

part 1403 will be applicable to contract payments.

(b) AMA participants may assign any payments in accordance with 7 CFR part 1404.

§ 1465.35 Misrepresentation and scheme or device.

(a) A participant who is determined to have erroneously represented any fact affecting an AMA determination made in accordance with this part will not be entitled to contract payments and must refund to NRCS all payments plus interest, as determined in accordance with 7 CFR part 1403.

(b) A participant will refund to NRCS all payments, plus interest, as determined by NRCS with respect to all NRCS contracts to which they are a party if they are determined to have knowingly:

(1) Adopted any scheme or device that tends to defeat the purpose of AMA;

(2) Made any fraudulent representation;

(3) Adopted any scheme or device for the purpose of depriving any tenant or sharecropper of the payments to which such person would otherwise be entitled under the program; or

(c) Where paragraph (a) or (b) of this section applies, the participant's interest in all contracts will be terminated. In accordance with §1465.25(c), NRCS may determine the producer ineligible for future funding from any NRCS conservation programs.

§ 1465.36 Environmental services credits for conservation improvements.

NRCS recognizes that environmental benefits will be achieved by implementing conservation practices funded through AMA, and that environmental credits may be gained as a result of implementing activities compatible with the purposes of an AMA contract. NRCS asserts no direct or indirect interest on these credits. However, NRCS retains the authority to ensure that operation and maintenance requirements for AMA-funded improvements are met, consistent with §1465.21 and §1465.22. Where activities may impact the land under an AMA contract, par-

ticipants are highly encouraged to request an operation and maintenance compatibility determination prior to entering into any credit agreements. The AMA conservation program contract may be modified in accordance with policies outlined in §1465.24 provided the modifications meet AMA purposes and are in compliance with this part.
