§ 121.201

size status pursuant to the procedures set forth in 48 CFR subpart 9.4.

(2) *Civil Penalties.* Persons or concerns are subject to severe penalties under the False Claims Act, 31 U.S.C. 3729–3733, and under the Program Fraud Civil Remedies Act, 331 U.S.C. 3801–3812, and any other applicable laws.

(3) *Criminal Penalties.* Persons or concerns are subject to severe criminal penalties for knowingly misrepresenting the small business size status of a concern in connection with procurement programs pursuant to section 16(d) of the Small Business Act, 15 U.S.C. 645(d), as amended, 18 U.S.C. 1001, 18 U.S.C. 287, and any other applicable laws. Persons or concerns are subject to criminal penalties for knowingly making false statements or misrepresentations to SBA for the purpose of influencing any actions of SBA pursuant to section 16(a) of the Small Business Act, 15 U.S.C. 645(a), as amended, including failure to correct “continuing representations” that are no longer true.

[78 FR 38816, June 28, 2013]

§ 121.109 What must a concern do in order to be identified as a small business concern in any Federal procurement databases?

(a) In order to be identified as a small business concern in the System for

Award Management (SAM) database (or any successor thereto), a concern must certify its size in connection with specific size standards at least annually.

(b) If a firm identified as a small business concern in SAM fails to certify its size within one year of a size certification, the firm will not be listed as a small business concern in SAM, unless and until the firm recertifies its size.

[78 FR 38817, June 28, 2013]

SIZE STANDARDS USED TO DEFINE SMALL BUSINESS CONCERNS

§ 121.201 What size standards has SBA identified by North American Industry Classification System codes?

The size standards described in this section apply to all SBA programs unless otherwise specified in this part. The size standards themselves are expressed either in number of employees or annual receipts in millions of dollars, unless otherwise specified. The number of employees or annual receipts indicates the maximum allowed for a concern and its affiliates to be considered small.

(Small business size standards are not established for this sector. Establishments in the Public Administration sector are Federal, state, and local government agencies which administer and oversee government programs and activities that are not performed by private establishments.)

Footnotes

1. *NAICS codes 221111, 221112, 221113, 221114, 221115, 221116, 221117, 221118, 221121, and 221122*—A firm is small if, including its affiliates, it is primarily engaged in the generation, transmission, and/or distribution of electric energy for sale and its total electric output for the preceding fiscal year did not exceed 4 million megawatt hours.

2. *NAICS code 237990*—Dredging: To be considered small for purposes of Government procurement, a firm must perform at least 40 percent of the volume dredged with its own equipment or equipment owned by another small dredging concern.

3. *NAICS code 311421*—For purposes of Government procurement for food canning and preserving, the standard of 500 employees excludes agricultural labor as defined in 3306(k)

of the Internal Revenue Code, 26 U.S.C. 3306(k).

4. *NAICS code 324110*—For purposes of Government procurement, the petroleum refiner must be a concern that has no more than 1,500 employees nor more than 125,000 barrels per calendar day total Operable Atmospheric Crude Oil Distillation capacity. Capacity includes owned or leased facilities as well as facilities under a processing agreement or an arrangement such as an exchange agreement or a throughput. The total product to be delivered under the contract must be at least 90 percent refined by the successful bidder from either crude oil or bona fide feedstocks.

5. *NAICS code 326211*—For Government procurement, a firm is small for bidding on a contract for pneumatic tires within Census Classification codes 30111 and 30112, provided that:

(a) The value of tires within Census Classification codes 30111 and 30112 which it manufactured in the United States during the previous calendar year is more than 50 percent of the value of its total worldwide manufacture,

(b) The value of pneumatic tires within Census Classification codes 30111 and 30112 comprising its total worldwide manufacture during the preceding calendar year was less than 5 percent of the value of all such tires manufactured in the United States during that period, and

(c) The value of the principal product which it manufactured or otherwise produced, or sold worldwide during the preceding calendar year is less than 10 percent of the total value of such products manufactured or otherwise produced or sold in the United States during that period.

6. *NAICS Subsectors 333, 334, 335 and 336*—For rebuilding machinery or equipment on a factory basis, or equivalent, use the NAICS code for a newly manufactured product. Concerns performing major rebuilding or overhaul activities do not necessarily have to meet the criteria for being a “manufacturer” although the activities may be classified under a manufacturing NAICS code. Ordinary repair services or preservation are not considered rebuilding.

7. *NAICS code 336413*—Contracts for the rebuilding or overhaul of aircraft ground support equipment on a contract basis are classified under NAICS code 336413.

8. *NAICS Codes 522110, 522120, 522130, 522190, and 522210*—A financial institution’s assets are determined by averaging the assets reported on its four quarterly financial statements for the preceding year. “Assets” for the purposes of this size standard means the assets defined according to the Federal Financial Institutions Examination Council 041 call report form for NAICS codes 522110, 522120, 522190, and 522210 and the National Credit Union Administration 5300 call report form for NAICS code 522130.

9. *NAICS code 531190*—Leasing of building space to Federal Government by Owners: For Government procurement, a size standard of \$35.5 million in gross receipts applies to the owners of building space leased to the Federal Government. The standard does not apply to an agent.

10. *NAICS codes 488510 (part) 531210, 541810, 561510, 561520, and 561920*—As measured by total revenues, but excluding funds received in trust for an unaffiliated third party, such as bookings or sales subject to commissions. The commissions received are included as revenues.

11. *NAICS codes 541711 and 541712*—For research and development contracts requiring the delivery of a manufactured product, the appropriate size standard is that of the manufacturing industry.

(a) “Research and Development” means laboratory or other physical research and development. It does not include economic, educational, engineering, operations, systems, or other nonphysical research; or computer programming, data processing, commercial and/or medical laboratory testing.

(b) For purposes of the Small Business Innovation Research (SBIR) and the Small Business Technology Transfer (STTR) Programs only, a different definition has been established by law. See §121.702 of these regulations.

(c) “Research and Development” for guided missiles and space vehicles includes evaluations and simulation, and other services requiring thorough knowledge of complete missiles and spacecraft.

12. *NAICS code 561210*—Facilities Support Services:

(a) If one or more activities of Facilities Support Services as defined in paragraph (b) (below in this footnote) can be identified with a specific industry and that industry accounts for 50% or more of the value of an entire procurement, then the proper classification of the procurement is that of the specific industry, not Facilities Support Services.

(b) “Facilities Support Services” requires the performance of three or more separate activities in the areas of services or specialty trade contractors industries. If services are performed, these service activities must each be in a separate NAICS industry. If the procurement requires the use of specialty trade contractors (plumbing, painting, plastering, carpentry, etc.), all such specialty trade contractors activities are considered a single activity and classified as “Building and Property Specialty Trade Services.” Since “Building and Property Specialty Trade Services” is only one activity, two additional activities of separate NAICS industries are required for a procurement to be classified as “Facilities Support Services.”

13. *NAICS code 238990*—Building and Property Specialty Trade Services: If a procurement requires the use of multiple specialty trade contractors (i.e., plumbing, painting, plastering, carpentry, etc.), and no specialty trade accounts for 50% or more of the value of the procurement, all such specialty trade contractors activities are considered a single activity and classified as Building and Property Specialty Trade Services.

14. *NAICS 562910*—Environmental Remediation Services:

(a) For SBA assistance as a small business concern in the industry of Environmental Remediation Services, other than for Government procurement, a concern must be engaged primarily in furnishing a range of

services for the remediation of a contaminated environment to an acceptable condition including, but not limited to, preliminary assessment, site inspection, testing, remedial investigation, feasibility studies, remedial design, containment, remedial action, removal of contaminated materials, storage of contaminated materials and security and site closeouts. If one of such activities accounts for 50 percent or more of a concern's total revenues, employees, or other related factors, the concern's primary industry is that of the particular industry and not the Environmental Remediation Services Industry.

(b) For purposes of classifying a Government procurement as Environmental Remediation Services, the general purpose of the procurement must be to restore or directly support the restoration of a contaminated environment (such as, preliminary assessment, site inspection, testing, remedial investigation, feasibility studies, remedial design, remediation services, containment, removal of contaminated materials, storage of contaminated materials or security and site closeouts), although the general purpose of the procurement need not necessarily include remedial actions. Also, the procurement must be composed of activities in three or more separate industries with separate NAICS codes or, in some instances (e.g., engineering), smaller sub-components of NAICS codes with separate, distinct size standards. These activities may include, but are not limited to, separate activities in industries such as: Heavy Construction; Specialty Trade Contractors; Engineering Services; Architectural Services; Management Consulting Services; Hazardous and Other Waste Collection; Remediation Services, Testing Laboratories; and Research and Development in the Physical, Engineering and Life Sciences. If any activity in the procurement can be identified with a separate NAICS code, or component of a code with a separate distinct size standard, and that industry accounts for 50 percent or more of the value of the entire procurement, then the proper size standard is the one for that particular industry, and not the Environmental Remediation Service size standard.

15. *Subsector 483—Water Transportation—Offshore Marine Services:* The applicable size standard shall be \$28.0 million for firms furnishing specific transportation services to concerns engaged in offshore oil and/or natural gas exploration, drilling production, or marine research; such services encompass passenger and freight transportation, anchor handling, and related logistical services to and from the work site or at sea.

16. *NAICS codes 611519—Job Corps Centers:* For classifying a Federal procurement, the purpose of the solicitation must be for the management and operation of a U.S. Department of Labor Job Corps Center. The activi-

ties involved include admissions activities, life skills training, educational activities, comprehensive career preparation activities, career development activities, career transition activities, as well as the management and support functions and services needed to operate and maintain the facility. For SBA assistance as a small business concern, other than for Federal Government procurements, a concern must be primarily engaged in providing the services to operate and maintain Federal Job Corps Centers.

17. *NAICS code 115310 (Support Activities for Forestry)—Forest Fire Suppression and Fuels Management Services* are two components of Support Activities for Forestry. Forest Fire Suppression includes establishments which provide services to fight forest fires. These firms usually have fire-fighting crews and equipment. Fuels Management Services firms provide services to clear land of hazardous materials that would fuel forest fires. The treatments used by these firms may include prescribed fire, mechanical removal, establishing fuel breaks, thinning, pruning, and piling.

18. *NAICS code 541519—An Information Technology Value Added Reseller* provides a total solution to information technology acquisitions by providing multi-vendor hardware and software along with significant services. Significant value added services consist of, but are not limited to, configuration consulting and design, systems integration, installation of multi-vendor computer equipment, customization of hardware or software, training, product technical support, maintenance, and end user support. For purposes of Government procurement, an information technology procurement classified under this industry category must consist of at least 15% and not more than 50% of value added services as measured by the total price less the cost of information technology hardware, computer software, and profit. If the contract consists of less than 15% of value added services, then it must be classified under a NAICS manufacturing industry. If the contract consists of more than 50% of value added services, then it must be classified under the NAICS industry that best describes the predominate service of the procurement. To qualify as an Information Technology Value Added Reseller for purposes of SBA assistance, other than for Government procurement, a concern must be primarily engaged in providing information technology equipment and computer software and provide value added services which account for at least 15% of its receipts but not more than 50% of its receipts.

19. *NAICS Sector 92—Small business size standards* are not established for this sector. Establishments in the Public Administration sector are Federal, State, and local government agencies which administer and oversee government programs and activities that are

§ 121.201

13 CFR Ch. I (1–14 Edition)

not performed by private establishments. Concerns performing operational services for the administration of a government program are classified under the NAICS private sector industry based on the activities performed. Similarly, procurements for these types of services are classified under the NAICS private sector industry that best describes the activities to be performed. For example, if a government agency issues a procurement for law enforcement services, the requirement would be classified using one of the NAICS

industry codes under 56161, Investigation, Guard, and Armored Car Services.

SIZE ELIGIBILITY REQUIREMENTS FOR SBA FINANCIAL ASSISTANCE

§ 121.301 What size standards are applicable to financial assistance programs?

(a) For Business Loans (other than for 7(a) Business Loans for the period beginning May 5, 2009 and ending on September 30, 2010) and for Disaster Loans (other than physical disaster loans), an applicant business concern must satisfy two criteria:

- (1) The size of the applicant alone (without affiliates) must not exceed the size standard designated for the industry in which the applicant is primarily engaged; and
- (2) The size of the applicant combined with its affiliates must not exceed the

size standard designated for either the primary industry of the applicant alone or the primary industry of the applicant and its affiliates, which ever is higher. These size standards are set forth in §121.201.

(b) For Development Company programs and, for the period beginning May 5, 2009 and ending on September 30, 2010, for 7(a) Business Loans, an applicant must meet one of the following standards:

- (1) The same standards applicable under paragraph (a) of this section; or
- (2) Including its affiliates, tangible net worth not in excess of \$8.5 million, and average net income after Federal income taxes (excluding any carry-over losses) for the preceding two completed
