

§ 121.703

13 CFR Ch. I (1–1–14 Edition)

in or substantive control over the operations or management of the concern. A concern will be considered “new” for the purpose of this rule if it has been actively operating continuously for less than one year.

(6) *Affiliation based on joint ventures.* Concerns submitting an application as a joint venture are affiliated with each other with regard to the application. SBA will apply the joint venture affiliation exception at § 121.103(h)(3)(iii) for two firms approved to be a mentor and protégé under SBA’s 8(a) program.

(7) *Affiliation based on the ostensible subcontractor rule.* A concern and its ostensible subcontractor are treated as joint venturers, and therefore affiliates, for size determination purposes. An ostensible subcontractor is a subcontractor or subgrantee that performs primary and vital requirements of a funding agreement (*i.e.*, those requirements associated with the principal purpose of the funding agreement), or a subcontractor or subgrantee upon which the concern is unusually reliant. All aspects of the relationship between the concern and subcontractor are considered, including, but not limited to, the terms of the proposal (such as management, technical responsibilities, and the percentage of subcontracted work) and agreements between the concern and subcontractor or subgrantee (such as bonding assistance or the teaming agreement). To determine whether a subcontractor performs primary and vital requirements of a funding agreement, SBA will consider whether the concern’s proposal complies with the performance requirements of the SBIR or STTR program.

(8) *Affiliation based on license agreements.* SBA will consider whether there is a license agreement concerning a product or trademark which is critical to operation of the licensee. The license agreement will not cause the licensor to be affiliated with the licensee if the licensee has the right to profit from its efforts and bears the risk of loss. Affiliation may arise, however, through other means, such as common ownership or common management.

(9) *Exception to affiliation for portfolio companies.* If a venture capital operating company, hedge fund, or private equity firm that is determined to be af-

filiated with an awardee is a minority investor in the awardee, the awardee is not affiliated with a portfolio company of the venture capital operating company, hedge fund, or private equity firm, unless:

(i) The venture capital operating company, hedge fund, or private equity firm owns a majority of the portfolio company; or

(ii) The venture capital operating company, hedge fund, or private equity firm holds a majority of the seats of the board of directors of the portfolio company.

(10) *Totality of the circumstances.* In determining whether affiliation exists, SBA may consider the totality of the circumstances, and may find affiliation even though no single factor is sufficient to constitute affiliation.

(d) *Calculating ownership and control.* SBA will review the small business’ equity ownership on a fully diluted basis for purposes of determining ownership, control and affiliation in the SBIR and STTR programs. This means that SBA will consider the total number of shares or equity that would be outstanding if all possible sources of conversion were exercised, including, but not limited to: Outstanding common stock or equity, outstanding preferred stock (on a converted to common basis) or equity, outstanding warrants (on an as exercised and converted to common basis), outstanding options and options reserved for future grants, and any other convertible securities on an as converted to common basis.

§ 121.703 Are formal size determinations binding on parties?

Size determinations by authorized SBA officials are formal actions based upon a specific funding agreement, and are binding upon the parties. Other SBA opinions provided to funding agreement officers or others, are only advisory, and are not binding or appealable.

§ 121.704 When does SBA determine the size and eligibility status of a business concern?

(a) The size and eligibility status of a concern for the purpose of a funding

Small Business Administration

§ 121.705

agreement award under the SBIR and STTR programs is determined at the time of award for both Phase I and Phase II SBIR and STTR awards, or on the date of the request for a size determination, if an award is pending.

(b) A concern that qualified as a small business at the time it receives an SBIR or STTR funding agreement is considered a small business throughout the life of that specific funding agreement. Where a concern grows to be other than small, the funding agreement agency may exercise the options on the award that is a contract, grant or cooperative agreement or issue a continuation on a grant or cooperative agreement and still count the award as an award to a small business under the SBIR or STTR program. However, the following exceptions apply:

(1) In the case of a merger or acquisition, the awardee must, within 30 days of the transaction becoming final (or the approved funding agreement novation if a novation is required), recertify its small business size status to the funding agreement agency or inform the funding agreement agency that it is other than small. If the awardee is other than small, the agency can no longer fund the options or issue a continuation pursuant to the funding agreement, from that point forward, with SBIR or STTR funds. Funding agreement novations for reasons other than a merger or acquisition do not necessarily require re-certification. The funding agreement agency and the awardee must immediately revise all applicable Federal contract and grant databases to reflect the new size status from that point forward.

(2) For the purposes of SBIR and STTR funding agreements with durations of more than five years, a funding agreement officer must request that a business concern re-certify its small business size status no more than 120 days prior to the end of the fifth year of the funding agreement, and no more than 120 days prior to exercising any option or issuing any continuation. If the awardee certifies that it is other than small, the funding agreement agency can no longer fund the options or issue a continuation pursuant to the funding agreement with SBIR or STTR funds. The funding agreement agency

and the awardee must immediately revise all applicable Federal contract and grant databases to reflect the new size status from that point forward.

(c) Re-certification does not change the terms and conditions of the funding agreement. The requirements in effect at the time of award remain in effect throughout the life of the funding agreement.

(d) A request for a size re-certification shall include the size standard in effect at the time of re-certification.

[77 FR 76226, Dec. 27, 2012]

§ 121.705 Must a business concern self-certify its size and eligibility status?

(a) A business concern must self-certify that it meets the eligibility requirements set forth in §121.702 for a Phase I or Phase II SBIR or STTR funding agreement.

(b) A business concern that is more than 50% owned by multiple venture capital operating companies, hedge funds, or private equity firms and a joint venture where one or more parties to the joint venture is more than 50% owned by multiple venture capital operating companies, hedge funds, or private equity firms must be registered with SBA as of the date it submits its initial proposal (or other formal response) to a Phase I or Phase II SBIR announcement or solicitation. The concern must indicate in any SBIR proposal or application that it is registered with SBA as majority-owned by multiple venture capital operating companies, hedge funds, or private equity firms.

(c) A small business concern that did not meet the requirements of paragraph (b) of this section at the time of its SBIR proposal or application must notify the funding agreement officer if, on the date of award, the concern is more than 50% owned by multiple venture capital operating companies, hedge funds, or private equity firms.

(1) The concern is still eligible to receive the award if it becomes majority-owned by multiple venture capital operating companies, hedge funds, or private equity firms after the time it submitted its initial proposal (or other formal response) to a Phase I or Phase II SBIR announcement or solicitation
