

§210.11

7 CFR Ch. II (1–13 Edition)

parent (or guardian) in making the decision to introduce solid foods. Solid foods should be introduced one at a time, on a gradual basis, with the intent of ensuring the infant's health and nutritional well-being.

(v) *Infant meal pattern.* Infant lunches must include, at a minimum, each of the food components indicated in Lunch Pattern for Infants table in the amount that is appropriate for the infant's age. For some breastfed infants who regularly consume less than the minimum amount of breastmilk per feeding, a serving of less than the minimum amount of breastmilk may be offered.

In these situations, additional breastmilk must be offered if the infant is still hungry. Lunches may include portions of breastmilk and iron-fortified infant formula as long as the total number of ounces meets, or exceeds, the minimum amount required of this food component. Similarly, to meet the component requirements for vegetables and fruits, portions of both may be served. Infant lunches are reimbursable when schools provide all of the components in the Lunch Pattern for Infants table that the infant is developmentally ready to accept.

LUNCH PATTERN FOR INFANTS

Birth through 3 months	4 through 7 months	8 through 11 months
4–6 fluid ounces of formula ¹ or breastmilk ^{2,3} .	4–8 fluid ounces of formula ¹ or breastmilk ^{2,3} ; and 0–3 tablespoons of infant cereal ^{1,4} ; and 0–3 tablespoons of fruits or vegetables or both ⁴ .	6–8 fluid ounces of formula ¹ or breastmilk ^{2,3} ; and 2–4 tablespoons of infant cereal ¹ ; and/ or 1–4 tablespoons of meat, fish, poultry, egg yolk, cooked dry beans or peas; or ½–2 ounces of cheese, or 1–4 ounces (volume) of cottage cheese; or 1–4 ounces (weight) of cheese food or cheese spread; and 1–4 tablespoons of fruits or vegetables or both.

¹ Infant formula and dry infant cereal must be iron-fortified.

² Breastmilk or formula, or portions of both, may be served; however, it is recommended that breastmilk be served from birth through 11 months.

³ For some breastfed infants who regularly consume less than the minimum amount of breastmilk per feeding, a serving of less than the minimum amount of breastmilk may be offered, with additional breastmilk offered if the infant is still hungry.

⁴ A serving of this component is required only when the infant is developmentally ready to accept it.

§210.11 Competitive food services.

(a) *Definitions.* For the purpose of this section:

(1) *Competitive foods* means any foods sold in competition with the Program to children in food service areas during the lunch periods.

(2) *Food of minimal nutritional value* means: (i) In the case of artificially sweetened foods, a food which provides less than five percent of the Reference Daily Intakes (RDI) for each of eight specified nutrients per serving; and (ii) in the case of all other foods, a food which provides less than five percent of the RDI for each of eight specified nutrients per 100 calories and less than five percent of the RDI for each of eight specified nutrients per serving. The eight nutrients to be assessed for

this purpose are—protein, vitamin A, vitamin C, niacin, riboflavin, thiamine, calcium, and iron. All categories of food of minimal nutritional value and petitioning requirements for changing the categories are listed in appendix B of this part.

(b) *General.* State agencies and school food authorities shall establish such rules or regulations as are necessary to control the sale of foods in competition with lunches served under the Program. Such rules or regulations shall prohibit the sale of foods of minimal nutritional value, as listed in appendix B of this part, in the food service areas during the lunch periods. The sale of other competitive foods may, at the discretion of the State agency and school food authority, be allowed in the food service area during the lunch period only if all income from the sale

of such foods accrues to the benefit of the nonprofit school food service or the school or student organizations approved by the school. State agencies and school food authorities may impose additional restrictions on the sale of and income from all foods sold at any time throughout schools participating in the Program.

[53 FR 29147, Aug. 2, 1988, as amended at 59 FR 23614, May 6, 1994]

§ 210.12 Student, parent and community involvement.

(a) *General.* School food authorities shall promote activities to involve students and parents in the Program. Such activities may include menu planning, enhancement of the eating environment, Program promotion, and related student-community support activities. School food authorities are encouraged to use the school food service program to teach students about good nutrition practices and to involve the school faculty and the general community in activities to enhance the Program.

(b) *Food service management companies.* School food authorities contracting with a food service management company shall comply with the provisions of § 210.16(a) regarding the establishment of an advisory board of parents, teachers and students.

(c) *Residential child care institutions.* Residential child care institutions shall comply with the provisions of this section, to the extent possible.

§ 210.13 Facilities management.

(a) *Health standards.* The school food authority shall ensure that food storage, preparation and service is in accordance with the sanitation and health standards established under State and local law and regulations.

(b) *Food safety inspections.* Schools shall obtain a minimum of two food safety inspections during each school year conducted by a State or local governmental agency responsible for food safety inspections. They shall post in a publicly visible location a report of the most recent inspection conducted, and provide a copy of the inspection report to a member of the public upon request. Sites participating in more than one child nutrition program shall only

be required to obtain two food safety inspections per school year if the nutrition programs offered use the same facilities for the production and service of meals.

(c) *Food safety program.* The school food authority must develop a written food safety program for each of its food preparation and service facilities that meets the requirements in paragraph (c)(1) or paragraph (c)(2) of this section.

(1) A school food authority with a food safety program based on traditional hazard analysis and critical control point (HACCP) principles must:

- (i) Perform a hazard analysis;
- (ii) Decide on critical control points;
- (iii) Determine the critical limits;
- (iv) Establish procedures to monitor critical control points;
- (v) Establish corrective actions;
- (vi) Establish verification procedures; and
- (vii) Establish a recordkeeping system.

(2) A school food authority with a food safety program based on the process approach to HACCP must ensure that its program includes:

- (i) Standard operating procedures to provide a food safety foundation;
- (ii) Menu items grouped according to process categories;
- (iii) Critical control points and critical limits;
- (iv) Monitoring procedures;
- (v) Corrective action procedures;
- (vi) Recordkeeping procedures; and
- (vii) Periodic program review and revision.

(d) *Storage.* The school food authority shall ensure that the necessary facilities for storage, preparation and service of food are maintained. Facilities for the handling, storage, and distribution of purchased and donated foods shall be such as to properly safeguard against theft, spoilage and other loss.

[54 FR 29147, Aug. 2, 1988, as amended at 64 FR 50740, Sept. 20, 1999; 70 FR 34630, June 15, 2005; 74 FR 66216, Dec. 15, 2009]

§ 210.14 Resource management.

(a) *Nonprofit school food service.* School food authorities shall maintain a nonprofit school food service. Revenues received by the nonprofit school food service are to be used only for the operation or improvement of such food
