**NOTE:** Except for the low dollar infrequently ordered item, which requires a higher minimum, an item should be discontinued from stock if the number of requests for it is less than twice its order frequency under EOQ. For example, an item ordered six times per year under EOQ should have at least 12 requests per year to continue stockage. For 11 requests, it would cost less to order each time it was requested.

11 orders at $5 per order .................................... $55  
Under EOQ:  
6 orders at $5 per order ...................................... $30  
Holding cost (equal to ordering cost) .................. 30  
Total .......................................................... 60

Stocks of slow-moving items which are not otherwise determined to be eligible for continued stockage shall be eliminated through normal attrition and shall not be replenished. The successive actions indicated in paragraphs (a) through (c) of this section, shall be taken, as necessary, to remove stocks of inactive items from inventory.

(a) Transfer stock to other offices where needed within the agency.

(b) Transfer stock to other agencies as follows:

(1) Centrally managed items to the agency managing the item for credit; or

(2) Agency program items to agencies requiring them.

(c) Dispose of remaining stocks, as excess, after actions taken in paragraphs (a) and (b) of this section, in accordance with part 101–43 of this chapter.

(b) The minimum remaining shelf life of this material shall be 12 months at the time of receipt by GSA.

(c) The material shall not be a terminal or discontinued item.

(d) The material shall be in either condition code A or condition code E.

§ 101–27.500 Scope and applicability of subpart.  
This subpart sets forth policy and procedures for the return to GSA for credit of items which are in long supply or for which no current or future requirements are anticipated. The provisions of this subpart 101–27.5 are applicable to all executive agencies. Federal agencies other than executive agencies may participate in this program and are encouraged to do so.

§ 101–27.501 Eligibility for return.  
GSA stock items for which no current or future agency requirements are anticipated are eligible for return to GSA for credit. Despite eligibility for return to GSA, consideration should be given to the transportation costs involved as related to the value of the items, and, where excessive, such items shall not be reported to GSA.

Any GSA stock item to be returned to GSA by an agency which has no current or future requirements for that item shall meet the following conditions:

(a) The minimum dollar value per line item, based on the current GSA selling price, shall be:

1. $130 for hand tools, FSG 51, and measuring tools, FSG 52; and
2. $450 for items in all other Federal supply groups and classes except for tires and tubes, FSC 2610; tool kits, FSC 5180; laboratory supplies, FSCs 6630 and 6640; Standard forms, FSC 7540; paints, dopes, varnishes, and related products, FSC 8010; preservatives and sealing compounds, FSC 8030; adhesives, FSC 8040; boxes, cartons, and crates, FSC 8115; and subsistence items, FSG 89, which are not returnable and shall be considered excess, and shall be processed in accordance with part 101–43 of this chapter.

(b) The minimum remaining shelf life of this material shall be 12 months at the time of receipt by GSA.

(c) The material shall not be a terminal or discontinued item.

(d) The material shall be in either condition code A or condition code E.

§ 101–27.503 Allowable credit.  
Allowable credit for activities returning material that is accepted by GSA will be reflected in billings by GSA and will be commensurate with the condition of the material received.

(a) Credit will be granted at the rate of 80 percent of the current GSA selling price after acceptance by GSA for new,
