

§ 1131.53

7 CFR Ch. X (1–1–13 Edition)

§ 1131.53 Announcement of class prices, component prices, and advanced pricing factors.

See § 1000.53.

§ 1131.54 Equivalent price.

See § 1000.54.

UNIFORM PRICES

§ 1131.60 Handler's value of milk.

For the purpose of computing a handler's obligation for producer milk, the market administrator shall determine for each month the value of milk of each handler with respect to each of the handler's pool plants and of each handler described in §1000.9(c) with respect to milk that was not received at a pool plant by adding the amounts computed in paragraphs (a) through (e) of this section and subtracting from that total amount the value computed in paragraph (f) of this section. Receipts of nonfluid milk products that are distributed as labeled reconstituted milk for which payments are made to the producer-settlement fund of another Federal order under §1000.76(a)(4) or (d) shall be excluded from pricing under this section.

(a) Multiply the pounds of skim milk and butterfat in producer milk that were classified in each class pursuant to §1000.44(c) by the applicable skim milk and butterfat prices, and add the resulting amounts;

(b) Multiply the pounds of skim milk and butterfat overage assigned to each class pursuant to §1000.44(a)(11) and the corresponding steps of §1000.44(b) by the respective skim milk and butterfat prices applicable at the location of the pool plant;

(c) Multiply the difference between the current month's Class I, II, or III price, as the case may be, and the Class IV price for the preceding month by the hundredweight of skim milk and butterfat subtracted from Class I, II, or III, respectively, pursuant to §1000.44(a)(7) and the corresponding step of §1000.44(b);

(d) Multiply the difference between the Class I price applicable at the location of the pool plant and the Class IV price by the hundredweight of skim milk and butterfat assigned to Class I pursuant to §1000.43(d) and the hun-

dredweight of skim milk and butterfat subtracted from Class I pursuant to §1000.44(a)(3)(i) through (vi) and the corresponding step of §1000.44(b), excluding receipts of bulk fluid cream products from plants regulated under other Federal orders and bulk concentrated fluid milk products from pool plants, plants regulated under other Federal orders, and unregulated supply plants;

(e) Multiply the Class I skim milk and Class I butterfat prices applicable at the location of the nearest unregulated supply plants from which an equivalent volume was received by the pounds of skim milk and butterfat in receipts of concentrated fluid milk products assigned to Class I pursuant to §1000.43(d) and §1000.44(a)(3)(i) and the corresponding step of §1000.44(b) and the pounds of skim milk and butterfat subtracted from Class I pursuant to §1000.44(a)(8) and the corresponding step of §1000.44(b), excluding such skim milk and butterfat in receipts of fluid milk products from an unregulated supply plant to the extent that an equivalent amount of skim milk or butterfat disposed of to such plant by handlers fully regulated under any Federal milk order is classified and priced as Class I milk and is not used as an offset for any other payment obligation under any order.

(f) For reconstituted milk made from receipts of nonfluid milk products, multiply \$1.00 (but not more than the difference between the Class I price applicable at the location of the pool plant and the Class IV price) by the hundredweight of skim milk and butterfat contained in receipts of nonfluid milk products that are allocated to Class I use pursuant to §1000.43(d).

[64 FR 48010, Sept. 1, 1999, as amended at 65 FR 82841, Dec. 28, 2000]

§ 1131.61 Computation of uniform prices.

On or before the 11th day of each month, the market administrator shall compute a uniform butterfat price, a uniform skim milk price, and a uniform price for producer milk receipts reported for the prior month. The report of any handler who has not made payments required pursuant to §1131.71 for the preceding month shall not be
