

§ 355.21

7 CFR Ch. III (1–13 Edition)

(6) Serial number and type (e.g., permit, certificate) of document issued for the importation, exportation, or re-exportation of the plant.

(b) Promptly upon arrival at a port of import (listed in 50 CFR part 24, or, if allowed by the U.S. Department of the Interior, at a nondesignated port) of any terrestrial plant which is imported by means other than mail and which may be imported under 50 CFR part 17 or part 23 only if accompanied by documentation, the importer shall notify Plant Protection and Quarantine of the arrival and of the genus and species of the plant by such means as a manifest, Customs entry document, commercial invoice, waybill, broker's document, or notice form provided for that purpose.

(c) Prior to the exportation or re-exportation of any terrestrial plant which is to be exported or reexported by other than mail and which may be exported or reexported under 50 CFR part 17 or part 23 only if accompanied by documentation, the exporter or re-exporter shall notify Plant Protection and Quarantine of the intended exportation or reexportation and of the genus and species of the plant by such means as a manifest, commercial invoice, waybill, broker's document, or notice form provided for that purpose.

§ 355.21 Marking and mailing requirements for plants imported, exported, or reexported by mail.⁵

(a) Any terrestrial plant which is to be imported by mail and which may be imported under 50 CFR part 17 or part 23 only if accompanied by documentation, shall be mailed to Plant Protection and Quarantine (at a port authorized for such purpose by the U.S. Department of the Interior in 50 CFR part 24 pursuant to section 9(f) of the Act (16 U.S.C. 1538 (f))); and shall be accompanied by a separate sheet of paper within the package plainly and correctly bearing the name, address, and telephone number of the intended recipient in the United States; and shall plainly and correctly bear on the outer container the following information:

(1) Genus and species, and quantity of each (if a hybrid, genus of each parent, and quantity of each hybrid),

(2) Country and locality where collected from the wild or where produced from cultivated stock,

(3) Name and address of shipper, owner, or person shipping or forwarding the plants, and

(4) Serial number and type (e.g. permit, certificate) of document issued for the importation of the plant.

(b) Any terrestrial plant which is to be exported or reexported by mail and which may be exported or reexported under 50 CFR part 17 or part 23 only if accompanied by documentation, shall be mailed to Plant Protection and Quarantine (at a port authorized for such purpose by the U.S. Department of the Interior in 50 CFR part 24 pursuant to section 9(f) of the Act (16 U.S.C. 1538(f))); shall be wrapped in double wrapping, with an unsealed inner wrapping addressed to the foreign recipient and bearing sufficient postage for mailing to the foreign destination; shall be accompanied by a separate sheet of paper within the package plainly and correctly bearing the following information:

(1) Genus and species, and quantity of each (if a hybrid, genus of each parent, and quantity of each hybrid),

(2) Country and locality where collected from the wild or where produced from cultivated stock,

(3) Name and address in the United States of shipper, owner, or person shipping or forwarding the plants, and

(4) Serial number and type (e.g. permit, certificate) of document issued for the exportation or reexportation of the plant.

(Information collection requirements were approved by the Office of Budget and Management under control number 0579-0076)

§ 355.22 Validation of documentation.

(a) Documentation for any mailed or nonmailed terrestrial plant which is required to have documentation under 50 CFR part 17 or part 23 at the time of importation, must be validated by an inspector prior to movement of such plant from the Customs inspection area at the port of entry. The original documentation must be surrendered to the inspector at the time of validation.

(b) Documentation for any mailed or nonmailed terrestrial plant which is listed in 50 CFR 17.12 or 23.23 and which is required to have documentation under 50 CFR part 17 or part 23 at the time of exportation or reexportation, must be validated at the port of export or reexport by an inspector prior to the exportation or reexportation of such plant.⁵ The original and one copy of the documentation must be submitted for validation, and the copy must be surrendered to the inspector at the time of validation.

(c) Documentation for a plant shall be validated under this section upon endorsement of the documentation by an inspector when he or she determines that the plant was apparently eligible for importation, exportation, or reexportation in accordance with the provisions of this part and the provi-

sions of 50 CFR chapter I relating to the Act and Convention.

(d) To obtain validation of documentation, the importer, exporter, or reexporter, or agent thereof, shall make available to an inspector:

(1) All shipping documents (including bills of lading, waybills, packing lists, and invoices);

(2) All documents required by the Act and Convention; and

(3) The plant being imported, exported, or reexported.

§ 355.23 Recordkeeping, access, and reports.

(a) Any person engaged in business as an importer, exporter, or reexporter of terrestrial plants listed in 50 CFR part 17 or part 23 shall keep such records as will fully and correctly disclose each importation, exportation, or reexportation of terrestrial plants made by such person and the subsequent disposition made by such person of the plants. Such records shall include shipping documents for each shipment of plants imported, exported, or reexported; a description of the form of the plants (such as whole live plants, cuttings, seeds, or other specific parts or derivatives of plants); the scientific and common names of the plants; the country or place of origin of the plants; the date and place of importation, exportation, or reexportation of the plants; the number (weight if the plants cannot be quantified by number) and specific location of plants; the date and means of subsequent disposition of the plants, whether by sale, barter, consignment, loan, delivery, destruction, or other means; and names and addresses of persons to whom the plants were disposed, if applicable.

(b) Every record required to be kept under this section shall be kept for a period of 5 years after the occurrence of the transactions to which the records relate, and for such further time as the Deputy Administrator may require by written notice to the person required to keep such records under

⁵It is the policy of the Department of Agriculture to allow, if inspectors are available, terrestrial plants listed in 50 CFR 17.12 or 23.23 which are intended for export to be inspected at the premises where such plants are grown. However, the documentation required for the export of such plants by 50 CFR part 17 or part 23 shall only be validated at the port of export and only when such plants are presented at the port for export together with the documents required by 50 CFR part 17 or part 23 and a certified statement by the inspector who inspected the plants that the plants are apparently eligible for exportation in accordance with the provisions of this part and provisions of 50 CFR chapter I relating to the Act and Convention. Plants which have been previously inspected must be exported through a designated port (unless allowed by the United States Department of the Interior to be exported through a nondesignated port) in order to comply with section 9(f) of the Act [16 U.S.C. 1538(f)]. Plants which are inspected at the premises of origin must be available at the port of export for monitoring inspections and for other inspections deemed need for enforcement purposes, but, unless so inspected, will not need to be unpacked, inspected and repacked at the port. Information concerning the availability of inspectors to conduct inspections at the premise of origin may be obtained by calling local offices of Plant Protection and Quarantine, which are listed in telephone directories, or by writing the Animal and Plant Health Inspection Service, Plant Protection and Quarantine, Operational Support—Director's Office, 4700 River Road, Unit 131, Riverdale, Maryland 20737-1236.
