

Federal Acquisition Regulation

4.1601

(b) To maximize transparency of Recovery Act funds that must be reported by the contractor, the contracting officer shall structure contract awards to allow for separately tracking Recovery Act funds. For example, the contracting officer may consider awarding dedicated separate contracts when using Recovery Act funds or establishing contract line item number (CLIN) structures to mitigate commingling of Recovery funds with other funds.

(c) Contracting officers shall ensure that the contractor complies with the reporting requirements of 52.204-11, American Recovery and Reinvestment Act—Reporting Requirements. If the contractor fails to comply with the reporting requirements, the contracting officer shall exercise appropriate contractual remedies.

(d) The contracting officer shall make the contractor's failure to comply with the reporting requirements a part of the contractor's performance information under Subpart 42.15.

4.1502 Contract clause.

Insert the clause at 52.204-11, American Recovery and Reinvestment Act—Reporting Requirements in all solicitations and contracts funded in whole or in part with Recovery Act funds, except classified solicitations and contracts. This includes, but is not limited to, Governmentwide Acquisition Contracts (GWACs), multi-agency contracts (MACs), Federal Supply Schedule (FSS) contracts, or agency indefinite-delivery/indefinite-quantity (ID/IQ) contracts that will be funded with Recovery Act funds. Contracting officers shall include this clause in any existing contract or order that will be funded with Recovery Act funds. Contracting officers may not use Recovery Act funds on existing contracts and orders if the clause at 52.204-11 is not incorporated. This clause is not required for any existing contracts, or task and delivery orders issued under a contract, that contains the original clause FAR 52.204-11 (March 2009).

Subpart 4.16—Unique Procurement Instrument Identifiers

SOURCE: 76 FR 39235, July 5, 2011, unless otherwise noted.

4.1600 Scope of subpart.

This subpart prescribes policies and procedures for assigning unique Procurement Instrument Identifiers (PIID) for each solicitation, contract, agreement, or order and related procurement instrument.

4.1601 Policy.

(a) *Procurement Instrument Identifier (PIID)*. Agencies shall have in place a process that ensures that each PIID used to identify a solicitation or contract action is unique Governmentwide, and will remain so for at least 20 years from the date of contract award.

(b) Agencies must submit their proposed identifier format to the General Services Administration's Integrated Acquisition Environment Program Office, which maintains a registry of the agency-unique identifier schemes.

(c) The PIID shall consist of alpha characters in the first positions to indicate the agency, followed by alphanumeric characters according to agency procedures.

(d) The PIID shall be used to identify all solicitation and contract actions. The PIID shall also be used to identify solicitation and contract actions in designated support and reporting systems (*e.g.*, Federal Procurement Data System, Past Performance Information Retrieval System), in accordance with regulations, applicable authorities, and agency policies and procedures.

(e) Agencies shall not change the PIID, unless the conditions in paragraph (f) of this section exist.

(f) If continued use of a PIID is not possible or is not in the Government's best interest solely for administrative reasons (*e.g.*, for implementations of new agency contracting systems), the contracting officer may assign a new PIID by issuing a modification. The modification shall clearly identify both the original and the newly assigned PIID.
