§ 457.146

8. You must notify us of any loss under this endorsement not later than 14 days after you receive notice from the state certification agency that any acreage or production has failed certification. Nothing herein extends the insurance period beyond the time period specified in section 8 of the Northern Potato Crop Provisions and section 11 of the Basic Provisions. In lieu of the provisions in section 14(c) of the Basic Provisions specifying that any claim for indemnity must be filed not later than 60 days after the end of the insurance period, your claim for indemnity must be filed by the later of:
(a) Sixty (60) days after the end of the insurance period; or
(b) Thirty (30) days after you receive notice from the state certifying agency that production has failed certification.

9. Acreage covered under the terms of this endorsement will have the same unit structure as provided under the Basic Provisions and the Northern Potato Crop Provisions. For example, if you have two optional units (00101 and 00102) under your Northern Potato Crop Insurance Policy and you elect this endorsement, you will also have two optional units (00201 and 00202) for certified seed coverage, provided that certified seed is grown in both units 00101 and 00102. Or, if you have two basic units (00100 and 00200) under your Northern Potato Crop Insurance Policy and you elect this endorsement, you will also have two basic units (00300 and 00400) for certified seed coverage, provided that certified seed is grown in both units 00100 and 00200. In the event certified seed acreage is not grown in the same optional or basic units as acreage covered under the Basic Provisions and the Northern Potato Crop Provisions, certified seed units will be established in accordance with the unit division provisions contained in the Basic Provisions and the Northern Potato Crop Provisions. For example, if a basic unit is divided into two optional units for potato acreage covered under the Basic Provisions and the Northern Potato Crop Provisions, but certified seed is grown in only one of those optional units, the certified seed acreage will be insured as one basic unit.

10. Failure to meet any requirements for seed to be used to produce a subsequent seed crop will not be covered. All the production that meets requirements for certified seed used to produce a commercial crop will be included in production to count.

§ 457.147 Central and Southern potato crop insurance provisions.

The Central and Southern Potato Crop Insurance Provisions for the 2009 and succeeding crop years are as follows:

FCIC Policies

United States Department of Agriculture

Federal Crop Insurance Corporation

Reinsured Policies

(Appropriate title for insurance provider)

Both FCIC and reinsured policies:

Central and Southern Potato Crop Provisions

These provisions will be applicable in Alabama; Arizona; all California counties except Humboldt, Modoc, and Siskiyou; Delaware; Florida; Georgia; Maryland; Missouri; New Jersey; all New Mexico counties except San Juan; North Carolina; Oklahoma; Texas; and Virginia; and other states or counties if allowed by the Special Provisions.

1. Definitions

Certified seed. Potatoes that were entered into the potato certified seed program and that meet all requirements for production to be used to produce a seed crop for the next crop year or a potato crop for harvest for commercial use in the next crop year.

Discard. Disposal of production by you, or a person acting for you, without receiving any value for it.

Disposed. Any disposition of the crop including but not limited to sale or discard.

Grade inspection. An inspection in which samples of production are obtained by us, or a party approved by us, prior to the sale, storage, or disposal of any lot of potatoes, or any portion of a lot and the potatoes are evaluated and quality (grade) determinations are made by us, a laboratory approved by us, or a potato grader licensed or certified by the applicable State or the United States Department of Agriculture, or us, in accordance with the United States Standards for Grades of Potatoes:

(1) Samples of damaged production must be obtained by us or a party approved by us prior to the sale or disposal of any lot of potatoes; and

(2) If production is not sold or disposed of within 60 days after the end of the insurance period, samples must be obtained within 60 days after the end of the insurance period and a quality (grade) determination must be completed within 21 days of sampling.
