LEAs. This requirement takes effect with funds that become available on July 1, 2009.

(c) *Allocation of remaining funds.* After making allocations under paragraph (a) of this section, the State must—

(1) Allocate 85 percent of any remaining funds to those LEAs on the basis of the relative numbers of children enrolled in public and private elementary schools and secondary schools within the LEA's jurisdiction; and

(2) Allocate 15 percent of those remaining funds to those LEAs in accordance with their relative numbers of children living in poverty, as determined by the SEA.

(d) *Use of best data.* For the purpose of making grants under this section, States must apply on a uniform basis across all LEAs the best data that are available to them on the numbers of children enrolled in public and private elementary and secondary schools and the numbers of children living in poverty.

(Authority: 20 U.S.C. 1419(g)(1))

[71 FR 46753, Aug. 14, 2006, as amended at 73 FR 73028, Dec. 1, 2008]

§ 300.817 Reallocation of LEA funds.

(a) If an SEA determines that an LEA is adequately providing FAPE to all children with disabilities aged three through five years residing in the area served by the LEA with State and local funds, the SEA may reallocate any portion of the funds under section 619 of the Act that are not needed by that LEA to provide FAPE, to other LEAs in the State that are not adequately providing special education and related services to all children with disabilities aged three through five years residing in the areas served by those other LEAs. The SEA may also retain those funds for use at the State level to the extent the State has not reserved the maximum amount of funds it is permitted to reserve for State-level activities pursuant to § 300.812.

(b) After an SEA distributes section 619 funds to an eligible LEA that is not

serving any children with disabilities aged three through five years, as provided in § 300.815, the SEA must determine, within a reasonable period of time prior to the end of the carryover period in 34 CFR 76.709, whether the LEA has obligated the funds. The SEA may reallocate any of those funds not obligated by the LEA to other LEAs in the State that are not adequately providing special education and related services to all children with disabilities aged three through five years residing in the areas served by those other LEAs. The SEA may also retain those funds for use at the State level to the extent the State has not reserved the maximum amount of funds it is permitted to reserve for State-level activities pursuant to § 300.812.

[73 FR 73028, Dec. 1, 2008]

§ 300.818 Part C of the Act inapplicable.

Part C of the Act does not apply to any child with a disability receiving FAPE, in accordance with Part B of the Act, with funds received under section 619 of the Act.

(Authority: 20 U.S.C. 1419(h))

APPENDIX A TO PART 300—EXCESS COSTS CALCULATION

Except as otherwise provided, amounts provided to an LEA under Part B of the Act may be used only to pay the excess costs of providing special education and related services to children with disabilities. Excess costs are those costs for the education of an elementary school or secondary school student with a disability that are in excess of the average annual per student expenditure in an LEA during the preceding school year for an elementary school or secondary school student, as may be appropriate. An LEA must spend at least the average annual per student expenditure on the education of an elementary school or secondary school child with a disability before funds under Part B of the Act are used to pay the excess costs of providing special education and related services.

Section 602(8) of the Act and § 300.16 require the LEA to compute the minimum average amount separately for children with disabilities in its elementary schools and for children with disabilities in its secondary schools. LEAs may not compute the minimum average amount it must spend on the education of children with disabilities based
