

(4) The name, address, and professional background of persons conducting the work and analyzing the data.

(c) You may not count these surveys as assessment work for more than 2 consecutive years or for more than a total of 5 years on any one mining claim.

(d) No survey may repeat any previous survey of the same claim and still qualify as assessment work.

§ 3836.15 What happens if I fail to perform required assessment work?

If you are required to perform assessment work and—

(a) You fail to perform the assessment work as required in this part, your claim is open to relocation by a rival claimant as if no location had ever been made; or

(b) You fail substantially to perform the assessment work as required in this part and the land is withdrawn from mineral entry or the mineral for which the claim was located is no longer subject to the Mining Law, BLM may declare your claim forfeited.

Subpart B—Deferring Assessment Work

§ 3836.20 Deferring assessment work.

(a) Under some circumstances, you may obtain a temporary deferment that relieves you from performing annual assessment work on your mining claims. You may include more than one mining claim in one deferment petition if the claims are contiguous.

(b) If BLM grants you a deferment, you have merely deferred doing the assessment work. You still must complete that assessment work for that assessment year after the deferment period ends, as provided in § 3836.27.

§ 3836.21 How do I qualify for a deferment of assessment work on my mining claims?

You qualify for a deferment of assessment work if—

(a) You have a mining claim or group of mining claims that you cannot enter or gain access to because—

(1) The claims are surrounded by lands owned by others, including BLM, and the land owner has refused to give

you a right-of-way or you are in litigation regarding the right-of-way or in the process of acquiring the right-of-way under state law; or

(2) Some other legal impediment prevents your access.

(b) You have received a declaration of taking or notice of intent by the Federal Government to take the claim.

§ 3836.22 How do I qualify for a deferment of assessment work on my mining claims that are on National Park System (NPS) lands?

Correspondence from NPS merely denying your Plan of Operations for incompleteness or inadequacy will not suffice for a deferment of assessment work. To qualify for a deferment of assessment work on claims situated on NPS lands—

(a) You must obtain a letter from NPS stating that—

(1) NPS received and found your proposed Plan of Operations to be complete;

(2) NPS cannot act on the plan until it conducts a validity exam; and

(3) NPS anticipates completing the validity exam after the assessment year ends.

(b) You must send NPS's letter to BLM, along with other documents and information that BLM requires (see § 3836.23) to support your petition for deferment of assessment work.

§ 3836.23 How do I petition for deferment of assessment work?

In order to apply for deferment—

(a) You must submit a petition with the BLM State Office that includes:

(1) The names of the claims;

(2) The BLM serial numbers assigned to the claims;

(3) The starting date of the one-year period of the requested deferment; and

(4) A statement that you plan to file a small miner waiver form by September 1st.

(b) If you are submitting the petition because BLM or another party has denied you a right-of-way, you must also describe—

(1) The ownership and nature of the land, including topography, vegetation, surface water, and existing roads, over which you were seeking a right-of-way to reach your claims;

§ 3836.24

(2) The land over which you are seeking a right-of-way by legal subdivision if the land is surveyed;

(3) Why present use of the right-of-way is denied or prevented;

(4) The steps you have taken to acquire the right to cross the lands; and

(5) Whether any other right-of-way is available and if so, why it is not feasible to use that right-of-way.

(c) If you are submitting the petition because of other legal impediments to your access to the claim, you must describe the legal impediments and submit copies of any documents you have that evidence the legal impediments.

(d) You must record in the local recording office a notice that you are petitioning BLM for a deferment of assessment work.

(e) You must attach a copy of the notice required by paragraph (d) of this section to the petition you submit to BLM.

(f) At least one of the claimants of each of the mining claims for which you request a deferment must sign:

(1) The petition you submit to BLM; and

(2) The original notice you record with the local recording office.

(g) You must pay a processing fee with each petition. (See the table of service charges and fees in § 3830.21 of this chapter.)

[68 FR 61077, Oct. 24, 2003, as amended at 70 FR 58879, Oct. 7, 2005]

§ 3836.24 If BLM approves my petition, what else must I do to obtain a deferment of assessment work?

You must record a copy of BLM's decision regarding your petition in the local recording office.

§ 3836.25 What if BLM denies my petition for deferment of assessment work?

If BLM denies your petition for deferment of assessment work, and the assessment year has ended, BLM will give you 60 days from the date you receive the BLM decision denying the petition in which to pay the maintenance fee to maintain your claim.

43 CFR Ch. II (10–1–13 Edition)

§ 3836.26 How long may a deferment of assessment work last?

(a) BLM may grant a deferment for up to one assessment year. However, the deferment ends automatically if the reason for the deferment ends.

(b) The deferment period will begin on the date you request in the petition unless BLM's approval sets a different date.

(c) You may petition to renew the deferment for one additional assessment year if a valid reason for a deferment continues. BLM cannot renew your deferment of assessment work more than once.

§ 3836.27 When must I complete my deferred assessment work?

(a) You may begin the deferred assessment work any time after the deferment ends. However, you must complete it before the end of the following assessment year. For example, if your deferment ends on July 15, 2008, you must complete all the deferred assessment work by September 1, 2009, in addition to completing the regular assessment work due on that date.

(b) You may also choose to pay the annual maintenance fees for the years deferred instead of performing the deferred assessment work.
