

## § 142.1

## 40 CFR Ch. I (7–1–13 Edition)

- 142.64 Variances and exemptions from the requirements of part 141, subpart H—Filtration and Disinfection.
- 142.65 Variances and exemptions from the maximum contaminant levels for radionuclides.

### Subpart H—Indian Tribes

- 142.72 Requirements for Tribal eligibility.
- 142.76 Request by an Indian Tribe for a determination of eligibility.
- 142.78 Procedure for processing an Indian Tribe's application.

### Subpart I—Administrator's Review of State Decisions that Implement Criteria Under Which Filtration Is Required

- 142.80 Review procedures.
- 142.81 Notice to the State.

### Subpart J [Reserved]

### Subpart K—Variances for Small System

#### GENERAL PROVISIONS

- 142.301 What is a small system variance?
- 142.302 Who can issue a small system variance?
- 142.303 Which size public water systems can receive a small system variance?
- 142.304 For which of the regulatory requirements is a small system variance available?
- 142.305 When can a small system variance be granted by a State?

#### REVIEW OF SMALL SYSTEM VARIANCE APPLICATION

- 142.306 What are the responsibilities of the public water system, State and the Administrator in ensuring that sufficient information is available and for evaluation of a small system variance application?
- 142.307 What terms and conditions must be included in a small system variance?

#### PUBLIC PARTICIPATION

- 142.308 What public notice is required before a State or the Administrator proposes to issue a small system variance?
- 142.309 What are the public meeting requirements associated with the proposal of a small system variance?
- 142.310 How can a person served by the public water system obtain EPA review of a State proposed small system variance?

#### EPA REVIEW AND APPROVAL OF SMALL SYSTEM VARIANCES

- 142.311 What procedures allow for the Administrator to object to a proposed small system variance or overturn a granted

small system variance for a public water system serving 3,300 or fewer persons?

- 142.312 What EPA action is necessary when a State proposes to grant a small system variance to a public water system serving a population of more than 3,300 and fewer than 10,000 persons?

- 142.313 How will the Administrator review a State's program under this subpart?

AUTHORITY: 42 U.S.C. 300f, 300g–1, 300g–2, 300g–3, 300g–4, 300g–5, 300g–6, 300j–4, 300j–9, and 300j–11.

SOURCE: 41 FR 2918, Jan. 20, 1976, unless otherwise noted.

### Subpart A—General Provisions

#### § 142.1 Applicability.

This part sets forth, pursuant to sections 1413 through 1416, 1445, and 1450 of the Public Health Service Act, as amended by the Safe Drinking Water Act, Public Law 93–523, regulations for the implementation and enforcement of the national primary drinking water regulations contained in part 141 of this chapter.

#### § 142.2 Definitions.

As used in this part, and except as otherwise specifically provided:

*Act* means the Public Health Service Act.

*Administrator* means the Administrator of the United States Environmental Protection Agency or his authorized representative.

*Agency* means the United States Environmental Protection Agency.

*Approved State primacy program* consists of those program elements listed in §142.11(a) that were submitted with the initial State application for primary enforcement authority and approved by the EPA Administrator and all State program revisions thereafter that were approved by the EPA Administrator.

*Contaminant* means any physical, chemical, biological, or radiological substance or matter in water.

*Federal agency* means any department, agency, or instrumentality of the United States.

*Indian Tribe* means any Indian Tribe having a Federally recognized governing body carrying out substantial governmental duties and powers over a defined area.

## Environmental Protection Agency

## § 142.2

*Interstate Agency* means an agency of two or more States established by or under an agreement or compact approved by the Congress, or any other agency of two or more States or Indian Tribes having substantial powers or duties pertaining to the control of pollution as determined and approved by the Administrator.

*Maximum contaminant level* means the maximum permissible level of a contaminant in water which is delivered to the free flowing outlet of the ultimate user of a public water system; except in the case of turbidity where the maximum permissible level is measured at the point of entry to the distribution system. Contaminants added to the water under circumstances controlled by the user, except for those resulting from corrosion of piping and plumbing caused by water quality are excluded from this definition.

*Municipality* means a city, town, or other public body created by or pursuant to State law, or an Indian Tribe which does not meet the requirements of subpart H of this part.

*National primary drinking water regulation* means any primary drinking water regulation contained in part 141 of this chapter.

*Person* means an individual; corporation; company; association; partnership; municipality; or State, federal, or Tribal agency.

*Primary enforcement responsibility* means the primary responsibility for administration and enforcement of primary drinking water regulations and related requirements applicable to public water systems within a State.

*Public water system* or *PWS* means a system for the provision to the public of water for human consumption through pipes or, after August 5, 1998, other constructed conveyances, if such system has at least fifteen service connections or regularly serves an average of at least twenty-five individuals daily at least 60 days out of the year. Such term includes:

Any collection, treatment, storage, and distribution facilities under control of the operator of such system and used primarily in connection with such system; and any collection or pretreatment storage facilities not under such control which are used pri-

marily in connection with such system. Such term does not include any "special irrigation district." A public water system is either a "community water system" or a "noncommunity water system" as defined in §141.2.

*Sanitary survey* means an onsite review of the water source, facilities, equipment, operation and maintenance of a public water system for the purpose of evaluating the adequacy of such source, facilities, equipment, operation and maintenance for producing and distributing safe drinking water.

*Service connection*, as used in the definition of *public water system*, does not include a connection to a system that delivers water by a constructed conveyance other than a pipe if:

(1) The water is used exclusively for purposes other than residential uses (consisting of drinking, bathing, and cooking, or other similar uses);

(2) The Administrator or the State exercising primary enforcement responsibility for public water systems, determines that alternative water to achieve the equivalent level of public health protection provided by the applicable national primary drinking water regulation is provided for residential or similar uses for drinking and cooking; or

(3) The Administrator or the State exercising primary enforcement responsibility for public water systems, determines that the water provided for residential or similar uses for drinking, cooking, and bathing is centrally treated or treated at the point of entry by the provider, a pass-through entity, or the user to achieve the equivalent level of protection provided by the applicable national primary drinking water regulations.

*Special irrigation district* means an irrigation district in existence prior to May 18, 1994 that provides primarily agricultural service through a piped water system with only incidental residential or similar use where the system or the residential or similar users of the system comply with the exclusion provisions in section 1401(4)(B)(i)(II) or (III).

*State* means one of the States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, Guam, American

### § 142.3

### 40 CFR Ch. I (7–1–13 Edition)

Samoa, the Commonwealth of the Northern Mariana Islands, the Trust Territory of the Pacific Islands, or an eligible Indian tribe.

*State primary drinking water regulation* means a drinking water regulation of a State which is comparable to a national primary drinking water regulation.

*State program revision* means a change in an approved State primacy program.

*Supplier of water* means any person who owns or operates a public water system.

*Treatment technique requirement* means a requirement of the national primary drinking water regulations which specifies for a contaminant a specific treatment technique(s) known to the Administrator which leads to a reduction in the level of such contaminant sufficient to comply with the requirements of part 141 of this chapter.

[41 FR 2918, Jan. 20, 1976, as amended at 53 FR 37410, Sept. 26, 1988; 54 FR 52137, Dec. 20, 1989; 59 FR 64344, Dec. 14, 1994; 63 FR 23367, Apr. 28, 1998]

#### § 142.3 Scope.

(a) Except where otherwise provided, this part applies to each public water system in each State; except that this part shall not apply to a public water system which meets all of the following conditions:

(1) Which consists only of distribution and storage facilities (and does not have any collection and treatment facilities);

(2) Which obtains all of its water from, but is not owned or operated by, a public water system to which such regulations apply;

(3) Which does not sell water to any person; and

(4) Which is not a carrier which conveys passengers in interstate commerce.

(b) In order to qualify for primary enforcement responsibility, a State's program for enforcement of primary drinking water regulations must apply to all other public water systems in the State, except for:

(1) Public water systems on carriers which convey passengers in interstate commerce;

(2) Public water systems on Indian land with respect to which the State

does not have the necessary jurisdiction or its jurisdiction is in question; or

(c) Section 1451 of the SDWA authorizes the Administrator to delegate primary enforcement responsibility for public water systems to Indian Tribes. An Indian Tribe must meet the statutory criteria at 42 U.S.C. 300j–11(b)(1) before it is eligible to apply for Public Water System Supervision grants and primary enforcement responsibility. All primary enforcement responsibility requirements of parts 141 and 142 apply to Indian Tribes except where specifically noted.

[41 FR 2918, Jan. 20, 1976, as amended at 53 FR 37410, Sept. 26, 1988; 59 FR 64344, Dec. 14, 1994; 67 FR 70858, Nov. 27, 2002]

#### § 142.4 State and local authority.

Nothing in this part shall diminish any authority of a State or political subdivision to adopt or enforce any law or regulation respecting drinking water regulations or public water systems, but no such law or regulation shall relieve any person of any requirements otherwise applicable under this part.

### Subpart B—Primary Enforcement Responsibility

#### § 142.10 Requirements for a determination of primary enforcement responsibility.

A State has primary enforcement responsibility for public water systems in the State during any period for which the Administrator determines, based upon a submission made pursuant to § 142.11, and submission under § 142.12, that such State, pursuant to appropriate State legal authority:

(a) Has adopted drinking water regulations which are no less stringent than the national primary drinking water regulations (NPDWRs) in effect under part 141 of this chapter;

(b) Has adopted and is implementing adequate procedures for the enforcement of such State regulations, such procedures to include:

(1) Maintenance of an inventory of public water systems.

(2) A systematic program for conducting sanitary surveys of public
