

the perch shall be sufficient to permit the birds to maintain a firm, comfortable grip. Perches shall be placed so that droppings do not fall into food or water troughs or onto other perched birds. There shall be enough head room to allow the birds to move onto and off the perches without touching the top of the enclosure.

(c) An enclosure used to transport one or more birds that rest by perching shall be large enough to ensure that sufficient perch space is available for all birds to perch comfortably at the same time. No more than 50 birds that rest by perching shall be transported in one primary enclosure, with the exception of large birds (longer than 23 cm, or 9 inches), which are limited to a maximum of 25 per primary enclosure.

(d) A primary enclosure used to transport a raptorial bird shall be large enough to transport the bird comfortably and to permit it to turn around without stretching its wings to the fullest extent. Only one raptorial bird shall be contained in a primary enclosure.

(e) A primary enclosure containing nonraptorial birds that do not rest by perching shall be large enough for the birds to turn around, to lie down, to stand erect, and to change posture in a normal manner.

(f) Nectar-feeding birds shall either be transported in a primary enclosure equipped with feeding bottles accessible from outside the enclosure for replenishment or hand-carried and fed in accordance with the written instructions of the shipper.

(g) Birds transported in the same primary enclosure shall be of the same species and be compatible with one another. Birds that are incompatible shall be placed in individual primary enclosures and these enclosures shall not be stored or transported in visual proximity to one another.

Subpart K—Captive Wildlife Safety Act

SOURCE: 72 FR 45946, Aug. 16, 2007, unless otherwise noted.

§ 14.250 What is the purpose of these regulations?

The regulations in this subpart implement the Captive Wildlife Safety Act (CWSA), 117 Stat. 2871, which amended the Lacey Act Amendments of 1981, 16 U.S.C. 3371–3378, by adding paragraphs 2(g), 3(a)(2)(C), and 3(e) (16 U.S.C. 3371, 3372).

§ 14.251 What other regulations may apply?

The provisions of this subpart are in addition to, and are not in place of, other regulations of this subchapter B that may require a permit or describe additional restrictions or conditions for the importation, exportation, transportation, sale, receipt, acquisition, or purchase of wildlife in interstate or foreign commerce.

§ 14.252 What definitions do I need to know?

In addition to the definitions contained in part 10 of this subchapter, and unless the context otherwise requires, in this subpart:

Accredited wildlife sanctuary means a facility that cares for live specimens of one or more of the prohibited wildlife species and:

(1) Is approved by the United States Internal Revenue Service as a corporation that is exempt from taxation under § 501(a) of the Internal Revenue Code of 1986, which is described in §§ 501(c)(3) and 170(b)(1)(A)(vi) of that code;

(2) Does not commercially trade in prohibited wildlife species, including offspring, parts, and products;

(3) Does not propagate any of the prohibited wildlife species; and

(4) Does not allow any direct contact between the public and the prohibited wildlife species.

Direct contact means any situation in which any individual other than an authorized keeper or caregiver may potentially touch or otherwise come into physical contact with any live specimen of the prohibited wildlife species.

Licensed person means any individual, facility, agency, or other entity that holds a valid license from and is inspected by the U.S. Department of Agriculture's Animal and Plant Health Inspection Service (APHIS) under the

§ 14.253

Animal Welfare Act (AWA) (7 U.S.C. 2131 *et seq.*) (See definition of “licensee” in 9 CFR 1.1.).

Prohibited wildlife species means a specimen of any of the following eight species: Lion (*Panthera leo*), tiger (*Panthera tigris*), leopard (*Panthera pardus*), snow leopard (*Uncia uncia*), clouded leopard (*Neofelis nebulosa*), jaguar (*Panthera onca*), cheetah (*Acinonyx jubatus*), and cougar (*Puma concolor*) or any hybrids resulting from the breeding of any combination of any of these species, for example, a liger (a male lion and a female tiger) or a tiglon (a male tiger and a female lion), whether naturally or artificially produced.

Propagate means to allow or facilitate the production of offspring of any of the prohibited wildlife species, by any means.

Registered person means any individual, facility, agency, or other entity that is registered with and inspected by APHIS under the AWA (See definition of “registrant” in 9 CFR 1.1.).

§ 14.253 What are the restrictions contained in these regulations?

Except as provided in § 14.255, it is unlawful for any person to import, export, transport, sell, receive, acquire, or purchase, in interstate or foreign commerce, any live prohibited wildlife species.

§ 14.254 What are the requirements contained in these regulations?

In order to qualify for the exemption in § 14.255, an accredited wildlife sanctuary must maintain complete and accurate records of any possession, transportation, acquisition, disposition, importation, or exportation of the prohibited wildlife species covered by the CWSA. These records must be up to date, and must include the names and addresses of persons to or from whom any prohibited wildlife species has been acquired, imported, exported, purchased, sold, or otherwise transferred; and the dates of these transactions. The accredited wildlife sanctuary must maintain these records for 5 years, must make these records available to Service officials for inspection at reasonable hours, and must copy these records for Service officials, if requested. In addition, by declaring itself

50 CFR Ch. I (10–1–13 Edition)

to be accredited under this subpart, a wildlife sanctuary agrees to allow access to its facilities and its prohibited wildlife specimens by Service officials at reasonable hours.

§ 14.255 Are there any exemptions to the restrictions contained in these regulations?

The prohibitions of § 14.253 do not apply to:

- (a) A licensed person or registered person;
- (b) A State college, university, or agency;
- (c) A State-licensed wildlife rehabilitator;
- (d) A State-licensed veterinarian;
- (e) An accredited wildlife sanctuary; or
- (f) A person who:
 - (1) Can produce documentation showing that he or she is transporting live prohibited wildlife species between persons who are exempt from the prohibitions in § 14.253; and
 - (2) Has no financial interest in the prohibited wildlife species other than payment received for transporting them.

PART 15—WILD BIRD CONSERVATION ACT

Subpart A—Introduction and General Provisions

Sec.

- 15.1 Purpose of regulations.
- 15.2 Scope of regulations.
- 15.3 Definitions.
- 15.4 Information collection requirements.

Subpart B—Prohibitions and Requirements

- 15.11 Prohibitions.
- 15.12 Requirements.

Subpart C—Permits and Approval of Cooperative Breeding Programs

- 15.21 General application procedures.
- 15.22 Permits for scientific research.
- 15.23 Permits for zoological breeding or display programs.
- 15.24 Permits for cooperative breeding.
- 15.25 Permits for personal pets.
- 15.26 Approval of cooperative breeding programs.
