

Fishery Conservation and Management

§ 635.53

to be listed, but not listed on the ICCAT record of authorized vessels will be denied entry into the United States.

(c) All shipments of tuna or tuna-like species, or their products, in any form, harvested in the ICCAT convention area by a fishing vessel listed on the ICCAT record as engaged in illegal, unreported, and unregulated fishing will be denied entry into the United States.

(d) All shipments of tuna or tuna-like species, placed in cages for farming and/or transshipment, harvested in the ICCAT convention area and caught by a fishing vessel included on the ICCAT list as engaged in illegal, unreported, and unregulated fishing will be denied entry into the United States.

(e) For the purposes of this section, it is a rebuttable presumption that any shipment containing swordfish, bluefin tuna, bigeye tuna, or their products offered for entry into the United States has been harvested by a vessel or vessels of the exporting nation.

Subpart E—International Port Inspection

§ 635.50 Basis and purpose.

The regulations in this subpart implement the ICCAT port inspection scheme. The text of the ICCAT port inspection scheme may be obtained from NMFS.

§ 635.51 Authorized officer.

For the purposes of this subpart, an authorized officer is a person appointed by an ICCAT contracting party to serve as an authorized inspector for ICCAT, and who possesses identification issued by the authorized officer's national government.

§ 635.52 Vessels subject to inspection.

(a) All U.S. fishing vessels or vessels carrying fish species subject to regulation pursuant to a recommendation of ICCAT, and their catch, gear, and relevant documents, including fishing logbooks and cargo manifests, are subject to inspection under this subpart to verify compliance with ICCAT measures by an authorized officer when

landing or transshipping tuna or when making a port call at a port of any ICCAT contracting party.

(b) A vessel, or a vessel carrying fish species subject to regulation pursuant to a recommendation of ICCAT, that is registered by any of the ICCAT contracting parties, and the vessel's catch, gear, and relevant documents, including fishing logbooks and cargo manifests, are subject to inspection under this subpart to verify compliance with ICCAT measures when landing or transshipping regulated species or when making a port call in the United States.

(c) The master of a vessel, or a vessel carrying fish species subject to regulation pursuant to a recommendation of ICCAT, must cooperate with an authorized officer during the conduct of an inspection in national and foreign ports. Inspections will be carried out so that the vessel suffers minimum interference and inconvenience, and so that degradation of the quality of catch is avoided.

§ 635.53 Reports.

(a) Apparent violations shall be reported by the authorized officer on a standardized ICCAT form or form produced by the national government which collects the same quality of information. The authorized officer must sign the form in the presence of the master of the vessel, who is entitled to add or have added to the report any observations, and to add his own signature. The authorized officer should note in the vessel's log that the inspection has been made.

(b) Copies of the report form must be sent to the flag state of the vessel and to the ICCAT Secretariat within 10 days. Flag states will consider and act on reports of apparent violations by foreign inspectors on a similar basis as the reports of their national inspectors in accordance with their national legislation. The vessel's flag state will notify ICCAT of actions taken to address the violation.
