

204.805

204.805 Disposal of contract files.

(1) The sources of the period for which official contract files must be retained are General Records Schedule 3 (Procurement, Supply, and Grant Records) and General Records Schedule 6 (Accountable Officers' Accounts Records). Copies of the General Records Schedule may be obtained from the National Archives and Records Administration, Washington, DC 20408.

(2) Deviations from the periods cannot be granted by the Defense Acquisition Regulatory Council. Forward requests for deviations to both the Government Accountability Office and the National Archives and Records Administration.

(3) Hold completed contract files in the office responsible for maintaining them for a period of 12 months after completion. After the initial 12 month period, send the records to the local records holding or staging area until they are eligible for destruction. If no space is available locally, transfer the files to the General Services Administration Federal Records Center that services the area.

(4) Duplicate or working contract files should contain no originals of materials that properly belong in the official files. Destroy working files as soon as practicable once they are no longer needed.

(5) Retain pricing review files, containing documents related to reviews of the contractor's price proposals, subject to certified cost or pricing data (see FAR 15.403-4), for six years. If it is impossible to determine the final payment date in order to measure the six year period, retain the files for nine years.

Subpart 204.11—System For Award Management

SOURCE: 68 FR 64558, Nov. 14, 2003, unless otherwise noted.

204.1103 Procedures.

See PGI 204.1103 for helpful information on navigation and data entry in the System for Award Management (SAM) database.

(1) On contract award documents, use the contractor's legal or "doing business as" name and physical address information as recorded in the (SAM) database at the time of award.

(2) When making a determination to exercise an option, or at any other time before issuing a modification other than a unilateral modification making an administrative change, ensure that—

(i) The contractor's record is active in the SAM database; and

(ii) The contractor's Data Universal Numbering System (DUNS) number, Commercial and Government Entity (CAGE) code, name, and physical address are accurately reflected in the contract document.

(3) At any time, if the DUNS number, CAGE code, contractor name, or physical address on a contract no longer matches the information on the contractor's record in the SAM database, the contracting officer shall process a novation or change-of-name agreement, or an address change, as appropriate.

(4) See PGI 204.1103 for additional requirements relating to use of information in the SAM database.

(5) On contractual documents transmitted to the payment office, provide the CAGE code, instead of the DUNS number or DUNS+4 number, in accordance with agency procedures.
