

Bureau of Land Management, Interior

§ 3836.23

(4) The name, address, and professional background of persons conducting the work and analyzing the data.

(c) You may not count these surveys as assessment work for more than 2 consecutive years or for more than a total of 5 years on any one mining claim.

(d) No survey may repeat any previous survey of the same claim and still qualify as assessment work.

§ 3836.15 What happens if I fail to perform required assessment work?

If you are required to perform assessment work and—

(a) You fail to perform the assessment work as required in this part, your claim is open to relocation by a rival claimant as if no location had ever been made; or

(b) You fail substantially to perform the assessment work as required in this part and the land is withdrawn from mineral entry or the mineral for which the claim was located is no longer subject to the Mining Law, BLM may declare your claim forfeited.

Subpart B—Deferring Assessment Work

§ 3836.20 Deferring assessment work.

(a) Under some circumstances, you may obtain a temporary deferment that relieves you from performing annual assessment work on your mining claims. You may include more than one mining claim in one deferment petition if the claims are contiguous.

(b) If BLM grants you a deferment, you have merely deferred doing the assessment work. You still must complete that assessment work for that assessment year after the deferment period ends, as provided in § 3836.27.

§ 3836.21 How do I qualify for a deferment of assessment work on my mining claims?

You qualify for a deferment of assessment work if—

(a) You have a mining claim or group of mining claims that you cannot enter or gain access to because—

(1) The claims are surrounded by lands owned by others, including BLM, and the land owner has refused to give

you a right-of-way or you are in litigation regarding the right-of-way or in the process of acquiring the right-of-way under state law; or

(2) Some other legal impediment prevents your access.

(b) You have received a declaration of taking or notice of intent by the Federal Government to take the claim.

§ 3836.22 How do I qualify for a deferment of assessment work on my mining claims that are on National Park System (NPS) lands?

Correspondence from NPS merely denying your Plan of Operations for incompleteness or inadequacy will not suffice for a deferment of assessment work. To qualify for a deferment of assessment work on claims situated on NPS lands—

(a) You must obtain a letter from NPS stating that—

(1) NPS received and found your proposed Plan of Operations to be complete;

(2) NPS cannot act on the plan until it conducts a validity exam; and

(3) NPS anticipates completing the validity exam after the assessment year ends.

(b) You must send NPS's letter to BLM, along with other documents and information that BLM requires (see § 3836.23) to support your petition for deferment of assessment work.

§ 3836.23 How do I petition for deferment of assessment work?

In order to apply for deferment—

(a) You must submit a petition with the BLM State Office that includes:

(1) The names of the claims;

(2) The BLM serial numbers assigned to the claims;

(3) The starting date of the one-year period of the requested deferment; and

(4) A statement that you plan to file a small miner waiver form by September 1st.

(b) If you are submitting the petition because BLM or another party has denied you a right-of-way, you must also describe—

(1) The ownership and nature of the land, including topography, vegetation, surface water, and existing roads, over which you were seeking a right-of-way to reach your claims;
