

## § 319.37-14

## 7 CFR Ch. III (1-1-13 Edition)

service of the exporting country. If monitored and certified by an official of the plant protection service of the exporting country, then a phytosanitary certificate must be issued with the following declaration: “The consignment of (*fill in botanical name*) has been treated in accordance with 7 CFR part 305.” During the entire interval between treatment and export, the consignment must be stored and handled in a manner that prevents any infestation by quarantine pests.

### § 319.37-14 Ports of entry.

Any restricted article required to be imported under a written permit pursuant to § 319.37-3(a)(1) through (6) of this

subpart, if not precleared, may be imported or offered for importation only at a USDA plant inspection station listed below. Ports of entry through which restricted articles must pass before arriving at these USDA plant inspection stations are listed in the second column. Any other restricted article that is not required to be imported under a written permit pursuant to § 319.37-3(a)(1) through (6) of this subpart may be imported or offered for importation at any Customs designated port of entry indicated in 19 CFR 101.3(b)(1). Exceptions may be listed in § 330.104 of this chapter. Articles that are required to be imported under a written permit that are also precleared in the country of export are not required to enter at an inspection station and may enter through any Customs port of entry. Exceptions may be listed in § 330.104 of this chapter.

### Subpart—Logs, Lumber, and Other Wood Articles

SOURCE: 60 FR 27674, May 25, 1995, unless otherwise noted.

#### § 319.40-1 Definitions.

*Administrator.* The Administrator of the Animal and Plant Health Inspection Service, United States Department of Agriculture, or any employee of the United States Department of Agriculture delegated to act in his or her stead.

*APHIS.* The Animal and Plant Health Inspection Service, United States Department of Agriculture.

*Bark chips.* Bark fragments broken or shredded from log or branch surfaces.

*Certificate.* A certificate of inspection relating to a regulated article, which is issued by an official authorized by the national government of the country in which the regulated article was produced or grown, which is addressed to the plant protection service of the United States (Plant Protection and Quarantine Programs), which contains a description of the regulated article, which certifies that the regulated article has been inspected, is believed to be free of plant pests, and is believed to be eligible for importation pursuant to the laws and regulations of the United States, and which may contain any specific additional declarations required under this subpart.

*Compliance agreement.* A written agreement between APHIS and a person engaged in processing, handling, or moving regulated articles, in which the person agrees to comply with requirements contained in the agreement.

*Departmental permit.* A document issued by the Administrator authorizing the importation of a regulated article for experimental, scientific, or educational purposes.

*Fines.* Small particles or fragments of wood, slightly larger than sawdust, that result from chipping, sawing, or processing wood.

*Free from rot.* No more than two percent by weight of the regulated articles in a lot show visual evidence of fructification of fungi or growth of other microorganisms that cause decay and

the breakdown of cell walls in the regulated articles.

*General permit.* A written authorization contained in § 319.40-3 for any person to import the articles named by the general permit, in accordance with the requirements specified by the general permit, without being issued a specific permit.

*Humus, compost, and litter.* Partially or wholly decayed plant matter.

*Import (imported, importation).* To bring or move into the territorial limits of the United States.

*Importer document.* A written declaration signed by the importer of regulated articles, which must accompany the regulated articles at the time of importation, in which the importer accurately declares information about the regulated articles required to be disclosed by § 319.40-2(b).

*Inspector.* Any individual authorized by the Administrator to enforce this subpart.

*Log.* The bole of a tree; trimmed timber that has not been sawn further than to form cants.

*Loose wood packing material.* Excelsior (wood wool), sawdust, and wood shavings, produced as a result of sawing or shaving wood into small, slender, and curved pieces.

*Lot.* All the regulated articles on a single means of conveyance that are derived from the same species of tree and were subjected to the same treatments prior to importation, and that are consigned to the same person.

*Lumber.* Logs that have been sawn into boards, planks, or structural members such as beams.

*Permit.* A specific permit to import a regulated article issued in accordance with § 319.40-4, or a general permit promulgated in § 319.40-3.

*Plant pest.* Any living stage of any insects, mites, nematodes, slugs, snails, protozoa, or other invertebrate animals, bacteria, fungi, other parasitic plants or reproductive parts of parasitic plants, noxious weeds, viruses, or any organism similar to or allied with any of the foregoing, or any infectious substances, which can injure or cause disease or damage in any plants, parts of plants, or any products of plants.
