

§ 28.151

of this part, but in any event as expeditiously as possible. Provided that, where major restructuring of fixed facilities to accommodate technological changes is planned to occur within five years from the effective date of this part, changes needed to comply with this section are not required to be made until the planned restructuring takes place. However, alternative means for participation by individuals with handicaps in DOT programs and activities in the most integrated setting possible during this interim waiting period shall be available.

(d) *Transition plan.* In the event that structural changes to facilities will be undertaken to achieve program accessibility, the Department shall develop, within six months of the effective date of this part, a transition plan setting forth the steps necessary to complete such changes. The agency shall provide an opportunity to interested persons, including individuals with handicaps, agency employees with handicaps, or organizations representing individuals with handicaps, to participate in the development of the transition plan by submitting comments (both oral and written). A copy of the transition plan shall be made available for public inspection. The plan shall, at a minimum—

(1) Identify physical obstacles in the Department's facilities that limit the accessibility of its programs or activities to individuals with handicaps;

(2) Describe in detail the methods that will be used to make the facilities accessible;

(3) Specify the schedule for taking the steps necessary to achieve compliance with this section and, if the time period of the transition plan is longer than one year, identify steps that will be taken during each year of the transition period; and

(4) Indicate the official responsible for implementation of the plan.

§ 28.151 Program accessibility: New construction and alterations.

Each building or part of a building that is constructed or altered by, on behalf of, or for the use of the Department shall be designed, constructed, or altered so as to be readily accessible to and usable by individuals with handi-

49 CFR Subtitle A (10–1–13 Edition)

caps. The definitions, requirements and standards of the Architectural Barriers Act (42 U.S.C. 4151–4157), as established in 41 CFR 101–19.600–607, apply to buildings covered by this section, except for military facilities of the Coast Guard, which are covered by 32 CFR part 56.

§§ 28.152–28.159 [Reserved]

§ 28.160 Communications.

(a) The Department shall take appropriate steps to ensure effective communication with applicants, participants, personnel of other Federal entities, and members of the public.

(1) The Department shall furnish appropriate auxiliary aids where necessary to afford an individual with handicaps an equal opportunity to participate in, and enjoy the benefits of, a program or activity conducted by the Department.

(i) In determining what type of auxiliary aid is necessary, the Department shall give primary consideration to the requests of the individual with handicaps.

(ii) The Department need not provide individually prescribed devices, readers for personal use or study, or other devices of a personal nature to applicants or participants in programs.

(2) Where the Department communicates with applicants and beneficiaries by telephone, telecommunications devices for deaf persons (TDDs) or equally effective telecommunication systems, shall be used to communicate with persons with impaired hearing.

(b) The Department shall ensure that interested persons, including persons with impaired vision or hearing, can obtain information as to the existence and location of accessible services, activities, and facilities.

(c) The Department shall provide signs at each primary entrance to each of its inaccessible facilities, directing users to a location at which they can obtain information as to the location of accessible facilities. The international symbol for accessibility shall be used at each primary entrance of an accessible facility.

(d) This section does not require the Department to take any action that it can demonstrate would result in a fundamental alteration in the nature of a

program or activity or in undue financial and administrative burdens. In those circumstances where personnel of a DOT element believe that the proposed action would fundamentally alter the program or activity or would result in an undue financial and administrative burden, the DOT element has the burden of proving that compliance with § 28.160 would result in such alteration or burden. The decision that compliance would result in such alteration or burden must be made by the Secretary or his or her designee, after considering all resources available for use in the funding and operation of the program or activity, and must be accompanied by a written statement of the reasons for reaching that conclusion. If an action required to comply with this section would result in such an alteration or such burdens, the Department shall take any other action that would not result in such an alteration or such a burden but would nevertheless ensure that, to the maximum extent possible, individuals with handicaps receive the benefits and services of the program or activity.

§§ 28.161–28.169 [Reserved]

§ 28.170 Compliance procedures.

(a) Except as provided in paragraph (b) of this section, paragraphs (c)–(k) of this section apply to all allegations of discrimination on the basis of handicap in programs of activities conducted by the Department;

(b)(1) The Department shall process complaints alleging violations of section 504 with respect to employment according to the procedures established by the Equal Employment Opportunity Commission in 29 CFR part 1613 pursuant to section 501 of the Rehabilitation Act of 1973 (29 U.S.C. 791).

(2) The Department shall process complaints alleging violations of section 504 with respect to requirements of any Department safety regulation, concerning an individual's qualifications to perform a function or to receive a certificate or license, according to the procedures for a petition for an individual waiver or request for review of a standard for possible amendment or recession. The Departmental element shall inform the complainant, in

writing, or the decision on the request. The complainant may request reconsideration by the Departmental element of the decision. The decision on the petition or request shall constitute the Department's final action in the matter.

(c) Responsibility for implementation and operation of this section shall be vested in the Director, Departmental Office of Civil Rights.

(d)(1) The Department shall accept and investigate all complete complaints for which it has jurisdiction. All complete complaints must be filed within 180 days of the alleged act of discrimination. The Department may extend this time period for good cause.

(2) If the subject matter of a complete complaint concerns a decision by a Departmental element, under a safety regulation, concerning an individual's qualifications to perform a function or to receive a certificate or license, and the complainant has available within the Departmental element a formal review or appeal mechanism concerning that decision, the Department shall not take action on the complaint until the Departmental element's review or appeal process has been completed.

(e) If the Department receives a complaint over which it does not have jurisdiction, it shall promptly notify the complainant and shall make reasonable efforts to refer the complaint to the appropriate Government entity.

(f) The Department shall notify the Architectural and Transportation Barriers Compliance Board upon receipt of any complaint alleging that a building or facility that is subject to the Architectural Barriers Act of 1968, as amended (42 U.S.C. 4151–4157), is not readily accessible to and usable by individuals with handicaps.

(g) Within 180 days of the receipt of a complete complaint for which it has jurisdiction, the Department shall notify the complainant of the results of the investigation in a letter containing—

(1) Findings of fact and conclusions of law;

(2) A description of a remedy for each violation found; and

(3) A notice of the right to appeal.

(h) Appeals of the findings of fact and conclusions of law or remedies must be
