

§7.13

36 CFR Ch. I (7-1-13 Edition)

(i) The lakes, ponds, lagoons and inlets of Cat Island, East Ship Island, West Ship Island, Horn Island, and Petit Bois Island;

(ii) The lagoons of Perdido Key within Big Lagoon;

(iii) The areas within 200 feet from the remnants of the old fishing pier and within 200 feet from the new fishing pier at Fort Pickens; and

(iv) Within 200 feet of non-motorized vessels and people in the water, except individuals associated with the use of the PWC.

(2) PWC may not be operated at greater than flat wake speed in the following locations:

(i) Within 0.5 mile from the shoreline or within 0.5 mile from either side of the pier at West Ship Island;

(ii) Within 0.5 mile from the shoreline on the designated wilderness islands of Horn and Petit Bois; and

(iii) Within 300 yards from all other park shorelines.

(3) PWC are allowed to beach at any point along the shore except as follows:

(i) PWC may not beach in any restricted area listed in paragraph (c)(1) of this section; and

(ii) PWC may not beach above the mean high tide line on the designated wilderness islands of Horn and Petit Bois.

(4) The Superintendent may temporarily limit, restrict or terminate access to the areas designated for PWC use after taking into consideration public health and safety, natural and cultural resource protection, and other management activities and objectives.

[41 FR 29120, July 15, 1976, as amended at 46 FR 40875, Aug. 13, 1981; 52 FR 10686, Apr. 2, 1987; 71 FR 26244, May 4, 2006]

§7.13 Yellowstone National Park.

(a) *Commercial Vehicles.* (1) Notwithstanding the prohibition of commercial vehicles set forth in §5.6 of this chapter, commercial vehicles are allowed to operate on U.S. Highway 191 in accordance with the provisions of this section.

(2) The transporting on U.S. Highway 191 of any substance or combination of substances, including any hazardous substance, hazardous material, or hazardous waste as defined in 49 CFR 171.8 that requires placarding of the trans-

port vehicle in accordance with 49 CFR 177.823 or any marine pollutant that requires marking as defined in 49 CFR Subtitle B, is prohibited; provided, however, that the superintendent may issue permits and establish terms and conditions for the transportation of hazardous materials on U.S. Highway 191 in emergencies or when such transportation is necessary for access to lands within or adjacent to the park area.

(3) The operator of a motor vehicle transporting any hazardous substance, hazardous material, hazardous waste, or marine pollutant in accordance with a permit issued under this section is not relieved in any manner from complying with all applicable regulations in 49 CFR Subtitle B, or with any other State or federal laws and regulations applicable to the transportation of any hazardous substance, hazardous material, hazardous waste, or marine pollutant.

(4) The superintendent may require a permit and establish terms and conditions for the operation of a commercial vehicle on any park road in accordance with §1.6 of this chapter. The superintendent may charge a fee for permits in accordance with a fee schedule established annually.

(5) Operating without, or violating a term or condition of, a permit issued in accordance with this section is prohibited. In addition, violating a term or condition of a permit may result in the suspension or revocation of the permit.

(b) *Employee motor vehicle permits:*

(1) A motor vehicle owned and/or operated by an employee of the U.S. Government, park concessioners and contractors, whether employed in a permanent or temporary capacity, shall be registered with the Superintendent and a permit authorizing the use of said vehicle in the park is required. This requirement also applies to members of an employee's family living in the park who own or operate a motor vehicle within the park. Such permit, issued free of charge, may be secured only when the vehicle operator can produce a valid certificate of registration, and has in his possession a valid operator's license. No motor vehicle may be operated on park roads unless properly registered.

(2) The permit is valid only for the calendar year of issue. Registry must be completed and permits secured by April 15 of each year or within one week after bringing a motor vehicle into the park, whichever date is later. The permit shall be affixed to the vehicle as designated by the Superintendent.

(c) [Reserved]

(d) *Vessels*—(1) *Permit*. (i) A general permit, issued by the Superintendent, is required for all vessels operated upon the waters of the park open to boating. In certain areas a special permit is required as specified hereinbelow. These permits must be carried within the vessel at all times when any person is aboard, and shall be exhibited upon request to any person authorized to enforce the regulations in this chapter.

(ii) A special permit shall be issued by the Superintendent to any holder of a general permit who expresses the intention to travel into either the South Arm or the Southeast Arm “Five Mile Per Hour Zones” of Yellowstone Lake, as defined in paragraphs (d)(6) (ii) and (iii) of this section, upon the completion and filing of a form statement in accordance with the provisions of paragraph (d)(10) of this section.

(iii) Neither a general nor special permit shall be issued until the permittee has signed a statement certifying that he is familiar with the speed and all other limitations and requirements in these regulations. The applicant for a special permit shall also agree in writing to provide, in accordance with paragraph (d)(10) of this section, information concerning the actual travel within the “Five Mile Per Hour Zones.”

(2) *Removal of vessels*. All privately owned vessels, boat trailers, waterborne craft of any kind, buoys, mooring floats, and anchorage equipment will not be permitted in the park prior to May 1 and must be removed by November 1.

(3) *Restricted landing areas*. (i) Prior to July 1 of each year, the landing of any vessel on the shore of Yellowstone Lake between Trail Creek and Beaverdam Creek is prohibited, except upon written permission of the Superintendent.

(ii) The landing or beaching of any vessel on the shores of Yellowstone Lake (a) within the confines of Bridge Bay Marina and Lagoon and the connecting channel with Yellowstone Lake; and (b) within the confines of Grant Village Marina and Lagoon and the connecting channel with Yellowstone Lake is prohibited except at the piers or docks provided for the purpose.

(4) *Closed waters*. (i) Vessels are prohibited on Sylvan Lake, Eleanor Lake, Twin Lakes, and Beach Springs Lagoon.

(ii) Vessels are prohibited on park rivers and streams (as differentiated from lakes and lagoons), except on the channel between Lewis Lake and Shoshone Lake, which is open only to handpropelled vessels.

(5) *Lewis Lake motorboat waters*. Motorboats are permitted on Lewis Lake.

(6) *Yellowstone Lake motorboat waters*. Motorboats are permitted on Yellowstone Lake except in Flat Mountain Arm as described in paragraph (d)(6)(i) of this section and as restricted within the South Arm and the Southeast Arm where operation is confined to areas known as “Five Mile Per Hour Zones” which waters are between the lines as described in paragraphs (d)(6) (ii) and (iii) of this section in the South Arm and Southeast Arm, but which specifically exclude the southernmost 2 miles of both Arms which are open only to hand-propelled vessels.

(i) The following portion of Flat Mountain Arm of Yellowstone Lake is restricted to hand-propelled vessels: West of a line beginning at a point marked by a monument located on the south shore of the Flat Mountain Arm and approximately 10,200 feet easterly from the southwest tip of the said arm, said point being approximately 44°22'13.2" N. latitude and 110°25'07.2" W. longitude, then running approximately 2,800 feet due north to a point marked by a monument located on the north shore of the Flat Mountain Arm, said point being approximately 44°22'40" N. latitude and 110°25'07.2" W. longitude.

(ii) In the South Arm that portion between a line from Plover Point running generally east to a point marked by a monument on the northwest tip of the peninsula common to the South and Southeast Arms; and a line from a

monument located on the west shore of the South Arm approximately 2 miles north of the cairn which marks the extreme southern extremity of Yellowstone Lake in accordance with the Act of Congress establishing Yellowstone National Park; said point being approximately in latitude 44°18'22.8" N., at longitude 110°20'04.8" W., Greenwich Meridian, running due east to a point on the east shore of the South Arm marked by a monument. Operation of motorboats south of the latter line is prohibited.

(iii) In the Southeast Arm that portion between a line from a monument on the northwest tip of the peninsula common to the South and Southeast Arms which runs generally east to a monument at the mouth of Columbine Creek; and a line from a cairn which marks the extreme eastern extremity of Yellowstone Lake, in accordance with the Act of Congress establishing Yellowstone National Park; said point being approximately in latitude 44°19'42.0" N., at longitude 110°12'06.0" W., Greenwich Meridian, running westerly to a point on the west shore of the Southeast Arm, marked by a monument; said point being approximately in latitude 44°20'03.6" N., at longitude 110°16'19.2" W., Greenwich Meridian. Operation of motorboats south of the latter line is prohibited.

(7) Motorboats are prohibited on park waters except as permitted in paragraphs (d) (5) and (6) of this section.

(8) *Hand-propelled vessel waters.* Hand-propelled vessels and sail vessels may operate in park waters except on those waters named in paragraph (d)(4) of this section.

(9) *Five Mile Per Hour Zone motorboat restrictions.* The operation of motorboats within "Five Mile Per Hour Zones" is subject to the following restrictions:

(i) Class 1 and Class 2 motorboats shall proceed no closer than one-quarter mile from the shoreline except to debark or embark passengers, or while moored when passengers are ashore.

(ii) [Reserved]

(10) *Permission required to operate motorboats in Five Mile Per Hour Zone.* Written authority for motorboats to enter either or both the South Arm or the Southeast Arm "Five Mile Per

Hour Zones" shall be granted to an operator providing that prior to commencement of such entry the operator completes and files with the Superintendent a form statement showing:

(i) Length, make, and number of motorboat.

(ii) Type of vessel, such as inboard, inboard-outboard, turbojet, and including make and horsepower rating of motor.

(iii) Name and address of head of party.

(iv) Number of persons in party.

(v) Number of nights planned to spend in each "Five Mile Per Hour Zone."

(vi) Place where camping is planned within each "Five Mile Per Hour Zone," or if applicable, whether party will remain overnight on board.

(11) The disturbance of birds inhabiting or nesting on either of the islands designated as "Molly Islands" in the Southeast Arm of Yellowstone Lake is prohibited; nor shall any vessel approach the shoreline of said islands within one-quarter mile.

(12) Boat racing, water pageants, and spectacular or unsafe types of recreational use of vessels are prohibited on park waters.

(e) *Fishing.* (1) Fishing restrictions, based on management objectives described in the park's Resources Management Plan, are established annually by the superintendent.

(2) The superintendent may impose closures and establish conditions or restrictions, in accordance with the criteria and procedures of §§1.5 and 1.7 of this chapter, on any activity pertaining to fishing, including, but not limited to, seasons and hours during which fishing may take place, size, creel and possession limits, species of fish that may be taken and methods of taking.

(3) *Closed waters.* The following waters of the park are closed to fishing and are so designated by appropriate signs:

(i) Pelican Creek from its mouth to a point two miles upstream.

(ii) The Yellowstone River and its tributary streams from the Yellowstone Lake outlet to a point one mile downstream.

National Park Service, Interior

§7.13

(iii) The Yellowstone River and its tributary streams from the confluence of Alum Creek with the Yellowstone River upstream to the Sulphur Calderon.

(iv) The Yellowstone River from the top of the Upper Falls downstream to a point directly below the overlook known as Inspiration Point.

(v) Bridge Bay Lagoon and Marina and Grant Village Lagoon and Marina and their connecting channels with Yellowstone Lake.

(vi) The shores of the southern extreme of the West Thumb thermal area along the shore of Yellowstone Lake to the mouth of Little Thumb Creek.

(vii) The Mammoth water supply reservoir.

(4) Fishing in closed waters or violating a condition or restriction established by the superintendent is prohibited.

(f) *Commercial passenger-carrying vehicles.* The prohibition against the commercial transportation of passengers by motor vehicles in Yellowstone National Park contained in §5.4 of this chapter shall be subject to the following exception: Motor vehicles operated on an infrequent and non-scheduled tour on which the visit to the park is an incident to such tour, carrying only round trip passengers traveling from the point of origin of the tour will, subject to the conditions set forth in this paragraph, be accorded admission to the park for the purpose of delivering passengers to a point of overnight stay in the park and exit from the park. After passengers have completed their stay, such motor vehicles shall leave the park by the most convenient exit station, considering their destinations. Motor vehicles admitted to the park under this paragraph shall not, while in the park, engage in general sightseeing operations. Admission will be accorded such vehicles upon establishing to the satisfaction of the superintendent that the tour originated from such place and in such manner as not to provide in effect a regular and duplicating service conflicting with, or in competition with, the services provided for the public pursuant to contract authorization from the Secretary. The superintendent shall have the authority to

specify the route to be followed by such vehicles within the park.

(g) *Camping.* (1) Camping in Yellowstone National Park by any person, party, or organization during any calendar year during the period Labor Day through June 30, inclusive, shall not exceed 30 days, either in a single period or combined separate periods, when such limitations are posted.

(2) The intensive public-use season for camping shall be the period July 1 to Labor Day. During this period camping by any person, party, or organization shall be limited to a total of 14 days either in a single period or combined separate periods.

(h) *Dogs and cats.* Dogs and cats on leash, crated, or otherwise under physical restraint are permitted in the park only within 100 feet of established roads and parking areas. Dogs and cats are prohibited on established trails and boardwalks.

(i) [Reserved]

(j) *Travel on trails.* Foot travel in all thermal areas and within the Yellowstone Canyon between the Upper Falls and Inspiration Point must be confined to boardwalks or trails that are maintained for such travel and are marked by official signs.

(k) *Portable engines and motors.* The operation of motor-driven chain saws, portable motor-driven electric light plants, portable motor-driven pumps, and other implements driven by portable engines and motors is prohibited in the park, except in Mammoth Canyon, Fishing Bridge, Bridge Bay, Grant Village, and Madison Campgrounds, for park operation purposes, and for construction and maintenance projects authorized by the Superintendent. This restriction shall not apply to outboard motors on waters open to motorboating.

(1)(1) *What is the scope of this regulation?* The regulations contained in paragraphs (1)(2) through (1)(17) of this section apply to the use of snowcoaches and recreational snowmobiles. Except where indicated, paragraphs (1)(2) through (1)(17) do not apply to non-administrative oversnow vehicle use by NPS, contractor, or concessioner employees, or other non-recreational users authorized by the Superintendent.

(2) *What terms do I need to know?* The definitions in this paragraph (1)(2) also apply to non-administrative oversnow vehicle use by NPS, contractor, or concessioner employees, and other non-recreational users authorized by the Superintendent.

Commercial guide means a guide who operates a snowmobile or snowcoach for a fee or compensation and is authorized to operate in the park under a concession contract. In this section, “guide” also means “commercial guide.”

Historic snowcoach means a Bombardier snowcoach manufactured in 1983 or earlier. Any other snowcoach is considered a non-historic snowcoach.

Oversnow route means that portion of the unplowed roadway located between the road shoulders and designated by snow poles or other poles, ropes, fencing, or signs erected to regulate oversnow activity. Oversnow routes include pullouts or parking areas that are groomed or marked similarly to roadways and are adjacent to designated oversnow routes. An oversnow route may also be distinguished by the interior boundaries of the berm created by the packing and grooming of the unplowed roadway. The only motorized vehicles permitted on oversnow routes are oversnow vehicles.

Oversnow vehicle means a snowmobile, snowcoach, or other motorized vehicle that is intended for travel primarily on snow and has been authorized by the Superintendent to operate in the park. An oversnow vehicle that does not meet the definition of a snowcoach must comply with all requirements applicable to snowmobiles.

Snowcoach means a self-propelled mass transit vehicle intended for travel on snow, having a curb weight of over 1,000 pounds (450 kilograms), driven by a track or tracks and steered by skis or tracks, and having a capacity of at least 8 passengers. A snowcoach has a maximum size of 102 inches wide, plus tracks (not to exceed 110 inches overall); a maximum length of 35 feet; and a Gross Vehicle Weight Rating (GVWR) not exceeding 25,000 pounds.

Snowmobile means a self-propelled vehicle intended for travel on snow, with a curb weight of not more than 1,000 pounds (450 kg), driven by a track or

tracks in contact with the snow, and which may be steered by a ski or skis in contact with the snow.

Snowplane means a self-propelled vehicle intended for oversnow travel and driven by an air-displacing propeller.

(3) *May I operate a snowmobile in Yellowstone National Park?* (i) You may operate a snowmobile in Yellowstone National Park in compliance with use limits, guiding requirements, operating hours and dates, equipment, and operating conditions established under this section. The Superintendent may establish additional operating conditions and must provide notice of those conditions in accordance with §1.7(a) of this chapter or in the FEDERAL REGISTER.

(ii) The authority to operate a snowmobile in Yellowstone National Park established in paragraph (1)(3)(i) of this section is in effect only through the winter season of 2012–2013.

(4) *May I operate a snowcoach in Yellowstone National Park?* (i) Snowcoaches may only be operated in Yellowstone National Park under a concessions contract. Snowcoach operation is subject to the conditions stated in the concessions contract and all other conditions identified in this section.

(ii) All non-historic snowcoaches must meet NPS air emissions requirements, which mean the applicable EPA emissions standards for the vehicle that were in effect at the time it was manufactured.

(iii) All critical emission-related exhaust components (as listed in 40 CFR 86.004–25(b)(3)(iii) through (v)) must be functioning properly. Such critical emissions-related components may only be replaced with the original equipment manufacturer (OEM) component, where possible. Where OEM parts are not available, aftermarket parts may be used if they are certified not to worsen emission and sound characteristics.

(iv) Modifying or disabling a snowcoach’s original pollution control equipment is prohibited except for maintenance purposes.

(v) Individual snowcoaches may be subject to periodic inspections to determine compliance with the requirements of paragraphs (1)(4)(ii) through (1)(4)(iv) of this section.

National Park Service, Interior

§ 7.13

(vi) The authority to operate a snowcoach in Yellowstone National Park established in paragraph (1)(4)(i) of this section is in effect only through the winter season of 2012–2013.

(5) *Must I operate a certain model of snowmobile?* Only commercially available snowmobiles that meet NPS air and sound emissions requirements as set forth in this section may be operated in the park. The Superintendent will approve snowmobile makes, models, and years of manufacture that meet those requirements. Any snowmobile model not approved by the Superintendent may not be operated in the park.

(6) *How will the Superintendent approve snowmobile makes, models, and years of manufacture for use in the park?*

(i) Beginning with the 2005 model year, all snowmobiles must be certified under 40 CFR part 1051, to a Family Emission Limit no greater than 15 g/kW-hr for hydrocarbons and to a Family Emission Limit no greater than 120 g/kW-hr for carbon monoxide.

(A) 2004 model year snowmobiles may use measured emissions levels (official emission results with no deterioration factors applied) to comply with the emission limits specified in paragraph (1)(6)(i) of this section.

(B) The snowmobile test procedures specified by EPA (40 CFR parts 1051 and 1065) must be used to measure air emissions from model year 2004 and later snowmobiles.

(ii) For sound emissions, snowmobiles must operate at or below 73 dBA as measured at full throttle according to Society of Automotive Engineers J192 test procedures (revised 1985). Snowmobiles may be tested at any barometric pressure equal to or above 23.4 inches Hg uncorrected. The Superintendent may revise these testing procedures based on new information and/or updates to the SAE J192 testing procedures.

(iii) Snowmobiles meeting the requirements for air and sound emissions may be operated in the park for a period not exceeding 6 years from the date upon which first certified.

(iv) The Superintendent may prohibit entry into the park of any snowmobile that has been modified in a manner

that may adversely affect air or sound emissions.

(v) These air and sound emissions requirements do not apply to snowmobiles being operated on the Cave Falls Road in Yellowstone.

(7) *Where may I operate my snowmobile in Yellowstone National Park?* (i) You may operate your snowmobile only upon designated oversnow routes established within the park in accordance with § 2.18(c) of this chapter. The following oversnow routes are designated for snowmobile use through the winter of 2012–2013:

(A) The Grand Loop Road from its junction with Upper Terrace Drive to Norris Junction.

(B) Norris Junction to Canyon Junction.

(C) The Grand Loop Road from Norris Junction to Madison Junction.

(D) The West Entrance Road from the park boundary at West Yellowstone to Madison Junction.

(E) The Grand Loop Road from Madison Junction to West Thumb.

(F) The South Entrance Road from the South Entrance to West Thumb.

(G) The Grand Loop Road from West Thumb to its junction with the East Entrance Road.

(H) The East Entrance Road from Fishing Bridge Junction to the East Entrance.

(I) The Grand Loop Road from its junction with the East Entrance Road to Canyon Junction.

(J) The South Canyon Rim Drive.

(K) Lake Butte Road.

(L) In the developed areas of Madison Junction, Old Faithful, Grant Village, West Thumb, Lake, Fishing Bridge, Canyon, Indian Creek, and Norris.

(M) Firehole Canyon Drive, between noon and 9 p.m. each day.

(N) North Canyon Rim Drive, between noon and 9 p.m. each day.

(O) Riverside Drive, between noon and 9 p.m. each day.

(P) Cave Falls Road.

(ii) The Superintendent may open or close these routes, or portions thereof, for snowmobile travel after taking into consideration the location of wintering wildlife, appropriate snow cover, public safety, avalanche conditions, and other factors. Notice of such opening or closing will be provided by one or more of

§7.13

36 CFR Ch. I (7–1–13 Edition)

the methods listed in §1.7(a) of this chapter.

(iii) This paragraph (1)(7) also applies to non-administrative over-snow vehicle use by NPS, contractor, or concessioner employees, or other non-recreational users authorized by the Superintendent.

(iv) Maps detailing the designated oversnow routes will be available from Park Headquarters.

(8) *What routes are designated for snowcoach use?* (i) Authorized snowcoaches may be operated on the routes designated for snowmobile use in paragraphs (1)(7)(i)(A) through (1)(7)(i)(O) of this section. The restricted hours of snowmobile use described in paragraphs (1)(7)(i)(M) through (1)(7)(i)(O) do not apply to snowcoaches. Snowcoaches may also be operated on the following additional oversnow routes through the winter of 2012–2013:

(A) Fountain Flat Road.

(B) The Grand Loop Road from Canyon Junction to Washburn Hot Springs overlook.

(C) For rubber-tracked snowcoaches only, the Grand Loop Road from Upper Terrace Drive to the junction of the Grand Loop Road and North Entrance Road, and within the Mammoth Hot Springs developed area.

(ii) The Superintendent may open or close these oversnow routes, or portions thereof, or designate new routes for snowcoach travel after taking into consideration the location of wintering wildlife, appropriate snow cover, public safety, and other factors. Notice of such opening or closing shall be provided by one of more of the methods listed in §1.7(a) of this chapter.

(iii) This paragraph (1)(8) also applies to non-administrative snowcoach use by NPS, contractor, or concessioner employees, and other non-recreational users authorized by the Superintendent.

(9) *Must I travel with a commercial guide while snowmobiling in Yellowstone and what other guiding requirements apply?* (i) All recreational snowmobile operators must be accompanied by a commercial guide.

(ii) Snowmobile parties must travel in a group of no more than 11 snowmobiles, including that of the guide.

(iii) Guided parties must travel together within a maximum of one-third mile of the first snowmobile in the group.

(iv) The guiding requirements described in this paragraph (1)(9) do not apply to snowmobiles being operated on the Cave Falls Road.

(10) *Are there limits established for the number of snowmobiles and snowcoaches permitted to operate in the park each day?* The number of snowmobiles and snowcoaches allowed to operate in the park each day is limited to a certain number per entrance or location. The limits are listed in the following table:

Park entrance/location	Commercially guided snowmobiles	Commercially guided snowcoaches
(i) North Entrance *	12	13
(ii) West Entrance	160	34
(iii) South Entrance	114	13
(iv) East Entrance	20	2
(v) Old Faithful *	12	16
(vi) Cave Falls	**50	0

* Commercially guided snowmobile tours originating at the North Entrance and Old Faithful are currently provided solely by Xanterra Parks and Resorts. Because this concessioner is the sole provider at both of these areas, this regulation allows reallocation of snowmobiles between the North Entrance and Old Faithful as necessary, so long as the total daily number of snowmobiles originating from the two locations does not exceed 24. For example, the concessioner could operate 6 snowmobiles at Old Faithful and 18 at the North Entrance if visitor demand warranted it. This will allow the concessioner to respond to changing visitor demand for commercially guided snowmobile tours, thus enhancing the availability of visitor services in Yellowstone.

** These snowmobiles operate on an approximately 1-mile segment of road within the park where the use is incidental to other snowmobiling activities in the Caribou-Targhee National Forest. These snowmobiles do not need to be guided or to meet NPS air and sound emissions requirements.

(11) *When may I operate my snowmobile or snowcoach?* The Superintendent will determine operating hours and dates. Except for emergency situations, any changes to operating hours will be made on an annual basis, and the public will be notified of those changes through one or more of the methods listed in §1.7(a) of this chapter.

(12) *What other conditions apply to the operation of oversnow vehicles?* (i) The following are prohibited:

(A) Idling an oversnow vehicle for more than 5 minutes at any one time.

(B) Driving an oversnow vehicle while the driver's motor vehicle license or privilege is suspended or revoked.

(C) Allowing or permitting an unlicensed driver to operate an oversnow vehicle.

(D) Driving an oversnow vehicle in willful or wanton disregard for the

National Park Service, Interior

§7.13

safety of persons, property, or park resources or otherwise in a reckless manner.

(E) Operating an oversnow vehicle without a lighted white headlamp and red taillight.

(F) Operating an oversnow vehicle that does not have brakes in good working order.

(G) The towing of persons on skis, sleds, or other sliding devices by oversnow vehicles, except in emergency situations.

(ii) The following are required:

(A) All oversnow vehicles that stop on designated routes must pull over to the far right and next to the snow berm. Pullouts must be used where available and accessible. Oversnow vehicles may not be stopped in a hazardous location or where the view might be obscured, or operated so slowly as to interfere with the normal flow of traffic.

(B) Oversnow vehicle drivers must possess a valid motor vehicle driver's license. A learner's permit does not satisfy this requirement. The license must be carried by the driver at all times.

(C) Equipment sleds towed by a snowmobile must be pulled behind the snowmobile and fastened to the snowmobile with a rigid hitching mechanism.

(D) Snowmobiles must be properly registered and display a valid registration from a state or province in the United States or Canada, respectively.

(iii) The Superintendent may impose other terms and conditions as necessary to protect park resources, visitors, or employees. The public will be notified of any changes through one or more methods listed in §1.7(a) of this chapter.

(iv) This paragraph (1)(12) also applies to non-administrative over-snow vehicle use by NPS, contractor, or concessioner employees, or other non-recreational users authorized by the Superintendent.

(13) *What conditions apply to alcohol use while operating an oversnow vehicle?* In addition to 36 CFR 4.23, the following conditions apply:

(i) Operating or being in actual physical control of an oversnow vehicle is prohibited when the driver is under 21 years of age and the alcohol concentra-

tion in the driver's blood or breath is 0.02 grams or more of alcohol per 100 milliliters of blood or 0.02 grams or more of alcohol per 210 liters of breath.

(ii) Operating or being in actual physical control of an oversnow vehicle is prohibited when the driver is a snowmobile guide or a snowcoach driver and the alcohol concentration in the operator's blood or breath is 0.04 grams or more of alcohol per 100 milliliters of blood or 0.04 grams or more of alcohol per 210 liters of breath.

(iii) This paragraph (1)(13) also applies to non-administrative over-snow vehicle use by NPS, contractor, or concessioner employees, or other non-recreational users authorized by the Superintendent.

(14) *Do other NPS regulations apply to the use of oversnow vehicles?* (i) The use of oversnow vehicles in Yellowstone is subject to §§2.18(a) and (c), but not subject to §§2.18 (b), (d), (e), and 2.19(b) of this chapter.

(ii) This paragraph (1)(14) also applies to non-administrative over-snow vehicle use by NPS, contractor, or concessioner employees, or other non-recreational users authorized by the Superintendent.

(15) *Are there any forms of non-motorized oversnow transportation allowed in the park?* (i) Non-motorized travel consisting of skiing, skating, snowshoeing, or walking is permitted unless otherwise restricted under this section or other NPS regulations.

(ii) The Superintendent may designate areas of the park as closed, reopen such areas, or establish terms and conditions for non-motorized travel within the park in order to protect visitors, employees, or park resources. Notice will be made in accordance with §1.7(a) of this chapter.

(iii) Dog sledding and ski-joring are prohibited.

(iv) Bicycles are prohibited on oversnow routes in Yellowstone.

(16) *May I operate a snowplane in Yellowstone National Park?* The operation of a snowplane in Yellowstone is prohibited.

(17) *Is violating any of the provisions of this section prohibited?* (i) Violating any of the terms, conditions or requirements of paragraphs (1)(1) through (1)(16) of this section is prohibited.

§ 7.14

36 CFR Ch. I (7–1–13 Edition)

(ii) Anyone who violates any of the terms, conditions or requirements of this regulation will be considered to have committed one separate offense for each term, condition or requirement that they violate.

(m) *Swimming*. The swimming or bathing in a natural, historical, or archeological thermal pool or stream that has waters originating entirely from a thermal spring or pool is prohibited.

[36 FR 12014, June 24, 1971]

EDITORIAL NOTE: For FEDERAL REGISTER citations affecting § 7.13, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and at www.fdsys.gov.

§ 7.14 Great Smoky Mountains National Park.

(a) *Fishing*—(1) *License*. A person fishing within the park must have in possession the proper State fishing license issued by either Tennessee or North Carolina. A holder of a valid resident or nonresident license issued by either State may fish throughout the park irrespective of State boundaries, except in *Closed and Excluded Waters*.

(2) *Closed and Excluded Waters*. All waters of Mingus Creek, Lands Creek, Chestnut Branch and that portion of LeConte Creek as posted through the park residential area of Twin Creeks, are closed to and excluded from fishing.

(3) *Open Waters*. (i) All of the waters of the Oconaluftee River downstream from where it joins with Raven Fork to the park boundary and that portion of Raven Fork from its junction with the Oconaluftee River upstream and paralleling the Big Cove Road to the park boundary are open to fishing in accordance with the Cherokee Fish and Game Management regulations.

(ii) All other park waters are open to fishing in accordance with National Park Service regulations.

(4) *Season*. Open all year for rainbow and brown trout, smallmouth bass, and redeye (rockbass). All other fish are protected and may not be taken by any means.

(5) *Time*. Fishing is permitted from sunrise to sunset only.

(6) *Fish and equipment and bait*. Fishing is permitted only by use of one handheld rod and line.

(i) Only artificial flies or lures having one single hook may be used.

(ii) The use or possession of any form of fish bait other than artificial flies or lures on any park stream while in possession of fishing tackle is prohibited.

(7) *Size limits*. All trout or bass caught less than the legal length shall be immediately returned unharmed to the water from which taken.

(i) No trout or bass less than 7" in length may be retained.

(ii) No size limit on redeye (rockbass).

(8) *Possession limit*. (i) Possession limit shall mean and include the number of trout, bass or redeye (rockbass) caught in park waters which may be in possession, regardless of whether they are fresh, stored in ice chests, or otherwise preserved. A person must stop and desist from fishing for the remainder of the day upon attaining the possession limit.

(ii) Five, fish, trout, bass, or redeye, or a combination thereof, is the maximum number which a person may retain in one day or be in possession of at any one time.

(9) The superintendent may designate certain waters as Experimental Fish Management Waters and issue temporary and special rules regulating fishing use by posting signs and issuance of official public notification. All persons shall observe and abide by such officially posted rules pertaining to these specially designated waters.

(b) *Beer and alcoholic beverages*. The possession of beer or any alcoholic beverages in an open or unsealed container, except in designated picnic, camping, or overnight lodging facilities, is prohibited.
