

§ 568.6

the IVD that contains its name and mailing address and an indication of all changes that should be made in the IVD to reflect changes that it made to the vehicle. The addendum shall contain a certification by the intermediate manufacturer that the statements contained in the addendum are accurate as of the date of manufacture by the intermediate manufacturer and can be used and relied on by any subsequent intermediate manufacturer(s) and the final-stage manufacturer as a basis for certification.

§ 568.6 Requirements for final-stage manufacturers.

Each final-stage manufacturer shall complete the vehicle in such a manner that it conforms to the applicable standards in effect on the date selected by the final-stage manufacturer, including the date of manufacture of the incomplete vehicle, the date of final completion, or a date between those two dates. This requirement shall, however, be superseded by any conflicting provisions of a standard that applies by its terms to vehicles manufactured in two or more stages.

§ 568.7 Requirements for manufacturers who assume legal responsibility for a vehicle.

(a) If an incomplete vehicle manufacturer assumes legal responsibility for all duties and liabilities imposed on manufacturers by the National Traffic and Motor Vehicle Safety Act, as amended (49 U.S.C. chapter 301) (hereafter referred to as the Act), with respect to a vehicle as finally manufactured, the requirements of §§ 568.4, 568.5 and 568.6 do not apply to that vehicle. In such a case, the incomplete vehicle manufacturer shall ensure that a label is affixed to the final vehicle in conformity with 49 CFR 567.5(f).

(b) If an intermediate manufacturer of a vehicle assumes legal responsibility for all duties and liabilities imposed on manufacturers by the Vehicle Safety Act, with respect to the vehicle as finally manufactured, §§ 568.5 and 568.6 do not apply to that vehicle. In such a case, the intermediate manufacturer shall ensure that a label is affixed to the final vehicle in conformity with 49 CFR 567.5(g). The assumption of

49 CFR Ch. V (10–1–13 Edition)

responsibility by an intermediate manufacturer does not, however, change the requirements for incomplete vehicle manufacturers in § 568.4.
