(2) The hearing process under this part does not apply to recommendations that DOI may submit to FERC under FPA section 10(a) or (j), 16 U.S.C. 803(a), (j).

(3) The FPA also grants the Department of Agriculture the authority to develop mandatory conditions, and the Department of Commerce the authority to develop mandatory prescriptions, for inclusion in a hydropower license. (4) The regulations in subparts A and B of this part will be construed and applied to each hearing process to achieve a just and speedy determination, consistent with adequate consideration of the issues involved and the provisions of § 45.60(a).

(b) *Alternatives process.* The regulations in subparts A and C of this part contain rules of procedure applicable to the submission and consideration of alternative conditions and prescriptions under FPA section 33, 16 U.S.C. 823d. That section allows any party to the license proceeding to propose an alternative to a condition deemed necessary by DOI under section 4(e) or a

(c) *Reservation of authority.* Where DOI notifies FERC that it is reserving its authority to develop one or more conditions or prescriptions during the term of the license, the hearing and alternatives processes under this part for such conditions or prescriptions will be available if and when DOI exercises its reserved authority. DOI will consult with FERC and notify the license parties regarding how to initiate the hearing process and alternatives process at that time.

(d) *Applicability.* (1) This part applies to any hydropower license proceeding for which the license has not been issued as of November 17, 2005 and for which one or more preliminary conditions, conditions, preliminary prescriptions, or prescriptions have been or are filed with FERC.
