301.604–72

HCA's approval for the individual's assignment to the contract will automatically terminate on that date. The Contract Specialist is not required to take the class as long as the Contract Specialist is working under the direction of a Contracting Officer who has taken an EVM course.

(2) *Other additional HHS training.* The HCA (non-delegable) may grant a time extension of up to 9 months to an individual to complete the PBA, Federal appropriations law, green purchasing, and Section 508 training requirements, including completion of refresher training. If the individual does not complete the training requirement within the extension period, the HCA's approval will automatically terminate on that date.

301.603–74 Requirement for retention of FAC–C and HHS SAC certification.

To maintain FAC–C certification, all warranted Contracting Officers, regardless of series, as well as Contract Specialists, must earn 80 CLPs every 2 years. To maintain HHS SAC certification, all individuals with delegated Contracting Officer authority, including those in the GS–1102, GS–1105, GS–1106, and non–1100 series, must earn a minimum of 40 hours (CLPs) every 2 years after completing all mandatory training requirements. FAC–C and HHS SAC certification will expire if the CLPs are not earned every 2 years (from the date of initial certification or re-certification) and, if applicable, may result in a loss of warrant authority. (NOTE: The certification programs' continuous learning requirement applies to all applicable personnel, including those who were certified under prior certification programs.)

301.604 Training and certification of Contracting Officers' Technical Representatives.

301.604–70 General.

In accordance with the Federal Acquisition Certification for Contracting Officers' Technical Representatives (FAC–COTR) program, HHS has established a training program for certification and designation of personnel as

COTRs—see HHS' Federal Acquisition Certification for Contracting Officers' Technical Representatives Program Handbook (COTR Handbook), dated January 2009, for information on the methods for earning FAC–COTR certification. See also 302.101(c) for further information regarding the definition of a COTR and when designation of a COTR is appropriate. All references to COTRs also apply to their alternates.

301.604–71 HCA authorities and responsibilities.

(a) HCAs are authorized to determine (1) equivalencies for the Basic Contracting Officer's Technical Representative Course; (2) course prerequisites; and (3) approve completion of CLP continuous learning activities, education, and training for maintenance of COTR certification. This authority does not apply to EVM training—see 301.603–73. Course equivalencies must meet the Federal Acquisition Institute's (FAI's) required COTR competencies. HCAs may re-delegate the authorities in (1) and (2) to OPDIV Acquisition Career Managers (ACMs) or other comparable officials.

(b) In addition to the authorities specified in 301.604–71(a), HCAs or their designees (except where the authority is shown as non-delegable) are responsible for—

(1) Reviewing a candidate's qualifications to be a COTR;

(2) Granting, suspending, denying, and revoking COTR certifications and their continuance;

(3) Authorizing (non-delegable) an individual to perform COTR duties on an interim basis for up to 90 days—see 301.604–73; and

(4) Determining (non-delegable) on a case-by-case basis whether to postpone (for up to 90 days) withdrawal of any interim COTR delegation for failure of a candidate to qualify for certification—see 301.604–73.

301.604–72 Requirements for certification maintenance.

Maintaining HHS FAC–COTR certification requires at least 40 relevant CLPs every 2 years. See Appendix A of
