Subpart A—General Provisions

§ 707.1 Purpose.

The Department of Energy (DOE) promulgates this part in order to protect the environment, maintain public health and safety, and safeguard the national security. This part establishes policies, criteria, and procedures for developing and implementing programs that help to maintain a workplace free from the use of illegal drugs. It applies to DOE contractors and subcontractors performing work at sites owned or controlled by DOE and operated under the authority of the Atomic Energy Act of 1954, as amended, and to individuals with unescorted access to the control areas of certain DOE reactors. The procedures include detection of the use of illegal drugs by current or prospective contractor employees in testing designated positions.

§ 707.2 Scope.

(a) This part applies to the following contracts with DOE, at sites owned or controlled by DOE which are operated

§ 707.3

under the authority of the Atomic Energy Act of 1954, as amended:

(1) Management and operating contracts; and

(2) Other contracts or subcontracts with a value of \$25,000 or more, and which have been determined by DOE to involve:

(i) Access to or handling of classified information or special nuclear materials;

(ii) High risk of danger to life, the environment, public health and safety, or national security; or

(iii) Transportation of hazardous materials to or from a DOE site.

(b) Individuals described in § 707.7 (b) and (c) will be subject to random drug testing; to drug testing as a result of an occurrence, as described in § 707.9; and to drug testing on the basis of reasonable suspicion, as described in § 707.10.

(c) Applicants for employment in testing designated positions will be tested in accordance with § 707.8.

§ 707.3 Policy.

It is the policy of DOE to conduct its programs so as to protect the environment, maintain public health and safety, and safeguard the national security. This policy is advanced in this rule by requiring contractors and subcontractors within its scope to adopt procedures consistent with the baseline requirements of this part, and to impose significant sanctions on individuals in testing designated positions or with unescorted access to the control areas of certain DOE reactors, who use or are involved with illegal drugs.
