U.S. Fish and Wildlife Serv., Interior

farm-raised fish and farm-raised fish eggs as defined in §14.23.

[45 FR 56673, Aug. 25, 1980, as amended at 59 FR 41714, Aug. 15, 1994; 61 FR 31870, June 21, 1996]

Subpart G [Reserved]

Subpart H—Marking of Containers or Packages

SOURCE: 52 FR 45341, Nov. 27, 1987, unless otherwise noted.

§14.81 Marking requirement.

Except as otherwise provided in this subpart, no person may import, export, or transport in interstate commerce any container or package containing any fish or wildlife (including shellfish and fishery products) unless he/she marks each container or package conspicuously on the outside with both the name and address of the shipper and consignee. An accurate and legible list of its contents by species scientific name and the number of each species and whether or not the listed species are venomous must accompany the entire shipment.

[61 FR 31870, June 21, 1996]

§14.82 Alternatives and exceptions to the marking requirement.

(a) The requirements of §14.81 may be met by complying with one of the following alternatives to the marking requirement:

(1)(i) Conspicuously marking the outside of each container or package containing fish or wildlife with the word "fish" or "wildlife" as appropriate for its contents, or with the common name of its contents by species, and

(ii) Including an invoice, packing list, bill of lading, or similar document to accompany the shipment which accurately states the name and address of the shipper and consignee, states the total number of packages or containers in the shipment, and for each species in the shipment specifies:

(A) The common name that identifies the species (examples include: Chinook (or king) salmon; bluefin tuna; and whitetail deer) and whether or not the listed species is venomous; and (B) The number of that species (or other appropriate measure of quantity such as gross or net weight).

The invoice, packing list, bill of lading, or equivalent document must be securely attached to the outside of one container or package in the shipment or otherwise physically accompany the shipment in a manner which makes it readily accessible for inspection; or

(2) Affixing the shipper's wildlife import/export license number preceded by the three letters "FWS" on the outside of each container or package containing fish or wildlife, if the shipper has valid wildlife import/export license issued under authority of 50 CFR part 14. For each shipment marked in accordance with this paragraph, the records maintained under §14.93(c) must include a copy of the invoice, packing list, bill of lading, or other similar document that accurately states the information required by paragraph (a)(1)(ii) of this section.

(3) In the case of subcontainers or packages within a larger packing container, only the outermost container must be marked in accordance with this section. *Except*, that for live fish or wildlife that are packed in subcontainers within a larger packing container, if the subcontainers are numbered or labeled, the packing list, invoice, bill or lading, or other similar document, must reflect that number or label. However, each subcontainer containing a venomous species must be clearly marked as venomous.

(4) A conveyance (truck, plane, boat, etc.) is not considered a container for purposes of requiring specific marking of the conveyance itself, provided that:

(i) The fish or wildlife within the conveyance is carried loosely or is readily identifiable, and is accompanied by the document required by paragraph (a)(1)(ii) of this section, or

(ii) The fish or wildlife is otherwise packaged and marked in accordance with this subpart.

(b) The requirements of §14.81 do not apply to containers or packages containing—

(1) Fox, nutria, rabbit, mink, chinchilla, marten, fisher, muskrat, and karakul that have been bred and born in captivity, or their products, if a signed statement certifying that the

§ 14.91

animals were bred and born in captivity accompanies the shipping documents;

(2) Fish or shellfish contained in retail consumer packages labeled pursuant to the Food, Drug and Cosmetic Act, 21 U.S.C. 301 *et seq.*; or

(3) Fish or shellfish that are landed by, and offloaded from, a fishing vessel (whether or not the catch has been carried by the fishing vessel interstate), as long as the fish or shellfish remain at the place where first offloaded.

Subpart I—Import/Export Licenses and Inspection Fees

SOURCE: 73 FR 74628, Dec. 9, 2008, unless otherwise noted.

§14.91 When do I need an import/export license?

(a) The Endangered Species Act (16 U.S.C. 1538(d)(1)) makes it unlawful for any person to engage in business as an importer or exporter of certain fish or wildlife without first having obtained permission from the Secretary. For the purposes of this subchapter, engage in business means to import or export wildlife for commercial purposes.

(b) Except as provided in §14.92, if you engage in the business of importing or exporting wildlife for commercial purposes (see §14.4), you must obtain an import/export license prior to importing or exporting your wildlife shipment.

(c) The following table includes some examples of when an import/export license is required:

do I need an import/export license?
Yes.
Yes.
Yes.
Yes.

50 CFR Ch. I (10-1-13 Edition)

If I import into the United States or ex- port from the United States	do I need an import/export license?
(5) As an individual owner of a person- ally owned live wildlife pet for personal use.	No.
(6) As a collector or hobbyist for per- sonal use.	No.
(7) As a collector or hobbyist for com- mercial purposes, including sale, trade or barter.	Yes.
(8) As a laboratory researcher or bio- medical supplier for commercial pur- poses.	Yes.
(9) As a customs broker or freight for- warder engaged in business as a dis- patcher, handler, consolidator, or transporter of wildlife or if I file docu- ments with the Service on behalf of others.	No.
(10) As a common carrier engaged in business as a transporter of wildlife.	No.
(11) As a taxidermist, outfitter, or guide importing or exporting my own hunting trophies for commercial purposes.	Yes.
(12) As a taxidermist, outfitter, or guide transporting or shipping hunting tro- phies for clients or customers.	No.
(13) As a U.S. taxidermist receiving a U.S. client's personal hunting trophies after import clearance for processing.	No.
(14) As a U.S. taxidermist importing wild- life from or exporting wildlife to foreign owners who are requesting my serv- ices.	Yes.
(15) As a foreign owner of wildlife exporting my personal hunting trophies from the United States to my home.	No.
