most recent interim balance sheet provided. If the interim financial statements include an interim balance sheet as of the corresponding interim date of the preceding fiscal year, any material changes in financial conditions from that date to the date of the most recent interim balance sheet provided also shall be discussed. If discussions of changes from both the end and the corresponding interim date of the preceding fiscal year are required, the discussions may be combined at the discretion of the institution.

(ii) *Material changes in results of operations.* Discuss any material changes in the institution's results of operations with respect to the most recent fiscal year-to-date period for which an income statement is provided and the corresponding year-to-date period of the preceding fiscal year. Such discussion also shall cover material changes with respect to that fiscal quarter and the corresponding fiscal quarter in the preceding fiscal year. In addition, if the institution has elected to provide an income statement for the 12-month period ended as of the date of the most recent interim balance sheet provided, the discussion also shall cover material changes with respect to that 12-month period and the 12-month period ended as of the corresponding interim balance sheet date of the preceding fiscal year.

(2) *Interim financial statements.* The following financial statements must be provided:

(i) An interim balance sheet as of the end of the most recent fiscal quarter and as of the end of the preceding fiscal year. A balance sheet for the comparable quarter of the preceding fiscal year is optional.

(ii) Interim statements of income for the most recent fiscal quarter, for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the comparable periods for the previous fiscal year.

(iii) Interim statements of changes in protected borrower capital and at-risk capital for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the comparable period for the preceding fiscal year.

(iv) For banks, interim statements of cash flows for the period between the end of the preceding fiscal year and the end of the most recent fiscal quarter, and for the comparable period for the preceding fiscal year. For associations, interim statements of cash flows are optional.

(3) *Other related financial items.* State that the financial statements were prepared under the oversight of the audit committee. The interim financial information need not be audited or reviewed by a qualified public accountant or external auditor prior to filing. If, however, a review of the data is made in accordance with the established professional standards and procedures for such a review, the institution may state that a qualified public accountant or external auditor has performed such a review under the supervision of the institution's audit committee. If such a statement is made, the report of a qualified public accountant or external auditor on such review must accompany the interim financial information.

(d) *Notices.* Institutions using the quarterly report to deliver any notice required under § 620.15 must put the notice information at the beginning of the quarterly report. The notice must be conspicuous and may not be part of any footnotes to the quarterly report.
