(2) The total amount of the assessment for that class of tobacco for the calendar year quarter.

(b) For purposes of determining the volume of domestic sales of each class of tobacco products and for each entity, such sales shall be based upon the reports filed by domestic manufacturers and importers of tobacco with the Department of Treasury and the Department of Homeland Security and shall correspond to the quantity of the tobacco product that is removed into domestic commerce by each such entity:

(1) For cigarettes and cigars, on the number of cigarettes and cigars reported on such reports;

(2) For all other classes of tobacco, on the number of pounds of those products.

(c) In determining the adjusted market share of each manufacturer or importer of a class of tobacco products, except for cigars, CCC will determine to the fourth decimal place an entity's share of excise taxes paid of that class of tobacco product during the immediately prior calendar year quarter. With respect to cigars, CCC will determine the adjusted market share for each manufacturer or importer of a class of tobacco products based on the number of such products removed into domestic commerce.

(d) The amount of a quarterly assessment owed by a domestic manufacturer or importer of tobacco products that must be remitted to CCC by the end of a calendar year quarter is based upon the application of the manufacturer's or importer's adjusted market share to the amount of the national assessment that has been allocated to one of the six specified tobacco product sectors under §1463.5. As provided in §1463.3, this adjusted market share is determined by the actions of such manufacturer or importer in a prior calendar year quarter. Accordingly, this amount must be remitted to CCC whether or not the manufacturer or importer is engaged in the removal of tobacco or tobacco products into commerce in the calendar year quarter in which it re-

ceives notification of the amount of assessment owed to CCC.
