§ 275.8 Review coverage.

(a) During each review period, State agencies shall review the national target areas of program operation specified by FNS. FNS will notify State agencies of the minimum program areas to be reviewed at least 90 days before the beginning of each annual review period, which is the Federal fiscal year. FNS may add additional areas during the review period if deemed necessary. The FNS headquarters office will add national target areas during the review period only for deficiencies of national scope. State agencies have 60 days in which to establish a plan schedule for such reviews.

(b) State agencies shall be responsible for reviewing each national target area or other program requirement based upon the provisions of the regulations governing the Food Stamp Program and the FNS-approved Plan of Operation. If FNS approves a State agency’s request for a waiver from a program requirement, any different policy approved by FNS would also be reviewed. When, in the course of a review, a project area is found to be out of compliance with a given program requirement, the State agency shall identify the specifics of the problem including: the extent of the deficiency, the cause of the deficiency, and, as applicable, the specific procedural requirements the project area is misapplying.

§ 275.9 Review process.

(a) Review procedures. State agencies shall review the program requirements specified for review in §275.8 of this part using procedures that are adequate to identify problems and the causes of those problems. As each project area’s operational structure will differ, State agencies shall review each program requirement applicable to the project area in a manner which will best measure the project area’s compliance with each program requirement.

(b) ME review plan. (1) State agencies shall develop a review plan prior to each ME review. This review plan shall specify whether each project area is large, medium, or small and shall contain:

(i) Identification of the project area to be reviewed, program areas to be reviewed, the dates the review will be conducted, and the period of time that the review will cover;

(ii) Information secured from the project area regarding its caseload and organization;

(iii) Identification of the certification offices, issuance offices, bulk storage points, reporting points, and data management units selected for review and the techniques used to select them;

(iv) Identification of whether the State agency is using the ME review to monitor coupon issuers and bulk storage points as discussed §274.1(c)(2). At State agency option it may also indicate whether the State agency is using the ME review process to perform non-discrimination reviews; and

(v) A description of the review method(s) the State agency plans to use for each program area being reviewed.

(2) ME review plans shall be maintained in an orderly fashion and be made available to FNS upon request.

(c) Review methods. (1) State agencies shall determine the method of reviewing the program requirements associated with each program area. For some areas of program operation it may be necessary to use more than one method of review to determine if the project area is in compliance with program requirements. The procedures used shall be adequate to identify any problems and the causes of those problems.

(2) State agencies shall ensure that the method used to review a program requirement does not bias the review findings. Bias can be introduced through leading questions, incomplete reviews, incorrect sampling techniques, etc.

(d) Review worksheet. (1) State agencies shall use a review worksheet to
